alluvial deposit, cryogenic structure, calcrete, Argentina, Patagonia, Puerto Madryn Chubut; 13138. alluvial fan, blown sand, Hungary; 00295. bedrock surface, Kettle Moraine tract, drift volume, USA, Michigan, Southern Peninsula; 09195. biomarker, marine application, palaeoclimate record, climate trend, marine paleoclimatic fluctuation, 07847. borehole, sedimentation, grain size classification, sorting, palynozone, Israel, Dead Sea, Sdom-2 Borehole; 06650. braided river, gravel, bedload, bounding surface, outwash plain, Switzerland, Rhine River; 04241. Bytham Sands & Gravels, fine sand, preglacial river, mineralogy, UK, England; 09174. calcarenite, aeolianite, rainstorm, fenestra, limestone, Bahamas, Great Bahama Bank, Eleuthera; San Salvador; 07969. calcite, flowstone, lamination, cave, Poland, Tatara Mountains; 07990. calcrete, thermoluminescence, palaeoenvironment, desiccation, alluvial sediment, India, Rajasthan, Thar Desert; 13267. calving ice front, sidescan sonar, marine ice sheet, iceberg plowmark, Arctic Ocean, Yermak Plateau; 11834. carbonate, piston core, dissolution, grain size, sonostratigraphy, Indian Ocean; 06764. catastrophic flooding, flood hydraulics, bedrock gorge, stream power, outburst flood, USA, Idaho, Big Lost River; 07746. cave sediment, Palaeolithic (Upper), Older Dryas, Mousterian industries, depositional break, France, Alps, Franche-Comté, France, Perigord; 06575. cement fabric, diagenesis, carbonate, reef terrace, Egypt, Red Sea Coastal Plain; 11925. Charophyta, lentic environment, lotic environment, palaeoecology, Arroyo, Argentina, Entre Rios, Peruchio Verna; 13066. clay mineral, mineralogy, Aridisol, particle size fraction, alluvial deposit, USA, California, Mojave Desert; 04301. climate change, aeolian activity, ventifact, Hungary; 09228. climate change, ENSO, varve formation, sediment trap, remote sensing, Gulf of California; 11914. climate change, subtropics, lake sediment, snowline reconstruction, Bolivia, Andes; 14244. coastal morphology, neotectonics, morphostructural element, submerged coastline, Italy, Golfo di Policastro; 05322. coastal plain, Cananea Formation, sand, beach, longshore bar, Brazil, Sao Paulo, Caragatutaba; 01700. continental shelf, transgression, sedimentation rate, terrigenous sediment, sea level, Australia, Queensland Continental Margin, Site 820; 09348. cryoclastic debris, chemical weathering, mechanical weathering, rockfall, freeze/thaw cycle, South Africa, Cape Province, Cape Mountains; 06446. Cyprina clay, intertidal sediment, Weichselian glaciation, foraminifera, ostracod, Germany, Pomerania, Rugen; 06560. deep sea chronology, ice movement, marine record, continental glaciation, USA, Nevada, Devils Hole; 10423. deformation, terrace age, marine terrace, tilt, uplift rate, New Zealand, North Island, Mahia Peninsula; 09221. diagenesis, speleogenesis, calcarenite, aeolian deposit, karst landscape, Australia, Victoria, Bats Ridge; 14210. diamicton, slickenside, deformation, Belair glaciation, France, Pyrenees, Belair cone; 00239. dolomite, diagenesis, sabkha, Arabian Gulf; Saudi Arabia, Al Jubayl; 14375. fault activity, uplift, glacioisostasy, morphology, Poland, Sowie Mts.; 06482. fauna, marine terrace, chronology, U-Th dating, uranium series dating, Spain, Alicante; Murcia; 01535. Flandrian Stage, fluvial aggradation, braided river, Solent River, sea level rise, UK, England, Hampshire; Dorset; 12944. fluviolacustrine sediment, REE, climate, Salawusu Group, China, Desaogouwang, Salawusu River; 08037. forearc basin, volcanic ash, terrigenous sediment, sediment supply, Kazusa Group, Japan, Boso Peninsula; 08062. fossil assemblage, mollusc, lacustrine sediment, pre-Illinoian, USA, Indiana, Connorsville; 04073. fossil record, ecological study, coral reef, community structure, 00111. Gentilly Till, Becancour Till, Rosholt U-trend model, TL dating, U-Th disequilibrium, Canada, Quebec, St. Lawrence Lowlands; 06545. geochemistry, organic matter, oxygen minimum zone, continental margin, USA, California; Pacific; 10460. glacial geomorphodynamics, terrain exposure, vegetation cover, erosion process, Germany, Bavaria, Benediktbeuren, Lainbach; 01440. glacial phase, pollen record, vegetation refugia, France, Languedoc, Herault, Saint-Macaire Maar; 09162. glacial sequence, moraine, soil development, clast weathering, soil geomorphology, USA, California, Sierra Nevada; 10486. glacial terrain, regional mapping project, surficial mapping, aquifer, gravel, sand, USA, Minnesota; 01507. glaciation, joint expedition, plateau glaciation, China, Tibet; 01515. glaciation, prograding delta, Glacial Lake Nisling, granulometry, Canada, Yukon, Nisling Valley; 01503. glaciolacustrine sedimentation, proglacial lake, varved clay, subsidence rate, tectonic activity, Poland, Kleszczow Graben; 05311. Holocene, climate change, stratigraphy, coastal plain, Argentina, Buenos Aires Province, Faro Querandi; 02773. Holocene, ecosystem management, palaeoecology, natural resource, archaeology, Bolivia, High Andes, Lauca National Park; 01749. Holocene, fluctuation, bottom current, mudwave field, velocity variation, Atlantic, (South), Argentine Basin; 01472. Holocene, glaciomarine sedimentation, continental margin, ice rafted debris, surface water productivity, Greenland, East Greenland, Scoresby Sund; 00176. Holocene, Mississippian, carbonate, reservoir, Ste. Genevieve Limestone, oolite, USA, Illinois; 04187. Holocene, oxygen isotope variability, climate change, stable isotopic evidence, USA, Texas, Aubrey Clovis Site; 10465. Holocene, paleosol, palaeogeography, radiocarbon age, humus, Ukraine, Crimea, Kerch Peninsula, Aktash Range; 09133. Holocene, permafrost, lake deposit, subaquatic freezing, Bolivia, Andes, Altiplano; 07920. Holocene, radiocarbon dating, geochronology, Russian Federation, Ufa; 04334. human artefact, archaeological excavation, faunal remain, Spain, Burgos, Sierra de Atapuerca, Gran Dolina Site; 11814. human remains, Olduvai event, dating, biostratigraphy, magnetostratigraphy, Spain, Granada, Orce; 14248. humidity, arid climate, Holocene, clay mineral, climate variability, Indian Ocean, Bay of Bengal; 10443. ice sheet, oxygen isotope stratigraphy, Europe, (Northwest); 11783. ice wedge cast, frost crack, Permafrost, palaeoenvironmental reconstruction, thaw modification, Canada, Mackenzie Delta, Richards Island; 05327. iceberg, clay mineral, dropstone, Isotope Stage 6, shelf, Norwegian Sea; Greenland Sea; 02970. isotopic composition, cave, stalagmite, climate record, flowstone, France, Nice, Lazaret Cave; 11776. Lake Agassiz, spillway, depositional model, aggregate, flood, Lake McMurray, Canada, Alberta, Fort McMurray; 13293. landslide process, geomorphological research, uplift, Hungary; 07800. lunette dune, aeolian process, pan, Holocene, Namibia, Hakskeen Pan; Etosha Pan; 04249. magnetostratigraphy, lithostratigraphy, tephrostratigraphy, sea level change, New Zealand, North Island, Wanganui Basin; 09222. mapping, geological survey, USA, Wisconsin; 01188. marine sediment, internal variability, orbital forcing, climate evolution, Pliocene, 01466. marker horizon, ignimbrite, uplift, tephrostratigraphy, Potaka tephra, New Zealand; 13078. methanogenesis, calcium carbonate, dolomite, continental margin, Australia, Queensland Continental Margin; 09296. microfossil, carbonate, speleothem, cave, pollen, USA, New Mexico, Guadalupe Mountains; 05250. molluscan assemblage, sea surface temperature, palaeoceanography, Pacific; Sea of Japan; 14221. neotectonics, till, ice sheet, glacial deposit, Estonia; Latvia; Lithuania; 04098. ocean circulation, modelling, climate change, 07845. ODP Hole 653A, oxygen isotope chronology, diachrony, biostratigraphy, Pliocene, Mediterranean; Tyrrhenian Sea; 11791. orbital forcing, climate change, eccentricity, pollen record, Colombia, Eastern Cordillera, Bogota; 13049. organic material, carbon-13, lake sediment, Holocene, Sweden; 04083. oxygen isotope stage 6, last glaciation, marker bed, periglacial aeolian sediment, Old Crow tephra, USA, Alaska, Holina Lowland; 00216. palaeochemistry, carbon isotope record, deep water, surface water, Pacific, Sulu Sea; 13046. palaeomagnetic evidence, tectonic rotation, uplift, clockwise rotation, Italy, Calabria; Sicily; 09073. paleosol, Yarmouth-Sangamon Paleosol, till, loess, polygenesis, USA, Iowa, Earlham; 05272. periglacial research, climate change, palaeoclimate, Netherlands; 07925. permafrost, freeze/thaw, periglacial geomorphology, stratigraphy, dune, China, Yellow River; 04126. permafrost, geochronology, Russian Federation, Siberia, Yakutia; 10528. petrography, stratigraphy, tephra, volcano, Japan, Honshu, Chubu; Kanto Mountains; 00232. pollen data, Plum Point Interstade, Erie Interstade, Port Huron Advance, glaciation chronology, USA, New York; 09139. pollen stratigraphy, borehole 81/26, Brunhes/Matuyama boundary, Bavelian complex, North Sea, Fladen Ground; 07855. pollen stratigraphy, depositional environment, palynomorph, North Sea, Devils Hole; 14239. pollen stratigraphy, ESR dating, pollen analysis, tananwan formation, Taiwan; 00211. porewater, ooid, diagenesis, calcareous ridge, Egypt, Mersa Matruh; 00307. provenance, Rodados Patagonicos, palaeo-current, Argentina, Chubut; 02954. Quaternary, Gortian Interglacial, Midlandian Glaciation, oxygen isotope stage, biostratigraphy, Ireland, County Kerry, Kilfenora; 09140. radiolarian stratigraphy, palaeomagnetism, evolution, high resolution, Pliocene, Indian Ocean; 01478. radiometric date, time scale, Pliocene (late), astronomical calibration, Mediterranean; 06540. raised beach, glaciogenic deposit, solifluction, periglacial activity, environmental reconstruction, UK, Wales, Gower, Broughton Bay; 14274. Recent, C4 grass, isotopic carbon-13, USA, (Southwest); 01469. Recent, tectonic geomorphology, delta, erosion, sedimentation, Pliocene, Greece, Gulf of Corinth; 12946. relief, mesoclimate, macroclimate, montane glacier,

00233. *Rhododendron ponticum*, climate deterioration, interglacial, Hoxnian, palynology, Ireland, County Mayo, Castlebar, Burren Township; Derrynadivva; 11813. roches moutonnées, snowline, glacier, glacial landform, Recent, ice sheet, China, Qinghai-Xizang Plateau, Yellow River; 13090. rock magnetism, meltwater flux, tephra, climate change, Labrador Sea; 14231. Saalkian Stage, glacial geology, stratotype, type locality, formal stratigraphy, Finland; 00158. sand, wind, fossil, Holocene, Hungary, Zagyva River, Hay-tanya; 11956. Scandinavian erratic, moraine, indicator boulder, erratic, Germany; Poland; 02796. sea level, diagenesis, beach, eustasy, Bermuda, Whalebone Bay; 01624. sea surface temperature, boreal fossil assemblage, mollusc, palaeotemperature estimation, Japan; 10438. seasonal precipitation, aridity, climate change, fossil mammal, USA, Colorado, Park County, Porcupine Cave; 13061. seismic sequence, sediment supply, reef growth, shelf, Coral Sea, Great Barrier Reef; 09349. sequence architecture, cyclothem, orbital forcing, facies analysis, sea level, New Zealand, North Island, South Wanganui Basin; 13127. sequence boundary, ODP core 625B, sediment influx, sea level change, biostratigraphy, Gulf of Mexico; 00178. sequence stratigraphy, lacustrine deposit, Lake Bonneville fill, Little Valley Alloformation, USA, Utah, Bonneville Basin; 06672. sequence stratigraphy, seismic profile, sediment wedge, lowland, continental shelf, France, Rhone Delta; 13119. shelf, accumulation, reefal barrier, cyclicity, wackestone, Coral Sea, Great Barrier Reef; 09355. stratigraphy, palaeoecology, palaeopedology, cryoturbation, till sequence, Canada, Northwest Territories, District of Mackenzie, Little Bear River; 04086. syntectonic sedimentation, strike/slip fault, Pliocene, alluvial fan, Poland, Sudetes Mountains; 12982. tectonics, backarc basin, biozonation, planktonic foraminifera, island arc, Ryukyu Limestone, Pacific, Ryukyu Island Arc; Okinawa Trough; 14169. tephra layer, age determination, stratigraphy, Japan, Tane Island; 14216. tephrostratigraphy, Naruohama, Nishinomyia, Koshienhama, Nanko, volcanic ash, Japan, Honshu, Osaka Plain; 07883. thermokarst, involution, liquefaction, permafrost degradation, Canada, Northwest Territories, Mackenzie Delta, Summer Island; 06614. TL dating, coastal platform, ramp, sea level, Tertiary, Australia, New South Wales; 09219. TL dating, palaeoenvironment, red sand, aeolian activity, South Africa, Great Escarpment; Cape Province; 09299. traction structure, Loop Current, sea bottom, current, Pliocene, Gulf of Mexico, Ewing Bank; Garden Banks; 02876. transgression, sea level change, Pacific, Taiwan Strait; 11847. tuff cone, grain flow, lapilli, transport mechanism, deposition, South Korea, Cheju Island, Udo Tuff Cone; 02967. upwarping, alluvial fan, coastline, delta, Namibia; 04256. vegetation, tectonics, palaeoenvironment, plant macrofossil, Pliocene, Japan; 14260. water level, analogue method, palaeorainfall estimate, pollen sequence, temperature estimate, Zaire, Lake Tanganyika; Tanzania, Lake Tanganyika; 06568. weathering, tectonism, palaeomagnetism, rotation, Italy, Apennines, Basilicata, Matera; 05198.
- Pleistocene climate**
Cainozoic, landscape development, Tertiary basalt, stratigraphic unit, dating, Australia, New South Wales, Bungonia; 00141. wind speed, ice core, Vostok ice core, atmospheric carbon dioxide, Antarctica, Vostok; 02747.
- Pleistocene deposit**
continental shelf, glaciocustacy, prograding shelf, seismic data, field data, sequence stratigraphy, France, Rhone Shelf; 05282.
- Pleistocene evolution**
foraminifera, Barrier Reef, shelf edge, shallow water foraminifera, taphomacroses, Coral Sea, Great Barrier Reef; 10452. reef terrace, coastal plain, gravel fan, tectonic uplift, Egypt, Red Sea, Hurghada; Marsa Alam; 07914.
- Pleistocene/Holocene**
climate forcing, carbonate/siliciclastic sediment, sedimentation rate, orbital forcing, sedimentary cycle, Coral Sea, Great Barrier Reef; 10450. glacial landform, uplift, terminal moraine, snowline, China, Yunnan Province, Mount Meyliuoshan, Shenchengbao Glacier; Lailogoru Glacier; 06590. palaeoenvironmental reconstruction, pollen, diatom, saline marsh, Mexico, Basin of Mexico, Chalco Lake; 06567. shell dating, uranium series dating, organic date, geochronology, Russian Federation; 11780.
- Pleistocene/Holocene boundary**
continental deposit, archaeological data, karst, sea level change, tectonics, Italy, Trieste; 02825.
- Pleistocene/Holocene hiatus**
seawater chemistry, sulphate reduction, ferriferous hardground, ironstone formation, shelf break, Italy, Pontian Islands; 11790.
- Pleistocene/Holocene transition**
global warming, fynbos community, mitigation measure, climate change, South Africa, Cape Province, Cederberg; 06363. organic carbon, atmospheric carbon dioxide, glacial/postglacial transition, isotopic record, sediment, Japan, Honshu, Lake Biwa; 06557. stream aggradation, terrace, radiocarbon age, fluvial sediment, colluvium, USA, Oregon, Coast Range; 06450.
- Pleistocene stratigraphy**
lake bluff, glaciolacustrine sequence, Halton Till, Wentworth Till, lithology, USA, New York, Lake Erie; Lake Ontario; 00237.
- Pleniglacial**
interstadial, vegetation, Weichselian, Germany, Pomerania, Rugen; 06577.
- Pleniglacial period**
Bolling-Allerod Interstade, Younger Dryas, U-Th dating, climate change, pollen record, Spain, Lake Banyoles; 09161.
- Plenivistulian**
deglaciation, periglacial zone, cryostructure, permafrost, Poland; 07930. dune migration, sand abrasion, sedimentological record, aeolian process, Vistulian, Poland; 00229.
- plenozium schreberi**
heavy metal, moss, pollution zone, Poland, Silesia, Krakow, Niepolomice Forest; 11599.
- plinthite**
pedogenesis, weathering, hydrothermal genesis, tropical soil, laterite, 14509.
- Pliocene (early)**
climate stability, marine stratigraphic data, 10463.
- Pliocene (late)**
astronomical calibration, Pleistocene, radiometric date, time scale, Mediterranean; 06540. Pleistocene (early), ecological change, cooling cycle, continental glaciation, permafrost, 02767.
- Pliocene (Upper)**
vegetation response, pollen analysis, Semaforo section, glacial/interglacial cycle, Italy, Calabria, Crotona; 04065.
- Pliocene**
alluvial fan, Pleistocene, syntectonic sedimentation, strike/slip fault, Poland, Sudetes Mountains; 12982. Ariano Unit, tectonics, clay mineral, sedimentation, Italy, Apennines, Potenza; 04224. Beluga Formation, Sterling Formation, meandering stream, Kenai Group, Miocene, USA, Alaska, Cook Inlet, Kenai Peninsula; 00359. calcite compensation depth, dissolution, hardground, phosphate, Australia, Queensland Continental Margin, Queensland Plateau; 09321. channel migration, alluvial fan, Guadix Formation, channel density, sedimentation, Spain, Betic Cordillera; 07964. climathem, climate cyclicity, Neogene, stratigraphy, Miocene, Europe; 00172. coastal sediment, argon-40/argon-39 dating, tephra, heavy mineral, volcanic deposit, France, Languedoc, Hérault, Cap d'Agde; 11671. depocentre, overstep, sedimentation, strike/slip basin, Gilbert type delta, Spain, Almería-Nijar-Carboneras Basin; 07967. diagenesis, carbonate, cementation, Bahamas, Great Bahama Bank; 07985. dry valley, climate change, ice sheet, sensitivity study, Antarctica, East Antarctica; 10549. global climate reconstruction, seasonal temperature, annual precipitation, Holocene optimum, Last Interglacial, 07842. Kameyama Formation, chute bar, point bar, meander, Tokai Group, Japan; 05419. Kawaguchi Formation, heavy mineral, turbidite, sandstone, storm deposit, Japan, Honshu, Niigata Prefecture, Higashiyama Region; 05442. ostracode, palaeotemperature reconstruction, Coralline Crag, Chillesford Sand Member, Norwich Crag, Waltonian Crag, UK, England, East Anglia; North Sea; Netherlands; 14240. Pleistocene, marine sediment, internal variability, orbital forcing, climate evolution, 01466. Pleistocene, ODP Hole 653A, oxygen isotope chronology, diachrony, biostratigraphy, Mediterranean; Tyrrhenian Sea; 11791. Pleistocene, radiolarian stratigraphy, palaeomagnetism, evolution, high resolution, Indian Ocean; 01478. Pleistocene, Recent, tectonic geomorphology, delta, erosion, sedimentation, Greece, Gulf of Corinth; 12946. Pleistocene, traction structure, Loop Current, sea bottom, current, Gulf of Mexico, Ewing Bank; Garden Banks; 02876. Pleistocene, vegetation, tectonics, palaeoenvironment, plant macrofossil, Japan; 14260. Quaternary, ash layer, fission track date, uplift, chronology, Colombia, Bogota; 13260. Quaternary, morphostructural analysis, neotectonics, France, Alpes-Maritimes, Var Basin; 07787. Quaternary, submarine slide velocity, bottom flow, turbidity current (1979), France, Alpes-Maritime, Nice; Mediterranean Sea, Var Canyon; 06663. sedimentation rate, photic zone, sea level, carbonate bank, Australia, Queensland Continental Margin; 09353. tempestite, shell orientation, taphonomy, Daichii Formation, Kakegawa Group, Japan, Honshu; 06676.
- Pliocene/Pleistocene**
aeolian deposit, colluvial deposit, Marmora Formation, Saletian stage, stratotype, Morocco; 00206. climate change, molluscan fauna, Kakegawa Group, bathymetry, Japan; 06541. continental margin, carbonate, siliciclastic sediment, sea level, Barrier Reef, Coral Sea, Great Barrier Reef; 10457. deep sea fan, fanlobe, sea level change, Mediterranean, Valencia Trough; 11844. depositional unit, continental slope, global climate cycle, slope current, New Zealand, Chatham Rise; 11849. extension, tectonics, Neotectonics, fault, Albania, Korca-Pogradeci Area; 05199. grainstone, Glenns Ferry Formation, burial depth, Shoo-fly oolite, pressure dissolution, USA, Idaho, Owyhee Country, Shoo-fly Creek; 06686. gravel, calcarenite, deformation structure, density gradient, Italy, Murge, Monopoli, Cala Corvino; 09262. mammalian biochronology, semiarid piedmont plain, alluvial fan, palaeoecology, stratigraphy, USA, New Mexico, Albuquerque, Tijeras Arroyo; 01484. nannofossil, oxygen isotope stratigraphy, biostratigraphy, evolutionary event, Atlantic, DSDP Site 607; ODP Site 677; 02753. ODP, debris avalanche, turbidity current, landslide, Pacific, ODP Site 842; USA, Hawaiian Islands; 07966. oscillation variability, glacial oscillation, forcing, climate change, 07844. pollen analysis, magnetic polarity, palaeoclimate, Gauss/Matuyama boundary, China, Shanxi, Yushe Basin; 05271. relief, placer, planation surface, till, Asia, Sayan; 04102. runoff, sapropel, Messinian, rhythmite, laminate, Italy, Calabria, Vrica; 06651. stratigraphy, Pluvial Lake Rennie, tephra, rain shadow, USA, Nevada, Fish Lake Valley; California, Fish Lake Valley; 00195. structural geology, neotectonics, deformation, planation surface, France, Massif Central, Limousin; 07785. submarine slide, continental margin, hemipelagic sediment, sedimentation rate, mass movement, Barents Sea, Bear Island Trough Mouth Fan; 06577. turbidite, Kazusa Group, sand, forearc basin, mud, Japan, Boso Peninsula; 06756. uplift, isotopic dating, cinder cone deposit, ice sheet reconstruction, Antarctica, Transantarctic Mountains, Taylor Valley; 04103. volcanic sand, landslide, turbidity current, debris flow, Pacific, Hawaiian Arch; 10458.
- Pliocene/Pleistocene basin**
thrust belt evolution, palaeostress analysis, uplift, piggyback basin, compressional basin, Italy, Basilicata, Southern Apennines; 09065.
- Pliocene/Pleistocene boundary**
sedimentation rate, calcareous nannofossil, biostratigraphy, ODP Leg 131, nannofossil event, Pacific, Nankai Trough; 00191.
- Pliocene/Quaternary**
tectonic uplift, halokinetic rotational slumping, Canyon incision, Nile sediment, continental slope process, Mediterranean Sea, Israel Continental Slope; Lebanon Continental Slope; 00183.
- plot experiment**
runoff prediction, model, leaching model, pesticide, 07689.
- plot size**
variogram, soil spatial variability, soil heterogeneity, 14471.
- plough layer depth**
loess soil, nitrogen content, nitrogen dynamics, tillage depth, Germany, Lower Saxony; 03123.
- plough pan**
clay mineral, mineralogy, weathering, quartz, Vietnam, Red River Valley; 10774.
- ploughed soil**
soil moisture, unsupervised classification, Europe, (East), Danube Basin; 07557.
- ploughing**
field traffic, soil physical property, soil compaction, 00576. grazing, land use, parent material, soil classification, hoeing, Benin; 05506. gypsum application, double cropping, soil amelioration, hardsetting soil, soil hydraulic property,

- Alfisol, Australia, New South Wales, Trangie; 13408. gypsum application, double cropping, soil physical property, hardsetting soil, soil amelioration, Alfisol, Australia, New South Wales, Trangie; 13390. humus, wind erosion, soil degradation, Russian Federation, Transbaikalia; 05555. nitrate, ammonium, nitrate leaching, organic farming, UK, Wales, Dyfed, Crynlllys; England, Shropshire, Lea Hall; 00554. no-till, soil physical property, mulching, Alfisol, tropical soil, Nigeria; 13393. soil mechanical resistance, tillage, 08183. soil movement, slope, tillage, runoff, France; 08253. soil structure, clod size, soil crack, 09463. tillage, soil physical property, crop yield, mulch, Africa, (West); 08185.
- ploughing boulder**
clod, organic matter, soil thermal conductivity, gelifluction, UK, England, Cumbria, Lake District; Scotland; 05588.
- ploughing track**
seafloor sediment, sediment deformation, trawl fishery, otter board, 05491.
- ploughmeter observations**
mechanical property, shear resistance, granulometry, subglacial sediment, Canada, Yukon Territory, Trapridge Glacier; 13082.
- Plum Point Interstade**
Eric Interstade, Port Huron Advance, glaciation chronology, Pleistocene, pollen data, USA, New York; 09139.
- plume**
aerosol, oil fire, Kuwait; 06092. buoyant plume, tidal forcing, USA, Alabama, Mobile Bay; 04998. divergence, viscosity, finite element, temperature dependence, 11236. hazardous gas, field experiment, model evaluation, dispersion, dense gas, 06094. laboratory flow reactor, aerosol formation, aircraft, sulphuric acid, 09969. landfill, methane discharge, Japan, Tokyo; 05076. optical property, dust, 07200. REE, TAG, hydrothermal mound, mud, rift valley, Atlantic, Mid-Atlantic Ridge; 00336. rise, dispersion, buoyant plume, vortex simulation, entrainment, 05932. stratified fluid, fluorescence, optical technique, 09790. surface layer, concentration fluctuation, 03450. surface layer, lognormal distribution, gamma distribution, concentration fluctuation, 03466. tracer experiment, vertical profile, concentration fluctuation, 03464. turbulent boundary layer, Weibull distribution, probability distribution, concentration fluctuation, 00866.
- plume characterisation**
aerosol sampling, oil fire, Kuwait; 02358.
- plume concentration**
wind tunnel study, two dimensional hill, fluctuating concentration, turbulent flow, 03451.
- plume dispersal pattern**
satellite data, river discharge, discharge variability, Brazil, Amazon River; Venezuela, Orinoco River; Colombia, Magdalena River; Mexico, Rio Grande; USA, Mississippi River; 01921.
- plume dispersion**
convective boundary layer, CONDORS, field experiment data, convective scaling, 04630.
- plume dynamics**
groundwater contamination, flow tank experiment, image analysis, concentration distribution, contaminant transport, 00786.
- plume entrapment**
convective boundary layer, Lagrangian particle model, plume rise, 02195.
- plume evolution**
groundwater contamination, contaminant plume, 13613.
- plume front**
airborne remote sensing, river discharge, coastal water, sea colour discontinuity, Netherlands; 11554. shear front, buoyancy driven flow, horizontal density gradient, estuary, surface front, tidal mixing front, 01977.
- plume height**
range data, wind speed, lidar, 10160.
- plume model**
concentration fluctuation, internal fluctuation, meandering plume, 13713. energy generation, fogging, icing, shadowing, cooling tower, 12460.
- plume opacity**
sulphuric acid, model, particle formation, coal fired boiler, boiler exhaust, 12612. sulphuric acid, particle formation, coal fired boiler, boiler exhaust, aerosol, 12611.
- plume rise**
Lagrangian particle model, plume spread, elevated release, dispersion model, 00876. plume entrapment, convective boundary layer, Lagrangian particle model, 02195.
- plume rise model**
power plant, aircraft measurement, Israel; 05913.
- plume spread**
elevated release, dispersion model, plume rise, Lagrangian particle model, 00876.
- plume spreading**
groundwater transport, solute transport, heterogeneity, reactive solute, non reactive solute, 14760.
- plume water front**
primary production, nutrient front, estuarine front, China, Changjiang Estuary; Yangtze River Estuary; 06988.
- plutonic rock**
strength, artificial weathering, anorthosite, weathering, structure, Finland, Inari; 11649.
- plutonium**
americium, sea spray, actinides, seawater, aerosol, UK, Scotland; Cumbria; 13889. americium, sediment circulation, thorium, seabed, resuspension, UK, England, Cumbria, Sellafeld; Irish Sea; 08091. intertidal sediment, interstitial water, salt marsh, radionuclide, complexation, UK, England, Cumbria, Esk Estuary; 13303. oxidation state, tracer, water exchange, Norway, Framvaren Fjord; Hellvik Fjord; Norway, Skagerrak Sea; 13492. particle settling, reservoir, stratification, sediment flux, 08080. salinity, pH, desorption, tidal cycle, estuary, UK, England, Cumbria, Esk Estuary; 01755. surface sediment, radionuclide, desorption, British Nuclear Fuels, UK, England, Cumbria, Sellafeld; Irish Sea; 09406.
- plutonium-238/239/240**
caesium-137, Chernobyl nuclear accident, grassland soil, radionuclide, americium-241, 09538.
- plutonium concentration**
tree ring, fallout, local fallout, global fallout, Japan, Kyushu, Nagasaki; 02588.
- pluvial conditions**
penultimate deglaciation, atmospheric circulation, global warming, Egypt, Western Desert; 02763.
- pluvial lake**
loess, glaciation, lava, paleosol, Quaternary, USA, Idaho, Snake River Plain; 00388.
- Pluvial Lake Minchin**
lake load, lake shoreline, hydroisostatic deflection, tectonic tilting, GPS survey, Bolivia, Andes; 10396.
- Pluvial Lake Rennie**
tephra, rain shadow, Pliocene/Pleistocene, stratigraphy, USA, Nevada, Fish Lake Valley; California, Fish Lake Valley; 00195.
- pluviothermal climate**
climatology, vegetation, Croatia; 11130.
- PM10**
PAH, gaseous phase, partitioning model, particulate, urban atmosphere, humidity, 13862. TSS concentration, health, particulate, Malaysia, Kuala Lumpur; 10002.
- PM10 filter**
aerosol, X-ray diffraction, 05865.
- PMSE**
optical photometer, particle impact sensor, radar interferometer, aerosol, noctilucent cloud, 11472.
- PNA pattern**
eddy kinetic energy, barotropic conversion, vorticity forcing, teleconnection, North America; Pacific; 00929.
- pneumatic cushion**
triaxial soil test, cubical triaxial unit, soil compaction, pneumatics, 10414.
- pneumatics**
pneumatic cushion, triaxial soil test, cubical triaxial unit, soil compaction, 10414.
- Poa pratensis**
Euphrasia frigida, climate change, caribou, summer grazing, Holocene, Greenland, West Greenland, Kangerlussuaq; 11824.
- Pocahontas Formation**
sandstone, Pennsylvanian, coal, foreland basin, floodplain deposit, USA, West Virginia; 04179.
- pocket beach**
coastal platform, lateral variation, Silurian, Chinaman's Rock Member, Tamala Limestone, Australia, Western Australia, Kalbarri; 05165.
- pockmark**
gas escape, interstitial water, seabed, methane, USA, Maine, Belfast Bay; 07951. oceanic crust, organic matter, sediment drift, methane, sidescan, Greenland Sea, Fram Strait, Vestnesa Ridge; 11979.
- Podwinek Interstadial**
Czyrow Formation, lithostratigraphy, Quaternary geology, borehole, Chojny Formation, Poland, Kleszczow Graben, Belchatow; 04101.
- Podzamecz Formation**
trace fossil, palaeoenvironment, anoxia, Tethys, Bajocian, Poland, Carpathians, Pieniny Klippen Belt; 14427.
- Podzol**
acidic deposition, organic carbon, sulphuric acid, sulphur, Sweden; 01864. esker, paleosol, Quaternary, stratigraphy, Finland, Ostrobothnia; 00226. esker, permafrost, dune dynamics, cryoturbation feature, Holocene, Finland, Lapland, Hietatievat; 07929. ferrallitic soil, soil evolutionary sequence, soil chronosequence, Brazil, Upper Rio Negro; South America, Amazonia; 04303. iron, Brunisol, podzolisation, sesquioxide translocation, Canada, Labrador, Labrador Trough; Canadian Shield; 10762. lipid, alcohol, hydromorphic soil, 00535. Luvisol, fertiliser, nitrate leaching, groundwater contamination, organic matter, microbial activity, 13388. manure, plant uptake, fertiliser, monocalcium phosphate, phosphorus, Canada, Quebec; 05615. organic carbon, soil respiration, humus, liming, leaching, Sweden; 12106. soil chemical property, afforestation, gley soil, UK, Scotland, Central Region, Balquhitter; 00520. soil hydraulic property, soil chronosequence, hydraulic conductivity, UK, Scotland; 04395. soil solution, soil acidity, fertiliser, phosphorus fraction, DOC, 00555.
- Podzolic soil**
aerosol transport, atmospheric deposition, element concentration, trace metal, France; 13386. basalt, parent material, soil morphology, Russian Federation, Podkamennaya Tunguska River; 00518. desorption kinetics, potassium desorption, 09500. heavy metal, sewage sludge, element concentration, 01883. mottled soil, soil morphology, parent material, Russian Federation, Cis-Urals Region; 10767. organic matter, taiga, 08135. palaeoenvironmental reconstruction, paleosol, forest/tundra, subarctic soil, Canada, Quebec; 12091. particle size distribution, parent material, humus, 08128. pH, sulphate adsorption, UK, Scotland; 13421. soil drainage, gley soil, 09513. sulphuric acid, soil chemical property, soil solution, copper oxide, 01840.
- podzolisation**
aluminium, iron, organic acid, weathering, 12090. carbon, aluminium organic complex, organo-metal complex, iron-organic complex, Hapludalf, Haplorthod, 08169. heathland, sandy soil, Haplorthod, forest invasion, vegetation influence, Denmark, Hjelm Hede; 10769. humus accumulation, forest soil, parent material, Chernozem, Russian Federation, Volga Hills; Central Russian Upland; 10766. humus, spruce forest, bilberry, organic matter, mull, France, Savoy, Tarentaise, Macot-La Plagne; 10819. postglacial weathering, dissolved material, mass budget, slope inflexion zone, Canada, Quebec, Eastern Townships; 01347. sesquioxide translocation, Podzol, iron, Brunisol, Canada, Labrador, Labrador Trough; Canadian Shield; 10762. soil morphology, spodic soil, ultramafic till, USA, Alaska; 13354.
- podzolised soil**
weathering, aluminium, organic acid, soil solution chemistry, Sweden; 00536.
- Poincare map**
mixing, chaos theory, 14124.
- Poincare wave**
Kelvin wave, Rossby wave, shallow water equation, depth variation, 02231.

- point bar**
meander, bedding, palaeocurrent, Oligocene, Miocene, Spain, Iberian Range, Loranca Basin; 14337. meander, Tokai Group, Pliocene, Kameyama Formation, chute bar, Japan; 05419. riparian zone, river flow, flow event, river ecology, vegetation colonisation, USA, Iowa, Cedar River; 13622.
- point bar deposit**
bedding, grain size, palaeocurrent, bedform, 14434. discharge, gravel bed river, channel geometry, flood, Poland, Western Carpathians, Raba River; 13258.
- point charge**
lightning flash, dielectric constant, Earth surface, electricity, 11123.
- point coordinates**
mathematical formula, multistation, network, accuracy, 15056.
- point counting**
Oligocene, Gazzi-Dickinson method, provenance analysis, muddy sandstone, USA, Montana; 07939.
- point counting technique**
terrigenous sediment, silica, biogenic silica, palaeoceanography, 02857.
- point determination**
multispectral scanner, bundle adjustment, 12672.
- point estimate method**
single random variable method, random field method, channel hydraulics, water resource modelling, 09616.
- point gauge**
optimal weighting, global average temperature, temperature, 11106.
- point-in-polygon**
database, upland area, GIS, rural database, UK; 10271.
- point interpolation**
error propagation, spatial modelling, GIS, GIS operation, 11432.
- point mapping**
crime pattern analysis, GIS, 08792.
- point pattern**
spatial point process, clustering, Ripley's K, Canada, Alberta, Beaverhill Lake; 13960.
- point process model**
rainfall, tropics, rain gauge data, 05999.
- point source**
lake water quality, phosphorus, pollution control, sewage treatment, load estimation, North America, Great Lakes, Lake Erie; 05759. nitrogen oxide, carbon dioxide, sulphur dioxide, emission inventory, air pollution, Europe, (Central); 08992. PCB, contaminant, paper mill, lake, effluent, USA, Massachusetts, Housatonic River; Connecticut, Housatonic River; 00445.
- point source pollutant**
drainage basin model, biochemical oxygen demand, river water quality, nonpoint source pollutant, Europe, Rhine River; 14660.
- point source pollution**
contamination transport, phytoplankton, reservoir water quality, nonpoint source pollution, Czech Republic, Prague, Zelvka River; 07050. nitrate, karst aquifer, groundwater contamination, nonpoint source pollution, saturated/unsaturated flow, UK; Australia, South Australia; 11015. nonpoint source pollution, agricultural pollutant, fertiliser, nitrate, irrigation practice, groundwater quality, Australia; 11081. nonpoint source pollution, eutrophication, lake water quality, lake restoration, Austria, Neusiedl Lake; Hungary, Neusiedl Lake; 07048. nonpoint source pollution, wastewater treatment, estuary water quality, water quality management, USA, Florida, Sarasota Bay; 07008. nonpoint source pollution, water quality management, catchment protection, potable water quality, 12388. nonpoint source pollution, water quality monitoring, phosphorus, nitrogen, heavy metal, Germany, Rhine River; Elbe River; 07036. phosphorus, agricultural practice, urban runoff, nutrient loss, water quality management, Australia, Western Australia, Peel-Harvey Estuary; 13637.
- poison**
sediment trap, organic matter, seawater, phytoplankton, water column, 02870. sediment trap, particle flux, zooplankton artifact, water column, organic matter, 02869.
- Poisson model**
limiting dilution assay, score test, single hit, 02634. probability distribution, rainfall duration, rainfall intensity, extreme event, bivariate exponential model, Italy; 14599.
- polar alkalinity hypothesis**
alkalinity, circulation, circumpolar deep water, foraminiferal barium, 05096.
- polar anomaly**
permafrost, extraterrestrial geomorphology, radar mapping, Mercury; 12985.
- polar atmosphere**
ERS, marine observation satellite, sea ice, cryosphere, 08929.
- polar atmospheric cell**
atmospheric composition, Younger Dryas, glaciochemical record, Arctic atmosphere, 00164.
- polar carbonate**
temperate carbonate, shelf sediment, calcite, aragonite, water temperature, Australia, Tasmania; 10657.
- polar conductivity**
aerosol concentration, ion, 04597.
- polar deep water**
deep water formation, palaeoceanography, climate change, thermohaline circulation, Younger Dryas, 02740.
- polar environment**
ice, India, Himalayas; 07214.
- polar geography**
global pollution, sediment transport, environmental pollution, Arctic; Antarctica; 09067.
- polar geomorphology**
expedition, weathering, soil formation, glacial history, fluvial process, Svalbard, Spitsbergen; 01387.
- polar ice**
land surface property, microwave radiometer, ERS-1, brightness temperature, 13910. sea surface temperature, temperature, ice extent, 10226.
- polar ice core**
atmospheric concentration, carbon dioxide, methane, Antarctica, Yamato Mountains; 06639.
- polar ice density**
density, bubble, relaxation, glacier ice, 10530.
- polar ice sheet**
Quaternary, sea level change, stable isotope record, glacial change, Antarctica; 02828.
- polar information**
National Science Foundation, Arctic; Antarctica; 07725.
- polar latitude**
mesosphere, radar, rocket, 12746.
- polar lithosphere**
lithosphere anomaly, correlation coefficient filtering, magnetic anomaly map, Antarctica; 13922.
- polar low**
Geosat, vertical sounder, atmospheric gradient, SSM/I, TOVS, Norwegian Sea; Atlantic, (North); 07532. mesoscale vortex, baroclinic zone, Antarctica, Halley Station; 00973. mesoscale vortex, satellite image, Arctic; Antarctica; 05904.
- polar material**
manuscript record, polar, archival record, 07723.
- polar measurement**
surveying, GPS, marine navigation, 12851.
- polar mineral surface**
bulk water surface, empirical predictive model, organic vapour adsorption, 10329.
- polar motion**
climate model, global change, Earth rotation, ice sheet, Antarctica; 03865.
- polar night**
FTIR spectroscopy, stratosphere, trace gas concentration, Arctic; 07348. light source, trace gas, moon, stratosphere, FTIR, Arctic; 12575. stratosphere, cosmic ray, chlorine activation, Antarctica; 09998.
- polar orbiting spacecraft**
polar platform, ESA, Columbus programme, 06431.
- polar organic compound**
hydrophilic compound, organic micropollutant, surface water quality, water quality monitoring, pesticide, Europe, Rhine River Basin; 06989.
- polar organic matter**
particle, mutagenic activity, acetone, USA, New Jersey; 04790.
- polar platform**
ESA, Columbus programme, polar orbiting spacecraft, 06431. European Space Agency, Earth observation, 13897.
- polar region**
ice sheet, seasonal variation, cloud cover, 03732. ice surface temperature, sea-ice motion, heat balance, AVHRR, snow, ice, 03828. Nimbus 7, infrared radiometer, temperature, surface temperature, Antarctica; Arctic; 13699.
- polar research**
CD ROM, database, bibliography, Arctic; Antarctica; 07781. SAR interferometry, geophysical parameter, ice movement, Antarctica; 14090.
- polar stratospheric cloud**
aerosol observation, stratosphere, CLAES, 03601. aerosol, polar vortex, winter, volcano, Arctic; 11318. backscatter sonde, aerosol profile, ozone, Antarctica, South Pole Station; 04705. flow cell, heterogeneous reaction, stratosphere, laboratory simulation, 13764. heterogeneous reaction, nitric acid trihydrate, hydrochloric acid, Fourier transform IR, 01037. model, chlorine cycle, ozone depletion, 03619. model, heterogeneous chemical process, ice, nitric acid trihydrate, particle, 04785. ozone depletion, laboratory experiment, nitric acid trihydrate, chlorine radical precursor, 03618. ozone loss, volcano, aerosol, Antarctica; 12618. stratosphere, sulphate, aerosol, freezing, 12621. stratospheric cooling, formation mechanism, winter, Antarctica; 04703. temperature, radiative transfer model, stratosphere, radiative feedback, Antarctica; 03521. volcanic eruption, review, stratosphere, aerosol, 07391. winter, stratosphere, chlorine chemistry, Arctic; 03635.
- polar summer**
mesosphere, aerosol, 12747.
- polar vortex**
chlorine monoxide, bromine monoxide, stratosphere, ozone loss (1991-1992), Arctic; 03638. chlorine nitrate, nitric acid, stratosphere, ozone depletion, Antarctica; 03556. halogen occlusion experiment, air mass, spring, Southern Hemisphere, 12445. isentropic mixing, large scale mixing, geopotential height field, Antarctica; 11214. material line, ozone depletion, chaotic advection, stratosphere, chemically perturbed air, 07268. mixing, deformation, TOMS, ozone, Antarctica; 11288. nitric acid trihydrates, stratosphere, meteorology (1991-1992), Arctic; 03637. ozone loss (1991-1992), Arctic; 03639. poleward transport, stratosphere, ozone, winter, 03559. potential vorticity gradient, microwave limb sounder, water vapour, Southern Hemisphere, stratosphere, 03553. stratosphere, chlorine monoxide, interhemispheric comparison, 03438. stratosphere, Southern Hemisphere, methane, airflow, mesospheric air, 03439. stratospheric cloud, microwave limb sounder, chlorine oxide, back trajectory temperature, Arctic; 11486. stratospheric warming (1993), nitrous oxide, 14850. subtropics, stratospheric mixing, 04664. tracer trajectory, transport, barotropic model, large scale mixing, 11178. winter, volcano, polar stratospheric cloud, aerosol, Arctic; 11318.
- polarimetric imagery**
ecosystem, forest, temporal imagery, SAR image, multifrequency imagery, USA, Maine, Howland; 15166.
- polarimetric measurement**
bright band, copolar correlation coefficient, 13919. hailstorm, 07292. weather radar, storm, Doppler radar, 04932.
- polarimetric parameter**
radar signal processor, multiparameter radar, 07438.
- polarimetric radar**
forest damage, SAR data, 07582. meteorological research, backscatter, hydrometeor, precipitation, 07425.
- polarimetric SAR**
AMRS, soil moisture, surface roughness, Italy, Tuscany, Montespertoli; 07559.
- polarimetric signature**
stratiform region, mesoscale convective system, melting layer, graupel, aggregate, 02246. unwrapped Poincaré sphere, double Fourier series, 07484.

polarimetry

alpine glacier, glacier, SAR, Austria, Tyrol, Rofental; 02527. mapping, geology, SAR, volcanic area, Italy, Campania, Vesuvius; 02464. SAR, optical imagery, environmental monitoring, alpine, 12788. wave approach, radar, 06136.

polarisation

envelope spectrum, radar signal, cloud, precipitation, 10151. graphite fiber, laser, backscattering, 10096. haze, cloud, remote sensing, 10167. phase shift, rain, parameterisation, radar, attenuation, 05869. radar sensing, precipitation, ocean surface, 06293.

polarisation difference

microwave radiometer, inundation, floodplain, SMMR 37, South America, Amazon River; 15224.

polarisation radar

ice particle, winter, thundercloud, radar echo, lightning, 05987.

polarised reflectance

aerosol refractive index, radiative transfer model, 03727.

polarography

voltammetry, carboxyl group, humic acid, gallic acid, phenolic acid, 08113.

polder

desalinisation, groundwater level, vegetation succession, wetlands, drainage, Netherlands; 08362. environmental impact assessment, land reclamation, multidisciplinary study, Netherlands, Markerwaard; 11772. sediment quality, surface water quality, canal, sewer, Netherlands, Amsterdam; 01995.

polder creation

sea level rise, coastal land, land reclamation, policy option, Malaysia; 11638.

polder ecosystem

vegetation, hydrology, wetlands, groundwater management, salinity, Netherlands; 06986.

Polder Project

geomorphology, structural/nonstructural method, flood mitigation, interceptor drain, diversion channel, Bangladesh; 06438.

POLDER sensor

calibrated reflectance, interband calibration, 07434.

pole tide

sunspot cycle, sea level, seasonal trend, Fourier spectral analysis, lunar perigee, Canada, Gulf of St. Lawrence; Atlantic Coast; 02818.

poleward drift

beta drift law, hurricane, 11198.

poleward transport

stratosphere, ozone, winter, polar vortex, 03559.

police

operations support, Olympics, GIS police, Norway; 15254.

policy decision

air pollution, greenhouse gas, ozone depletion, environmental issue, 06388.

policy making

GIS, institutional structure, 08950. land information, physical planning, digital geographical dataset, Netherlands; 01272.

policy option

polder creation, sea level rise, coastal land, land reclamation, Malaysia; 11638.

political structure

cadastre, surveyor, social structure, Switzerland, Vaud; 02437.

politics

catastrophic disturbance, global warming, forecast, 14103.

pollen

archaeological data, radiocarbon dating, pollen, sediment record, vegetation change, marine transgression, USA, Massachusetts, Boston, Boylston Street Fishweir; 10474. Bronze Age, environmental impact, mining, copper mining, woodland depletion, UK, Wales, Dyfed, Cwmystwyth, Copa Hill; 04078. chalk grassland, palaeoecology, anthropogenic impact, sedimentary sequence, Holocene, Mesolithic, UK, England, Yorkshire, Wolds, Willow Garth; 00244. charcoal, *Nothofagus*, Holocene, radiocarbon dating, forest/steppe transition, Chile, Tierra del Fuego, Isla Grande; Argentina, Tierra del Fuego, Isla Grande; 07870. charcoal, paramo, postglacial vegetation, fire history, Costa Rica, Cordillera de Talamanca, Chirripo Paramo, Lago de las; 00200. climate fluctuation, anthropogenic activity, climate change, Subboreal, Spain, Almeria, Almazora Caves, Almazaraque; Herrerias; 04064. deep sea core, vegetation history, Cainozoic, Australia, Western Australia; Indian Ocean, Argo Abyssal Plain, ODP Site 765; 11787. deep sea core, vegetation zonation, forest extension, Africa, (West); Atlantic; 07860. deglaciation, Quaternary, chronology, radiocarbon age, Chile, Taitao Peninsula; 02772. diatom, acidification, Laacher See Tephra, ecosystem, volcanic eruption, Germany, Black Forest; 05303. diatom, chironomid fossil, limnological change, Younger Dryas, climate change, Canada, Nova Scotia, Brier Island Bog Lake; 01522. diatom, foraminifera, sea level, Holocene, coastal peat, Spain, Galicia, Coruna, Ria de Ares; 07902. diatom, Quaternary, Holocene, climate change, oxygen isotope ratio, Japan Sea; Japan; 09151. diatom, saline marsh, Pleistocene/Holocene, palaeoenvironmental reconstruction, Mexico, Basin of Mexico, Chalco Lake; 06567. diatom, sea level, Holocene, eustacy, isostacy, Canada, Nova Scotia, Cape Breton Island; 04113. dinoflagellate, Younger Dryas, late glacial, postglacial, palaeoenvironment, Canada, Gulf of St. Lawrence; 07865. environmental history, climate warming, arboreal pollen, Holocene, alpine grassland, China, Xizang, Lake Selincuo; 09210. geochemistry, vegetation change, soil development, Quaternary, USA, Alaska, Wien Lake; 06572. glacial cycle, Quaternary basin, glacial erosion, interglacial, Wurm glaciation, Switzerland, Vaud, Ecoteaux Basin; 04097. holocene, Last Glacial/Interglacial cycle, palaeohydrology, palaeoclimatology, upwelling, Morocco; Atlantic, (North); 11797. insect, settlement, riparian landscape, historical evidence, floodplain sediment, USA, Iowa, Roberts Creek; 06595. insect, transfer function, Heinrich event, Last Glacial/Interglacial cycle, palaeoclimate reconstruction, France, Grande Pile; 02775. isotope record, latitudinal patterns, precipitation, Medieval Warm Period, solar activity, USA, (Southwest); 13101. karst, palaeoenvironment, maze cave, dolomitic limestone, flowstone, Zaire, Mount Hoyo; 05258. lake level data, climate reconstruction, Holocene, precipitation pattern, Europe; 04104. macrofossil, radiocarbon date, Quaternary, organic deposit, Australia, Tasmania, Newton Creek; 02786. marine deposit, coastal plain, Holocene, Weichselian, interstadial, France, Nord, Watten; 00264. moisture balance, annual precipitation, water level fluctuation, Quaternary, USA, (Northeast);

04074. mollusc assemblage, charcoal, fire regime, environmental reconstruction, Quaternary, Australia, Tasmania, Bass Strait, King Island, Egg Lagoon; 02787. mollusc, ostracod, lake marl, climate change, Holocene, UK, Wales, Powys, Llangorse Lake; 01525. Ngirino Terrace, tephra, vegetation history, climate history, oxygen isotope stage 5, New Zealand, North Island, Taranaki, Hawera; 02788. ostracod, foraminifera, Holocene, vegetational history, palaeosalinity, Tunisia, Garaet el Ichkeul; 04066. peat bog, anthropogenic impact, Quaternary, afforestation, Spain, Sierra de Guadarrama, Puerto de Morcuera; 10506. plant macrofossil data, climate response surface, palaeoclimate, Quaternary, 05269. plant macrofossil, treeline, forest history, Quaternary, vegetation, USA, New Hampshire, White Mountains; 09170. Pleistocene, microfossil, carbonate, speleothem, cave, USA, New Mexico, Guadalupe Mountains; 05250. proxy data, glacier, snail assemblage, mollusc assemblage, temperature oscillation, Europe, (West); 11835. proxy indicator, coleoptera, timberline, palaeoenvironment, Holocene, France, Isere, Taillefer Massif; Isere; 04106. Quaternary, palaeoenvironment, pan, palaeontology, South Africa, Orange Free State, Deelpan; Elorisbad; 05173. radiocarbon date, Holocene, Weichselian, marine sediment, foraminifera, North Sea, Kattegat; 07875. radiocarbon date, Kawakawa Tephra, Last Glaciation, pollen analysis, Wainuiomata drillhole, New Zealand, North Island, Wellington, Wainuiomata; 09189. sediment record, vegetation change, marine transgression, pollen, archaeological data, radiocarbon dating, USA, Massachusetts, Boston, Boylston Street Fishweir; 10474. slope deposit, TL dating, periglacial environment, loess, aeolian activity, Denmark; 07927. spectra analysis, subfossil pollen, wind transport, spore, Ukraine, Carpathians; Khibini Mountains; Georgia; 09185. Younger Dryas, upper tree limit, late glacial, pine expansion, France, Alps, Belledonne Massif; 02776.

pollen analysis

altitude variation, palaeoclimate, vegetation, late glacial, France, Alps; 04079. anthropogenic impact, vegetation history, Holocene, Japan, Honshu, Sagami Plain, Uta River; 01498. charcoal analysis, Aborigine, Quaternary, vegetation history, Australia, Queensland; 10445. computer model, global change, palaeoclimate reconstruction, COHMAP, 00242. core, Younger Dryas, Holocene, late glacial, Poland, Lake Goszcz; 09182. environmental change, palaeohydrology, Holocene, hypersaline lake, drought, Canada, Alberta; 00217. fire, Holocene, vegetation, treeline, grassland, Australia, Tasmania, Central Plateau, Camerons Lagoon; 13113. forest disequilibrium, Little Ice Age, cooling, temperature decrease, Canada, Ontario; 05298. gytja, peat, shore vegetation, mire, Poland, Lake Goszcz; 08044. Holocene, lake level change, radiocarbon dating, isostatic tilt, Canada, Ontario, Rice Lake; 13097. Holocene, palaeoenvironment, environmental change, Japan, Honshu, Ibaraki Prefecture, Sakuragawa Lowland; 06584. Holocene, palaeoenvironment, playa, deflationary basin, Australia, Victoria, Lake Tyrrell; 11808. interglacial sediment, palaeobotany, Eemian, Vistulian, Poland, Silesia, Rybnik Plateau, Golasowice; 11817. interglacial sediment, vegetation succession, Vistulian, stratigraphy, Eemian, Poland, Warsaw; 09184. Kenbuchi Stadial, Younger Dryas, radiocarbon date, vegetation history, Japan, Hokkaido, Kenbuchi Basin; Furano Basin; 02784. lake core, groundwater, Holocene, hyperarid environment, Sudan, Sahara, Oyo; 10511. lake core, Holocene, vegetation, climate, anthropogenic impact, Tanzania, Lake Tanganyika; Zaire, Lake Tanganyika; 04069. lake sediment, sedimentation, infrared spectroscopy, palaeoenvironment, Brazil, Amazonia, Carajas; 14246. magnetic polarity, palaeoclimate, Gauss/Matuyama boundary, Pliocene/Pleistocene, China, Shanxi, Yushe Basin; 05271. palaeoclimate, coastal formation, Holocene, transgression, Russian Federation, Lake Ladoga; 00269. palaeoenvironment, carbon isotope, organic matter, Quaternary (late), Cameroon, Lake Barombi Mbo; 10469. palaeoenvironment, extinction, vegetation change, lake level change, Holocene, Madagascar, Lake Mitsinjo; 10512. palaeogeographical change, geomorphological map, Suna Site, terrace, Holocene, Japan, Honshu, Osaka Plain; 10393. palaeontology, Younger Dryas, palaeoenvironment, USA, Allamuchy Pond, New Jersey; Linsley Pond, Connecticut; 13062. relict forest, Araucaria, palaeoclimate, Holocene, Brazil; 14247. Semaforo section, glacial/interglacial cycle, Pliocene (Upper), vegetation response, Italy, Calabria, Crotona; 04065. spores, Nemona Glaciation, Last Glaciation, Mangarora drillhole, tephra, New Zealand, North Island, Hutt Valley, Mangarora Valley; 11823. tananwan formation, Pleistocene, pollen stratigraphy, ESR dating, Taiwan; 00211. thermophilous tree, Isotope Stage 3, Last Glacial, Italy, Latium, Vico Lake; 11804. tundra vegetation, Quaternary (late), lake sediment, USA, Alaska, Joe Lake; 13056. U-Th dating, Isotope Substage 5.4, palaeoclimate, stalagmite sequence, Belgium, Han-sur-Lesse, Grotte de Han; 09144. Wainuiomata drillhole, pollen, radiocarbon date, Kawakawa Tephra, Last Glaciation, New Zealand, North Island, Wellington, Wainuiomata; 09189. Walker Circulation, Quaternary, lake level change, climate, Australia; Papua New Guinea; 07864.

pollen assemblage

lacustrine core, radiocarbon chronology, tropical forest, vegetated succession, Quaternary (late), Cameroon, (West); Brazil, Amazonia; 00203.

pollen data

Alnus carr, coastal peat, Flandrian, vegetation history, UK, England, East Sussex, Pannel Bridge; 01494. dating, peat bog deposit, radiocarbon dating, Estonia, Niinsarre Bog; 10429. glacial stratigraphy, temperature, anthropogenic impact, palaeotemperature, volcano, Mexico, La Malinche Volcano; 07848. peat section, fire, Younger Dryas, Chile, Tierra del Fuego; Argentina, Patagonia; Argentina, Tierra del Fuego; 07841. Plum Point Interstade, Erie Interstade, Port Huron Advance, glaciation chronology, Pleistocene, USA, New York; 09139. Roman occupation, vegetation history, forest clearance, anthropogenic impact, UK, England, Cumbria, Walton Moss; Glasson Moss; UK, England, Cumbria, Fozy Moss; 13118. stratigraphy, Ulmus decline, Tilia decline, Flandrian, vegetational history, UK, England, East Sussex, Brede Valley; 10507.

pollen diagram

analogue matching, statistical significance, Quaternary, palaeoecology, vegetation science, UK; 06542. interglacial environment, Holsteinian, Naakenavaara interglacial, peat deposition, till, Finland, Lapland; 00225. monsoon circulation, Holocene, climate, vegetation zone, China; 00247. pollen dispersal, climate reconstruction, Late Glacial, plant macrofossil, Norway, Utsira; Blomoy; 13030. postglacial, cirque, climate change, Flandrian, UK, Wales, Snowdonia, Cwm Idwal; 04077. program, computer

- guide, Macpollen, 07838. radiocarbon date, vegetation history, Holocene, Antarctica, Antarctica Peninsula, South Shetland Islands, King George Island; 01529. vegetation history, archaeology, anthropogenic impact, Greece, Peloponnese, Kleonani; 06600. Younger Dryas, forest dynamics, late glacial, France, Pyrenees, Le Moura; 01495.
- pollen diatom**
Holocene, Younger Dryas, Canada, Newfoundland, Terra Nova National Park, Pine Hill Pond; 11811.
- pollen dispersal**
climate reconstruction, Late Glacial, plant macrofossil, pollen diagram, Norway, Utsira; Blomoy; 13030.
- pollen evidence**
Neolithic, vegetation, anthropogenic impact, France, Jura, Chalain Lake; 11836.
- pollen influx**
climate change, palynostratigraphy, lacustrine record, radiocarbon dating, Norway, Andoya, Ovre AERasvatn Lake; 04081.
- pollen peak**
foraminifera, glacier readvance, ice core, Younger Dryas, USA, Washington, Olympic Peninsula; Alaska, Panhandle; Canada, British Columbia; 07839.
- pollen profile**
postglacial vegetation, palaeolimnology, late glacial, Flandrian, vegetation history, Germany, Schleswig-Holstein, Schwansen; 06578.
- pollen record**
aridity, climate change, Holocene, postglacial, vegetation history, Canada, Alberta, Mariana Lake; 14251. climate change, vegetation history, USA, Minnesota, Clearwater County, Elk Lake; 02771. fission track dating, orbital frequency, palaeoclimate, frequency spectra, Colombia, Eastern Cordillera, Bogota Basin, Funza; 04063. Holocene, vegetation history, climate change, montane forest, environmental change, Uganda, Ahakagyezi Swamp; 06569. Kawakawa Tephra, palaeoclimatology, Holocene, last glaciation, New Zealand, North Island, Wellington; 05286. numerical approach, Holocene, late glacial, palaeoclimate interpretation, USA, Minnesota, Clearwater County, Elk Lake; 02741. Pleistocene, orbital forcing, climate change, eccentricity, Colombia, Eastern Cordillera, Bogota; 13049. Pleniglacial period, Bolling-Allerod Interstade, Younger Dryas, U-Th dating, climate change, Spain, Lake Banyoles; 09161. vegetation refugia, Pleistocene, glacial phase, France, Languedoc, Herault, Saint-Macaire Maar; 09162.
- pollen sequence**
Eemian, Brorup, Odderade, Vistulian, open pit, Germany, (East); 07876. temperature estimate, Pleistocene, water level, analogue method, palaeorainfall estimate, Zaire, Lake Tanganyika; Tanzania, Lake Tanganyika; 06568.
- pollen site**
Hengelo-Denekamp sequence, radiocarbon date, vegetational history, Devensian, UK, Scotland, Grampian, Buchan, Camp Faud; 07872. radiocarbon dating, climate change, environmental change, USA, Indiana; Illinois; USA, Michigan; USA, Ohio, Allegheny Plateau; 07868.
- pollen spectra**
plaggen soil, medieval, winter cereal, Germany, Lower Saxony, Osnabruck, Halgarten; 07825. subatlantic period, Holocene, steppe region, Georgia; 11820. Tertiary, spore pollen spectra, Zelkova forest, relict forest, Georgia, Babaneuri Reservation; 11821.
- pollen stratigraphy**
borehole 81/26, Brunhes/Matuyama boundary, Bavelian complex, Pleistocene, North Sea, Fladen Ground; 07855. depositional environment, palynomorph, Pleistocene, North Sea, Devils Hole; 14239. ESR dating, pollen analysis, tananwan formation, Pleistocene, Taiwan; 00211. late glacial, Holocene, Younger Dryas, radiocarbon date, Italy, Ligurian-Emilian Apennines; 13051. numerical analysis, Younger Drays, Allerod, spatial distribution, late glacial, Switzerland; 07877. radiocarbon, climate change, late glacial, Chile, Tierra del Fuego; Argentina, Tierra del Fuego; Chile, Lake District; 07840. treeline, land use, anthropogenic impact, Holocene, Italy, Apennines, Apennino Parmense; 13108. vegetational history, correlation, Eemian, Finland, Ostrobothnia; 07878.
- pollen succession**
peat, lacustrine silt, Eemian interglacial, stratigraphy, Poland, Jaworzyna, Jaworzyna Slaska; 09176.
- pollen transport**
box model, global climate change, Quaternary, Atlantic, (North); 11796.
- pollen zone**
chronology, coring, sampling, time series, radiocarbon date, USA, Minnesota, Clearwater County, Elk Lake; 02734. Sangamon, Tahawus clay, stratigraphic evidence, interglacial period, pre-Wisconsinan, USA, New York, Adirondack Mountain; 04075.
- pollutant**
accretion rate, salt marsh deposit, lead-210 dating, sea level rise, chronology, UK, England, Severn Estuary; Wales, Severn Estuary; 12953. air quality monitoring, sulphur dioxide, bark, India, Madhya Pradesh, Indore City; 03647. analysis, PAH, gas chromatography, mass spectrometry, sample preparation, 05346. anthracene, photo oxidation, PAH, lake sediment, historical record, USA, Great Lakes, Lake Michigan, Green Bay; 01747. chlorine, sulphur, silicon, aerosol, combustion, Arctic; 08695. clay mineral, organic pollutant, sorption, 10294. contaminated aquifer, environmental significance, colloid, landfill leachate, 02592. dispersion, boundary layer, wind, stability class, interannual variability, 15024. clement partitioning, tillage, turbidity, river bed, bioavailability, trace metal, China, Yellow River; 11997. emission, photochemistry, air quality model, gas phase, 12602. environmental impact assessment, value function, 12894. flux density, deposition velocity, grassland ecosystem, chemical climate, gaseous species, 12626. fly ash, lake sediment, sulphur, sediment record, UK, Scotland; 08082. frontal system, mesoscale model, nuclear power station, dispersion, removal, 10029. GIS, water quality modelling, land use map, USA, Texas, Galveston Bay; 01260. heavy metal, complexation, metal sorption, organic matter, 11953. intertidal mud, seasonality, coal, heavy metal, UK, Severn Estuary, Aust Cliff; 03036. katabatic flow, random walk model, transport, diffusion, 07225. long range transport, Kosa, particle, trajectory, modelling study, China; 12453. marine pollution, monitoring, eutrophication, plastic waste, radionuclide, 10316. montmorillonite, adsorption, monobutyltin, 04222. mountain, coast, soil erosion, karst, soil degradation, Croatia; 02605. organic matter, grain size, sedimentation pattern, clay mineral, Adriatic Sea; 00464. photochemistry, review, hydroxyl radical, oxidation, trace gas, 13819. protein, benzonitrile, hydrolysis, 10635. puff, analytical model, trajectory model, complex terrain, 15023. recirculation, South Africa, Highveld; 15040. remediation, dredging, capping layer, 04191. river sediment, chloroform mineralization, zinc, Netherlands, Rhine River; Meuse River; 10681. salt marsh, waste, silt, radionuclide, UK, England, Cumbria, Sellafeld; Scotland; Irish Sea; 10709. sediment transport, sewer, 13292. seminar, environmental research, Geological Survey of Finland, monitoring method, Finland; 10275. surface area, two dimensional image, particle shape, 01571. toxicity, quality control level, reporting limit, detection level, hazardous material, 08976. trace metal, mixing, sewage outfall, freshwater, sediment, Israel, Mediterranean Coast; 06800. trace metal, organic matter, diagenesis, UK, England, Severn Estuary, Tites Point; 05393. tyre fire, stockpile fire, combustion, semi volatile organics, 03650.
- pollutant classification**
statistical approach, QSAR, lipophilicity, toxicity, 07691.
- pollutant concentration**
organic chemical, phenol, 04414. tropical environment, urban environment, air quality monitoring, India, Varanasi; 15031.
- pollutant degradation**
river water quality, seasonal ecology, cyanobacteria, Nigeria, New Calabar River; 09661.
- pollutant discharge**
GPS, GIS, multispectral imagery, USA, Texas, Irving; 15195. sewer design, sediment, sewer discharge, surface water quality, Netherlands; 01997.
- pollutant disposal**
groundwater remediation, in situ treatment, volatile chlorinated hydrocarbon, groundwater contamination, Germany; 12337.
- pollutant distribution**
chemical lifetime, severe storm, three dimensional model, cloud dynamics, microphysics, 06027.
- pollutant exposure**
nitrogen dioxide, human exposure, USA, California, Los Angeles Basin; 10034.
- pollutant flux**
eddy flux, surface roughness, sensible heat flux, urban canopy layer, 11334.
- pollutant hydrolysis**
surface catalyzed hydrolysis, natural organic matter, picolinate ester hydrolysis, oxide/water interface, organic matter, 09709.
- pollutant load**
urban stormwater, water quality, storm sewer, 07656.
- pollutant loading**
accuracy criteria, river basin management, water quality assessment, river water quality, 00703. computer model, agricultural waste application, agricultural pollutant, groundwater quality, surface water quality, 07138. land use, stormwater quality, runoff water quality, USA, California, Alameda County; 03277. sewage, heavy metal, river water quality, runoff water quality, USA, New York, Buffalo River; 03278.
- pollutant migration**
dense non aqueous phase liquid, volatile organic compound, aquifer remediation, mathematical model, flushing, 00779. groundwater quality, solute transport, dispersion, porosity, hydraulic conductivity, diffusion, 09715. landfill liner, advection/dispersion, sorption, 00772. radionuclide migration, Chernobyl fallout, Russian Federation, Russian Plain; 01884. volatile organic compound, flushing, aquifer remediation, non aqueous phase liquid, dense non aqueous phase liquid, 00780.
- pollutant penetration**
chlorinated hydrocarbon, groundwater age, groundwater quality, isotope hydrogeology, groundwater pollution, Germany, Bavaria, Munich; 07087.
- pollutant release**
remote sensing, advection/diffusion model, lake water quality, 07042. shear stress, partitioning, sewage, sewer sediment, UK; 09387.
- pollutant removal**
toxicity reduction, water quality management, nonpoint source pollution, runoff water quality, 07161. vegetated strip, runoff water quality, buffer zone, water quality management, 13525.
- pollutant retention**
runoff water quality, subsurface flow, bank filtration, biodegradation model, Germany, Rhine River; 12266.
- pollutant source**
groundwater contamination, soil water contamination, chemical class, hydrocarbon, contaminant classification, 04510. groundwater pollution, tetrachloroethylene, contaminant transport, groundwater quality management, Japan; 08420. nitrate, groundwater quality, Indonesia, East Java; 11046. PAH, estuary water quality, nonpoint source pollution, USA, Wisconsin, Milwaukee Harbour; 14651. water quality, microbiology, water management, humid tropics, 08468. weathering, river water chemistry, heavy metal, nutrient, hydrogeochemistry, China; 12280.
- pollutant spread**
porewater extraction, packer sampling, well construction, unlined borehole, groundwater sampling, 11031.
- pollutant tracer**
groundwater seepage, seepage flux, lake recharge, Japan, Biwa Lake; 08355.
- pollutant transport**
heavy metal, ZISCH survey, distribution, North Sea; 14114. long range transport, background monitoring, vegetation, symposium proceedings, atmospheric pollution, Russian Federation, Kola Peninsula; 10306. river/estuary system, heavy metal dispersion, tidal dynamics, salt water intrusion, mathematical model, UK, Wales, Milford Haven; England, Cornwall, Fal Estuary; 04483.
- pollutant transport model**
computational grid, Holly-Preissman method, advection operator, 03928.
- pollutant trap**
levee system, wetlands, urban water, sewage lagoon, 02608.
- polluted air**
biomass burning, carbon monoxide, atmospheric concentration, hydroxide seasonality, isotope analysis, Antarctica; New Zealand; 01467.
- polluted aquifer**
interception/sorption trench, dispersion/advection analysis, decontamination, 01309.

polluted leachate

waste dump, underground permeability, France, Lyon; 01283.

polluted sediment

fish, fauna, salmon farm, oxytetracycline, 14455. suspended solid, hexachlorobenzene, sampling, Germany, Rhine River; 14446.

polluted site

cloud condensation nuclei, fog formation, industrial plant, hygroscopic combustion particle, local climate, Belgium, Meuse Valley; 03520.

pollution

agrochemical, pollution control, water quality standard, land use effect, nonpoint source, Japan; 07136. air quality, environmental monitoring, monitoring, expert system, Czech Republic; Slovakia; 03936. anthropogenic load, northern ecosystem, bioindicator, environmental degradation, Russian Federation, Siberia; 06389. benthos, phytoplankton, zooplankton, oil spill, Sea of Okhotsk, Sakhalin Island Shelf; 10707. biochemical oxygen demand, dissolved oxygen, river water quality, 13539. bivalve, trace metal, *Anadara granosa*, mudflat, Malaysia, Penang, Juru Estuary; 14451. caesium, Chernobyl nuclear accident, gamma ray spectrometry, Poland; 08974. chemical time bomb, legislation, Europe, (Eastern); 11595. chemical time bomb, micropollutant mobilisation, groundwater, salinisation, food chain, 11590. coal power station, lichen, bioindicator, Spain, Leon, La Robla; 15030. contamination, trace metal, organic compound, hydrocarbon, radionuclide, Arctic; 14118. countermeasure, solid-liquid equilibria, agricultural soil, radiocaesium, radiostromium, 05080. dispersion, wind tunnel, building aerodynamics, building amplification factor, fluid modelling, 05933. drilling, toxicity, Sediment Quality Triad, anthropogenic impact, North Sea; 00466. enrichment, accumulation rate, restoration, Pb-210, mercury, Adriatic Sea, Ravenna Lagoon; 10700. environmental change, anthropogenic impact, karst, aridity, groundwater resource, Australia, South Australia, Nullarbor Plain; 06534. estuary, historical input, PAH, hexachlorobenzene, PCB, Netherlands, Scheldt Estuary; 03039. eutrophication, oxidation, reduction, hydrogen peroxide, bottom sediment, water quality, 01753. factor analysis, bioaccumulation, seasonal variation, moss, heavy metal, Portugal, Cavado River; 10680. geochemistry, environmental impact, geochemical, Chernobyl nuclear accident, radionuclide fallout, Byelorussia; 02617. geochemistry, REE, climate, mineralization, heavy metal, China, Zhunjiang River; Changjiang River; China, Huanghe River; 05467. geomorphology, river water chemistry, climate, petrography, 09658. GIS, environmental impact, groundwater, 05005. GIS, nonpoint source, 06328. global radiation, insolation, climate change, 11588. grain size, organic matter, productivity, metal, coastal sediment, Mexico, Baja California; USA, California; 12013. groundwater contamination, analytical method, sampling, petroleum contamination, soil, 00016. groundwater, anthropogenic impact, environmental change, karst landscape, deforestation, Mediterranean; France; Italy; Croatia, Dinarides; 06530. Gulf War, environmental consequence, coastal effect, marine environment, oil spill, Kuwait, Persian Gulf; Iraq; 06392. heavy metal, chlorinated hydrocarbon, drinking water, lake sediment, groundwater, Germany, Berlin, Havel River; 12005. heavy metal, estuary, intertidal sediment, coal debris, UK, Severn Estuary; Bristol Channel; 06795. heavy metal, geochemical mapping, sediment pollution, sludge, Baltic Sea; Poland, Gdansk Harbour; 12016. heavy metal, lagoon, sediment contamination, Mexico, Tamaulipas, San Andres Lagoon; 12008. heavy metal, lake sediment, zinc, sewage, Japan, Lake Tegana; 03032. heavy metal, lead, copper, zinc, cadmium, Germany, Old Island; 05489. HM Inspectorate of Pollution, environmental protection, integrated pollution control, UK; 10314. Holocene, fluvial deposit, soil formation, floodplain, heavy metal, Netherlands, Rhine River; Meuse River; 00446. industrial complex, bioindicator, plant, air pollutant emission, Brazil, Cubatão; 12624. industrial source, traffic, Slovakia, High Tatras; 03617. interactive pollutant, model, 12640. interglacial, Quaternary (late), sedimentology, barrage tufa, tufa, UK, England, Derbyshire, River Wye; Lathkill Dale; 00152. karst terrain, acid rain, tracer method, aquifer, 11766. lake sediment, carbonate crust, anthropogenic impact, Egypt, Alexandria; Nile Delta, Mariut Lake; 13306. land disposal, dredged material, contaminant release pathway, environmental impact, Netherlands; 01305. local conditions forecast, forecast, diffusion, 11259. management, fluvial system, metal, environmental geology, Australia, Western Australia; Queensland; 00448. manganese, geochemistry, trace metal, weathering, Turkey, Sea of Marmara; 14392. mine waste, control policy, waste disposal, surface mining, 05068. modelling, GIS, nonpoint source, 06329. oil spill, beach, coastal sediment, petroleum, hydrocarbon, Qatar; 00462. oil spill, geographic information, coastal pollution, 15192. oil, carbon isotope, shelf sediment, Japan, Honshu, Tokyo Bay; 10702. PAH, marine pollution, spectrofluorimetry, Adriatic Sea; 07943. polychaete, Capitella, bottom sediment, fish farming, 00451. research programme, risk assessment, hazardous waste, toxic chemical, China; 07678. respiratory disease, inborn malformation, child, health, Russian Federation, Moscow; 13894. risk assessment, groundwater contamination, hazard, Italy, Milan; 12882. river purification, vegetated bank, runoff water quality, riparian buffer zone, river water quality, France, Le Mans, Sarthe River; Huisne River; 08371. sapropel, climate change, ecological disaster, Mediterranean Sea; 03881. scaling, salt, bacterial corrosion, stone monument, cavity, 02664. sea surface, temperature, salinity, Mauritania, Banc d'Arguin; 03497. seabed, abatement strategy, water quality, heavy metal, Norway, Sorfjorden; 07667. sediment pollution, water quality, flood prevention, redox potential, remobilisation, Russian Federation, Lake Ladoga; Gulf of Finland, Neva River; 12009. sediment/water interface, accumulation rate, trace metal, salt marsh sediment, trace metal, Netherlands, Scheldt Estuary; 03038. sedimentation, Holocene, illite, chlorite, bottom sediment, Norway, Oslofjord; North Sea, Skagerrak; 00405. self purification, river water quality, urbanisation, seasonal variation, Nigeria, Niger River; 05737. sewage treatment plant, beach, BACI designs, environmental change, seasonal cycle, Australia, New South Wales, Sydney; 05074. soil erosion, loess, sediment yield, land use, gully erosion, 01739. spectrometric system, trace multichannel spectrometer, environmental change, Bulgaria; 07436. stagnant conditions, air-stagnation, terrain, winter, Japan, Kanto Plain; 14853. stream sediment, gold mining, food chain, Colombia, Western Cordillera, Department Narino, Los Andes; 10678. subaqueous, geomorphological survey, coast, environmental degradation, Italy, Sicily, Palermo; 05323. sulphur dioxide, stone deterioration, erosion rate, limestone, 03629. sustainability, monitoring, agricultural landscape,

rural environment, 01295. terrestrial environment, chromium, aquatic environment, smelter, Poland, Siechnice; 07676. toxic trace element, river estuary, mercury, monitoring, 06384. toxic, heavy metal distribution, sediment, industrial sewage, solid waste, Nigeria, Calabar River; 02606. trace element, tidal zone, grain size, estuary, suspended matter, Netherlands, Scheldt Estuary; Belgium, Scheldt Estuary; 03037. trace metal, estuary, Netherlands, Schelde Estuary; 11988. trace metal, fish, shrimp, seaweed, Pakistan; Arabian Sea; 04292. transport, source/receptor relationship, long range transport, haze, aerosol, Arctic; 08703. tsetse fly, malaria, pesticide, DDT, Zimbabwe, Lake Kariba; 10691. urban area, air quality criteria, WHO, air pollution, 15025. vulnerability study, environmental pollution, chemical time bomb, groundwater, Czech Republic; Slovakia, Danube; 11594. wastewater, DDT, PCB, mussel, fish, Adriatic Sea; 03042. water pollution, sediment, petroleum pollution, hydrocarbon, Nigeria, Port Harcourt, New Calabar River; 10293. water quality, entrainment, sediment transport, flood, clay, USA, Ohio; Great Lakes, Lake Erie, Sandusky Bay; 08071. water quality, farm management, decision support system, groundwater, crop, USA, Iowa, Treynor; 03033. wildlife, bird, seal, organochlorine pesticide, lake sediment, Antarctica, Schirmacher Oasis; 08085. zoobenthos, oligochaete, Chironomidae, sphaeriid clam, macroinvertebrate, lake water quality, USA, Ohio, Cleveland; Lake Erie; 05690.

pollution abatement

model intercomparison, sea breeze, photochemical smog, Greece, Athens; 11349. modelling, dissolved copper concentration, segmented box model, circulation, USA, Washington, Puget Sound; 06382. nonpoint pollution, erosion, sediment load, agricultural land, market, USA; 03022. streamwater quality, nonpoint source pollution, water quality management, USA, Wisconsin, Black Earth Creek; 07164.

pollution control

agricultural practice, pesticide, nutrient, nonpoint source pollution, USA; 07115. air quality index, India, Angul Talcher; 07407. biomonitoring, classification scheme, legislation, water quality management, UK, England; Wales; 12248. environmental protection, soil map, Austria; 12039. GIS, water resource data, watershed management, Russian Federation, Upper Volga River Basin; 07636. heavy metal, pollution source, nonpoint source pollution, industrial discharge, 09638. nonpoint source pollution, groundwater quality, surface water quality, acid mine drainage, 07128. nonpoint source pollution, risk assessment, ecological impact, water quality management, USA; 07163. nursery operation, groundwater contamination, irrigation water management, nutrient, surface water contamination, USA; 07134. off-gas treatment, volatile organic compound, air pollution, biotechnique, 15034. phosphorus, lake water quality, nonpoint source pollution, agricultural pollutant, USA, Wisconsin, White Clay Lake; 07129. sewage treatment, load estimation, point source, lake water quality, phosphorus, North America, Great Lakes, Lake Erie; 05759. surface water quality, nutrient reduction, bay, nonpoint source pollution, USA, Chesapeake Bay; 07114. wastewater, treatment plant design, effluent quality, design performance, USA; 00027. water pollution, effluent control, water quality management, Asia; 14650. water quality management, coastal water quality, nonpoint source pollution, USA; 07158. water quality management, water policy, pollution trend, water pollution, China; 07147. water quality standard, land use effect, nonpoint source, pollution, agrochemical, Japan; 07136.

pollution episode

nonhydrostatic model, mesoscale model, sea breeze, Greece, Athens; 11215.

pollution history

metal pollution, anthropogenic impact, Turkey, Istanbul, Golden Horn; 09397. stratigraphic marker, magnetic record, particulate pollution, salt marsh, UK, England, Cheshire, Dee Estuary; 06380.

pollution indicator

sediment, river classification, faecal effluent, urban river, river water quality, Japan; 13533.

pollution level classification

sampling design, contaminant level, annealing search algorithm, 06427.

pollution load

coastal water quality, bacterial concentration, coastal water quality, microbial contamination, France, Calvados; Loire-Atlantique, Saint Brevin; France, Picardie, Somme River Bay; 00677.

pollution load index

harbour, coastal sediment, anthropogenic impact, metal, India, Visakhapatnam; 09398.

pollution meteorology

sodar, India, New Delhi; 11333.

pollution modeling

time splitting, finite element, parallelisation, transport equation, 07400.

pollution modelling

GIS, river basin management, 08904. GIS, urban pollution, nonpoint source, 06327. model sensitivity, time step interval, nonpoint source pollution, rainfall data, Canada, Ontario; 01990.

pollution monitor

element concentration, lichen, biomonitoring, Finland; 11341.

pollution monitoring

chemical accident, ecological modelling, water quality, Finland, Bay of Bothnia; 14122. microbial pollution, hydrocarbon, data quality assurance, intercalibration, research programme, Mediterranean; 01302. molecular biomarker, aquatic environment, DNA-adduct, metallothionein, biotechnology, 01297. monitoring technique, remote site, ozone, 03868. search operation, rescue operation, drift buoy, GPS, 01286. sewage, heavy metal, historical trend, lead, cadmium, Philippines; South China Sea, Manila Bay; 13310.

pollution persistence

hydrocarbon, toxicity, mangrove, oil spill, Panama, Galeta; 12014. mangrove, hydrocarbon, oil spill, PAH, Panama, Galeta; 12015.

pollution plume

natural bioremediation, active remediation, Amoco Oil Company, hydrocarbon impacted site, USA, Florida; 02598.

pollution reduction

pesticide, PAH, surface water quality, water quality management, nonpoint source pollution, Netherlands; 07160.

- pollution source**
nonpoint source pollution, industrial discharge, pollution control, heavy metal, 09638.
- pollution trend**
water pollution, pollution control, water quality management, water policy, China; 07147.
- pollution zone**
pleurozium schreberi, heavy metal, moss, Poland, Silesia, Krakow, Niepolomice Forest; 11599.
- polonium-210**
distribution coefficient, laboratory system, lead-210, 06725.
- polyacrylamid hydrophilic gel**
trickle irrigation, irrigation, salinity, soil water storage, soil conditioner, 04563.
- polyacrylamide**
Calciorthid, soil conditioner, irrigation, soil erosion control, USA, Idaho, Kimberly; 06940. water retention, soil conditioner, 06895.
- polyaromatic hydrocarbon**
petroleum, infrared spectra, terpene, 10018.
- polybrominated biphenyl**
surface water quality, halogenated compound, microorganism, debromination, USA, Michigan, St Louis, Pine River; 03292.
- polycarboxylate**
surface water chemistry, dissolved organic compound, iron speciation, photochemistry, aqueous iron (III), 09651.
- polychaete**
Capitella, bottom sediment, fish farming, pollution, 00451.
- polychlorinated biphenyl**
organochlorine, lake water quality, biota, Russian Federation, Siberia, Baikal Lake; 12285. polychlorinated naphthalene, sediment, biota, time trend study, guillemot egg, Sweden; 02591.
- polychlorinated diphenyl sulphide**
model compound, chromatography, mass spectrometry, environmental analysis, 02590.
- polychlorinated naphthalene**
sediment, biota, time trend study, guillemot egg, polychlorinated biphenyl, Sweden; 02591.
- polycrystalline ice**
anisotropic elasticity, temperature dependence, elastic modulus, 09230. glacier, fabric development, ice, 09231.
- polycyclic detergent**
groundwater contamination, groundwater resource, aromatic hydrocarbons, organic contaminant, Israel; 03337.
- Polycystine Radiolaria**
trap factor model, culled factor model, California Current, seasonal trend, preservation bias, Pacific, (North); 02758.
- polygenesis**
bioturbation, Durothid, Haplargid, soil micromorphology, Aridisol, USA, California, Mojave Desert; 09457. Pleistocene, paleosol, Yarmouth-Sangamon Paleosol, till, loess, USA, Iowa, Earlham; 05272.
- polygenetic sediment**
ironrust, tillage, agriculture, Togo, Niamtougou Plain; 00517.
- polygenetic soil**
pedofeature, weathering, climate history, Australia; 00516.
- polygenic volcano**
Tertiary volcano, volcanic landform, neotectonics, morphostructural analysis, caldera, Slovakia, Pol'ana Mountains; 11672.
- polygon**
centroid, GIS, 06191.
- polygon filling**
vector chain shape, vector/raster conversion, 01128.
- polygon network**
derived data, GIS, overlay, 15100.
- polygonal approximation**
curve, digital curve, 10092.
- polygonal karst**
hydraulic conductivity, doline form, mesh size, rainfall, temperature, China; New Zealand; 05261.
- polymaleic acid**
pesticide, humic acid, fulvic acid, paraquat, chlordinform, 06916.
- polymer adjuvant**
acrylic polymer adjuvant, herbicide leaching, 00509.
- polymer formation**
lightning, ball lightning, 00841.
- polymer gel**
soil water quality, infiltration, water conservation, soil conditioner, sandy soil, 07106.
- polynomial equation**
time series equation, conceptual model, catchment yield, rainfall/runoff model, model comparison, process equation, 01927.
- polynya**
atmospheric variability, oceanographic impact, katabatic surge, Antarctica, Ross Ice Shelf; 04612. sea ice, shelf ice, image analysis, coastal polynya, passive microwave data, Antarctica; 02853. wind, salinity, ice production, frazil ice, 12354.
- polynyas**
ice edge, SAR, sea ice, leads, 14084.
- polyol**
organic acid, carbohydrate, sugar, Antarctica, Windmill Islands; 13403.
- polyphenol**
nitrogen, nitrogen mineralization, leaf litter, litter decomposition, 12123.
- polyphenol-gelatin complex**
decomposition, leaf litter, nitrogen, ammonification, 05576.
- polyphenol oxidase**
enzyme activity, humic substance, 06864.
- polysaccharide**
hydraulic conductivity, organic polymer, humic acid, clay dispersion/aggregation, inorganic polymer, 06859. remineralisation, degradation, anoxic sediment, macromolecule, 14385.
- polystyrene**
polyurethane foam, PAH, mutagenicity, soot particulate, incineration, 15027.
- polysulfone hollow fibre**
ceramic cup sampler, soil solution extraction, 04328.
- polyurethane foam**
PAH, mutagenicity, soot particulate, incineration, polystyrene, 15027.
- Pomerianian Phase**
ice tongue, meltwater outflow, glacial surge, geomorphological effect, ice sheet, Poland, Vistula Region; 07896.
- pond**
hydrobiology, physicochemical parameters, lake water quality, lentic hydro-sphere, India, Bihar, Gaya, Rukmini Sarovar, Visar Sarovar; 02014.
- pond management**
aquaculture, water conservation, groundwater management, climate, 12384.
- pond sediment**
redox status, trace element solubility, oxidation/reduction, USA, California, San Joaquin Valley; 01847.
- pond system**
lake water quality, water quality management, nutrient retention, ecotone, China, Anhui Province, Chaohu Lake; 00717.
- pond water chemistry**
fish population, pH, alkalinity, acidification, acid precipitation, 10953. streamwater chemistry, ice shelf, glacial meltwater, meltwater pond, Antarctica, McMurdo Ice Shelf; 14763.
- pond water exchange**
salinity, surface water-groundwater interaction, groundwater inflow, coastal pond, USA, Massachusetts, Cape Cod, Little Pond; 12288.
- pond water quality**
phosphate, detergent, carbon budget, toxicity, algal bloom, 14636. phosphorus, transfer function, eutrophication, palaeolimnology, diatom, UK, England, Hertfordshire, Marsworth Reservoir; 14628.
- ponded infiltration**
rice paddy, hydraulic conductivity, groundwater recharge, water table mound, 05775. variable head, Green-Ampt equation, infiltration rate, capillary hysteresis, hyetograph shape, 03315.
- ponderosa pine**
Wisconsinan, vegetation history, climate history, Engelmann spruce, USA, Arizona, Mogollon Rim, Potato Lake; 06566.
- ponding**
turbidity current, Tertiary, basement, mudstone, Spain, Almeria, Sorbas Basin; 13192.
- pool**
riffle, streamwater quality, mountain stream, particulate organic matter, sedimentation, 13531. run, riffle, habitat classification, river hydraulics, bed topography, 09608.
- Pool 19**
watershed, alluvium, channel dynamics, Peoria Lake, sediment deposition, USA, Iowa, Mississippi River; 03954.
- pool-riffle sequence**
channel geometry, channelisation, river regulation, UK, England, New Forest; 14619.
- pool sediment**
freshwater system, biogeochemistry, organic matter, oxidation, pyrite, Netherlands; 02943. sediment size, gravel, riffle/pool sequence, bed sediment, particle queuing, UK, England, Exmoor; 02896.
- pooling**
geostatistics, spatial variability, prediction error, error estimation, 00067.
- pop up**
earthquake region, intraplate seismicity, seismic hazard, neotectonics, stress, North America, (East); 05194.
- poplar**
leaf, ozone deposition, foliage wetness, maple, 14981.
- poplar plantation**
bulk density, carbon sequestration, USA, (Midwest); 12119.
- Popperian credential**
history, Kuhnian model, Earth science revolution, geology, 03942.
- population**
agriculture, forestry, sedimentation, water management, land use effect, erosion, 08474.
- population estimation**
aerial photography, Riyadh, Saudi Arabia; 08964.
- population evacuation**
GIS, operational research, network algorithm, 08936.
- population growth**
environmental degradation, global food production, risk, migration, food production, 10285. fossil fuel, biomass burning, global atmosphere, oxidized nitrogen, 10328.
- population package**
database, GIS, Chile; 08956.
- population parameter**
spatially clustered sampling, cell declustering method, entropy statistic, 00062.
- porcellanite**
chert, opal, siliceous ooze, diagenesis, nodule, Southern Ocean; 09310. radiolarite, silicification, oxygen isotope, ODP Leg 129, chert, Pacific, Pigafetta Basin; Mariana Basin; 01647.
- Porcellio scaber**
woodlouse watch, biomonitoring, metal, metal bioavailability, isopod, UK, England, Cornwall; Devon; 07681.
- pore air pressure**
groundwater recharge, water table response, rainfall event, clay soil, Japan, Tsukuba Plain; 08398.
- pore arrangement**
soil hydraulic property, infiltration, infiltrometer, Haplaquoll, tension infiltrometer, 12062.
- pore domain**
percolation, permeability, structural element, groundwater flow, 07052.
- pore fluid**
brine, iodine, shelf sediment, seawater, bromine, Peru; 05392. cementing

- agent, tropical clay, microstructure, permeability, 03994. chemical property, clay, shear strength, kaolin, bentonite, 14180. diagenesis, sedimentary basin, Wilcox Group, Frio Formation, porosity, USA; 13208. dolomitization, Mississippian, burial diagenesis, Salem Formation, seawater, Warsaw Formation, USA, Illinois Basin; 09294.
- pore geometry**
three phase media, Haman, J., mechanics, 10407.
- pore morphology**
porosity, lithification, recrystallization, fluid flow, resistivity, Coral Sea, Great Barrier Reef; 09263.
- pore pressure**
accretionary prism, subducted sediment, permeability, decollement, Pacific, Nankai Trough; 00286. consolidation, marine sediment, Lancelot, piezometric probe, fine grained sediment, Atlantic, Grand Banks, St. Pierre Slope; 00283. critical state, stress/strain response, Cold Lake oil sand, oil sand, void ratio, Canada; 01434. deformation, tunnelling, finite element, viscoplastic model, China, Shanghai; 05245. fine soil, permeability, design criteria, dewatering system, 02041. groundwater flow, permeability, pressure sensitive permeability, diffusion, porosity, 09700. irregular shear, clay behaviour, cyclic loading, shear strain, Norway; 02719. pressure solution, compaction model, rheology, 11981. sand, clay, drainage, cone penetration test, 04008. sand, saturation, inelastic flow, granular media, energy dissipation, liquefaction, 09104. settlement, geotechnical engineering, pile down drag study, soft clay, UK, Scotland, Firth of Forth, Bothkennar; 04036.
- pore scale model**
percolation theory, multiphase flow, capillary pressure-saturation relationship, network theory, 03345.
- pore scale process**
capillary pressure-saturation relationship, infiltration, digital image analysis, groundwater flow, multiphase flow, 07071.
- pore size class**
tracer concentration, solute transport, 03083.
- pore size distribution**
aquifer material, porosity, nuclear magnetic resonance, 10740. crop rotation, soil hydraulic property, tillage, 04396. reactive solute, solute transport, breakthrough curve, retardation factor, groundwater contamination, 08421. soil hydraulic property, van Genuchten model, Mualem model, 01790. water retention curve, percolation, unsaturated flow, hydraulic conductivity, 07053.
- pore solution**
eutectics, freezing kinetics, saline soil, 07917.
- pore space**
aggregate bed, hydraulic conductivity, soil water retention, 14567. tillage, macropore, digital image, image analysis, 06817.
- pore structure**
hydraulic conductivity, heterogeneity, soil water retention, conductivity, 14703.
- pore throat**
percolation theory, capillary pressure, porosity, spatial correlation, drainage displacement, 02028.
- porewater**
adsorption, phosphate, grain size, seagrass, nutrient, Indonesia, Sulawesi; 06747. carbon cycling, dissolution, oxygen, pH, diagenesis, Atlantic, (North); 14353. carbonate chemistry, pH, microelectrode, diagenesis, sediment/water interface, USA, California, San Diego Bay; 10603. carbonate platform, strontium isotope, ODP Leg 133, seawater, Australia, Queensland Continental Margin; 09307. Cretaceous, cementation, Nimar Sandstone, quartz, dissolution, India, Gujarat; 13223. cyclic freezing, highway, swelling clay, frozen expansive clay, sodium chloride, Poland, Bydgoszcz; 04125. diagenesis, diagenesis, palaeotemperature, tracer, 04200. diffusivity, sediment/water interface, continental shelf, oxygen, 00298. distribution, oxygen consumption, Arctic sediment, biogeochemistry, Svalbard; Arctic Ocean; 14401. dolomite, cyclic sedimentation, aeolianite, salina, British West Indies, Turks and Caicos Islands, West Caicos Island; 14364. estuary, environmental quality, phosphorus, salinity, Gulf of Mexico, Mississippi River Delta; 08087. fluorescence, oxidation, carbon cycling, remineralisation, seawater, DOM, 08009. foraminifera, Globigerinoides ruber, oxygen isotope, diffusion, chloride, Australia, Queensland Continental Margin, Hole 817 C; 09308. geochemistry, abyssal plain, volcanic ash, trace element, Pacific, ODP Leg 136; 09309. kaolin, compaction, swelling, electrolyte, 05353. lake, isoeitic, macrophyte, phosphorus, Denmark, Lake Kvie; 09318. loading test, compaction, carbonate, ODP Leg 130, ooze, chalk, Pacific, Ontong Java Plateau; 00422. manganese, iron, salt marsh, oxidation, sulphate, Denmark; 08006. mercury, atmospheric input, anthropogenic impact, Canada, Quebec, St. Lawrence Estuary; 09390. ooid, diagenesis, calcareous ridge, Pleistocene, Egypt, Mersa Matruh; 00307. organic matter, carbonate, bacteria, carbon isotope, recrystallisation, 01664. oxygen measurement, ocean sediment, electrode design, microcathode, 02861. Palaeocene, sulphur, Green River Formation, pyrrhotite, marcasite, USA, Colorado; Utah; USA, Wyoming; 01636. Quaternary, burial diagenesis, salinity, alkalinity, zeolite, Kenya, Kenya Rift Valley, Lake Bogoria; 00312. seawater, strontium, diagenesis, deep sea carbonate, DSDP, 00308. sediment transport, mud erosion, cohesive sediment, suspension, 06659. sediment/water interface, analytical method, organic carbon, Atlantic, (Northwest); 10566. shale, Eocene, diagenesis, Clearwater Formation, sandstone, Canada; 13219. sulphate, reduction, oxidation, salinity, bacteria, USA, Chesapeake Bay; 04217.
- porewater chemistry**
groundwater, cementation, carbonate geochemistry, strontium, alkalinity, Mexico, Yucatan; 08832. manganese, diagenesis, organic matter, oxygen, North Sea, Skagerrak; 00328. radionuclide, trace element, mineral, phosphogypsum, fertiliser production, Canada, Alberta; 05809.
- porewater enrichment**
nutrient, chalk, Neogene, siderite, organic matter, Black Sea; 09305.
- porewater evaluation**
diagenesis, sandstone, Permian, Rotliegend, Zechstein, Germany; 06693.
- porewater evolution**
Triassic, burial, brine, diagenesis, France, Paris Basin; 04201.
- porewater extraction**
packer sampling, well construction, unlined borehole, groundwater sampling, pollutant spread, 11031.
- porewater pressure**
cross anisotropic soil, parametric study, elastic modulus, 06507. oxygen, anoxic microsite, redox potential, aggregate, 09475. peat slide, blanket peat, translational slide, rainfall, UK, Northern Ireland, Antrim, Skerry Hill; 05237. permafrost, cyclic loading, creep, slope movement, Canada, Northwest Territories, Yellowknife; 05231. postearthquake deformation, Superstition Hills Earthquake, liquefaction, wildlife site, deformation analysis, USA, California, Imperial Valley; 11685. rockfill dam, dynamic analysis, embankment dam, hydraulic fill, 09068. rotational failure, drainage, landslide, UK, England, Yorkshire, Scarborough; 09120. saturated sediment, engineering, soil, 02877. sea level rise, lamination, alluvium, Quaternary geology, Recent, 11739. vacuum well system, soil permeability, dewatering, construction, 09099.
- porewater trap**
salt diapir, confined aquifer, permafrost wedge, glaciotectionics, Germany, Kiel; 01512.
- poroelasticity**
transient flow, groundwater flow, Pierre Shale, low hydraulic head, USA, Dakota, Black Hills, Williston Basin; 03323.
- Porolithon**
windward coast, algal ridge, reef flat, shoreline morphology, notch, Pacific, (South), Tonga, Tongatapu Island; 01372.
- porosity**
aeolian deposit, Sherwood Sandstone Group, sandstone, channel fill, sheet flood deposit, Irish Sea; 02949. aggregate, particle packing, structure collapse, 11880. air-filled porosity, macropore, infiltration measurement, Hapludoll, 03071. Albion, Barro Duro Formation, arkose, cement, sedimentology, sandstone, Brazil, Maranhao, Barreirinhas Basin; 01639. aquifer storage, groundwater resource, estimation method, specific yield, storativity, Bolivia, Altiplano; 02056. Atterberg limit, engineering, shear strength, liquidity index, India, Andhra Pradesh, Narsapur; 01582. burial diagenesis, quartz cement, Jurassic, Brora Arenaceous Formation, sandstone, UK, Scotland, Moray Firth; 13220. burial, fluid flow, fault zone, diagenesis, 13289. calcareous sediment, ooze, chalk, dissolution, Pacific, Ontong Java Plateau; 00287. carbon-14 polymethylmethacrylate, diffusion, radioactive waste disposal, migration pathway, crystalline rock, 04536. carbonate compensation depth, dissolution, ooze, consolidation test, Pacific, Ontong Java Plateau; 00288. cattle trampling, Natraquoll, aggregate stability, macroporosity, soil water content, Argentina, Pampa; 13398. cement, clay, diagenesis, sandstone, Oligocene, Spain, Campo de Gibraltar; 11936. compaction, pressure solution, stylolite, limestone, clay, 09366. consolidation, accumulation rate, ODP Leg 133, Australia, Queensland Continental Margin, Site 821; Site 820; Australia, Queensland Continental Margin, Site 819; 09264. contaminant transport, groundwater contamination, tracer test, retardation factor, 11036. coral, carbonate, reef, Devonian, 11922. Cretaceous, dolomitization, permeability, Tunisia, Wadi Abiod; 14372. crusting soil, mercury porosimetry, soil structure, clay content, Zimbabwe; 10835. cultivation, raindrop impact, Alfisol, aggregate breakdown, soil hydraulic property, 00592. deformation, compaction, burial, basin modelling, 14436. diagenesis, laboratory experiment, burial, Pennsylvanian, dissolution, carbonate, 01626. diagenesis, Milankovitch, laminite, sea level change, carbonate platform, 13197. diagenesis, petrology, physical model, education, 10558. dielectric constant, conductivity, electrical response, 09429. diffusion coefficient, permeability coefficient, radon-222, soil gas, USA, Pennsylvania; 14497. dolomitization, cementation, burial, 14355. effective porosity, soil texture, soil structure, infiltration rate, 05595. fluid flow, diagenesis, hydrocarbon, Jurassic, Smackover limestone, USA, Gulf Coast; 13200. fractal dimension, macropore, X-ray computed tomography, bulk density, 14477. groundwater flow, shale, clay, permeability, 14719. hydraulic conductivity, diffusion, pollutant migration, groundwater quality, solute transport, dispersion, 09715. hydraulic conductivity, interpolation scheme, fractional Brownian motion, fractional Gaussian noise, groundwater flow, 10992. hydraulic conductivity, matric potential, rock porosity, saturated hydraulic conductivity, 01837. impedance, seismic reflector, carbonate, Australia, Queensland Continental Margin; 09266. lithification, recrystallization, fluid flow, resistivity, pore morphology, Coral Sea, Great Barrier Reef; 09263. melting point, basal conditions, ice stream, acoustic impedance, dilated bed, Antarctica, West Antarctica, Ross Ice Shelf; 10545. micrite, unconformity, chalk, lithification, Cretaceous, Egypt, Abu Roash; Bahariya Oasis; 07991. neural network, back propagation model, loess, China, Luochuan; 10739. nuclear magnetic resonance, pore size distribution, aquifer material, 10740. Oligocene, plagioclase, dissolution, burial history, USA, California; 02914. ooid, diagenesis, permeability, Greenbrier Group, reservoir, USA, West Virginia, Rhodell Field; 04152. orchard soil, macroporosity, image analysis, 00476. palaeokarst, carbonate platform, dissolution diagenesis, groundwater, 09288. particle size distribution, bulk density, Ultisol, soil compaction, sugar cane, Brazil, Rio de Janeiro; 06892. permeability, dual porosity, oxidation, iron oxide, sandstone, USA, Kentucky; 14716. permeability, fracture flow, groundwater flow, matrix flow, 02057. permeability, Guadalupian, diagenesis, San Andres Formation, Grayburg Formation, USA, New Mexico, Guadalupe Mountains; 14349. permeability, Jurassic, Brent Group, silica, North Sea; 02917. permeability, sandstone, Tertiary, fluvial deposit, Spain; 02873. permeability, solute transport, dispersion, groundwater flow, 07073. Permian, hydrogen sulphide, dolomitization, Khuff Formation, fluid inclusion, United Arab Emirates, Dubai; 13215. petroleum, Campanian, reservoir unit, channel fill, Belly River Formation, Canada, Alberta; 01683. Pitkin Formation, Mississippian, ooid, cement, diagenesis, USA, Arkansas; 04193. pore fluid, diagenesis, sedimentary basin, Wilcox Group, Frio Formation, USA; 13208. pore pressure, groundwater flow, permeability, pressure sensitive permeability, diffusion, 09700. quartz, cementation, sandstone, illitization, Norway, Norwegian Shelf; 08003. reservoir potential, Jurassic, Broadford Beds, diagenesis, marine sandstone, UK, Scotland, Inner Hebrides; 11933. reservoir, diagenesis, Jurassic, water-rock interaction, geochemical modelling, Brent Sandstone, North Sea, East Shetland Basin, Alwyn South; 06777. sandstone, cement, Garn Formation, fluid flow, North Sea, Haltenbanken; 13225. sandstone, Devonian, Elk Point Group, diagenesis, dissolution, cementation, Canada, Alberta; 05384. sandstone, Sossus Formation, Tsondab Sandstone Formation, ripple, aeolianite, Namibia, Namib Sand Sea; 13160. sedimentary cycle, Kapp Duner Formation, Palaeoplysina, sea

- level, Permian, diagenesis, Barents Sea, Bjornoya; 13206. sequence stratigraphy, sea level, basin development, diagenesis, permeability, 13195. soil hydraulic property, water content, macropore, USA, Hawaii; 06831. soil texture, soil compaction, Poland; 00580. sorptivity, woodland, infiltration, cryptogam cover, soil surface, Australia; 12366. spatial correlation, drainage displacement, pore throat, percolation theory, capillary pressure, 02028. specific yield, aquifer characteristics, groundwater availability, transmissivity, permeability, Saudi Arabia, Khulais Plain; 02051. stereological analysis, image analysis, 10738. sulphate, hypersaline fluid, dolomitization, Netherlands Antilles, Bonaire; 14365. tillage, Gleysol, soil structure, 05596. tillage, rainfall effect, infiltration equation, surface roughness, 05778. Triassic, Sherwood Sandstone Group, quartz overgrowth, clay mineral, evaporite cement, UK, England, Lancashire, Preston; 02916. weathering, diagenesis, Venango Group, telodigenesis, Devonian, USA, Pennsylvania, Venango County; 00313.
- porosity classification**
carbonate, Horseshoe Atoll Complex, Carboniferous (late), USA, Texas, Midland Basin, Reinecke Field; 01580.
- porosity evolution**
carbonate platform, Cambrian, Bonnetterre Dolomite, ore deposit, cementation, USA, Missouri; 06689.
- porosity field**
dispersion, Monte Carlo method, transport dynamics, porous packing, data analysis, 06422.
- porosity redistribution**
aquifer property, groundwater flow, thermal convection, 13581.
- porous aquifer**
aquifer interface, groundwater flow, tracer test, karst aquifer, Switzerland, Alps; 08414.
- porous ceramic cup**
nitrate leaching, soil sampling, spatial variability, ceramic cup sampler, 08126.
- porous channel**
convection, heat transfer, groundwater flow, flow instability, Rayleigh number, aspect ratio, 00737.
- porous media**
fractal geometry, convection/dispersion, dispersion, 09701. homogenisation analysis, diffusion, adsorption, macrotransport, 02644. radionuclide transport, amorphous silica colloid, quartz colloid, americium-241, sorption, 03327. solute transport, groundwater flow, vadose zone, finite element method, saturation variability, numerical model, 00762. validation, dynamic analysis, centrifuge test, 14194.
- porous medium**
Fourier transform, model, moving load response, layered soil, dynamic response, 05215. groundwater flow, stationary flow, oscillatory flow, inertial resistance, turbulent resistance, 09691. physical property, soil water flow, deformation, 08118.
- porous packing**
data analysis, porosity field, dispersion, Monte Carlo method, transport dynamics, 06422.
- porous seabed**
short crested wave, scour, wave, soil response, 02678.
- porphyria**
anoxia, palaeoenvironment, marl, bacteria, France, Alsace, Mulhouse; 05422. shale, Toarcian, Cretaceous, organic matter, maturation, Germany, Wickensen; 02997.
- porphyrin extraction**
sulphur, palaeoenvironment, biomarker, 00324.
- port**
breakwater, beach erosion, harbour, littoral drift, 00110.
- Port Bruce Stadial**
heavy mineral, Ashtabula till, till, Hayesville till, Hiram till, USA, Ohio, Lake Erie; 05307.
- port development**
dredged sediment, hazardous waste, environmental dilemma, 00023.
- Port Hood Formation**
mudstone, sediment intrusion, Carboniferous, sediment/water interface, flue, Canada, Cape Breton Island; 13166.
- Port Huron Advance**
glaciation chronology, Pleistocene, pollen data, Plum Point Interstade, Erie Interstade, USA, New York; 09139.
- Port Huron moraine**
glacial chronology, moraine, radiocarbon age, age control, USA, Michigan, Port Huron; 04091.
- portable minisodar**
minisodar, high frequency minisodar, Arctic; 10052. surface heat flux, minisodar, winter, USA; 10051.
- Portland Limestone Formation**
silica, zonation, diagenesis, Jurassic, chert, UK, England, Dorset; 05388.
- Portland chart**
Mappaemundi, Ptolemy, prehistoric map, History of Cartography, medieval Europe, cadastral map, 08808.
- Portoro Limestone**
seawater, dolomite, Rhaetian, Italy, La Spezia, Portovenere; 14370. seawater, lithification, dolomite, Rhaetian, Italy, La Spezia, Portovenere; 14371. sulphate, dissolution, Triassic, aragonite, geopetal structure, Italy, Liguria, Portovenere; 01628.
- poset**
topology, set, spatial relationships, order, 02423.
- Posidonia oceanica meadow**
cartography, geodimeter, underwater vegetation, Italy, Palermo, Mondello Bay; 02523.
- position**
military, GPS, 15047. uncertainty, digital monoplottting, monoplottting, 04920.
- position accuracy**
GPS navigation, differential GPS, ambiguity resolution, carrier phase, 01104.
- position determination**
spacecraft, navigation, GPS, 01097.
- position fixing**
GPS, vessel traffic system, marine radar, 08780. shipboard cartography, electronic chart display, ECDIS, 11464.
- position line**
celestial navigation, fix computation, Nautical Almanac, sextant correction, 11398. positioning, dead reckoning, 11399.
- positioning**
databank, road travel, GPS, 05040. dead reckoning, position line, 11399. field measurement, telecommunications, cellular telephone, France, Paris; 02571. GPS, water vapour, radiometer, Japan, Kinki District, Uji; Shigaraki; Japan, Kinki District, Shionomiaki; 04934. orientation, GPS, georeferencing, 12665. rotation matrix, Hamilton quaternion, photogrammetry, 15065.
- positioning accuracy**
orbit determination, GPS receiver, antenna, 07456.
- positioning system**
inshore hydrographic operation, differential GPS, Hong Kong; 11386. Loran, Pulse/8, offshore surveying, DGPS, long range navigation system, 11401.
- positioning technology**
mobile mapping system, softcopy photogrammetry, utility mapping, multimedia GIS, 07459.
- positive charge**
clay fraction, acidic soil, surface charge, variable charge soil, 00587.
- positive ion**
two dimensional model, ion composition, stratosphere, 04593.
- possum**
Quaternary, mammal fauna, wallaby, marsupial, subalpine grassland, New Guinea, Irian Jaya; 00212.
- post processing method**
global reference frame, GPS orbit determination, interferometry, geodesy, 11393.
- postdeposition modification**
sand ridge, weathering, chronology, linear dune, Australia, Western Australia, Kimberley; 09059.
- postdrought period**
degradation feature, Landsat MSS, windblown sand, accelerated erosion, Africa, Sahel; 09057.
- postearthquake deformation**
Superstition Hills Earthquake, liquefaction, wildlife site, deformation analysis, porewater pressure, USA, California, Imperial Valley; 11685.
- postfailure weathering**
earthflow, weathering, regolith property, basal shear, instability, New Zealand, North Island; 02726.
- postfrontal rain**
mesoscale model, rain, orographic forcing, Australia; 00957.
- postglacial**
cirque, climate change, Flandrian, pollen diagram, UK, Wales, Snowdonia, Cwm Idwal; 04077. episodic, sea level rise, sedimentary evolution, continental embayment, transgression, Australia, Queensland, Great Barrier Reef, Cleveland Bay; 00273. geochemical weathering, till, weathering index, Canada, Quebec, Gaspesic; 09032. loess, Holocene, hillslope evolution, soil landscape, hummocky moraine, Canada, Saskatchewan, Frontier, Ham Site; 14287. nutrient, benthic foraminifera, primary productivity, mixing, glacial, Pacific, Ontong Java Plateau; 14225. palaeoenvironment, pollen, dinoflagellate, Younger Dryas, late glacial, Canada, Gulf of St. Lawrence; 07865. palaeoseismicity, earthquake, alluvial sediment, sediment deformation, Canada, New Brunswick, Miramichi Region, Oxbow Site; 12980. sea level change, delta, retrogressive aggradation, fluvial/estuarine system, China; Australia; 11848. sea level change, Tapes transgression, diatom analysis, stratigraphy, raised coastal basin, Norway, Troms, Vanna; Lyngen; 09214. submerged delta terrace, sea level minimum, Quaternary, sedimentation, Canada, Newfoundland, Port au Port Bay; 02819. vegetation history, pollen record, aridity, climate change, Holocene, Canada, Alberta, Mariana Lake; 14251.
- postglacial carbon dioxide**
hydrocarbon pump, geological methane, clathrate, natural gas, 02584.
- postglacial deposit**
marine placer, Quaternary, sedimentation, reworking, Canada, Gulf of St. Lawrence, North Shore; 01607.
- postglacial emergence**
glacioisostatic recovery, postglacial emergence, radiocarbon date, raised marine terrace, Canada, Quebec, Ungava Peninsula; 06587. radiocarbon date, raised marine terrace, postglacial emergence, glacioisostatic recovery, Canada, Quebec, Ungava Peninsula; 06587.
- postglacial evolution**
semiarid plain, Holocene, landscape stability, fluvial erosion, Canada, Prairies; 01377.
- postglacial flora**
Little Ice Age, postglacial record, chrysophycean cyst, prairie vegetation, USA, Minnesota, Clearwater County, Elk Lake; 02770.
- postglacial lake**
climate forcing, varve chronometer, Holocene prairie lake, solar geomagnetic event, climate variability, USA, Minnesota, Clearwater County, Elk Lake; 02735. prairie lake, mesic forest lake, lake water chemistry, sediment, climate change, varve, USA, Minnesota, Elk Lake; 05687.
- postglacial lake clay**
landslide dam, preglacial clay, Canada, Alberta, Saddle River, Rycroft; 09114.
- postglacial period**
late glacial, fluvial topography, river valley, floodplain, lateral erosion, Lithuania; 07881.
- postglacial rebound**
Holocene, deglaciation, sea level history, tectonics, glacial history, Canada, Northwest Territories, Lowther Island; Griffith Island; 07908. postglacial rebound, sea level rise, instrument record, tide gauge, USA, Florida, Key West; 05317. power law medium, axial symmetry, transition zone, sea level data, glacial rebound, 02812. sea level change, water load, prediction, hydroisostasy, 02813. sea level rise, instrument record, tide gauge, postglacial rebound, USA, Florida, Key West; 05317.

- postglacial record**
chrysophycean cyst, prairie vegetation, postglacial flora, Little Ice Age, USA, Minnesota, Clearwater County, Elk Lake; 02770.
- postglacial uplift**
emergence curve, tamarack, white spruce, coastal conifer, land emergence, Canada, Quebec, Hudson Bay; 00250. lithosphere, model, glacial isostasy, 02692. synglacial sea level, glaciomarine delta, isostasy, deglaciation, USA, New England; 01532.
- postglacial vegetation**
fire history, pollen, charcoal, paramo, Costa Rica, Cordillera de Talamanca, Chirripo Paramo, Lago de las; 00200. palaeolimnology, late glacial, Flandrian, vegetation history, pollen profile, Germany, Schleswig-Holstein, Schwansen; 06578.
- postglacial weathering**
dissolved material, mass budget, slope inflexion zone, podzolisation, Canada, Quebec, Eastern Townships; 01347.
- potable water**
legislation, water quality standard, water quality management, Europe; 09777.
- potable water quality**
agricultural pollutant, groundwater contamination, nitrate, Nigeria, Sokoto; 02092. fluorine distribution, fluorosis, groundwater quality, surface water quality, India, Andhra Pradesh, Nalgonda District; 01987. groundwater quality, nutrient leaching, denitrification, acidification, free nitrogen, Netherlands; 00765. groundwater quality, wastewater reuse, irrigation water quality, water quality management, Egypt, Cairo, Gabal el Asfar; 05850. iron removal, groundwater quality, ferruginous groundwater, limestone bed filtration, Egypt, Cairo; 05810. lead, aluminium, trihalomethane, water chemistry, North America, Great Lakes; 04290. metal pollutant, water quality analysis, lake water quality, road drainage, Turkey, Sapanca Lake; 02010. microbial contamination, spring water, groundwater extraction, extraction method, 07149. monitoring programme, water quality management, groundwater quality, groundwater protection, agricultural pollutant, USA, Illinois; 07162. point source pollution, nonpoint source pollution, water quality management, catchment protection, 12388. research trend, regulatory environment, agricultural pollutant, pesticide fate, groundwater contamination, Germany; 00810. reservoir water quality, water chemistry, thermal stratification, mixing, Spain, Cordoba, Guadalmellato Reservoir; 00713. reservoir, eutrophication, phosphorus load, algal population, nutrient load, 01967. river water quality, water quality monitoring, bank filtered water, pesticide, Netherlands, Meuse River; Rhine River; 12274. swirl, concentrator, turbidity, colour, taste, water quality management, 05849. Urov disease, river water quality, phosphorus, manganese, Asia, Urov River; 12273. water management, diarrhoeal disease, water contamination, faecal coliform, water storage, Philippines; 03399. water quality assessment, hydrogeochemical facies, groundwater quality, Nigeria, Akwa Ibom State; 07082. water quality management, water resource management, water quality analysis, 12253. water resource management, catchment management, reservoir water quality, Czech Republic, Prague, Zelivka Reservoir; 12378. water treatment, biological denitrification, nitrate, water quality management, groundwater quality, denitrification technology, 03386. water treatment, nuclear contamination, radioactive discharge, 09636.
- Potaka tephra**
Pleistocene, marker horizon, ignimbrite, uplift, tephrostratigraphy, New Zealand; 13078.
- Potamid**
saline lake, lacustrine environment, palaeoecology, modern, fossil, 00194.
- Potamogeton pectinatus**
Fulica cristata, zinc, heavy metal concentration, sediment, wetland pollution, South Africa, Transvaal, Witwatersrand; 01303.
- potash**
brine, playa, Permian, Teesside Group, halite, UK, England, Boulby; China, Qaidam Basin; 06694. flood, brine, evaporite, playa, Tunisia, Chott el Djerid; 13184. Maha Sarakham Formation, Cretaceous, desert, red bed, evaporite, Thailand; 05383.
- potassium**
albitization, feldspar, plagioclase, sandstone, temperature, 08073. anthropogenic pollutant, classification, groundwater quality, hydrochemistry, nitrate, Poland, Biebrza Depression; 00777. calcareous soil, clay mineral, slurry, clay content, 05616. cation exchange, sandy aquifer, solute transport, field experiment, geochemical transport model, 00789. clay mineral, parent material, micaceous soil, Portugal; 10717. copper, zinc, slurry, soil enrichment, phosphorus, France, Brittany, Finistère; 00559. extractant, soil test, nutrient availability, plant uptake, phosphorus, Kelowna extraction, Canada, Saskatchewan; 13341. particle size fraction, mineralogy, soil texture, Argentina; 13424. phlogopite, rhizosphere, ryegrass, vermiculitisation, 08176. phosphorus, Chernozem, tillage, soil protective tillage, 00595. phosphorus, nitrate leaching, fertiliser, nitrogen, spruce plantation, UK, Wales, Gwynedd, Beddgelert; 01858. river water chemistry, bicarbonate, calcium, chloride, dissolved solid, sodium, Russian Federation, Siberia, Lena River; Laptev Sea; 05740. sodium, chloride, precipitation chemistry, magnesium, calcium, sulphate, Australia, Western Australia, South Western Region; 03205. sodium, sandy aquifer, solute transport, cation exchange, geochemical transport model, 00788. soil chemical property, 01881. sulphate, halloysite, soil acidity, Andisol, Andic soil, 13423. Vertisol, incubation, soil drying, 13343. X-ray diffraction, rhizosphere, rape, phlogopite, vermiculitisation, 08134.
- potassium/argon dating**
Cainozoic (late), stress field, dike, crater, Japan, Hokkaido; 05208.
- potassium availability**
plant uptake, electro-ultrafiltration, 06850. plant uptake, extractant, Switzerland; 04338.
- potassium chloride**
acidic soil, exchangeable cation, extractant, aluminium, silver thiourea, Australia, New South Wales, Batlow District; 06845.
- potassium chloride extraction**
nitrogen mineralization, plant uptake, extractant, 13339. plant uptake, extractant, nitrogen mineralization, fertiliser, 13340.
- potassium cycling**
caesium-137 cycle, forest, modelling, Chernobyl nuclear accident, radio-
- caesium, 03895. streamwater quality, fertiliser, UK, England, Dorset, Bere Stream; 00704.
- potassium deficiency**
magnesium, lake water quality, lake classification, sodium, nutrient, bicarbonate, UK, Northern Ireland, County Antrim; 03303.
- potassium desorption**
Podzolic soil, desorption kinetics, 09500.
- potassium extraction**
clay mineral, Ultisol, cation extractant, X-ray diffraction, Korea(South); 04339.
- potassium feldspar**
fertiliser, acidic soil, leaching system, incubation system, Sri Lanka; Malawi; 05538.
- potassium fixation**
mineralogy, phyllosilicate, clay mineral, 03154.
- potassium-manganese oxide**
dating, weathering, argon-40/argon-39 dating, Brazil, Minas Gerais; Amazonia, Carajas Region; 10358.
- potassium release**
illitic soil, Haplustalf, Comborthid, Ustochrept, ion exchange resin, India, Punjab; 05583.
- potassium sulphate**
magnesium sulphate, soil amendment, trace metal transport, gypsum, cation transport, 06887.
- potassium supply capability**
subsoil, exchangeable potassium, USA, Minnesota; 03100.
- potato**
irrigation schedule, soil water, crop yield, evapotranspiration, 04564. Krasnozom, caesium-137, Australia, New South Wales, Dorrigo; 04427. plant water use, stomatal resistance, soil property, soil water content, available soil water, irrigation scheduling, 03376. soil productivity, crop yield, caesium-137, soil redistribution, Canada, New Brunswick; 13444.
- potato crop**
vegetation, reflection curve, structure, 04977.
- potential change**
crop yield, climate warming, climate change, greenhouse gas, 03542.
- potential condensation**
Penman-Monteith equation, microlysimeter, dewfall, Australia, Western Australia, Collier River Basin; 14598.
- potential contamination**
groundwater contamination, contamination index, pesticide, New Zealand; 09718.
- potential erosion**
sediment inflow, sediment yield, spatial distribution, suspended sediment, sedimentation process, Baltic Sea; 00641.
- potential evaporation**
climate variability, mountain terrain, evapotranspiration, water use, Penman method, altitude, UK, Scotland, Balquhider; 00628. numerical modelling, climate variability, land surface process, surface energy flux, soil moisture, 00015. surface temperature, spatial variability, albedo, aerodynamic roughness, evaporation, 08298.
- potential evapotranspiration**
cotton production, meteorological data, 14038. Penman method, forest, evapotranspiration, soil water balance, heat balance gradient method, 08293.
- potential rainy days**
orthogonal factor analysis, rainfall, monsoon season, Sri Lanka; 07314.
- potential source contribution function**
source, seasonal pattern, particle, acidic species, precipitation, Canada, Ontario; 13827.
- potential vorticity**
case study, self development, explosive cyclogenesis, 00857. chaotic mixing, isentropic surface, planetary scale flow, 04678. condensation, cyclogenesis, model sensitivity, 07271. cyclogenesis, frontal instability, sheared basic state, 02250. cyclone event, cutoff cyclone, shear, curvature, vorticity, 00910. diagnostic model, cyclone, prediction, Q vector, winter storm, 13752. jet stream axis, vortex edge, cold air, stratosphere, Arctic; Antarctica; 12490. shear, strain, radiative transfer, stratosphere, 11192. tropopause, height, 08565. troposphere, case study, cutoff cyclonic circulation, 00912. uniqueness property, conservation law, 02216. upper level frontogenesis, static stability, frontogenesis, 05967. vortex processes, stratosphere, nitrous oxide, 09879. warming event, radiative equilibrium, stratospheric warming, model, stratosphere, 09884.
- potential vorticity anomaly**
nonlinear evolution, frontal wave, 02242. unified model, mesoscale, vorticity maximum, comma cloud, 07279.
- potential vorticity gradient**
Eady problem, baroclinic neutrality, tropopause, 02229. microwave limb sounder, water vapour, Southern Hemisphere, stratosphere, polar vortex, 03553.
- pothole**
hydraulic quarrying, fluvial sculpture, rock bedform, s-form, Whirlpool Sandstone, Canada, Ontario, Niagara Peninsula, Twenty Mile Creek; 03951.
- pothole formation**
flow separation, vortex, open channel flow, palaeohydraulic data, USA, Virginia, Great Falls, Potomac River; 12215.
- pottery**
Holocene, chronological data, climate change, Neolithic culture, stable carbon isotope, Mali, Sahara; 04067.
- poultry**
emission source, ammonia, anthropogenic source, fertiliser, cattle, Asia; 12629.
- poultry litter**
Hapludult, decomposition, organic matter, element concentration, newsprint, 08142. manure, nitrogen, phosphorus, USA, Oklahoma; 09531. nitrate leaching, compost, groundwater contamination, leaching, mushroom compost, 08166. nitrogen mineralization, carbon mineralization, ammonium volatilisation, denitrification, 14537. nitrogen mineralization, manure, 08164. organic carbon, composting, flooded soil, ethylene production, 08168.
- poultry manure**
ammonia volatilisation, crop residue, manure, 03133. land application,

- phosphorus, runoff, manure, USA, Delaware, Inland Bays; 14543. municipal waste, carbon mineralization, biodegradation, organic carbon, Saudi Arabia; 09469.
- power distribution network**
GIS, transmission control, SICAD, 11575.
- power law**
scaling law, statistics, turbidite deposition, layer thickness, truncation, 07948.
- power law function**
metal, soil, snow, emission site, 04801.
- power law medium**
axial symmetry, transition zone, sea level data, glacial rebound, postglacial rebound, 02812.
- power law model**
rainfall rate, radar reflectivity factor, 04727.
- power plant**
air quality, India, Andhra Pradesh, Rayalaseema, Muddanuru; 07409. aircraft measurement, plume rise model, Israel; 05913. fly ash, metal ion, autoxidation, sulphur IV, 07403. river ice, thermal regime, ice regime, Russian Federation, Chulym River; Beresh River; Russian Federation, Uryup River; 02084. synoptic climatology, air quality, particulate, visibility, principal components analysis, USA, Arizona, Grand Canyon National Park; 07410. vegetation stress, aerial photography, image processing algorithm, NDVI, 14021.
- power reflection coefficient**
dielectric anisotropy, USA, Alaska, Mendenhall Glacier; 03843.
- power spectra**
sidescan sonar, 03682.
- power station**
effluent discharge, flow pattern, marine environment, buoyant plume, 07614. emission, greenhouse effect, nitrous oxide, UK; 01063. fly ash, lake sediment, magnetic susceptibility, Spain; 13296. planetary boundary layer, sodar, stack height, India, Aryana, Yamunanagar; 11126. rainwater, principal components analysis, Spain; 06068.
- power supply**
GIS, cadastre data, underground utility lines, 08940.
- poweroid**
mathematical morphology, multiscale, morphological smoothing, 10091.
- PPT levels**
benzene, toluene, xylene, traffic emission, hydrocarbon, 12569.
- prairie**
agroclimate, atmosphere/crop soil, boundary layer model, 09850. Holocene, environmental change, mineralogy, geochemistry, varved sediment, USA, Minnesota, Elk Lake; 02960. hydrological process, water balance, slough, wetlands, 01969. logging, palaeolimnology, Holocene, diatom, varved sediment, USA, Minnesota, Clearwater County, Elk Lake; 02804. multi-spectral reflectance, multitemporal reflectance, spectroradiometer, management practice, USA, Kansas; 06280. nadir, spectroradiometer, sunfleck, USA, Kansas; 06281.
- prairie lake**
mesic forest lake, lake water chemistry, sediment, climate change, varve, postglacial lake, USA, Minnesota, Elk Lake; 05687.
- prairie soil**
cultivation, soluble organic, nitrogen, carbon, anthrone reactive carbon, USA, Iowa; 00593. glucose, nitrate assimilation, 08165. humic substance, decomposition, root decomposition, Chernozemic soil, 01830.
- prairie vegetation**
postglacial flora, Little Ice Age, postglacial record, chrysophycean cyst, USA, Minnesota, Clearwater County, Elk Lake; 02770.
- prairie wetland**
wetland inundation, climate variability, hydrological classification, Canada; 09628.
- pre-agricultural era**
methane, ice core, pre-industrial era, Arctic; Antarctica; 01043.
- pre-event water**
isotope hydrology, catchment hydrology, lake restoration, liming, water pathway, UK, Scotland, Loch Fleet; 13568.
- pre-Flandrian event**
slope deformation, glacial lake shoreline, Loch Lomond Readvance, glacial unloading, permafrost, UK, Scotland, Highlands, Glen Roy; Glen Gloy; 06516.
- pre-Illinoian**
Pleistocene, fossil assemblage, mollusc, lacustrine sediment, USA, Indiana, Connersville; 04073.
- pre-industrial**
particulate emission, biomass burning, carbon sequestration, charcoal, fire emission, North America; 13867.
- pre-industrial era**
pre-agricultural era, methane, ice core, Arctic; Antarctica; 01043.
- pre-instrumental record**
temperature record, greenhouse warming signal, climate variability, 13801.
- pre-Wisconsinan**
pollen zone, Sangamon, Tahawus clay, stratigraphic evidence, interglacial period, USA, New York, Adirondack Mountain; 04075.
- Preboreal**
Allerod, AMS, radiocarbon dating, varve chronology, Younger Dryas, tephra, Switzerland, Soppensee; 07831. Subboreal, palynology, alluvial plain, Holocene, Tardiglacial, France, Ardennes, Meuse River; 10508. varve chronology, laminated sediment, Younger Dryas, Poland, Lake Gosiaz; 09179.
- Precambrian**
Albanel Formation, carbonate buildup, dolostone, burial diagenesis, seawater, Canada, Quebec, Chibougamau; 13253. Fugleberget Formation, Hestman Member, sandstone, flood cycle, Norway, Varanger Peninsula; 13175. seawater, dolomitization, Aravalli Supergroup, India, Rajasthan, Udaipur District, Zavar; 06690. solar luminosity, sea level rise, ice extent, climate model, snowline, 05062. tectonics, denudation surface, peneplain, planation surface, Sweden; 09063.
- Precambrian shield**
chemical budget, minerotrophic conifer swamp, wetlands, acidic deposition, acidification, drought, Canada, Ontario; 00667. overland flow, subsurface flow, runoff chemistry, hydrological pathway, elemental transport, spatial heterogeneity, 09652.
- precession**
obliquity, radiative flux, insolation, orbital period, solar irradiance, 01025. periodicity, laminites, turbidite, submarine fan, sediment transport, Miocene, Greece, Gavdos; 04182.
- precious metal**
glacial dispersal, mineral exploration, till geochemistry, Canada, Nova Scotia, Cape Breton Island; 13085.
- precipitable water**
mesoscale model, forecast, assimilation, 00972. temperature, surface level, air temperature, 06216. temperature, water, land surface, 12780.
- precipitable water vapour**
water vapour, radiometer, high precision orbit, 11469.
- precipitation (1844-1991)**
instrumental period, monsoon, rainfall series, India; 07311.
- precipitation (1963-1988)**
modelling, precipitation, ice sheet, 04723.
- precipitation (1979-1991)**
MSU, satellite, oceanic precipitation, 04718.
- precipitation (1982-1988)**
rainy season, China; 07310.
- precipitation (1993)**
weather pattern, flood, USA, Mississippi River Basin; 14923.
- precipitation**
aerosol-cloud interaction, review, cloud, 07389. aerosol, rare earth element, composition, 10012. air mass, convective boundary layer, Arctic; Norway; 11237. burial, Jurassic, concretion, mineralization, organic matter, 01665. circulation index, atmospheric circulation, stochasticity, USA, California; 03202. climate (1961-1990), temperature, Iceland; 03538. climate change, statistical property, general circulation model, 08643. climate change, temperature, Europe; 04748. climate change, trend, river basin, temperature, India, Mahanadi River; 04750. climate region, principal components analysis, temperature, China; 08508. climate trend, GCM, land surface temperature, 12922. climate variability, coupled land-atmosphere model, interannual variability, 04674. cloud microphysics, front, 02277. cloud water, cloud physics, structural stability, Hopf bifurcation, attractor, 00996. cloudy convection, stratiform cloud, prediction, cloud model, 13770. coastal front, mesoscale model, frontogenesis, Atlantic, (West); 13761. computer, climate data, atlas, temperature, 10288. continental application, daily record, soil temperature model, air temperature, USA; 05104. continental precipitation, water cycling, evaporation, 05650. Cyclone Bola, tropical cyclone, diagnostic study, New Zealand; 11145. daily precipitation, space/time, stochastic model, atmospheric circulation pattern, 06000. dew guttation, 09848. disaggregation scheme, grid scale, general circulation model, 13776. drought (1871-1990), Poland, Warsaw; 11268. drought index, error, temperature, 08608. dynamic structure, cloudband, cold front, front, banded structure, 08588. evaporation, runoff, storage capacity, soil water storage, stochastic model, 10995. evapotranspiration, runoff, water balance, annual water balance, global water balance, 00610. firn core, ice cap, stable isotope composition, net accumulation rate, Chile, Patagonian Ice Cap; Argentina, Patagonian Ice Cap; 06626. fluctuation, trend, Croatia; 06002. fluoride, firn, ice core, Greenland; 11295. forecast, comparative study, surface stress, Antarctica; 04645. forecast, river basin, 14927. forecast, statistical forecasting, skill score, India, Narmada; 03529. general circulation model, kriging, 05995. ground-water chemistry, geochemical process, dissolution, France, Paris Basin, Dogger Aquifer; 05817. hydroclimatology, multiscale method, aggregation, disaggregation, 04716. hydrogeological process, altitude, karst area, cokriging, spatial distribution, Turkey, Taurids; 00614. hydrological cycle, rainfall estimation, 13772. hydrology, general circulation model, subgrid scale, single column model, 08533. IAEA, isotope application, hydrology, tracing, 05124. ice albedo, atmospheric carbon dioxide, global warming, ice sheet, 10283. ice phase, hydrometeor, cloud parameterisation, Bergeron-Findeisen mechanism, 05972. ice sheet, precipitation (1963-1988), modelling, 04723. incision, fluvial morphodynamics, wooded watershed, sediment yield, Germany, Odenwald; Taunus; 10368. instrumental data, climate change, temperature, 07332. interannual variability, daily precipitation series, area average rainfall, Markov model, stochastic hydrology, UK; 03199. isentropic-sigma model, sigma coordinate model, water vapour, GCM, hydrological cycle, 02275. isohyet map, Costa Rica, Heredia; 05895. ITCZ, outgoing longwave radiation, subtropical high, China; 05877. jet, low level jet, regional forecast model, diurnal oscillation, vertical motion, 07276. lake water level, water level fluctuation, climate change, Caspian Sea; 01954. land use effect, water balance, Calder-Newson method, water use, Penman potential evaporation, streamflow, UK, Scotland, Balquhider; 00802. Last Interglacial, Holocene, oxygen isotope stratigraphy, Last Glacial, palaeoclimate reconstruction, Australia; 00213. Medieval Warm Period, solar activity, pollen, isotope record, latitudinal patterns, USA, (Southwest); 13101. mesoscale convective system, extreme rainfall, 04715. monsoon, mesoscale convective system, USA, (Southwest); 14833. monsoon, shallow water, sediment core, climate history, India; 14950. mountain area, Lagrangian transport, dynamic modelling, spatial distribution, 00971. ocean surface, polarisation, radar sensing, 06293. polarimetric radar, meteorological research, backscatter, hydrometeor, 07425. polarisation, envelope spectrum, radar signal, cloud, 10151. potential source contribution function, source, seasonal pattern, particle, acidic species, Canada, Ontario; 13827. pyrite, framboid, fossil, Beecher's Trilobite Bed, diffusion, USA, New York; 01733. radionuclide transport, radioactive waste disposal, groundwater contamination, radionuclide retardation, sorption, 04533. rainwater, air quality, chemical composition, Zimbabwe, Harare; 11604. Recent, freshwater, carbon isotope, cyanobacteria, calcium carbonate, UK; 00345. retention process, orthophosphate transport, groundwater contamination, sorption, 07070. satellite data, monsoon, satellite, 04931. satellite, verification, multiple gauges, microwave attenuation, 14806. sea level variability, climate change, temperature, USA, Florida, Key West; 01026. seawater, constant addition technique, calcite, dissolution, 01730. sedimentism, carnivore, Quaternary (late), species diversity, palaeoecology, habitat destruction, Israel; 13054. snow crystal origin, riming, winter, ice crystal, 05977. snow, cloudiness, climate trend, temperature, Italy; 09152. spatial model, atmospheric deposition, USA; 02448. stemflow, throughfall, interception, storm

- damage, forest hydrology, edge effect, UK, England, Hampshire, Black Wood; 01914. stochastic generation, summer, storm, Finland; 03523. storm, cloud, Canada, Alberta; 05973. streamflow, time series analysis, chaos, autoregressive moving average, time delay embedding, Hong Kong; 13473. streamflow, trend (1948-1988), hydroclimatology, temperature, USA; 13687. sulphate, cloud, aerosol, radiation, Pacific; 13880. synoptic climatology, Lamb classification, circulation type, UK; 03421. synoptic regime, Meteosat, UK; 01175. temperature, correlation, USA; 04725. temperature, forecast, general circulation model, global NMC model, skill, USA; 01009. temperature, general circulation model, vegetation, climate change, China; 11265. temperature, global field, soil moisture, land surface, evapotranspiration, 04628. temperature, snow cover, snowfall, North America; 04606. throughfall, sulphur dioxide, ammonia, nitrogen dioxide, deposition, Netherlands, Elspeetsche Veld; 12567. thunderstorm, balloon borne instrument, charge, particle size, 12406. thunderstorm, charge density, negative charge, 04598. time series, temperature, Wasatch Front, mountain front, statistical structure, USA, Utah, Wasatch Range; 08507. trend, homogeneity, Argentina, Buenos Aires; 06003. trend, variability, snowfall, USA; Canada; 12527. urban atmosphere, dicarbonyl, aerosol, diacid, ketoacid, 12634. vertical profile, dual frequency radar, dual polarisation radar, radar data, stratiform rain, 14801. weather prediction model, mass sink, 00958. weather regime, wintertime circulation, Northern Hemisphere, China; 09823. Weibull probability distribution, fire control, forest fire, North America, Rocky Mountains; 03524. winter, storm, precipitation particle, trajectory, 05901. X-band polarimetry, radar, cloud, 10152.
- precipitation/adsorption**
desorption/redissolution, coastal water chemistry, phosphate, biogeochemistry, remineralisation, Spain, Galicia, Vigo Estuary; 09646.
- precipitation analysis**
deposition, regional air pollution model, wet removal fraction, subgrid scale analysis, 12631.
- precipitation assessment**
drought pattern, Kalman filter, periodic/stochastic model, Sweden, Lund; 08277. mountain catchment, rainfall distribution, rainfall intensity, Canada, British Columbia, Jamieson Creek; 09577. partial duration series, generalised Pareto distribution, Bayesian theory, extreme event, Denmark; 08281. precipitation excess, drought index, extreme event, Romania; 08282. rainfall intensity, rainfall amount, data deficiency, Algeria, Skikda; 10890. return period, probability distribution, annual extreme series, partial duration series, 09575. satellite data, remote sensing, monsoon circulation, Indian Ocean; 09576. urban hydrology, short term rainfall, small scale rainfall, Eulerian technique, Lagrangian technique, spatio/temporal variability, 13454.
- precipitation band**
slatwise convection, cyclone, conditional symmetric instability, 00961. vertical motion field, heating source, wind shear, mesoscale circulation, 09919.
- precipitation change**
climate change, temperature change, global climate, Croatia, Cres-Lošinj Archipelago; 08970.
- precipitation chemistry**
acid rain, ion concentration, Japan, Kitakyushu; 13459. acidic deposition, deforestation, wet precipitation, atmospheric deposition, France, Vosges; 09579. acidic deposition, deposition monitoring, ammonium, sulphate, hydrogen, USA, California; 05658. acidic deposition, deposition monitoring, sulphur, Russian Federation, Kola Peninsula; 10896. acidification, surface water chemistry, acid/base chemistry, acid neutralising capacity, USA, Maine, Tunk Mountain Watershed; 03264. ammonium, sampling protocol, sulphate, acidic deposition, USA, Pennsylvania; 09578. atmospheric chemistry, aerosol scavenging, gas scavenging, wet deposition, Switzerland, Rigi Mountain; 03207. atmospheric deposition, acidification, lake water quality, Italy, Alps; Appennines; 01910. atmospheric deposition, chemical speciation, nickel, cobalt, trace metal, Mediterranean Sea; 06950. buffered ecosystem, sulphur dioxide emission, atmospheric base cation, Europe; North America; 08986. canopy uptake, canopy leaching, throughfall chemistry, ionic diffusion, 13458. cloud seeding, silver iodide, 12189. cloud water monitoring, electrical conductivity, pH, USA, Vermont, Camels Hump Mountain; 10898. deposition chemistry, nitrate, ammonium, sulphate, mountain meteorology, USA, Rocky Mountains, Colorado Front Range; 06089. environmental isotope, isotope study, lake water origin, groundwater origin, Turkey; 08384. field experiment, Guttalgor, raindrop, scavenging mechanism, 07355. interception, throughfall, stemflow, UK, England, Hampshire, Black Wood; 14601. ion concentration, glacier, snow chemistry, ice chemistry, marine salt, India, Himalaya, Chhota Shigri Glacier; 10893. loess soil, acid rain, alkaline deposition, calcium, arid zone, dust, 03206. magnesium, calcium, sulphate, potassium, sodium, chloride, Australia, Western Australia, South Western Region; 03205. mass transfer, geochemical fractionation, ocean/atmosphere transfer, sea salt, 00618. organic acid, aldehyde, hydrogen peroxide, USA, California, Los Angeles; 04433. quality assurance, wet deposition, network site, collocated sampler, deposition, 13849. rain water analysis, atmospheric deposition, acid rain, Turkey, Elazig; 01913. riming, snow, mixed phase cloud, cloud, ice crystal, Switzerland, Mount Rigi; 05978. saturation index, ionic composition, acidification, groundwater chemistry, Sweden, Halland; 04525. silica budget, forested basin, streamwater quality, groundwater chemistry, soil water chemistry, Japan, Kiryu; 08374. soil type, runoff water chemistry, soil water chemistry, river water chemistry, South America, Amazon Basin; 12263. source/receptor relationship, sulphur dioxide, sulphate, correlation, acidic deposition, 06076. spatial variability, centimeter scale variability, 13461. spatial variability, urban precipitation, deposition, UK, England, Manchester; 04806. strontium isotope, sea salt, Israel; 10894. sulphate, nitrate, forest, montane ecosystem, throughfall chemistry, atmospheric deposition, USA, Tennessee, Great Smoky Mountains National Park; 01912. three dimensional model, cloud dynamics, microphysics, cloud chemistry, 06028. throughfall chemistry, mountain forest, nutrient dynamics, canopy leaching, China, Changbai Mountain; 12192. throughfall chemistry, oxygen-18, isotope content, isotope fractionation, forest canopy, USA, Pennsylvania; 12190. throughfall chemistry, stemflow chemistry, litter fall, heavy metal, Malaysia, Kuala Lumpur; 13456. throughfall chemistry, stemflow chemistry, runoff water quality, streamwater quality, rainforest ecosystem, forest catchment, China, Hainan Island, Jianfengling; 02091. unsaturated zone, soil water chemistry, nuclear waste disposal, USA, Illinois, Bureau County, Sheffield; 09710. wet precipitation, sequential sampling, urban/rural comparison, Mexico, Mexico City; 04435.
- precipitation climate**
L moment, regional, 12524.
- precipitation data**
flood event, heavy precipitation event, USA, (Midwest); 00843. mountainous terrain, gauge measurement, accuracy, USA; 14926. sample L moments, sample size, parametric probability distribution, 14924.
- precipitation distribution**
daily maximum precipitation, monsoon, Bai-u front, typhoon, global precipitation, 14597. streamflow simulation, precipitation/runoff model, snowmelt runoff, glacier runoff, India, Himalayas, Satluj River; 11064. temporal variability, spatial variability, monsoon, cyclone, atmospheric circulation, Nepal, Himalayas, Langtang Valley; Kathmandu; 10887.
- precipitation embryo**
cloud physics, coalescence growth, 07294.
- precipitation enhancement**
winter storm cloud, cloud seeding, supercooled liquid water, Australia, Victoria, Melbourne, Baw Baw Plateau; 02279.
- precipitation estimate**
climate change, Holocene optimum, palaeovegetation, future warming, Russian Federation, Siberia; 09186.
- precipitation event**
rainfall variability, Pacific/North American pattern, teleconnection, USA, (Southeast); 13778.
- precipitation excess**
drought index, extreme event, precipitation assessment, Romania; 08282.
- precipitation field**
graph network, Poland; 05890.
- precipitation fluctuation**
data analysis, climate data (1891-1990), temperature variability, UK, England, Sheffield; 02331.
- precipitation frequency**
diurnal cycle, USA, New Mexico; 02301.
- precipitation gauge**
classification/regression tree, general circulation model, stochastic model, weather state, 05996.
- precipitation interception**
cultivated plant, gutter rain gauge, measurement technique, 00620.
- precipitation kinetics**
nucleation rate, crystallite growth rate, surface water chemistry, ferric oxyhydroxide, 06990.
- precipitation measurement**
gauge bias, raingauge, snowgauge, instrumentation, 12184.
- precipitation modification**
precipitation prediction, prediction, crop yield, summer, 05998.
- precipitation observation**
raingauge, network method, 00827.
- precipitation particle**
electrification, lightning flash, thunderstorm, electrical field, charge, 05889. trajectory, precipitation, winter, storm, 05901.
- precipitation pattern**
brightness temperature imagery, Hurricane Florence, wind field, Gulf of Mexico; 08835. Hurricane Hugo, latent heat release, rainfall rate, convection, USA, South Carolina, Charleston; 07534. pesticide mobility, leaching, unsaturated zone, pesticide root zone model, 08418. pollen, lake level data, climate reconstruction, Holocene, Europe; 04104.
- precipitation prediction**
prediction, crop yield, summer, precipitation modification, 05998.
- precipitation process**
coalescence, drop size separation, convective cloud, warm rain formation, 02292.
- precipitation quality**
acetate, formate, automobile exhaust, anthropogenic activity, combustion, India, Uttar Pradesh, Agra; 00619. acid precipitation, wet deposition, deposition, Turkey, Samsun; 03644. acidic deposition, surface water quality, temporal trend, acidification, regional comparison, USA; 03263. bulk precipitation, marine origin, sodium, chloride, Papua New Guinea, Port Moresby; 08283. lake water quality, critical load, acidic deposition, sulphate deposition, Canada; 06952. mass spectrometry, trace element, scavenging, Canada, Quebec, Montreal Island; 13460. rainwater harvesting, roof catchment, 06953. spatio/temporal variability, acidic deposition, Canada, Quebec, Montreal Island; 14600. spruce/fir forest, throughfall chemistry, canopy leaching, dry deposition, bulk precipitation, USA, Colorado; 01911. surface water quality, water quality analysis, enzyme immunoassay, atrazine metolachlor, Canada, Ontario; 06951. throughfall chemistry, forest, canopy leaching, nitrogen flux, Canada, Alberta; 13457. water circulation model, atmospheric water vapour, Arctic; 10897. wet deposition, micropollutant, trace metal, organic compound, North Sea; 10895.
- precipitation quantity**
soil water deficit, evapotranspiration, irrigation water requirement, drought, climate change, Hungary; 08274.
- precipitation rate**
Jurassic, fluid inclusion, temperature, stylolite, sandstone, quartz cement, Norway, Norwegian Continental Shelf; 13222. planetary albedo, TOVS, global climate change, sea surface temperature, 08829.
- precipitation reconstruction**
palynology, rainfall estimation, hyrax dung, Holocene, South Africa, Cape Province, Middelburg; 04432.
- precipitation reduction**
cooling, volcanic signal, general circulation model, 12498.
- precipitation/runoff model**
karst basin, alpine basin, snowpack, snowmelt runoff, Switzerland; 11063. snow storage, glacier mass balance, glacier runoff, Nepal, Himalaya, Langtang Khola Basin; 11061. snowmelt runoff, glacier runoff, precipitation distribution, streamflow simulation, India, Himalayas, Satluj River; 11064.

- precipitation sample**
sulphate, nitrate, ammonium, cloud water chemistry, subcooled droplet, Austria, Salzburg, Mount Sonnblick; 14980.
- precipitation scavenging**
washout ratio, nuclear accident, radioactivity, deposition, Japan; Ukraine, Chernobyl; 03646.
- precipitation series**
agricultural land use, harmonic analysis, spatial variability, temporal variability, Greece, Macedonia; 08275. homogeneity test, Norway; 14925.
- precipitation statistics**
carbon dioxide doubling, climate change, circulation pattern, 08625.
- precipitation structure**
squall line, transition zone, microphysics, kinematics, 11231.
- precipitation-temperature relationship**
temperature prediction, predictor, skill, USA; 04724.
- precipitation trend**
hurricane trajectory, general circulation, Costa Rica; 12526.
- precipitation variability**
heavy rainfall, USA, South Carolina; 12528. large scale variability, global monitoring, 04711.
- precipitation variation**
terminus fluctuation, photogrammetric mapping, glacier movement, USA, Washington, Mount Baker; 07936.
- precipitation zone**
rainy season, climate model, greenhouse effect, carbon dioxide doubling, seasonal movement, 02169.
- precise positioning**
GPS, asteroid, occultation, 08770. Kalman Filter, Trisponder system, differential GPS, 01114.
- precision leveller**
digital level, height determination, 13939.
- precision positioning**
geodetic method, GPS, navigation, 07462.
- preconditioning algorithm**
adjoint method, minimisation problem, 08577.
- preconsolidation**
Proctor density, glaciation, compression characteristic, till, intertill clay, Canada, Saskatchewan; 01435. resonant column test, clay, kaolinite, age dependent behaviour, 04002. till, intertill clay, glacial loading, overconsolidated, Canada, Saskatchewan; 02791.
- precursor emission**
troposphere, nitrogen oxide, volatile organic compound, ozone, titration, USA; Europe; 10028.
- predictability**
chaos, Lyapunov stability, 02319. dynamics, atmospheric flow, thermally induced flow, error growth, 11224. ensemble integration, El Nino/Southern Oscillation, seasonal variability, general circulation model, atmospheric variability, 13784. extended range forecasting, weather, forecast, empirical methods, 12534. frontogenesis, error, mesoscale model, initial data, 08611. ocean/atmosphere system, conceptual model, tropics, variability, 03480. ocean, coupled TOGA model, tropics, 08557. probabilistic topological analysis, assimilability, sensitivity, 03927. sea surface temperature, ocean/atmosphere model, coupled model, El Nino/Southern Oscillation, Pacific; 04649. skill, sea surface temperature, principal components analysis, rainfall, Australia; Indian Ocean; 13779. transient, error growth, global average, 02320. vortex field, orographic nonuniformity, diffusion, localisation, 07289. winter, rainfall, sea surface temperature, Australia; Indian Ocean; 02310.
- predictability study**
error, Lyapunov exponent, weather forecast, 02317.
- predictable flow**
spatial filtering, extended range forecast, forecasting, 01010.
- prediction error**
error estimation, pooling, geostatistics, spatial variability, 00067.
- prediction model**
El Nino/Southern Oscillation, chaotic process, seasonal cycle, ocean/atmosphere system, 13722. field drying, hay, heat balance method, 00875. hydrological balance, mesoscale model, initialisation, soil water content, regional scale model, 14868. hydrosphere, radioactive contamination, radionuclide migration, atmospheric fallout, Chernobyl nuclear accident, 10315. linear inverse modelling, sea surface temperature, principal oscillation pattern, El Nino, Pacific; 04658. self memorisation equation, atmospheric motion, Hilbert space, dynamic stochastic model, 04668. single Doppler radar, radar data, convection, radial velocity, 12403.
- prediction system**
skill, seasonal temperature, objective selection, analog prediction, 13785.
- predictive model**
mixing, thermal stratification, stratification, lake water quality, 12291. salinity, estuary, salt intrusion, 03245. spatial modelling, spatial autocorrelation, 05110.
- predictive soil mechanics**
Wroth memorial symposium, soil property, geotechnical construction, 05219.
- predictor**
hindcast, hurricane season, tropical cyclone, Atlantic; 04735. seasonal rainfall, rainfall, Southern Oscillation Index, Australia; 06006. skill, precipitation-temperature relationship, temperature prediction, USA; 04724.
- preferential adsorption**
advection/dispersion, groundwater contamination, reactive solute, solute transport, adsorption, 03360.
- preferential elution**
meltwater chemistry, streamwater quality, leachate chemistry, snowmelt, UK, Scotland, Cairngorms; 00705.
- preferential flow**
flow path, fine particle, cation exchange capacity, groundwater flow, permeability reduction, 13606. groundwater recharge, isotope tracer, unsaturated zone, sandy soil, soil water movement, solute transport, USA, Minnesota, Princeton; North Dakota, Oakes; 14704. soil moisture content, dry bulk density, sand dune, hydraulic conductivity, 14702. soil water model, 06828. subsurface runoff, deuterium, chloride, streamflow partitioning, macropore, tracer, hillslope hydrology, 01930. water repellent soil, soil water flow, sandy soil, 03317.
- preferential flow path**
Natraquoll, Natraquall, alkaline soil, soil water movement, cattle trampling, Argentina, Pampa; 13410.
- preferential pathways**
soil water, throughflow, runoff, flow path, hillslope hydrology, UK, Scotland, Allt A' Mharcaidh; 09596.
- preflight calibration**
instrument calibration, SOLSTICE, solar photometry, 01077. solar ultraviolet irradiance, spectral irradiance monitor, UARS, 01078.
- PREFLO**
DRAINMOD, soil hydraulic property, soil water management model, 14488.
- prefrontal rainband**
convective rainband, rainband, thermodynamic structure, momentum budget, subtropical rainband, Taiwan; 00991.
- preglacial clay**
postglacial lake clay, landslide dam, Canada, Alberta, Saddle River, Rycroft; 09114.
- preglacial drainage pattern**
database, glaciotectionic feature, ice limit, permafrost, Europe; 01508.
- preglacial river**
mineralogy, Pleistocene, Bytham Sands & Gravels, fine sand, UK, England; 09174.
- prehistoric map**
History of Cartography, medieval Europe, cadastral map, Portoland chart, Mappaemundi, Ptolemy, 08808.
- prehistoric settlement**
Samoa prehistory, radiocarbon date, archaeological research, Samoa; 01457.
- prehistoric site**
Acheulean artifact, tephra correlation, Kenya, Turkana Basin; Ethiopia, Awash Valley; Ethiopia, Webi Shebele River, Gadeb prehistoric site; 09163. doline, morphostructural analysis, bathymetric map, Mediterranean Sea, Marseilles, Cosquer Cave; Carry le Rouet; 09066.
- prehistory**
groundwater, protection measure, karst, cave, Austria, Alps, Swabian East Alps; 05255. palaeoenvironmental change, Magdalenian, late glacial, Portugal; 09160.
- preindustrial**
recession rate, corrosion, marble monument, rain, laboratory simulation, 04809.
- preindustrial period**
contamination, lake sediment, lead, industrial period, Sweden; 09381.
- preindustrial tracer**
carbon cycling, geochemical cycle, ocean GCM, 05095.
- premonsoon**
monsoon, wind stress, stress curl, Indian Ocean; 12472.
- prescribed burning**
sediment yield, fire, runoff, erosion, forest soil, Spain, Alicante; 01359.
- preservation bias**
Polycystine Radiolaria, trap factor model, culled factor model, California Current, seasonal trend, Pacific, (North); 02758.
- preservation feature**
atmospheric profile, compositing technique, 00820.
- preservation potential**
palaeolake shoreline, Lake Bonneville, obliteration rate, alluvial fan, USA, California, Tule Valley; 00198.
- preservation stratigraphy**
Fourier spectrum, Quaternary record, climate forcing, diatom productivity, Pacific, Ontong Java Plateau, ODP Hole 806B; 00190.
- pressure (50 degrees north)**
atmospheric forcing, zonal gradient, winter, sea level, Pacific; 11160.
- pressure**
aerosol, lidar, blocking filter, temperature, 02450. dry snow pack, model, snowpack, heat flux, 09229. Earth, rotation, torque, angular momentum, rotation rate, wind, 04568. surface pressure, weather type, annual variability, Croatia; 11131. temperature, Southern Oscillation Index, Antarctica; 04610. UARS, ISAMS, atmosphere, temperature, 12731.
- pressure cycle**
dust storm, carbon dioxide, Martian atmosphere, Mars; 00821. general circulation model, annual pressure cycle, meteorological variability, surface pressure cycle, Mars; 09888.
- pressure dissolution**
Pliocene/Pleistocene, grainstone, Glens Ferry Formation, burial depth, Shoo-fly oolite, USA, Idaho, Owyhee Country, Shoo-fly Creek; 06686.
- pressure drag**
mountain, Europe, Pyrenees; 09899.
- pressure fluctuation**
large amplitude wave, gravity wave, 11234.
- pressure force**
turbulent flow, hill, 08587.
- pressure gradient force**
sigma coordinates, truncation error, horizontal pressure gradient, 11209.
- pressure head**
unsaturated flow, solute transport, organic contaminant, surface tension, 14740. unsaturated/saturated flow, soil water flow, hydraulic conductivity, 10996.
- pressure-jump relaxation**
cation exchange reaction, montmorillonite, 01810.
- pressure loading**
model, sea level, ocean circulation, barometric pressure, 03505.
- pressure melting point**
ablation rate, basal condition reconstruction, basal ice, gas composition, meltwater, Greenland, West Greenland; 01568.
- pressure melting regelation**
entrainment, subfreezing temperature, debris entrainment, ice-bedrock interface, Antarctica, Terre Adelie, Moraine Prudhomme; 06591.
- pressure packer system**
pressure test, hydraulic conductivity, slug test, rising head test, water table well, groundwater well, 03320.

- pressure profile**
radio refractivity, marine boundary layer, water vapour, 03658.
- pressure retrieval**
cirrus, HIRS, cloud top, cloud error, 13999.
- pressure sensitive permeability**
diffusion, porosity, pore pressure, groundwater flow, permeability, 09700.
- pressure signal**
diurnal, Europe, Alps; 08512.
- pressure solution**
compaction model, rheology, pore pressure, 11981. stylolite, limestone, clay, porosity, compaction, 09366.
- pressure test**
hydraulic conductivity, slug test, rising head test, water table well, groundwater well, pressure packer system, 03320.
- pressure transducer**
temperature, debris flux, striation, subglacial investigation, Norway, Folgefonna, Bondhusbreen; 05336. tensiometer, calibration, soil moisture content, 00734.
- pressure variability**
spectral analysis, Southern Hemisphere, sea level, 00856.
- pressuremeter**
Fucino clay, consolidation, permeability, holding test, 13002.
- pressuremeter geometry**
clay, in situ testing, plasticity, shear strength, stress analysis, 07797.
- pressuremeter test**
sand, nonlinear elastic plastic model, hyperbolic model, shear modulus, finite element study, 01418. sea ice, ice mechanics, strength, salinity, confining pressure, 13130. soil model, ground movement, 04023. strain excursion, shear modulus, 04027.
- pressuremeter testing**
soil modulus, clay, seismic test, 04022.
- pressuremeter**
large strain, loading/unloading, undrained pressuremeter test, 11720.
- prevention strategy**
ice jam, ice dam, river water level, Ukraine, Pripyat River; 12359.
- pricing policy**
European Space Agency, 08734.
- Priestley-Taylor model**
Bowen ratio, energy balance method, temperature variance method, actual evaporation, evaporation rate, Fiji, Viti Levu; 08286.
- primary control network**
GPS station selection, geodetic network, 11387. GPS, azimuth observation, laplace azimuth, error control, 13936.
- primary production**
air temperature, seasonality, physiological process, carbon flux, 06406. bacteria, mangrove, nutrient, forest, Papua New Guinea, Fly Delta; 04259. bacteriivory, exudation, dissolved organic matter, colloid, flagellate, 14382. bioavailability, salt marsh, inundation, organic matter, suspended matter, Netherlands, Westerschelde, Saeflinge; 02984. biomass, pigment, chlorophyll, carotenoid, palaeolimnology, Netherlands, Lake Vechten; 11947. bottom sediment, nutrient exchange, radionuclide, sediment/water interface, North Sea; 00346. budget, humic substance, DOC, lagoon, Egypt, Nile Delta, Edku Lake; 00682. chemocline, bacteria, historical record, Holocene, Black Sea; 05395. denitrification, iron, sulphur, carbon cycling, nitrogen, France, Bouches-du-Rhone, Rhone Delta, Camargue; 06708. methane emission, wetlands, 03551. nitrogen, carbon, isotope, fractionation, photosynthesis, 06715. nitrogen, cycling, continental margin, oxidation, carbon, Pacific, (Northeast); 01659. North Atlantic Bloom Experiment, scavenging, water column, seafloor, thorium-234, Atlantic, (North); 01707. nutrient front, estuarine front, plume water front, China, Changjiang Estuary; Yangtze River Estuary; 06988. ocean/atmosphere exchange, biogeochemical interaction, JGOFS, atmospheric carbon dioxide, equatorial upwelling, Pacific; 10320. ocean colour, water column, 04995. particulate matter, seasonal variation, trace element, metal, anthropogenic impact, resuspension, Sweden, Lake Malaren, Stockholm Archipelago; Baltic Sea; 13304. phytoplankton, factorial analysis, sterol, suspended particle, China, Chang Jiang Estuary; East China Sea; 08030. pigment, sediment trap, organic carbon, upwelling, Mauritania, Mauritanian Shelf, Banc d'Arguin; 01706. remote sensing, chlorophyll, Nimbus 7, CZCS, pigment content, Canada, Newfoundland, Grand Banks; 10229. sea ice, phytoplankton, ice cover, sedimentation, spring bloom, Barents Sea; 03018. seafloor flux, sediment trap study, temporal variability, upwelling, accumulation rate, USA, California, Southern California Bight, San Pedro Basin; 07959. seafloor, organic carbon, opal flux, seasonality, upwelling, Atlantic, Cap Blanc; Guinea Basin; Atlantic, Walvis Ridge; 01709. seasonal variability, estuary, organic matter, mineralization, respiratory quotient, Denmark; 00349. sewage, ecosystem, organic matter, sulphide, mixing, Japan, Shikoku, Uwajima Bay; 09408. suspended particulate matter, chlorophyll, plankton, hypolimnion, lake, 11998. terrestrial ecosystem, model, soil carbon pool, AVHRR, 07701. water quality, eutrophication, fish farm, phytoplankton, 12010.
- primary productivity**
biogeochemistry, estuary, turbidity maximum, vertical convection, nutrient flux, China, Changjiang Estuary; 00029. deep sea carbon storage, atmospheric carbon dioxide, biological pump, ocean, 02629. Gaia, soil biota, biotic process, 01765. mixing, glacial, postglacial, nutrient, benthic foraminifera, Pacific, Ontong Java Plateau; 14225. Nimbus, Earth radiation budget, ocean, ozone hole, 01069. organic matter, black shale, anoxia, oxygenation, Italy, Trentino-Alto Adige, Belluno; 08019. oxidation, upwelling, mineralization, bioturbation, organic matter, Atlantic, (South); 13251. recent, palynology, vegetation zone, dinoflagellate cyst, Labrador Sea; Canada, Baffin Bay; 14232. water quality management, reservoir limnology, nutrient, plankton, pump storage reservoir, Switzerland, Wagitalersee; 05767.
- primitive equation**
balanced model, Rossby number, correlation dimension, 04669. gradient wind balance, balance equation, baroclinic wave, 02228. regional forecast model, forecasting skill, 01016.
- primitive equation model**
blocking, Southern Hemisphere, low frequency anomaly, storm track, cyclogenesis mode, 11197. drag, surface drag, front, 00980. low frequency variability, orography, Rossby wave, 02225. summer, thermal low, heat low, Europe, Iberian Peninsula; 11188.
- primitive meteorological equation**
semi Lagrangian, semi implicit, limited area, grid point model, hybrid vertical coordinate, 02212.
- principal components**
factor analysis, sea surface temperature, covariance, Mediterranean; 12483. time scale, rainfall variability, singular spectral analysis, Malaysia; 03526.
- principal components analysis**
AVHRR, grass steppe, NDVI, shrub steppe, Argentina, Andes, Patagonia; 01208. band ratio, Thematic Mapper, 03684. CFC, biogeography, phytoplankton sampling, pigment concentration, Mexico; Gulf of California; 14052. classification/regression tree, source identification, organic solvent, printing plant, 06103. cluster analysis, experimental error, soil mottling, 08108. formaldehyde, production, gas phase measurement, 15002. instrumental variable, univariate spline transformation, multivariate analysis, linear smoother, regression spline, 03925. lahar deposit, eruptive product, Colombia, Nevado del Ruiz Volcano; 08867. maximum likelihood classification, rugged terrain, 01124. multiple regression analysis, aquifer hydraulic property, carbonate aquifer, aquifer physical property, correlation analysis, USA, Pennsylvania; 02050. multispectral imaging, NDVI, neural network, 11408. persistence, anticyclone, non urban ozone, USA(E); 07414. power plant, synoptic climatology, air quality, particulate, visibility, USA, Arizona, Grand Canyon National Park; 07410. power station, rainwater, Spain; 06068. rainfall anomaly indices (1933-1990), rainfall anomaly, Africa, (North); Guinea; Africa, Sahel; 13780. rainfall zone, monsoon, India; 02306. rainfall, network design, raingauge network, Uganda; 10886. rainfall, predictability, skill, sea surface temperature, Australia; Indian Ocean; 13779. regression analysis, rainfall prediction, rainfall pattern, cluster analysis, 03198. residual autocorrelation, recursive algorithm, comparative study, streamflow estimation, least squares analysis, France, Saint-Francois River; 04444. semiarid zone, TM data processing, lithological discrimination, Angola, Namib Province, Caraculo; 11499. SMMR, microwave imager, sea ice, 03814. snow albedo, snow surface, meltwater, Antarctica, Dronning Maud Land; 03829. spatial distribution, rainfall maximum, extreme event, cluster analysis, flood peak, Japan, Kinki District, Yamato River Basin; 08334. surface pressure, tropics, spectral analysis, 14840. temperature, precipitation, climate region, China; 08508. tropics, classification, rainfall station, 13773. tropics, mesoscale, rainfall, cluster analysis, regionalisation, Australia, Queensland, Townsville; 12530. vertical profile, tropics, heat source, moisture sink, 00905. weather categorisation, Monte Carlo simulation, cluster analysis, 08519.
- principal compression**
negative relief, wrinkle ridge, kinematics, plain, Venus; 06493.
- principal oscillation pattern**
El Nino, prediction model, linear inverse modelling, sea surface temperature, Pacific; 04658. quasi geostrophic theory, normal mode, 04675.
- principal stress rotation**
sand, stress path testing, hollow cylinder torsional device, 09085.
- printed map (1500-1800)**
topographic map series, 11440.
- printer**
choropleth map, college cartography, software package, Korea; 03717.
- printing plant**
principal components analysis, classification/regression tree, source identification, organic solvent, 06103.
- PRISMA**
astronomy, photometer, star, 06116.
- prismatic ice model**
heat balance, lake, ice thermohydraulics, North America, Great Lakes; 14766.
- privacy**
geographic information, freedom of information, information access, 11580.
- private sector surveying**
professional policy, private survey firm, USA; Canada; 14102.
- private survey firm**
private sector surveying, professional policy, USA; Canada; 14102.
- probabilistic date**
monsoon, arrival date, withdrawal date, Bangladesh; 07305.
- probabilistic model**
collapse prediction, geotechnical report, Bayes theorem, USA, Nevada, Las Vegas Valley; 05234. earthquake, focal mechanism, inversion method, tectonic stress field, fault slip data, 01388.
- probabilistic topological analysis**
assimilability, sensitivity, predictability, 03927.
- probability**
extreme event, hydrometeorological event, 04714. hydrological modelling, distribution function, empirical function, 12182. sample size, multiple outlier location technique, elemental set, regression outlier, least median of squares, 02639. stochastic dominance, cost/benefit analysis, project evaluation, water resource development, uncertainty, USA, Colorado, Cache la Poudre River; 13632. wind speed, flood probability, hydraulic structure, design storm, Russian Federation; 10914.
- probability density function**
convective boundary layer, velocity, boundary layer, trajectory model, 13715. empirical orthogonal function, multiple flow regime, Northern Hemisphere, winter, 11182. filtering, nonlinear function, disjunctive kriging, conditional expectation, 00060. joint sequential simulation, multi Gaussian field, sequential simulation algorithm, 00061. Kalman filter, Bayesian theory, flood frequency analysis, multi objective technique, 08263. teleconnection, Northern Hemisphere, winter, multiple flow regime, 11181. transform optimisation, variate transformation, statistical analysis, normal distribution, hydrological sample, 04429.
- probability distribution**
annual extreme series, partial duration series, precipitation assessment, return period, 09575. concentration fluctuation, plume, turbulent boundary layer, Weibull distribution, 00866. drought, streamflow, low flow, Nigeria; 13468. halocarbon contamination, censored data, stochastic model, cluster analysis, water quality data, Canada, Great Lakes, Lake Ontario; 05743. peak discharge, reservoir discharge, routed discharge, flood routing, Italy,

- Tuscany; 13474. periodic behaviour, environmental modelling, maximum likelihood estimation, water quality control, 00611. rainfall duration, rainfall intensity, extreme event, bivariate exponential model, Poisson model, Italy; 14599. storm occurrence (1951-1990), hail, thunderstorm, Croatia, Bjelovar; Cazma; Croatia, Krizevci; 11128.
- probability distribution function**
low flow, baseflow, distribution function, river flow, groundwater level, 08332. maximum likelihood method, Akaike's information criterion, hydrological model, 13451.
- probability entropy**
accuracy, maximum likelihood classification, 13948.
- probability forecast**
aviation, forecast, meteorological conditions, 08609.
- probability kriging**
lead, soil pollution, atmospheric deposition, pigment factory, 04318.
- probability map**
air pollution, industrial area, environmental impact, sulphur dioxide, Portugal, Barrerio; 00020.
- probability matching**
reflectivity rainfall, hurricane, rain rate, airborne radar, C-band radar, 01179.
- probability method**
slope stability, soil mechanical property, 09103.
- probability model**
multilocal peaks, storm pattern, 04713. streamflow, flow quantile, stochastic model, flow duration curve, Canada, British Columbia; 09599.
- probability of exceedance**
citrus grove, groundwater contamination, pesticide fate model, USA, Florida; 12036. tail probability estimator, flood frequency analysis, 12213.
- probability sample**
case study, streamwater quality, found data, sampling, USA; 00702.
- probability theory**
frequency analysis, temporal distribution, soil erosion, runoff, USA, Oregon; 04561.
- probability weighted moments**
method of moments, maximum likelihood method, generalised Pareto distribution, estimation method, least squares method, 05649.
- probable maximum flood**
flood estimation, orographic effect, rainfall/runoff relationship, New Zealand, South Island, Southern Alps; 08348. probable maximum precipitation, extreme event, rainfall/runoff relationship, design flood, flood frequency analysis, China, Yangtze River, Three Gorges; 08339.
- probable maximum precipitation**
extreme event, rainfall/runoff relationship, design flood, flood frequency analysis, probable maximum flood, China, Yangtze River, Three Gorges; 08339. Hershfield technique, rainfall event, Gumbel technique, extreme event, return period, India, Karnataka; 05657.
- probable maximum rainfall**
unit hydrograph, rainfall/runoff relationship, design flood, Mexico, Veracruz, Tecolutla River; 10905.
- probable water supply**
wastewater management, water management, France; 09767.
- process analysis**
river water, global environmental change, DOM, carbon flux, New Zealand; Europe; North America; 08993.
- process equation**
polynomial equation, time series equation, conceptual model, catchment yield, rainfall/runoff model, model comparison, 01927.
- process hydrology**
evaporation, research development, land use effect, water balance, humid tropics, 08266.
- process model**
morphodynamic model, beach profile change, profile model, shore environment, 07753.
- process-response relationship**
rainsplash, soil erosion pillar, microgeomorphic system, 01901.
- process upset**
bioremediation, degradation, aerobic treatment, groundwater contamination, chlorophenol toxicity, 04506.
- processing chain**
calibration/validation facility, ERS-1, scientific processing, 13914.
- Proctor density**
glaciation, compression characteristic, till, intertill clay, preconsolidation, Canada, Saskatchewan; 01435.
- procymidone**
atrazine, groundwater contamination, pesticide, sampling, New Zealand; 09719.
- prodelta**
fluvial sediment, Atalaya Formation, Holocene, geomorphology, delta, Argentina, Parana Delta; Rio de la Plata; 02976. waste, heavy metal pollution, relict sediment, continental shelf, Mediterranean Sea, Barcelona Continental Shelf; Spain, Besos River; 10706.
- producing horizon**
petroleum production, depth range, fault block, USA, Alabama; 03758.
- product branching ratio**
photolysis, ozone destruction, chlorine monoxide, 04767.
- product moment diagram**
skewness, kurtosis, L moment diagram, 01317.
- product processing**
ERS-1 data, 13913.
- production/destruction**
biogenic sedimentation, calcium carbonate, organic carbon, opaline silica, Atlantic; 10441.
- production/destruction process**
phosphorus cycle, reservoir water chemistry, reservoir ecology, mathematical model, Russian Federation, Kun'ya River, Zagorsk Reservoir; 03298.
- production method**
graphite target, AMS, radiocarbon, 01454.
- production process**
page size, mapping, 06212.
- production rate**
silica cycle, opal, phytoplankton, nutrient, Southern Ocean; Weddell Sea; 00432.
- production specification**
contract monitoring, management, GPS, photogrammetry, Canada, Ontario; 11361.
- productivity**
amino acid, euphotic zone, carbon, nitrogen, USA, Virginia, Potomac Estuary; 05390. biomass, AVHRR, crop, Sweden; 04988. bottom water, phytoplankton, upwelling, Quaternary, organic matter, Somalia, Somalia Coast; Indian Ocean; 08022. continental margin, Miocene, Monterey Formation, accumulation rate, phosphorus, USA, California, Shell Beach; 11985. crop management, fallow, soil management, USA, Great Plains; 12031. degradation, mineralization, biopolymer, necromass, organic matter, Pacific, Peru Margin; 01667. dissolution, NADW production, carbonate, Neogene, global cooling, 00423. equatorial divergence, tracer, palaeoproductivity, barite, Atlantic, Angola Basin; 09359. forecast, synoptic/statistical method, cereal crop, 09960. geochemistry, element, nodule, manganese, CCD, Pacific, Aitutaki-Jarvis Transect; 10659. glacial period, aluminium flux, biogenic flux, Pacific; 06564. grain size, eutrophication, industrialisation, diagenesis, trace metal, North Sea, Kiel Bight; 04204. hemipelagic sediment, accumulation rate, Quaternary, sea level change, oxygen isotope stage 6, calcareous plankton, South China Sea; 06609. Kimmeridge Clay, source rock, cycle, organic matter, UK, England, Cleveland, Marton; 01655. last deglaciation, oxygen isotope record, core, Arctic Ocean; 11798. manganese, nodule, carbonate compensation depth, manganite, Pacific, Aitutaki Jarvis Transect; 10658. metal, coastal sediment, pollution, grain size, organic matter, Mexico, Baja California; USA, California; 12013. nutrient cycling, garden, sustainability, agricultural production, Indonesia, Java; 08995. nutrient data analysis, remineralisation, Redfield ratio, bioactivity, calcium carbonate dissolution, 11617. nutrient, phosphorus distribution, phosphorus, estuary, India, Hooghly Estuary; Ganges River; 05486. palaeolimnology, Holocene, diatom analysis, geochemical analysis, trophic state, Sweden, Lake Sambosjon; 02808. redox conditions, palaeoceanography, biogeochemical flux, deep sea circulation, carbon cycling, Labrador Sea; 14234. sea ice, light penetration, interglacial sediment, carbonate, opal, Arctic Ocean, Fram Strait; 02969. sea level, cyclic sedimentation, evaporite, marl, organic matter, France, Alsace, Mulhouse; 05459. seasonal change, mineralization, sea ice, biomass, organic matter, Antarctica, South Orkney Islands, Signy Island, Factory Cove; 05396. soil physical property, soil chemistry, tillage, Africa, (West); 08101. suspended particulate matter, bioelement, nutrient, phosphorus, organic carbon, Korea, Masan Bay; 10632. water column, nepheloid layer, EUMELI project, particle load, JGOFS-France program, carbon isotope, Atlantic; 05398.
- Productivity Assemblage**
nutrient flux, Holocene, palaeoceanography, diatom, thanatocenoses, Bering Sea, Pervenets Canyon; 05290.
- productivity change**
Quaternary, sedimentation rate, oxygen isotope stratigraphy, diatom, Pacific; 06565.
- productivity reduction**
sediment core, glacial productivity, atmospheric carbon dioxide, carbon isotope, isotopic evidence, Southern Ocean; 05291.
- professional development**
training, education, 12656.
- professional organisation**
spatial information, industry, surveying, cartography, 12659. surveying, cartography, Germany, (East); 07421.
- professional policy**
private survey firm, private sector surveying, USA; Canada; 14102.
- profile**
global temperature, ISAMS, temperature, composition, 13806. McInt'ev profile, storage dam, hydraulic fill tailing, beach, 09100.
- profile development index**
parent material, clay content, calcium carbonate content, glacial deposit, USA, Wyoming, Wind River Range; 12092.
- profile evaluation**
Robinson's method, displacement height, roughness length, surface layer, 03465.
- profile gradient**
radiation balance, turbulent flux, aerodynamics, Richardson number, Antarctica, Mizuho Station; 05917.
- profile model**
analysis, exponential beach profile, beach profile, equilibrium profile, Egypt, Nile Delta; 10385. shore environment, process model, morphodynamic model, beach profile change, 07753.
- profile/section drawings**
surveying, triangulation, 13940.
- profile transformation**
channel profile, river bed, gravel extraction, alluviation, dredging, Russian Federation, Oka River; 09043.
- profiler**
cyclesonde, Doppler, acoustic Doppler profiler, Canada, British Columbia, Knight Inlet; 06303. wind, temperature, measurement, RASS, 02451.
- profiler system**
tethered balloon, balloon sounding system, 07171.
- profiling**
airborne laser, forest, laser, 15059.
- profiling instrument**
chemical measurement, physical measurement, water column, PSWIMS, shallow water, 03254.
- profiling**
acoustic Doppler, velocity, Atlantic; 06317.
- progeny**
aerosol, size distribution, thoron, radon, 13873.
- proglacial deformation**
Weichselian, glaciomarine sequence, glaciotectionics, Iceland, Melabakkar-Asbakkar; 14283.

proglacial deposit

Quaternary, glacial advance, sandur, glacial deposit, Switzerland, Geneva Basin; 02795.

proglacial facies

palaeohydraulic analysis, proglacial valley, genetic factors, sedimentology, lithofacies complex, Poland, Silesian Upland; 00241.

proglacial lake

glacioisostasy, alluvial fill, alluvial fan, Holocene, stratigraphy, Canada, Alberta, Province Park, Falcon Valley; 09037. gravity flow sediment, sedimentation, Elsterian, Poland, Kleszczow Graben; 10480. ice surge, ice pushed hill, glaciotectionic landform, upslope movement, Canada, Saskatchewan, Missouri Coteau; 01505. laminated sediment, rhythmite, varve formation, climate record, Switzerland, Alps, Oeschinensee; 10535. valley erosion, crustal bulge, spring sapping, relict valley, USA, Massachusetts, Nantucket Islands; Martha's Vineyard; USA, Massachusetts, Cape Cod; 11655. varved clay, subsidence rate, tectonic activity, Pleistocene, glaciolacustrine sedimentation, Poland, Kleszczow Graben; 05311. waterlain till, ice advance, lodgement till, Germany, Schleswig-Holstein, Danischer-Wohld Cliff; 10494.

proglacial meltwater

energy balance, ablation, meltwater runoff, Greenland, Sondre Stromfjord; 14761.

proglacial stream

electrical conductivity, glacier hydrology, water quality sampling, time series analysis, 12271. glaciofluvial environment, sediment transfer, river basin, suspended load, India, Himalayas, Alknanda Basin; 05364.

proglacial valley

genetic factors, sedimentology, lithofacies complex, proglacial facies, palaeohydraulic analysis, Poland, Silesian Upland; 00241.

proglacial valley facies

palaeohydraulic analysis, lithofacies, sedimentology, genetic factor, Poland, Silesian Upland; 05304.

proglacial zone

energetics, sediment budget, storage, sediment transport, Switzerland, Val d'Herens, Bas Glacier d'Arolla; 01587.

prognostic equation

mesoscale, kinetic energy, general circulation model, land surface, parameterisation, 09910.

prognostic evaluation

assumption, cumulus parameterisation, mesoscale model, 01000.

prognostic scheme

large scale model, cloud, budget equation, 11247.

progradation

cusate foreland complex, neotectonic influence, mudflat, aridity, coastal morphology, India, Kachchh; Arabian Sea, Kachchh Coast; 07764. degradation, reclamation, environmental change, estuary, barrier complex, Ireland, Dublin, Portmarnock; 06793. flood, transgression, estuary, sediment supply, South Africa, Mgeni Estuary; 05376. slope failure, seafloor, delta slope, Canada, British Columbia, Fraser Delta, Foreslope Hills; 06745. suspended sediment, delta, Holocene, river channel, loess, China, Shandong, Yellow River Delta; 01699.

progradational regime

longshore transport, sea level fall, storm, Holocene, beach ridge, Pacific, (North); Chukchi Sea; 01363.

progradational sequence

forearc, seismic stratigraphy, sea level rise, Japan; 13045.

prograding delta

Glacial Lake Nisling, granulometry, Pleistocene, glaciation, Canada, Yukon, Nisling Valley; 01503.

prograding shelf

seismic data, field data, sequence stratigraphy, Pleistocene deposit, continental shelf, glacioeustasy, France, Rhone Shelf; 05282.

program

computer guide, Macpollen, pollen diagram, 07838.

project evaluation

water resource development, uncertainty, probability, stochastic dominance, cost/benefit analysis, USA, Colorado, Cache la Poudre River; 13632.

project location

soil information, land use planning, Venezuela; 03050.

project management

mercury, silt, environmental impact, airport runway, Australia, New South Wales, Botany Bay, Sydney Airport; 09377.

project staff

GIS, spatial dataset, developing country, 08948.

projection

grid reference, latitude/longitude, UTM, UK; 15111. rectangular coordinate, Gauss-Krueger, Universal Transverse Mercator, Slovenia; 02388.

projection system

stereo viewing system, Dahl Autograph, stereo plotting instrument, 07442.

prolate spheroid

crystalline dispersion, particle motion, suspended particle, Stokes flow, 03237. homogeneous dispersion, particle motion, suspended particle, Stokes flow, 03236. Stokes flow, particle motion, suspended particle, 03235.

proloculus size

benthic foraminifera, Rotalidium annectens, temperature, salinity, climate study, India; 00210.

promina bed

Eocene, Oligocene, braided river, delta, palaeocurrent, Croatia, Dalmatia; 00369.

Promina beds

braided river, foreland basin, Jelar Breccia, Oligocene, carbonate, Croatia, Salmatia, Jurisinka Hill; 09333.

propagation

backscattering, rain, circularly polarized S-band, radar study, 02143. longitudinally varying flow, barotropic model, waveguide, Rossby wave, 00948. orientation, analytical study, monsoon onset, convection band, Arabian Sea; 00995. pan formation, ecological model, 05170. tropics, general circulation model, Rossby wave, 13737. wave, surface, 10172.

propagation effect

rainfall estimation, C-band radar, 01177.

propane

hydrocarbon, nitrogen fixation, biodegradation, sandy soil, butane, 05629.

property data

data conversion, national LIS, GIS, 08941.

property database

thematic map, corporate GIS, land charge, UK, England, West Midlands, Dudley; 08944.

property gazetteer

geographic information, land, property, 01280.

property-property relationship

quality function, molecular structure data, QSAR, vapour pressure, 07688.

property register

address point, GIS, urban database, information management, UK; 15228.

property registration

market based economy, information, Albania; 15246.

property system

mapping, surveying, cadastral parcel, Albania; 15247.

property valuation

council tax, GIS, UK; 14101.

proportion estimation

mixel, image analysis, inversion method, 10087.

propoxur

soil-pesticide interaction, humic acid, 09543.

PRORIL

rill erosion model, rill network, soil erosion model, sediment yield, 14588.

protalus rampart

Bottleneck Stadial, equilibrium line, Last Glacial stage, palaeoclimate, South Africa, Drakensberg, Bokspruit; 13140. rock glacier, permafrost, talus foot, debris accumulation, Ireland, Donegal, Aghla Mountains; 06616.

Protected Areas

management, biophysical survey, socioeconomic survey, GIS, Philippines; 02499.

protection measure

karst, cave, prehistory, groundwater, Austria, Alps, Swabian East Alps; 05255.

protection policy

economic impact, agricultural nonpoint source pollution, water quality, environmental impact, USA, Central High Plains; 03880.

protection technique

firth, ria, coastal relief, comparative study, stability, UK, Scotland; Spain, Cantabria; 01368.

protective cover

map design, folding system, sheet layout, 11446.

protein

benzonitrile, hydrolysis, pollutant, 10635. carbohydrate, lipid, organic matter, diagenesis, humin, 01654. surface properties, absorption, seawater, 08033.

Proterozoic (Upper)

francolite, organic matter, methanogenesis, Visingso Group, phosphate nodule, Sweden; 08018.

Proterozoic

aeolianite, Whitworth Formation, inlier, rifting, eustasy, Australia, Queensland, Mount Isa; 01606. basin, Damara Orogen, turbidite, Bouma sequence, Zebraup Formation, Zerrissene turbidite system, Namibia, Namib Desert; 01719. Chanda Limestone, oxygen isotope, palaeotemperature, dolomitization, seawater, India, Andhra Pradesh, Adilabad; 01635. chert, hydrothermal deposit, terrigenous sediment, China, Guangdong, Gusui; 14380. Chilhowee Group, Harpers Formation, sandstone, tectonism, Cambrian, USA, Pennsylvania; 02985. gold, shear zone, Canada, Superior Province; 01669. grain size, palaeocurrent, Satakunta sandstone, sandstone, lithofacies, Finland, Satakunta; 02956. magnetic susceptibility, Newland Formation, storm deposit, palaeocurrent pattern, shale, USA, Montana, Big Belt Mountains; 04176. Naeringselva Member, sandstone, sedimentation, Barents Sea Group, deltaic sediment, Norway, Varanger Peninsula; 02979. niobidium, lead, Chelmsford Formation, orogenesis, provenance, Canada, Ontario, Sudbury Basin; 13252. ooid, aragonite, Libby Formation, calcite, USA, Montana, Libby; 02905. Ordovician, pyrite precipitation, amino acid, organic matter, sulphate, Canada, Alberta; British Columbia; Canada, Saskatchewan; 08024. provenance, clast, volcanic rock, electron microprobe analysis, Ordovician, France, Armorican Massif; 07942. sandstone, Cambrian, tidal channel, Eleonore Bay Supergroup, Lyell Land Group, Greenland, East Greenland; 06677. Sao Joao da Chapada Formation, sedimentary structure, braidplain, rift basin, Brazil, Serra do Espinhaco; 10589. sedimentary structure, statification, ripple, Hurwitz Group, bedform, Whiterock Member, Canada, Northwest Territories, Keewatin; 13181. slump, evaporite, sedimentary structure, carbonate, India, Maharashtra, Penganga River, Mangurda; 13280. Una Group, sedimentary structure, carbonate, diagenesis, phosphorite, Brazil, Bahia, Irecé Basin; 14351. Upper Rewa Sandstone, grain size, sorting, palaeocurrent analysis, sediment discharge, India, Madhya Pradesh, Maihar; 10584.

protohistoric site

TM data, archaeological class, DEM, archaeological site, Italy, Etruria; 07649.

proton binding

double layer model, organic matter molecule, humic substance, 06820. humic substance, double layer model, site binding model, 06821.

proton consumption

anion sorption, silicate, sulphate, organic matter, Andosol, Japan; 08174.

protozoan parasite

bacteriophage, water microbiology, public health, water borne disease, microorganism, virus, 01993.

protozoan plate

palaeoecology, peat deposit, Holocene, diatom, chrysophyte cyst, Greenland, Nordvesto; 13079.

provenance

aeolian sand, chronology, environmental significance, Holocene, alluvial sand, Falkland Islands, Blue Mountain; 10504. burial history, diagenesis, Moxa Arch, Cretaceous, Frontier Formation, USA, Wyoming, Green River Basin; 02915. carbonate, Devonian, Upper Gaspe Limestone, concretion, REE, Canada, Quebec, Gaspé Peninsula; 01643. clast, volcanic rock, electron

- microprobe analysis, Ordovician, Proterozoic, France, Armorican Massif; 07942. clay mineral, tributary river, suspended load, fine sediment, mud, Italy, Po River; Alps; Italy, Apennines; 04170. clay mineralogy, Atoka Formation, anchimetamorphism, diagenesis, illite, USA, Oklahoma, Ouachita Mountains; Arkansas, Ouachita Mountains; 10609. climate development, periglacial environment, Tiglian stage, Beersse glacial, paleosol, Belgium; 07923. climate, ocean circulation, Quaternary, heavy mineral, Pacific, Northwest Pacific Basin; Bering Sea; 11891. continental collision, Murree Supergroup, red bed, Eocene, Miocene, Pakistan, Himalayas; 10638. deep sea sediment, palaeoclimate, dust, REE, Pacific; 01620. delta, coastal plain, peat, sediment dispersal, coal, Malaysia, Sarawak, Rajang River; 00395. desert weather, particle chemistry, dust storm, mineralogy, Israel, Negev Desert; 11886. drainage evolution, alluvial architecture, sedimentation rate, uplift, Quaternary, Spain, Sorbas Basin; 05415. erosion input, fingerprinting technique, suspended sediment, cluster analysis, UK, England, Devon; 05341. fan delta, Miocene (Upper), facies analysis, coral, Spain, Betic Cordillera, Sierra Espuña Mountains; 00415. forearc basin, facies architecture, Cretaceous, flysch, Tibet; 11902. freshwater basin, heavy mineral, India, Assam, Subansiri River; 06669. geoscientific perspective, scale effect, archaeology, dendrochronology, 05139. heavy metal, mining, deforestation, alluvium, Holocene, UK, England, Tyne Valley; 11899. heavy mineral, mineral transportation, India, Assam, Brahmaputra River; 05418. Holocene, marine sediment, magnetic susceptibility, Canada, Northwest Territories, Frobisher Bay; 07852. kaolinite, clay mineral, tidal flat, Korea; 10643. landward transport, fluvial sediment, estuary, suspended sediment, USA, North Carolina, Neuse River Estuary; 02971. loess, desert sand, Quaternary, weathering, China, Taklimakan Desert; 00335. pelagic limestone, Cretaceous, Solirov Formation, turbidite, palaeocurrent, Slovakia, West Carpathians; 05448. Proterozoic, niobidium, lead, Chelmsford Formation, orogenesis, Canada, Ontario, Sudbury Basin; 13252. psammite, tectonic setting, continental shelf, Dickinson triangle, orogen, Atlantic, Argentine Continental Shelf, Gofu San Matias; 02992. Quaternary, interstitial water, organic matter, pH, trace metal, palaeohydrochemistry, Baltic Sea; 14391. Rodados Patagónicos, palaeocurrent, Pleistocene, Argentina, Chubut; 02954. roundness, sphericity, sand budget, India, Rajasthan, Jobner; 04164. sand transport, fetch, beach sediment, texture, Greece, Thassos, Chalkidiki Peninsula; 01593. sand transport, fetch, wave prevalence, beach sediment, texture, Greece, Thassos, Chalkidiki Peninsula; 05370. sand, maturity index, quartz arenite, relief, climate, India, Kerala, Bharathapuzha; 13259. sediment dynamics, soil erosion rate, alluvium, USA, North Carolina, Neuse River Basin; Coastal Plain; 06927. submarine fan, discriminant function analysis, Miocene, sandstone, Cingoz Formation, Turkey, Adana Basin; 08060. suspended sediment, irrigation, channel, water quality, Australia, New South Wales, Murrumbidgee River; 05477. tectonic setting, sandstone, siliciclastic sediment, Cretaceous, Tertiary, Argentina, Austral Basin; 01670. tectonics, foreland basin, arc volcanism, Permian, Denison Trough, Australia, Queensland; 10585. transportation, stream sediment, silica, REE, USA, Colorado, Wet Mountains; 10573. turbidite, ODP Leg 131, trench sediment, clay mineral, accretionary prism, Pacific, Nankai Trough; 00413. washover, raised beach, sea level, gravel barrier, UK, Northern Ireland, County Antrim, Rathlin Island, Church Bay; 11662.
- provenance analysis**
muddy sandstone, point counting, Oligocene, Gazzi-Dickinson method, USA, Montana; 07939.
- proximity manoeuvring**
artificial potential function, 03657.
- proxy data**
climate change, palaeoclimate study, air temperature, global map, seasonal data, 00001. glacier, snail assemblage, mollusc assemblage, temperature oscillation, pollen, Europe, (West); 11835.
- proxy environmental record**
palaeoclimatology, World Data Center-A, climate change, USA, Colorado, Boulder; 05125.
- proxy indicator**
coleoptera, timberline, palaeoenvironment, Holocene, pollen, France, Isère, Taillefer Massif; Isère; 04106.
- prune-and-search**
triangulation, 04874.
- psammite**
tectonic setting, continental shelf, Dickinson triangle, orogen, provenance, Atlantic, Argentine Continental Shelf, Gofu San Matias; 02992.
- pseudo-short arc network**
global reference frame, crustal dynamics, satellite laser ranging, Turkey; 11494.
- pseudogley soil**
Keuper Marl, throughflow, overland flow, runoff model, hillslope hydrology, Luxembourg; 01924.
- pseudokarst**
karst, speleology, evaporite, limestone terrain, Italy, Sicily; 13017. topographic evolution, basement, fracturing, Niger; 02689.
- pseudomorphism**
sulphation mechanism, petrography, calcite, gypsum, marble, 09030.
- psi equation**
ageostrophic motion, quasi geostrophic equation, boundary conditions, 00076.
- PSWIMS**
shallow water, profiling instrument, chemical measurement, physical measurement, water column, 03254.
- psychrometer**
humidity measurement, saturation deficit, energy balance, Niger; 13463.
- psychrometric method**
fast response sensor, humidity measurement, 05863.
- pT value**
MicroTox test, XAD concentrate, environmental toxicity indicator, Netherlands, Rhine River; 07685.
- pteropod**
dissolution, aragonite, seasonal variability, sedimentation, deep sea sediment, shell, Mauritania, Cap Blanc; 01616.
- Ptolemy**
prehistoric map, History of Cartography, medieval Europe, cadastral map, Portoland chart, Mappaemundi, 08808.
- public cartography**
cartographic layout, technological change, aerial photography, photogrammetry, USA; 10125.
- public health**
water borne disease, microorganism, virus, protozoan parasite, bacteriophage, water microbiology, 01993.
- public information campaign**
water quality, government agency, information/education program, USA, Wisconsin; 03877.
- public response**
greenhouse effect, climate change, socioeconomic impact, sea level change, Gulf of Mexico; Caribbean Sea; 01290.
- public sector**
institutional, organisational, Zimbabwe; 15225.
- public supplies**
GIS, municipality, Germany, Stuttgart; 05041.
- public utility**
ATKIS, land survey, Germany; 15045. GIS implementation, planning, USA, California, City of Riverside; 11571. maintenance management information system, network structure, digital topography, Netherlands, Amsterdam; 11576.
- puff**
analytical model, trajectory model, complex terrain, pollutant, 15023.
- pullout test**
reinforcement, earthfill, interaction, lateritic soil, steel grid reinforcement, 01419.
- pulp mill**
industrial pollutant, foam formation, surfactant, river water quality, France, Vienne River; 10970. mussel, organohalogen, bleaching, Norway; 11995. organo halogens, oxidative degradation, chlorination product, surface water quality, 03253. water odour, river water quality, chlorinated anisole, chlorinated veratrole, Canada, Alberta, Athabasca River; 09664.
- pulp mill effluent**
lake water quality, sediment, chlorine bleaching, chlorophenolic compound, Australia, South Australia, Bonney Lake; 10979. organochlorine contaminant, groundwater contamination, Australia, South Australia, Bonney Lake; 11040.
- pulse**
lidar signal, return signal, topographic target, diffuse target, 10094.
- Pulse/8**
offshore surveying, DGPS, long range navigation system, positioning system, Loran, 11401.
- pulse laser spectrometer**
vegetation identification, soil identification, fluorescent laser sounding, 11511.
- pulverized fly ash**
clay material, road construction, stabilisation, lime, 07733.
- pumice**
ash layer, tephra, sediment/water interface, manganese nodule, Indian Ocean, Central Indian Basin; 08067.
- pumice deposit**
radiocarbon age, tephra, palaeoclimate, Japan, Hokkaido, Mt. Eniwa; 09142.
- pump and treat**
contaminant plume, hydraulic containment, groundwater quality management, groundwater remediation, 07097. pumping rate, feedback law, hydraulic conductivity, groundwater remediation, uncertainty, 07100.
- pump and treat remediation**
groundwater remediation, multiple contamination, optimisation, solute transport, mobile/immobile phase, 14758. non aqueous phase liquid, dissolution rate, grain size, trichloroethylene, styrene, 14753. unsaturated zone, vapour extraction, volatile organic compound, non aqueous phase liquid, groundwater remediation, 14741.
- pump and treat system**
groundwater quality, groundwater management, contaminant plume, partial infeasibility method, optimisation problem, 12397.
- pump storage**
reservoir, GPS, three dimensional, network, Germany, Goldisthal; 15235.
- pump storage reservoir**
primary productivity, water quality management, reservoir limnology, nutrient, plankton, Switzerland, Wagitalersee; 05767.
- pump test model**
low permeability, parameter estimation, aquifer parameter, glacial till, 05782.
- pumped double acker system**
aquifer evaluation, groundwater sampling, packer system, permeability, head measurement, 07055.
- pumping**
archaeology, karstic spring, dewatering, cave, France, Gard, Nîmes, Fontaine de Nîmes; 13013. limestone aquifer, cavity, sinkhole collapse, regolith, USA, Illinois, Union County, Dongola; 11767.
- pumping policy**
stochastic dynamic programming model, groundwater resource, groundwater exploitation, optimisation, conjunctive water use, USA, California, Madera County; 14790.
- pumping rate**
density dependent flow, salt water intrusion, freshwater lens, groundwater flow, groundwater exploitation, USA, Florida, Geneva; 00790. feedback law, hydraulic conductivity, groundwater remediation, uncertainty, pump and treat, 07100. filtering impact, lake water quality, mussel, North America, Great Lakes, Lake Erie; 07044. hydraulic head, groundwater contamination, uncertainty analysis, leakage rate, groundwater resource, Portugal, Tejo River; Sado River; 02116.
- pumping strategy**
effluent disposal, salinisation, soil salinity, remediation, surface water quality, 05847. vinyl chloride plume, uncertainty analysis, groundwater contamination, contaminant capture, remedial technique, optimisation, USA, Michigan; 03357.

pumping test

aquifer parameter, confined aquifer, impermeable boundary, transmissivity, storativity, 03318. finite element analysis, axisymmetric flow, partially penetrating well, confined aquifer, leaky aquifer, 09692. fracture flow, transmissivity, storativity, groundwater flow, 12308. solute transport, chlorinated hydrocarbon, groundwater contamination, dual porosity aquifer, sandstone/mudstone aquifer, tracer test, UK, England, Coventry; 03366. transmissivity, piezometer, radius of influence, groundwater flow, Thiem-Dupuit equation, 09687. water level fluctuation, Clark's method, linear regression, confined aquifer, barometric efficiency, hydraulic head, 02058.

pumping test analysis

tectonics, hydrothermal effect weathering, specific capacity, transmissivity, fractured aquifer, stratiform aquifer, Djibouti; 14718.

pumping well

groundwater sampling, contaminant concentration, nitrate, atrazine, groundwater contamination, USA, Nebraska; 07094. hydraulic barrier, simulation model, coastal aquifer, seawater intrusion, recharge well, 05784. induced infiltration, surface water-groundwater interaction, groundwater recharge, induced recharge, 09679.

pumping well solution

aquifer parameter, multilayer aquifer, leaky aquifer, radial flow, 05792.

Pungo River Formation

Miocene, silica, diagenesis, sea level, clay mineral, USA, North Carolina; 13229.

Purex process

fission product, stripping, actinide extraction, waste stream, 05081.

purification

viral DNA, nucleic acid, surface water quality, 07003.

purification efficiency

macrophyte, bioremediation, stabilisation pond, wastewater treatment, biological pond system, China; 14649.

push moraine

glacial geomorphological process, melting rate, photogrammetry, geomorphology, Canada, Ellesmere Island; Svalbard, Spitsbergen; 01519. ice cap, moraine ridge, outwash fan, glacier advance, Iceland, Myrdalsjökull, Slettjökull; 14284. moraine ridge formation, ice front, lodgement till, Iceland, Myrdalsjökull; 01517. rock glacier, Little Ice Age, permafrost, moraine, France, Alpes du Sud, Queyras, Asti Valley; 09225.

pushbroom scanning device

spectral significance, vegetation classification, spectral field measurement, 07437.

PVA boric acid method

wastewater treatment, cell immobilization, methanogenic bacteria, anaerobic treatment, 13521.

pycnocline

episodic event, methane flux, ebullition, anoxic basin, oxidation rate, USA; 05088. salinity, shoaling, chemocline, Black Sea; Sea of Marmara, Bosphorus Strait; Mediterranean; 11958. vertical structure, atmospheric forcing, turbulence, 03501.

Pygoscelis adeliae

glacier retreat, palaeoclimate indicator, penguin rookery, Holocene, Antarctica, Victoria Land Coast; 07906.

Pyonghae sequence

Cretaceous, channel migration, tectonism, alluvial fan, Korea(South), Kyongsang Basin, Pyonghae Area; 06733.

pyramid structure

thresholding, edge detection, 11415.

pyranometer

aircraft, radiation flux, inertial navigation, 04877.

pyrethroid residue

farm pond, surface water contamination, hydrosol contamination, pesticide, sediment, 08368.

pyridinol

aerobic metabolism, anaerobic metabolism, fluroxypyr, lake water chemistry, fate, USA, North Dakota; 01955.

pyrite

alum shale, bottom water oxygenation, bitumen, sulphur, Jurassic, shale, 01648. buffering, groundwater, oxidation, Tertiary sand, aquifer, UK, England, London Basin; 09388. framboïd, fossil, Beecher's Trilobite Bed, diffusion, precipitation, USA, New York; 01733. freshwater sediment, dissolution, trace metal, organic matter, extraction, 04144. gypsum, mine soil, soil reclamation, USA, Texas, Panola County; 12093. mangrove, estuary, soil acidification, floodplain, oxidation, Australia; 00450. Miocene, sulphur, Monterey Formation, sea level, bottom current, reduction, USA, California; 05404. organic carbon, sulphur, continental margin, Indian Ocean; 10626. organic matter, petrography, palynofacies, Jurassic, Oxford Clay Formation, UK, England; 06707. oxidation, bioavailability, trace metal, diagenesis, 10608. petrography, diagenesis, limestone, chert, dolomite, New Zealand, North Island, Marlborough; 02904. pool sediment, freshwater system, biogeochemistry, organic matter, oxidation, Netherlands; 02943. solubility product, iron sulphide, sulphate reduction, Baltic Sea; 14400. sulphidic material, acid sulphate soil, Vietnam, Mekong Delta; 03060. sulphur isotope, organic matter, diagenesis, Yellow Sea; East China Sea; China, China Continental Shelf; 11944.

pyrite oxidation

alpine glacial site, weathering reaction, kinetic control, carbonate terrain, hydrochemistry, Canada, Alberta, Saskatchewan Glacier; Italy, Dolomites, Marmolada; Switzerland, Glacier de Tsanfleuron; 09031. carbonate weathering, gypsum formation, acid sulphate soil, weathering, 09467.

pyrite precipitation

amino acid, organic matter, sulphate, Proterozoic, Ordovician, Canada, Alberta; British Columbia; Canada, Saskatchewan; 08024.

pyroclastic deposit

accumulation rate, eruption, Japan, Sakurajima Volcano; 11894.

pyroclastic flow

debris flow, ash cloud, eruption, volcanic eruption, Japan, Kyushu, Mt Unzen-Fugendake; 05168. natural disaster, satellite data, volcanic activity, lava dome, Japan, Kyushu, Shimabara Peninsula, Unzendake Volcano; 10185. numerical simulation, gravity flow, interparticle friction, model,

Japan, Kyushu, Mt Unzendake; 05169. volcanic complex, geomorphology, fluvial erosion, caldera rim, hazard, Mexico, Colima Volcano; 12960.

pyroclastic flow slope

isotope tracer, groundwater flow regime, tritium, oxygen-18, lake leakage, Indonesia, Bali, Batur Lake; 08412.

pyrolysate

suspended particle, Curie point pyrolysis, nepheloid layer, delta, France, Gulf of Fos; Rhone Delta; 03040.

pyrolysis

biopolymer, marl, organic matter, kerogen, France, Alsace, Mulhouse; 05409. organic matter, palaeoenvironment, cyanobacteria, algae, sterane, biomarker, 02939.

pyrolysis compound

plastic combustion, aromatic compound, soot, burning building, 13891.

pyrolysis field ionisation

mass spectrometry, grass residue, humic substance, organic matter, 05558.

pyrolysis field ionisation MS

organic carbon, humic substance, cropping system, mineral matrix, 05519.

pyrolysis-mass spectrometry

humic substance, decomposition, NMR, organic matter, forest soil, Canada, British Columbia; 14561.

pyrolysis/methylation

humic substance, lake water chemistry, benzenecarboxylic acid, aliphatic dicarboxylic acid, alkaline lake, Spain, Andalucia, Donana National Park; 05745.

pyrophacophorbide

degradation, diatom, phacophytin, chlorophyll, tetrapyrrole, 13240.

pyrophosphate method

nitritotricetate method, iron, aluminium, extractant, 04335.

pyrrhotite

marcasite, porewater, Palaeogene, sulphur, Green River Formation, USA, Colorado; Utah; USA, Wyoming; 01636.

pyruvic acid

iron (III), cloud chemistry, glyoxylic acid, oxalic acid, photochemistry, 14957.

Q vector

C-vector, thermal wind imbalance vector, ageostrophic circulation, 08583. winter storm, potential vorticity, diagnostic model, cyclone, prediction, 13752.

qararat

endoreic depression, pediplain, deflation, groundwater flow, Libya, Sarir Al Qattusah; 12963.

QSAR

lipophilicity, toxicity, pollutant classification, statistical approach, 07691. substituted haloaromatic, photolysis, haloaromatics, aqueous environment, 07687. vapour pressure, property-property relationship, quality function, molecular structure data, 07688.

quadratic fit

solar radiation, maximum likelihood, Nigeria; 07184.

quadratic programming

difference norm, rainfall/runoff model, unit graph estimation, 05680. levelling network, optimisation modelling, 11391.

quadratic regression

groundwater quality, landfill site, linear regression, regression model, USA, Michigan, Kalamazoo County; 09714.

quadrature of the circle

Euclidean geometry, 11424.

quadric surface

three dimensional object, surface classification, object recognition, 03686.

QUAL2E model

river water chemistry, biochemical oxygen demand, sediment oxygen demand, ammonia/nitrogen, dissolved oxygen dynamics, USA, New Jersey, Whippany River; 09665.

quality assurance

marine monitoring, chemical measurement, sampling, collaborative study, 00090. wet deposition, network site, collocated sampler, deposition, precipitation chemistry, 13849.

quality control

digital terrain model, interpolation, Delaunay method, 13945. GPS network, loop inverse, 06188. graphic cartographic document, GIS cartography, 13988. iso-error function, industrial metrology, topographic measurement, 13946. spatial information, error theory, GIS, 07495. statistical interpolation, Bayesian quality control, multivariate normal distribution, 06414.

quality control level

reporting limit, detection level, hazardous material, pollutant, toxicity, 08976.

quality criteria

quality standard, trace metal speciation, water, sediment, soil, 07674.

quality determination

GIS, spatial data quality, 13973.

quality function

molecular structure data, QSAR, vapour pressure, property-property relationship, 07688.

quality index

multiple variable indicator kriging, kriging, soil mapping, 06809.

quality information

GIS, 10108.

quality management

standard, transfer standard, geographic information, 04893.

quality standard

environmental monitoring, water quality, 12910. trace metal speciation, water, sediment, soil, quality criteria, 07674.

quantification

accuracy, ECDIS, hydrographic data, historical hydrography, 10118. band misregistration, multispectral, vector, 06162. carbon dioxide flux, gas exchange, complex ecosystem, flux estimation, sampling strategy, 00033. methane emission, rice field, fertiliser, mineral fertiliser, organic fertiliser, China, Zhejiang Province; 00051. texture, vision, neural network, 10080.

quantile value

L moment, regional precipitation, USA; 12525.

quantitative analysis

hazard, land use, urban surface, aerial photography, China, Shanghai; 15232.
HMPO, groundwater, sludge, isotope dilution gas chromatography, mass spectrometry, 10311.

quantitative model

rainfall, forecasting, remote sensing, real time, model, 13774.

quantitative procedure

GIS, scientific inquiry, 15082.

quantities method

parameter estimation, reservoir management, estimation theory, water management, moment method, maximum likelihood method, 03194.

quantity-intensity relationship

buffering power, phosphorus desorption, 14575.

quantum sensor

photosynthetic photon flux density, tropical wet forest, canopy gap, hemispherical photography, solar radiation regime, 00873.

quantum yield

oxygen, ozone, photolysis, 04784.

quarry

photogrammetry, Germany, Leisberg, Bohlberg; 06240.

quarrying

anthropogenic impact, karst terrain, limestone quarrying, 06536. cave damage, anthropogenic impact, karst, subsidence, UK; Ireland; 06528. groundwater pollution, carbonate rock, karst aquifer, groundwater, 00782.

Quaternary

pollen, plant macrofossil data, climate response surface, palaeoclimate, 05269.

quartz

calcite, albite, workshop, respirable dust, asbestos, 03631. cementation, reservoir sand, oxygen isotope, sedimentary basin, North Sea; 13224. cementation, sandstone, illitization, porosity, Norway, Norwegian Shelf; 08003. dislocation, exsolution, metamorphism, Wutong quartzite, microstructure, China, Jiangsu, Taihu Lake; 01579. dissolution, porewater, Cretaceous, cementation, Nimar Sandstone, India, Gujarat; 13223. feldspar, etch pit, weathering, dissolution rate, surface area measurement, 07739. granitoid composition, TIMS data, diorite, USA, California, Sierra Nevada, Desolation Wilderness; 14012. hematite, ionic strength, colloidal matter, fulvic acid, surface charge, 00342. oil field, temperature, burial, fluid inclusion, cementation, North Sea; 13226. Osaka Group, Sandy Loess, grain size distribution, sedimentary environment, loess, paleosol, China, Loess Plateau; Japan; 06583. palaeotropical weathering, planation surface, penepplain, basement complex, feldspar, Germany, Bavaria; 00101. plough pan, clay mineral, mineralogy, weathering, Vietnam, Red River Valley; 10774. respirable dust, piezoelectricity, 06052. tonstein, volcanic ash, kaolinite, 09302.

quartz arenite

relief, climate, provenance, sand, maturity index, India, Kerala, Bharathapuzha; 13259. turbidite, sedimentation, Numidian flysch, pelite, Italy, Basilicata, Lagonegro Basin; Southern Apennines; 01717.

quartz cement

cement, resetting, Jurassic, sandstone, fluid inclusion, North Sea; 00314. Jurassic, Brora Arenaceous Formation, sandstone, porosity, burial diagenesis, UK, Scotland, Moray Firth; 13220. precipitation rate, Jurassic, fluid inclusion, temperature, stylolite, sandstone, Norway, Norwegian Continental Shelf; 13222. reservoir, cathodoluminescence, 13154.

quartz colloid

americium-241, sorption, porous media, radionuclide transport, amorphous silica colloid, 03327.

quartz flux

ODP Leg 128, Cretaceous (late), accumulation rate, Milankovitch, palaeoclimate, aeolian input, Pacific; Sea of Japan; 14218.

quartz grain

coastal dune, grain inclusion, optical dating, inclusion, Australia, South Australia; 07829. heavy mineral, aeolian process, sediment analysis, frosting, Poland, Vistula Valley, Wyszogrod, Kamion; 00231. Holocene, late glacial, aeolian activity, roundness, frosting, Belgium; Poland; Sweden; 01693. statistics, soil sample, tectonics, tectonically stable, soil texture, Brazil; Venezuela; Costa Rica; 00136. weathering, SEM, micromorphology, Monheimer Hohensande, chronology, 06646.

quartz overgrowth

clay mineral, evaporite cement, porosity, Triassic, Sherwood Sandstone Group, UK, England, Lancashire, Preston; 02916.

quartz sand

thermal disintegration, quartzite, detrital sediment, weathering, size frequency distribution, India; 02874.

quartz weathering

feldspar, climate change, weathering process, Tertiary, Quaternary, Switzerland, Jura; Turkey; France, Brittany; 01351.

quartzite

Cambrian, Herreria Formation, current crescent, Spain, Leon, Cantabrian Mountains; 13187. detrital sediment, weathering, size frequency distribution, quartz sand, thermal disintegration, India; 02874. flood, clast, redeposition, heavy mineral, tracer dispersal, sediment transport, South Africa, Cape Province, Swartkops River; 01740.

quartzitic glacial bed

silica, glacier, stick/slip movement, titanium, UK, Scotland; 02792.

quartzitic rock

striation, SEM analysis, Devensian, glacial abrasion surface, UK, Scotland, Highlands; 07889.

quasi Bayesian modelling

multivariate outlier, dimensionality problem, Akaike's predictive likelihood, correlation, 02640.

quasi biennial circulation

ozone, Northern Hemisphere, total ozone, trend, 08663.

quasi biennial oscillation

climate pattern, extreme mode, summer, rainfall, Southern Oscillation, South Africa; 02166. equatorial wind, two dimensional model, latitudinal distribution, ozone, 00953. model, nitrogen dioxide, ozone, stratosphere, 13841. ozone hole, sea surface temperature, 04575. ozone, total ozone, seasonal course, stratosphere, 14970. phase space, stratosphere, empirical

orthogonal function, 02223. solar cycle, temperature, nightglow emission, mesosphere, 13692. stratosphere, empirical orthogonal function, 11142.

quasi biennial oscillation

upward progression, equator, stratosphere, 13735.

quasi conservative scheme

semi Lagrangian, advection scheme, 02123.

quasi-equilibrium state

Magellan imagery, meander, channel, lava channel, sinuosity, Venus; 07795.

quasi geostrophic diagnosis

cyclogenesis, cutoff low, USA, Colorado; 00913.

quasi geostrophic equation

boundary conditions, psi equation, ageostrophic motion, 00076.

quasi geostrophic model

Rossby wave, eddy, deep ocean topography, Geosat altimeter data, 11545.

quasi geostrophic theory

normal mode, principal oscillation pattern, 04675.

quasi linear instability

convection, planetary scale, evaporation/wind feedback, tropical convection, 09932.

quasi resonance

low frequency oscillation, triad, baroclinic wave, 08562.

quasi stationary forcing

wave reflection, upper boundary condition, gravity wave model, sponge layer, 00073.

quasi two day wave

middle atmosphere, mesosphere, 09830. wave development, high resolution Doppler imager, amplitude, 11474.

Quaternary (early)

Lafayette Formation, Citronelle Formation, alluvial fan, braided stream, Tertiary (late), USA, Gulf Coastal Plain, Mississippi Valley; 05300.

Quaternary (late)

aridity, Little Ice Age, littoral sediment budget, sea level change, coast, India; 00271. benthic foraminifera, convection cell, turnover rate, cadmium, Pacific, (North); 14226. biomass change, peatbog, carbon-13, Burundi, Kashiri; 10470. caldera volcano, tephra, stratigraphy, chronology, eruption, New Zealand, North Island, Taupo Volcano; 00135. channel morphology, shoreline evidence, Lahontan palaeolake, palaeochannel evidence, drainage diversion, USA, Nevada, Walker River; 00196. climate change, river terrace, alluvial fill, drainage basin, USA, Kansas, Kansas River, Wolf Creek; 12943. coastal instability, sea level change, tectonics, terrace, wave cut notch, India, Saurashtra; 00270. deep water, intermediate water, foraminiferal evidence, palaeoceanography, salinity, meltwater flux, Canada, Gulf of St. Lawrence, Gaspe Peninsula; 06559. deformation structure, subsidence, seismic profile, mud diapir, delta, China, Jiangsu, Yangtze delta; 00185. deglaciation, Lake Iroquois, Champlain Sea, Canada, Ontario, St. Lawrence Lowland; USA, New York, St. Lawrence Lowland; 04090. deglaciation, Younger Dryas, benthic foraminifera, palaeoceanography, Canada, British Columbia, Queen Charlotte Sound; Hecate Strait; 01482. depositional history, alluvial soil, valley fill sequence, river terrace, Australia, New South Wales, Hunter Valley, Nowlands Creek; 14148. environmental record, tropics, palaeolake, palaeoclimate, Madagascar, Malagasy Plateau, Lake Tritirivakely; 14250. geochemistry, atmospheric input, loess, monsoon, aeolian dust, China, Loess Plateau; 09188. isotope data, deep sea sediment, detrital silicate, ice rafting, Atlantic, (North); 02751. lake level history, lake sediment, radiocarbon, USA, Lake Michigan; 13064. lake sediment, pollen analysis, tundra vegetation, USA, Alaska, Joe Lake; 13056. lunette, palaeohydrology, climate change, TL dating, Australia, New South Wales, Riverine Plain, Lake Urua; 11809. NADW production rate, benthic foraminifera, stable isotope record, oxygen, carbon, Pacific, Ontong Java Plateau; 00189. North Atlantic Deep Water, deep water circulation, carbonate production, carbon cycling, Southern Ocean; 14242. orogeny, morphotectonic activity, neotectonics, Holocene, relief, China, Tian-Shan; Tadzhikistan, Pamirs; 05204. Ostracoda, oxygen isotope record, climate history, magnetic susceptibility, USA, Lake Michigan; 13065. palaeoceanography, micropalaeontology, geochemical data, monsoon, Arabian Sea; Oman; 13042. palaeoecology, foraminifera, ostracode, continental shelf, Mediterranean, Adriatic Sea, Dorsal Gallignani area; 14241. palynology, environment, vegetation change, palaeoclimate reconstruction, USA, Texas, Edwards Plateau; 00199. permafrost extent, Zyriansk, Sartansk, thermokarst process, Russian Federation; 01558. pollen analysis, palaeoenvironment, carbon isotope, organic matter, Cameroon, Lake Barombi Mbo; 10469. pollen assemblage, lacustrine core, radiocarbon chronology, tropical forest, vegetated succession, Cameroon, (West); Brazil, Amazonia; 00203. sea level rise, parasequence, sequence stratigraphy, highstand deposit, transgressive sediment, France, Rhone Delta; 13120. sediment core, seamount, sea level fluctuation, sedimentary record, ocean deepening, Guinea; Atlantic; 02754. sedimentology, barrage tufa, tufa, pollution, interglacial, UK, England, Derbyshire, River Wye; Lathkill Dale; 00152. species diversity, palaeoecology, habitat destruction, precipitation, sedimentism, carnivore, Israel; 13054. stratigraphy, carbonate record, deep sea core, Pacific; 13044. stratigraphy, lithological unit, climate zone, Baltic Sea; 01474. tectonic movement, Vakhsh nappe, gully erosion, mass movement, China, Tian-Shan; Pamirs; 06487. tectonic uplift rate, sea level history, marine terrace, aminostratigraphy, oxygen isotope stratigraphy, USA, California, Los Angeles County, San Pedro; Palos Verdes Hills; 00253. water balance, palaeohydrology, anthropogenic impact, environmental change, 00009.

Quaternary

accumulation rate, organic carbon, carbonate, Pacific, Caroline Basin; 13282. afforestation, pollen, peat bog, anthropogenic impact, Spain, Sierra de Guadarrama, Puerto de Morcuera; 10506. alluvial fan, sedimentation, transgression, palaeovalley, gravel, Greece, Crete, Lefka Ori; 13178. aminostratigraphy, oxygen isotope, loess, river terrace chronology, France; 14214. AMS dating, radiocarbon dating, fossil land snail, sea level, land snail fauna, Spain, Madeira; 01490. ash layer, fission track date, uplift, chronology, Pliocene, Colombia, Bogota; 13260. ball and pillow structure, sedimentary structure, Miliolite Formation, calcarenite, India, Gujarat, Saurashtra; 09278. basalt, helium-3 dating, radiocarbon, argon-40 excess, dating, USA, New Mexico, Zuni-Bundera Volcanic Field; 09137. basin, tectonics, Cretaceous, climate, China, Jiangsu; 01682. biomineralization, fungi, calcrete, calcium oxalate, Israel, Nazareth; 05402. brittle, continental

- deformation, stress tensor, Neogene, Cainozoic (late), Turkey, Anatolia; 02700. burial diagenesis, salinity, alkalinity, zeolite, porewater, Kenya, Kenya Rift Valley, Lake Bogoria; 00312. calcareous ooze, palaeoceanography, silica, organic carbon, abyssal plain, Indian Ocean, Central Indian Basin; 00661. caliche, soil stratigraphy, Handere Formation, colluvial deposit, Turkey, Adana Basin, Misis, Kizildere; 04070. carbon cycling, palaeoceanography, sea level, oxygen isotope curve, Pacific; Sea of Japan; 14224. carbon isotope record, oxygen minimum, thermocline, climate oscillation, pelagic foraminifera, Pacific, Ontong Java Plateau; 00188. carbonate, cementation, water infiltration, till, Poland, Drawskie Lakeland, Czaplinek; 02781. carnivore, distribution, diversity, palaeoclimate change, Israel; 01492. *Chelydra serpentina*, *Chrysemys picta*, evolution, turtle, North America, Great Lakes, Lake Superior; 11812. chronology, radiocarbon age, pollen, deglaciation, Chile, Taitao Peninsula; 02772. chronostratigraphy, oxygen isotope stratigraphy, glacial geology, palaeoclimatology, Milankovitch theory, 00156. climate change, climate cycle, plant community, successional pathway, 05270. climate change, marine oxygen isotope record, aeolian transport, rock magnetic record, Russian Federation, Siberia, Lake Baikal; 10482. climate change, peat, tropical, Medieval Warm Period, carbon isotope ratio, India, Tamil Nadu, Nilgiri Hills; Kerala, Nilgiri Hills; 02766. climate change, radiocarbon date, depositional environment, vegetation, USA, Virginia, Ridge and Valley Province; 13063. climate variability, eustasy, sea level, tectonic uplift, Egypt, Red Sea Coast; 14293. coastal ridge, grainstone, diagenesis, aeolian deposit, delta, Egypt, Alexandria; Mediterranean; 11907. coastal sedimentation, subalpine arc, marine terrace, neotectonics, France, Alpes-Maritimes, Nice; 00265. coastline change, radiometric dating, marine terrace, uplift rate, extension rate, Italy, Calabria; 06481. coccolith, glacial/interglacial climate stage, calcareous nannofossil, Atlantic; Pacific; 07850. continental shelf, sea level, terrestrial deposit, Pacific, Hecate Strait; Canada, British Columbia; 13116. continental shelf, sediment influx, vibrocore data, sea level change, USA, Maine, Gulf of Maine; 00259. core, environmental change, climate cycle, China, Xinjiang, Chaiwopu Basin; 04044. dating, rock weathering rind, moraine sequence, New Zealand, South Island, Craigieburn Range; 09202. dating, speleothem, electron spin resonance, calcite, 09143. debris movement, solifluction, talus, alluvial cone, morphogenetic environment, Japan, Honshu, Kitakami Mountains; 06585. deep water circulation, carbon isotope record, palaeoceanography, Atlantic; 13040. deposition sequence, continental shelf, interglacial highstand, sea level change, depositional pattern, USA, North Carolina, Dare County; 00261. desert, loess, deposition, source, 00385. detrital carbonate event, Heinrich event, meltwater, Labrador Sea; 09155. Devensian, sedimentary environment, cirque, moraine, field guide, UK, England, Cumbria; 12964. diatom, interglacial interval, ice sheet collapse, subglacial sediment, Antarctica, West Antarctica; 10500. diatom, Kawakawa Tephra, palaeoenvironmental study, tectonism, New Zealand, North Island, Wellington, Wainuiomata; 09190. dinoflagellate cyst, continental shelf, sea level change, distribution pattern, Australia; 05285. dinoflagellate cyst, distribution, upwelling, Coral Sea, Great Barrier Reef; 10444. dissolution, carbonate, evaporite, salt karst, saline lake, Canada, Great Plains; 06735. drainage basin symmetry, neotectonic region, river migration, tilt block tectonics, USA, Mississippi Embayment; 11687. Elsterian, Saalian, glacial stage, Weichselian, Holsteinian, Germany, (East); 07894. engineering geology, sea level, Holocene, Netherlands; 11755. environmental change, chronology, susceptibility stratigraphy, magnetic stratigraphy, sediment, Coral Sea, Queensland Trough; 10456. field guide, raised beach, environmental reconstruction, periglacial slope deposit, loess, UK, England; 07871. fjord, rift, geological history, seismic survey, erosion, Greenland, East Greenland, Scoresby Sund, Jameson Land Basin; 11905. floodplain sediment, alluviation, downcutting, fluvial response, climate fluctuation, USA, Alaska, Kobuk River, Epiguruk; 05146. fluvial dynamics, terrace development, uplift rate, climate cyclicity, three dimensional modelling, Netherlands, Maastricht, Maar River; 06454. fluvial response, environmental change, floodplain, radiocarbon date, climate change, USA, Texas, Edwards Plateau; 11801. fluvial terrace, ESR dating, magnetostratigraphy, uranium series dating, geochronology, France, Somme Basin; 10479. Fontainebleau Sand, loess, pedogenesis, pedosedimentary evolution, France, Villejuif, Zac of Hantes Bruyeres; 05302. geodynamics, littoral deposit, sea level change, Spain, Murcia; Alicante; 14292. geomorphological evolution, coastal dune, vegetation, soil, landform, Australia, Queensland, Shoalwater Bay; 00132. geomorphology, dune field, loess, alluvial fan, tropical plain, Bolivia, Chaco; Argentina, Chaco; Paraguay, Chaco; 03977. glacial advance, sandur, glacial deposit, proglacial deposit, Switzerland, Geneva Basin; 02795. glacial history, fault, deglaciation, uplift, schist, Finland, Karelia, Ilomantsi; 09201. glacial/interglacial boundary, sea surface temperature, carbonate dissolution, palaeotemperature, South China Sea; Pacific, Sulu Sea; 13047. glaciation, age criteria, weathering, rock varnish, moraine sequence, Argentina, Andes, Rio Mendoza Valley; 04094. glaciation, climate change, recessional moraine, equilibrium line altitude, Peru, Andes, Mantaro River; Bolivia, Andes; 01487. glacier, delta, deformation, flood, Switzerland, Broye Valley; 01689. glaciotectionic deformation, diamicton, glaciomarine sedimentation, structural geology, UK, England, Norfolk West Runton; Iceland, Melabakkur-Asbakkur; 14341. global change, palaeoenvironmental history, tropical landscape, palaeoenvironmental evidence, South America; 00201. Gortian Interglacial, Midlandian Glaciation, oxygen isotope stage, biostratigraphy, Pleistocene, Ireland, County Kerry, Kilfenora; 09140. heavy mineral, provenance, climate, ocean circulation, Pacific, Northwest Pacific Basin; Bering Sea; 11891. high latitude ecosystem, greenhouse warming, Eurasian biota, climate model, Europe; Asia; 00007. Holocene motion, neotectonic uplift, slip rate, right lateral fault, Talas-Fergana fault, Asia, (Central); China; Kirghizstan; 01400. Holocene, clay, engineering, bulk density, seafloor sediment, Pacific; 10572. Holocene, climate change, oxygen isotope ratio, pollen, diatom, Japan Sea; Japan; 09151. Holocene, late glacial, ice flow, field guide, sea level change, UK, Scotland, Shetland; 09172. Holocene, oolite, ooid shoal, carbonate, Mississippian, 04175. hyperaridity, geomorphology, oasis, radiocarbon date, planation surface, Egypt, Western Desert, Dakhla Oasis; 13052. ice margin deposition, drumlin, basal debris, meltwater, Ireland; 06589. ice sheet, basin, fjord, debris flow, continental margin, Canada, Baffin Bay; 10651. interstitial water, organic matter, pH, trace metal, palaeohydrochemistry, provenance, Baltic Sea; 14391. isotope data, silicate, terrigenous input, rubidium strontium, REE, deep sea sediment, Atlantic, (Northeast); 01724. keynote lecture, unconsolidated sediment, underground space, engineering geology, Netherlands; 14201. Kreftenheye, Wijchen Member, Holocene, Deilwijnen Member, Twente Formation, Netherlands; 09147. lake level change, climate, pollen analysis, Walker Circulation, Australia; Papua New Guinea; 07864. landform history, desert, geomorphology, India, Rajasthan, Thar Desert; 02680. landscape, climate evolution, aridity, humid phase, anthropogenic activity, Chile, Norte Chico; 01489. laterite, landform development, environmental change, tectonics, Thailand, Chi River Basin; 06474. loess, aminostratigraphy, Peoria Loess, Roxana Silt, geochronology, USA, Arkansas, Wittsburg Quarry; Tennessee, Memphis, Old River; 13027. loess, buried soil, Milankovitch timescale, chronology, stratigraphy, Europe; China; Hungary; 01497. loess, sedimentation, aeolian sediment, dating, TL dating, Germany, Rhine; 10557. magnetite dissolution, sedimentation rate, glacial/interglacial episode, magnetic study, lake sediment, Sweden, Karsa Valley; 05342. mammal fauna, wallaby, marsupial, subalpine grassland, possum, New Guinea, Irian Jaya; 00212. marine deposit, coastal deposit, Cainozoic, macrofossil, South Africa, Cape Coast; 05433. marine evidence, Laurentide Ice Sheet, glaciation, Davis Strait Silt, acoustic data, fjord, Canada, Baffin Island, Cumberland Sound; 01483. marine shoreline, uplift rate, chronology, deformation, USA, California, San Diego County; 00254. marine terrace, coseismic uplift, terrace offset, uplift mechanism, USA, California, Santa Cruz; 11841. marine terrace, sea level, oxygen isotope stage 7, TL dating, estuarine deposit, USA, California; 00252. microclimate, climate indicator, beetle remains, Italy, Alps; Europe, Scandinavia; 09132. modern environment, petroleum exploration, continental shelf, environmental data, Timor Sea, Van Diemen Rise; 01481. mollusc, amino acid racemisation, dating, racemisation kinetics, Australia, South Australia; 00161. morphostructural analysis, neotectonics, Pliocene, France, Alpes-Maritimes, Var Basin; 07787. natural environment, forest, fluvial sedimentary basin, South America, Amazonian Basin; 11803. neotectonics, stratigraphy, clastic dyke, anticlinal structure, Tertiary, Poland, Kleszczow Graben; 12969. oceanic record, loess, periodicity, palaeoclimate, SPECMAP project, grain size, 13024. organic deposit, pollen, macrofossil, radiocarbon date, Australia, Tasmania, Newton Creek; 02786. organic matter, productivity, bottom water, phytoplankton, upwelling, Somalia, Somalia Coast; Indian Ocean; 08022. oxygen isotope record, Brunhes/Matuyama boundary, astronomic forcing, winnowing, pelagic foraminifera, Pacific, Ontong Java Plateau; 00187. oxygen isotope record, ODP, Milankovitch template, Pacific, Ontong Java Plateau, ODP Site 806; 11799. oxygen isotope record, pelagic foraminifera, Fourier stratigraphy, orbital fluctuation, Brunhes/Matuyama boundary, Pacific, Ontong Java Plateau; 00186. oxygen isotope stratigraphy, mineral magnetism, sedimentology, palaeoenvironmental change, Australia; 10446. palaeoclimate, glacier fluctuation, cold based ice, ice sheet dynamics, Antarctica, Taylor Glacier; 11865. palaeoecology, vegetation science, pollen diagram, analogue matching, statistical significance, UK; 06542. palaeoenvironment, lake sediment, ontogeny, Argentina, Buenos Aires Province, Lobos Lake; 13265. palaeoenvironment, pan, palaeontology, pollen, South Africa, Orange Free State, Deelpan; Eloribad; 05173. palaeolimnology, lake sediment, Argentina; 13263. palaeolimnology, tropical marl lake, marl, stratigraphy, stable isotope, Jamaica, Walliwash Great Pond; 05292. palaeotemperature reconstruction, magnesium/calcium ratio, ostracode shell, Coral Sea, Queensland Trough; 10448. paludal sediment, neotectonics, lake sediment, marsh sediment, subaerial exposure, Croatia, Zagreb, Precko; 00227. palynology, lagoon, transgression, forest vegetation, Brazil, Rio Grande do Sul, Lagoa dos Patos; 13262. permafrost, hydrostatic pressure, sedimentary structure, tunnel fill sediment, talik, Iceland, Myvatn; 11904. piedmont, active rift margin, reef, fanglomerate, beach deposit, Egypt, Red Sea Coast; 01384. piston core, turbidity change, seawater turbidity, nannoplankton, *Florispheera profunda*, Pacific, Ryukyu Trench; 05284. pluvial lake, loess, glaciation, lava, paleosol, USA, Idaho, Snake River Plain; 00388. pollen transport, box model, global climate change, Atlantic, (North); 11796. pollen, geochemistry, vegetation change, soil development, USA, Alaska, Wien Lake; 06572. pollen, moisture balance, annual precipitation, water level fluctuation, USA, (Northeast); 04074. pollen, mollusc assemblage, charcoal, fire regime, environmental reconstruction, Australia, Tasmania, Bass Strait, King Island, Egg Lagoon; 02787. preservation, Antarctic Intermediate Water, calcium carbonate, Globigerinoides sacculifer, Cibicides, Coral Sea, Queensland Plateau, Townsville Trough; 10451. provenance, drainage evolution, alluvial architecture, sedimentation rate, uplift, Spain, Sorbas Basin; 05415. quartz weathering, feldspar, climate change, weathering process, Tertiary, Switzerland, Jura; Turkey; France, Brittany; 01351. radiocarbon dating, mollusc, coral, marine terrace, uplift rate, Iran, Qeshm Island; 02701. regime, shoreline dynamics, estuarine lake, Russian Federation, Amur River; 02690. review, sedimentary history, Saalian, Eemian, Weichselian, Holocene, North Sea, Kattegat; 07856. rift valley, structural landform, fluvial erosion, slope retreat, palaeogeomorphology, Zaire, Lake Kivu; Ruanda, Lake Kivu; 02765. risk assessment, climate change, erosion, infiltration, soil formation, plant growth, USA, Nevada, Nevada Test Site; 12920. riss, erratic pebble, glacial deposit, Switzerland, Schaffhausen, Klettgau Valley; 13089. river bed dynamics, fluvial geomorphology, fluvial process, Austria, Lainbach River; Germany, Black Forest; Germany, Elsenz River, Kraichgau; 09040. salt lake, lacustrine terrace, salt deposition, neotectonics, China, Qaidam Basin; 06581. sea level change, coastal plain, transgression, Coral Sea, Great Barrier Reef; 11965. sea level change, oxygen isotope stage 6, calcareous plankton, productivity, hemipelagic sediment, accumulation rate, South China Sea; 06609. sea level change, sedimentation, continental shelf, continental slope, seabed, France, Riviera, Antibes; 00182. sea level change, stable isotope record, glacial change, polar ice sheet, Antarctica; 02828. sediment core, palaeomagnetism, Slovakia, Husina; Breznicka; 13032. sediment dynamics, Littorina transgression, Ancylus Lake, buried channel, meltwater, Baltic Sea, Kadet Channel; Darss Sill; Baltic Sea, Gedser Reef; 13275. sediment transport, climate, sedimentation, bedload, desert environment, Israel; 04156. sediment, ice sheet, TL dating, chronology, Canada, Ontario; 07885. sedimentary record, till, gravel, diamicton, Germany, Rugen; 06671. sedimentation rate, oxygen isotope stratigraphy, diatom, productivity change, Pacific; 06565. sedimentation, metal, clay mineral, Morocco, Mediterranean Margin; Mediterranean Sea, Alboran Sea, Alboran Ridge; 06765. sedimentation, postglacial, submerged delta terrace, sea level minimum, Canada, Newfoundland, Port au Port Bay;

02819. sedimentation, reworking, postglacial deposit, marine placer, Canada, Gulf of St. Lawrence, North Shore; 01607. soil profile, organic matter, iron nodule, carbon isotope composition, basalt, Australia, Victoria; 13023. solifluction, basin, loess, interglacial, Oligocene, 10637. storm beach, charcoal, paleosol, archaeological artifact, Australia, Western Australia, Swan Region, Rottnest Island; 13055. stratigraphy, geochemistry, correlation, glacial diamicton, section R47, Canada, Ontario, Rouge River; 02790. stratigraphy, geochronology, continental shelf, Lakesburg marine event, Svartenhuk marine event, Greenland, West Greenland; 14238. stratigraphy, geotechnical engineering, glacial sediment, meltwater channel, borehole logging, Canada, Alberta, Edmonton; 13083. stratigraphy, glacial erosion, channel fill, placer deposit, Canada, British Columbia, Atlin; 13084. stratigraphy, podzol, esker, paleosol, Finland, Ostrobothnia; 00226. stratigraphy, regressive sequences, aeolian dune, littoral deposit, Morocco, Casablanca; 14212. stress pattern, fault slip data, deformation, focal mechanism, geodynamic change, Italy, Apennines; 10398. structural style, earthquake recurrence interval, plate movement, geomorphology, Alpine Fault, New Zealand, South Island; 01401. submarine relief, sedimentation, bottom current, reworking, sedimentary structure, Baltic Sea; Finland, Gulf of Finland; 11901. submarine slide velocity, bottom flow, turbidity current (1979), Pliocene, France, Alpes-Maritime, Nice; Mediterranean Sea, Var Canyon; 06663. substratum, till deposit, glacial meltwater, seismic stratigraphy, North Sea, Kattegat; 07857. tectonic evolution, alluvial deposit, morphogenesis, France, Southern Alps, Digne; Valensole; 00144. tectonic history, earthquake, coral reef, uplift, coseismic event, Papua New Guinea, Huon Peninsula; 10405. tectonic history, Woodlark triple junction, triple junction, ridge subduction, Pacific, Solomon Islands; 09077. tectonics, glacioteonics, diapir, shear zone, drape fold, Poland, Kleszczow Graben, Belchatow; 04100. terrace, coastal barrier, lagoon, delta, sea level, Brazil, Santa Catarina State, Santo Antonio Lagoon; 06604. terrace, shoreline, lagoon system, lobate delta, paleoshoreline, USA, Florida, Panhandle; 00258. terrigenous input, box core, glacial/interglacial cycle, sedimentation, calcium carbonate, Greenland, (East); Norwegian Sea; Iceland Sea; 04053. travertine, earthquake, active fissuring, faulting, Turkey, Pamukkale; 06488. travertine, neotectonics, graben, deposit morphology, Turkey, Pamukkale; 07992. travertine, shrub microfabric, bacteria, diagenesis, Italy, Tuscany, Rapolano Terme; 14354. turbidity current, abyssal plain, sea level change, continental margin, slope failure, basin fill, Atlantic, Madeira Abyssal Plain, Canary Basin; 14421. turbidity current, deep sea fan, seismic profile, sand layer, sediment supply, Mediterranean Sea, Var Canyon; Var Sedimentary Ridge; 02996. uplift rate, tilting, neotectonics, Paringa Formation, Alpine Fault zone, New Zealand, South Island, Westland, Paringa; 11695. uplift, climate change, alluvial fan, debris flow, India, Himachal Pradesh, Spiti Valley; 12983. uplift, climate fluctuation, alluvial aggradation, palaeoclimate reconstruction, alluvial fan sequence, Oman, Batinah Coast; 07770. uplift, Coral Rock Formation, cementation, reef carbonate, sea level, West Indies, Barbados; 14350. vegetation history, pollen analysis, charcoal analysis, Aborigine, Australia, Queensland; 10445. vegetation, pollen, plant macrofossil, treeline, forest history, USA, New Hampshire, White Mountains; 09170. volcanic environment, temperate climate, mass movement, through-flow, gully initiation, Mexico, Tlalpujahua River Basin; 03957. weathering, provenance, loess, desert sand, China, Taklimakan Desert; 00335.
- Quaternary amine**
organic contaminant, montmorillonite, sorption/desorption, 04380.
- Quaternary basin**
glacial erosion, interglacial, Wurm glaciation, pollen, glacial cycle, Switzerland, Vaud, Ecoteaux Basin; 04097. neotectonics, inland basin, hydrology, China, Gobi Desert; 11683.
- Quaternary chronology**
mass movement, slope failure, environmental research, dendrochronology, USA, Rocky Mountains; India, Himalaya; North America, Great Plains; 05177.
- Quaternary core**
radiocarbon dating, palaeohydrology, freshwater, microfaunal analysis, Indian Ocean, Mozambique Channel; Mozambique, Zambezi River; 05283.
- Quaternary correlation**
marker bed, Toba Ash, tephra, ignimbrite, India; Indian Ocean, Bay of Bengal; 00376.
- Quaternary deposit**
aerial photography interpretation, glacial terrain, Sweden; 01190. beach ridge, fauna, marine lithology, Argentina, Buenos Aires Province; 02821. folding, instability model, earthquake, North Sea, Kattegat; 07858.
- Quaternary environment**
chronology, pingo, patterned ground, solifluction, periglaciation, UK; 07921.
- Quaternary evolution**
alluvial fan, glaciofluvial outwash, Bull Lake, Pinedale glaciation, USA, Montana, Madison River Valley, Cedar Creek; 07867. Sangamonian transgression, Biloxi formation, Gulfport barrier, barrier deposit, aeolian dune, USA, Florida, Apalachicola; 00257.
- Quaternary geology**
borehole, Chojny Formation, Podwinek Interstadial, Czyzow Formation, lithostratigraphy, Poland, Kleszczow Graben, Belchatow; 04101. geomorphology, tectonics, volcanism, alluvial basin, palaeoclimate, South America, Andes; Falkland Islands; 07774. glacial history, Eclipse glaciation, relative age, Neoglacial, Holocene emergence, Canada, Northwest Territories, Bylot Island; 02789. global environmental change, sustainable development, groundwater, 11587. landscape, geological process, artifact density, site size, scale, USA, Texas; New Mexico; 05141. moraine, lichenometric dating, outwash, patterned ground, marine terrace, raised beach, Antarctica, West Antarctica, Trinity Peninsula, Hope Bay; 10523. mudflat, aerial photography, deltaic sediment, heavy mineral, coastal zone, Thailand, Surat Thani, Tapi River Delta; 07765. permafrost, marine submergence, saline distribution, Canada, Northwest Territories, Mackenzie Valley; 05328. Recent, porewater pressure, sea level rise, lamination, alluvium, 11739. Tertiary (late), bedrock terrain, drift, mass wasting process, Canada, Saskatchewan, Wood Mountain Uplands; Cypress Hills; 01378. thickness, till, erratic boulder, lodgement till, ground penetrating radar, Switzerland; 02794.
- Quaternary history**
calcium carbonate fluctuation, Berger dissolution index, dissolution, AABW, equatorial region, Indian Ocean, Somali Basin; 02755.
- Quaternary ice sheet**
relief formation, sedimentation, geomorphology, glaciated shelf, 10529.
- Quaternary landform**
sediment, raised beach, glacier advance, uplift, photogeological mapping, Svalbard, Spitsbergen, Wedel Jarlsberg Land, Hansbreen-Sofiekammen; 09203.
- Quaternary megafauna**
hypersaline pond, desiccation, aridity, Holocene, environmental change, Madagascar; 00209.
- Quaternary record**
cave deposit, uranium series dating, environmental change, karst, 06525. climate forcing, diatom productivity, preservation stratigraphy, Fourier spectrum, Pacific, Ontong Java Plateau, ODP Hole 806B; 00190.
- Quaternary research**
aminostratigraphy, aminochronology, AAR, mollusc, organic geochemistry, 07832. slope stability, slope failure, disaster, 09093.
- Quaternary sediment**
stratigraphic zone, mollusc zone, Bulgaria, Black Sea Shelf; 09157.
- Quaternary sequence**
erosional channel, Saalian, Eemian, Weichselian sequence, North Sea, Kattegat, Anholt; 07837. Holocene, Lauenburg clay, salt dome, Germany, Gorleben; 11816. interstadial, Flakket Interstadial, Kattegat Stadial, Eemian, foraminifera, North Sea, Kattegat, Anholt; 07873.
- Quaternary tectonics**
strike/slip fault, landscape response, neotectonic behaviour, basin formation, Spain, Betic Cordillera; 03981.
- Quelccaya Ice Cape**
retreat rate, measurement, terrestrial photogrammetry, glacier, Peru, Andes, Qori Kalis Glacier; 00278.
- Querecual Formation**
San Antonio Formation, Guayuta Group, Cretaceous, anoxia, organic matter, Venezuela, Interior Mountain Belt; 01675.
- query processing**
algorithm, parallel algorithm, object oriented database, 12692.
- quickflow**
delayed flow, sulphate, tracer, glacial runoff, flow path, 08423.
- quinaphos**
cypermethrin, fenvalerate, enzyme activity, pesticide, monocrotophos, 10871.
- quinoline**
naphthalene, organic contaminant, calcium-45, bacterial biomass, 03165.
- QWASI model**
contaminant fate, contaminant source, sediment/water transfer, mass balance model, heavy metal, lake water quality, Canada, Ontario Lake, Hamilton Harbour; 10981.
- RABES model**
caesium-137, strontium-90, Chernobyl nuclear accident, grassland soil, Italy; 06913.
- Raburi Limestone**
carbonate, micritization, neomorphism, dolomitization, Permian, Thailand; 05380.
- racemisation**
amino acid, epimerization, fossil shell, diagenesis, bone, 06705.
- racemisation kinetics**
Quaternary, mollusc, amino acid racemisation, dating, Australia, South Australia; 00161.
- radar**
African Shield, fault, lineament, Cameroon, Mandara; 15133. airborne radar, rain mapping, 14803. altimeter, troposphere, range correction, Indian Ocean; 12725. altimetry, sea surface, gravity, Atlantic; 04999. altimetry, seasonal variability, ice sheet, Greenland; Antarctica; 12839. altimetry, surface scattering, volume scattering, scattering, ice sheet, 12838. atmosphere, thermosphere, EISCAT, Scandinavia; 15121. attenuation, polarisation, phase shift, rain, parameterisation, 05869. backscatter, stand biomass, biomass, forest inventory, 02509. cloud, precipitation, X-band polarimetry, 10152. flat terrain, synoptic scale, vertical velocity, 12415. GIS, DEM creation, geocoded imagery, 08745. gravity wave, Canada, Saskatoon; 09824. gravity wave, stratosphere, troposphere, lidar, 14851. hail cloud, weather modification, 00832. HF radar, coastal current, Atlantic, English Channel, Dover Straits; 12819. ice stream, cross over analysis, Kriging, Antarctica; 12837. interferometry, Greenland, Sondre Stromfjord; 02371. mesosphere, aeronomy, 12745. mesosphere, EISCAT, Norway, Tromsø; 12744. mesospheric dynamics, meteor, Bulgaria, Yambol; 14839. methodology, thunderstorm identification, 08490. metre scale turbulence, summer, mesopause, turbulence, 11228. military, remote sensing, 04846. NEXRAD program, weather radar, overview, USA; 03408. NEXRAD program, weather surveillance radar, USA; 08487. ocean monitoring, over the horizon radar, 15213. pattern analysis, measurement, 04878. polarimetry, wave approach, 06136. rawinsonde, time series, vertical velocity, 12411. rocket observation, mesosphere, thermosphere, wind measurement, 03441. rocket, polar latitude, mesosphere, 12746. sandy soil, dielectric constant, GPR, 04321. SAR, lithological discrimination, SIR, China; 04954. sea echo model, sea spectrum, 12816. sea surface, accuracy, wave parameter, 15219. signal spike, statistics, 12689. signature, dune, seabed, sea surface, acoustic sensor, North Sea, German Bight, Lister Tief; 02549. stratosphere, mesosphere, gravity wave, 14916. surface current, Ekman circulation, Stokes drift, wind driven current, 11541. surface roughness, soil moisture, 04960. tracking, Hurricane Claudette, 02186. training manual, SRL, space radar, 15044. tropics, wind profiler, Christmas Island; 12413. troposphere, stratosphere, mesosphere, eddy, 12728. unfolding method, algorithm, wind profiler, 12412. vegetation, canopy, France; 06263. wind profile, meteorological network, minisodar, USA, Colorado, Rocky Mountains; 10159. wind profiler, gravity wave, gravity current, Doppler sodar, 00963.
- radar absorption**
ice temperature, ice column adsorption, ice impurity, Antarctica, Ronne Ice Shelf; George VI Ice Shelf; 01569.
- radar altimeter**
altimeter data processing, ERS-1, 13916. ERS-1 orbit, orbit determination, 11374. operating mode, ERS-1, land ice, ocean tracing, 13909. subglacial lake, lake, ERS-1, Antarctica; 12834.

- radar altimeter data**
global tidal model, sea surface slope, Geosat altimetry, Atlantic; 11546.
- radar altimetry**
global dataset, geophysical dataset, data management, 11377.
- radar backscatter**
aerodynamic roughness length, surface roughness, 04884. Agriscatt, soil cover, land cover, Netherlands, Flevoland; 01220. cirrus, 01171. geostrophic approximation, wind field model, Seasat scatterometer, 07529. interferometric SAR, ocean wavelength, 08909. thin sea ice, pancake/slush ice, nilas, Arctic; 14086. tropics, mangrove forest, Bangladesh, Ganga River Delta, Sundarbans Forest; 06269.
- radar backscattering**
lidar measurement, fractal geometry, geophysical field, radio altimetry, spectral albedo, soil moisture, 07470.
- radar beam direction**
group velocity, phase velocity, gravity wave, 00981.
- radar data**
convection, radial velocity, prediction model, single Doppler radar, 12403. geomorphology, Slovakia, Carpathians; 14007. ice volume transport, sonar measurement, drift data, sea ice, 01564. short term forecasting, rainfall forecast, Greece, Larissa; 14596. snow, storm, 04700. stratiform rain, precipitation, vertical profile, dual frequency radar, dual polarisation radar, 14801.
- radar echo**
area averaging, rainfall, frontal rain, threshold method, 02302. height, log normal distribution, convective cloud, India, Rajasthan, Delhi; 00994. ice sheet, seasonal melting, refreezing, percolation zone, Greenland; 04133. lightning, polarisation radar, ice particle, winter, thundercloud, 05987. lightning, rainband, Atlantic, Gulf Stream; USA, North Carolina; 02159. mantle echo, Bragg scattering, cloud, cumulus, 02129.
- radar hologram**
SAR, Almas-1, 04844.
- radar image**
mathematical morphology, textural analysis, urban zone, France, Var, Luc; 14100. volcanic terrain, roughness spectra, debris flow, electromagnetic scattering, USA, Washington, Mount St. Helens; 02716.
- radar imagery**
volcanic risk evaluation, geological hazard, hazard mapping, Landsat, Colombia, Andes, Cordillera Central, Magdalena Valley; 11500.
- radar information**
parent cloud, observation, waterspout, USA, Florida; 14830.
- radar interferometer**
aerosol, noctilucent cloud, PMSE, optical photometer, particle impact sensor, 11472.
- radar interferometry**
DEM, Earth resources satellite, 08782. ERS-1, earthquake, differential interferometry, USA, California, Landers; 03775.
- radar mapping**
polar anomaly, permafrost, extraterrestrial geomorphology, Mercury; 12985.
- radar measurement**
millimeter wavelength, ice particle, orography, cap cloud, 12402. snowpack, firm metamorphosis, seasonal melt, ice sheet, melt zone, Greenland; 09243.
- radar meteorology**
education, multiparameter Doppler radar, USA, Colorado; 01159. field course, Doppler radar, education, 01158. ice crystal, backscattering, non spherical hydrometeor, 02141.
- radar modulation transfer function**
autoregressive modelling, wave spectrum, 01234.
- radar observation**
gravity wave production, front, cold front, Australia; 00983. wind, mesopause, solar proton event, charged particle, magnetospheric forcing, 00926.
- radar polarisation**
lava flow, playa surface, Venus; USA, California, Lavic Lake; USA, Nevada, Lunar Lake; USA, Hawaii, Kilauea Mountain; USA, Arizona; 07552.
- radar profiling**
ice profiling, river ice, ice cover stability, 11555.
- radar proximity**
Doppler radar, Doppler velocity field, 07441.
- radar reflectivity**
disdrometer calibration, rainfall rate, raindrop spectra, Malaysia; 03200.
- radar reflectivity factor**
power law model, rainfall rate, 04727.
- radar sea echo spectra**
wind direction, ocean surface, Bragg line ratio, 14003.
- radar sensing**
precipitation, ocean surface, polarisation, 06293.
- radar signal**
cloud, precipitation, polarisation, envelope spectrum, 10151.
- radar signal processor**
multiparameter radar, polarimetric parameter, 07438.
- radar study**
crevasse, sheet flow, channelised water flow, ice stagnation, Antarctica, West Antarctica, Ice Stream C; 10547. ice stream, ice thickness measurement, climate change, mass balance, surface topography, Antarctica; 02848. propagation, backscattering, rain, circularly polarized S-band, 02143.
- radar surface signature**
ocean bottom, bathymetric signature, 14076.
- radar system**
solar tide, gravity wave, middle atmosphere, Canada, Saskatchewan, Saskatoon; 04685.
- radar wind profiler**
raindrop size, 01180. trade wind inversion, wind profiling, vertical air motion, USA, Hawaii; 01163.
- RADARSAT**
resource mapping, environmental monitoring, 07423.
- Radarsat mapping**
global climate, mission planning, incidence angle, Antarctica; 11559.
- radial basis function**
spline, spatial interpolation, kriging, 14462.
- radial flow**
pumping well solution, aquifer parameter, multilayer aquifer, leaky aquifer, 05792.
- radial flow basin**
sedimentation basin, flow characteristics, flocculation, mixing, 00663.
- radial flow geometry**
solute transport, dispersion, tracer rest, fracture flow, 09688.
- radial orbit**
orbit error, demodulation, sea surface, altimeter, 06297.
- radial pattern**
flow line, fan, hydraulic head, tunnel valley, subglacial drainage, USA, Minnesota, St. Croix Moraine; 10487.
- radial streams**
viscous interaction, 05915.
- radial velocity**
prediction model, single Doppler radar, radar data, convection, 12403.
- radially fractured dome**
mantle diapir, uplift, lithospheric thickness, comparative study, Venus; 09079.
- radiance**
aerosol optical thickness, ocean, SeaWiFS, 12750. diurnal cycle, tropical convection, convection, cloud imagery, 05988. phytoelement, vegetation, canopy structure, 04974. validation, clear sky, 12515.
- radiance coefficient**
wavelength, sea surface radiance, spectrum, Atlantic; 15218.
- radiance information**
variational analysis, operational data assimilation, forecast, 08488.
- radiance model**
thermal model, shortwave, radiosity, forest canopy, USA, Maine; 15167.
- radiance reflectance**
stratified two flow model, radiative transfer, light field, water body, 14079.
- radiance value**
crop growth profile, IRS, wheat yield prediction, India, Haryana; 07588.
- radiant flux**
broadband radiation, solar output, EOS, ERBE, 08848.
- radiant surface temperature**
sensor reflectance, vegetation, surface energy balance, 04627.
- radiation**
energy balance, field experiment, imagery, electromagnetic propagation, 14867. frost, shelterwood, mobile sampling, Asa shuttle, temperature, 05861. hazard, GIS, nuclear disaster, Ukraine, Chernobyl; 12867. Nimbus, earth radiation budget (1975-1992), solar irradiance, 00834. observation, short-wave flux, general circulation model, 12420. photochemistry, middle atmosphere, two dimensional model, dynamics, 09993. precipitation, sulphate, cloud, aerosol, Pacific; 13880. roughness, cloud top surface, winter, stratocumulus, ocean, Japan; 14922. sunshine, tropics, India; 08495. tropical forest, clearing, deforestation, climate, albedo, Brazil, Amazon; 07244.
- radiation absorption**
excess temperature, fast response, thermometer, heat flux, temperature sensor, 14810. vegetation canopy, remote sensing, surface albedo, 06259.
- radiation absorption efficiency**
organic dry matter, tropical rain forest, net primary productivity, incident solar radiation, 14027.
- radiation algorithm**
radiation transfer, benchmark calculation, solar radiation, direct integration, 14816.
- radiation balance**
canopy, pine forest, Germany; 13709. mountain, vertical variation, 03411. temperature fluctuation, synoptic scale, 03447. transpiration, photosynthesis, tree, 00871. turbulent flux, aerodynamics, Richardson number, profile gradient, Antarctica, Mizuho Station; 05917.
- radiation budget**
alpine, snowfield, remote sensing, model, Lowtran7, USA, Colorado, Niwot Ridge; 03414. cloud forcing, shortwave, 08500. cloud, North Sea; 08499. cloud, sea surface temperature, Pacific; 14884. instrument, satellite measurement, ERB, 09793. middle atmosphere monitoring, cloud study, ocean-atmosphere interaction, global change, 08828. ocean/atmosphere system, 09852. OLR, comparative study, Earth orbiting satellite, 02145. satellite data, Brazil, Amazon Forest; 02149. ScaRaB, weather satellite, 08847.
- radiation climate**
trend, actinometric measurement, Baltic Sea; Estonia, Toravere; 13655.
- radiation data**
clearness index, diffuse fraction, daily global radiation, Spain, Andalusia, Sevilla; Valencia; 12426.
- Radiation Data Center**
global information, 09018.
- radiation energy**
relative humidity, wind, air temperature, water temperature, evaporation, free water surface, India, Jodhpur, Cazri; 05662.
- radiation flux**
inertial navigation, pyranometer, aircraft, 04877. solar radiation, flux model, 06223.
- radiation map**
surface radiation balance, radiative transfer model, METEOSAT, 08877.
- radiation model**
greenhouse warming, moisture distribution, tropics, climate sensitivity, 12540. land surface temperature, outgoing infrared radiation, 11504. monthly, daily, yearly, seasonal, diffuse sky, 12425.
- radiation modelling**
mountainous terrain, review, 08498.
- radiation monitoring**
nuclear power station, Ukraine, Chernobyl; Byelorussia; 08962.
- radiation sensor**
solar radiation, horizontal component, 08497.
- radiation survey**
caesium, isotope concentration, air, fallout, Vietnam, Dalat; 08684.
- radiation transfer**
AVHRR data, surface/atmosphere reflectance model, reflectance measurement, Africa, (North); 09800. benchmark calculation, solar radiation, direct

- integration, radiation algorithm, 14816. radiative heating, inhomogeneous atmosphere, 03412.
- radiation transfer equation**
anisotropic scattering, analytical solution, 03409. scattering source function, extinction cross section, shortwave radiation, two stream algorithm, satellite data, 05876.
- radiation use efficiency**
semiarid tropics, temperature, soil water, millet, irrigation, 05944.
- radiative balance**
dust, aerosol, optical model, 07377.
- radiative change**
tropical region, climate change, temperature variation, Barbados; 09149.
- radiative/convective equilibrium**
convection, moisture, two dimensional, 09935.
- radiative/convective interaction**
microclimate, urban street canyon, sky view factor, canyon geometry, 03481.
- radiative/convective model**
carbon dioxide doubling, cirrus, feedback, 12514. thermal regime, dust, aerosol, 07379.
- radiative/convective system**
disequilibrium, 13769.
- radiative cooling**
katabatic wind, atmospheric outflow, cold air outflow, Antarctica; 04609.
- radiative damping**
parameterisation, damping rate, middle atmosphere, 11120.
- radiative data**
microphysical property, ocean, cumulus, aerosol, 08600.
- radiative effect**
cloud, climate, review, 07187. lidar data, optical depth spectrum, particle size distribution, Philippines, Mount Pinatubo; 11329. Soviet/American desert dust experiment, dust, aerosol, optical model, optical parameter, Tadzhikistan; 07387.
- radiative equilibrium**
grey atmosphere, variational method, source function, 11117. stratospheric warming, model, stratosphere, potential vorticity, warming event, 09884.
- radiative feedback**
polar stratospheric cloud, temperature, radiative transfer model, stratosphere, Antarctica; 03521.
- radiative flux**
energy balance, annual variability, surface energy balance, Antarctica, Zhongshan Station; 04600. ERBE, comparison, general circulation model, clear sky, 13661. insolation, orbital period, solar irradiance, precession, obliquity, 01025. tropospheric ozone, ultraviolet B, ozone, 14813.
- radiative forcing**
climate model, energy balance, time scale, intermediate time solution, 12497. climate system, aerosol, greenhouse gas, 14110. climate system, two dimensional model, oxidation capacity, anthropogenic emission, atmospheric chemistry, 11296. cloud, fog, aerosol, aqueous greenhouse species, infrared absorber, 08679. cloud, shortwave radiation budget, earth-atmosphere system, satellite data, 02148. general circulation model, warming, uncertainty, carbon dioxide, 05881. greenhouse effect, carbon dioxide emission, emission control scenario, Finland; 06011. greenhouse gas, nitric oxide emission, aircraft, troposphere, climate change, ozone, 07328. greenhouse gas, tropospheric increase, ozone, vertical distribution, 04746. review, aerosol-climate interaction, 07390. satellite data, seasonal variability, cloud, 09798. temperature anomaly trend, sulphate aerosol, anthropogenic sulphate, climate, 08620. temperature perturbation, model, dispersion, volcanic cloud, stratosphere, Philippines, Mount Pinatubo; 13865. tropical, cloud cluster, mesoscale model, 00964. volcanic eruption, atmospheric feedback, global warming scenario, 06366.
- radiative gas**
methane metabolism, raised bog, wetlands, hydraulic conductivity, methanogenesis, Canada, Ontario, Ottawa, Mer Bleue; 05086.
- radiative heating**
dust storm, frontogenesis, model, vertical circulation, 14913. inhomogeneous atmosphere, radiation transfer, 03412.
- radiative perturbation theory**
anthropogenic sulphate, sulphate, aerosol forcing, 11327.
- radiative process**
cumulus parameterisation, mass flux, mesoscale effect, vertical momentum, 01001.
- radiative property**
aerosol concentration, cloud top, 08601. aerosol, cloud processing, cloud condensation nuclei, cloud chemistry model, 02296. atmospheric emission, infrared, 12423. cirrus, parameterisation, 02151. ice crystal, cirrus, aircraft observation, 11238. mixed phase cloud, ice, cloud, 09797. review, cirrus, 07186.
- radiative surface temperature**
satellite data, urban, heat island, vegetation index, 02146.
- radiative transfer modelling**
phytoplankton pigment, CZCS, aerosol radiance, Rayleigh aerosol multiple scattering, 14055.
- radiative transfer**
absorption band, matrix operator theory, 00838. atmosphere/ocean system, refractive index, strata, discrete ordinate model, 13665. atmosphere, lidar, 12753. broken cloud problem, stochastic model, Markovian model, 02150. cirrus reflectance, cloud optical depth, 01170. climate model, regional climate, boundary layer, 11211. cloud model, six flux, 05873. cloud optical depth, cloud condensation nuclei, marine stratus, marine boundary layer, Australia, Tasmania, Cape Grim; 13997. cloud radiance field, simulated cloud retrieval, cirrus optical depth, 01169. emissivity, temperature, atmosphere, 10139. Fourier-Riccati model, 11119. general, stochasticity, 07179. irradiance, reflectance, diffuse irradiance, 02445. land surface, emissivity, 10136. light field, water body, radiance reflectance, stratified two flow model, 14079. MOS-1/VTIR, sea surface temperature, surface temperature, temperature estimation, 10137. numerical method, spherical shell, 13660. photochemistry, ozone depletion, trace gas, two dimensional model, dynamics, 09994. retrieval method, atmospheric composition, limb emission measurement, 05875. scattering model, twilight sky, near ultraviolet, visible wavelength, absorption spectroscopy, 00836. spatial grid, two dimensional, spherical harmonic series, cloudy atmosphere, 11118. spectral mixture, surface reflectance, AVIRIS, empirical line, USA, Nevada, Lunar Crater; Utah, Pavant Butte; 15141. stratosphere, potential vorticity, shear, strain, 11192. temperature, brightness temperature, firm, Antarctica; 02452. temperature, Meteosat, surface temperature, 10141.
- radiative transfer equation**
matrix operator theory, meteorological satellite, HIRS, 01161. ozone, spectrophotometer, Australia; 01181. Planck function, NOAA AVHRR, land surface temperature, 07551. volume scattering function, atmosphere/ocean system, azimuth integrated radiance, 04584. Wentz's algorithm, total column water vapour, water vapour, retrieval algorithm, 01174.
- radiative transfer model**
aircraft observation, satellite detection, ice crystal cloud, Arctic; 04702. aircraft observation, vertical structure, stratiform precipitation, microwave radiometer, 02298. atmospheric correction, solar spectrum, 11368. canopy, tree, microwave, MIMICS, 02515. cloud parameter, AVHRR, 08841. effective droplet radius, particle radius, cloud, liquid water, 13768. ERBE, anisotropic emission factor, 01164. ERBE, longwave anisotropic emission, ScaRaB, 08850. METEOSAT, radiation map, surface radiation balance, 08877. polarised reflectance, aerosol refractive index, 03727. semiarid vegetation, viewing off nadir, NDVI, discontinuous, 07570. spectral albedo, aerosol, Thematic Mapper, 11480. stratosphere, radiative feedback, polar stratospheric cloud, temperature, Antarctica; 03521. surface radiation budget, marginal ice, AVHRR, SSM/I, cloud optical thickness, 03815. TIROS-N sounder data, carbon dioxide increase, 05870.
- radiative transport model**
rainfall, total water, ice water, SSM/I data, water vapour, 09946.
- radio**
meteor, mesopause, thermosphere, hemisphere, 15122.
- radio acoustic sounding**
boundary layer, momentum flux, measurement, 12468. remote sensing, atmospheric boundary layer, Russian Federation; 10169. temperature, error, 14802. troposphere, temperature fluctuation, sounding system, 12407. wind profiler, acoustic velocity, air motion, 12405.
- radio altimetry**
spectral albedo, soil moisture, radar backscattering, lidar measurement, fractal geometry, geophysical field, 07470.
- radio echo**
ice sheet, reflection, Antarctica, Mizuho Station; 02537.
- radio echo sounding**
helicopter survey, ice radar, temperate glacier, bed topography, ice thickness, Norway, Svartsen; 02835. ice sheet, ice thickness, GRIP, GISP2, Greenland; 11863. ice thickness, basal melting, basal ice, Antarctica, Dronning Maud Land, Vestfjella; Heimfrontfjella; 02849. mass balance regime, accumulation rate, remote sensing data, atmospheric warming, TM imagery, Antarctica, Wilkins Ice Shelf; 02845. velocity, ablation rate, ice thickness, glaciological investigation, USA, Wyoming, Wind River Range, Upper Fremont Glacier; 07886.
- radio isotope scavenging**
radioactive fallout, caesium-137, lead-210, sediment, lake water quality, Chernobyl accident, Switzerland, Sempach Lake; 03293.
- radio refractivity**
marine boundary layer, water vapour, pressure profile, 03658.
- radio tracer**
groundwater flow, tracer test, in situ testing, aquifer heterogeneity, 09696.
- radio transmission**
extraterrestrial life, Galileo spacecraft, surface pigment, atmospheric methane, 07415.
- radio wave**
troposphere, waveguide, adiabatic approximation, over the horizon, 04937.
- radio wave velocity**
thermal regime, glacier structure, hydrothermal state, Svalbard, Hansbreen; Fridtjovbreen; Russian Federation, Alai Mountains, Abramov Glacier; 06628.
- radioacarbon age**
environmental change, Holocene, lowland, marine terrace, Japan, Kanto, Miura Peninsula, Hirasaku River; 14147.
- radioacarbon dating**
sea level rise, deltaic sequence, 14291.
- radioactive contaminant**
iodine-131, caesium-134, caesium-137, river water quality, aquatic ecosystem, Chernobyl nuclear accident, Ukraine, Dnieper River; 13551.
- radioactive contamination**
empirical model, radionuclide, river water, Ukraine, Chernobyl; 11343. radionuclide migration, atmospheric fallout, Chernobyl nuclear accident, prediction model, hydrosphere, 10315.
- radioactive discharge**
potable water quality, water treatment, nuclear contamination, 09636.
- radioactive fallout**
caesium-137, lake water quality, bioavailability, humic matter, Chernobyl accident, Finland; 03295. caesium-137, lead-210, sediment, lake water quality, Chernobyl accident, radio isotope scavenging, Switzerland, Sempach Lake; 03293. Chernobyl nuclear accident, gamma-spectrometric study, glacial till, moraine, Poland, Suwalki; 05072. Lagrangian/Eulerian model, diffusion model, spotted pattern, 10035.
- radioactive isotope**
atmosphere, electricity, krypton-85 pollution, conductivity, 12432. climate study, ice flow rate, ice dynamics, glacier, India, Himalayas; 06630. tritium, surface water quality, Egypt, Alexandria; 14639.
- radioactive labelling**
humic substance, humic acid, 12049.
- radioactive pollution**
hydroxyl radical, radon decay, 12594.
- radioactive tracer**
hydrogeology, cave, thermal karst, transport process, radon, airflow, Hungary, Budapest; 13019. photochemical reaction, hydroxyl radical, carbonyl sulphide, 14958. residence time, urban dust, dust flux, model, 12614.
- radioactive waste**
convection/dispersion equation, contaminant transport, vadose zone,

- organically complex contaminant, 11023. critical group, radionuclide, nuclear fuel, salt marsh, UK, England, Cumbria, Sellafield; Irish Sea; 01758. groundwater, mercury, volatilisation, USA, South Carolina, Savannah River Plant; 01762.
- radioactive waste disposal**
advection/dispersion model, slate, tracer migration, fracture flow, radionuclide transport, 04528. groundwater contamination, radionuclide retardation, sorption, precipitation, radionuclide transport, 04533. groundwater contamination, sorption, fracture flow, colloid, radionuclide transport, Switzerland; 04532. groundwater contamination, uranium migration, retardation, complexation, sandstone, 04534. migration pathway, crystalline rock, porosity, carbon-14 polymethylmethacrylate, diffusion, 04536. rock chemistry, sorption, radionuclide transport, fracture flow, heterogeneity, 04531. solute transport, adaptive grid method, groundwater flow, finite difference model, unsteady flow, 14713. solute transport, heterogeneity, groundwater transport, sorption, hydraulic conductivity, radionuclide, 05808. uraninite, sulphide, groundwater chemistry, granitic water, trace metal, Europe; 04535.
- radioactivity**
beach sand, seawater, spume, coastal environment, UK, Scotland; 12886. deposition, precipitation scavenging, washout ratio, nuclear accident, Japan, UK; Ukraine, Chernobyl; 03646. estuary, phosphate, fertiliser, Spain, Odiel River; Tinto River; 01757. fine grained sediment, heavy metal, suspended matter, particulate matter, Chernobyl nuclear accident, transport pathway, North Sea, Skagerrak; Kattegat; 00300. grassed surface, peelable coating, Chernobyl nuclear accident, fallout removal, soil, 08979. grassland soil, radiocaesium, Chernobyl nuclear accident, caesium-134/caesium-137, UK, England, Cumbria, Drigg; 03168. loess, radionuclide, 10866. salt marsh, caesium, sedimentation, nuclear fuel reprocessing, UK, England, Sellafield; Wales, Dee Estuary; 13302. waste disposal, fertiliser industry, estuary, phosphate, Spain; 07672.
- radioactivity level**
fallout, moss, lichen, seawater, Antarctica, Livingston Island; 08981.
- radiocaesium**
Chernobyl nuclear accident, artificial radionuclide, Black Sea; Mediterranean Sea; 06385. Chernobyl nuclear accident, caesium-134/caesium-137, radioactivity, grassland soil, UK, England, Cumbria, Drigg; 03168. leaching, peat bog, ion exchange, caesium-137, sorption, streamwater quality, 13529. potassium cycling, caesium-137 cycle, forest, modelling, Chernobyl nuclear accident, 03895. radionuclide, caesium-134, Chernobyl nuclear accident, forest soil, 00597. radiostrontium, pollution, countermeasure, solid-liquid equilibria, agricultural soil, 05080. sediment transport, forestry, radionuclide activity, UK, Wales, Powys, Plynlimon; 10923. sediment, organic sediment, clay sediment, nuclear fallout, lake water quality, UK, Scotland, Round Loch of Glenhead; Loch Lomond; 05744. solubility, speciation, nuclear reactor accident, caesium, 02353.
- radiocarbon**
age estimation, macrolichen, Antarctica; 01465. AMS dating, Holocene, Canis lupus, wolf, Canada, Northwest Territories, Ellesmere Island; Canada; 10518. argon-40 excess, dating, Quaternary, basalt, helium-3 dating, USA, New Mexico, Zuni-Buñdera Volcanic Field; 09137. calendar date, conversion, Bronze Age, Iron Age, Neolithic, 01455. carbon-14, humus, Chernozem, 12120. chronological integration, environmental fluctuation, dating sensitivity, stratigraphy, dendrochronology, 05274. chronology, Holocene, transgression, palaeogeography, Black Sea; Caspian Sea; 10432. chronology, sapropel, Holocene, marine sediment, Black Sea; 11784. chronology, shell midden, arid phase, climate deterioration, Oman; 09209. circulation change, ocean surface, El Nino/Southern Oscillation, Pacific, (Southwest); 08540. climate change, late glacial, pollen stratigraphy, Chile, Tierra del Fuego; Argentina, Tierra del Fuego; Chile, Lake District; 07840. groundwater recharge, palaeohydrology, groundwater residence time, isotopic data, Australia, South Australia, Otway Basin; 13578. land use, carbon storage, humus, 08149. production method, graphite target, AMS, 01454. Quaternary (late), lake level history, lake sediment, USA, Lake Michigan; 13064. soil dating, fossil soil, carbon-14, organic matter, 12079. solar forcing, thermohaline circulation, Maunder Minimum, periodicity, Atlantic, (North); 06551. thorium-230 excess, Holocene, sediment flux, Atlantic, (North); 06558.
- radiocarbon age**
age control, Port Huron moraine, glacial chronology, moraine, USA, Michigan, Port Huron; 04091. coastal change, beach ridge, uplift rate, Holocene, Chile, Norte Chico; 05318. delta, fossil reef, Holocene, coral reef, sea level highstand, USA, Hawaii, Kauai; 00274. fluvial sediment, colluvium, Pleistocene/Holocene transition, stream aggradation, terrace, USA, Oregon, Coast Range; 06450. Holocene, glacial sculpture, emergence, Canada, Northwest Territories, Ellesmere Island; Baffin Bay; 09205. humus, Pleistocene, Holocene, paleosol, palaeogeography, Ukraine, Crimea, Kerch Peninsula, Akhtars Range; 09133. lacustrine deposit, volcanic sequence, alkaline basalt, volcanic hazard, seismic monitoring, Mexico, Socorro Island, Lomas Coloradas; 01451. loess stratigraphy, Gilman Canyon Formation, Brady Soil, Peoria Loess, Pleistocene (late), USA, Kansas; Nebraska; 07834. mollusc, fossil shell, Holocene, foraminifera, ostracod, Japan, Honshu, Fukui Prefecture, Takahama-cho; 02826. plate boundary earthquake, earthquake, tsunami, sand sheet, intertidal mud, Canada, British Columbia, Vancouver Island; 10395. pollen, deglaciation, Quaternary, chronology, Chile, Taitao Peninsula; 02772. stratigraphy, desertification, aeolian transport, climate modelling, USA, Great Plains, Colorado; 12962. submerged strandline, sea level curve, meltwater discharge, coral, USA, Massachusetts; Maine, Gulf of Maine; 01531. tectonic uplift, Holocene, sea level change, Canada, British Columbia, Vancouver Island; 04112. tephra, palaeoclimate, pumice deposit, Japan, Hokkaido, Mt. Eniwa; 09142. timing, last deglaciation, glacial geology, lake sedimentology, moraine, Peru, Andes, Cordillera Oriental; 00202.
- radiocarbon analysis**
anthropogenic origin, cave, black laminae, stalagmite, Poland, Pradnik Valley, Ciemna Cave; 11768. palaeoseismicity, earthquake cluster, San Andreas Fault, charcoal, USA, California, Carrizo Plain; 11686.
- radiocarbon chronology**
archaeological site, calibration curve, medieval period, dendrochronology, Russian Federation; 10515. Mesolithic, Neolithic, settlement site, Estonia; Latvia; 10513. tropical forest, vegetated succession, Quaternary (late), pollen assemblage, lacustrine core, Cameroon, (West); Brazil, Amazonia; 00203.
- radiocarbon content**
coral, upwelling, AMS, annual variability, Galapagos Islands; 01450.
- radiocarbon date**
alluvial fan, meltwater, catastrophic flooding, USA, Missouri, Charleston; 13058. archaeological research, prehistoric settlement, Samoan prehistory, Samoa; 01457. calibration curve, calendar age, carbon-14 calibration, 01456. climate change, Quaternary, fluvial response, environmental change, floodplain, USA, Texas, Edwards Plateau; 11801. continental, tree ring record, absolute chronology, climate change, Germany; 02730. depositional environment, vegetation, Quaternary, climate change, USA, Virginia, Ridge and Valley Province; 13063. fossil rendzina soil, Dover Hill paleosol, AMS date, Allerod soil, UK, England, Kent; 11779. Holocene, sea level change, coastal uplift, marine limit, Japan, Honshu, Izu Peninsula; 01540. Holocene, Weichselian, marine sediment, foraminifera, pollen, North Sea, Kattegat; 07875. Kawakawa Tephra, Last Glaciation, pollen analysis, Wainuiomata drillhole, pollen, New Zealand, North Island, Wellington, Wainuiomata; 09189. last glaciation, blockfield, Weichselian, glacial history, nunatak, Greenland, East Greenland, Germania Land; 11833. loess, basin evolution, sediment thickness, stratigraphy, USA, Nebraska, Clay County, Rainbasin; 14162. moraine limit, glacier readvance, late glacial, climate change, Peru, Andes; Ecuador, Andes; 05335. neotectonic history, sea level data, salt marsh peat, seismic activity, USA, Maine; 01392. palaeoclimate, Holocene, plant remains, upwelling cold water, Mexico, Sonora, Sierra Bacha; 09206. planation surface, Quaternary, hyperaridity, geomorphology, oasis, Egypt, Western Desert, Dakhla Oasis; 13052. pollen stratigraphy, late glacial, Holocene, Younger Dryas, Italy, Ligurian-Emilian Apennines; 13051. pollen zone, chronology, coring, sampling, time series, USA, Minnesota, Clearwater County, Elk Lake; 02734. Quaternary, organic deposit, pollen, macrofossil, Australia, Tasmania, Newton Creek; 02786. raised marine terrace, postglacial emergence, glacioisostatic recovery, postglacial emergence, Canada, Quebec, Ungava Peninsula; 06587. raised shoreline, end moraine, Younger Dryas, Finland, Karelia; 09200. sea level rise, archaeology, Holocene, subsidence rate, Egypt, Nile Delta; 01537. stratigraphy, palaeoecology, interglacial site, organic layer, diamicton, Canada, Northwest Territories, Ellesmere Island, Wootton Peninsula; 05297. vegetation history, Holocene, pollen diagram, Antarctica, Antarctica Peninsula, South Shetland Islands, King George Island; 01529. vegetation history, pollen analysis, Kenbuchi Stadial, Younger Dryas, Japan, Hokkaido, Kenbuchi Basin; Furano Basin; 02784. vegetational history, Devensian, pollen site, Hengelo-Denekamp sequence, UK, Scotland, Grampian, Buchan, Camp Fould; 07872. vertebrate fossil record, fossil vertebrate, Wisconsinan, biotic change, USA, New Mexico, Eddy County, Dry Cave; 00197.
- radiocarbon dating**
alluvial fan deposit, landscape evolution, fluvial aggradation, UK, Scotland, Southern Uplands, Tweed River; 14144. AMS, carbon-14, laser oxidized organic, 01458. anthropogenic transport, Santorini ash, Holocene, coccolithophore, palaeobiogeography, Black Sea; 13110. biostatigraphy, industry, human remains, Moustérian, France, Ardeche, Soyons, La Baume Neron; 13071. bioturbation, Western Boundary Undercurrent, foraminifera, accelerator mass spectrometry, palaeoceanography, Labrador Sea; 14227. bottom deposit, sea level change, coastal sediment, Caspian Sea; 10521. buried soil, reliability, 10428. carbon reservoir, stable isotope analysis, 06839. cave, reindeer, Devensian, UK, Scotland, Assynt, Creag nan Uamh Cave; 01493. Chironomidae, AMS dating, lake sediment, UK, Scotland, Galloway, Round Loch of Glenhead; 00284. chronology, osseous material, bone, teeth, Palaeolithic (late), Europe, East European Plain; 10437. chronostratigraphy, tidal wetland, Holocene, sea level, climate history, USA, Delaware, Delaware, Wolfe Glade; 00260. climate change, environmental change, pollen site, USA, Indiana; Illinois; USA, Michigan; USA, Ohio, Allegheny Plateau; 07868. climate change, terminal moraine, cooling event, Younger Dryas, New Zealand, Southern Alps, Franz Josef Glacier; 13126. climate cooling, El Abra stadial, Younger Dryas, forest limit, Colombia, Eastern Cordillera; 07869. Dead Sea Scroll, statistical analysis, 01459. deglaciation theory, marine limit, Russian Federation, Franz Josef Land; 01386. depositional sequence, Holocene, sea level change, estuarine deposit, microfossil analysis, UK, Scotland, Forth Valley; 01534. deuterium, oxygen-18, groundwater recharge, lake evaporation, environmental isotope, Egypt, Aswan High Dam Lake; 00659. earthquake, fault, slip rate, recurrence interval, palaeoseismicity, Italy, Salerno; 01452. eruption, core, planktonic foraminifera, Japan; 07862. forest/steppe transition, pollen, charcoal, Nothofagus, Holocene, Chile, Tierra del Fuego, Isla Grande; Argentina, Tierra del Fuego, Isla Grande; 07870. fossil bone, bone-collagen fraction, method improvement, 10430. fossil land snail, sea level, land snail fauna, Quaternary, AMS dating, Spain, Madeira; 01490. geochronology, Pleistocene, Holocene, Russian Federation, Ufa; 10434. Holocene, fluvial system, vertical aggradation, sampling strategy, Netherlands, Rhine-Meuse Delta; 01526. Holocene, glacier variation, mudflow, lichenometric dating, Kirghizia, Tian Shan, Aksay Valley; 10516. Holocene, landslide, mass movement, Poland, Carpathians, Pieniny Mountains; 09125. Holocene, sea level, Devensian, Main Lateglacial Shoreline, Main Postglacial Shoreline, UK, Scotland, Arisaig, Rumach; 09213. Holocene, transgression, marine limit, Russian Federation, Franz Josef Land, Alexandra Land; 13124. ice, dry extraction method, Caroline core, Antarctica, Vostok Station; 11781. isostatic tilt, pollen analysis, Holocene, lake level change, Canada, Ontario, Rice Lake; 13097. late glacial fauna, Creswellian, Arctic hare, fauna, UK, England, Derbyshire, Creswell Crags, Robin Hood Cave; 09173. littoral drift, sea level rise, glacial rebound, coastal erosion, Denmark, Jutland, Skagen Spit; 05161. loess, paleosol, aeolian deposit, thermoluminescence dating, India, Kashmir; 13028. marine limit, Mya truncata, Hiattella arctica, Weichselian, shoreline displacement curve, Svalbard, Hopen; 01543. Medieval Warm Period, moraine, glacier advance, Europe; 13105. mollusc, coral, marine terrace, uplift rate, Quaternary, Iran, Qeshm Island; 02701. organic detritus, ice sheet dynamics, Estonia, Vologda District; 10435. outwash, flowtill, ice retreat, Wisconsinan (late), glacial advance, USA, Ohio; 04093. palaeoflood analysis, alluvial channel, Holocene, floodplain, USA, Oklahoma, Black Bear Creek; 07748. palaeohydrology, freshwater, microfaunal analysis, Quaternary core, Indian Ocean, Mozambique Channel; Mozambique, Zambezi River; 05283. palaeohydrology, palaeochannel,

- discharge estimation, palaeoclimate, Holocene, Thailand, Yom River, SiSatchanalai; 10517. palaeomagnetism, magnetic susceptibility, Holocene, Russian Federation, Karelia, Paanajarvi Lake, Pajanne Lake; Finland, Pajanne Lake; 13111. peat, global carbon model, carbon isotope, deep carbon gas, ombrogenous peatland, Canada, Ontario, Rainy River; 01321. pollen data, dating, peat bog deposit, Estonia, Iluinsarre Bog; 10429. pollen influx, climate change, palynostratigraphy, lacustrine record, Norway, Andoya, Ovre AERasvatn Lake; 04081. pollen, sediment record, vegetation change, marine transgression, pollen, archaeological data, USA, Massachusetts, Boston, Boylston Street Fishweir; 10474. raised beach, Holocene, uplift rate, isostatic rebound, shell bed, Chile, Andes of Chiloe; 05195. sea level rise, 'Ubaid cultural period, palaeogeography, archaeological site, Saudi Arabia; 01538. sea level rise, isostatic response, glacier unloading, last deglaciation, North Sea, Kattegat; 07892. speleothem, drowned karst, stalagmite, sea level curve, karst, Italy, Tyrrhenian Region; 05257. Stent tephra, chronology, tephrostratigraphy, New Zealand, North Island; 13114. tephrochronology, volcanic activity, Holocene, Russian Federation, Kamchatka; 10436. uplift, dextral slip rate, Holocene, beach ridge, Wellington Fault, New Zealand, North Island, Lower Hutt; 03987. uplift, marine terrace, Holocene, sea level change, earthquake, Japan, Honshu, Noto Peninsula, Hiyogawa Lowland; 01539. varve chronology, Younger Dryas, tephra, Preboreal, Allerod, AMS, Switzerland, Soppensee; 07831. Vistulian, ice dammed lake, meltwater, overflow terrace, Poland, Vistula River; 07752. Weichselian, Holocene, palaeoecology, foraminifera, ostracod, North Sea, Kattegat; 07874. Weichselian, Middle Pleniglacial stratigraphy, vegetation, palynology, Piaski Formation, Poland; 07879. Wisconsinian, deglaciation, till, ice rafting, turbidity current, Canada, Nova Scotia, Emerald Basin; 14269. Wisconsinian, vegetation, environment, climate change, USA, Mississippi, Tunica Hills; Louisiana; 13059.
- radiocarbon error**
carbonate dissolution, box model, lysocline depth, carbon dioxide cycle, Pacific; 02756.
- radiocarbon measurement**
soil carbon reservoir, tropical soil, carbon cycle model, carbon dynamics, temperate soil, USA, California, Sierra Nevada; Brazil, Amazon Basin; 00044.
- radiocarbon signature**
organic carbon, residence time, carbon-14, USA, Illinois, Urbana, Morrow Plots; Missouri, Columbia, Sanborn Field; 09444.
- radiocarbon technique**
ikaite, lake water, spring, carbonate, tufa, USA, California, Mono Lake; 02897.
- radiochemical dating**
tectonics, stratigraphy, sea level, coral reef, Red Sea; 04115.
- radioecological survey**
contamination assessment, Chernobyl nuclear accident, Italy, Adriatic Sea; 11603.
- radioisotope dating**
evaporite deposit, aeolian dust, glacial period, dust export, playa, China, Qaidam Basin; 07828.
- radioisotopic dating**
sedimentology, Taung hominid, stratigraphic analysis, South Africa, Cape Province, Tuang; 06548.
- radiolabile fraction**
cadmium, extractant, 03173.
- radiolaria**
water column, microfossil, accumulation rate, Atlantic, (Equatorial); 06767.
- radiolarian stratigraphy**
palaeomagnetism, evolution, high resolution, Pliocene, Pleistocene, Indian Ocean; 01478.
- radiolarite**
silicification, oxygen isotope, ODP Leg 129, chert, porcellanite, Pacific, Pigafetta Basin; Mariana Basin; 01647.
- radiology**
soil amendment, bauxite residue, gypsum, gamma radiation, Australia, Western Australia, Swan Coastal Plain; 06914.
- radiometer**
wind measurement, wave flux, thermosphere, 07275.
- radiometer**
anisotropy, spruce, hemlock, forest canopy, 15172. ASTER, TIR, thermal infrared, 10050. correlation analysis, Skylab S-193 sensor, scatterometer, 08784. high precision orbit, precipitable water vapour, water vapour, 11469. hydrology, semiarid rangeland, spectral data, vegetation, USA, Arizona, Tombstone, Walnut Gulch; 15148. infrared, airglow, 12666. positioning, GPS, water vapour, Japan, Kinki District, Uji; Shigaraki; Japan, Kinki District, Shionomiaki; 04934. transportation, water vapour, India, Calcutta; 15112.
- radiometer data**
ATSR, sea surface temperature, validation, aircraft, 14894.
- radiometric brightness temperature**
surface melting, global warming, ice shelf, marginal ice, Antarctica; 03816.
- radiometric calibration**
AVHRR, geostationary weather satellite, ISCCP, Meteosat, 07432.
- radiometric correction**
forest classification, DEM, topography effect, TM, Alpine environment, slope aspect, Switzerland, Widwalden Canton, Beckenried; 02512.
- radiometric date**
time scale, Pliocene (late), astronomical calibration, Pleistocene, Mediterranean; 06540. volcanicity, tectonic control, rift basin morphology, hanging wall, Malawi; 06486.
- radiometric dating**
marine terrace, uplift rate, extension rate, Quaternary, coastline change, Italy, Calabria; 06481.
- radiometric FTIR measurement**
emission spectra, smog, surface longwave radiation, infrared window, temperature inversion, 11346.
- radiometric measurement**
Chappuis absorption band, ozone concentration, aerosol, optical depth, 02339. vegetation, emissivity, surface temperature, 15185.
- radiometric observation**
microwave, temperature, cloud liquid water, water vapour, mesoscale variability, Pacific, Mariana Island, Saipan; 12404.
- radiometric profile**
cloud boundary, austral cloud, winter cloud, Antarctica, South Pole; 04708.
- radiometric quality**
SAR, clustered pixels, speckle, 13947.
- radiometric rectification**
NDVI, landscape trajectory, Landsat TM, 07556.
- radiometric survey**
economic geology, Thematic Mapper, granite, mineralization, 03747. mapping, data processing, alteration, spectral curve, Bolivia; 02552.
- radiometric temperature**
millet, sensible heat flux, two layer model, 12457.
- radiometry**
cartography, SPOT, panchromatic data, geometry, 02370. eddy, infrared, satellite, Greenland Sea; 02555. flooding, wetlands, Nigeria; 12832. geodesy, gravitational modelling, DORIS, tracking system, SPOT 2, 12673. geological map, aeromagnetic survey, Uganda; 04962. image integration, gamma ray, uranium exploration, geology, China, Liaoning Province, Lian Shanguan; 02495. remote sensing, sea ice, ice thickness, microwave, South China Sea; East China Sea; Yellow Sea; 06321. remote sensing, soil water content, microwave radiometry, Russian Federation, Altai Kriya; 10748. sea ice, ice mapping, thermal infrared, 15212. tropics, divergence, moisture, 15114. urban spatial attribute, SPOT, TM, Australia, New South Wales, Sydney; 05055. volcanic gas, volcano, remote measurement, spectral radiometer, Japan, Kyushu, Unzen; 02476.
- radionavigation**
automatic blinking system, blinking detection, Loran-C, 11400. cooperation, CIS, USSR; 05032.
- radionuclide**
accumulation rate, ice, fallout, Antarctica; 02352. advection, model, subgrid scale, dispersion, 00442. air pollution history, environmental impact, trace metal, lake acidification, Czech Republic, Sumava Mountain, Certovo Lake; 02615. americium-241, plutonium-238/239/240, caesium-137, Chernobyl nuclear accident, grassland soil, 09538. cadmium-109, sequential extraction, Norway, As; Birkenes; 13428. caesium-134, Chernobyl nuclear accident, forest soil, radiocaesium, 00597. caesium-137, caesium-134, ruthenium-106, Chernobyl nuclear accident, 12165. caesium-137, tracer, sedimentation, floodplain, UK, England, Devon, Culm River; 05343. Chernobyl nuclear accident, caesium-134, caesium-137, plant uptake, Norway; 09539. complexation, plutonium, intertidal sediment, interstitial water, salt marsh, UK, England, Cumbria, Esk Estuary; 13303. contaminant migration, groundwater flow, nuclear waste disposal, colloid, particle migration, Canada, Saskatchewan, Cigar Lake; 09726. contamination, ecological hazard, fish, trace metal, USA, New Jersey, Hackensack River; Passaic River; 06788. contamination, fish, shellfish, hazard, PAH, USA, New Jersey, Arthur Kill; Hackensack River; USA, New Jersey, Passaic River; 06789. deposition rate, sediment/water interface, oxygen uptake, nutrient recycling, North Sea; 05397. desorption, British Nuclear Fuels, plutonium, surface sediment, UK, England, Cumbria, Sellafield; Irish Sea; 09406. erosion rate, model, dispersion, Irish Sea; 00443. geochronology, sediment focusing, Pb-210, acidification, seepage, USA, (Eastern); 10684. hydrogeochemistry, isotope hydrology, groundwater dating, atmospheric source, subsurface source, Sweden; Switzerland; Canada; 03354. lake sediment, temperature, colloid, bioavailability, 09378. nuclear explosion, caesium-137 map, Ukraine, Chernobyl; Russian Federation; 11270. nuclear fuel, salt marsh, radioactive waste, critical group, UK, England, Cumbria, Sellafield; Irish Sea; 01758. particle, ground level air, Greece, Thessaloniki; 12558. phosphate fertiliser, anthropogenic emission, uranium, thorium, river sediment, Spain; 11992. pollutant, marine pollution, monitoring, eutrophication, plastic waste, 10316. pollutant, salt marsh, waste, silt, UK, England, Cumbria, Sellafield; Scotland; Irish Sea; 10709. pollution, contamination, trace metal, organic compound, hydrocarbon, Arctic; 14118. radioactive waste disposal, solute transport, heterogeneity, groundwater transport, sorption, hydraulic conductivity, 05808. radioactivity, loess, 10866. river water, radioactive contamination, empirical model, Ukraine, Chernobyl; 11343. seasonal change, terrigenous input, seafloor, continental shelf, sediment trap study, USA, California, Southern California Bight, San Pedro Basin; 08057. sediment core, stable element, reservoir, transport process, particle transport, USA, South Dakota, Oahe Lake, Cheyenne River Embayment; 01944. sediment/water interface, primary production, bottom sediment, nutrient exchange, North Sea; 00346. sedimentation, sediment source, underground river, Australia, New South Wales, Jenolan Caves; 01952. settling, bottom current, residence time, sediment transport, thorium-230, Norwegian Sea; Greenland Sea; 07960. sulphate, aerosol, trajectory, sulphur, trace metal, 08652. surface air, beryllium-7, 03579. trace element, mineral, phosphogypsum, fertiliser production, porewater chemistry, Canada, Alberta; 05809. troposphere, stratosphere, nuclear test, nuclear weapon, Ukraine, Chernobyl; 13878. uranium, radium, alpha activity, beta activity, groundwater origin, USA, Carson River Basin; 05815.
- radionuclide activity**
radiocaesium, sediment transport, forestry, UK, Wales, Powys, Plynlimon; 10923.
- radionuclide contamination**
river water quality, Chernobyl nuclear accident, Europe, Danube River; Ukraine, Dnieper River; 04482.
- radionuclide fallout**
pollution, geochemistry, environmental impact, geochemical, Chernobyl nuclear accident, Byelorussia; 02617.
- radionuclide level**
dose rate, effluent discharge, coastal water, model, UK, Wales, Bristol Channel; Severn Estuary; 10299.
- radionuclide migration**
atmospheric fallout, Chernobyl nuclear accident, prediction model, hydro-sphere, radioactive contamination, 10315. cation distribution ratio, distribution coefficient, strontium-85, Japan; 08217. Chernobyl fallout, pollutant migration, Russian Federation, Russian Plain; 01884. containment control, evaporation, solute concentration, nuclear waste repository, unsaturated zone, thermal loading, USA, Nevada, Yucca Mountain; 09711. fracture flow,

- groundwater flow, sorption, diffusion, flow wetted surface, 03332. groundwater contamination, caesium migration, sorption, fracture flow, diffusion, Canada, Manitoba, Lac du Bonnet; 12341. irrigation intensity, bromine-82, technetium-95m, rainfall simulation, 08216.
- radionuclide mobilisation**
groundwater contamination, organic matter, humic acid, fulvic acid, radionuclide transport, 09721.
- radionuclide mobility**
soil water flow, caesium-137, Chernobyl nuclear accident, strontium-90, rubidium-106, Ukraine, Chernobyl; 05626.
- radionuclide remobilisation**
lake water contamination, Chernobyl accident, caesium retention, UK, England, Lake District; 03294.
- radionuclide removal**
river catchment, Chernobyl nuclear accident, Russian Federation, Dnieper, Chernobyl NPP Zone; Pripyat; Russian Federation, Selenga; Ukraine, Dnieper; 06387.
- radionuclide retardation**
matrix flow, dual porosity model, fracture flow, advection/diffusion, chemical transport model, dissolution/precipitation, 04529. sorption, precipitation, radionuclide transport, radioactive waste disposal, groundwater contamination, 04533.
- radionuclide sorption**
plant uptake, caesium, Sweden; Libya; 01886.
- radionuclide sorption database**
performance assessment, nuclear waste repository, sorbing material, comparative study, 01307.
- radionuclide tracer**
Chernobyl fallout, sediment budget, suspended sediment, conveyance loss, UK, England, Severn River; 09612.
- radionuclide transport**
amorphous silica colloid, quartz colloid, americium-241, sorption, porous media, 03327. fracture flow, heterogeneity, radioactive waste disposal, rock chemistry, sorption, 04531. particle, colloid, coastal environment, USA, Texas; 03875. radioactive waste disposal, advection/dispersion model, slate, tracer migration, fracture flow, 04528. radioactive waste disposal, groundwater contamination, radionuclide retardation, sorption, precipitation, 04533. radioactive waste disposal, groundwater contamination, sorption, fracture flow, colloid, Switzerland; 04532. radionuclide mobilisation, groundwater contamination, organic matter, humic acid, fulvic acid, 09721. radium, contaminant retention, river water contamination, floodplain retention, uranium mine, Australia, Northern Territory; 05738. sorption data base, geosphere model, Nuclear Fuel Waste Management, Canada; 02587.
- radiosity**
forest canopy, radiance model, thermal model, shortwave, USA, Maine; 15167.
- radiosonde**
boundary layer thickness, comparison, lidar, 14860. cloud motion, wind, Meteosat, 10154. discontinuity, temporal inhomogeneity, temperature record, 12539. hygistor, accuracy, low humidity data, relative humidity, USA; 14812. regression, sea surface, temperature, SST, 15220. roughness length, turbulence data, complex terrain, balloon, 14856. sensible heat flux, AVHRR, satellite thermal sensing, forest, boundary layer sounding, France, Aquitaine, Landes; 01166. stratosphere, mesosphere, troposphere, temperature trend, rocket, 14949. stratosphere, temperature monitoring, TIROS, 03662. wind profile, unstable surface layer, shear stress, forest, 00868.
- radiosonde data**
brightness temperature, differential inversion, 01165. Dicke scanning beam radiometer, water vapour content, scanning radiometry, 08839. electrical field, solar activity, Australia, Northern Territory, Alice Springs; 09805. sky, cloudy sky, column, water vapour content, 12517. surface station, mixed layer model, daytime, sensible heat, latent heat, flux measurement, 12458.
- radiosonde observation**
atmospheric temperature, MSU, 08852. dewpoint depression, algorithm, temperature, relative humidity, 03407.
- radiosonde penetration**
cumulonimbus anvil, water vapour, 01003.
- radiosonde system**
aerological network, Russian Federation; 08827.
- radiosounding**
atmospheric correction, Meteosat, image, 02152.
- radiostrontium**
pollution, countermeasure, solid-liquid equilibria, agricultural soil, radio-caesium, 05080.
- radiotracer**
bioturbation, seafloor, deep sea sediment, deposit feeder, 01660. diagenesis, sediment/water interface, decomposition, freshwater sediment, anoxic sediment, 06700. freshwater sediment, iron-55, reduction, isotope exchange, USA, Maryland, Potomac River; 04145. oxidation, seasonal variation, manganese uptake, cerium uptake, suspended particle, USA, Chesapeake Bay; 08005.
- radish growth**
ozone, photochemical oxidant, biomonitoring, Mediterranean; 12641.
- radium**
alpha activity, beta activity, groundwater origin, radionuclide, uranium, USA, Carson River Basin; 05815. contaminant retention, river water contamination, floodplain retention, uranium mine, radionuclide transport, Australia, Northern Territory; 05738.
- radium-226**
estuary, mixing zone, sediment, river water chemistry, seawater quality, barium, Bay of Bengal; India, Ganga-Brahmaputra River System; 03286. palaeolimnology, lead-210, caesium-137, sedimentation rate, gamma counting, 14307. uranium mining, acidic soil, heavy metal, mine tailing, acid sulphate soil, Australia, Northern Territory, Ranger Uranium Mine; 14576.
- radium-226**
Nymphaea violacea (Lehm), plant, contamination, water lily, Australia, Northern Territory, Magela Creek; Ranger Uranium Mine; 01742.
- radius of influence**
groundwater flow, Thiem-Dupuit equation, pumping test, transmissivity, piezometer, 09687.
- radon**
airflow, radioactive tracer, hydrogeology, cave, thermal karst, transport process, Hungary, Budapest; 13019. environmental impact, phosphogypsum, heavy metal, fluoride, waste management, 12885. esker, indoor radon, soil uranium concentration, foundation design, glaciofluvial deposit, Finland; 08982. geological dependence, house construction, soil gas, indoor radon, India, Uttar Pradesh, Doon Valley; Dehradun; 08978. geology, 12860. progeny, aerosol, size distribution, thoron, 13873.
- radon-222**
activated charcoal passive collector, river water chemistry, 14666. soil gas, porosity, diffusion coefficient, permeability coefficient, USA, Pennsylvania; 14497.
- radon-222 daughter**
surface air, atmospheric stability, 04786.
- radon-226**
sedimentation rate, lake, erosion, lead-210, India, Himalayas, Kumaun Himalaya, Nainital; 10693.
- radon concentration**
indoor radon, lung cancer mortality, Austria, Tyrol, Umhausen; 04804. water source, indoor air quality, house depressurization, residential air, USA, Michigan; 10295.
- radon daughters**
cloud parameter, rainwater, model, tracer, 01004.
- radon decay**
radioactive pollution, hydroxyl radical, 12594.
- radon progeny**
two particle size model, 11300.
- raft foundation**
sand, time dependant behaviour, settlement, SPT value, 09098.
- railroad**
GPS, transit system, inertial, vehicle mounted sensor, Australia; 06346.
- rain**
air bubble, bubble oscillation, optical detection, transient oscillation, raindrop, 10158. alkalisation, model, below cloud aerosol, aerosol, acidification, 06050. automated sampler, wet deposition sampler, deposition, organic pollutant, 13823. avalanche, snow stability, snowpack, USA, Washington, Cascade Mountains; 14765. circularly polarized S-band, radar study, propagation, backscattering, 02143. El Nino, chronology, rainfall anomaly (1532-1891), Peru; 13724. gravity wave, kinetic energy, SAR, sea surface echo, storm microburst, 14004. laboratory simulation, preindustrial, recession rate, corrosion, marble monument, 04809. low angle slope, slush flow, slope, Kirghizia, Kirgiz Range; 07931. microwave, remote sensing, wheat, thunderstorm, 04987. orographic forcing, postfrontal rain, mesoscale model, Australia; 00957. parameterisation, cumulus, updraft, downdraft, evaporation, 11246. parameterisation, radar, attenuation, polarisation, phase shift, 05869. snow cover model, global climate simulation, global scale, snowfall, 01319.
- rain collector**
acid rain, wet deposition, Brazil, Sao Paulo; 04579.
- rain erosion**
planation surface, cyclic development, tropical weathering, climate change, summit level, Suriname; 05178. soil erosion monitoring, rainfall index, UK, England, South Downs; 08225.
- rain event**
strontium isotope, trace element, 12566.
- rain factor**
soil erosion, loess, soil loss, model study, China, Loess Plateau; 03964.
- rain forest**
river discharge, deforestation, land use effect, agricultural land use, runoff, French Guyana; 08431.
- rain forest soil**
organic matter, nutrient status, cocoa, shifting cultivation, Nigeria; 06862. pasture soil, soil physical property, soil chemical property, nitrogen mineralization, nitrification, soil fertility, Costa Rica, Atlantic Zone; 14553.
- rain gauge**
network, monsoon, rainfall variability, optimisation, India; 09945.
- rain gauge data**
point process model, rainfall, tropics, 05999.
- rain magnitude**
nonparametric method, fitting method, extreme rainfall data, 02303.
- rain mapping**
radar, airborne radar, 14803.
- rain on snow event**
runoff, percolation, snow, heat flux transducer, USA, Alaska; 03369.
- rain radar**
air velocity, wind field, 07426.
- rain rate**
airborne radar, C-band radar, probability matching, reflectivity rainfall, hurricane, 01179. microwave instrument, water budget, initialisation, 04577.
- rain shadow**
Pliocene/Pleistocene, stratigraphy, Pluvial Lake Rennie, tephra, USA, Nevada, Fish Lake Valley; California, Fish Lake Valley; 00195.
- rain triggering mechanism**
coalescence growth, cloud microstructure, warm rain initiation, 02271.
- rain water analysis**
atmospheric deposition, acid rain, precipitation chemistry, Turkey, Elazig; 01913.
- rainband**
front kinematics, thermodynamics, cold front, 02249. microphysics, front, retrieval model, cold front, 02287. radar echo, lightning, Atlantic, Gulf Stream; USA, North Carolina; 02159. thermodynamic structure, momentum budget, subtropical rainband, prefrontal rainband, convective rainband, Taiwan; 00991.
- raindrop**
laboratory measurement, oscillation, 02289. rain, air bubble, bubble oscillation, optical detection, transient oscillation, 10158. scavenging

- mechanism, precipitation chemistry, field experiment, Guttalgor, 07355. size distribution, coalescence, evaporation, breakup, 11245.
- raindrop impact**
Alfisol, aggregate breakdown, soil hydraulic property, porosity, cultivation, 00592. Permian, deformation, reworking, 09259. sandy clay loam, infiltration, surface sealing, tillage practice, USA, North Carolina, Piedmont Region; 00796. soil erosion model, splash detachment, 06812.
- raindrop size**
radar wind profiler, 01180. rainfall simulation, flow depth, overland flow, 09551. sampling variability, particle size, scatterplot, 03201. wind profiler, Doppler spectrum, 04933.
- raindrop spectra**
radar reflectivity, disdrometer calibration, rainfall rate, Malaysia; 03200.
- rainfall (1886-1987)**
rainfall record, Gambia, Banjul; 03530.
- rainfall (1979-1990)**
rainfall fluctuation, Africa; 04726.
- rainfall**
Bartlett-Lewis, rectangular pulse model, stochastic model, UK; 05992. canopy, drop size modification, forest canopy, disdrometer, 07308. climate information, drought, Africa; 13688. cluster analysis, regionalisation, principal components analysis, tropics, mesoscale, Australia, Queensland, Townsville; 12530. convective cloud, field experiment, CLEOPATRA, thunderstorm activity, Germany, Bavaria; 01328. cultivated plant, interception, 00621. drought, spatial analysis, India, Andhra Pradesh, Cuddapah District; 05993. dry season, rainy season, interannual variability, Brazil; 07306. El Nino/Southern Oscillation, oscillation (30-50 day), monsoon, Australia; 12531. elevated inversion, South Africa; 03531. extreme event, multifractal analysis, rainfall time series, fractal analysis, Reunion Island; 08276. forecasting, real time, remote sensing, model, quantitative, 13775. forecasting, remote sensing, real time, model, quantitative model, 13774. forecasting, runoff forecast, water resource, climate trend, Kazakhstan, Syrdar'ya River basin; 02107. frontal rain, threshold method, radar echo, area averaging, 02302. global data, water vapour profile, satellite, data assimilation, forecast, 11112. Global Precipitation Climatology Project, algorithm, intercomparison project, satellite infrared, 14105. granite, stability analysis, instability, debris flow, Italy, Alto Adige, Isarco Valley; 10417. iceberg, oil spill, slide looking X-band radar, sea surface radar scattering, wind speed, cyclone, 03800. ITCZ, seasonal variability, interannual variability, coral record, Panama, Gulf of Chirique, Secas Island; 14217. land use effect, streamflow model, soil moisture deficit, afforestation, evapotranspiration, UK, Scotland, Balquhider; 00803. landslide, geomorphological evolution, mass movement, Italy, Basilicata, Castronuovo S. Andrea; 05240. landslide, slope failure, South Africa, Durban; 01442. late glacial, sedimentology, lake level, palaeohydrology, palaeoclimate, Chile, Atacama Desert, Altiplano, Laguna Lejia; 14245. linear regression, forecast, spring, Brazil; 14928. magnitude, frequency, extreme rainfall, UK, Scotland; 09815. mass movement, landslide prediction, South Africa, Durban Region; 07815. Medieval Warm Period, Little Ice Age, dendrochronology, USA, Georgia; South Carolina; USA, North Carolina; 13098. monsoon season, potential rainy days, orthogonal factor analysis, Sri Lanka; 07314. monsoon, Mexico; 04617. monsoon, river regulation, anthropogenic impact, flood, China; 08301. monsoon, synoptic index, circulation, India; 07307. network design, raingauge network, principal components analysis, Uganda; 10886. parameterisation, general circulation model, general circulation model, evaporation, 11242. porewater pressure, peat slide, blanket peat, translational slide, UK, Northern Ireland, Antrim, Skerry Hill; 05237. predictability, skill, sea surface temperature, principal components analysis, Australia; Indian Ocean; 13779. prediction, monsoon, Kuo scheme, initialisation, diabatic initialisation, 06005. raingauge, tipping bucket raingauge, siphon control, 13453. return period, depth, duration, storm rainfall, New Zealand, Christchurch; 05997. risk management, design flood, flood frequency analysis, extreme event, drought, 08262. river discharge, El Nino, ice cap, Holocene, Brazil; Peru; 00243. satellite technique, oceanic precipitation measurement, SSM/I radiometer, 11637. sea surface temperature, predictability, winter, Australia; Indian Ocean; 02310. sensitivity study, monsoon, orography, general circulation model, India; 12495. slope failure, urbanisation, Hong Kong; 06521. small scale variability, spatial variability, Africa, Sahel; 05994. snowmelt, streamflow, runoff response, permafrost, glacier meltwater, China, Qinghai-Xizang Plateau; 07102. soil depth, peat soil, carbon dioxide diffusion, carbon mineralization, Poland, Biebrza Valley; 00568. Southern Oscillation Index, predictor, seasonal rainfall, Australia; 06006. Southern Oscillation, interannual variability, rainy season, teleconnection, Ethiopia; Indian Ocean; Somalia; 02305. Southern Oscillation, quasi biennial oscillation, climate pattern, extreme mode, summer, South Africa; 02166. Southern Oscillation, rainfall variability, Australia, Northern Territory, Darwin; 02299. SSM/I observation, vertical structure information, passive microwave, 14001. temperature, climate change, homogeneity, time series, 08629. temperature, polygonal karst, hydraulic conductivity, doline form, mesh size, China; New Zealand; 05261. total water, ice water, SSM/I data, water vapour, radiative transport model, 09946. trajectory, jet, heavy rainfall, 08516. tropics, coastal zone, surface conditions, interannual variability, Africa; Guinea; 12529. tropics, rain gauge data, point process model, 05999. variability, prediction, monsoon, India; 03528. vegetation pattern, South Africa, Transkei; 14837. vegetation type, NDVI, Africa, (East); 07567. vegetation, early warning system, meteorological satellite, Africa; 12735. vegetation, tropics, climate model, 07240. wintertime, climate change, regional scale, general circulation model, Europe, Iberian Peninsula; 04720.
- rainfall amount**
data deficiency, precipitation assessment, rainfall intensity, Algeria, Skikda; 10890. limited area model, theoretical invariant, spin up, 11254. rainfall intensity, forested basin, runoff, rainfall/runoff relationship, factor analysis, Czech Republic, Beskydy Mountains; 08322.
- rainfall anomaly (1532-1891)**
rain, El Nino, chronology, Peru; 13724.
- rainfall anomaly**
climate prediction, monsoon, 03535. principal components analysis, rainfall anomaly indices (1933-1990), Africa, (North); Guinea; Africa, Sahel; 13780. ship observation, Southern Oscillation, atmosphere-ocean interaction, Indian Ocean; 08544.
- rainfall anomaly indices (1933-1990)**
rainfall anomaly, principal components analysis, Africa, (North); Guinea; Africa, Sahel; 13780.
- rainfall assessment**
atmospheric circulation, El Nino/Southern Oscillation, volcanic aerosol, deforestation, climatology, Brazil, Amazonia; 08273. discharge measurement, streamflow, hydrological measurement, instrumentation, rainfall/runoff relationship, 06965.
- rainfall characteristics**
Brazil; 12523.
- rainfall chemistry**
rainforest, river water chemistry, equatorial basin, hydrochemical balance, Cameroon, Ngoko River; 08380.
- rainfall classification**
spatial distribution, sediment transport, correlation analysis, sediment yield, 08272.
- rainfall data (1900-1978)**
seasonal rainfall, India, Karanataka; 09947.
- rainfall data**
daily rainfall correlation, monsoon, wet zone, spatial variability, areal rainfall, Sri Lanka; 05655. extreme value, frequency analysis, Weibull distribution, method of mixed moments, maximum entropy method, Tunisia; 08280. fractal, multifractal index, temporal variability, France, Nimes; 07313. Nimbus 7, monsoon, Indian Ocean; 02297. pollution modelling, model sensitivity, time step interval, nonpoint source pollution, Canada, Ontario; 01990. streamflow data, time delay embedding method, chaos, hydrological time series, Hong Kong; 08333. volunteer observer, observer network, data reliability, USA, Illinois, McLean County; 05656.
- rainfall data generation**
rainfall/runoff relationship, salinity intrusion, estuary water quality, forecasting model, Gambia, Gambia River Estuary; 00674.
- rainfall decrease**
circulation, winter, Australia, Western Australia; 04722.
- rainfall depth**
runoff simulation, soil water, water balance, 03219.
- rainfall distribution**
flood forecasting, urban runoff, 01252. flood, spatial distribution, extreme event, Spain, Catalonia; 13455. forest canopy, throughfall, interception, stemflow, 12191. gradex method, extreme event, rainfall/runoff relationship, flood distribution, 08347. rainfall intensity, precipitation assessment, mountain catchment, Canada, British Columbia, Jamieson Creek; 09577. rainfall/runoff model, water resource management, water resource assessment, Ivory Coast; 13634. runoff generation, rainfall/runoff relationship, UK, Severn River; 08308. runoff, island hydrology, evaporation, India, Andaman Islands; Nicobar Islands; 10891. water resource assessment, rainfall/runoff model, ungauged catchment, Ivory Coast; 03218. wet deposition, acid rain, regional acid deposition model, deposition, China; 06083.
- rainfall duration**
intensity/duration equation, drainage design, rainfall intensity, 09573. kinematic wave method, intensity/duration curve, rainfall/runoff relationship, critical duration, peak discharge, 09593. rainfall intensity, extreme event, bivariate exponential model, Poisson model, probability distribution, Italy; 14599.
- rainfall effect**
infiltration equation, surface roughness, porosity, tillage, 05778.
- rainfall energy**
runoff, soil roughness, DEM, Luvisol, microtopography, rainfall simulation, 06860. soil erosion potential, rainfall erosivity, Brazil, Sao Paulo, Campinas; 05637. soil sealing, hydraulic conductivity, 03106.
- rainfall episode**
circulation, kona storm, USA, Hawaii; 04721.
- rainfall erosivity**
rainfall energy, soil erosion potential, Brazil, Sao Paulo, Campinas; 05637. ridge tillage, conservation tillage, contour tillage, 14591. sand dune, tropics, physical geography, Inselberg, soil erodibility, Africa; 11646. soil conservation, nutrient loss, SLEMSA, USLE, soil erosion prediction, Lesotho; 12179. soil erodibility, land management, erosion hazard mapping, Indonesia, Yogyakarta, Kulonprogo, Kokap River; 03784.
- rainfall erosivity model**
USLE, Richardson model, South America, Amazonia; Brazil, La Cuenca; 09558.
- rainfall estimate**
algorithm, calibration, collateral data, short period, satellite, 04717.
- rainfall estimation**
C-band radar, propagation effect, 01177. hyrax dung, Holocene, precipitation reconstruction, palynology, South Africa, Cape Province, Middelburg; 04432. precipitation, hydrological cycle, 13772. vegetation index, rangeland production, Meteosat, Africa, Sahel; 07573.
- rainfall/evapotranspiration**
Thornthwaite-Mather method, basin classification, runoff, catchment yield, 06969.
- rainfall event**
clay soil, pore air pressure, groundwater recharge, water table response, Japan, Tsukuba Plain; 08398. extreme event, spatial distribution, erosion, Poland, West Pomerania; 12186. Gumbel technique, extreme event, return period, probable maximum precipitation, Hershfield technique, India, Karnataka; 05657. hydrograph shape, river water level, flow rating curve, flood, Hungary, Danube River; 06961. interannual variability, trend, Southern Oscillation, Australia; 04719. multifractal, extreme event, 01005. peak rain, extreme event, temporal pattern, New Zealand, South Island, Southern Alps; 08278.
- rainfall excess**
kinematic wave model, runoff volume, recession infiltration, 12206.
- rainfall field**
self similarity, multicomponent decomposition, spatial rainfall, 05990. wavelet transform, spatial rainfall, multicomponent decomposition, 05991.

rainfall fluctuation

rainfall (1979-1990), Africa; 04726. trend analysis, Nigeria; 02307.

rainfall forecast

radar data, short term forecasting, Greece, Larissa; 14596.

rainfall frequency

frequency map, diurnal rainfall, return period, runoff, USA, Louisiana; 10889. time series analysis, periodicity, flood frequency, river discharge, annual discharge, Africa; Finland; UK, Wales; 13471.

rainfall frequency analysis

regional flood, rainfall/runoff relationship, flood frequency analysis, extreme event, 08350.

rainfall generation technique

reservoir operation, hydrograph prediction, water management, typhoon, flood forecasting, 08454.

rainfall index

rain erosion, soil erosion monitoring, UK, England, South Downs; 08225.

rainfall intensity

atrazine, bromide, pesticide leaching, crop residue, 09544. extreme event, bivariate exponential model, Poisson model, probability distribution, rainfall duration, Italy; 14599. forested basin, runoff, rainfall/runoff relationship, factor analysis, rainfall amount, Czech Republic, Beskydy Mountains; 08322. hyetograph, storm depth, scaling model, storm duration, 03203. hyetograph, time distribution, dimensionless hyetograph, Spain; 03204. infiltration rate, soil characteristics, antecedent moisture, semiarid region, Swaziland, Lowveld; 02031. macropore, groundwater recharge, water table response, Malaysia, Sabah, Ulu Segama; 08391. manure, slurry application rate, swine manure, runoff water quality, runoff concentration, 02000. precipitation assessment, mountain catchment, rainfall distribution, Canada, British Columbia, Jamieson Creek; 09577. rainfall amount, data deficiency, precipitation assessment, Algeria, Skikda; 10890. rainfall duration, intensity/duration equation, drainage design, 09573. rill erosion, overland flow, sediment yield, UK, Scotland, Angus; 06933. sea surface temperature, tropical cyclone, model, sensitivity, cyclone, 13750. sediment transport, rainfall simulation, 04422. slope steepness, interrill erosion, soil water content, rainfall simulation, 12173. slope, rainforest soil, soil erosion rate, splash detachment, Malaysia, Sabah; 05635. soil drainage, afforestation, runoff, furrow length, UK, Scotland; 03193. soil erosion variability, ephemeral erosion, gully erosion, Belgium; 08230. soil physical property, soil conservation, Czech Republic, Moravia; 08251. soil seasonal variation, soil micromorphology, runoff, infiltration, surface crust structure, France; 05640. soil water regime, soil seal layer, soil wetting process, infiltration, 03114. surface water contamination, runoff water quality, asbestos tailing, erosion rate, South Africa; 12267.

rainfall isotope

throughfall isotope, soil water isotope, groundwater isotope, runoff model, isotopic heterogeneity, USA; New Zealand; China; 08309.

rainfall layered runoff

forest, soil characteristics, water yield, rainfall/runoff relationship, 08316.

rainfall maximum

extreme event, cluster analysis, flood peak, principal components analysis, spatial distribution, Japan, Kinki District, Yamato River Basin; 08334. extreme event, flood risk, rainfall/runoff relationship, runoff generation, Russian Federation, Sosna River; Seim River; Russian Federation, Studeniy River; Russian Federation, Volgoda River; Russian Federation, Velesa River; 08337.

rainfall pattern

cluster analysis, principal components analysis, regression analysis, rainfall prediction, 03198. evapotranspiration, runoff, river discharge, water budget, Brazil, Amazon River; 08284. groundwater condition, mass movement, landslide, groundwater effect, Brazil, Olinda; 04031. monsoon, coast, ecosystem, meteorology, India, Tamil Nadu, Parangipettai; 09574. topological conjugacy, time series, rainfall/runoff process, runoff pattern, Botswana; 01931.

rainfall pH

buffering capacity, acid rain, karst environment, weathering rate, 06524.

rainfall point process

rainfall/runoff relationship, runoff model, stochastic model, analytical model, Columbia; Netherlands; 09600.

rainfall prediction

carbon dioxide, soil moisture, climate change, forecast, 05063. rainfall pattern, cluster analysis, principal components analysis, regression analysis, 03198.

rainfall probability

extreme event, flood, USA, Arizona, Gila River; 10888. ungauged catchment, rainfall/runoff model, flood frequency analysis, St. Lucia, Cul de Sac River; 08317.

rainfall profile

flood estimation, storm rainfall, 03525.

rainfall rate

C-band radar, 01178. convection, precipitation pattern, Hurricane Hugo, latent heat release, USA, South Carolina, Charleston; 07534. latent heating, halocline distribution, satellite data, tropical rainfall, TRMM, 06434. marine cyclone, water vapour, surface wind speed, 08838. passive microwave, statistical inversion technique, hydrometeor profile, brightness temperature, 14000. radar reflectivity factor, power law model, 04727. raindrop spectra, radar reflectivity, disdrometer calibration, Malaysia; 03200. weather radar, brightband error, 01176.

rainfall record

rainfall (1886-1987), Gambia, Banjul; 03530. time series data, drought, chance mechanism, UK; Australia; 05654.

rainfall response

rainfall/runoff relationship, time/area runoff prediction, spatial variability, UK; 06956.

rainfall/runoff

climate change, evaporation, transpiration, water resource, land use classification, Canada, British Columbia, Rocky Mountains; 03197. design hydrograph model, partial duration series, hydrograph, multiple event analysis, urban catchment, USA, California, Los Angeles; 10912. impervious area, pervious area, runoff, urban catchment, 10913. karst terrain, runoff, groundwater flow, spring, Croatia, Dinaric Alps, Crnojevica Spring;

00637. linear perturbation model, flow forecast model, seasonal variability, flow routing, China, Yangtze River; 14607. soil moisture content, extreme event, flood, antecedent conditions, France, Cevennes, Lozere Mont; 08303. soil moisture storage, soil erosion, loess soil, runoff generation, Horton overland flow, Netherlands, South Limbourg; 10919.

rainfall/runoff analysis

flood simulation, soil conservation service method, runoff prediction, curve number table, Thailand; 08315.

rainfall/runoff model

agricultural land use, catchment scale, evapotranspiration prediction, 08297. atmosphere/land surface model, hydrological model, mountainous area, Poland, Sola River; 05105. conceptual model, calibration model, optimisation, 06960. flood forecasting, maximum entropy spectral analysis, real time model, 05671. flood forecasting, maximum entropy spectral analysis, real time model, model verification, 05672. flood frequency analysis, rainfall probability, ungauged catchment, St. Lucia, Cul de Sac River; 08317. GIS, hydrological simulation, synthetic unit hydrograph, runoff curve number method, Canada, Alberta; 01922. GIS, microscale catchment, mesoscale catchment, streamflow generation, deforestation, USA, Colorado, Rocky Mountains, Deadhorse Creek; Germany, Rheinisches Schiefergebirge, River Brol; 08305. hydrograph separation, afforestation, ditching, deforestation, streamflow response, land use effect, UK, Scotland, Balquhiddy; 08084. hydrological model, model calibration, expert system, SMAP, 05652. interception, evapotranspiration, model validation, strip thinning, streamflow, 09747. land use effect, climate change, basin model, river discharge, unsaturated zone model, Netherlands, Rhine River; 08327. land use effect, runoff variability, evapotranspiration, soil moisture, Czech Republic, Labe River; 13467. linear model, complexity, hydrograph, 05681. lumped model, semiarid catchment, runoff forecasting, distributed model, USA, Arizona, Walnut Gulch; 14606. maximum likelihood method, least squares method, flash flood, conceptual model, flood forecasting, Italy; 05676. model calibration, runoff estimation, parameter estimation, Australia; 13478. model comparison, process equation, polynomial equation, time series equation, conceptual model, catchment yield, 01927. modelling, flood generation, subsurface flow, runoff process, catchment hydrology, 10917. runoff yield, efficiency coefficient, streamflow estimate, model assessment, Australia; 09585. satellite remote sensing, sewer network, sewer system design, 07655. seasonal runoff, ARMA, runoff, conceptual stochastic modelling, aggregation scale, Italy, Apennines; 05675. spring, karst aquifer, karst basin, catchment model, Turkey, Manavgat River Basin; 00649. ungauged catchment, rainfall distribution, water resource assessment, Ivory Coast; 03218. unit graph estimation, quadratic programming, difference norm, 05680. variable gain factor model, antecedent soil moisture, soil moisture index, Volterra model, hydrograph, 14610. water holding capacity, soil water capacity, general circulation model, runoff, river discharge, 08331. water resource management, water resource assessment, rainfall distribution, Ivory Coast; 13634.

rainfall/runoff modelling

unit hydrograph, baseflow separation, excess precipitation, effective precipitation, 05665.

rainfall/runoff process

runoff pattern, rainfall pattern, topological conjugacy, time series, Botswana; 01931.

rainfall/runoff relationship

computer model, hydrograph, unit hydrograph, linear programming, 09586. critical duration, peak discharge, rainfall duration, kinematic wave method, intensity/duration curve, 09593. design flood, flood frequency analysis, probable maximum flood, probable maximum precipitation, extreme event, China, Yangtze River, Three Gorges; 08339. design flood, probable maximum rainfall, unit hydrograph, Mexico, Veracruz, Tecolutla River; 10905. factor analysis, rainfall amount, rainfall intensity, forested basin, runoff, Czech Republic, Beskydy Mountains; 08322. flood distribution, rainfall distribution, gradex method, extreme event, 08347. flood forecasting, design flood, ungauged catchment, unit hydrograph, Czech Republic, Bohemia; 06971. flood frequency analysis, extreme event, rainfall frequency analysis, regional flood, 08350. flood frequency, runoff generation, topographic index, saturation excess runoff, infiltration, extreme event, 08344. flood magnitude, flood frequency analysis, return period, runoff curve number method, peak discharge, 08338. flood study, atmospheric circulation, irrigation practice, China; 10906. groundwater recharge, runoff, soil loss, soil conservation, India, Andhra Pradesh, Kurnool District, Chinnatekur; 09734. infiltration, unsaturated flow, intake velocity, fractured rock, contaminant transport, 02040. infiltration, urbanisation, runoff, macropore, concentration time, 08320. lag time, time to peak, peak discharge, basin lag time, China; 09598. probable maximum flood, flood estimation, orographic effect, New Zealand, South Island, Southern Alps; 08348. rainfall assessment, discharge measurement, streamflow, hydrological measurement, instrumentation, 06965. rainfall distribution, runoff generation, UK, Severn River; 08308. rainfall layered runoff, forest, soil characteristics, water yield, 08316. runoff generation, rainfall maximum, extreme event, flood risk, Russian Federation, Sosna River; Seim River; Russian Federation, Studeniy River; Russian Federation, Volgoda River; Russian Federation, Velesa River; 08337. runoff model, stochastic model, analytical model, rainfall point process, Columbia; Netherlands; 09600. runoff ratio, climate change, river discharge, Egypt, Nile River; Sudan, Blue Nile; Ethiopia, Blue Nile; 09584. runoff sensitivity, rainfall variability, temporal variability, spatial variability, 05678. runoff, vegetation cover, flood hydrology, France, Rhone, Lyons, Beaujeu, Ardieres Basin; Buyon, Vauxonne Basin; 06970. salinity intrusion, estuary water quality, forecasting model, rainfall data generation, Gambia, Gambia River Estuary; 00674. spatial scale, hydrology, scaling, hydrological parameterisation, Australia, Western Australia; 08323. streamflow, drought, multiple regression model, baseflow index, Japan, Tone River; 08321. subsurface drainage, surface runoff, soil moisture content, infiltration capacity, Water Erosion Prediction Project, runoff rate, 09736. time/area runoff prediction, spatial variability, rainfall response, UK; 06956.

rainfall/runoff simulation

physical model, semi distributed model, topographic index, drainage, UK, Scotland, Balquhiddy; 00636.

rainfall series

optimisation, raingauge, India; 02304. precipitation (1844-1991), instrumental period, monsoon, India; 07311.

rainfall simulation

clay content, sealing, surface seal, soil hydraulic property, USA, Georgia; 14569. crop residue, nutrient leaching, leaching, 01855. crusting, soil densification, soil consolidation, 10775. flow depth, overland flow, raindrop size, 09551. hydrodynamics, soil physical property, surface crust, Andisol, 05552. lysimeter, soil loss equation, sediment transport, 09550. manure, organic material, splash detachment, Nigeria, Borno State; 03189. overland flow, runoff, Germany; Algeria; 08244. radionuclide migration, irrigation intensity, bromine-82, technetium-95m, 08216. rainfall energy, runoff, soil roughness, DEM, Luvisol, microtopography, 06860. rainfall intensity, sediment transport, 04422. rainfall intensity, slope steepness, interrill erosion, soil water content, 12173. rill erosion, rill initiation, Brunisol, Canada, Ontario; 04425. runoff, interrill erosion, leaching, phosphate, bromide, 09452. runoff, interrill erosion, surface crust, soil drying, soil water, USA, (Southeast); 05643. runoff, shrubland soil, gypsiferous soil, Spain, Ebro Valley; 13445. sediment yield, semiarid soil, cryptogam cover, splash detachment, Australia; 14590. soil crust conductivity, hydraulic conductivity, soil temporal variation, 14556. soil erosion control system, runoff, sediment yield, 06935. soil erosion control system, runoff, sediment yield, 06936. soil erosion control, infiltration, runoff, mulch, USA, Oregon; 06939. soil erosion model, rill erosion model, rill network, interrill erosion, 14589. soil erosion reduction, gypsiferous amendment, surface sealing, interrill erosion, slope, USA; 05553. soil hydraulic property, surface crust, Andisol, 05593. soil physical property, tillage, soil surface roughness, Hapludalf, 14557. soil seal, Ultisol, Alfisol, Mollisol, weathering, hydraulic conductivity, USA, (Midwest); Georgia; 05601. soil surface structure, loessial soil, antecedent soil moisture, soil water content, 05639. soil texture, soil erodibility factor, Libya; 12178. splash detachment, rainsplash, hydrophobic soil, 04424. surface crust, laser scanner, microtopography, bulk density, 05594. surface crust, slope, surface seal, loess, runoff, China, Lishi, Wangjiagou; 05641.

rainfall simulator

alternative agriculture, Haplaquoll, Hapludoll, infiltrometer, infiltration, USA, Iowa; 01788. hydraulic conductivity measurement, infiltrometer, permeameter, 00491. laboratory soil pan, interrill erosion, 03187. runoff analysis, urban hydrology, infiltration rate, kinematic wave model, Japan, Tokyo; 08319.

rainfall station

principal components analysis, tropics, classification, 13773.

rainfall time series

Fourier transform, scaling regime, 04712. fractal analysis, rainfall, extreme event, multifractal analysis, Reunion Island; 08276. fractal analysis, time series, high resolution series, 11255.

rainfall timing

herbicide residue, atrazine, tillage, 12170.

rainfall variability

optimisation, rain gauge, network, monsoon, India; 09945. Pacific/North American pattern, teleconnection, precipitation event, USA, (Southeast); 13778. rainfall, Southern Oscillation, Australia, Northern Territory, Darwin; 02299. sea surface temperature, Atlantic; Ghana; 13777. singular spectral analysis, principal components, time scale, Malaysia; 03526. sugar cane production, climate variability, crop yield, El Nino/Southern Oscillation, Australia, Queensland; 08279. temporal variability, spatial variability, rainfall/runoff relationship, runoff sensitivity, 05678. trend, Brazil, Sao Paulo State; 03527. tropics, climate, 07221. water resource management, island hydrology, computer model, irrigation water management, Guadeloupe; 08446.

rainfall variation

global study, summer monsoon, sea surface temperature, Southern Oscillation, India; 05057. lake water level, water balance model, Africa, (East), Victoria Lake; 13484.

rainfall zone

monsoon, principal components analysis, India; 02306.

rainfed agriculture

irrigated agriculture, soil water content, Penman-Monteith equation, evapotranspiration, crop coefficient, 09583. runoff irrigation, catchment area, Mali, Kayes Region, Kanguessanou; 07632.

rainforest

agriculture, humid tropics, sedimentation, land use effect, water balance, 08427. Eucalyptus woodland, Pleistocene (late), charcoal, Australia, Queensland; 06571. flood, geomorphology, humid tropics, tropical landform, 01375. global carbon budget, charcoal formation, carbon budget, biomass burning, Brazil, Amazonas, Manaus; 05097. hydrograph pattern, forest catchment, baseflow, surface runoff, runoff yield, China, Hainan Island, Jiangfengling; 02090. iron age, fire, palaeoecology, Gabon; 10468. land surface, surface reflectivity, desert, 04968. photosynthetically active radiation, tropics, forest, microclimate, canopy gap, Borneo; 03479. river water chemistry, equatorial basin, hydrochemical balance, rainfall chemistry, Cameroon, Ngoko River; 08380. savanna climate, palaeoenvironmental condition, geomorphology, pedological investigation, fluvial form, Zaire; 00207. sedimentation rate, physical geography, urbanisation, coastal geomorphology, Asia, (Southeast); 11682. transpiration, stomatal conductance, leaf area index, Brazil, Amazon; 04439.

rainforest ecosystem

forest catchment, precipitation chemistry, throughfall chemistry, stemflow chemistry, runoff water quality, streamwater quality, China, Hainan Island, Jianfengling; 02091.

rainforest soil

infiltration rate, bulk density, overland flow, logging, tractor track, Malaysia, Sabah, Upper Segama; 08194. litter layer, leaf litter, mineralization, Brazil, Pernambuco; 08137. logging, nutrient cycling, soil chemical property, Australia, Queensland, Birthday Creek; 08209. palaeoenvironment, savanna soil, ferrallitic soil, humus, carbon-13, Congo; 09472. parent material, organic carbon, soil chemistry, nutrient availability, deforestation, Australia, Queensland, Atherton Tableland; 05605. pasture soil, nitrous oxide, acetylene block, denitrification, soil amendment, Costa Rica, Atlantic Lowlands; 10807. silicon, element cycling, mineral composition, soil

biological activity, Brazil, Amazon Basin; 00526. soil erosion rate, splash detachment, rainfall intensity, slope, Malaysia, Sabah; 05635. soil water content, irrigation, sulphur mineralization, nitrification, nutrient availability, Panama, Barro Colorado Island; 00543.

raingauge

network method, precipitation observation, 00827. rainfall series, optimisation, India; 02304. shipboard measurement, sea, optical scintillation, 13650. snowgauge, instrumentation, precipitation measurement, gauge bias, 12184. tipping bucket raingauge, siphon control, rainfall, 13453.

raingauge data

threshold method, 04580.

raingauge network

principal components analysis, rainfall, network design, Uganda; 10886.

rainout

rainwater quality model, parameterisation, urban environment, scavenging coefficient, 11345.

rainsplash

hydrophobic soil, rainfall simulation, splash detachment, 04424. seasonal variation, vegetation cover, soil erosion, erosion rate, sediment yield, Tanzania; 04281. soil erosion pillar, microgeomorphic system, process-response relationship, 01901.

rainstorm

fenestra, limestone, Pleistocene, calcarenite, aeolianite, Bahamas, Great Bahama Bank, Eleuthera; San Salvador; 07969. liquefaction, mobility index, debris flow, landsliding, Thailand, Nakhon Si Thammarat Range; 07817. stream discharge, baseflow chemistry, streamwater chemistry, New Zealand, South Island, Craigieburn Range; 08379. translational hillslope failure, stability model, soil moisture, slope instability, UK, Scotland, Aviemore; 09119.

rainwater

air quality, chemical composition, precipitation, Zimbabwe, Harare; 11604. caesium-137, technetium-99, Chernobyl nuclear accident, residence time, activity ratio, Spain; 01299. carbon dioxide, soil effect, karst corrosion, solution capacity, 07821. lead, petrol, gasoline consumption, aerosol, Mediterranean; 04803. meteorological analysis (1987-1991), tritium, Japan, Fukuoka; 15000. model, tracer, radon daughters, cloud parameter, 01004. principal components analysis, power station, Spain; 06068. seasonal variability, methanesulphonic acid, dimethyl sulphide, marine atmosphere, Indian Ocean, Amsterdam Island; 07353. seepage, check dam site, India, Karnataka, Hassan District, Alur Taluk; 07630.

rainwater chemistry

atmospheric deposition, solubility, aluminium, 04434.

rainwater content

updraft speed, microwave link, path-average estimate, 02142.

rainwater harvesting

remote sensing, watershed, groundwater, India, Andhra Pradesh, Anantapur District; 10240. roof catchment, precipitation quality, 06953.

rainwater quality model

parameterisation, urban environment, scavenging coefficient, rainout, 11345.

rainwater sample

convective shower, ionic composition, sequential sampling, India, Pune; 11251. particulate, trace metal, trace organics, nitrogen species, distribution, North Sea; 00894.

raised beach

climate change, deglaciation, sea level, glacioisostasy, Norway, Varanger Peninsula; 01536. environmental reconstruction, periglacial slope deposit, loess, Quaternary, field guide, UK, England; 07871. glacier advance, uplift, photogeological mapping, Quaternary landform, sediment, Svalbard, Spitsbergen, Wedel Jarlsberg Land, Hansbreen-Sofiekammen; 09203. glacialine deposit, solifluction, periglacial activity, environmental reconstruction, Pleistocene, UK, Wales, Gower, Broughton Bay; 14274. Holocene, uplift rate, isostatic rebound, shell bed, radiocarbon dating, Chile, Andes of Chiloe; 05195. Quaternary geology, moraine, lichenometric dating, outwash, patterned ground, marine terrace, Antarctica, West Antarctica, Trinity Peninsula, Hope Bay; 10523. sea level, gravel barrier, provenance, washover, UK, Northern Ireland, County Antrim, Rathlin Island, Church Bay; 11662.

raised bed cultivation

water quality, agricultural water management, sediment retention, nutrient retention, Bolivia, Andes Mountains, Lake Titicaca Basin, Titwanaku; 02095.

raised bog

hydrosere, acidification, biostratigraphy, Holocene, lake, Finland; 02809. palaeobotany, climate change, palaeoenvironment, UK, England, Cumbria, Bolton Fell Moss; 13106. peat, Holocene, stratigraphy, humification, palaeohydrology, Finland, Pesansuo; 04107. peatland, mollusc, subglacial channel, Germany, Upper Swabia, Bad Waldsee; 09175. regeneration, peat harvesting, peatland, rehabilitation, Germany, Lower Saxony; 06537. wetlands, hydraulic conductivity, methanogenesis, radiative gas, methane metabolism, Canada, Ontario, Ottawa, Mer Bleue; 05086.

raised coastal basin

postglacial, sea level change, Tapes transgression, diatom analysis, stratigraphy, Norway, Troms, Vanna; Lyngen; 09214.

raised marine shoreline

isostatic uplift rate, Holocene, deglaciation, sea level change, emergence, Antarctica, Budd Coast, Windmill Islands; 01544.

raised marine terrace

postglacial emergence, glacioisostatic recovery, postglacial emergence, radiocarbon date, Canada, Quebec, Ungava Peninsula; 06587.

raised shoreline

end moraine, Younger Dryas, radiocarbon date, Finland, Karelia; 09200. uplift rate, Holocene, shoreline, Greece, Perachora Peninsula, Corinth; 10400. vertical movement, sea level change, isotopic curve, uplift, Italy, Calabria; 06606.

raman

dial measurement, ozone, stratosphere, volcano, aerosol cloud, 01052.

Raman scattering

Monte Carlo, scattering, ocean optics, 10221.

Raman spectroscopy

vibrational spectroscopy, water quality analysis, spectroscopy, infrared spectroscopy, 07004.

- Ramdas layer**
boundary layer, temperature minimum, nocturnal temperature, 13717.
- ramp discharge test**
irrigation canal, accuracy, computer program testing, mass conservation test, 04457.
- Ramusio map**
cartographic history, Venetian cartography (16th century), 07503.
- random boundary condition**
groundwater flow, semi confined aquifer, stochastic analysis, perturbation technique, boundary element, 02052.
- random choice method**
glimm method, transport equation, atmosphere, 15041.
- random coefficient**
covariance structure, Fisher scoring method, maximum likelihood, logistic regression, 07714.
- random coefficient model**
phytoplankton, nitrogen, phosphorus, eutrophication, lake water quality, USA, North Carolina; 09667.
- random displacement model**
Langevin equation model, complex flow, concentration field, 13708.
- random error**
extended range forecast, forecasting experiment, systematic error, 01008.
visualisation, terrain slope, digital elevation model, 13975.
- random field generation**
hydrogeology, groundwater process, Fourier transform method, 03326.
- random field model**
sulphate deposition, kriging, 02340.
- random flight**
flow boundary, dispersion model, well mixed condition, 05937.
- random function**
cartographic technique, coding process, morphology, substitution, 00059.
large lattice, screening sequential algorithm, algorithm, simulation, 00066.
- random leakage**
groundwater flow, stochastic analysis, leaky aquifer, 14723.
- random recharge**
groundwater recharge, optimal estimation, stochastic analysis, 14724.
- random sample**
classification, Bayes theorem, thematic map, 01125.
- random topology model**
channel network, Brownian surface, fractal, fractional Brownian process, 09035.
- random walk**
rare event approach, survival statistics, fractal time, decay process, 02648.
temperature series, climate change, greenhouse warming, 08623.
- random walk model**
density, structure, ice accretion, 07293. transport, diffusion, pollutant, katabatic flow, 07225.
- random walk process**
image processing, fractal dimension, multifractal analysis, 11420.
- randomisation**
soil map, error animation, map accuracy, 13976.
- randomised block design**
soil spatial variability, tillage, 06925.
- randomness**
regularity, cloud field, clustering, 07299.
- random field method**
channel hydraulics, water resource modelling, point estimate method, single random variable method, 09616.
- range correction**
radar, altimeter, troposphere, Indian Ocean; 12725.
- range data**
wind speed, lidar, plume height, 10160.
- range finder**
hot surface, laser, 04840.
- range front**
residual tectonic topography, morphotectonic approach, fault, geomorphology, Poland, Sudetes Mts.; 06483.
- range management**
NDVI, AVHRR, 03788.
- rangeland**
NDVI, GVI, vegetation index, biomass, 06262. pest control, grasshopper infestation, accuracy, GPS, aerial spraying, USA, North Dakota; 02378.
water table depth, unfertilised rangeland, groundwater quality, sampling, USA, Florida; 07083.
- rangeland production**
Meteosat, rainfall estimation, vegetation index, Africa, Sahel; 07573.
- ranging**
spaceflight instrument, laser altimeter, Mars; 10193.
- Ranipat Formation**
Dharangadhra Group, coastal sedimentation, sandstone, trace fossil, Cretaceous, India, Gujarat; 09337.
- rank test**
trend, Spearman statistic, incomplete data, 11628.
- ranked set sampling**
relative precision, regression estimator, 09012.
- ranking**
solar radiation model, multiple locations, nonparametric procedure, statistical procedure, 14814.
- Rannoch Formation**
diagenesis, sandstone, cemented horizon, calcite, Brent Group, North Sea, North Viking Graben, Murchison Field; 06685.
- rape**
phlogopite, vermiculitisation, potassium, X-ray diffraction, rhizosphere, 08134.
- rapid retreat**
driving stress, basal friction, shape factor, mechanical control, USA, Alaska, Columbia Glacier; 01565.
- rapidly rotating vortex**
hurricane, vortex, three dimensional, balance theory, 11194.
- rare earth element**
composition, precipitation, aerosol, 10012. geochemistry, trace element, citrus tree, USA, Florida; 06805. playa lake, neodymium, samarium, dysprosium, lake sediment, groundwater discharge, Australia, Western Australia, Yilgarn Block, Gilmore Lake; 14624. white clay soil, trace element, geochemistry, China, Heilongjiang, Three River Plain; 06808.
- rare event approach**
survival statistics, fractal time, decay process, random walk, 02648.
- raspberry**
organic carbon, nitrogen, aggregate stability, interrow crop, ground cover, tillage, Canada, British Columbia, Fraser Valley; 10830.
- RASS**
Bragg condition, 10078. profiler, wind, temperature, measurement, 02451. seasonal variability, boundary layer structure, monthly average, wind profiler, 00865. short radar wave, 10145. wind profiler, rawinsonde, water vapour, microwave radiometer, USA, Colorado; 01084.
- raster**
digital imagery, image processing, 02431. GIS, artificial intelligence, route finder, USA, Hawaii, Oahu Island; 06345. vector, three dimensional, terrain model, merging, 06180.
- raster data**
line segment tracking, thematic map, 01130.
- raster GIS**
red squirrel, compromise programming, Mount Graham, land suitability evaluation, 08895.
- raster map**
canopy, Costa Rica, La Selva; 06283. urban landform, thematic map, geomorphological maps, China, Chongqing City; 11489.
- raster system**
land use, business, 06353.
- raster thematic maps**
GIS, land use, generalisation, 08819.
- raster/vector conversion**
data parallel algorithm, GIS, 01129.
- Ratburi Limestone**
Permian, karst, dolomitization, ooid, platform carbonate, Thailand, Ratburi; Hua Hin; 05382.
- rate coefficient**
photochemical oxidant, operational model, sensitivity analysis, 11273.
- rate constant**
hydroxyl radical, chloromethane, methyl chloride, methylene chloride, 14976. hydroxyl radical, HCFCs, HCFC-22, lifetime, troposphere, 14967. hydroxyl radical, HFC reaction, 02347. hydroxyl radical, HFC, 03586. hydroxyl radical, phenanthrene, gas phase, 12559. infrared absorption spectra, chlorofluorocarbon replacement, hydroxyl radical, 11309. methane, hydroxyl radical, 04773. ozone, dibenzophuran, dibenzo-p-dioxin, hydroxyl radical, gas phase reaction, 12562. trace gas reaction, sulphuric acid, aerosol droplet, stratosphere, 03588.
- rate law**
weathering rate, geochemistry, global cycle, chemical weathering, 12912.
- rating curve**
flood wave propagation, flood routing, open channel flow, advection/diffusion equation, backwater effect, 14614. stage/discharge relationship, open channel flow, flow measurement, 01935.
- rational routing method**
cell model, runoff model, channel routing, 14609.
- Ratzel, R.**
German research, South Polar Expedition, Antarctica; 11648.
- ravel erosion**
mine spoil, surface roughness, slope gradient, mulching, surface wash, USA, Nevada; 12175.
- Ravenscar Group**
channel sandstone, hydrocarbon, Jurassic, Saltwick Formation, UK, England, Yorkshire; 05374. sandstone, Jurassic, crevasse splay, channel, UK, England, Yorkshire; 13171.
- rawinsonde**
air launched sonde, parachute, remote ocean, atmospheric sounding, 12408. balloon sounding, lidar scan, mixed layer, coastal zone, Israel; 02132. time series, vertical velocity, radar, 12411. water vapour, microwave radiometer, RASS, wind profiler, USA, Colorado; 01084.
- rawinsonde data**
meridional wind, transient wave (3-6 day), wind oscillation, vertical structure, interannual variability, Pacific; 08524.
- rawinsonde observation**
human error, operational, hydrostatic quality control, National Meteorological Center, 04734.
- ray trajectory**
high frequency, moving medium, sound field, stratified medium, Atlantic, Gulf Stream; 10093.
- Rayleigh aerosol multiple scattering**
radiative transfer modelling, phytoplankton pigment, CZCS, aerosol radiance, 14055.
- Rayleigh-Bernard equations**
numerical solution, convection equation, 05976.
- Rayleigh corrected radiance**
suspended matter, inverse modelling method, CZCS, aerosol path radiance, 14065.
- Rayleigh lidar**
calibration, middle atmosphere structure, France; 08845. noctilucent cloud, 03733.
- Rayleigh-Mie lidar**
molecular scattering, atmospheric variable, 03724.
- Rayleigh number**
aspect ratio, porous channel, convection, heat transfer, groundwater flow, flow instability, 00737.
- Rayleigh scattering**
UARS, temperature, 12741.
- Rayleigh-Taylor instability**
laboratory experiment, image analysis, 09791. viscosity, soft sediment, load cast, dewatering, 08069.

- Rayleigh wave method**
earthquake, structural damage, liquefaction, Philippines, Luzon; 11694.
- re-entry data**
middle atmosphere, gravity wave, tidal structure, space shuttle, 02226.
- reaction kinetics (293K)**
chlorine monoxide, kinetics, 04771.
- reaction kinetics**
anoxic sediment, anthrone, dye, waste treatment, 08075. sea, nitrogen dioxide, water, dissolution, 08680.
- reaction path**
gibbsite, kaolinite, microcline, weathering, geochemical model, 14138.
- reaction probability**
conceptual model, deposition velocity, indoor air quality, ozone, 07356. stratosphere, dinitrogen pentoxide, aerosol, sulphuric acid, 12579. volcanic aerosol, heterogeneous loss, volcanic cloud, hydrochloric acid, stratosphere, 03608.
- reaction studies**
oxidation, dimethyl sulphide, 14983.
- reactive chlorine**
north polar vortex, Microwave Limb Sounder, photochemistry, 07519.
- reactive mineral**
sulphide, iron, incubation, extraction procedure, 10561.
- reactive nitrogen**
nitrous oxide, ozone, troposphere, flux, 13830.
- reactive organic gas**
infrared microscopy, smog chamber, photo oxidation, octene, aerosol chemistry, 01051.
- reactive solute**
dispersion, hydraulic conductivity, adsorption coefficient, sorption, solute transport, heterogeneity, 12350. groundwater flow, solute transport, dispersion, heterogeneity, retardation factor, sorption, 12349. non reactive solute, plume spreading, groundwater transport, solute transport, heterogeneity, 14760. solute transport, adsorption, preferential adsorption, advection/dispersion, groundwater contamination, 03360. solute transport, breakthrough curve, retardation factor, groundwater contamination, pore size distribution, 08421.
- reactive trace gas**
forest canopy, ozone, nitrogen oxide, diffusion chemistry model, 07350.
- reactivity**
iron oxide, reduction, extraction technique, organic matter, freshwater sediment, Denmark, Bight of Aarhus; Romo; 06697. zirconium, aluminium, nepheloid layer, filtration, colloid, France, Rhone Delta; 10565.
- radiometric model**
object space, image space, elevation, 06126.
- reagent**
iron, silicon, soil dissolution, aluminium, extractant, 06844.
- real data estimation**
simulated data, disjunctive kriging, generalised probability kriging, multi Gaussian kriging, indicator cokriging, 00058.
- real estate**
insurance, GIS, transport, 01134. map, LIS, photogrammetry, Germany, Sachsen-Anhalt; 10260. market economy, land registry, 03850. property, China; 05020.
- real estate investment**
decision making, spatial decision support system, 03852.
- real time control**
runoff water quality, computer model, surface water quality, sewage, combined sewage outflow, Canada, Ontario, Hamilton; 03279. stormwater model, urban drainage, runoff water quality, Canada, Alberta, Edmonton; 03280.
- real time flood forecasting**
statistical routing model, flood forecasting, multicriteria analysis, extreme event, Tunisia, Medjerda River; 03215.
- real time forecasting**
statistical technique, estimator, flood forecast, 06959.
- real time kinematics**
traversed control stations, GPS, 08768.
- real time model**
model verification, rainfall/runoff model, flood forecasting, maximum entropy spectral analysis, 05672. rainfall/runoff model, flood forecasting, maximum entropy spectral analysis, 05671. sluice way operation, retarding basin, runoff prediction, flood routing system, floodwater storage, 08351.
- real time monitoring**
uncertainty, decision analysis, cost/benefit analysis, water quality management, river water quality, 12385.
- real time simulation**
modelling, 06233.
- realism**
geomorphology, philosophy, scientific method, 11641. scientific method, philosophy, geomorphology, 11642. scientific philosophy, hypothesis testing, geomorphology, scientific method, 11643.
- recalcitrant compound**
batch reactor, organic contaminant, secondary carbon source, water quality, biodegradation, 14646.
- recalibration**
degradation, AVHRR, 08754.
- receiver**
antenna, geodesy, GPS, 04865.
- receiving station**
PC, NOAA, 04886.
- Recent**
C4 grass, isotopic carbon-13, Pleistocene, USA, (Southwest); 01469. freshwater, carbon isotope, cyanobacteria, calcium carbonate, precipitation, UK; 00345. ice sheet, Pleistocene, roches moutonnees, snowline, glacier, glacial landform, China, Qinghai-Xizang Plateau, Yellow River; 13090. Jurassic, biomarker, hydrocarbon, cyanobacteria, carbonate, Germany, Lake Van; Satonda Crater Lake; Germany, Swabian Alb; 04231. mollusc, boring, reef, bioerosion, Bahamas, Lee Stocking Island; 04220. palynology, vegetation zone, dinoflagellate cyst, primary productivity, Labrador Sea; Canada, Baffin Bay; 14232. periglacial, wind action, dune formation, ventifact, climate indicator, Sweden, Scania; 00276. physical oceanography, Ostracoda, shallow marine, faunal province, Atlantic; 13039. porewater pressure, sea level rise, lamination, alluvium, Quaternary geology, 11739. tectonic geomorphology, delta, erosion, sedimentation, Pliocene, Pleistocene, Greece, Gulf of Corinth; 12946.
- recent coral facies**
biogeography, reef, coral fauna, Somalia, Jesira; Bajuni Archipelago; Indian Ocean; 11926.
- Recent epoch**
late glacial, climate reconstruction, GCM, 05279.
- recent sea level history**
coastal response, marine transgression, submergence, Holocene, beach rock, Bahamas, San Salvador Island; 02820.
- recent sediment**
frozen sediment, continental shelf, lake bottom, 06644. organism, chlorophyll, diagenesis, organic matter, 09311.
- recent tectonics**
Sampacho Fault, tectonic activity, maximum potential earthquake, recurrence interval, Argentina, Cordoba Province, Sampacho; 02698.
- recent warming**
ice core evidence, tropical ice core, palaeoclimate reconstruction, oxygen isotope record, China, Dunde Ice Cap; 00279.
- receptor model**
aerosol data, Greenland; 15015. air pollution, impact assessment, dispersion model, Hong Kong; 02363. source apportionment, genetic algorithm, chemical mass balance, 03626. trajectory, heavy metal, sulphate species, source region, aerosol, Canada, Northwest Territories, Alert; 03612. urban environment, street level air, carbon monoxide, nitrogen oxide, traffic emission, China, Jiangxi Province, Guangzhou City; 04808.
- receptor oriented methodology**
source region, long range transport, particulate sulphate, Canada, Ontario, Dorset; 06102.
- recertification**
sampling, delineation, classification, inventory, USA, North Dakota, Logan County; 04963.
- recession**
climate variability, ice sheet, margin change detection, ERS-1 SAR, snow facies, Greenland; 02841.
- recession analysis**
streamwater temperature, runoff, snowmelt hydrograph, hydrograph separation, 08310.
- recession curve**
glacier discharge, reservoir model, hydrograph analysis, 11051.
- recession infiltration**
rainfall excess, kinematic wave model, runoff volume, 12206.
- recession period streamflow**
runoff model, spring discharge, karst spring, hydrograph recession, Turkey, Manavgat River; 00650.
- recession rate**
corrosion, marble monument, rain, laboratory simulation, preindustrial, 04809. space image, ice shelf, ice recession, Antarctica, Antarctic Peninsula, Larsen Ice Shelf; 02850.
- recessional moraine**
equilibrium line altitude, Quaternary, glaciation, climate change, Peru, Andes, Mantaro River; Bolivia, Andes; 01487.
- recharge**
flow, hydrological survey, groundwater chemistry, groundwater resource, USA, New Mexico, Dona Ana County, Mesilla Basin; Texas, El Paso County, Mesilla Basin; 04504. stable isotope enrichment, palaeowater, Floridan aquifer system, Holocene groundwater, USA, Georgia; Atlantic Coastal Plain; 07863.
- recharge/abstraction**
boundary conditions, salt water-freshwater interface, coastal aquifer, computer model, groundwater flow, salt water intrusion, 05786.
- recharge assessment**
salinity, groundwater recharge, groundwater resource, freshwater lens, Tonga, Tongatapu; 08389.
- recharge depletion model**
evapotranspiration, groundwater recharge, groundwater depletion, Australia, New South Wales, Magela Creek; 05785.
- recharge/discharge system**
groundwater discharge, spring discharge, hydrogeology, groundwater flow, karst spring, Turkey, Koprucay Canyon, Olukopru Springs; 00746.
- recharge estimation**
groundwater recharge, bauxite mining, vegetation cover, unsaturated flow model, Australia, Queensland, Cape York, Weipa Peninsula; 08400. water table hydrograph, hydrograph, piezometer, groundwater recharge, 05774.
- recharge mechanism**
oxygen-18, tracer, recharge rate, groundwater recharge, Tanzania; 08388.
- recharge rate**
groundwater recharge, recharge mechanism, oxygen-18, tracer, Tanzania; 08388. groundwater recharge, soil temperature, groundwater flux, forest density, Australia, Western Australia; 03313. groundwater recharge, tritium-helium isotope method, groundwater age, vertical flow velocity, 07051.
- recharge well**
pumping well, hydraulic barrier, simulation model, coastal aquifer, seawater intrusion, 05784.
- reciprocal transmission**
structure, ocean, acoustic, 10227.
- recirculation**
pollutant, South Africa, Highveld; 15040. ventilation, airshed, integral measure, stagnation, 12461.
- recirculation cavity**
wind tunnel, building downwash, downwind, 03463.
- recirculation gyre**
Geosat exact repeat mission, sea surface height, circulation, Atlantic, (North); 11543.
- reclaimed land**
natural disaster, waterfront zone, earthquake, typhoon, Japan; 09024.

- reclamation**
environmental change, estuary, barrier complex, progradation, degradation, Ireland, Dublin, Portmarnock; 06793. irrigation, windbreak, dune stabilisation, desertification, China; 10286. mine dump, open cast mine, surface mining, India; 05263. mining area, brown coal mine, opencast, waste dump, afforestation, Poland, Slesin Region, Konin; 02659. mire development, stratigraphy, peat growth, Netherlands, Bourtanger Moor; 10478. monitoring, mercury, dredging, Japan, Kyushu, Minamata Bay; 10703. protection, soil, Russian Federation; 14463. sediment management, sediment quality, contamination, marine disposal, dredging, Hong Kong, Victoria Harbour; 00463.
- reclamation concept**
regulation, floodplain deposit, terrace, gravel mining, USA, California; 03939.
- reclamation fill**
rocky shore, shoreline management, artificial shore, marina, natural beach, France, Riviera; 10383.
- recognition**
optical target, target tracking, 06185.
- reconnaissance**
Hughes reconnaissance, survey, legal, USA, Mississippi River; 06199.
- reconstituted kaolin**
triaxial apparatus, Cam clay, numerical prediction, 04020.
- record (1767-1991)**
dimethyl sulphide, ice core, sea surface temperature, methanosulphonic acid, biogenic sulphur, Greenland; 11294.
- record continuity**
Holocene, palaeoclimate, peat stratigraphy, climate sensitivity, 10424.
- record low**
total ozone, ozone depletion, 04787.
- record ozone low**
ozone hole (1993), stratosphere, Antarctica, South Pole; 12604.
- recording data**
Weather Surveillance Radar, archiving data, 01089.
- recreation**
water quality management, cost/benefit analysis, valuation function, Clean Water Act, USA; 03403.
- recreational water quality**
sinkhole/spring system, tracer dye, bacteriological test, groundwater contamination, Florida, Tampa, Sulphur Springs; 12313.
- recrystallisation**
porewater, organic matter, carbonate, bacteria, carbon isotope, 01664.
- recrystallization**
dolomite, Ordovician, Ellenburger Group, karstification, USA, Texas; 14362. dolomitization, solid solution, calcium/magnesium ratio, cation substitution, 14395. fluid flow, resistivity, pore morphology, porosity, lithification, Coral Sea, Great Barrier Reef; 09263. interstitial water, nannofossil, strontium, calcite, Pacific, Ontong Java Plateau; 00309. seawater, dolomite, Dinantian, karst, Belgium; 14367.
- rectangular areal recharge**
groundwater flow, contaminant transport model, groundwater velocity, unconfined aquifer, 05795.
- rectangular coordinate**
Gauss-Krueger, Universal Transverse Mercator, projection, Slovenia; 02388.
- rectangular pulse model**
stochastic model, rainfall, Bartlett-Lewis, UK; 05992.
- rectification**
AVHRR, image navigation, 02407. GIS, ground control point, feature based matching, 07444.
- recurrence interval**
impact pool, snow avalanche, avalanche track, mound complex, Canada, British Columbia, Rocky Mountains; 14296. levee, floodplain morphology, flood management, channel dynamics, design flood, China, Yellow River; 00109. palaeoseismicity, radiocarbon dating, earthquake, fault, slip rate, Italy, Salerno; 01452. recent tectonics, Sampacho Fault, tectonic activity, maximum potential earthquake, Argentina, Cordoba Province, Sampacho; 02698. stress field, rupture, earthquake, deformation, Fu-yun Fault, Mongolia; 05205. vertical displacement rate, active fault outcrop, fault topography, Shimoppara Fault, offset terrace scarp, Japan, Honshu, Niigata Prefecture, Shitadai Village; 02702.
- recursive algorithm**
comparative study, streamflow estimation, least squares analysis, principal components analysis, residual autocorrelation, France, Saint-Francois River; 04444.
- recurvature**
empirical orthogonal function, vorticity field, pattern recognition, forecast, tropical, cyclone, 01015. hurricane, observational analysis, tropical cyclone, cyclone recurvature, 11140.
- recyclable material**
garbage, GIS, census data, UK, England, London, Kensington and Chelsea; 15250.
- recycling**
environmental concern, USA, Oregon, Portland; 02570.
- recycling process**
carbon, nitrogen, degassed mantle, geochemical cycle, atmosphere, 00031.
- Red and Yellow Soil Group**
marine regression, oxygen isotopic ratio, aridity, sea level change, aeolian dust, Japan, Nansei Syoto; 05305.
- red ash**
dendrochronology, *Fraxinus pennsylvanica*, climate variability, flood, geomorphic process, Canada, Quebec, St. Lawrence Estuary; 05147.
- red bed**
brine, geochemical tracer, Permian, evaporite, USA, Texas, Palo Duro Basin; 00382. diagenesis, karst, crystal growth, dissolution, dolomitization, 09283. Eocene, Miocene, provenance, continental collision, Murree Supergroup, Pakistan, Himalayas; 10638. evaporite, potash, Maha Sarakham Formation, Cretaceous, desert, Thailand; 05383. fault, graben, Triassic, Canizar Sandstones, sheet sandstone, Spain, Iberian Ranges; 13173. magnesite, diagenesis, Permian, Austria, Tyrol, Northern Calcareous Alps; 14368. paleosol, soil structure, climate, Permian, Triassic, Antarctica, Prydz Bay; 02929. pigmentation, colour, haematite, paleosol, 10607. sandstone, weathering, temperature, ferruginisation, 09300. trace fossil, Tumblogooda Sandstone, Silurian, sandstone, sand sheet, fluvial deposit, Australia, Western Australia, Murchison River; Kalbarri; 02950.
- red brown earth**
infiltration rate, soil physical property, pasture soil, grazing, trampling, Australia, Western Australia; 03147.
- red earth**
soil hydraulic property, macropore, tillage, hydraulic conductivity, Australia, New South Wales, Wagga Wagga; 03159.
- red edge**
chlorophyll, biomass, hydric status, 15152. chlorophyll, wheat, UK, England, Rothamsted; 12805.
- red noise**
white noise, digital signal processing, oceanographic observations, 14805.
- red pine**
P-band, SAR, pine, USA, Maine, Bangor; 15178.
- red sand**
aeolian activity, Pleistocene, TL dating, palaeoenvironment, South Africa, Great Escarpment; Cape Province; 09299.
- red soil**
dehydration, rubification, weathering, pigment, Morocco; 00321. mineralogy, iron oxide, Spain, Ebro Basin; 10857. soil physical property, clay soil, soil hydraulic property, China; 10728.
- red spruce**
water content, spectral reflectance, USA, New Hampshire, White Mountains, Moosilauke Mountain; 02513.
- red spruce needle**
hydrogen peroxide, chamber experiment, 06022.
- red spruce needles**
flux experiment, gas transport theory, stomatal zone, trace gas, 06023.
- red squirrel**
compromise programming, Mount Graham, land suitability evaluation, raster GIS, 08895.
- red stromatactis limestone**
stromatactis, diagenesis, sponge, cementation, Palaeozoic, Canada, Quebec, Quebec Appalachians; Belgium; 02908.
- red tide bloom**
reservoir water quality, limiting factor, phosphorus, dinoflagellate, Japan, Gifu Prefecture, Shimokotori Reservoir; Nava Prefecture, Asahi Reservoir; Japan, Wakayama Prefecture, Goukawa Reservoir; 09678.
- Reddy's model**
evapotranspiration, runoff, St Venant equations, kinematic wave approximation, overland flow model, infiltration, Green-Ampt method, 05666.
- redeposition**
basin, halite, gypsum, evaporite basin, 11893. heavy mineral, tracer dispersal, sediment transport, quartzite, flood, clast, South Africa, Cape Province, Swartkops River; 01740.
- Redfield ratio**
bioactivity, calcium carbonate dissolution, productivity, nutrient data analysis, remineralisation, 11617. nitrate uptake, marine plankton, inorganic carbon, 11618. stoichiometry, carbon, plankton, nitrate, phosphate, 01651.
- redistribution**
agricultural land, greenhouse gas, climate classification, 03863.
- redox chemistry**
iron, fog, stratus, carboxylic acid, 07333. spatial variability, temporal variability, groundwater quality, river water chemistry, aquifer recharge, surface water-groundwater interaction, France, Grenoble, Drac River; 12320.
- redox condition**
colour band, ODP Leg 130, ooze, chalk, organic carbon, Pacific, Ontong Java Plateau; 00421. landscape position, iron, soil morphology, soil colour, soil mottling, 12149.
- redox conditions**
decomposition, organic matter, bioturbation, remineralisation, 13236. palaeoceanography, biogeochemical flux, deep sea circulation, carbon cycling, productivity, Labrador Sea; 14234.
- redox cycle**
lake water chemistry, stratification, sulphide release, bacterium bloom, Israel, Lake Kinneret; 04488. sulphate reduction, metalimnetic condition, microbial process, hydrogen sulphide, sulphide oxidation, Israel, Kinneret Lake; 04489.
- redox cycling**
bioavailability, water chemistry, iron oxyhydroxide, 10957. cloud chemistry, hydrogen peroxide, iron, copper, oxalate, 04758. sediment/water flux, oxidation, manganese, Denmark, Aarhus Bay; 14399.
- redox kinetics**
chloramine, nitrite ion, water chemistry, chlorination chemistry, 13499.
- redox potential**
aggregate, porewater pressure, oxygen, anoxic microsite, 09475. algae, phosphate removal, lake water quality, sewage treatment, wastewater treatment, water quality management, UK, England, Cumbria, Windermere Lake; 13643. biomass, isoeitid, lake, macrophyte, nitrogen, Denmark, Lake Kvie; 09317. contaminated sediment, pH, heavy metal, sediment quality, bioavailability, Germany, Hamburg; 09395. dehalogenation, biodegradation, thermodynamics, chlorinated benzene, 04232. denitrification, *Azospirillum brasilense*, 13417. electrode system, electrolytic reduction, soil suspension, 04329. flooded soil, pH, Albaqualf, methane, 04363. groundwater discharge zone, spatial variability, 14495. groundwater quality, thermodynamics, reversibility, kinetic mechanism, 00778. oxidation, salinity, lagoon, UK, Dnieper-Bug Lagoon; 08046. oxygen diffusion rate, manganese, iron, soil oxygenation, 10816. pH, acid sulphate soil, phosphorus sorption, Thailand; 13420. pH, phosphorus, iron, flooded soil, sulphur, 06880. pH, shear strength, deep sea sediment, microorganism, meiofauna, Pacific, (Central); 09365. remobilisation, pollution, sediment pollution, water quality, flood prevention, Russian Federation, Lake Ladoga; Gulf of Finland, Neva River; 12009. soil morphology, hydric soil, flooded soil, swamp forest soil, soil oxygen content, water table depth, USA, South Carolina, Savannah River; 01824. toxicity, acetate, methanogen, mineralization, chloroform, Netherlands, Rhine River; 08077.

- redox potentiation**
dithiothreitol, pH, environmental degradation, carbon tetrachloride, dechlorination, anoxic conditions, 13449.
- redox reaction**
lake water chemistry, decomposition, organic carbon, dissolved inorganic carbon, USA, New Hampshire, Mirror Lake; 02012.
- redox sensitivity**
photometric probe, water quality analysis, in situ analysis, 13493.
- redox status**
soil aeration, nitrogen transformation, nitrate, heavy metal, 10800. trace element solubility, oxidation/reduction, pond sediment, USA, California, San Joaquin Valley; 01847.
- reduced gravity model**
tropical, atmosphere-ocean interaction, seasonal cycle, sea surface temperature, Pacific; 14880.
- reduced instruction set computer (RISC)**
scalar computer, contaminant transport, transport model, comparative study, supercomputer, computer model, 02072.
- reduced precipitation**
river palaeoflow, marine sediment core, isotopic evidence, organic carbon, India, Karnataka Coast; 04060.
- reduced sulphur compound**
tropical rainforest, canopy top, photosynthesis, carbonyl sulphide, dimethyl sulphide, Cameroon; 08645.
- reducing sugar**
saccharide, sugar, colorimetric method, 14480.
- reduction**
chromium, diffusion, tracer, sand, aquifer, USA, Massachusetts, Falmouth, Cape Cod; 06786. extraction technique, organic matter, freshwater sediment, reactivity, iron oxide, Denmark, Bight of Aarhus; Romo; 06697. hydrogen peroxide, bottom sediment, water quality, pollution, eutrophication, oxidation, 01753. iron oxide, soil microorganism, iron reduction, submerged soil, flooded soil, 00561. iron, soil, bacteria, 00343. iron, uranium, bacteria, sulphur, organic matter, 01662. isotope exchange, radiotracer, freshwater sediment, iron-55, USA, Maryland, Potomac River; 04145. liquid manure, iron reduction, sulphide, methane, manure, 00540. marine sediment, biogeochemistry, manganese, iron, 02936. methanogenesis, oxidation, sulphate, fish farm sediment, 12021. microbial metabolism, heavy metal, dissimilatory metal reduction, anoxic zone, microorganism, 00331. microorganism, organic matter, iron oxide, manganese oxide, oxidation, 00330. organic carbon, manganese, sulphate, microorganism, oxidation, Norway; Denmark; 01656. oxidation, lake sediment, sulphate, USA, Massachusetts, Mares Pond; 14379. oxidation, salinity, bacteria, porewater, sulphate, USA, Chesapeake Bay; 04217. pyrite, Miocene, sulphur, Monterey Formation, sea level, bottom current, USA, California; 05404. sulphate reduction, degradation, organic matter, iron reduction, manganese, North Sea, Skagerrak; 02921. sulphate, microorganism, hydrothermal sediment, oxidation, organic matter, Africa, Lake Tanganyika; 11940.
- reduction/oxidation**
atmospheric deposition, moorland pool, sulphur budget, surface water chemistry, 13495. denitrification, nitrate, groundwater quality, nitrous oxide, 14746.
- redundancy analysis**
coregionalisation, spatial relationships, multivariate geostatistics, geostatistics, 10081.
- REE**
climate, mineralization, heavy metal, pollution, geochemistry, China, Zhunjiang River; Changjiang River; China, Huanghe River; 05467. climate, Salawusu Group, Pleistocene, fluviolacustrine sediment, China, Desaogouwang, Salawusu River; 08037. deep sea sediment, Quaternary, isotope data, silicate, terrigenous input, rubidium strontium, Atlantic, (Northeast); 01724. Eocene, seamount, hydrothermal activity, lanthanoid, Atlantic, Bezymiannaya Seamount; 04226. geochemistry, sepiolite, palygorskite, isotope, clay mineral, Spain; 09303. lake water chemistry, cerium excess, alkaline water, Turkey, Lake Van; 02011. pelagic sediment, fractionation, Hong Kong, Shenzhen Bay; Dapeng Bay; 01713. provenance, carbonate, Devonian, Upper Gaspe Limestone, concretion, Canada, Quebec, Gaspé Peninsula; 01643. provenance, deep sea sediment, palaeoclimate, dust, Pacific; 01620. provenance, transportation, stream sediment, silica, USA, Colorado, Wet Mountains; 10573. scavenging, sediment chemistry, manganese nodule, Indian Ocean, Central Indian Basin; 13283. seawater, atmospheric input, trace metal, dust, 14332. seawater, seamount deposit, phosphorite, climate, upwelling, Pacific, (Equatorial); 03008. sedimentation, depositional environment, mud, rift valley, plume, Atlantic, Mid-Atlantic Ridge; 00336. Tertiary, alluvial fan, mineralogy, clay mineral, factor analysis, Spain, Iberian Ranges, Almaraz Basin; 04234. trace element, geochemistry, parent material, Russian Federation, Volga Upland; 05508. weathering index, trace element, granitic soil, Malaysia; 09504. weathering, diagenesis, shale, fractionation, zircon, North Sea, Skagerrak; 00410. weathering, thorium, laterite, saprolite, Cameroon, Akongo; 05403.
- reed bed**
aquaculture, wetland restoration, environmental problem, water quality, agriculture, Romania, Danube Delta; 14129.
- Reed dolomite**
spectral analysis, climate change, USA, California, White-Inyo Range; 02443.
- reef**
algae, organism, Permian, Changxing Formation, diagenesis, China, Hunan Province; 06761. bioerosion, Recent, mollusc, boring, Bahamas, Lee Stocking Island; 04220. boundstone, Permian, carbonate platform, bioherm, shelf, 05450. carbonate, buildup, bacteria, biomarker, sedimentation, 04263. carbonate, diagenesis, triassic, San Donato Unit, Italy, Calabria, Monte Caramolo; 11973. coral fauna, recent coral facies, biogeography, Somalia, Jesira; Bajuni Archipelago; Indian Ocean; 11926. Devonian, porosity, coral, carbonate, 11922. diagenesis, groundwater, accumulation rate, calcium carbonate, sea level, 06681. dolomite, carbonate, Triassic, Italy, Calabria; 09291. fanglomerate, beach deposit, Quaternary, piedmont, active rift margin, Egypt, Red Sea Coast; 01384. Frasnian, carbonate platform, shale deposition, transgression/regression cycle, Canada, Alberta, Nordegg; 11912. lagoon, stromatolite, debris flow, Dachsteinkalk, Triassic, Austria, Alps, Hochkogel Massif; 11975. land use, soil loss, estuary, phosphate, Australia, Queensland, Johnstone River; Great Barrier Reef; 00449. Leduc Formation, dolomitization, cementation, Devonian, Canada, Alberta; 01630. palaeogeography, Triassic, carbonate platform, diagenesis, tepee, Italy, Apennines; 01622. platform, sea level, Cretaceous, black shale, Tambrá Formation, Mexico, Queretaro, El Lobo; 03000. Silurian, bioherm, carbonate, buildup, USA, Indiana, Pipe Creek; 07982. Silurian, Hemse Group, biostrome, Ludlow, stromatoporeid, Sweden, Gotland; 10656. storm damage, Casuarina forest, Hurricane Andrew, carbonate platform, Atlantic, Great Bahama Bank; 03003.
- reef buildup**
platform, Triassic, grainstone, boundstone, Latemar reef, reef fabric, Italy, Dolomites; 02989.
- reef carbonate**
sea level, Quaternary, uplift, Coral Rock Formation, cementation, West Indies, Barbados; 14350.
- reef cave**
biofilm, sponge, microbiolite, carbonate, Australia, Great Barrier Reef, Lizard Island; 04183.
- reef complex**
carbonate margin, sea level record, dating technique, Holocene, growth history, Australia, Western Australia, Houtman Abrolhos Reefs, Easter Group; Indian Ocean; 07915.
- reef ecosystem**
impact assessment, coral reef, sea level rise, Thailand; 11670.
- reef fabric**
reef buildup, platform, Triassic, grainstone, boundstone, Latemar reef, Italy, Dolomites; 02989.
- reef fish**
faecal pellet, metal transport, cadmium, zinc, USA, California; 09402.
- reef flat**
shoreline morphology, notch, Porolithon, windward coast, algal ridge, Pacific, (South), Tonga, Tongatapu Island; 01372.
- reef formation**
sea level, carbonate, drowned platform, atoll, Indian Ocean, Maldivian Archipelago, Felidu Atoll; North Male Atoll; 14428.
- reef growth**
shelf, Pleistocene, seismic sequence, sediment supply, Coral Sea, Great Barrier Reef; 09349.
- reef initiation**
tunicate spicules, downslope transport Pleistocene, Barrier Reef, Coral Sea, Great Barrier Reef; Queensland Plateau; 10454.
- reef terrace**
coastal plain, gravel fan, tectonic uplift, Pleistocene evolution, Egypt, Red Sea, Hurghada; Marsa Alam; 07914. Pleistocene, cement fabric, diagenesis, carbonate, Egypt, Red Sea Coastal Plain; 11925.
- reefal barrier**
cyclicality, wackestone, Pleistocene, shelf, accumulation, Coral Sea, Great Barrier Reef; 09355.
- reentrainment**
wind tunnel, boundary layer, particle, 07234.
- reference crop**
crop water requirement, irrigation demand, evapotranspiration, USA, California; 10902.
- reference dataset**
saturation vapour, water vapour, 02121.
- reference datum**
gravimetric network, 03673.
- reference epoch**
three dimensional net, GPS survey, 11396.
- reference frame**
Earth, rotation, 04853. velocity field, deformation, geodesy, terrestrial reference system, 04863.
- reference material**
flocculation, trace metal, organic matter, 10563.
- reference model**
model, standardisation, geography, 03929.
- reference network**
geodynamics, GPS, Hungary; 12677. HARN, geodetic survey, network, accuracy, USA, Louisiana; 06131. survey, accurate survey, GPS, USA, Mississippi; 07454.
- referential pedologique**
classification system, soil classification, soil mantle, soil horizon, France; 04297.
- refinery sludge**
organic contaminant, PAH, freon, heavy metal, hazardous waste, 03177.
- reflectance (950-970nm)**
irrigation plant water status, water stress, 02516.
- reflectance**
airborne radiometer, ARS, USA, New Mexico, White Sands; 15058. albedo, land surface property, 07555. atmospheric correction, size, scanner, Israel, Makhtesh Ramon; 12749. canopy structure, wetlands, vegetation, USA, Louisiana; 06284. citrus canopy, ground radiometry, sky light, 02514. cloud layer, Monte Carlo model, cellular structure, 09938. crop coefficient, vegetation index, maize, 06279. diffuse irradiance, radiative transfer, irradiance, 02445. Sagebrush, hydrocarbon, stress, USA, Wyoming, Bighorn Basin; 02459.
- reflectance measurement**
radiation transfer, AVHRR data, surface/atmosphere reflectance model, Africa, (North); 09800. spectral reflectance, Sphagnum, 02524.
- reflectance model**
leaf canopy, 03491.
- reflectance response**
big sagebrush, hydrocarbon stress, spectral reflectance, USA, Wyoming, Bighorn Basin; 10213.
- reflectance spectra**
forest damage, tree, pattern recognition, classification, 14023. TM, mineral aggregate, mineral rock, 08874.

- reflectance spectroscopy**
leaf reflectance, physical standard, radiative equivalent water thickness, 07571. thermal emission, linear polarisation, light scattering, wave propagation, 07417.
- reflected flow**
density current, sediment record, turbidity current, 14347.
- reflection curve**
structure, potato crop, vegetation, 04977.
- reflective cloud**
on flight calibration, AVHRR, NDVI, calibration correction coefficient, 07433.
- reflectivity profile**
surface precipitation, vertical reflectivity profile, weather radar network, UK; 01070.
- reflectivity rainfall**
hurricane, rain rate, airborne radar, C-band radar, probability matching, 01179.
- reflectivity structure**
squall line, 11233.
- reflectometry**
interferometry, ocean, altimetry, 10228.
- reforestation**
carbon sequestration, tropical region, atmospheric carbon dioxide, land cover, 00046. carbon storage, agroforestry, fuelwood production, deforestation, sequestration carbon, Africa; 03892. evapotranspiration, deforestation, micrometeorology, microclimate, shelterbelt, USA, Texas; 14768.
- refraction**
atmosphere, photography, Moon, extinction, 04930. ice zone rigidity, ice shelf, ocean wave, 11861. surveying, tunnel, 12846.
- refractive index**
aerosol, particle, retrieval, solar extinction, scattering, 00837. complex refractive index, dust, aerosol, Tadjikistan; 07206. density, acidity, aerosol, stratosphere, sulphuric acid, 12581. gravity wave, anisotropic fluctuation, 14864. Monin-Obukhov similarity, 09840. near infrared, ice, water, optical constant, 08506. strata, discrete ordinate model, radiative transfer, atmosphere/ocean system, 13665.
- refreezing**
isotopic evolution, basal ice layer, temperate glacier, subglacial precipitation, regelation, Weertman regelation, 06620. percolation zone, radar echo, ice sheet, seasonal melting, Greenland; 04133. seasonal thaw, zoning, thawed layer, taiga, tundra, Russian Federation, Siberia, Yakutia; 10527.
- refrigerated autosampling**
coliform density, surface water quality, sampling technique, Australia, New South Wales, Sydney; 13520.
- refuse**
landfill, atmospheric methane, carbon storage, methane generation, anaerobic burial, 00038.
- refuse dump**
tourism, underground, karst, degradation, cave, Slovakia; 05129.
- reg**
desert soil, paleosol, gravel shattering, salt shattering, soil chronosequence, Israel, Negev Desert; 01825.
- regelation**
Weertman regelation, refreezing, isotopic evolution, basal ice layer, temperate glacier, subglacial precipitation, 06620.
- regenerating peat**
climate change, carbon balance, peat erosion, UK; 07899.
- regeneration**
peat harvesting, peatland, rehabilitation, raised bog, Germany, Lower Saxony; 06537.
- regeneration monitoring**
forest inventory, tree plot, softcopy photogrammetry, 08888.
- regeneration rate**
nitrogen, phosphorus, dissolved inorganic nutrient, surface water quality, uptake rate, 05713.
- regeneration ratio**
denitrification, nitrogen, biogeochemical cycle, oligotrophic water, upwelling water, Indian Ocean; 00055.
- region growing**
contour detection, image segmentation, 06153.
- region level processing**
global optimisation, image segmentation, pixel level processing, 13954.
- region map**
Markov random field, Gibbs distribution, textural image, 07472.
- region of influence**
ungauged catchment, extreme event, flood frequency analysis, regional flood frequency, Canada, Newfoundland; 13472.
- regional acid deposition model**
deposition, rainfall distribution, wet deposition, acid rain, China; 06083. rural monitoring site, particle, sulphate, sulphur dioxide, network result, 12632.
- regional aerosol**
submicrometer aerosol, source, droplet mode, aerosol, urban aerosol, 13767.
- regional air pollution model**
wet removal fraction, subgrid scale analysis, precipitation analysis, deposition, 12631.
- regional analysis**
agricultural pollutant, economic impact, environmental impact, policy, water quality protection, 07108.
- regional application**
finite element, multiscale modelling, resolution, air quality, 15042.
- regional aquifer**
permeability, coastal plain aquifer, hydrogeology, groundwater resource, aquifer characteristics, USA, Virginia; North Carolina; USA, Maryland; USA, Delaware; USA, New Jersey; USA, New York; 03377.
- regional assessment**
risk assessment, environmental monitoring, indicator, ecological indicator, 07675.
- regional climate**
boundary layer, radiative transfer, climate model, 11211. general circulation model, surface, temperature, 13744. lateral boundary conditions, climate model, assimilation, convection, 11212. North America, Great Lakes; 02165.
- regional climate model**
streamflow model, lake model, high resolution, atmospheric model, hydrological model, USA, Oregon, Steamboat Creek; Nevada, Pyramid Lake; 00071. surface, hydrology, general circulation model, 09841.
- regional comparison**
precipitation quality, acidic deposition, surface water quality, temporal trend, acidification, USA; 03263.
- regional contamination**
aerosol, similarity criteria, 01048.
- regional data supply**
environmental analysis, environmental information system, Hungary; 03652.
- regional deformation**
sea level fluctuation, sedimentation, neotectonics, marshland, Iraq, Mesopotamia, Ahwar; Iran, Mesopotamia, Ahwar; 05203. vegetation, rock spectra, imaging spectrometer, USA, Nevada; 03739.
- regional difference**
atmospheric circulation, climate change, 09957.
- regional diffusion model**
parameterisation, trace gas, mesoscale diffusion model, canopy resistance, dry deposition model, 00068.
- regional distribution**
monsoon, desert dust, glacier, long range transport, Asia, (Central); 02682.
- regional flood**
rainfall/runoff relationship, flood frequency analysis, extreme event, rainfall frequency analysis, 08350.
- regional flood frequency**
catchment characteristics, flood estimation, flood frequency analysis, mean annual flood, New Zealand; 00644. catchment characteristics, linear moment, flood frequency analysis, flood frequency group, New Zealand; 00645. region of influence, ungauged catchment, extreme event, flood frequency analysis, Canada, Newfoundland; 13472. variance, skewness, kurtosis, flood frequency analysis, linear moment, New Zealand; 00643.
- regional flow direction**
bedrock characteristic, glaciotectionic feature, bedrock conditions, deformable sediment, Poland; 01514.
- regional flow model**
groundwater flow, transient flow, analytic element method, 12303.
- regional forecast model**
diurnal oscillation, vertical motion, precipitation, jet, low level jet, 07276. forecasting skill, primitive equation, 01016. four-dimensional, variational, data assimilation, forecast, 07317.
- regional geochemical data**
geophysical exploration, mineral exploration, oil exploration, aeromagnetic survey, gravity data, Tanzania; 07550.
- regional geology**
tectonics, granulite terrane, LANDSAT, India, Andhra Pradesh, Eastern Ghats; 08863.
- regional geomorphology**
neotectonics, plate boundary, earthquake occurrence, seismicity, glacioisostasy, Canada; 01389.
- regional groundwater flow**
groundwater recharge, hydrogeology, Cambrian/Ordovician aquifer, USA, Midwest; 07057. historical study, hydrogeology, Floridan aquifer system, groundwater flow, karst aquifer, groundwater resource, USA, (Southeast); 00753.
- regional groundwater model**
mine drainage, groundwater recharge, lead/zinc mine, groundwater flow model, Canada, Nova Scotia, Gays River; 14714.
- regional hydrology**
geomorphology, water resource, climate, humid tropics, South America; Caribbean; Central America; 08464. humid tropics, monsoon, water resource management, Asia; 08462. water resource, humid tropics, Australia; Papua New Guinea; 08463. water resource, water quality, sediment yield, drought, humid tropics, Africa; 08465.
- regional mapping**
fallout, Chernobyl nuclear accident, caesium-137, moss, lichen, Norway; 02589.
- regional mapping project**
surficial mapping, aquifer, gravel, sand, Pleistocene, glacial terrain, USA, Minnesota; 01507.
- regional model**
atmospheric circulation, Brazil, Amazon Basin; 12437. comparison, sigma model, blizzard, USA, Illinois, Chicago; 02239. ozone, precursor, photochemical reaction, Asia; 15028.
- regional newspaper**
map illustration, map use, USA, Ohio; 13985.
- regional planning**
GIS, urban planning, UK, England, Thames Corridor; 08946. heterogeneity, agromorphopedological map, Togo; 01269. technical planning support, GIS, urban planning, Sweden; 11568.
- regional pollution**
sulphur dioxide, nitric acid, aerosol, Austria, Wolkersdorf; 06090.
- regional precipitation**
quantile value, L moment, USA; 12525.
- regional scale**
general circulation model, observation, surface, energy balance, 04681. general circulation model, rainfall, wintertime, climate change, Europe, Iberian Peninsula; 04720. nested grid model, boundary layer, monsoon, 13755. soybean yield, spatial averaging, meteorological data, physiological model, 04620.
- regional scale model**
prediction model, hydrological balance, mesoscale model, initialisation, soil water content, 14868.
- regional science**
research agenda, 07645.
- regional soil erosion system**
sediment yield, China, Sichuan; 09565.

- regional surveying**
surveying, GPS, Germany; 15050.
- regional tectonics**
continental slope, fluvial sedimentation, gravity current, Holocene, sea level, Indian Ocean; 00184. geothermal exploration, lineament, digital elevation model, Mexico, Puebla, Los Humeros; 08870.
- regional variogram**
confidence interval, Monte Carlo simulation, variogram, geostatistics, sample size, 00065.
- regional water demand**
Blaney-Criddle method, irrigation water requirement, evapotranspiration, water demand, crop water requirement, USA, California, Imperial Valley; 09737.
- regional weather**
prediction, isentropic coordinate, sigma coordinate, hybrid formulation, 00911.
- regional wind system**
complex terrain, similarity theory, mesoscale model, orography, 13757.
- regionalisation**
principal components analysis, tropics, mesoscale, rainfall, cluster analysis, Australia, Queensland, Townsville; 12530.
- regions with holes**
topological relation, 13962.
- register**
land register digitisation, Switzerland, Vaud; 12857.
- registration board**
surveying, USA, Kentucky; 06111.
- registry**
land registry, property, 10259.
- regolith**
badland, soil thermal regime, water regime, weathering, Spain, Pyrenees, Vallcebre Basin; 08130. etchplain, palaeodrainage, greenstone belt, palimpsest landform, weathering front, Australia, Western Australia; 12976. flash flood, drainage channel, airborne TM, alluvial deposit, Spain, Almeria; 03741. intertropical zone, hydromorphic soil, ferruginous soil, ferralitic soil, 11714. multispectral image, crater, Copernican age crater, Galileo flyby, lunar crater, Moon; 05213. pumping, limestone aquifer, cavity, sinkhole collapse, USA, Illinois, Union County, Dongola; 11767. relief history, weathering, landform development, Thailand; 00514. rock type control, hydrological process, landslide, shear strength, Japan, Honshu, Obara Region; Niigata Region; 05247. shield, socle, landform geometry, hard rock, France; 11679.
- regolith depth**
weathering rate, escarpment spacing, geomorphological survey, geomorphological process, Sri Lanka; 00139.
- regolith property**
basal shear, instability, postfailure weathering, earthflow, weathering, New Zealand, North Island; 02726.
- regression**
dummy variable, earnings function, resampling algorithm, least median of squares method, 07717. environmental variable, species assemblage, weighted averaging regression, 06425. MARS, remote sensing, 10214. nested model, ARES plot, linear model, dynamic graphics, 09009. pedology, deltaic landform, Holocene, transgression, Vietnam, Mekong Delta; 09335. sea level change, allomember, Exxon sequence stratigraphy, Cretaceous, Canada, Alberta, Red Deer Valley, Drumheller; 11909. sea surface, temperature, SST, radiosonde, 15220. sediment supply, sea level, transgression, subsidence, eustasy, 00399. sweep line algorithm, least median of squares regression, load balancing, parallel algorithms, 02643. trend analysis, environmental monitoring, nonparametric methods, 09014.
- regression analysis**
downstream development, baroclinic wave, 00945. modelling, prediction, data scatter, earth surface process, 06410. nitrogen percolation, tobit analysis, computer model, EPIC-PST, 11596. rainfall prediction, rainfall pattern, cluster analysis, principal components analysis, 03198.
- regression equation**
vegetation index, leaf area index, pasture, 01209.
- regression estimator**
ranked set sampling, relative precision, 09012.
- regression experiment**
linear regression, entropy measure, Bayesian context, generalised entropy measure, 03917.
- regression method**
multifactorial bioaccumulation study, left censored data, detection limit, hypothesis testing, 11632.
- regression model**
mean annual runoff, runoff, landscape, spatial variability, Slovakia; 04441. photochemical pollution, ozone, surface ozone, Greece, Athens; 06066. prediction, climate, temperature change, observational statistics, 07330. quadratic regression, groundwater quality, landfill site, linear regression, USA, Michigan, Kalamazoo County; 09714. snowmelt, flooding, snowpack, water equivalent, USA, (Northeast); 02300. software, spatial regression, 15097.
- regression outlier**
least median of squares, probability, sample size, multiple outlier location technique, elemental set, 02639.
- regression spline**
principal components analysis, instrumental variable, univariate spline transformation, multivariate analysis, linear smoother, 03925.
- regressive model**
dune, geocological research, soil, vegetation, Germany, Friesan Islands, Spiekeroog; 00128.
- regressive sequences**
aeolian dune, littoral deposit, Quaternary, stratigraphy, Morocco, Casa-blanca; 14212.
- regrowth potential**
bacterial growth, water quality analysis, biodegradation, algal exudate, Germany, Constance Lake; 03261.
- regulation technique**
geostatistics, hydraulic conductivity, spatial variability, 02061.
- regulated river**
hydropower, flood event, artificial flood, ecological disturbance, risk assessment, 14792.
- regulation**
floodplain deposit, terrace, gravel mining, reclamation concept, USA, California; 03939. shoreline erosion, wave energy, reservoir, lake level, USA, Montana, Flathead Lake; 00114. troposphere, hydroxyl radical, nitrogen oxide, volatile organic compound, ozone formation, 03649. water quality management, phosphorus control, eutrophication, lake water quality, USA, Florida, Okeechobee Lake; 07156.
- regulatory environment**
agricultural pollutant, pesticide fate, groundwater contamination, potable water quality, research trend, Germany; 00810.
- regulatory measure**
ozone, oxidizing property, troposphere, Europe; 12583.
- rehabilitation**
monitoring, geomorphological process, sustainable range management, soil erosion, Kenya, Marsabit District; 01385. raised bog, regeneration, peat harvesting, peatland, Germany, Lower Saxony; 06537. wallaby, TM, mining, mineral sand, Australia, Queensland, Stradbroke Island; 02466.
- Rehburg Stage**
Saalian glaciation, moraine, glaciofluvial sediment, outwash fan, subglacial meltwater, Germany, Dammer Berge; 14342.
- reindeer**
Devensian, radiocarbon dating, cave, UK, Scotland, Assynt, Creag nan Uamh Cave; 01493.
- reindeer grazing**
SPOT XS satellite data, lichen heath, pasture, Finland, Lapland, Enontekio; 07603.
- reinforced sand**
liquefaction potential, triaxial testing system, natural fibre, geosynthetic, Coir, 09095. shallow foundation, bearing capacity, foundation, geogrid reinforcement, 05220.
- reinforced soil**
soil wall, stress design, compaction, 12993.
- reinforced soil wall**
soil retaining wall, soil displacement, equilibrium limit, boundary force, 04016.
- reinforcement**
earthfill, interaction, lateritic soil, steel grid reinforcement, pullout test, 01419. foundation engineering, geogrid, bearing capacity, sand, clay, 12989.
- reinforcement force**
soft soil, embankment, tension crack, berm, 09096.
- reinjection**
groundwater, contamination, aquifer remediation, cleanup, groundwater treatment, 04537. non aqueous phase liquid, aquifer remediation, injection well, well screen, clogging, 04513.
- rejuvenation**
gypsum, Oswater Conglomerate Formation, warping, geomorphic history, landform, Namibia, Koigab River; 06473.
- relational database**
geographical database, database technology, spatial access, 11426. GIS/LIS, object oriented data, 13966. normalised relation, topological editing, data integrity, 13963. temporal GIS, time topology, spatial topology, 13964.
- relative age**
Neoglacal, Holocene emergence, Quaternary geology, glacial history, Eclipse glaciation, Canada, Northwest Territories, Bylot Island; 02789.
- relative date**
dating resolution, absolute date, archaeochronology, dating problem, 05273.
- relative density**
particle size, soil, shear resistance angle, shear test, 11738.
- relative humidity**
buried sample, obsidian hydration dating, weathering, 10427. gas/particle partitioning, semivolatile organic compound, urban particulate, particulate matter, Japan, Osaka; 04812. light scattering, aerosol, theoretical study, 07367. radiosonde observation, dewpoint depression, algorithm, temperature, 03407. radiosonde, hygistor, accuracy, low humidity data, USA; 14812. water vapour absorption, troposphere, clear sky radiance, GOES 6.7 micrometer channel, 05884. wind, air temperature, water temperature, evaporation, free water surface, radiation energy, India, Jodhpur, Cazri; 05662.
- relative motion**
strain, trench, plate motion, Caribbean; 10175.
- relative permeability**
fracture flow, groundwater flow, multiphase flow, air/water flow, 11006.
- relative position**
datum, coordinate precision, 01108.
- relative positioning system**
baseline analysis, kinematic GPS, satellite orbit information, GPS receivers, Japan; 01106.
- relative precision**
regression estimator, ranked set sampling, 09012.
- relative response function**
weighting parameter, Gaussian weighting function, bandpass filtering, two dimensional field, 09920.
- relative retention value**
soil pollution, heavy metal, mining, UK; 13425.
- relative series**
global radiation, satellite meteorology, cloud amount, METEOSAT, 08832.
- relativistic electron**
middle atmosphere, ionisation source, magnetospheric variability, 04585.
- relaxation**
glacier ice, polar ice density, density, bubble, 10530.
- relaxation time**
rockfall, landform persistence, instability, 05137. soil erosion, contemporary erosion, agricultural area, sediment yield, paraglacial, Canada; 01376.
- relaxed eddy accumulation**
conditional sampling, carbon dioxide, micrometeorology, flux measurement, 05866.

- release**
HCFC-22, lifetime, production, 04757.
- release rate**
microorganism, bacterial flux, chaparral, bioaerosol, vegetation, 15007.
- reliability analysis**
GIS, network data, Canada, Manitoba, Winnipeg; 06325.
- relict forest**
Araucaria, palaeoclimate, Holocene, pollen analysis, Brazil; 14247. pollen spectra, Tertiary, spore pollen spectra, Zelkova forest, Georgia, Babancuri Reservation; 11821.
- relict glacial landform**
ice divide, glacial landform, palimpsest landform, Canada, Nova Scotia; 10485.
- relict permafrost**
atmospheric temperature, reservoir rock, clay bed, permafrost, gas escape, Russian Federation, Siberian Plain, Ket'basin; 13141.
- relict sediment**
clay, bathymetry, sediment source, till, element, Arctic Ocean, Kane Basin; 09330. continental shelf, prodelta, waste, heavy metal pollution, Mediterranean Sea, Barcelona Continental Shelf; Spain, Besos River; 10706. palaeodrainage, factor analysis, beach sediment, sediment size, USA, North Carolina, Currituck Spit; 13186. transgression, continental shelf, shelf sediment, terrigenous source, India, Karnataka, Honavar; 00404.
- relict valley**
proglacial lake, valley erosion, crustal bulge, spring sapping, USA, Massachusetts, Nantucket Islands; Martha's Vineyard; USA, Massachusetts, Cape Cod; 11655.
- relief**
climate, provenance, sand, maturity index, quartz arenite, India, Kerala, Bharathapuzha; 13259. digital map, topography, Tibet; 12782. digital model, solar radiation, 02461. mesoclimate, macroclimate, montane glacier, Pleistocene, 00233. model, pediment, inselberg, duricrust, tropical landform, Africa, (West); 14133. placer, planation surface, till, Pliocene/Pleistocene, Asia, Sayan; 04102. Quaternary (late), orogeny, morphotectonic activity, neotectonics, Holocene, China, Tian-Shan; Tadzhikistan, Pamirs; 05204. rock/relief relationship, glacial erosion, river slope, digital map, UK, Wales; England; 11677. soil cover-landform relationship, cryoplanation, Hungary, Bukk Mountains; Tokaj Mountains; 09415. soil depth, landscape position, Slovenia; 04350. soil mapping, soil conservation, parent material, land use, Togo, Monts Kaby Region; 05505. soil spatial variability, tropical soil, 00471. tropical karst, karst landscape, cockpit karst, inselberg landscape, doline karst, West Indies; 05251.
- relief development**
geomorphology, soil, physical geography, geological structure, Hungary, Bukk Mountains; 02688. granite landscape, mineralogical control, tectonics, Poland, Sudetes Mountains, Jelenia Gora Basin; 11650. pediment, morphodynamics, weathering, sheet wash, anthropogenic impact, Nigeria, Gongola Basin; 00137.
- relief evolution**
pedolith, Vistulian, Holocene, aeolian activity, pedostratigraphy, Poland; 00230.
- relief form**
environmental problem, air pollution, forest dieback, Czech Republic, Moravia; Silesia; 02686.
- relief formation**
sedimentation, geomorphology, glaciated shelf, Quaternary ice sheet, 10529.
- relief history**
weathering, landform development, regolith, Thailand; 00514.
- relief inversion**
calcrete, dolocrete, silcrete, gypcrete, duricrust, Kuwait; 09058. lava flow, volcanism, valley width, Canary Islands, Tenerife, Orotava Valley; 09052.
- relief position**
tropical soil, soil evolution, weathering, 00511.
- relief reconstruction**
image processing, landscape unit, China, Shaanxi Province, Yann'an; Hebei Province, Xingtai; 14014.
- relief type**
landform, brief description, Europe, (East); 01381. thermokarst, geosystem, landscape, Russian Federation, Taz Peninsula, Tyumen' Oblast; 06619.
- relief vegetation cover**
soil erodibility, Turkey, Colhisar; 10883.
- remedial action**
environmental engineering, engineering geology, groundwater survey, Netherlands; 14127. groundwater exploitation, groundwater reclamation, groundwater management, salinity, groundwater quality, Australia, South Australia, Angas-Bremer Basin; 11100. hydrogeological design, aquitard continuity, groundwater contamination, cost/benefit analysis, data worth, contaminant containment, USA, South Carolina, Savannah River; 03339.
- remedial method**
in situ treatment, nitrate, iron, manganese, groundwater contamination, groundwater treatment, 12338.
- remedial technique**
optimisation, pumping strategy, vinyl chloride plume, uncertainty analysis, groundwater contamination, contaminant capture, USA, Michigan; 03357.
- remedial treatment**
eutrophication, lake water quality, in-lake treatment, 14670.
- remediation**
detergent, limiting factor, trophic status, lake water chemistry, phosphorus, Italy; 02021. dredging, capping layer, pollutant, 04191. dredging, oil spill, surface water contamination, USA, Alaska, William Sound; Arabian Gulf; 01986. emission control, detergent, phosphate emission, groundwater contamination, metal concentration, Switzerland, Glatt River; 01982. groundwater contamination, contaminant migration, interceptor drain, evaluation technique, 04539. groundwater treatment, organic contaminant, air stripping, groundwater contamination, 12331. multiphase flow, groundwater contamination, contaminant migration, interceptor drain, particle tracking model, evaluation technique, 04540. reservoir water quality, irrigation drainage water, biogeochemical immobilisation, selenium contamination, USA, California, Central Valley, Kesterson Reservoir; 03297. river rehabilitation, environmental management, river management, UK, Wales; England; 00809. river water quality, sewage treatment, monsoon, wastewater treatment, India, Ganga River; 05730. surface water quality, pumping strategy, effluent disposal, salinisation, soil salinity, 05847.
- remediation level**
groundwater contamination, aquifer remediation, risk analysis, advective transport model, vapour emission model, USA, California, Los Angeles; 04514.
- remediation measure**
sea level, beach erosion, sea wall, fauna, beach protection, India, Kerala, Narakkal; Munambam; 05490.
- remediation project**
hazardous waste, waste management, incineration, USA, Louisiana, Slidell, Bayou Bounfouca; 12881.
- remediation rate**
cleanup rate, air sparging, volatile contaminant, aquifer remediation, groundwater contamination, 04542. volatile contaminant, groundwater contamination, air sparging, aquifer remediation, 04541.
- remediation strategy**
groundwater remediation, non aqueous phase liquid, hydrocarbon, groundwater contamination, 11017.
- remediation technique**
waste management, Chernobyl nuclear accident, decontamination, terrestrial environment, Ukraine; Russian Federation; 05078.
- remediation technology**
organic pollutant, groundwater contamination, groundwater remediation, 11044.
- remineralisation**
degradation, anoxic sediment, macromolecule, polysaccharide, 14385. precipitation/adsorption, desorption/redissolution, coastal water chemistry, phosphate, biogeochemistry, Spain, Galicia, Vigo Estuary; 09646. Redfield ratio, bioactivity, calcium carbonate dissolution, productivity, nutrient data analysis, 11617. redox conditions, decomposition, organic matter, bioturbation, 13236. seawater, DOM, porewater, fluorescence, oxidation, carbon cycling, 08009.
- remobilisation**
iodine, diagenesis, trace element, marine sediment, organic matter, Southern Ocean; 01668. pollution, sediment pollution, water quality, flood prevention, redox potential, Russian Federation, Lake Ladoga; Gulf of Finland, Neva River; 12009. transuranic element, terrestrial environment, fuel reprocessing plant, geochemical behaviour, tidal zone soil, Irish Sea; 02611.
- remountation**
GIS, coordinate control, USA, Minnesota, Saint Paul; 06335.
- remote measurement**
payload panel, 03405. spectral radiometer, radiometry, volcanic gas, volcano, Japan, Kyushu, Unzen; 02476.
- remote ocean**
atmospheric sounding, rawinsonde, air launched sonde, parachute, 12408.
- remote sensing**
acoustic backscatter, seafloor, bathymetry, multibeam echosounder, sidescan sonar, 02462. Acoustic Doppler Current Profiler, current velocity, particle concentration, sedimentation, suspended sediment, Austria, Danube River; 09250. ADAR, SPOT, giant kelp, water quality, USA, California, San Diego County, San Onofre Kelp Bed; 02526. advection/diffusion model, lake water quality, pollutant release, 07042. aerosol size, volcanic cloud, stratosphere aerosol, Philippines, Mount Pinatubo; 11481. agricultural management, 02508. anthropogenic impact, NASA, global environment, MTPE, 06429. applications, techniques, GIS, 12651. arid karst, soil movement, surface hydrology, karstic depression, soil loss, Australia, Nullarbor Plain; 11674. ATKIS, satellite data, data fusion, 12707. atmospheric boundary layer, radio acoustic sounding, Russian Federation; 10169. atmospheric chemistry, fire, particulate emission, biogeochemical cycle, biomass burning, 00039. automobile emission, emission control system, carbon monoxide, hydrocarbon, hydrocarbon, USA, Colorado, Denver; 03622. baseflow reduction, river flow, climate change, runoff reduction, Canada, Ontario, Grand River Basin; 09589. bedform, erg, aeolian sand, desert, dune, Mauritania, Akchar Erg; 04251. cartography, module, geoprocessing, 02434. cartography, topographic mapping, thematic mapping, Desert, Sudan; Egypt; 10133. chlorophyll, Nimbus 7, CZCS, pigment content, primary production, Canada, Newfoundland, Grand Banks; 10229. classification accuracy, multisource data, 15093. classification, accuracy, USA, Ohio, Kent; 04969. climate ecology, Third World, geocology, 11524. climate implication, non spherical particle, light scattering, 13674. coastal water, algorithm, benthic interface, upwelling light stream, chlorophyll concentration, 11550. commercial programme, spatial information, 12653. crop residue, soil erosion control, tillage, USA, Nebraska; 08252. data acquisition, GIS, map accuracy, image processing, military, information, monitoring, global change, 04825. deforestation, desertification, GEOSCOPE, global change encyclopedia, 06362. delta, landscape map, landscape evolution, hydrodynamics, Russian Federation, Amu-Darya Delta; 06458. Earth observation, 12652. education, planning, photogrammetry, cartography, GIS, Egypt, Cairo; 10100. electromagnetic wave, 07418. energy flux, water budget, watershed, semiarid environment, Monsoon '90 Experiment, USA, Arizona, Walnut Gulch; 12900. environment, 10199. environment, 10200. environmental analysis, physical geography, denudational chronology, palaeoflood, Asia, (South); 11647. environmental assessment, oil spill, Saudi Arabia; Arabian Gulf; 06330. environmental management, natural resource inventory, aquifer, water pollution, geomorphology, India, Rajasthan; 00006. environmental management, training, Saudi Arabia; 10037. erosion intensity, model study, basin soil loss, loess, soil loss model, China, Loess Plateau; 03965. euphotic zone, mesotrophic region, chlorophyll, Mexico, Gulf of California; 11549. evapotranspiration, NDVI, canopy resistance theory, Denmark, Jutland, Viborg; 14026. expert system, GIS, hydrological model, water resource management, 00609. field partitioning, archaeology, filtering, centuriatio, Italy; 02569. flood model, extreme event, France, Vauluse, Ouveze River; 08304. Fold Belt, megascopic, MSS, SLAR, lineament, Nigeria, Okemesi; 02480. forest, hydrology, 06267. geology, airborne, spaceborne, 04955. geology, Greece; 15043. geomorphology, hydrogeology, karst geochemistry, groundwater tracing, 00745. geophysical method, spatial sampling, fractured rock, karst system, 07819. GIS, 02424. GIS, agriculture, Vietnam; 04989. GIS, autocorrelation, 06158. GIS, cartography, Slovakia; 13900. GIS,

- cartography, thematic map, topographic map, 11463. GIS, ecology, hazard mitigation, prevention, Burkina Faso; 15196. GIS, environmental degradation, river basin, Nigeria, Sokoto-Rima River Basin; 06308. GIS, integration, 11357. GIS, landscape, climate change, USA, Colorado; 02444. GIS, planning, India, Gujarat, Panchmahals District; 10268. GIS, snow depth, snow area, UK; 10238. GIS, topography, thematic mapping, classification scheme, 12702. GIS, USLE, soil erosion assessment, Landsat TM, 06924. GIS, water resource, India; 10242. global biogeochemical model, vegetation structure, vegetation classification, USA; 10321. global change, monitoring programme, database, forest cover, USA; 03924. global research, environmental change, deforestation, desertification, GIS, 10345. global terrestrial observing system, monitoring change, terrestrial ecosystem, workshop, 06435. government, monitoring, global change, education, GIS, 04822. grey level, imagery, 02414. habitat evaluation, GIS, USA, Minnesota; 04991. ice floe, underside roughness, air/ice drag coefficient, surface roughness, sea ice, Weddell Sea; Antarctica; 04549. image analysis, digital photogrammetry, digital cartography, GIS, 08730. image classification, classification, error, 02408. industry, Australia; 12654. inland water, ecosystem, waterbody, USSR; 12831. knowledge base, automatic image enhancement, artificial intelligence, human vision, 07416. land base, information system, GIS, desertification, 04947. land biosphere, biogeochemistry, EOS science programme, 00042. land cover category, AVHRR data, Penman model, basin evapotranspiration, evapotranspiration, albedo, China; 00623. land cover classification, accuracy evaluation, 14019. land degradation, TM, erosion hazard, spectrometer, Mediterranean; 15125. land resource, database, satellite data, GIS, 06378. land statistics, aerial photography, Switzerland; 05017. land surface, climatology, 12755. landform, longshore drift, beach drift, accumulation, coastal protection, India, South Konkan; 01596. landform, sediment transport, littoral drift, coastal erosion, Landsat TM, India; 01595. landscape, space/time, 10261. landscape research, digital image processing, 14013. landscape, drought, GIS, AVHRR, USA, Kansas; 10215. management, change, technology transfer, 12858. mapping, shallow water, marine environment, 02554. microwave, snow/soil system, snow depth, snow water equivalent, model, 14863. model simulation, global warming, sea level rise, wetlands, USA, Washington, Puget Sound; 10519. model, Lowtran7, radiation budget, alpine, snowfield, USA, Colorado, Niwot Ridge; 03414. model, quantitative, rainfall, forecasting, real time, 13775. monitoring, global change, resource technology, resource model, GIS, 04826. monsoon circulation, precipitation assessment, satellite data, Indian Ocean; 09576. morphostructure, lineament, morphotectonic unit, Brazil, Santa Catarina; 11498. natural resource, agriculture, human settlement, surveying, environment, India; 01066. object subtraction, chromaticity, atmospheric scattering, 10171. ocean modelling, satellite, 12825. optimisation, fast Fourier transform, spectral estimation algorithm, Fourier spectroscopy, 05878. ozone, kinetic model, mesosphere, thermosphere, 07344. pasture soil, soil degradation, arid soil, grazing, Kenya; 10726. pasture, aircraft, satellite, 06277. photogrammetry, LIS, GIS, education, modular course, 06107. physical geography, 08732. Pleistocene, climate change, ENSO, varve formation, sediment trap, Gulf of California; 11914. polarisation, haze, cloud, 10167. radar, military, 04846. real time, model, quantitative model, rainfall, forecasting, 13774. regression, MARS, 10214. research agenda, mapping, monitoring, biodiversity, 02497. river blindness, high resolution imagery, satellite, Ghana, Nangodi; 10274. runoff model, distributed model, streamflow, hydrological response unit, Canada, Ontario, Grand River; 00631. salinisation, water balance model, waterlogging, evapotranspiration, deforestation, Australia, Murray-Darling Basin; 00798. satellite, atmospheric structure, 14795. sea ice, ice thickness, microwave, radiometry, South China Sea; East China Sea; Yellow Sea; 06321. shoreline movement, sea level change, sediment budget, coastal process, historical trend, USA, North Carolina, Outer Banks; 00121. snow conditions, SMMR, microwave, USA, Colorado River; 05818. sodic soil, soil erosion rate, South Africa, Kruger National Park, Ripage River Drainage Basin; 01900. soil mapping, soil salinisation, arid soil, soil degradation, India, Rajasthan; 03058. soil water content, microwave radiometry, radiometry, Russian Federation, Altai Kria; 10748. spectral geology, stratigraphic analysis, geological hazard, 03734. spectrophotometry, natural object, calibration, 04841. SPOT 1, soil accumulation, Greece, Larissa, Karla Basin; 08247. SPOT, orthomapping, satellite imagery, 08736. stereoscopy, geological mapping, periglacial deposit, France, Massif Central, Velay; 08864. surface albedo, radiation absorption, vegetation canopy, 06259. surface evaporation, biomass, meteorology, USA, Arizona, Walnut Gulch Watershed; 06255. technology transfer, 12660. thermal IR emission, soil water, denitrification, 05530. training, Costa Rica; 04830. urban hinterland, ethnography, Africa, Nigeria, Ibadan; 10264. urban, land use, fieldwork, Nepal, Kathmandu; 15231. urbanisation, photointerpretation, land cover, Canada, Montreal; 01270. USLE, SGEOS, GIS, 08255. vegetation response, NDVI, soil moisture model, surface soil moisture, USA, Arizona, Phoenix; Botswana; 00731. vegetation type, Landsat TM data, SEDIMENT, USLE, USA, Utah; 04420. water resource, watershed morphology, India, Andhra Pradesh, Mahabubnagar District; 10239. watershed, groundwater, rainwater harvesting, India, Andhra Pradesh, Anantapur District; 10240. wheat, thunderstorm, rain, microwave, 04987.
- remote sensing application**
review, satellite data, 11356.
- remote sensing data**
atmospheric warming, TM imagery, radio echo sounding, mass balance regime, accumulation rate, Antarctica, Wilkins Ice Shelf; 02845. AVHRR, surface canopy, correction method, atmospheric effect, Hungary; 10146. cartographic product, GIS, environmental data, Czech Republic; 07594. cloud seeding, supercooled liquid water, liquid water, USA, Utah; 05980. data interpretation, neotectonics, geodynamics, Bulgaria; 07546. ERS-1, Earth Observation Data Centre, UK; 13912. global change research, historical data, 06361. hydrological modelling, water balance model, runoff, 14092.
- remote sensing imagery**
fractal analysis, sunlit area, shadowed area, 13957. maximum clustering, image segmentation, clustering algorithm, 10071. urban area, aerial photography, impervious area, 15230.
- remote sensing processing**
wavelet transform, 07488.
- remote sensing research**
data archiving, data retrieval, dataset, bidirectional reflectance, forest ecosystem, 11509.
- remote sensing technique**
coastal classification, Sri Lanka; 14006. noise pollution, ground roughness, noise propagation, noise prediction, 07654.
- remote sensing training**
SPOT, manual interpretation, Fiji; 07657.
- remote site**
ozone, pollution monitoring, monitoring technique, 03868.
- remote troposphere**
nitrate, sulphate, aerosol, chemical composition, dust, Asia, Tibetan, Plateau; Himalaya; 12607.
- REMOTS technology**
monitoring, dumping, contamination, sediment profile, North Sea, Dutch Coast; 00467.
- removal mechanism**
greenhouse warming, sulphur hexafluoride, source/sink, atmospheric residence time, 01310. methane fate, river, estuary, diffusive flux, USA, New York, Hudson River Estuary; 05089.
- removal rate**
mesocosm enrichment, marsh, nutrient removal, wetlands, stormwater, urban runoff, 06390.
- renavigation**
bathymetric data, narrow beam echo sounding, Pacific, East Pacific Rise; 03681.
- renewable energy**
biomass, methanol, climate forcing, greenhouse warming, alternative fuel, 03893.
- Rensselaer Polytechnic**
geosyncline, stratigraphy, Hall, J.(1811-1898), Eaton, A.(1776-1842), USA; 05337.
- reovirus**
adenovirus, enterovirus, coastal water quality, river water quality, ultra-filtration, virus detection, Australia, New South Wales, Sydney; 01994.
- reoxxygenation**
computer model, surface water quality, flow augmentation, wastewater treatment, dissolved oxygen, 00706.
- repeat photography**
geomorphological impact, flood, subalpine river, USA, Montana, Rocky Mountains, Flathead River; 01357.
- reporting limit**
detection level, hazardous material, pollutant, toxicity, quality control level, 08976.
- representative catchment**
catchment size, geochemistry, chloride, nitrate, 06994.
- reproduction rate**
foraminifera, carbonate flux, sedimentation, lunar cycle, Red Sea; 11919.
- reptile**
glacial period, palaeogeography, sea level, herpetofauna, Japan, Ryukyu Archipelago, Senkaku Group; 02785.
- RESAM**
acidic deposition, aluminium hydroxide, atmospheric deposition, soil acidification, dune soil, Netherlands; 13411.
- resampling algorithm**
least median of squares method, regression, dummy variable, earnings function, 07717.
- rescue operation**
drift buoy, GPS, pollution monitoring, search operation, 01286.
- research agenda**
mapping, monitoring, biodiversity, remote sensing, 02497. regional science, 07645.
- research development**
land use effect, water balance, humid tropics, process hydrology, evaporation, 08266.
- research focus**
LOICZ, science plan, 05153.
- research library**
cartographic resource, map library, 08806.
- research plant**
IGBP, 10350.
- research programme**
agricultural system, environmental quality, climate change, Spain; Niger; Netherlands; 11636. pollution monitoring, microbial pollution, hydrocarbon, data quality assurance, intercalibration, Mediterranean; 01302. risk assessment, hazardous waste, toxic chemical, pollution, China; 07678.
- research trend**
landscape monograph, geomorphological mapping, loess, planation surface, Hungary; 05138. regulatory environment, agricultural pollutant, pesticide fate, groundwater contamination, potable water quality, Germany; 00810.
- research vessel**
towed, air/sea interface, temperature analyser, ocean, 14809.
- resedimentation**
drumlin till, diamicton facies, late glacial, Ireland; 10488.
- reservoir**
adsorption, phosphorus, wastewater, 05469. algal community, phytoplankton, eutrophication, lake, limnology, Italy, Lake Iseo; Lake Garda; Italy, Veneto; Italy, Friuli; Italy, Trentino; 01963. anthropogenic impact, limnology, lake process, 06979. backwater, flow dynamics, navigation, channel, river bed, China, Yangtze River, Three-Gorge Reservoir; 13300. bedload transport, water management, dam, soil erosion, Poland, Carpathians, Skawa River, Swinna Poreba; 05474. caesium, environmental assessment, sediment transport, contaminant, USA, Tennessee, Clinch River/Watts Bar Reservoir; 09370. CASI, water quality, spectrographic imager, USA, Tennessee Valley; 12830. cathodoluminescence, quartz cement, 13154. climate influence, sedimentation, runoff, drainage basin, Australia, New South Wales, Burrinjuck Reservoir; 05476. coastal erosion, sea level rise, sediment delivery, Greece, East Attica, Marathon, Inois River; 06467. cobalt, copper, zinc, heavy metal, bottom sediment, Ukraine, Dnieper River; 09374. deflation, wind, aeolian deposition, Poland, Mala Panew River, Turawskie

- Lake; 00296. diagenesis, Jurassic, water-rock interaction, geochemical modelling, Brent Sandstone, porosity, North Sea, East Shetland Basin, Alwyn South; 06777. environmental change, hydroelectric power plant, Brazil, Para State, Tucuru; 03823. eutrophication, phosphorus load, algal population, nutrient load, potable water quality, 01967. GPS, three dimensional, network, pump storage, Germany, Goldisthal; 15235. lake level, regulation, shoreline erosion, wave energy, USA, Montana, Flathead Lake; 00114. Navajo Sandstone, Jurassic, Kayenta Formation, arid climate, erg, USA, Arizona; 02948. phosphorus, eutrophication, sediment/water interface, France, Loire River; Morocco; 14449. phosphorus, limnology, eutrophication, nutrient, 10982. porosity, ooid, diagenesis, permeability, Greenbrier Group, USA, West Virginia, Rhodell Field; 04152. resuspension, nutrient, sedimentation, focusing, USA, Wisconsin, Eau Galle Reservoir; 03030. river basin, sedimentation, sediment yield, Egypt; Sudan; Ethiopia; 05475. river bed, discharge, model simulation, sedimentation, Japan; 05462. runoff, erosion, deforestation, sedimentation, inflow regime, Vietnam, Da River, Hoa Binh Reservoir; 08435. sand body, incision, alluvial deposit, scour, 03012. sand, flume experiment, suspended sediment, particle size, Japan; 05350. sediment transport, erosion, sediment yield, soil erosion, drainage basin, 04279. sedimentation rate, erosion, coastline, bedload, Italy, Basilicata, Sinni River, Mt. Cotugno Reservoir; 04289. sedimentation, drainage basin, arid catchment, sediment storage, Israel, Negev Desert, Nahal Yael; 04158. sedimentation, sand flash technique, dam, 06781. side channel reservoir, eutrophication, water residence time, sedimentation, USA, Illinois, Charleston Lake; 12224. slope stability, geomorphology, Italy, Sauris Lake; 13297. source, magnetism, granulometry, Spain, Nijar, Isabel II Reservoir; 01750. spatial pattern, lake water chemistry, physical scale, chemical scale, UK, Scotland, Loch Lomond; Cumbrian, Esthwaite Water; 07041. Ste. Genevieve Limestone, oolite, Pleistocene, Holocene, Mississippian, carbonate, USA, Illinois; 04187. stratification, sediment flux, plutonium, particle settling, 08080. suspension, bedload, sorting, sedimentation, China, Gongzui Reservoir; 13287. transport process, particle transport, radionuclide, sediment core, stable element, USA, South Dakota, Oahe Lake, Cheyenne River Embayment; 01944. trophic status, nutrient load, limnology, man made lake, phytoplankton, Italy, Sardinia; 01968. water quality, Spain, Cordova County, Guadalmellato Reservoir; 04491. water quality, two dimensional model, suspended sediment, database, freshwater lake, Israel, Jordan River; Lake Kinneret; 01736. watershed, sediment graph, India; 13298. Willwood Formation, Eocene, overbank deposit, paleosol, sand body, USA, Wyoming; 02952.
- reservoir bank**
irrigation method, subsurface irrigation, 05828.
- reservoir capacity**
biogeochemical cycle, ecological model, nitrogen cycle, China; 02625. numerical method, cubic spline method, Newton method, Lagrangian method, grid method, 04464. reservoir operation, water management, 08453.
- reservoir construction**
groundwater level, geomorphological map, water level change, Hungary, Dunakiliti; Szigetkoz; 05262.
- reservoir design**
wadi hydrology, wadi hydrogeology, water resource, Jordan, Wadi el Mijib; 11086.
- reservoir development**
environmental impact, water demand, water supply, silting, water borne disease, Kenya, Tana River Basin; Athi River Basin; 08443. water resource development, surface water quality, river ecosystem, Azerbaijan, Araks River, Khodaaferin; 04492.
- reservoir discharge**
routed discharge, flood routing, probability distribution, peak discharge, Italy, Tuscany; 13474.
- reservoir ecology**
mathematical model, production/destruction process, phosphorus cycle, reservoir water chemistry, Russian Federation, Kun'ya River, Zagorsk Reservoir; 03298.
- reservoir ecosystem**
climate change, trophic status, forecasting model, Russian Federation, Tsimlyansk; 12230.
- reservoir facies**
mud, sand, classification, turbidity current, deep water basin, 13276.
- reservoir failure**
flash flood, catchment characteristics, monsoon, soil moisture, flood hydrograph, sediment transport, India, Gujarat, Luni River; 00633.
- reservoir limnology**
arid zone, nutrient, plankton, man made lake, eutrophication, water quality management, 05764. lake limnology, mathematical modelling, optimisation, water quality sampling, Finland, Kuortaneenjari Lake; 05844. lake limnology, nutrient, competition, nitrogen fixing algae, blue-green algae, Finland, Kuortaneenjari Lake; 05770. nutrient, plankton, pump storage reservoir, primary productivity, water quality management, Switzerland, Wagitalersee; 05767. plankton, eutrophication, nutrient, physical process, biological process, chemistry, Poland, Masurian Lakeland, Glebokie Lake; Jorzec Lake; Poland, Masurian Lakeland, Invec Lake; 05769. trophic state classification, water quality management, eutrophication, 05766. water quality management, biomaniplulation, eutrophication, modelling, 05772. water quality management, eutrophication, Brazil; 05765. water quality management, physical process, chemistry, biological process, 05763. water quality management, plankton, nutrient, fish, Czech Republic; 05771.
- reservoir management**
estimation theory, water management, moment method, maximum likelihood method, quantities method, parameter estimation, 03194. physical limnology, hydrodynamics, water quality management, 05768. set control approach, water resource management, uncertainty, extreme event, USA, (South-East); 02105.
- reservoir model**
hydrograph analysis, recession curve, glacier discharge, 11051.
- reservoir operation**
control concept, water resource management, optimisation; uncertainty, 03387. convergence diagnosis, stochastic dynamic programming, 03242. drought, flood, optimisation, hydropower, water management, USA, Georgia, Savannah River; 11085. flood control, multireservoir system, optimisation, 11084. flood forecasting, water management, dynamic programming, fuzzy theory, 08458. fuzzy set theory, hydrological time series, water management, climate change, drought, runoff regime, Germany; 08449. hydrograph prediction, water management, typhoon, flood forecasting, rainfall generation technique, 08454. hydropower, flood control, extreme event, drought, water management, 08452. hydropower, water management, risk management, drought, Germany, North Rhine-Westphalia, Wupper Reservoir System; 08459. irrigation demand, cropping pattern, optimisation, water management, Italy, Tiber River; 08455. irrigation demand, hydropower, water management, optimisation, Indonesia, Citarum River Basin; 08460. optimisation model, demand driven operation, stochastic model, uncertainty, 12399. optimisation, water management, hydropower, flood control, irrigation demand, Sri Lanka, Victoria Reservoir; 08457. reservoir water quality, estuary, salinisation, oxygen deficiency, organic matter, heavy metal, Ukraine, Dnieper River, Kakhovka Reservoir; Kremenchug Reservoir; 13556. simulation model, optimisation model, water management, 03241. stochastic dynamic programming, irrigation water management, water distribution system, Australia, New South Wales, Gwydir Valley; 09770. storage capacity, computer model, water resource management, storage reallocation, 00661. water management, reservoir capacity, 08453. water supply, irrigation, drought, water management, water reuse, Japan; 08450.
- reservoir potential**
Jurassic, Broadford Beds, diagenesis, marine sandstone, porosity, UK, Scotland, Inner Hebrides; 11933.
- reservoir quality**
diagenesis, Palaeocene, meteoric water, burial history, Miocene, New Zealand, Taranaki Basin, Kupe South Field; 11935.
- reservoir rock**
clay bed, permafrost, gas escape, relict permafrost, atmospheric temperature, Russian Federation, Siberian Plain, Ket'basin; 13141. thermal maturity, Permian, Phosphoria Formation, biomarker, anoxia, USA, Montana, Little Sheep Creek; 02899.
- reservoir sand**
oxygen isotope, sedimentary basin, quartz, cementation, North Sea; 13224.
- reservoir sedimentation**
runoff production, soil erosion, soil degradation, Algeria, Oued Mina; 07560. runoff, field experiment, land use, soil erosion, Ecuador, Andes, Paute River, Amaluza Dam; 01358. sediment yield, hillslope, AGNPS model, Taiwan, Tsengwen Reservoir Watershed; 08249. sediment yield, soil degradation, hydrological regime, Brazil; 08246.
- reservoir siltation**
water demand, water supply, side channel reservoir, water resource management, USA, Illinois, Charleston; 14780.
- reservoir storage**
double-cycling sequent peak algorithm, gamma distribution, storage capacity, inflow, 01953.
- reservoir surveillance**
water quality, turbidity, 01257.
- reservoir unit**
channel fill, Belly River Formation, porosity, petroleum, Campanian, Canada, Alberta; 01683.
- reservoir water chemistry**
reservoir ecology, mathematical model, production/destruction process, phosphorus cycle, Russian Federation, Kun'ya River, Zagorsk Reservoir; 03298.
- reservoir water level**
storage distribution, stochastic reservoir, 12226.
- reservoir water quality**
algal growth, phosphorus reduction, trophic status, lake water quality, 12293. biodegradation, detergent, lake water quality, Turkey, Hazar Lake; Keban Dam; 10989. bioindicator, wastewater reservoir, BOD, COD, total suspended solids, Israel; 03300. catchment protection, urbanisation, water quality management, 03371. enrichment coefficient, nickel pollution, geocumulative index, Poland, Goczałkowice Reservoir; 13557. estuary, salinisation, oxygen deficiency, organic matter, heavy metal, reservoir operation, Ukraine, Dnieper River, Kakhovka Reservoir; Kremenchug Reservoir; 13556. eutrophication, nutrient, Turkey, Keban Dan Reservoir; 10991. expert system, eutrophication, algal bloom, pathogen, lake water quality, 13631. irrigation drainage water, biogeochemical immobilisation, selenium contamination, remediation, USA, California, Central Valley, Kesterson Reservoir; 03297. lake water quality, eutrophication, forecasting model, 12292. limiting factor, phosphorus, dinoflagellate, red tide bloom, Japan, Gifu Prefecture, Shimokotori Reservoir; Nava Prefecture, Asahi Reservoir; Japan, Wakayama Prefecture, Goukawa Reservoir; 09678. mass balance model, denitrification, lake water quality, nitrate, dynamic modelling, UK, Thames River Valley; 00724. nonpoint source pollution, eutrophication, agricultural practice, nutrient, water treatment, blue-green algae, Czech Republic, Morava River; 07047. nonpoint source pollution, point source pollution, contamination transport, phytoplankton, Czech Republic, Prague, Zelivka River; 07050. nutrient, phosphorus deficiency, seasonal variability, eutrophication, Czech Republic, Rimov Reservoir; 10978. phosphorus, biogen, nitrogen, Poland, Goczałkowice Reservoir; Vistula River; 13558. phosphorus, phytoplankton, trophic status, water quality classification, Russian Federation, Moscow, Mozhaysk Reservoir; 09668. potable water quality, water resource management, catchment management, Czech Republic, Prague, Zelivka Reservoir; 12378. runoff water quality, water quality modelling, 03284. seasonal variability, nitrogen, phosphorus, nutrient, eutrophication, Poland, Lodz, Sulejow Reservoir; 07040. thermal stratification, water transparency, chlorophyll-a, oligotrophic reservoir, oxygen deficit, Brazil, Sao Paulo, Parapanema River, Jurumirim Reservoir; 00727. wastewater, self purification, water quality management, organic pollutant, Russian Federation, Kun'ya River, Zagorsk Reservoir; 03299. water chemistry, thermal stratification, mixing, potable water quality, Spain, Cordoba, Guadalmellato Reservoir; 00713. water quality management, agricultural practice, leaching, fertiliser, pesticide, Germany, North Rhine-Westphalia, Wahnbach Reservoir; 12254. water treatment, algae, eutrophication, ozone pilot plant, cyanobacteria, 13644.
- resetting**
Jurassic, sandstone, fluid inclusion, quartz cement, cement, North Sea; 00314.

residence time

activity ratio, rainwater, caesium-137, technetium-99, Chernobyl nuclear accident, Spain; 01299. aerosol, transport, lead-210, general circulation model, 10014. anthropogenic emission, carbon dioxide, carbon cycling, 08647. biochemistry, nutrient, nitrogen, rha, phytoplankton, Spain, Galicia, Vigo Ria; 08036. carbon-14, radiocarbon signature, organic carbon, USA, Illinois, Urbana, Morrow Plots; Missouri, Columbia, Sanborn Field; 09444. diatom, diagenesis, sediment/water interface, partitioning, organic carbon, USA, Great Lakes, Lake Michigan; 01748. dispersion, tracer, flow diversion, transport model, contaminant transport, North America, Niagara River; 00707. groundwater recharge, isotope analysis, geothermal aquifer, groundwater chemistry, carbonate dissolution, Serbia, Surdulica Geothermal Aquifer; 02077. lake restoration, hydrological investigation, liming, water pathway, UK, Scotland, Loch Fleet; 13567. organic contaminant, vadose zone, adsorption, solute transport, stochastic model, 00763. runoff, tritium tracer, streamflow, soil water discharge, groundwater discharge, Japan, Kawakami; 08311. sediment transport, thorium-230, radionuclide, settling, bottom current, Norwegian Sea; Greenland Sea; 07960. sulphate aerosol, ambient aerosol, 03571. suspended sediment, estuary, oyster, fluvial sediment, tide, Portugal, Baixo, Sado Estuary; 02887. trace metal, atmospheric input, seasonal cycle, manganese, aluminium, Bermuda; Atlantic, Sargasso Sea; 14393. urban dust, dust flux, model, radioactive tracer, 12614.

residential air

radon concentration, water source, indoor air quality, house depressurization, USA, Michigan; 10295.

residential area

adsorption, PAH, oil well burning, inhalable particulate, Kuwait; 04817.

residential catchment

urban runoff, stormwater treatment, runoff water quality, 03281.

residential well

coliform, withdrawal rate, groundwater withdrawal, karst area, sinkhole, USA, Virginia, Augusta County; 07823.

residual autocorrelation

extrapolation, streamflow estimation, Kalman filter, noise covariance matrix, France, Saint-Francois River; 04445. recursive algorithm, comparative study, streamflow estimation, least squares analysis, principal components analysis, France, Saint-Francois River; 04444.

residual circulation

downward control principle, stratosphere, diabatic circulation, 00922.

residual current

eddy viscosity, tidal forcing, circulation, Canada, British Columbia, Strait of Georgia; 01975.

residual shear strength

marl, clay, flysch, clayey soil, Greece; 02723.

residual soil

ferallitic, ferrallitic, classification, tropical residual soil, soil genesis, 10412. lateritic soil, cyclic loading, delta, road embankment, laboratory compaction, Nigeria, Port Harcourt; 10418. slope stability, expansive phenomena, saprolite, tropical soil, 10413. soil mechanics, foundation engineering, geotechnics, tropical soil, 10411. stress path, direct shear box test, triaxial compression, 02706.

residual soil profile

geotechnical behavior, geotechnical mapping, compressibility, shear strength, Brazil, Porto Alegre; 11751.

residual tectonic topography

morphotectonic approach, fault, geomorphology, range front, Poland, Sudetes Mts.; 06483.

residue

organophosphate, insecticide, orchard, fog, deposition, USA, California, San Joaquin Valley; 04815. pesticide, rice production, fate, Philippines; 06386.

resin extraction

phosphorus, ion exchange resin, extractant, 08127.

resin extraction method

extractant, acidic soil, ion exchange resin, 14499.

resin impregnation technique

density variation, laboratory test, compaction, sand, dry cohesionless soil, 09109.

resin plate method

shear strength, soil surface, 08109.

resinite

diagenesis, hydrocarbon, geochemistry, 10617.

resistance law

velocity profile, similarity theory, boundary layer, blending procedure, 14862.

resistance representation

evaporation, atmospheric model, land surface process, soil, 02192.

resisting power

climate optimum, environmental planning, geocodynamic assessment, stream energy, Mexico; 06452.

resistivity

GEMIT inversion, electromagnetism, three dimensional, imaging, 04862. pore morphology, porosity, lithification, recrystallization, fluid flow, Coral Sea, Great Barrier Reef; 09263.

resistivity monitoring

electrode array, groundwater flow, flow direction, flow velocity, 14711.

resistivity sounding

groundwater exploration, geohydraulics, hydraulic conductivity index, transmissivity index, leakage index, Croatia; 13574.

resolution

air quality, regional application, finite element, multiscale modelling, 15042. atmospheric model, consistent spatial resolution, vertical resolution, gravity wave, numerical experiment, 00900. coarse resolution, mixing model, spatial resolution, multispectral sensor, 02446. data predictability, pattern recognition, scaling problem, GIS, land use data, 12918. ECMWF model, horizontal resolution, ocean surface, heat flux, 08554. fractal dimension, scale, 03697. Geosat, altimeter, wave number frequency, transfer function, 15207. horizontal, general circulation model, stationary eddy, diabatic heating, model horizontal resolution, 04665. infrared, broadband, high spectral resolution, 06114. measurement, Earth rotation, 04856. model simulation,

east coast low, Australia; 12506. satellite sounding, temperature, moisture, weather prediction, 00914. transmission, encoding, 02403.

resolution enhancement

spatial resolution, satellite imagery, 10085.

resolution impact

National Meteorological Center, nested grid model, 00917.

resonance

first order resonance, nonlinear interaction, baroclinic wave, Rossby wave, 05959. instability, planetary wave, low frequency variability, nonlinear resonance, 09881.

resonance condition

triad, energy cascade, nonlinear interaction, Rossby mode, 03511.

resonant column

soft clay, field experiment, laboratory experiment, shear modulus, Champlain clay, Canada, Quebec; 11744.

resonant column test

clay, kaolinite, age dependent behaviour, preconsolidation, 04002.

resource allocation

planning, heuristic scheduling, least impact algorithm, 00056.

resource assessment

crust, Exclusive Economic Zone, cobalt, manganese nodule, Pacific, Tuvalu, Ellice Islands; 03011. decision support, wetlands, 06248. forest resource, shuttle, contextual classifier, land cover, SIR-B, Landsat TM, USA, Florida; 07581.

resource efficient plant

urban runoff, nitrogen, phosphorus, pesticide, runoff water quality, 07017.

resource exploration

African magnetic mapping project, magnetic dataset, Africa; 11492.

resource inventory

cover classification, thematic mapper, land use planning, 14018.

resource management

hardwood, forest management, satellite, GPS, GIS, modelling, 04984. water resource modelling, GIS, 01144.

resource mapping

airborne electromagnetic method, 04971. environmental monitoring, RADARSAT, 07423.

resource model

GIS, remote sensing, monitoring, global change, resource technology, 04826.

resource technology

resource model, GIS, remote sensing, monitoring, global change, 04826.

respirable dust

asbestos, quartz, calcite, albite, workshop, 03631. piezoelectricity, quartz, 06052. welder mist, dust, workshop, toxic metal, 03630.

respiration

biomass, spring bloom, bacteria, carbon budget, USA, Great Lakes, Lake Michigan; 00350. soil temperature, carbon dioxide flux, forest floor, carbon sequestration, 02345. temperature, sediment oxygen demand, laboratory experiment, eutrophication, Japan, Hiroshima Bay; 05412.

respiratory disease

inborn malformation, child, health, pollution, Russian Federation, Moscow; 13894.

respiratory quotient

primary production, seasonal variability, estuary, organic matter, mineralization, Denmark; 00349.

response time

GIS, ambulance, UK; 15255.

restoration

Pb-210, mercury, pollution, enrichment, accumulation rate, Adriatic Sea, Ravenna Lagoon; 10700. phosphorus, eutrophication, phytoplankton, fractionation, management, UK, Scotland, Tayside, Loch Leven; 10689.

restoration plan

wetland restoration, arctic, vehicle activity, Canada, Northwest Territories, Devon Island, Truelove Lowland; 05266.

restoration strategy

ecosystem restoration, management, drainage, USA, Florida, Everglades; 11613.

resuspended sediment

degradation, organic matter, particulate flux, Atlantic, Bay of Biscay, Meriadzeck Terrace; 14390.

resuspension

bioturbation, Callianassidae, sediment turnover, 04215. contamination, antifouling paint, legislation, butyltin, France, Aquitaine, Landes, Arcachon Harbour; 06796. continental margin, suspended matter, submarine canyon, nepheloid layer, sediment transport, Mediterranean Sea, Golfe du Lion, Grand-Rhone Canyon; 10579. deposition, dead zone, river, sediment transport, UK, England, Shropshire, Severn River; 04446. element, weathering, spatial variability, floodplain sediment, Brazil, Amazon River; 00366. estuary, silting, dredging, nearshore sediment, sedimentation, Baltic Sea; North Sea, Kattegat; 06743. fine sediment, storm, stratification, seston flux, bioturbation, North Sea; 00402. fjord, hydrography, sedimentation, wind forcing, meltwater, Antarctica, South Shetlands, King George Island, Potter Cove; 13269. fluff, seston, water column, anoxia, North Sea; 05436. groundwater, turbulence, lake sediment, spring, karst, Spain, Lake Banyoles; 00384. light attenuation, continental shelf, armouring, settling, suspended sediment, bed stress, USA, California; 14416. mass balance, sediment/water interface, organic carbon, USA, Lake Michigan, Green Bay; 10670. metal concentration, sediment core, estuary, historical record, salt marsh sediment, USA, Rhode Island, Narragansett Bay; 06790. mixing, estuary, caesium, americium, trace metal, UK, Wales, Clwyd, Dee Estuary; 08049. mud, turbulence, bursting, fish, whiting, Bahamas, Great Bahama Bank; 06750. nepheloid layer, bottom sediment, accumulation rate, sediment transport, North Sea, Skagerrak; 00301. nutrient, sedimentation, focusing, reservoir, USA, Wisconsin, Eau Galle Reservoir; 03030. organic matter, water column, transport dynamics, stream, USA, Idaho, Smiley Creek; Salmon River; 06655. organism, seasonality, seston, food availability, tidal flat, Chile; 02941. particulate flux, spring bloom, disaggregation, carbon cycling, Atlantic, (Northeast); 14433. plutonium, americium, sediment circulation, thorium, seabed, UK, England, Cumbria, Sellafield; Irish Sea; 08091. primary production, particulate matter, seasonal variation, trace element, metal, anthropogenic impact, Sweden, Lake Malaren, Stockholm

- Archipelago; Baltic Sea; 13304. seabed drag, sandbank, bedform, bedload transport, sand wave, North Sea, Norfolk Banks, Broken Bank; Well Bank; 00406. seafloor, benthic storm, nepheloid layer, particulate matter, Atlantic, (South), Argentine Basin; 00438. sediment dynamics, sandbank, wind, sand movement, bedload, North Sea, Sand Banks; 05438. sediment/water interface, bioturbation, entrainment, infauna, 04214. sedimentation rate, sediment trap, stratification, wind energy, North Sea, Kattegat, Aarhus Bay; Baltic Sea; 01611. sedimentation, sediment transport, modelling, cycling, contaminated sediment, Netherlands, Rhine Delta, Lake Ketel; 09371. sedimentation, varved sediment, water column, stratification, seston, USA, Minnesota, Clearwater County, Elk Lake; 01601. sewage sludge, bottom current, sediment transport, dumpsite, storm, continental shelf, USA, New Jersey, New York Bight; 14458. suspended matter, sedimentation, computational model, Irish Sea; 09367. suspended sediment, grain size, diatom, sea bed erosion, Atlantic, English Channel, Dover Strait; 11966. suspended transport, wave conditions, sand transport, storm event, shoreface, Canada, Prince Edward Island, Stanhope Lane; 06660. turbidity, tidal variation, suspended sediment, China, Changjiang Estuary; 06741. wind forcing, sediment transport, storm, STRESS experiment, continental shelf, USA, California; 14331.
- resuspension concentration**
particle size data, particle settling velocity, bottom erosion, sediment resuspension, lake, suspended sediment, North America, Great Lakes, St. Clair Lake; 00665.
- retail outlet**
location, GIS, 08967.
- retaining wall**
design, seismic analysis, saturated backfill, 09022.
- retardation**
complexation, sandstone, radioactive waste disposal, groundwater contamination, uranium migration, 04534.
- retardation factor**
contaminant migration, sandstone rock, organic carbon, chlorinated hydrocarbon, groundwater contamination, UK, England, Coventry; 03365. groundwater contamination, pore size distribution, reactive solute, solute transport, breakthrough curve, 08421. porosity, contaminant transport, groundwater contamination, tracer test, 11036. sorption, reactive solute, groundwater flow, solute transport, dispersion, heterogeneity, 12349.
- retarding basin**
runoff prediction, flood routing system, floodwater storage, real time model, sluice way operation, 08351.
- retention process**
orthophosphate transport, groundwater contamination, sorption, precipitation, 07070.
- retreat**
glacier, sensitivity, linear warming trend, global warming, 11860. outlet glacier, climate variability, mass balance, glacier variation, ice cap, Iceland; 04136. volume loss, mass balance model, glacier ablation, air temperature, Nepal, Himalaya, Shorong Himal, Glacier AX010; 06633.
- retreat rate**
measurement, terrestrial photogrammetry, glacier, Quelccaya Ice Cape, Peru, Andes, Qori Kalis Glacier; 00278.
- retrieval**
atmospheric variable, satellite, vertical sounding, neural network, 07170. balanced field, optimal control method, 08576. data, 10162. limb emission spectra, vertical profile, trace gas, ozone chemistry, Arctic; 09987. observation, error statistics, NOAA 10, temperature, height, 07168. particle, volcanic cloud, AVHRR, two band data, infrared, 13868. solar extinction, scattering, refractive index, aerosol, particle, 00837. tracer behaviour, atmospheric motion, satellite measurement, algorithm, 11109. wind field, Doppler radar, 09792.
- retrieval accuracy**
carbon dioxide, vibrational temperature profile, 03547.
- retrieval algorithm**
radiative transfer equation, Wentz's algorithm, total column water vapour, water vapour, 01174. stratosphere, lidar measurement, aerosol, ozone, Philippines, Mount Pinatubo; 10021.
- retrieval/assimilation**
mesoscale analysis, satellite model, cloud shadow, 11235.
- retrieval method**
atmospheric composition, limb emission measurement, radiative transfer, 05875.
- retrieval model**
cold front, rainband, microphysics, front, 02287.
- retrogressive aggradation**
fluvial/estuarine system, postglacial, sea level change, delta, China; Australia; 11848.
- return flow**
boundary layer modification, cold front, Gulf of Mexico; 05950. groundwater recharge, soil moisture budget, unsaturated zone, time distribution, 05779.
- return flow allocation**
water resource management, irrigation, river basin management, Canada, Alberta; 09763.
- return period**
confidence interval, maximum likelihood method, gamma distribution, Gumbel distribution, log normal distribution, flood estimation, Brazil, Santa Catarina, Itajari-Acu River; 01929. depth, duration, storm rainfall, rainfall, New Zealand, Christchurch; 05997. design flood, extreme event, flood generation, spillway design, Sweden; 08343. geomorphological unit hydrograph, streamflow velocity, flood, runoff generation, velocity estimation, Czech Republic, Jizera Mountains, Jilovsky Brook; 08341. probability distribution, annual extreme series, partial duration series, precipitation assessment, 09575. probable maximum precipitation, Hershfield technique, rainfall event, Gumbel technique, extreme event, India, Karnataka; 05657. runoff curve number method, peak discharge, rainfall/runoff relationship, flood magnitude, flood frequency analysis, 08338. runoff, rainfall frequency, frequency map, diurnal rainfall, USA, Louisiana; 10889.
- return signal**
topographic target, diffuse target, pulse, lidar signal, 10094.
- return stroke**
ground flash, electrical field, stepped leader, lightning HF radiation, Sri Lanka; 11121.
- return stroke model**
lightning, 11124.
- revegetation**
conference presentation, erosion control, sediment entrapment, 06436. dryland productivity, carbon, sequestration, desertification, 03908. evapotranspiration, groundwater contamination, landfill, finite element model, saturated/unsaturated flow, leachate, 00768.
- reverberation**
bottom backscattering, ice backscattering, Arctic; 03848.
- reversal shear box test**
saprolitic soil, shear strength, slope design, Hong Kong; 02725.
- reverse osmosis**
dissolved organic nitrogen, surface water quality, dissolved organic phosphorus, dissolved organic carbon, colloid, chromatography, ultrafiltration, 13500.
- reversed freezing test**
frost heave, hydrophobic material, frost action, 09224.
- reversibility**
kinetic mechanism, redox potential, groundwater quality, thermodynamics, 00778. soil acidification, calcium, alkalinity, acidification, UK, Scotland, Loch Fleet; 10291.
- reversibly adsorbed phosphorus**
river water quality, phosphorus, chemical analysis, bioavailability, Finland; 00701.
- revetment**
flexible revetment, marine environment, 00092.
- revetment stability**
coastal model, armour stone, wave height, USA, Texas, Sargent Beach; 05135.
- reworking**
estuary, Devensian (late), Holocene, sedimentary environment, tide water glacier, UK, Wales, Barmouth Bay; 10380. fossil, crinoid, palaeoenvironment, carbonate bank, taphonomy, Bahamas, Little Bahama Bank; 08065. morphostratigraphy, barrier, transgression, sea level, sediment supply, Canada, Nova Scotia; 02981. postglacial deposit, marine placer, Quaternary, sedimentation, Canada, Gulf of St. Lawrence, North Shore; 01607. raindrop impact, Permian, deformation, 09259. sedimentary structure, Quaternary, submarine relief, sedimentation, bottom current, Baltic Sea; Finland, Gulf of Finland; 11901. shear stress, sediment transport, tidal flat, cohesive sediment, Brazil, Amazon River; 13164. spring bloom, suspended matter, anoxic sediment, bioturbation, manganese, USA, Long Island Sound; 13249. stone line, gully feature, classification system, alluvial fan, calcium carbonate, South Africa, Ciskei, Tsolwana Game Reserve; 03960.
- Reynolds exchange**
K-closure, turbulence, mean motion, 14871.
- Reynolds number**
bedform, sediment transport, suspension, acoustic backscatter sensor, wavelength analysis, 10552. boundary layer flow, entrainment threshold, wind tunnel, shear stress, 11885. dynamics, aerosol, fibrous aerosol, 12623. gravel, flume experiment, sand, shear stress, sediment transport, 05359. laboratory, boundary layer, spectral scaling, 07236. Navier-Stokes equation, sedimentation, channel, 10666. sedimentation, particle cloud, buoyancy, 10663.
- Reynolds numbers**
aerosol sampling cyclone, cyclone diameter, 03606.
- Reynolds stress**
turbulence, urban surface, 03467.
- Rhaetian**
Portoro Limestone, seawater, dolomite, Italy, La Spezia, Portovenere; 14370. Portoro Limestone, seawater, lithification, dolomite, Italy, La Spezia, Portovenere; 14371.
- rheological model**
rock glacier, flow, ice/rock mixture, segregation ice, permafrost, 11851.
- rheological property**
deformation, model, adfreeze, grouted pile, frozen soil, soil salinity, 01417.
- rheology**
density anomaly, geoid, rotation, sea level, viscoelastic mantle, 04111. hydrological mechanism, mudflow, volcano, experimental study, 05166. methane, flooded soil, soil chemistry, 05573. pore pressure, pressure solution, compaction model, 11981. sediment transport, cohesion, silt, erosion, mud, 09267. topsoil, fill, shear strength, slope construction, 05221.
- Rhine Action Programme**
sediment quality, suspended matter, micropollutant, Netherlands, Meuse River; Rhine River; 14442.
- Rhine glacier**
till drumlin, deformation, Germany, Alpine Foreland; 10495.
- RHINEFLOW**
water balance model, flood, climate change, peak discharge, Netherlands, Rhine River; 14106.
- rhizolith**
palaeoenvironment, paleosol, carbonate, Devonian, cement, 00310.
- Rhizosolenia mats**
nitrogen transport, diatom mat, phytoplankton production, euphotic zone, Pacific, (North); 01311.
- rhizosphere**
aluminium solubility, pH, 03135. aquatic macrophyte, closed chamber, methane oxidation, methyl fluoride, inhibition technique, 07343. humic substance, root exudation, organic matter, nutrient availability, 10815. microbial biomass, root growth, soil biota, forest soil, nitrogen availability, Spodosol, 00545. microorganism, root growth, amino acid, sugar, organic acid, 01833. rape, phlogopite, vermiculitisation, potassium, X-ray diffraction, 08134. ryegrass, vermiculitisation, potassium, phlogopite, 08176. soil chemical property, forest soil, root growth, acidic deposition, Sweden; 03162. soil gas, carbon dioxide, ethylene, 04400. trace element, heavy metal, mangrove soil, Brazil, Rio de Janeiro, Sepetiba Bay; 06909.
- Rhodamine WT**
herbicide absorption, breakthrough curve, tracer, 12088.

- rhodamine-wt tracer**
fluorometry, streamflow measurement, stage/discharge relationship, turbulence, 05670.
- Rhodococcus chlorophenolicus**
soil microorganism, biodegradation, mineralization, pentachlorophenol, 13430.
- Rhododendron ponticum**
climate deterioration, interglacial, Hoxnian, palynology, Pleistocene, Ireland, County Mayo, Castlebar, Burren Townland; Derrynadivva; 11813.
- rhodolith**
foraminifera, current, upwelling, carbonate deposition, shelf, Japan, Ryukyus, Miyako Islands; 01617. storm, carbonate, Miocene, algae, palaeoenvironment, Australia, Queensland Continental Margin, Marion Plateau; 09356.
- Rhuddant Grits**
sandstone, Welsh Basin, Llandovery, turbidite, debris flow, UK, Wales; 14418.
- rhythmic bedding**
Milankovitch, periodicity, Cretaceous, orbital forcing, sea level, Atlantic; France; 02900.
- rhythmic sedimentation**
cyclothem, limestone, Jurassic, lower Liass, carbonate, Slovenia, Krka, Lofar; 01610.
- rhytmite**
cycle, environmental change, Pine Barren Member, Paleocene, USA, Alabama, Braggs; 13185. floodplain, sedimentation, sedimentary structure, Pennsylvanian(Upper), Tonganoxie Sandstone, USA, Kansas, Ottawa; 04177. isostatic rebound, sea level, glacial lake development, marine inundation, deglaciation, Canada, Newfoundland, Deer Lake; 07808. laminate, Pliocene/Pleistocene, runoff, sapropel, Messinian, Italy, Calabria, Vrica; 06651. sedimentation rate, coal, roof facies, Carboniferous, USA, (Eastern); 09334. varve formation, climate record, proglacial lake, laminated sediment, Switzerland, Alps, Oeschinensee; 10535.
- ria**
bottom topography, sediment distribution, sea level change, physiographic map, Spain, Arosa Ria; 14155. coastal relief, comparative study, stability, protection technique, firth, UK, Scotland; Spain, Cantabria; 01368. phytoplankton, residence time, biochemistry, nutrient, nitrogen, Spain, Galicia, Vigo Ria; 08036.
- Ribota Formation**
lamination, dolomitization, diagenesis, Strontium, Cambrian, Spain, Iberian Chain, Soria; Zaragoza; 02946.
- rice**
crop growing season, urea, methane emission, USA, Louisiana; 04774. crop yield, growth model, soil hydraulic property, soil sampling, 10753. flooded soil, methane, 08150. flooded soil, nitrogen fertiliser, fertiliser fate model, 03092. flooded soil, soil fertility, crop yield, Russian Federation, Krasnodar; 14563. heavy metal concentration, NDVI, toxicity index, Spain, Valencia, Albufera Natural Park; 14016. land use analysis, agricultural production, cassava, WOFOST yield model, Thailand, Korat Plateau; 08907. methane, flooded soil, 01845. NDVI, water stress, canopy water deficit, 03796. nitrogen fertiliser, fertiliser fate model, nitrogen loss, flooded soil, 03093. phosphorus, delta soil, humus, Russian Federation, Krasnodar Kray, Kuban Delta; 01880. shrimp, organochlorine pesticide, mussel, oyster, marine pollution, Mexico, Campeche, Rio Palizada; 04287. silicon, nitrogen, phosphorus, China, Liaoning Province; 03137. temperature, controlled environment, leaf appearance, panicle development, 05943. water content, soil water balance model, hydraulic conductivity, 08117.
- rice cultivation**
global scale, sulphur, methane, nitrous oxide, atmospheric concentration, trace gas exchange, 00040.
- rice ecosystem**
agroecological zone model, GIS, 11526.
- rice field**
biogas, methane emission, China; 14965. fertiliser, mineral fertiliser, organic fertiliser, quantification, methane emission, China, Zhejiang Province; 00051. field experiment, fertiliser, methane emission, China, Hunan Province; 05100. zooplankton, helioplankton, microbial community, lake water chemistry, limnology, Italy, Po Plain; Appennines, Lake Santo Parmense; 01964.
- rice paddy**
flooded soil, chamber measurement, methane flux, India; 06078. hydraulic conductivity, groundwater recharge, water table mound, ponded infiltration, 05775. irrigation water management, surface water quality, pesticide, nutrient, Japan, Koise River; Lake Kasumigaura; 07012. methane flux, groundwater quality, irrigated agriculture, Japan, Honshu, Aichi Prefecture; 13626. natural wetland, methane flux, seasonal variation, Japan, Ryugasaki; 11615. ridge cultivation, methane reduction, waterlogged rice paddy, 14959. water conservation, tillage practice, macropore flow, bypass flow, 14772.
- rice plant**
monochromator, chlorophyll, fluorescence, nutrient stress, 15154.
- rice planting**
flooded soil, denitrification, soil gas, nitrogen, Philippines; 04333.
- rice production**
fate, residue, pesticide, Philippines; 06386.
- rice seed**
toxicity test, hazardous waste site, metal ion, organic herbicide, 10308.
- rice soil**
Albaqual, fertiliser, methane, flooded soil, USA, Louisiana; 13373. extractant, nitrogen mineralization, 13338. nitrogen mineralization, extractant, USA, Arkansas; 13337. soil water regime, fertiliser, flooded soil, Haplaquoll, nitrogen, Philippines; 13375. wetting, nitrous oxide, emission, greenhouse experiment, 11301. X-ray diffraction, ferrihydrite, lepidocrocite, goethite, iron oxide coating, USA, Texas, Beaumont; 12047.
- Richards equation**
Brooks-Corey hydraulic function, unsaturated flow, scaling technique, drainage, infiltration, 02039. catchment scale model, saturated/unsaturated flow, groundwater flow, subsurface flow, digital elevation data, USA, Kansas, Manhattan, Konza Prairie; 02043. computer program, finite element method, finite difference method, unsaturated flow, 09681. constant flux infiltration, vadose zone, hydraulic conductivity, infiltration, 13572. courant number, unsaturated flow, Peclet number, numerical solution, 09686. Green-Ampt model, heterogeneity, infiltration, unsaturated flow, infiltration, 14707. Green-Ampt model, infiltration, unsaturated flow, heterogeneity, spatial averaging, 14706. hydraulic conductivity, unsaturated flow, soil characteristics, 14700. infiltration, hydraulic conductivity, saturation, borehole permeameter, matrix flux potential, 09436. infiltration, wetting front, approximate model, root water uptake, unsaturated flow, 02035. soil moisture, mesoscale atmospheric model, water content, ground surface, 04644. subsurface flow, Boussinesq equation, hydrological response, water balance model, water table dynamics, Philip's equation, 01920. two dimensional model, conservative finite difference model, subsurface flow, saturated/unsaturated flow, 08392.
- Richardson method**
Horton's stream ratio, erosion, surface runoff, fractal analysis, drainage network, 12205. sinuosity, channel pattern, fractal analysis, river planform, Central African Republic, Mbomou Basin; 09041.
- Richardson model**
rainfall erosivity model, USLE, South America, Amazonia; Brazil, La Cuenca; 09558.
- Richardson number**
convective storm, helicity, cloud model, shear profile, 02276. eddy transfer, turbulent mixing, micrometeorology, surface layer, stratification, 14857. profile gradient, radiation balance, turbulent flux, aerodynamics, Antarctica, Mizuho Station; 05917.
- ridge**
sandy soil, Leasburg surface, carbonate horizon, USA, New Mexico; 06855. Voyager image, groove, topographic model, crater, Saturn, Epimetheus; 06494.
- ridge cultivation**
methane reduction, waterlogged rice paddy, rice paddy, 14959.
- ridge furrow**
soil water regime, field ridge/furrow, microtopography, soil structure, UK, England, Cumbria; 05560.
- ridge pattern**
channel path, network geometry, graph theory, interfluvial pattern, drainage basin, USA, Kentucky, Cumberland Plateau; California, San Gabriel Mountains; 03952.
- ridge segmentation**
geoid data, Geosat altimeter, mid ocean ridge, Atlantic; Pacific; 07545.
- ridge subduction**
Quaternary, tectonic history, Woodlark triple junction, triple junction, Pacific, Solomon Islands; 09077.
- ridge tillage**
conservation tillage, contour tillage, rainfall erosivity, 14591. hydraulic head variability, lysimeter, soil temperature, soil drying, 06835.
- ridge/trough system**
downstream, baroclinic development, storm track, North America; 11186.
- ridging (500 hPa)**
dry spell, teleconnection, sea surface temperature, Canada; Pacific; 12440.
- riffle**
habitat classification, river hydraulics, bed topography, pool, run, 09608. logging, fine sediment, storm, valley floor, sediment yield, Australia, Tasmania, Dazzler Range; 04283. streamwater quality, mountain stream, particulate organic matter, sedimentation, pool, 13531.
- riffle/pool formation**
turbulence, channel flow, bed scour, deposition, 01949.
- riffle/pool hydraulics**
velocity reversal, open channel flow, channel hydraulics, gravel bed channel, USA, California, Dry Creek; 10934.
- riffle/pool sequence**
bed sediment, particle queuing, pool sediment, sediment size, gravel, UK, England, Exmoor; 02896.
- rift**
fault morphology, vertical movement, graben, fault scarp, China, Wei He Graben; 07792. geological history, seismic survey, erosion, Quaternary, fjord, Greenland, East Greenland, Scoresby Sund, Jameson Land Basin; 11905.
- rift basin**
Proterozoic, Sao Joao da Chapada Formation, sedimentary structure, braidplain, Brazil, Serra do Espinhaço; 10589. sedimentation, fan, lake, delta, Tanzania, Lake Malawi; Malawi, Lake Malawi; 01604.
- rift basin morphology**
hanging wall, radiometric date, volcanicity, tectonic control, Malawi; 06486.
- rift system**
earthquake belt, transtensional fault, strike/slip fault, seismicity, neotectonics, China, Shanxi; 01399.
- rift valley**
plume, REE, TAG, hydrothermal mound, mud, Atlantic, Mid-Atlantic Ridge; 00336. structural landform, fluvial erosion, slope retreat, palaeogeomorphology, Quaternary, Zaire, Lake Kivu; Ruanda, Lake Kivu; 02765. tectonic setting, lake, fault, sedimentation, Tanzania, Lake Malawi; Malawi, Lake Malawi; Africa, East African Rift, Lake Malawi; 01603.
- rifted margin**
model, landscape evolution, surface process, escarpment, 14135.
- rifting**
Cainozoic (late), longitudinal extension, thrusting, orthogonal extension, Italy, Apennines; 07788. Cifuncho Formation, Triassic, basin, Chile, Atacama, Coastal Cordillera; 11898. continental crust, lithological unit, Red Sea; 11496. eustasy, Proterozoic, aeolianite, Whitworth Formation, inlier, Australia, Queensland, Mount Isa; 01606. fission track dating, erosion, scarp retreat, uplift, Red Sea; Gulf of Suez; 14167. volcano, morphotectonic feature, submersible observation, fissure eruption, Italy, Tyrrhenian Sea, Marsili Volcano; 05167.
- right lateral fault**
Talas-Fergana fault, Quaternary, Holocene motion, neotectonic uplift, slip rate, Asia, (Central); China; Kirghizstan; 01400.
- right lateral shear**
tectonics, active faulting, earthquake, USA, Oregon; 05190.
- rigid airport pavement**
swelling soil, bed coefficient, 11733.

- rigid body dynamics**
computer animation, 12684.
- rill**
erosion, sedimentation, gully erosion, Russian Federation, Kursk Region; 03962.
- rill dimension**
overland flow, soil hydraulic property, soil erosion model, 13441.
- rill erosion**
caesium-137, sheet wash, Slovakia, Povazske podolie; 01904. clay soil, water content, soil strength, erosion resistance, overland flow, Australia, Queensland, Darling Downs; 08257. duplex soil, soil management, USLE, soil erosion control, 06928. erodibility, turbulence, particle size, channel, 05457. nomogram, maize, Zaire, Shaba, Lubumbashi; 05642. overland flow, sediment yield, rainfall intensity, UK, Scotland, Angus; 06933. rill initiation, Brunisol, rainfall simulation, Canada, Ontario; 04425. slope length, gradient, USA, (Northwest); 05638. soil erosion, erosion prediction, sloping field, USA, (Northwest); 09556. USLE, GCM, climate change, soil erosion potential, sheet erosion, USA; 01292.
- rill erosion model**
rill network, interrill erosion, rainfall simulation, soil erosion model, 14589.
rill network, soil erosion model, sediment yield, PRORIL, 14588.
- rill hydraulics**
chemical tracer, erosion, flow velocity, surface runoff, 10924.
- rill initiation**
Brunisol, rainfall simulation, rill erosion, Canada, Ontario; 04425.
- rill network**
interrill erosion, rainfall simulation, soil erosion model, rill erosion model, 14589. soil erosion model, sediment yield, PRORIL, rill erosion model, 14588.
- rill width**
crop rotation, tillage, 08228.
- rilling**
soil erosion rate, soil texture, UK, England; Wales; 08233.
- rillwash**
catastrophic process, young glacial region, soil erosion, denudation, Poland, Pomerania; 02685.
- rime ice**
conductor, icing model, accretion, ice load, 05981.
- riming**
cloud water, enrichment factor, chemical fractionation, aerosol cloud, scavenging, 08712. heat balance, electrification, ice/ice collision, charge separation, graupel pellet, 11244. ice particle growth, snow chemistry, Greenland; 08698. snow, mixed phase cloud, cloud, ice crystal, precipitation chemistry, Switzerland, Mount Rigi; 05978. winter, ice crystal, precipitation, snow crystal origin, 05977.
- ring fault**
caldera, tectonic evolution, geothermal energy, volcanic belt, Turkey, Meydan Caldera; Zilan Caldera; 10388.
- ring wave**
scatterometer, water surface, wind friction velocity, 07604.
- ringlets**
cyclonic eddy, warm core ring, Gulf Stream, 04651.
- Rio summit**
climate change, UNCED, greenhouse gas, 06367.
- rip current**
littoral zone, flysch, storm sediment, tempestite, Baltic Sea; 00299.
- riparian buffer zone**
buffer width, database management, GIS, water quality management, 01138.
river water quality, pollution, river purification, vegetated bank, runoff water quality, France, Le Mans, Sarthe River; Huisne River; 08371.
- riparian ecosystem**
stream habitat, environmental management, river regulation, channelisation, levee construction, USA, Illinois; 09773.
- riparian forest**
forest soil, nitrogen, spatial distribution, denitrification, France; 06398.
xylem pressure potential, soil water availability, leaf area, Eucalyptus forest, flooding, 09751.
- riparian forest edge**
meandering river, floodplain vegetation, cutbank erosion, USA, Iowa, Cedar River; 03955.
- riparian function**
river margin, landscape disturbance, environmental change, Europe; 02582.
- riparian landscape**
historical evidence, floodplain sediment, pollen, insect, settlement, USA, Iowa, Roberts Creek; 06595.
- riparian plant**
flood control channel, bank stabilisation, root-shoot characteristics, Canada, Ontario, Thunder Bay; 02673.
- riparian source**
runoff water chemistry, dissolved organic carbon, Sweden, Svartberget Catchment; 13524.
- riparian vegetation**
allochthonous input, detrital dynamics, macroinvertebrate, organic matter, streamwater quality, USA, Idaho, Lapwai Creek; 12272. channel stability, geomorphological reconnaissance, river restoration, UK, England, Leicestershire, Sence River; 10366. floodplain, land use effect, river regulation, ecotone, UK, England, Nottinghamshire, Trent River; 14769. river regulation, sediment transport, channel constriction, bank erosion, USA, California, Yosemite National Park, Yosemite Valley, Merced River; 14622. water quality, water environment, water resource, freshwater ecosystem, forestry, 11072.
- riparian wetland**
groundwater monitoring, runoff water quality, nutrient bioremediation, water quality, wetland restoration, 00678.
- riparian wetland soil**
wetland water table, nutrient release, climate change, UK, Wales; 06391.
- riparian zone**
agricultural pollutant, streamwater quality, nonpoint source pollution, nitrogen, 07137. buffer zone, denitrification, plant uptake, nitrogen retention, river corridor, 09643. effluent application, denitrification, soil temperature, nitrous oxide, 04371. flood, suspended sediment, nitrogen, ecosystem, floodplain, France, Landes, Adour River; 09276. groundwater quality, nonpoint source pollution, surface water quality, nutrient transport, environmental fate, 07013. nitrogen dynamics, runoff water chemistry, streamwater chemistry, wetlands, Canada, Ontario, Oak Ridges; 02002. nutrient regulation, streamwater chemistry, soil water chemistry, phosphorus, nitrogen, USA, Tennessee; 00689. peatland hydrochemistry, buffer zone, water table decline, climate change, laboratory experiment, 00669. river flow, flow event, river ecology, vegetation colonisation, point bar, USA, Iowa, Cedar River; 13622. stream, floodplain, forest management, environmental management, 09740. woody debris, floodplain, river ecosystem, France; 12368.
- Ripley's K**
point pattern, spatial point process, clustering, Canada, Alberta, Beaverhill Lake; 13960.
- ripple**
aeolian deposit, grainstone, Ste. Genevieve Limestone, Mississippian, dune, USA, Indiana, Harrison County; 04250. aeolianite, porosity, sandstone, Sossus Formation, Tsondab Sandstone Formation, Namibia, Namib Sand Sea; 13160. boundary layer model, oscillatory flow, suspended sediment, 08070. Cretaceous, wave, Rosario Formation, storm deposit, Mexico, Baja California; 07972. current, vertical structure, suspended sediment, time lag, wave, wind, 02884. grain size, flume study, sand, bedform, 11982. Hurwitz Group, bedform, Whiterock Member, Proterozoic, sedimentary structure, stratification, Canada, Northwest Territories, Keewatin; 13181. lamination, grain fall, calcarenite, wind, Grotto Beach Formation, Bahamas, San Salvador Island; 04194. mudwave, magnetic susceptibility, bottom water, AABW, Atlantic, (South), Argentine Basin; 00435. storm, tempestite, Pickaway Limestone, Mississippian, ooid, USA, West Virginia; 04257. transport rate, storm, intertidal zone, seabed, bedform, Canada, Prince Edward Island, Stanhope Beach; 01705.
- ripple geometry**
boundary layer, shear velocity, continental shelf, bedform measurement, skin friction, 08068. wave boundary layer, grain size, flume, 07970.
- riprarian forest**
water table rise, salt accumulation, floodplain soil, forest, river regulation, Australia, Murray River; 09753.
- rise**
dispersion, buoyant plume, vortex simulation, entrainment, plume, 05932.
- rising head test**
water table well, groundwater well, pressure packer system, pressure test, hydraulic conductivity, slug test, 03320.
- risk analysis**
advective transport model, vapour emission model, remediation level, groundwater contamination, aquifer remediation, USA, California, Los Angeles; 04514. GIS, stochastic model, groundwater contamination, pesticide, Canada, Quebec, Richelieu County; 11024. linear alkyl benzene sulphonate, toxicity test, species sensitivity, 07692. stochastic point process model, flood risk, 08345.
- risk assessment**
alkaline sodic soil, agricultural practice, sulphonylurea herbicide, groundwater contamination, leaching, Australia; 14770. climate change, erosion, infiltration, soil formation, plant growth, Quaternary, USA, Nevada, Nevada Test Site; 12920. coastal zone management, coastal plain, sea level rise, China, Hebei Province, Tianjin; Shandong Province, Tianjin; 13125. decision support system, terrestrial environmental resource, forest modelling, 01142. drainage, sinkhole collapse, urbanisation, flooding, groundwater quality, 00793. Dreissena polymorpha, bioaccumulation, algae, sedimentation, cadmium, Netherlands, Rhine Delta; 14443. ecological impact, water quality management, pollution control, nonpoint source pollution, USA; 07163. environmental impact assessment, life cycle analysis, disaster management, environmental management, sustainability, 07664. environmental monitoring, indicator, ecological indicator, regional assessment, 07675. exposure modelling, environmental risk, hazard, chemical, man, 07695. groundwater contamination, hazard, pollution, Italy, Milan; 12882. hazardous waste, toxic chemical, pollution, research programme, China; 07678. industrial effluent, wastewater discharge, water quality management, surface water quality, 13639. meteorology, wind surge, fire risk, South Africa, Natal, Drakensberg Mountains; 05896. regulated river, hydropower, flood event, artificial flood, ecological disturbance, 14792. screening approach, contaminant, exposure pathway, superfund site, USA; 07670. slope stability, landsliding, 12999. sustainable development, time delayed response, ecotoxicological risk, chemical time bomb, chemicals policy, Netherlands; 11589. toxicity, surface water quality, aquatic ecosystem, pesticide, India; 13512. uncertainty analysis, safety margin, new chemical substance, modelling, Netherlands; 07696. water quality management, sheep dip, river water quality, water course pollution, UK, Scotland, Tweed River; 05854. water quality mapping, video image processing, water vegetation, erosion risk, water resource, Hungary; 07637. water reclamation, wastewater, groundwater recharge, pathogen, trace organics, USA, California; 03336. water resource management, knowledge based system, decision support system, drought, 03384. wetlands, mining waste, metal contamination, plant uptake, USA, Montana, Clark Fork River; 07694. wildlife, PCB, lake water quality, water quality criteria, lake water quality, North America, Great Lakes; 14667.
- risk evaluation**
avalanche, landslide, natural hazard, Italy, Veltlin, Val Pola; Switzerland, Matter, Randa; Switzerland, Alps; 09020. water quality analysis, wastewater, bioassay interpretation, hazard index, toxicity, 00686. water quality index, river water quality, water quality management, India, Yamuna River; 13543.
- risk management**
design flood, flood frequency analysis, extreme event, drought, rainfall, 08262. drought, reservoir operation, hydropower, water management, Germany, North Rhine-Westphalia, Wupper Reservoir System; 08459. water quality monitoring, groundwater quality, aquifer protection, well protection zone, water resource development, France, Paris; 05851.
- risk mapping**
slope evolution, land use management, USGS, landslide hazard, USA, Virginia; Utah; USA, California; USA, Alaska; USA, Hawaii; 05133.

- risk reduction factor**
shallow foundation, bearing capacity, failure probability, 11717.
- riss**
erratic pebble, glacial deposit, Quaternary, Switzerland, Schaffhausen, Klettgau Valley; 13089.
- river**
community involvement, environmental management, national river watch, water resource, UK; 00808. drift transport, zoobenthos, Kenya, Naro Moru River; 14658. engineering, sedimentation, physical model, China; 10682. estuary, diffusive flux, removal mechanism, methane fate, USA, New York, Hudson River Estuary; 05089. gravel, alluvial fan, downstream fining, tumbling mill, abrasion, Japan, Watarase River; 07940. runoff variability, trend detection, climate change, annual flow, Australia; 03857. sediment transport, resuspension, deposition, dead zone, UK, England, Shropshire, Severn River; 04446. stream, biotic resource, instream value, valuation protocol, water resource development, USA, Virginia; 05846.
- river bank**
needle ice, sediment mobilisation, bank erosion, UK, Wales, West Glamorgan, Ilston River; 05825.
- river bank erosion**
geotechnical property, delta, alluvial plain, flood erosion, foundation, Bangladesh; 10355. grass rush, sedge, soil texture, 12174. lateral channel change, measurement, 10363.
- river bank erosion control**
soil physical property, soil chemical property, nutrient status, Nigeria, Niger Delta; 14554.
- river bank instability**
toe scour, lateral erosion, safety factor, stability analysis, spreadsheet, 10364.
- river bank stability**
failure, land loss, bank erosion, sediment yield, tension crack, 11986.
- river basin**
channel network, Hack's relation, elongation, 10361. channel network, landscape simulation, digital elevation map, unstable landscape, minimum energy expenditure, 00102. heavy metal, toxicity, bed sediment, suspended sediment, India, Mahanadi River; 03027. hydrological model, GIS, 08923. precipitation, forecast, 14927. remote sensing, GIS, environmental degradation, Nigeria, Sokoto-Rima River Basin; 06308. sedimentation, sediment yield, reservoir, Egypt; Sudan; Ethiopia; 05475. simulation model, water resource development, impact assessment, environmental impact, climate change, Pakistan, Indus River Basin; 07152. source, bottom sediment, particle size, tracer, Hong Kong; 05468. suspended load, proglacial stream, glaciofluvial environment, sediment transfer, India, Himalayas, Alknanda Basin; 05364. temperature, precipitation, climate change, trend, India, Mahanadi River; 04750.
- river basin management**
pollution modelling, GIS, 08904. return flow allocation, water resource management, irrigation, Canada, Alberta; 09763. river water quality, environmental toxicology, environmental degradation, Indonesia, Java, Citarum River; 13638. water quality assessment, river water quality, pollutant loading, accuracy criteria, 00703.
- river basin morphology**
optimal channel network, dendritic structure, fractal property, hillslope process, channel network, 00104.
- river bed**
bioavailability, trace metal, pollutant, element partitioning, tillage, turbidity, China, Yellow River; 11997. deformation prediction, two dimensional model, suspended sediment, transport, erosion, China; 08072. discharge, model simulation, sedimentation, reservoir, Japan; 05462. fluvial process, mapping, small scale mapping, Russian Federation; Europe, (East); 02491. gravel extraction, alluviation, dredging, profile transformation, channel profile, Russian Federation, Oka River; 09043. particle size, burial depth, scour, gravel bed river, 10667. reservoir, backwater, flow dynamics, navigation, channel, China, Yangtze River, Three-Gorge Reservoir; 13300. siltation, conductivity, cementation, groundwater, gravel bed, 11895.
- river bed deposit**
cyclic shear strain, cohesionless soil, model, triaxial test, seismic response, 11740.
- river bed dynamics**
fluvial geomorphology, fluvial process, Quaternary, Austria, Lainbach River; Germany, Black Forest; Germany, Elsenz River, Kraichgau; 09040.
- river bed sediment**
bacteria, mineral precipitation, biofilm, biomineralization, Canada, Ontario, Speed River; 08025. dissolution, metal, biota, Czech Republic, Elbe River; 00447. hyporheic zone, woodland, coarse particulate organic matter, Czech Republic, Morava River; 09277.
- river bench**
morphotectonics, geomorphology, climatology, valley, 02672.
- river bioproductivity**
floodplain, fringe floodplain, limnology, wetlands, ecotone, Argentina, Parana River; Paraguay River; 05700.
- river blindness**
high resolution imagery, satellite, remote sensing, Ghana, Nangodi; 10274.
- river breeze**
boundary layer, linear analysis, turbulence modelling, Brazil, Amazon; 13685.
- river capture**
landscape evolution, palaeoplain, tilting, headward erosion, Australia, Western Australia, East Kimberley; 12977. levelling, vertical movement, Eemian sediment, neotectonics, France, Alps, Isere River Valley; 06478.
- river cascade**
gas exchange, 03596.
- river catchment**
Chernobyl nuclear accident, radionuclide removal, Russian Federation, Dnieper, Chernobyl NPP zone; Pripyat; Russian Federation, Selenga; Ukraine, Dnieper; 06387. stream channel network, DEM, 08919.
- river channel**
computer simulation, fractal geometry, Moldavia, Dniester River; Pruth River; 09601. glacier, scour, ice block, jokulhlaup, sandur, Greenland, Sondre Stromfjord, Russell Glacier; 05352. loess soil, suspended sediment, meander formation, sediment transport, China, Loess Plateau; 10933. loess, progradation, suspended sediment, delta, Holocene, China, Shandong, Yellow River Delta; 01699. sand, organic carbon, heavy metal, drainage basin, India, Kerala, Vembanad Estuary; Muvattupuzha River; 04242. sediment load, meander, sinuosity, fine sediment, peat, Botswana, Okavango Fan; 00372. sinuosity, bedload, braiding, meandering, 12940. vegetation, bank protection, soil stability, bank erosion, tidal velocity, Nigeria, Niger Delta; 00097. vertical deformation, longitudinal profile, alluviation, anthropogenic impact, Russian Federation, Neman River; 03961.
- river classification**
faecal effluent, urban river, river water quality, pollution indicator, sediment, Japan; 13533.
- river conservation**
river management, braided river, flood protection, river regulation, UK, Scotland, Tay River; 11088.
- river corridor**
environmental monitoring, digital base map, Hungary, Danube River; 11528. riparian zone, buffer zone, denitrification, plant uptake, nitrogen retention, 09643.
- river delta**
sediment deposition, river dynamics, suspended sediment, France, Camargue, Rhone River; 13483.
- river depth**
temperature variation, water temperature, waste heat, heat budget model, surface heat exchange, New Zealand, Waikato River; 00709.
- river discharge**
annual discharge, rainfall frequency, time series analysis, periodicity, flood frequency, Africa; Finland; UK, Wales; 13471. carbon dioxide consumption, rock weathering, carbonate rock, river water chemistry, carbon flux, Africa, (West), Congo River; South America, Amazon River; 10971. coastal water, sea colour discontinuity, plume front, airborne remote sensing, Netherlands; 11554. deforestation, land use effect, agricultural land use, runoff, rain forest, French Guyana; 08431. discharge/concentration relationship, nitrate concentration, nitrate flux, river water quality, USA, Mississippi River; 08376. discharge regime, hydropower, river ecology, water resource management, river regulation, USA, Montana, Flathead River; 11089. discharge variability, plume dispersal pattern, satellite data, Brazil, Amazon River; Venezuela, Orinoco River; Colombia, Magdalena River; Mexico, Rio Grande; USA, Mississippi River; 01921. El Nino, ice cap, Holocene, rainfall, Brazil; Peru; 00243. estuarine sediment, phosphorus, suspended sediment, biogeochemical cycle, Brazil, Amazon River; 14387. estuary, typhoon, water level, tidal river, design water level, Hong Kong; 03243. extreme discharge, historical hydrology, high water mark, Russian Federation; 08340. flow regime, river regulation, flood peak, Thailand, Chao Phraya River; 08314. flushing time, mixing process, dispersion, estuary, India, Andhra Pradesh, Godavari Estuary; 03244. flushing, surface water quality, estuary, dissolved oxygen, estuarine mixing, Australia, Tasmania, Derwent River; 13535. forecasting, El Nino/Southern Oscillation, sea temperature, Australia, South East, Murray-Darling River; 10910. forest, erosion, flood, anthropogenic impact, deforestation, India, Sutlej River; Beas River; India, Jhelum River; India, Chanab River; 09731. groundwater withdrawal, water resource management, aquatic insect, dewatering, USA, Central Plains, Arkansas River; 12390. hydropower, snowmelt runoff, streamflow generation, seasonal variation, Nepal, Arun River; Kosi River; Nepal, Tamur River; 11056. meltwater, low flow, snowmelt runoff, Nepal, Karnali River; Narayani River; Nepal, Koshi River; 11057. minimum runoff, low flow, runoff, Estonia; 12200. nutrient, velocity profile, estuary, stratification, salinity, Argentina, Patagonia, Chubut River Estuary; 06987. peak flood, climate change, flood probability, Netherlands, Rhine River; 08328. rainfall/runoff model, water holding capacity, soil water capacity, general circulation model, runoff, 08331. rainfall/runoff relationship, runoff ratio, climate change, Egypt, Nile River; Sudan, Blue Nile; Ethiopia, Blue Nile; 09584. river regulation, river hydraulics, flow regime, stage/discharge relationship, North America, Great Lakes, St Clair River; Lake Huron; North America, Great Lakes, Lake Michigan; 14615. river water quality, salinity, water quality monitoring, Australia, Western Australia, Williams River; 12275. runoff, grid network interpolation, Norway; 08307. runoff, sediment yield, water resource management, anthropogenic impact, hydrology, warm humid region, China, Liaoning Province; 08442. seasonal variation, karst spring, flow duration curve, 00648. shoreline configuration, flood, delta formation, Greece; 14411. streamflow generation, flow frequency, flow duration curve, Canada, British Columbia; 12207. suspended sediment, particle size distribution, sediment source, Japan, Hokkaido; 14621. unsaturated zone model, rainfall/runoff model, land use effect, climate change, basin model, Netherlands, Rhine River; 08327. water budget, rainfall pattern, evapotranspiration, runoff, Brazil, Amazon River; 08284.
- river displacement**
sediment deformation, tectonic control, fluvial deposition, uplift, Pakistan, Himalayas, Potwar Plateau, Salt Range; 12974.
- river diversion**
drainage pattern, alluvial plain, terrace, headward erosion, Czech Republic, Ohre River, Postoloprty; Chomutovka River; 05183. uncertainty, design flood, hydraulic structure, dam construction, optimisation model, Iran, Karoon Dam; 12396.
- river dynamics**
suspended sediment, river delta, sediment deposition, France, Camargue, Rhone River; 13483.
- river ecology**
river regulation, environmental impact, flood regime, 14793. vegetation colonisation, point bar, riparian zone, river flow, flow event, USA, Iowa, Cedar River; 13622. water resource management, river regulation, river discharge, discharge regime, hydropower, USA, Montana, Flathead River; 11089.
- river ecosystem**
channel process, river regulation, land use, channel evolution, 03227. reservoir development, water resource development, surface water quality, Azerbaijan, Araks River, Khodaaferin; 04492. riparian zone, woody debris, floodplain, France; 12368.
- river estuary**
mercury, monitoring, pollution, toxic trace element, 06384.

river/estuary system

heavy metal dispersion, tidal dynamics, salt water intrusion, mathematical model, pollutant transport, UK, Wales, Milford Haven; England, Cornwall, Fal Estuary; 04483.

river flow

catchment characteristics, soil characteristics, low flow estimation, ungauged catchment, UK; 04442. climate change, runoff reduction, remote sensing, baseflow reduction, Canada, Ontario, Grand River Basin; 09589. energy generation, turbulence, dispersion, river mouth, Israel, Jordan River; Kinneret Lake; 03225. flow characteristics, current meter, FST hemisphere, lotic benthos, 10930. flow characteristics, current velocity, macroinvertebrate, microhydraulics, FST hemisphere, 10929. flow event, river ecology, vegetation colonisation, point bar, riparian zone, USA, Iowa, Cedar River; 13622. flow forecasting, ice, hydraulic routing model, flow modelling, uncertainty, North America, Niagara River; 09595. gauging network, hydrometric data, flow measurement, open channel flow, low flow, UK; 01939. groundwater level, probability distribution function, low flow, baseflow, distribution function, 08332. macrophyte, bed roughness, Elodea canadensis, 09588. open channel flow, gauging techniques, instrumentation, flow profile, flow measurement, 01933. organic matter, phytoplankton, marine sediment, diagenesis, water column, Adriatic Sea; 08020. river water quality, groundwater management, groundwater exploitation, groundwater abstraction, UK, England, Lincolnshire, Slea River; 03383.

river flow forecasting

hydrograph, flow routing, gain factor model, Volterra function model, 14611.

river gorge

tectonic control, joint orientation, structural analysis, erosion, USA, Niagara Gorge; Switzerland, Bernese Oberland, Aare Gorge; Greece, Crete, Samaria Gorge; Switzerland, Jura, Moutier-Klus; 14170.

river/groundwater exchange

thermal data, surface water-groundwater interaction, bank filtration, hydraulic head, France; 13593.

river habitat

water resource management, channel depth, channel roughness, channel hydraulics, macrophyte growth, 12381.

river hydraulics

bed topography, pool, run, riffle, habitat classification, 09608. flow regime, stage/discharge relationship, river discharge, river regulation, North America, Great Lakes, St Clair River; Lake Huron; North America, Great Lakes, Lake Michigan; 14615.

river ice

air temperature, carbon dioxide, ice formation, climate change, Russian Federation; Byelorussia; Ukraine; 13614. ice breakup, flood, meander, erosion, suspended sediment, Canada, Northwest Territories, Liard River; 07953. ice breakup, ice jam, ice motion, kinematic model, 04552. ice cover stability, radar profiling, ice profiling, 11555. ice jam, roughness coefficient, ice cover, frazil ice, 12357. spatial variability, temporal variability, ice breakup, ice strength, 04554. thermal regime, ice regime, power plant, Russian Federation, Chulym River; Beresh River; Russian Federation, Uryup River; 02084.

river input

aeolian transport, sediment trap, continental shelf, aluminium, continental slope, Pacific, Japan Trench; 02892. flux, dissolved flux, particulate flux, atmospheric input, heavy metal, Atlantic, English Channel, Dover Strait; North Sea; 11621.

river/lake system

sediment transport, delta, landscape development, Switzerland, Reuss River; 12367.

river level

hydrological model, climate change, impact assessment, coupled model, Lamb's Weather Type, UK, England, Coln River; 08971. satellite altimetry, hydrological measurement, Geosat radar altimeter, Brazil, Amazon basin; 01251.

river load

deep sea fan, sediment budget, submarine canyon, abyssal plain, 04166.

river management

braided river, flood protection, river regulation, river conservation, UK, Scotland, Tay River; 11088. remediation, river rehabilitation, environmental management, UK, Wales; England; 00809. river regime, ecosystem disturbance, debris dam, erosion reduction, ecological diversity, UK, England, Hampshire, New Forest; 05848. river science, research, river technology, Europe; 04565. water quality management, channelisation, river regulation, dyking, stormwater quality, Canada, Ontario, Windsor, Little River; 03272. water resource management, sustainable development, ecosystem management, Australia; 04566. wave characteristics, bank erosion, boat generated wave, Australia, Tasmania, Gordon River; 14791.

river margin

landscape disturbance, environmental change, riparian function, Europe; 02582.

river meandering

chaos, numerical model, channel planform, nonlinear dynamics, meander, 06449.

river mechanics

channel flow, sediment transport, bedform, channel regime, turbulence, 03223.

river migration

tilt block tectonics, Quaternary, drainage basin symmetry, neotectonic region, USA, Mississippi Embayment; 11687.

river model

estuary/river model, density flow intrusion, salinity, flow regime, stratification, 09633. gravel bed river, geophysical technique, fluvial facies, Canada; 00358. siltation, weir, sediment transport, channel hydraulics, UK, England, Yorkshire, Wakefield, Calder River; Dewsbury, Batley Beck-Howley Beck; UK, England, Yorkshire, Keighley, Worth River; 10927.

river morphology

elevation data, river pattern, longitudinal profile, tectonic upwarping, coastal plain, USA, South Carolina; 01393. sediment supply, grain size, saturated sediment, transport limited, supply limited, 00103. water management, inverse modelling, computer model, coastal dynamics, 03195.

river mouth

delta growth, coastal change, China, Huanghe River Delta; 05164. delta plain, sand, tidal flat, channel migration, Canada, British Columbia, Fraser River Delta; 13169. effluent diffusion, sediment dispersion, microtidal river, mathematical model, Greece, Louros River; 10338. estuary, Holocene, continental shelf, sea level, transgression, China, Zhejiang Province, Oujiang River Estuary; 02972. estuary, salt wedge, sediment concentration, buoyant plume, suspended sediment, Canada, British Columbia, Fraser River; 02885. river flow, energy generation, turbulence, dispersion, Israel, Jordan River; Kinneret Lake; 03225. vertical profile, marine halocline, water temperature, salinity, current velocity, ice growth, estuary, 12232.

river network

channel network, fractal dimension, 09036. DEM, stream channel, basin simulation, fractal morphology, 00105. drainage basin, fractal geometry, self similarity, self affinity, 13466. fractal geometry, baseflow index, Poland; 13470. fractal geometry, computer simulation, 09602.

river outflow

continental runoff, flood, drought, USA; 10911.

river palaeoflow

marine sediment core, isotopic evidence, organic carbon, reduced precipitation, India, Karnataka Coast; 04060.

river pattern

longitudinal profile, tectonic upwarping, coastal plain, river morphology, elevation data, USA, South Carolina; 01393.

river planform

Richardson method, sinuosity, channel pattern, fractal analysis, Central African Republic, Mbomou Basin; 09041.

river plume

dissolved organic carbon, phytoplankton pigment, CZCS, Atlantic; Caribbean Sea, Orinoco River plume; 14067.

river profile

morphological development, longitudinal profile, graded river, channel slope, Japan; Taiwan; 10370. passive continental margin, tectonics, geomorphological model, hillslope, diffusion model, USA, Basin and Range Province; 02697.

river purification

vegetated bank, runoff water quality, riparian buffer zone, river water quality, pollution, France, Le Mans, Sarthe River; Huisne River; 08371.

river recharge

groundwater resource, aquifer/river system, climate change, aquifer storage, 06948.

river regime

bedform, morphological timescale, river regulation, channel dynamics, Taiwan; 01943. ecosystem disturbance, debris dam, erosion reduction, ecological diversity, river management, UK, England, Hampshire, New Forest; 05848.

river regulation

anthropogenic impact, flood, rainfall, monsoon, China; 08301. anti-salinity barrage, water level forecasting, flood propagation, backwater curve, Senegal, Senegal River, Diama Barrage; 13481. canalisation, sediment discharge, lake water level, water resource management, China, Dongting Lake; 12379. channel dynamics, channelisation, bed erosion, flood hazard, energy dissipation, Poland, Carpathian Mountains, Raba River; 05685. channel dynamics, lowland alluvial river, weir, dynamic equilibrium, bed slope, Australia, South Australia, Murray River; 02674. channel dynamics, river regime, bedform, morphological timescale, Taiwan; 01943. channel evolution, meander, channel flow, sediment deposition, channel erosion, China, Hanjiang River; 01942. channelisation, levee construction, riparian ecosystem, stream habitat, environmental management, USA, Illinois; 09773. contaminant migration, hydropower, runoff water quality, wastewater treatment, geochemical study, heavy metal, 05727. dam, particulate organic matter, organic matter, particulate transport, USA, Colorado River; 12277. dyking, stormwater quality, river management, water quality management, channelisation, Canada, Ontario, Windsor, Little River; 03272. ecological disturbance, hydraulic structure, fluvial process, basin hydrology, Azerbaijan, Samur River; 10915. ecotone, riparian vegetation, floodplain, land use effect, UK, England, Nottinghamshire, Trent River; 14769. environmental impact, flood regime, river ecology, 14793. flood hazard, mitigation technique, levee construction, environmental effect, China, Yellow River; 03963. flood peak, river discharge, flow regime, Thailand, Chao Phraya River; 08314. flood storage, flood protection, environmental protection, Austria, Vienna, Wien River; 09769. groundwater level fluctuation, fluctuation amplitude, hydropower dam, runoff control, Russian Federation, Ob Basin; Katun Basin; 02047. land use, channel evolution, river ecosystem, channel process, 03227. pool-riffle sequence, channel geometry, channelisation, UK, England, New Forest; 14619. riparian forest, water table rise, salt accumulation, floodplain soil, forest, Australia, Murray River; 09753. river conservation, river management, braided river, flood protection, UK, Scotland, Tay River; 11088. river discharge, discharge regime, hydropower, river ecology, water resource management, USA, Montana, Flathead River; 11089. river hydraulics, flow regime, stage/discharge relationship, river discharge, North America, Great Lakes, St Clair River; Lake Huron; North America, Great Lakes, Lake Michigan; 14615. river restoration, transport capacity, sediment regime, 00657. sediment regime, impoundment, benthos, bed armouring, 12222. sediment transport, channel constriction, bank erosion, riparian vegetation, USA, California, Yosemite National Park, Yosemite Valley, Merced River; 14622. water management, soil conservation, erosion control, flood control, USA, Indiana, Maumee River; 11098. water quality index, ecological sanitation index, river water quality, phytoplankton, salinity index, Ukraine, Danube River; 13547. water resource development, flood, drought, anthropogenic impact, deforestation, urbanisation, Kenya, Tana River Basin; Nyando River Basin; 08433. water resource management, hydropower, ecological planning, 03382.

river rehabilitation

environmental management, river management, remediation, UK, Wales; England; 00809.

river restoration

biota, river water quality, suspended sediment, water quality management, Germany, Elbe River; North Sea; 10973. lake remediation, ecosystem management, water quality management, North America, Great Lakes;

- Canada, St Lawrence River; 05845. riparian vegetation, channel stability, geomorphological reconnaissance, UK, England, Leicestershire, Sence River; 10366. river water quality, suspended matter, nutrient, water quality management, Europe, Rhine River; 10975. surface water contamination, inorganic nitrogen, phenol, pesticide, heavy metal, Ukraine, Dniester River; 13548. transport capacity, sediment regime, river regulation, 00657. water quality management, river system, river water quality, chloride, Germany, Weser River; Werra River; Germany, Fulda River; 10976.
- river runoff**
global warming, climate change, water balance, 06372.
- river science**
research, river technology, river management, Europe; 04565.
- river sediment**
biogeochemical cycle, fluorine, seawater, diagenesis, phosphate, continental shelf, Brazil, Amazon River; 13272. chloroform mineralization, zinc, pollutant, Netherlands, Rhine River; Meuse River; 10681. faecal pollution, sewage, eutrophication, urban river, urobilin, Japan, Honshu, Tokyo; Miura Peninsula; 08086. heavy metal, contamination, water quality, Austria, Carinthia; 08079. organic carbon, trace element, sedimentation rate, caesium-137, USA, Lake Michigan, Grand Calumet River; 10677. PAH, peat, lipid, biogeochemistry, seasonality, Arctic Ocean, Mackenzie River Estuary; Beaufort Sea; 01678. PCB, CBAs, herbicide, biodegradation, USA, New York, Hudson River; 03024. radionuclide, phosphate fertiliser, anthropogenic emission, uranium, thorium, Spain; 11992. trace element, humic acid, copper, complexation, organic matter, Sri Lanka, Mahaweli River; Kandy; 09375.
- river segmentation**
debris flow, mountain river, gravel transport, Japan; 14146.
- river slope**
digital map, relief, rock/relief relationship, glacial erosion, UK, Wales; England; 11677.
- river system**
bank instability, delta, failure mechanism, channel geometry, Nigeria, Niger Delta; 02980. modelling, flood defence, hydraulic model, digital ground model, UK; 10916. river water quality, chloride, river restoration, water quality management, Germany, Weser River; Werra River; Germany, Fulda River; 10976.
- river technology**
river management, river science, research, Europe; 04565.
- river temperature prediction**
river water quality, state space model, temperature prediction, water temperature, cooling water discharge, USA, Illinois, Des Plaines River; 00710.
- river terrace**
alluvial fill, drainage basin, Quaternary (late), climate change, USA, Kansas, Kansas River, Wolf Creek; 12943. glacial trough, antecedence, morphology, active tectonics, valley, China, Pamir, Gez He Valley; 07791. Quaternary (late), depositional history, alluvial soil, valley fill sequence, Australia, New South Wales, Hunter Valley, Nowlands Creek; 14148. terrace age, longitudinal profile, base level, upwarping, USA, Pennsylvania, Susquehanna River; 07749.
- river terrace chronology**
Quaternary, aminostratigraphy, oxygen isotope, loess, France; 14214.
- river transport**
sediment load, suspended sediment, erosion source, strontium isotope ratio, element ratio, Africa, (West), Congo Basin; 10968. transport process, tracer, solute transport, model calibration, model verification, Europe, Rhine River; 08381.
- river valley**
floodplain, lateral erosion, postglacial period, late glacial, fluvial topography, Lithuania; 07881. geological spatial analysis, seismic foci, digital elevation model, lineament, USA, Washington, Nisqually River; 03764. tectonic influence, lake, savanna, landscape evolution, Mexico, Quintana Roo, Bacalar; Chetumal; 14163.
- river water**
global environmental change, DOM, carbon flux, process analysis, New Zealand; Europe; North America; 08993. radioactive contamination, empirical model, radionuclide, Ukraine, Chernobyl; 11343. synoptic climatology, climate change, hydrology, model, weather pattern, UK, England, East Midlands; 00108.
- river water chemistry**
aquifer recharge, surface water-groundwater interaction, redox chemistry, spatial variability, temporal variability, groundwater quality, France, Grenoble, Drac River; 12320. atmospheric dust, geochemistry, surface water chemistry, sediment transport, erosion, Guinea, Fouta Djallon; 05732. bicarbonate, calcium, chloride, dissolved solid, sodium, potassium, Russian Federation, Siberia, Lena River; Laptev Sea; 05740. biochemical oxygen demand, sediment oxygen demand, ammonia/nitrogen, dissolved oxygen dynamics, QUAL2E model, USA, New Jersey, Whippany River; 09665. carbon flux, river discharge, carbon dioxide consumption, rock weathering, carbonate rock, Africa, (West), Congo River; South America, Amazon River; 1971. carbon, particulate organic carbon, dissolved organic carbon, organic carbon, Argentina, Parana River; 02007. climate, petrography, pollution, geomorphology, 09658. equatorial basin, hydrochemical balance, rainfall chemistry, rainforest, Cameroon, Ngoko River; 08380. heavy metal, nutrient, hydrogeochemistry, pollutant source, weathering, China; 12280. humic substance, ultraviolet irradiation, humic acid, fulvic acid, photo degradation, organic carbon, Sweden, Kalix River; 13530. lake water chemistry, Kjeldahl nitrogen, wetlands, ecotone, nitrogen transport, source/sink, Poland, Masuria, Krutynia River; 05748. phosphate, adsorption, clay soil, eutrophication, UK, Kent, Stour River; 02004. precipitation chemistry, soil type, runoff water chemistry, soil water chemistry, South America, Amazon Basin; 12263. radon-222, activated charcoal passive collector, 14666. seawater quality, barium, radium-226, estuary, mixing zone, sediment, Bay of Bengal; India, Ganga-Brahmaputra River System; 03286. speciation, trace metal, biochemical availability, dissolved metal, New Zealand, Otago, Manuhirika River; 04480. water quality monitoring, X-ray fluorescence, ion exchange resin, water quality analysis, 07030.
- river water contamination**
floodplain retention, uranium mine, radionuclide transport, radium, contaminant retention, Australia, Northern Territory; 05738.
- river water level**
flow rating curve, flood, rainfall event, hydrograph shape, Hungary, Danube River; 09691. prevention strategy, ice jam, ice dam, Ukraine, Pripyat River; 12359.
- river water quality**
aeration, hydraulic structure, air entrainment, oxygen uptake, 12282. aquatic ecosystem, Chernobyl nuclear accident, radioactive contaminant, iodine-131, caesium-134, caesium-137, Ukraine, Dnieper River; 13551. atmospheric deposition, coastal water quality, heavy metal, France, Provence, Cote d'Azur, Var River; Ligurian Sea; Italy, Imperia, Roya River; Italy, Toscana, Arno River; 09639. bank filtration, groundwater quality, hydrological cycle, sediment transport, alluvial catchment, 13469. biochemical oxygen demand, nutrient load, chemical oxygen demand, dissolved oxygen, self purification, India, Ganga River; 10963. bioindicator, chlorobiphenyls, eel, PCB, Netherlands, Rhine River; Meuse River; Netherlands, Roer River; 14659. biological quality, computer model, macroinvertebrate fauna, UK; 04484. caesium, isotope migration, suspended sediment, bottom sediment, Slovakia, Dudvah River; 13532. Chernobyl nuclear accident, radionuclide contamination, Europe, Danube River; Ukraine, Dnieper River; 04482. chloride flux, atmospheric deposition, marine deposition, salinity, Australia, Murray-Darling Basin; 14665. chloride, river restoration, water quality management, river system, Germany, Weser River; Werra River; Germany, Fulda River; 10976. chlorinated anisole, chlorinated veratrole, pulp mill, water odour, Canada, Alberta, Athabasca River; 09664. coastal water quality, organic matter, sterol marker series, biomarker, estuary, Slovenia, Krka Estuary, Adriatic Sea; 05723. colloid, water quality analysis, trace metal, microwave treatment, Czech Republic, Bohemia, Elbe River; 04485. denitrification, nitrification, isotope tracer, self purification, nitrogen-15, Japan, Tamagawa Jousui Channel; 08382. dispersion profile, dissolved oxygen, chemical oxygen demand, effluent discharge, India, Bihar, Damodar River; 12270. dissolved oxygen, water quality prediction, biochemical oxygen demand, conductivity, water temperature, India, Tamil Nadu, Bhavani River; 09654. environmental toxicology, environmental degradation, river basin management, Indonesia, Java, Citarum River; 13638. erosion, soil loss, suspended sediment, land use effect, France, Brie, Grand Morin River; 13619. estuary, dissolved organic carbon, element concentration, uranium isotope, dissolved oxygen, India, Godavari Estuary; 05741. estuary, trace element, organic matter, dissolved trace metal, particulate trace metal, Russian Federation, Siberia, Lena River Estuary; Laptev Sea; 05742. eutrophication, wastewater treatment, nutrient transformation, nutrient retention, water quality management, Denmark, Gudenaa River; 14777. fluorescence detection, HPLC, PAH, Europe, Danube River; 09657. global climate model, climate change, Canada, Ontario, Grand River; 09656. groundwater contamination, water purification, bioindicator, macrophyte, floodplain, France, Alsace, Ill River; 14661. groundwater management, groundwater exploitation, groundwater abstraction, river flow, UK, England, Lincolnshire, Slea River; 03383. hardness, salinity, mine discharge, Ukraine, Dnieper River; Samara River; 13549. heavy metal, particulate transport, sediment, India, Cauvery River; 10967. herbicide, spatial variability, triazine, USA, Mississippi River; 07029. industrial effluent, land use practice, agricultural practice, Canada, Assomption River; 10969. industrial effluent, toxicity test, impact assessment, 13542. industrial pollutant, agricultural pollutant, water quality management, Czech Republic, Elbe River; Germany, Elbe River; 10974. ion, heavy metal, spatial variability, basin characteristics, 07035. kraft mill, paper milling, NPTOX analysis, chlorinated organic compound, 09663. lake water quality, contamination analysis, water quality model, Lagrangian technique, Canada, Quebec, St Lawrence River; St Pierre Lake; 13534. lead, zinc, channel morphology, chemical partitioning, sediment, UK, Wales, Ystwyth River; 10972. molecular weight fraction, blackwater river, suspended bacteria, dissolved organic carbon, bacterial density, 05734. nonparametric trend analysis, water quality data, trend analysis, USA, Kansas, Walnut River; Neosho River; USA, Kansas, Arkansas River; USA, Kansas, Verdigris River; 05739. nonpoint source pollutant, point source pollutant, drainage basin model, biochemical oxygen demand, Europe, Rhine River; 14660. nonpoint source pollution, baseflow, groundwater discharge, deethylatrazine, atrazine, 02006. nonpoint source pollution, runoff water quality, phosphorus transport, South Africa, Western Cape Province, Berg River; 07028. nutrient, chlorophyll, dissolved oxygen, eutrophication, estuary water quality, USA, North Carolina, Pamlico River Estuary; 05708. organic micropollutant, mutagenicity, toxicity, XAD concentration, Netherlands, Rhine Delta; 12279. organic pollutant, chromatographic mass spectrometry, Ukraine, Danube River; Kilyi Delta; 13550. organic waste, self purification, 12281. particle fractionation, water quality analysis, trace element, acid extractable fraction, filterable fraction, Israel, Jordan River; 03290. particulate transport, solute transport, snowmelt, tracer, natural tracer, 08375. partitioning, glyphosate, bioaccumulation, dissipation, paraquat, Taiwan; 13545. phosphorus, chemical analysis, bioavailability, reversibly adsorbed phosphorus, Finland; 00701. phosphorus, manganese, potable water quality, Urov disease, Asia, Urov River; 12273. phytoplankton growth, lake water quality, humic substance, dissolved metal, dissolved organic matter, Japan, Seta River; Biwa Lake; 05705. phytoplankton, salinity index, river regulation, water quality index, ecological sanitation index, Ukraine, Danube River; 13547. pollutant loading, accuracy criteria, river basin management, water quality assessment, 00703. pollution indicator, sediment, river classification, faecal effluent, urban river, Japan; 13533. pollution, biochemical oxygen demand, dissolved oxygen, 13539. pollution, river purification, vegetated bank, runoff water quality, riparian buffer zone, France, Le Mans, Sarthe River; Huisne River; 08371. pulp mill, industrial pollutant, foam formation, surfactant, France, Vienne River; 10970. real time monitoring, uncertainty, decision analysis, cost/benefit analysis, water quality management, 12385. river discharge, discharge/concentration relationship, nitrate concentration, nitrate flux, USA, Mississippi River; 08376. runoff water quality, pollutant loading, sewage, heavy metal, USA, New York, Buffalo River; 03278. rural development, water supply, land use effect, runoff, stormflow, flood peak, South Africa, Palmiet River; 03370. salinisation, nonpoint source pollution, irrigation water quality, agricultural water management, South Africa, Cape Province, Breede River; 07037.

- salinity, palaeohydrology, estuary, climate change, hyperhaline estuary, Senegal, Casamance River; 14627. salinity, stochastic model, mass transport theory, water quality management, USA, Colorado River; 12389. salinity, water quality monitoring, river discharge, Australia, Western Australia, Williams River; 12275. seasonal ecology, cyanobacteria, pollutant degradation, Nigeria, New Calabar River; 09661. seasonal variation, industrial pollutant, agricultural pollutant, nitrogen, inorganic anion pollution, Nigeria, New Calabar River; 03288. sediment, fish, methoxychlor residue, pesticide, Canada, Alberta, Athabasca River; 09662. sediment, heavy metal, industrial pollutant, India, Maharashtra, Patalganga River; 13528. sewage treatment, monsoon, wastewater treatment, remediation, India, Ganga River; 05730. sewage, urbanisation, faecal bacteria, microbiological pollution, Canada, Ontario, Sault Ste Marie, St Mary's River; 14663. silicon, phosphorus, trace element, sediment, estuary, India, Ganga River; 12276. snowmelt, atmospheric deposition, caesium-137, Chernobyl fallout, Italy, Dora Baltea River; 10966. solute concentration, cross channel variation, Canada, Saskatchewan River Basin; 14664. state space model, temperature prediction, water temperature, cooling water discharge, river temperature prediction, USA, Illinois, Des Plaines River; 00710. stream bed sediment, solute transport, stream/aquifer system, surface water-groundwater interaction, groundwater contamination, UK, England, Thames River; 11030. suspended matter, nutrient, water quality management, river restoration, Europe, Rhine River; 10975. suspended sediment, water quality evaluation, metal concentration, Canada, Ontario; Quebec; 13544. suspended sediment, water quality management, river restoration, biota, Germany, Elbe River; North Sea; 10973. temporal variability, detergent, chlorophyll-a, oxygen concentration, Poland, Bydgoszcz, Brda River; 09655. tidal reach, estuary water quality, salinity, computer model, India, Hooghly River; 07039. trace metal, contaminant concentration, spectrophotometry, fish, sediment, Pakistan, Ravi River; 13537. tributary, dissolved organic carbon, carbon dynamics, France, Rhone River; 12278. ultrafiltration, virus detection, reovirus, adenovirus, enterovirus, coastal water quality, Australia, New South Wales, Sydney; 01994. uranium, weathering, hydrogeochemistry, Venezuela, Orinoco River Basin; Brazil, Amazon River Basin; India, Ganga River Basin; 10964. urbanisation, seasonal variation, pollution, self purification, Nigeria, Niger River; 05737. urobilin indicator, sewage, faecal pollution, water quality analysis, 13540. wastewater treatment, ozone, ammonia removal, biological pretreatment, manganese, UK, England, Huntingdon, Dee River; 05735. wastewater treatment, sewage effluent, UK; Europe; 11014. wastewater treatment, zoobenthos, macrozoobenthos, effluent standard, Hungary, Tisza River; 08377. water course pollution, risk assessment, water quality management, sheep dip, UK, Scotland, Tweed River; 05854. water quality analysis, GAC filtration, gas chromatography, XAD-2 resin, organic pollutant, mass spectrometry, Spain, Zaragoza, Gallego River, Ardisa Dam; 00687. water quality management, deep tunnel storage, wastewater treatment, India, Ganga River; 08438. water quality management, legislation, UK; 09779. water quality management, organic pollutant, inorganic pollutant, systems control theory, 12283. water quality management, risk evaluation, water quality index, India, Yamuna River; 13543. water quality model, ammonia nitrogen, biochemical oxygen demand, dissolved oxygen, nitrate nitrogen, Turkey, Central Anatolia, Karasu River; 00714. water quality monitoring, bank filtered water, pesticide, potable water quality, Netherlands, Meuse River; Rhine River; 12274.
- riverine aquatic bed**
image classification, coastal change, wetlands, coastal environment, brackish marsh, USA, South Carolina; 01250.
- riverine flooding**
land use change, flood frequency, global warming, climate change, UK; 05651.
- riverine input**
anthropogenic impact, ammonium, coastal zone, modelling, UK, England, Teesside; North Sea; 05101. atmospheric input, mercury, fishery, industrial waste, mercury contamination, Poland; Baltic Sea; 04294.
- riverine loading**
source/sink, estuary, carbon dynamics, organic carbon, phytoplankton production, USA, California, San Francisco Bay, Suisun Bay; 01981.
- riverine organic detritus**
carbon isotope, geochemistry, particulate organic carbon, dissolved inorganic carbon, isotope ratio, Venezuela, Orinoco Basin; 00043.
- riverine transport**
atmospheric carbon, inorganic carbon budget, atmosphere-ocean interaction, global flux, 03909. copper adsorption, flocculation, suspended matter, bacteria, clay mineral, 01306.
- rivulet**
bend theory, wave number, St Venant equations, surface tension, meander, 09615.
- RMS**
error minimisation, spectral endmember, thresholding, 02406.
- road**
satellite image, tracing, 06344. vehicle, surveying, engineering, 15238.
- road accident**
health service, medical services, GIS, UK, England, Norfolk; 05052.
- road aggregate**
road survey, GPR, dielectric constant, 07554.
- road alignment**
geomorphology, stability survey, landslide, erosion mapping, unstable mountain terrain, Nepal; 10354.
- road construction**
coordinate transformation, clothoid calculation, 07469. drainage, forestry, land use effect, water balance, catchment study, soil compaction, 00800. stabilisation, lime, pulverized fly ash, clay material, 07733.
- road damage**
transportation, highway structure, flood assessment, USA, Nebraska; 12844.
- road deicing**
chloride, source indicator, groundwater contamination, Canada, Ontario; 00787.
- road drainage**
potable water quality, metal pollutant, water quality analysis, lake water quality, Turkey, Sapanca Lake; 02010.
- road dust**
dust, emission inventory, paved road, China, Shanghai; 06051. urban stream, copper, lead, zinc, effluent, Korea, Mushim-chun Estuary; 09376.
- road embankment**
laboratory compaction, residual soil, lateritic soil, cyclic loading, delta, Nigeria, Port Harcourt; 10418. soft clay, geocell mattress foundation, alluvial plain, embankment stability, Hong Kong; 05246.
- road impact**
logging, sediment, runoff production, runoff water quality, forest, 09748.
- road inventory**
harvested forest, inventory update, SPOT, panchromatic imagery, 06265.
- road management**
network analysis, multimedia, USA, Wyoming Park, Yellowstone Park, Grand Teton; 05038.
- road map**
digital map, Europe; 15236.
- road map design**
route selection, 11459.
- road network**
GIS, expert system, 06343.
- road salt**
baseflow contamination, streamwater quality, groundwater quality, Canada, Ontario, Toronto; 12310.
- road surface drainage**
channel initiation, landslide, erosion threshold, slope stability, USA, Pacific Northwest; 14211.
- road survey**
GPR, dielectric constant, road aggregate, 07554.
- road surveying**
transition curve, CAD, 01121.
- road tracking**
line follower, linear structure, tracing algorithm, 07477.
- road travel**
GPS, positioning, databank, 05040.
- roadside dust**
soil, anthropogenic impact, lead contamination, paint, petrol, Czech Republic; Slovakia; 06381.
- roadside soil**
deicing salt, sodium chloride, calcium magnesium acetate, colloid assisted transport, trace metal, 12138. heavy metal, PAH, forest soil, soil pollution, Germany, Aplerbecker Forest; 08218. trace metal, element concentration, heavy metal, Spain, Sierra Nevada; 13427. urban soil, soil pollution, lead, USA, Louisiana; Minnesota; 01887.
- roadside survey**
smog check program, traffic, vehicle exhaust emission, 10030.
- roadway**
GIS, bridge, USA, Washington; 12849.
- roadway design**
karst, cavity, runoff, USA, Appalachians; 07729.
- Roberts Mountains Formation**
Devonian, conglomerate, debris flow deposit, carbonate shelf, USA, Nevada, Elko Country, Antelope Peak; 13191.
- Robinson's method**
displacement height, roughness length, surface layer, profile evaluation, 03465.
- robot**
digit, measurement system, hazardous environment, nuclear power plant, 15248. three dimensional measurement, hydrographic survey, survey system, 10045.
- robot calibration**
dynamic measurement, interferometric laser tracking, motorised theodolite, 11406.
- robust statistics**
confidence interval, estimation, 02389.
- roches moutonnees**
snowline, glacier, glacial landform, Recent, ice sheet, Pleistocene, China, Qinghai-Xizang Plateau, Yellow River; 13090.
- Rochford Gravel**
Southchurch Gravel, Lynch Hill Gravel, correlation, terrace deposit, offshore continuation, UK, England, Essex, Thames-Medway Valley; 00263.
- rock**
infrared, spectroscopy emission, desert, 12784.
- rock basin**
glacial till, superficial deposit, gas bearing clay, marine reflection profiling, fjord, Sweden, Abyfjorden; 04057.
- rock bedform**
s-form, Whirlpool Sandstone, pothole, hydraulic quarrying, fluvial sculpture, Canada, Ontario, Niagara Peninsula, Twenty Mile Creek; 03951.
- rock chemistry**
sorption, radionuclide transport, fracture flow, heterogeneity, radioactive waste disposal, 04531.
- rock coating**
arid, rock varnish, distribution, chemical composition, fungi, Australia; 07771.
- rock columns**
cupola, volcanic tuff, Turkey, Cappadocia; 12973.
- rock creep**
frost creep, stone trail, painted tracer, slope stability, France, Alps-de-Haute-Provence, Baronnies Mountains; 05238.
- rock debris**
lithological content, till, dispersal pattern, glacial transport, glacial dispersal, Canada, Quebec, Gaspesie; 06586.
- rock dust**
snow, lead, metal concentration, USA, Alaska; 10013.
- rock fall**
limestone, Muschelkalk, avalanche, Germany, Partnach Gorge; 07812. slope failure, failure time, prediction, Austria, Carinthia, Carnic Alps; 02721.
- rock fin**
joint, fracture localisation, arch formation, USA, Utah, Arches National Park; 14198.

- rock fracturing**
dolomitic limestone, cliff temperature, cryogenic weathering, coastal cliff, snowmelt, Svalbard, Spitsbergen, Ny-Alesund; 01562.
- rock fragment**
vortex erosion, hillslope, soil erosion, overland flow, velocity, 06779.
- rock fragment cover**
roughness, overland flow, turbulence, sediment yield, soil erosion, 09372.
- rock glacier**
density, gravity anomaly, permafrost, glacier ice, Switzerland, Upper Engadin, Murtel-Corvatsch Glacier; 05331. fabric analysis, macrofabric, debris, mantle, USA, Utah, La Sal Mountains; 11853. flow, ice/rock mixture, segregation ice, permafrost, rheological model, 11851. geocryogenic process, Little Ice Age, periglacial phenomena, permafrost, Mexico; 11854. Little Ice Age, permafrost, moraine, push moraine, France, Alpes du Sud, Queyras, Asti Valley; 09225. permafrost, geophysical investigation, geoelectrical survey, gelifluction lobe, Italy, Sondrio, Livigno; 11856. permafrost, gravimetric investigation, ice rich permafrost, Switzerland, Alps, Upper Engadin, Murtel-Corvatsch Rock Glacier; 11855. permafrost, talus foot, debris accumulation, protalus rampart, Ireland, Donegal, Aghla Mountains; 06616.
- rock gorge**
structural control, joint direction analysis, joint widening, epigenesis, Switzerland, Berner Oberland, Aare Gorge; 06456.
- rock influence**
root growth, soil temperature, soil water potential, desert plant, USA, California, Sonoran Desert; 01836.
- rock-landform interaction**
denudation, hillslope, slope profile, Japan, Honshu, Ibaraki Prefecture, Nantai-san; 01445.
- rock loading**
plastic deformation, infrared radiation, 03782.
- rock magnetic evidence**
lacustrine optimum, arid event, AMS dating, geographical extent, Younger Dryas, Kenya, Lake Magadi; 00208.
- rock magnetic record**
Quaternary, climate change, marine oxygen isotope record, aeolian transport, Russian Federation, Siberia, Lake Baikal; 10482.
- rock magnetism**
meltwater flux, tephra, climate change, Pleistocene, Labrador Sea; 14231.
- rock mass**
slope form, geotechnical property, limestone, concave slope, Australia, Western Australia, Napier Range; 04045.
- rock matrix**
fracture flow, solute transport, nuclear waste disposal, sorption, diffusion, 12347.
- rock mechanics**
site investigation, engineering geology, hydrogeology, soil mechanics, 00091. soil mechanics, soft rock technology, geomechanics, 09097.
- rock moisture data**
weathering process, snowmelt, chemical weathering, wetting/drying, freeze/thaw weathering, Antarctica, Antarctic Peninsula, Livingston Island; 06447.
- rock phosphate**
superphosphate, chemical fractionation, phosphate, fertiliser, extractant, Australia, Western Australia; 06883.
- rock plant filter**
dissolved oxygen, nitrogen removal, oxidation/reduction potential, vegetated filter, water treatment, 06992.
- rock porosity**
saturated hydraulic conductivity, porosity, hydraulic conductivity, matrix potential, 01837.
- rock/relief relationship**
glacial erosion, river slope, digital map, relief, UK, Wales; England; 11677.
- rock slide**
failure prediction, steady state model, landslide hazard, exhaustion model, Canada, Alberta, Rocky Mountains, Kananaskis Country; 07806.
- rock slope**
buckling deformation, critical load, slope stability, Canada, Alberta, Highwood Pass; 01433. failure, landslide, slope stability, earthquake, susceptibility, 05222. highway cut, rock topple, toppling, sliding, underdip slope, Canada, Alberta, Jasper, Clairvaux Creek; 09115. joint connectivity, slope stability, shear resistance, jointed rock, stability calculation, 02707.
- rock spectra**
imaging spectrometer, regional deformation, vegetation, USA, Nevada; 03739.
- rock strain**
Fry technique, water column, smectite, mud, accretionary prism, Pacific, Nankai Trough; 00289.
- rock strength**
underdip slope, topple, Chevron topple, slide, joint spacing, 09113.
- rock structure**
structural weakness, erosion, glacial erosion, subaerial process, fjord, Norway, Sognefjord; 09198.
- rock surface weathering**
surface roughness, trimline, Little Ice Age, ice sheet, Norway, Nordfjord; 04095.
- rock tablet**
remeasurement, chemical denudation, Magnesian Limestone, hillslope, solutional erosion, UK, England, Derbyshire; 10360.
- rock topple**
toppling, sliding, underdip slope, rock slope, highway cut, Canada, Alberta, Jasper, Clairvaux Creek; 09115.
- rock type**
distribution, clay mineral, submarine sediment, submarine volcano, climate, South China Sea; 01480.
- rock type control**
hydrological process, landslide, shear strength, regolith, Japan, Honshu, Obara Region; Niigata Region; 05247.
- rock types**
cobalt mineralization, spectroradiometer, Landsat TM, SPOT, Morocco, Anti Atlas, Bou-Azzer El Graara; 03749.
- rock varnish**
desert piedmont, varnish development, geomorphological surface, manganese accumulation, USA, California, Mojave Desert, Soda Mountains; 06443. distribution, chemical composition, fungi, rock coating, arid, Australia; 07771. moraine sequence, Quaternary, glaciation, age criteria, weathering, Argentina, Andes, Rio Mendoza Valley; 04094. surface exposure dating, geochronology, dating method, nuclear dating method, cosmogenic nuclide, 01343. varnish chemical analysis, cation ratio dating, USA, California, Mojave Desert; 09029.
- rock weathering**
carbonate rock, river water chemistry, carbon flux, river discharge, carbon dioxide consumption, Africa, (West), Congo River; South America, Amazon River; 10971. hydrochemistry, groundwater chemistry, runoff water chemistry, surface water chemistry, India, Uttar Pradesh, Kumaun, Gula Catchment; 00695. inselberg landscape, fracture density, weathering, Australia, South Australia, Gawler Range; Eyre Peninsula; 07793.
- rock weathering rind**
moraine sequence, Quaternary, dating, New Zealand, South Island, Craigieburn Range; 09202.
- rocket**
polar latitude, mesosphere, radar, 12746. radiosonde, stratosphere, mesosphere, troposphere, temperature trend, 14949.
- rocket launch**
middle atmosphere, electrical field, 07193.
- rocket measurement**
nitric oxide, equatorial region, 14973.
- rocket motor**
exhaust particle, stratosphere, decomposition, halomethane, alumina, 13816.
- rocket observation**
mesosphere, thermosphere, wind measurement, radar, 03441.
- rocketsonde**
lidar, stratosphere, temperature analysis, 00828.
- rocketsonde data**
middle latitudes, temperature, wind distribution, atmospheric model, stratosphere, 11137.
- rockfall**
bedrock shattering, solifluction, periglacial process, monitoring system, frost heave, Japan, Japanese Alps; Svalbard; 11857. freeze/thaw cycle, Pleistocene, cryoclastic debris, chemical weathering, mechanical weathering, South Africa, Cape Province, Cape Mountains; 06446. kinematic, morphostructural evolution, risk, Italy, Campania, Sorrentine Peninsula; 11757. land use planning, hazard, map, USA, Utah, Salt Lake County, Wasatch Front; 14126. landform persistence, instability, relaxation time, 05137. landslide complex, slope failure, landslide, interflow, deep weathering, South Africa, Natal, Drakensberg, Sani Pass; 01430. landslide hazard, colluvium, glacial material, debris slide, slope failure, USA, Vermont; 02657. landslide, climate change, geomorphological process, landform, neotectonics, Czech Republic, Policka vrchovina Highland; 10391. tsunami, macroseismic area, earthquake, landslide, India; 03984.
- rockfall hazard**
talus slope, runout, fahrboschung, landslide, Canada, British Columbia, Hedley; Barnhartvale; Canada, British Columbia, Sunnybrae; 06437.
- rockfill**
void space, matrix material, engineering behaviour, cobble, USA, California, San Diego, Lopez Canyon; 01437.
- rockfill dam**
dynamic analysis, embankment dam, hydraulic fill, porewater pressure, 09068.
- rockfill embankment**
overtopping, free surface flow, seepage flow, spatially varied flow, 12214.
- rockslide**
debris flow, hazard, landslide, snowmelt, Chile, Andes, Rio Colorado; 05236. mitigation technique, hazard, Italy, Alps, Valtellina Valley; 02722.
- rockwall**
debris movement, talus cone, painted stone, Venezuela, Andes; 06515.
- rocky coast**
beach, tidal flat, drift ice, coastal morphology, Canada, Maritime Provinces; 00275. coastal evolution, estuary, dune, beach, coral reef, 09046.
- rocky desertification**
sustainability, anthropogenic impact, environmental change, karst terrain, revegetation, 06523.
- rocky shore**
geomorphological process, foreshore, giant kelp, beach, New Zealand; Australia, Tasmania; 11964. Rosario Formation, Cretaceous, erosion, windward side, leeward side, Mexico, Baja California, Eréndira; 02988. shoreline management, artificial shore, marina, natural beach, reclamation fill, France, Riviera; 10383.
- Rodados Patagonicos**
palaeocurrent, Pleistocene, provenance, Argentina, Chubut; 02954.
- roll vortex**
boundary layer, review, cloud street, 07235.
- Roman era**
historical topography, topography, centuriation, Italy, Brindisi; 02440.
- Roman occupation**
vegetation history, forest clearance, anthropogenic impact, pollen data, UK, England, Cumbria, Walton Moss; Glasson Moss; UK, England, Cumbria, Fozy Moss; 13118.
- Roman period**
tufa, Bronze Age, coastline, peat, UK, England, Kent, Dour Valley; 06713.
- Roman time**
cropping, wildlife, accretion, land reclamation, UK, England, The Wash; 04285.
- Rome Formation**
palaeoenvironment, dolostone, Cambrian, siltstone, sandstone, USA, Tennessee, Anderson County, Haw Ridge; Roane County, Haw Ridge; 09273.
- roof catchment**
precipitation quality, rainwater harvesting, 06953.
- roof facies**
Carboniferous, rhythmite, sedimentation rate, coal, USA, (Eastern); 09334.

- roof level**
turbulence, rough surface, urban surface, 03459.
- roof runoff**
heavy metal, runoff water quality, urban runoff, trace metal, 05729. heavy metal, urban runoff, runoff water quality, nonpoint source pollution, 07022.
- rooftop surface**
urban area, grass plot surface, suburban area, energy balance, 14877.
- root decomposition**
carbon dynamics, nitrogen dynamics, root mucilage, glucose, 05569. Chernozemic soil, prairie soil, humic substance, decomposition, 01830. soil respiration, forest soil, litter decomposition, USA, Massachusetts; 06865.
- root density**
clay loam, shear strength, soil water content, soil drying, 06893.
- root distribution**
avocado, drip irrigation, crop water use, plant yield, wetted soil volume, Greece, Chania; 09733. water transport, water uptake, soil/plant/atmosphere system, crop water use, 05837.
- root exudate**
weathering, mycorrhiza, aluminium oxide, humic substance, 03107.
- root exudation**
organic matter, nutrient availability, rhizosphere, humic substance, 10815.
- root growth**
acidic deposition, rhizosphere, soil chemical property, forest soil, Sweden; 03162. acidic soil, liming, subsoil acidity, oxisol, soil amelioration, leaching, Brazil, Amazon Basin; 00539. amino acid, sugar, organic acid, rhizosphere, microorganism, 01833. crop yield, soil compaction, soil compaction, soil physical property, 00577. earthworm, penetration resistance, soil compaction, 14516. slaking, mycorrhizal fungus, aggregation, 01777. soil biota, forest soil, nitrogen availability, Spodosol, rhizosphere, microbial biomass, 00545. soil temperature, soil water potential, desert plant, rock influence, USA, California, Sonoran Desert; 01836.
- root length density**
Kanhapludult, interrill erosion, maize, 09554.
- root mucilage**
glucose, root decomposition, carbon dynamics, nitrogen dynamics, 05569.
- root-shoot characteristics**
riparian plant, flood control channel, bank stabilisation, Canada, Ontario, Thunder Bay; 02673.
- root system**
Chernozem, soil degradation, grass, grazing, steppe, Ukraine, Dniepr River, Sumara River; 08236. phosphorus, buffering capacity, 06881.
- root water flux**
unsaturated flow, stochastic model, parallel columns model, soil water potential, 12300.
- root water uptake**
sandy soil, soil matric potential, microtensiometer, 03081. unsaturated flow, Richards equation, infiltration, wetting front, approximate model, 02035.
- root zone**
capillary rise, drainage, vadose zone, groundwater recharge, infiltration, 04497. carbon, nitrogen, fertiliser, barley, 13370. forest soil, acidic deposition, soil acidification, aluminium, Czech Republic, Bohemia, Lysina Catchment; 14548. vegetation, AVHRR, moisture, Poland, Obra River; 06242.
- root zone evaporation**
soil moisture dynamics, spatial variability, temporal variability, runoff, evapotranspiration, variable source area, UK, Wales, Plynlimon; 09597.
- root zone model**
pesticide leaching, groundwater contamination, aldicarb, China, Jiangsu, Nantong; 06917.
- root zone process**
irrigation water management, water use efficiency, macropore, leaching, plant water use, 14774.
- root zone water quality model**
soil water transport, soil chemical transport, macropore, 03072.
- rooting ratio**
vegetation cover, model parameter, model sensitivity, land surface, roughness length, 05106.
- Rosario Formation**
Cretaceous, erosion, windward side, leeward side, rocky shore, Mexico, Baja California, Eréndira; 02988. storm deposit, ripple, Cretaceous, wave, Mexico, Baja California; 07972.
- Rosholt U-trend model**
TL dating, U-Th disequilibrium, Pleistocene, Gently Till, Becancour Till, Canada, Quebec, St. Lawrence Lowlands; 06545.
- Rosin-Rammler parameter**
tillage, soil physical property, aggregate size distribution, fractal parameter, 10736.
- Rossby gravity mode**
wave wake, ocean response, wind burst, 02206.
- Rossby gravity wave**
synoptic scale wave, wave period (6-9 day), tropics, troposphere, 00862.
- Rossby mode**
resonance condition, triad, energy cascade, nonlinear interaction, 03511. wave characteristics, troposphere, stratosphere, tropics, India; 14847.
- Rossby normal mode**
planetary wave, inertia gravity wave, GCM, tropical convective heating, 02213.
- Rossby number**
Coriolis effect, flow modelling, geophysical flow, 01932. correlation dimension, primitive equation, balanced model, 04669. semigeostrophic approximation, scaling, three dimensional, 11195.
- Rossby wave**
air-sea interaction, tropics, ocean surface, Kelvin wave, 13730. barotropic flow, rotating annulus, fluid flow, shear flow instability, 07267. cutoff low, ozone, ozonesonde, stratosphere/troposphere exchange, lamina, Japan; 09972. eddy, deep ocean topography, Geosat altimeter data, quasi geostrophic model, 11545. energy distribution, 05954. Geosat altimetry, baroclinic wave, Pacific; 01235. Hough normal mode, transient wave, ECMWF analysis, 11180. interseasonal variability, monsoon, general circulation model, 00930. nonlinear wave, envelope, solitary wave, 09877.
- ocean model, tropics, thermocline profile, coupled ocean-atmosphere model, 04657. ozone, tropics, total ozone, 08671. planetary scale flow, topographic control, 05958. primitive equation model, low frequency variability, orography, 02225. propagation, longitudinally varying flow, barotropic model, waveguide, 00948. propagation, tropics, general circulation model, 13737. resonance, first order resonance, nonlinear interaction, baroclinic wave, 05959. sea surface temperature, ocean, AVHRR, geosat, planetary wave, USA, Hawaii; Pacific, (North); 07608. second order, nonlinear interaction, 14908. shallow water equation, depth variation, Poincaré wave, Kelvin wave, 02231. stratosphere, tracer transport, wave breaking, vortex edge, transport, 11163. upwelling, ecosystem, coastal trapped wave, ocean, Atlantic, Benguela Current; 02207. vorticity, channel hydraulics, wave propagation, 09610.
- Rossby wave source**
general circulation model, intraseasonal variability, Pacific; North America; 00944. linear response, tropical forcing, 00951.
- Rotalidium annectens**
temperature, salinity, climate study, proloculus size, benthic foraminifera, India; 00210.
- rotated principal components**
Palmer drought severity index, drought region, dendrochronology, spatial pattern, USA; Canada; 07324.
- rotating annulus**
fluid flow, shear flow instability, Rossby wave, barotropic flow, 07267.
- rotating channel**
similarity law, tracer, laboratory experiment, Ekman boundary layer, dispersion, 07238.
- rotating cylinder**
seawater sample, aggregation theory, collision, 11868.
- rotating flow**
eigenvalue problem, matrix method, barotropic instability, 12487.
- rotating fluid**
laboratory experiment, frontal vortex, ocean surface, convection, 12511.
- rotation**
angle of incidence, solar energy, concentrating collector, parabolic trough, 12418. convective cell, numerical study, downburst, 04697. deformation, constitutive relation, granular material, micromechanics, sliding, 00147. hazard, landslide, collapse, Mexico, Hgo, Metztlán; 06514. Pleistocene, weathering, tectonism, palaeomagnetism, Italy, Apennines, Basilicata, Matera; 05198. reference frame, Earth, 04853. sea level, viscoelastic mantle, rheology, density anomaly, geoid, 04111. stratification, thermal, 12522. torque, angular momentum, rotation rate, wind, pressure, Earth, 04568. turbulence, diffusion, wind shear, stratification, 14865. turbulence, rotary, wind spectrum, large scale mixing, 12492.
- rotation matrix**
Hamilton quaternion, photogrammetry, positioning, 15065.
- rotation rate**
solar forcing, faint young Sun paradox, carbon dioxide doubling, climate change, general circulation model, 09950. wind, pressure, Earth, rotation, torque, angular momentum, 04568.
- rotational failure**
drainage, landslide, porewater pressure, UK, England, Yorkshire, Scarborough; 09120.
- rotational flow**
translational flow, non uniform channel, moment model, erodible bed, channel bend flow, 03233.
- rotational landslide**
mass movement, temperature dependent, cold weather, landslide, Italy, Dolomites, Ru delle Roe Basin, Molin; 06519.
- rotational motion**
GPS, 06133. non gravitation perturbation, satellite dynamics, artificial satellite, translational motion, 11369.
- rotational slide**
Buckling index, morphometric characteristics, landslide, slope failure, Japan, Akaishi Mountains; 14208.
- Rothlisberger's model**
meltwater flow, subglacial drainage, deformable bed, channelisation, 13081.
- rotlehm**
periglacial zone, loess series, paleosol, braunlehm, Czech Republic, Moravia, Boretice; 02782.
- Rotliedeg**
clay cementation, grain dissolution, kandite, Permian, illite, Germany; 04207. Zechstein, porewater evaluation, diagenesis, sandstone, Permian, Germany; 06693.
- Rotliegend Sandstone**
Zechstein, Permian, anhydrite, isotope, cement, North Sea, Leman Field; 06695.
- Rotliegendes Group**
sedimentary structure, dip angle, well, aeolian dune, orientation, North Sea; 02863.
- rough flow**
sea surface, flow regime, aerodynamics, smooth flow, 07254. wind stress, wave spectrum, wave growth, air/sea interface, self consistency, 11166.
- Rough Rock**
Carboniferous, sedimentary structure, bounding surface, sandstone, UK, England; 04244.
- rough surface**
urban surface, roof level, turbulence, 03459.
- roughness**
boundary layer, Kolmogorov spectrum, shear stress, USA, Chesapeake Bay; 14409. channel, microtopography, heavy mineral, gravel bed river, bedform, 00357. cloud top surface, winter, stratocumulus, ocean, radiation, Japan; 14922. Dean profile, gravel bed river, flow velocity, 10639. flow, hydrograph, sediment supply, mountain river, 00355. geostrophic drag, Ekman layer, 03483. gravel bed, particle size, shear, flume, 06667. instrumentation, turbulence, sediment transport, laboratory technique, monitoring, 05355. laboratory experiment, seabed, sand, wave, bedform, 06665. meander, flow resistance, compound flow, open channel flow, sinuosity, channel aspect ratio, 10937. mobile sediment, drag reduction, turbulence, shear stress, entrainment, 05358. monsoon, boundary layer, exchange parameter, coastal

- terrain, turbulence, India; 04640. overland flow, turbulence, sediment yield, soil erosion, rock fragment cover, 09372. sand transport, wind tunnel, saltation, shear velocity, 05365. seafloor, bedform, suspended sediment, storm, bioturbation, STRESS experiment, USA, California; 14431. sediment/water interface, turbulence, mass transfer, seafloor, 00424. shear velocity, wind tunnel, sand transport, 01727.
- roughness change**
bed shear stress, boundary layer flow, turbulence model, 03238.
- roughness coefficient**
ice cover, frazil ice, river ice, ice jam, 12357.
- roughness length**
form drag, forest, edge effect, vegetation, momentum flux, 00879. heat exchange, water exchange, dry conditions, land surface, parameterisation, 03457. heat, momentum, 09842. prediction, wind speed profile, boundary layer, modelling, 03458. rooting ratio, vegetation cover, model parameter, model sensitivity, land surface, 05106. sea ice model, ice, momentum forcing, Southern Ocean; 08553. surface layer, profile evaluation, Robinson's method, displacement height, 03465. turbulence data, complex terrain, balloon, radiosonde, 14856. vegetation, spatial variability, turbulent flux, 03456.
- roughness spectra**
debris flow, electromagnetic scattering, radar image, volcanic terrain, USA, Washington, Mount St. Helens; 02716. sea surface height, sun glint pattern, surface height autocorrelation, 01232.
- roughness transition**
gravel bed river, turbulence, open channel flow, velocity measurement, 10942.
- roundness**
frothing, quartz grain, Holocene, late glacial, aeolian activity, Belgium; Poland; Sweden; 01693. sorting, source, wave height, gravel beach, Japan, Kyushu, Genkainada Coast; 10642. sphericity, sand budget, provenance, India, Rajasthan, Jobner; 04164.
- route finder**
raster, GIS, artificial intelligence, USA, Hawaii, Oahu Island; 06345.
- route planning**
symbolology, highway map, USA; 12714.
- route selection**
GIS, suitability analysis, decision support, 15239. road map design, 11459.
- route discharge**
flood routing, probability distribution, peak discharge, reservoir discharge, Italy, Tuscany; 13474.
- routing**
altimeter, ocean current, Atlantic, Gulf Stream; 06217.
- routing technique**
water resource, water harvesting, hydrological model, arid zone, runoff hydrograph, Jordan, El-Maghayer Wadi; 10907.
- row spacing**
water use efficiency, crop yield, transpiration, soil evaporation, evaporation, Australia, Western Australia, Merredin; 03209.
- Roxana Silt**
geochronology, Quaternary, loess, aminostratigraphy, Peoria Loess, USA, Arkansas, Wittsburg Quarry; Tennessee, Memphis, Old River; 13027. Loveland/Sicily Island loess, geophysical well log, loess thickness, geosol correlation, Crowleys Ridge Loess, Peoria Loess, USA, Tennessee, Memphis; Mississippi; 05299. Peoria Loess, Wisconsinan, loess, transport direction, USA, Minnesota; 09169. Wisconsinan loess, Laurentide Ice Sheet, sedimentation rate, palaeoenvironment, USA, Upper Mississippi Valley; 09280.
- Roxann**
acoustic signal, bottom classification, hydrography, 10243.
- RSPB**
landscape structure, wading bird, environmental impact, forestry, UK, Scotland, Caithness and Sutherland, Flow Country; 01215.
- rubber solution**
soil structure, swelling, soil shrinkage, 05509.
- rubbish dump**
photogrammetry, settlement analysis, Germany; 06535.
- rubble-mound breakwater**
wave attenuation, stability test, wave transmission, submerged reef, USA, Indiana, Burns Waterway Harbor; 07758.
- rubble-mound structure**
sea wall, maximum scour, prediction, coastal scour, 03966.
- rubefication**
mineralogy, weathering, clay mineral, Nepal; 08131.
- rubidium-106**
radionuclide mobility, soil water flow, caesium-137, Chernobyl nuclear accident, strontium-90, Ukraine, Chernobyl; 05626.
- rubidium strontium**
REE, deep sea sediment, Quaternary, isotope data, silicate, terrigenous input, Atlantic, (Northeast); 01724.
- rubification**
weathering, pigment, red soil, dehydration, Morocco; 00321.
- Rudd, J. (1498-1579)**
cartographer, Saxton's county surveys, 07504.
- rudist**
Cretaceous, carbonate, coral, shelf, Italy, Apennines, Matese Mountains; 09292.
- rugged terrain**
principal components analysis, maximum likelihood classification, 01124.
- ruggedness**
alluvial fan, debris flow, flash flood, Italy, Alps; 13165.
- rule based classification**
granite/greenstone terrain, spatial context, geobotanical program, Canada, Ontario, Quetico Provincial Park; 03792.
- rule development**
digital mapping, vegetation cover, Thematic Mapper, knowledge acquisition, USA, Texas, Big Bend National Park; 07565.
- run**
rifle, habitat classification, river hydraulics, bed topography, pool, 09608.
- running water**
fissure, erosion, model, bedrock, 11654.
- runoff**
afforestation, soil loss, China, Fujian, Shaowu; 10786. agricultural statistics, land use classification, hydrological model, Netherlands; 07633. area-slope-evaluation relationship, catchment characteristics, slope, elevation, 14605. aspect, aerial photography, glacier tongue, terrestrial photogrammetry, Nepal, Himalaya, Langtang Khola Basin; 06632. badland, erosion rate, erosion threshold, Spain, Ebro Basin, Lanaja; 09038. baseflow, interflow, surface flow, streamflow, isotope study, Turkey, Ankara, Guvenc Basin; 08312. basin storage, savanna, humid climate, basin characteristics, basin hydrology, Ivory Coast, Booro-Borotou Basin; 12211. catchment yield, rainfall/evapotranspiration, Thornthwaite-Mather method, basin classification, 06969. conceptual stochastic modelling, aggregation scale, rainfall/runoff model, seasonal runoff, ARMA, Italy, Apennines; 05675. conservation tillage, tillage, soil chemistry, soil physical property, Australia, New South Wales; 08188. cropping system, water conservation, soil conservation, India, Maharashtra, Solapur; 03192. cultivation, soil conservation, semiarid region, erosion, Brazil, Paraiba, Sume; 05463. curve number, agricultural practice, surface sealing, infiltration, manure, 02101. DOM, organochlorine pesticide, diffusion, contaminant, Taiwan; 10672. drainage basin, model, sediment transport, arid zone, soil erosion, 05461. drainage basin, reservoir, climate influence, sedimentation, Australia, New South Wales, Burriajuck Reservoir; 05476. drainage network, water balance, basin hydrology, soil erosion, France, Parisian Basin; 10920. drought, medieval time, tree stump, USA, California; South America, Patagonia; 14946. environmental heterogeneity, model, digital elevation model, soil water content, evapotranspiration, Australia, New South Wales, Brindalella Range; 09570. erosion, deforestation, sedimentation, inflow regime, reservoir, Vietnam, Da River, Hoa Binh Reservoir; 08435. erosion, forest soil, prescribed burning, sediment yield, fire, Spain, Alicante; 01359. erosion, Water Erosion Prediction Project, management, forest, timber harvest, 04277. evapotranspiration, soil moisture diffusion, atmospheric GCM, surface hydrology, 02645. evapotranspiration, variable source area, root zone evaporation, soil moisture dynamics, spatial variability, temporal variability, UK, Wales, Plynlimon; 09597. extreme event, statistics, flood frequency, flood magnitude, climate change, 00640. field experiment, land use, soil erosion, reservoir sedimentation, Ecuador, Andes, Paute River, Amaluza Dam; 01358. flood regime, land cover change, GIS, 01266. flow path, hillslope hydrology, preferential pathways, soil water, throughflow, UK, Scotland, Allt A' Mharcaidh; 09596. forest management, water resource, land use effect, water balance, catchment study, UK, Scotland, Balquhider; 00801. forest regeneration, forest harvesting, water yield, Australia, Western Australia; 09744. furrow length, rainfall intensity, soil drainage, afforestation, UK, Scotland; 03193. glacier, meltwater, snowmelt, isotope data, China, Xinjiang, Tianshan Mountains, Urumqi River; 11070. gravel, debris flow, shear, volcano, Japan, Mount Yakedake, Kamikamihori Valley; 04159. grid network interpolation, river discharge, Norway; 08307. groundwater flow, spring, rainfall/runoff, karst terrain, Croatia, Dinaric Alps, Crnojevic Spring; 00637. groundwater recharge, forest catchment, forest thinning, streamflow, 09745. groundwater recharge, wetland hydrology, urbanisation, land use effect, 13620. - length, Burundi; 00607. sediment supply, alluvial plain, Holocene, sandur, braided river, Iceland, Solheimasandur; Skeidararsandur; 03013. sediment supply, jokulhlaup, lithofacies, glacial outwash, sandur, Iceland; 00293. sediment yield, mine spoil, soil reconstruction, mine spoil, soil erodibility, USA, Kentucky, Ohio County, Alston Surface Mine; 06930. sediment yield, rainfall simulation, soil erosion control system, 06935. sediment yield, rainfall simulation, soil erosion control system, 06936. sediment yield, seed bed preparation, soil structure, infiltration, 08226. sediment yield, water resource management, anthropogenic impact, hydrology, warm humid region, river discharge, China, Liaoning Province; 08442. Seiler's trap, Gerlach trough, soil loss, soil trap, 03216. semiarid environment, scour and fill, drainage network, sediment yield, snowmelt, USA, Colorado, Alkali Creek; 14320. shrubland soil, gypsiferous soil, rainfall simulation, Spain, Ebro Valley; 13445. slope, soil erosion prediction, sediment yield, Water Erosion Prediction Project, 12172. snowmelt hydrograph, hydrograph separation, recession analysis, streamwater temperature, 08310. soil erosion, water budget, sediment load, nutrient load, Hungary, Balaton Lake; 10918. soil fertility, water resource, agriculture, soil erosion, sedimentation, Kenya; 04286. soil loss, soil conservation, rainfall/runoff relationship, groundwater recharge, India, Andhra Pradesh, Kurnool District, Chinnatekur; 09734. soil moisture, evapotranspiration, spatial distribution model, climate change, water balance, USA, Washington, Columbia River Basin; Oregon, Columbia River Basin; 05059. soil roughness, DEM, Luvisol, microtopography, rainfall simulation, rainfall energy, 06860. soil spatial variability, denitrification, nitrate, fen, agriculture, 04370. soil water capacity, water balance, global water cycle, GCM, 05278. soil water chemistry, clearcutting, forest, element cycling, saline soil, USA, Texas, Davy Crockett National Forest; 08434. spatial integration unit, geographical database, soil erosion risk, France, Nord-Pas-de-Calais; 08234. St Venant equations, kinematic wave approximation, overland flow model, infiltration, Green-Ampt method, Reddy's model, evapotranspiration, 05666. storage capacity, soil water storage, stochastic model, precipitation, evaporation, 10995. stormflow, flood peak, river water quality, rural development, water supply, land use effect, South Africa, Palmiet River; 03370. streamflow, snowmelt, snow cover, alpine basin, USA, California, Sierra Nevada; 11066. streamflow, transpiration rate, water yield, Eucalyptus forest, forest density, Australia, Victoria; 09743. streamflow, water yield, forest catchment, terrain analysis, catchment model, Australia, Victoria; 09755. suspended sediment, sediment yield, gully erosion, mine spoil, USA, Indiana; 14459. temperature, temporal distribution, climate variability, USA, New England; 12208. tillage, crop rotation, sediment yield, sloping field, 09555. tillage, Luvisol, soil loss, Canada, British Columbia, Peace River Region, Dawson Creek; 10881. transpiration, forest regeneration, water yield, Eucalyptus forest, forest thinning, Australia, New South Wales, Karuah; 09741. tritium tracer, streamflow, soil water discharge, groundwater discharge, residence time, Japan, Kawakami; 08311. urban catchment, rainfall/runoff, impervious area, pervious area, 10913. urban drainage, humid tropics, water management, stormwater, 08318. USLE, clearcutting, forest, nutrient loss, USA, Texas, Apple Springs; 04280. vegetation clearance, catchment study, water yield, clear cutting, USA, (Northeast); 09742. vegetation cover, flood hydrology, rainfall/runoff relationship, France, Rhone, Lyons, Beaujeu, Ardieres Basin; Buyon, Vauxonne Basin; 06970. water balance, annual runoff, stream discharge, monthly runoff, discharge, Finland; 00630. water balance, annual water balance, global water balance, precipitation, evapotranspiration, 00610. water budget, aquaculture pond, effluent, USA, Alabama, Auburn; 03250. water resource estimation, land/atmosphere system, heat balance, water balance, evapotranspiration, 08440. water table drawdown, phosphorus dynamics, nitrogen dynamics, wetlands, peat redox, 05696. watershed study, soil degradation, France, Paris Basin, Erlon Basin, Arbre a Robert Watershed; 08231.
- runoff analysis**
urban hydrology, infiltration rate, kinematic wave model, rainfall simulator, Japan, Tokyo; 08319.
- runoff chemistry**
filter strip, sediment reduction, vegetated filter strip, 06937. hydrological pathway, elemental transport, spatial heterogeneity, Precambrian shield, overland flow, subsurface flow, 09652. nitric acid, hydrochloric acid, deposition, galvanized steel, corrosion, sulphur dioxide, 06098.
- runoff concentration**
rainfall intensity, manure, slurry application rate, swine manure, runoff water quality, 02000.
- runoff control**
river regulation, groundwater level fluctuation, fluctuation amplitude, hydropower dam, Russian Federation, Ob Basin; Katun Basin; 02047.
- runoff curve number**
tillage practice, conservation tillage, antecedent moisture, curve number determination, USA, Alabama, Limestone Valley; 01919.
- runoff curve number method**
peak discharge, rainfall/runoff relationship, flood magnitude, flood frequency analysis, return period, 08338. rainfall/runoff model, GIS, hydrological simulation, synthetic unit hydrograph, Canada, Alberta; 01922.
- runoff deficit**
groundwater deficit, water resource, drought, historical hydrology, deficiency index, UK, England, South East; 13450.
- runoff depth**
basin shape, basin perimeter, runoff estimation, perimeter shape, USA, Sierra Nevada; 12209.
- runoff estimation**
atmospheric water balance, global distribution, vapour flux convergence, ECMWF data, 05108. parameter estimation, rainfall/runoff model, model calibration, Australia; 13478. perimeter shape, runoff depth, basin shape, basin perimeter, USA, Sierra Nevada; 12209. scale effect, catchment characteristics, overland flow, interflow, catchment model, 08325. soil loss, soil moisture budget, frozen soil, snowmelt runoff, Canada, Peace River; 12358. streamflow simulation, snow/ice melt, glacier runoff, Asia, (Central); 11059.
- runoff forecast**
snowmelt runoff model, snow cover mapping, 08928. water resource, climate trend, rainfall, forecasting, Kazakhstan, Syrdar'ya River basin; 02107.
- runoff forecasting**
distributed model, rainfall/runoff model, lumped model, semiarid catchment, USA, Arizona, Walnut Gulch; 14606.
- runoff generation**
debris dam, suspended sediment, sediment load, Hurricane Hugo, Puerto Rico, Lago Loiza Basin; 05668. forest hydrology, hillslope hydrology, 09739. heterogeneity, anisotropy, subsurface flow, layered soil, kinematic model, infiltration, 00732. Horton overland flow, rainfall/runoff, soil moisture storage, soil erosion, loess soil, Netherlands, South Limbourg; 10919. hydrograph separation, permafrost, isotope tracer, snowmelt, wetlands, streamflow, Canada, Northwest Territories, Fort Simpson, Manners Creek; 04556. hydrograph separation, streamflow generation, environmental isotope, 14603. overland flow, flow path, hydrograph separation, saturation overland flow, chemical hydrograph separation, USA, Virginia, Reedy Creek; 09603. rainfall maximum, extreme event, flood risk, rainfall/runoff relationship, Russian Federation, Sosna River; Seim River; Russian Federation, Studeniy River; Russian Federation, Volodga River; Russian Federation, Velesa River; 08337. rainfall/runoff relationship, rainfall distribution, UK, Severn River; 08308. soil surface, water exchange process, 08324. subsurface flow, saturation excess, infiltration excess, overland flow, spatio/temporal variability, Switzerland, Haute-Mentue; 13477. topographic index, saturation excess runoff, infiltration, extreme event, rainfall/runoff relationship, flood frequency, 08344. velocity estimation, return period, geomorphological unit hydrograph, streamflow velocity, flood, Czech Republic, Jizera Mountains, Jilovsky Brook; 08341.
- runoff hydrograph**
routing technique, water resource, water harvesting, hydrological model, arid zone, Jordan, El-Maghayer Wadi; 10907.
- runoff irrigation**
catchment area, rainfed agriculture, Mali, Kayes Region, Kanguessanou; 07632.
- runoff loss**
nutrient cycling, bamboo stand, throughfall, 00696.
- runoff measurement**
runoff sampling, soil loss, Fagna type unit, water yield, 09590.
- runoff mechanism**
overland flow, hydrograph separation, forested swamp, groundwater discharge, chemical separation, wetlands, 01928.
- runoff model**
agricultural practice, basin topography, terraced hillslope, 07123. channel routing, rational routing method, cell model, 14609. climate change, hydrological cycle, snow water equivalent, Japan, Noto Peninsula, Hokuriku District, Wajima-Yanagida; Eigenji Dam; 08330. digital elevation, watershed, surface runoff, 15223. distributed model, streamflow, hydrological response unit, remote sensing, Canada, Ontario, Grand River; 0631. hillslope hydrology, pseudogley soil, Keuper Marl, throughflow, overland flow, Luxembourg; 01924. isotopic heterogeneity, rainfall isotope, throughfall isotope, soil water isotope, groundwater isotope, USA; New Zealand; China; 08309. spatial modelling, sediment yield, soil loss, ANSWERS, UK, Devon, Yendacott; Netherlands, South Limburg, Etzenrade; Netherlands, South Limburg, Catsop; 00651. spring discharge, karst spring, hydrograph recession, recession period streamflow, Turkey, Manavgat River; 00650. stochastic model, analytical model, rainfall point process, rainfall/runoff relationship, Columbia; Netherlands; 09600.
- runoff modelling**
groundwater level fluctuation, soil water regime, surface runoff, subsurface runoff, groundwater dynamics, Latvia; 09680. surface runoff, model error, data smoothing, data aggregation, digital elevation model, 09592.
- runoff pattern**
rainfall pattern, topological conjugacy, time series, rainfall/runoff process, Botswana; 01931.
- runoff plot**
flow sampling, head loss, sampling device, vegetated filter strip, 05674.
- runoff potential index**
water quality, pesticide management, agricultural practice, leaching potential index, 07112.
- runoff prediction**
curve number table, rainfall/runoff analysis, flood simulation, soil conservation service method, Thailand; 08315. erosion, water quality management, agricultural nonpoint source pollution, CREAMS model, Finland; 12204. flood routing system, floodwater storage, real time model, sluice way operation, retarding basin, 08351. model, leaching model, pesticide, plot experiment, 07689. snow cover area, temporal variation, fractal geometry, snow patch, Canada, Saskatchewan; Europe, Alps; 04555.
- runoff process**
anthropogenic impact, soil characteristics, soil surface, 08437. catchment hydrology, rainfall/runoff model, modelling, flood generation, subsurface flow, 10917.
- runoff production**
runoff water quality, forest, road impact, logging, sediment, 09748. soil erosion, soil degradation, reservoir sedimentation, Algeria, Oued Mina; 07560.
- runoff rate**
rainfall/runoff relationship, subsurface drainage, surface runoff, soil moisture content, infiltration capacity, Water Erosion Prediction Project, 09736.
- runoff ratio**
climate change, river discharge, rainfall/runoff relationship, Egypt, Nile River; Sudan, Blue Nile; Ethiopia, Blue Nile; 09584. water conservation, infiltration ratio, bamboo, throughfall, stemflow, 07107.
- runoff reduction**
remote sensing, baseflow reduction, river flow, climate change, Canada, Ontario, Grand River Basin; 09589.
- runoff regime**
catchment characteristics, acidification, runoff water quality, spatial variability, Canada, Ontario; 12269. reservoir operation, fuzzy set theory, hydrological time series, water management, climate change, drought, Germany; 08449.
- runoff regulation**
forest reclamation, lithosol, slope terracing, erosion control, 05832.

runoff response

permafrost, glacier meltwater, rainfall, snowmelt, streamflow, China, Qinghai-Xizang Plateau; 07102.

runoff sampling

soil loss, Fagna type unit, water yield, runoff measurement, 09590.

runoff sensitivity

rainfall variability, temporal variability, spatial variability, rainfall/runoff relationship, 05678.

runoff simulation

soil water, water balance, rainfall depth, 03219. water resource, degree day index, computer model, snowmelt runoff, India, Himalayas; 11062.

runoff source

drainage basin delineation, subglacial drainage, meltwater runoff, isotope tracer, Greenland, Paakitsup Akuliarusersua; 12353.

runoff source area

Kirkby index, digital relief model, bocage landscape, surface runoff, France, Brittany; 00638.

runoff variability

evapotranspiration, soil moisture, rainfall/runoff model, land use effect, Czech Republic, Labe River; 13467. trend detection, climate change, annual flow, river, Australia; 03857.

runoff variation

streamflow, low flow, flow estimation, discharge measurement, chalk catchment, Denmark; 12203.

runoff volume

recession infiltration, rainfall excess, kinematic wave model, 12206.

runoff water chemistry

acid exclusion experiment, alkalinity, acidic deposition, acidification, Norway, Risdalsheia; 00694. acid mine drainage, cation distribution, unsaturated zone, groundwater chemistry, USA, Indiana; 00693. base cation dynamics, throughfall chemistry, overland flow, hydrograph separation, 05724. cation release, lake water quality, snowmelt, acidification, soil water chemistry, USA, New York, Adirondack Mountains; 03267. dissolved organic carbon, riparian source, Sweden, Svartberget Catchment; 13524. lithium, anion exchange, fluoride, acid rain, aluminium, Norway, Sogndal; 14655. meltwater chemistry, sediment load, glacier runoff, India, Ganga Basin, Satopanth Glacier; Bhagirath Kharak Glacier; 11071. oxygen-18, storm runoff, hydrograph separation, wetlands, Canada, Ontario, Oak Ridges; 04478. snowmelt, cation exchange, hydrological control, surface water chemistry, geochemical control, USA, California, Sierra Nevada, Emerald Lake; 04476. soil water chemistry, experimental catchment, acid neutralising capacity, sulphate, nitrogen, acidification, Norway, Sogndal; 13527. soil water chemistry, forest ecosystem, element cycle, 08373. soil water chemistry, river water chemistry, precipitation chemistry, soil type, South America, Amazon Basin; 12263. soil water chemistry, streamwater chemistry, stormflow pathway, streamflow generation, USA, Tennessee, Walker Branch Watershed; 12212. stormflow pathway, soil water chemistry, acid neutralising capacity, streamwater chemistry, UK, Wales; 12265. streamwater chemistry, aluminium chemistry, buffering, flow path, soil water chemistry, UK, Wales, Llyn Brianne; 00700. streamwater chemistry, nutrient loss, particulate export, heathland catchment, fire, Spain, Montseny, La Calma; 05728. streamwater chemistry, stormwater chemistry, flow path, headwater catchment, UK, Wales; 08372. streamwater chemistry, wetlands, riparian zone, nitrogen dynamics, Canada, Ontario, Oak Ridges; 02002. streamwater quality, acid neutralising capacity, pH, calcium concentration, acidic soil, aluminium concentration, UK, England, Cumbria, Kershope; 03269. surface water chemistry, rock weathering, hydrochemistry, groundwater chemistry, India, Uttar Pradesh, Kumaun, Gaula Catchment; 00695.

runoff water quality

acidification, buffering capacity, catchment characteristics, spatial variability, geochemical model, 12268. adsorption, contaminant transport, particle transport, urban runoff, trace metal, 07018. adsorption, pesticide transport, 07026. agricultural pollutant, nonpoint source pollution, nutrient loss, Poland, Carpathian Plateau; 05830. agricultural practice, nitrogen, phosphorus, agricultural catchment, 07121. agricultural practice, tillage practice, pesticide loss, 12372. algal assay, chemical analysis, soil water quality, manure, 00699. asbestos tailing, erosion rate, rainfall intensity, surface water contamination, South Africa; 12267. beaver pond, nutrient retention, phosphorus, nitrogen, winter anoxia, Canada, Ontario; 14631. buffer zone, water quality management, pollutant removal, vegetated strip, 13525. cation export, snowmelt, surface runoff, subsurface runoff, wetlands, Canada, Ontario; 14654. compost, nutrient, leaching, soil water quality, 07015. computer model, surface water quality, sewage, combined sewage outflow, real time control, Canada, Ontario, Hamilton; 03279. contaminant source, phosphorus, zinc, water quality management, urban runoff, USA, Wisconsin; 07020. detention pond, stormwater treatment, faecal coliform, suspended solid, stormwater management, 03282. fertiliser, manure, nitrate, agricultural practice, 11080. forest catchment, acidification, nitrogen, sulphur, streamwater chemistry, USA, West Virginia, Fernow Experimental Forest; 09749. forest catchment, sulphate mobility, concentration/discharge relationship, streamwater quality, acidification, USA, Georgia Piedmont; 14656. forest fertilisation, ammonium nitrate, trout, streamwater chemistry, benthic invertebrate, Sweden; 02001. forest, road impact, logging, sediment, runoff production, 09748. groundwater quality, infiltration basin, urban pollutant, Australia, Western Australia, Perth; 04526. iron oxide strip, water quality analysis, bioavailable phosphorus, phosphorus loss, USA, Southern Plains; 12264. limestone treatment, forest catchment, drainage water quality, acidification, surface water quality, UK, Wales, Uyn Brianne; 09750. metal contaminant, organic contaminant, water treatment, toxicity, urban runoff, USA; 07021. modelling, urban runoff, water quality management, water resource management, Canada, Ontario, Toronto; 03276. nitrate loss, tillage practice, subsurface drainage, 04559. nitrogen, lake water quality, eutrophication, phosphorus, UK, England, Devon, Slapton Ley; 07043. nonpoint source pollution, roof runoff, heavy metal, urban runoff, 07022. nutrient bioremediation, water quality, wetland restoration, riparian wetland, groundwater monitoring, 00678. nutrient loss, soil loss, cropping practice, tillage practice, agricultural practice, USA, Ohio; 11078. overland flow, soil surface, agrochemical, sorption/desorption, solute transport, vadose zone contamination, 02073. phosphorus transport, river water quality, nonpoint source pollution, South Africa, Western Cape Province, Berg River; 07028.

phosphorus, agricultural pollutant, nonpoint source pollution, dissolved reactive phosphorus, 10962. phosphorus, sediment transport, agricultural pollutant, particulate phosphorus, Canada, Ontario, Nissouri Creek; 07024. pollutant loading, land use, stormwater quality, USA, California, Alameda County; 03277. pollutant loading, sewage, heavy metal, river water quality, USA, New York, Buffalo River; 03278. pollutant removal, toxicity reduction, water quality management, nonpoint source pollution, 07161. real time control, stormwater model, urban drainage, Canada, Alberta, Edmonton; 03280. residential catchment, urban runoff, stormwater treatment, 03281. resource efficient plant, urban runoff, nitrogen, phosphorus, pesticide, 07017. riparian buffer zone, river water quality, pollution, river purification, vegetated bank, France, Le Mans, Sarthe River; Huise River; 08371. runoff concentration, rainfall intensity, manure, slurry application rate, swine manure, 02000. snow cover enrichment, snowmelt, 14762. soil water chemistry, agrochemical, analytical solution, soil surface, mass balance equation, 00697. spatial variability, runoff regime, catchment characteristics, acidification, Canada, Ontario; 12269. stormwater quality, decision support system, highway runoff, water quality management, USA; 03274. streamwater quality, nutrient transport, phosphorus, sediment transport, scale effect, USA, New Mexico; 07011. streamwater quality, rainforest ecosystem, forest catchment, precipitation chemistry, throughfall chemistry, stemflow chemistry, China, Hainan Island, Jianfengling; 02091. subsurface flow, bank filtration, biodegradation model, pollutant retention, Germany, Rhine River; 12266. surface water quality, acidification, groundwater quality, soil water quality, episodic acidification, Canada, Ontario; Quebec; Canada, Nova Scotia; 13526. tillage practice, pesticide, nutrient, groundwater quality, USA; 07025. urban runoff, computer model, nonpoint source pollution, 07027. urban runoff, trace metal, roof runoff, heavy metal, 05729. urbanisation, modelling, water resource management, water quality management, Canada, Ontario, Laurel Creek; 03275. wastewater treatment, geochemical study, heavy metal, river regulation, contaminant migration, hydropower, 05727. water quality modelling, reservoir water quality, 03284. water quality criteria, water quality evaluation, urban runoff, heavy metal, USA; 07019. water quality management, filter strip, vegetated strip, agricultural practice, USA; 07142. water quality management, stormwater detention, infiltration basin, 03283. water quality management, urbanisation, environmental modelling, stormwater management, 03270.

runoff yield

efficiency coefficient, streamflow estimate, model assessment, rainfall/runoff model, Australia; 09585. glacier hydrology, meltwater, Asia, Karakoram Himalaya, Indus Basin; 11065. rainforest, hydrograph pattern, forest catchment, baseflow, surface runoff, China, Hainan Island, Jianfengling; 02090.

runout

fahrboschung, landslide, rockfall hazard, talus slope, Canada, British Columbia, Hedley; Barnhartvale; Canada, British Columbia, Sunnybrae; 06437. long runout landslide, computer simulation, friction, landslide, 07798.

runup

wave, setup, swash, beach, engineering, 00441.

rupture

earthquake, deformation, Fu-yun Fault, recurrence interval, stress field, Mongolia; 05205.

rupture propagation

fault displacement, soil mechanics, earthquake, 12978.

rural

maximum/minimum temperature, temperature extreme, satellite sounding data, 02147.

rural area

GIS, management, territorial systems analysis, 11438. three dimensional, scanning lidar, lidar system, aerosol monitoring, Greece; 10164. water supply, appropriate technology, groundwater development, health, humid tropics, 08472. water supply, sanitation, humid tropics, urbanisation, water resource management, 08473.

rural concentrations

trend analysis, surface ozone, ozone, UK; 09978.

rural database

point-in-polygon, database, upland area, GIS, UK; 10271.

rural development

water supply, land use effect, runoff, stormflow, flood peak, river water quality, South Africa, Palmiet River; 03370.

rural environment

environmental planning, GIS, landscape simulation, 08945. pollution, sustainability, monitoring, agricultural landscape, 01295.

rural land tax

land use map, tax data, GIS, cadastre, Indonesia, Kali Konto; 08952.

rural landfill

hazardous material, municipal landfill, household hazardous waste, waste stream analysis, Canada, Alberta; 02601.

rural landscape

cartography, landscape, France; 02519. environment, land use, landscape structure, deforestation, France, Southern Alps, Pays des Terres Noires, Savournon; 10390.

rural landuse planning

multispectral satellite image, low end GIS, land use survey, Kenya, Kakamega District; 08954.

rural location

continuous monitoring, PAN, ozone, Canada; 13831.

rural monitoring site

particle, sulphate, sulphur dioxide, network result, regional acid deposition model, 12632.

rural planning

GIS, land tract, database, UK, England; Wales; 10250.

rural settlement

land degradation, SPOT, mapping, South Africa; 10252.

rural site

long range transport, chemistry, aerosol, Lithuania, Curonian Spit, Peila; 15006. nitric oxide emission, soil, USA, Tennessee; 06036. ozone formation, nitrogen oxide, USA, (Southeast); 12638.

rural stream

suspended sediment, urban runoff, bedload, Finland, Turku; 05479.

- rural unemployment**
land use modelling, GIS, linear programming, 01141.
- rural water supply**
cost/benefit analysis, planning, developing country, water resource development, Third World; 03388. demand oriented policy, water pricing, water policy, economic analysis, Pakistan, Punjab; 03395. supply quality, water pricing, economic analysis, equity, water supply, India, Kerala; 03394. sustainability, water management, economic analysis, water pricing, Philippines; 03396.
- Russian cartography**
Russian Empire, topographical survey, military geographical material, Finland; 13982.
- Russian Empire**
topographical survey, military geographical material, Russian cartography, Finland; 13982.
- Russian Hydrometeorological Center**
accuracy, forecast, atmospheric circulation, general circulation model, 09961.
- rut**
soil deformation, soil compaction, tractor wheel rut, 00523.
- ruthenium-106**
Chernobyl nuclear accident, radionuclide, caesium-137, caesium-134, 12165.
- rutschblock test**
stability, snow slab, slope inclination, 10409.
- Rutter model**
spatial variability, canopy storage, interception, climate model, 05659.
- ruware**
sheeting, deep weathering, granite, Bornhardt, inselberg, Poland, Sudetes Mt., Jelenia Gora; 05243.
- ryegrass**
nitrogen transformation, composted ryegrass, ammonium, 00547. vermiculisation, potassium, phlogopite, rhizosphere, 08176.
- Ryukyu Limestone**
Pleistocene, tectonics, backarc basin, biozonation, planktonic foraminifera, island arc, Pacific, Ryukyu Island Arc; Okinawa Trough; 14169.
- r-form**
Whirlpool Sandstone, pothole, hydraulic quarrying, fluvial sculpture, rock bedform, Canada, Ontario, Niagara Peninsula, Twenty Mile Creek; 03951.
- S score variance**
water quality, trend analysis, statistical analysis, time series data, Kendall's tau, 00612.
- Saale interstadial**
Belchatow outcrop, Chojny Formation, Pilica Interstade, Poland, Belchatow; 09177.
- Saalian**
Eemian, Weichselian sequence, Quaternary sequence, erosional channel, North Sea, Kattegat, Anholt; 07837. Eemian, Weichselian, Holocene, Quaternary, review, sedimentary history, North Sea, Kattegat; 07856. glacial stage, Weichselian, Holsteinian, Quaternary, Elsterian, Germany, (East); 07894. nivation activity, periglacial pediment, Weichselian, snowmelt, Belgium, Bosbeek Valley; 07924.
- Saalian glaciation**
moraine, glaciofluvial sediment, outwash fan, subglacial meltwater, Rehburg Stage, Germany, Dammer Berge; 14342.
- Saalkian Stage**
glacial geology, stratotype, type locality, formal stratigraphy, Pleistocene, Finland; 00158.
- sabkha**
aragonite, magnesium, dolomitization, calcium, Holocene, United Arab Emirates, Abu Dhabi; 01634. arid zone, wind, barchan, dune, sand, Qatar; 04174. carbon isotope, mangrove, carbohydrate, hypersaline environment, biomass, United Arab Emirates, Abu Dhabi; 02924. drainage, arid climate, evaporation, construction, groundwater rise, Saudi Arabia, Arabian Gulf Coast; 01374. gypsum, chloride, brine, dolomitization, Qatar, Sabkha Faishakh; 07994. leaching test, salt bearing soil, soil mechanical property, Kuwait; 00488. palaeosol, organic matter, dolomitization, mangrove deposit, United Arab Emirates, Abu Dhabi Sabkha; 14374. Pleistocene, dolomite, diagenesis, Arabian Gulf; Saudi Arabia, Al Jubayl; 14375. seawater, phase boundary, dolomite, mineralogy, magnesite, 14356.
- sabkha classification**
evaporite, carbonate, salinity, sulphate, chloride, Saudi Arabia, Jeddah; 01691.
- sabo dam**
sediment gradient, sediment discharge, debris flow, Japan, Honshu, Hiroshima Prefecture; 10921.
- saccharide**
aggregate stability, earthworm, organic carbon, carbonate, 01872. sugar, colorimetric method, reducing sugar, 14480.
- saccharide extraction**
high performance liquid chromatography, gas chromatography, colorimetric assay, 01784.
- SAER**
cost effectiveness, mineral exploration, TM, Canada, Ontario, Michipicoten Greenstone Belt; 10187.
- safe yield**
groundwater exploitation, artificial recharge, groundwater management, groundwater recharge, Spain, Catalonia; 09782. groundwater management, groundwater withdrawal, legislation, low flow, streamflow, USA, Massachusetts; 00814.
- safety assessment**
geodynamics, high dam, dam reliability, seismicity, 05127.
- safety at sea**
electronic charting, maritime tradition, commercial navigation, ECDIS, 11465.
- safety dike**
hydraulic design, collapse dike, emergency spillway, spillway design, 09606.
- safety factor**
environmental hazard, chemical, hazard assessment, exposure, bioaccumulation, 07693. maximum likelihood estimation, slope stability, circular failure, wedge failure, 10410. shear strength equation, cohesion intercept, slip surface, effective stress, 05226. slope stability, equilibrium model, stability analysis, general limit equilibrium, three dimensional analysis, 09084. stability analysis, spreadsheet, river bank instability, toe scour, lateral erosion, 10364.
- safety margin**
new chemical substance, modelling, risk assessment, uncertainty analysis, Netherlands; 07696.
- SAFRaN**
atmospheric deposition, soil water quality, groundwater quality, contaminant load, GIS, 09705. contaminant load, groundwater, atmospheric pollutant, soil contamination, expert system, Germany, Eifel; 07713.
- SAGA 3**
trace gas, aerosol, marine boundary layer, equatorial transect, boundary layer, Pacific; 06029.
- Sagara Group**
Kakegawa Group, sea level change, Cainozoic, tectonics, plate boundary, Japan, Honshu, Kakegawa; 11969.
- SAGE II**
ozone profile, umkehr, aerosol effect, 11320.
- Sagebrush**
hydrocarbon, stress, reflectance, USA, Wyoming, Bighorn Basin; 02459. wheatgrass, soil spatial variability, geostatistics, organic matter, nutrient availability, 10817.
- sagebrush/steppe ecosystem**
AVHRR, vegetation community, 11527.
- SAGET**
model, monitoring, crustal movement, geodynamics, Europe; 12762.
- Saginaw Lobe**
ice stagnation, ice topography, Tekonsha Moraine, Lake Michigan Lobe, till, USA, Michigan; 04092.
- Saharan dust**
seawater, budget, exchange process, Mediterranean Sea; 10323.
- Saharan/Sahelain boundary**
tropical rain forest, palynology, vegetation zone, Brunhes chron, marine data, Morocco; Africa, (Northwest); 07859.
- Saint-Mandroier Formation**
palaeoenvironment, channel, meander, Permian, macroflora, France, Provence, Toulon; 09275.
- Saksunarvatn ash layer**
Broecker conveyor belt, dissolved nutrient, palaeoceanography, diatom pulse, marine plankton, Norwegian Sea; 05281.
- salar**
geochemistry, saline lake, salt crust, Bolivia, Altiplano, Uyuni; Coipasa; 11906.
- Salawusu Group**
Pleistocene, fluviolacustrine sediment, REE, climate, China, Desagouwang, Salawusu River; 08037.
- Salem Formation**
seawater, Warsaw Formation, pore fluid, dolomitization, Mississippian, burial diagenesis, USA, Illinois Basin; 09294.
- Salem Limestone**
Mississippian, fossil, sediment stability, sediment/water interface, USA, Indiana; 04216.
- Saletian stage**
stratotype, Pliocene/Pleistocene, aeolian deposit, colluvial deposit, Marmora Formation, Morocco; 00206.
- salina**
porewater, dolomite, cyclic sedimentation, aeolianite, British West Indies, Turks and Caicos Islands, West Caicos Island; 14364.
- saline aquifer**
groundwater transport, transition zone, finite difference simulation, freshwater-saltwater interface, advective transport, dispersive transport, 03361.
- saline discharge**
groundwater discharge, SPOT, vegetation cover, GIS, temporal analysis, Australia, South Australia, Farrell Flat; 02561.
- saline distribution**
Quaternary geology, permafrost, marine submergence, Canada, Northwest Territories, Mackenzie Valley; 05328.
- saline groundwater**
decision analysis, water resource development, water harvesting, wastewater reuse, arid zone, Israel, Negev Desert; 07145. plant water use, tree species, Australia, South Australia, Upper South East Region; 12375. soil salinisation, soil water regime, grazing, water harvesting, water conservation, 03373. water table height, evapotranspiration, capillary rise, crop water use, irrigation water management, USA, Colorado, Grand Valley; 05835.
- saline ice**
sea ice, snow, angular reflectance, USA, New Hampshire, Hanover; 06320.
- saline lake**
freshwater lake, plankton, biota, lake ecology, UK, England, Norfolk Broads; 14684. lacustrine environment, palaeoecology, modern, fossil, Potamid, 00194. lake chemistry, lake biology, Kirghizia, Issyk-Kul Lake; Kazakhstan, Balkhash Lake; Kazakhstan, Alakul Lake; Kazakhstan, Tengiz Lake; Caspian Sea; Aral Sea; 09622. lake conservation, lake ecology, salt lake, lake degradation, USA, California, Mono Lake; Aral Sea; Cyprus, Akrotiri Lake; 09627. lake water chemistry, lake origin, palaeolimnology, geoecology, China; 09624. palaeolimnology, climate change, global warming, palaeoclimatology, palaeohydrology, 00193. Quaternary, dissolution, carbonate, evaporite, salt karst, Canada, Great Plains; 06735. salt crust, salar, geochemistry, Bolivia, Altiplano, Uyuni; Coipasa; 11906. temporary lake, biomass, phytoplankton, zooplankton, Spain, Fuente de Piedra; 09626.
- saline marsh**
Pleistocene/Holocene, palaeoenvironmental reconstruction, pollen, diatom, Mexico, Basin of Mexico, Chalco Lake; 06567.
- saline/sodic soil**
gypsum, Natrustalf, soil permeability, hydraulic conductivity, Pakistan, Lahore; 14568.
- saline/sodic water**
irrigation, soil sodicity, crop yield, sodification, soil management, Australia; 10844.
- saline soil**
nitrogen, soil amendment, humus, organic material, manure, calcareous soil,

03109. pore solution, eutectics, freezing kinetics, 07917. runoff, soil water chemistry, clearcutting, forest, element cycling, USA, Texas, Davy Crockett National Forest; 08434. salt content, nutrient content, casuarina, China, Fujian; 10850. soil reclamation, agriculture, water management, deltaic coast, sedimentation, India, Sunderbans; 07109. soil reclamation, surfactant, calcium hydroxide, soil stabilisation, Aral Sea; Uzbekistan; 13359. solute transport, chloride, MACRO, salt leaching, marsh soil, soil water movement, irrigation, Spain, Marismas; 13324. sulphur, sulphate, isotopic composition, Canada, Alberta; 10759. Xerochrept, municipal solid waste, soil chemical property, soil physical property, soil reclamation, 13389.
- saline subtropical water**
surface water salinity, oxygen isotope record, salinity variation, meltwater dilution, Atlantic, (North); 02752.
- saline water**
agricultural water management, crop yield, irrigation water quality, 11079.
- saline water irrigation**
aggregate stability, microbial activity, soil structure, irrigation, 03105.
- salinisation**
arid zone, land use effect, deuterium, oxygen-18, stable isotope, perched water table, irrigation, India, Rajasthan; 08426. bulk density, clay swelling, irrigation, soil water content, cracking, shrinkage, 12141. cation exchange, capillarity, unsaturated flow, evaporation, 08397. food chain, pollution, chemical time bomb, micropollutant mobilisation, groundwater, 11590. groundwater chemistry, water softening, hydrogeochemistry, factorial analysis, Belgium; 12336. groundwater resource, groundwater flow, hydrogeology, fault pattern, Israel, Negev, Judea Group Aquifer; 14750. hydrochemistry, isotope composition, groundwater recharge, hydrogeological model, Spain, Madrid Basin; 02054. irrigation water quality, drainage water reuse, irrigation water management, surface water quality, Russian Federation; 07132. land-atmosphere interaction, semiarid region, native vegetation, evapotranspiration, Australia; 03492. nonpoint source pollution, irrigation water quality, agricultural water management, river water quality, South Africa, Cape Province, Breede River; 07037. oxygen deficiency, organic matter, heavy metal, reservoir operation, reservoir water quality, estuary, Ukraine, Dnieper River, Kakhovka Reservoir; Kremenchug Reservoir; 13556. salt water intrusion, brine, carbonate aquifer, groundwater recharge, Israel; 02079. sand dune, Landsat MSS, land cover change, desertification, parabolic dune, India, Rajasthan, Thar Desert; 02681. soil chemistry, soil physical property, calcareous soil, Oman, Batinah; 08187. soil salinity, remediation, surface water quality, pumping strategy, effluent disposal, 05847. streamwater quality, groundwater discharge, geomorphological control, electromagnetic profile, Australia, Western Australia; 14749. water balance model, waterlogging, evapotranspiration, deforestation, remote sensing, Australia, Murray-Darling Basin; 00798. water table rise, irrigation water quality, groundwater model, irrigation water management, India, Haryana, Lower Ghaggar Basin, Bhakra Canal System; 04562.
- salinity**
agricultural catchment, solute transport, land management, soil water chemistry, groundwater chemistry, surface water chemistry, Australia, Western Australia, East Perenjori; 00797. agricultural water management, environmental protection, drainage design, economic viability, drainage modelling, USA, Colorado, Arkansas River Basin; 09764. alkalinity, glacial/interglacial cycle, saltpan, diatom record, lacustrine sequence, South Africa, Pretoria Saltpan; 06570. alkalinity, zeolite, porewater, Quaternary, burial diagenesis, Kenya, Kenya Rift Valley, Lake Bogoria; 00312. alkenone, sea surface temperature, oxygen isotope, monsoon, foraminifera test, Arabian Sea; Indian Ocean, Bay of Bengal; 01477. aquatic environment, lake level, ecological impact, impact assessment, lake ecosystem, USA, California, Mono Lake; 12225. aquitard, aquiclude, groundwater flow, layered aquifer, aquifer, Morocco, Tetouan, Martil-Alila; 05788. bacteria, porewater, sulphate, reduction, oxidation, USA, Chesapeake Bay; 04217. biomarker, organic carbon, evaporite, hydrocarbon, methylsterane, France, Alsace, Mulhouse; 05348. bioproductivity, biogeochemical barrier, trace metal migration, estuary, pH, Russian Federation, Siberia, Kamchatka, Paramushir Island, Yuriev River; Sea Okhotsk; Russian Federation, Siberia, Razdolnaya River; Sea of Japan; 05721. blue hole, groundwater, carbonate platform, temperature, Bahamas, Great Bahama Bank, North Andros Island; 13205. carbon dioxide fugacity, variability, source/sink, temperature, Southern Ocean; Indian Ocean; 08996. carbon, organic matter, oxidation, bacteria, manganese, USA, Florida, Shark River Estuary; 06711. cationic content, ice-ocean interface, crystallography, ice shelf, frazil ice, Antarctica, Hells Gate Ice Shelf; 04137. climate fluctuation, lake characterisation, ionic gradient, diatom assemblage, North America, Great Plains; 10471. climate study, proloculus size, benthic foraminifera, Rotalidium annectens, temperature, India; 00210. coal leachate, wetlands, surface water quality, plant establishment, tree seedling, groundwater quality, USA, South Carolina; 13596. coastal water quality, estuary, arsenic cycle, USA, Maryland, Chesapeake Bay, Patuxent River Estuary; 12258. coastal water quality, salt flux calculation, freshwater transport, freshwater budget, Labrador Sea, Labrador Current; Canada, Newfoundland, Baffin Bay; Canada, Newfoundland, Hudson Strait; 05709. computer model, river water quality, tidal reach, estuary water quality, India, Hooghly River; 07039. confining pressure, pressuremeter test, sea ice, ice mechanics, strength, 13130. contact oxidation method, organic wastewater, surface water quality, wastewater treatment, 14641. crop yield, soil salinity, water stress, irrigation water quality, crop growth, 03375. current velocity, ice growth, estuary, river mouth, vertical profile, marine halocline, water temperature, 12232. deep winter convection, temperature, Greenland Sea, Fram Strait; 08548. delta, sediment distribution, continental shelf, shear stress, bottom sediment, Brazil, Amazon River; 03016. deposition model, weathering model, chemical evolution, groundwater chemistry, Australia, Western Australia, Yilgarn Craton; 04523. dolomitization, groundwater, seawater, Bahamas, Great Bahama Bank, Andros Island; 14376. estuary, salt intrusion, predictive model, 03245. flocculation, turbidity zone, contamination, pesticide, suspended sediment, USA, California, San Francisco Bay; 05481. flow regime, stratification, river model, estuary/river model, density flow intrusion, 09633. fluorescence, organic carbon, France, Mediterranean Coast; 10564. freshwater input, sapropel formation, sea level, climate oscillation, temperature, Mediterranean Sea; 01475. freshwater, estuary, dam, environmental change, sedimentation, Senegal, Senegal River, Manantali Dam; Diama Dam; 06784. glacial drift, marl, lake, carbonate deposition, epilimnion, USA, Minnesota, Clearwater County, Elk Lake; 01602. Gondwana glaciation, lithological cycle, evaporite, Paradox Formation, Pennsylvanian, USA, Utah; Colorado; 01637. groundwater chemistry, aquifer exhaustion, groundwater deterioration, Jordan, Amman, Dhuleil aquifer; 03363. groundwater exploration, nuclear magnetic resonance, time domain electromagnetic method, Israel; 14786. groundwater flow, solute transport, advection, diffusion, Spain, Andalucia, Donana National Park; 05791. groundwater level fluctuation, chalk aquifer, alluvial aquifer, salt water intrusion, UK, England, Sussex, Lower Ouse Valley; 07084. groundwater quality, groundwater exploitation, chloride source, upconing, Netherlands; 12339. groundwater quality, remedial action, groundwater exploitation, groundwater reclamation, groundwater management, Australia, South Australia, Angas-Bremer Basin; 11100. groundwater recharge, groundwater contamination, sodium chloride, deicing chemical, Canada, Ontario, Toronto; 04522. groundwater recharge, groundwater resource, freshwater lens, recharge assessment, Tonga, Tongatapu; 08389. groundwater recharge, isotope hydrology, groundwater resource, Greece, Axios River; 00741. groundwater, glacial sediment, weathering, till, sulphur, mineralization, Canada, Saskatchewan, Luck Lake; Alberta, Bow River; 07996. gypsum, evaporite, Miocene, Badenian, siliclastic, Poland, Holy Cross Mountains; 07968. heat flux, freshwater flux, ocean model, 03251. ice production, frazil ice, polynya, wind, 12354. interstitial water, diagenesis, alkalinity, pH, Spain, Cadiz; Atlantic, Bay of Cadiz; 08015. ion exchange, organic matter, groundwater chemistry, hydrogeochemistry, water-rock interaction, Australia, New South Wales, Yass; 11047. irrigation water management, archaeological research, salt damage, historical building, Uzbekistan; 00813. lagoon, redox potential, oxidation, Ukraine, Dnieper-Bug Lagoon; 08046. Lake Agassiz, Champlain Sea, ice lobe, foraminifera, Canada, Quebec, Quebec City; 01696. lake limnology, hypersaline lake, meromixis, nitrogen flux, USA, California, Mono Lake; 06984. lake limnology, meromixis mixing, stratification, USA, California, Mono Lake; 06983. land reclamation, leaching requirement, irrigation water management, desalination, Iraq; 07116. meltwater flux, Quaternary (late), deep water, intermediate water, foraminiferal evidence, paleoceanography, Canada, Gulf of St. Lawrence, Gaspé Peninsula; 06559. meromixis, paleoclimate, Holocene, geochemical evolution, USA, South Dakota, Medicine Lake; 14288. metal complexation, estuary, nickel, copper, metal, 05385. mine discharge, river water quality, hardness, Ukraine, Dnieper River; Samara River; 13549. Miocene, gypsum, strontium, sulphate, Poland, Holy Cross Mts; 04225. mixing rate, nutrient distribution, coastal water quality, estuary, USA, Mississippi River; 05720. paleoenvironmental indicator, Holocene, ostracod, marine chemistry, Asia, Aral Sea; 04108. paleohydrology, estuary, climate change, hyperhaline estuary, river water quality, Senegal, Casamance River; 14627. pH, desorption, tidal cycle, estuary, plutonium, UK, England, Cumbria, Esk Estuary; 01755. phytoplankton bloom, estuary, water quality monitoring, Thematic Mapper, pigment concentration, Australia, Western Australia; 11561. polder ecosystem, vegetation, hydrology, wetlands, groundwater management, Netherlands; 06986. pollution, sea surface, temperature, Mauritania, Banc d'Arguin; 03497. porewater, estuary, environmental quality, phosphorus, Gulf of Mexico, Mississippi River Delta; 08087. redox, salt marsh, Spartina alterniflora, barrier island, nutrient, USA, Virginia Coast; 04258. river discharge, nutrient, velocity profile, estuary, stratification, Argentina, Patagonia, Chubut River Estuary; 06987. river water quality, chloride flux, atmospheric deposition, marine deposition, Australia, Murray-Darling Basin; 14665. salt distribution, solute transport, impervious layer, subsurface drainage, adsorption, 14731. salt lake, limnology, hydrobiology, lake water chemistry, thermal regime, Mongolia; 09623. salt marsh, mangrove estuary, manganese oxidation, leuco crystal violet, Bahamas, Andros Island; USA, Georgia, Sapelo Island; 10611. sea level, Holocene, diatom, coastal deposit, palaeotide, Netherlands, Poortvliet; 05431. sea salt, brine, conductivity, ice, chloride, 00426. seawater, electrokinetics, colloid, suspension, 03017. shoaling, chemocline, pycnocline, Black Sea; Sea of Marmara, Bosphorus Strait; Mediterranean; 11958. soil structure, crop yield, Chernozem soil, Solonchik soil, soil sodicity, Canada, Saskatchewan; 01870. soil water storage, soil conditioner, polyacrylamid hydrophilic gel, trickle irrigation, irrigation, 04563. stochastic model, mass transport theory, water quality management, river water quality, USA, Colorado River; 12389. sulphate, chloride, sabkha classification, evaporite, carbonate, Saudi Arabia, Jeddah; 01691. surface boundary condition, sea surface temperature, ocean GCM, 02204. surface water-groundwater interaction, groundwater inflow, coastal pond, pond water exchange, USA, Massachusetts, Cape Cod, Little Pond; 12288. surface water quality, geochemistry, lake water chemistry, major ion chemistry, Namibia, Namib Desert; South Africa; 09675. suspended particulate matter, sediment transport, freshwater-saltwater interface, turbidity maximum, estuary, UK, England, Devon, Tamar Estuary; 01979. suspended sediment concentration, thermocline, nutrient supply, seasonal cycle, spatial variability, North Sea; 00053. suspended solid, phytoplankton, chlorophyll, seasonal change, eutrophication, Thailand, Thale Sap Songkhla; 13299. tide, total suspended solids, hydrodynamics, evapotranspiration, estuary, Brazil, Itamaraca; 00676. tree survival, irrigation water quality, sodicity, leaching requirement, salt tolerance, 14775. water quality monitoring, river discharge, river water quality, Australia, Western Australia, Williams River; 12275.
- salinity anomaly**
ice/ocean model, sea ice cover, Greenland Sea; Norwegian Sea; 05948. thermohaline circulation, stable isotope study, meltwater, Laurentide Ice Sheet, glaciostasy, Canada, Arctic Canada; 05287.
- salinity change**
mangrove peat, Maya wetland, Holocene, palaeosalinity, microfaunal assemblage, Belize, Cobweb Swamp, Colha; 09207. sapropel deposition, planktonic foraminifera, seasonal, Mediterranean Sea; 04058.
- salinity control**
agricultural water management, subsurface drainage, water table, crop production, drain depth, 02094. agroforestry, eucalypt tree, tagasaste, evapotranspiration, soil water depletion, Australia, West Australia; 12365. groundwater level, crop water use, evapotranspiration, agricultural water management, Australia, Western Australia, Collic; 02097.

salinity data

temperature data, marine record, mollusc, Holocene, depth limit, palaeoenvironmental analysis, UK, Scotland; Atlantic, (North); 07854.

salinity effect

anion exchange capacity, electrical charge distribution, acidity, Venezuela; 05600.

salinity fluctuation

palaeolimnology, diatom, ostracod, Little Ice Age, aridity, USA, North Dakota, Devils Lake; 10473.

salinity gradient

interstitial water, groundwater quality, USA, Illinois Basin; 11032.

salinity index

river regulation, water quality index, ecological sanitation index, river water quality, phytoplankton, Ukraine, Danube River; 13547.

salinity intrusion

estuary water quality, forecasting model, rainfall data generation, rainfall/runoff relationship, Gambia, Gambia River Estuary; 00674.

salinity model

canonical correspondence analysis, climate change, palaeoclimatic reconstruction, diatom, Canada, British Columbia, Cariboo Plateau; Chilcotin Plateau; 06574.

salinity profile

density profile, fjord, water turnover, estuary, water exchange, Sweden, Gulf of Bothnia, Orwefjarden; 10950.

salinity variability

freshwater, diatom stratigraphy, lake, Holocene, sediment core, marine/brackish water, Antarctica, Horseshoe Island; 01530.

salinity variation

meltwater dilution, saline subtropical water, surface water salinity, oxygen isotope record, Atlantic, (North); 02752.

salmon farm

oxytetracycline, polluted sediment, fish, fauna, 14455.

Salmon Glacier

ice dammed lake, subglacial tunnel, iceberg, jokulhlaup, Canada, British Columbia, Summit Lake; 02799.

salmonid

particle size distribution, spawning behaviour, bed topography, 03229. spawning gravel, particle size distribution, 03230.

salt

bacterial corrosion, stone monument, cavity, pollution, scaling, 02664. carbon dioxide, sea surface, biogenic surfactant, heat, 00889. surface weathering, alluvial fan, weathering, granular disintegration, cavernous weathering, Chile, Antofagasta Province; 05144.

salt accumulation

application efficiency, irrigation, flood irrigation, infiltration, cracking soil, evaporation, 02099. floodplain soil, forest, river regulation, riparian forest, water table rise, Australia, Murray River; 09753. isotope, Nep potash deposit, Cambrian, carbonate, Russian Federation, Lower Tunguska River, Nep; 02947. soil chemical property, barren area, soil productivity, landscape position, 10845. water uptake, soybean, soil water movement, soil root system, solute transport, 08396.

salt affected land

coastal land, mapping, soil salt content, India, Gujarat, Saurashtra; 02492.

salt affected soil

alas, soil salinisation, thermokarst, thaw depression, thermokarst lake, 12113. efflorescent crust, trace element, element concentration, evaporite, mineralogy, Canada, Alberta; 10714. soil thermal conductivity, De Vries model, calcium saturation, 04322. successional soil, nitrogen dynamics, floodplain soil, soil chemical property, USA, Alaska, Tanana River Floodplain; 04357.

salt bearing soil

soil mechanical property, sabkha, leaching test, Kuwait; 00488.

salt budget

water budget, Kalman filter, lake, evaporation loss, energy budget, 06978.

salt concentration

herbicide, extractant, paraquat, diquat, Australia, Western Australia; 03184.

salt content

nutrient content, casuarina, saline soil, China, Fujian; 10850.

salt crust

salar, geochemistry, saline lake, Bolivia, Altiplano, Uyuni; Coipasa; 11906.

salt damage

historical building, salinity, irrigation water management, archaeological research, Uzbekistan; 00813.

salt deposition

neotectonics, Quaternary, salt lake, lacustrine terrace, China, Qaidam Basin; 06581.

salt diapir

confined aquifer, permafrost wedge, glaciotectionics, porewater trap, Germany, Kiel; 01512.

salt dilution

streamflow, computerised measurement, discharge measurement, conductivity, USA, Alberta, Rocky Mountains; Canada, British Columbia, Rocky Mountains; 00639.

salt dilution method

computer program, glacier outflow, conductivity, Canada, British Columbia, Rocky Mountains; Coast Mountains; 13147.

salt distribution

solute transport, impervious layer, subsurface drainage, adsorption, salinity, 14731.

salt dome

Quaternary sequence, Holocene, Lauenburg clay, Germany, Gorleben; 11816. siliciclastic sediment, Miocene, cement, diagenesis, fluid flow, USA, Louisiana, West Hackberry Salt Dome; 00311.

salt flux calculation

freshwater transport, freshwater budget, salinity, coastal water quality, Labrador Sea, Labrador Current; Canada, Newfoundland, Baffin Bay; Canada, Newfoundland, Hudson Strait; 05709.

salt intrusion

predictive model, salinity, estuary, 03245.

salt karst

saline lake, Quaternary, dissolution, carbonate, evaporite, Canada, Great Plains; 06735.

salt lake

Chott, sand sea, SAR, Tunisia, Chott el Djerid; 06237. environmental protection, conservation program, Australia; 10945. lacustrine terrace, salt deposition, neotectonics, Quaternary, China, Qaidam Basin; 06581. lake degradation, saline lake, lake conservation, lake ecology, USA, California, Mono Lake; Aral Sea; Cyprus, Akrotiri Lake; 09627. limnology, hydrobiology, lake water chemistry, thermal regime, salinity, Mongolia; 09623. meteoric water, evaporation, isotope study, geochemical weathering, India, Thar Desert; 08356. well section, palaeoclimate, neotectonic activity, geomorphological evolution, India, Rajasthan, Churu District, Talchappar Salt Lake; 05295.

salt leaching

marsh soil, soil water movement, irrigation, saline soil, solute transport, chloride, MACRO, Spain, Marismas; 13324.

salt marsh

anoxic sediment, bacteria, organic matter, methanogen, India, Bay of Bengal, Koriakkarai; 00354. bacteria, chloride, methyl bromide, anaerobic sediment, sulphide, USA, California, Palo Alto; San Francisco Bay, Palo Alto; 10697. caesium, sedimentation, nuclear fuel reprocessing, radioactivity, UK, England, Sellafield; Wales, Dee Estuary; 13302. environmental impact, disposal technique, case study, dredged material disposal, coastal marsh, USA, North Carolina; Louisiana; 00094. estuary, sea level rise, sedimentation, land use, Holocene, Canada, Nova Scotia, Chezzetcook Inlet; 04260. humic acid, diagenesis, humification, biogeochemistry, 11938. inundation, organic matter, suspended matter, primary production, bioavailability, Netherlands, Westerschelde, Saeftinge; 02984. lead-210, dating technique, UK, Severn Estuary; 05344. managed retreat, coastal management, sea level rise, shoreline adjustment, flooding, UK; 03970. manganese, oxidation, surface sediment, microbial production, USA, Georgia; 08048. mangrove estuary, manganese oxidation, leuco crystal violet, salinity, Bahamas, Andros Island; USA, Georgia, Sapelo Island; 10611. oxidation, sulphite, porewater, manganese, iron, Denmark; 08006. palaeoecology, sediment depth, diatom, spatial distribution, USA, New England; 01703. phototrophic bacteria, dimethyl disulphide, anoxygenic phototroph, photosynthetic sulphur bacteria, sulphur compound, 03262. pollution history, stratigraphic marker, magnetic record, particulate pollution, UK, England, Cheshire, Dee Estuary; 06380. radioactive waste, critical group, radionuclide, nuclear fuel, UK, England, Cumbria, Sellafield; Irish Sea; 01758. radionuclide, complexation, plutonium, intertidal sediment, interstitial water, UK, England, Cumbria, Esk Estuary; 13303. sea level rise, fauna, coastal management, nitrogen cycle, vegetation, Netherlands; 03041. sea level, tidal channel, estuary, sediment accretion, UK, Wales, Cardigan Bay, Dyfi Estuary; 07973. sediment supply, tidal regime, climate, sea level, UK; 00124. sedimentation rate, sediment transport, simulation, coast, Germany, North Sea Coast; 00127. shallow lake, land reclamation, environmental protection, wetlands, peatland, Netherlands; 08360. shell layer, erosion, storm surge deposit, caesium dating, Germany, Sylt Island; 01609. shoreline development, sea level rise, isostasy, barrier system, Denmark, Wadden Sea; 02822. *Spartina alterniflora*, barrier island, nutrient, salinity, redox, USA, Virginia Coast; 04258. temperate zone, grain size, accretion, channel network, marsh, tidal range, UK; 06773. tidal inundation, particulate flux, estuary, nutrient exchange, spatial variability, USA, Georgia, Cumberland Island; 01970. tidal inundation, particulate organic matter, seston, Netherlands; 00672. vegetation, GIS, USA, Connecticut, Stonington, Barn Island; 06258. waste, silt, radionuclide, pollutant, UK, England, Cumbria, Sellafield; Scotland; Irish Sea; 10709.

salt marsh deposit

lead-210 dating, sea level rise, chronology, pollutant, accretion rate, UK, England, Severn Estuary; Wales, Severn Estuary; 12953.

salt marsh geomorphology

intertidal geomorphology, storm event, creek, sea level, UK, England, Essex, Blackwater Estuary; Norfolk; 00125.

salt marsh peat

seismic activity, radiocarbon date, neotectonic history, sea level data, USA, Maine; 01392.

salt marsh sediment

extractant, iron, speciation, partitioning, 11871. resuspension, metal concentration, sediment core, estuary, historical record, USA, Rhode Island, Narragansett Bay; 06790. siderite, carbonate, concretion, organic matter, methanogenesis, 01663. trace metal, pollution, sediment/water interface, accumulation rate, trace metal, Netherlands, Scheldt Estuary; 03038.

salt marsh soil

plant uptake, salt marsh vegetation, heavy metal, extractant, Netherlands; 03170.

salt marsh vegetation

heavy metal, extractant, salt marsh soil, plant uptake, Netherlands; 03170.

salt movement

solute transport, flow velocity, unsaturated flow, vadose zone, Pakistan, Punjab, Rechna Doab; 09682.

salt production

solar salt production, salt yield, evaporation, sewage treatment, optimal control theory, 03379.

salt seepage

seepage water, vegetation influence, canal, soil salinity, USA, California, Coachella Valley; 06866.

salt shattering

soil chronosequence, reg, desert soil, paleosol, gravel shattering, Israel, Negev Desert; 01825.

salt tolerance

salinity, tree survival, irrigation water quality, sodicity, leaching requirement, 14775.

salt transport

suspended sediment, tide, current, seasonal variation, India, Kerala, Cochin, Muvattupuzha River; 06657.

- salt water-freshwater interface**
coastal aquifer, computer model, groundwater flow, salt water intrusion, recharge/abstraction, boundary conditions, 05786.
- salt water hydrodynamics**
tideless estuary, flow characteristics, barotropic pressure, baroclinic pressure, estuary, Baltic Sea; 01978.
- salt water intrusion**
aquifer overexploitation, nonlinear estimation, aquifer management, hydro-geochemical analysis, kriging, Spain, Almeria, Campo de Dalias, Aguadulce aquifer; 02081. B spline, numerical analysis, freshwater-saltwater interface, groundwater flow, boundary element method, 02053. brine, carbonate aquifer, groundwater recharge, salinisation, Israel; 02079. coastal aquifer, groundwater management, groundwater exploitation, Australia, Queensland; 11102. coastal aquifer, solute transport model, finite difference model, groundwater model, groundwater contamination, Pacific, Nauru Island; 11043. coastal erosion, fishery, sea level rise, swamp reclamation, Thailand, Songkhla Lake Basin; 11669. freshwater lens, groundwater flow, groundwater exploitation, pumping rate, density dependent flow, USA, Florida, Geneva; 00790. groundwater management, shallow aquifer, groundwater exploitation, coastal aquifer, Malaysia, Sarawak; 08407. groundwater quality, variable density flow, groundwater flow, coastal aquifer, China, Longkou, Huangheying; 12329. groundwater quality, water quality management, nodal domain integration, aquifer yield, USA, California, San Malé Basin; 11025. mathematical model, coastal aquifer, groundwater quality, 03347. mathematical model, pollutant transport, river/estuary system, heavy metal dispersion, tidal dynamics, UK, Wales, Milford Haven; England, Cornwall, Fal Estuary; 04483. Ocean City/Manokin Aquifer, solute transport model, chloride, groundwater quality, groundwater flow model, USA, Maryland, Ocean City; 07085. recharge/abstraction, boundary conditions, salt water-freshwater interface, coastal aquifer, computer model, groundwater flow, 05786. salinity, groundwater level fluctuation, chalk aquifer, alluvial aquifer, UK, England, Sussex, Lower Ouse Valley; 07084. sea level rise, chlorinity, isohaline, estuary, China, Changjiang River Estuary; 12233. tidal mixing, island hydrology, freshwater lens, groundwater resource, Tonga, Ha'apai Group, Lifuka; 08406.
- salt wedge**
sediment concentration, buoyant plume, suspended sediment, river mouth, estuary, Canada, British Columbia, Fraser River; 02885. turbulence, stratification, turbidity, silt, estuary, 00394.
- salt yield**
evaporation, sewage treatment, optimal control theory, salt production, solar salt production, 03379.
- salination**
attrition, surf zone, gravel beach, Argentina, Tierra del Fuego; 07958. bedload, Langrangian model, turbulence, friction coefficient, gravel transport, 14439. flat bed, sand grain, wind tunnel, ejection velocity, 01588. gravel, bedload, friction, channel hydraulics, 14318. particle dynamics method, grain impact, wind, 00294. sediment transport, channel flow, channel bottom, 09604. shear velocity, roughness, sand transport, wind tunnel, 05365. turbulence, wind tunnel, sand, sediment transport, transport rate, 05454. wind profile, wind tunnel, momentum extraction, 14855.
- salination bombardment**
dust, wind, sand, suspension, 01589.
- saltern**
tidal flat, biostabilisation, surface structure, microbial mat, shrinkage crack, 04213.
- saltpan**
diatom record, lacustrine sequence, salinity, alkalinity, glacial/interglacial cycle, South Africa, Pretoria Saltpan; 06570.
- saltwater/freshwater interface**
freshwater contamination, karst channel, seawater intrusion, groundwater flow, Turkey, Ovacik Plain; 00784.
- Saltwick Formation**
permeability, palaeochannel, Jurassic, sandstone, UK, England, North Yorkshire, Whitby; 02955. Ravenscar Group, channel sandstone, hydrocarbon, Jurassic, UK, England, Yorkshire; 05374.
- Salyut-7**
ozone, mesosphere, limb scan observation, 14975.
- samarium**
dysprosium, lake sediment, groundwater discharge, rare earth element, playa lake, neodymium, Australia, Western Australia, Yilgarn Block, Gilmore Lake; 14624.
- Samoa prehistory**
radiocarbon date, archaeological research, prehistoric settlement, Samoa; 01457.
- Sampacho Fault**
tectonic activity, maximum potential earthquake, recurrence interval, recent tectonics, Argentina, Cordoba Province, Sampacho; 02698.
- sample collection**
surface water chemistry, water chemistry protocol, long term monitoring, methodology, data analysis, 03265.
- sample freezing**
orthophosphate, nitrate, nitrite, ammonia, streamwater analysis, 09659.
- sample L moments**
sample size, parametric probability distribution, precipitation data, 14924.
- sample preparation**
bleaching, organism, carbonate, 02865. engineering property, grain size distribution, mud, cohesive sediment, sampling, 06653. pollutant, analysis, PAH, gas chromatography, mass spectrometry, 05346. shear strength, laterite soil, triaxial compression test, shear test, test methodology, Nigeria; 01441.
- sample size**
hypothesis testing, environmental monitoring, statistical approach, Bayesian technique, 03922. multiple outlier location technique, elemental set, regression outlier, least median of squares, probability, 02639. parametric probability distribution, precipitation data, sample L moments, 14924. regional variogram, confidence interval, Monte Carlo simulation, variogram, geostatistics, 00065.
- sample storage**
aluminium speciation, water quality analysis, analytical method, 13504.
- water quality analysis, bog, fen, water chemistry, UK, England, Yorkshire, Malham Tarn; 12242.
- sampler**
particle, grassland ecosystem, chemical climate, airborne matter, 12625.
- sampling**
acidity, lake water chemistry, water quality monitoring, biomonitoring, 13563. collaborative study, quality assurance, marine monitoring, chemical measurement, 00090. delineation, classification, inventory, recertification, USA, North Dakota, Logan County; 04963. entity relationship model, GIS, water quality control laboratory, water network, 03825. erosion, storm runoff, sediment yield, USA, Arizona, Walnut Gulch; 04139. field experiment, environmental model, subsoil, geotechnical engineering, data collection, sounding, 14191. Geoscan, field sampling, gold, USA, Nevada; 02471. global study, trace gas exchange, air-soil interaction, methane, emission prediction, 07705. groundwater quality, percolation, lysimeter, leachate, irrigation water management, USA, Nebraska, North Platte; 02103. interpolation, data capture, soil survey, 02486. knowledge based system, spatial averaging errors, hemispherical reflectance map, 01196. marine sediment, heavy metal concentration, spatial variation, copper, lead, zinc, Australia, New South Wales, Botany Bay; 09256. marine sediment, pesticide, sewage sludge, UK, Scotland, Aberdeen, Garroch Head; 11876. measurement, data representation, computer controlled system, 09010. paleolimnology, percussion coring system, 01577. particle size, bedload, clastic sediment, 10554. petroleum contamination, soil, pollution, groundwater contamination, analytical method, 00016. piston corer, mechanical constraint, sediment disturbance, 10559. polluted sediment, suspended solid, hexachlorobenzene, Germany, Rhine River; 14446. prior information, spatial statistics, cadmium pollution, interpolation method, 10336. probability sample, case study, streamwater quality, found data, USA; 00702. procymidone, atrazine, groundwater contamination, pesticide, New Zealand; 09719. rangeland, water table depth, unfertilised rangeland, groundwater quality, USA, Florida; 07083. sample preparation, engineering property, grain size distribution, mud, cohesive sediment, 06653. solute concentration, groundwater contamination, organic contaminant, monitoring well, aquifer, 04546. surface water contamination, contaminant source, faecal coliform, sediment bag, water quality analysis, 03256. suspended sediment, backscatter sensor, comparative study, optical sensor, sand, 06642. temporal variation, heavy metal, Australia, New South Wales Coast, Botany Bay; 10704. till, fluvial gravel, beach, particle size, coarse sediment, 11869. time series, radiocarbon date, pollen zone, chronology, coring, USA, Minnesota, Clearwater County, Elk Lake; 02734. TM, aerial photography, field assessment, forest inventory, India, Karnataka; 15162. water quality analysis, lake water quality, analytical variability, North America, Great Lakes, Lake Erie; 05762. water quality analysis, long term monitoring, trend analysis, methodology, Kendall's test, USA, Vermont; 03266. wet deposition, PAH, dry deposition, deposition, UK, England, Lancashire, Castleshaw; Cumbria, Estwaite Water; 03919. wetting, collapsible gravels, soil matrix, 12991.
- sampling design**
contaminant level, annealing search algorithm, pollution level classification, 06427. microhabitat, lichenometry, dating method, debris flow dating, dating, Chile, San Rafael Glacier; 10425. particle shape, gravel size, cusp deposit, beach, palaeoenvironment, Ireland, Donegal, Malin Head, Portmore Beach; 06675. scale, savanna woodland, NDVI, TM, USA, California; 02510. significance test, ANOVA model, environmental study, 09013.
- sampling design optimization**
spatial model, Monte Carlo approach, Walker Lake model, simulation, 06408.
- sampling device**
vegetated filter strip, runoff plot, flow sampling, head loss, 05674.
- sampling disturbance**
stiff clay, tube sampling, clay behaviour, 04024.
- sampling error**
temperature, model data, climate model, 04682.
- sampling frame**
agricultural survey, image analysis, 12800.
- sampling grid**
Gaussian stochastic simulation, hydrogeological problem, groundwater flow, fast Fourier transform, 05796.
- sampling instrument**
groundwater sampling, vadose zone, phreatic zone, 04507.
- sampling method**
atmospheric deposition, wind sampling, PCB, USA, Great Lakes, Lake Michigan, Green Bay; 00616. forest surveying, dry tropical forest, GIS, crown-line intersect sampling, species distribution, Madagascar; 01213.
- sampling pattern**
geostatistics, hydraulic conductivity, spatial variability, scale effect, nugget effect, 02060.
- sampling procedure**
data quality, lake water quality, water quality analysis, trace metal, contaminant minimisation, North America, Great Lakes, Lake Ontario; 00722. laminated sediment, laboratory experiment, core, 02856.
- sampling programme**
liming, lake restoration, fish survival, acidification, UK, Scotland, Loch Fleet; Scandinavia; 13566.
- sampling protocol**
sulphate, acidic deposition, precipitation chemistry, ammonium, USA, Pennsylvania; 09578.
- sampling scale**
tectonic setting, source rock, sandstone, USA; 05349.
- sampling strategy**
lake water chemistry, acidification, sulphate, fluoride, wilderness lake, USA, Idaho, Sawtooth Mountains; 12284. ocean rain rate, SSM/I, 08836. quantification, carbon dioxide flux, gas exchange, complex ecosystem, flux estimation, 00033. radiocarbon dating, Holocene, fluvial system, vertical aggradation, Netherlands, Rhine-Meuse Delta; 01526. spatial dependence, soil science, design approach, modelling, 05112.
- sampling technique**
airborne gamma ray spectrometry, geochemical mapping, 11503. refrigerated autosampling, coliform density, surface water quality, Australia, New South Wales, Sydney; 13520. soil collection, Byelorussia, Gomel Oblast; 06811.

sampling theory

aerial photography interpretation, land use survey, monitoring landscape change, TM, 01136.

sampling variability

particle size, scatterplot, raindrop size, 03201.

sampling well

groundwater quality, network design, groundwater monitoring, well density, 07091.

SAMS constituent data

zonal asymmetry, nitrous oxide, methane, stratosphere, 02341.

SAMS instrument

nitrous oxide, methane, intra annual variation, middle atmosphere, 14974.

San Andreas Fault

charcoal, radiocarbon analysis, palaeoseismicity, earthquake cluster, USA, California, Carrizo Plain; 11686. strike/slip motion, GPS, historical data, triangulation site, tectonic deformation, USA, California, Southern Coast Ranges; 00142. uplift, levelling data, earthquake, palaeoseismic record, aseismic growth, USA, California, Durmid Hill; 02696.

San Andres Formation

Grayburg Formation, porosity, permeability, Guadalupian, diagenesis, USA, New Mexico, Guadalupe Mountains; 14349. Permian, bioherm, carbonate, channel fill, Cherry Canyon Tongue, USA, New Mexico, Guadalupe Mountains; 02999.

San Antonio Formation

Guayuta Group, Cretaceous, anoxia, organic matter, Querecual Formation, Venezuela, Interior Mountain Belt; 01675.

San Donato Unit

reef, carbonate, diagenesis, triassic, Italy, Calabria, Monte Caramolo; 11973.

San Francisco earthquake (1906)

fault slip, surface deformation, earthquake, offset, USA, California, Point Arena; 01391.

San Roque Formation

fanglomerate, sedimentation, basin, Argentina, Sierra de San Luis; 01684.

sand

aggregate mining, environmental impact, seafloor, till, Baltic Sea, Slupsk Bank; 03043. aquifer, reduction, chromium, diffusion, tracer, USA, Massachusetts, Falmouth, Cape Cod; 06786. bar formation, beach, wave, suspended sediment, 10664. beach, longshore bar, Pleistocene, coastal plain, Cananea Formation, Brazil, Sao Paulo, Caraguatubá; 01700. bedform, ripple, grain size, flume study, 11982. centrifuge test, Kozsany-Carman equation, settlement, liquefaction, 04006. centrifuge, model test, pile, stress level effect, 11718. classification, turbidity current, deep water basin, reservoir facies, mud, 13276. clay, cone pressuremeter, UK, Scotland, Forth of Forth, Bothkennar; 04015. clay, drainage, cone penetration test, pore pressure, 04008. clay, reinforcement, foundation engineering, geogrid, bearing capacity, 12989. compression, anisotropy, steady state, liquefaction potential, 11722. dry cohesionless soil, resin impregnation technique, density variation, laboratory test, compaction, 09109. elasticity, in situ testing, stiffness, cone pressuremeter test, shear moduli, 09108. fan problem, laboratory test, finite element, heat transfer, artificial freezing, 11716. flooding, sedimentation, tsunami, earthquake, Japan, Sanriku Coast; 08066. fluid pressure, drainage, layered soil, 13000. flume experiment, suspended sediment, particle size, reservoir, Japan; 05350. forearc basin, mud, Pliocene/Pleistocene, turbidite, Kazusa Group, Japan, Boso Peninsula; 06756. grain size, aeolian process, dune, India, Thar Desert; 04252. gravel, grain size, channel, fluvial transport, 00290. ice drift, coastal process, video camera, sediment concentration, North America, Great Lakes, Lake Michigan; 14330. liquefaction, stress path, triaxial test, collapse, 06498. longitudinal profile, channel slope, sedimentary structure, gravel, Japan, Honshu, Watarase River; 14339. maturity index, quartz arenite, relief, climate, provenance, India, Kerala, Bharathapuzha; 13259. Mississippian, basin, Greenbrier Limestone, uplift, grainstone, 04265. mud, organic matter, oil, hydrocarbon, Mexico, Campeche Sound; 00351. nonlinear elastic plastic model, hyperbolic model, shear modulus, finite element study, pressuremeter test, 01418. organic carbon, heavy metal, drainage basin, river channel, India, Kerala, Vembanad Estuary; Muvattupuzha River; 04242. overburden pressure, cycle resistance ratio, confining stress, liquefaction resistance, Canada, British Columbia, Duncan Dam; 11743. pile, lateral load, cyclic loading, 11708. Pleistocene, glacial terrain, regional mapping project, surficial mapping, aquifer, gravel, USA, Minnesota; 01507. sabkha, arid zone, wind, barchan, dune, Qatar; 04174. sampling, suspended sediment, backscatter sensor, comparative study, optical sensor, 06642. saturation, inelastic flow, granular media, energy dissipation, liquefaction, pore pressure, 09104. sea level change, beach deposit, barrier, transgression, Holocene, gravel, New Zealand, South Island, Canterbury, Ashley River; Kowai River; 06746. sediment transport, beach, dune, tidal flat, grain size, Germany, Sylt; 01590. sediment transport, transport rate, saltation, turbulence, wind tunnel, 05454. shear modulus, deformation, saturated sand, 01583. shear strength, triaxial compression, strain softening, 14181. shear strength, cone penetration test, granular material, analytical study, distinct element method, 11721. shear strength, submarine slope, static instability, failure surface, plasticity, Beaufort Sea, Nerlerk Berm; 09111. shear stress, sediment transport, Reynolds number, gravel, flume experiment, 05359. silt, lamination, scour and fill, bedform, China, Yellow River; 14338. soil decontamination, organic compound, hydrogen peroxide, chemical oxidation, 13429. source, volcaniclastic material, weathering, dune, aeolian dune, Mars; 06673. stress path testing, hollow cylinder torsional device, principal stress rotation, 09085. suspension, saltation bombardment, dust, wind, 01589. tidal current, turbulence, sediment concentration, suspension, UK, England, Devon, Taw Estuary; 07955. tidal flat, channel migration, river mouth, delta plain, Canada, British Columbia, Fraser River Delta; 13169. time dependant behaviour, settlement, SPT value, raft foundation, 09098. travelling wave, seabed, liquefaction, finite element, plasticity, Canada, Lake Ontario; North Sea; 13161. wave, bedform, roughness, laboratory experiment, seabed, 06665. wetlands, shell midden, landscape management, chenier, Australia; 08053. wind, fossil, Holocene, Pleistocene, Hungary, Zagyva River, Hay-tanya; 11956.

sand abrasion

sedimentological record, aeolian process, Vistulian, Plenivistulian, dune migration, Poland; 00229.

sand application

cranberry bog soil, bulk density, particle density, organic carbon, USA, Massachusetts; New Jersey; USA, Oregon; USA, Washington; Canada, British Columbia; 05503.

sand beach

dune, seasonality, wind erosion, microorganism, vegetation, Canada, Great Lakes, Lake Ontario, Presqu'île Peninsula; 09327. thermal gradient, swash zone, solar heating, temperature, Turkey, Patara Beach; Mediterranean; 02880.

sand bed

unstable flow, Uratanna Formation, fluidisation pipe, Cambrian (Lower), liquefaction, Australia, South Australia; 06652.

sand body

incision, alluvial deposit, scour, reservoir, 03012. reservoir, Willwood Formation, Eocene, overbank deposit, paleosol, USA, Wyoming; 02952.

sand budget

provenance, roundness, sphericity, India, Rajasthan, Jobner; 04164.

sand content

clay content, soil texture, map, Zaire; 14467.

sand deposit

lamination, stratification, sedimentation, 04151.

sand dune

buried soil, Atlantic age, loess, blown sand, Germany, Franconia; 00224. hydraulic conductivity, preferential flow, soil moisture content, dry bulk density, 14702. Landsat MSS, land cover change, desertification, parabolic dune, salinisation, India, Rajasthan, Thar Desert; 02681. loess, Weichselian, cover sand, loam, France, Normandy, Mont-Saint-Michel; 00219. MSS, dune interdune area, parabolic dune, India, Rajasthan, Thar Desert; 04967. soil water content, soil crusting, dune, China, Shapotou Region; 10777. stratigraphy, Moriori settlement, archaeology, Holocene, New Zealand, Chatham Island; 11839. tropics, physical geography, inselberg, soil erodibility, rainfall erosivity, Africa; 11646. vegetation, Holocene, climate, Canada, Saskatchewan, Great Sand Hills; 02965.

sand encroachment

draa, desertification, vegetation, soil erosion, Burkina Faso, Mare d'Oursi, Oursi; 00459.

sand filter

herbicide removal, activated carbon filter, water treatment, peat filter, clay filter, 07063.

sand filtration

water treatment, computer model, headloss development, 14629.

sand flash technique

dam, reservoir, sedimentation, 06781.

sand form

wetting front, flow path, fingering, beach, dune sand, Netherlands; Germany, North Sea Coast; 09261.

sand grain

aeolian sediment, heavy mineral, periglacial, abrasion, Poland, Zametyl; Kalinko; 07880. dune sand, alluvial fan deposit, grain roundness, wind sorting, Saudi Arabia, Wadi ash Shumaysi; 01581. wind tunnel, ejection velocity, saltation, flat bed, 01588.

sand/gravel

subglacial stream, till, esker, Finland, Lapland, Lutto River Basin; 10493.

sand layer

sediment supply, Quaternary, turbidity current, deep sea fan, seismic profile, Mediterranean Sea, Var Canyon; Var Sedimentary Ridge; 02996.

sand lens

landfill, groundwater flow, finite element model, contaminant migration, 00770. palaeogeography, turbidity, Russian Federation, Mutovinskaya; 00370.

sand mining

dredging, USA, Chesapeake Bay; 10698.

sand movement

bedload, resuspension, sediment dynamics, sandbank, wind, North Sea, Sand Banks; 05438.

sand particle

acoustic backscatter, particle suspension, backscatter, 10184.

sand reclamation

crop yield, desert soil, irrigation, soil reclamation, Turkmenistan; 13311.

sand ribbon

turbulence, secondary current, sediment concentration, sand ridge, 10586.

sand ridge

sand ribbon, turbulence, secondary current, sediment concentration, 10586. weathering, chronology, linear dune, postdeposition modification, Australia, Western Australia, Kimberley; 09059.

sand ripple

bottom shear stress, sediment transport, wave action, 06664.

sand sea

desert, duricrust, aeolian process, Africa, Kalahari; Namibia; 05172. geomorphology, dune, linear dune, wind regime, Namibia, Namib Desert; 04162. SAR, salt lake, Chott, Tunisia, Chott el Djerid; 06237.

sand sheet

fluvial deposit, Kayenta Formation, Jurassic, palaeoflow, USA, Colorado Plateau; 00360. fluvial deposit, red bed, trace fossil, Tumbagoooda Sandstone, Silurian, sandstone, Australia, Western Australia, Murchison River; Kalbarri; 02950. intertidal mud, radiocarbon age, plate boundary earthquake, earthquake, tsunami, Canada, British Columbia, Vancouver Island; 10395. tidal marsh, Holocene, Caesium-137, tsunami, earthquake, Canada, British Columbia; 11908.

sand sheet strata

discharge, fluvial deposition, Tumbagoooda sandstone, Silurian, aeolian sand, Australia, Western Australia, Murchison River Gorge; Kalbarri; 00379.

sand size

algorithm, backscatter, suspended sediment, acoustic pressure, 06643.

sand soil

bioturbation, ant nest, soil turnover, Australia, New South Wales; 14511.

sand spit

bridging, coastal evolution, ice shelf, 05154. littoral drift, palaeolimnology,

- glacial lake, Holocene, Wisconsin, USA, Illinois, Lake Michigan; Indiana, Lake Michigan; 12949.
- sand storm**
desert, aeolian activity, wind regime, dune, India, Rajasthan, Thar Desert; 02966. desertification, global monitoring, landscape resilience, dryland, Africa; 09055. shelterbelt, desertification, China; 12441.
- sand supply**
Leica Quantimet 970, blowout development, aerial photography, erodibility, beach, France, Boulogne, Dunes de Slack; 00126. littoral drift, sediment transport, beach erosion, Japan, Rukushima Prefecture; Miyagi Prefecture; 14158.
- sand transport**
bed roughness, suspension, shelf, storm, USA, North Carolina, Duck; 10575. continental shelf, coal terminal, transport path, Israel, Hadera; 02891. dredging, erosion, beach nourishment, coastal engineering, Gulf of Mexico; USA, Alabama, Dauphin Island; 13270. EAK (1993), coastal protection, design recommendations, storm surge, Germany; 07761. fetch, beach sediment, texture, provenance, Greece, Thassos, Chalkidiki Peninsula; 01593. fetch, wave prevalence, beach sediment, texture, provenance, Greece, Thassos, Chalkidiki Peninsula; 05370. helical flow, wind, desert, dune field, longitudinal dune, 04161. roughness, shear velocity, wind tunnel, 01727. shoreline, aeolian process, sediment budget, breakwater, North America, Great Lakes, Lake Michigan; 14407. storm event, shoreface, resuspension, suspended transport, wave conditions, Canada, Prince Edward Island, Stanhope Lane; 06660. wind tunnel, saltation, shear velocity, roughness, 05365.
- sand transportation**
paleosol, fragipan, loess, elevation, New Zealand; China; 05444.
- sand volume**
petroleum reservoir, Tertiary, submarine fan, North Sea; 11920.
- sand wave**
bedform, comet mark, current speed, North Sea, Skagerrak; 00409. bedload, suspension, entrainment, turbulence, bedform, 05371. resuspension, seabed drag, sandbank, bedform, bedload transport, North Sea, Norfolk Banks, Broken Bank; Well Bank; 00406. sediment transport, estuary, tidal channel, navigation, bedload, China, Changjiang Estuary; 09393.
- sand wedge**
paleoclimatology, aeolian sand, late glacial, periglacial process, Poland; Germany; 00277.
- sandbank**
bedform, bedload transport, sand wave, resuspension, seabed drag, North Sea, Norfolk Banks, Broken Bank; Well Bank; 00406. bedform, sediment transport, tidal current, 10665. sediment transport, modelling, English Channel, Dover Strait; 11888. turbidity, bottom sediment, fishing, tidal current, Japan, Neko Seto Sea; 09282. wind, sand movement, bedload, resuspension, sediment dynamics, North Sea, Sand Banks; 05438.
- sandbar erosion**
coastal theory, fluvial system, wave, USA, Arizona, Grand Canyon; 03953.
- sandstone**
accretionary prism, subduction, sea level, Gaselle Formation, Devonian, USA, California, Klamath Mountains; 13279. alluvial deposit, floodplain, crevasse deposit, channel deposit, Cretaceous, South Korea; 00378. Annot Sandstones, turbidity current, turbidite, Oligocene, basin, France, Alpes-de-Haute-Provence, Alpes Maritimes; 07979. Aquitanian, palaeogeography, submarine fan, flysch, Numidian flysch, Algeria, Grande Kabylie Massif; 01718. braided river, Markov cyclicity, palaeoenvironment, Beaufort Group, Adelaide Subgroup, South Africa, Karoo; 00373. Cambrian, East European Platform, diagenesis, overgrowth, calcite cement, Poland; 11934. Cambrian, tidal channel, Eleonore Bay Supergroup, Lyell Land Group, Proterozoic, Greenland, East Greenland; 06677. cement, calcite, heavy mineral, concretion, Italy, Apennines; 04195. cement, Garn Formation, fluid flow, porosity, North Sea, Haltenbanken; 13225. cementation, concretion, calcite, hydrocarbon reservoir, 09298. cemented horizon, calcite, Brent Group, Rannoch Formation, diagenesis, North Sea, North Viking Graben, Murchison Field; 06685. channel fill, sheet flood deposit, porosity, aeolian deposit, Sherwood Sandstone Group, Irish Sea; 02949. channel, strike/slip fault, braidplain, Boss Point Formation, Pennsylvanian, Canada, Nova Scotia; New Brunswick; 10588. Cingoz Formation, provenance, submarine fan, discriminant function analysis, Miocene, Turkey, Adana Basin; 08060. clay mineral, climate history, weathering, mineralogy, granite, China, Guanxi Province; 00515. climate factor, weathering, tessellated pavement, Australia, New South Wales, Sydney; 02668. computer modelling, flow analysis, floodplain, alluvial sediment, 13290. continental shelf, kaolinite, dickite, burial, North Sea, Norwegian Continental Shelf, Haltenbanken; Gullfaks; North Sea, Norwegian Continental Shelf, Troms Area; 04205. cyclicity, fan deposit, Devonian, terminal fan, Gun Point Formation, Ireland, Cork; 00368. Devonian, Cannon Hill Formation, Hampshire Group, shoreface, shoreline deposit, USA, West Virginia, Elkins; 02986. Devonian, Elk Point Group, diagenesis, dissolution, cementation, porosity, Canada, Alberta; 05384. diagenesis, albitization, feldspar, Albert Formation, Carboniferous, Canada, New Brunswick; 01638. dissolution, hydrothermal alteration, microrugosity, abrasion, 05339. flood cycle, Precambrian, Fugleberget Formation, Hestman Member, Norway, Varanger Peninsula; 13175. fluid inclusion, quartz cement, cement, resetting, Jurassic, North Sea; 00314. foredeep, bedding geometry, sedimentary structure, Siwalik Group, Miocene, Pakistan, Himalayas, Potwar Plateau, Chini; 06730. geochemistry, calcite cement, Oseberg Formation, Jurassic, Brent Group, Norway, Veslefrikk Field; 14378. gravity flow deposit, Eocene, platform carbonate, Croatia, Outer Dinarides, Pag Island; 00407. hummocky stratification, sedimentary structure, tempestite, Pictured Cliffs Sandstone, shelf deposit, Cretaceous, USA, Colorado, Durango; 04261. illitization, porosity, quartz, cementation, Norway, Norwegian Shelf; 08003. Jurassic, crevasse splay, channel, Ravenscar Group, UK, England, Yorkshire; 13171. kaolinite, Statfjord Formation, Lunde Formation, unconformity, North Sea, Snorre Field; 13227. lacustrine facies, Cretaceous, freshwater facies, Mirdita zone, conglomerate, Albania, Albanian Alps; 02987. lithofacies, Proterozoic, grain size, palaeocurrent, Satakunta sandstone, Finland, Satakunta; 02956. Miocene/Pliocene, Middle Siwalik Subgroup, gravel, alluvial fan, palaeoflow direction, India, Uttar Pradesh, Dehra Dun Valley; 00377. mudstone, Nkporo Shales, diagenesis, Mamu Formation, carbonate, Nigeria, Leru Okigwe; 09286. Oligocene, porosity, cement, clay, diagenesis, Spain, Campo de Gibraltar; 11936. orogenic belt, flysch, India, Himalaya; 11918. overbank deposit, floodplain, deposition rate, avulsion, alluvial architecture, 13168. palaeocurrent, turbidity current, Kazusa Group, Katsura Formation, Japan, Boso Peninsula; 05443. Pendencia Formation, volcanoclastic sediment, authigenesis, amphibole, Cretaceous, Brazil, Potiguar; 08001. Pennsylvanian, coal, foreland basin, floodplain deposit, Pocahontas Formation, USA, West Virginia; 04179. Permian, Rotliegend, Zechstein, porewater evaluation, diagenesis, Germany; 06693. porewater, shale, Eocene, diagenesis, Clearwater Formation, Canada; 13219. porosity, Albian, Barro Duro Formation, arkose, cement, sedimentology, Brazil, Maranhao, Barreirinhas Basin; 01639. porosity, burial diagenesis, quartz cement, Jurassic, Brora Arenaceous Formation, UK, Scotland, Moray Firth; 13220. porosity, permeability, dual porosity, oxidation, iron oxide, USA, Kentucky; 14716. quartz cement, precipitation rate, Jurassic, fluid inclusion, temperature, stylolite, Norway, Norwegian Continental Shelf; 13222. radioactive waste disposal, groundwater contamination, uranium migration, retardation, complexation, 04534. Rome Formation, palaeoenvironment, dolostone, Cambrian, siltstone, USA, Tennessee, Anderson County, Haw Ridge; Roane County, Haw Ridge; 09273. Rough Rock, Carboniferous, sedimentary structure, bounding surface, UK, England; 04244. Saltwick Formation, permeability, palaeochannel, Jurassic, UK, England, North Yorkshire, Whitby; 02955. sampling scale, tectonic setting, source rock, USA; 05349. sand sheet, fluvial deposit, red bed, trace fossil, Tumblagooda Sandstone, Silurian, Australia, Western Australia, Murchison River; Kalbarri; 02950. sedimentation, Barents Sea Group, deltaic sediment, Proterozoic, Naeringseva Member, Norway, Varanger Peninsula; 02979. shale, Cretaceous, Haida Formation, channel geometry, antidune, Canada, British Columbia, Queen Charlotte Islands; 07977. silica, cement, Tallahatta Formation, hydrofluoric acid, USA, Mississippi, Meridian; 06696. siliciclastic deposit, abrasion, Permian, El Imperial Formation, Carboniferous, Argentina, San Rafael Basin, Rio Diamante Canyon; 07963. siliciclastic sediment, Cretaceous, Tertiary, provenance, tectonic setting, Argentina, Austral Basin; 01670. sorting, pinstripping, aeolian ripple, bedform, 02882. Sossus Formation, Tsondab Sandstone Formation, ripple, aeolianite, porosity, Namibia, Namib Sand Sea; 13160. spatial variability, time scale, vadose zone, carbonate diagenesis, 11932. storm deposit, Pliocene, Kawaguchi Formation, heavy mineral, turbidite, Japan, Honshu, Niigata Prefecture, Higashiyama Region; 05442. tectonism, Cambrian, Proterozoic, Chilhowee Group, Harpers Formation, USA, Pennsylvania; 02985. temperature, cementation, continental shelf, fluid inclusion, Jurassic, dissolution, Norway, Norwegian Continental Shelf; 13221. temperature, potassium, albitization, feldspar, plagioclase, 08073. Tertiary, fluvial deposit, porosity, permeability, Spain; 02873. trace fossil, Cretaceous, Ranipat Formation, Dharangadhra Group, coastal sedimentation, India, Gujarat; 09337. Triassic, Permian, continental margin, palaeotethys, beach, China, Qinghai Province, Xijin Ulan; 06748. weathering, temperature, ferruginisation, red bed, 09300. Welsh Basin, Llandovery, turbidite, debris flow, Rhuddnant Grits, UK, Wales; 14418.
- sandstone aquifer**
mathematical model, vertical flow, groundwater flow, low conductivity layer, UK, England, Bromsgrove, Sandstone Aquifer; 12305.
- sandstone/mudstone aquifer**
field experiment, groundwater contamination, urban pollutant, contaminant transport, contaminant source, chlorinated hydrocarbon, UK, England, Coventry; 03367. tracer test, pumping test, solute transport, chlorinated hydrocarbon, groundwater contamination, dual porosity aquifer, UK, England, Coventry; 03366.
- sandstone reservoir**
illite, diagenesis, fluid flow, Brent Group, North Sea, Alwyn Area; 00315.
- sandstone rock**
organic carbon, chlorinated hydrocarbon, groundwater contamination, retardation factor, contaminant migration, UK, England, Coventry; 03365.
- sander**
braided river, runoff, sediment supply, alluvial plain, Holocene, Iceland, Solheimasandur; Skeidarsandur; 03013. downstream change, sorting, abrasion, clast, Iceland; 13180. glacial deposit, proglacial deposit, Quaternary, glacial advance, Switzerland, Geneva Basin; 02795. river channel, glacier, scour, ice block, jokulhlaup, Greenland, Sondre Stromfjord, Russell Glacier; 05352. runoff, sediment supply, jokulhlaup, lithofacies, glacial outwash, Iceland; 00293.
- sandy aquifer**
solute transport, cation exchange, geochemical transport model, potassium, sodium, 00788. solute transport, field experiment, geochemical transport model, potassium, cation exchange, 00789. transmissivity, hydraulic head, spatial cross covariance, cross validation method, aquifer characteristics, Spain, Donana National Park; 02059.
- sandy beach**
tar pollution, self cleansing, oil spill, morphodynamic model, Nigeria; 05075.
- sandy clay loam**
infiltration, surface sealing, tillage practice, raindrop impact, USA, North Carolina, Piedmont Region; 00796. Ultisol, soil micromorphology, argillic horizon, glaciation, clay illuviation, USA, Wisconsin; 13351.
- Sandy Loess**
grain size distribution, sedimentary environment, loess, paleosol, quartz, Osaka Group, China, Loess Plateau; Japan; 06583.
- sandy soil**
advection/dispersion, speciation model, transport model, clayey soil, calcareous soil, strontium migration, France; 03333. butane, propane, hydrocarbon, nitrogen fixation, biodegradation, 05629. contaminant migration, hydrophobicity, groundwater quality, pH, bacteriophage transport, 07069. deformation analysis, foundation, settlement, triaxial compression test, 11731. dielectric constant, GPR, radar, 04321. dune soil, yellow brown sand, molarity, ethanol droplet index, soil water repellency, New Zealand, North Island; 08202. extractant, electro-ultrafiltration, nitrogen, plant uptake, Germany, Hessa; 03125. Haplorhthod, forest invasion, vegetation influence, podzolisation, heathland, Denmark, Hjelms Hede; 10769. kaolinite, montmorillonite, hydrophobic soil, clay application, 05561. Leasburg surface, carbonate horizon, ridge, USA, New Mexico; 06855. Luvisol, mineralogy, geochemical prediction, Canada, Alberta; 13361. particle size fraction, soil sampling, nitrogen, 14500. phosphogypsum, flue-gas desulfur-

- ization gypsum, calcium sorption, sulphate sorption, gypsum, 09499. phosphorus, bauxite residue, crop yield, soil amendment, Australia, Western Australia; 10811. phosphorus, extractant, Australia, Western Australia, Peel-Harvey Catchment; 10810. polymer gel, soil water quality, infiltration, water conservation, soil conditioner, 07106. preferential flow, water repellent soil, soil water flow, 03317. soil amelioration, fertile soil, Hungary, Danube-Tisa Interfluv; 05507. soil matric potential, microtensiometer, root water uptake, 03081. soil water diffusivity, hydraulic conductivity, Belgium; 10841. soil water movement, infiltration, soil hydraulic property, Acryhope, soil conditioner, 13367. soil water movement, solute transport, preferential flow, groundwater recharge, isotope tracer, unsaturated zone, USA, Minnesota, Princeton; North Dakota, Oakes; 14704. soil water retention, olive oil cake, Libya; 03157. subirrigation, agricultural water management, crop yield, water table depth, sugarcane, USA, Florida; 05841. surface energy balance, soil surface, microlysimeter, evaporation, 04438.
- Sangamon**
cladoceran microfossil, Don Formation, Scarborough Formation, interglacial, Canada, Ontario, Toronto, Scarborough Bluffs; 11775. Tahawus clay, stratigraphic evidence, interglacial period, pre-Wisconsinan, pollen zone, USA, New York, Adirondack Mountain; 04075.
- Sangamonian transgression**
Biloxi formation, Gulfport barrier, barrier deposit, aeolian dune, Quaternary evolution, USA, Florida, Apalachicola; 00257.
- sanitary landfill**
landfill, leachate, environmental impact, geoenvironmental characteristic, Portugal, Coimbra; 05069.
- sanitary site**
trace gas, emission, landfill, 11351.
- sanitation**
humid tropics, urbanisation, water resource management, rural area, water supply, 08473. urban area, water management, water supply, technological issues, humid tropics, 08470. water management, water reuse, urban area, water supply, humid tropics, 08476.
- Santee Delta**
hypothermal highstand, sea level change, Holocene, differential submergence, sediment loading, USA, South Carolina, Murrells Inlet; 00262.
- Santorini ash**
Holocene, coccolithophore, palaeobiogeography, radiocarbon dating, anthropogenic transport, Black Sea; 13110.
- Sao Joao da Chapada Formation**
sedimentary structure, braidplain, rift basin, Proterozoic, Brazil, Serra do Espinhaco; 10589.
- sap flow**
tree, transpiration rate, heat pulse method, water uptake rate, water uptake, 08288.
- saponite**
authigenesis, lacustrine deposit, Madrid Basin, Neogene, bentonite, Spain, Toledo, Yuncos; 04206.
- saprolite**
REE, weathering, thorium, laterite, Cameroon, Akongo; 05403. tropical peneplain, peneplanation, Budel's model, planation surface, deep weathering, India, Tamil Nadu; 00138. tropical soil, residual soil, slope stability, expansive phenomena, 10413.
- saprolitic soil**
shear strength, slope design, reversal shear box test, Hong Kong; 02725.
- sapropel**
black shale, bottom water, seafloor, geochemistry, anoxia, 01723. climate change, ecological disaster, pollution, Mediterranean Sea; 03881. Holocene, marine sediment, radiocarbon, chronology, Black Sea; 11784. Messinian, rhythmite, laminate, Pliocene/Pleistocene, runoff, Italy, Calabria, Vrica; 06651. Miocene, nannofossil, photic zone, Florisphaera profunda, Mediterranean; 03004. sediment colour, oxidation, Mediterranean Sea; 13248.
- sapropel deposition**
planctonic foraminifera, seasonal, salinity change, Mediterranean Sea; 04058.
- sapropel formation**
sea level, climate oscillation, temperature, salinity, freshwater input, Mediterranean Sea; 01475.
- SAR**
adaptive speckle filter, speckle filtering, 02412. airborne stereo optical imagery, terrain height measurement, USA, Michigan, Ann Arbor; 03670. albedo, sea ice energy balance, microwave scattering cross section, 11556. Almas-1, radar hologram, 04844. Almaz-1, 03653. azimuth compression, seismic migration algorithm, 10088. backscatter, image intensity correction, 03685. bottom feature, wave trapping, surface wave structure, 11540. brittle tectonics, geological map, Canada, Northwest Territories, Yellowknife; 07547. calibration, ERS-1, Japan; 12663. clustered pixels, speckle, radiometric quality, 13947. coastal water, Norway; 03803. discriminant analysis, neural network, crop mapping, classification accuracy, 14036. environmental problem, real time, ERS-1, 10197. EOS, energy cycle model, 08905. ERS-1, depression angle, geology, airborne radar, 03654. ERS-1, microwave, interferometry, 12775. exploration database, hydrocarbon exploration, lithology, Papua New Guinea; 14011. forest, ecosystem model, canopy, USA, Oregon; 15163. ice dynamics, snowpack, 08930. ice type, sea ice, 01246. image autocorrelation, smoothing, filter weight, 13951. image spectra, ocean wave, ice motion, Canada, Newfoundland; 07620. imaging radar sensor, swath capability, 11363. internal wave, internal wave trains, tidal current, Atlantic, Strait of Gibraltar; 14074. JERS-1, L band, 12664. JERS-1, optical sensor, satellite, 10046. lava, dome, canali, flood volcanism, volcanic feature, Venus; Earth; 11697. lithological discrimination, SIR, radar, China; 04954. multiyear ice signature, sea ice cover, Beaufort Sea; 14085. new ice, marginal ice zone, gravity wave imagery, ice thickness, Greenland Sea; 11557. ocean surface, ocean coherence time, 08910. ocean wind wave, wave measuring system, 14071. optical imagery, environmental monitoring, alpine, polarimetry, 12788. optical sensor, JERS-1, 02374. pine, red pine, P-band, USA, Maine, Bangor; 15178. polarimetry, alpine glacier, Austria, Tyrol, Rofental; 02527. salt lake, Chott, sand sea, Tunisia, Chott el Djerid; 06237. sea ice cover, ERS-1 scatterometer imaging, C-band microwave echo, Antarctica; 14083. sea ice, leads, polynyas, ice edge, 14084. sea surface echo, storm microburst, rain, gravity wave, kinetic energy, 14004. soil moisture, semiarid zone, Africa, Sahel; 06241. soil surface, microwave, backscattering, ERS-1, 12771. stream sediment geochemistry, fracture zone, magnetic discontinuity, geochemical anomaly, Canada, Quebec, Gaspé Peninsula; 03769. vegetation, mapping, 02501. volcanic area, polarimetry, mapping, geology, Italy, Campania, Vesuvius; 02464. wavelet decomposition, classical filtering, speckle removal, 07491.
- SAR data**
polarimetric radar, forest damage, 07582.
- SAR earthquake**
seismicity, assessment, Canada, Quebec, Ungava Peninsula; 02474.
- SAR image**
biomass, loblolly pine forests, successional stage, USA, North Carolina, Durham; 11523. multifrequency imagery, polarimetric imagery, ecosystem, forest, temporal imagery, USA, Maine, Howland; 15166.
- SAR imagery**
time series imagery, floodwater inundation, UK, Thames Valley; 11563.
- SAR imaging**
migration, seismic migration, 02413.
- SAR interferometry**
geophysical parameter, ice movement, polar research, Antarctica; 14090. internal wave, surface current, Doppler frequency, UK, Scotland, Loch Linnhe; 07612.
- SAR processor**
ERS-1 ground segment, 13915.
- SAR telemetry**
transputer network, ERS-1 SAR, 07424.
- SAR workstation**
terrain, elevation, South America; 06157.
- SARIMA**
SARIMAX, univariate model, transfer function model, groundwater fluctuation, piezometric head, 09702.
- SARIMAX**
univariate model, transfer function model, groundwater fluctuation, piezometric head, SARIMA, 09702.
- Sartansk**
thermokarst process, Quaternary (late), permafrost extent, Zyriansk, Russian Federation; 01558.
- Sasca Formation**
limestone, Triassic, algae, Getic Domain, Romania, Carpathians, Sasca; 11974.
- sastrugi**
deposition, wind pumping, ice coring, sulphate, snow dune, 08653.
- Satakunta sandstone**
sandstone, lithofacies, Proterozoic, grain size, palaeocurrent, Finland, Satakunta; 02956.
- Satellitbild**
mapping, vegetation mapping, Philippines; Indonesia; Malaysia; Malawi; Namibia; Bangladesh; Laos; 10205.
- satellite altimeter**
anticyclonic eddy, sea surface temperature, mesoscale eddy, signal processing, Arabian Sea; 07611.
- satellite altimeter data**
ocean height difference, orbit error correction, crossover difference differences, 13906.
- satellite altimetry**
geodesy, Earth environmental study, tidal measurement, gravity measurement, 10282. geoid computation, gravity data, geoid modelling, sea surface topography, GPS, 07447. hydrological measurement, Geosat radar altimeter, river level, Brazil, Amazon basin; 01251. ice sheet, 05015. measurement, 10237. sea level, marine geodesy, global change, 07428. sea surface height, drifting buoy, eddy, Loop Current, Gulf of Mexico, Loop Current; 07610. storm pressure system, wave group propagation, wave attenuation, wave height, South Africa; 14073.
- satellite altimetry data**
marine geoid, gravity anomaly, ocean crust, Baltic Sea; 11495.
- satellite archive**
cloudiness, Nephanalysis dataset, Australia; 02278.
- satellite attitude**
ESA Stellar Catalogue, star constellation matching algorithm, 03656.
- satellite classification**
land cover type, forestry, calibration, classification accuracy, 11365.
- satellite clock parameter**
IGS campaign, solar radiation, GPS orbit ephemerides, 11371.
- satellite cloud data**
data assimilation, cloud dataset, forecast, comparative study, 08603.
- satellite configuration**
GPS, GLONASS, 08762.
- satellite data**
air photographs, ground observation, measurement, snow cover, Russian Federation; Germany; 12360. AVHRR, land surface parameter, climate model, 12921. blocking anticyclone, Atlantic; 02176. broadcasting, data dissemination, data broadcasting, 04847. cloud type, classification, 08597. comparative study, global cloudiness, cloudiness, 04707. data fusion, remote sensing, ATKIS, 12707. evaporation, SMMR, GMS, GOES, water vapour transport, Pacific; 03212. GIS, remote sensing, land resource, database, 06378. ground based data, aerological information, comparative study, solar radiation flux, Russian Federation, Moscow; 14817. ground reception, ground network, Russian Federation; 08746. ice motion field, ice cover, microwave observation, ice balance, Kalman smoothing, Arctic Ocean; 02089. isopycnal level, Cuba; 02171. monsoon, satellite, precipitation, 04931. NSSDC data listing, 02651. orbital drift, AVHRR, climatology, 10134. plankton dynamics, mesoscale, chlorophyll data, North Sea; 02525. radiation budget, Brazil, Amazon Forest; 02149. radiation transfer equation, scattering source function, extinction cross section, shortwave radiation, two stream algorithm, 05876. radiative forcing, cloud, shortwave radiation budget, earth-atmosphere system, 02148. remote sensing application, review, 11356. remote sensing, monsoon circulation, precipitation assessment, Indian Ocean; 09576. river discharge, discharge variability, plume dispersal pattern, Brazil, Amazon River; Venezuela, Orinoco River; Colombia, Magdalena River; Mexico, Rio Grande; USA, Mississippi River; 01921. sea ice retreat, air temperature, ocean heat storage, Antarctica, Antarctic

- Peninsula; 01570. sea ice, monitoring, snow cover, 06624. sea surface, temperature, wind impact model, 10224. seasonal variability, cloud, radiative forcing, 09798. snow, backscattering, microwave signature, firm, field measurement, Antarctica, Dronning Maud Land; 02851. solar radiation, ocean/atmosphere heat flux, insolation model, Pacific; 04797. Southern Hemisphere, climatology, snow cover, climate index, 14941. standard observation technique, cloud track wind, WMO, 06432. topography, forest, Switzerland; 04982. tropical rainfall, TRMM, rainfall rate, latent heating, halocline distribution, 06434. tropopause height, tropics, cancellation, longwave, shortwave, cloud forcing, 13671. urban planning, vegetation cover, Germany, Heidelberg; 06334. urban, heat island, vegetation index, radiative surface temperature, 02146. volcanic activity, lava dome, pyroclastic flow, natural disaster, Japan, Kyushu, Shimabara Peninsula, Unzenake Volcano; 10185. volume flux, heat inflow, ocean current, interannual variability, Bering Sea, Bering Strait; Chukchi Sea; Laptev Sea; 02757. water, model, assimilation, energy, 08489.
- satellite data validation**
microwave radiometer, brightness temperature, 03661.
- satellite detection**
ice crystal cloud, radiative transfer model, aircraft observation, Arctic; 04702.
- satellite dynamics**
artificial satellite, translational motion, rotational motion, non gravitation perturbation, 11369.
- satellite geodesy**
GPS, geoid height, network adjustment, 03671.
- satellite image**
climate evolution, tributary capture, arid tropics, cuesta relief, Burkina Faso, Mouhoun River; Black Volta; 04068. environmental degradation, drought, anthropogenic impact, desertification, Burkina Faso; 03862. polar low, mesoscale vortex, Arctic; Antarctica; 05904. snow cover, hemispheric monitoring, meteorological satellite, global heat budget, 02583. soil colour, soil spectral property, soil reflectance, Brazil, Bahia, Serra do Ramalho; 04382. tracing, road, 06344.
- satellite image analysis**
ice tongue, ice shelf, surface velocity, grounding line, basalt melting value, bottom freezing, Antarctica, Victoria Land, Terra Nova Bay; 02844.
- satellite image map**
cartographic application, topographic map, geometrical accuracy, interpretability, 11462.
- satellite imagery**
climatology, mesoscale convective complex, Africa; 07285. coastal land cover, classification system, NOAA, Coastwatch Change Analysis Project, National Wetland Inventory, 02579. continental ice, marine ice, lacustrine ice, glaciology, Canada, Arctic Canada; 05333. environmental degradation, desertification, India, Rajasthan, Thar Desert, Aravalli; 11531. flood hydrology, visual interpretation, inundation area, Bangladesh; 11564. geology, cost/benefit, Italy, Sicily, Mount Etna; 10176. GRASS GIS, fire mapping, USA, Wyoming, Yellowstone National Park; 14033. image processing, model development, 10202. ISCCP, albedo, Arctic Ocean; 10230. mapping, biodiversity, Senegal, Sahel; 12803. neural network, edge, linear feature, 12691. photomap, map design, 11461. remote sensing, SPOT, orthomapping, 08736. resolution enhancement, spatial resolution, 10085. sea ice, snow cover, thickness distribution, albedo, Antarctica; 04548. sea level forecast, DEM, sea level change, coastal wetland, USA, South Carolina, Charleston, Fort Moultrie; 10520. smoke, cloud microphysics, albedo, Brazil, Amazonia; 02268. squall line, Africa, Sahel; 04605. supervised classification, image processing, training, 10068. TM, mapping, Czech Republic, Moravia; 06338. water utilisation, India, Cauvery River, Krishnarajasagar; 15206.
- satellite inferred flow**
GEOSAT altimeter, current, Atlantic, (South); 01237.
- satellite infrared**
rainfall, Global Precipitation Climatology Project, algorithm, intercomparison project, 14105.
- satellite laser ranging**
pseudo-short arc network, global reference frame, crustal dynamics, Turkey; 11494.
- satellite map**
land cover map, accuracy, Brazil, Amazon Basin; 15191.
- satellite measurement**
algorithm, retrieval, tracer behaviour, atmospheric motion, 11109. ERB, radiation budget, instrument, 09793. optical thickness, dust, Tadjikistan; 07204. temperature, infrared, land surface, 02449. tower observation, solar flux, parameterisation, surface, net solar radiation, 07172.
- satellite meteorology**
cloud amount, METEOSAT, relative series, global radiation, 08832. VHRR, meteorological application, 13903.
- satellite mission**
upper atmosphere, temperature, trace gas, solar energy input, wind velocity, 01468.
- satellite model**
cloud shadow, retrieval/assimilation, mesoscale analysis, 11235.
- satellite observation**
general circulation model, water vapour distribution, 11165. global budget, energy budget, 08485. global change, anthropogenic impact, dataset, atlas, 07660. global study, research, Earth science, 09016.
- satellite observation angle**
AVHRR, sensor degradation, observed reflectance, 13904.
- satellite orbit**
geopotential model, lumped harmonics, 07431. orbit calculation, geopotential coefficient, artificial satellite motion, gravity model, geopotential perturbation, 11373.
- satellite orbit computation**
geoid representation, Earth gravity model, geoid undulation, gravity model, 07450.
- satellite orbit information**
GPS receivers, relative positioning system, baseline analysis, kinematic GPS, Japan; 01106.
- satellite program**
Earth observation satellite, global change research programme, Japan; 06430.
- satellite radar altimeter**
ERS-1, echo time delay, 13917.
- satellite radar altimetry**
variogram method, kriging, ice sheet, Antarctica, Lambert Gacier; 03839.
- satellite radar interferometry**
ice sheet behavior, ice stream, Antarctica, Rutford Ice Stream; 08931.
- satellite remote sensing**
crop acreage, crop yield, vegetation index, agricultural production, Africa, Sahel; 07584. developing country, technology transfer, 01067. forest damage, deforestation monitoring, urban forestry, Germany; 11521. marine pollution, coastal environment, 01242. sewer network, sewer system design, rainfall/runoff model, 07655.
- satellite retrieval**
objective analysis, effective data density, 01160. surface measurement, cloud property, cloud liquid, albedo, broken cloud regime, Pacific; 05989.
- satellite sensing**
irrigation, drying up, inland sea, silting, Uzbekistan; Aral Sea; Kazakhstan, Aral Sea; 05187.
- satellite sounding**
temperature, moisture, weather prediction, resolution, 00914.
- satellite sounding data**
rural, maximum/minimum temperature, temperature extreme, 02147.
- satellite spectral data**
tallgrass prairie, biosphere/atmosphere exchange, carbon dioxide, exchange flux, 11282.
- satellite surveying**
GPS, seafloor station, laser ranging system, 01110.
- satellite system**
Earth, ballistic parameter, 04834.
- satellite technique**
oceanic precipitation measurement, SSM/I radiometer, rainfall, 11637.
- satellite thermal sensing**
forest, boundary layer sounding, radiosonde, sensible heat flux, AVHRR, France, Aquitaine, Landes; 01166.
- satellite tracking**
altimeter, gravity, geopotential model, 12674.
- satellite vibration**
laser radar, Doppler, 13908.
- satin spar**
evaporite, gypsum, dissolution, groundwater, vein, 07995.
- saturated backfill**
retaining wall, design, seismic analysis, 09022.
- saturated cascade model**
gravity wave spectra, 14917.
- saturated flow**
finite element simulation, domain decomposition technique, flow simulation, computer model, groundwater flow, 07061. fracture flow, clay soil, groundwater flow, 05773.
- saturated hydraulic conductivity**
anionic surfactant, surfactant, hydraulic conductivity, unsaturated diffusivity, diffusivity, USA, Oklahoma; 01898. anisotropy, hydraulic conductivity, soil core surface area, 01791. Guelph permeameter, soil hydraulic property, 04325. hydraulic conductivity, sodium adsorption ratio, electrolyte concentration, 14491. hydraulic conductivity, soil water content, USA; 01792. Marshall saturated hydraulic conductivity equation, hydraulic conductivity, fractals, 12065. porosity, hydraulic conductivity, matric potential, rock porosity, 01837. soil moisture movement, infiltration rate, humid tropics, soil moisture retention, Singapore; 08401. unsaturated hydraulic conductivity, hydraulic conductivity, land use, soil water flow, vadose zone, UK, England; 04500. unsaturated hydraulic conductivity, parameter estimation, soil water flow, hydraulic conductivity, vadose zone, SHE, UK, England, South West; 04499.
- saturated peat**
vibration test, dynamic test, pipe pile, 06506.
- saturated sand**
explosive, compaction, soil, foundation engineering, Russian Federation, St. Petersburg; 14206. sand, shear modulus, deformation, 01583.
- saturated sediment**
deformation, dewatering, fluid expulsion, finite element model, 03014. engineering, soil, porewater pressure, 02877. transport limited, supply limited, river morphology, sediment supply, grain size, 00103.
- saturated soil**
impact loading, dynamic behaviour, 06497. oedometer test, consolidation theory, 13001. oven dry soil, moisture retention curve, soil water retention, 14708. simulation, constitutive model, frost heave, frost susceptibility, 11850.
- saturated/unsaturated flow**
fracture flow, variably saturated flow, groundwater flow, nuclear waste disposal, USA, Nevada, Yucca Mountain; 12296. groundwater flow, subsurface flow, digital elevation data, Richards equation, catchment scale model, USA, Kansas, Manhattan, Konza Prairie; 02043. groundwater hydrograph, groundwater recharge, interflow, loess soil, groundwater flow, Germany, Heidelberg, Elsenz River; 08385. heterogeneous aquifer, groundwater contamination, solute flux, stochastic model, 02074. hydraulic conductivity, moisture retentivity, groundwater contamination, oil shale waste, leachate, landfill, 00769. leachate, revegetation, evapotranspiration, groundwater contamination, landfill, finite element model, 00768. pipe flow, forested slope, hillslope hydrology, macropore flow, Darcy-Weisbach equation, 08395. point source pollution, nitrate, karst aquifer, groundwater contamination, nonpoint source pollution, UK; Australia, South Australia; 11015. Richards equation, two dimensional model, conservative finite difference model, subsurface flow, 08392.
- saturation**
borehole permeameter, matrix flux potential, Richards equation, infiltration, hydraulic conductivity, 09436. category area, colour, GIS, symbol design, 10110. glint, AVHRR, 10054. inelastic flow, granular media, energy dissipation, liquefaction, pore pressure, sand, 09104.

saturation constant

solute transport, solute concentration, soil profile, Michaelis-Menten model, kinetic rate constant, dispersion, 00771.

saturation deficit

energy balance, psychrometer, humidity measurement, Niger; 13463.

saturation excess

infiltration excess, overland flow, spatio/temporal variability, runoff generation, subsurface flow, Switzerland, Haute-Mentue; 13477.

saturation excess runoff

infiltration, extreme event, rainfall/runoff relationship, flood frequency, runoff generation, topographic index, 08344.

saturation hypothesis

streamwater quality, upland catchment, nitrate concentration, moorland, UK, Scotland; 00708.

saturation index

calcite precipitation, calcium carbonate, lake water chemistry, limestone drainage basin, Japan, Honshu, Yamaguchi, Ube-shi, Ono Lake; 00725. ionic composition, acidification, groundwater chemistry, precipitation chemistry, Sweden, Halland; 04525.

saturation overland flow

chemical hydrograph separation, runoff generation, overland flow, flow path, hydrograph separation, USA, Virginia, Reedy Creek; 09603.

saturation potential

forest soil, sulphate adsorption, 04402.

saturation vapour

water vapour, reference dataset, 02121.

saturation variability

numerical model, porous media, solute transport, groundwater flow, vadose zone, finite element method, 00762.

savanna

combustion experiment, combustion aerosol, flaming, smoldering, particle emission, Africa; 10007. Dozier model, fire detection, AVHRR night imagery, Africa; Senegal; Gambia; 07575. humid climate, basin characteristics, basin hydrology, runoff, basin storage, Ivory Coast, Booro-Borotou Basin; 12211. land use change, tropical land, trace gas emission, deforestation, 07707. landscape evolution, river valley, tectonic influence, lake, Mexico, Quintana Roo, Bacalar; Chetumal; 14163. organic matter, humus, termite, miombo, Zaire, Shaba, Luiswishi; 05556. soil, emission, nitric oxide, termite nest, Venezuela, Orinoco Basin; 08688. thermometry, infrared, sensible heat flux, Niger; 12459.

savanna climate

palaeoenvironmental condition, geomorphology, pedological investigation, fluvial form, rainforest, Zaire; 00207.

savanna grass

haze chamber, cloud condensation nuclei, burning, 10008.

savanna landscape

archaeology, global change, Ice Age, fire, 01293.

savanna soil

carbon isotope, organic carbon, organic matter, Congo; 13372. eucalyptus, pine, organic matter, Congo, Pointe-Noire; 09473. ferrallitic soil, humus, carbon-13, rainforest soil, palaeoenvironment, Congo; 09472. forest soil, soil seasonal variation, nitrous oxide, Venezuela; 04368. manure application, soil chemical property, soil physical property, soil fertility, Nigeria, Maiduguri; 04389. nitrate, soil temperature, nitric oxide, soil water content, Venezuela; 04369. nutrient release, grass, legume, decomposition, litter decomposition, Colombia; 08136. soil chemical property, water content, tree influence, microbial activity, Ivory Coast, Lamto; 09523. soil water measurement, tillage, Haplustalf, neutron probe, 05522.

savanna tree

ground radiometer, canopy reflectance, shadow, Africa, (West); 01218.

savanna woodland

NDVI, TM, sampling design, scale, USA, California; 02510.

savannah soil

element concentration, metal retention, trace element, heavy metal, Nigeria; 01771.

Saxifraga oppositifolia

Chernobyl nuclear accident, fallout, saxifrage, caesium-137 fallout, latitudinal distribution, Canada, Northwest Territories, Ellesmere Island; 02602.

saxifrage

caesium-137 fallout, latitudinal distribution, Saxifraga oppositifolia, Chernobyl nuclear accident, fallout, Canada, Northwest Territories, Ellesmere Island; 02602.

Saxton's county surveys

Rudd, J. (1498-1579), cartographer, 07504.

Saxton, C.

Norden, J., Elizabethan map, ideology, mapping, UK, England; 10122.

SBEACH

numerical model, simulation, storm, beach change, 02676.

SBUV/2

total ozone (1989-1993), Northern Hemisphere, ozone, 13818.

scalar

turbulent wake, jet, boundary layer, dissipation rate, 12509.

scalar computer

contaminant transport, transport model, comparative study, supercomputer, computer model, reduced instruction set computer (RISC), 02072.

scalar flux

first order model, diffusion, convective boundary layer, boundary layer, 11155.

scalar transport

Blackman cubics, variable thickness mesh, advection scheme, 00819.

scalar variable

model, data visualisation, 12913.

scale

archaeology, geoscience, geoarchaeology, 05140. archaeology, pedology, soil stratigraphy, 05142. fractal, earth surface, hierarchical classification, geomorphology, 03943. Quaternary geology, landscape, geological process, artifact density, site size, USA, Texas; New Mexico; 05141. resolution, fractal dimension, 03697. savanna woodland, NDVI, TM, sampling design, USA, California; 02510.

scale dependence

dispersion, heterogeneous aquifer, solute transport, contaminant plume, Lagrangian analysis, 07098. heterogeneity, solute transport, Eulerian analysis, contaminant plume, dispersion, 07099.

scale dependent effect

landscape heterogeneity, landscape pattern, hierarchically structured landscape, 01340.

scale effect

archaeology, dendrochronology, provenance, geoscientific perspective, 05139. catchment characteristics, overland flow, interflow, catchment model, runoff estimation, 08325. nugget effect, sampling pattern, geostatistics, hydraulic conductivity, spatial variability, 02060. runoff water quality, streamwater quality, nutrient transport, phosphorus, sediment transport, USA, New Mexico; 07011.

scale problem

GIS, map production, generalisation, 04894. land surface, parameterisation, field experiment, 05918.

scale representative flux

inhomogeneity, energy flux, mapping, 04635.

scale selection

zonal jet, baroclinic instability, persistence, 02215.

scaled chrysophyte

fossil, inference model, palaeolimnology, lake acidification, acidification, USA, Connecticut; 10301.

scaling

atmosphere, multifractal, microwave, turbulence, 06226. energy flux, field experiment, macroscale model, land characteristic, water flux, 00069. energy, invariance, contributing area, drainage basin, cumulative probability distribution, fractal, 11653. hydrological parameterisation, rainfall/runoff relationship, spatial scale, hydrology, Australia, Western Australia; 08323. impact process, morphology, geology, crater, 05210. infiltration, soil hydraulic property, 06833. salt, bacterial corrosion, stone monument, cavity, pollution, 02664. surface hydrology, hydrological models, basin scale, mesoscale, 08329. three dimensional, Rossby number, semigeostrophic approximation, 11195.

scaling law

planetary cratering, impact crater, cratering process, 05211. statistics, turbidite deposition, layer thickness, truncation, power law, 07948.

scaling model

storm duration, rainfall intensity, hyetograph, storm depth, 03203.

scaling problem

GIS, land use data, resolution, data predictability, pattern recognition, 12918.

scaling regime

rainfall time series, Fourier transform, 04712.

scaling technique

drainage, infiltration, Richards equation, Brooks-Corey hydraulic function, unsaturated flow, 02039.

scallop

Placopecten magellanicus, flume, shear velocity, shell morphometry, 00332.

scalping

peat soil, seedling growth, leaching, nutrient availability, burning, 13383.

Scandinavian erratic

moraine, indicator boulder, erratic, Pleistocene, Germany; Poland; 02796.

scanner

image, digitisation, 06125. reflectance, atmospheric correction, size, Israel, Makhtesh Ramon; 12749.

scanner hardware

DTM, digital photogrammetry, 06164.

scanning

GPS, data conversion, quality, data source, accuracy, digitising, photogrammetry, USA; 02383. large scale map, GIS, domain specific knowledge, 12700. vectorisation, cadastral survey, 05029.

scanning Doppler radar

wind profilers, microwave radiometer, snowfall, freezing rain storm, 08837.

scanning electron microprobe

cobalt, copper, mineralogy, manganese oxide, UK, England, Devon; 04341.

scanning lidar

lidar system, aerosol monitoring, rural area, three dimensional, Greece; 10164.

Scanning Multichannel Microwave Radiometer

Nimbus 7 satellite, satellite, passive microwave, sea ice, Arctic Ocean; Southern Ocean; 02831.

scanning radiometry

radiosonde data, Dicke scanning beam radiometer, water vapour content, 08839.

ScARAB

radiative transfer model, ERBE, longwave anisotropic emission, 08850. weather satellite, radiation budget, 08847.

Scarborough Formation

interglacial, Sangamon, cladoceran microfossil, Don Formation, Canada, Ontario, Toronto, Scarborough Bluffs; 11775.

scarification

fertilisation, pine plantation, soil fertility, nutrient availability, vegetation control, Canada, Ontario; 01879.

scarp retreat

uplift, rifting, fission track dating, erosion, Red Sea; Gulf of Suez; 14167.

scarp terrace

terrace degradation, vegetation cover, stone wall terrace, Greece, Naxos; 08248.

scatter

non Gaussian surface, surface, tilt modulation, 15074.

scatter radar

DMSP satellite, E-region plasma density, boundary layer, plasma sheet, morning aurora, 03725.

scattered radiation

high resolution analysis, stratosphere, solar radiation, oxygen, photodissociation rate, direct radiation, 12419.

scattering

absorption, AVHRR, atmosphere, 06222. absorption, glass fibre filter, light

- attenuation, phytoplankton, 06645. Bissonnette, paraxial approximation, 12683. ice sheet, radar, altimetry, surface scattering, volume scattering, 12838. laser beam, forward-scattering spectrometer probe, 02372. lidar, aerosol, optics, extinction coefficient, multiple scattering, 13652. light beam, sea wave, air/sea interface, theory, 00887. ocean optics, Raman scattering, Monte Carlo, 10221. refractive index, aerosol, particle, retrieval, solar extinction, 00837. satellite, offshore, wave, 15214.
- scattering approximation**
asymptotic theory, global absorption, multiple scattering, diffuse radiative property, spherical albedo, 00081.
- scattering coefficient**
aerosol dilution, calibration, halocarbon, nephelometer, 13648. extinction, light extinction, aerosol, visibility, USA, Washington, Mount Rainier National Park; North Cascades National Park; 11315.
- scattering model**
twilight sky, near ultraviolet, visible wavelength, absorption spectroscopy, radiative transfer, 00836.
- scattering regime**
echo ensemble, Monte Carlo, acoustic target, 10245.
- scattering source function**
extinction cross section, shortwave radiation, two stream algorithm, satellite data, radiation transfer equation, 05876.
- scatterometer**
ice, sea ice, ERS-1, Arctic; 15211. radiometer, correlation analysis, Skylab S-193 sensor, 08784. sea ice, ERS-1, Antarctica; 10232. water surface, wind friction velocity, ring wave, 07604. wind velocity data, oceanic upwelling, Atlantic, (Northeast); Mediterranean; North Sea; 03730. wind wave, 03729.
- scatterplot**
raindrop size, sampling variability, particle size, 03201.
- scavenging**
aerosol, water drop, collection efficiency, below cloud scavenging, 04695. below cloud scavenging, review, aerosol, Switzerland, Mount Rigi; 06047. colloidal organic carbon, seawater, organic matter, carbon cycling, trace element, Gulf of Mexico; 08029. mountain slope, below cloud scavenging, ammonia, ammonium, Switzerland; 06045. photoreduction, manganese, seawater, 10616. phytoplankton bloom, colloid, thorium-234, continental shelf, trace metal, USA, New England, Buzzards Bay; 09338. precipitation quality, mass spectrometry, trace element, Canada, Quebec, Montreal Island; 13460. riming, cloud water, enrichment factor, chemical fractionation, aerosol cloud, 08712. sediment chemistry, manganese nodule, REE, Indian Ocean, Central Indian Basin; 13283. snowfield, snow pit, major ions, aerosol, deposition, Switzerland; 03568. water column, seafloor, thorium-234, primary production, North Atlantic Bloom Experiment, Atlantic, (North); 01707.
- scavenging coefficient**
rainout, rainwater quality model, parameterisation, urban environment, 11345.
- scavenging mechanism**
precipitation chemistry, field experiment, Guttalgor, raindrop, 07355.
- scavenging rate**
cycling, uranium-238, decay series nuclide, Arabian Sea; 06404.
- scenario analysis**
global change, climate change, carbon cycling, biofuel, integrated model, 12929.
- scenario modelling**
climate change, ocean circulation, shoreline erosion, environmental hazard, Caribbean Sea; Gulf of Mexico; 01323.
- scenic quality**
comparison scale, visual magnitude, waterfall, 02670.
- Scheidegger, A.E.**
theory, heuristic modelling, geomorphology, 03944.
- schist**
gully, mine waste, waste rock, Australia, Northern Territory, Arnhem Land; Tin Camp Creek; 01906. periglacial climate, climate effect, weathering rate, isovolumetric weathering, USA, Maryland, Baltimore; 07742. Quaternary, glacial history, fault, deglaciation, uplift, Finland, Karelia, Ilomantsi; 09201.
- Schmidt decomposition**
barotropic equation, orthogonormal mode, linearised equation, 11201.
- Schmidt-net**
vector analysis, ice fabric, eigenvalue problem, 06621.
- Schmidt number**
wind speed, tracer, gas transfer experiment, Atlantic, (North), Georges Bank; 08545.
- school location**
decision support system, GIS software, spatial modelling, USA; 07648.
- SCIAMACHY instrument**
calibration, thermal background radiation, 08751.
- Scientific Committee**
publication list, Antarctic research, Antarctica; 07724.
- scientific critical mass**
future, fluvial geomorphology, 02669.
- scientific data**
GIS, Antarctic research, environmental protection, New Zealand; Antarctica; 01068.
- scientific goal**
IGBP core project, hydrological cycle, biosphere-hydrosphere interaction, 05121.
- scientific inquiry**
quantitative procedure, GIS, 15082.
- scientific method**
philosophy, geomorphology, realism, 11642. realism, geomorphology, philosophy, 11641. realism, scientific philosophy, hypothesis testing, geomorphology, 11643.
- scientific philosophy**
hypothesis testing, geomorphology, scientific method, realism, 11643.
- scientific processing**
processing chain, calibration/validation facility, ERS-1, 13914.
- scientific research**
wilderness, world park, mineral exploitation, international cooperation, Antarctica; 11635.
- scientific visualisation**
visualisation software, map design, 11457.
- scintillation**
stratosphere, temperature spectrum, 12732.
- score test**
single hit, Poisson model, limiting dilution assay, 02634.
- Scots pine**
Pinus sylvestris, tephra, pine pollen, dendrochronology, volcanic ash, UK, Northern Ireland, Antrim, Sluggan Bog; Londonderry, Garry Bog; 10505.
- scour**
bar, braided river, bed sediment, bedload transport, morphological change, Canada, Alberta, Sunwapta River; 11883. beach response, channel dynamics, tidal inlet, ebb tidal delta, USA, South Carolina, Little River Inlet; North Carolina, Little River Inlet; 05156. Champlain Sea, catatic wind, dune, iceberg calving, Canada, Quebec, Montreal; 01506. channel fill, architecture, convergence, alluvial channel, braided river, 04236. flow structure, meander pool, channel fill, bank strength, USA, New York, Cattaraugus County, Mansfield Creek; 14150. glacial landform, subglacial erosion, erosion mark, drumlin, horseshoe vortex, 14265. gravel bed river, river bed, particle size, burial depth, 10667. ice block, jokulhlaup, sandur, river channel, glacier, Greenland, Sondre Stromfjord, Russell Glacier; 05352. reservoir, sand body, incision, alluvial deposit, 03012. sediment transport, confluence, sedimentation, channel network, bedload, 04237. stratification, sedimentary structure, lamination, braided river, sedimentation, Bangladesh, Brahmaputra River; 04171. turbidite, bedform, channel fill, continental slope, Greece, Gulf of Corinth; 13193. wave, soil response, porous seabed, short crested wave, 02678.
- scour and fill**
bedform, sand, silt, lamination, China, Yellow River; 14338. drainage network, sediment yield, snowmelt, runoff, semiarid environment, USA, Colorado, Alkali Creek; 14320. facies analysis, confluence, bedform, sedimentary structure, India, Brahmaputra River; 14402.
- scour feature**
cosmogenic helium-3, neon-21, flood, boulder, USA, Idaho, Snake River Plain, Big Lost River; 10472.
- scour hole**
fish, erosion, channel, habitat rehabilitation, incised channel, planting, 11989. meander, bank erosion, channel, 06728.
- scour pool**
slope threshold, geomorphological effect, flood, fluvial fan, fanhead trench, Australia, New South Wales, Sydney; 10371.
- scouring**
suspension, glacier, diamicton, iceberg rafting, Greenland, Scoresby Sund; 07976.
- scrap**
burning, emission, chemical analysis, tyres, mutagenicity, 12648.
- screen display**
CRT monitor, map design, 11456.
- screening approach**
contaminant, exposure pathway, superfund site, risk assessment, USA; 07670.
- screening sequential algorithm**
algorithm, simulation, random function, large lattice, 00066.
- screening tool**
free product recovery, depression cone, groundwater pollution, oil spill, 02595.
- scroll bar**
floodplain topography, Morien Group, Silesian, meander, Canada, Nova Scotia; 14334.
- scrub woodland**
terra rossa, cattle, phosphorus, grazing, Israel; 10809.
- scrubbing coil**
peroxide, collection device, comparison, diffusion scrubber, 08676.
- SCUAF model**
maize, agroforestry, carbon, nitrogen, miombo, Zimbabwe; 08211.
- scubland**
forest, streamflow generation, bushfire, runoff, South Africa; 09746.
- scum formation**
actinomycetes, activated sludge process, surface water quality, floc forming organism, 13518.
- SDTS**
data transfer, standard, 06178.
- SEM**
nitrogen dioxide, water, dissolution, reaction kinetics, 08680. optical scintillation, rain gauge, shipboard measurement, 13650. TM, sun glitter, Italy, Naples; 10225. wind stress vector, swell, wave direction, 03500.
- sea-air flux**
carbonyl sulphide, estuarine water, coastal environment, sediment, Atlantic, (North); 05722.
- sea/air exchange**
surface water, mineral aerosol, deposition, Pacific; 02354.
- sea-atmosphere interface**
momentum transfer, wavelet, wind/wave tunnel, model, heat transfer, 03499.
- sea bed erosion**
resuspension, suspended sediment, grain size, diatom, Atlantic, English Channel, Dover Strait; 11966.
- sea bottom**
cementation, Holocene, calcium carbonate, geotechnical property, dredging, Netherlands; 02878. current, Pliocene, Pleistocene, traction structure, Loop Current, Gulf of Mexico, Ewing Bank; Garden Banks; 02876. equilibrium profile, beach profile, Dean's function, grain size, beach change, Bulgaria, Black Sea, Gold Beach; Baltic Sea, Polish coast, Lubiatowo; 00398. SPOT, coastal bathymetry, France, Arcachon Bay; 10218.
- sea breeze**
boundary layer structure, heat budget, Japan, Sendai; 04639. boundary layer, heat budget, thermal effect, 13729. coastal zone, boundary layer, field measurement, Greece, Athens; 11222. complex terrain, coastal topography,

- offshore topography, topography, Greece, Attica; 09907. forecast, wind forecasting, yacht racing, Pan American Games, Cuba, Havana; 02308. gravity inertial wave, wave characteristics, observation, Netherlands; 05964. India, Kharagpur; 13677. mesoscale model, atmospheric flow, Greece, Athens; 11135. mesoscale modelling, complex terrain, Greece, Athens; 11218. mesoscale modelling, Greece, Athens; 11217. meteorological parameter, coastal zone, sea/land flow, India, Madras, Kalpakkam; 03516. mixed layer, heat, advection, entrainment, 14861. mountain, tethered balloon, boundary layer, acoustic sounder, Greece, Athens, Hymettos Mountain; 1127. numerical study, cutoff vortex, inland penetration, gravity wave, nocturnal sea breeze, 00986. ozone, layers aloft, lidar, USA, California; 03627. photochemical oxidant, spatial/temporal model, summer, ozone distribution, Italy, Ravenna; 01034. photochemical smog, pollution abatement, model intercomparison, Greece, Athens; 11349. pollution episode, nonhydrostatic model, mesoscale model, Greece, Athens; 11215. topography, synoptic conditions, mesoscale model, Greece, Attiki; 11216. upslope flow, mesoscale model, hailstorm, orography, 08585. vertical, heat flux, thermal inhomogeneity, boundary layer, mesoscale flow, 02256.
- sea breeze circulation**
trajectory, photochemical oxidant, Adriatic Sea; 06101.
- sea breeze front**
aerosol, tropical coastal station, optical depth, 02237. surface layer, turbulence, Japan, Shikoku Island, Kochi Plain; 03515.
- sea cave**
geomorphology, Holocene, sea level, coast, India, Andhra Pradesh, Visakhapatnam Coast; 06608. temperature measurement, amino acid geochronology, uranium series dating, sea level, Pleistocene (late), UK, Channel Islands, Jersey; Wales; 07909.
- sea colour discontinuity**
plume front, airborne remote sensing, river discharge, coastal water, Netherlands; 11554.
- sea current**
hydrological structure, circulation, Black Sea; 12822.
- sea defence**
coast, environmental impact, Caspian Sea; 02660. sea level, coastal zone, planning, management, UK; 05157.
- sea echo model**
sea spectrum, radar, 12816.
- sea ice**
acoustic pulse, water column oceanography, Greenland Sea; 03844. airflow, boundary layer, water, ice, Arctic, Fram Strait; 14882. albedo, snow thickness, climate variability, variation mechanism, 01318. atmospheric circulation, circulation anomaly, Icelandic Low, Aleutian Low, Arctic; 04653. atmospheric forcing, cloud cover, interannual variability, snowmelt, Arctic Ocean; 02744. AVHRR data, temperature, surface temperature, Arctic; 12467. AVHRR, ice thickness, albedo, Arctic; 03817. biomass, organic matter, productivity, seasonal change, mineralization, Antarctica, South Orkney Islands, Signy Island, Factory Cove; 05396. bottom sediment, continental shelf, ice rafting, sediment load, USA, Alaska; Arctic Ocean; 01585. compressive stress, keel, topography, deformed sea ice, Arctic Ocean; 02837. convective overturn, ice/ocean coupling, Greenland Sea; 09728. cryosphere, polar atmosphere, ERS, marine observation satellite, 08929. electrical property, ice, microstructure, marine ice, meteoric ice, 13825. ERS-1 SAR, ice concentration analysis, global climate modelling, Arctic; 07622. ERS-1, scatterometer, Antarctica; 10232. ERS-1, scatterometer, ice, Arctic; 15211. failure strength, notch sensitivity, Canada, Northwest Territories, Resolute; 01566. foraminifera, bottom water, calcite compensation depth, dissolution, Barents Sea; 10605. general circulation model, cyclone behaviour, Southern Hemisphere, 07247. global climate monitoring, ERS-1 radar altimeter, global sea ice cover, 14081. global warming, climate change, temperature, snow cover, Arctic; 14945. ice drift, geocoding, AVHRR, Canada, Newfoundland; 03819. ice floe, wave, floe size, 13615. ice growth, ice thickness, analytical model, 02085. ice mapping, thermal infrared, radiometry, 15212. ice mechanics, strength, salinity, confining pressure, pressuremeter test, 13130. ice regime, classification system, Ukraine, Azov Sea; 11048. ice service, cryosphere, 09851. ice thermodynamics, molecular conductive-diffusive model, multilayer turbulent model, melting ice, 02086. ice thickness, brightness temperature, microwave emission, 01248. ice thickness, microwave, radiometry, remote sensing, South China Sea; East China Sea; Yellow Sea; 06321. ice volume, zonal atmospheric circulation, severity index (1879-1992), Baltic Sea; 11260. ice, climatology, 12840. isotopic composition, oxygen isotope, crystal structure, ice formation, Antarctica, Ross Sea; Amundsen Sea; Antarctica, Bellingshausen Sea; 13616. Kirchhoff theory, 03821. leads, polynyas, ice edge, SAR, 14084. light penetration, interglacial sediment, carbonate, opal, productivity, Arctic Ocean, Fram Strait; 02969. mapping, AVHRR, ice, Antarctica; 02539. model, thermally induced stress, temperature induced strain, viscoelastic response, 02832. monitoring, snow cover, satellite data, 06624. passive microwave, Weddell Sea; 10233. passive, microwave, Canada, Hudson Bay; 06319. phytoplankton, ice cover, sedimentation, spring bloom, primary production, Barents Sea; 03018. principal components analysis, SMMR, microwave imager, 03814. radar data, ice volume transport, sonar measurement, drift data, 01564. remote sensing, ice floe, underside roughness, air/ice drag coefficient, surface roughness, Weddell Sea; Antarctica; 04549. SAR, ice type, 01246. Scanning Multichannel Microwave Radiometer, Nimbus 7 satellite, satellite, passive microwave, Arctic Ocean; Southern Ocean; 02831. shelf ice, image analysis, coastal polynya, passive microwave data, polynya, Antarctica; 02853. snow cover, thickness distribution, albedo, satellite imagery, Antarctica; 04548. snow, angular reflectance, saline ice, USA, New Hampshire, Hanover; 06320. snow, physical property, seasonal variability, dielectric property, SIMS '90 experiment, Canada, Arctic Canada, Resolute Passage; 13137. Southern Oscillation index, El Nino, Antarctica; 13734. structural characteristics, congelation, platelet ice, Antarctica, Ross Ice Shelf, McMurdo Sound; 06640. temperature, warming, Arctic; Antarctica; 02323. ultraviolet, light transmission, Antarctica; 12835.
- sea ice-climate system**
review, modelling, observation, Arctic Ocean; 09865.
- sea ice cover**
ERS-1 scatterometer imaging, C-band microwave image, SAR, Antarctica;
14083. ice canopy, seasonal source, continental shelf, methane, Beaufort Sea; 08661. salinity anomaly, ice/ocean model, Greenland Sea; Norwegian Sea; 05948. SAR, multiyear ice signature, Beaufort Sea; 14085. SSM/I algorithm, ice concentration, passive microwave imagery, Weddell Sea; 02852. temporal variation, cloud fraction, simulation, 09922.
- sea ice edge**
ERS-1, microwave sounding radiometer, tropospheric data, water vapour, 13911.
- sea ice energy balance**
microwave scattering cross section, SAR, albedo, 11556.
- sea ice extent**
Eucampia antarctica, ODP Leg 119a, Pleistocene (late), obliquity, Earth Milankovitch, Southern Ocean, Kerguelen Plateau; 06563.
- sea ice lead**
atmospheric condition, Arctic heat budget, Landsat data, measurement scale, lead detection, Arctic Ocean; 02839.
- sea ice model**
ice edge, advection algorithm, particle-in-cell, 07249. ice, momentum forcing, roughness length, Southern Ocean; 08553.
- sea ice pack**
AVHRR, ice type, surface temperature, Arctic; 14082.
- sea ice retreat**
air temperature, ocean heat storage, satellite data, Antarctica, Antarctic Peninsula; 01570.
- sea ice rheology**
AVHRR imagery, ice motion, lead pattern, wind forcing, Beaufort Sea; 02838.
- sea ice variability**
ice coverage, model sensitivity, Arctic; 09874.
- sea-ice motion**
heat balance, AVHRR, snow, ice, polar region, ice surface temperature, 03828.
- sea/land breeze**
complex coastal heating, large scale wind, USA, Florida; 02238. shoreline-following, horizontal coordinates, mesoscale model, 02236.
- sea/land flow**
sea breeze, meteorological parameter, coastal zone, India, Madras, Kalpakkam; 03516.
- sea level**
accretion, caesium, vertical accretion, microtidal, estuarine marsh, USA, North Carolina; 05155. aerosol, trajectory, elemental carbon, soot, Norwegian Sea; Greenland Sea; 07372. anastomosing river, aggradation, subsoil, Holocene, meandering river, Netherlands, Rhine-Meuse Delta; 02978. atoll, sedimentation, Tertiary, carbonate bank, Indian Ocean, Maldives; 04184. Barrier Reef, Pliocene/Pleistocene, continental margin, carbonate, siliciclastic sediment, Coral Sea, Great Barrier Reef; 10457. basin development, diagenesis, permeability, porosity, sequence stratigraphy, 13195. bathymetric data, tectonic subsidence, submerged marine terrace, geomorphology, continental shelf, Italy, Sorrento Peninsula; 05324. beach erosion, sea wall, fauna, beach protection, remediation measure, India, Kerala, Narakkal; Munambam; 05490. beach process, coastal erosion, earthquake, tectonics, cliff erosion, USA, Oregon; 02679. borehole, coastal plain, continental shelf, continental slope, eustasy, USA, New Jersey; Atlantic, (North); 01533. bottom current, reduction, pyrite, Miocene, sulphur, Monterey Formation, USA, California; 05404. Cainozoic (late), geodynamics, flexural deformation, passive margin, epeirogeny, USA, (East); 14171. carbonate bank, Pliocene, sedimentation rate, photic zone, Australia, Queensland Continental Margin; 09353. carbonate, Calcare Rosso, Ladinian, karst, tepee, Italy, Southern Alps; 14352. carbonate, drowned platform, atoll, reef formation, Indian Ocean, Maldivian Archipelago, Felidu Atoll; North Male Atoll; 14428. clay mineral, Pungo River Formation, Miocene, silica, diagenesis, USA, North Carolina; 13229. climate change, foraminifera, carbonate platform, palaeotemperature, Miocene, Oligocene, Coral Sea, Great Barrier Reef; 09354. climate history, radiocarbon dating, chronostratigraphy, tidal wetland, Holocene, USA, Delaware, Delaware, Wolfe Glade; 00260. climate oscillation, temperature, salinity, freshwater input, sapropel formation, Mediterranean Sea; 01475. coast, sea cave, geomorphology, Holocene, India, Andhra Pradesh, Visakhapatnam Coast; 06608. coastal zone, planning, management, sea defence, UK; 05157. continental shelf, drowned karst, submerged cave, climate change, coastal geomorphology, Italy, Sardinia, Golfo di Orsei; 05321. continental slope, submarine canyon, basin fill, subsidence, 13277. coral reef, fringing reef, geomorphological development, Japan, Ryukyu Arc, Yoron Island; 14159. coral reef, radiochemical dating, tectonics, stratigraphy, Red Sea; 04115. Cretaceous, black shale, Tamba Formation, reef, platform, Mexico, Queretaro, El Lobo; 03000. Cretaceous, shelf sedimentation, epeiric seaway, storm, sedimentary structure, 10600. crustal movement, subsidence, uplift, Holocene, UK, England, Kent; Teesside; UK, England, Northumberland; 05197. cyclic sedimentation, evaporite, marl, organic matter, productivity, France, Alsace, Mulhouse; 05459. cyclone, forecast, nested grid model, global spectral model, National Meteorological Center, 04733. damage estimate, global warming, coastal zone, economic damage, Korea; 05061. deep sea fan, submarine morphology, diapirism, delta, continental slope, Nigeria, Niger Delta; Calabar Valley; Nigeria, Gulf of Guinea; 05441. delta, discharge, estuary, suspension, Canada, British Columbia, Fraser River Delta; 11896. delta, mineralogic evidence, continental shelf, Egypt, Nile Delta, Sebennitic Promontory; 11845. Devensian, Main Lateglacial Shoreline, Main Post-glacial Shoreline, radiocarbon dating, Holocene, UK, Scotland, Anisail, Rumach; 09213. diagenesis, beach, eustasy, Pleistocene, Bermuda, Whalebone Bay; 01624. diagenesis, carbonate platform, cementation, Miocene, Australia, Queensland Continental Margin, Marion Plateau; 09357. dolomite, tidal flat, Ordovician, Platin Group, depositional environment, limestone, USA, Missouri; 13198. erosion cycle, planation surface, peneplain, Australia; 07778. ERS, GPS, altimeter, 14044. eustasy, shoreline displacement, climate change, Sweden, Lake Malar; 13122. eustasy, transgression, uplift, chronology, marine terrace, USA, Hawaii, Hawaiian Islands; 14294. forecast, meteorological data, statistical method, Caspian Sea; 12475. Gaselle Formation, Devonian, sandstone, accretionary prism, subduction, USA, California, Klamath Mountains; 13279. Geosat, altimeter, Indian Ocean; 15216. glacial lake development, marine inundation, deglaciation, rhythmite,

isostatic rebound, Canada, Newfoundland, Deer Lake; 07808. glacial rebound, model, ice sheet model, mantle viscosity, UK; 07888. glaciostasy, raised beach, climate change, deglaciation, Norway, Varanger Peninsula; 01536. global warming, coastal management, dune, France, Golfe du Lion; Mediterranean Sea, Golfe du Lion; 03972. GPS kinematic positioning, altimeter calibration, wave spectra, USA, California, Point Conception; 01113. grain flow, slide scar, turbidity current, diagenesis, carbonate platform, Bahamas, Tongue of the Ocean; 14422. gravel barrier, provenance, washover, raised beach, UK, Northern Ireland, County Antrim, Rathlin Island, Church Bay; 11662. greenhouse gas, flooded soil, methane sink, nitrate pollution, 10327. herpetofauna, reptile, glacial period, palaeogeography, Japan, Ryukyu Archipelago, Senkaku Group; 02785. highstand, Last Interglacial, oxygen isotope substage 5e, Waimanalo Formation, Leahi Formation, USA, Hawaii, Oahu; 07916. Holocene, coastal peat, pollen, diatom, foraminifera, Spain, Galicia, Coruna, Ria de Ares; 07902. Holocene, diatom, coastal deposit, palaeotide, salinity, Netherlands, Poortvliet; 05431. Holocene, eustasy, isostasy, pollen, diatom, Canada, Nova Scotia, Cape Breton Island; 04113. Holocene, Quaternary, engineering geology, Netherlands; 11755. Holocene, sediment load, longshore drift, turbidite, sedimentation, Gulf of Mexico, Mississippi Fan; 01614. Holocene, thermokarst, coastal plain, dune development, Canada, Northwest Territories, Tuktoyaktuk Peninsula; 06738. ice foot, berm, subarctic, emerging coastline, foredune development, sediment supply, Canada, Hudson Bay; 11659. interglacial shoreline, TL dating, Last Interglacial, Australia, New South Wales; 06611. interglacial, tidal deposit, Oxygen Isotope Stage 7, foraminiferal assemblage, Eemian, France, Seine River, Tancarville; 01461. karst aquifer, coastal aquifer, seawater intrusion, karst spring, Mediterranean; 00748. land snail fauna, Quaternary, AMS dating, radiocarbon dating, fossil land snail, Spain, Madeira; 01490. Landsat, ice breakup, ice shelf, glacier, climate change, Antarctica, Wordie Ice Shelf; 07258. last glacial, uranium series dating, speleothem, Bahamas; 09211. Last Interglacial, interglacial, Holocene, Strombus bubonius, tectonic activity, Mediterranean; 00205. marine geodesy, global change, satellite altimetry, 07428. mass movement, marine clay, slope failure, Holocene, Japan, Tokyo Bay; 11764. Milankovitch, feedback mechanism, volcanism, eruption, climate-volcanism interaction, Indonesia, Sumatra, Toba; 06556. Milankovitch, Western Interior Seaway, Cretaceous, Mancos Shale, USA, Utah; 14348. ocean circulation, barometric pressure, pressure loading, model, 03505. ocean current system, coastal upwelling, climate fluctuation, global change, 00249. Older Dryas, geomorphology, glacier research, solifluction zone, Allerød, Iceland, Tollaskagi, Svarfardalur-Skioldur; 07780. oxygen isotope curve, Quaternary, carbon cycling, palaeoceanography, Pacific; Sea of Japan; 14224. oxygen isotope stage 7, TL dating, estuarine deposit, Quaternary, marine terrace, USA, California; 00252. palaeoenvironmental interpretation, Holocene, coastal sequence, aeolian dune, Spain, Cantabria; 02761. Palaeogene, magnetostratigraphy, sequence stratigraphy, disconformity, USA, Alabama, Bay Minette; 00403. Permian, diagenesis, porosity, sedimentary cycle, Kapp Duner Formation, Palaeoaplysina, Barents Sea, Bjornoya; 13206. Pleistocene (late), sea cave, temperature measurement, amino acid geochronology, uranium series dating, UK, Channel Islands, Jersey, Wales; 07909. Pleistocene, continental shelf, transgression, sedimentation rate, terrigenous sediment, Australia, Queensland Continental Margin, Site 820; 09348. Pleistocene, sequence architecture, cyclothem, orbital forcing, facies analysis, New Zealand, North Island, South Wanganui Basin; 13127. pressure (50 degrees north), atmospheric forcing, zonal gradient, winter, Pacific; 11160. pressure variability, spectral analysis, Southern Hemisphere, 00856. Quaternary, terrace, coastal barrier, lagoon, delta, Brazil, Santa Catarina State, Santo Antonio Lagoon; 06604. Quaternary, uplift, Coral Rock Formation, cementation, reef carbonate, West Indies, Barbados; 14350. reef, diagenesis, groundwater, accumulation rate, calcium carbonate, 06681. regional tectonics, continental slope, fluvial sedimentation, gravity current, Holocene, Indian Ocean; 00184. rhythmic bedding, Milankovitch, periodicity, Cretaceous, orbital forcing, Atlantic; France; 02900. salt marsh geomorphology, intertidal geomorphology, storm event, creek, UK, England, Essex, Blackwater Estuary, Norfolk; 00125. salt marsh, sediment supply, tidal regime, climate, UK; 00124. seasonal trend, Fourier spectral analysis, lunar perigee, pole tide, sunspot cycle, Canada, Gulf of St. Lawrence; Atlantic Coast; 02818. sediment supply, reworking, morphostratigraphy, barrier, transgression, Canada, Nova Scotia; 02981. sediment supply, sequence stratigraphy, Holocene, shoreline, delta, USA, Mississippi Delta Plain; 02975. segregating ice, coastal plain, pingo ice, underground water, Svalbard, Spitsbergen, Adventdalen; 07932. sequence stratigraphy, continental shelf, aggradation, headward erosion, incision, 14441. sequence stratigraphy, flooding, climate perturbation, sedimentation, Coral Sea, Great Barrier Reef; 10453. shelf break, sediment input, submarine canyon, continental slope, Miocene, USA, New Jersey Continental Slope; 09272. shelf margin, slump block, hydrocarbon, submarine slide, seismic profile, Gulf of Mexico; 01715. siliciclastic facies, karst, sequence stratigraphy, carbonate platform, 14424. stratigraphy, Holocene, intertidal deposit, Chile, Isla Chiloe; 13117. subsidence, carbonate sedimentation, dolomitization, carbonate platform, Cainozoic, Australia, Queensland Continental Margin; 09358. tectonic stability, shore platform, Last Interglacial, New Zealand, South Island, Banks Peninsula; 09223. tectonic uplift, Quaternary, climate variability, eustasy, Egypt, Red Sea Coast; 14293. terrestrial deposit, Quaternary, continental shelf, Pacific, Hecate Strait; Canada, British Columbia; 13116. Tertiary, Pleistocene, TL dating, coastal platform, ramp, Australia, New South Wales; 09219. tidal channel, estuary, sediment accretion, salt marsh, UK, Wales, Cardigan Bay, Dyfi Estuary; 07973. tidal flat, cyclic sedimentation, Cape Pillsbury Member, Palaeocene, mudstone, 14412. tide gauge, GPS, ice cap, Greenland; 02538. tide gauge, monitoring, mean sea level, GPS technique, UK; 05319. tide gauge, subsidence rate, Pleistocene (late), coastal subsidence, USA, Texas; 00256. tide, mean sea level, time series, Baltic Sea; North Sea, German Bight; 02823. transgression, coral reef, palaeontology, beach, Holocene, India, Maharashtra, Ratnagiri District; 04267. transgression, littoral barrier, coastal plain, Holocene, tidal flat, Argentina, Buenos Aires; 02982. transgression, river mouth, estuary, Holocene, continental shelf, China, Zhejiang Province, Oujiang River Estuary; 02972. transgression, subsidence, eustasy, regression, sediment supply, 00399. Triassic, Latemar buildup, grainstone, carbonate, slope facies, breccia, Italy; 14426. Tyrrhenian deposit, Strombus, submerged

thanatocoenosis, Italy, Promontorio Circeo; 05325. uranium series dating, coral record, uplift, Waimanalo Limestone, Last Interglacial, USA, Hawaii, Oahu; 13128. uranium series dating, coral, summer insolation, glacial/interglacial cycle, thorium-230 age, Barbados; 09212. uranium series dating, Last Interglacial, mass spectrometry, coral reef, Australia, Western Australia, Houtman Abrolhos Islands; 01463. vertical datum, levelling network, Slovenia; 13938. viscoelastic mantle, rheology, density anomaly, geoid, rotation, 04111. water table variation, karstic evolution, continental shelf, eustasy, limestone facies, France, Gironde, Entre-deux-Mers; 07824. wave cut platform, drowned shoreline, marine reserve, subaqueous geomorphology, biocenoses, Italy, Sardinia; 05320. wind field, Geosat, equatorial wave model, Pacific; 11544. Younger Dryas, dune initiation, marine transgression, TL dating, coastal dune, Australia, Queensland, Cape York; 04116. Younger Dryas, Landsat TM imagery, tropical region, coastal environment, submerged shoreline, beach rock, Brazil, Rio Grande do Norte, Natal; 06603.

sea level change

aboriginal land use, coastal wetland, Holocene, vegetation, Australia, New South Wales, Kurnell Peninsula, Kurnell Fen; 09218. aeolian dust, Red and Yellow Soil Group, marine regression, oxygen isotopic ratio, aridity, Japan, Nansai Syoto; 05305. agriculture, land use, climate change, warming, UK; 06008. allomember, Exxon sequence stratigraphy, Cretaceous, regression, Canada, Alberta, Red Deer Valley, Drumheller; 11909. amino acid racemisation, Holocene, stratigraphy, carbonate island, aeolian activity, Bahamas, San Salvador Island; 00122. archaeological site, palaeogeography, Holocene, Aegean Sea; 09216. arenite, tidal flat deposit, unconformity, shoreline, Triassic (Lower), France, Alpes-de-Haute-Provence, Barles; 08051. beach deposit, barrier, transgression, Holocene, gravel, sand, New Zealand, South Island, Canterbury, Ashley River; Kowai River; 06746. biostratigraphy, facies association, pelagic deposit, carbonate platform, Jurassic, Italy, Calabria, Sila Mountains; Umbria-Marche Apennines; 06760. biostratigraphy, Pleistocene, sequence boundary, ODP core 625B, sediment influx, Gulf of Mexico; 00178. Cainozoic, tectonics, plate boundary, Sagara Group, Kakegawa Group, Japan, Honshu, Kakegawa; 11969. carbon dioxide, greenhouse effect, ocean/atmosphere GCM experiment, 12549. carbonate platform, porosity, diagenesis, Milankovitch, laminite, 13197. coast, Quaternary (late), aridity, Little Ice Age, littoral sediment budget, India; 00271. coastal management, Holocene, sea level rise, coastal inundation, UK; 03969. coastal plain, transgression, Quaternary, Coral Sea, Great Barrier Reef; 11965. coastal sediment, radiocarbon dating, bottom deposit, Caspian Sea; 10521. coastal uplift, marine limit, radiocarbon date, Holocene, Japan, Honshu, Izu Peninsula; 01540. coastal wetland, satellite imagery, sea level forecast, DEM, USA, South Carolina, Charleston, Fort Moultrie; 10520. continental margin, slope failure, basin fill, Quaternary, turbidity current, abyssal plain, Atlantic, Madeira Abyssal Plain, Canary Basin; 14421. Cretaceous, anoxic event, carbonate, storm deposition, turbidite, Germany, Saxony; 11916. crustal deformation, coastal zone, vertical movement, China; 06491. delta, lobate form, tectonic effect, denudational cycle, Turkey, Yesilirmak Delta; 10369. delta, retrogressive aggradation, fluvial/estuarine system, postglacial, China; Australia; 11848. depositional pattern, Quaternary, deposition sequence, continental shelf, interglacial highstand, USA, North Carolina, Dare County; 00261. distribution pattern, Quaternary, dinoflagellate cyst, continental shelf, Australia; 05285. dolomitization, cementation, diagenesis, Yates Formation, Permian, USA, Texas, Guadalupe Mountains; 14363. earthquake, radiocarbon dating, uplift, marine terrace, Holocene, Japan, Honshu, Noto Peninsula, Hiogawa Lowland; 01539. emergence, raised marine shoreline, isostatic uplift rate, Holocene, deglaciation, Antarctica, Budd Coast, Windmill Islands; 01544. estuarine deposit, microfossil analysis, radiocarbon dating, depositional sequence, Holocene, UK, Scotland, Forth Valley; 01534. geomorphology, tidal flat, Holocene, mangrove, zonation, Micronesia, Pohnpei Island; Philippines, Pagbilao; 00397. glaciation model, seismic stratigraphy, continental shelf, seafloor topography, Canada, Nova Scotia; 11840. GPS, marine terrace, altimeter satellite, eustasy, global assessment, 02815. grain size parameter, beach ridge, wave energy, isostatic rebound, kurtosis, Denmark; 04114. greenhouse gas, global temperature rise, geological record, 02814. Holocene, differential submergence, sediment loading, Santee Delta, hypsithermal highstand, USA, South Carolina, Murrells Inlet; 00262. Holocene, submarine terrace, continental shelf, India; 11846. intertidal peat, freshwater marsh, peat, Holocene, shoreline evolution, Ireland; 11843. IPCC deforestation scenario, climate change, forestry, 08972. isotopic curve, uplift, raised shoreline, vertical movement, Italy, Calabria; 06606. lake stratigraphy, swamp, stratigraphic record, Holocene, vegetation, Cook Islands, Mangaia; 10522. Loch Lomond Readvance, glaciomarine, deltaic deposition, ice margin tectonics, Gilbert type delta, UK, Scotland, Mull, Loch Don; 07890. maximum entropy spectrum, luni/solar signal, fish catch, wine harvest, Europe; 04753. oceanic island, island environment, coral island, 11584. oxygen isotope stage 6, calcareous plankton, productivity, hemipelagic sediment, accumulation rate, Quaternary, South China Sea; 06609. palaeoenvironment, diatom, Holocene, sedimentary environment, coastal deposit, Netherlands, North Holland; 14289. palaeomagnetic analysis, environmental control, slope sediment, Coral Sea, Great Barrier Reef; 10455. physiographic map, ria, bottom topography, sediment distribution, Spain, Arosa Ria; 14155. Pleistocene, magnetostratigraphy, lithostratigraphy, tephratigraphy, New Zealand, North Island, Wanganui Basin; 09222. Pleistocene, transgression, Pacific, Taiwan Strait; 11847. Pliocene/Pleistocene, deep sea fan, fanlobe, Mediterranean, Valencia Trough; 11844. public response, greenhouse effect, climate change, socioeconomic impact, Gulf of Mexico; Caribbean Sea; 01290. Quaternary, continental shelf, sediment influx, vibrocore data, USA, Maine, Gulf of Maine; 00259. Quaternary, geodynamics, littoral deposit, Spain, Murcia; Alicante; 14292. Quaternary, Holocene, late glacial, ice flow, field guide, UK, Scotland, Shetland; 09172. radiocarbon age, tectonic uplift, Holocene, Canada, British Columbia, Vancouver Island; 04112. sediment budget, coastal process, historical trend, remote sensing, shoreline movement, USA, North Carolina, Outer Banks; 00121. sediment supply, turbidite, tempestite, Milankovitch cycle, 01613. sedimentation, continental shelf, continental slope, seabed, Quaternary, France, Riviera, Antibes; 00182. shoreline change, vulnerability index, land loss, land movement, Gulf of Mexico; Caribbean Sea; 01366. shoreline, Holocene, neotectonics, littoral spit, marine transgression, Persian

- Gulf; United Arab Emirates, Umm Al-Qowayn Lagoon; 06607. stable isotope record, glacial change, polar ice sheet, Quaternary, Antarctica; 02828. submarine canyon, Miocene, canyon fill, Gabon; 11968. submarine cave, marine terrace, cave, drowned karst, Italy, Campania, Surrentine Peninsula; 05326. Tapes transgression, diatom analysis, stratigraphy, raised coastal basin, postglacial, Norway, Troms, Vanna; Lyngen; 09214. tectonic effect, emergent reef, notch, geophysical prediction, Pacific, Mariana Islands, Guam; Rota; 04118. tectonics, Pleistocene/Holocene boundary, continental deposit, archaeological data, karst, Italy, Trieste; 02825. tectonics, terrace, wave cut notch, Quaternary (late), coastal instability, India, Saurashtra; 00270. temperature, climate change, marine environment, Caribbean Sea; 06550. tidal constant change, coast, secular trend, Australia, Western Australia; 06610. tide gauge record, 07907. transport path, grain size, barrier island, tidal current, North Sea, Netherlands Coast; German Coast; 05440. vertical movement, crustal movement, 12761. water load, prediction, hydroisostasy, postglacial rebound, 02813.
- sea level control**
freshwater marsh, sea level rise, hurricane, wetland stability, USA, Florida, Everglades; 11842.
- sea level curve**
karst, radiocarbon dating, speleothem, drowned karst, stalagmite, Italy, Tyrrhenian Region; 05257. meltwater discharge, coral, radiocarbon age, submerged strandline, USA, Massachusetts; Maine, Gulf of Maine; 01531.
- sea level data**
glacial rebound, postglacial rebound, power law medium, axial symmetry, transition zone, 02812. salt marsh peat, seismic activity, radiocarbon date, neotectonic history, USA, Maine; 01392.
- sea level estimates**
orbit error, altimeter height measurements, 03678.
- sea level fall**
diagenesis, computer code, carbonate platform, fluid flow, dolomitization, 08074. storm, Holocene, beach ridge, progradational regime, longshore transport, Pacific, (North); Chukchi Sea; 01363.
- sea level fluctuation**
archaeology, climate change, Holocene, South Africa, Cape Province, Tortoise Cave; 07912. basal drag, lithosphere, intraplate deformation, lateral variation, 02693. coastal dune/field, U-Th chronology, TL chronology, dune field accretion, Australia, Northern Territory, Gulf of Carpentaria, Groote Eylandt; 04117. sedimentary record, ocean deepening, Quaternary (late), sediment core, seamount, Guinea; Atlantic; 02754. sedimentation, neotectonics, marshland, regional deformation, Iraq, Mesopotamia, Ahwar; Iran, Mesopotamia, Ahwar; 05203. wetland ecosystem, eutrophication, anthropogenic impact, Iran, Caspian Sea, Anzali Lagoon; 09629.
- sea level forecast**
DEM, sea level change, coastal wetland, satellite imagery, USA, South Carolina, Charleston, Fort Moultrie; 10520.
- sea level highstand**
radiocarbon age, delta, fossil reef, Holocene, coral reef, USA, Hawaii, Kauai; 00274.
- sea level history**
marine terrace, aminostratigraphy, oxygen isotope stratigraphy, Quaternary (late), tectonic uplift rate, USA, California, Los Angeles County, San Pedro; Palos Verdes Hills; 00253. tectonics, glacial history, postglacial rebound, Holocene, deglaciation, Canada, Northwest Territories, Lowther Island; Griffith Island; 07908.
- sea level lowering**
Little Ice Age, mass balance, ice sheet, modelling, thermomechanical coupling, Greenland; 10536.
- sea level minimum**
Quaternary, sedimentation, postglacial, submerged delta terrace, Canada, Newfoundland, Port au Port Bay; 02819.
- sea level pressure**
time series, inhomogeneity, Australia, Darwin; 04581.
- sea level record**
dating technique, Holocene, growth history, reef complex, carbonate margin, Australia, Western Australia, Houtman Abrolhos Reefs, Easter Group; Indian Ocean; 07915.
- sea level rise**

- sea surface computation**
Geosat altimeter data, altimetric profile, orbit error reduction, 13905.
- sea surface contamination**
aerosol, frontal system, Atlantic; 08708.
- sea surface cooling**
cyclone-ocean interaction, coupled model, numerical simulation, tropical cyclone, 11169.
- sea surface data**
one dimensional model, numerical hindcasting, carbon dioxide, partial pressure, Pacific; 06405.
- sea surface echo**
storm microburst, rain, gravity wave, kinetic energy, SAR, 14004.

sea surface height

circulation, recirculation gyre, Geosat exact repeat mission, Atlantic, (North); 11543. drifting buoy, eddy, Loop Current, satellite altimetry, Gulf of Mexico, Loop Current; 07610. empirical orthogonal function, atmospheric pressure field, Geosat altimetry data, Gulf of Alaska; 07449. ERS-1, altimeter, 06298. Geosat, 02548. geostrophic velocity anomaly, water mass transfer, Geosat altimetry, eddy, 08913. height anomaly, echosounder, Geosat, 04996. sun glint pattern, surface height autocorrelation, roughness spectra, 01232. wave dynamics, Geosat altimeter, Atlantic, (South); 03802.

sea surface radar scattering

wind speed, cyclone, rainfall, iceberg, oil spill, side looking X-band radar, 03800.

sea surface radiance

spectrum, radiance coefficient, wavelength, Atlantic; 15218.

sea surface slope

Geosat altimetry, radar altimeter data, global tidal model, Atlantic; 11546.

sea surface temperature (1860-1989)

confidence interval, optimal averaging, seasonal temperature, 14883.

sea surface temperature

air/sea coupling, Kuroshio, meander, ocean atmosphere model, Pacific; 05949. air/sea temperature difference, atmospheric radiative transfer, 03808. algorithm, cloud masking, AVHRR, 01123. atmospheric greenhouse trapping, deep convection, water vapour, seasonal variation, 00070. AVHRR, empirical orthogonal function, El Nino, Canada, Vancouver Island; 07606. AVHRR, nitrate flux, spring tide, Atlantic, (North), Georges Bank; 07607. AVHRR, sea mesoscale turbulence, fractal dimension, Japan; 03806. AVHRR, sensor calibration, air-sea interaction, 07605. AVHRR, SST algorithm, water vapour, moisture attenuation, 14046. AVHRR, temperature retrieval, vapour correction, 12740. AVHRR, temperature/salinity data, estuary, Australia, South Australia; 03807. boreal fossil assemblage, mollusc, palaeotemperature estimation, Pleistocene, Japan; 10438. bulk aerodynamic equation, latent heat, sensible heat, continental shelf, Yucatan; 07248. carbon dioxide, El Nino, 12473. carbonate dissolution, palaeotemperature, Quaternary, glacial/interglacial boundary, South China Sea; Pacific, Sulu Sea; 13047. circulation anomaly mechanism, rainy season, general circulation model, Atlantic; Brazil; 04686. CISK, intraseasonal oscillation, Hadden-Julian oscillation, nonlinear model, 11199. climate monitoring, surface temperature, global climate, 10190. climate variability, coral record, oxygen isotope ratio, Pacific Ocean; Galapagos, Isabela Island; 13035. climate variability, winter (1900-1989), low frequency variability, warming trend, Atlantic; 07260. cloud cover, marine, stratocumulus, albedo, statistical dependence, 12430. coastal upwelling zone, AVHRR/NOAA multispectral data, oceanographic monitoring, surface current, 08914. colour sensor, map, ocean, phytoplankton, Japan; 10231. coral, monsoon, palaeomonsoon record, temperature change, Arabian Sea; 08637. coupled interaction, self regulation, convective cloud system, 04661. covariance, principal components, factor analysis, Mediterranean; 12483. Dansgaard-Oeschger event, correlation, climate record, sediment, oxygen isotope measurement, Atlantic, (North); Greenland, Summit; 02742. dataset, comparative study, general circulation model, 13749. destructive cyclone, tropics, cyclone season (1984), drought, Indian Ocean; 07213. dual view retrieval, ATSR, 03406. equatorial new production, nitrate concentration, coastal upwelling, 08916. ERS-1, 06219. ERS-1, brightness temperature imagery, 14047. extratropics, feedback, ocean/atmosphere system, interannual positive feedback, 08560. foraminifera, palaeotemperature, oxygen isotope, Atlantic, (North); 09332. foraminiferal assemblage, alkenone method, seasonal change, organic carbon percentage, accumulation rate, Atlantic; 10442. GCM, future climate, global warming, hurricane frequency, Gulf of Mexico; Caribbean Sea; 01322. general circulation model, long range forecast, climate, forecast, 03533. general circulation model, monsoon, tropics, 09871. heat flux, interannual heat flux, general circulation model, El Nino/Southern Oscillation, Pacific; 13740. historical data, sensitivity, tropical cyclone, cyclone intensity, 04655. hydrographic data, seasonal heat balance, heat balance, Gulf of California; 12482. interdecadal, ocean-atmosphere relationship, Atlantic, (North); 12480. ISCCP data, cloud statistics, 02258. lagoon, ocean water, phytoplankton, thermal effect, 14048. land surface temperature, brightness temperature, AVHRR, 11505. last climatic cycle, euphotic zone, ODP Leg 108, oxygen isotope stratigraphy, subtropical region, Atlantic, (North); 02750. marine atmosphere, boundary layer, front, aircraft observation, Atlantic, Agulhas Current; Africa; 12481. mesoscale eddy, signal processing, satellite altimeter, anticyclonic eddy, Arabian Sea; 07611. methanosulphonic acid, biogenic sulphur, record (1767-1991), dimethyl sulphide, ice core, Greenland; 11294. mixed layer, heat budget, tropics, seasonal cycle, Pacific; 05951. modern analog technique, sediment core, carbonate dissolution, Last Glaciation, 13043. monsoon, climate modelling, Pacific; 13754. monsoon, NOAA APT, Pakistan; 08908. NDVI, thermal front, cloud detection, numerical weather prediction, 11470. nested model, climate response, Africa, Sahel; 09814. North Atlantic Oscillation, dendrochronology, tree ring record, Atlantic; 13797. ocean/atmosphere model, coupled model, El Nino/Southern Oscillation, predictability, Pacific; 04649. ocean dynamics, hydrodynamic model, three dimensional, temperature, 05000. ocean GCM, salinity, surface boundary condition, 02204. ocean temperature variability, temperature decrease, Atlantic, (North); 11161. ocean thermal regime, temperature oscillation, Atlantic, (North); 00890. ocean, AVHRR, geosat, planetary wave, Rossby wave, USA, Hawaii; Pacific, (North); 07608. onset, interannual variability, monsoon, El Nino, India; 12447. orography, general circulation model, flood (1987), South Africa, Natal; 13680. oxygen isotope, monsoon, foraminifera test, salinity, alkenone, Arabian Sea; Indian Ocean, Bay of Bengal; 01477. palaeoceanography, climate reconstruction, Neogene, factor analysis, Pacific; 14222. palaeoceanography, Pleistocene, molluscan assemblage, Pacific; Sea of Japan; 14221. precipitation rate, planetary albedo, TOVS, global climate change, 08829. predictability, winter, rainfall, Australia; Indian Ocean; 02310. principal components analysis, rainfall, predictability, skill, Australia; Indian Ocean; 13779. principal oscillation pattern, El Nino, prediction model, linear inverse modelling, Pacific; 04658. quasi biennial oscillation, ozone hole, 04575. radiation budget, cloud, Pacific; 14884. rainfall variability, Atlantic; Ghana; 13777. reduced gravity model, tropical, atmosphere-ocean interaction, seasonal cycle, Pacific; 14880. ridging (500 hPa), dry spell, teleconnection, Canada; Pacific; 12440. seasonal variation, cloud property, interannual time scale, 13703. southern oscillation

index, correlation, non stationarity, drought, 04602. Southern Oscillation, rainfall variation, global study, summer monsoon, India; 05057. stable oxygen isotope signal, slope sediment, oxygen isotope ratio, Globigerinoides ruber, Coral Sea, Great Barrier Reef; 10447. stratiform cloudiness, equatorial front, cloud, temperature gradient, Pacific; 04659. summer rainfall, coast, Africa, (Southeast); Indian Ocean, Agulhas Current; 02203. summer weather, subtropical high, Japan; Pacific, (North); 00851. surface temperature, temperature estimation, radiative transfer, MOS-1/VTIR, 10137. surface, meteorological parameter, variability, Arabian Sea; 12485. temperature, ice extent, polar ice, 10226. temporal variability, equator, wavelet analysis, Indian Ocean; 15117. thermal gradient, AVHRR, atmospheric correction, 11537. time scale, temporal evolution, spectral structure, Pacific, (North); 04656. tropical cyclone, El Nino/Southern Oscillation, typhoon, cyclone activity, Pacific; 09827. tropical cyclone, model, sensitivity, cyclone, rainfall intensity, 13750. tropics, empirical relationship, convection, large scale variability, 08555. tropics, temperature variability (1969-1991), ship-of-opportunity, Pacific; 08559. validation, aircraft, radiometer data, ATSR, 14894. volcanic eruption, global feedback mechanism, water cycle, climate change, 10276. warm eddy, eddy, infrared, cold eddy, Tyrrhenian Sea; 15215. wind field, heat budget, tropics, ship observation data, Pacific; 00896.

sea surface topography

ERS-1 altimeter, maximum likelihood estimation, geophysical information, 14042. GPS, satellite altimetry, geoid computation, gravity data, geoid modelling, 07447. ocean circulation, atmospheric water vapour, Geosat, 03663.

sea surface wave

ocean surface model, penetration depth, 14080.

sea temperature

river discharge, forecasting, El Nino/Southern Oscillation, Australia, South East, Murray-Darling River; 10910.

sea wall

coastal engineering, coastal management, storm tide surge, 03937. fauna, beach protection, remediation measure, sea level, beach erosion, India, Kerala, Narakkal; Munambam; 05490. maximum scour, prediction, coastal scour, rubble-mound structure, 03966. wave process, erosion, accretion, shoreline configuration, beach, USA, New Jersey, Cliffwood Beach; 14454.

see wave

air/sea interface, theory, scattering, light beam, 00887. field experiment, wave grouping, wave period, Kimura's theory, Italy; 09008.

seabed

abatement strategy, water quality, heavy metal, pollution, Norway, Sørjorden; 07667. bedform, ripple, transport rate, storm, intertidal zone, Canada, Prince Edward Island, Stanhope Beach; 01705. liquefaction, finite element, plasticity, sand, travelling wave, Canada, Lake Ontario; North Sea; 13161. methane, pockmark, gas escape, interstitial water, USA, Maine, Belfast Bay; 07951. passive particle, organism, continental shelf, water column, 10577. Quaternary, sea level change, sedimentation, continental shelf, continental slope, France, Riviera, Antibes; 00182. resuspension, plutonium, americium, sediment circulation, thorium, UK, England, Cumbria, Sellafeld; Irish Sea; 08091. sand, wave, bedform, roughness, laboratory experiment, 06665. sea surface, acoustic sensor, radar, signature, dune, North Sea, German Bight, Lister Tief; 02549. towfish, terrain following, vehicle, 06318.

seabed backscattering

multiple reflections, sidescan sonar imagery, GLORIA, 13941.

seabed drag

sandbank, bedform, bedload transport, sand wave, resuspension, North Sea, Norfolk Banks, Broken Bank; Well Bank; 00406.

seabed erosion

turbidity current, continental slope, coccolith, turbidite, Atlantic, (North), Madeira Abyssal Plain; 00302.

seabed mapping

parametric system, EEZ mapping, 04997.

seabed mound

carbonate knoll, hydrocarbon seepage, fault, Ireland, Porcupine Basin; Australia, Vulcan Sub basin; 11924.

seabed photograph

node, mining, 10705.

seabed sediment

contaminant inputs, lead, zinc, chromium, UK, England, Wales; 14456.

seabed topography

erosion, accretion, shoreline change, bathymetry, India, Gulf of Kachchh, Hansthal Creek; 05163.

seafloor

acoustic backscatter, multibeam sonar, microtopography, 10244. backscatter attenuation, sediment accumulation, GLORIA, sonar sidescan, 12783. bathymetry, multibeam echosounder, sidescan sonar, remote sensing, acoustic backscatter, 02462. bedform, suspended sediment, storm, bioturbation, STRESS experiment, roughness, USA, California; 14431. benthic storm, nepheloid layer, particulate matter, resuspension, Atlantic, (South), Argentine Basin; 00438. brine, sulphate, chlorine, evaporite, seawater, Mediterranean Sea, Bannock Basin; Tyro Basin; 06719. carbonate deposit, Devonian, hydrothermal venting, fault, Africa, Sahara, Ahnet Basin; 13194. carbonate, clay, burial depth, compressional wave velocity, consolidation, Australia, Queensland Continental Margin, Townsville Trough; 09265. chronology, carbonate sediment, littoral zone, depositional history, physiographic map, Spain, Palma Bay; 14156. contaminated sediment, management, computer model, dredging, capping, USA, Connecticut, New London; 09405. continental shelf, sediment trap study, radionuclide, seasonal change, terrigenous input, USA, California, Southern California Bight, San Pedro Basin; 08057. cycling, particulate matter, water column, organic matter, 06702. deep sea sediment, deposit feeder, radiotracer, bioturbation, 01660. delta slope, progradation, slope failure, Canada, British Columbia, Fraser Delta, Foreslope Hills; 06745. depositional pattern, drilling particulate, offshore oil production, USA, California, Point Conception; 07671. element, interstitial water, chloride, accretionary prism, compaction, Pacific, Nankai Trough; Shikoku Basin; 00338. gas eruption, crater, glacial history, hydrostatic pressure, Barents Sea, Bjornoyrenna; 07851. geochemistry, anoxia, sapropel, black shale, bottom water, 01723. glacial/interglacial change, sedimentation rate, opal flux, carbonate flux, terrigenous material,

- Indian Ocean; Southern Ocean; 06561. Holocene, shaved shelf, carbonate platform, continental margin, Australia, Great Australian Bight, Eucla Shelf; 13281. opal, accumulation rate, biomass, biogenic silica, water column, Gulf of California; 10614. organic carbon, opal flux, seasonality, upwelling, primary production, Atlantic, Cap Blanc; Guinea Basin; Atlantic, Walvis Ridge; 01709. phytoplankton bloom, particulate organic carbon, suspended matter, nepheloid layer, Canada, Nova Scotia, Bedford Basin; 10644. roughness, sediment/water interface, turbulence, mass transfer, 00424. sediment column, palaeoceanography, organic matter, upwelling, Pacific, Ontong Java Plateau; 00353. sediment/water interface, carbonate compensation depth, abyssal hill, pelagic sediment, transport, Atlantic, Mid Atlantic Ridge; 06774. sedimentation, forearc basin, accretionary prism, olistostrome, Pacific, Shikoku Basin; Nankai Trough; 00416. slab slide, failure plane, sidescan imagery, forearc basin, submarine canyon, Peru, Arequipa Forearc Basin; 10652. textural parameter, sediment transport, terrigenous supply, Italy, Marche; 01710. texture analysis, multibeam sonar, bathymetric sonar, 01231. thorium-234, primary production, North Atlantic Bloom Experiment, scavenging, water column, Atlantic, (North); 01707. till, sand, aggregate mining, environmental impact, Baltic Sea, Slupsk Bank; 03043. turbidity, acoustic reflection, 03849. wide swath image, GLORIA, hot spot mantle diapirism, geology, deformation, Pacific, Tonga Trench; Western Samoa; 00192.
- seafloor flux**
sediment trap study, temporal variability, upwelling, accumulation rate, primary production, USA, California, Southern California Bight, San Pedro Basin; 07959.
- seafloor imaging**
multibeam echosounder, bathymetric survey, 08781.
- seafloor imaging system**
seafloor mapping, sidescan sonar, 07466.
- seafloor mapping**
sidescan sonar, seafloor imaging system, 07466.
- seafloor observation**
hydrothermal vent, submarine earthquake, volcanic eruption, 03786.
- seafloor property**
sediment structure, Office of Naval Research, benthic boundary layer, mine, USA; 14453.
- seafloor sand dune**
aeolian sediment, Pleistocene (late), palaeogeographic study, continental shelf, South China Sea; 07861.
- seafloor sediment**
acoustic facies mapping, sidescan sonar, Gulf of Mexico; 03680. Quaternary, Holocene, clay, engineering, bulk density, Pacific; 10572. sediment deformation, trawl fishery, otter board, ploughing track, 05491. sewage sludge, mixing, benthic ecology, dumping, USA, New York; 09404. volcanic ash, hydrothermal activity, submarine caldera, Japan, Izu Ogasawara Arc, Shichito-Iwojima Ridge; 03007.
- seafloor station**
laser ranging system, satellite surveying, GPS, 01110.
- seafloor topography**
sea level change, glaciation model, seismic stratigraphy, continental shelf, Canada, Nova Scotia; 11840. swath sonar, bathymetric map, GPS, multibeam sonar, surveying, 01116.
- seagoing platform**
Doppler profiler, acoustic, wind profiler, 10161.
- seagrass**
bottom sediment, biomass, organism, organic carbon, estuary, USA, Texas; 05389. coral reef, Thalassodendron ciliatum, carbon isotope, organic matter, mangrove, Kenya, Gazi Bay; 11960. diagenesis, organic matter, carbon isotope, decomposition, 13238. nutrient, porewater, adsorption, phosphate, grain size, Indonesia, Sulawesi; 06747. phytoplankton, nitrogen, nutrient, degradation, coral reef, Puerto Rico, Joyuda Lagoon; 02919. siliclastic sediment, temperate region, tidal current, tropical region, carbonate, continental shelf, Australia, Australian Shelf; 13274. uranium, depositional environment, algae, phosphate, coral, Red Sea, Gulf of Aqaba; 09396.
- seagrass bed**
aerial photography, cartography, Martinique, Fort-de-France; 10217. water supply, ecological implication, climate change, sea level rise, coral reef, Caribbean Sea; Gulf of Mexico; Bahamas; 01289.
- seagrass habitat**
anthropogenic activity, benthos, photointerpretation, USA, North Carolina, Core Sound; 01219.
- seal**
organochlorine pesticide, lake sediment, pollution, wildlife, bird, Antarctica, Schirmacher Oasis; 08085.
- seal formation**
interrill erosion, soil sealing, runoff, infiltration, USA, California; 01905.
- sealing**
surface seal, soil hydraulic property, rainfall simulation, clay content, USA, Georgia; 14569.
- seam computation**
image mosaicking, 07476.
- seamount**
bottom current, submersible observation, Miocene, manganese nodule, limestone, Pacific, Tenpo Seamount; 10597. ferromanganese crust, platinum, nodule, Pacific; 09360. flint, limestone, nodule, Mesozoic, Japan, Hokkaido, Chirai; 08007. hydrothermal activity, lanthanoid, REE, Eocene, Atlantic, Bezymiannaya Seamount; 04226. hydrothermal activity, thauasite, ODP Leg 129, tuff, Miocene, Pacific, Mariana Basin; 01641. manganese crust, phosphorite, colophane, Pacific, Line Islands; 00429. REE, smectite, seawater, hydrothermal fluid, nontronite, thermometry, Pacific, (Central); 00428. sea level fluctuation, sedimentary record, ocean deepening, Quaternary (late), sediment core, Guinea; Atlantic; 02754. source, Cretaceous, volcanoclastic, turbidite, Pacific, Pigafetta Basin; Mariana Basin; 01673.
- seamount deposit**
phosphorite, climate, upwelling, REE, seawater, Pacific, (Equatorial); 03008.
- Seasat**
altimeter, adjustment, Geosat, Mediterranean Sea; 05001.
- Seasat scatterometer**
katabatic wind, ice sheet, 08932. radar backscatter, geostrophic approximation, wind field model, 07529.
- seasonal alternation**
internal structure, stalagmite, Holocene, palaeoenvironmental reconstruction, 05249.
- seasonal analysis**
mass balance, glacier, France, Alpe d'Huez, Grandes Rousses Massif, Sarennes Glacier; 09234. winter decrease, ozone, total ozone, Australia, Macquarie Island; 13814.
- seasonal change**
calcite, organic matter, lamination, vivianite, eutrophication, lake, Poland, Lake Gosiaz; 08083. dicarboxylic acid, urban atmosphere, 04813. eutrophication, salinity, suspended solid, phytoplankton, chlorophyll, Thailand, Thale Sap Songkhla; 13299. ground level, biologically active UVB, ultraviolet B irradiance, broadband UVB radiometer, Japan; 04586. mineralization, sea ice, biomass, organic matter, productivity, Antarctica, South Orkney Islands, Signy Island, Factory Cove; 05396. organic carbon percentage, accumulation rate, sea surface temperature, foraminiferal assemblage, alkenone method, Atlantic; 10442. survey, bar movement, beach profile change, spatial scale, USA, North Carolina, Duck; 11661. terrigenous input, seafloor, continental shelf, sediment trap study, radionuclide, USA, California, Southern California Bight, San Pedro Basin; 08057. VIMS Sea Carousel, entrainment, shear stress, bioturbation, field experiment, USA, Chesapeake Bay; Atlantic, Middle Atlantic Bight; 07947. wave climate, beach erosion, monsoon, Empirical Orthogonal Function, India, Uttara Kannada District, Aligadde Beach; 01597.
- seasonal circulation**
ocean GCM, wind stress, Indian Ocean; Pacific; South China Sea; Java Sea, Lombok Strait; Timor Sea; Molluca Sea; 03495.
- seasonal composition**
aerosol chemistry, trace element, Greenland; Arctic; 08697.
- seasonal course**
stratosphere, quasi biennial oscillation, ozone, total ozone, 14970.
- seasonal cycle**
aerosol concentration, Pacific, (South); 06058. berm, shoreline erosion, beach profile, coastal flooding, USA, Puerto Rico; 13308. condensation nucleus, aerosol, size distribution, Antarctica, Mawson; 01058. manganese, aluminium, residence time, trace metal, atmospheric input, Bermuda; Atlantic, Sargasso Sea; 14393. methane, source, sink, Korea; 04755. ocean/atmosphere system, prediction model, El Nino/Southern Oscillation, chaotic process, 13722. pollution, sewage treatment plant, beach, BACI designs, environmental change, Australia, New South Wales, Sydney; 05074. sea surface temperature, mixed layer, heat budget, tropics, Pacific; 05951. sea surface temperature, reduced gravity model, tropical, atmosphere-ocean interaction, Pacific; 14880. sediment trap, diatom, upwelling, trade wind, opal, Atlantic, Guinea Basin; 14414. spatial variability, salinity, suspended sediment concentration, thermocline, nutrient supply, North Sea; 00053. stratiform cloud, cloud climatology, static stability, 04694. thermosphere, mesopause, meridional wind, 11138. total column, nitric acid, middle latitudes, Southern Hemisphere, New Zealand, South Island, Lauder; 13842. wave, ozone, subtropics, spectrometer, TOMS, Greece, Athens; 15113.
- seasonal cyclicity**
volcanic peak, Byrd Station deep core, chemical stratigraphy, ice core, ionic concentration, Antarctica, Byrd Station; 09146.
- seasonal data**
proxy data, climate change, palaeoclimate study, air temperature, global map, 00001.
- seasonal definition**
summer, winter, temporal principal components, 02179.
- seasonal dependence**
hydrocarbon, PAH, size distribution, urban, aerosol, Spain, Barcelona; 08710.
- seasonal distribution**
airborne amoebae, pathogen, free living, amoebae, Mexico, Mexico City; 15037. anticyclonic weather, anticyclonic spells (1950-1992), UK; 13682. methane flux, peatland, eddy correlation, USA, Minnesota; 09990.
- seasonal dynamics**
spatial variability, heavy metal, soil, groundwater, 02613.
- seasonal ecology**
cyanobacteria, pollutant degradation, river water quality, Nigeria, New Calabar River; 09661.
- seasonal evolution**
bromomethane, coralline algae, ozone, Arctic; 09967. stratosphere, chlorine monoxide, ozone destruction, Arctic; 03636.
- seasonal flow**
PARMA, streamflow modelling, streamflow process, time scale, monthly flow, annual flow, West Africa, Niger River; 05677.
- seasonal fluctuation**
ice cover, clay mineral, sedimentation, marine sediment, Fram Strait; Norwegian Sea; 11970.
- seasonal flux**
carbon balance, forest ecosystem, simulation model, atmospheric carbon dioxide, USA, Florida; 03889.
- seasonal forcing**
barotropic model, intraseasonal variability, 11200.
- seasonal frost**
deglaciated terrain, sorted polygon, patterned ground, lodgement till, ground moraine, Iceland, Maelifellssandur; 13142.
- seasonal heat balance**
heat balance, sea surface temperature, hydrographic data, Gulf of California; 12482.
- seasonal integration**
ECMWF model, general circulation model, diagnosis, extratropical variability, 14900.
- seasonal melt**
ice sheet, melt zone, radar measurement, snowpack, firn metamorphosis, Greenland; 09243.
- seasonal melting**
refreezing, percolation zone, radar echo, ice sheet, Greenland; 04133.

seasonal model

carbon flux, planktonic biota, microbial food web, euphotic water, Israel, Lake Kinneret; 10332. ecosystem model, nitrogen cycling, euphotic zone, GCM, CZCS, Atlantic, (North); 00079.

seasonal movement

precipitation zone, rainy season, climate model, greenhouse effect, carbon dioxide doubling, 02169.

seasonal pattern

particle, acidic species, precipitation, potential source contribution function, source, Canada, Ontario; 13827. spatial variability, weather network, USA; 12435.

seasonal precipitation

aridity, climate change, fossil mammal, Pleistocene, USA, Colorado, Park County, Porcupine Cave; 13061.

seasonal rainfall

rainfall data (1900-1978), India, Karanataka; 09947. rainfall, Southern Oscillation Index, predictor, Australia; 06006.

seasonal runoff

ARMA, runoff, conceptual stochastic modelling, aggregation scale, rainfall/runoff model, Italy, Appenines; 05675.

seasonal source

continental shelf, methane, sea ice cover, ice canopy, Beaufort Sea; 08661.

seasonal structure

typhoon, monsoon, tropical cyclone, cyclone, South China Sea; 13686.

seasonal summary

climate summary, Southern Hemisphere, autumn (1992), 13697. climate summary, Southern Hemisphere, El Nino/Southern Oscillation, summer (1991-1992), 13696.

seasonal temperature

annual precipitation, Holocene optimum, Last Interglacial, Pliocene, global climate reconstruction, 07842. objective selection, analog prediction, prediction system, skill, 13785. sea surface temperature (1860-1989), confidence interval, optimal averaging, 14883.

seasonal thaw

zoning, thawed layer, taiga, tundra, refreezing, Russian Federation, Siberia, Yakutia; 10527.

seasonal trend

flood data, stochastic model, Canada, Quebec; New Brunswick; 05669. Fourier spectral analysis, lunar perigee, pole tide, sunspot cycle, sea level, Canada, Gulf of St. Lawrence; Atlantic Coast; 02818. nitric acid, particulate, nitrate, mountain site, sulphate, USA, (Southwest); 13853. ozone, surface ozone, background ozone, Japan; 09981. preservation bias, Polycystine Radiolaria, trap factor model, culled factor model, California Current, Pacific, (North); 02758. total ozone, trend analysis, ozone, 13834.

seasonal variability

air, snow, deposition, aerosol, chemical constituent, Greenland; 08651. algae, halogenated hydrocarbon, halocarbon, coastal water quality, Sweden; 00691. boundary layer structure, monthly average, wind profiler, RASS, 00865. clay mineral, diagenesis, flocculation, monsoon, estuarine circulation, India, Sarada-Varaha Estuary; 04255. clear sky, greenhouse effect, humidity, temperature, 09796. cloud, radiative forcing, satellite data, 09798. dielectric property, SIMS '90 experiment, sea ice, snow, physical property, Canada, Arctic Canada, Resolute Passage; 13137. estuary, organic matter, mineralization, respiratory quotient, primary production, Denmark; 00349. eutrophication, reservoir water quality, nutrient, phosphorus deficiency, Czech Republic, Rimov Reservoir; 10978. fate, trace metal, dissolved metal, mixing, estuarine plume, North Sea; 00054. flow routing, rainfall/runoff, linear perturbation model, flow forecast model, China, Yangtze River; 14607. general circulation model, atmospheric variability, predictability, ensemble integration, El Nino/Southern Oscillation, 13784. geographical distribution, aerosol, optical thickness, Arctic; 07371. heavy metal, copper, zinc, cadmium, lead, snow chemistry, Greenland; 12890. ice sheet, radar, altimetry, Greenland; Antarctica; 12839. interannual variability, coral record, rainfall, ITCZ, Panama, Gulf of Chiriqui, Secas Island; 14217. lake water quality, eutrophication, shallow lake, stratification, phosphorus loading, Finland, Villikkalanjärvi Lake; 14687. leaf leachate, dissolved organic carbon, planktonic microorganism, alpine stream, USA, Rocky Mountains; 04481. long range transport, non methane hydrocarbon, transport, France, Brittany; 13845. mesopause, temperature, 13690. mesosphere, iron, lidar, sporadic iron layers, structure, USA, Illinois, Urbana; 06038. methanesulphonic acid, dimethyl sulphide, marine atmosphere, rainwater, Indian Ocean, Amsterdam Island; 07353. methanosulphonate, biogenic sulphur aerosol, trend, Arctic; Canada, Northwest Territories, Alert; 09986. nitrogen, phosphorus, nutrient, eutrophication, reservoir water quality, Poland, Lodz, Sulejow Reservoir; 07040. ozone, pesticide, surface ozone concentration, Egypt; 07408. PAH, ice sheet, snow, Greenland; 13851. sedimentation, deep sea sediment, shell, pteropod, dissolution, aragonite, Mauritania, Cap Blanc; 01616. sedimentation, ice cover, Arctic Ocean; 06679. snowmelt, ionic pulse, snow chemistry, tracer release, diurnal variability, USA, California, Mammoth Mountain; 09727. water quality legislation, water quality standard, arsenic, groundwater quality, USA, Washington, Snohomish County, Granite Falls; 14730. water supply, irrigation, groundwater resource, water table fluctuation, 02055.

seasonal variation

bottom sediment, sedimentation rate, stratification, phosphorus, Poland, Lake Gosiaz; 08041. carbon, nitrogen, phosphorus, nutrient, shelf sediment, India, Andhra Pradesh, Visakhapatnam Shelf; 06751. cloud cover, polar region, ice sheet, 03732. cloud property, interannual time scale, sea surface temperature, 13703. evapotranspiration, forest, canopy resistance, 08290. ice ablation, climate change, ice sheet sensitivity, Greenland, West Greenland, Qamanarsup sermia; 06635. industrial pollutant, agricultural pollutant, nitrogen, inorganic anion pollution, river water quality, Nigeria, New Calabar River; 03288. karst spring, flow duration curve, river discharge, 00648. manganese uptake, cerium uptake, suspended particle, radiotracer, oxidation, USA, Chesapeake Bay; 08005. marine boundary layer, sulphur cycle, Arctic cycling, atmospheric aerosol, Svalbard, Spitsbergen, Zeppelinfjellet; 08999. moss, heavy metal, pollution, factor analysis, bioaccumulation, Portugal, Cavado River; 10680. ocean modelling, El Nino simulation, 14888. oscillation (40-50 day), angular momentum, Madden-Julian oscillation, 00864. phosphorus, sewage, industry, fractionation, Korea(South), Jinhae

Bay, Masan Bay; 09399. pollution, self purification, river water quality, urbanisation, Nigeria, Niger River; 05737. rice paddy, natural wetland, methane flux, Japan, Ryugasaki; 11615. river discharge, hydropower, snowmelt runoff, streamflow generation, Nepal, Arun River; Kosi River; Nepal, Tamur River; 11056. salt transport, suspended sediment, tide, current, India, Kerala, Cochin, Muvattupuzha River; 06657. sea surface temperature, atmospheric greenhouse trapping, deep convection, water vapour, 00070. selenium, vegetation, herbage, wet deposition, UK, England; Scotland; 06383. soil respiration, forest soil, nutrient availability, microbial activity, 05603. suspended sediment, sediment inflow, snowmelt, sediment yield, Baltic Sea; 00642. trace element, metal, anthropogenic impact, resuspension, primary production, particulate matter, Sweden, Lake Malaren, Stockholm Archipelago; Baltic Sea; 13304. turnover rate, estuarine sediment, temperature, urea, Denmark; 14389. vegetation cover, soil erosion, erosion rate, sediment yield, rainsplash, Tanzania; 04281. zooplankton, copepod, nutrient, euphotic zone, faecal pellet density, Canada, Newfoundland; 06749.

seasonality

anthropogenic impact, estuary, hydrocarbon, organic carbon, Mediterranean Sea; France, Rhone Delta; 00461. biomarker, organic matter, trace metal, Mediterranean Sea, Liguria Sea; 05400. coal, heavy metal, pollutant, intertidal mud, UK, Severn Estuary, Aust Cliff; 03036. manganese, distribution coefficient, coastal water, trace metal, suspended sediment, Atlantic, English Channel; North Sea, Pentland Firth; North Sea, German Bight; 02935. oil spill, hydrocarbon, waste, estuary, USA, California, Elkhorn Slough; Moss Landing; USA, California, Monterey Bay; 00460. physiological process, carbon flux, primary production, air temperature, 06406. river sediment, PAH, peat, lipid, biogeochemistry, Arctic Ocean, Mackenzie River Estuary; Beaufort Sea; 01678. seston, food availability, tidal flat, resuspension, organism, Chile; 02941. sulphide, metal, bioavailability, freshwater, temperature, USA, Minnesota, Caribou Lake; 08081. tidal river, sewage, channel morphology, mercury, methylmercury, UK, England, Norwich, Yare River; 10679. upwelling, primary production, seafloor, organic carbon, opal flux, Atlantic, Cap Blanc; Guinea Basin; Atlantic, Walvis Ridge; 01709. water column, phytoplankton, mass flux, nitrogen, carbon, Mediterranean Sea, Liguria Sea; 05399. wind erosion, microorganism, vegetation, sand beach, dune, Canada, Great Lakes, Lake Ontario, Presqu'ile Peninsula; 09327.

seawater

aerosol, plutonium, americium, sea spray, actinides, UK, Scotland; Cumbria; 13889. algae, diagenesis, platform carbonate, minor element, dissolution, USA, Florida; 07983. anoxia, marl, gypsum, dissolution, laminate, Italy, Calabria, Vrica; Semaforo; 02932. atmospheric input, trace metal, dust, REE, 14332. bentonite, smectite, Ariake marine clay, clay, Atterberg limit, 02879. biological process, iodine, diurnal cycling, photochemical process, model experiment, 11614. bottom water, element, black shale, phosphorite, photic zone, 10628. boundary layer, turbulent structure, temperature inversion, density jump, 13723. brackish water, monosaccharide, HPLC, particulate matter, 00344. bromine, pore fluid, brine, iodine, shelf sediment, Peru; 05392. budget, exchange process, Saharan dust, Mediterranean Sea; 10323. cadmium, suspended matter, complexation, sorption, Netherlands, Rhine River; 09392. chemical speciation, environmental behaviour, nuclear establishment, cobalt-60, UK, England, Dorset, Winfrith; 01298. chlorophyll, oxygen, biogeochemical marker, isoprenoid, photodegradation, Mediterranean Sea, Gulf of Fos; 08010. constant addition technique, calcite, dissolution, precipitation, 01730. Cretaceous, dolomitization, diagenesis, Jurassic, Nara Formation, Tunisia; 14373. diagenesis, phosphate, continental shelf, river sediment, biogeochemical cycle, fluorine, Brazil, Amazon River; 13272. dimethyltin, particulate matter, adsorption, methyltin, bioavailability, China, Hebei, Tianjin Harbor; 01760. dimethyl sulphide, Phaeocystis, review, 13863. dimethyl sulphide, phytoplankton, air/sea exchange, 14985. dimethylsulphide, equator, methane, carbon monoxide, Pacific; 06021. dolomite, burial, Mississippian, Mission Canyon Formation, USA, Montana; 04197. dolomite, Dinantian, karst, recrystallization, Belgium; 14367. dolomite, Rhaetian, Portoro Limestone, Italy, La Spezia, Portovenere; 14370. dolomitization, aragonite, dissolution, cement, ooid, 02909. dolomitization, Aravalli Supergroup, Precambrian, India, Rajasthan, Udaipur District, Zavar; 06690. dolomitization, carbonate ramp, Silurian, Devonian, USA, Illinois, Illinois Basin; 14361. dolomitization, carbonate shelf, Holocene, Triassic, Dolomia Principale, Italy; United Arab Emirates, Abu Dhabi; 14369. DOM, porewater, fluorescence, oxidation, carbon cycling, remineralisation, 08009. electrokinetics, colloid, suspension, salinity, 03017. global transport, PCB flux, sink, organochlorine, ocean air, 00025. hydration, water, carbon dioxide hydrate, 11311. hydrothermal fluid, nontronite, thermometry, seamount, REE, smectite, Pacific, (Central); 00428. iron, dissolved iron, adsorption, marine aerosol, mineral particle, 00886. isotopic composition, diagenesis, dolomite, platform carbonate, Bahamas, Little Bahamas Bank; 14377. light pulse, turbid medium, 03419. lithification, dolomite, Rhaetian, Portoro Limestone, Italy, La Spezia, Portovenere; 14371. methanosulphonate, non sea salt sulphate, dimethylsulphide, atmosphere, Atlantic; Arctic; Antarctica; 14998. microcosm, fish, pathogen, Pasteurella piscicida, sediment, Spain, Galicia, Ria de Muros; 08092. nucleophilic substitution, solubility, methyl halide, 00893. ODP Leg 129, strontium, interstitial water, deep sea sediment, Pacific, Pigafetta Basin; Mariana Basin; 01674. organic matter, carbon cycling, trace element, scavenging, colloidal organic carbon, Gulf of Mexico; 08029. organic matter, iceberg, basal ice, Antarctica, Amery Ice Shelf, Prydz Bay; 02087. osmium, hydrothermal activity, trace metal, burial, metalliferous sediment, Pacific, East Pacific Rise; Bauer Basin; 03006. partial pressure, equator, carbon dioxide, Pacific; 12586. pelagosome, evaporation, aragonite, sea spray, France, Mediterranean Coast; 07998. phase boundary, dolomite, mineralogy, magnesite, sabkha, 14356. phytoplankton, water column, poison, sediment trap, organic matter, 02870. phytoplankton, water column, shale, diagenesis, elemental distribution, marine sediment, 05452. porewater, carbonate platform, strontium isotope, ODP Leg 133, Australia, Queensland Continental Margin; 09307. Precambrian, Alband Formation, carbonate buildup, dolostone, burial diagenesis, Canada, Quebec, Chibougamau; 13253. protein, surface properties, absorption, 08033. Proterozoic, Chanda Limestone, oxygen isotope, palaeotemperature, dolomitization, India, Andhra Pradesh, Adilabad; 01635. radioactivity level, fallout, moss, lichen, Antarctica, Livingston Island; 08981. salinity, dolomitization, groundwater,

- Bahamas, Great Bahama Bank, Andros Island; 14376. scavenging, photoreduction, manganese, 10616. seafloor, brine, sulphate, chlorine, evaporite, Mediterranean Sea, Bannock Basin; Tyro Basin; 06719. seamount deposit, phosphorite, climate, upwelling, REE, Pacific, (Equatorial); 03008. sediment/water flux, phosphorus cycle, anoxia, eutrophication, 14384. sedimentation rate, isotope ratio, foraminifera, Oligocene, Miocene, Pacific; 00427. Smackover Formation, cycle, aragonite, ooid, Jurassic, USA, Mississippi; 07997. spume, coastal environment, radioactivity, beach sand, UK, Scotland; 12886. strontium-87/strontium-86 ratio, shelf limestone, Pennsylvanian, Permian, isotope, USA; 07988. strontium, diagenesis, deep sea carbonate, DSDP, porewater, 00308. temperature, coccolith carbonate, phytoplankton bloom, oxygen isotope, environmental indicator, Atlantic, Gulf of Maine; 08013. tracer, marine sediment, ooze, subduction, boron, 00425. Triassic, halite, chloride, bromide, brine, France, Paris Basin; 06691. upwelling, diagenesis, carbonate, shelf carbonate, bryozoa, Australia, Tasmania; 06684. Viséan, paragenetic sequence, mixing zone, dolomitization, Belgium, Brabant-Wales Massif; 14366. Warsaw Formation, pore fluid, dolomitization, Mississippian, burial diagenesis, Salem Formation, USA, Illinois Basin; 09294.
- seawater chemistry**
sulphate reduction, ferrous hardground, ironstone formation, shelf break, Pleistocene/Holocene hiatus, Italy, Pontian Islands; 11790.
- seawater intrusion**
groundwater flow, saltwater/freshwater interface, freshwater contamination, karst channel, Turkey, Ovacik Plain; 00784. groundwater temperature, groundwater salinity, karst area, Italy, Apulia; 00783. karst spring, sea level, karst aquifer, coastal aquifer, Mediterranean; 00748. recharge well, pumping well, hydraulic barrier, simulation model, coastal aquifer, 05784. soil salinity, water conservation, groundwater exploitation, irrigation, Oman; 05843.
- seawater quality**
barium, radium-226, estuary, mixing zone, sediment, river water chemistry, Bay of Bengal; India, Ganga-Brahmaputra River System; 03286. phosphorus, nitrogen, ammonium, nutrient load, Baltic Sea; 04471. TM, sewage outfall, Australia, New South Wales, Sydney Harbour; 06302.
- seawater salinity**
isosbestic point, near IR spectroscopy, 07619.
- seawater sample**
aggregation theory, collision, rotating cylinder, 11868.
- seawater turbidity**
nannoplankton, *Florisphaera profunda*, Quaternary, piston core, turbidity change, Pacific, Ryukyu Trench; 05284.
- seaweed**
turbidity, carbonate platform, plate boundary, basin, current, Caribbean Sea, Nicaraguan Rise, Bawihka Channel; 10655.
- seaweed**
pollution, trace metal, fish, shrimp, Pakistan; Arabian Sea; 04292.
- SeaWiFS**
climate change, oceanographic research, surface chlorophyll, South Africa; 14054. coccolithophore bloom, particulate calcite, CZCS, chlorophyll-a, Atlantic; Gulf of Maine; 14057. CZCS, photosynthetic pigment concentration, ocean colour imaging, 01071. oceanographic radiometer, spectral irradiance scale, 08750. ozone, CZCS, 15208. radiance, aerosol optical thickness, ocean, 12750. simulated data, 15209.
- SeaWiFS data**
coastal water, phytoplankton, pigment concentration, suspended sediment concentration, yellow substance absorption, Mediterranean Sea, Gulf of Naples; 14051.
- Secchi depth**
diatom assemblage, trophic status, canonical correspondence analysis, nitrogen, chlorophyll, phosphorus, Canada, Ontario; 09671. trophic status, phosphorus, diatom, chlorophyll-a, lake water quality, Canada, Ontario; 09672.
- secondary carbon source**
water quality, biodegradation, recalcitrant compound, batch reactor, organic contaminant, 14646.
- secondary current**
sediment concentration, sand ridge, sand ribbon, turbulence, 10586. straight river, field measurement, turbulence, electromagnetic flowmeter, open channel flow, Japan, Honshu, Kyoto, Biwako-Sosui River; Nagoya, Aichi Irrigation Channel; 00652.
- secondary flow**
phase lag, meander, channel curvature, channel flow, 01950.
- secondary instability**
cusp, frontal instability, occlusion, cyclone, baroclinic wave, 00933.
- secondary organic aerosol**
aerosol size distribution, Lagrangian trajectory model, USA, California; 06059.
- secondary succession**
deforestation, land cover, Landsat TM, Brazil, Para, Altamira; South America, Amazon; 14029.
- section R47**
Quaternary, stratigraphy, geochemistry, correlation, glacial diamicton, Canada, Ontario, Rouge River; 02790.
- secular trend**
sea level change, tidal constant change, coast, Australia, Western Australia; 06610.
- sedentism**
carnivore, Quaternary (late), species diversity, palaeoecology, habitat destruction, precipitation, Israel; 13054.
- sedge**
soil texture, river bank erosion, grass rush, 12174.
- sedge peat**
humification, methane, carbon dioxide, peat depth, moss peat, Sweden; 10852.
- sedigraph**
pelite, carbonate, grain size, volcanic environment, India; 04142. pipette method, particle size analysis, iron, New Zealand; 06814.
- sediment**
adsorption, eutrophication management, lake water quality, phosphorus release, Hungary, Kis-Balaton Reservoir; Balaton Lake; 12290. biota, coastal water, petroleum-derived hydrocarbon, water, Oman, Mina al Fahal; 02610. biota, time trend study, guillemot egg, polychlorinated biphenyl, polychlorinated naphthalene, Sweden; 02591. caesium-137, atmospheric deposition, adsorption, lake water quality, UK; 03296. calcite precipitation, climate change, lake water chemistry, USA, Minnesota, Elk Lake; 05688. chemical time bomb, long term risk, soil, groundwater, Hungary, Danube; 11593. chlorine bleaching, chlorophenolic compound, pulp mill effluent, lake water quality, Australia, South Australia, Bonney Lake; 10979. climate change, varve, postglacial lake, prairie lake, mesic forest lake, lake water chemistry, USA, Minnesota, Elk Lake; 05687. desorption, environmental fate, pesticide, hydrolysis, endosulphan, surface water quality, 05704. environmental persistence, estuary, estuarine water quality, herbicide, Spain, Ebro River; France, Rhone River; Greece, Thermaikos Gulf; Adriatic Sea; Italy, Po River; Egypt, Nile River; Greece, Amvrakikos Gulf; 10958. estuary, river water quality, silicon, phosphorus, trace element, India, Ganga River; 12276. fish, methoxychlor residue, pesticide, river water quality, Canada, Alberta, Athabasca River; 09662. global redistribution, spatial distribution, organochlorine, water, Asia; 10298. gold deposit, exploration geology, TM, mapping, Mexico, Sonora, Santa Teresa; 02465. heavy metal, industrial pollutant, river water quality, India, Maharashtra, Patalganga River; 13528. hydrogen sulphide, eutrophication, thermal gradient, lake water quality, oxygen concentration, Poland, Jasien Lake; 09669. ice sheet, TL dating, chronology, Quaternary, Canada, Ontario; 07885. industrial sewage, solid waste, pollution, toxic, heavy metal distribution, Nigeria, Calabar River; 02606. lake water quality, Chernobyl accident, radio isotope scavenging, radioactive fallout, caesium-137, lead-210, Switzerland, Sempach Lake; 03293. lake water quality, mathematical model, contaminant transport, PCB, biomonitoring, North America, Great Lakes, Lake Huron, Saginaw Bay; 00721. lake water quality, mixing, palaeolimnology, eutrophication, phosphorus, Denmark, Vaeng So; Veskerborg So; Denmark, Langeso; 14689. lake water quality, organic micropollutant, xenobiotics, Italy; 02023. leaded gasoline, automobile exhaust, total suspended particulate, air quality standards, drinking water, Bermuda; 06075. marsh, water quality, pesticide migration, mosquito control, organochlorine compound, USA, Florida, St. Lucie County; 06993. MSS, mapping, suspended sediment, India, Andhra Pradesh, Krishna Bay; 02556. mycorrhizae, heavy metal, wetlands, ecotone, tropics, nutrient, 05699. organic sediment, clay sediment, nuclear fallout, lake water quality, radiocaesium, UK, Scotland, Round Loch of Glenhead; Loch Lomond; 05744. oxygen isotope measurement, sea surface temperature, Dansgaard-Oeschger event, correlation, climate record, Atlantic, (North); Greenland, Summit; 02742. palaeolimnology, acidification, diatom analysis, lake water chemistry, metal speciation, Germany, Black Forest, Wildsee; 05752. palaeolimnology, ecological indicator, lake history, chironomid assemblage, Germany, Bodensee-Untersee; Lake Constance; 06598. palaeolimnology, phosphorus, diatom, Chironomidae, lake restoration, eutrophication, Finland, Enajarvi Lake; 09676. petroleum pollution, hydrocarbon, pollution, water pollution, Nigeria, Port Harcourt, New Calabar River; 10293. phosphorus concentration, lake water quality, phosphorus loading, 14688. phosphorus, lake restoration, shallow lake, biomanipulation, UK, England, Norfolk Broads; 14692. phosphorus, organism, sorption/desorption, catchment, Australia, Great Barrier Reef; Queensland, Johnstone River; 01741. phytoplankton, denitrification, computer model, lake restoration, nutrient budget, New Zealand, North Island, Horowhenua Lake; 14694. plant pigment, acidification, lake water quality, pigment ratio, alpine lake, 00720. Pleistocene/Holocene transition, organic carbon, atmospheric carbon dioxide, glacial/postglacial transition, isotopic record, Japan, Honshu, Lake Biwa; 06557. pollutant, trace metal, mixing, sewage outfall, freshwater, Israel, Mediterranean Coast; 06800. pyrethroid residue, farm pond, surface water contamination, hydrosol contamination, pesticide, 08368. Quaternary, environmental change, chronology, susceptibility stratigraphy, magnetic stratigraphy, Coral Sea, Queensland Trough; 10456. raised beach, glacier advance, uplift, photogeological mapping, Quaternary landform, Svalbard, Spitsbergen, Wedel Jarlsberg Land, Hansbreen-Sofiekammen; 09203. river classification, faecal effluent, urban river, river water quality, pollution indicator, Japan; 13533. river water chemistry, seawater quality, barium, radium-226, estuary, mixing zone, Bay of Bengal; India, Ganga-Brahmaputra River System; 03286. river water quality, heavy metal, particulate transport, India, Cauvery River; 10967. river water quality, lead, zinc, channel morphology, chemical partitioning, UK, Wales, Ystwyth River; 10972. river water quality, trace metal, contaminant concentration, spectrophotometry, fish, Pakistan, Ravi River; 13537. runoff production, runoff water quality, forest, road impact, logging, 09748. sea-air flux, carbonyl sulphide, estuarine water, coastal environment, Atlantic, (North); 05722. seawater, microcosm, fish, pathogen, *Pasteurella piscicida*, Spain, Galicia, Ria de Muros; 08092. sewer discharge, surface water quality, pollutant discharge, sewer design, Netherlands; 01997. soil, quality criteria, quality standard, trace metal speciation, water, 07674. sulphur loading, palaeolimnology, historical hydrology, lake water chemistry, USA, New York, Adirondack Lake; 14671. surface water quality, suspended sediment, chlorobenzene, desorption, phytoplankton, 14652. tracer, hydrology, catchment process, surface water-groundwater interaction, 08259. trophic status, lake water quality, nutrient dynamics, 14686. USLE, remote sensing, vegetation type, Landsat TM data, USA, Utah; 04420. wetland pollution, *Potamogeton pectinatus*, *Fulica cristata*, zinc, heavy metal concentration, South Africa, Transvaal, Witwatersrand; 01303.
- sediment accretion**
salt marsh, sea level, tidal channel, estuary, UK, Wales, Cardigan Bay, Dyfi Estuary; 07973.
- sediment accumulation**
estuary, delta, snowmelt, accumulation rate, depocentre, Canada, British Columbia, Fraser River Delta; 06744. GLORIA, sonar sidescan, seafloor, backscatter attenuation, 12783.
- sediment activation**
wave action, storm, tidal cycle, beach slope, USA, Delaware, Delaware Bay; New Jersey, Delaware Bay; 06661.
- sediment analysis**
frothing, quartz grain, heavy mineral, aeolian process, Poland, Vistula Valley, Wyszogrod, Kamion; 00231.

sediment bag

water quality analysis, sampling, surface water contamination, contaminant source, faecal coliform, 03256.

sediment balance

anthropogenic impact, erosion, accretion, beach profile, shoreface, Egypt, Nile Delta; 01704.

sediment budget

aggradation, catchment, management, erosion, Australia, New South Wales, Snowy River; Victoria; 14444. beach dune system, coastal dune, sediment transport, morphodynamics, 06464. beach morphology, cliff erosion, littoral cell, USA, Oregon, Lincoln City; 10375. breakwater, sand transport, shoreline, aeolian process, North America, Great Lakes, Lake Michigan; 14407. channel erosion, bank erosion, watershed management, sedimentation, USA, (Midwest); 04278. coastal erosion, anthropogenic impact, metal, estuary, fluvial input, trace metal, USA, Maryland, South River Estuary; 03035. coastal process, historical trend, remote sensing, shoreline movement, sea level change, USA, North Carolina, Outer Banks; 00121. erosion, deposition, Holocene, shoreline, North America, Great Lakes, Lake Michigan; 14405. ice rafting, beach profile, North America, Great Lakes, Lake Michigan; 14329. landsliding, Cyclone Bola (March 1988), storm, deforestation, New Zealand, Tutira; 14325. sediment transport, solute transport, Canada, British Columbia, Lillooet River Basin; 09613. storage, sediment transport, proglacial zone, energetics, Switzerland, Val d'Herens, Bas Glacier d'Arolla; 01587. submarine canyon, abyssal plain, river load, deep sea fan, 04166. suspended sediment, conveyance loss, radionuclide tracer, Chernobyl fallout, UK, England, Severn River; 09612. winnowing, erosion, ejecta, Meteor Crater, landslide, USA, Arizona, Meteor Crater; 03976.

sediment cation exchange

acidification, internal alkalinity generation, fish production, algae, sulphate reduction, USA, Wisconsin, Little Rock Lake; 07046.

sediment chemistry

manganese nodule, REE, scavenging, Indian Ocean, Central Indian Basin; 13283. organic carbon, heavy metal, particle size analysis, UK, Northern Ireland, Strangford Lough; 00339. photic layer, eutrophic zone, oxygen, sediment/water interface, carbon budget, organic matter, Atlantic; 04221.

sediment chronology

dating technique, sedimentation, environmental problem, urban development, water management, Australia, New South Wales, Lake Macquarie; 04143.

sediment circulation

thorium, seabed, resuspension, plutonium, americium, UK, England, Cumbria, Sellafield; Irish Sea; 08091.

sediment colour

oxidation, sapropel, Mediterranean Sea; 13248.

sediment column

micronodule, turbidite, abyssal plain, manganese, Pacific, Izu-Ogasawara Trench; 06768. palaeoceanography, organic matter, upwelling, seafloor, Pacific, Ontong Java Plateau; 00353.

sediment concentration

buoyant plume, suspended sediment, river mouth, estuary, salt wedge, Canada, British Columbia, Fraser River; 02885. logarithm model, suspended sediment, Landsat, China, Pearl River; 07618. permafrost, snowmelt runoff, subarctic stream, sediment yield, suspended sediment, USA, Alaska, Yukon-Tana Uplands, Glenn Creek; 04550. sand ridge, sand ribbon, turbulence, secondary current, 10586. sand, ice drift, coastal process, video camera, North America, Great Lakes, Lake Michigan; 14330. sediment transport, estuary, turbidity maximum, estuarine circulation, freshwater-saltwater interface, UK, Devon, Tamar Estuary; 00675. shear stress, seepage, channel, 10640. suspension, sand, tidal current, turbulence, UK, England, Devon, Taw Estuary; 07955.

sediment contamination

pollution, heavy metal, lagoon, Mexico, Tamaulipas, San Andres Lagoon; 12008.

sediment control

control structure, sediment transport, water diversion, sedimentation, 01941. erosion, check dam, planning, sediment transport, flume experiment, Japan, Honshu, Japan Alps, Higashigochi Basin; 05363. legislation, stormwater management, erosion control, USA, Delaware; 11096. soil erosion control, firestorm, USA, California, Oakland; 06941.

sediment core

carbonate dissolution, Last Glaciation, sea surface temperature, modern analog technique, 13043. climate history, precipitation, monsoon, shallow water, India; 14950. colour photography, digital imaging, 02872. database, lake sediment, palaeoecology, Poland, Lake Gosciaz; 07949. deposition, historical accumulation, metal, Arctic, Hudson Bay, Belcher Islands; 13813. estuary, historical record, salt marsh sediment, resuspension, metal concentration, USA, Rhode Island, Narragansett Bay; 06790. glacial productivity, atmospheric carbon dioxide, carbon isotope, isotopic evidence, productivity reduction, Southern Ocean; 05291. historical record, estuary, coastal sediment, contamination, trace metal, legislation, 06787. insolation, climate variability, orbital forcing, deglacial signal, Greenland Sea; Iceland Sea; Norwegian Sea; 13036. lake water chemistry, lake water biology, palaeolimnology, chromatographic analysis, Italy; 01959. marine/brackish water, salinity variability, freshwater, diatom stratigraphy, lake, Holocene, Antarctica, Horseshoe Island; 01530. North Atlantic Drift, insolation anomaly, surface ocean condition, diatom, palaeoceanography, Greenland Sea; Iceland Sea; Norwegian Sea; 04054. palaeomagnetism, Quaternary, Slovakia, Husina; Breznicka; 13032. seamount, sea level fluctuation, sedimentary record, ocean deepening, Quaternary (late), Guinea; Atlantic; 02754. stable element, reservoir, transport process, particle transport, radionuclide, USA, South Dakota, Oahe Lake, Cheyenne River Embayment; 01944.

sediment cycling

pan depression, dune, lunette process, storm, runoff, South Africa, Kalahari Desert, Witpan; 02883.

sediment deformation

postglacial, palaeoseismicity, earthquake, alluvial sediment, Canada, New Brunswick, Miramichi Region, Oxbow Site; 12980. shear zone, strain, transtension, compression, deformation structure, Spain, Almeria, Sorbas

Basin; 02875. tectonic control, fluvial deposition, uplift, river displacement, Pakistan, Himalayas, Potwar Plateau, Salt Range; 12974. trawl fishery, otter board, ploughing track, seafloor sediment, 05491.

sediment delivery

reservoir, coastal erosion, sea level rise, Greece, East Attica, Marathon, Inois River; 06467. settling pond, contamination, toxic metal, deposition, urban impoundment, USA, Wisconsin, Milwaukee River; 09379. tracer, magnetism, erosion, Australia; 05340.

sediment deposition

channel erosion, river regulation, channel evolution, meander, channel flow, China, Hanjiang River; 01942. geochemistry, tropical lowland basin, diatom, environmental change, Ecuador, Laloki River, Waigani Lake; Papua New Guinea; 11807. Pool 19, watershed, alluvium, channel dynamics, Peoria Lake, USA, Iowa, Mississippi River; 03954. river dynamics, suspended sediment, river delta, France, Camargue, Rhone River; 13483.

sediment depth

diatom, spatial distribution, salt marsh, palaeoecology, USA, New England; 01703.

sediment dewatering

microscopy, subglacial deformation, till, 13144.

sediment discharge

debris flow, sabo dam, sediment gradient, Japan, Honshu, Hiroshima Prefecture; 10921. lake water level, water resource management, river regulation, canalisation, China, Dongting Lake; 12379. Proterozoic, Upper Rewa Sandstone, grain size, sorting, palaeocurrent analysis, India, Madhya Pradesh, Maihar; 10584. watershed management, Philippines, Luzon; Indonesia, Java; 03191.

sediment dispersal

coal, provenance, delta, coastal plain, peat, Malaysia, Sarawak, Rajang River; 00395.

sediment dispersion

microtidal river, mathematical model, river mouth, effluent diffusion, Greece, Louros River; 10338.

sediment distribution

continental shelf, shear stress, bottom sediment, salinity, delta, Brazil, Amazon River; 03016. delta, textural parameter, source, mineralogy, India, Andhra Pradesh, Godvari Delta; 01712. sea level change, physiographic map, ria, bottom topography, Spain, Arosa Ria; 14155.

sediment disturbance

sampling, piston corer, mechanical constraint, 10559.

sediment drift

methane, sidescan, pockmark, oceanic crust, organic matter, Greenland Sea, Fram Strait, Vestnesa Ridge; 11979. mudwave, bottom water, accumulation, fine grained sediment, Atlantic, (South), Argentine Basin; 00433.

sediment dynamics

anthropogenic control, beach process, headland control method, coastal stabilisation, innovative concept, 02652. coastal plain, spit, lagoon, longshore current, Brazil, Sao Paulo; 01592. estuary, surface front, circulation, 01976. Littorina transgression, Ancylus Lake, buried channel, meltwater, Quaternary, Baltic Sea, Kadet Channel; Darss Sill; Baltic Sea, Gedser Reef; 13275. sandbank, wind, sand movement, bedload, resuspension, North Sea, Sand Banks; 05438. soil erosion rate, alluvium, provenance, USA, North Carolina, Neuse River Basin; Coastal Plain; 06927.

sediment ejector

canal, sediment excluder, 13294.

sediment elevation

sea level rise, geomorphology, spatial variability, intertidal marsh, estuary, USA, Maryland, Patuxent River; Rhode River; USA, South Carolina, North Inlet; 04178.

sediment enrichment

wave action, frazil entrainment, suspended sediment, ice cover, 11889.

sediment entrapment

vegetation, conference presentation, erosion control, 06436. vegetated streambed, meandering stream, Kentucky blue grass, 06448.

sediment erosion

DEM, watershed, land cover, land use, Costa Rica, Reventazon Basin; 15126.

sediment excluder

sediment ejector, canal, 13294.

sediment failure

clastic dyke, shallow lake, Carboniferous, Devonian, Horton Bluff Formation, Canada, Nova Scotia; 01600.

sediment filtering

aquifer sediment, biological tracing, groundwater biotope, invertebrate mobility, 07067.

sediment flux

plutonium, particle settling, reservoir, stratification, 08080. radiocarbon, thorium-230 excess, Holocene, Atlantic, (North); 06558. suspended sediment, shelf, episodic outflow, Japan, Kii Channel; 09271.

sediment focusing

Pb-210, acidification, seepage, radionuclide, geochronology, USA, (Eastern); 10684. PCB, DDT, accumulation rate, North America, Great Lakes; 10685.

sediment gradient

sediment discharge, debris flow, sabo dam, Japan, Honshu, Hiroshima Prefecture; 10921.

sediment graph

reservoir, watershed, India; 13298.

sediment inflow

sediment yield, spatial distribution, suspended sediment, sedimentation process, potential erosion, Baltic Sea; 00641. snowmelt, sediment yield, seasonal variation, suspended sediment, Baltic Sea; 00642.

sediment influx

sea level change, biostratigraphy, Pleistocene, sequence boundary, ODP core 625B, Gulf of Mexico; 00178. vibracore data, sea level change, Quaternary, continental shelf, USA, Maine, Gulf of Maine; 00259.

sediment input

submarine canyon, continental slope, Miocene, sea level, shelf break, USA, New Jersey Continental Slope; 09272.

sediment intrusion

Carboniferous, sediment/water interface, flue, Port Hood Formation, mudstone, Canada, Cape Breton Island; 13166.

sediment/landform association

symposium, ice sheet activity, subglacial process, subglacial landform, 14262.

sediment load

accelerated erosion, forest cover, channel erosion, denudation rate, India, Himalaya, Nana Kosi Watershed; 11681. agricultural land, market, pollution abatement, nonpoint pollution, erosion, USA; 03022. climate change, gravel, incision, terrace, braided river, 00356. climate change, stable isotope, basal ice, Greenland, Summit; 13091. composite particle, water elutriation, particle size analysis, suspended sediment, UK, England, Devon, Exe River; 00656. estuary, ice cover, ice rafting, sedimentation, Canada, Quebec, St Lawrence Estuary; 01586. glacier runoff, runoff water chemistry, meltwater chemistry, India, Ganga Basin, Satopanth Glacier; Bhagirath Kharak Glacier; 11071. Hurricane Hugo, runoff generation, debris dam, suspended sediment, Puerto Rico, Lago Loiza Basin; 05668. longshore drift, turbidite, sedimentation, sea level, Holocene, Gulf of Mexico, Mississippi Fan; 01614. meander, sinuosity, fine sediment, peat, river channel, Botswana, Okavango Fan; 00372. particle size, suspended sediment, dam, erosion, bedload, Hungary, Danube River; 04157. sea ice, bottom sediment, continental shelf, ice rafting, USA, Alaska; Arctic Ocean; 01585. sedimentation, nepheloid layer, estuary, oceanic flux, China, Bohai Sea, Yellow River; 06742. sewage, estuary, organic carbon, harbour, grain size, India, Kerala, Cochin Harbour; 06797. suspended sediment, erosion source, strontium isotope ratio, element ratio, river transport, Africa, (West), Congo Basin; 10968. wave cycle, boundary layer, entrainment, suspended sediment, 14435.

sediment loading

Santee Delta, hypsithermal highstand, sea level change, Holocene, differential submergence, USA, South Carolina, Murrells Inlet; 00262.

sediment loss

interrill erosion, Hapludult, tillage, wheel rut, runoff, USA, Maryland; 04423. management, soil, conservation tillage, erosion, USA; 05464. vegetation cover, slope gradient, slope length, runoff, Burundi; 00607.

sediment management

groundwater, vegetation, bed degradation, stabilisation, Germany, Rhine River, Iffezheim; 14447. sediment quality, contamination, marine disposal, dredging, reclamation, Hong Kong, Victoria Harbour; 00463.

sediment mixing

palaeoecology, lake morphometry, 14213.

sediment mobilisation

bank erosion, river bank, needle ice, UK, Wales, West Glamorgan, Ilston River; 05825.

sediment movement

anthropogenic impact, landscape development, coastal landscape, Baltic Sea; 07762. computer simulation, high mountain, terracette, vegetation growth, Spain, Pyrenees; 04040. magnetic susceptibility, hillslope, tracer, overland flow, USA, Arizona; 05356.

sediment origin

single particle analysis, estuary water quality, suspended sediment, Germany, Elbe River; 12252.

sediment oxygen demand

ammonia/nitrogen, dissolved oxygen dynamics, QUAL2E model, river water chemistry, biochemical oxygen demand, USA, New Jersey, Whippany River; 09665. laboratory experiment, eutrophication, respiration, temperature, Japan, Hiroshima Bay; 05412.

sediment plume

continental shelf, mud, suspended sediment, Atlantic, Brazil Continental Shelf; Brazil, Amazon River; 08058. sediment transport, eddy, continental margin, ocean current, continental shelf, USA, California; 02890.

sediment pollution

PCB, PCDD, soil contamination, Czech Republic, Elbe River; Slovakia, Danube River; 11996. sludge, pollution, heavy metal, geochemical mapping, Baltic Sea; Poland, Gdansk Harbour; 12016. water quality, flood prevention, redox potential, remobilisation, pollution, Russian Federation, Lake Ladoga; Gulf of Finland, Neva River; 12009.

sediment profile

REMOTS technology, monitoring, dumping, contamination, North Sea, Dutch Coast; 00467.

sediment quality

bioavailability, redox potential, contaminated sediment, pH, heavy metal, Germany, Hamburg; 09395. contamination, marine disposal, dredging, reclamation, sediment management, Hong Kong, Victoria Harbour; 00463. interstitial water, fish, toxicity, trace metal, USA, New Jersey, Newark Bay; 12007. mass balance modeling, hexachlorobenzene, contamination, estuary, effluent, USA; 09369. PAH, sewage, toxicity, contamination, Canada, British Columbia, Victoria; 09401. partitioning, contaminant, uncertainty analysis, Monte Carlo simulation, 10676. surface water quality, canal, sewer, polder, Netherlands, Amsterdam; 01995. suspended matter, micropollutant, Rhine Action Programme, Netherlands, Meuse River; Rhine River; 14442. temporal variability, spatial variability, management, dredged sediment, water quality, Germany; 10710.

Sediment Quality Triad

anthropogenic impact, pollution, drilling, toxicity, North Sea; 00466. toxicity, multivariate statistics, contaminant, 09257.

sediment record

pollutant, fly ash, lake sediment, sulphur, UK, Scotland; 08082. turbidity current, reflected flow, density current, 14347. vegetation change, marine transgression, pollen, archaeological data, radiocarbon dating, pollen, USA, Massachusetts, Boston, Boylston Street Fishweir; 10474.

sediment reduction

erosion control, stormwater management, water quality management, USA, Florida, St. Johns River; 11097. vegetated filter strip, runoff chemistry, filter strip, 06937.

sediment regime

impoundment, benthos, bed armouring, river regulation, 12222. river regulation, river restoration, transport capacity, 00657.

sediment remediation

fish, contaminated sediment, PCB, dredging, landfill, Sweden, Eman River, Lake Jarnsjon; 09382.

sediment remediation technique

contaminated sediment, storage, flocculant, dredging, particle size separation, Netherlands; 09407.

sediment resuspension

lake, suspended sediment, resuspension concentration, particle size data, particle settling velocity, bottom erosion, North America, Great Lakes, St. Clair Lake; 00665.

sediment retention

macrophyte, plant root, particulate matter, Eichhornia crassipes, floodplain, Argentina, Parana River; 11897. nutrient retention, raised bed cultivation, water quality, agricultural water management, Bolivia, Andes Mountains, Lake Titicaca Basin, Titwanaku; 02095.

sediment sampler

clay, wind erosion, wind tunnel, particle size, 02871.

sediment sampling

freezing, in situ sampling, 07938.

sediment size

gravel, riffle/pool sequence, bed sediment, particle queuing, pool sediment, UK, England, Exmoor; 02896. relict sediment, palaeodrainage, factor analysis, beach sediment, USA, North Carolina, Currituck Spit; 13186.

sediment size reduction

sediment transport, abrasion, bedform, turbulence, sorting, UK, England, Lancashire, Langden Brook; 05361.

sediment sorting

bedload transport, sediment transport, flume model, channel migration, braided river, 05357.

sediment source

beach, wind speed, USA, New Jersey, Delaware Bay; 05367. environmental magnetism, sediment tracing, Australia; 09605. river discharge, suspended sediment, particle size distribution, Japan, Hokkaido; 14621. till, element, relict sediment, clay, bathymetry, Arctic Ocean, Kane Basin; 09330. underground river, radionuclide, sedimentation, Australia, New South Wales, Jenolan Caves; 01952.

sediment stability

sediment/water interface, Salem Limestone, Mississippian, fossil, USA, Indiana; 04216.

sediment storage

alluviation, fluvial deposition, sequence stratigraphy, floodplain, 01599. reservoir, sedimentation, drainage basin, arid catchment, Israel, Negev Desert, Nahal Yael; 04158.

sediment structure

Office of Naval Research, benthic boundary layer, mine, seafloor property, USA; 14453.

sediment supply

alluvial plain, Holocene, sandur, braided river, runoff, Iceland, Solheimasandur; Skeidarsandur; 03013. ancient deposit, aeolian process, dune structure, bedform mobility, 00386. coal, peat, ash, delta, Malaysia, Sarawak; 08052. fetch, bar/trough system, coast, storm, Mediterranean Sea, Ebro Delta; Spain, Ebro Delta; 07975. grain size, delta, shoreline, tidal range, 02974. grain size, saturated sediment, transport limited, supply limited, river morphology, 00103. jokulhlau, lithofacies, glacial outwash, sandur, runoff, Iceland; 00293. Kazusa Group, Pleistocene, forearc basin, volcanic ash, terrigenous sediment, Japan, Boso Peninsula; 08062. microbial activity, basin, tectonics, climate, diagenetic process, 01584. mining, braided river, gravel, Holocene, flood, UK; 04239. mountain river, roughness, flow, hydrograph, 00355. progradation, flood, transgression, estuary, South Africa, Mgeni Estuary; 05376. Quaternary, turbidity current, deep sea fan, seismic profile, sand layer, Mediterranean Sea, Var Canyon; Var Sedimentary Ridge; 02996. reef growth, shelf, Pleistocene, seismic sequence, Coral Sea, Great Barrier Reef; 09349. reworking, morphostratigraphy, barrier, transgression, sea level, Canada, Nova Scotia; 02981. sea level, ice foot, berm, subarctic, emerging coastline, foredune development, Canada, Hudson Bay; 11659. sea level, transgression, subsidence, eustacy, regression, 00399. sequence stratigraphy, Holocene, shoreline, delta, sea level, USA, Mississippi Delta Plain; 02975. shelf, storm deposit, shoreface, USA, Texas Shelf; Gulf of Mexico; 14417. tidal current, discharge, estuary, bedform, dune, France, Gironde Estuary; 05378. tidal regime, climate, sea level, salt marsh, UK; 00124. topographic survey, barrier island, beach erosion, wave attack, erosional pattern, meteorological influence, USA, Louisiana, Isle Dernieres; 00117. turbidite, tempeste, Milankovitch cycle, sea level change, 01613.

sediment temperature

groundwater inflow, streamflow, seepage, water temperature, surface water-groundwater interaction, USA, Indiana, Juday Creek; 01925.

sediment texture

archaeology, aerial signature, vegetation, 06260.

sediment thickness

fault throw, sedimentary basin, DTM, Spain, Ebro Basin; 11491. stratigraphy, radiocarbon date, loess, basin evolution, USA, Nebraska, Clay County, Rainbasin; 14162.

sediment tracing

sediment source, environmental magnetism, Australia; 09605.

sediment transfer

river basin, suspended load, proglacial stream, glacioluvial environment, India, Himalayas, Alknanda Basin; 05364.

sediment transport

abrasion, bedform, turbulence, sorting, sediment size reduction, UK, England, Lancashire, Langden Brook; 05361. agricultural pollutant, particulate phosphorus, runoff water quality, phosphorus, Canada, Ontario, Nissouri Creek; 07024. alluvial catchment, river water quality, bank filtration, groundwater quality, hydrological cycle, 13469. alluvial resistance, transition zone, flow regime, bedform, 03231. arid zone, soil erosion, runoff, drainage basin, model, 05461. bank erosion, forest stream, debris removal, bedload transport, woody debris, 03224. basin model, caesium-137, transport dynamics, Italy, Tuscany, Appennines; 06958. beach erosion, sand supply, littoral drift, Japan, Rukushima Prefecture; Miyagi Prefecture; 14158. beach process, tracer, swash, turbulence, USA, New York, Fire Island; 13271. beach, dune, tidal flat, grain size, sand, Germany, Sylt; 01590. bed material, Van Rijn function, Engelund-Hansen equation, Ackers-White formula, suspended sediment, China, Yellow River; 00655. bedform, channel regime, turbulence, river mechanics, channel flow, 03223. bedform, shore-

face, Netherlands, Dutch Coast; 14346. bedload transport, grain morphometry, bedform, mountain stream, particle shape, Germany, Bavaria, Lainbach River; 01947. bottom shear stress, cohesive sediment, mud, USA, Chesapeake Bay; 02886. boundary layer, tidal current, vortex, Japan, Neko Seto Sea; 09270. braided river deposit, palaeochannel, channel geometry, 04155. channel constriction, bank erosion, riparian vegetation, river regulation, USA, California, Yosemite National Park, Yosemite Valley, Merced River; 14622. channel cross section, cohesive sediment, erosion rate, 13285. channel flow, channel bottom, saltation, 09604. channel flow, tractive force, critical velocity, particle size, stream power, erosion, 12220. channel hydraulics, river model, siltation, weir, UK, England, Yorkshire, Wakefield, Calder River; Dewsbury, Batley Beck-Howley Beck; UK, England, Yorkshire, Keighley, Worth River; 10927. climate, sedimentation, bedload, desert environment, Quaternary, Israel; 04156. coast, longshore current, surf zone, current variability, India, Maharashtra Coast; 01594. coastal erosion, engineering, India, Goa; Karnataka; 14328. coastal evolution, depth average model, coastal area modelling, 07754. cohesion, silt, erosion, mud, rheology, 09267. confluence, sedimentation, channel network, bedload, scour, 04237. contaminant transport, digital terrain analysis, data analysis, hydrological response, channel network, 00629. contaminant, reservoir, caesium, environmental assessment, USA, Tennessee, Clinch River/Watts Bar Reservoir; 09370. correlation analysis, sediment yield, rainfall classification, spatial distribution, 08272. delta, landscape development, river/lake system, Switzerland, Reuss River; 12367. dumpsite, storm, continental shelf, resuspension, sewage sludge, bottom current, USA, New Jersey, New York Bight; 14458. dune migration, channel, flow regime, discharge, USA, Nebraska, Calamus River; 00364. eddy, continental margin, ocean current, continental shelf, sediment plume, USA, California; 02890. effective discharge, geomorphology, magnitude-frequency analysis, USA; 07954. entrainment, turbulence, bed roughness, open channel flow, gravel bed channel, 10943. environmental pollution, polar geography, global pollution, Arctic; Antarctica; 09067. ephemeral channel, channel slope, clast, bed step, Israel, Negev Desert, Nahal Yael; 11658. erosion control, bank stabilisation, vegetation, channel profile, USA, Illinois, Woodford County, Richland Creek; 10926. erosion, overland flow, runoff, mass movement, soil loss, Philippines; 05372. erosion, river water chemistry, atmospheric dust, geochemistry, surface water chemistry, Guinea, Fouta Djallon; 05732. erosion, sediment yield, soil erosion, drainage basin, reservoir, 04279. erosion, vegetation, microtopography, soil, slope process, Spain, Filabres Range; 13162. estuary, tidal channel, navigation, bedload, sand wave, China, Changjiang Estuary; 09393. estuary, turbidity maximum, estuarine circulation, freshwater-saltwater interface, sediment concentration, UK, Devon, Tamar Estuary; 00675. faulting, placer, lateritisation, transgression, heavy mineral, India, Kerala; 02898. fjord, contaminant, trend analysis, fishery, Canada, British Columbia, Howe Sound; 04291. flocculation, bacteria, suspended sediment, Canada; 13163. flood, clay, pollution, water quality, entrainment, USA, Ohio; Great Lakes, Lake Erie, Sandusky Bay; 08071. flow structure, complex bed, topography, bouldery stream, channel flow, 03228. flow velocity, Froude number, open channel flow, bank deformation, 10928. fluid flow, turbulent flow, Bagnold, R., 05338. flume experiment, sediment control, erosion, check dam, planning, Japan, Honshu, Japan Alps, Higashigochi Basin; 05363. flume model, channel migration, braided river, sediment sorting, bedload transport, 05357. fluvial facies, alluvial stratigraphy, geomorphology, basin analysis, 14314. forestry, radionuclide activity, radiocaesium, UK, Wales, Powys, Plynlimon; 10923. freshwater-saltwater interface, turbidity maximum, estuary, salinity, suspended particulate matter, UK, England, Devon, Tamar Estuary; 01979. grain shape, grain size, sorting, abrasion, alluvial sediment, UK, Wales, Severn River; Dyfi River; 14336. grain size, beach profile, Spain, Santander, El Puntal Spit; 14345. grain size, flume, bedload, 04138. grain size, Palaeoproterozoic, Kolhan siliciclastics, India, Orissa, Keonjhar District; 10596. grain velocity, laboratory experiment, overland flow, soil erosion, 02881. heavy mineral, sorting, beach, shoreline erosion, texture, Egypt, Nile Delta, Burullus Coast; 02889. Holocene, sedimentation, palaeoenvironment, North Sea, Skagerrak; 00306. hydraulic geometry, fluvial architecture, braiding, 14438. hydraulic structure, open channel flow, turbulence, 08352. infragravity wave, surf zone, wind, storm, suspended sediment, Canada, Prince Edward Island, Stanhope Lane Beach; 11887. laboratory technique, monitoring, roughness, instrumentation, turbulence, 05355. lake bed, coastal process, storm wave, bathymetry, USA, Illinois, Beach State Park; 14404. littoral drift, coastal erosion, Landsat TM, remote sensing, landform, India; 01595. marine environment, filtering technique, grain sorting, distribution skewness, grain size, UK, England, Hampshire, Christchurch Bay; France, Rhone Delta; 09249. marine snow, flocc, video system, settling, cohesive sediment, Netherlands, Ems Estuary; 06668. meander, flow pattern, bed topography, shear stress, channel, 06727. meander, flow pattern, bedform, Denmark, Jutland, Gels A River; 14321. Miocene, precession, periodicity, laminite, turbidite, submarine fan, Greece, Gavdos; 04182. modelling, cycling, contaminated sediment, resuspension, sedimentation, Netherlands, Rhine Delta, Lake Ketel; 09371. modelling, sandbank, English Channel, Dover Strait; 11888. modelling, sheet flow, suspended load, marine environment, bedload, 06771. morphodynamics, sediment budget, beach dune system, coastal dune, 06464. mud erosion, cohesive sediment, suspension, porewater, 06659. non tidal circulation, lake water process, transparency, North America, Great Lakes, Lake Michigan, Green Bay; 05693. O'Brien method, current speed, tidal inlet, UK, England, Hampshire, Langstone Harbour; China, Hainan, Yangpu Harbour; 10576. open channel flow, flume simulation, sedimentation, eddy, channel expansion, USA, Grand Canyon, Colorado River; 05684. overbank sediment, alluvium, channel, grain size, 13167. overland flow, erosion, nutrient, catchment, SHE model, Denmark, Syv Brook; 05362. oxygen uptake, dispersion, bedform, dune, New Zealand, North Island, Tarawera River; 00380. particle size, shear stress, flume experiment, channel dynamics, 06654. planform pattern, channel evolution, braided river, bedform, bank erosion, Bangladesh, Brahmaputra River; 10922. proglacial zone, energetics, sediment budget, storage, Switzerland, Val d'Herens, Bas Glacier d'Arolla; 01587. quartzite, flood, clast, redeposition, heavy mineral, tracer dispersal, South Africa, Cape Province, Swartkops River; 01740. rainfall simulation, lysimeter, soil loss equation, 09550. rainfall simulation, rainfall intensity, 04422. reservoir failure, flash flood, catchment characteristics, monsoon, soil moisture, flood

hydrograph, India, Gujarat, Luni River; 00633. resuspension, continental margin, suspended matter, submarine canyon, nepheloid layer, Mediterranean Sea, Golfe du Lion, Grand-Rhone Canyon; 10579. resuspension, deposition, dead zone, river, UK, England, Shropshire, Severn River; 04446. resuspension, nepheloid layer, bottom sediment, accumulation rate, North Sea, Skagerrak; 00301. Reynolds number, gravel, flume experiment, sand, shear stress, 05359. river channel, loess soil, suspended sediment, meander formation, China, Loess Plateau; 10933. scale effect, runoff water quality, streamwater quality, nutrient transport, phosphorus, USA, New Mexico; 07011. sedimentation, basin analysis, education, 14315. settling velocity, turbulence, particle size, flume, 04271. sewer, design criteria, deposition, 01945. sewer, pollutant, 13292. shoreface, surf zone, continental shelf, longshore current, Beaufort Sea, Tibjak Beach; Kugmallit Bay; 01591. shoreline, tracer, airport, beach sediment, Singapore, Changi; 00297. silt, clay, delta, crevasse, lamination, overbank deposit, China, Yellow River Delta; 13176. simulation, coast, salt marsh, sedimentation rate, Germany, North Sea Coast; 00127. slumping, transponder, Loma Prieta earthquake, turbidity current, Pacific, Monterey Submarine Canyon; 10578. solute transport, sediment budget, Canada, British Columbia, Lillooet River Basin; 09613. storm, STRESS experiment, continental shelf, resuspension, wind forcing, USA, California; 14331. STRESS experiment, laser, particle size, optical transmissometry, USA, California; 14304. subglacial sediment, clast form, grain shape, Norway, Jotunheimen, Storbreen; 14316. surf zone, bar formation, wave group, longwave, beach, 10373. surf zone, coastal process, wave basin, 01725. suspended sediment, estuary, hydrodynamic modelling, deposition, grain size, Canada, British Columbia, Howe Sound; Squamish River; 01974. suspended sediment, turbulence, finite element method, 01726. suspension, acoustic backscatter sensor, wavelength analysis, Reynolds number, bedform, 10552. suspension, grain size distribution, settling, 11983. terrigenous supply, seafloor, textural parameter, Italy, Marche; 01710. thorium-230, radionuclide, settling, bottom current, residence time, Norwegian Sea; Greenland Sea; 07960. tidal channel, coarse sediment, current, estuary, Netherlands, Ems Estuary; 06656. tidal current, sandbank, bedform, 10665. tidal flat, cohesive sediment, reworking, shear stress, Brazil, Amazon River; 13164. tidal flow model, tidal current, modelling, Atlantic, English Channel, Dover Strait; 11987. tidal range, fine sediment, estuary, turbidity, UK, England, Tamar Estuary; 08050. transport rate, saltation, turbulence, wind tunnel, sand, 05454. turbidity, suspended sediment, Malawi, Lake Malawi; 04248. turbulence, bedform, open channel flow, 10940. turbulence, mean flow, bedform instability, bed geometry, fluid dynamics, open channel flow, 12223. turbulence, open channel flow, channel confluence, shear layer, velocity differential, 10944. viscosity, suspended clay, drag reduction, shear stress, boundary layer, 05368. water diversion, sedimentation, sediment control, control structure, 01941. watershed model, Water Erosion Prediction Project, interrill flow, hillslope, 13439. wave action, sand ripple, bottom shear stress, 06664.

sediment trap

biogeochemical cycle, degradation, fatty acid, sinking material, Atlantic, (Northeast); 09254. biogeochemistry, particle collection, Atlantic, Sargasso Sea; 14306. continental shelf, aluminium, continental slope, river input, aeolian transport, Pacific, Japan Trench; 02892. diatom, upwelling, trade wind, opal, seasonal cycle, Atlantic, Guinea Basin; 14414. ocean surface, dust, trace element flux, subtropical water, Africa, Sahara; Atlantic; 00892. organic carbon, upwelling, primary production, pigment, Mauritania, Mauritania Shelf, Banc d'Arguin; 01706. organic matter, seawater, phytoplankton, water column, poison, 02870. organism, cycling, sinking, USA, Washington, Dabob Bay; 10568. PAH, water column, cycling, organic matter, Mediterranean Sea, Ligurian Sea; 03046. particle flux, upwelling, opal, carbonate, monsoon, Arabian Sea; 00440. particle flux, zooplankton artifact, water column, organic matter, poison, 02869. remote sensing, Pleistocene, climate change, ENSO, varve formation, Gulf of California; 11914. stratification, wind energy, resuspension, sedimentation rate, North Sea, Kattegat, Aarhus Bay; Baltic Sea; 01611.

sediment trap study

radionuclide, seasonal change, terrigenous input, seafloor, continental shelf, USA, California, Southern California Bight, San Pedro Basin; 08057. temporal variability, upwelling, accumulation rate, primary production, seafloor flux, USA, California, Southern California Bight, San Pedro Basin; 07959.

sediment turnover

resuspension, bioturbation, Callianassidae, 04215.

sediment/water flux

oxidation, manganese, redox cycling, Denmark, Aarhus Bay; 14399. phosphorus cycle, anoxia, eutrophication, seawater, 14384.

sediment/water interface

accumulation rate, decrease, surficial sediment, trace metal concentration, North Sea, Skagerrak; 08093. accumulation rate, trace metal, salt marsh sediment, trace metal, pollution, Netherlands, Scheldt Estuary; 03038. adsorption, organic matter, mineral grain, 06716. analytical method, organic carbon, porewater, Atlantic, (Northwest); 10566. biogeochemical process, continental slope, organic matter, Mediterranean Sea, Gulf of Lions; 04168. bioturbation, carbon, nitrogen, oxygen, phosphate, 10627. bioturbation, entrainment, infauna, resuspension, 04214. carbon budget, organic matter, sediment chemistry, photic layer, eutrophic zone, oxygen, Atlantic; 04221. carbon flux, metabolism, tropical lagoon, oxygen uptake, methanogenesis, Pacific; New Caledonia; 11943. carbonate compensation depth, abyssal hill, pelagic sediment, transport, seafloor, Atlantic, Mid Atlantic Ridge; 06774. carbonate, Holocene, ice volume, marine sediment, dissolution, Pacific; 01625. chlorophyll degradation, chlorophyll, phytoplankton, benthic process, USA, New York, Long Island Sound; 09316. continental shelf, oxygen, porewater, diffusivity, 00298. decomposition, freshwater sediment, anoxic sediment, radiotracer, diagenesis, 06700. deep sea sediment, macrobenthos, bioturbation, nepheloid layer, Pacific; 09364. diagenesis, copper, metal, deep sea sediment, trace element, Atlantic, Madeira Abyssal Plain; 03005. diagenesis, nodule, terrigenous source, clay mineralogy, ferromanganese, Indian Ocean, Central Indian Basin; 06770. euphotic zone, water column, modelling, JGOFS, 04270. flue, Port Hood Formation, mudstone, sediment intrusion, Carboniferous, Canada, Cape Breton Island; 13166. fossil, Carboniferous, lamination, Konservat-Lagerstätten Formation, USA; 04274. grain size, organic carbon, shelf sediment,

- continental shelf, North America, Continental Shelf; 09343. isotope pairing technique, denitrification, bioturbation, estuarine sediment, amphipod, 09314. isotope study, Eocene, oil shale, Australia, Queensland; 00352. macrobenthos, bioturbation, continental margin, modelling, Mediterranean Sea; Atlantic, (Northeast); 04276. manganese nodule, pumice, ash layer, tephra, Indian Ocean, Central Indian Basin; 08067. mass transport, flux, contaminant, 10630. nitrification, ammonium oxidation, nitrate reduction, anthropogenic impact, USA, Florida, Orlando, Lake Apopka; 05471. nitrification, eutrophication, Switzerland, Lake Sempach; 14313. organic carbon, resuspension, mass balance, USA, Lake Michigan, Green Bay; 10670. organic matter, estuarine sediment, oxygenation, phosphorus release, UK, England, Hampshire, Beaulieu River Estuary; 08089. oxygen uptake, nutrient recycling, radionuclide, deposition rate, North Sea; 05397. oxygen, nitrification, denitrification, microbial process, organic matter, 01653. partitioning, organic carbon, residence time, diatom, diagenesis, USA, Great Lakes, Lake Michigan; 01748. pH, alkalinity, foraminifera, dissolution, aragonite, USA, Long Island Sound; 00333. phosphorus, eutrophication, macrophyte, *Equisetum* fluviale, Finland, Lake Paajarvi; 09319. porewater, carbonate chemistry, pH, microelectrode, diagenesis, USA, California, San Diego Bay; 10603. primary production, bottom sediment, nutrient exchange, radionuclide, North Sea; 00346. reservoir, phosphorus, eutrophication, France, Loire River; Morocco; 14449. Salem Limestone, Mississippian, fossil, sediment stability, USA, Indiana; 04216. sedimentation, manganese, nodule, abyssal plain, submarine geomorphology, Indian Ocean, Central Indian Basin; 10598. SEM analysis, microbial mat, diatom, mudflat, biofilm, France, Bay of Bourgneuf; 08016. solute flux, concentration profile, dissolved iron, lake water quality, France, Puy-de-Dôme, Aydat Lake; 09674. sulphur, lake sediment, nutrient, organic matter, 09312. turbidity, nutrient, mesocosm, fish, 09326. turbulence, mass transfer, seafloor, roughness, 00424.
- sediment/water transfer**
mass balance model, heavy metal, lake water quality, QWASI model, contaminant fate, contaminant source, Canada, Ontario Lake, Hamilton Harbour; 10981.
- sediment wave**
deep sea fan, fan evolution, Messinian, canyon, turbidity current, Mediterranean Sea, Var Fan; 04262.
- sediment wedge**
lowland, continental shelf, Pleistocene, sequence stratigraphy, seismic profile, France, Rhone Delta; 13119.
- sediment yield**
alluvial storage, floodplain, sedimentation, soil erosion, USA, Minnesota; 11990. caesium-137, 09549. catchment area, tropical rainforest, forest, logging, Malaysia, Peninsular Malaysia, Main Range; 04282. catchment, gully, 03023. channel erosion, Morocco; 10877. cost effectiveness, ANSWERS, microtargeting programme, filter strip, USA, Indiana, Finley Creek; 03021. drought, humid tropics, regional hydrology, water resource, water quality, Africa; 08465. evapotranspiration, water yield, deforestation, soil erosion, Malaysia, Sabah, Ulu Segama; 08436. fire, runoff, erosion, forest soil, prescribed burning, Spain, Alicante; 01359. forest fire, burning, France, Massif des Maures; 10882. glacial erosion, meltwater, turbidity, Switzerland, Bas Glacier d'Arolla; 14322. gully erosion, mine spoil, runoff, suspended sediment, USA, Indiana; 14459. hillslope, AGNPS model, reservoir sedimentation, Taiwan, Tsengwen Reservoir Watershed; 08249. hillslope, caesium-137, Poland, Carpathians, Homerka Catchment; 08238. Holocene, mud, erosion, soil erosion, pebble, South Africa, Cape Province, Algoa Bay; Sundays River; South Africa, Cape Province, Swartkops River; 01701. irrigation, USA, (Northwest); 09552. lake sediment, glacier fed lake, deposition rate, varve deposition, Canada, British Columbia, Cordillera; 14252. land use change, lake sediment, caesium-137, UK, England, Avon, Corston Brook; 08239. land use, gully erosion, pollution, soil erosion, loess, 01739. land use, landslide, soil slip, modelling, Indonesia, Sumatra, Komering River Basin; 09128. mine spoil, soil reconstruction, mine spoil, soil erodibility, runoff, USA, Kentucky, Ohio County, Alston Surface Mine; 06930. paraglacial, relaxation time, soil erosion, contemporary erosion, agricultural area, Canada; 01376. precipitation, incision, fluvial morphodynamics, wooded watershed, Germany, Odenwald; Taunus; 10368. PRORIL, rill erosion model, rill network, soil erosion model, 14588. rainfall classification, spatial distribution, sediment transport, correlation analysis, 08272. rainfall intensity, rill erosion, overland flow, UK, Scotland, Angus; 06933. rainfall simulation, soil erosion control system, runoff, 06935. rainfall simulation, soil erosion control system, runoff, 06936. rainsplash, seasonal variation, vegetation cover, soil erosion, erosion rate, Tanzania; 04281. regional soil erosion system, China, Sichuan; 09565. reservoir, river basin, sedimentation, Egypt; Sudan; Ethiopia; 05475. riffle, logging, fine sediment, storm, valley floor, Australia, Tasmania, Dazzler Range; 04283. sampling, erosion, storm runoff, USA, Arizona, Walnut Gulch; 04139. seasonal variation, suspended sediment, sediment inflow, snowmelt, Baltic Sea; 00642. seed bed preparation, soil structure, infiltration, runoff, 08226. semiarid soil, cryptogam cover, splash detachment, rainfall simulation, Australia; 14590. semiarid, watershed, mapping, water erosion, Morocco, Settat, Oued Aricha; 15140. sloping field, runoff, tillage, crop rotation, 09555. snowmelt, runoff, semiarid environment, scour and fill, drainage network, USA, Colorado, Alkali Creek; 14320. soil conservation, thalweg, Germany, Kraichgau; 08250. soil degradation, hydrological regime, reservoir sedimentation, Brazil; 08246. soil erosion control, China, Hubei; 09566. soil erosion rate, USLE, Ecuador, Rio Paute; South America, Andes; 06931. soil erosion, drainage basin, reservoir, sediment transport, erosion, 04279. soil erosion, rock fragment cover, roughness, overland flow, turbulence, 09372. soil loss, ANSWERS, runoff model, spatial modelling, UK, Devon, Yendacott; Netherlands, South Limburg, Etzenrade; Netherlands, South Limburg, Catsop; 00651. spatial distribution, suspended sediment, sedimentation process, potential erosion, sediment inflow, Baltic Sea; 00641. stream sediment, sedimentation, fluvial sediment, land use, USA, North Carolina; 05413. suspended sediment, sediment concentration, permafrost, snowmelt runoff, subarctic stream, USA, Alaska, Yukon-Tana Uplands, Glenn Creek; 04550. tension crack, river bank stability, failure, land loss, bank erosion, 11986. topography, sheet wash, slope angle, China, Shaanxi; 10885. uplift, foreland basin, facies analysis, sedimentation, drainage, Argentina, Bermejo; 13255. Water Erosion Prediction Project, runoff, slope, soil erosion prediction, 12172. water resource management, anthropogenic impact, hydrology, warm humid region, river discharge, runoff, China, Liaoning Province; 08442. watershed model, AGNPS, Taiwan, Shihmen Reservoir; 13446.
- sedimentary basin**
damage, valley effect, ground motion, earthquake, surface movement, Armenia, Kirovakan; 11692. diagenesis, subsidence, fluid flow, uplift, 13288. DTM, sediment thickness, fault throw, Spain, Ebro Basin; 11491. fluid density, palaeohydrology, groundwater flow, USA, Texas, Palo Duro Basin; 12307. GIS, basin analysis, oil, gas, USA, Colorado, San Juan Basin; New Mexico, San Juan Basin; 02493. quartz, cementation, reservoir sand, oxygen isotope, North Sea; 13224. stylolite, diagenesis, zoning pattern, mineralization, 01621. three dimensional, DTM, France, Soria Province, Ebro Basin; Ebro; 12787. Wilcox Group, Frio Formation, porosity, pore fluid, diagenesis, USA; 13208.
- sedimentary contaminant**
PAH, PCB, organism, DDT, environmental assessment, USA, Maine, Casco Bay; 06799.
- sedimentary cycle**
crater, breccia, climate control, palaeoenvironment, South Africa, Pretoria, Pretoria Saltpan; 05423. Kapp Duner Formation, Palaeoaplysina, sea level, Permian, diagenesis, porosity, Barents Sea, Bjornoya; 13206. Pleistocene/Holocene, climate forcing, carbonate/siliciclastic sediment, sedimentation rate, orbital forcing, Coral Sea, Great Barrier Reef; 10450.
- sedimentary environment**
beryllium-10, environmental change, climate change, biogeochemical flux, Atlantic, Frame Strait; Norwegian Sea; 14237. cirque, moraine, field guide, Quaternary, Devensian, UK, England, Cumbria; 12964. coastal deposit, sea level change, palaeoenvironment, diatom, Holocene, Netherlands, North Holland; 14289. loess, paleosol, quartz, Osaka Group, Sandy Loess, grain size distribution, China, Loess Plateau; Japan; 06583. sedimentation rate, Laurentide Ice Sheet, depocentre, detrital carbonate, Canada, Baffin Shelf; Labrador Sea; 14230. tide water glacier, reworking, estuary, Devensian (late), Holocene, UK, Wales, Barmouth Bay; 10380.
- sedimentary evolution**
continental embayment, transgression, postglacial, episodic, sea level rise, Australia, Queensland, Great Barrier Reef, Cleveland Bay; 00273.
- sedimentary facies**
Holocene, beach rock, coast, storm, China, Zhejiang Province; 06714. karst, cave, topographical survey, structural geomorphology, Belgium, Namur; 13011.
- sedimentary filling**
loess, fossil soil, interglacial, Czech Republic, Moravia, Holstejn; 10481.
- sedimentary history**
Saalian, Eemian, Weichselian, Holocene, Quaternary, review, North Sea, Kattegat; 07856.
- sedimentary mechanism**
tectonic structure, seismic survey, gravity slide, turbidity current, diapir, France, Mediterranean Coast; 00181.
- sedimentary organic carbon**
organic carbon burial, carbon isotope, accumulation rate, terrigenous input, marine sediment, Gulf of Mexico, Pigmy Basin; 00049.
- sedimentary oxygen demand**
climate change, dissolved oxygen, stratification, lake water chemistry, USA; 13485.
- sedimentary process**
lead-210, caesium-137, episodic deposition, immobile element, time series, USA, Alaska, Skan Bay; 10501.
- sedimentary record**
ocean deepening, Quaternary (late), sediment core, seamount, sea level fluctuation, Guinea; Atlantic; 02754. palaeoflood, slackwater deposit, Holocene, Australia, Western Australia, Margaret River; Fitzroy River; 12947. till, gravel, diamicton, Quaternary, Germany, Rugen; 06671.
- sedimentary rhythm**
Nakayama Formation, burrow, mudstone, laminae, Neogene, Japan, Honshu, Sado Island, Oosado Mountains; 05445.
- sedimentary sequence**
Holocene, Mesolithic, pollen, chalk grassland, palaeoecology, anthropogenic impact, UK, England, Yorkshire, Wolds, Willow Garth; 00244. Olduvai Subchron, transgressive bed, delta, Holocene transgression, palaeogeography, 09159.
- sedimentary structure**
basin fill, turbidite, Albian, faulting, Deba Formation, Europe, Iberia, Basque-Cantabrian Basin; 14419. beach, Cuddapah Supergroup, grain size, India, Tirumala; 13188. bounding surface, sandstone, Rough Rock, Carboniferous, UK, England; 04244. braidplain, rift basin, Proterozoic, Sao Joao da Chapada Formation, Brazil, Serra do Espinhaço; 10589. carbonate, diagenesis, phosphorite, Proterozoic, Una Group, Brazil, Bahia, Irece Basin; 14351. carbonate, proterozoic, slump, evaporite, India, Maharashtra, Penganga River, Mangurda; 13280. collapse, detritus, seismite, Miocene, Spain, Betic Cordillera, Alicante; 09260. cyclic sedimentation, Great Limestone Cyclothem, Carboniferous, palaeoecurrent, shoreline, UK, England, Stainmore; 14413. delta, coal, Permian, German Creek Formation, Australia, Queensland; 13177. dip angle, well, aeolian dune, orientation, Rotliegendes Group, North Sea; 02863. embedding, thin section, lake sediment, 14303. glacial process, frontal moraine, Poland, Obkaj; 14282. glaciotectionic deformation, diamicton, subglacial meltwater, subglacial process, drumlin, Ireland, County Galway, Kanrawer; 14340. gravel, sand, longitudinal profile, channel slope, Japan, Honshu, Watarase River; 14339. Holocene, climate, coastline, wind speed, hurricane, USA, Alabama, Lake Shelby; 02961. Kimmeridge Clay Formation, mudstone, oil shale, lithofacies analysis, UK, England; 08014. lamination, braided river, sedimentation, scour, stratification, Bangladesh, Brahmaputra River; 04171. Millolite Formation, calcarenite, Quaternary, ball and pillow structure, India, Gujarat, Saurashtra; 09278. palaeoecurrent, penplanation, tectonic geomorphology, India, Shillong Plateau; 12984. Paleocene, Fort Union Formation, Tullock Member, channel deposit, overbank deposit, USA, Montana, Powder River Basin; Wyoming, Powder River Basin; 00362. Pennsylvanian (Upper), Tonganoxie Sandstone, rhythmite, floodplain, sedimentation, USA, Kansas, Ottawa; 04177. Permian, Karoo Sequence, channel sandstone, cross stratification, South Africa, Transvaal; 00374. Quaternary, submarine relief, sedimentation, bottom current, reworking, Baltic Sea; Finland, Gulf of

- Finland; 11901. scour and fill, facies analysis, confluence, bedform, India, Brahmaputra River; 14402. sea level, Cretaceous, shelf sedimentation, epeiric seaway, storm, 10600. Tertiary, carbonate bank, sea level, atoll, Indian Ocean, Maldives; 04184. Tithonian, Berriasian, manganese, isotope, limestone, France, Alpes de Haute-Provence; Ardeche; 01680. transgression, palaeovalley, gravel, Quaternary, alluvial fan, Greece, Crete, Lefka Ori; 13178. tsunami, earthquake, sand, flooding, Japan, Sanriku Coast; 08066. varved sediment, water column, stratification, seston, resuspension, USA, Minnesota, Clearwater County, Elk Lake; 01601. void ratio, numerical analysis, consolidation, finite element method, 06772. water management, land use effect, erosion, population, agriculture, forestry, 08474. water quality, bioturbation, lake sediment, partitioning, adsorption, 10683. wind forcing, meltwater, resuspension, fjord, hydrography, Antarctica, South Shetlands, King George Island, Potter Cove; 13269.
- sedimentation basin**
- flow characteristics, flocculation, mixing, radial flow basin, 00663.
- sedimentation control**
- bay geometry, bottom sediment, ice rafted sediment, fjord, circulation pattern, Antarctica, Antarctic Peninsula; Atlantic, South Shetland Islands; 02901.
- sedimentation/erosion table**
- elevation change, wetlands, sedimentation rate, sea level rise, USA, Louisiana; Georgia; 01578.

sedimentation pattern

clay mineral, pollutant, organic matter, grain size, Adriatic Sea; 00464. tidal current, Japan, Tokyo Bay; 09279.

sedimentation process

potential erosion, sediment inflow, sediment yield, spatial distribution, suspended sediment, Baltic Sea; 00641.

sedimentation profile

aeolian deposition, dust, wind tunnel, Israel, Negev Desert; 00303.

sedimentation rate

abyssal plain, terrigenous material, island arc, volcanoclastics, Pacific, (Northwest); 10629. alluvial fan, climate change, nonglacial lake, gelification, meltwater, Canada, Northwest Territories, Axel Heiberg Island, Colour Lake; 06739. anoxia, eutrophication, historical data, palaeoecological indicator, estuary, USA, Chesapeake Bay; 12262. Bayesian approach, carbon-14, USA, California, San Andreas Fault; 09134. Caesium-137, fallout, nuclear weapon testing, elevation, USA, Utah; Nevada Test Site; 12000. Caesium-137, lake sediment, Sweden, Krageholmsjon Lake; 13291. caesium-137, river sediment, organic carbon, trace element, USA, Lake Michigan, Grand Calumet River; 10677. calcareous nannofossil, biostratigraphy, ODP Leg 131, nannofossil event, Pliocene/Pleistocene boundary, Pacific, Nankai Trough; 00191. coal, roof facies, Carboniferous, rhythmite, USA, (Eastern); 09334. continental margin, continental shelf, collision, tracer, beryllium-10, Taiwan, Taiwan Strait; 01618. deep circulation, carbonate deposition, ice rafting, Heinrich event, isotope stratigraphy, Labrador Sea; 14229. erosion, coastline, bedload, reservoir, Italy, Basilicata, Sinni River, Mt. Cotugno Reservoir; 04289. erosion, grazing, lake sediment, environmental change, USA, Montana, Yellowstone National Park; 14448. fjord, faecal pellet, vertical flux, plankton, Norway, Bjornafjorden; 09339. gamma counting, radium-226, palaeolimnology, lead-210, caesium-137, 14307. geomorphology, neotectonic activity, megafan, soil development, India, Ganges Plain, Gandak Megafan; 10403. glacial/interglacial episode, magnetic study, lake sediment, Quaternary, magnetite dissolution, Sweden, Karsa Valley; 05342. isotope ratio, foraminifera, Oligocene, Miocene, seawater, Pacific; 00427. Jaramillo Normal Subchron, Brunhes/Matuyama boundary, argon dating, 10422. lake, erosion, lead-210, radon-226, India, Himalayas, Kumaun Himalaya, Nainital; 10693. Laurentide Ice Sheet, depocentre, detrital carbonate, sedimentary environment, Canada, Baffin Shelf; Labrador Sea; 14230. lead-210, bottom sediment, varve chronology, lake, Poland, Lake Goszcz; 08084. lead-210, caesium-137, data reliability, geochronology, Switzerland; 06539. Little Ice Age, Medieval Warm Period, bottom current, climate history, North Sea, Skagerrak; 03005. mass movement, Pliocene/Pleistocene, submarine slide, continental margin, hemipelagic sediment, Barents Sea, Bear Island Trough Mouth Fan; 06757. opal flux, carbonate flux, terrigenous material, seafloor, glacial/interglacial change, Indian Ocean; Southern Ocean; 06561. orbital forcing, sedimentary cycle, Pleistocene/Holocene, climate forcing, carbonate/siliciclastic sediment, Coral Sea, Great Barrier Reef; 10450. organic carbon, continental shelf, continental slope, adsorption, 13237. organic matter, palaeoproductivity, palaeoclimate, evaporite, Mulhouse Basin, France, Alsace, Mulhouse; 05406. oxygen isotope stratigraphy, diatom, productivity change, Quaternary, Pacific; 06565. palaeoecology, Holocene, mollusc, alluvium, Canada, Manitoba, Red River; 06729. palaeoenvironment, Roxana Silt, Wisconsinan loess, Laurentide Ice Sheet, USA, Upper Mississippi Valley; 09280. photic zone, sea level, carbonate bank, Pliocene, Australia, Queensland Continental Margin; 09353. physical geography, urbanisation, coastal geomorphology, rainforest, Asia, (Southeast); 11682. sea level rise, sedimentation/erosion table, elevation change, wetlands, USA, Louisiana; Georgia; 01578. sediment transport, simulation, coast, salt marsh, Germany, North Sea Coast; 00127. sediment trap, stratification, wind energy, resuspension, North Sea, Kattegat, Aarhus Bay; Baltic Sea; 01611. stratification, phosphorus, seasonal variation, bottom sediment, Poland, Lake Goszcz; 08041. sulphide, brine, micropalaeontology, Red Sea, Atlantis II Deep; 05453. terrigenous sediment, sea level, Pleistocene, continental shelf, transgression, Australia, Queensland Continental Margin, Site 820; 09348. turbidite, vitritine reflectance, accretionary prism, organic matter, Pacific, Shikoku Basin; Nankai Trough; 00417. uplift, Quaternary, provenance, drainage evolution, alluvial architecture, Spain, Sorbas Basin; 05415. weathering, anthropogenic activity, erosion rate, India, Mahanadi River; Bay of Bengal; 01685. Weichselian deglaciation, deposition, lodgement till, iceberg scour, Sweden, Skane, Kabusa; 00393.

sedimentation tank

sewer design, surface water quality, dissolved oxygen, heavy metal, combined sewer overflow, Netherlands; 01996.

sedimentation technique

disc centrifuge, particle size analysis, laser diffraction technique, 10551.

sedimentological balance

sedimentation, particle analysis, silt, loess, velocity settling method, Poland, West Pomerania, Klepicz; 01572.

sedimentological record

aeolian process, Vistulian, Plenivistulian, dune migration, sand abrasion, Poland; 00229.

sedimentology

barrage tufa, tufa, pollution, interglacial, Quaternary (late), UK, England, Derbyshire, River Wye; Lathkill Dale; 00152. basal ice flow, shear stress, morphology, drumlin, subglacial process, Poland, Chelmo-Dobryzn Lake-land; 14280. carbonate geochemistry, Greenhorn marine cycle, Cretaceous, concretion, Western Interior Seaway, USA, Iowa, Big Sioux River Valley; South Dakota, Big Sioux River Valley; 11927. clastic sediment, stratigraphy, Japan; 11867. dry valley, ice cover, palaeolimnology, Antarctica, McMurdo Dry Valleys; 14298. genetic factor, proglacial valley facies, palaeohydrologic analysis, lithofacies, Poland, Silesian Upland; 05304. Holocene sediment, glacial lake, Tyrrell Sea, scismostratigraphy, Canada, Quebec, Grande Riviere de la Baleine; Hudson Bay; 07853. Holocene, transgression, palaeoecological data, geomorphology, Spain, Galicia, Coruna, Ria de Ares, Seselle Lagoon; 07910. isotope geochemistry, Oligocene, Campine Basin, lacustrine deposit, carbonate, Spain, Catalan Coastal Ranges; 02962. lake level, palaeohydrology, palaeoclimate, rainfall, late glacial, Chile, Atacama Desert, Altiplano, Laguna Lejia; 14245. lithofacies complex, proglacial facies, palaeohydrologic analysis, proglacial valley, genetic factors, Poland, Silesian Upland; 00241. morphostructural analysis, bathy-

metric map, Pacific, Gulf of Tehuantepec; 06469. palaeoenvironmental change, Quaternary, oxygen isotope stratigraphy, mineral magnetism, Australia; 10446. pelagic clay, biogenic deposit, siliceous deposit, geochemistry, Pacific, (West); 01672. sandstone, porosity, Albanian, Barro Duro Formation, arkose, cement, Brazil, Maranhao, Barreirinhas Basin; 01639. Taung hominid, stratigraphic analysis, radioisotopic dating, South Africa, Cape Province, Tuang; 06548.

seed

nutlet, Holsteinian Interglacial, Alexandrian flora, exotic plant, Poland; Belarus; 11818.

seed bed

planting system, soil compaction, soil strength, 04384.

seed bed preparation

soil structure, infiltration, runoff, sediment yield, 08226.

seedling growth

leaching, nutrient availability, burning, scalping, peat soil, 13383.

seepage

braced excavation, soil-structure interaction, 03998. channel, sediment concentration, shear stress, 10640. check dam site, rainwater, India, Karnataka, Hassan District, Alur Taluk; 07630. floodplain lake, lake water quality, flood duration, phytoplankton development, water chemistry, eutrophication, Netherlands, Rhine River; Meuse River; 00715. groundwater flow, hydraulic conductivity, block conductivity, 02029. groundwater recharge, fissure flow, matrix flow, mountain tunnel, infiltration, Japan, Wakayama, Yura; 02025. hydraulic structure, mapping technique, conformation transformation, 14195. infiltration, unsaturated flow, clay soil, wetting front, heterogeneity, 02042. karst aquifer, spring, groundwater recharge, aquifer process, groundwater chemistry, France, Fontaine de Vaulcuse; 00752. mass wasting, coarse soil, stone fill, 05223. permeability, alluvial fan, topographical analysis, percolation, Japan, Akita Prefecture, Yokote Basin, Rokugo; 14699. radionuclide, geochronology, sediment focusing, Pb-210, acidification, USA, (Eastern); 10684. water temperature, surface water-groundwater interaction, sediment temperature, groundwater inflow, streamflow, USA, Indiana, Juday Creek; 01925.

seepage consolidation

settlement prediction, thawing base, cohesive soil, 11730.

seepage face

groundwater discharge, coastal water table, water table outcropping, Australia, Queensland; 13583.

seepage flow

spatially varied flow, rockfill embankment, overtopping, free surface flow, 12214.

seepage flux

lake recharge, pollutant tracer, groundwater seepage, Japan, Biwa Lake; 08355.

seepage lake

soft water lake, acidic deposition, lake water chemistry, alkalinity, acid neutralising capacity, USA, Wisconsin, Northern Highlands; Michigan, Upper Peninsula; 10985.

seepage loss

wadi bed, infiltration, groundwater recharge, channel transmission loss, arid zone, 02024.

seepage meter

measurement error, correction factor, groundwater seepage, 00729.

seepage path

surface water-groundwater interaction, contaminant transport, sodium chloride tracer, groundwater contamination, France, Ain River; 14729.

seepage problems

infinite element method, infinite media, transient seepage, groundwater flow, 02026.

seepage quantification

flow boundary, hillside, steady seepage, series solution, solute transport, 03993.

seepage resistance

hydraulic gradient, non Newtonian fluid, soil fluid flow, 02038.

seepage water

vegetation influence, canal, soil salinity, salt seepage, USA, California, Coachella Valley; 06866.

segment approximation

digital arc approximation, 04880.

segment puff model

sulphur dioxide, lead, cadmium, deposition, 03570.

segmentation

image processing, circular object, 06150. land use information system, land cover mapping, ecological modelling, image processing, GIS, UK, England, Dorset; 08896. texture, simulation, 06138. unlabeled data, subimage, 04871. unsupervised classification, texture measure, morphological filtering, 13953.

segmented box model

circulation, pollution abatement, modelling, dissolved copper concentration, USA, Washington, Puget Sound; 06382.

segregating ice

coastal plain, pingo ice, underground water, sea level, Svalbard, Spitsbergen, Adventdalen; 07932.

segregation ice

permafrost, rheological model, rock glacier, flow, ice/rock mixture, 11851.

segregation potential

simulation, thermodynamics, frost heave, 13129.

sediment load

nutrient load, runoff, soil erosion, water budget, Hungary, Balaton Lake; 10918.

Seiler's trap

Gerlach trough, soil loss, soil trap, runoff, 03216.

seismic activity

estuary, water level oscillation, tsunami, tide model, Canada, Quebec, St Lawrence Estuary; 05698. fault plane solution, neotectonics, deformation, Romania, Vrancea Region; 05200. radiocarbon date, neotectonic history, sea level data, salt marsh peat, USA, Maine; 01392.

seismic analysis

saturated backfill, retaining wall, design, 09022.

- seismic data**
digital elevation model, gravity data, Landsat TM, SPOT, Yemen; 03736.
field data, sequence stratigraphy, Pleistocene deposit, continental shelf, glacioeustasy, prograding shelf, France, Rhone Shelf; 05282.
- seismic displacement**
slope, ground motion, earthquake, collapsing slope, 10394.
- seismic foci**
digital elevation model, lineament, river valley, geological spatial analysis, USA, Washington, Nisqually River; 03764.
- seismic gap**
neotectonics, focal mechanism, tectonics, seismicity, earthquake, USA, California; White Mountains; Nevada, White Mountains; 05192.
- seismic hazard**
neotectonics, stress, pop up, earthquake region, intraplate seismicity, North America, (East); 05194. uplift rate, strain accumulation, subduction zone, USA, Cascadia Margin; 14173.
- seismic instrumentation**
modelling, earthquake, monitoring, geotechnical structure, 09092.
- seismic magnitude**
historical earthquake, fault scarp, seismic potentiality, fault displacement, Argentina; 10397.
- seismic mapping**
computer mapping, 03779. till, marine environment, glaciomarine sediment, ice margin, calving, 07849.
- seismic migration**
SAR imaging, migration, 02413.
- seismic migration algorithm**
SAR, azimuth compression, 10088.
- seismic moment**
earthquake, compressive stress, Calveras Fault, Hayward Fault, Mission link, USA, California, San Francisco Bay; 01390.
- seismic monitoring**
radiocarbon age, lacustrine deposit, volcanic sequence, alkaline basalt, volcanic hazard, Mexico, Socorro Island, Lomas Coloradas; 01451.
- seismic piezocene**
dilatometer, in situ testing, offshore soil investigation, multisensor device, triple element piezocene, 02708.
- seismic potentiality**
fault displacement, seismic magnitude, historical earthquake, fault scarp, Argentina; 10397.
- seismic profile**
glacial basin, neotectonic feature, seismofacies, high resolution, Switzerland, Ecoteaux; Areuse Delta; 02800. meltwater channel, moraine, Younger Dryas, glaciation, stratigraphy, Canada, Nova Scotia, Scotian Shelf; Atlantic, Scotian Shelf; 14266. mud diapir, delta, Quaternary (late), deformation structure, subsidence, China, Jiangsu, Yangtze delta; 00185. sand layer, sediment supply, Quaternary, turbidity current, deep sea fan, Mediterranean Sea, Var Canyon; Var Sedimentary Ridge; 02996. sea level, shelf margin, slump block, hydrocarbon, submarine slide, Gulf of Mexico; 01715. sediment wedge, lowland, continental shelf, Pleistocene, sequence stratigraphy, France, Rhone Delta; 13119.
- seismic profiling**
environmental management, lake sediment, mud, shear strength, erodibility, USA, Florida, Lake Okechobee; 13183.
- seismic reflection**
conjugate margin, gravity anomaly, subsidence history, crustal structure, Labrador Sea; 14235.
- seismic reflector**
carbonate, porosity, impedance, Australia, Queensland Continental Margin; 09266.
- seismic response**
river bed deposit, cyclic shear strain, cohesionless soil, model, triaxial test, 11740.
- seismic risk**
tectonic investigation, earthquake hazard, nuclear power plant, Hungary, Paks Area; 05136. volcanic risk, natural hazard, structural geology, landslide risk, Peru, Arequipa, Colca Valley; 08862.

hazard, earthquake, risk, insurance, Loma Prieta event, 02653.
- seismic sequence**
sediment supply, reef growth, shelf, Pleistocene, Coral Sea, Great Barrier Reef; 09349.
- seismic signature**
glaciotectionic structure, cupola-hill, glaciomarine/marine sediment, Weichselian, Atlantic, Barents Shelf; 10490.
- seismic stratigraphy**
continental margin glaciation, levee, Holocene, glacial facies, Canada, Scotian Rise; Atlantic, Scotian Rise; 09154. continental shelf, seafloor topography, sea level change, glaciation model, Canada, Nova Scotia; 11840. Quaternary, substratum, till deposit, glacial meltwater, North Sea, Kattegat; 07857. sea level rise, progradational sequence, forearc, Japan; 13045.
- seismic survey**
erosion, Quaternary, fjord, rift, geological history, Greenland, East Greenland, Scoresby Sund, Jameson Land Basin; 11905. gravity slide, turbidity current, diapir, sedimentary mechanism, tectonic structure, France, Mediterranean Coast; 00181. hydrocarbon exploration, India, Rajasthan, Jaisalmer Basin, Shahgarh; Myajlar; 04959.
- seismic swarm**
tectonic inference, transform fault, strike/slip faulting, transcurrent fault, Jordan, Gulf of Aqaba; Egypt, Red Sea, Gulf of Aqaba; 06489.
- seismic test**
pressuremeter testing, soil modulus, clay, 04022.
- seismic tomography**
ground geometry, stiffness, tomography, 04010.
- seismic velocity**
Bayesian updating, groundwater flow, permeability, aquifer parameter, spatial variability, 05794.
- seismic zone**
glacial limit, glaciotectionic database, mapping, deformable substrata, basement fault, North America; 01500. ground shaking, dendrochronology, earthquake study, palaeointensity, USA, Tennessee, Reelfoot lake; Missouri, New Madrid; 05193.
- seismicity**
assessment, SAR earthquake, Canada, Quebec, Ungava Peninsula; 02474. compaction, water level fluctuation, alluvial aquifer, earth fissure, groundwater level, USA, Arizona, Picacho Mountains; 07056. digital terrain model, Thematic Mapper, crustal deformation, Italy, (South); 08861. earthquake, seismic gap, neotectonics, focal mechanism, tectonics, USA, California; White Mountains; Nevada, White Mountains; 05192. glacier, crevassing, speed, strain, Antarctica, West Antarctica, Ice Stream B; 10543. glacioisostasy, regional geomorphology, neotectonics, plate boundary, earthquake occurrence, Canada; 01389. isostatic rebound, boulder cave, earthquake, uplift, Europe, Fennoscandia; 02699. lineament network, mineral deposit, Bulgaria, Rhodope Mountains; 08860. neotectonics, bioindicator, Holocene, Mediterranean; 13123. neotectonics, rift system, earthquake belt, transtensional fault, strike/slip fault, China, Shanxi; 01399. safety assessment, geodynamics, high dam, dam reliability, 05127. shaking threshold, landslide, earthquake, failure, USA, California; 05232. strike/slip fault, crustal thickening, slip rate, deformation, faulting, China, Tibetan Plateau; 11693.
- seismite**
Miocene, sedimentary structure, collapse, detritus, Spain, Betic Cordillera, Alicante; 09260.
- seismofacies**
high resolution, seismic profile, glacial basin, neotectonic feature, Switzerland, Ecoteaux; Areuse Delta; 02800.
- seismogenic structure**
earthquake, Mongolia; 03776.
- seismostratigraphy**
sedimentology, Holocene sediment, glacial lake, Tyrrell Sea, Canada, Quebec, Grande Riviere de la Baleine; Hudson Bay; 07853.
- seismotectonic map**
tectonics, Cuba; 02478.
- seismotectonics**
nuclear power, site selection, India, Gujarat, Kakrapar; 12863.
- selective availability**
crustal deformation, GPS, strain rate, Japan, Tohoku District; 07544.
- selenate sorption**
selenium, incubation, Finland; 12140.
- selenite**
soil acidity, organic anion, forest soil, sulphate, acidic deposition, Sweden; 08203.
- selenium**
aerosol, Bermuda; Barbados; 04794. bird, Cretaceous, irrigation drainage, deformity, Kesterson effect, USA, California, San Joaquin Valley, Kesterson National Wildlife Refuge; 11999. contamination, bottom sediment, wildlife, trace element, wastewater management, USA; 12004. geochemistry, element mobility, calcareous soil, fluorine, molybdenum, 01867. hydride generation, animal nutrition, element, ICP-MS, separator, 02867. incubation, selenate sorption, Finland; 12140. parent material, geochemistry, element concentration, trace element, cadmium, molybdenum, Korea(South), Deog-Pyoung; 04310. vegetation, herbage, wet deposition, seasonal variation, UK, England; Scotland; 06383. wet deposition, wet, antimony, arsenic, Bermuda; 06091.
- selenium contamination**
remediation, reservoir water quality, irrigation drainage water, biogeochemical immobilisation, USA, California, Central Valley, Kesterson Reservoir; 03297.
- selenium deposition**
long term trend, biogeochemical cycle, atmospheric selenium, plant, soil, UK, England, Hertfordshire, Rothamsted Experimental Station; 05098.
- selenium determination**
fluorometry, water quality analysis, 14635.
- self adjoint operator**
attractor, planetary scale flow, flow regime, neutral vector, 00950.
- self aeration**
air entrainment, air-water interface, spillway, air/water gas transfer, open channel flow, 13482.
- self affinity**
river network, drainage basin, fractal geometry, self similarity, 13466.
- self boring pressuremeter**
design parameter, strength, stiffness, stress, 04009. field method, lateral stress, soft clay, laboratory experiment, USA; 04030.
- self cleansing**
oil spill, morphodynamic model, sandy beach, tar pollution, Nigeria; 05075.
- self consistency**
rough flow, wind stress, wave spectrum, wave growth, air/sea interface, 11166.
- self development**
explosive cyclogenesis, potential vorticity, case study, 00857.
- self memorisation equation**
atmospheric motion, Hilbert space, dynamic stochastic model, prediction model, 04668.
- self mulching index**
mulching, 14478. mulching, aggregation, 08133.
- self organisation**
landscape evolution, geomorphological threshold, erodibility, fractal analysis, 14134.
- self potential**
electrical stream potential, interpretation model, electrofiltration measurement, landslide, Switzerland, Prealps, Frasse; 07813. groundwater exploration, hydrogeological survey, earth resistivity, Egypt, Sohag; 09760.
- self purification**
lake, organic matter, phytoplankton, oxygen content, Russian Federation, Lake Baikal; 05084. nitrogen-15, river water quality, denitrification, nitrification, isotope tracer, Japan, Tamagawa Jousui Channel; 08382. river water quality, biochemical oxygen demand, nutrient load, chemical oxygen demand, dissolved oxygen, India, Ganga River; 10963. river water quality, organic waste, 12281. river water quality, urbanisation, seasonal variation, pollution, Nigeria, Niger River; 05737. water quality management, organic pollutant, reservoir water quality, wastewater, Russian Federation, Kun'ya River, Zagorsk Reservoir; 03299.

- self regulation**
convective cloud system, sea surface temperature, coupled interaction, 04661.
- self similarity**
multicomponent decomposition, spatial rainfall, rainfall field, 05990. self affinity, river network, drainage basin, fractal geometry, 13466.
- Sellick Hill Formation**
conglomerate, carbonate platform, storm, intraclast fabric, Cambrian, Australia, South Australia; 00408.
- SEM**
chalk, multifractal analysis, permeability, North Sea; 11877. foraminifera, bacteria, ferromanganese, mineral deposition, Pacific, Cross Seamount; 11977. micromorphology, Monheimer Hohensande, chronology, quartz grain, weathering, 06646. organic matter, Kimmeridge Clay Formation, backscattered electron, staining, atomic number, 09253. plagioclase, batholith, biogeochemical cycle, weathering rate, USA, Idaho, Silver Creek Experimental Watershed; 02665.
- SEM analysis**
Devensian, glacial abrasion surface, quartzitic rock, striation, UK, Scotland, Highlands; 07889. microbial mat, diatom, mudflat, biofilm, sediment/water interface, France, Bay of Bourgneuf; 08016.
- SEM image**
bacteria, travertine, diagenesis, hot spring, aragonite, Italy, Viterbo; 05401.
- SEM study**
weathering, calcium carbonate, historical monument, stone surface, air pollution, Turkey, Erzurum; 11651.
- Semaforo section**
glacial/interglacial cycle, Pliocene (Upper), vegetation response, pollen analysis, Italy, Calabria, Crotone; 04065.
- semantic model**
data model, cartographic knowledge, integrity, 12705.
- semantic network system**
image segmentation, data fusion technique, G-Net model, 07490.
- semi confined aquifer**
groundwater resource, groundwater exploitation, groundwater flow, hydrogeology, aquitard, Mexico, Chalco-Ameameca; 11000. stochastic analysis, perturbation technique, boundary element, random boundary condition, groundwater flow, 02052. water table height, Boussinesq equation, land drainage, unsteady drainage, variable recharge, 05834.
- semi distributed model**
parameter estimation, deterministic model, catchment model, variable time interval model, 14612. topographic index, drainage, rainfall/runoff simulation, physical model, UK, Scotland, Balquhider; 00636.
- semi empirical model**
statistics, climate, time series, temperature, 08622.
- semi empirical relationship**
non methane organic gas, nitrogen oxide, ozone precursor relationship, 04811.
- semi enclosed sea**
water balance, Europe; Mediterranean Sea; Baltic Sea; Adriatic Sea; Black Sea; 09635.
- semi implicit formulation**
Euler equation, bubble convection, 02281.
- semi implicit method**
environmental hydraulics, convection, skew upwind scheme, numerical diffusion, computational method, 11111.
- semi implicit solution**
coagulation, particle, model, aerosol microphysics, 15004.
- semi Lagrangian**
advection scheme, quasi conservative scheme, 02123. semi implicit, limited area, grid point model, hybrid vertical coordinate, primitive meteorological equation, 02212.
- semi Lagrangian method**
air pollution models, advection, interpolation, 06096. transport, climate model, mass conservation, water vapour, 11171. water hammer, dam break, method of characteristics, shallow water equation, open channel flow, 14616.
- semi Lagrangian model**
adjoint model, variational data assimilation, shallow water equation, global model, 00082. forecasting model, baroclinic model, stability analysis, 00909.
- semi operational method**
synoptic system, operational diagnosis method, forecast, 05902.
- semi permeable**
flow modelling, overbank deposit, lithofacies, geostatistical characterisation, Netherlands, Rhine-Meuse Delta; 14204.
- semi permeable membrane device**
lipid, organic contaminant, water quality monitoring, 09650.
- semi transparency**
cloud property, multispectral, infrared, 06214.
- semi transparent high cloud**
satellite, cirrus, optical depth, cloud measurement, infrared wavelength, 05872.
- semi volatile organics**
pollutant, tyre fire, stockpile fire, combustion, 03650.
- semiannual oscillation**
mesosphere, thermosphere, gravity wave, wind, Christmas Island; 09825. middle atmosphere, climate model, stratopause, 09889.
- semiarid catchment**
runoff forecasting, distributed model, rainfall/runoff model, lumped model, USA, Arizona, Walnut Gulch; 14606.
- semiarid climate**
capillary rise, shallow water table, pan evaporation, evapotranspiration, 00625.
- semiarid environment**
fire effect, boulder weathering, spalling, granophyre boulder, spinifex fire, Australia, Western Australia, Pilbara; 07744. Monsoon '90 Experiment, remote sensing, energy flux, water budget, watershed, USA, Arizona, Walnut Gulch; 12900. scour and fill, drainage network, sediment yield, snowmelt, runoff, USA, Colorado, Alkali Creek; 14320.
- semiarid grassland**
fire prediction model, pasture biomass, bushfire, Australia, New South Wales; 07574.
- semiarid landscape**
endmember, climate change, AVIRIS, TM, USA, Colorado; 02490.
- semiarid piedmont plain**
alluvial fan, palaeoecology, stratigraphy, Pliocene/Pleistocene, mammalian biochronology, USA, New Mexico, Albuquerque, Tijeras Arroyo; 01484.
- semiarid plain**
Holocene, landscape stability, fluvial erosion, postglacial evolution, Canada, Prairies; 01377.
- semiarid rangeland**
spectral data, vegetation, radiometer, hydrology, USA, Arizona, Tombstone, Walnut Gulch; 15148. vegetation index, green biomass, NDVI, 03790. watershed, hydrometeorology, energy balance, optical remote sensing, 15146. watershed, surface energy, USA, Arizona; 15147.
- semiarid region**
erosion, runoff, cultivation, soil conservation, Brazil, Paraiba, Sume; 05463. native vegetation, evapotranspiration, salinisation, land-atmosphere interaction, Australia; 03492. rainfall intensity, infiltration rate, soil characteristics, antecedent moisture, Swaziland, Lowveld; 02031. snow cover, water conservation, soil moisture, tillage practice, agricultural practice, Canada, Alberta; 14773. soil chemical property, soil spatial variability, Ustochrept, India; 03160. surface resistance, evaporation, bare soil, vapour diffusion, 14602. water table management, land drainage, subsurface drainage, drainage design, India, Kota; 07119.
- semiarid soil**
adsorption capacity, buffer capacity, extractant, soil chemical property, Brazil; 13381. clay mineral, andic soil, Canary Islands, Lanzarote; 09458. cryptogam cover, splash detachment, rainfall simulation, sediment yield, Australia; 14590. infiltration, ant nest, Australia, New South Wales, Yathong Nature Reserve; 06867. landfill soil, anion solubility, soil disturbance, Mediterranean; 01878. mineralogy, weathering, clay genesis, Spain, Madrid Basin; 09459.
- semiarid tropics**
AVHRR, NDVI, drought monitoring, Brazil; 14030. land-atmosphere interaction, Africa, Sahel; 05919. temperature, soil water, millet, irrigation, radiation use efficiency, 05944.
- semiarid vegetation**
viewing off nadir, NDVI, discontinuous, radiative transfer model, 07570.
- semiarid watershed**
canopy spectra, vegetation, spectra, USA, Arizona, Tombstone, Walnut Gulch; 15176.
- semiarid zone**
SAR, soil moisture, Africa, Sahel; 06241. TM data processing, lithological discrimination, principal components analysis, Angola, Namib Province, Caraculo; 11499.
- semicircular-inlet drop structure**
channel regulation, hydraulic structure, weir, erosion control, 10925.
- semidiurnal tide**
oscillation (12 hour), mesosphere, Antarctica, South Pole; 03510.
- semigeostrophic approximation**
scaling, three dimensional, Rossby number, 11195.
- semigeostrophic theory**
contact transformation, Hamiltonian dynamics, 02222. nonlinear dynamics, cloud thermodynamics, frontogenesis, 02251.
- semiotic**
data management, hydrology, water resource, electronic data capture, ecological modelling, data capture, 00085.
- semivariance estimator**
geostatistics, data analysis, 12914.
- semivariogram analysis**
crevasse splay, fluvial plain, delta, overbank deposit, meandering river, Netherlands, Rhine-Meuse Delta; 00390.
- semivolatile organic compound**
diffusion separator, gas/particle distribution, 05867. urban particulate, particulate matter, relative humidity, gas/particle partitioning, Japan, Osaka; 04812.
- sensible heat**
continental shelf, sea surface temperature, bulk aerodynamic equation, latent heat, Yucatan; 07248. latent heat flux, heterogeneous terrain, resistance, boundary layer model, 02193. latent heat, flux measurement, radiosonde data, surface station, mixed layer model, daytime, 12458. plateau vortex, cumulus convection, China, Tibet; 14834. transient eddy, temperature gradient, Southern Hemisphere, 02182. vertical turbulent flux, ocean/atmosphere boundary, microwave radiometry, 12478. water vapour, forest, turbulence, Douglas fir, eddy flux, 00869.
- sensible heat flux**
AVHRR, satellite thermal sensing, forest, boundary layer sounding, radiosonde, France, Aquitaine, Landes; 01166. boundary layer, evaporation, aircraft measurement, slab vegetation model, Australia; 05922. energy budget, short-rotation stand, willow forest, latent heat flux, 02198. savanna, thermometry, infrared, Niger; 12459. two layer model, radiometric temperature, millet, 12457. urban canopy layer, pollutant flux, eddy flux, surface roughness, 11334. urban canyon, circulation characteristics, canyon, energy budget, 13710. vegetated surface, soil, boundary layer, turbulent transfer, 00867.
- sensitive clay**
effective stress design, pile foundation, instrumentation, UK, Scotland, Bothkennar; 13006. laboratory experiment, frost heave, Champlain Sea clay, freezing, Canada; 13134. shear strength, soil improvement, dielectrophoresis, electrical strengthening, 12996.
- sensitivity analysis**
atmospheric sciences, adjoint method, 12400. biosphere model, contaminant transport, lake water quality, soil water quality, nuclear waste disposal, Canada; 02065. climate effect, ELA, glacier mass balance, snowline variation, 10440. frozen soil, ice lens, theoretical study, frost heave, 04120. initial conditions, cyclogenesis, baroclinic instability, adjoint model, 00927. isoprene, monoterpene, emission rate, model evaluation, 04777. mesoscale model, cirrus, case study, 07286. model, methane flux, USA, Florida, Everglades; 06077. rate coefficient, photochemical oxidant, operational model, 11273. soil water flow, flow model, unsaturated flow, 04496.

- sensitivity atlas**
GIS, oil spill, vessel tracking, marine spill, Florida, Tampa Bay; 11533.
- sensitivity experiment**
last glaciation, atmospheric carbon dioxide, carbon cycling, ocean carbon cycle, 06399. vegetation cover, climate model, monsoon, India; 08529.
- sensitivity model**
contamination potential, groundwater contamination, groundwater recharge, 12330.
- sensitivity property**
biosphere model, statistical/dynamical model, climate model, vegetation cover, 14899.
- sensitivity study**
bulk cloud model, explicit model, oxidation S(IV), sulphate, cloud chemistry, 06026. climate change, numerical experiment, ocean process, 09858. drought, vegetation, desertification, land surface, general circulation model, Africa, Sahel; 12438. general circulation model, systematic error, US Navy, 07315. global climate model, land surface, parameterisation scheme, 03935. monsoon, orography, general circulation model, rainfall, India; 12495. Pliocene, dry valley, climate change, ice sheet, Antarctica, East Antarctica; 10549.
- sensitivity test**
cyclogenesis, mesoscale model, Atlantic, Gulf Stream; 00967.
- sensor calibration**
air-sea interaction, sea surface temperature, AVHRR, 07605.
- sensor data**
irradiance field, surface, Meteosat, 09794.
- sensor degradation**
NDVI, error, AVHRR, 02504. observed reflectance, satellite observation angle, AVHRR, 13904.
- sensor reflectance**
vegetation, surface energy balance, radiant surface temperature, 04627.
- sensor system**
optical sensor system, JERS-1, infrared, shortwave IR, 10049.
- separability**
deformation model, 10179.
- separation cell**
heavy mineral, hydrocell technique, 02859.
- separator**
selenium, hydride generation, animal nutrition, element, ICP-MS, 02867.
- Sephadex G-25**
chromatography, copper complexation, gel permeation chromatography, humic substance, 08114.
- sepiolite**
Madrid Basin, texture, paleosol, clay, Neogene, Spain, Madrid; 04219. Miocene, gypsum, palaeoenvironment, dolomite, magnesite, Turkey, Eskisehir Province; 11931. palygorskite, isotope, clay mineral, REE, geochemistry, Spain; 09303.
- sequence architecture**
cyclothem, orbital forcing, facies analysis, sea level, Pleistocene, New Zealand, North Island, South Wanganui Basin; 13127.
- sequence boundary**
ODP core 625B, sediment influx, sea level change, biostratigraphy, Pleistocene, Gulf of Mexico; 00178.
- sequence stratigraphy**
carbonate platform, sea level, siliciclastic facies, karst, 14424. continental shelf, aggradation, headward erosion, incision, sea level, 14441. diagenesis, cyclicity, Lacazina Limestone, Cretaceous, carbonate ramp, Spain; 11928. disconformity, sea level, Palaeogene, magnetostratigraphy, USA, Alabama, Bay Minette; 00403. flooding, climate perturbation, sedimentation, sea level, Coral Sea, Great Barrier Reef; 10453. floodplain, sediment storage, alluviation, fluvial deposition, 01599. highstand deposit, transgressive sediment, Quaternary (late), sea level rise, parasequence, France, Rhone Delta; 13120. Holocene, shoreline, delta, sea level, sediment supply, USA, Mississippi Delta Plain; 02975. lacustrine deposit, Lake Bonneville fill, Little Valley Alloformation, Pleistocene, USA, Utah, Bonneville Basin; 06672. Permian, Lamar Limestone, carbonate, Guadalupian, transgression, USA, Texas, McKittrick Canyon; 14425. Pleistocene deposit, continental shelf, glacioeustasy, prograding shelf, seismic data, field data, France, Rhone Shelf; 05282. sea level, basin development, diagenesis, permeability, porosity, 13195. seismic profile, sediment wedge, lowland, continental shelf, Pleistocene, France, Rhone Delta; 13119. Songwe Sequence, piston core, low lake level, erosion rate, Holocene, Malawi, Lake Malawi; 09164. turbidite, submarine fan, siliciclastic deposit, terminology, sedimentation, eustasy, 01612.
- sequencing batch reactor**
chemical oxygen demand, nitrogen removal, wastewater treatment, 14647. soil bioremediation, periodic process, bioremediation, leachate, 01301.
- sequential assimilation**
soil moisture, low level parameter, 04629. soil moisture, low level parameter, mesoscale model, 04689.
- sequential data**
Monte Carlo method, data assimilation, error statistics, 12927.
- sequential degradation**
solute transport, pesticide, aldicarb, transport model, decay chain, degradation regime, 05799.
- sequential extraction**
plant uptake, cadmium, cereal, 13347. radionuclide, cadmium-109, Norway, As; Birkenes; 13428.
- sequential indicator simulation**
soil data class, soil mapping, kriging, 03063. soil mapping, soil spatial variability, geostatistics, Netherlands; 04316. water table mapping, kriging, soil data class, land use suitability, 03064.
- sequential sampling**
rainwater sample, convective shower, ionic composition, India, Pune; 11251. urban/rural comparison, precipitation chemistry, wet precipitation, Mexico, Mexico City; 04435.
- sequential simulation algorithm**
probability density function, joint sequential simulation, multi Gaussian field, 00061.
- sequestration**
biomass, soil organic matter, carbon, forest ecosystem, climate change, Netherlands; 10326. carbon dioxide, conservation measure, global carbon cycle, terrestrial ecosystem, 03888. carbon flux, forest ecosystem, carbon pool, deforestation, 08985. carbon storage, global carbon cycle, biospheric carbon, atmospheric carbon dioxide, 03898. carbon, silviculture, forest, agroforest management, carbon cycling, 02619. desertification, revegetation, dryland productivity, carbon, 03908.
- sequestration carbon**
reforestation, carbon storage, agroforestry, fuelwood production, deforestation, Africa; 03892.
- serial correlation**
prediction, skill, weather prediction, 02312.
- sericite**
spectral anomalies, hydrothermal alteration, gold mineralization, Brazil, Minas Gerais State, Morro do Ouro; 03742.
- series solution**
solute transport, seepage quantification, flow boundary, hillside, steady seepage, 03993.
- serpentine**
karst microform, solubility, magnesium, granite landscape, France, Massif Central, Limousin; 05179.
- Serra Palazzo Formation**
sedimentation, foredeep, Miocene, Italy, Basilicata, Apennines; 09274.
- Sesbania**
Leucaena, soil physical property, soil water content, green manure, India, New Delhi; 12143.
- Sespe Formation**
statistical analysis, Palaeogene, gravel, clast counting, USA, California; 00282.
- sesquioxide translocation**
Podzol, iron, Brunisol, podzolisation, Canada, Labrador, Labrador Trough; Canadian Shield; 10762.
- sesquiterpene**
oxidation, biogenic hydrocarbon, ozone, terpene, 08678.
- seston**
ecosystem, phytoplankton, chlorophyll, Baltic Sea, Keil Bight; 13273. food availability, tidal flat, resuspension, organism, seasonality, Chile; 02941. mathematical model, mineralization, eutrophic reservoir, limnology, sedimentation, Spain, Malaga, Marbella; 03019. resuspension, sedimentation, varved sediment, water column, stratification, USA, Minnesota, Clearwater County, Elk Lake; 01601. salt marsh, tidal inundation, particulate organic matter, Netherlands; 00672. water column, anoxia, resuspension, fluff, North Sea; 05436.
- seston flux**
bioturbation, resuspension, fine sediment, storm, stratification, North Sea; 00402.
- set**
spatial relationships, order, poset, topology, 02423.
- set aside soil**
phosphorus extraction, phosphorus, fertiliser, 01863.
- set control approach**
water resource management, uncertainty, extreme event, reservoir management, USA, (South-East); 02105.
- setback**
landslide, abandoned slope, stability, erosion rate, slope crest, Canada, Alberta; 07807.
- settlement**
consolidation, embankment stability, deformation analysis, Malaysia, Muar Flats; 05244. earth embankment, consolidation, lateral spreading, finite element analysis, 12995. geogrid reinforcement, laboratory model, square foundation, cyclic loading, 01425. geotechnical engineering, pile downdrag study, soft clay, pore pressure, UK, Scotland, Firth of Forth, Bothkennar; 04036. horizontal displacement, mini-inclinometer, vertical displacement, 03990. hyperbolic method, consolidation, vertical drain, clay, Singapore, Changi Airport; 11761. liquefaction, sand, centrifuge test, Kozeny-Carman equation, 04006. load test, bearing capacity, soft clay, UK, England, Essex, Shellhaven; 04039. loading, clay, vertical drain, hyperbolic plot, Sweden, SkaEdeby; 04041. pile group, theoretical solution, 06504. riparian landscape, historical evidence, floodplain sediment, pollen, insect, USA, Iowa, Roberts Creek; 06595. soil base, horizontal stress, foundation, 11734. SPT value, raft foundation, sand, time dependant behaviour, 09098. triaxial compression test, sandy soil, deformation analysis, foundation, 11731.
- settlement analysis**
piezometric measurement, embankment, soft disturbed clay, consolidation, Brazil, Rio de Janeiro; 11748. rubbish dump, photogrammetry, Germany; 06535.
- settlement prediction**
clay, laboratory test, viscoelasticity, Brazil, Cosipa; 11747. thawing base, cohesive soil, seepage consolidation, 11730.
- settlement rate**
clay compressibility, analysis, consolidation settlement, USA, California, San Francisco Bay, Bay Farm Island; Japan, Honshu, Kansai International Airport; 06512.
- settlement site**
radiocarbon chronology, Mesolithic, Neolithic, Estonia; Latvia; 10513.
- settling**
aggregation, diffusion, stratification, particulate matter, mixing, 06981. bottom current, residence time, sediment transport, thorium-230, radionuclide, Norwegian Sea; Greenland Sea; 07960. cohesive sediment, sediment transport, marine snow, floc, video system, Netherlands, Ems Estuary; 06668. fine grained sediment, flocculation, floc, fluid shear, North America, Great Lakes, Lake Erie, Detroit River; 00304. flume, deposition, erosion, cohesive sediment, 10580. sediment transport, suspension, grain size distribution, 11983. suspended sediment, bed stress, resuspension, light attenuation, continental shelf, armouring, USA, California; 14416.
- settling particle**
particle density, aggregation, sedimentation, phytoplankton, sinking particle, 11911.

- settling pond**
contamination, toxic metal, deposition, urban impoundment, sediment delivery, USA, Wisconsin, Milwaukee River; 09379.
- settling rate**
Shield's curve, abyssal sediment, foraminifera, bulk density, hydrodynamics, Norwegian Sea; 05354.
- settling velocity**
continental shelf, transmissometer, STRESS experiment, USA, California; 14305. estuary, floc size, tidal cycle, flocculation, suspension, Netherlands, Wadden Sea; 02888. floc, size measurement, measuring instrument, suspended sediment, UK, England, Tamar Estuary; 10556. flume, flocculation, suspended sediment, cohesive sediment, shear stress, UK, Mersey Estuary; 04275. particle motion, turbulence, Kolmogorov spectrum, 05455. stormwater, deposition, metal, particle size, USA, Lake Michigan Basin; 04800. suspension, turbulence, 04169. turbulence, particle size, flume, sediment transport, 04271.
- severe convection**
thunderstorm, thermodynamic lid, mesoscale wave, jet streak, 00990.
- severe local storm**
flash flood, warning programme, weather surveillance radar, forecaster, 14931. three dimensional model, cloud dynamics, microphysics, 05975.
- severe storm**
low level jet, jet, synoptic scale conditions, baroclinic wave, USA, Great Plains; 00844. mesoscale model, storm environment, cold front, Australia, Victoria, Melbourne; 07300. storm formation, dryline, supercell storm, 00975. three dimensional model, cloud dynamics, microphysics, pollutant distribution, chemical lifetime, 06027. three dimensional, numerical model, cloud dynamics, microphysics, chemistry, 04710. tornado, mesoscale, thunderstorm, USA, Colorado, Limon; 13760.
- severe storm prediction**
upper air measurement, ship, oil platform, Gulf of Mexico; 07253.
- severe weather (26 May 1993)**
thunderstorm, flash flooding, UK, England; 12434.
- severe weather**
instability index, forecast, Nigeria, Kano; 02321. thunderstorm (August 1992), Germany; 09808.
- severity index (1879-1992)**
sea ice, ice volume, zonal atmospheric circulation, Baltic Sea; 11260.
- Savir Orogen**
fluvial sedimentation, Cretaceous, tectonism, Mesaverde Group, USA, Utah, Book Cliffs; 04253.
- sewage**
animal waste, environmental impact, manure, 12891. channel morphology, mercury, methylmercury, seasonality, tidal river, UK, England, Norwich, Yare River; 10679. coastal water quality, chemical contamination, bacterial contamination, organic pollutant, heavy metal, effluent disposal, Italy, Venice Lagoon; 01998. combined sewage outflow, real time control, runoff water quality, computer model, surface water quality, Canada, Ontario, Hamilton; 03279. ecosystem, organic matter, sulphide, mixing, primary production, Japan, Shikoku, Uwajima Bay; 09408. estuary, organic carbon, harbour, grain size, sediment load, India, Kerala, Cochin Harbour; 06797. eutrophication, urban river, urobilin, river sediment, faecal pollution, Japan, Honshu, Tokyo; Miura Peninsula; 08086. faecal pollution, water quality analysis, river water quality, urobilin indicator, 13540. GIS, water, 08937. heavy metal, historical trend, lead, cadmium, pollution monitoring, Philippines; South China Sea, Manila Bay; 13310. heavy metal, river water quality, runoff water quality, pollutant loading, USA, New York, Buffalo River; 03278. industry, fractionation, seasonal variation, phosphorus, Korea(South), Jinhae Bay, Masan Bay; 09399. network information, GIS, Sweden, Gothenburg; 06324. network, computerised mapping, GIS, France, Toulouse; 05046. pig sludge, irrigation water quality, groundwater contamination, Chernozem soil, mineralization, nitrate, 00761. pollution, heavy metal, lake sediment, zinc, Japan, Lake Teganuma; 03032. sewer sediment, pollutant release, shear stress, partitioning, UK; 09387. sludge disposal, EIA, metal, landfill, Hong Kong; 01764. toxicity, contamination, sediment quality, PAH, Canada, British Columbia, Victoria; 09401. urbanisation, faecal bacteria, microbiological pollution, river water quality, Canada, Ontario, Sault Ste Marie, St Mary's River; 14663. waste transport, tracer, osmium, metal, USA, Connecticut, Long Island Sound, New Haven Harbor; 05488. water supply, groundwater, aquifer, Malta; 01763.
- sewage disposal**
calcareous soil, wastewater application, phosphate mobility, infiltration rate, Australia, Western Australia, Rottneest Island; 05581.
- sewage effluent**
river water quality, wastewater treatment, UK; Europe; 11014.
- sewage lagoon**
pollutant trap, levee system, wetlands, urban water, 02608.
- sewage outfall**
freshwater, sediment, pollutant, trace metal, mixing, Israel, Mediterranean Coast; 06800. seawater quality, TM, Australia, New South Wales, Sydney Harbour; 06302. suspended particle, coastal zone, TM, Australia, Sydney; 15204.
- sewage sludge**
acidic soil, extractant, sludge application, soil chemical property, 06900. aggregate slaking, clay dispersion, hydraulic conductivity, Calciorthic, sludge application, 10778. bottom current, sediment transport, dumpsite, storm, continental shelf, resuspension, USA, New Jersey, New York Bight; 14458. calcium carbonate, nitrogen mineralization, soil salinity, India, Haryana, Hisar; Kaul; 10804. carbon mineralization, cadmium, nitrogen mineralization, 12116. cellulose decomposition, decomposition, heavy metal, 01813. dump site, PAH, coprostanol, LABs, USA, New Jersey Coast, Deep Water Dump Site 106; 13309. element concentration, Podzolic soil, heavy metal, 01883. heavy metal, soil pollution, wastewater, Hungary; 05623. humification, electrofocusing, organic matter, 00479. mixing, benthic ecology, dumping, seafloor sediment, USA, New York; 09404. phosphorus, sludge application, 06882. sampling, marine sediment, pesticide, UK, Scotland, Aberdeen, Garroch Head; 11876. surface water pollution, groundwater contamination, nonpoint source pollution, fertiliser, 09645. Torrifluent, soil fertility, microbial activity, arid soil, 03116.
- sewage treatment**
bioremediation, wastewater treatment, phosphorus removal, nitrogen removal, 14645. dissolved oxygen, lake water quality, eutrophication, lake restoration, phosphorus removal, North America, Great Lakes, Lake Erie; 05761. load estimation, point source, lake water quality, phosphorus, pollution control, North America, Great Lakes, Lake Erie; 05759. monsoon, wastewater treatment, remediation, river water quality, India, Ganga River; 05730. optimal control theory, salt production, solar salt production, salt yield, evaporation, 03379. wastewater treatment, water quality management, redox potential, algae, phosphate removal, lake water quality, UK, England, Cumbria, Windermere Lake; 13643.
- sewage treatment plant**
beach, BACI designs, environmental change, seasonal cycle, pollution, Australia, New South Wales, Sydney; 05074.
- sewage water**
irrigation water quality, water resource management, groundwater recharge, artificial recharge, India, Gujarat, Ahmedabad; 02109. wastewater, soil chemical property, India, Haryana; 10859.
- sewer**
design criteria, deposition, sediment transport, 01945. polder, sediment quality, surface water quality, canal, Netherlands, Amsterdam; 01995. pollutant, sediment transport, 13292. urban information, water utilities, GIS, USA, California, San Diego; 15234.
- sewer cadastre**
AutoCAD, Germany, Saarland; 08938.
- sewer construction**
urban area, nonpoint pollutant, statistical characteristics, land use, Japan, Honshu, Kyoto City; 03878.
- sewer design**
minimum velocity design, Mannings equation, slope, flow depth, 06974. sediment, sewer discharge, surface water quality, pollutant discharge, Netherlands; 01997. surface water quality, dissolved oxygen, heavy metal, combined sewer overflow, sedimentation tank, Netherlands; 01996.
- sewer discharge**
surface water quality, pollutant discharge, sewer design, sediment, Netherlands; 01997.
- sewer network**
sewer system design, rainfall/runoff model, satellite remote sensing, 07655.
- sewer sediment**
pollutant release, shear stress, partitioning, sewage, UK; 09387.
- sewer system design**
rainfall/runoff model, satellite remote sensing, sewer network, 07655.
- sewerage**
GIS, water, 05043.
- sextant correction**
position line, celestial navigation, fix computation, Nautical Almanac, 11398.
- SGEOS**
GIS, remote sensing, USLE, 08255.
- shaded relief**
lineament analysis, digital elevation data, Lambertian reflection model, 03766.
- shaded relief image**
lineament, lineament extraction system, directional segment detection algorithm, 14009.
- shading**
ERS, microwave, shape, Antarctica; 12693. vegetation influence, soil water potential, USA, Great Basin; 13366.
- shadow**
mountain terrain, classification, discrimination, India, Rajasthan, Aravalli Mountains; 04953. savanna tree, ground radiometer, canopy reflectance, Africa, (West); 01218.
- shadowed area**
remote sensing imagery, fractal analysis, sunlit area, 13957.
- shadowing**
cooling tower, plume model, energy generation, fogging, icing, 12460.
- shaking table test**
finite element method, plasticity, liquefaction, 07804.
- shaking threshold**
landslide, earthquake, failure, seismicity, USA, California; 05232.
- shale**
Arctomys Formation, dolomite, Cambrian, cycle, Canada, Alberta, Rocky Mountains; British Columbia, Rocky Mountains; 08054. burial, dating, diagenesis, illite, Ostwald ripening, Gulf of Mexico; 00317. clay, permeability, porosity, groundwater flow, 14719. Cretaceous, Haida Formation, channel geometry, antidune, sandstone, Canada, British Columbia, Queen Charlotte Islands; 07977. diagenesis, elemental distribution, marine sediment, seawater, phytoplankton, water column, 05452. Eocene, diagenesis, Clearwater Formation, sandstone, porewater, Canada; 13219. fractionation, zircon, REE, weathering, diagenesis, North Sea, Skagerrak; 00410. illite, stoichiometry, burial diagenesis, smectite, Miocene, USA, Gulf Coast; 10610. molar ratio, hydrothermal alteration, mineral composition, greywacke, 08026. molybdate, deep sea sediment, suspended matter, element distribution, simulation model, 01731. overconsolidation, design method, slide, clay, USA; Canada; 05230. Proterozoic, magnetic susceptibility, Newland Formation, storm deposit, palaeocurrent pattern, USA, Montana, Big Belt Mountains; 04176. pyrite, alum shale, bottom water oxygenation, bitumen, sulphur, Jurassic, 01648. smectite, smectite/illite conversion, clay expansion, illite, bentonite, Slovakia, Trans-Carpathian Depression; 00318. Toarcian, Cretaceous, organic matter, maturation, porphyrin, Germany, Wickensen; 02997.
- shale deposition**
transgression/regression cycle, reef, Frasnian, carbonate platform, Canada, Alberta, Nordegg; 11912.
- shallow aquifer**
deep aquifer, soil salinisation, groundwater salinity, Australia, Western Australia; 09729. groundwater exploitation, coastal aquifer, salt water intrusion, groundwater management, Malaysia, Sarawak; 08407.

- shallow foundation**
bearing capacity, failure probability, risk reduction factor, 11717. bearing capacity, foundation, geogrid reinforcement, reinforced sand, 05220.
- shallow lake**
biomanipulation, sediment, phosphorus, lake restoration, UK, England, Norfolk Broads; 14692. Carboniferous, Devonian, Horton Bluff Formation, sediment failure, clastic dyke, Canada, Nova Scotia; 01600. lake water quality, algae, lake restoration, turbidity, nutrient status, 05749. land reclamation, environmental protection, wetlands, peatland, salt marsh, Netherlands; 08360. stratification, phosphorus loading, seasonal variability, lake water quality, eutrophication, Finland, Villikkalanjärvi Lake; 14687.
- shallow marine**
faunal province, Recent, physical oceanography, Ostracoda, Atlantic; 13039.
- shallow water**
flow modelling, dispersion model, three dimensional model, numerical modelling, Netherlands, Lake Yssel; 01330. hydrography, multibeam bathymetry, 05004. Korteweg-de Vries equation, wave, solitary wave, 09609. laser Doppler velocimeter, wave induced velocity, wave kinematics, irregular wave, 01973. marine environment, remote sensing, mapping, 02554. photogrammetric survey, underwater topography, Denmark; 14043. profiling instrument, chemical measurement, physical measurement, water column, PSWIMS, 03254. sediment core, climate history, precipitation, monsoon, India; 14950. VHF, groundwave, Doppler radar, wave, 05013.
- shallow water carbonate**
paleosol, platform, exposure surface, Holocene, marine carbonate, 08023.
- shallow water equation**
dealised spectral model, nonlinear computation instability, Fourier transform, aliased spectral model, spectral model, 00072. depth variation, Poincare wave, Kelvin wave, Rossby wave, 02231. energetically consistent, 00956. global model, semi Lagrangian model, adjoint model, variational data assimilation, 00082. open channel flow, semi Lagrangian method, water hammer, dam break, method of characteristics, 14616. spectral numerical solution, global shallow water equation, error, 11187. spectral technique, fast Fourier transform, advection, limited area model, time-dependent boundary conditions, 06413. sphere, finite element method, Taylor-Galerkin method, 02220. topography, barotropic vortex, vortex motion, Mexico, Sierra Madre; 04679. tsunami, Russian Federation, Siberia, Sakhalin; Sea of Okhotsk; 08549.
- shallow water flow**
curvilinear framework, forward modelling, arbitrary forcing, fluid dynamics, 00083. standing wave, open channel flow, supercritical flow, Lagrangian method, 00653. topography, vortex shedding, 02254. topography, vorticity production, wake formation, 02253.
- shallow water foraminifera**
taphocoenoses, Pleistocene evolution, foraminifera, Barrier Reef, shelf edge, Coral Sea, Great Barrier Reef; 10452.
- shallow water model**
cyclone, barotropic vortex, vortex, 08569. geostrophic balance, isolated distribution, vorticity, time invariant, 00943.
- shallow water table**
pan evaporation, evapotranspiration, semiarid climate, capillary rise, 00625.
- shallow watertable**
crop water use, soil water content, evapotranspiration, capillary rise, Australia; 04558.
- Shannon diversity index**
climate warming, mollusk assemblage, environmental evidence, Holocene, malacofauna, France, Burgundy; 04105.
- Shannon Sandstone**
transgression, shoreline, Campanian, shelf deposit, shoreface deposit, USA, Wyoming, Lucerne; 04181.
- shape analysis**
parallel implementation, Hough transform, 03688.
- shape factor**
mechanical control, rapid retreat, driving stress, basal friction, USA, Alaska, Columbia Glacier; 01565.
- shape feature**
line simplification, simplification, cartography, 15108.
- shape from shading**
shape recovery, artificial vision, 11414.
- shape function**
area computation, 11423.
- shape recovery**
artificial vision, shape from shading, 11414.
- Shapley model**
Alfisol, Entisol, phosphorus, fertiliser, Greece; 03096.
- Sharon Conglomerate**
liquefaction, deformation, cross bedding, palaeovalley, Pennsylvanian, USA, Ohio, Summit County, Virginia Kendall Park; 00363.
- sharp front solution**
solute transport, ion exchange, groundwater quality, exchange isotherm, cation exchange, flushing factor, 02064.
- shaved shelf**
carbonate platform, continental margin, seafloor, Holocene, Australia, Great Australian Bight, Eucla Shelf; 13281.
- SHE**
saturated hydraulic conductivity, unsaturated hydraulic conductivity, parameter estimation, soil water flow, hydraulic conductivity, vadose zone, UK, England, South West; 04499.
- SHE model**
sediment transport, overland flow, erosion, nutrient, catchment, Denmark, Syv Brook; 05362.
- shear flow**
aircraft profile, turbulence, stable stratification, Baltic Sea; 02245. coherent structure, modon, 00955. travelling wave, barotropic mode, normal mode, 00942. tropic cyclone, cyclone motion, analytic theory, barotropic vortex, 07264.
- shear flow instability**
Rossby wave, barotropic flow, rotating annulus, fluid flow, 07267. vortex pair, dipole, 09866.
- shear flow perturbation**
stratification, transient development, 02230.
- shear front**
buoyancy driven flow, horizontal density gradient, estuary, surface front, tidal mixing front, plume front, 01977.
- shear layer**
velocity differential, sediment transport, turbulence, open channel flow, channel confluence, 10944.
- shear moduli**
sand, elasticity, in situ testing, stiffness, cone pressuremeter test, 09108.
- shear modulus**
Champlain clay, resonant column, soft clay, field experiment, laboratory experiment, Canada, Quebec; 11744. deformation, saturated sand, sand, 01583. finite element study, pressuremeter test, sand, nonlinear elastic plastic model, hyperbolic model, 01418. pressuremeter test, strain excursion, 04027. triaxial testing, carbonate soil, calcarenite, cementation, Australia, Western Australia, North West Shelf; 06522.
- shear plane**
cohesion, slope failure, slope stability, vegetation, Jamaica, Upper St Andrew; 11746.
- shear profile**
Richardson number, convective storm, helicity, cloud model, 02276.
- shear resistance**
granulometry, subglacial sediment, ploughmeter observations, mechanical property, Canada, Yukon Territory, Trapridge Glacier; 13082. jointed rock, stability calculation, rock slope, joint connectivity, slope stability, 02707.
- shear resistance angle**
shear test, relative density, particle size, soil, 11738.
- shear strength**
triaxial compression, strain softening, sand, 14181.
- shear strain**
computer modelling, ice deformation, experiment, 13145. pore pressure, irregular shear, clay behaviour, cyclic loading, Norway; 02719.
- shear strain rate**
deformation, strain rate, USA, California, Ventura Basin; 10177.
- shear strength**
clay mineral content, soil-structure interaction, silt, stress/strain relationship, 11713. clay mineralogy, slope stability, landslide, weathering, plasticity, Europe, Alps, Oberallgau, Gunzesried Valley; 10571. cone penetration test, granular material, analytical study, distinct element method, sand, 11721. deep sea sediment, microorganism, meiofauna, redox potential, pH, Pacific, (Central); 09365. erodibility, seismic profiling, environmental management, lake sediment, mud, USA, Florida, Lake Okeechobee; 13183. failure history, landslide, Yakatabari mudslide, mudslide, colluvium, Papua New Guinea, Enga Province, Porgera; 05248. geotechnical characterisation, soft clay, foundation engineering, Brazil, Recife; 11750. kaolin, bentonite, pore fluid, chemical property, clay, 14180. large shear box, gravel/sand mixture, 01428. laterite soil, triaxial compression test, shear test, test methodology, sample preparation, Nigeria; 01441. liquid limit, engineering behaviour, tropical clay, 03995. liquidity index, porosity, Atterberg limit, engineering, India, Andhra Pradesh, Narsapur; 01582. monotonic loading, cyclic loading, granular soil, CONBAL, dilation behavior, 11711. regolith, rock type control, hydrological process, landslide, Japan, Honshu, Obara Region; Niigata Region; 05247. residual soil profile, geotechnical behavior, geotechnical mapping, compressibility, Brazil, Porto Alegre; 11751. slide geometry, landslide, back analysis, Spain, Valencia, Jucar River, Cortes de Pallas; 07810. slope construction, rheology, topsoil, fill, 05221. slope design, reversal shear box test, saprolitic soil, Hong Kong; 02725. soil improvement, dielectrophoresis, electrical strengthening, sensitive clay, 12996. soil mechanics, statistics, design standard, 14184. soil surface, resin plate method, 08109. soil water content, soil drying, root density, clay loam, 06893. stress analysis, pressuremeter geometry, clay, in situ testing, plasticity, 07797. stress analysis, vane shear test, model, in situ testing, 02713. submarine slope, static instability, failure surface, plasticity, sand, Beaufort Sea, Nerlerk Berm; 09111.
- shear strength equation**
cohesion intercept, slip surface, effective stress, safety factor, 05226.
- shear strength variation**
cliff retreat, shoreline erosion, photogrammetric analysis, erosion rate, glacial cliff, USA, Massachusetts, Thompson Island; 00119.
- shear stress**
bedload, suspended load, turbidity current, hydraulic jump, flow regime, 04153. bioturbation, field experiment, seasonal change, VIMS Sea Carousel, entrainment, USA, Chesapeake Bay; Atlantic, Middle Atlantic Bight; 07947. bottom boundary layer, STRESS experiment, wave motion, turbulence, 14430. bottom sediment, salinity, delta, sediment distribution, continental shelf, Brazil, Amazon River; 03016. boundary layer, sediment transport, viscosity, suspended clay, drag reduction, 05368. channel, sediment transport, meander, flow pattern, bed topography, 06727. critical shear, longshore current, instability, beach, USA, California, Santa Barbara, Leadbetter Beach; 07957. entrainment, particle clustering, bedload, 14317. entrainment, roughness, mobile sediment, drag reduction, turbulence, 05358. flume experiment, channel dynamics, sediment transport, particle size, 06654. forest, radiosonde, wind profile, unstable surface layer, 00868. grain size, entrainment, critical discharge, gravel bed river, Shields criterion, 09268. grain size, traction carpet, stratification, turbidity, 13189. morphology, drumlin, subglacial process, sedimentology, basal ice flow, Poland, Chelmo-Dobrzyn Lakeland; 14280. particle size, suspended sediment, wetlands, tidal flow, turbulence, UK, England, Norfolk; 05369. partitioning, sewage, sewer sediment, pollutant release, UK; 09387. Reynolds number, boundary layer flow, entrainment threshold, wind tunnel, 11885. roughness, boundary layer, Kolmogorov spectrum, USA, Chesapeake Bay; 14409. sediment transport, Reynolds number, gravel, flume experiment, sand, 05359. sediment transport, tidal flat, cohesive sediment, reworking, Brazil, Amazon River; 13164. seepage, channel, sediment concentration, 10640. settling velocity, flume, flocculation, suspended sediment, cohesive sediment, UK, Mersey Estuary; 04275. woody debris, channel, cobble, bedload movement, USA, Colorado, Rocky Mountains, St Louis Creek; 09269.
- shear surface**
viscoplastic material, sliding law, landslide, mechanical model, 05229.

- shear test**
failure mode, corotational solution, 04013. relative density, particle size, soil, shear resistance angle, 11738. test methodology, sample preparation, shear strength, laterite soil, triaxial compression test, Nigeria; 01441. torsional shear device, Cohron sheargraph, soil mechanics, 01429.
- shear velocity**
continental shelf, bedform measurement, skin friction, ripple geometry, boundary layer, 08068. roughness, sand transport, wind tunnel, saltation, 05365. shell morphometry, scallop, *Placopecten magellanicus*, flume, 00332. wind tunnel, sand transport, roughness, 01727.
- shear wave velocity**
cone model, incompressible soil, dilatational wave velocity, 01422.
- shear zone**
barotropic instability, hypertangent, Mei-Yu front, 00928. Delhi Supergroup, tectonics, fold, shear zones, fold, India, Rajasthan, Ajmer District, Beawar; 10178. drape fold, Quaternary, tectonics, glacioteconics, diapir, Poland, Kleszczow Graben, Belchatow; 04100. Proterozoic, gold, Canada, Superior Province; 01669. strain, transtension, compression, deformation structure, sediment deformation, Spain, Almeria, Sorbas Basin; 02875.
- shear zones**
fold, shear zone, Delhi Supergroup, tectonics, fold, India, Rajasthan, Ajmer District, Beawar; 10178.
- sheared basic state**
potential vorticity, cyclogenesis, frontal instability, 02250.
- sheep**
pasture soil, excreta application, sulphur, 05582.
- sheep dip**
river water quality, water course pollution, risk assessment, water quality management, UK, Scotland, Tweed River; 05854.
- sheep excreta**
cation leaching, pasture soil, nutrient leaching, grazing, excreta, 04364. sulphur, extractant, sulphate application, grazing, 04375.
- sheep radioactivity**
differential GPS, UK, Wales, Gwynedd; 08906.
- sheet erosion**
rill erosion, USLE, GCM, climate change, soil erosion potential, USA; 01292.
- sheet flood**
debris flow, flood, mudflow, landslide, China, Tibet; 00140. fluvial system, terminal fan, Devonian, fan sediment, channel deposit, Ireland, Munster; Greenland; 00367. stone mosaic, desert pavement, USA, California, Pishah Basalt Flow; 10389.
- sheet flood deposit**
porosity, aeolian deposit, Sherwood Sandstone Group, sandstone, channel fill, Irish Sea; 02949.
- sheet flow**
channelised water flow, ice stagnation, radar study, crevasse, Antarctica, West Antarctica, Ice Stream C; 10547. suspended load, marine environment, bedload, sediment transport, modelling, 06771.
- sheet layout**
protective cover, map design, folding system, 11446.
- sheet sandstone**
red bed, fault, graben, Triassic, Canizar Sandstones, Spain, Iberian Ranges; 13173.
- sheet wash**
anthropogenic impact, relief development, pediment, morphodynamics, weathering, Nigeria, Gongola Basin; 00137. rill erosion, caesium-137, Slovakia, Povazske podolie; 01904. slope angle, sediment yield, topography, China, Shaanxi; 10885.
- sheeting**
deep weathering, granite, Bornhardt, inselberg, ruware, Poland, Sudetes Mt., Jelenia Gora; 05243.
- Sheindorf-Rebuhn-Sheintuch equation**
groundwater quality, adsorption isotherm, contaminant migration, 12316.
- shelf**
accumulation, reefal barrier, cyclicity, wackestone, Pleistocene, Coral Sea, Great Barrier Reef; 09355. episodic outflow, sediment flux, suspended sediment, Japan, Kii Channel; 09271. estuary, accumulation, contaminant, dynamic equilibrium, biomixing, USA, Eastern Coast; 06792. Pleistocene, iceberg, clay mineral, dropstone, Isotope Stage 6, Norwegian Sea; Greenland Sea; 02970. Pleistocene, seismic sequence, sediment supply, reef growth, Coral Sea, Great Barrier Reef; 09349. reef, boundstone, Permian, carbonate platform, bioherm, 05450. rhodolith, foraminifera, current, upwelling, carbonate deposition, Japan, Ryukyu, Miyako Islands; 01617. rudist, Cretaceous, carbonate, coral, Italy, Apennines, Matese Mountains; 09292. runoff, Gulf Stream, water column, particulate matter, zooplankton, USA; 10646. shoreface, storm activity, platform facies, Silurian, La Chilca Formation, Argentina, San Juan Precordillera, Los Blanquitos Range; 01711. silt, clay, mineralogy, ODP Leg 105, grain size, Canada, Northwest Territories, Baffin Bay; 11976. storm deposit, shoreface, sediment supply, USA, Texas Shelf; Gulf of Mexico; 14417. storm, sand transport, bed roughness, suspension, USA, North Carolina, Duck; 10575. suspended sediment, estuary, element, Vietnam, Saigon River; South China Sea; 11884. Valanginian, Jurassic, Cretaceous, facies analysis, delta, Mexico, Sierra Madre Oriental; 14415.
- shelf basin**
halite, Mavqi'im Formation, evaporite, Miocene, Messinian, Israel; 01692.
- shelf break**
Pleistocene/Holocene hiatus, seawater chemistry, sulphate reduction, ferrous hardground, ironstone formation, Italy, Pontian Islands; 11790. sediment input, submarine canyon, continental slope, Miocene, sea level, USA, New Jersey Continental Slope; 09272.
- shelf carbonate**
bryozoa, seawater, upwelling, diagenesis, carbonate, Australia, Tasmania; 06684. cool water setting, limestone, bryozoan, aragonite, Australia, South Australia, Lacepede Shelf; 01722. storm deposit, cyclic deposit, Cambrian, tempestite, China, Helan Mountains; 06752. temperature effects, skeleton, cementation, isotope fractionation, Australia, Tasmanian Shelf; 13204.
- shelf deposit**
Cretaceous, sandstone, hummocky stratification, sedimentary structure, tempestite, Pictured Cliffs Sandstone, USA, Colorado, Durango; 04261. shoreface deposit, Shannon Sandstone, transgression, shoreline, Campanian, USA, Wyoming, Lucerne; 04181.
- shelf edge**
shallow water foraminifera, taphocoenoses, Pleistocene evolution, foraminifera, Barrier Reef, Coral Sea, Great Barrier Reef; 10452.
- shelf facies**
Guadalupian, cyclic sedimentation, Yates Formation, dolomitization, carbonate platform, USA, Texas; 14396.
- shelf ice**
image analysis, coastal polynya, passive microwave data, polynya, sea ice, Antarctica; 02853.
- shelf limestone**
Pennsylvanian, Permian, isotope, seawater, strontium-87/strontium-86 ratio, USA; 07988.
- shelf margin**
slump block, hydrocarbon, submarine slide, seismic profile, sea level, Gulf of Mexico; 01715.
- shelf sea**
suspension, particulate matter, oceanography, carbon, nutrient cycling, North Sea; 05435. water quality, oceanography, North Sea Project, North Sea; 05439.
- shelf sediment**
calcite, aragonite, water temperature, polar carbonate, temperate carbonate, Australia, Tasmania; 10657. continental margin, sedimentation, cool water carbonate, Holocene, carbonate platform, Australia, Victoria, Otway Shelf; 03002. continental shelf, sediment/water interface, grain size, organic carbon, North America, Continental Shelf; 09343. pollution, oil, carbon isotope, Japan, Honshu, Tokyo Bay; 10702. seasonal variation, carbon, nitrogen, phosphorus, nutrient, India, Andhra Pradesh, Visakhapatnam Shelf; 06751. seawater, bromine, pore fluid, brine, iodine, Peru; 05392. terrigenous source, relict sediment, transgression, continental shelf, India, Karnataka, Honavar; 04004.
- shelf sedimentation**
epiric seaway, storm, sedimentary structure, sea level, Cretaceous, 10600.
- shell**
argonite, carbonate sand, coral reef, grain size, beach sediment, Red Sea, Equu Island; Saudi Arabia; 04180. bivalve, tidal flat, death assemblage, tide, USA, Washington, False Bay, San Juan Island; 01605. pteropod, dissolution, aragonite, seasonal variability, sedimentation, deep sea sediment, Mauritania, Cap Blanc; 01616.
- shell bed**
cyclothem, Devonian, carbonate platform, tidal flat, cyclicity, Poland, Holy Cross Mountains; 11917. radiocarbon dating, raised beach, Holocene, uplift rate, isostatic rebound, Chile, Andes of Chiloe; 05195.
- shell chemistry**
barium, planktonic foraminifera, palaeoceanography, validation, 14220.
- shell dating**
uranium series dating, organic date, geochronology, Pleistocene/Holocene, Russian Federation; 11780.
- shell layer**
erosion, storm surge deposit, caesium dating, salt marsh, Germany, Sylt Island; 01609.
- shell midden**
arid phase, climate deterioration, radiocarbon, chronology, Oman; 09209. landscape management, chenier, sand, wetlands, Australia; 08053.
- shell morphometry**
scallop, *Placopecten magellanicus*, flume, shear velocity, 00332.
- shell orientation**
taphonomy, Dainichi Formation, Kakegawa Group, Pliocene, tempestite, Japan, Honshu; 06676.
- shell sand**
machair development, theory, offshore sand, UK, Scotland, Hebrides; 01379.
- shellfish**
hazard, PAH, radionuclide, contamination, fish, USA, New Jersey, Arthur Kill; Hackensack River; USA, New Jersey, Passaic River; 06789.
- shelter**
temperature, cloud system, summer, daytime, 05935. upwind obstacle, wind speed, surface wind, 05936.
- shelterbelt**
desertification, sand storm, China; 12441. reforestation, evapotranspiration, deforestation, micrometeorology, microclimate, USA, Texas; 14768.
- shelterwood**
mobile sampling, Asa shuttle, temperature, radiation, frost, 05861.
- Sherwood number**
Nusselt number, collection efficiency, graupel growth, wind tunnel, hail, 02288.
- Sherwood Sandstone Group**
quartz overgrowth, clay mineral, evaporite cement, porosity, Triassic, UK, England, Lancashire, Preston; 02916. sandstone, channel fill, sheet flood deposit, porosity, aeolian deposit, Irish Sea; 02949.
- shield**
socle, landform geometry, hard rock, regolith, France; 11679.
- Shield's curve**
abyssal sediment, foraminifera, bulk density, hydrodynamics, settling rate, Norwegian Sea; 05354.
- Shields criterion**
shear stress, grain size, entrainment, critical discharge, gravel bed river, 09268.
- shift share analysis**
economic modelling, Hong Kong; 06355.
- shifting cultivation**
rain forest soil, organic matter, nutrient status, cocoa, Nigeria; 06862. soil chemical property, organic matter, fire, fallow, nutrient availability, Bhutan; 01841. soil physical property, tillage, Africa, (East); 08102.
- Shimanto Belt**
island arc, burial, coal, vitrinite reflectance, Tertiary, Japan; 10621.
- Shimoppara Fault**
offset terrace scarp, recurrence interval, vertical displacement rate, active

- fault outcrop, fault topography, Japan, Honshu, Niigata Prefecture, Shitada Village; 02702.
- shingle**
coast, pit, back barrier slope, washover fan, longshore drift, Ireland, County Clare, Galway Bay, Rine Point; 07760. offshore dredging, barrier beach, beach nourishment, coastal management, UK, England, Devon, Hallsands; 11663.
- ship**
oil platform, severe storm prediction, upper air measurement, Gulf of Mexico; 07253.
- ship observation**
air temperature, marine air temperature, solar radiation, correction, 08491. Southern Oscillation, atmosphere-ocean interaction, rainfall anomaly, Indian Ocean; 08544.
- ship observation data**
sea surface temperature, wind field, heat budget, tropics, Pacific; 00896.
- ship-of-opportunity**
sea surface temperature, tropics, temperature variability (1969-1991), Pacific; 08559.
- ship tracking**
differential GPS, Central America, Panama Canal; 05036.
- shipboard cartography**
electronic chart display, ECDIS, position fixing, 11464.
- shipboard gravity data**
bathymetry, inversion, free air anomaly, bathymetry, 11548.
- shipboard measurement**
sea, optical scintillation, raingauge, 13650.
- shipboard use**
nitrogen, oxidation, phosphorus, digestion technique, organic particulate determination, 09252.
- shoal**
cement, carbonate sand, ooid, Ste. Genevieve Formation, Mississippian, USA, Illinois, Jasper County; 04192. channel, tidal current, wave action, coastal defence, delta, North Sea, German Bight; Netherlands; 01698. wave, wind, ooid, grainstone, brine, Bahamas, Caicos Platform; 04190.
- Shoal Arm Formation**
flysch, chert, black shale, Ordovician, argillite, Canada, Newfoundland; 10613.
- shoaling**
chemocline, pycnocline, salinity, Black Sea; Sea of Marmara, Bosphorus Strait; Mediterranean; 11958. submarine relief, tidal current, deep water channel, China Sea, Fujian Province, Meizhou Bay; Beiniu Sands; 12958.
- shock wave**
Mach number, numerical simulation, turbulence, 05956.
- Shoofly oolite**
pressure dissolution, Pliocene/Pleistocene, grainstone, Glenss Ferry Formation, burial depth, USA, Idaho, Owyhee Country, Shoofly Creek; 06686.
- shopping center**
GIS, site selection, USA, Massachusetts, Natick; 02568.
- shore environment**
process model, morphodynamic model, beach profile change, profile model, 07753.
- shore platform**
ice, mudrock, ice floe, intertidal rock platform, Canada, Quebec, St. Lawrence Estuary, Pointe-au-Pere; 03967. Last Interglacial, sea level, tectonic stability, New Zealand, South Island, Banks Peninsula; 09223.
- shore profile**
wave tank experiment, submarine equilibrium profile, physical model, breaker zone, USA; 10376.
- shore vegetation**
mire, pollen analysis, gyttja, peat, Poland, Lake Goszcz; 08044.
- shore zone**
cold coast, lake ice, ice rafting, boulder barricade, ice, Canada; 10524.
- shoreface**
bedform, breaking wave, beach, macrotidal regime, UK, England; 07974. bioturbation, storm, transgression, barrier island, palaeoenvironment reconstruction, Germany; North Sea, East Frisian Islands; 11910. resuspension, suspended transport, wave conditions, sand transport, storm event, Canada, Prince Edward Island, Stanhope Lane; 06660. sediment balance, anthropogenic impact, erosion, accretion, beach profile, Egypt, Nile Delta; 01704. sediment supply, shelf, storm deposit, USA, Texas Shelf; Gulf of Mexico; 14417. sediment transport, bedform, Netherlands, Dutch Coast; 14346. shoreline deposit, sandstone, Devonian, Cannon Hill Formation, Hampshire Group, USA, West Virginia, Elkins; 02986. storm activity, platform facies, Silurian, La Chilca Formation, shelf, Argentina, San Juan Precordillera, Los Blanquitos Range; 01711. surf zone, continental shelf, longshore current, sediment transport, Beaufort Sea, Tibjak Beach; Kugmallit Bay; 01591.
- shoreface deposit**
Shannon Sandstone, transgression, shoreline, Campanian, shelf deposit, USA, Wyoming, Lucerne; 04181.
- shoreline**
aeolian process, sediment budget, breakwater, sand transport, North America, Great Lakes, Lake Michigan; 14407. Campanian, shelf deposit, shoreface deposit, Shannon Sandstone, transgression, USA, Wyoming, Lucerne; 04181. coastline, estuary, coastal process, India, Karnataka, Dakshina Kannada; 10220. delta, sea level, sediment supply, sequence stratigraphy, Holocene, USA, Mississippi Delta Plain; 02975. Holocene, neotectonics, littoral spit, marine transgression, sea level change, Persian Gulf; United Arab Emirates, Umm Al-Qowayn Lagoon; 06607. lagoon system, lobate delta, palaeoshoreline, Quaternary, terrace, USA, Florida, Panhandle; 00258. management, Flandrian, estuary, alluvial coast, UK, Severn Estuary; Bristol Channel; 05430. raised shoreline, uplift rate, Holocene, Greece, Perachora Peninsula, Corinth; 10400. sediment budget, erosion, deposition, Holocene, North America, Great Lakes, Lake Michigan; 14405. sedimentary structure, cyclic sedimentation, Great Limestone Cyclothem, Carboniferous, palaeocurrent, UK, England, Stainmore; 14413. tidal range, sediment supply, grain size, delta, 02974. tracer, airport, beach sediment, sediment transport, Singapore, Changi; 00297. Triassic (Lower), sea level change, arenite, tidal flat deposit, unconformity, France, Alpes-de-Haute-Provence, Barles; 08051.
- shoreline adjustment**
flooding, salt marsh, managed retreat, coastal management, sea level rise, UK; 03970.
- shoreline altitude**
isostasy, uplift, subsidence, glacial forebulge, Europe, Fennoscandia; 14174.
- shoreline change**
accretion, erosion/accretion, berm crest, India, Tamil Nadu; 10387. bathymetry, seabed topography, erosion, accretion, India, Gulf of Kachchh, Hanthal Creek; 05163. long term trend, delta coast, heavy mineral, beach sand, Egypt, Nile Delta; 09049. uplift, erosion rate, permafrost, valley formation, geoeological process, Greenland; 01371. Vermetid, neotectonics, beach rock, Holocene, Syria; 10386. vulnerability index, land loss, land movement, sea level change, Gulf of Mexico; Caribbean Sea; 01366.
- shoreline configuration**
beach, sea wall, wave process, erosion, accretion, USA, New Jersey, Cliffwood Beach; 14454. flood, delta formation, river discharge, Greece; 14411.
- shoreline curvature**
bar movement, heat budget equation, lake, thermal bar, circular lake, 00662.
- shoreline deposit**
sandstone, Devonian, Cannon Hill Formation, Hampshire Group, shoreface, USA, West Virginia, Elkins; 02986.
- shoreline development**
sea level rise, isostasy, barrier system, salt marsh, Denmark, Wadden Sea; 02822.
- shoreline dislocation**
trend surface, glacioisostasy, Devension (late), Holocene, uplift pattern, UK, Scotland; 05196.
- shoreline displacement**
climate change, sea level, eustasy, Sweden, Lake Malar; 13122. longshore transport, beach stability, coastal response rate, beach profile survey, Spain, Ebro Delta; 03971.
- shoreline displacement curve**
radiocarbon dating, marine limit, Mya truncata, Hiatella arctica, Weichselian, Svalbard, Hopen; 01543.
- shoreline dynamics**
atoll, erosion, lagoon, beach, India, Lakshadweep Islands; 02990. estuarine lake, Quaternary, regime, Russian Federation, Amur River; 02690.
- shoreline erosion**
beach profile, coastal flooding, seasonal cycle, berm, USA, Puerto Rico; 13308. environmental hazard, scenario modelling, climate change, ocean circulation, Caribbean Sea; Gulf of Mexico; 01323. photogrammetric analysis, erosion rate, glacial cliff, shear strength variation, cliff retreat, USA, Massachusetts, Thompson Island; 00119. texture, sediment transport, heavy mineral, sorting, beach, Egypt, Nile Delta, Burullus Coast; 02889. wave energy, reservoir, lake level, regulation, USA, Montana, Flathead Lake; 00114.
- shoreline erosion control**
beach access, erosion control structure, stable shoreline, USA, Virginia; 06465.
- shoreline evidence**
Lahontan palaeolake, palaeochannel evidence, drainage diversion, Quaternary (late), channel morphology, USA, Nevada, Walker River; 00196.
- shoreline evolution**
one line model, wave height, numerical simulation, India, Madras, Beypore; 05162. physiographic map, coastal lagoon, Spain, Mar Menor; 14154. sea level change, intertidal peat, freshwater marsh, peat, Holocene, Ireland; 11843.
- shoreline management**
artificial shore, marina, natural beach, reclamation fill, rocky shore, France, Riviera; 10383.
- shoreline management plan**
flood hazard, erosion hazard, land use, ecosystem management, water resource management, wetlands, North America, Great Lakes, Huron Lake; 01956.
- shoreline morphology**
notch, Porolithon, windward coast, algal ridge, reef flat, Pacific, (South), Tonga, Tongatapu Island; 01372.
- shoreline movement**
sea level change, sediment budget, coastal process, historical trend, remote sensing, USA, North Carolina, Outer Banks; 00121.
- shoreline position**
erosion, accretion, storm frequency, USA, Atlantic Coast; 12948. historical data, linear prediction method, coastal setback, USA, Texas, Gulf Coast; North Carolina; 00116.
- shoreline process**
damage, Halloween Storm (1991), astronomical tide, storm surge, USA, Massachusetts, Massachusetts Bay; 10377.
- shoreline retreat**
bluff recession, landslide, coastal erosion, USA, Illinois, Lake Michigan; 12951.
- shoreline retreat rate**
erosion variability, accretion, wave scour, USA, Montana, Flathead Lake; 11660.
- shoreline sensitivity**
oil spill, environmental sensitivity index, United Arab Emirates; 07615.
- shoreline tilting**
glacioisostasy, isostatic deformation, North America, Great Lakes; 09194.
- shorerise**
bar-berm profile, ocean beach, beach equilibrium model, 06463.
- short crested wave**
scour, wave, soil response, porous seabed, 02678.
- short radar wave**
RASS, 10145.
- short rotation stand**
canopy resistance, forest, leaf area index, aerodynamic resistance, 05942.

- short-rotation stand**
willow forest, latent heat flux, sensible heat flux, energy budget, 02198.
- short term forecast**
cloud, forecast, cross correlation, displacement vector, 14933.
- short term forecasting**
launch operation, thunderstorm, forecast, space shuttle, 02309. rainfall forecast, radar data, Greece, Larissa; 14596.
- short term oscillation**
model, atmospheric forcing, ocean, mixed layer, 09854.
- short term rainfall**
small scale rainfall, Eulerian technique, Lagrangian technique, spatio/temporal variability, precipitation assessment, urban hydrology, 13454.
- shortgrass prairie**
deposition, flux, nitrogen oxide, ozone, eddy correlation, 04778.
- shortwave**
cloud forcing, satellite data, tropopause height, tropics, cancellation, longwave, 13671. energy budget, ERBE, global energy budget, Earth surface, 13664. radiation budget, cloud forcing, 08500. radiosity, forest canopy, radiance model, thermal model, USA, Maine; 15167.
- shortwave flux**
general circulation model, radiation, observation, 12420.
- shortwave IR**
geoenvironment, detection, monitoring, SWIR, TM, India; 10198. infrared, CCD detector, optical sensor, 10048. sensor system, optical sensor system, JERS-1, infrared, 10049.
- shortwave irradiance**
crop growth, photosynthetically active radiation, Greece, Athens; 07177.
- shortwave radiance**
angular direction model, ocean, clear sky ocean, ERBS, 05883.
- shortwave radiation**
parameterisation, heat flux, aerosol, water budget, Mediterranean Sea; 13726. two stream algorithm, satellite data, radiation transfer equation, scattering source function, extinction cross section, 05876.
- shortwave radiation budget**
earth-atmosphere system, satellite data, radiative forcing, cloud, 02148. surface/atmosphere system, cloud, snow cover, 13672.
- showa-36 disaster**
debris flow, mass movement, natural disaster, Japan, Honshu, Ina Valley; 09129.
- shower**
forecasting problems, 06004.
- shrimp**
organochlorine pesticide, mussel, oyster, marine pollution, rice, Mexico, Campeche, Rio Palizada; 04287. seaweed, pollution, trace metal, fish, Pakistan; Arabian Sea; 04292.
- shrinkage**
Chromudert, hapludalf, slickenside, soil movement, swelling, USA, Mississippi, Blackland Prairie; 14512. expansion, compaction, clay foundation, moisture content, 12992. salinisation, bulk density, clay swelling, irrigation, soil water content, cracking, 12141. tensile strength, water content, soil mechanics, clay soil, aggregate size, compression, 14196.
- shrinkage crack**
saltern, tidal flat, biostabilisation, surface structure, microbial mat, 04213.
- shrinkage curve**
soil shrinkage, clay shrinkage, Ivory Coast; 00474.
- shrinkage measurement**
soil shrinkage, volume change, 03067.
- shrub canopy**
desert plant community, ground radiometry, spectral reflectance, 11514.
- shrub cover**
spectral vegetation index, vegetation index, USA, New Mexico, Jornada Basin; 10203.
- shrub microfabric**
bacteria, diagenesis, Quaternary, travertine, Italy, Tuscany, Rapolano Terme; 14354.
- shrub steppe**
nitrous oxide, nitrification, denitrification, soil water content, 13379. principal components analysis, AVHRR, grass steppe, NDVI, Argentina, Andes, Patagonia; 01208.
- shrub/tundra transition**
Holocene, vegetation history, boreal forest, climate change, Canada, Quebec; 02801.
- shrubland soil**
gypsiferous soil, rainfall simulation, runoff, Spain, Ebro Valley; 13445.
- shuttle**
contextual classifier, land cover, SIR-B, Landsat TM, resource assessment, forest resource, USA, Florida; 07581.
- Shuttleworth-Wallace model**
Penman-Monteith model, Modified Priestly-Taylor model, evapotranspiration model, wildland vegetation, comparative study, 00622.
- Siberian spruce**
Picea obovata, Pleistocene (late), spruce cone, UK, Wales, Caernarfon, Pen-y-bryn; 10475.
- SICAD**
GIS software, 11437. power distribution network, GIS, transmission control, 11575.
- Sicity Island Loess**
pedogenesis, diagenesis, soil, tree root cast, Citronelle Formation, USA, Louisiana; 02927.
- side channel reservoir**
eutrophication, water residence time, sedimentation, reservoir, USA, Illinois, Charleston Lake; 12224. water resource management, reservoir siltation, water demand, water supply, USA, Illinois, Charleston; 14780.
- side flow weir**
weir, declining flow regime, channel hydraulics, hydraulic jump, computer model, 10931.
- side looking radar**
mesoscale coherent structure, surface wind field, 07531.
- side looking X-band radar**
sea surface radar scattering, wind speed, cyclone, rainfall, iceberg, oil spill, 03800.
- side sluice gate**
head regulator, discharge coefficient, channel hydraulics, sluice gate discharge, 10932.
- siderite**
carbonate, concretion, organic matter, methanogenesis, salt marsh sediment, 01663. organic matter, porewater enrichment, nutrient, chalk, Neogene, Black Sea; 09305. paleosol, Pennsylvanian, braidplain, Boss Point Formation, calcrete, Canada, Maritime Provinces; 02926. vivianite, trace metal, peat, iron, phosphorus, Finland, Kestila, Vihanti; Ruukki; 13250.
- siderophore**
humic acid, iron extractability, iron-humate complex, organic acid, 05586.
- sidescan**
pockmark, oceanic crust, organic matter, sediment drift, methane, Greenland Sea, Fram Strait, Vestnesa Ridge; 11979.
- sidescan imagery**
forearc basin, submarine canyon, seafloor, slab slide, failure plane, Peru, Arequipa Forearc Basin; 10652. gravitational failure, mudflow, glacial mudflow, submarine fan, Barents Sea, Bear Island Fan; 05289.
- sidescan sonar**
beach, nearshore processes, 04942. low level radioactivity, acoustic mapping, environmental management tool, disposal site, USA, California, San Francisco Bay, Gulf of the Farallones; 10307. marine ice sheet, iceberg plowmark, Pleistocene, calving ice front, Arctic Ocean, Yermak Plateau; 11834. power spectra, 03682. remote sensing, acoustic backscatter, seafloor, bathymetry, multibeam echosounder, 02462. seafloor imaging system, seafloor mapping, 07466. seafloor sediment, acoustic facies mapping, Gulf of Mexico; 03680. swath bathymetry, hotspot, volcanic ridge, GLORIA, Atlantic, (North); Iceland, Reykjanes Ridge; 09054.
- sidescan sonar imagery**
GLORIA, seabed backscattering, multiple reflections, 13941.
- sidescan sonogram**
paleobathymetry, orientation, iceberg scour, Canada, Saskatchewan; Scotian Shelf, Emerald Basin; 05288.
- Sierozem**
Chernozem, phosphate mobility, phosphorus, 09496. element concentration, heavy metal, China; 09417. glycine, decomposition, humus, 14522. leaching, micromorphology, gypsum, 06889.
- sieve analysis**
sulphur oxidation, particle size fraction, 03098.
- sieve mapping**
error propagation, cartographic modelling, Boolean method, 03701.
- sigma coordinate**
hybrid formulation, regional weather, prediction, isentropic coordinate, 00911.
- sigma coordinate model**
water vapour, GCM, hydrological cycle, precipitation, isentropic-sigma model, 02275.
- sigma coordinates**
truncation error, horizontal pressure gradient, pressure gradient force, 11209.
- sigma model**
blizzard, regional model, comparison, USA, Illinois, Chicago; 02239.
- sigma-theta-pressure coordinate**
GCM, vertical coordinate, baroclinic wave, climate simulation, cross isentrope mass, 02234.
- signal detection theory**
moving target, geostationary satellite, Hough transform, 07474.
- signal period (18.6 years)**
air pressure, barometric data, luni/solar constituent tide, 02117.
- signal processing**
satellite altimeter, anticyclonic eddy, sea surface temperature, mesoscale eddy, Arabian Sea; 07611.
- signal spike**
statistics, radar, 12689.
- signature**
dune, seabed, sea surface, acoustic sensor, radar, North Sea, German Bight, Lister Tief; 02549.
- signature tropopause**
ST mode, MST radar, 15116.
- significance**
exponential model, cubic spline, transformation model, numerical conversion, likelihood function, numerical conversion, 02642.
- significance test**
ANOVA model, environmental study, sampling design, 09013. confidence interval, statistical method, groundwater quality, 03196.
- SIHP**
snowmelt, glacier ice melt, Pakistan, Karakoram Mountains; 06428.
- silcrete**
duricrust, fault zone, ferricrete, chert, UK, England, Devon, Bovey Basin; 04218. duricrust, groundwater weathering, dry valley, mekgacha, calcrite, Namibia, Jalahari, Auob Valley; 14161. gypcrete, duricrust, relief inversion, calcrite, dolocrete, Kuwait; 09058.
- Silesian**
meander, scroll bar, floodplain topography, Morien Group, Canada, Nova Scotia; 14334.
- silica**
biogenic silica, palaeoceanography, point counting technique, terrigenous sediment, 02857. cement, Tallahatta Formation, hydrofluoric acid, sandstone, USA, Mississippi, Meridian; 06696. Cretaceous, Olanah Member, Campanian, Pierre Shale, cristobalite, Canada, Manitoba; 11949. diagenesis, sea level, clay mineral, Pungo River Formation, Miocene, USA, North Carolina; 13229. digestion method, diatom, phytoplankton, Atlantic, English Channel; France, Brittany, Bay of Brest; 07945. glacier, stick/slip movement, titanium, quartzitic glacial bed, UK, Scotland; 02792. goethite, soil coating, iron oxide, 05551. hopane, sterane, diagenesis, organic matter, bitumen ratio, Japan Sea; 13246. landscape type, tepetate, mineralogy, morphology, soil micromorphology, volcanic soil, Mexico, Veracruz, Xalapa; 06856. manganese, heat transport, lake limnology, hypolimnion, phosphorus, USA,

- Wisconsin, Mendota Lake; 10980. Monterey Formation, lamination, diagenesis, clay, Ostwald ripening, USA, California; 11946. nutrient loading, diatom biomass, biochemical cycle, eutrophication, lake water quality, North America, Great Lakes; 09673. organic carbon, abyssal plain, Quaternary, calcareous ooze, palaeoceanography, Indian Ocean, Central Indian Basin; 10661. porosity, permeability, Jurassic, Brent Group, North Sea; 02917. REE, provenance, transportation, stream sediment, USA, Colorado, Wet Mountains; 10573. smectite, illite, diagenesis, 13228. zonation, diagenesis, Jurassic, chert, Portland Limestone Formation, UK, England, Dorset; 05388.
- silica accumulation**
organic matter, biogenic sedimentation, zeolite, Pacific, (Equatorial); 02945.
- silica budget**
forested basin, streamwater quality, groundwater chemistry, soil water chemistry, precipitation chemistry, Japan, Kiryu; 08374.
- silica cement**
Tertiary, Palaeogene, Holocene, arkose, hydrothermal alteration, France, Massif Central, Auvergne; 08002.
- silica cycle**
opal, phytoplankton, nutrient, production rate, Southern Ocean; Weddell Sea; 00432.
- silicate**
pH, phosphate, molybdate, causal modelling, 04378. spatial variability, upwelling, nutrient, particulate matter, chlorophyll, USA, Nevada, Pyramid Lake; 07045. sulphate, organic matter, Andosol, proton consumption, anion sorption, Japan; 08174. terrigenous input, rubidium strontium, REE, deep sea sediment, Quaternary, isotope data, Atlantic, (Northeast); 01724.
- silicate bedrock**
biotite, strontium-87/strontium-86 ratio, glaciated region, streamwater, weathering rate, USA, California, Sierra Nevada; 07741.
- silicate mineral**
mineral spectra, infrared remote sensing, 01193. vegetation effect, chelating ligand, chemical weathering, weathering rate, 14137.
- silicate weathering**
negative feedback, greenhouse warming, atmospheric carbon dioxide, temperature dependence, USA, North Carolina, Blue Ridge Mountains; 06444.
- siliceous deposit**
geochemistry, sedimentology, pelagic clay, biogenic deposit, Pacific, (West); 01672.
- siliceous ooze**
diagenesis, nodule, porcellanite, chert, opal, Southern Ocean; 09310.
- siliciclastic**
carbonate, calcite, aragonite, mineralogy, geochemistry, Australia, Tasmania, King Island; 06763. Pennsylvanian, Permian, turbidite, carbonate pseudomatrix, fluorescence microscopy, USA, Idaho, Oquirrh-Wood River Basin; 08000. salinity, gypsum, evaporite, Miocene, Badenian, Poland, Holy Cross Mountains; 07968.
- siliciclastic deposit**
abrasion, Permian, El Imperial Formation, Carboniferous, sandstone, Argentina, San Rafael Basin, Rio Diamante Canyon; 07963. terminology, sedimentation, eustacy, sequence stratigraphy, turbidite, submarine fan, 01612.
- siliciclastic facies**
karst, sequence stratigraphy, carbonate platform, sea level, 14424.
- siliciclastic sediment**
Cretaceous, Tertiary, provenance, tectonic setting, sandstone, Argentina, Austral Basin; 01670. Miocene, cement, diagenesis, fluid flow, salt dome, USA, Louisiana, West Hackberry Salt Dome; 00311. sea level, Barrier Reef, Pliocene/Pleistocene, continental margin, carbonate, Coral Sea, Great Barrier Reef; 10457.
- silicification**
dissolution, evaporite, Permian, diagenesis, hydrocarbon, USA, New Mexico; Texas; 04198. opal, chert, Cretaceous, carbonate platform, burrow, Spain, Basque Provinces; Cantabria; 04210. opal, grain size, Cretaceous, chert, Slovakia, Western Carpathians; 13233. oxygen isotope, ODP Leg 129, chert, porcellanite, radiolarite, Pacific, Pigafetta Basin; Mariana Basin; 01647.
- siliclastic**
turbidite, Pennsylvanian, Permian, Keeler Canyon Formation, carbonate buildup, USA, Great Basin; 08059.
- siliclastic sediment**
burial diagenesis, illitization, dissolution, mudstone, 13218. temperate region, tidal current, tropical region, carbonate, continental shelf, seagrass, Australia, Australian Shelf; 13274.
- silicon**
aerosol, combustion, pollutant, chlorine, sulphur, Arctic; 08695. cage farm, fish, Sweden; 10701. element cycling, mineral composition, soil biological activity, rainforest soil, Brazil, Amazon Basin; 00526. mineralogy, gibbsite, soil solution, kaolinite, aluminium, USA, South Carolina, Blue Ridge Mountains; 12035. mineralogy, ultramafic till, cementation, hardpan, USA, Alaska; 13355. nitrogen, phosphorus, rice, China, Liaoning Province; 03137. phosphorus, trace element, sediment, estuary, river water quality, India, Ganga River; 12276. soil dissolution, aluminium, extractant, reagent, iron, 06844.
- silicon-32 measurement**
silicon distribution, ocean model, modelling, upwelling, silicon/silicate ratio, Atlantic; Pacific; Indian Ocean; 00080.
- silicon distribution**
ocean model, modelling, upwelling, silicon/silicate ratio, silicon-32 measurement, Atlantic; Pacific; Indian Ocean; 00080.
- silicon/silicate ratio**
silicon-32 measurement, silicon distribution, ocean model, modelling, upwelling, Atlantic; Pacific; Indian Ocean; 00080.
- silt**
bottom sediment, basin, mineralogy, Japan Sea; 10650. clay, delta, crevasse, lamination, overbank deposit, sediment transport, China, Yellow River Delta; 13176. clay, mineralogy, ODP Leg 105, grain size, shelf, Canada, Northwest Territories, Baffin Bay; 11976. environmental impact, airport runway, project management, mercury, Australia, New South Wales, Botany Bay, Sydney Airport; 09377. erosion, mud, rheology, sediment transport, cohesion, 09267. estuary, salt wedge, turbulence, stratification, turbidity, 00394. lamination, scour and fill, bedform, sand, China, Yellow River; 14338. loess, tumbling mill, abrasion, comminution, 14326. loess, velocity settling method, sedimentological balance, sedimentation, particle analysis, Poland, West Pomerania, Klepicz; 01572. radionuclide, pollutant, salt marsh, waste, UK, England, Cumbria, Sellafield; Scotland; Irish Sea; 10709. stress/strain relationship, shear strength, clay mineral content, soil-structure interaction, 11713.
- silt bed**
meltwater, glacier ice, varve, grain size, ice dammed lake, Canada, Saskatchewan, Lake Assiniboine; 10592.
- silt load**
wetland management, lake ecosystem, 07627.
- siltation**
conductivity, cementation, groundwater, gravel bed, river bed, 11895. mud, suspension, fluid mud, cohesive sediment, wave action, 03015. weir, sediment transport, channel hydraulics, river model, UK, England, Yorkshire, Wakefield, Calder River; Dewsbury, Batley Beck-Howley Beck; UK, England, Yorkshire, Keighley, Worth River; 10927.
- silting**
dredging, nearshore sediment, sedimentation, resuspension, estuary, Baltic Sea; North Sea, Kattegat; 06743. satellite sensing, irrigation, drying up, inland sea, Uzbekistan; Aral Sea; Kazakhstan, Aral Sea; 05187. water borne disease, reservoir development, environmental impact, water demand, water supply, Kenya, Tana River Basin; Athi River Basin; 08443.
- siltstone**
sandstone, Rome Formation, palaeoenvironment, dolostone, Cambrian, USA, Tennessee, Anderson County, Haw Ridge; Roane County, Haw Ridge; 09273.
- Silurian**
aeolian sand, sand sheet strata, discharge, fluvial deposition, Tumblagooda sandstone, Australia, Western Australia, Murchison River Gorge; Kalbarri; 00379. bioherm, carbonate, buildup, reef, USA, Indiana, Pipe Creek; 07982. Chinaman's Rock Member, Tamala Limestone, pocket beach, coastal platform, lateral variation, Australia, Western Australia, Kalbarri; 05165. Clinton ironstone, diagenesis, Appalachian Foreland Basin, ooid, burial, USA, Pennsylvania; 01644. Devonian, seawater, dolomitization, carbonate ramp, USA, Illinois, Illinois Basin; 14361. glaciofluvial deposit, palaeovalley, diamictite, Ordovician, Jordan; 10593. Heme Group, biostrome, Ludlow, stromatoporoid, reef, Sweden, Gotland; 10656. hummocky cross-stratification, wrinkle mark, load structure, storm deposit, Burgsvik Bed, Sweden, Gotland; 05432. La Chilca Formation, shelf, shoreface, storm activity, platform facies, Argentina, San Juan Precordillera, Los Blanquitos Range; 01711. oolitic ironstone, phosphatic nodule, ironstone, Argentina, Precordillera; 02931. platform evolution, Alexander terrane, oceanic island, carbonate platform, USA, Alaska, Prince of Wales Island; 08063. sandstone, sand sheet, fluvial deposit, red bed, trace fossil, Tumblagooda Sandstone, Australia, Western Australia, Murchison River; Kalbarri; 02950. stromatolites, diagenesis, cement, limestone, luminescence, Canada, Quebec, Gaspe Peninsula; 13207. turbidite, palaeocurrent, Kendal Group, Windermere Supergroup, foreland basin, UK, England, Lake District; 09344.
- silver**
copper increase, coastal seawater, lead decrease, antifouling paint, Mussel Watch programme, wastewater treatment, leaded gasoline usage, USA, California; 10305. wastewater, freshwater, anthropogenic impact, estuary, USA, California, San Francisco Bay; 05482.
- silver iodide**
precipitation chemistry, cloud seeding, 12189.
- silver thiourea**
potassium chloride, acidic soil, exchangeable cation, extractant, aluminium, Australia, New South Wales, Batlow District; 06845.
- silvicultural regime**
carbon fixing, climate change, discounting, carbon flux, 08998.
- silviculture**
forest, agroforest management, carbon cycling, sequestration, carbon, 02619.
- sinus**
breakthrough curve, pesticide transport, solute transport model, 06853. bromacil, leaching, sorption, herbicide, groundwater contamination, USA, Florida; 03330.
- similarity criteria**
regional contamination, aerosol, 01048.
- similarity law**
tracer, laboratory experiment, Ekman boundary layer, dispersion, rotating channel, 07238.
- similarity method**
sodar, turbulence parameter, mixed layer depth, 11150.
- similarity theory**
boundary layer, blending procedure, resistance law, velocity profile, 14862. mesoscale model, orography, regional wind system, complex terrain, 13757.
- similarity transformation**
transformation, affine transformation, 04883.
- simple biosphere model**
global spectral model, biosphere feedback, climate, Africa; 04672.
- simple model**
Walker-Hadley circulation, ITCZ, thermally induced circulation, latent heat flux, 05953.
- simple point**
point, digital topology, thinning algorithm, 10072.
- SIMS '90 experiment**
sea ice, snow, physical property, seasonal variability, dielectric property, Canada, Arctic Canada, Resolute Passage; 13137.
- simulated annealing**
fracture flow, groundwater flow, inverse method, fracture geometry, 11009.
- simulated annealing algorithm**
AVHRR, classification image, Markov field model, France, Brittany; 07481.
- simulated climate**
global distribution, biome, model, climate change, 10340.
- simulated cloud retrieval**
cirrus optical depth, radiative transfer, cloud radiance field, 01169.

simulated data

disjunctive kriging, generalised probability kriging, multi Gaussian kriging, indicator cokriging, real data estimation, 00058. SeaWiFS, 15209.

simulation

coast, salt marsh, sedimentation rate, sediment transport, Germany, North Sea Coast; 00127. computer generated surface, cratering, albedo, Mars; 01410. constitutive model, frost heave, frost susceptibility, saturated soil, 11850. hazard estimation, mudflow, lahar, debris flow, 06780. interpolation modelling, Monte Carlo, 09011. nonlinear variability, landscape topography, multifractal analysis, USA; France; 09028. perceptual, landscape simulation, 15127. prediction, groundwater withdrawal, subsidence, China, Shanghai; 01337. random function, large lattice, screening sequential algorithm, 00066. sampling design optimization, spatial model, Monte Carlo approach, Walker Lake model, 06408. sea ice cover, temporal variation, cloud fraction, 09922. segmentation, texture, 06138. storm, beach change, SBEACH, numerical model, 02676. sulphur deposition, deciduous forest, nutrient cycling, atmospheric sulphur, USA, North Carolina, Coweeta; 08989. thermodynamics, frost heave, segregation potential, 13129. trajectory, Mina Al Ahmadi spill, spill model, oil spill, Saudi Arabia; Arabian Gulf; 00018. WaBoLu project, aerosol, solute, soil, biosystem, Switzerland; 02618.

simulation experiment

global circulation model, LAWS, observing system, 05862.

simulation model

aquatic system, system entity structure, water quality, 09640. atmospheric carbon dioxide, seasonal flux, carbon balance, forest ecosystem, USA, Florida; 03889. climate variability, irrigation system, water resource, water demand, Russian Federation, Russia, North Caucasus, Terek River; 03385. coastal aquifer, seawater intrusion, recharge well, pumping well, hydraulic barrier, 05784. energy balance, hydraulic conductivity, soil moisture, evaporation prediction, New Zealand; 13464. groundwater level, hydraulic conductivity, prediction, hillside landslide, landslide model, 05218. hydraulic conductivity, heterogeneous soil, unsaturated flow, field measurement, 03314. lake, water temperature, model calibration coefficient, turbulent diffusion, USA, Minnesota; 09618. leaching, nitrogen balance, groundwater contamination, grassland, Poland, Warsaw; 07140. optimisation model, multireservoir system, water resource management, irrigation, hydropower, India; 07154. optimisation model, water management, reservoir operation, 03241. organic matter, nitrification, degradation, diagenesis, 01737. oxygen dynamics, climate change, dissolved oxygen, lake water quality, USA, Minnesota; 12287. shale, molybdate, deep sea sediment, suspended matter, element distribution, 01731. solute transport, atrazine, herbicide, groundwater contamination, leaching, 12325. surface water chemistry, catchment hydrochemistry, acidic deposition, soil water chemistry, synthetic data analysis, 12243. water resource development, impact assessment, environmental impact, climate change, river basin, Pakistan, Indus River Basin; 07152.

simulation modelling

error propagation, buffer operation, GIS, buffer accuracy, 13974. soil behaviour, soil monitoring, 12025. soil behaviour, sustainable agriculture, 12026.

simulation sensitivity

soil water content, watershed, microwave radiometer, PBMR, USA, Arizona, Tombstone, Walnut Gulch; 15130.

single column model

precipitation, hydrology, general circulation model, subgrid scale, 08533.

single Doppler radar

radar data, convection, radial velocity, prediction model, 12403.

single fracture dispersion model

matrix diffusion, solute transport, tracer test, dispersion, 05790.

single hit

Poisson model, limiting dilution assay, score test, 02634.

single layer model

large particle method, complex terrain, flow, 08594.

single particle analysis

estuary water quality, suspended sediment, sediment origin, Germany, Elbe River; 12252.

single point closure

neutral stratification, closure assumption, turbulence, boundary layer, 08539.

single polarisation SAR

snow, glacier, 03834.

single random variable method

random field method, channel hydraulics, water resource modelling, point estimate method, 09616.

single scattering albedo

optical depth, solar radiation, two stream approximation, parameterisation, 09802.

singular spectral analysis

principal components, time scale, rainfall variability, Malaysia; 03526.

sink

atmospheric carbon, nitrogen deposition, carbon uptake, forest, biosphere, 07697. atmospheric oxidant, trace gas flux, midlatitude ecosystem, carbon dioxide, methane, modelling, 07706. bromine monoxide, dimethylsulphide, marine atmosphere, 12591. carbon dioxide, fossil fuel, deforestation, biosphere, ocean, 03502. ecosystem response, global warming, atmospheric change, carbon cycling, 08988. environmental impact, sulphur containing compound, atmospheric sulphur, trend, source, 08687. humic acid, trace metal, heavy metal, dumping, North Sea, Skagerrak; 10708. organochlorine, ocean air, seawater, global transport, PCB flux, 00025. photochemical model, atmospheric methane, methane flux, wetlands, biogenic source, 02620. seasonal cycle, methane, source, Korea; 04755.

sink mechanism

lake, phosphate, planktonic bacteria, phosphorus cycling, Norway, Lake Nesjovarn; 10333.

sinkhole

collapse, compaction grouting, foundation support, karst terrain, USA, California, Santa Cruz; 07727. collapse, karst, lagoon collapse, wastewater pond, USA, Minnesota, Bellechester; 07730. flooding, karst hydrogeology, groundwater basin, swallow capacity, USA, Kentucky, Sinking Creek, Garretts Spring; 12294. karst spring, karst area, lake water level, conceptual

model, leakage, Turkey, Beyschir Lake; Taurus Karst Region; 00658. mud infiltrate structure, Miocene, Hawthorn Group, karst, cave, USA, Georgia, Pelham Escarpment; 06687. residential well, coliform, withdrawal rate, groundwater withdrawal, karst area, USA, Virginia, Augusta County; 07823. structural analysis, soil gas, tectonic setting, Italy; 05256.

sinkhole collapse

regolith, pumping, limestone aquifer, cavity, USA, Illinois, Union County, Dongola; 11767. urbanisation, flooding, groundwater quality, risk assessment, drainage, 00793.

sinkhole development

hydrogeology, desert, groundwater, subsidence, Kuwait, Kuwait City; 11769.

sinkhole/spring system

tracer dye, bacteriological test, groundwater contamination, recreational water quality, Florida, Tampa, Sulphur Springs; 12313.

sinking

aggregation, thorium, weather station, cycling, particle cycling, Pacific, (North); 09342. sediment trap, organism, cycling, USA, Washington, Dabob Bay; 10568.

sinking material

sediment trap, biogeochemical cycle, degradation, fatty acid, Atlantic, (Northeast); 09254.

sinking particle

carbon cycling, greenhouse gas, bacteria, methane, water column, Pacific, (North); 11892. carbon, nitrogen, organic matter, photosynthesis, phytoplankton bloom, Pacific, (Northwest); Antarctica, Breid Bay; 02991. coastal water, tetrodotoxin, toxification, marine organism, fish, Japan, Kyushu, Aburatsubo Inlet; 12018. organic matter, gas chromatography, mass spectrometry, nitrogen, Pacific, Japan Trench; 06710. sedimentation, euphotic zone, carbon cycling, phytoplankton, Mediterranean Sea; 10648. settling particle, particle density, aggregation, sedimentation, phytoplankton, 11911.

sinking particulate

organic carbon, trace metal, speciation, deep sea sediment, Atlantic; 09322.

sinking rate

turnover rate, organic matter, phytoplankton bloom, biomass, Barents Sea; 06723.

sinter

travertine, classification, biomineralization, tufa, calcification, Germany; 04188.

sinuosity

avulsion, braiding, Escanilla Formation, Eocene, foreland basin, floodplain, Spain, Pyrenees; 04240. bedload, braiding, meandering, river channel, 12940. bedload, grain size, meandering, stream power, braided channel, palaeohydrology, 12941. channel aspect ratio, roughness, meander, flow resistance, compound flow, open channel flow, 10937. channel pattern, fractal analysis, river planform, Richardson method, Central African Republic, Mbomou Basin; 09041. ejecta deposit, impact crater, lobateness, Mars; 14178. fine sediment, peat, river channel, sediment load, meander, Botswana, Okavango Fan; 00372. quasi-equilibrium state, Magellan imagery, meander, channel, lava channel, Venus; 07795.

sinusoidal topography

particle deposition, theoretical study, 04625.

siphon control

rainfall, raingauge, tipping bucket raingauge, 13453.

STR

radar, SAR, lithological discrimination, China; 04954.

SIR-B

geomorphological analysis, metamorphic rock, airborne SAR, 03781. Landsat TM, resource assessment, forest resource, shuttle, contextual classifier, land cover, USA, Florida; 07581.

site binding model

proton binding, humic substance, double layer model, 06821.

site exposure

weather, wind direction, 13716.

site investigation

engineering geology, hydrogeology, soil mechanics, rock mechanics, 00091. engineering geology, monitoring, civil engineering, Netherlands; 14202.

site selection

coastal zone, aquaculture, IRS-1A, India; 04985. GIS, industrial site, 02566. seismotectonics, nuclear power, India, Gujarat, Kakrapar; 12863. shopping center, GIS, USA, Massachusetts, Natick; 02568.

site size

scale, Quaternary geology, landscape, geological process, artifact density, USA, Texas; New Mexico; 05141.

site test

undrained shear strength, strain path method, stress strain response, clay disturbance, 04026.

Siwalik Group

fluvial evolution, Miocene, foredeep basin, Nagri Formation, Chinji Formation, Pakistan, Himalayas, Potwar Plateau, Chinji; 06731. Miocene, sandstone, foredeep, bedding geometry, sedimentary structure, Pakistan, Himalayas, Potwar Plateau, Chinji; 06730.

six flux

radiative transfer, cloud model, 05873.

size classification

carbon fiber, aerosol, 06055.

size dependent analysis

particle analysis, chemical bulk analysis, droplet, 09942.

size distribution

aerosol model, 12613. aerosol, chemical property, Svalbard, Ny Alesund; Arctic; 08702. cloud chamber study, water cloud, aerosol size distribution, non precipitating cloud, 10016. coalescence, evaporation, breakup, raindrop, 11245. deposition, polychlorinated, dibenzo-p-dioxin, dibenzophuran, particulate matter, 12610. DMSP, particle, Atlantic, Mediterranean Sea; 04796. dry deposition, trace element, ice sheet, dry aerosol, Greenland; 08699. dust, aerosol, deposition, Soviet/American desert dust experiment, Tadzhikistan; 07385. marine aerosol, mass measurements, aerosol, Berner impactor, Ireland, Mace Head; 15005. mass concentration, ion composition, aerosol, Russian Federation, Lake Baikal; 06053. microphysics, condensation nucleus, aerosol, Antarctica, Mawson; 01057. seasonal cycle, condensation

- nucleus, aerosol, Antarctica, Mawson; 01058. source, transport, element, ice sheet, aerosol, Greenland; 08700. thoron, radon, progeny, aerosol, 13873. trace metal, impactor, aerosol, USA, California, Los Angeles; 06048. urban air, dry deposition, deposition, particle, North America, Great Lakes, Lake Michigan; 06064. urban, aerosol, seasonal dependence, hydrocarbon, PAH, Spain, Barcelona; 08710.
- size fractionation**
filter, particle size distribution, bacteria, filtration, 00281.
- size frequency distribution**
quartz sand, thermal disintegration, quartzite, detrital sediment, weathering, India; 02874.
- size measurement**
measuring instrument, suspended sediment, settling velocity, floc, UK, England, Tamar Estuary; 10556.
- size sorting**
boulder pavement, mesotidal shoreline, intertidal zone, lag surface, USA, Alaska, Gulf of Alaska, Icy Bay; 09047. crushing process, glacial dispersal, geological survey, glacial sediment, drift composition, Canada; 00234.
- skeleton**
cementation, isotope fractionation, shelf carbonate, temperature effects, Australia, Tasmanian Shelf; 13204. Euclidean, morphology, 02410. lynx, cave, Lower Jurassic limestone, speleothem, pearl, Poland, Cracow-Miechow Upland, Jama Ani Cave; Wierna Cave; 10421.
- sketch**
Carboniferous, lithostratigraphy, field experiment, outcrop, sedimentary structure, UK, England, Cumbria; 09248.
- skew upwind scheme**
numerical diffusion, computational method, semi implicit method, environmental hydraulics, convection, 11111.
- skewed distribution**
vertical velocity, Gaussian distribution, ground level concentration, dispersion, convective boundary layer, 04626.
- skewed flow**
binormal model, ensemble, cloud cover, 02291.
- skewness**
grain size, channel, dredging, texture, India, Kerala, Vembanad Estuary; Muvattupuzha River; 1879. kurtosis, flood frequency analysis, linear moment, regional flood frequency, variance, New Zealand; 00643. kurtosis, L moment diagram, product moment diagram, 01317.
- ski slope**
winter temperature, leisure industry, mountain climate, snow cover, UK, Scotland; 03436.
- skill**
error growth, forecast range, atmospheric model, 04728. information, forecast, weather information, 04732. medium range central guidance, verification score, forecast guidance, 04739. periodic variance, forecast, climate forecast, Asia; 03534. precipitation-temperature relationship, temperature prediction, predictor, USA; 04724. precipitation, temperature, forecast, general circulation model, global NMC model, USA; 01009. prediction, validation, weather forecasting, 08614. sea surface temperature, principal components analysis, rainfall, predictability, Australia; Indian Ocean; 13779. seasonal temperature, objective selection, analog prediction, prediction system, 13785. weather prediction, serial correlation, prediction, 02312.
- skill score**
precipitation, forecast, statistical forecasting, India, Narmada; 03529.
- skin friction**
ripple geometry, boundary layer, shear velocity, continental shelf, bedform measurement, 08068.
- skin friction coefficient**
model, dust fall, deposition gauge, Frisbee, blow out, 00831.
- skin zone**
partial penetration, hydraulic property, flow rate, constant head test, clay, 06499.
- Skonun Formation**
Cainozoic, tectonics, volcanism, plate motion, geochemistry, Canada, British Columbia, Queen Charlotte Islands; 02694.
- sky brightness temperature**
atmospheric opacity, atmospheric radiometer, telescope site selection, South Pole; Antarctica; 13995.
- sky light**
reflectance, citrus canopy, ground radiometry, 02514.
- sky view factor**
canyon geometry, radiative/convective interaction, microclimate, urban street canyon, 03481.
- Skylab S-193 sensor**
scatterometer, radiometer, correlation analysis, 08784.
- slab model**
ice sheet, boundary layer, interaction, 12469.
- slab slide**
failure plane, sidescan imagery, forearc basin, submarine canyon, seafloor, Peru, Arequipa Forearc Basin; 10652.
- slab vegetation model**
sensible heat flux, boundary layer, evaporation, aircraft measurement, Australia; 05922.
- slackwater deposit**
flood, heavy mineral, dam spillway, palaeoflood, Australia, New South Wales, Nepean River, Warragamba Dam; 06670. Holocene, sedimentary record, palaeoflood, Australia, Western Australia, Margaret River; Fitzroy River; 12947.
- slaking**
aggregate breakdown, surface sealing, loess, air blasting, 00608. crop rotation, aggregation, tillage, mean weight diameter, soil water content, Canada, Quebec, La Pocatiere; 01826. hydraulic conductivity, soil stability, surface seal, clay dispersion, Vertisol, 05523. mycorrhizal fungus, aggregation, root growth, 01777.
- slantwise convection**
snow band, Canada, Alberta; 09915.
- Slantwise Showalter Index**
moist symmetric instability, Canada, Alberta, Stony Plain; 07283.
- SLAR**
lineament, remote sensing, Fold Belt, megascopic, MSS, Nigeria, Okemesi; 02480. microwave radiometry, oil spill, USA; 02562.
- slash and burn**
pine/hardwood stand, burning, stream, soil, nitrogen response, USA, North Carolina, Appalachians; 08991.
- slate**
tracer migration, fracture flow, radionuclide transport, radioactive waste disposal, advection/dispersion model, 04528.
- slatwise convection**
cyclone, conditional symmetric instability, precipitation band, 00961.
- sleet climatology**
ice storm, freezing rain, USA, (Southeast); 09817.
- SLEMSA**
USLE, soil erosion prediction, rainfall erosivity, soil conservation, nutrient loss, Lesotho; 12179.
- slickenside**
deformation, Belair glaciation, Pleistocene, diamicton, France, Pyrenees, Belair cone; 00239. soil movement, swelling, shrinkage, Chromudert, hapludalf, USA, Mississippi, Blackland Prairie; 14512.
- slickspot**
Haploxeralf, Natrargid, soil salinisation, leaching, evapotranspiration, USA, California, Central, Coast Range, Carrizo Plain; 01817.
- slide**
clay, shale, overconsolidation, design method, USA; Canada; 05230. joint spacing, rock strength, underdip slope, topple, Chevron topple, 09113.
- slide geometry**
landslide, back analysis, shear strength, Spain, Valencia, Jucar River, Cortes de Pallas; 07810.
- slide scar**
turbidity current, diagenesis, carbonate platform, sea level, grain flow, Bahamas, Tongue of the Ocean; 14422.
- sliding**
landslide model, surface roughness, steady movement, fine grained soil, 01420. rotation, deformation, constitutive relation, granular material, micromechanics, 00147. underdip slope, rock slope, highway cut, rock topple, toppling, Canada, Alberta, Jasper, Clairvaux Creek; 09115.
- sliding law**
landslide, mechanical model, shear surface, viscoplastic material, 05229.
- slip-line method**
bearing capacity, nonhomogeneous clay, embankment, 06510.
- slip plane**
digital elevation model, prediction, slope failure, 13003.
- slip rate**
deformation, faulting, seismicity, strike/slip fault, crustal thickening, China, Tibetan Plateau; 11693. fault kinematics, morphotectonics, Tynavos Fault, extension, fault scarp, Greece, Larissa Plain; 06484. fault kinematics, strike/slip fault, topographic measurement, displacement morphology, Holocene, Ecuador, Andes; 07784. Garlock Fault, offset, geodetic data, Holocene, USA, California, Searles Valley; 02695. palaeoseismicity, neotectonics, fault scarp, USA, Idaho; Utah; USA, Wyoming; 06476. recurrence interval, palaeoseismicity, radiocarbon dating, earthquake, fault, Italy, Salerno; 01452. right lateral fault, Talas-Fergana fault, Quaternary, Holocene motion, neotectonic uplift, Asia, (Central); China; Kirghizstan; 01400. tectonics, terrace riser, fault scarp degradation, Hotan-Qira Fault System, slope decline, China, Xinjiang, Kunlun Mountains; 06490. till, dilatancy, subglacial monitoring, microseism, fault plane analysis, Antarctica, West Antarctica, Ice Stream B; Ice Stream C; 10542.
- slip surface**
effective stress, safety factor, shear strength equation, cohesion intercept, 05226.
- slipping layer**
slope, viscous soil, displacement rate, 11735.
- slope**
Albidona Formation, mass movement, landslide, gravitational deformation, hazard, Italy, Ionian Calabria, Platina; 05242. crevasse, flow pattern, mass balance, glacier, GIS, Svalbard, Spitsbergen, Erikbreen; 09242. elevation, runoff, area-slope-evaluation relationship, catchment characteristics, 14605. flow depth, sewer design, minimum velocity design, Mannings equation, 06974. forest, clear cutting, model, photosynthetic photon flux, 05882. ground motion, earthquake, collapsing slope, seismic displacement, 10394. ice stiffness, basal drag, ice flow, strain rate, Antarctica, West Antarctica, Ice Stream B; Ice Stream C; 10540. model, soil water erosion, Water Erosion Prediction Project, 02655. pediplain, pediment, Croatia, Velebit Mountain Range; 11758. rain, low angle slope, slush flow, Kirghizia, Kirgiz Range; 07931. rainfall simulation, soil erosion reduction, gyssiferous amendment, surface sealing, interrill erosion, USA; 05553. rainforest soil, soil erosion rate, splash detachment, rainfall intensity, Malaysia, Sabah; 05635. soil conservation, pine plantation, surface thinning, Italy, Calabria, Sila Mountain; 06888. soil erosion prediction, sediment yield, Water Erosion Prediction Project, runoff, 12172. soil wetness index, soil mapping, terrain analysis, toposequence, USA, Colorado; 04302. surface seal, loess, runoff, rainfall simulation, surface crust, China, Lishi, Wangjiagou; 05641. tillage, runoff, ploughing, soil movement, France; 08253. transport, erosion, piping, badland, France, Alps, Baronnies Mountains; 09122. viscous soil, displacement rate, slipping layer, 11735.
- slope angle**
insolation weathering, weathering pit, analysis, granite dome, aspect, USA, Georgia, Stone Mountain; 00099. sediment yield, topography, sheet wash, China, Shaanxi; 10885.
- slope aspect**
radiometric correction, forest classification, DEM, topography effect, TM, Alpine environment, Switzerland, Widwalden Canton, Beckenried; 02512.
- slope characteristics**
slope failure, knick line, weathering, clay mineral, Japan, Mie Prefecture, Matsuzaka City, Sakanai River; 14209.
- slope construction**
rheology, topsoil, fill, shear strength, 05221.
- slope correction**
ice sheet, data product, altimeter data, waveform retracking, 14087.

- slope cover**
filter bed, operational reliability, concrete, 02654.
- slope crest**
setback, landslide, abandoned slope, stability, erosion rate, Canada, Alberta; 07807.
- slope current**
Pliocene/Pleistocene, depositional unit, continental slope, global climate cycle, New Zealand, Chatham Rise; 11849.
- slope debris**
clast shape, limestone clast, morphometry, glacial deposit, Italy; 09124.
- slope decline**
slip rate, tectonics, terrace riser, fault scarp degradation, Hotan-Qira Fault System, China, Xinjiang, Kunlun Mountains; 06490.
- slope deformation**
glacial lake shoreline, Loch Lomond Readvance, glacial unloading, permafrost, pre-Flandrian event, UK, Scotland, Highlands, Glen Roy; Glen Gloy; 06516.
- slope deposit**
cryoturbation, frost heave, stone banked ice sheet, bedding, alpine environment, France, Alps, La Mortice; 01554. soil, loess, Wisconsinan, stratigraphy, USA, Great Basin; 01438. TL dating, periglacial environment, loess, aeolian activity, pollen, Denmark; 07927.
- slope design**
reversal shear box test, saprolitic soil, shear strength, Hong Kong; 02725.
- slope destabilization**
vineyard, wind erosion, France, Auvergne, Limagne; 10876.
- slope development**
planation, uplift, thalassoplanation, coastal foreland, duricrust, South Africa, Great Escarpment; 07776.
- slope distribution**
emission, reflection, microwave emissivity, marine environment, sea surface, 14893.
- slope evolution**
fluvial terrace, fault scarp, climate change, diffusion model, Taiwan; 00151. humid temperate climate, chemistry, weathering, erosion balance, Canada, Quebec, Appalachians; 01436. land use management, USGS, landslide hazard, risk mapping, USA, Virginia; Utah; USA, California; USA, Alaska; USA, Hawaii; 05133. slope instability, soil erosion susceptibility, flood, Portugal; 10875.
- slope facies**
breccia, sea level, Triassic, Latemar buildup, grainstone, carbonate, Italy; 14426.
- slope failure**
active layer, detachment slide, landslide, permafrost, Canada, Northwest Territories, Ellesmere Island, Fosheim Peninsula; 06613. basin fill, Quaternary, turbidity current, abyssal plain, sea level change, continental margin, Atlantic, Madeira Abyssal Plain, Canary Basin; 14421. delta, continental shelf, flood, sedimentation, USA, Mississippi Delta; Gulf of Mexico; 14410. disaster, Quaternary research, slope stability, 09093. environmental research, dendrochronology, Quaternary chronology, mass movement, USA, Rocky Mountains; India, Himalaya; North America, Great Plains; 05177. failure time, prediction, rock fall, Austria, Carinthia, Carnic Alps; 02721. gravity deposit, submarine fan, turbidite, ODP Leg 133, Miocene, Australia, Queensland Continental Margin, Queensland Trough, Site 823; 09346. Holocene, sea level, mass movement, marine clay, Japan, Tokyo Bay; 11764. knick line, weathering, clay mineral, slope characteristics, Japan, Mie Prefecture, Matsuzaka City, Sakanai River; 14209. landslip, interflow, deep weathering, rockfall, landslide complex, South Africa, Natal, Drakensberg, Sani Pass; 01430. rainfall, landslide, South Africa, Durban; 01442. rockfall, landslide hazard, colluvium, glacial material, debris slide, USA, Vermont; 02657. rotational slide, Buckling index, morphometric characteristics, landslide, Japan, Akaishi Mountains; 14208. seafloor, delta slope, progradation, Canada, British Columbia, Fraser Delta, Foreslope Hills; 06745. slip plane, digital elevation model, prediction, 13003. slope stability, vegetation, shear plane, cohesion, Jamaica, Upper St Andrew; 11746. submarine landslide, EEZ, mass movement, submarine canyon, fjord, continental slope, USA; 13278. subsurface water, convergent flow, soil pipe, instability, 09094. texture, debris flow, deformation, flow banding, velocity, Atlantic, Saharan Debris Flow; 02995. tsunami, submarine slide, numerical simulation, Canada, British Columbia, Fraser River Delta; 02760. urbanisation, rainfall, Hong Kong; 06521.
- slope failure**
weathered granite, landslide, debris flow, land use, natural disaster, Thailand; 10419.
- slope form**
geotechnical property, limestone, concave slope, rock mass, Australia, Western Australia, Napier Range; 04045. mountain, topographic map, analytical study, climate zone dependence, Austria, Alps; Chile, Andes; USA, Alaska, Nutzotin Mts; USA, Alaska, Wrangell Mts; 07805.
- slope gradient**
mulching, surface wash, ravel erosion, mine spoil, surface roughness, USA, Nevada; 12175. slope length, runoff, sediment loss, vegetation cover, Burundi; 00607.
- slope illumination**
vegetation mapping, DEM, Austria, Sudtirol, Martell Valley; 08897.
- slope inclination**
rutschblock test, stability, snow slab, 10409.
- slope inflexion zone**
podzolisation, postglacial weathering, dissolved material, mass budget, Canada, Quebec, Eastern Townships; 01347.
- slope instability**
hazard assessment, landslide hazard map, statistical model, India, Himalayas, Gharwal Himalaya, Alkananda Valley; 06520. landslide process, slope movement, flysch, Slovakia, Nizke Beskydy Mts, Domasa; 01431. landslide, climate change, global warming, UK; 04033. rainstorm, translational hillslope failure, stability model, soil moisture, UK, Scotland, Aviemore; 09119. soil erosion susceptibility, flood, slope evolution, Portugal; 10875.
- slope length**
gradient, rill erosion, USA, (Northwest); 05638. runoff, sediment loss, vegetation cover, slope gradient, Burundi; 00607.
- slope movement**
flysch, slope instability, landslide process, Slovakia, Nizke Beskydy Mts, Domasa; 01431. porewater pressure, permafrost, cyclic loading, creep, Canada, Northwest Territories, Yellowknife; 05231.
- slope position**
soil quality, loess soil, soil physical property, Poland; 10880.
- slope process**
Armenia earthquake, embankment failure, liquefaction, Armenia; 13008. fault movement, displacement measurement, fault, crack, hydraulic engineering, earthquake prediction, Czechoslovakia; 11759. mass movement, Flysch Belt, landslide, Czech Republic, Carpathian Mountains; 13007. sediment transport, erosion, vegetation, microtopography, soil, Spain, Filabres Range; 13162.
- slope profile**
rock-landform interaction, denudation, hillslope, Japan, Honshu, Ibaraki Prefecture, Nantai-san; 01445.
- slope reforestation**
gully reclamation, erosion control measure, geomorphic status, knickpoint geometry, USA, Tennessee, Memphis, Meeman-Shelby State Park; 06451.
- slope retreat**
paleogeomorphology, Quaternary, rift valley, structural landform, fluvial erosion, Zaire, Lake Kivu; Ruanda, Lake Kivu; 02765.
- slope sediment**
oxygen isotope ratio, Globigerinoides ruber, sea surface temperature, stable oxygen isotope signal, Coral Sea, Great Barrier Reef; 10447. sea level change, palaeomagnetic analysis, environmental control, Coral Sea, Great Barrier Reef; 10455.
- slope sedimentation**
Coopers Creek Limestone, carbonate, Devonian, Melbourne Trough, Australia, Victoria; 05451.
- slope stability**
circular failure, wedge failure, safety factor, maximum likelihood estimation, 10410. discharge canal, soil dam barrage, Turkey, Izmir, Gediz River Basin; 09126. earthquake, susceptibility, rock slope, failure, landslide, 05222. equilibrium model, stability analysis, general limit equilibrium, three dimensional analysis, safety factor, 09084. expansive phenomena, saprolite, tropical soil, residual soil, 10413. geomorphology, reservoir, Italy, Sauris Lake; 13297. impact assessment, hydropower development, landslide, sedimentation, USA, Washington, North Cascade; 02715. land use management, stabilisation, steep slope, soil erosion control, India, Himalayas; 07726. landslide, weathering, plasticity, shear strength, clay mineralogy, Europe, Alps, Oberallgau, Gunzesried Valley; 10571. landsliding, risk assessment, 12999. loess, weathering, collapse, geotechnical property, China, Loess Plateau; 11763. road surface drainage, channel initiation, landslide, erosion threshold, USA, Pacific Northwest; 14211. rock creep, frost creep, stone trail, painted tracer, France, Alps-de-Haute-Provence, Baronnies Mountains; 05238. rock slope, buckling deformation, critical load, Canada, Alberta, Highwood Pass; 01433. shear resistance, jointed rock, stability calculation, rock slope, joint connectivity, 02707. slope failure, disaster, Quaternary research, 09093. soil flow, bog burst, peat soil, Argentina, Tierra del Fuego, Bahía del Buen Suceso; 13005. soil mechanical property, probability method, 09103. stability analysis, embankment slope, limiting equilibrium, 11737. vegetation, shear plane, cohesion, slope failure, Jamaica, Upper St Andrew; 11746.
- slope stability analysis**
geotechnical characteristics, instability, submarine slope sediment, France, Riviera, Nice Slope; Mediterranean Sea, Nice Slope; 04042.
- slope stability map**
landslide, mapping, steep valley slope, slump, earthflow, Germany, Bonn; 00096.
- slope steepness**
badland, water erosion prediction project, landscape evolution, Italy; 08245. interrill erosion, soil water content, rainfall simulation, rainfall intensity, 12173. soil map, landslide, distribution, bedrock, 14193.
- slope terracing**
erosion control, runoff regulation, forest reclamation, lithosol, 05832.
- slope threshold**
geomorphological effect, flood, fluvial fan, fanhead trench, scour pool, Australia, New South Wales, Sydney; 10371.
- slope wind**
angular momentum, topography, slope wind, general circulation model, surface heat flux, Antarctica; 11191. general circulation model, surface heat flux, slope wind, angular momentum, topography, Antarctica; 11191. katabatic flow model, limiting behavior, time dependent flow, 00984. polar, stratospheric vortex, wave mean-flow interaction, model, Antarctica; 14906.
- sloping bottom**
detachment, buoyant surface jet, dilution, 02635.
- sloping excavation**
finite element method, algorithm, Biot analysis, delayed failure, 06500.
- sloping field**
rill erosion, soil erosion, erosion prediction, USA, (Northwest); 09556. runoff, tillage, crop rotation, sediment yield, 09553.
- sloping terrain**
liquid water, stratus, fog, visibility, 02273.
- slough**
wetlands, prairie, hydrological process, water balance, 01969.
- slow flow index**
baseflow index, streamflow, unit hydrograph, 06968.
- SLR**
VLBI, subduction, elastic stress model, plate boundary, USA, California, San Andreas Fault; 07539.
- sludge**
consolidation, bituminous sand, extraction, elasticity, clay, Canada, Alberta; 01743. isotope dilution gas chromatography, mass spectrometry, quantitative analysis, HMPD, groundwater, 10311. pollution, heavy metal, geochemical mapping, sediment pollution, Baltic Sea; Poland, Gdansk Harbour; 12016. wastewater, phosphorite, phosphate, bacteria, Namibia; 11941.
- sludge application**
digester sludge, methane generator sludge, 10713. sewage sludge, aggregate

- slaking, clay dispersion, hydraulic conductivity, Calciorthic, 10778. sewage sludge, phosphorus, 06882. soil chemical property, olive oil, wastewater, 05627. soil chemical property, sewage sludge, acidic soil, extractant, 06900.
- sludge bed**
ash, karst landscape, collapse doline, Slovakia, Strazovske vrchy Mts., Chalmova; 05265.
- sludge disposal**
EIA, metal, landfill, sewage, Hong Kong; 01764.
- sludge treatment**
methane emission, wastewater treatment, carbon dioxide emission, 06099.
- slug flow model**
kinematic wave model, infiltration model, furrow irrigation, Green-Ampt equation, 03311.
- slug test**
rising head test, water table well, groundwater well, pressure packer system, pressure test, hydraulic conductivity, 03320.
- sluice gate discharge**
side sluice gate, head regulator, discharge coefficient, channel hydraulics, 10932.
- sluice way operation**
retarding basin, runoff prediction, flood routing system, floodwater storage, real time model, 08351.
- slum clearance project**
developing country, low end GIS, India, Bangalore; 08951.
- slump**
cliff flow, slope stability map, landslide, mapping, steep valley slope, Germany, Bonn; 00096. evaporite, sedimentary structure, carbonate, proterozoic, India, Maharashtra, Penganga River, Mangurda; 13280.
- slump block**
hydrocarbon, submarine slide, seismic profile, sea level, shelf margin, Gulf of Mexico; 01715.
- slumping**
bottom current, subbottom profiling, echosounder, continental slope, Weddell Sea; 01598. fan lobe, channel, deep sea fan, Mediterranean Sea, Gulf of Lion, Rhone Deep Sea Fan; 08061. transponder, Loma Prieta earthquake, turbidity current, sediment transport, Pacific, Monterey Submarine Canyon; 10578.
- slurry**
clay content, potassium, calcareous soil, clay mineral, 05616. crop rotation, nitrate leaching, nitrogen, fertiliser, 00553. nitric acid, ammonia, nitrous oxide, grassland, cattle, 06086. PCB, dechlorination, microorganism, anaerobic sediment, USA, New York, Hudson River; 10688. soil enrichment, phosphorus, potassium, copper, zinc, France, Brittany, Finistere; 00559. washing pond, sedimentation, electrokinetics, environmental engineering, 10694. wind tunnel, ammonia volatilisation, cattle, pig, 03645.
- slurry application rate**
swine manure, runoff water quality, runoff concentration, rainfall intensity, manure, 02000.
- slush avalanche**
rhythm, geomorphological evolution, high latitude, denudation rate, erosion rate, 05174.
- slush flow**
geomorphological impact, snowmelt, slush stream, meltwater, Svalbard, Spitsbergen; 02083. slope, rain, low angle slope, Kirghizia, Kirgiz Range; 07931.
- slush stream**
meltwater, slush flow, geomorphological impact, snowmelt, Svalbard, Spitsbergen; 02083.
- Smackover Formation**
anhydrite, strontium, cement, diagenesis, sulphate, Jurassic, Gulf of Mexico; 13216. cycle, aragonite, ooid, Jurassic, seawater, USA, Mississippi; 07997.
- Smackover limestone**
porosity, fluid flow, diagenesis, hydrocarbon, Jurassic, USA, Gulf Coast; 13200.
- small scale mapping**
additive viewing, soil mapping, multispectral imagery, colour additive viewing, India, Andhra Pradesh, Karimnagar; 02487. map series, Dutch East Indies, Indonesia; 07506. river bed, fluvial process, mapping, Russian Federation; Europe, (East); 02491.
- small scale process**
long term, modelling, coastal morphology, mathematical modelling, 07755.
- small scale rainfall**
Eulerian technique, Lagrangian technique, spatio/temporal variability, precipitation assessment, urban hydrology, short term rainfall, 13454.
- small scale variability**
spatial variability, rainfall, Africa, Sahel; 05994.
- SMAP**
rainfall/runoff model, hydrological model, model calibration, expert system, 05652.
- SMART**
SMARTEX, cation content, forest growth, soil acidification model, nutrient cycling, Sweden; 13327.
- SMARTEX**
cation content, forest growth, soil acidification model, nutrient cycling, SMART, Sweden; 13327.
- smectite**
Ariake marine clay, clay, Atterberg limit, seawater, bentonite, 02879. basin, vitrinite reflectance, illite, Neogene, Hungary, Pannonian Basin; 10612. continental shelf, kaolinite, terrigenous sediment, mud, palaeoclimate, Namibia, Kunene Shelf; Walvis Shelf; 06759. Eocene, volcanoclastic sediment, zeolite, cristobalite, Greece, Thrace, Metaxades; 01640. illite, diagenesis, silica, 13228. Miocene, shale, illite, stoichiometry, burial diagenesis, USA, Gulf Coast; 10610. mud, accretionary prism, rock strain, Fry technique, water column, Pacific, Nankai Trough; 00289. seawater, hydrothermal fluid, nontronite, thermometry, seamount, REE, Pacific, (Central); 00428. smectite/illite conversion, clay expansion, illite, bentonite, shale, Slovakia, Trans-Carpathian Depression; 00318. spodumene, clay mineral, laterite, weathering, Australia, Western Australia, Greenbushes Mineral Field; 05387. trace element, geochemistry, Camp de Gibraltar Unit, kaolinite, illite, Spain, Betic Cordillera, Campo de Gibraltar; 04223. X-ray diffraction, mineralogy, Entisol, clay mineral, chlorite, Italy; 09460. X-ray diffraction, particle thickness, cation exchange capacity, Tiron dissolution, Canada; 01781.
- smectite/illite conversion**
clay expansion, illite, bentonite, shale, smectite, Slovakia, Trans-Carpathian Depression; 00318.
- smectitic soil**
clay mineral, cation transport, 04340.
- smelter**
pollution, terrestrial environment, chromium, aquatic environment, Poland, Siechnice; 07676. sulphate, dispersion modelling, sulphur dioxide source, Russian Federation, Siberia, Kola Peninsula; Arctic; 01064.
- smelter emission**
acidic deposition, waterfowl habitat, lake water chemistry, Canada, Ontario, Sudbury; 14673.
- smelter site**
lead contamination, hazardous waste, cleanup strategy, soil lead, distribution, USA, New Mexico, Socorro; 00022.
- SSM/I**
atmosphere, boundary layer, ocean, 06294.
- SMMR**
GMS, GOES, water vapour transport, satellite data, evaporation, Pacific; 03212. microwave emissivity, vegetation, optical depth, albedo, soil moisture, Botswana; 02483. microwave imager, sea ice, principal components analysis, 03814. microwave, remote sensing, snow conditions, USA, Colorado River; 05818. SSM/I, calibration, brightness temperature, Antarctica; 03655.
- SMMR 37**
polarisation difference, microwave radiometer, inundation, floodplain, South America, Amazon River; 15224.
- smog**
surface longwave radiation, infrared window, temperature inversion, radiometric FTIR measurement, emission spectra, 11346.
- smog chamber**
photo oxidation, octene, aerosol chemistry, reactive organic gas, infrared microscopy, 01051.
- smog check program**
traffic, vehicle exhaust emission, roadside survey, 10030.
- smog episode**
winter, vehicle exhaust emission, stagnation episode, urban area, nitrogen dioxide, UK; 12635.
- smoke**
cloud microphysics, albedo, satellite imagery, Brazil, Amazonia; 02268. fire, visual simulation, flame, 12808. trend (1984-1991), strong episodes, Greece, Athens; 13887.
- smoke cloud**
lidar, calibration curve, backscatter, 10173.
- smoke plume**
biomass burning, trace gas emission, fire, Mexico, Yucatan Peninsula; 03628.
- smoldering**
particle emission, savanna, combustion experiment, combustion aerosol, flaming, Africa; 10007.
- Smolnitsas**
clay mineral, iron, vertic soil, Chernozem, Russian Federation, Krasnodar Kray; Bulgaria; 10772.
- smooth flow**
hyperbolic equation, topography, multiscale system, 03512. rough flow, sea surface, flow regime, aerodynamics, 07254.
- smooth meteorological field**
data assimilation, initialisation, spectral objective analysis, 08566.
- smoothing**
filter weight, SAR, image autocorrelation, 13951. hierarchy, image smoothing, adaptive, 15076.
- snail assemblage**
mollusc assemblage, temperature oscillation, pollen, proxy data, glacier, Europe, (West); 11835.
- snow**
ablation, debris, glacier, Nepal, Khumbu Glacier; 08873. air permeability, permeability measurement, USA, Wyoming, Glacier Lakes; 05819. albedo variability, Norway, Helligdagshaugen; 03417. angular reflectance, saline ice, sea ice, USA, New Hampshire, Hanover; 06320. avalanche process, measurement technique, societal effect, symposium, 07732. backscattering, microwave signature, firm, field measurement, satellite data, Antarctica, Dronning Maud Land; 02851. cloud cover, satellite, UK; 15210. cloudiness, climate trend, temperature, precipitation, Italy; 09152. deposition, aerosol, chemical constituent, seasonal variability, air, Greenland; 08651. discriminant analysis, statistical method, multiple element analysis, geochemical analysis, UK, Scotland, Highland; 05070. emission site, power law function, metal, soil, 04801. excited atomic fluorescence, anthropogenic impact, laser technique, cadmium concentration, ice, Antarctica; 00280. glacier, single polarisation SAR, 03834. glacier, suspended sediment, fluvial transport, fine sediment, sedimentation, Japan, Hokkaido, Ikushunbetsu River; Canada, Alberta, Peyto Creek; 04160. grain size, Landsat, Antarctica, Adeline Land; 02533. granodiorite, phenocryst relief, weathering rate, bedrock surface lowering, USA, Colorado, Front Range; 01348. heat flux transducer, rain on snow event, runoff, percolation, USA, Alaska; 03369. ice crust, isotope, oxygen isotope content, Antarctica, Mizuho Station; 02343. ice sheet, methanesulphonic acid, sulphate, air, Greenland; 11287. ice, AVHRR, Arctic leads, 03818. ice, polar region, ice surface temperature, sea-ice motion, heat balance, AVHRR, 03828. karst, cave, ice, Slovenia; 02855. lead-210, beryllium-7, aerosol, Greenland; Arctic; 08696. lead, heavy metal, Greenland; 08715. lead, metal concentration, rock dust, USA, Alaska; 10013. mesoscale model, wind speed, lake effect, storm, North America, Great Lakes; 03517. mixed phase cloud, cloud, ice crystal, precipitation chemistry, riming, Switzerland, Mount Rigi; 05978. nucleation, melting, freezing, temperature perturbation, 00997. overview, ice sheet, aerosol, Greenland; 08657. particle, deposition model, ice sheet, airborne particle, 06060. particulate, carbonate, dust, acid, calcite, North America, Rocky Mountains; 12609. particulate, nitrite, spring, Arctic; 08654. physical property, seasonal variability, dielectric property, SIMS '90 experiment, sea ice,

- Canada, Arctic Canada, Resolute Passage; 13137. seasonal variability, PAH, ice sheet, Greenland; 13851. snow grain growth, stereological measurement, spectral reflectance, 03838. spectral mixture analysis, AVIRIS, alpine snow, USA, California, Sierra Nevada; 02531. storm, radar data, 04700. sulphur dioxide uptake, ice-air interface, liquid water, 06040. sulphur dioxide, hydrogen peroxide, deposition, laboratory experiment, dry deposition, ice surface, 08658. summer, UK, Northern England; 04608. warm air advection, mesoscale front, barrier jet, blizzard, 00962. wind profile, stability, ablating snowpatch, 08527. winter water balance, water balance, measurement, evaporation, interception, 12193.
- snow accumulation**
annual accumulation, firn layer, snow water equivalent, Himalayas, Langtang Region; 11058. forest, wind, Canada, Manitoba, Churchill; 12356. global warming, carbon dioxide, glacier growth, temperature anomaly, Canada; Scandinavia; Atlantic, (North); 14940. snowmelt, snow hydrochemistry, 07104.
- snow accumulation rate**
caesium-137, gamma ray detection, Greenland, Summit; 13031.
- snow albedo**
snow surface, meltwater, principal components analysis, Antarctica, Dronning Maud Land; 03829.
- Snow and Ice Data Center**
permafrost, data management, 07918.
- snow area**
remote sensing, GIS, snow depth, UK; 10238.
- snow avalanche**
avalanche track, mound complex, recurrence interval, impact pool, Canada, British Columbia, Rocky Mountains; 14296. lichenometry, Little Ice Age, avalanche landform, modelling, Holocene, Norway, Jostedal; 02830. palaeoclimate, lichenometric dating, Little Ice Age, impact landform, Norway, Breheimen; 14297.
- snow band**
aircraft, accident, airport, cold front, storm, USA, Colorado, Denver; 14829. slantwise convection, Canada, Alberta; 09915. snowfall, case study, frontogenesis, warm front, USA, Oklahoma; 00845.
- snow bidirectional reflectance**
Landsat TM, surface albedo, glacier, Svalbard; 03841.
- snow chemistry**
chemical metamorphosis, aerosol scavenging, tundra/taiga ecotone, snow redistribution, dry deposition, Canada, Northwest Territories; 04553. ice chemistry, marine salt, precipitation chemistry, ion concentration, glacier, India, Himalaya, Chhota Shigri Glacier; 10893. riming, ice particle growth, Greenland; 08698. seasonal variability, heavy metal, copper, zinc, cadmium, lead, Greenland; 12890. spatial distribution, coastal zone, mountain region, snow cover, Japan; 05823. spatial variability, dust, aerosol, glaciochemical signal, glacier, Asia, (Central); 07375. tracer release, diurnal variability, seasonal variability, snowmelt, ionic pulse, USA, California, Mammoth Mountain; 09727.
- snow conditions**
SMMR, microwave, remote sensing, USA, Colorado River; 05818.
- snow contamination**
haze, climate change, Arctic; USA, Alaska; 07404.
- snow cover (1910-1991)**
historical data, Australia, Victoria, Snowy Mountains; New South Wales, Snowy Mountains; 02329.
- snow cover (1980-1990)**
surface temperature, temperature anomaly, 14944.
- snow cover**
alpine basin, runoff, streamflow, snowmelt, USA, California, Sierra Nevada; 11066. atmospheric heating, snowmelt, boundary layer, forest canopy, 05927. climate change, China, Xinjiang Uygur; 06009. climate change, global warming, USA; Canada; Arctic; 14938. climate index, satellite data, Southern Hemisphere, climatology, 14941. climate, general circulation model, ice cover, Antarctica; 09897. climate, hydroelectric productivity, 10234. creep, frozen ground, ice wedge cracking, permafrost, air temperature, Canada, British Columbia, Arctic Coast; USA, Alaska, Arctic Coast; 06612. freeze/thaw, soil temperature, USA, Alaska; 10827. glacial extent, cryospheric indicator, statistical technique, climate change, 14943. global source/sink budget, flux measurement, methane flux, nitrous oxide flux, subalpine meadow, USA, Wyoming; 07699. heat balance, spring temperature, 09843. hemispheric monitoring, meteorological satellite, global heat budget, satellite image, 02583. indirect method, Poland, Bieszczady Mountains; 11132. model calibration, climate change, glacier hydrology, 06364. passive microwave data, global change, 03837. passive microwave, wet snow, melt conditions, microwave, Canada; 02530. photogrammetry, mountain, topography, 04957. satellite data, air photographs, ground observation, measurement, Russian Federation; Germany; 12360. satellite data, sea ice, monitoring, 06624. sea ice, global warming, climate change, temperature, Arctic; 14945. shortwave radiation budget, surface/atmosphere system, cloud, 13672. ski slope, winter temperature, leisure industry, mountain climate, UK, Scotland; 03436. snow chemistry, spatial distribution, coastal zone, mountain region, Japan; 05823. snow dynamics, China, Tibetan Plateau; 09813. snow monitoring, global snow cover, 08481. snow pressure model, creep, glide, Switzerland; 09235. snowfall, precipitation, temperature, North America; 04606. snowmelt, Northern Hemisphere, NOAA satellite data, 14088. soil temperature, ground cover, orchard soil, irrigation, 04353. taiga zone, tundra, carbon dioxide emission, soil, Russian Federation, Siberia; 07363. temperature data, snow depth, North America, Great Plains; 12355. temperature, North America; 04607. thickness distribution, albedo, satellite imagery, sea ice, Antarctica; 04548. water conservation, soil moisture, tillage practice, agricultural practice, semiarid region, Canada, Alberta; 14773.
- snow cover area**
temporal variation, fractal geometry, snow patch, runoff prediction, Canada, Saskatchewan; Europe, Alps; 04555.
- snow cover enrichment**
snowmelt, runoff water quality, 14762.
- snow cover mapping**
runoff forecast, snowmelt runoff model, 08928.
- snow cover model**
global climate simulation, global scale, snowfall, rain, 01319.
- snow cover monitoring**
hydrological parameter, areal precipitation, soil moisture, 14091.
- snow covered surface**
bidirectional reflectance, anisotropic reflectance, coniferous forest canopy, USA, Montana; 03835.
- snow crystal origin**
riming, winter, ice crystal, precipitation, 05977.
- snow depth**
heat transfer model, lake, water temperature, ice thickness, USA, Minnesota; 12228. snow area, remote sensing, GIS, UK; 10238. snow cover, temperature data, North America, Great Plains; 12355. snow water equivalent, model, remote sensing, microwave, snow/soil system, 14863. wind speed, avalanche, snowfall rate, USA, Utah, Alta; Canada, British Columbia, Kootenay Pass; 06615.
- snow dune**
sastrugi, deposition, wind pumping, ice coring, sulphate, 08653.
- snow dynamics**
snow cover, China, Tibetan Plateau; 09813.
- snow facies**
recession, climate variability, ice sheet, margin change detection, ERS-1 SAR, Greenland; 02841.
- snow feedback**
cloud feedback, general circulation model, albedo, 13738.
- snow/firn**
atmosphere/snow transfer, microphysics, hydrogen peroxide, ice core, 07340.
- snow grain growth**
stereological measurement, spectral reflectance, snow, 03838.
- snow grain size**
snow retrieval algorithm, passive microwave radiometry, 03832.
- snow hydrochemistry**
snow accumulation, snowmelt, 07104.
- snow hydrology**
glacier hydrology, water resource management, climate change, flood model, debris flow, Nepal, Himalayas; 11053.
- snow/ice melt**
glacier runoff, runoff estimation, streamflow simulation, Asia, (Central); 11059.
- snow measurement**
glacier hydrology, snowmelt, glacier melt, monitoring network, Nepal; 11054.
- snow microstructure**
stereological method, ice particle size, microwave backscattering, brightness temperature, 03833.
- snow modelling**
general circulation model, 09896.
- snow monitoring**
global snow cover, snow cover, 08481.
- snow optical property**
experimental investigation, snow sample, albedo measurement, 02638.
- snow patch**
runoff prediction, snow cover area, temporal variation, fractal geometry, Canada, Saskatchewan; Europe, Alps; 04555.
- snow pit**
major ions, aerosol, deposition, scavenging, snowfield, Switzerland; 03568.
- snow pressure model**
creep, glide, snow cover, Switzerland; 09235.
- snow record**
International Trans-Antarctica Expedition, stable isotope, climate change, Antarctica; 13152. Southern Hemisphere, lead pollution, Antarctica; 15032.
- snow redistribution**
dry deposition, snow chemistry, chemical metamorphosis, aerosol scavenging, tundra/taiga ecotone, Canada, Northwest Territories; 04553.
- snow research**
USA, Alaska; 09812.
- snow retrieval algorithm**
passive microwave radiometry, snow grain size, 03832.
- snow sample**
albedo measurement, snow optical property, experimental investigation, 02638. ice crystal formation, cloud seeding, USA, California, Almanor Lake; 05983. methanesulphonic acid, Antarctica, Terra Nova Bay; 14995.
- snow sampling**
heavy metal, local source pollution, Antarctica; 07103.
- snow slab**
slope inclination, rutschblock test, stability, 10409.
- snow/soil system**
snow depth, snow water equivalent, model, remote sensing, microwave, 14863.
- snow stability**
snowpack, rain, avalanche, USA, Washington, Cascade Mountains; 14765.
- snow storage**
glacier mass balance, glacier runoff, precipitation/runoff model, Nepal, Himalaya, Langtang Khola Basin; 11061.
- snow surface**
meltwater, principal components analysis, snow albedo, Antarctica, Dronning Maud Land; 03829. oxygen, actinic flux, stratiform cloud, 14819.
- snow thickness**
climate change, Germany, Erzgebirge Mountains; 08621. climate variability, variation mechanism, sea ice, albedo, 01318.
- snow water equivalent**
groundwater piezometry, aquifer lysimeter, water balance study, evapotranspiration, areal precipitation, New Zealand, Matamata; 14595. model, remote sensing, microwave, snow/soil system, snow depth, 14863. runoff model, climate change, hydrological cycle, Japan, Noto Peninsula, Hokuriku District, Wajima-Yanagida; Eigenji Dam; 08330. snow accumulation, annual accumulation, firn layer, Himalayas, Langtang Region; 11058.
- snowfall**
case study, frontogenesis, warm front, snow band, USA, Oklahoma; 00845. cirque, Little Ice Age, glacier, Holocene, Spain, Pyrenees; 09233. climate change, Medieval Warm Period, cultivation, citrus tree, *Boehmeria nivea*,

- China; 13112. cloud water content, prediction, synoptic/statistical method, 11256. cold front, UK, Scotland, Highland, Inverduie; 02164. freezing rain storm, scanning Doppler radar, wind profilers, microwave radiometer, 08837. glacier retreat, mass balance, Landsat TM imagery, Austria, Alps; 14299. precipitation, temperature, snow cover, North America; 04606. precipitation, trend, variability, USA; Canada; 12527. rain, snow cover model, global climate simulation, global scale, 01319. snowfall data (1951-1980), spatio/temporal trend, lake effect, North America, Great Lakes; 08633.
- snowfall data (1951-1980)**
spatio/temporal trend, lake effect, snowfall, North America, Great Lakes; 08633.
- snowfall rate**
snow depth, wind speed, avalanche, USA, Utah, Alta; Canada, British Columbia, Kootenay Pass; 06615.
- snowfield**
remote sensing, model, Lowtran7, radiation budget, alpine, USA, Colorado, Niwot Ridge; 03414. snow pit, major ions, aerosol, deposition, scavenging, Switzerland; 03568.
- snowflake mass**
optical array, error factor, 02265.
- snow gauge**
instrumentation, precipitation measurement, gauge bias, raingauge, 12184.
- snowline**
glacier, glacial landform, Recent, ice sheet, Pleistocene, roches moutonnees, China, Qinghai-Xizang Plateau, Yellow River; 13090. Pleistocene/Holocene, glacial landform, uplift, terminal moraine, China, Yunnan Province, Mount Meylueshan, Shenchengbao Glacier; Lailogoru Glacier; 06590. Precambrian, solar luminosity, sea level rise, ice extent, climate model, 05062. Wurm, glacier, Cainozoic glaciation, China, Yunnan Province, Yulongxue Shan; 07898.
- snowline depression**
Pleistocene (late), glaciation, terminal moraine, TL dating, China, Shaanxi Province, Qinling Shan; 02798.
- snowline reconstruction**
Little Ice Age, moraine, ELA, debris covered glacier, USA, California, Sierra Nevada; 10533. Pleistocene, climate change, subtropics, lake sediment, Bolivia, Andes; 14244.
- snowline variation**
sensitivity analysis, climate effect, ELA, glacier mass balance, 10440.
- snowmelt**
accumulation rate, depocentre, sediment accumulation, estuary, delta, Canada, British Columbia, Fraser River Delta; 06744. acidic deposition, acid neutralising capacity, streamwater quality, sulphate, USA, Appalachian Mountains; 05733. acidification, soil water chemistry, runoff water chemistry, cation release, lake water quality, USA, New York, Adirondack Mountains; 03267. atmospheric deposition, caesium-137, Chernobyl fallout, river water quality, Italy, Dora Baltea River; 10966. atmospheric deposition, soil water chemistry, flow path regime, downstream chemical gradient, streamwater chemistry, acid episode, UK, Scotland; 02008. boundary layer, forest canopy, snow cover, atmospheric heating, 05927. cation exchange, hydrological control, surface water chemistry, geochemical control, runoff water chemistry, USA, California, Sierra Nevada, Emerald Lake; 04476. chemical weathering, wetting/drying, freeze/thaw weathering, rock moisture data, weathering process, Antarctica, Antarctic Peninsula, Livingston Island; 06447. digital elevation model, land use planning, soil erosion, Hungary, Lake Balaton; 07420. flooding, snowpack, water equivalent, regression model, USA, (Northeast); 02300. glacier ice melt, SIHP, Pakistan, Karakoram Mountains; 06428. glacier melt, monitoring network, snow measurement, glacier hydrology, Nepal; 11054. glacier runoff, discharge estimation, tracer, fluorescent tracer, Nepal, Himalayas; 10908. groundwater recharge, streamflow, groundwater model, mountain catchment, USA, Idaho, Upper Sheep Creek; 12306. ionic pulse, snow chemistry, tracer release, diurnal variability, seasonal variability, USA, California, Mammoth Mountain; 09727. isotope data, runoff, glacier, meltwater, China, Xinjiang, Tianshan Mountains, Urumqi River; 11070. Northern Hemisphere, NOAA satellite data, snow cover, 14088. preferential elution, meltwater chemistry, streamwater quality, leachate chemistry, UK, Scotland, Cairngorms; 00705. rock fracturing, dolomitic limestone, cliff temperature, cryogenic weathering, coastal cliff, Svalbard, Spitsbergen, Ny-Alesund; 01562. rockslide, debris flow, hazard, landslide, Chile, Andes, Rio Colorado; 05236. runoff water quality, snow cover enrichment, 14762. runoff, semiarid environment, scour and fill, drainage network, sediment yield, USA, Colorado, Alkali Creek; 14320. Saalian, nivation activity, periglacial pediment, Weichselian, Belgium, Bosbeek Valley; 07924. sea ice, atmospheric forcing, cloud cover, interannual variability, Arctic Ocean; 02744. sediment yield, seasonal variation, suspended sediment, sediment inflow, Baltic Sea; 00642. slush stream, meltwater, slush flow, geomorphological impact, Svalbard, Spitsbergen; 02083. snow cover, alpine basin, runoff, streamflow, USA, California, Sierra Nevada; 11066. snow hydrochemistry, snow accumulation, 07104. soil solution chemistry, weathering, forest soil, acid rain, USA, Colorado, Rocky Mountain National Park, Loch Vale Watershed; 09477. streamflow, runoff response, permafrost, glacier meltwater, rainfall, China, Qinghai-Xizang Plateau; 07102. surface runoff, subsurface runoff, wetlands, runoff water quality, cation export, Canada, Ontario; 14654. tracer, natural tracer, river water quality, particulate transport, solute transport, 08375. weathering, sulphate, lake water chemistry, atmospheric deposition, USA, Colorado, Weminuche Wilderness Area; Mount Zirkel Wilderness Area; 03307. wetlands, streamflow, runoff generation, hydrograph separation, permafrost, isotope tracer, Canada, Northwest Territories, Fort Simpson, Manners Creek; 04556.
- snowmelt hydrograph**
hydrograph separation, recession analysis, streamwater temperature, runoff, 08310.
- snowmelt runoff**
glacier runoff, precipitation distribution, streamflow simulation, precipitation/runoff model, India, Himalayas, Satluj River; 11064. precipitation/runoff model, karst basin, alpine basin, snowpack, Switzerland; 11063. river discharge, meltwater, low flow, Nepal, Karnali River; Narayani River; Nepal, Koshi River; 11057. runoff estimation, soil loss, soil moisture budget, frozen soil, Canada, Peace River; 12358. runoff simulation, water resource, degree day index, computer model, India, Himalayas; 11062. streamflow generation, seasonal variation, river discharge, hydropower, Nepal, Arun River; Kosi River; Nepal, Tamur River; 11056. subarctic stream, sediment yield, suspended sediment, sediment concentration, permafrost, USA, Alaska, Yukon-Tana Uplands, Glenn Creek; 04550. translatory flow, hydrograph separation, Canada; Japan, Hokkaido, Moshiri; 05824.
- snowmelt runoff model**
snow cover mapping, runoff forecast, 08928.
- snowmelt runoff modelling**
hydrological data network, India, Himalayas, Beas basin; 08927.
- snowpack**
firn metamorphosis, seasonal melt, ice sheet, melt zone, radar measurement, Greenland; 09243. heat flux, pressure, dry snow pack, model, 09229. hydrometeorology, microwave, Canada; 02532. nitrate deposition, deposition flux, USA, Alaska; Arctic; 08659. rain, avalanche, snow stability, USA, Washington, Cascade Mountains; 14765. SAR, ice dynamics, 08930. snowmelt runoff, precipitation/runoff model, karst basin, alpine basin, Switzerland; 11063. water equivalent, regression model, snowmelt, flooding, USA, (Northeast); 02300. wetting front, heat transfer, infiltration, 14767.
- snowpack pattern**
trend, synoptic pattern, USA, Colorado, Rocky Mountains; Idaho, Rocky Mountains; USA, Montana, Rocky Mountains; USA, Utah, Rocky Mountains; USA, Wyoming, Rocky Mountains; 01017.
- snowstorm**
Doppler radar, Japan, Hokkaido, Ishikari Plain; 14838. LOWS, North America, Great Lakes; 08511. mesoscale topography, USA, Washington, Puget Sound Lowlands; 14831.
- social dominion**
image, map, 10128.
- social history**
history of cartography, iconology, 03711.
- social science**
global change, natural science, anthropogenic process, interdisciplinary research, 10277.
- social structure**
political structure, cadastre, surveyor, Switzerland, Vaud; 02437.
- societal weathering rate**
cadmium, fertiliser application, environmental impact, consumption, emission, Sweden; 11606.
- society**
map ethnography, ethnography, cartographic representation, culture, Peru, Titicaca Lake; 10127. route, navigate, knowledge, navigation, 10129.
- socio/economic data**
geodemographics, GIS, zoning system, Europe; 15252.
- socio/spatial analysis**
transportation network, GIS, communication, 12845.
- socioeconomic factor**
landscape structure, ethnocultural factor, India; 08892.
- socioeconomic impact**
sea level change, public response, greenhouse effect, climate change, Gulf of Mexico; Caribbean Sea; 01290. sea level rise, global warming, Japan; Thailand; 14107.
- socioeconomic survey**
GIS, Protected Areas, management, biophysical survey, Philippines; 02499.
- socioeconomics**
coastal change, water/sediment discharge, wetlands, deltaic progradation, Greece, Thermaikos Bay; 10353. coastal erosion, subsidence, delta, sea level rise, China; 12957. forest hydrology, water resource, policy, 09756.
- soile**
landform geometry, hard rock, regolith, shield, France; 11679.
- sod Podzolic soil**
cutan, ortstein, gleying, humus, organic matter, 00527. soil physical property, soil chemical property, forest soil, herbaceous plant, 00572.
- sodar**
acoustic sounder, Mistral, boundary layer, turbulence, France, Rhone Valley; 11125. antenna system, atmosphere, calibration, 12739. barrier wind, katabatic flow, Antarctic; 11223. comparative study, temperature structure, heat flux, sonic anemometer, 11110. frontal passage, cold front, orography, acoustic sounder, Europe, Pyrenees; 11149. inversion, urban pollution, boundary layer, carbon monoxide, Russian Federation, Moscow; 15026. lidar, air quality, meteorology, Doppler, 12748. pollution meteorology, India, New Delhi; 11333. stack height, power station, planetary boundary layer, India, Aryana, Yamunanagar; 11126. turbulence parameter, mixed layer depth, similarity method, 11150. wind variance, Doppler sodar, 12738.
- sodar data**
wind measurement, cup anemometer, bivanes, Doppler sodar, comparative study, 12416.
- sodar measurement**
boundary layer height, surface stress, 03460.
- sodar recording**
atmosphere thermal structure, acoustic sounder, complex terrain, atmospheric boundary layer, 11107.
- sodic soil**
aggregate stability, tillage, sodium adsorption ratio, illitic soil, cottage cheese whey, 13396. alkaline sodic soil, soil degradation, soil management, Australia, Victoria; 10732. dispersive soil, gypsum, lime, soil management, soil sodicity, Australia, South Australia; 10730. exchangeable sodium percentage, soil sodicity, map, soil hydraulic property, Australia, Queensland; 14469. irrigation, crop yield, gypsum, organic material, sodium removal, 05567. irrigation, soil amendment, crop yield, exchangeable sodium percentage, 05566. mine spoil, soil amelioration, bentonite spoil, gypsum, 09527. mustard, irrigation, evapotranspiration, soil reclamation, crop growth, crop yield, India; 03374. sodium, hardsetting soil, electrolyte concentration, soil behaviour, 10842. soil amelioration, macroporosity, soil management, soil physical property, tillage, Australia; 13312. soil behaviour, exchangeable sodium percentage, sodium, 10843. soil drainage, hardsetting soil, soil salinity, pasture soil, Australia, Tasmania; 10733. soil erosion rate, remote sensing, South Africa, Kruger National Park, Ripage River Drainage

- Basin; 01900. soil fertility, nutrient constraint, sodium, Australia; 10790. soil management, gypsum, lime, soil amendment, Australia, New South Wales, Murray-Darling Basin; 10731. soil sodicity, Australia; 10729. swelling soil, soil fabric, clay mineral, organic matter, 10789.
- sodicity**
leaching requirement, salt tolerance, salinity, tree survival, irrigation water quality, 14775.
- sodification**
soil management, saline/sodic water, irrigation, soil sodicity, crop yield, Australia; 10844.
- sodium**
calcium carbonate, diagenesis, dolomitizing fluid composition, sulphate, chloride, dolomite, 01575. Chernozem, CEC, calcium, magnesium, 05617. chloride, precipitation chemistry, magnesium, calcium, sulphate, potassium, Australia, Western Australia, South Western Region; 03205. chloride, precipitation quality, bulk precipitation, marine origin, Papua New Guinea, Port Moresby; 08283. hardsetting soil, electrolyte concentration, soil behaviour, sodic soil, 10842. mesosphere, sporadic sodium layers, USA, Illinois, Urbana; 06037. methanosulphonate, biogenic sulphur aerosol, sulphate, sulphur isotope, Arctic; Canada, Northwest Territories, Alert; 09985. nutrient, bicarbonate, potassium deficiency, magnesium, lake water quality, lake classification, UK, Northern Ireland, County Antrim; 03303. oxygen, solar flare index, airglow, twilight, India, Allahabad; Calcutta; 12580. phosphate sorption, exchangeable cation, pH, calcium, 04374. potassium, river water chemistry, bicarbonate, calcium, chloride, dissolved solid, Russian Federation, Siberia, Lena River; Laptev Sea; 05740. sandy aquifer, solute transport, cation exchange, geochemical transport model, potassium, 00788. sodic soil, soil behaviour, exchangeable sodium percentage, 10843. sodic soil, soil fertility, nutrient constraint, Australia; 10790.
- sodium adsorption ratio**
electrolyte concentration, saturated hydraulic conductivity, hydraulic conductivity, 14491. exchangeable sodium percentage, irrigation water quality, groundwater quality, soil property, chemical classification, Saudi Arabia; 02093. illitic soil, cottage cheese whey, sodic soil, aggregate stability, tillage, 13396. soil salinity, crop yield, leaching, irrigation, electrical conductivity, USA, Great Plains; 14529.
- sodium chloride**
deicing chemical, salinity, groundwater recharge, groundwater contamination, Canada, Ontario, Toronto; 04522. ion, ammonia, nitric acid, sulphuric acid, Greece, Athens; 06105. porewater, cyclic freezing, highway, swelling clay, frozen expansive clay, Poland, Bydgoszcz; 04125.
- sodium chloride tracer**
groundwater contamination, seepage path, surface water-groundwater interaction, contaminant transport, France, Ain River; 14729.
- sodium-hexametaphosphate**
mineralogy, dithionite-citrate-bicarbonate, hydrogen peroxide, clay mineral, ammonium-oxalate, 09426.
- sodium hydroxide**
metal removal, acid mine drainage, copper, zinc, streamwater quality, 07032.
- sodium layer**
gravity wave, lidar observation, mesosphere, Antarctica; 13700. wave number spectra, stratosphere, mesosphere, gravity wave, 11221.
- sodium nightglow**
atomic sodium, upper atmosphere, simultaneous measurement, vertical profile, Brazil; 04788.
- sodium pyrophosphate**
ammonium, anaerobic sediment, bacteria, extractability, 02866.
- sodium removal**
sodic soil, irrigation, crop yield, gypsum, organic material, 05567.
- sodium sulphide**
hydrogen sulphide, sulphur dioxide, carbonation conversion, 04762.
- sodium tripolyphosphate**
eutrophication, nitrilotriacetate, heavy metal, wastewater, 10675.
- soft clay**
embankment, bearing capacity, 11709. field experiment, laboratory experiment, shear modulus, Champlain clay, resonant column, Canada, Quebec; 11744. field test, laboratory experiment, consolidation parameter, Brazil, Rio de Janeiro; 04032. foundation engineering, shear strength, geotechnical characterisation, Brazil, Recife; 11750. geocell mattress foundation, alluvial plain, embankment stability, road embankment, Hong Kong; 05246. laboratory experiment, self boring pressuremeter, field method, lateral stress, USA; 04030. marine clay, drain, soil stabilisation, embankment, vertical drain, Malaysia; 11762. pore pressure, settlement, geotechnical engineering, pile downdrag study, UK, Scotland, Firth of Forth, Bothkennar; 04036. settlement, load test, bearing capacity, UK, England, Essex, Shellhaven; 04039.
- soft data**
stochastic imaging, Markov-Bayes algorithm, formatting, integration, 00057.
- soft disturbed clay**
consolidation, settlement analysis, piezometric measurement, embankment, Brazil, Rio de Janeiro; 11748.
- soft foundation soil**
foundation design, offshore gas platform, gravity base structure, North Sea, Troll Field; 02718.
- soft rock technology**
geomechanics, rock mechanics, soil mechanics, 09097.
- soft sediment**
load cast, dewatering, Rayleigh-Taylor instability, viscosity, 08069. stripping voltammetry, trace metal, water column, Chile, Concepcion Bay; 10631. zoobenthos, oxygen, aquatic ecology, freshwater sediment, Russian Federation, Lake Baikal, Selenga Delta; 01690.
- soft soil**
design error, deformation analysis, embankment, 11736. earth pressure, consolidation, clay, laboratory test, 09107. embankment, tension crack, berm, reinforcement force, 09096. pile installation, load test, granular pile, 11725. soil property, lithostratigraphy, grain size, plasticity, classification, characterisation, Netherlands; 14203.
- soft water lake**
acidic deposition, lake water chemistry, alkalinity, acid neutralising capacity, seepage lake, USA, Wisconsin, Northern Highlands; Michigan, Upper Peninsula; 10985.
- softcopy photogrammetry**
aerotriangulation, digital elevation extraction, digital mapping, mobile data collection, 11358. regeneration monitoring, forest inventory, tree plot, 08888. utility mapping, multimedia GIS, positioning technology, mobile mapping system, 07459.
- softcopy station**
aerotriangulation, digital photogrammetry, 06123.
- software**
bathymetric data, hydrography, data quality, 02545. data, TIGER, 02436. NDVI, drought, India, Karnataka State; 10216. spatial regression, regression model, 15097. surveying, mapping, hardware, 10044. thematic mapping, mapping, 02433.
- software development**
GIS/GIS, object oriented programming system, 11433.
- software library**
image processing, 12687.
- software package**
cartographic production, map construction, Carto/GRAPHIX, 01153. printer, choropleth map, college cartography, Korea; 03717.
- soil**
anthropogenic impact, lead contamination, paint, petrol, roadside dust, Czech Republic; Slovakia; 06381. asphalt, concrete, subsurface transport, heat, moisture, 03469. atmosphere, plant-microbe interaction, flux measurement, dynamic modelling, gas exchange, 00034. atmosphere, temperate forest, hurricane blowdown, flux, greenhouse gas, 03883. bacteria, reduction, iron, 00343. biosystem, simulation, WaBoLu project, aerosol, solute, Switzerland; 02618. boundary layer, turbulent transfer, sensible heat flux, vegetated surface, 00867. canopy, evapotranspiration, surface energy balance, energy balance method, plant, 09847. carbon dioxide flux, forest soil, 11283. chamber measurement, Bowen ratio, energy balance, carbon dioxide flux, 08668. clay loam, DDE, persistence, DDT, USA, New Mexico; Texas; 05066. clod size, compactor method, permeability, 10408. comparative study, chamber method, emission, nitric oxide, 04756. conservation tillage, erosion, sediment loss, management, USA; 05464. contamination, heavy metal, anthropogenic activity, tropical catchment, transport, Venezuela, Lake Valencia; 11991. DEMS, GIS, climate, USA, South Carolina; 12754. diel cycle, air circulation, water, 04647. ecological response, multiple stress model, MOVE, vegetation, 09007. ecotechnological method, soil purification, heavy metal removal, compost, 01308. emission, nitric oxide, termite nest, savanna, Venezuela, Orinoco Basin; 08688. foundation engineering, saturated sand, explosive, compaction, Russian Federation, St. Petersburg; 14206. GIS, ground based data, crop yield, 06275. grassland, urine, nitrous oxide, dinitrogen, nitrification, 02344. groundwater, seasonal dynamics, spatial variability, heavy metal, 02613. groundwater, sediment, chemical time bomb, long term risk, Hungary, Danube; 11593. horizontal, vertical plate bearing test, 11732. landform, Quaternary, geomorphological evolution, coastal dune, vegetation, Australia, Queensland, Shoalwater Bay; 00132. landscape, micromorphology, pedogenesis, Holocene evolution, 05294. lead, traffic density, atmosphere, Saudi Arabia, Riyadh; 12642. litter, suberin, cutin, lipid, organic matter, Germany, Bavaria; 02922. loess, Wisconsinan, stratigraphy, slope deposit, USA, Great Basin; 01438. mechanics, design method, geotechnical design, construction control, 04005. method, in situ test, engineering property, 14187. model, greenhouse effect, agricultural production, land cover, crop yield, 12930. moisture, evapotranspiration, vegetation, 02488. nitrogen response, slash and burn, pine/hardwood stand, burning, stream, USA, North Carolina, Appalachians; 08991. nitrous oxide, emission, fertiliser, laboratory device, 14966. nitrous oxide, soil gas production, tropics, global analysis, 05091. organic carbon, clay, herbicide, atrazine, alachlor, sorption, 03020. palaeoenvironment, geomorphology, pedology, landform, 01338. paleosol, loess, tephra, Wisconsinan, glacial drift, Canada, Saskatchewan; Alberta; 00387. pasture age, deforested area, nitrogen oxide, trace gas emission, Costa Rica; 08664. physical geography, geological structure, relief development, geomorphology, Hungary, Bukk Mountains; 02688. pollution, groundwater contamination, analytical method, sampling, petroleum contamination, 00016. porewater pressure, saturated sediment, engineering, 02877. quality criteria, quality standard, trace metal speciation, water, sediment, 07674. radioactivity, grassed surface, peelable coating, Chernobyl nuclear accident, fallout removal, 08979. reclamation, protection, Russian Federation; 14463. resistance representation, evaporation, atmospheric model, land surface process, 02192. rural site, nitric oxide emission, USA, Tennessee; 06036. selenium deposition, long term trend, biogeochemical cycle, atmospheric selenium, plant, UK, England, Hertfordshire, Rothamsted Experimental Station; 05098. shear resistance angle, shear test, relative density, particle size, 11738. slope process, sediment transport, erosion, vegetation, microtopography, Spain, Filabres Range; 13162. snow cover, taiga zone, tundra, carbon dioxide emission, Russian Federation, Siberia; 07363. snow, emission site, power law function, metal, 04801. spruce, fir, forest, nitrous oxide, methane, exchange, USA, (Northeast); 01039. TM, moisture status, forest canopy, landslide, Japan, Shikoku Island, Yoshino River; 06245. tree leaf, hydrocarbon microseepage, multispectral video, biogeochemical analysis, USA, Alabama; 02458. tree root cast, Citronelle Formation, Sicily Island Loess, pedogenesis, diagenesis, USA, Louisiana; 02927. vegetation index, soil erosion, crop residue, 01223. vegetation, model, moisture transfer, atmosphere, 11151. vegetation, regressive model, dune, geoeological research, Germany, Friesian Islands, Spiekeroog; 00128. vegetation, water transport, atmosphere/vegetation/soil system, 05122. volatilisation, nitrogen fertiliser, denitrification, ammonia, 03624. water balance, transpiration, kilometer scale, model, 04636. water, plant, lead pollution, petrol, Israel; 02359.
- soil accumulation**
remote sensing, SPOT 1, Greece, Larissa, Karla Basin; 08247.
- soil acidification**
acidic deposition, base saturation, forest soil, humus, Norway; 05563. aluminium, forest soil, pasture soil, organic matter, Australia, Victoria, Bendigo; 05578. aluminium, root zone, forest soil, acidic deposition, Czech Republic, Bohemia, Lysina Catchment; 14548. Arenosol, acid rain, cation leaching, Udipsammet, soil chemical property, 04358. atmospheric deposition, lake water chemistry, oligotrophic lake, acidification, forest growth,

- Sweden; 05725. calcium, alkalinity, acidification, reversibility, UK, Scotland, Loch Fleet; 10291. carbon mineralization, nitrogen mineralization, acidic deposition, microorganism, forest soil, 08147. carbonated water, nutrient mobility, 04359. cation exchange theory, aluminium, charge balance model, freshwater acidification, Norway, Nordmoen; 10745. cation exchange, weathering, acid rain, lysimeter, leaching, 05805. cation supply, weathering, forest soil, soil chemistry model, acidic deposition, Sweden; 00502. conservation, environmental impact assessment, critical load, sulphur pollution, environmental policy, SSSI, UK, England; 12892. DOC, forest soil, organic carbon, Germany, Bavaria, Fichtelgebirge; 10792. dune soil, RESAM, acidic deposition, aluminium hydroxide, atmospheric deposition, Netherlands; 13411. exchangeable cation, ammonium, nitrification, 08155. fertigation, cation leaching, fertiliser, phosphate, nitrogen, 03132. floodplain, oxidation, pyrite, mangrove, estuary, Australia; 00450. forest floor, sulphate, organic matter, dissolved organic matter, spruce forest, Germany, Bavaria, Fichtelgebirge, Hohe Matzen; 12102. forest soil, acidic deposition, aluminium solubility, gibbsite, Netherlands; 12130. forest soil, heavy metal, liming, acid rain, pine forest, Norway, Amlil; 13384. nitrate leaching, liming, forest decline, Germany; 09410. nitrogen cycle, fertilisation test, nitrate leaching, wood production, France, Ardennes; 03907. nutrient leaching, nitrification, ecosystem disturbance, leaching, soil solution chemistry, forest clearing, USA, New Hampshire, Hubbard Brook Experimental Forest; 14527. parent material, aluminium, cation leaching, nitrogen, ammonium bearing rock, USA, California, Klamath Mountains; 14526. pH, calcium, acid rain, USA, New York, Adirondacks; 14549. soil alkalisation, pasture soil, pH, Australia, Victoria; 13313. soil chemical property, acid rain, forest regeneration, birch, tree seedling, Poland, Tuchola Forest; 12112. soil chemical property, fertility, pasture soil, lupin, Australia, Western Australia; 06868. soil pollution, acidic soil, environmental hazard, Poland; 12159. trace metal, metal solubility, abandoned land, liming, 12110.
- soil acidification model**
nutrient cycling, SMART, SMARTEX, cation content, forest growth, Sweden; 13327.
- soil acidity**
aluminium, mulberry, fertiliser, Japan, Honshu, Fossa Magna; 12154. Andisol, Andic soil, potassium, sulphate, halloysite, 13423. buffer range, carbonate, cation exchange, aluminium, pH, Germany; 08145. calcium, soil amelioration, liming, lake water quality, UK, Scotland, Loch Fleet; 09476. clay fraction, surface charge, pH, acidic soil, 00590. construction site, pH determination, granular soil, 00494. extractant, clay content, hydrous oxide, cadmium, Australia, Western Australia; 05620. fertiliser, phosphorus fraction, DOC, Podzol, soil solution, 00555. organic anion, forest soil, sulphate, acidic deposition, selenite, Sweden; 08203. pH map, map, Australia, Queensland; 14468.
- soil aeration**
nitrogen transformation, nitrate, heavy metal, redox status, 10800. oxygen availability, USA, California; 04401. soil amelioration, soil compaction, trenching, 14514. urban soil, steel rod technique, 06823.
- soil age**
micromorphological index, soil micromorphology, chronosequence, Spain; 13349.
- soil alkalisation**
fungi, ammonia, decomposition, 04367. pasture soil, pH, soil acidification, Australia, Victoria; 13313.
- soil alkalinity**
pH, acidic soil, 03085.
- soil amelioration**
Alfisol, ploughing, gypsum application, double cropping, soil physical property, hardsetting soil, Australia, New South Wales, Trangie; 13390. bentonite spoil, gypsum, sodic soil, mine spoil, 09527. crop yield, liming, gypsum, soil ripping, Solonetz, Canada, Alberta, Peace River Region; 09509. fertile soil, sandy soil, Hungary, Danube-Tisa Interfluvium; 05507. gypsum slotting, hydraulic conductivity, sorptivity, infiltration rate, soil amendment, 13407. hardsetting soil, soil hydraulic property, Alfisol, ploughing, gypsum application, double cropping, Australia, New South Wales, Trangie; 13408. leaching, root growth, acidic soil, liming, subsoil acidity, oxisol, Brazil, Amazon Basin; 00539. liming, lake water quality, soil acidity, calcium, UK, Scotland, Loch Fleet; 09476. macroporosity, soil management, soil physical property, tillage, sodic soil, Australia; 13312. Natraqual, grazing, grassland soil, soil physical property, Argentina, Pampa; 14555. peat acidification, liming material, soil water chemistry, 00510. soil compaction, trenching, soil aeration, 14514. wood residue, nitrogen immobilisation, log yard fines, soil amendment, 06861.
- soil amendment**
bauxite residue, gypsum, gamma radiation, radiology, Australia, Western Australia, Swan Coastal Plain; 06914. crop yield, exchangeable sodium percentage, sodic soil, irrigation, 05566. humus, organic material, manure, calcareous soil, saline soil, nitrogen, 03109. mine spoil, soil reclamation, acidic soil, 13360. organic material, nitrogen availability, extractant, 06841. Oxisol, Haplustox, sulphate adsorption, sulphur, crop residue, liming, Brazil, Cerrado Region; 12135. rainforest soil, pasture soil, nitrous oxide, acetylene block, denitrification, Costa Rica, Atlantic Lowlands; 10807. sandy soil, phosphorus, bauxite residue, crop yield, Australia, Western Australia; 10811. sodic soil, soil management, gypsum, lime, Australia, New South Wales, Murray-Darling Basin; 10731. soil amelioration, gypsum slotting, hydraulic conductivity, sorptivity, infiltration rate, 13407. soil amelioration, wood residue, nitrogen immobilisation, log yard fines, 06861. soil chemistry, amelioration, liming, Sweden, Kronoberg County; 08195. soil rheology, lignin-guano compost, clay soil, soil structure, Russian Federation, Central Amur Lowland; 12042. trace metal transport, gypsum, cation transport, potassium sulphate, magnesium sulphate, 06887.
- soil amplification analysis**
damage statistics, Armenia earthquake, soil response, ground motion, Armenia, Leninakan; 11691.
- soil aquifer treatment**
wastewater reuse, groundwater recharge, irrigation, drinking water quality, Israel, Dan; 01300.
- soil association map**
soil map, land suitability map, irrigated agriculture, Egypt, Western Desert; 10725.
- soil/atmosphere boundary**
soil water flow, drain spacing, soil/plant boundary, layered soil, 00735.
- soil/atmosphere modelling**
evaporation, 14872.
- soil background**
NDVI, GVI, 06243.
- soil bacteria**
nitrous oxide, methane, fertiliser, pine plantation, carbon dioxide, USA, Florida, Alachua County; 14531.
- soil base**
horizontal stress, foundation, settlement, 11734.
- soil behaviour**
exchangeable sodium percentage, sodium, sodic soil, 10843. sodic soil, sodium, hardsetting soil, electrolyte concentration, 10842. soil monitoring, simulation modelling, 12025. sustainable agriculture, simulation modelling, 12026. visualisation, soil information, 12027.
- soil biochemical classification**
toposequence, humic acid, organic matter, humus, Andisol, Mexico, Nevado de Toluca Volcano; 09529.
- soil biological activity**
crop rotation, organic carbon, aggregate stability, Argiudoll, 08192. rainforest soil, silicon, element cycling, mineral composition, Brazil, Amazon Basin; 00526.
- soil bioremediation**
periodic process, bioremediation, leachate, sequencing batch reactor, 01301.
- soil biota**
biotic process, primary productivity, Gaia, 01765. forest soil, nitrogen availability, Spodosol, rhizosphere, microbial biomass, root growth, 00545.
- soil carbon**
carbon budget, Last Glacial Maximum, carbon storage, biomass, 06401. carbon, biomass carbon, tropical forest, geographical distribution, Asia, (Tropical); 10331.
- soil carbon pool**
AVHRR, primary production, terrestrial ecosystem, model, 07701. peatland, carbon balance, permafrost, decomposition rate, climate warming, Russian Federation; 03890. peatland, carbon turnover rate, climate warming, carbon cycling, permafrost zone, Russian Federation, Siberia; 01561.
- soil carbon reservoir**
tropical soil, carbon cycle model, carbon dynamics, temperate soil, radiocarbon measurement, USA, California, Sierra Nevada; Brazil, Amazon Basin; 00044.
- soil carbon storage**
dryland, grassland, carbon budget, global assessment, 03902. organic carbon, forest clearing, touyas, carbon, 14534.
- soil characterisation**
soil management, 12028.
- soil characteristics**
aeolian soil, carbonate horizon, Leasburg surface, pedogenic carbonate, USA, New Mexico, Rio Grande Valley; 10464. antecedent moisture, semiarid region, rainfall intensity, infiltration rate, Swaziland, Lowveld; 02031. heterogeneity, lateritic terrain, water balance, unsaturated flow, soil water movement, 12297. low flow estimation, ungauged catchment, river flow, catchment characteristics, UK; 04442. Richards equation, hydraulic conductivity, unsaturated flow, 14700. soil surface, runoff process, anthropogenic impact, 08437. trickle irrigation, wetting front, infiltration, soil water distribution, 05780. water yield, rainfall/runoff relationship, rainfall layered runoff, forest, 08316.
- soil chemical pool**
heavy metal extraction, zinc, cadmium, copper, phosphorus application, 03164.
- soil chemical property**
acid rain, forest regeneration, birch, tree seedling, soil acidification, Poland, Tuchola Forest; 12112. afforestation, gley soil, Podzol, UK, Scotland, Central Region, Balquhider; 00520. agricultural project, cultivation, soil physical property, Nigeria; 00521. barren area, soil productivity, landscape position, salt accumulation, 10845. calcareous soil, Camorthid, tillage, Saudi Arabia; 09521. calcium, forest soil, organic carbon, France, Jura; 13415. cation exchange capacity, clay fraction, organic matter, fertilisation, Germany; 05598. cation saturation state, 05537. chemical denudation, forest soil, 12073. crop yield, wastewater, soil salinity, soil sodicity, 03161. Cunninghamia lanceolata, soil fertility, soil enzyme activity, 04391. duplex soil, soil water flow, land use, Australia, South Australia, Mount Lofty Ranges, Warren Catchment; 05602. fertility, pasture soil, lupin, soil acidification, Australia, Western Australia; 06868. forest soil, forest decline, Russian Federation, Primorye; 00582. forest soil, herbaceous plant, sod Podzolic soil, soil physical property, 00572. forest soil, root growth, acidic deposition, rhizosphere, Sweden; 03162. geostatistics, soil disturbance, soil spatial variability, USA, Michigan; 13387. gypsiferous waste, gypsum, coal combustion ash, 10861. humification, moorsh, peat soil, 08181. irrigation, soil fertility, soil physical property, 03151. litter removal, nutrient status, soil fertility, Nepal, Dhulikhel Watershed; 08208. loess, landscape, soil morphology, New Zealand, South Island, Canterbury; 13314. metal availability, Jalma, Torrifluent, soil conditioner, 05604. microbial biomass, carbon, nitrogen, humus layer, spruce, liming, 14573. molecular size distribution, water soluble organic matter, complexing property, organic matter, forest soil, 08198. nitrogen mineralization, nitrification, soil fertility, rain forest soil, pasture soil, soil physical property, Costa Rica, Atlantic Zone; 14553. nitrogen mineralization, soil spatial variability, 04398. nutrient status, river bank erosion control, soil physical property, Nigeria, Niger Delta; 14554. olive oil, wastewater, sludge application, 05627. organic matter, fire, fallow, nutrient availability, shifting cultivation, Bhutan; 01841. phosphate fixation, alkaline soil, calcareous soil, India, Haryana; Uttar Pradesh; 13422. potassium, 01881. rainforest soil, logging, nutrient cycling, Australia, Queensland, Birthday Creek; 08209. salt affected soil, successional soil, nitrogen dynamics, floodplain soil, USA, Alaska, Tanana River Floodplain; 04357. semiarid soil, adsorption capacity, buffer capacity, extractant, Brazil; 13381. sewage sludge, acidic soil, extractant, sludge application, 06900. sewage water, wastewater, India, Haryana; 10859. soil acidification, Arenosol, acid rain, cation leaching, Udipsamment, 04358. soil classification, volcanic soil, tephra, mineralogy, clay mineral, USA,

- California; 10763. soil/climate relationship, climate prediction, South Africa, Natal; 10727. soil development, forest soil, cultivation, Poland, Lublin Upland; 00542. soil physical property, landscape position, soil reclamation, topodepach unit, USA, North Dakota, Glenharold Mine; 03052. soil physical property, soil fertility, savanna soil, manure application, Nigeria, Maiduguri; 04389. soil physical property, soil reclamation, saline soil, Xerochrept, municipal solid waste, 13389. soil productivity, fertiliser, soil conditioner, soil physical property, Saudi Arabia; 00575. soil profile development, soil development, allophane, Haploorthod, USA, New Hampshire; 01816. soil profile, caciium-137, soil physical property, Pacific, Marshall Islands; 03062. soil reclamation, soil disturbance, enzyme activity, electrical conductivity, Canada, Alberta; 09526. soil solution, copper oxide, Podzolic soil, sulphuric acid, 01840. soil spatial variability, Ustochrept, semiarid region, India; 03160. soil texture, bulk density, calcium carbonate, infiltration, spatial variability, soil physical property, Saudi Arabia; 02032. soil texture, landscape position, nutrient availability, USA, Nebraska; 01877. soil texture, wetland soil, Nigeria; 04305. solution chemistry, tree stem distance, spruce, beech, 06899. sulphate, atmospheric deposition, throughfall, oak forest, USA, (Midwest), Great Lakes; 12153. tillage, field traffic, Vertisol, soil physical property, 00573. tillage, nutrient availability, organic carbon, liming, crop rotation, USA, Illinois; 12152. tropical soil, soil fertility, forest clearing, Sri Lanka, Hunnasgiriya; 10824. valley zonation, plant association, nutrient content, Poland, Biebrza Valley; 00581. vegetation succession, moraine, weathering, aggregate shape, Svalbard, Spitsbergen, Werenskiold Glacier; 09456. water content, tree influence, microbial activity, savanna soil, Ivory Coast, Lamto; 09523. weathering, chronosequence, cation loss, mineralogy, UK, Scotland, Highland, Glen Feshie; 01818. wheat, organic matter, aggregate stability, lupin, fertiliser, Australia, New South Wales, Wagga Wagga; 09522. zinc, 09533.
- soil chemical transport**
classification system, soil water transport, USA, South Carolina; 10746. macropore, root zone water quality model, soil water transport, 03072.
- soil chemistry**
amelioration, liming, soil amendment, Sweden, Kronoberg County; 08195. classification, toposequence, gneiss debris, forest decline, acidification, Germany, Bavaria, Bavarian Forest; 08099. land use, soil science, 05497. landscape position, soil profile, adamellite, Australia, New South Wales, Yambulla State Forest; 08132. lignite mine, mine soil, soil physical property, Spain, Galicia, Meirama Lignite Mine; 08191. nutrient availability, deforestation, rainforest soil, parent material, organic carbon, Australia, Queensland, Atherton Tableland; 05605. rheology, methane, flooded soil, 05573. soil physical property, calcareous soil, salinisation, Oman, Batnah; 08187. soil physical property, runoff, conservation tillage, tillage, Australia, New South Wales; 08188. tillage, alley cropping, crop yield, Kandiadult, soil physical property, Cameroon; 08186. tillage, productivity, soil physical property, Africa, (West); 08101.
- soil chemistry model**
acidic deposition, soil acidification, cation supply, weathering, forest soil, Sweden; 00502.
- soil chiselling**
tillage, crop yield, compaction, physical index, soil physical property, India; 08106.
- soil chronosequence**
hydraulic conductivity, Podzol, soil hydraulic property, UK, Scotland; 04395. Podzol, ferrallitic soil, soil evolutionary sequence, Brazil, Upper Rio Negro; South America, Amazonia; 04303. reg, desert soil, paleosol, gravel shattering, salt shattering, Israel, Negev Desert; 01825.
- soil classification**
Alfisol, B horizon, clay translocation, USA, Ohio; 08129. aluminium, pasture soil, soil sustainability, argillite soil, New Zealand, North Island; 04313. floodplain soil, alluvial soil, Russian Federation, Ob Valley; 00470. geostatistics, carbon, soil sampling, organic carbon, USA, Hawaii, Pearl Harbor; 01767. hoeing, ploughing, grazing, land use, parent material, Benin; 05506. land classification, waterlogging, flooded soil, Mauritania, Senegal River Valley; Senegal, Senegal River Valley; Mali, Senegal River Valley; 05504. land use, Cambisol, Slovenia; 03055. organic matter, hydromorphic soil, 06818. pedogenetic feature, paleosol, 00469. photointerpretation, aerial photography, Brazil; 10716. Soil Conservation Service, soil morphology, soil mapping, Australia, New South Wales; 04311. soil horizon class, 04314. soil horizon, 04295. soil horizon, 04296. soil horizon, New Zealand; 04298. soil mantle, soil horizon, referential pedologieque, classification system, France; 04297. soil mapping, geostatistics, Italy, Emilia Romagna Region; 04315. soil mapping, loessial soil, Argistoll, Paleustoll, USA, Nebraska, Clay County; 01815. soil mapping, soil map of Turkey, Turkey, Tekirdag Region; 08098. soil physicochemical property, urban soil, Russian Federation, Moscow; 10818. soil protection, Germany, Ruhr; 10718. soil terminology, Poland; Germany; 09414. spodic horizon, andic soil, Spodosol, Humicryod, USA, Alaska; 04300. volcanic soil, tephra, mineralogy, clay mineral, soil chemical property, USA, California; 10763. water retention curve, spatial interpolation, kriging, nearest neighbour method, 14483. water table depth, morphology, Hapludoll, Haplaquoll, Calciaquoll, USA, Iowa; 06804.
- soil/climate relationship**
climate prediction, soil chemical property, South Africa, Natal; 10727.
- soil coating**
iron oxide, silica, goethite, 05551.
- soil collection**
sampling technique, Byelorussia, Gomel Oblast; 06811.
- soil colloid**
flocculation, organic matter, pH, calcium, magnesium, illitic soil, 12097. flocculation, surface charge, electrophoretic mobility, illitic soil, organic matter, 12098.
- soil colour**
acid sulphate soil, sulphide, sulphate mineral, 12148. colorimeter, Munsell colour, USA, Florida; Brazil; 08115. fulvic acid, humic acid, organic matter, landscape type, USA, Illinois; Indiana; 12033. mineralogy, pedogenesis, iron oxide, 12147. organic carbon, iron, aluminium, Spodosol, USA, Michigan; 01768. particle size distribution, weathering, tropical soil, parent material, India; 00513. soil motting, redox condition, landscape position, iron, soil morphology, 12149. soil science, 12029. soil science, USA; Russian Federation; 12030. soil spectral property, soil reflectance, satellite image, Brazil, Bahia, Serra do Ramalho; 04382. soil texture, iron oxide, organic carbon, fire, USA, California; 01874.
- soil colour measurement**
colorimeter, soil scientist, Munsell colour, 12051. tristimulus value, Munsell colour, spectrophotometry, 12050.
- soil colour value**
forest soil, nitrogen, 01797.
- soil column**
cation transport model, solute concentration, soil water flow, 01809. solute transport, 14494. terbuthylazine, soil water flow, herbicide, 14508.
- soil compaction**
agricultural mechanisation, cultivation, soil structure, bulk density, soil profile morphology, Poland; 00579. bulk density, frozen soil, 05511. bulk density, organic material, soil water content, Trinidad and Tobago, Trinidad; 13397. bulk density, organic matter, volcanic ash soil, forest harvesting, USA, Idaho; 01822. cattle trampling, soil physical property, Nigeria; 13394. decomposition, carbon dioxide release, earthworm, 03111. hillslope, tractor wheel, bulk density, Armenia; 09419. loess, tillage, soil physical property, 05590. mountain forest steppe, spatial moisture distribution, Mongolia; 01191. ploughing, field traffic, soil physical property, 00576. pneumatics, pneumatic cushion, triaxial soil test, cubical triaxial unit, 10414. porosity, soil texture, Poland; 00580. road construction, drainage, forestry, land use effect, water balance, catchment study, 00800. root growth, earthworm, penetration resistance, 14516. soil compaction, soil physical property, root growth, crop yield, 00577. soil physical property, root growth, crop yield, soil compaction, 00577. soil physical property, tillage, crop yield, subsoiling, 13392. soil sampler, soil physical property, 04319. soil spatial variability, Ultisol, forest clearing, Kandiadult, Cameroon; 04387. soil strength, infiltration, tillage, 10836. soil strength, seed bed, planting system, 04384. soil subsidence, soil physical property, 04352. soil water content, soil physical property, 13391. subsoil compaction, field traffic, axle load, tyre type, crop growth, 14515. sugar cane, porosity, particle size distribution, bulk density, Ultisol, Brazil, Rio de Janeiro; 06892. tillage, amelioration, land clearing, soil loosening, Africa, (East); 08103. tractor traffic, fertilisation, field traffic, methane, nitrous oxide, 03122. tractor tyre pressure, manure spreader, 05510. tractor wheel rut, rut, soil deformation, 00523. trenching, soil aeration, soil amelioration, 14514.
- soil compaction model**
cylindrical stress state, moisture content, soil failure, triaxial test, compaction, 11700.
- soil compressibility**
bulk density, Andisol, soil strength, USA, Oregon; 09518.
- soil conditioner**
evaporation inhibitor, arid soil, mulch, bitumenous mulch, 14513. glucose addition, sulphur transformation, sulphate addition, incubation, 00557. irrigation erosion, soil erosion control, Kazakhstan; 06944. irrigation, soil erosion control, polyacrylamide, Calcicorthid, USA, Idaho, Kimberly; 06940. macronet polymer, water retention, 05517. polyacrylamid hydrophilic gel, trickle irrigation, irrigation, salinity, soil water storage, 04563. polyacrylamide, water retention, 06895. sandy soil, polymer gel, soil water quality, infiltration, water conservation, 07106. sandy soil, soil water movement, infiltration, soil hydraulic property, Acryhope, 13367. soil chemical property, metal availability, Jalma, Torrifluent, 05604. soil conservation, soil erodibility, Agri-SC, UK, England, Shropshire, Hilton; 06942. soil physical property, soil chemical property, soil productivity, fertiliser, Saudi Arabia; 00575. waste plastic emulsion, soil physical property, 05516.
- soil conservation**
conservation tillage, tillage, water content, Asia, (South); 08105. crop yield, physical property, soil water conservation, tillage, Africa, (East); 08104. desertification, drought, desert environment, Africa, Sahel; 01291. environmental impact index, soil reconsolidation, organic matter, grass cover, Chromoxerert, Italy, Sicily; 06943. erosion control, flood control, river regulation, water management, USA, Indiana, Maumee River; 11098. erosion rate, USLE, soil physical property, Papua New Guinea, Southern Highlands Province; 06934. GIS, watershed management, India, Andhra Pradesh, Musi River; 01198. land use, grazing, soil erosion rate, Falkland Islands; 06932. management technique, tillage, Australia; 08107. nutrient loss, SLEMSA, USLE, soil erosion prediction, rainfall erosivity, Lesotho; 12179. parent material, land use, relief, soil mapping, Togo, Monts Kaby Region; 05505. pine plantation, surface thinning, slope, Italy, Calabria, Sila Mountain; 06888. rainfall intensity, soil physical property, Czech Republic, Moravia; 08251. rainfall/runoff relationship, groundwater recharge, runoff, soil loss, India, Andhra Pradesh, Kurnool District, Chinnatekur; 09734. runoff, cropping system, water conservation, India, Maharashtra, Solapur; 03192. semiarid region, erosion, runoff, cultivation, Brazil, Paraiba, Sume; 05463. soil erodibility, Agri-SC, soil conditioner, UK, England, Shropshire, Hilton; 06942. soil physical property, breakup, field traffic, subsoiling, 06891. Solonchak, deflation, soil cover, aridification, Aral Sea; 00473. thalweg, sediment yield, Germany, Kraichgau; 08250. tropical soil, soil management, 05634. water conservation, groundwater exploitation, agricultural water management, irrigation development, USA; 09775.
- soil conservation engineering**
water conservation engineering, agricultural engineering, hydrology, erosion, irrigation, 00807.
- Soil Conservation Service**
soil morphology, soil mapping, soil classification, Australia, New South Wales; 04311.
- soil conservation service method**
runoff prediction, curve number table, rainfall/runoff analysis, flood simulation, Thailand; 08315.
- soil consolidation**
air entrapment, surge irrigation, soil physical property, soil hydraulic property, irrigation, 00482. frozen soil, hydraulic conductivity, freeze/thaw, 13320. irrigation, soil gas trapping, soil physical property, surge irrigation, 00481. rainfall simulation, crusting, soil densification, 10775.
- soil constituent surface**
aggregation, soil water adsorption, surface free energy, 00586.
- soil contaminant**
clamp-column method, particle size fractionation, 01779.

soil contamination

expert system, SAFRAN, contaminant load, groundwater, atmospheric pollutant, Germany, Eifel; 07713. sediment pollution, PCB, PCDD, Czech Republic, Elbe River; Slovakia, Danube River; 11996.

soil core

carbon, nitrogen, denitrification, clay soil, 05531.

soil core extract

leaching, nitrogen, lysimeter, ceramic cup, 00498.

soil core method

bulk density, clod method, USA, West Virginia, Coastal Plain; 08110.

soil core surface area

saturated hydraulic conductivity, anisotropy, hydraulic conductivity, 01791.

soil corrosion

soil mapping, water main, UK, England, Oxfordshire; 12038.

soil corrosivity

fuzzy mathematics, 12067.

soil cover

aridification, soil conservation, Solonchak, deflation, Aral Sea; 00473. crop cover, image processing, linear discrimination, textural difference, 14017. land cover, radar backscatter, Agriscatt, Netherlands, Flevoland; 01220. mine tailing, sulphide, oxygen diffusion, Canada; 05083.

soil cover-landform relationship

cryoplanation, relief, Hungary, Bukk Mountains; Tokaj Mountains; 09415.

soil crack

ploughing, soil structure, clod size, 09463.

soil cracking

crack dimension, cracking intensity, vertisol, India; 12142. infiltration, irrigation, cracking soil, furrow irrigation model, France, Tarascon; 06826. Natrustalf, soil structure, aggregate slaking, dispersion class, 14558.

soil crumbling

tillage implement, aggregate size, clod, 09464.

soil crust

chlorophyll, enzyme activity, soil disturbance, 13402. crust, infiltration, 09420. semiarid, arid, microphytic, Australia; 12773. soil micromorphology, vesicular layer, arid soil, Natrargid, Calciorthid, Haplargid, Argentina, Patagonia; 09510.

soil crust conductivity

hydraulic conductivity, soil temporal variation, rainfall simulation, 14556.

soil crust density

bulk density, aggregate density, 04320.

soil crusting

dune, sand dune, soil water content, China, Shapotou Region; 10777. particle detachment, soil erodibility, erosivity, index, 13442.

soil dam barrage

slope stability, discharge canal, Turkey, Izmir, Gediz River Basin; 09126.

soil data class

land use suitability, sequential indicator simulation, water table mapping, kriging, 03064. soil mapping, kriging, sequential indicator simulation, 03063.

soil database

GIS, Australia, Western Australia; 05501. GIS, extended entity-relationship, structured query language, 10183. GIS, soil resource, soil distribution, 05494. soil degradation, GIS, SOTER, soil pollution, Europe; 12157. soil map, carbon stock, USA, Maine; 09412.

soil dating

fossil soil, carbon-14, organic matter, radiocarbon, 12079.

soil decontamination

contaminated soil, electrical field, contaminant removal, 00505. heavy metal, hydrocarbon, soil pollution, gasification plant, UK, Northern Ireland, Belfast; 13426. lead immobilisation, apatite, hydroxyapatite, 05625. metal contaminant, heavy metal, contaminant volatilisation, 10868. organic compound, hydrogen peroxide, chemical oxidation, sand, 13429. supercritical fluid, organic contaminant, contaminant extraction, 10869. surfactant, chlorobenzene, cationic surfactant, hydrophobic organic compound, organic compound, 12168. US Environmental Protection Agency, petroleum, thermal desorption, USA; 08214.

soil deformation

soil compaction, tractor wheel rut, rut, 00523.

soil degradation

agricultural production, nutrient depletion, fertiliser application, Mali; 09479. arid soil, grazing, remote sensing, pasture soil, Kenya; 10726. GIS, SOTER, soil pollution, soil database, Europe; 12157. grass, grazing, steppe, root system, Chernozem, Ukraine, Dniepr River, Sumara River; 08236. hydrological regime, reservoir sedimentation, sediment yield, Brazil; 08246. pedogeomorphic process, soil erosion, accumulation process, caesium-137, 08241. ploughing, humus, wind erosion, Russian Federation, Transbaikalia; 05555. pollutant, mountain, coast, soil erosion, karst, Croatia; 02605. remote sensing, soil mapping, soil salinisation, arid soil, India, Rajasthan; 03058. reservoir sedimentation, runoff production, soil erosion, Algeria, Oued Mina; 07560. runoff, watershed study, France, Paris Basin, Erlon Basin, Arbre a Robert Watershed; 08231. semiarid, monitoring, Kenya, Kitui District; 12772. soil management, sodic soil, alkaline sodic soil, Australia, Victoria; 10732. soil productivity, Hungary; 08254. sonic velocity measurement, frozen soil, 05512. sulphur, acidic deposition, Poland; 10860. surface sealing, compaction, 10776. volcanic ash soil, Colombia, Antioch; 10715.

soil densification

soil consolidation, rainfall simulation, crusting, 10775.

soil depth

furrow irrigation, soil productivity, irrigation, crop yield, USA, Idaho; 09524. landscape position, Alfisol, soil horizon depth, USA, Illinois; 14592. landscape position, pH, Luvisol, clay content, soil horizon thickness, Canada, Saskatchewan; 03145. landscape position, relief, Slovenia; 04350. methane consumption, carbon dioxide emission, soil gas concentration, crop management, USA, Kansas; 10794. peat soil, carbon dioxide diffusion, carbon mineralization, rainfall, Poland, Biebrza Valley; 00568.

soil deterioration

Holocene, archaeological site, paleosol, micromorphological evidence, France, Brittany; 06597.

soil development

allophane, Haplothord, soil chemical property, soil profile development, USA, New Hampshire; 01816. clast weathering, soil geomorphology,

Pleistocene, glacial sequence, moraine, USA, California, Sierra Nevada; 10486. forest soil, cultivation, soil chemical property, Poland, Lublin Upland; 00542. lava flow, vegetation community, geological map, Kenya, Menengai Caldera; 01189. magnetite, mineral magnetism, Holocene, lake sediment, palaeoenvironmental reconstruction, Sweden, Lappland, Karsa Valley; 00223. mudflow deposit, Japan, Honshu, Bandai; 04351. Quaternary, pollen, geochemistry, vegetation change, USA, Alaska, Wien Lake; 06572. sedimentation rate, geomorphology, neotectonic activity, megafan, India, Ganges Plain, Gandak Megafan; 10403.

soil development index

soil morphology, soil micromorphology, USA, New Hampshire; Wyoming; 13348.

soil diffusion equation

surface temperature, moisture prediction, atmospheric model, 01325.

soil digestion method

element concentration, trace element, ICP-MS, spectrometry, Saudi Arabia; 13344. microwave digestion, cadmium, 13346.

soil displacement

equilibrium limit, boundary force, reinforced soil wall, soil retaining wall, 04016.

soil dissipation

manure fertiliser, herbicide, isoxaben, cereal, Belgium; 01899.

soil dissolution

aluminium, extractant, reagent, iron, silicon, 06844.

soil distribution

map, soil type, South America, Amazonia; Brazil, Rio Negro; 14465. soil database, GIS, soil resource, 05494.

soil disturbance

burning, forestry, nutrient loss, logging, Malaysia, Sabah; 12902. enzyme activity, electrical conductivity, soil chemical property, soil reclamation, Canada, Alberta; 09526. nitrogen mineralization, microbial biomass, pasture soil, 10784. semiarid soil, landfill soil, anion solubility, Mediterranean; 01878. soil crust, chlorophyll, enzyme activity, 13402. soil spatial variability, soil chemical property, geostatistics, USA, Michigan; 13387. spectroscopy, humus layer, NMR spectroscopy, copper oxide oxidation, decomposition, Canada, British Columbia, Vancouver Island; 01782.

soil drainage

afforestation, runoff, furrow length, rainfall intensity, UK, Scotland; 03193. gley soil, Podzolic soil, 09513. hardsetting soil, soil salinity, pasture soil, sodic soil, Australia, Tasmania; 10733. organic soil, carbon dioxide, soil subsidence, USA, California, San Joaquin-Sacramento Delta; 04361. soil management, 03146. soil physical property, peat soil, 09514. tillage, Ochraqualf, Argiaquoll, soil physical property, USA, Ohio, Columbia; 03149.

soil drainage model

soil hydraulic property, equivalent media approach, 04324.

soil drying

adsorption isotherm, sorption isotherm, 10751. aggregate stability, wet sieving, turbidimetry, cropping history, 03069. clay soil, numerical simulation, 00487. extractant, calcareous soil, iron, DTPA, carbon dioxide, 12084. fertiliser, ammonium, USA, Iowa; 01860. potassium, Vertisol, incubation, 13343. ridge tillage, hydraulic head variability, lysimeter, soil temperature, 06835. root density, clay loam, shear strength, soil water content, 06893. soil freezing, nitrate, ammonium, nitrogen, 12080. soil storage, Colwell soil test, soil testing, phosphorus, 14505. soil water, rainfall simulation, runoff, interrill erosion, surface crust, USA, (Southeast); 05643.

soil drying-rewetting

drying/wetting cycle, nitrogen mineralization, 01799.

soil dust

dust storm, mineralogy, aerosol, Tadzhikistan; 08711.

soil dynamic

Natural Disaster Reduction, earthquake, liquefaction potential, geotechnical engineering, seminar, 09087.

soil dynamics

classification method, temperature measurement, dissipation, strain, 05228. gravel, laboratory test, 09088.

soil effect

karst corrosion, solution capacity, rainwater, carbon dioxide, 07821.

soil electrical property

frozen soil, dielectric property, 00584. humic fraction, electrokinetic potential, 08201.

soil emissivity

atmospheric absorption, emissivity, land surface temperature, infrared, 02453.

soil enrichment

phosphorus, potassium, copper, zinc, slurry, France, Brittany, Finistere; 00559.

soil enzyme activity

soil chemical property, Cunninghamia lanceolata, soil fertility, 04391.

soil erodibility

aggregate breakdown, crusting, 08227. aggregate size distribution, soil water content, tillage, wind erosion, Canada, Alberta; 13443. aggregation, Chernozemic soil, crop management, Canada, Saskatchewan, Indian Head; Melfort; 10833. Agri-SC, soil conditioner, soil conservation, UK, England, Shropshire, Hilton; 06942. Chernozemic soil, aggregation, crop management, Canada, Saskatchewan, Scott; Swift Current; 10834. erosivity, index, soil crusting, particle detachment, 13442. land management, erosion hazard mapping, rainfall erosivity, Indonesia, Yogyakarta, Kulonprogo, Kokap River; 03784. rainfall erosivity, sand dune, tropics, physical geography, inselberg, Africa; 11646. relief vegetation cover, Turkey, Colhisar; 10883. runoff, sediment yield, mine spoil, soil reconstruction, mine spoil, USA, Kentucky, Ohio County, Alston Surface Mine; 06930. tillage, crop rotation, aggregation, crop residue, USA, Kansas, Hays; 14518. wet sieving, water drop technique, aggregate stability, 10737.

soil erodibility factor

rainfall simulation, soil texture, Libya; 12178.

soil erosion

accumulation process, caesium-137, soil degradation, pedogeomorphic process, 08241. acid rain, terrestrial ecosystem, past global change project, glacial/interglacial change, 10278. agriculture, humid tropics, water quality

- management, tropical forest, deposition process, 04284. conservation, land degradation, sustainable agriculture, World soil resource, Africa, (West); Ethiopia; China; India; Australia; Poland; 05152. contemporary erosion, agricultural area, sediment yield, paraglacial, relaxation time, Canada; 01376. control capability index, 06938. crop residue, soil, vegetation index, 01223. denudation, rillwash, catastrophic process, young glacial region, Poland, Pomerania; 02685. drainage basin, reservoir, sediment transport, erosion, sediment yield, 04279. erosion prediction, sloping field, rill erosion, USA, (Northwest); 09556. erosion rate, sediment yield, rainsplash, seasonal variation, vegetation cover, Tanzania; 04281. fluvial sediment, floodplain sediment, sedimentation, Germany, Kraichgaus, Elsenz River; 03025. geomorphological information systems, geomorphological mapping, Germany, Bonn; 11488. glacial stratum, orchard soil, Germany, Potsdam; 09560. hill/gully area, drainage system, dissipative structure, erosion model, China, Loess Plateau; 06461. karst, soil degradation, pollutant, mountain, coast, Croatia; 02605. land use, anthropogenic impact, aerial photography, land degradation, Kenya, Kitui District; 00013. LIS, erosion, DTM, TM, Italy, Tuscany, Tiber Valley; 01812. loess soil, runoff generation, Horton overland flow, rainfall/runoff, soil moisture storage, Netherlands, South Limbourg; 10919. loess, sediment yield, land use, gully erosion, pollution, 01739. loess, soil loss, model study, rain factor, China, Loess Plateau; 03964. Mediterranean environment, linear spectral mixture modelling, land degradation, Mediterranean; 14015. mountain, environmental history, deforestation, Mediterranean; 01383. natural hazard, flood damage, Gabon, Ogooue River; 00632. overland flow, velocity, rock fragment, vortex erosion, hillslope, 06779. pebble, sediment yield, Holocene, mud, erosion, South Africa, Cape Province, Algoa Bay; Sundays River; South Africa, Cape Province, Swartkops River; 01701. rehabilitation, monitoring, geomorphological process, sustainable range management, Kenya, Marsabit District; 01385. reservoir sedimentation, runoff, field experiment, land use, Ecuador, Andes, Paute River, Amaluza Dam; 01358. reservoir, bedload transport, water management, dam, Poland, Carpathians, Skawa River, Swinna Poreba; 05474. rock fragment cover, roughness, overland flow, turbulence, sediment yield, 09372. runoff, drainage basin, model, sediment transport, arid zone, 05461. runoff, drainage network, water balance, basin hydrology, France, Parisian Basin; 10920. runoff, probability theory, frequency analysis, temporal distribution, USA, Oregon; 04561. sand encroachment, draa, desertification, vegetation, Burkina Faso, Mare d'Oursi, Oursi; 00459. sediment transport, grain velocity, laboratory experiment, overland flow, 02881. sediment yield, alluvial storage, floodplain, sedimentation, USA, Minnesota; 11990. sediment yield, evapotranspiration, water yield, deforestation, Malaysia, Sabah, Ul Segama; 08436. sedimentation, runoff, soil fertility, water resource, agriculture, Kenya; 04286. snowmelt, digital elevation model, land use planning, Hungary, Lake Balaton; 07420. soil degradation, reservoir sedimentation, runoff production, Algeria, Oued Mina; 07560. urban expansion, morphodynamics, Ogolian dune, desertification, Senegal, Dakar; Mauritania, Nouakchott; Congo, Brazzaville; 01334. vegetation, leaf area index, Landsat, 12774. water budget, sediment load, nutrient load, runoff, Hungary, Balaton Lake; 10918. watershed management, GIS, fluvial sedimentation, 01267. watershed, erosion, Taiwan, Shihmen Reservoir; 01080.
- soil erosion assessment**
Landsat TM, remote sensing, GIS, USLE, 06924. photo-electric erosion pin, 08240. tillage, caesium-137, Canada, Quebec; 08237. tropical soil, USLE, 03186.
- soil erosion bridge**
soil surface, microprofiling, 12171.
- soil erosion control**
firestorm, sediment control, USA, California, Oakland; 06941. infiltration, runoff, mulch, rainfall simulation, USA, Oregon; 06939. polyacrylamide, Calciorthid, soil conditioner, irrigation, USA, Idaho, Kimberly; 06940. rill erosion, duplex soil, soil management, USLE, 06928. sediment yield, China, Hubei; 09566. slope stability, land use management, stabilisation, steep slope, India, Himalayas; 07726. soil conditioner, irrigation erosion, Kazakhstan; 06944. soil management, cropping, arable soil, India, Punjab; 09564. soil management, tropical soil, soil water conservation, soil fertility, sustainable agriculture, Africa; Asia; Australia; South America; Central America; 12032. tillage, remote sensing, crop residue, USA, Nebraska; 08252.
- soil erosion control system**
runoff, sediment yield, rainfall simulation, 06935. runoff, sediment yield, rainfall simulation, 06936.
- soil erosion/deposition**
soil erosion mapping, caesium-137, topography, Canada, Quebec; 10879.
- soil erosion hazard**
lake water quality, soil mapping, Hungary, Lake Balaton; 09561.
- soil erosion mapping**
caesium-137, topography, soil erosion/deposition, Canada, Quebec; 10879.
- soil erosion model**
catchment model, ANSWERS, GIS, Netherlands, South Limburg; UK, England, Devon; 09559. flow path, link characteristic, link characteristic, 13440. rill dimension, overland flow, soil hydraulic property, 13441. rill erosion model, rill network, interrill erosion, rainfall simulation, 14589. sediment yield, PRORIL, rill erosion model, rill network, 14588. splash detachment, raindrop impact, 06812. topography, gully erosion, channel formation, USA, Minnesota; 03188.
- soil erosion monitoring**
rainfall index, rain erosion, UK, England, South Downs; 08225.
- soil erosion pillar**
microgeomorphic system, process-response relationship, rainsplash, 01901.
- soil erosion potential**
rainfall erosivity, rainfall energy, Brazil, Sao Paulo, Campinas; 05637. sheet erosion, rill erosion, USLE, GCM, climate change, USA; 01292.
- soil erosion prediction**
caesium-137, 10878. rainfall erosivity, soil conservation, nutrient loss, SLEMSA, USLE, Lesotho; 12179. sediment yield, Water Erosion Prediction Project, runoff, slope, 12172. USDA Agricultural Research Service, wind erosion prediction, USA; 05646.
- soil erosion rate**
alluvium, provenance, sediment dynamics, USA, North Carolina, Neuse River Basin; Coastal Plain; 06927. caesium-137/caesium-137, badland, Chernobyl nuclear accident, Italy, Paglia River Basin; 04426. caesium-137, UK; 08243. peat, UK, England, Pennines; Scotland, Shetland; 05647. remote sensing, sodic soil, South Africa, Kruger National Park, Ripage River Drainage Basin; 01900. soil conservation, land use, grazing, Falkland Islands; 06932. soil texture, rilling, UK, England; Wales; 08233. splash detachment, rainfall intensity, slope, rainforest soil, Malaysia, Sabah; 05635. USLE, sediment yield, Ecuador, Rio Paute; South America, Andes; 06931. wind erosion, USA, North Carolina, Coastal Plain; 05636.
- soil erosion reduction**
gypsiferous amendment, surface sealing, interrill erosion, slope, rainfall simulation, USA; 05553.
- soil erosion risk**
runoff, spatial integration unit, geographical database, France, Nord-Pas-de-Calais; 08234. vegetation mapping, STARS experiment, soil mapping, aeolian erosion, Niger, Sahel, Tillaberi; 07769.
- soil erosion study**
caesium-137, New Zealand, South Island, Canterbury; North Island, Manawatu Region; 08256.
- soil erosion susceptibility**
flood, slope evolution, slope instability, Portugal; 10875. grazing, grass cover, Kenya; 09562.
- soil erosion variability**
ephemeral erosion, gully erosion, rainfall intensity, Belgium; 08230. land use change, erosion risk, Switzerland; 08229.
- soil evaluation**
soil fertility, Hungary; 03054.
- soil evaporation**
evaporation, row spacing, water use efficiency, crop yield, transpiration, Australia, Western Australia, Merredin; 03209. evapotranspiration, water balance model, soil water potential, canopy conductance, Australia, Murray-Darling Basin; 00624. ground cover, plant canopy, evapotranspiration, arid environment, water use efficiency, Syria, Aleppo; Australia, South West; 10903. interception, time domain reflectometry, neutron moisture meter, lysimeter, evapotranspiration, canopy storage, Australia, New South Wales, Wagga Wagga; 12197. lake evaporation, catchment evaporation, evaporation, Penman model, Morton model, China, Hubei Province; 08294.
- soil evolution**
weathering, relief position, tropical soil, 00511.
- soil evolutionary sequence**
soil chronosequence, Podzol, ferrallitic soil, Brazil, Upper Rio Negro; South America, Amazonia; 04303.
- soil fabric**
clay mineral, organic matter, sodic soil, swelling soil, 10789. experimental result, measurement, phase transition porosimetry, 04001. fragipan, Dystrichrept, parent material, soil horizon, argillan, soil micromorphology, USA, Massachusetts; 04345. microscopy, microphotometric analysis, image analysis, anisotropy, clay, 09110. soil micromorphology, mineralogy, iron, Paleustoll, Zambia, Mount Makulu Central Research Station; 05589.
- soil failure**
triaxial test, compaction, soil compaction model, cylindrical stress state, moisture content, 11700.
- soil fauna**
earthworm, humus profile, ecological function, forest soil, 00529. soil food web, nitrogen mineralization, 13336. soil physicochemical property, peat soil, microorganism, 09505.
- soil fertility**
bioenergetic analysis, 03082. carbon, organic carbon, carbon dioxide, tropical soil, 06872. crop yield, Burkina Faso, Oudalan Province; 12041. crop yield, fertiliser, nitrogen mineralization potential, Mollisol, topsoil removal, Canada, Alberta; 14523. crop yield, rice, flooded soil, Russian Federation, Krasnodar; 14563. data blocking procedure, 10734. database, organic carbon content, Belgium; 09413. enzyme activity, soil microorganism, nutrient availability, mountain soil, China, Jiangxi, Dagang Mountain; 09525. fertiliser, alley cropping, soil chemical property, soil physical property, Zambia; 00574. forest clearing, soil chemical property, tropical soil, Sri Lanka, Hunnagiriya; 10824. high density tree plantation, plantation, nitrogen mineralization, nitrogen immobilisation, litter dynamics, India; 00534. land use, logging, forest fire, agricultural development, hydrology, sedimentation, 08429. microbial activity, arid soil, sewage sludge, Torrifluent, 03116. nitrogen cycle, humus content, organic matter content, Germany; 09474. nutrient constraint, sodium, sodic soil, Australia; 10790. nutrient availability, vegetation control, scarification, fertilisation, pine plantation, Canada, Ontario; 01879. organic matter, humus, 10820. peat soil, nitrogen, organic matter, Russian Federation; 09507. phosphate fixing capacity, phosphorus, 00500. phosphate, 10855. rain forest soil, pasture soil, soil physical property, soil chemical property, nitrogen mineralization, nitrification, Costa Rica, Atlantic Zone; 14553. savanna soil, manure application, soil chemical property, soil physical property, Nigeria, Maiduguri; 04389. soil chemical property, litter removal, nutrient status, Nepal, Dhulikhel Watershed; 08208. soil enzyme activity, soil chemical property, Cunninghamia lanceolata, 04391. soil evaluation, Hungary; 03054. soil physical property, soil chemical property, irrigation, 03151. sustainable agriculture, soil erosion control, soil management, tropical soil, soil water conservation, Africa; Asia; Australia; South America; Central America; 12032. tropical soil, deforestation, soil management, organic matter, 05499. tropical soil, soil physical property, 06803. water resource, agriculture, soil erosion, sedimentation, runoff, Kenya; 04286.
- soil flow**
bog burst, peat soil, slope stability, Argentina, Tierra del Fuego, Bahia del Buen Suceso; 13005.
- soil fluid flow**
seepage resistance, hydraulic gradient, non Newtonian fluid, 02038.
- soil food web**
nitrogen mineralization, soil fauna, 13336.
- soil formation**
ecology, landscape evolution, desert landform, landscape ecology, bajada, alluvial fan, USA, Arizona, Sonoran Desert; 11673. floodplain, heavy metal, pollution, Holocene, fluvial deposit, Netherlands, Rhine River; Meuse River; 00446. glacial history, fluvial process, polar geomorphology, expedition, weathering, Svalbard, Spitsbergen; 01387. Loveland Loess, Peoria Loess,

- Bignell Loess, aeolian deposit, loess accumulation, USA, Kansas, Great Plain; 09167. plant growth, Quaternary, risk assessment, climate change, erosion, infiltration, USA, Nevada, Nevada Test Site; 12920.
- soil fragmentation**
tillage, Argiudoll, crop rotation, fractal analysis, aggregate formation, 12045.
- soil freezing**
nitrate, ammonium, nitrogen, soil drying, 12080. nitrogen determination, nitrate, ammonium, soil grinding, 13331.
- soil fungus**
bioassay, benomyl, fungicide, 13437. forest soil, ectomycorrhizal fungi, nitrogen, USA, Oregon, Cascade Mountains; 05608. organic acid, soil solution chemistry, ectomycorrhizal mat, forest soil, Douglas fir, USA, (Northwest); 13412.
- soil gas**
carbon dioxide, ethylene, rhizosphere, 04400. gas diffusion probe, gas diffusivity, 14496. groundwater contamination, groundwater discharge, nuclear waste disposal, helium, Canada, Canadian Shield, Manitoba, Lac du Bonnet; 09720. helium, carbon dioxide, oxygen, nitrogen, 12117. indoor radon, radon, geological dependence, house construction, India, Uttar Pradesh, Doon Valley; Dehradun; 08978. nitrogen, rice planting, flooded soil, denitrification, Philippines; 04333. porosity, diffusion coefficient, permeability coefficient, radon-222, USA, Pennsylvania; 14497. tectonic setting, sinkhole, structural analysis, Italy; 05256. Terwagne Formation, paleosol, Visean, evaporation, carbon, Belgium; 00348.
- soil gas analysis**
gas chromatography, flame photometry, Agrophysical Institute, St. Petersburg, Russian Federation.; 00496.
- soil gas concentration**
crop management, soil depth, methane consumption, carbon dioxide emission, USA, Kansas; 10794.
- soil gas flow**
carbon dioxide determination, 06840.
- soil gas flux**
carbon dioxide emission, soil temperature, soil warming, 03090.
- soil gas production**
tropics, global analysis, soil, nitrous oxide, 05091.
- soil gas trapping**
soil physical property, surge irrigation, soil consolidation, irrigation, 00481.
- soil gas venting**
groundwater contamination, solute transport, volatile organic compound, intraparticle diffusion model, sorption/desorption, trichloroethylene, 13591.
- soil genesis**
residual soil, fersiallitic, ferrallitic, classification, tropical residual soil, 10412.
- soil geomorphology**
Pleistocene, glacial sequence, moraine, soil development, clast weathering, USA, California, Sierra Nevada; 10486. stability, uplift rate, erosion, 01345.
- soil grinding**
element concentration, extractant, nutrient availability, Netherlands; 05536. soil freezing, nitrogen determination, nitrate, ammonium, 13331.
- soil heat capacity**
soil thermal property, thermal conductivity, 10743.
- soil heat flux**
energy balance equation, soil temperature, soil water movement, 01785. net radiation, surface energy balance, vegetation index, 11517. soil temperature, 12052. surface energy balance, boundary conditions, soil thermal regime, soil temperature, 01786.
- soil heat transfer**
soil mass transfer, numerical model, 00477.
- soil heterogeneity**
plot size, variogram, soil spatial variability, 14471.
- soil horizon**
argillan, soil micromorphology, soil fabric, fragipan, Dystrichrept, parent material, USA, Massachusetts; 04345. referentiel pedologique, classification system, soil classification, soil mantle, France; 04297. soil classification, 04295. soil classification, 04296. soil classification, New Zealand; 04298. soil spatial variability, landscape position, toposequence, parent material, USA, Virginia; 04346. US soil survey, USA; 04299.
- soil horizon class**
soil classification, 04314.
- soil horizon depth**
soil depth, landscape position, Alfisol, USA, Illinois; 14592.
- soil horizon thickness**
soil depth, landscape position, pH, Luvisol, clay content, Canada, Saskatchewan; 03145.
- soil hydraulic function**
soil texture, leaching, Monte Carlo simulation, solute leaching, 03084.
- soil hydraulic head**
tensionic, nitrate, nitrogen, matric pressure head, 14502.
- soil hydraulic property**
Acryhope, soil conditioner, sandy soil, soil water movement, infiltration, 13367. albedo, tillage, soil structure, 06903. Alfisol, ploughing, gypsum application, double cropping, soil amelioration, hardsetting soil, Australia, New South Wales, Trangie; 13408. equivalent media approach, soil drainage model, 04324. geostatistics, hydraulic conductivity, soil spatial variability, 12064. hydraulic conductivity measurement, 00493. hydraulic conductivity, Guelph permeameter, instantaneous profile method, USA, Massachusetts; 00490. infiltration, infiltrometer, Haplaquoll, tension infiltrometer, pore arrangement, 12062. irrigation, soil consolidation, air entrapment, surge irrigation, soil physical property, 00482. macropore, tillage, hydraulic conductivity, red earth, Australia, New South Wales, Wagga Wagga; 03159. porosity, cultivation, raindrop impact, Alfisol, aggregate breakdown, 00592. rainfall simulation, clay content, sealing, surface seal, USA, Georgia; 14569. red soil, soil physical property, clay soil, China; 10728. saturated hydraulic conductivity, Guelph permeameter, 04325. scaling, infiltration, 06833. sodic soil, exchangeable sodium percentage, soil sodicity, map, Australia, Queensland; 14469. soil chronosequence, hydraulic conductivity, Podzol, UK, Scotland; 04395. soil erosion model, rill dimension, overland flow, 13441. soil ripening, van Genuchten model, 01789. soil sampling, rice, crop yield, growth model, 10753. soil temporal variation, tillage, soil structure, hardsetting soil, Australia, New South Wales; 04397. soil water management model, PREFLO, DRAINMOD, 14488. soil water retention curve, 12063. spatial variability, water retention curve, 14489. spatio-temporal variability, Latosol, Alfisol, Brazil, Sao Paulo, Piracicaba; 12151. surface crust, Andisol, rainfall simulation, 05593. tensiometer, Wind method, 06832. tillage, pore size distribution, crop rotation, 04396. tropical soil, soil water diffusivity, Nigeria; 10752. van Genuchten model, Mualem model, pore size distribution, 01790. water content, macropore, porosity, USA, Hawaii; 06831.
- soil identification**
acid sulphate soil, soil profile development, 04343. fluorescent laser sounding, pulse laser spectrometer, vegetation identification, 11511.
- soil improvement**
dielectrophoresis, electrical strengthening, sensitive clay, shear strength, 12996.
- soil improvement method**
compaction, earthquake, dynamic technique, 09021.
- soil incubation**
acetate, carbon isotope composition, paddy soil, bacterial methane, Japan, Honshu, Konosu; 03885.
- soil index**
London Clay, mineralogy, weathering, grain size, UK, England; 09121.
- soil information**
land use planning, project location, Venezuela; 03050. soil behaviour, visualisation, 12027.
- soil information source**
forester, USA, New Hampshire; 00468.
- soil invertebrate**
heavy metal, bioindicator, Russian Federation; 07677.
- soil isolation method**
waste disposal site, soil pollution, groundwater contamination, 08215.
- soil landscape**
hummocky moraine, postglacial, loess, Holocene, hillslope evolution, Canada, Saskatchewan, Frontier, Ham Site; 14287.
- soil lead**
distribution, smelter site, lead contamination, hazardous waste, cleanup strategy, USA, New Mexico, Socorro; 00022.
- soil liner**
landfill, compacted clay liner, hydraulic conductivity, North America; 11742.
- soil liquefaction**
multiyield plasticity theory, liquefaction, centrifuge validation, numerical model, 02710.
- soil liquefaction potential**
piezocene data, Parzen window, pattern recognition, New Zealand; 02727.
- soil loosening**
soil compaction, tillage, amelioration, land clearing, Africa, (East); 08103.
- soil loss**
ANSWERS, runoff model, spatial modelling, sediment yield, UK, Devon, Yendacott; Netherlands, South Limburg, Etzenrade; Netherlands, South Limburg, Catsop; 00651. cropping practice, tillage practice, agricultural practice, runoff water quality, nutrient loss, USA, Ohio; 11078. deforestation, erosion, Algeria; 13678. estuary, phosphate, reef, land use, Australia, Queensland, Johnstone River; Great Barrier Reef; 00449. Fagna type unit, water yield, runoff measurement, runoff sampling, 09590. model study, rain factor, soil erosion, loess, China, Loess Plateau; 03964. remote sensing, arid karst, soil movement, surface hydrology, karstic depression, Australia, Nullarbor Plain; 11674. runoff, afforestation, China, Fujian, Shaowu; 10786. runoff, tillage, Luvisol, Canada, British Columbia, Peace River Region, Dawson Creek; 10881. sediment transport, erosion, overland flow, runoff, mass movement, Philippines; 05372. soil conservation, rainfall/runoff relationship, groundwater recharge, runoff, India, Andhra Pradesh, Kurnool District, Chinnatekur; 09734. soil moisture budget, frozen soil, snowmelt runoff, runoff estimation, Canada, Peace River; 12358. soil trap, runoff, Seiler's trap, Gerlach trough, 03216. suspended sediment, land use effect, river water quality, erosion, France, Brie, Grand Morin River; 13619. USLE, detachment, erosion, turbulence, 05456.
- soil loss equation**
sediment transport, rainfall simulation, lysimeter, 09550.
- soil loss model**
remote sensing, erosion intensity, model study, basin soil loss, loess, China, Loess Plateau; 03965.
- soil loss prediction**
erosion rate, USLE, 06926.
- soil management**
Alfisol, mulch, tillage, soil water content, Asia, Himalayas; India, Himalayas; 13409. carbon sequestration, tropical soil, source/sink, atmospheric carbon, 00028. cropping system, crop management, nitrate, Philippines; 14542. cropping, arable soil, soil erosion control, India, Punjab; 09564. degradation, resilience, quality, agricultural sustainability, tillage, 08096. gypsum, lime, soil amendment, sodic soil, Australia, New South Wales, Murray-Darling Basin; 10731. land use, environmental problem, Hungary; 10721. organic matter, soil fertility, tropical soil, deforestation, 05499. productivity, crop management, fallow, USA, Great Plains; 12031. saline/sodic water, irrigation, soil sodicity, crop yield, sodification, Australia; 10844. sodic soil, alkaline sodic soil, soil degradation, Australia, Victoria; 10732. soil characterisation, 12028. soil conservation, tropical soil, 05634. soil drainage, 03146. soil physical property, tillage, sodic soil, soil amelioration, macroporosity, Australia; 13312. soil sodicity, sodic soil, dispersive soil, gypsum, lime, Australia, South Australia; 10730. soil water content, fadama, Nigeria, Sokoto State; 05559. tropical soil, soil water conservation, soil fertility, sustainable agriculture, soil erosion control, Africa; Asia; Australia; South America; Central America; 12032. USLE, soil erosion control, rill erosion, duplex soil, 06928.
- soil mantle**
Fridland, V.M., 08095. soil horizon, referentiel pedologique, classification system, soil classification, France; 04297.
- soil map**
carbon stock, soil database, USA, Maine; 09412. cartographic communication, map legend, legend design, 01150. error animation, map accuracy, randomisation, 13976. land suitability map, irrigated agriculture, soil association map, Egypt, Western Desert; 10725. landslide, distribution,

- bedrock, slope steepness, 14193. pollution control, environmental protection, Austria; 12039. soil water deficit, France; 09431.
- soil map of Turkey**
soil classification, soil mapping, Turkey, Tekirdag Region; 08098.
- soil map unit**
catena, soil survey traverse, Tanzania; 04307.
- soil mapping**
aeolian erosion, soil erosion risk, vegetation mapping, STARS experiment, Niger, Sahel, Tillaberi; 07769. contour map, topography, 09411. environmental contamination, geochemistry, Poland, Warsaw; 03169. erosion intensity, agricultural expansion, land use, Brazil, Sao Paulo, Mococa Municipality; 01770. geostatistics, soil classification, Italy, Emilia Romagna Region; 04315. hill tribe, deforestation, land degradation, terrain mapping unit, erosion rate, Thailand; 11507. kriging, sequential indicator simulation, soil data class, 03063. loessial soil, Argiustoll, Paleustoll, soil classification, USA, Nebraska, Clay County; 01815. multispectral imagery, colour additive viewing, small scale mapping, additive viewing, India, Andhra Pradesh, Karimnagar; 02487. pedoderm, soil stratigraphy, Australia, New South Wales, Macquarie Valley; 04312. quality index, multiple variable indicator kriging, kriging, 06809. soil classification, Soil Conservation Service, soil morphology, Australia, New South Wales; 04311. soil conservation, parent material, land use, relief, Togo, Monts Kaby Region; 05505. soil erosion hazard, lake water quality, Hungary, Lake Balaton; 09561. soil map of Turkey, soil classification, Turkey, Tekirdag Region; 08098. soil salinisation, arid soil, soil degradation, remote sensing, India, Rajasthan; 03058. soil spatial variability, geostatistics, sequential indicator simulation, Netherlands; 04316. Spodosol, organic carbon, carbon storage, USA, Florida; 01769. terrain analysis, toposquence, slope, soil wetness index, USA, Colorado; 04302. water main, soil corrosion, UK, England, Oxfordshire; 12038.
- soil mass transfer**
numerical model, soil heat transfer, 00477.
- soil matrix potential**
ammonification, Ferralsol, nitrogen mineralization, mineralization rate, Kenya; 08158. microtensiometer, root water uptake, sandy soil, 03081.
- soil matrix**
cryo SEM, three phase flow, microscopic observation, non aqueous phase liquid, 00766. sampling, wetting, collapsible gravels, 12991. surfactant, bioremediation, soil water contamination, bacterial transport, 13594.
- soil mechanical property**
probability method, slope stability, 09103. sabkha, leaching test, salt bearing soil, Kuwait; 00488.
- soil mechanical resistance**
tillage, ploughing, 08183.
- soil mechanics**
clay soil, aggregate size, compression, shrinkage, tensile strength, water content, 14196. cohesive soil, earthquake, faulting, 12979. earthquake, rupture propagation, fault displacement, 12978. foundation engineering, geotechnics, tropical soil, residual soil, 10411. layered soil, varved clay, modelling, 12988. rock mechanics, site investigation, engineering geology, hydrogeology, 00091. shear test, torsional shear device, Cohron sheargraph, 01429. soft rock technology, geomechanics, rock mechanics, 09097. statistics, design standard, shear strength, 14184.
- soil mesofauna**
hexosamine, amino sugar, forest soil, liming, soil microorganism, Germany, Lower Saxony, Solling; 01875.
- soil micromorphology**
argillic brown earth, fragiudalf, Fragipan, glossic feature, clay coating, UK, England, Northumberland, Milfield Plain; 12095. argillic horizon, glaciation, clay illuviation, sandy clay loam, Ultisol, USA, Wisconsin; 13351. Aridisol, polygenesis, bioturbation, Durothid, Haplargid, USA, California, Mojave Desert; 09457. carbonate, calcitic pendent, palaeoenvironment, lamina, Svalbard, Spitsbergen, Ny-Alesund; 13353. chronosequence, soil age, micromorphological index, Spain; 13349. clay migration, argillic brown earth, Fragiudalf, fragipan, UK, England, Northumberland, Milfield Plain; 12094. illuviation, translocation, till, thin section, Antarctica, North Victoria, Shackleton Range; 11903. micropedology, 05496. mineralogy, iron, Paleustoll, soil fabric, Zambia, Mount Makulu Central Research Station; 05589. runoff, infiltration, surface crust structure, rainfall intensity, soil seasonal variation, France; 05640. soil development index, soil morphology, USA, New Hampshire, Wyoming; 13348. soil fabric, fragipan, Dystrichept, parent material, soil horizon, argillan, USA, Massachusetts; 04345. vesicular layer, arid soil, Natrargid, Calcithrid, Haplargid, soil crust, Argentina, Patagonia; 09510. volcanic soil, silica, landscape type, tepetate, mineralogy, morphology, Mexico, Veracruz, Xalapa; 06856.
- soil microorganism**
biodegradation, mineralization, pentachlorophenol, Rhodococcus chlorophenolicus, 13430. bioremediation, biodegradation, organic contaminant, 04409. diesel, bioremediation, hydrocarbon, soil remediation, petroleum, 01894. iron precipitate, manganese precipitate, electron microscopy, field drain, 08178. iron reduction, submerged soil, flooded soil, reduction, iron oxide, 00561. methane oxidation, oxygen, methane emission, landfill soil, 01846. microbial biomass, antibiotic, nitrogen mineralization, nitrification, streptomycin, cycloheximide, 10801. nitrification, denitrification, spruce, nitrifying organism, Canada, Alberta; 08161. no-till, organic matter, Chernozem, humus accumulation, 13363. nutrient availability, mountain soil, soil fertility, enzyme activity, China, Jiangxi, Dagang Mountain; 09525. peat soil, gley soil, Russian Federation, Amur Region; 10785. pesticide behaviour, biodegradation, atrazine, pentachlorophenol, 05628. soil mesofauna, hexosamine, amino sugar, forest soil, liming, Germany, Lower Saxony, Solling; 01875.
- soil mixing**
crayfish, burrowing, Albaquilt, 09466.
- soil model**
ground movement, pressuremeter test, 04023. modelling, soil property, geotechnical engineering, measurement, stiffness, 06495. stiffness, strain, deep excavation, back analysis, prediction, 04004.
- soil modulus**
clay, seismic test, pressuremeter testing, 04022.
- soil moisture**
brightness temperature, agricultural crop, vegetation cover, antecedent precipitation index, USA; 07623. capillary rise, percolation, hydraulic conductivity, unsaturated flow, water table depth, 10994. climate change, forecast, rainfall prediction, carbon dioxide, 05063. climate, deforestation, forest, pasture, Brazil, Amazon Basin; 11148. ecohydrological model, water resource management, fuzzy set, groundwater withdrawal, wetland ecology, Netherlands, Amsterdam; 00671. evaporation prediction, simulation model, energy balance, hydraulic conductivity, New Zealand; 13464. evapotranspiration, spatial distribution model, climate change, water balance, runoff, USA, Washington, Columbia River Basin; Oregon, Columbia River Basin; 05059. evapotranspiration, stomatal resistance, Penman-Monteith model, canopy resistance, aerodynamic resistance, 09581. flood hydrograph, sediment transport, reservoir failure, flash flood, catchment characteristics, monsoon, India, Gujarat, Luni River; 00633. land surface, evapotranspiration, precipitation, temperature, global field, 04628. Landsat, thermal-IR data, GIS, USA, Florida, Lee County; 04961. loess, magnetic susceptibility, accumulation rate, USA; 04072. low level parameter, mesoscale model, sequential assimilation, 04689. low level parameter, sequential assimilation, 04629. mesoscale atmospheric model, water content, ground surface, Richards equation, 04644. micrometeorology, Bowen ratio, energy balance, evapotranspiration, water balance, USA, Utah, Logan; 01916. microwave radiometer, vegetation, surface temperature, 06244. monthly water balance, Palmer's Z-index, model calibration, water balance model, streamflow, USA, Ohio; California; 09569. NDVI, surface albedo, surface temperature, 07568. potential evaporation, numerical modelling, climate variability, land surface process, surface energy flux, 00015. radar backscattering, lidar measurement, fractal geometry, geophysical field, radio altimetry, spectral albedo, 07470. radar, surface roughness, 04960. rainfall/runoff model, land use effect, runoff variability, evapotranspiration, Czech Republic, Labe River; 13467. semiarid zone, SAR, Africa, Sahel; 06241. slope instability, rainstorm, translational hillslope failure, stability model, UK, Scotland, Aviemore; 09119. SMMR, microwave emissivity, vegetation, optical depth, albedo, Botswana; 02483. snow cover monitoring, hydrological parameter, areal precipitation, 14091. soil salinity, streamflow generation, runoff, overland flow, throughflow, Australia, Western Australia; 00634. soil water measurement, dielectric soil moisture probe, 00486. subgrid scale, stomatal resistance, land-atmosphere interaction, leaf area index, heterogeneity, 08534. surface roughness, polarimetric SAR, AMRS, Italy, Tuscany, Montespertoli; 07559. tillage practice, agricultural practice, semiarid region, snow cover, water conservation, Canada, Alberta; 14773. till, evaporative loss, mulch, agricultural practice, 11075. unsupervised classification, ploughed soil, Europe, (East), Danube Basin; 07557. wind erosion, windblown dust, drought, meteorological data, visibility record, USA, Texas, Lubbock; 00005.
- soil moisture budget**
frozen soil, snowmelt runoff, runoff estimation, soil loss, Canada, Peace River; 12358. unsaturated zone, time distribution, return flow, groundwater recharge, 05779.
- soil moisture conservation**
agricultural development, degraded hillslope, forestry, conservation practice, India, Rajasthan; 05827.
- soil moisture content**
bare soil, atmospheric stability, alpha method, beta method, soil type, evaporation, 03213. dry bulk density, sand dune, hydraulic conductivity, preferential flow, 14702. extreme event, flood, antecedent conditions, rainfall/runoff, France, Cevennes, Lozere Mont; 08303. infiltration capacity, Water Erosion Prediction Project, runoff rate, rainfall/runoff relationship, subsurface drainage, surface runoff, 09736. pH, electrical conductivity, subsurface flow, soil water movement, Japan; 08399. pressure transducer, tensiometer, calibration, 00734. soil/vegetation/atmosphere system, evaporation, evapotranspiration, aerodynamics, arid zone, China, Aksuo, Tarim Basin; 12195. water stress index, soil water retention, water management, available soil water, evaporation, irrigation, 00736.
- soil moisture deficit**
afforestation, evapotranspiration, rainfall, land use effect, streamflow model, UK, Scotland, Balquhider; 00803. water retention capacity, agricultural water management, water storage, drought, UK, England; 09735.
- soil moisture diffusion**
atmospheric GCM, surface hydrology, runoff, evapotranspiration, 02645.
- soil moisture dynamics**
solute dynamics, WAVES model, 05776. spatial variability, temporal variability, runoff, evapotranspiration, variable source area, root zone evaporation, UK, Wales, Plynlimon; 09597. unsaturated flow, non aqueous phase liquid, groundwater remediation, multiphase flow, temperature gradient, 12324.
- soil moisture index**
Volterra model, hydrograph, rainfall/runoff model, variable gain factor model, antecedent soil moisture, 14610.
- soil moisture model**
surface soil moisture, remote sensing, vegetation response, NDVI, USA, Arizona, Phoenix; Botswana; 00731.
- soil moisture movement**
infiltration rate, humid tropics, soil moisture retention, saturated hydraulic conductivity, Singapore; 08401.
- soil moisture regime**
air-water interface, sorption, organic vapour, vadose zone, vapour phase transport, 11021. gypsum block, crop water balance, 13319.
- soil moisture retention**
saturated hydraulic conductivity, soil moisture movement, infiltration rate, humid tropics, Singapore; 08401.
- soil moisture storage**
arid environment, evaporation model, Australia, Western Australia; 10904. channel storage, transpiration, interception, flow duration curve, land use effect, water resource, UK, Scotland, Balquhider; 00805. soil erosion, loess soil, runoff generation, Horton overland flow, rainfall/runoff, Netherlands, South Limbourg; 10919.
- soil monitoring**
simulation modelling, soil behaviour, 12025.
- soil morphology**
hydric soil, flooded soil, swamp forest soil, soil oxygen content, water table depth, redox potential, USA, South Carolina, Savannah River; 01824. parent material, Podzolic soil, mottled soil, Russian Federation, Cis-Urals Region;

10767. Podzolic soil, basalt, parent material, Russian Federation, Podkamennaya Tunguska River; 00518. soil chemical property, loess, landscape, New Zealand, South Island, Canterbury; 13314. soil colour, soil mottling, redox condition, landscape position, iron, 12149. soil mapping, soil classification, Soil Conservation Service, Australia, New South Wales; 04311. soil micromorphology, soil development index, USA, New Hampshire; Wyoming; 13348. soil physical property, fragipan, USA, Massachusetts; 04344. soil water movement, groundwater depth, soil salinisation, water table depth, Canada, Alberta; 03115. spodic soil, ultramafic till, podzolisation, USA, Alaska; 13354. topography, gilgai, Vertisol, Asia, Caucasus; Europe, Caucasus; 00519.
- soil mottling**
principal components analysis, cluster analysis, experimental error, 08108. redox condition, landscape position, iron, soil morphology, soil colour, 12149.
- soil movement**
slope, tillage, runoff, ploughing, France; 08253. surface hydrology, karstic depression, soil loss, remote sensing, arid karst, Australia, Nullarbor Plain; 11674. swelling, shrinkage, Chromudert, hapludalf, slickenside, USA, Mississippi, Blackland Prairie; 14512.
- soil mulch**
evaporation, vapour flux density, soil surface, 04437.
- soil nailing**
soil reinforcement technique, Brazil; 11752.
- soil nutrient**
soil water depletion, nutrient concentration, bundleflower, wildrye, gamagrass, 04393.
- soil organic matter**
carbon, forest ecosystem, climate change, sequestration, biomass, Netherlands; 10326. decomposition, carbon remineralization, swamp forest, water level, USA; 05087. grassland biome, Century model, statistical model, biomass dynamics, 07700. miombo woodland, cultivation, carbon flux, woody savanna, Africa, (Southern); 03591.
- soil organism**
fulvic acid, humic substance, organic matter, forest soil, Hapludalf, 03108.
- soil oxygen content**
water table depth, redox potential, soil morphology, hydric soil, flooded soil, swamp forest soil, USA, South Carolina, Savannah River; 01824.
- soil oxygenation**
redox potential, oxygen diffusion rate, manganese, iron, 10816.
- soil parameter**
foundation design, static, cyclic loading, offshore gas platform, North Sea, Troll Field; 02717.
- soil parameter variation**
depth profile, 06816.
- soil permeability**
contaminated clay, organic chemical, hydraulic conductivity, 05621. dewatering, construction, porewater pressure, vacuum well system, 09099. hydraulic conductivity, saline/sodic soil, gypsum, Natrustalf, Pakistan, Lahore; 14568. permeable soil, impermeable soil, drainage retardation, irrigation, USA, Great Plains; 05836.
- soil-pesticide interaction**
humic acid, propoxur, 09543. pesticide behaviour, pesticide sorption, Australia; 09542.
- soil physical property**
aggregate size distribution, fractal parameter, Rosin-Rammler parameter, tillage, 10736. agrophysics, computer model, 03066. ant nest, chemistry, South Africa, Karoo; 08189. Argiudoll, tractor wheel, field traffic, USA, Nebraska; 09515. available water holding capacity, field traffic, hydraulic conductivity, tillage, USA, Ohio; 04386. breakup, field traffic, subsoiling, soil conservation, 06891. calcareous soil, salinisation, soil chemistry, Oman, Batinah; 08187. catena, pedogenesis, parent material, weathering, Tanzania, Nyassaland Plateau; 05547. clay soil, soil hydraulic property, red soil, China; 10728. crop yield, mulch, ploughing, tillage, Africa, (West); 08185. crop yield, tillage system, Walla Walla silt loam, crop rotation, USA, (Northwest); 00578. fragipan, soil morphology, USA, Massachusetts; 04344. fragipan, till, Glossoboralf, micromorphology, USA, Minnesota; 06890. Gleysol, hydraulic conductivity, soil structure, tillage, 04385. hardsetting soil, soil amelioration, Alfisol, ploughing, gypsum application, double cropping, Australia, New South Wales, Trangie; 13390. harrowing, tillage, 10831. hydrodynamics, wetland soil, Nigeria, Niger Delta, Buguma-Degema Wetland; 05591. land use, Phaeozem, Luvisol, soil structure, 08182. landscape position, soil reclamation, topodaphnic unit, soil chemical property, USA, North Dakota, Glenhared Mine; 03052. mulching, Alfisol, tropical soil, ploughing, no-till, Nigeria; 13393. organic matter, earthworm, crop yield, tillage, New Zealand, South Island, Canterbury; 03150. pasture soil, grazing, trampling, red brown earth, infiltration rate, Australia, Western Australia; 03147. peat soil, soil drainage, 09514. root growth, crop yield, soil compaction, soil compaction, 00577. runoff, conservation tillage, tillage, soil chemistry, Australia, New South Wales; 08188. slope position, soil quality, loess soil, Poland; 10880. soil amelioration, Natraqualf, grazing, grassland soil, Argentina, Pampa; 14555. soil chemical property, agricultural project, cultivation, Nigeria; 00521. soil chemical property, forest soil, herbaceous plant, sod Podzolic soil, 00572. soil chemical property, irrigation, soil fertility, 03151. soil chemical property, nitrogen mineralization, nitrification, soil fertility, rain forest soil, pasture soil, Costa Rica, Atlantic Zone; 14553. soil chemical property, nutrient status, river bank erosion control, Nigeria, Niger Delta; 14554. soil chemical property, soil productivity, fertiliser, soil conditioner, Saudi Arabia; 00575. soil chemical property, soil profile, caesium-137, Pacific, Marshall Islands; 03062. soil chemical property, soil texture, bulk density, calcium carbonate, infiltration, spatial variability, Saudi Arabia; 02032. soil chemical property, tillage, field traffic, Vertisol, 00573. soil chemistry, lignite mine, mine soil, Spain, Galicia, Meirama Lignite Mine; 08191. soil chemistry, tillage, alley cropping, crop yield, Kandiadult, Cameroon; 08186. soil chemistry, tillage, productivity, Africa, (West); 08101. soil chiselling, tillage, crop yield, compaction, physical index, India; 08106. soil compaction, cattle trampling, Nigeria; 13394. soil compaction, loess, tillage, 05590. soil compaction, ploughing, field traffic, 00576. soil compaction, soil sampler, 04319. soil compaction, soil subsidence, 04352. soil compaction, soil water content, 13391. soil conditioner, waste plastic emulsion, 05516. soil conservation, erosion rate, USLE, Papua New Guinea, Southern Highlands Province; 06934. soil conservation, rainfall intensity, Czech Republic, Moravia; 08251. soil drainage, tillage, Ochraqualf, Argiaquoll, USA, Ohio, Columbia; 03149. soil fertility, fertiliser, alley cropping, soil chemical property, Zambia; 00574. soil fertility, savanna soil, manure application, soil chemical property, Nigeria, Maiduguri; 04389. soil fertility, tropical soil, 06803. soil hydraulic property, irrigation, soil consolidation, air entrapment, surge irrigation, 00482. soil reclamation, saline soil, Xerochrept, municipal solid waste, soil chemical property, 13389. soil structure, tillage, New Zealand, Canterbury; 00522. soil water content, green manure, Sesbania, Leucaena, India, New Delhi; 12143. surface crust, Andisol, rainfall simulation, hydrodynamics, 05552. surge irrigation, soil consolidation, irrigation, soil gas trapping, 00481. tillage, crop rotation, Fragiudalf, USA, Illinois; 05592. tillage, crop yield, subsoiling, soil compaction, 13392. tillage, shifting cultivation, Africa, (East); 08102. tillage, sodic soil, soil amelioration, macroporosity, soil management, Australia; 13312. tillage, soil surface roughness, Hapludalf, rainfall simulation, 14557. Tropaquept, cultivation, percolation, 03148. tropical soil, soil strength, soil structure, Nigeria; 09517.
- soil physicochemical property**
forest soil, nitrogen fertiliser plant, atmospheric deposition, Lithuania; 09511. peat soil, microorganism, soil fauna, 09505. tillage, organic carbon, USA, (Southeast); 09512. urban soil, soil classification, Russian Federation, Moscow; 10818.
- soil physics**
soil structure, clay content, soil shrinkage, New Zealand; 04383.
- soil pipe**
instability, slope failure, subsurface water, convergent flow, 09094.
- soil piping**
storm, runoff, land use effect, forest catchment, lithology, Luxembourg; 00794.
- soil/plant boundary**
layered soil, soil/atmosphere boundary, soil water flow, drain spacing, 00735.
- soil/plant/atmosphere continuum**
element cycling, cation leaching, throughfall chemistry, stemflow chemistry, strontium isotope, Japan, Kawakami; 08425. hydrological cycle, land surface-atmosphere interaction, general circulation model, evapotranspiration, water flux, Russian Federation, Seim River Basin; 08269. solute transport, hydrological cycle, strontium, isotope tracer, Japan, Honshu, Joban District; 05653.
- soil/plant/atmosphere continuum model**
evaporation, average evaporation, land use, 08292.
- soil/plant/atmosphere system**
crop water use, root distribution, water transport, water uptake, 05837.
- soil/plant/water relationship**
evapotranspiration, soil water dynamics, plant water uptake, 02034.
- soil plot size**
neutron probe, bootstrapping, temporal stability analysis, water content measurement, 09433.
- soil pollutant**
forestry, forest soil, environmental hazard, 12158.
- soil pollution**
acidic soil, environmental hazard, soil acidification, Poland; 12159. agricultural waste, petroleum, heavy metal, Poland, Suprasl River Valley; 10858. alkalinity, acidity, phosphorite mining, mine spoil, Russian Federation, Leningrad Oblast, Kingisepp; 06911. arsenic, antimony, bismuth, geochemistry, mine waste material, UK, England; 04304. arsenic, element concentration, heavy metal, industrial emission, Germany, Hamburg; 01885. atmospheric deposition, pigment factory, probability kring, lead, 04318. cadastre, geobotanics, cartographic representation, Germany, Rheinland-Pfalz; 01197. clay mineral, element concentration, metal, urban soil, particle size analysis, geochemistry, India, Bombay; 06912. element concentration, heavy metal, ombrotrophic peat, peat pollution, UK, England, Yorkshire, Ringinglow Bog; 04419. fluorine compound, mineralogy, Poland, Konin; 03167. forest soil, copper, cadmium, Switzerland, Canton de Vaud; Canton du Valais; 12162. gasification plant, soil decontamination, heavy metal, hydrocarbon, UK, Northern Ireland, Belfast; 13426. groundwater contamination, soil isolation method, waste disposal site, 08215. heavy metal, Germany, Halle; Leipzig; 09536. heavy metal, industrial emission, Germany, Halle, Bitterfeld; 10862. heavy metal, mining, relative retention value, UK; 13425. heavy metal, Poland; 10863. industrial pollution, decomposition, organic matter decomposition, heavy metal, forest floor, Poland, Legnica-Glogow Copper Region; Upper Silesia; 14519. lead, roadside soil, urban soil, USA, Louisiana; Minnesota; 01887. organic carbon, element concentration, heavy metal, geochemistry, multivariate statistics, Germany, Berlin, Schonefeld; 05622. organic pollutant, adsorption, desorption, hysteresis, 11984. roadside soil, heavy metal, PAH, forest soil, Germany, Aplerbecker Forest; 08218. soil database, soil degradation, GIS, SOTER, Europe; 12157. soil solution, lead, cadmium, 14506. soil thermal cleaning, plant uptake, heavy metal, grass, 10864. sustainable agriculture, cadmium, Denmark; 12164. trace metal, forest soil, organic horizon, heavy metal, USA; 12161. voltammetry, copper, zinc, cadmium, lead, 12085. wastewater, sewage sludge, heavy metal, Hungary; 05623.
- soil productivity**
agricultural production, tropical soil, 10712. crop yield, caesium-137, soil redistribution, potato, Canada, New Brunswick; 13444. fertiliser, soil conditioner, soil physical property, soil chemical property, Saudi Arabia; 00575. irrigation, crop yield, soil depth, furrow irrigation, USA, Idaho; 09524. landscape position, salt accumulation, soil chemical property, barren area, 10845. peat drainage, peat transformation, fen, Poland; 08179. peat transformation, decomposition, peat, carbon mineralization, nitrogen mineralization, 08180. phosphorus, millet, fertiliser, Niger; 06906. soil degradation, Hungary; 08254.
- soil profile**
adamellite, soil chemistry, landscape position, Australia, New South Wales, Yambulla State Forest; 08132. caesium-137, soil physical property, soil chemical property, Pacific, Marshall Islands; 03062. calcrete, Kinnesswood Formation, Inverclyde Group, Old Red Sandstone, brecciation, UK, Scotland, Midland Valley; 02928. granite, gneiss, geotechnical characterisation, 11723. Michaelis-Menten model, kinetic rate constant, dispersion,

- saturation constant, solute transport, solute concentration, 00771. nonlinear response, linear response, earthquake site response, 04021. organic matter, iron nodule, carbon isotope composition, basalt, Quaternary, Australia, Victoria; 13023.
- soil profile development**
soil development, allophane, Haploorthod, soil chemical property, USA, New Hampshire; 01816. soil identification, acid sulphate soil, 04343.
- soil profile morphology**
soil compaction, agricultural mechanisation, cultivation, soil structure, bulk density, Poland; 00579.
- soil property**
adsorption, forest floor leachate, DOC, soil water chemistry, Australia, Victoria, Otway Ranges; 00698. chemical classification, sodium adsorption ratio, exchangeable sodium percentage, irrigation water quality, groundwater quality, Saudi Arabia; 02093. geotechnical construction, predictive soil mechanics, Wroth memorial symposium, 05219. geotechnical engineering, measurement, stiffness, soil model, modelling, 06495. intrasoil irrigation, agricultural water management, irrigation method, subsurface irrigation, water use efficiency, Asia, (Central); 05831. irrigation water quality, pesticide, vadose zone contamination, groundwater contamination, contaminant transport, 03338. lithostratigraphy, grain size, plasticity, classification, characterisation, soft soil, Netherlands; 14203. litter fall, elemental flux, deciduous tree, Sweden, Scania; 11611. measurement, geotechnics, strain level, stress history, failure, 06496. median estimator, log normal distribution, statistical evaluation, 06409. pile response, impedance function, pile, inhomogeneous media, 06502. soil water content, available soil water, irrigation scheduling, potato, plant water use, stomatal resistance, 03376. soil water flux, spatial variability, soil water chemistry, groundwater contamination, 00764. spectral differentiation, Landsat TM, data analysis, 01776. storage capacity, soil water storage, forest soil, Japan, Ibaraki Prefecture, Tsukuba Forest; 08394.
- soil protection**
European soil charter, Germany; Austria; Switzerland; 06802. Germany, Bonn; Allgau; Switzerland, Basel; 10874. soil classification, Germany, Ruhr; 10718.
- soil protective tillage**
potassium, phosphorus, Chernozem, tillage, 00595.
- soil purification**
heavy metal removal, compost, soil, ecotechnological method, 01308.
- soil quality**
loess soil, soil physical property, slope position, Poland; 10880.
- soil reclamation**
acidic soil, soil amendment, mine spoil, 13360. agriculture, water management, deltaic coast, sedimentation, saline soil, India, Sunderbans; 07109. crop growth, crop yield, sodic soil, mustard, irrigation, evapotranspiration, India; 03374. irrigation, Solonetz, Russian Federation, Volga River Valley; 01821. karst soil, coral reef damage, calcimorphic soil, land reclamation, Japan; Yugoslavia; Jamaica; Indonesia; 09418. mine soil, phosphorus, lignite mine soil, Spain, Meirama Lignite Mine; 06905. pyrite, gypsum, mine soil, USA, Texas, Panola County; 12093. saline soil, Xerochrept, municipal solid waste, soil chemical property, soil physical property, 13389. sand reclamation, crop yield, desert soil, irrigation, Turkmenistan; 13311. soil disturbance, enzyme activity, electrical conductivity, soil chemical property, Canada, Alberta; 09526. surfactant, calcium hydroxide, soil stabilisation, saline soil, Aral Sea; Uzbekistan; 13359. swelling soil, Solonetz, Russian Federation, Central Chernozem Region; 05587. topodaphic unit, soil chemical property, soil physical property, landscape position, USA, North Dakota, Glenharold Mine; 03052.
- soil reconsolidation**
organic matter, grass cover, Chromoxerert, soil conservation, environmental impact index, Italy, Sicily; 06943.
- soil reconstruction**
mine soil, geostatistics, spatial variability, USA, Montana, Rosebud Mine; 06810. mine spoil, soil erodibility, runoff, sediment yield, mine spoil, USA, Kentucky, Ohio County, Alston Surface Mine; 06930.
- soil reconstruction analysis**
toposequence, landscape position, pedogenesis, weathering, USA, Virginia; 04347.
- soil redistribution**
potato, soil productivity, crop yield, caesium-137, Canada, New Brunswick; 13444.
- soil reference material**
forest soil, element analysis, 03065.
- soil reflectance**
crop growth, surface reflectance, tillage, crop residue, 00585. infrared laser reflectance, soil water content, 08121. satellite image, soil colour, soil spectral property, Brazil, Bahia, Serra do Ramalho; 04382.
- soil reinforcement**
stone column, lower bound approach, macroscopic strength, 02714.
- soil reinforcement technique**
soil nailing, Brazil; 11752.
- soil remediation**
bioremediation, bioventing, 04410. bioremediation, gas plant, PAH, degradation, 01896. bioremediation, petroleum, creosote, hydrocarbon, 14580. diesel, petroleum, hydrocarbon, soil vapour extraction, vapour extraction, 01892. fuel spill, hydrocarbon, bioventing, USA, Alaska, Eielson Air Force Base; 04411. heavy metal, extractant, anhydrous ammonia, 04408. hydrocarbon, volatile organic compound, clay soil, vapour extraction method, 01891. naphthalene, solvent flushing, organic chemical, 14584. Ottawa sand, surfactant, tetrachloroethylene, 14585. petroleum, soil microorganism, diesel, bioremediation, hydrocarbon, 01894. vapour extraction method, gasoline, soil vapour extraction, petroleum, 01890.
- soil remoulding**
exchangeable sodium percentage, soil strength, clay dispersion, cation exchange, Australia; 14559.
- soil removal**
agricultural mitigation technique, Decontaminating Vegetal Network, nuclear accident, vegetation removal, 05079.
- soil reserve**
eucalypt, nutrient removal, forest harvesting, burning, Australia, Victoria; 03118.
- soil resource**
soil distribution, soil database, GIS, 05494.
- soil respiration**
carbon budget, southern beech, forest floor, New Zealand; 09480. carbon dioxide measurement, 05527. carbon dioxide, alkali absorption method, IR gas analyser method, 00495. forest soil, heavy metal, carbon dioxide, 14535. forest soil, litter decomposition, root decomposition, USA, Massachusetts; 06865. forest soil, nutrient availability, microbial activity, seasonal variation, 05603. humus, liming, leaching, podzol, organic carbon, Sweden; 12106. land reclamation, mine spoil, 03113. nitrogen mineralization, phosphate fertiliser, lime, fire, Australia; 08148. organic matter, dehydrogenase activity, arginine ammonification, compost maturity, 04323. organic matter, forest soil, nitrogen, carbon, North America, Great Lakes; 09492. pasture soil, carbon dioxide, carbon mineralization, nitrogen mineralization, Australia, Queensland; 08146. soil water content, organic matter, earthworm cast, earthworm gut, Spain; 01827. spectroscopy, microbial activity, forest soil, near infrared reflectance spectroscopy, 10742.
- soil response**
cyclic loading, Fourier component, hysteretic damping, nonlinear soil, 02709. ground motion, soil amplification analysis, damage statistics, Armenia earthquake, Armenia, Leninakan; 11691. porous seabed, short crested wave, scour, wave, 02678.
- soil retaining wall**
soil displacement, equilibrium limit, boundary force, reinforced soil wall, 04016.
- soil retention**
groundwater discharge, surface water quality, acidic deposition, acidification, groundwater quality, aluminium flux, 03268.
- soil rheology**
lignin-guano compost, clay soil, soil structure, soil amendment, Russian Federation, Central Amur Lowland; 12042.
- soil ripening**
van Genuchten model, soil hydraulic property, 01789.
- soil ripping**
Solonetz, soil amelioration, crop yield, liming, gypsum, Canada, Alberta, Peace River Region; 09509.
- soil root system**
solute transport, salt accumulation, water uptake, soybean, soil water movement, 08396.
- soil roughness**
DEM, Luvisol, microtopography, rainfall simulation, rainfall energy, runoff, 06860.
- soil roughness measurement**
chain method, surface roughness, 10735.
- soil salinisation**
arid soil, soil degradation, remote sensing, soil mapping, India, Rajasthan; 03058. grazing, calcium carbonate, lime precipitation, Natraqualf, Argentina, Pampa; 04377. groundwater salinity, shallow aquifer, deep aquifer, Australia, Western Australia; 09729. leaching, evapotranspiration, slick-spot, Haploxeralf, Natrargid, USA, California, Central, Coast Range, Carrizo Plain; 01817. soil water regime, grazing, water harvesting, water conservation, saline groundwater, 03373. Solonetz, soil solution, ultrasound, Russian Federation, Rostov Oblast; 03079. thermokarst, thaw depression, thermokarst lake, salt affected soil, alas, 12113. transpiration, stable isotope, discharge, forest, Eucalyptus forest, 09752. water table depth, soil morphology, soil water movement, groundwater depth, Canada, Alberta; 03115.
- soil salinity**
crop yield, leaching, irrigation, electrical conductivity, sodium adsorption ratio, USA, Great Plains; 14529. developing country, irrigation, water resource, 05500. groundwater level, surface water flow, drought, water-logging, monitoring system, China, Hebei Province, Quzhou County; 12309. irrigated agriculture, agricultural water management, drainage generation, agricultural practice, USA, California, San Joaquin Valley; 02096. nutrient status, maize, USA, Wyoming; 08207. pasture soil, sodic soil, soil drainage, hardsetting soil, Australia, Tasmania; 10733. remediation, surface water quality, pumping strategy, effluent disposal, salinisation, 05847. rheological property, deformation, model, adfreeze, grouted pile, frozen soil, 01417. salt seepage, seepage water, vegetation influence, canal, USA, California, Coachella Valley; 06866. sewage sludge, calcium carbonate, nitrogen mineralization, India, Haryana, Hisar; Kaul; 10804. soil sodicity, soil chemical property, crop yield, wastewater, 03161. streamflow generation, runoff, overland flow, throughflow, soil moisture, Australia, Western Australia; 00634. variogram, soil sampling, electromagnetic conductivity, soil spatial variability, 14472. water conservation, groundwater exploitation, irrigation, seawater intrusion, Oman; 05843. water stress, irrigation water quality, crop growth, salinity, crop yield, 03375.
- soil salt content**
electromagnetic induction, electrical conductivity, 09430. salt affected land, coastal land, mapping, India, Gujarat, Saurashtra; 02492.
- soil sample**
tectonics, tectonically stable, soil texture, quartz grain, statistics, Brazil; Venezuela; Costa Rica; 00136.
- soil sample grinding**
iron, aluminium, 01806.
- soil sampler**
hydraulic boring device, underground storage tank, 01775. soil physical property, soil compaction, 04319.
- soil sampling**
cokriging, variogram, kriging, 14473. compost, municipal solid waste, heavy metal, trace element, element concentration, 08199. contaminated soil, 06910. electromagnetic conductivity, soil spatial variability, soil salinity, variogram, 14472. land use, phosphate sorption, map, 14475. nitrogen, sandy soil, particle size fraction, 14500. organic carbon, soil classification, geostatistics, carbon, USA, Hawaii, Pearl Harbor; 01767. rice, crop yield, growth model, soil hydraulic property, 10753. soil solution chemistry, centrifugation, 12074. soil survey scheme, variogram, 14464. soil water content, spatial variability,

- China, Shandong, Guan County; 10747. spatial variability, ceramic cup sampler, porous ceramic cup, nitrate leaching, 08126. trace element, metal content, nutrient content, forest soil, USA, Maine, Howland Integrated Forest Study Site; 05524. tropical soil, nutrient status, Nigeria; 12078.
- soil science**
agricultural production, land use planning, UK; 03048. design approach, modelling, sampling strategy, spatial dependence, 05112. GIS, soil survey programme, 03051. natural resource, geostatistics, environment, hydrology, 00003. pedometrics, soil spatial variability, 14461. soil chemistry, land use, 05497. soil colour, 12029. soil colour, USA; Russian Federation; 12030. soil structure, pedometrics, geostatistics, pedogenesis, 14460. soil technology, survey, mapping, 05502. tropical soil, classification system, India; South America; 08097.
- soil scientist**
Munsell colour, soil colour measurement, colorimeter, 12051.
- soil seal**
Ultisol, Alfisol, Mollisol, weathering, hydraulic conductivity, rainfall simulation, USA, (Midwest); Georgia; 05601.
- soil seal layer**
soil wetting process, infiltration, rainfall intensity, soil water regime, 03114.
- soil sealing**
hydraulic conductivity, rainfall energy, 03106. runoff, infiltration, seal formation, interrill erosion, USA, California; 01905.
- soil seasonal variation**
nitrous oxide, savanna soil, forest soil, Venezuela; 04368. soil micromorphology, runoff, infiltration, surface crust structure, rainfall intensity, France; 05640. topography, pea, nitrous oxide evolution, denitrification, soil spatial variability, Canada, Saskatchewan, Blaine Lake; 09493.
- soil shear strength**
triaxial test, water content, strength, 08116.
- soil shrinkage**
clay shrinkage, shrinkage curve, Ivory Coast; 00474. rubber solution, soil structure, swelling, 05509. soil physics, soil structure, clay content, New Zealand; 04383. soil swelling, volume change model, clay swelling, 12043. volume change, shrinkage measurement, 03067.
- soil slip**
modelling, sediment yield, land use, landslide, Indonesia, Sumatra, Komerang River Basin; 09128.
- soil sodicity**
crop yield, sodification, soil management, saline/sodic water, irrigation, Australia; 10844. map, soil hydraulic property, sodic soil, exchangeable sodium percentage, Australia, Queensland; 14469. salinity, soil structure, crop yield, Chernozemic soil, Solonchic soil, Canada, Saskatchewan; 01870. sodic soil, Australia; 10729. sodic soil, dispersive soil, gypsum, lime, soil management, Australia, South Australia; 10730. soil chemical property, crop yield, wastewater, soil salinity, 03161.
- soil solution**
aluminium, parent material, mineralogy, mineral saturation index, Spain, As Pontes; 10854. clay mineral, aluminium silicate, aluminium hydroxide, aluminium, Australia; 03136. compulsive exchange method, cation exchange capacity, 13328. copper oxide, Podzolic soil, sulphuric acid, soil chemical property, 01840. extractant, phosphorus, 05533. fertiliser, phosphorus, grassland soil, 00556. Haplumbrept, nutrient concentration, soil temperature, 04330. ionic composition, phosphate sorption, India, Punjab; 05535. ionic strength, fluoride concentration, electrometry, 06843. kaolinite, aluminium, silicon, mineralogy, gibbsite, USA, South Carolina, Blue Ridge Mountains; 12035. lead, cadmium, soil pollution, 14506. nitrate, nitrogen saturation, forest soil, Netherlands; 08205. organic phosphorus, hydrolysis, enzyme activity, phosphorus, UK, Scotland; 14545. organic solute, solute uptake, 13325. photoacoustic detector, carbon, 06838. pine forest, fertiliser, liming, nitrate leaching, 13419. soil acidity, fertiliser, phosphorus fraction, DOC, Podzol, 00555. soil water content, soil temporal variability, soil temperature, nutrient concentration, forest soil, Canada, Ontario, Turkey Lakes Watershed; 03119. soil water regime, forest decline, gravitational water, capillary water, spruce, France, Vosges; 10837. sulphate retention, acidic soil, forest soil, acidic deposition, Germany; 09478. ultrasound, soil salinisation, Solonchic, Russian Federation, Rostov Oblast; 03079.
- soil solution chemistry**
acid rain, 12111. acidic soil, gypsum, aluminium, 14547. acidic soil, lime, gypsum, 14571. centrifugation, soil sampling, 12074. ectomycorrhizal mat, forest soil, Douglas fir, soil fungus, organic acid, USA, (Northwest); 13412. forest clearing, soil acidification, nutrient leaching, nitrification, ecosystem disturbance, leaching, USA, New Hampshire, Hubbard Brook Experimental Forest; 14527. forest soil, fulvic acid, cation concentration, organic acid, moder, 10781. forest soil, nitrate, soil temporal variation, Cryptomeria plantation, Japan, Honshu, Shiga Prefecture; 10788. forest soil, sulphate, nitrate, anion adsorption, acidic deposition, 08204. podzolised soil, weathering, aluminium, organic acid, Sweden; 00536. spruce, nitrate, forest soil, nutrient content, Austria, Bohemian Forest; 08206. weathering, forest soil, acid rain, snowmelt, USA, Colorado, Rocky Mountain National Park, Loch Vale Watershed; 09477.
- soil solution extraction**
polysulfone hollow fibre, ceramic cup sampler, 04328. solute chemistry, extraction method, 06836.
- soil solution sampling**
tension sampler, zero tension sampler, heathland soil, 14493.
- soil spatial variability**
copper, cobalt, element concentration, parent material, UK, Scotland; 14466. denitrification, nitrate, fen, agriculture, runoff, 04370. extractant, cadmium, zinc, barley, 12163. forest soil, nitrification, carbon, spruce, nitrous oxide, 08167. geostatistics, organic matter, nutrient availability, sagebrush, wheatgrass, 10817. geostatistics, sequential indicator simulation, soil mapping, Netherlands; 04316. geostatistics, trace element, element concentration, Tunisia; 12077. landscape position, toposquence, parent material, soil horizon, USA, Virginia; 04346. leaching, crop yield, fertiliser, soil structure, nitrate leaching, 12125. parent material, toposquence, Nigeria; 04306. pH, organic matter, Tectona grandis, India, West Bengal; 12146. soil chemical property, geostatistics, soil disturbance, USA, Michigan; 13387. soil chemical property, nitrogen mineralization, 04398. soil heterogeneity, plot size, variogram, 14471. soil hydraulic property, geostatistics, hydraulic conductivity, 12064. soil salinity, variogram, soil sampling, electromagnetic conductivity, 14472. soil science, pedometrics, 14461. soil seasonal variation, topography, pea, nitrous oxide evolution, denitrification, Canada, Saskatchewan, Blaine Lake; 09493. soil temporal variability, tillage, infiltration, 12058. soil temporal variation, soil water storage, Italy, Naples, Ponticelli; 14565. soil texture, mineralogy, particle size distribution, pine, nutrient content, Finland; 08184. soil water retention, geostatistics, 03078. sorptivity, infiltration, tropical soil, Guyana; 04394. tillage, nitrate, nitrogen, USA, Iowa; 13333. tillage, randomised block design, 06925. trace element, element concentration, Tunisia; 12076. tropical soil, relief, 00471. Ultisol, forest clearing, Kandiadult, soil compaction, Cameroon; 04387. uncertainty analysis, organic matter, carbon-13, 13316. Ustochrept, semiarid region, soil chemical property, India; 03160.
- soil spectra**
dead vegetation, thematic soil mapping, field spectroradiometry, imaging spectrometer, 11510.
- soil spectral property**
soil reflectance, satellite image, soil colour, Brazil, Bahia, Serra do Ramalho; 04382.
- soil stabilisation**
embankment, vertical drain, soft clay, marine clay, drain, Malaysia; 11762. saline soil, soil reclamation, surfactant, calcium hydroxide, Aral Sea; Uzbekistan; 13359.
- soil stability**
aggregate stability, lime, gypsum, soil water content, freeze/thaw, 05597. bank erosion, tidal velocity, river channel, vegetation, bank protection, Nigeria, Niger Delta; 00097. organic matter, grassland soil, carbon, nitrogen, aggregate size distribution, 09530. parent material, creep, Russian Federation, Siberia; 08100. state factor model, system dynamics, 05495. surface seal, clay dispersion, Vertisol, slaking, hydraulic conductivity, 05523. tropical soil, aggregate, humic acid, clay dispersion, Nigeria; 09519.
- soil sterilisation**
ammonium, liming, sulphate, acidic soil, gamma irradiation, 08173.
- soil stiffness**
stress change, tomographic imaging, 12998.
- soil storage**
Colwell soil test, soil testing, phosphorus, fertiliser, Australia; 09451. Colwell soil test, soil testing, phosphorus, soil drying, 14505. soil water activity, phosphate availability, availability index, Spain; 06908.
- soil stratigraphy**
calcium carbonate, Durorthid, Haplargid, calcareous soil, geomorphological surface, USA, California, Mojave Desert; 10764. Handere Formation, kolluvial deposit, Quaternary, caliche, Turkey, Adana Basin, Misis, Kizildere; 04070. scale, archaeology, pedology, 05142. soil mapping, pedoderm, Australia, New South Wales, Macquarie Valley; 04312.
- soil strength**
aggregate fragmentation, multifractal model, 09422. aggregate strength, organic matter, water content, 09520. clay dispersion, cation exchange, soil remoulding, exchangeable sodium percentage, Australia; 14559. clay dispersion, dispersive potential, Australia; 05514. erosion resistance, overland flow, rill erosion, clay soil, water content, Australia, Queensland, Darling Downs; 08257. infiltration, tillage, soil compaction, 10836. seed bed, planting system, soil compaction, 04384. soil compressibility, bulk density, Andisol, USA, Oregon; 09518. soil structure, soil physical property, tropical soil, Nigeria; 09517.
- soil stress**
transducer, in situ stress, stress measurement, 09101.
- soil structure**
aggregate size distribution, disaggregation, 06813. aggregate slaking, dispersion class, soil cracking, Natrustalf, 14558. aggregate stability, penetration resistance, nutrient availability, tillage, pH, Norway, Tunc; 10828. bulk density, soil profile morphology, soil compaction, agricultural mechanisation, cultivation, Poland; 00579. clay content, porosity, crusting soil, mercury porosimetry, Zimbabwe; 10835. clay content, soil shrinkage, soil physics, New Zealand; 04383. climate, Permian, Triassic, red bed, paleosol, Antarctica, Prydz Bay; 02929. clod size, soil crack, ploughing, 09463. crop yield, Chernozemic soil, Solonchic soil, soil sodicity, salinity, Canada, Saskatchewan; 01870. fractal dimension, aggregate size distribution, 12044. hardsetting soil, soil hydraulic property, soil temporal variation, tillage, Australia, New South Wales; 04397. infiltration rate, porosity, effective porosity, soil texture, 05595. infiltration, runoff, sediment yield, seed bed preparation, 08226. irrigation, saline water irrigation, aggregate stability, microbial activity, 03105. manganese oxide accumulation, Pellustert, oil coating, translocation, 05585. microstructure, Chernozem, Cambisol, Austria, Wieselburg; Fuchsenbigl; 10720. nitrate leaching, soil spatial variability, leaching, crop yield, fertiliser, 12125. oxygen concentration, oxygen electrode, X-ray tomography, 03095. pedometrics, geostatistics, pedogenesis, soil science, 14460. porosity, tillage, Gleysol, 05596. ridge furrow, soil water regime, field ridge/furrow, microtopography, UK, England, Cumbria; 05560. soil amendment, soil rheology, lignin-guano compost, clay soil, Russian Federation, Central Amur Lowland; 12042. soil hydraulic property, albedo, tillage, 06903. soil physical property, land use, Phaeozem, Luvisol, 08182. soil physical property, tropical soil, soil strength, Nigeria; 09517. swelling, soil shrinkage, rubber solution, 05509. tillage, soil physical property, Gleysol, hydraulic conductivity, 04385. tillage, soil physical property, New Zealand, Canterbury; 00522.
- soil-structure interaction**
column load redistribution, structural response, 11724. dynamic response, computer program, DYNAFLOW, 09090. embedded structure, multilayered medium, tunnel, foundation, hybrid modelling, 00149. modelling, centrifuge test, firm clay, finite element analysis, 01427. nonlinear, lumped parametric model, 07802. seepage, braced excavation, 03998. silt, stress/strain relationship, shear strength, clay mineral content, 11713. swelling pressure, clay shale, partial saturation, USA, Texas, San Antonio; 09118.
- soil subsidence**
soil drainage, organic soil, carbon dioxide, USA, California, San Joaquin-Sacramento Delta; 04361. soil physical property, soil compaction, 04352.
- soil substrate**
Norway spruce, toxicity, heavy metal, 02484.

soil suction

hydraulic conductivity, field technique, soil water, groundwater recharge, 08386. spatial variation, soil water flux, hydraulic conductivity, 09684.

soil suction measurement

collapsible soil, wetting, 03996.

soil surface

agrochemical, sorption/desorption, solute transport, vadose zone contamination, runoff water quality, overland flow, 02073. clear sky, frost forecasting, temperature decrease, operational model, minimum temperature, 02315. heating, paved ground, surface atmosphere, 04634. mass balance equation, runoff water quality, soil water chemistry, agrochemical, analytical solution, 00697. microlysimeter, evaporation, sandy soil, surface energy balance, 04438. microprofiling, soil erosion bridge, 12171. microwave, backscattering, ERS-1, SAR, 12771. porosity, sorptivity, woodland, infiltration, cryptogam cover, Australia; 12366. resin plate method, shear strength, 08109. runoff process, anthropogenic impact, soil characteristics, 08437. soil mulch, evaporation, vapour flux density, 04437. vegetation, spectral mixing, 15182. water exchange process, runoff generation, 08324.

soil surface roughness

Hapludalf, rainfall simulation, soil physical property, tillage, 14557.

soil surface structure

loessial soil, antecedent soil moisture, soil water content, rainfall simulation, 05639.

soil surface temperature

advection/aridity evaporation model, surface energy budget, soil temperature, 00478.

soil surface uptake

sulphur dioxide, ozone, deposition, eddy correlation method, forest floor, 04779.

soil survey

developing country, 03049. sampling, interpolation, data capture, 02486. supply/demand, international policy, 02485.

soil survey programme

soil science, GIS, 03051.

soil survey scheme

variogram, soil sampling, 14464.

soil survey traverse

soil map unit, catena, Tanzania; 04307.

soil suspension

calcium, carbonate, organic matter, calcite supersaturation, 08177. particle size analysis, syringe method, pipette method, 01780. redox potential, electrode system, electrolytic reduction, 04329.

soil sustainability

argillite soil, soil classification, aluminium, pasture soil, New Zealand, North Island; 04313. environmental problem, sustainable agriculture, USA; 10711.

soil swelling

volume change model, clay swelling, soil shrinkage, 12043.

soil technology

survey, mapping, soil science, 05502.

soil temperature

bulk density, hydraulic conductivity, frozen soil, 03158. carbon dioxide flux, forest floor, carbon sequestration, respiration, 02345. carbon storage, organic carbon, carbon dioxide, nitrogen deposition, 05572. carbon, nitrogen, microbial biomass, 13369. flumetsulam, herbicide degradation, USA; 00604. flux, fallow field, nitrogen oxide, dynamic chamber, USA, North Carolina, Piedmont; 13850. forest clearing, forest floor, evapotranspiration, burning, USA, Appalachians; 10829. FORSTEM, forest soil, Canada; USA, Colorado; 13318. ground cover, orchard soil, irrigation, snow cover, 04353. groundwater flux, forest density, recharge rate, groundwater recharge, Australia, Western Australia; 03313. heat conduction equation, 03075. leaf area index, plant, canopy, 03454. loess soil, soil thermal property, 03156. magnesium, aluminium, climate change, forest soil, nitrate, 03130. mecoprop, herbicide, herbicide degradation, soil water content, 00605. nitrate leaching, nitrogen compound, 01848. nitric oxide, soil water content, savanna soil, nitrate, Venezuela; 04369. nitrogen mineralization, phosphorus mineralization, Arctic soil, climate change, Sweden, Lapland, Abisko; 06875. nitrous oxide, riparian zone, effluent application, denitrification, 04371. nutrient availability, nitrogen dynamics, vegetation biomass, spruce, USA, Alaska; 05565. nutrient concentration, forest soil, soil solution, soil water content, soil temporal variability, Canada, Ontario, Turkey Lakes Watershed; 03119. peat soil, carbon dioxide diffusion, soil water content, Poland, Biebrza Valley; 00567. peat soil, pH, methane, 00571. pentachlorophenol, surfactant, organic matter, 05631. pesticide loss, 06915. phosphorus, acidity, phosphatase activity, forest fire, 05579. snow cover, freeze/thaw, USA, Alaska; 10827. soil drying, ridge tillage, hydraulic head variability, lysimeter, 06835. soil heat flux, 12052. soil heat flux, surface energy balance, boundary conditions, soil thermal regime, 01786. soil solution, Haplumbrept, nutrient concentration, 04330. soil surface temperature, advection/aridity evaporation model, surface energy budget, 00478. soil thermal conductivity, frozen soil, mulch, 03077. soil thermal regime, tundra soil, frozen soil, 03076. soil warming, soil gas flux, carbon dioxide emission, 03090. soil water content, crop residue, 14562. soil water content, soil water retention curve, 12061. soil water movement, soil heat flux, energy balance equation, 01785. soil water potential, desert plant, rock influence, root growth, USA, California, Sonoran Desert; 01836. surface tension, thermal conductivity, 00583. thermal regime, vegetation influence, 10826. water content, carbon dioxide evolution, classification system, 09483. water content, decomposition potential, cotton strip assay, oceanic climate, Antarctica, Marion Island; 09468. water table position, carbon dioxide, methane, peat surface lowering, Canada, Quebec; 03121. winter temperature, Svalbard, Spitsbergen, Hornsund; 09535.

soil temperature model

air temperature, precipitation, continental application, daily record, USA; 05104. air temperature, USA, Arkansas; 05521.

soil temporal variability

soil temperature, nutrient concentration, forest soil, soil solution, soil water content, Canada, Ontario, Turkey Lakes Watershed; 03119. tillage, infiltration, soil spatial variability, 12058.

soil temporal variation

aggregate stability, tillage, Paleustalf, crop rotation, Australia, New South

Wales, Wagga Wagga; 13395. Cryptomeria plantation, soil solution chemistry, forest soil, nitrate, Japan, Honshu, Shiga Prefecture; 10788. rainfall simulation, soil crust conductivity, hydraulic conductivity, 14556. soil water storage, soil spatial variability, Italy, Naples, Ponticelli; 14565. tillage, soil structure, hardsetting soil, soil hydraulic property, Australia, New South Wales; 04397.

soil terminology

soil classification, Poland; Germany; 09414.

soil test

nutrient availability, plant uptake, phosphorus, Kelowna extraction, potassium, extractant, Canada, Saskatchewan; 13341.

soil testing

boron, extractant, 03088. extractant, wheat, aluminium toxicity, Australia, Western Australia, Merredin Region; 00503. grinding, extractant, 06815. groundwater contamination, herbicide sorption, USA, Delaware, Coastal Plain; 03183. lead, plant uptake, calcareous soil, extractant, Egypt; 03102. Mehlich 3, nutrient extraction, extractant, USA, Florida; 01812. phosphorus, fertiliser, buffer capacity, 06847. phosphorus, fertiliser, soil storage, Colwell soil test, Australia; 09451. phosphorus, Olsen phosphorus, crop rotation, Canada, Saskatchewan; 01807. phosphorus, soil drying, soil storage, Colwell soil test, 14505. plant uptake, nitrate, Gilat plant indicator method, Israel, Negev Desert; 14501.

soil texture

ant mound, heavy metal concentration, nutrient concentration, flue dust, 03142. bulk density, calcium carbonate, infiltration, spatial variability, soil physical property, soil chemical property, Saudi Arabia; 02032. calcareous soil, acidulation, sulphur oxidation, Canada, British Columbia; 01865. element concentration, geochemistry, trace element, Poland; 01773. iron oxide, organic carbon, fire, soil colour, USA, California; 01874. irrigation, runoff, nutrient loss, Bulgaria; 08242. landscape position, nutrient availability, soil chemical property, USA, Nebraska; 01877. leaching, Monte Carlo simulation, solute leaching, soil hydraulic function, 03084. map, sand content, clay content, Zaire; 14467. mineralogy, particle size distribution, pine, nutrient content, soil spatial variability, Finland; 08184. organic matter, herbicide mobility, ethofumesate, chromatography, Spain, Andalucia, Marismas del Guadalquivir; 03185. parent material, zinc, Zimbabwe; 03056. peanut, liming, zinc sulphate application, zinc, kaolinitic soil, USA, Georgia; 04406. potassium, particle size fraction, mineralogy, Argentina; 13424. quartz grain, statistics, soil sample, tectonics, tectonically stable, Brazil; Venezuela; Costa Rica; 00136. rilling, soil erosion rate, UK, England; Wales; 08233. river bank erosion, grass rush, sedge, 12174. soil compaction, porosity, Poland; 00580. soil erodibility factor, rainfall simulation, Libya; 12178. soil structure, infiltration rate, porosity, effective porosity, 05595. soil water action, aggregate stability, Poland; 00525. soil water availability, organic matter, Nigeria; 01787. soil water content, topography, Canada, British Columbia, Vancouver Island; 10787. soil water content, Vertisol, kerosene volatilisation, hydrocarbon, soil venting, 01893. wetland soil, soil chemical property, Nigeria; 04305.

soil thermal cleaning

plant uptake, heavy metal, grass, soil pollution, 10864.

soil thermal conductivity

De Vries model, calcium saturation, salt affected soil, 04322. frozen soil, De Vries model, 10744. frozen soil, mulch, soil temperature, 03077. gelification, ploughing boulder, clod, organic matter, UK, England, Cumbria, Lake District; Scotland; 05588.

soil thermal property

IHILS, heat pulse method, volumetric heat capacity, 14481. soil temperature, loess soil, 03156. thermal conductivity, soil heat capacity, 10743.

soil thermal regime

soil temperature, soil heat flux, surface energy balance, boundary conditions, 01786. tundra soil, frozen soil, soil temperature, 03076. water regime, weathering, regolith, badland, Spain, Pyrenees, Vallcebre Basin; 08130.

soil toposequence

mountain soil, phosphorus, New Zealand, South Island, Canterbury; 13356.

soil trap

runoff, Seiler's trap, Gerlach trough, soil loss, 03216.

soil turnover

nutrient content, earthworm, 03110. sand soil, bioturbation, ant nest, Australia, New South Wales; 14511.

soil type

compressibility, void ratio, pile design, engineering, calcareous sediment, Australia, South Australia; 03045. evaporation, soil moisture content, bare soil, atmospheric stability, alpha method, beta method, 03213. irrigation water management, capillary rise, evapotranspiration rate, lysimeter, crop water use, 12374. land cover, evaporation, spatial disaggregation, terrain, Australia, New South Wales, Goulburn Lockyerleigh; 08299. runoff water chemistry, soil water chemistry, river water chemistry, precipitation chemistry, South America, Amazon Basin; 12263. soil distribution, map, South America, Amazonia; Brazil, Rio Negro; 14465.

soil uranium concentration

foundation design, glaciofluvial deposit, radon, esker, indoor radon, Finland; 08982.

soil vapour analysis

groundwater analysis, hydrocarbon, oil spill, groundwater contamination, 13586.

soil vapour extraction

air sparging, groundwater contamination, aquifer remediation, 04544. aquifer remediation, groundwater contamination, soil water contamination, volatile organic compound, vacuum steam stripping, 04515. petroleum, soil remediation, vapour extraction method, gasoline, 01890. vapour extraction, soil remediation, diesel, petroleum, hydrocarbon, 01892.

soil variation

GIS, agricultural soil map, aggregate extraction, land use change, Canada, Ontario; 01199.

soil/vegetation relationship

volcano, mountain soil, Andosol, Histosol, water retention, Rwanda, Bisoke Volcano; 09416.

soil/vegetation study

aeolian, estuarine, littoral, landform, Spain, Andalusia, Donana National Park; 11678.

soil/vegetation/atmosphere system

evaporation, evapotranspiration, aerodynamics, arid zone, soil moisture content, China, Aksuo, Tarim Basin; 12195.

soil venting

soil texture, soil water content, Vertisol, kerosene volatilisation, hydrocarbon, 01893.

soil volume wetness

unsaturated hydraulic conductivity, hydraulic conductivity, soil water retention curve, 12066.

soil wall

stress design, compaction, reinforced soil, 12993.

soil wall design

geosynthetic reinforcement, comparative study, 05224.

soil warming

soil gas flux, carbon dioxide emission, soil temperature, 03090.

soil water

crop yield, evapotranspiration, potato, irrigation schedule, 04564. denitrification, remote sensing, thermal IR emission, 05530. deuterium, environmental isotope, evapotranspiration estimation, oxygen-18, 03211. forest, cypress forest, Japan, Mount Fuji; 10208. groundwater recharge, soil suction, hydraulic conductivity, field technique, 08386. millet, irrigation, radiation use efficiency, semiarid tropics, temperature, 05944. rainfall simulation, runoff, interrill erosion, surface crust, soil drying, USA, (Southeast); 05643. three dimensional mapping, magnetic resonance imaging, dual porosity soil, 04494. throughflow, runoff, flow path, hillslope hydrology, preferential pathways, UK, Scotland, Allt A' Mharcaidh; 09596. water balance, rainfall depth, runoff simulation, 03219.

soil water action

aggregate stability, soil texture, Poland; 00525.

soil water activity

phosphate availability, availability index, soil storage, Spain; 06908.

soil water adsorption

hydraulic conductivity, capillary length, 12057. surface free energy, soil constituent surface, aggregation, 00586.

soil water availability

leaf area, Eucalyptus forest, flooding, riparian forest, xylem pressure potential, 09751. organic matter, soil texture, Nigeria; 01787.

soil water balance

heat balance gradient method, potential evapotranspiration, Penman method, forest, evapotranspiration, 08293. hydraulic conductivity, Alfisol, soil water flow, Brazil, Sao Paulo, Piracicaba State; 12056.

soil water balance model

hydraulic conductivity, rice, water content, 08117.

soil water capacity

general circulation model, runoff, river discharge, rainfall/runoff model, water holding capacity, 08331. water balance, global water cycle, GCM, runoff, 05278.

soil water chemistry

acid neutralising capacity, streamwater chemistry, runoff water chemistry, stormflow pathway, UK, Wales; 12265. agrochemical, analytical solution, soil surface, mass balance equation, runoff water quality, 00697. clearcutting, forest, element cycling, saline soil, runoff, USA, Texas, Davy Crockett National Forest; 08434. experimental catchment, acid neutralising capacity, sulphate, nitrogen, acidification, runoff water chemistry, Norway, Sogndal; 13527. flow path regime, downstream chemical gradient, streamwater chemistry, acid episode, snowmelt, atmospheric deposition, UK, Scotland; 02008. forest ecosystem, element cycle, runoff water chemistry, 08373. freezing, periglacial environment, isotope depletion, calcite crystallisation, permafrost, solute enrichment, Svalbard, Spitsbergen, Brogger Peninsula; 05821. groundwater chemistry, coastal transition zone, nutrient flux, aquifer throughflow, coastal water quality, Mariana Islands, Guam; 01991. groundwater chemistry, surface water chemistry, salinity, agricultural catchment, solute transport, land management, Australia, Western Australia, East Perenjori; 00797. groundwater contamination, soil property, soil water flux, spatial variability, 00764. hydrochemical modelling, upwelling flow, streamwater chemistry, chemical separation, groundwater chemistry, Canada, Quebec, Laurentians; 02003. nuclear waste disposal, precipitation chemistry, unsaturated zone, USA, Illinois, Bureau County, Sheffield; 09710. phosphorus, nitrogen, riparian zone, nutrient regulation, streamwater chemistry, USA, Tennessee; 00689. precipitation chemistry, silica budget, forested basin, streamwater quality, groundwater chemistry, Japan, Kiryu; 08374. river water chemistry, precipitation chemistry, soil type, runoff water chemistry, South America, Amazon Basin; 12263. runoff water chemistry, cation release, lake water quality, snowmelt, acidification, USA, New York, Adirondack Mountains; 03267. runoff water chemistry, streamwater chemistry, aluminium chemistry, buffering, flow path, UK, Wales, Llyn Brianne; 00700. soil amelioration, peat acidification, liming material, 00510. soil property, adsorption, forest floor leachate, DOC, Australia, Victoria, Otway Ranges; 00698. streamwater chemistry, acidification, nitrification, forest catchment, moorland catchment, atmospheric deposition, UK, Wales; 14640. streamwater chemistry, stormflow pathway, streamflow generation, runoff water chemistry, USA, Tennessee, Walker Branch Watershed; 12212. streamwater quality, metal, trace metal, adsorption, colloid, USA, Colorado, Front Range, Green Lakes Valley; 05726. streamwater quality, sulphate concentration, aqueous sulphate, acidic deposition, USA, Georgia, Panola Mountain; 01989. synthetic data analysis, simulation model, surface water chemistry, catchment hydrochemistry, acidic deposition, 12243. vegetation effect, island hydrology, swamp island, groundwater chemistry, Botswana, Okavango Delta; 14625. water quality analysis, isotope content, stable isotope, soil water extraction, 12321.

soil water conservation

soil fertility, sustainable agriculture, soil erosion control, soil management, tropical soil, Africa; Asia; Australia; South America; Central America; 12032. tillage, soil conservation, crop yield, physical property, Africa, (East); 08104.

soil water contamination

adsorption isotherm, organic carbon, tetrachloroethylene, trichloroethylene, groundwater contamination, 03329. bacterial transport, soil matrix, surfactant, bioremediation, 13594. chemical class, hydrocarbon, contaminant classification, pollutant source, groundwater contamination, 04510.

immunoassay system, on site analysis, hydrocarbon, groundwater contamination, 04511. surface water contamination, acid mine drainage, copper mine drainage, Spain, Galicia; 14638. volatile organic compound, vacuum steam stripping, soil vapour extraction, aquifer remediation, groundwater contamination, 04515.

soil water content

air filled porosity, denitrification rate, barley, 10853. available soil water, irrigation scheduling, potato, plant water use, stomatal resistance, soil property, 03376. carbon dioxide diffusion, peat soil, carbon mineralization, carbon balance, Poland, Biebrza Valley; 00569. cation exchange capacity, organic matter, spectrophotometry, USA, Illinois; 13317. clay content, volcanic soil, USA, Nebraska; 12150. conservation tillage, soil water vapour, tillage, Alfisol, Nigeria, Ibadan; 08144. cracking, shrinkage, salinisation, bulk density, clay swelling, irrigation, 12141. crop residue, soil temperature, 14562. electrical conductivity, dielectric constant, Israel, Dead Sea; 04392. evaporation, canopy conductance, coniferous forest, grassland, aerodynamic conductance, 10901. evapotranspiration, capillary rise, shallow watertable, crop water use, Australia; 04558. evapotranspiration, runoff, environmental heterogeneity, model, digital elevation model, Australia, New South Wales, Brindalella Range; 09570. fadama, soil management, Nigeria, Sokoto State; 05559. fibreglass resistance sensor, electrical resistance, 14485. forest soil, pine forest, litter decomposition, 06863. freeze/thaw, soil stability, aggregate stability, lime, gypsum, 05597. frost susceptibility, 05513. gravimetric method, ferrallitic soil, neutronic method, infiltration, Ivory Coast, Kossou Lakeside; 14486. gravimetry, time domain reflectometry, dielectric constant, Denmark; 10749. green manure, Sesbania, Leucaena, soil physical property, India, New Delhi; 12143. hydraulic conductivity, Kalman filter extension, 10754. hydrogen, methane, carbohydrate, gas generation rate, 01843. immersion method, water determination, 14484. infiltration measurement, hydraulic conductivity, unsaturated hydraulic conductivity, 01793. irrigation, sulphur mineralization, nitrification, nutrient availability, rainforest soil, Panama, Barro Colorado Island; 00543. Maxwell-De Loor equation, Toop-Davis-Annan equation, time domain reflectometry, 06824. measurement, time domain reflectometry, 00484. microwave radiometry, radiometry, remote sensing, Russian Federation, Altai Kuya; 10748. moisture meter, comparative study, neutron moisture meter, Australia, Victoria; 00485. mulch, leaf area index, crop residue, 13404. neutron moisture meter, gamma density gauge, Boralf, bulk density, coarse fragment content, 01778. organic matter, earthworm cast, earthworm gut, soil respiration, Spain; 01827. peanut, irrigation, USA, Alabama; 10838. peat soil, nitrogen mineralization, fen, Poland, Biebrza Valley; 00548. Penman-Monteith equation, evapotranspiration, crop coefficient, rainfed agriculture, irrigated agriculture, 09583. porosity, cattle trampling, Natraquoll, aggregate stability, macroporosity, Argentina, Pampa; 13398. rainfall simulation, rainfall intensity, slope steepness, interrill erosion, 12173. rainfall simulation, soil surface structure, loessial soil, antecedent soil moisture, 05639. regional scale model, prediction model, hydrological balance, mesoscale model, initialisation, 14868. saturated hydraulic conductivity, hydraulic conductivity, USA; 01792. savanna soil, nitrate, soil temperature, nitric oxide, Venezuela; 04369. shrub steppe, nitrous oxide, nitrification, denitrification, 13379. slaking, crop rotation, aggregation, tillage, mean weight diameter, Canada, Quebec, La Pocatiere; 01826. soil compaction, bulk density, organic material, Trinidad and Tobago, Trinidad; 13397. soil crusting, dune, sand dune, China, Shapotou Region; 10777. soil drying, root density, clay loam, shear strength, 06893. soil management, Alfisol, mulch, tillage, Asia, Himalayas; India, Himalayas; 13409. soil physical property, soil compaction, 13391. soil reflectance, infrared laser reflectance, 08121. soil temperature, mecoprop, herbicide, herbicide degradation, 00605. soil temperature, peat soil, carbon dioxide diffusion, Poland, Biebrza Valley; 00567. soil temporal variability, soil temperature, nutrient concentration, forest soil, soil solution, Canada, Ontario, Turkey Lakes Watershed; 03119. soil water retention curve, soil temperature, 12061. soil water retention, one parameter model, 12060. spatial variability, soil sampling, China, Shandong, Guan County; 10747. subsoil disturbance, organic carbon, bulk density, drainage tile installation, hydraulic conductivity, Canada, Nova Scotia; New Brunswick; 0821. tension infiltrometer, tension sorptivity, diffusion, 08120. tillage, wind erosion, soil erodibility, aggregate size distribution, Canada, Alberta; 13443. time domain reflectometry, dielectric constant, Denmark; 10750. topography, soil texture, Canada, British Columbia, Vancouver Island; 10787. tundra, time domain reflectometry, 13405. Vertisol, kerosene volatilisation, hydrocarbon, soil venting, soil texture, 01893. watershed, microwave radiometer, PBMR, simulation sensitivity, USA, Arizona, Tombstone, Walnut Gulch; 15130.

soil water content measurement

time domain reflectometry, 09435.

soil water deficit

evapotranspiration, irrigation water requirement, drought, climate change, precipitation quantity, Hungary; 08274. geostatistics, cokriging, Netherlands; 04326. soil map, France; 09431.

soil water depletion

nutrient concentration, bundleflower, wildrye, gamagrass, soil nutrient, 04393. salinity control, agroforestry, eucalypt tree, tagasaste, evapotranspiration, Australia, West Australia; 12365. sunflower, sorghum, crop water use, transpiration rate, agricultural water management, USA, Kansas, Manhattan; 07118.

soil water desorption

time domain reflectometry, tensiometer, peat, 05542.

soil water determination

liquid chromatography, transcinamaldehyde, 06825.

soil water diffusivity

hydraulic conductivity, sandy soil, Belgium; 10841. soil hydraulic property, tropical soil, Nigeria; 10752.

soil water discharge

groundwater discharge, residence time, runoff, tritium tracer, streamflow, Japan, Kawakami; 08311.

soil water distribution

soil characteristics, trickle irrigation, wetting front, infiltration, 05780. wetting front, infiltration, Xerorthent, irrigation, 08143.

soil water drainage

runoff, mole drain, clay soil, cultivation practice, 00733.

soil water dynamics

catchment model, nitrogen transformation, solute transport, nitrogen fertiliser, agricultural practice, Denmark, Karup River; 13508. groundwater quality, surface water quality, streamwater quality, catchment model, nitrogen fertiliser, Denmark, Karup River; 13507. plant water uptake, soil/plant/water relationship, evapotranspiration, 02034.

soil water erosion

Water Erosion Prediction Project, slope, model, 02655.

soil water extraction

soil water chemistry, water quality analysis, isotope content, stable isotope, 12321.

soil water flow

binary exchange isotherm, cation exchange, solution concentration, unsaturated flow, cation transport, 02045. caesium-137, Chernobyl nuclear accident, strontium-90, rubidium-106, radionuclide mobility, Ukraine, Chernobyl; 05626. clay soil, macropore flow, subsurface drainage, hydraulic conductivity, 12298. deformation, porous medium, physical property, 08118. drain spacing, soil/plant boundary, layered soil, soil/atmosphere boundary, 00735. finite element model, wastewater disposal, convection/dispersion, nitrogen dynamics, 11020. flow model, unsaturated flow, sensitivity analysis, 04496. fractal model, hydraulic conductivity, 04327. herbicide, soil column, terbutylazine, 14508. hydraulic conductivity, pressure head, unsaturated/saturated flow, 10996. hydraulic conductivity, vadose zone, SHE, saturated hydraulic conductivity, unsaturated hydraulic conductivity, parameter estimation, UK, England, South West; 04499. infiltration, landfill leachate, finite analytic numerical solution, unsaturated flow, 09683. land use, soil chemical property, duplex soil, Australia, South Australia, Mount Lofty Ranges, Warren Catchment; 05602. permeability reduction, biofilm, groundwater flow, groundwater contamination, bacteria, 03341. sandy soil, preferential flow, water repellent soil, 03317. soil column, cation transport model, solute concentration, 01809. soil water balance, hydraulic conductivity, Alfisol, Brazil, Sao Paulo, Piracicaba State; 12056. solute transport, sorption, mobile/immobile water, advection/dispersion, 12311. sorption, dual porosity, solute transport, first order decay, zero order production, nonequilibrium transport, 03316. swelling soil, 06827. vadose zone, saturated hydraulic conductivity, unsaturated hydraulic conductivity, hydraulic conductivity, land use, UK, England; 04500.

soil water flux

hydraulic conductivity, soil suction, spatial variation, 09684. spatial variability, soil water chemistry, groundwater contamination, soil property, 00764.

soil water isotope

groundwater isotope, runoff model, isotopic heterogeneity, rainfall isotope, throughfall isotope, USA; New Zealand; China; 08309.

soil water management

subirrigation, water table fluctuation, subsurface drainage, groundwater level, de Zeeuw & Hellinga method, 02114.

soil water management model

PREFLO, DRAINMOD, soil hydraulic property, 14488.

soil water measurement

dielectric soil moisture probe, soil moisture, 00486. gamma-ray, spectrometry, 03080. tillage, Haplustalf, neutron probe, savanna soil, 05522.

soil water model

frozen soil, frost heave, ice lens, 06830. preferential flow, 06828.

soil water movement

ant nest, infiltration, USA, Idaho; 14525. cattle trampling, preferential flow path, Natraquoll, alkaline soil, Argentina, Pampa; 13410. Eulerian-Lagrangian method, method of characteristics, variably saturated flow, infiltration, vadose zone, unsaturated flow, 14705. groundwater depth, soil salinisation, water table depth, soil morphology, Canada, Alberta; 03115. hydraulic conductivity, calcic horizon, Paleustoll, USA, Texas, Great Plains; 04388. infiltration, soil hydraulic property, Acryhlope, soil conditioner, sandy soil, 13367. irrigation, saline soil, solute transport, chloride, MACRO, salt leaching, marsh soil, Spain, Marismas; 13324. kriging, solute transport, transfer function model, Switzerland, Basel; 12069. soil characteristics, heterogeneity, lateritic terrain, water balance, unsaturated flow, 12297. soil heat flux, energy balance equation, soil temperature, 01785. soil moisture content, pH, electrical conductivity, subsurface flow, Japan; 08399. soil root system, solute transport, salt accumulation, water uptake, soybean, 08396. solute transport, preferential flow, groundwater recharge, isotope tracer, unsaturated zone, sandy soil, USA, Minnesota, Princeton; North Dakota, Oakes; 14704.

soil water percolation

anion exclusion, chloride, 06849.

soil water potential

automation, water table depth, subirrigation system, land drainage/subirrigation system, subsurface drainage, 05840. canopy conductance, soil evaporation, evapotranspiration, water balance model, Australia, Murray-Darling Basin; 00624. desert plant, rock influence, root growth, soil temperature, USA, California, Sonoran Desert; 01836. root water flux, unsaturated flow, stochastic model, parallel columns model, 12300. shading, vegetation influence, USA, Great Basin; 13366. tensiometer, microtensiometer, 08119.

soil water pressure

Green-Ampt method, Gardner analysis, hydraulic conductivity, infiltrometer, 02044.

soil water pressure head

hydraulic conductivity, tension infiltrometer, infiltrometer, 14490.

soil water quality

acidification, surface water quality, land drainage, acidic soil, liming, 07016. episodic acidification, runoff water quality, surface water quality, acidification, groundwater quality, Canada, Ontario; Quebec; Canada, Nova Scotia; 13526. groundwater quality, contaminant load, GIS, SAFRaN, atmospheric deposition, 09705. heavy metal, streamwater quality, groundwater quality, binding mechanism, chemical equilibrium, Poland, Niepolomice Forest; 09653. infiltration, water conservation, soil conditioner, sandy soil, polymer gel, 07106. manure, runoff water quality, algal assay, chemical analysis, 00699. mixing cell model, contaminant transport, groundwater quality, Canada, Ontario, Borden; 13592. nuclear waste disposal, sensitivity analysis, biosphere model, contaminant transport, lake water quality, Canada; 02065.

runoff water quality, compost, nutrient, leaching, 07015. solute transport, unsaturated flow, hydrodynamic dispersion, 12326. struvite, phosphorus leaching, effluent treatment, lime residue, piggery effluent, 13627.

soil water recharge

oxygen-18, deuterium, meltwater, groundwater recharge, Canada, Alberta, Edmonton; 14697.

soil water recharge

Flourensia cernua, desert plant, stemflow, throughfall, Mexico, Chihuahuan Desert; 09580.

soil water regime

climate change, temperature model, permafrost, USA, Alaska, Barrow; 06858. crop yield, landscape position, 14564. denitrification rate, Chernozemic soil, Canada, Saskatchewan; 01802. drought, GIS, land use, climate change, UK, Scotland; 09409. fertiliser, flooded soil, Haplaquoll, nitrogen, rice soil, Philippines; 13375. field ridge/furrow, microtopography, soil structure, ridge furrow, UK, England, Cumbria; 05560. forest decline, gravitational water, capillary water, spruce, soil solution, France, Vosges; 10837. grazing, water harvesting, water conservation, saline groundwater, soil salinisation, 03373. soil seal layer, soil wetting process, infiltration, rainfall intensity, 03114. surface runoff, subsurface runoff, groundwater dynamics, runoff modelling, groundwater level fluctuation, Latvia; 09680.

soil water repellency

sandy soil, dune soil, yellow brown sand, molarity, ethanol droplet index, New Zealand, North Island; 08202.

soil water retention

coal, lignite, mine spoil, USA, North Dakota; 04356. conductivity, pore structure, hydraulic conductivity, heterogeneity, 14703. geostatistics, 04317. geostatistics, soil spatial variability, 03078. hydraulic conductivity, evaporation method, 14487. olive oil cake, sandy soil, Libya; 03157. one parameter model, soil water content, 12060. peat, centrifugation, 09455. pedotransfer function, 09432. pore space, aggregate bed, hydraulic conductivity, 14567. saturated soil, oven dry soil, moisture retention curve, 14708. water management, available soil water, evaporation, irrigation, soil moisture content, water stress index, 00736.

soil water retention curve

soil hydraulic property, 12063. soil temperature, soil water content, 12061. soil volume wetness, unsaturated hydraulic conductivity, hydraulic conductivity, 12066.

soil water sorptivity

infiltration, sorptivity, 13323.

soil water status

space/time analysis, volcanic soil, Italy; 12055.

soil water storage

forest soil, soil property, storage capacity, Japan, Ibaraki Prefecture, Tsukuba Forest; 08394. soil conditioner, polyacrylamide hydrophilic gel, trickle irrigation, irrigation, salinity, 04563. soil spatial variability, soil temporal variation, Italy, Naples, Ponticelli; 14565. stochastic model, precipitation, evaporation, runoff, storage capacity, 10995. wheat, crop residue management, infiltration, tillage, USA, Oklahoma, Reno; 14566.

soil water transport

calcium carbonate, calcic horizon, colloidal suspension, calcite platelet, Iran; UK, England; Egypt; 05550. soil chemical transport, classification system, USA, South Carolina; 10746. soil chemical transport, macropore, root zone water quality model, 03072.

soil water use

energy balance, sorghum, sunflower, 07231.

soil water vapour

adsorption property, montmorillonite, water vapour adsorption, 00538. aluminium, organic matter, iron, clay soil, 05562. tillage, Alfisol, soil water content, conservation tillage, Nigeria, Ibadan; 08144. volatile organic compound, benzene, trichloroethylene, adsorption/desorption, organic compound, 12167.

soil waterflow

drainage design, hydraulic conductivity, parameter optimisation, water retention, unsaturated flow, 02036.

soil wetness index

soil mapping, terrain analysis, toposequence, slope, USA, Colorado; 04302.

soil wetting

nitrification, denitrification, nitrous oxide, nitric oxide, 01854.

soil wetting process

infiltration, rainfall intensity, soil water regime, soil seal layer, 03114.

soiling index

ozone, Israel, Tel Aviv; 02357.

Sojuzkarta KFA-1000

Landsat, SPOT, ice marginal fluctuation, spatial resolution, Svalbard, Spitsbergen; 03842.

solar activity

carbon-14, atmospheric concentration, lake level variability, correlation, climate-sun relationship, France, Jura, Clairvaux Lake; Chalais Lake; 06546. climate change, temperature, 08617. climate impact, magnetic activity, Maunder Minimum, 08618. flood maximum, sunspot, extreme event, Asia; Europe; Africa; North America; South America; 08335. global warming, stellar luminosity, sunspot luminosity modulation, 11586. Medieval Warm Period, isotope record, climate forcing, 13093. middle atmosphere, review, model, 13693. monsoon, palaeoclimate record, high resolution study, IGBP, corals, Asia; 07846. pollen, isotope record, latitudinal patterns, precipitation, Medieval Warm Period, USA, (Southwest); 13101. radiosonde data, electrical field, Australia, Northern Territory, Alice Springs; 09805. solar wind, electricity, cloud microphysics, atmospheric dynamics, 00924.

solar activity index

solar cycles 21/22, magnesium II, core to wing index, ultraviolet, 04591.

solar backscatter UV

ozone, stratosphere, volcanic eruption, aerosol loading, Mexico, El Chichon; 11322.

solar constant

ATLAS-1, 12671. climate model, solar constant resolution, 08624. negative feedback, land fraction, solar forcing, general circulation, NCAR CCM, 00078.

solar constant resolution

solar constant, climate model, 08624.

solar cycle

temperature, nightglow emission, mesosphere, quasi biennial oscillation, 13692. time series, maximum entropy spectrum analysis, luni/solar cycle, lamb, dust veil indices, 12551. ultraviolet, ozone, stratosphere, solar UV flux, 14818.

solar cycle period

sunspot cycle, wavelet analysis, 04589.

solar cycles 21/22

magnesium II, core to wing index, ultraviolet, solar activity index, 04591.

solar data (1980-1983)

solar data (1988-1990), solar radiation, Iran, Fars Province, Shiraz; 07182.

solar data (1988-1990)

solar radiation, solar data (1980-1983), Iran, Fars Province, Shiraz; 07182.

solar eclipse (11 July 1991)

solar irradiance, turbidity, Costa Rica; 11116. wind, temperature, Costa Rica; 11152.

solar effect

ozone, middle atmosphere, trend estimate, 08728.

solar energy

concentrating collector, parabolic trough, rotation, angle of incidence, 12418. wind energy, planet, thermal conductance, 12417. wind energy, Saudi Arabia, Dhahran; 14823.

solar energy budget

forest, bare soil, deforestation, tropical rain forest, Brazil, Amazon; 03486.

solar energy input

UARS, temperature, wind field, vertical profiling, 07514. wind velocity, satellite mission, upper atmosphere, temperature, trace gas, 01468.

solar extinction

scattering, refractive index, aerosol, particle, retrieval, 00837.

solar farm

energy balance, one dimensional model, 05859.

solar flare

ice core, variability, nitrate concentration, Maunder Minimum, Antarctica, Ross Ice Shelf; 02731.

solar flare index

airglow, twilight, sodium, oxygen, India, Allahabad; Calcutta; 12580.

solar flux

parameterisation, surface, net solar radiation, satellite measurement, tower observation, 07172.

solar forcing

albedo variability, long term event, monsoonal climate, insolation change, Arabian Sea; 01470. faint young Sun paradox, carbon dioxide doubling, climate change, general circulation model, rotation rate, 09950. general circulation, NCAR CCM, solar constant, negative feedback, land fraction, 00078. thermohaline circulation, Maunder Minimum, periodicity, radio-carbon, Atlantic, (North); 06551.

solar geomagnetic event

climate variability, postglacial lake, climate forcing, varve chronometer, Holocene prairie lake, USA, Minnesota, Clearwater County, Elk Lake; 02735.

solar heating

temperature, sand beach, thermal gradient, swash zone, Turkey, Patara Beach; Mediterranean; 02880.

solar incidence angle

surface albedo, ablation, accumulation, digital elevation model, SPOT, Greenland, Ammassalik, Mitdluagkat Glacier; 14089.

solar influence

Holocene, lake level fluctuation, glacier movement, climate change, atmospheric carbon-14, Switzerland, Alps; Austria, Alps; France, Jura; 00173.

solar input

climate change, carbon dioxide, hydrological cycle, GCM, surface energy budget, albedo, 02326.

solar irradiance

climate model, transient response, 07318. global carbon budget, CZCS, surface chlorophyll, Atlantic, (North); 07617. global change programme, middle atmosphere, 08846. monitor, India; 07176. precession, obliquity, radiative flux, insolation, orbital period, 01025. radiation, Nimbus, earth radiation budget (1975-1992), 00834. turbidity, solar eclipse (11 July 1991), Costa Rica; 11116.

solar irradiation

diffuse irradiation, Spain, Valencia; 12427.

solar luminosity

sea level rise, ice extent, climate model, snowline, Precambrian, 05062.

solar net radiative flux

atmosphere boundary, surface, 02154.

solar output

EOS, ERBE, radiant flux, broadband radiation, 08848.

solar photometry

preflight calibration, instrument calibration, SOLSTICE, 01077.

solar power generation

insolation, cloud cover, energy, Pakistan; 08878.

solar proton event

charged particle, magnetospheric forcing, radar observation, wind, mesopause, 00926.

solar radiation

atmospheric model, 14820. azimuth angle, collector tilt, Croatia; 13670. clear sky, mountainous terrain, direct flux, 09801. climate, Cyprus, Athlassa; 08493. closed canopy, forest dynamics, canopy gap irradiance, 07178. collector tilt, Nigeria; 13663. correction, ship observation, air temperature, marine air temperature, 08491. correlation, horizontal beam radiation, global radiation, clearness index, Israel, Beer Sheva; 14815. daylength, pepper, harvest predictor, heat unit, 03473. diffuse component, daily global radiation, Spain, Valencia; Sevilla; 07175. diffuse radiation, Sudan, Khartoum, Shambat; 13668. diffuse solar radiation, global radiation, hourly distribution, Nigeria, Lagos; 12428. direct integration, radiation algorithm, radiation transfer, benchmark calculation, 14816. diurnal cycle, general circulation model, 08567. diurnal pattern, Malaysia; 07183. flat plate collector, Guyana; 14799. flux model, radiation flux, 06223. GCM, 04590. global irradiation data, Rwanda; Senegal; 14824. GPS orbit ephemerides, satellite clock parameter, IGS campaign, 11371. ground based measurement,

cloud, optical thickness, Arctic; 13675. horizontal component, radiation sensor, 08497. irradiation ratio, band energy, photosynthetically active radiation, turbidity, Greece, Athens; 05874. lifetime, oxygen, nitrous oxide, chlorine, absorption, 01029. maximum likelihood, quadratic fit, Nigeria; 07184. meteorological observations, transmissivity, crop growth, wheat yield, Canada; 03415. mountain, irradiance, land use, agroclimatic classification, Mexico, Guerrero State; 03427. ocean/atmosphere heat flux, insolation model, satellite data, Pacific; 04797. oxygen, photodissociation rate, direct radiation, scattered radiation, high resolution analysis, stratosphere, 12419. particulate pollution, turbidity, transmittance, Saudi Arabia, Riyadh; 11114. relief, digital model, 02461. solar data (1980-1983), solar data (1988-1990), Iran, Fars Province, Shiraz; 07182. space/time variability, 03410. spectral distribution, Greece, Athens; 05887. spectral measurement, China, Beijing; 08496. sunshine hours, Morocco, Rabat; 08492. sunshine hours, Yemen; 07180. topography, FIFE, GOES, 06213. trend, aerosol, Germany, Hamburg; 13657. trend, Germany; 13656. two stream approximation, parameterisation, single scattering albedo, optical depth, 09802. typical year, Egypt; 14822. ultraviolet, global irradiation, Spain, Valencia; 09795.

solar radiation data

daily radiation, Jordan, Amman; 08501.

solar radiation flux

satellite data, ground based data, aerological information, comparative study, Russian Federation, Moscow; 14817.

solar radiation life

sunlight, 07165.

solar radiation model

multiple locations, nonparametric procedure, statistical procedure, ranking, 14814.

solar radiation regime

quantum sensor, photosynthetic photon flux density, tropical wet forest, canopy gap, hemispherical photography, 00873.

solar radiative forcing

cloud liquid water, atmospheric forcing, albedo, cloud, 05115.

solar radiometry

calibration, turbidity, photometer, optical depth, aerosol, 14798.

solar salt production

salt yield, evaporation, sewage treatment, optimal control theory, salt production, 03379.

solar spectra

ozone, total ozone, nitrous oxide, infrared, USA, Hawaii, Mauna Loa Observatory; 07347.

solar spectral irradiance

calibration, SOLSTICE, 01076.

solar spectrum

radiative transfer model, atmospheric correction, 11368.

solar tide

gravity wave, middle atmosphere, radar system, Canada, Saskatchewan, Saskatoon; 04685.

solar ultraviolet irradiance

spectral irradiance monitor, UARS, preflight calibration, 01078.

solar UV 11 year variation

solar UV 27 day variation, total column ozone, solar variation, anthropogenic trend, ozone, 13809.

solar UV 27 day variation

total column ozone, solar variation, anthropogenic trend, ozone, solar UV 11 year variation, 13809.

solar UV flux

solar cycle, ultraviolet, ozone, stratosphere, 14818.

solar UV irradiance

middle atmosphere, energetics, photochemistry, ultraviolet, 13653. UARS, 07524.

solar UV radiation

biologically active UV, ultraviolet radiation (1976-1992), Poland, Belsk; 13658.

solar UVB data

ozone trend, homogenisation, trend detection, broken series, ultraviolet, New Zealand; 05886.

solar UVB irradiance

instrument, glass filter, 07427.

solar UVB measurement

biological research, ultraviolet, 14825.

solar variability

global change, USGCRP, 07666. model, middle atmosphere, 09895. trace gas, country scale, climate variability, ocean dynamics, volcanic aerosol, 13798. two dimensional model, ozone, temperature, ultraviolet flux, middle atmosphere, 11307.

solar variation

anthropogenic trend, ozone, solar UV 11 year variation, solar UV 27 day variation, total column ozone, 13809.

solar water heater

solarimeter, Africa; 14800.

solar wind

electricity, cloud microphysics, atmospheric dynamics, solar activity, 00924.

solar zenith angle

vegetation index, photosynthetically active radiation, USA, Arizona, Phoenix; 07592.

solarimeter

solar water heater, Africa; 14800.

soldium chloride

calcium magnesium acetate, colloid assisted transport, trace metal, roadside soil, deicing salt, 12138.

Solent River

sea level rise, pleistocene, Flandrian Stage, fluvial aggradation, braided river, UK, England, Hampshire; Dorset; 12944.

solid conductivity

ice core, oxygen isotope record, volcanic acid, Canada, Ellesmere Island, Agassiz Ice Cap; 13146.

solid-liquid equilibria

agricultural soil, radiocaesium, radiostrontium, pollution, countermeasure, 05080.

solid phase extraction

liquid/liquid extraction, environmental monitoring, liquid chromatography, pesticide analysis, France, Rhone River; Spain, Ebro River; Spain, Almeria; 09649.

solid phase extraction technique

detection limit, hazard, petroleum hydrocarbon, gas chromatography, 02593.

solid phase formation

redox, trace element, solute transport, ion exchange, adsorption, 08417.

solid solution

calcium/magnesium ratio, cation substitution, recrystallization, dolomitization, 14395. exsolution process, thermodynamics theory, groundwater contamination, adsorption, 04503.

solid waste

pollution, toxic, heavy metal distribution, sediment, industrial sewage, Nigeria, Calabar River; 02606.

solifluction

basin, loess, interglacial, Oligocene, Quaternary, 10637. braided river, periglacial, Wisconsin, permafrost, Germany; 05329. debris flow, earth slide, deformation, microstructure, mass movement, 07801. fluvial dynamics, geomorphodynamics, high mountain, mass movement, Switzerland, Alps; Chile; 09061. geocryological engineering, weathering crust, granulometric composition, cryogenic texture, Russian Federation, Siberia, Yakutia, Turku Mountain; Mount Churpunn'ya; 10526. periglacial activity, environmental reconstruction, Pleistocene, raised beach, glacial deposit, UK, Wales, Gower, Broughton Bay; 14274. periglacial process, monitoring system, frost heave, rockfall, bedrock shattering, Japan, Japanese Alps; Svalbard; 11857. periglaciation, Quaternary environment, chronology, pingo, patterned ground, UK; 07921. talus, alluvial cone, morphogenetic environment, Quaternary, debris movement, Japan, Honshu, Kitakami Mountains; 06585.

solifluction zone

Allerod, sea level, Older Dryas, geomorphology, glacier research, Iceland, Tollaskagi, Svarfardalur-Skiodatur; 07780.

Solirov Formation

turbidite, palaeocurrent, provenance, pelagic limestone, Cretaceous, Slovakia, West Carpathians; 05448.

solitary wave

blocking, time dependent structure, isolated anomaly, zonal flow, coherent structure, 05957. Rossby wave, nonlinear wave, envelope, 09877. shallow water, Korteweg-de Vries equation, wave, 09609. waveguide, gravity wave, 00938.

soliton theory

Coriolis force, vortex, nonlinearity, contour dynamics, 09905.

Solonchak

deflation, soil cover, aridification, soil conservation, Aral Sea; 00473. Solonchaks, land reclamation, groundwater, desalinisation rate, Russian Federation, Caspian Lowland; 01355.

Solonetz

soil amelioration, crop yield, liming, gypsum, soil ripping, Canada, Alberta, Peace River Region; 09509. soil reclamation, irrigation, Russian Federation, Volga River Valley; 01821. soil reclamation, swelling soil, Russian Federation, Central Chernozem Region; 05587. soil solution, ultrasound, soil salinisation, Russian Federation, Rostov Oblast; 03079.

Solonetzes

land reclamation, groundwater, desalinisation rate, Solonchak, Russian Federation, Caspian Lowland; 01355.

Solonetzie soil

soil sodicity, salinity, soil structure, crop yield, Chernozemic soil, Canada, Saskatchewan; 01870.

SOLSTICE

solar photometry, preflight calibration, instrument calibration, 01077. solar spectral irradiance, calibration, 01076.

solubilisation

groundwater remediation, surfactant, dodecane, non aqueous phase liquid, sorption, 14737. non aqueous phase liquid, groundwater remediation, surfactant, dodecane, 14736.

solubility

aluminium, rainwater chemistry, atmospheric deposition, 04434. hydrochloric acid, stratospheric temperature, sulphuric acid, 08672. ice, hydrochloric acid, diffusion, 13843. magnesium, granite landscape, serpentine, karst microform, France, Massif Central, Limousin; 05179. methyl halide, seawater, nucleophilic substitution, 00893. ozone destruction, hydrochloric acid, stratosphere, sulphuric acid, liquid diffusion, 11280. partitioning, trace metal, atmospheric deposition, surface water quality, 03249. speciation, nuclear reactor accident, caesium, radiocaesium, 02353. trace element, stabilisation, carbonate, magnesium calcite, dolomite, 01629.

solubility product

iron sulphide, sulphate reduction, pyrite, Baltic Sea; 14400.

soluble fraction

nitrogen, surface water quality, groundwater quality, agricultural pollutant, phosphorus cycling, particulate, UK, England, Devon, Slapton; Cotswolds, Windrush River; 13502.

soluble organic

nitrogen, carbon, anthrone reactive carbon, prairie soil, cultivation, USA, Iowa; 00593.

solute

soil, biosystem, simulation, WaBoLu project, aerosol, Switzerland; 02618. waste disposal, landfill, organic acid, diagenesis, dissolution, 06706.

solute accumulation

evaporative flux, diffusive/dispersive flux, Switzerland, Valais; 13368.

solute acquisition

sulphide oxidation, carbonate dissolution, meltwater chemistry, glacial meltwater, 14764.

solute adsorption

diffusion coefficient, 12070.

solute chemistry

extraction method, soil solution extraction, 06836.

solute composition

ecological response, surface water, landscape, geothermal activity, Costa Rica; 02666.

solute concentration

bulk dissolution rate, etching rate, feldspar, hornblende, 07740. cross channel variation, river water quality, Canada, Saskatchewan River Basin; 14664. groundwater contamination, organic contaminant, monitoring well, aquifer, sampling, 04546. groundwater recharge, groundwater contamination, landfill, mass transport model, 03349. nuclear waste repository, unsaturated zone, thermal loading, radionuclide migration, containment control, evaporation, USA, Nevada, Yucca Mountain; 09711. soil profile, Michaelis-Menten model, kinetic rate constant, dispersion, saturation constant, solute transport, 00771. soil water flow, soil column, cation transport model, 01809. solute transport, advection/dispersion equation, groundwater quality, spatial variability, UK, England, Sherwood Aquifer; 14751. solute transport, groundwater transport, heterogeneity, convection/dispersion equation, sorption, 14759.

solute dynamics

WAVES model, soil moisture dynamics, 05776.

solute enrichment

soil water chemistry, freezing, periglacial environment, isotope depletion, calcite crystallisation, permafrost, Svalbard, Spitsbergen, Brogger Peninsula; 05821.

solute flux

concentration profile, dissolved iron, lake water quality, sediment/water interface, France, Puy-de-Dome, Aydat Lake; 09674. stochastic model, saturated/unsaturated flow, heterogeneous aquifer, groundwater contamination, 02074. throughfall flux, spruce forest, spatial variability, dry deposition, canopy exchange, 03208.

solute leaching

lysimeter, macropore, 12072. soil hydraulic function, soil texture, leaching, Monte Carlo simulation, 03084.

solute retardation

organic solute, breakthrough curve, hydraulic conductivity, sorption, groundwater contamination, solute transport, forced gradient test, Canada, Ontario, Borden Aquifer; 14755.

solute retention

clay soil, bromide, nitrate, USA, Coastal Plain; 14528.

solute spreading

breakthrough curve, solute transport, heterogeneity, unsaturated zone, stochastic analysis, 14745.

solute transport

adaptive grid method, groundwater flow, finite difference model, unsteady flow, radioactive waste disposal, 14713. adsorption/dispersion, parameter determination, displacement test, numerical model, optimisation, 03335. adsorption, mixing cell model, calcium/potassium exchange, 00767. adsorption, preferential adsorption, advection/dispersion, groundwater contamination, reactive solute, 03360. advection/dispersion equation, Cartesian coordinate system, groundwater flow, Green's function, 07076. advection/dispersion equation, groundwater quality, spatial variability, solute concentration, UK, England, Sherwood Aquifer; 14751. advection/dispersion, fissure flow, nitrate, chalk aquifer, agricultural pollutant, fracture flow, Belgium; 11026. advection, diffusion, salinity, groundwater flow, Spain, Andalusia, Donana National Park; 05791. atrazine, herbicide, groundwater contamination, leaching, simulation model, 12325. breakthrough curve, non aqueous phase liquid, miscible displacement, time dependent partitioning, hydrocarbon, 07089. breakthrough curve, retardation factor, groundwater contamination, pore size distribution, reactive solute, 08421. cation exchange, geochemical transport model, potassium, sodium, sandy aquifer, 00788. chalk aquifer, tracer test, diffusion, groundwater flow, fracture flow, Denmark; 09694. chloride, MACRO, salt leaching, marsh soil, soil water movement, irrigation, saline soil, Spain, Marismas; 13324. chlorinated hydrocarbon, groundwater contamination, dual porosity aquifer, sandstone/mudstone aquifer, tracer test, pumping test, UK, England, Coventry; 03366. colloid transport, clay soil, fracture flow, matrix diffusion, Canada, Ontario, Sarnia; 12314. contaminant migration, dispersivity, longitudinal dispersivity, tracer test, non uniform flow, groundwater flow, 13608. contaminant plume, Lagrangian analysis, scale dependence, dispersion, heterogeneous aquifer, 07098. Crank-Nicolson-Galerkin scheme, diffusion/convection equation, groundwater flow, stability analysis, 07101. desorption, decay, contaminant removal, advection/dispersion equation, groundwater flow, 07074. deterministic model, unsteady flow, dispersion, stochastic analysis, tracer test, Canada, Ontario, Borden; 13604. diffusion, flow interruption method, convection/dispersion equation, macropore flow, micropore flow, groundwater flow, 07068. dispersion coefficient, groundwater velocity, fracture roughness, fracture flow, 09699. dispersion, groundwater flow, porosity, permeability, 07073. dispersion, heterogeneity, retardation factor, sorption, reactive solute, groundwater flow, 12349. dispersion, porosity, hydraulic conductivity, diffusion, pollutant migration, groundwater quality, 09715. dispersion, tracer test, fracture flow, radial flow geometry, 09688. dissolution/precipitation, groundwater transport, geochemical model, particle tracking model, 04530. double porosity model, karst aquifer, tracer test, matrix porosity, fracture porosity, field experiment, Germany; 00750. estimator comparison, groundwater flow, parameter estimation, 13579. Eulerian analysis, contaminant plume, dispersion, scale dependence, heterogeneity, 07099. field experiment, geochemical transport model, potassium, cation exchange, sandy aquifer, 00789. first order decay, zero order production, nonequilibrium transport, soil water flow, sorption, dual porosity, 03316. flow velocity, unsaturated flow, vadose zone, salt movement, Pakistan, Punjab, Rechna Doab; 09682. forced gradient test, conservative tracer, advection dispersion, dispersivity, tracer test, groundwater transport, Canada, Ontario, Borden Aquifer; 14756. forced gradient test, organic solute, sorption, mobile/immobile water, groundwater transport, tracer test, Canada, Ontario, Borden Aquifer; 14757. forced gradient test, solute retardation, organic solute, breakthrough curve, hydraulic conductivity, sorption, groundwater contamination, Canada, Ontario, Borden Aquifer; 14755. fractal scaling, groundwater flow, channelling, Fickian dispersion, 12352. fracture flow, fracture network, groundwater flow, sorption, diffusion, 12340. fracture flow, matrix diffusion, advection dispersion, tortuosity, groundwater flow, 13610. Freundlich isotherm, spatial variability, 14492. groundwater chemistry, stochastic transport theory, non aqueous phase liquid, biodegradation, advective/dispersive theory, groundwater contamination, 02063. groundwater contamination, non aqueous

- phase liquid, advection/dispersion, sorption, liquid/liquid partitioning, 07088. groundwater flow, heterogeneous aquifer, conjugate gradient method, particle tracking method, computer model, 00738. groundwater flow, spectral element, finite element method, computer model, advection/dispersion equation, 07060. groundwater flow, transmissivity, hydraulic head, geostatistics, inverse problem, coupled flow, 02062. groundwater flow, travelling wave, Langmuir isotherm, adsorption, Freundlich isotherm, 03334. groundwater flow, vadose zone, finite element method, saturation variability, numerical model, porous media, 00762. groundwater quality, advection, hydrochemical model, computer model, 13603. groundwater transport, FVELLAM, localized adjoint method, mass conservative method, Eulerian-Lagrangian method, advection/dispersion equation, 03343. groundwater transport, heterogeneity, convection/dispersion equation, sorption, solute concentration, 14759. groundwater transport, heterogeneity, modelling, uncertainty, 04527. heterogeneity, groundwater transport, sorption, hydraulic conductivity, radionuclide, radioactive waste disposal, 05808. heterogeneity, macrodispersion, groundwater flow, 07077. heterogeneity, reactive solute, dispersion, hydraulic conductivity, adsorption coefficient, sorption, 12350. heterogeneity, reactive solute, non reactive solute, plume spreading, groundwater transport, 14760. heterogeneity, unsaturated zone, hydraulic conductivity, mobile/immobile water, chloride, 14743. heterogeneity, unsaturated zone, stochastic advective model, mobile/immobile water, chloride, 14744. heterogeneity, unsaturated zone, stochastic analysis, solute spreading, breakthrough curve, 14745. hydrological cycle, strontium, isotope tracer, soil/plant/atmosphere continuum, Japan, Honshu, Joban District; 05653. impervious layer, subsurface drainage, adsorption, salinity, salt distribution, 14731. ion exchange, adsorption, solid phase formation, redox, trace element, 08417. ion exchange, groundwater quality, exchange isotherm, cation exchange, flushing factor, sharp front solution, 02064. irrigation, dispersion coefficient, 12068. land management, soil water chemistry, groundwater chemistry, surface water chemistry, salinity, agricultural catchment, Australia, Western Australia, East Perenjori; 00797. macropore, leaching model, 12071. mobile/immobile phase, breakthrough curve, parameter estimation, aggregated porous media, 03331. mobile/immobile phase, pump and treat remediation, groundwater remediation, multiple contamination, optimisation, 14758. model calibration, model verification, river transport, transport process, tracer, Europe, Rhine River; 08381. nitrogen fertiliser, agricultural practice, soil water dynamics, catchment model, nitrogen transformation, Denmark, Karup River; 13508. non aqueous phase liquid, dissolution, vadose zone, volatilisation, 09713. nonequilibrium reaction, groundwater quality, calcium/potassium exchange, mixing cell model, adsorption, 00759. nuclear waste disposal, sorption, diffusion, rock matrix, fracture flow, 12347. organic contaminant, surface tension, pressure head, unsaturated flow, 14740. parameter estimator, inverse problem, hydraulic property, source concentration, groundwater flow, 02067. pesticide, aldicarb, transport model, decay chain, degradation regime, sequential degradation, 05799. pore size class, tracer concentration, 03083. preferential flow, groundwater recharge, isotope tracer, unsaturated zone, sandy soil, soil water movement, USA, Minnesota, Princeton; North Dakota, Oakes; 14704. salt accumulation, water uptake, soybean, soil water movement, soil root system, 08396. sediment budget, sediment transport, Canada, British Columbia, Lillooet River Basin; 09613. seepage quantification, flow boundary, hillside, steady seepage, series solution, 03993. snowmelt, tracer, natural tracer, river water quality, particulate transport, 08375. soil column, 14494. solute concentration, soil profile, Michaelis-Menten model, kinetic rate constant, dispersion, saturation constant, 00771. sorption kinetics, groundwater contamination, 13612. sorption, heterogeneity, anisotropy, groundwater flow, 12302. sorption, mobile/immobile water, advection/dispersion, soil water flow, 12311. sorption, spatial variability, Langmuir isotherm, groundwater flow, 07095. stochastic model, hydraulic conductivity, tracer test, adaptive estimation, groundwater flow, USA, Massachusetts, Cape Cod; 12348. stochastic model, residence time, organic contaminant, vadose zone, adsorption, 00763. stream/aquifer system, surface water-groundwater interaction, groundwater contamination, river water quality, stream bed sediment, UK, England, Thames River; 11030. strontium bromide hexahydrate, atrazine, alachlor, tillage, USA, Ohio; 14524. time domain reflectometry, breakthrough curve, dispersion coefficient, vadose zone, convection/dispersion equation, 03344. time domain reflectometry, breakthrough curve, electrical conductivity, 06829. tracer test, dispersion, single fracture dispersion model, matrix diffusion, 05790. transfer function model, soil water movement, kriging, Switzerland, Basel; 12069. transient flow, Eulerian-Lagrangian method, convection/dispersion equation, groundwater flow, 12315. travel time, groundwater flow, advection/dispersion equation, heat diffusion equation, dispersion coefficient, inversion problem, 07075. unsaturated flow, hydrodynamic dispersion, soil water quality, 12326. vadose zone contamination, runoff water quality, overland flow, soil surface, agrochemical, sorption/desorption, 02073. volatile organic compound, intraparticle diffusion model, sorption/desorption, trichloroethylene, soil gas venting, groundwater contamination, 13591.
- solute transport model**
chloride, groundwater quality, groundwater flow model, salt water intrusion, Ocean City/Manokin Aquifer, USA, Maryland, Ocean City; 07085. environmental tracer, groundwater flow, groundwater recharge, advective transport model, USA, Maryland, Locust Grove; 14720. finite difference model, groundwater model, groundwater contamination, salt water intrusion, coastal aquifer, Pacific, Nauru Island; 11043. finite multiple sources, convective/dispersive flux, groundwater flow, 05797. groundwater contamination, sorption, organic contaminant, contaminant transport, 14738. groundwater management, groundwater remediation, artificial neural network, optimisation, 14788. simazine, breakthrough curve, pesticide transport, 06853.
- solute uptake**
soil solution, organic solute, 13325.
- solution capacity**
rainwater, carbon dioxide, soil effect, karst corrosion, 07821.
- solution chemistry**
tree stem distance, spruce, beech, soil chemical property, 06899.
- solution concentration**
unsaturated flow, cation transport, soil water flow, binary exchange isotherm, cation exchange, 02045.
- solution pipe**
doline formation, karst, ground penetrating radar, subsurface karst, USA, Florida; 09130.
- solution reaction**
nitrate radical, methylarenes, gas phase, 03549.
- solution transport**
double porosity model, karst aquifer, groundwater flow, flow velocity, water level fluctuation, Germany, Swabian Alb, Heidenheim; Reutlingen; 00751.
- solutional denudation**
karst hydrology, geomorphology, hydrology, cave, hardness, USA, Tennessee, Cumberland Plateau, Upper Sinking Cove; 02683.
- solutional erosion**
rock tablet, remeasurement, chemical denudation, Magnesian Limestone, hillslope, UK, England, Derbyshire; 10360.
- solvent**
hydrogen peroxide, calcium carbonate, laboratory preparation, dissolution, 02864.
- solvent flushing**
organic chemical, soil remediation, naphthalene, 14584.
- sonar**
multimission vessel, 04838. submarine tracking, 10055.
- sonar measurement**
drift data, sea ice, radar data, ice volume transport, 01564.
- sonar sidescan**
seafloor, backscatter attenuation, sediment accumulation, GLORIA, 12783.
- Songwe Sequence**
piston core, low lake level, erosion rate, Holocene, sequence stratigraphy, Malawi, Lake Malawi; 09164.
- sonic anemometer**
sodar, comparative study, temperature structure, heat flux, 11110.
- sonic velocity measurement**
frozen soil, soil degradation, 05512.
- sonification**
cartography, visualisation, multimedia, GIS, 06173. exchangeable sodium percentage, aggregate stability, kaolinitic soil, illitic soil, clay mineral, South Africa; 06894. Vertisol, ultrasonic technique, aggregate bond energy, 03070.
- sonostratigraphy**
Pleistocene, carbonate, piston core, dissolution, grain size, Indian Ocean; 06764.
- soot**
aerosol, model estimate, climate, fire, oil well, Kuwait; 07376. burning building, pyrolysis compound, plastic combustion, aromatic compound, 13891. elemental carbon, coal combustion, black carbon, Poland, Katowice; 11350. manganese dioxide, sulphur dioxide, oxidation, metal oxide, black carbon, 06085. mass concentration, particle size distribution, aerosol, Arctic; 15010. sea level, aerosol, trajectory, elemental carbon, Norwegian Sea; Greenland Sea; 07372.
- soot particles**
activated carbon, catalysis, iron species, sulphate, aqueous sulphur(IV) oxidation, 01036.
- soot particulate**
incineration, polystyrene, polyurethane foam, PAH, mutagenicity, 15027.
- sorbent bed**
PAH, aerosol filtration, 07358.
- sorbing material**
comparative study, radionuclide sorption database, performance assessment, nuclear waste repository, 01307.
- sorghum**
crop water use, transpiration rate, agricultural water management, soil water depletion, sunflower, USA, Kansas, Manhattan; 07118. green panic, pasture soil, microbial biomass, carbon dynamics, nitrogen dynamics, Australia, Queensland; 12115. irrigation water management, crop yield, water use efficiency, USA, (Southeast), Coastal Plain; 11093. pasture system, cropping system, carbon, nitrogen, microbial biomass, Australia, Queensland; 08210. sunflower, soil water use, energy balance, 07231.
- sorption**
adsorption capacity, cobalt, strontium, caesium, Langmuir isotherm, 05082. adsorption, particulate matter, organic compound, gas/particle partitioning, absorption model, 11281. complexation, colloid, groundwater contamination, metal, contaminant transport, 12342. diffusion, flow wetted surface, radionuclide migration, fracture flow, groundwater flow, 03332. diffusion, rock matrix, fracture flow, solute transport, nuclear waste disposal, 12347. diffusion, solute transport, fracture flow, fracture network, groundwater flow, 12340. dissolved organic matter, groundwater contamination, colloid, contaminant transport, 03358. dual porosity, solute transport, first order decay, zero order production, nonequilibrium transport, soil water flow, 03316. enrichment, PCB, DDT, HCH, Germany, Berlin; 12022. fracture flow, colloid, radionuclide transport, radioactive waste disposal, groundwater contamination, Switzerland; 04532. fracture flow, diffusion, radionuclide migration, groundwater contamination, caesium migration, Canada, Manitoba, Lac du Bonnet; 12341. groundwater contamination, solute transport, forced gradient test, solute retardation, organic solute, breakthrough curve, hydraulic conductivity, Canada, Ontario, Borden Aquifer; 14755. groundwater contamination, surfactant, cationic surfactant, organic liquid, capillary pressure-saturation relationship, 14754. herbicide, groundwater contamination, simazine, bromacil, leaching, USA, Florida; 03330. heterogeneity, anisotropy, groundwater flow, solute transport, 12302. heterogeneity, dispersion, partitioning, groundwater flow, chemical transport, 11033. hydraulic conductivity, radionuclide, radioactive waste disposal, solute transport, heterogeneity, groundwater transport, 05808. hydrophobic compound, groundwater contamination, organic matter, PAH, partitioning model, transport model, 03350. hydrophobic pollutant, contaminant transport, bacteria, PAH, 07064. hydrophobicity, vadose zone, gas-water interface, microorganism transport, unsaturated flow, 13595. liquid/liquid partitioning, solute transport, groundwater contamination, non aqueous phase liquid, advection/dispersion, 07088. metal oxide coating, chlorobenzene, aquifer, organic carbon, particle size, USA, Massachusetts, Cape Cod;

12011. mobile/immobile phase, groundwater contamination, herbicide, contaminant transport, convection/dispersion equation, 11019. mobile/immobile water, advection/dispersion, soil water flow, solute transport, 12311. mobile/immobile water, groundwater transport, tracer test, solute transport, forced gradient test, organic solute, Canada, Ontario, Borden Aquifer; 14757. mycotoxin, leaching, groundwater contamination, 12322. organic carbon, particle size, groundwater contamination, herbicide, contaminant transport, 11018. organic contaminant, contaminant transport, solute transport model, groundwater contamination, 14738. organic vapour, vadose zone, vapour phase transport, soil moisture regime, air-water interface, 11021. oxidation, PCB, hydroxyl radical, contaminant fate, transformation kinetics, 14735. PAH, model experiment, combustion particle, 06044. pollutant migration, landfill liner, advection/dispersion, 00772. pollutant, clay mineral, organic pollutant, 10294. porous media, radionuclide transport, amorphous silica colloid, quartz colloid, americium-241, 03327. precipitation, radionuclide transport, radioactive waste disposal, groundwater contamination, radionuclide retardation, 04533. precipitation, retention process, orthophosphate transport, groundwater contamination, 07070. radionuclide transport, fracture flow, heterogeneity, radioactive waste disposal, rock chemistry, 04531. reactive solute, groundwater flow, solute transport, dispersion, heterogeneity, retardation factor, 12349. seawater, cadmium, suspended matter, complexation, Netherlands, Rhine River; 09392. soil, organic carbon, clay, herbicide, atrazine, alachlor, 03020. solubilisation, groundwater remediation, surfactant, dodecane, non aqueous phase liquid, 14737. solute concentration, solute transport, groundwater transport, heterogeneity, convection/dispersion equation, 14759. solute transport, heterogeneity, reactive solute, dispersion, hydraulic conductivity, adsorption coefficient, 12350. spatial variability, Langmuir isotherm, groundwater flow, solute transport, 07095. streamwater quality, radio-caesium, leaching, peat bog, ion exchange, caesium-137, 13529. vadose zone, hydrophobicity, groundwater contamination, bioremediation, gas-water interface, colloid behaviour, contaminant transport, 13597.
- sorption capacity**
calcareous soil, phosphate sorption, nitrate sorption, Spain, Andalucia, Almeria; 03163. phosphorus, parent material, Nigeria, Akwa Ibom State; 05613.
- sorption data base**
geosphere model, Nuclear Fuel Waste Management, radionuclide transport, Canada; 02587.
- sorption/desorption**
catchment, sediment, phosphorus, organism, Australia, Great Barrier Reef; Queensland, Johnstone River; 01741. inverse gas chromatography, volatile organic compound, calcareous soil, organic compound, gas chromatography, USA, Nevada; 01814. Quaternary amine, organic contaminant, montmorillonite, 04380. solute transport, vadose zone contamination, runoff water quality, overland flow, soil surface, agrochemical, 02073. trichloroethylene, soil gas venting, groundwater contamination, solute transport, volatile organic compound, intraparticle diffusion model, 13591.
- sorption isotherm**
adsorptive selectivity, landfill liner, bentonite, non ionic organic contaminant, 08977. soil drying, adsorption isotherm, 0751.
- sorption kinetics**
groundwater contamination, solute transport, 13612.
- sorptivity**
infiltration rate, soil amendment, soil amelioration, gypsum slotting, hydraulic conductivity, 13407. infiltration, tropical soil, soil spatial variability, Guyana; 04394. permeameter, hydraulic conductivity, disc permeameter, 13322. soil water sorptivity, infiltration, 13323. woodland, infiltration, cryptogam cover, soil surface, porosity, Australia; 12366.
- sorptivity data**
permeameter, infiltration, disc tension permeameter, algebraic model, 03992.
- sorted polygon**
patterned ground, lodgement till, ground moraine, seasonal frost, deglaciated terrain, Iceland, Maelifellssandur; 13142.
- sorting**
abrasion, alluvial sediment, sediment transport, grain shape, grain size, UK, Wales, Severn River; Dyfi River; 14336. abrasion, clast, sandur, downstream change, Iceland; 13180. beach, shoreline erosion, texture, sediment transport, heavy mineral, Egypt, Nile Delta, Burullus Coast; 02889. channel, bed morphology, confluence, tributary, grain size, 06666. palaeocurrent analysis, sediment discharge, Proterozoic, Upper Rewa Sandstone, grain size, India, Madhya Pradesh, Maihar; 10584. palynozone, Pleistocene, borehole, sedimentation, grain size classification, Israel, Dead Sea, Sdom-2 Borehole; 06650. pinstripping, aeolian ripple, bedform, sandstone, 02882. sediment size reduction, sediment transport, abrasion, bedform, turbulence, UK, England, Lancashire, Langden Brook; 05361. sedimentation, reservoir, suspension, bedload, China, Gongzui Reservoir; 13287. source, wave height, gravel beach, roundness, Japan, Kyushu, Genkainada Coast; 10642.
- Sossus Formation**
Tsondab Sandstone Formation, ripple, aeolianite, porosity, sandstone, Namibia, Namib Sand Sea; 13160.
- SOTER**
GIS, crop yield model, environmental impact model, land resource information system, 11508. soil pollution, soil database, soil degradation, GIS, Europe; 12157.
- sound**
density, surface, whitecap, underwater sound, 06300. speed, ice wedge, cracking, cracking rate, Canada, Arctic Canada; 02829.
- sound field**
stratified medium, ray trajectory, high frequency, moving medium, Atlantic, Gulf Stream; 10093.
- sound speed**
acoustic channel, temperature, Indian Ocean; Bay of Bengal; Arabian Sea; 01238.
- sound speed field**
acoustic tomography, 07613.
- sonder**
microwave, hilly terrain, India; 10056.
- sounding**
atmospheric structure, insect, 10142. bathymetric data, exclusive economic data, USA; 02546. mesonet data, nowcast, thunderstorm initiation, 04738. sampling, field experiment, environmental model, subsoil, geotechnical engineering, data collection, 14191.
- sounding system**
radio acoustic sounding, troposphere, temperature fluctuation, 12407.
- source apportionment**
aerosol, chemical mass balance, India, Bombay; 11323. anthropogenic impact, PAH, degradation, carbon isotope, Canada, Newfoundland, St John's Harbour; Conception Bay; 14308. genetic algorithm, chemical mass balance, receptor model, 03626.
- source concentration**
groundwater flow, solute transport, parameter estimator, inverse problem, hydraulic property, 02067.
- source function**
radiative equilibrium, grey atmosphere, variational method, 11117.
- source gas**
chemical transport model, inversion algorithm, methane emission, emission, 04780.
- source identification**
organic solvent, printing plant, principal components analysis, classification/regression tree, 06103.
- source indicator**
groundwater contamination, road deicing, chloride, Canada, Ontario; 00787.
- source mechanism**
earthquake resistant building, damage distribution, geotechnical factor, Turkey, Erzincan; 09075.
- source profile**
factor analysis, target transformation, biomonitoring, Monte Carlo, 07402.
- source/receptor relationship**
long range transport, haze, aerosol, pollution, transport, Arctic; 08703. sulphur dioxide, sulphate, correlation, acidic deposition, precipitation chemistry, 06076.
- source region**
aerosol, receptor model, trajectory, heavy metal, sulphate species, Canada, Northwest Territories, Alert; 03612. carbon dioxide, methane, carbon monoxide, mixing ratio, Arctic; 08649. dust, deposition, aerosol, trace element, China, Loess Plateau; 07370. long range transport, particulate sulphate, receptor oriented methodology, Canada, Ontario, Dorset; 06102. meteorology, aerosol, trajectory, Greenland; 08514.
- source rock**
cycle, organic matter, productivity, Kimmeridge Clay, UK, England, Cleveland, Marton; 01655. mudstone, bottom water, oxygenation, Jurassic, organic matter, UK, England; 07941. sandstone, sampling scale, tectonic setting, USA; 05349.
- source/sink**
atmospheric carbon, soil management, carbon sequestration, tropical soil, 00028. atmospheric residence time, removal mechanism, greenhouse warming, sulphur hexafluoride, 01310. biogenic trace gas, biomass, high latitude ecosystem, 00037. carbonyl sulphide, carbon disulphide, emission rate, global distribution, 00047. climate change, mitigation, biotic carbon, 03912. conifer plantation, drained peatland, carbon, UK; 05099. estuary, carbon dynamics, organic carbon, phytoplankton production, riverine loading, USA, California, San Francisco Bay, Suisun Bay; 01981. land use, climate, terrestrial carbon, 03913. methane flux, methane exchange, biogenic gas, northern wetlands study, atmospheric trace gas, Canada, Hudson Bay Lowland; Quebec, Labrador; Canada, James Bay; 00036. methane, nitrous oxide, ozone, atmospheric-biospheric chemistry, 10319. nitrous oxide, laboratory experiment, 13829. northern wetlands study, trace gas, flux measurement, atmospheric chemistry, wetlands, Canada, Hudson Bay Lowlands; 10324. river water chemistry, lake water chemistry, Kjeldahl nitrogen, wetlands, ecotone, nitrogen transport, Poland, Masuria, Krutynia River; 05748. temperature, salinity, carbon dioxide fugacity, variability, Southern Ocean; Indian Ocean; 08996.
- source strength**
global budget, methane cycle, greenhouse effect, 02623.
- South Polar Expedition**
Ratzel, R., German research, Antarctica; 11648.
- Southchurch Gravel**
Lynch Hill Gravel, correlation, terrace deposit, offshore continuation, Rochford Gravel, UK, England, Essex, Thames-Medway Valley; 00263.
- southerly buster**
dynamic structure, coastal topography, Australia; 02241. model, front, strong squall, Australia; 02240.
- southerly flow**
climate change, weather (1881-1991), Germany; 03536.
- southern beech**
forest floor, soil respiration, carbon budget, New Zealand; 09480.
- Southern Hemisphere**
anticyclonicity, cyclonicity, monthly means, synoptic climatology, 09819. autumn (1992), seasonal summary, climate summary, 13697. climate drift, 02333. climatology, snow cover, climate index, satellite data, 14941. decadal variation, annual cycle, atmospheric circulation, Australia; 04604. El Nino/Southern Oscillation, summer (1991-1992), seasonal summary, climate summary, 13696. extratropical cyclone, cyclone climatology, 09822. general circulation, South America, Andes; 14901. ground based measurement, carbonyl fluoride, hydrogen fluoride, fluoride reservoir species, New Zealand, Lauder; 14978. intraseasonal variability, katabatic wind, planetary flow regime, Antarctica; 04615. lead pollution, snow record, Antarctica; 15032. low frequency anomaly, storm track, cyclogenesis mode, primitive equation model, blocking, 11197. methane, airflow, mesospheric air, polar vortex, stratosphere, 03439. planetary wave, interannual variability, stratospheric circulation, 02177. polar vortex, halogen occultation experiment, air mass, spring, 12445. sea ice, general circulation model, cyclone behaviour, 07247. sea level, pressure variability, spectral analysis, 00856. seasonal cycle, total column, nitric acid, middle latitudes, New Zealand, South Island, Lauder; 13842. sensible heat, transient eddy, temperature gradient, 02182. spatial correlation, mesospheric scatterer, middle atmosphere, ME radar, 11479. stratosphere, polar vortex, potential vorticity gradient, microwave limb sounder, water vapour, 03553. wave train, intraseasonal interaction,

- tropics, extratropics, 02184. winter (1991), climate analysis, Australia; 02163. winter, chlorine monoxide, ozone, stratosphere, 03557.
- Southern Oscillation**
atmosphere-ocean interaction, rainfall anomaly, ship observation, Indian Ocean; 08544. drought, flood, China; 03429. El Nino, La Nina, streamflow, USA, (Southwest); 14885. interannual variability, rainy season, teleconnection, rainfall, Ethiopia; Indian Ocean; Somalia; 02305. Northern Hemisphere, stratosphere, 11143. oceanic heat flux, interannual variability, monsoon, India; 03432. quasi biennial oscillation, climate pattern, extreme mode, summer, rainfall, South Africa; 02166. rainfall event, interannual variability, trend, Australia; 04719. rainfall variability, rainfall, Australia, Northern Territory, Darwin; 02299. rainfall variation, global study, summer monsoon, sea surface temperature, India; 05057. westerly wind, zonal index, interannual variability, Australia; 02175.
- southern oscillation index**
correlation, non stationarity, drought, sea surface temperature, 04602. El Nino, Atlantic; 09853. El Nino, sea ice, Antarctica; 13734. predictor, seasonal rainfall, rainfall, Australia; 06006. pressure, temperature, Antarctica; 04610. time series, nonlinear time series, forecast, 13788.
- southern winter**
ozone, Microwave Limb Sounder, stratospheric wave, temperature, 03442.
- Soviet/American desert dust experiment**
desert, deposition, transport, dust, Tadzhikistan, Kafirnigan River Valley; 07383. dust aerosol, dust mineralogy, chemistry, Asia(Central); Tadzhikistan; 07386. dust storm, synoptic meteorology, Tadzhikistan; 07384. dust, aerosol, microstructure, lognormal, particle size distribution, Tadzhikistan, Kafirnigan River Valley; 07378. dust, aerosol, optical model, optical parameter, radiative effect, Tadzhikistan; 07387. size distribution, dust, aerosol, deposition, Tadzhikistan; 07385.
- soybean**
corn crop, crop yield, leaf area index, biomass, plant height, Thematic Mapper, USA, Ohio; 11519. maize, Mollisol, vetch, nitrogen mineralization, crop residue, USA, Illinois; 10802. passive microwave measurement, biomass increase, microwave emission, 07587. soil water movement, soil root system, solute transport, salt accumulation, water uptake, 08396.
- soybean plot**
irrigation, water management, aerial photography, 02517.
- soybean yield**
spatial averaging, meteorological data, physiological model, regional scale, 04620.
- space**
earth science, data compression, information system, archival system, 02397. structure, emulator, 02415.
- space borne data**
coastal zone, image processing, India, Goa; 12823.
- space charge formation**
ground level, charging process, wind, evaporation, 07192.
- space exploration**
Huygen's probe, Titan; 10192.
- space geodesy**
wet path delay, water vapour pressure, 03664.
- space image**
ice shelf, ice recession, recession rate, Antarctica, Antarctic Peninsula, Larsen Ice Shelf; 02850.
- space object**
imaging radar, object image, 01085.
- space radar**
radar, training manual, SRL, 15044.
- space science**
technology, education, 02368.
- space shuttle**
re-entry data, middle atmosphere, gravity wave, tidal structure, 02226. short term forecasting, launch operation, thunderstorm, forecast, 02309.
- space shuttle photography**
tidal zone, tidal parameter, USA, Delaware Bay; 01239.
- space/time**
remote sensing, landscape, 10261. stochastic model, atmospheric circulation pattern, precipitation, daily precipitation, 06000. train, GIS, emergency planning, Canada; 10267.
- space/time analysis**
volcanic soil, soil water status, Italy; 12055.
- space/time scaling**
GIS, four dimensional topology, 11427.
- space/time structure**
catena, geomorphological process, 11644.
- space/time variability**
solar radiation, 03410.
- spaceborne instrumentation**
World Climate Research Programme, climatology, hydrological cycle, global energy cycle, 03931.
- spaceborne lidar**
planetary boundary layer, global climate model, lidar, 01074.
- spacecraft**
navigation, GPS, position determination, 01097.
- spaceflight instrument**
laser altimeter, ranging, Mars; 10193.
- spalling**
granophyre boulder, spinifex fire, semiarid environment, fire effect, boulder weathering, Australia, Western Australia, Pilbara; 07744.
- spark ignition engine**
oilburner, adsorption, desorption, combustion particle, photoelectric yield, carbonaceous particle, 06014.
- sparse canopy**
heat flux, surface radiometric temperature, millet, Niger; 07591.
- sparse matrix**
gear code, photochemistry, atmospheric model, sparse matrix, stiff ODEs, 11291. stiff ODEs, sparse matrix, gear code, photochemistry, atmospheric model, 11291.
- Spartina alterniflora**
barrier island, nutrient, salinity, redox, salt marsh, USA, Virginia Coast; 04258.
- Spartina patens**
subsidence, coastal marsh, organic matter, accretion, sea level rise, USA, Louisiana; 08055.
- spatial access**
relational database, geographical database, database technology, 11426.
- spatial analysis**
data capture, temporality, data conversion, environmental system, GIS research, 13961. digital database accuracy standard, digital mapping, GIS, Israel; 08821. GIS functionality, multimedia, 08797. GIS, lifestyle profiling, health service, UK, England, West Midlands, Walsall; 08965. health care, GIS, UK, England, Cheshire, Wirral; 05051. impact crater, Viking Orbiter image, geometry, ejecta blanket, Mars, Hesperia Planum; 01405. local authority, GIS user, maps, 11574. map, GIS, ARC/INFO, database, 06171. moose, boreal forest, beaver, GIS, forest vegetation, 01227. rainfall, drought, India, Andhra Pradesh, Cuddapah District; 05993. statistical analysis, spherical data, temporal analysis, methodology, coordinate system, 09002.
- spatial autocorrelation**
predictive model, spatial modelling, 05110.
- spatial averaging**
meteorological data, physiological model, regional scale, soybean yield, 04620. Richards equation, Green-Ampt model, infiltration, unsaturated flow, heterogeneity, 14706.
- spatial averaging errors**
hemispherical reflectance map, sampling, knowledge based system, 01196.
- spatial concept**
GIS, 12695.
- spatial context**
geobotanical program, rule based classification, granite/greenstone terrain, Canada, Ontario, Quetico Provincial Park; 03792.
- spatial correlation**
drainage displacement, pore throat, percolation theory, capillary pressure, porosity, 02028. function model, 07166. ground control point, image registration, 07443. interdecadal variability, global, temperature data series, 01023. kriging, stationarity, interpolation, spatial/temporal process, 00613. mesospheric scatterer, middle atmosphere, ME radar, Southern Hemisphere, 11479.
- spatial correlogram**
GIS, AIDS epidemic, diffusion, USA; 06331.
- spatial cross covariance**
cross covalidation method, aquifer characteristics, sandy aquifer, transmissivity, hydraulic head, Spain, Donana National Park; 02059.
- spatial curves**
two dimensional, geometrical transformation, 12690.
- spatial data**
change detection, statistical method, time series, boundary detection, 06421. data quality, symbology, 15096. data quality, visualisation, 06182. dataset merge, merging, USA, Maryland; 12704. GIS, taxonomy, data model, 02422. Hurricane Andrew, GIS, emergency mapping, USA; 06351. national standard, standardisation, 08802. surveying, management, Australia; 12657. visualisation, DEMs, digital data, 12717.
- spatial data exchange**
logical data structure, GIS, 08801.
- spatial data handling**
new town, Netherlands, Flevoland, Almere; 08959.
- spatial data processing**
GIS, business information system, 01276.
- spatial data quality**
quality determination, GIS, 13973.
- spatial database**
error, uncertainty, 10109.
- spatial dataset**
developing country, project staff, GIS, 08948. generalisation, GIS, 08799.
- spatial decision making**
artificial intelligence, neural network, GIS, 01143.
- spatial decision support system**
LIS, spatial science, GIS, standard, 03696. real estate investment, decision making, 03852.
- spatial dependence**
soil science, design approach, modelling, sampling strategy, 05112. TM, grassland, 04980.
- spatial dimension**
physical geography, geomorphology, landform, morphodynamics, environment, 06441.
- spatial disaggregation**
terrain, soil type, land cover, evaporation, Australia, New South Wales, Goulburn Lockyersleigh; 08299.
- spatial distribution**
chlorinated hydrocarbon, pine needle, contamination level, Europe; 10297. coastal zone, mountain region, snow cover, snow chemistry, Japan; 05823. dating, Viking data, Hesperian, Martian channel, statistics, Mars; 00146. denitrification, riparian forest, forest soil, nitrogen, France; 06398. erosion, rainfall event, extreme event, Poland, West Pomerania; 12186. evaporation, net radiation, aerodynamic resistance, canopy resistance, digital terrain analysis, Penman-Monteith equation, 08300. extreme event, rainfall distribution, flood, Spain, Catalonia; 13455. late glacial, pollen stratigraphy, numerical analysis, Younger Drays, Allerod, Switzerland; 07877. mantle diapir, corona chain, Venus; 09078. organochlorine, water, sediment, global redistribution, Asia; 10298. precipitation, hydrogeological process, altitude, karst area, cokriging, Turkey, Taurids; 00614. precipitation, mountain area, Lagrangian transport, dynamic modelling, 00971. rainfall maximum, extreme event, cluster analysis, flood peak, principal components analysis, Japan, Kinki District, Yamato River Basin; 08334. salt marsh, palaeoecology, sediment depth, diatom, USA, New England; 01703. sediment transport, correlation analysis, sediment yield, rainfall classification, 08272. storm-water, drainage system, water management, surface water accumulation, urban runoff, China, Shanghai; 08441. suspended sediment, sedimentation process, potential erosion, sediment inflow, sediment yield, Baltic Sea; 00641.

- spatial distribution model**
climate change, water balance, runoff, soil moisture, evapotranspiration, USA, Washington, Columbia River Basin; Oregon, Columbia River Basin; 05059.
- spatial expert system**
modelling, environmental problem, 10195.
- spatial filter**
video imagery, classification accuracy, 07482.
- spatial filtering**
extended range forecast, forecasting, predictable flow, 01010. land cover mapping, land cover classification, Kenya; 01203.
- spatial grid**
two dimensional, spherical harmonic series, cloudy atmosphere, radiative transfer, 11118.
- spatial heterogeneity**
Precambrian shield, overland flow, subsurface flow, runoff chemistry, hydrological pathway, elemental transport, 09652.
- spatial information**
communication system, 02425. data quality, digital database, cartographic design, 13987. error theory, GIS, quality control, 07495. industry, surveying, cartography, professional organisation, 12659. remote sensing, commercial programme, 12653.
- spatial information system**
environmental radiation, monitoring, GIS, 01281. Federal planning, Switzerland; 11567. municipal LIS, Netherlands, Enschede; 01275. temporal reference, urban environment, modelling formalism, 07493.
- spatial integration unit**
geographical database, soil erosion risk, runoff, France, Nord-Pas-de-Calais; 08234.
- spatial interaction**
GIS, 15098.
- spatial interconnections**
Earth surface, areal differentiation, Earth observation, 11626.
- spatial interpolation**
kriging, nearest neighbour method, soil classification, water retention curve, 14483. kriging, radial basis function, spline, 14462.
- spatial light modulator**
phase coherent image, Fourier processing, 07483.
- spatial model**
atmospheric deposition, precipitation, USA; 02448. distributed model, input data, GIS, hydrological model, 04428. Monte Carlo approach, Walker Lake model, simulation, sampling design optimization, 06408. vegetation damage, rocket exhaust effluent diffusion, hydrochloric acid deposition, USA, Florida, Kennedy Space Central; 14039.
- spatial modelling**
GIS, GIS operation, point interpolation, error propagation, 11432. school location, decision support system, GIS software, USA; 07648. sediment yield, soil loss, ANSWERS, runoff model, UK, Devon, Yendacott; Netherlands, South Limburg, Etzenrade; Netherlands, South Limburg, Catsop; 00651. spatial autocorrelation, predictive model, 05110. squatter settlement planning, GIS, cost/benefit analysis, interactive GUI, Malaysia, Kuala Lumpur; 11569.
- spatial moisture distribution**
soil compaction, mountain forest steppe, Mongolia; 01191.
- spatial observation**
successive correction, Gaussian filter, interpolation, filtering, 08582.
- spatial organisation**
disturbance, gold mining, landscape adjustment, Russian Federation, Siberia, Patomskiy Highlands; 00021.
- spatial pattern**
beach deposit, aeolian transport, geomorphology, coastal sediment, grain size, Hawaii, Oahu, Waimanalo Beach; 14344. drought (1900-1989), Palmer index, USA; 11266. height field (500-hPa), Northern Hemisphere, winter, cluster analysis, 11183. lake water chemistry, physical scale, chemical scale, reservoir, UK, Scotland, Loch Lomond; Cumbrian, Esthwaite Water; 07041. landsliding, subsidence, expert system technique, hazard study, Cyprus; UK, England, Ripon; 08961. late glacial, palynology, lake sediment, environmental change, temporal pattern, Netherlands; 13070. rotated principal components, Palmer drought severity index, drought region, dendrochronology, USA; Canada; 07324.
- spatial point process**
clustering, Ripley's K, point pattern, Canada, Alberta, Beaverhill Lake; 13960.
- spatial procedure**
data query, hypertext GIS interface, 08796.
- spatial process modelling**
geographical theory, artificial intelligence, exploratory data analysis, parallel computing, 13971.
- spatial query**
GIS, data supply, Taiwan; 06181.
- spatial rainfall**
multicomponent decomposition, rainfall field, wavelet transform, 05991. rainfall field, self similarity, multicomponent decomposition, 05990.
- spatial reasoning**
image algebra, symbolic projection, 03683.
- spatial regression**
dendrochronology, climate reconstruction, 13038. regression model, software, 15097.
- spatial relationships**
multivariate geostatistics, geostatistics, redundancy analysis, coregionalisation, 10081. order, poset, topology, set, 02423.
- spatial rendering**
geomatics, methodology, environmental application, visualisation, Canada, Alberta, Calgary; 13991.
- spatial resolution**
classification accuracy, land cover classification, mixed pixels, USA, Ohio, Kent; 11410. geographic information theory, fractal, fractal dimension, landscape, 07736. melting technique, trace species, ice core, continuous analysis technique, Greenland, Summit; 09244. multispectral sensor, resolution, coarse resolution, mixing model, 02446. satellite imagery, resolution enhancement, 10085. Sojuzkarta KFA-1000, Landsat, SPOT, ice marginal fluctuation, Svalbard, Spitsbergen; 03842. texture, microwave, backscatter, USA, Maine, Howland; 15165.
- spatial sampling**
fractured rock, karst system, remote sensing, geophysical method, 07819.
- spatial scale**
climate model, parameterisation, hydrology, orography, 05931. hydrology, scaling, hydrological parameterisation, rainfall/runoff relationship, Australia, Western Australia; 08323. seasonal change, survey, bar movement, beach profile change, USA, North Carolina, Duck; 11661.
- spatial science**
GIS, standard, spatial decision support system, LIS, 03696.
- spatial similarity**
spatial simulation, event probability correlation analysis, 07485.
- spatial simulation**
event probability correlation analysis, spatial similarity, 07485.
- spatial statistics**
autoregressive model, kriging, interpolation, 01140. cadmium pollution, interpolation method, sampling, prior information, 10336.
- spatial/temporal dynamics**
AVHRR, environmental monitoring, data saturation, Africa, (West); 02500.
- spatial/temporal model**
summer, ozone distribution, sea breeze, photochemical oxidant, Italy, Ravenna; 01034.
- spatial/temporal process**
spatial correlation, kriging, stationarity, interpolation, 00613.
- spatial topology**
relational database, temporal GIS, time topology, 13964.
- spatial variability**
albedo, aerodynamic roughness, evaporation, potential evaporation, surface temperature, 08298. areal rainfall, rainfall data, daily rainfall correlation, monsoon, wet zone, Sri Lanka; 05655. basin characteristics, river water quality, ion, heavy metal, 07035. canopy storage, interception, climate model, Rutter model, 05659. centimeter scale variability, precipitation chemistry, 13461. ceramic cup sampler, porous ceramic cup, nitrate leaching, soil sampling, 08126. dendrohydrology, tree ring analysis, temporal variability, 04430. drainage network, topographic surface, fractal dimension, chaos theory, 02631. drought severity, frequency, Nigeria; 12185. dry deposition, canopy exchange, solute flux, throughfall flux, spruce forest, 03208. dust, aerosol, glaciochemical signal, glacier, snow chemistry, Asia, (Central); 07375. floodplain sediment, resuspension, element, weathering, Brazil, Amazon River; 00366. geochemical model, runoff water quality, acidification, buffering capacity, catchment characteristics, 12268. groundwater contamination, fluid distribution, oil spill, hysteresis, oil entrapment, 02071. heavy metal, soil, groundwater, seasonal dynamics, 02613. hydraulic conductivity, transmissivity, groundwater flow, geostatistical analysis, Canada, Alberta Basin, Wabiskaw; 14726. intertidal marsh, estuary, sediment elevation, sea level rise, geomorphology, USA, Maryland, Patuxent River; Rhode River; USA, South Carolina, North Inlet; 04178. land surface, heat flux, parameterisation, 13720. Langmuir isotherm, groundwater flow, solute transport, sorption, 07095. management, dredged sediment, water quality, sediment quality, temporal variability, Germany; 10710. monsoon, cyclone, atmospheric circulation, precipitation distribution, temporal variability, Nepal, Himalayas, Langtang Valley; Kathmandu; 10887. mountain basin, hydrological process, Slovak Republic; 06967. prediction error, error estimation, pooling, geostatistics, 00067. rainfall response, rainfall/runoff relationship, time/area runoff prediction, UK; 06956. rainfall/runoff relationship, runoff sensitivity, rainfall variability, temporal variability, 05678. rainfall, small scale variability, Africa, Sahel; 05994. redox potential, groundwater discharge zone, 14495. regression model, mean annual runoff, runoff, landscape, Slovakia; 04441. regularisation technique, geostatistics, hydraulic conductivity, 02061. runoff regime, catchment characteristics, acidification, runoff water quality, Canada, Ontario; 12269. salinity, suspended sediment concentration, thermocline, nutrient supply, seasonal cycle, North Sea; 00053. salt marsh, tidal inundation, particulate flux, estuary, nutrient exchange, USA, Georgia, Cumberland Island; 01970. scale effect, nugget effect, sampling pattern, geostatistics, hydraulic conductivity, 02060. seismic velocity, Bayesian updating, groundwater flow, permeability, aquifer parameter, 05794. soil physical property, soil chemical property, soil texture, bulk density, calcium carbonate, infiltration, Saudi Arabia; 02032. soil reconstruction, mine soil, geostatistics, USA, Montana, Rosebud Mine; 06810. soil sampling, soil water content, China, Shandong, Guan County; 10747. soil water chemistry, groundwater contamination, soil property, soil water flux, 00764. solute concentration, solute transport, advection/dispersion equation, groundwater quality, UK, England, Sherwood Aquifer; 14751. solute transport, Freundlich isotherm, 14492. temporal variability, factorial kriging analysis, spring water chemistry, Belgium, Dyle River; 02082. temporal variability, groundwater quality, river water chemistry, aquifer recharge, surface water-groundwater interaction, redox chemistry, France, Grenoble, Drac River; 12320. temporal variability, ice breakup, ice strength, river ice, 04554. temporal variability, precipitation series, agricultural land use, harmonic analysis, Greece, Macedonia; 08275. temporal variability, runoff, evapotranspiration, variable source area, root zone evaporation, soil moisture dynamics, UK, Wales, Plynlimon; 09597. time scale, vadose zone, carbonate diagenesis, sandstone, 11932. triazine, river water quality, herbicide, USA, Mississippi River; 07029. turbulent flux, roughness length, vegetation, 03456. upwelling, nutrient, particulate matter, chlorophyll, silicate, USA, Nevada, Pyramid Lake; 07045. urban precipitation, deposition, precipitation chemistry, UK, England, Manchester; 04806. water retention curve, soil hydraulic property, 14489. weather network, seasonal pattern, USA; 12435.
- spatial variation**
copper, lead, zinc, sampling, marine sediment, heavy metal concentration, Australia, New South Wales, Botany Bay; 09256. dielectric constant, water status, forest, USA, New Hampshire, Durham; 15164. Holocene, climate, periodicity, China; 01528. soil water flux, hydraulic conductivity, soil suction, 09684. temporal variation, groundwater flow, temperature distribution, groundwater temperature, Japan, Tokushima Prefecture, Egawa River; 08408.

- spatially clustered sampling**
cell declustering method, entropy statistic, population parameter, 00062.
- spatially varied flow**
rockfill embankment, overtopping, free surface flow, seepage flow, 12214.
- spatio/temporal evolution**
meteorology, onset, monsoon, India; 00852.
- spatio/temporal model**
GIS, map class, overlay analysis, 10104.
- spatio/temporal simulation**
ecological process, watershed, artificial intelligence, 01225.
- spatio/temporal system**
GIS, timestamp, update, 03698.
- spatio/temporal trend**
lake effect, snowfall, snowfall data (1951-1980), North America, Great Lakes; 08633.
- spatio/temporal variability**
acidic deposition, precipitation quality, Canada, Quebec, Montreal Island; 14600. Latosol, Alfisol, soil hydraulic property, Brazil, Sao Paulo, Piracicaba; 12151. precipitation assessment, urban hydrology, short term rainfall, small scale rainfall, Eulerian technique, Lagrangian technique, 13454. runoff generation, subsurface flow, saturation excess, infiltration excess, overland flow, Switzerland, Haute-Mentue; 13477.
- spawning behaviour**
bed topography, salmonid, particle size distribution, 03229.
- spawning gravel**
particle size distribution, salmonid, 03230.
- spawning ground**
herring, organic carbon, gravel bed, UK, Scotland, Firth of Clyde; 04293.
- Spearman statistic**
incomplete data, rank test, trend, 11628.
- speciation**
absorption, copper, partitioning, estuarine water, organic matter, 08034. arsenic, lake sediment, X-ray photoelectron spectroscopy, Japan, Hokkaido, Lake Mashu; Aomori Prefecture, Lake Usori; 14394. contaminated sediment, tributyltin, antifouling, 14312. deep sea sediment, sinking particulate, organic carbon, trace metal, Atlantic; 09322. Holocene, contamination, UK, Scotland, Galloway, Loch Dee; 00456. marine sediment, arsenic, oxidation, extraction, Spain, Galicia, Pontevedra Estuary; 09391. mercury, baseline, Antarctica, Ross Island; 06082. metal, contamination, cadmium, lead, copper, India, Yamuna River; 03028. nuclear reactor accident, caesium, radiocaesium, solubility, 02353. partitioning, salt marsh sediment, extractant, iron, 11871. trace metal, biochemical availability, dissolved metal, river water chemistry, New Zealand, Otago, Manuherikia River; 04480.
- speciation analysis**
stannous chloride, sulphur, ancient sediment, 01574.
- speciation model**
transport model, clayey soil, calcareous soil, strontium migration, sandy soil, advection/dispersion, France; 03333.
- species assemblage**
weighted averaging regression, regression, environmental variable, 06425.
- species conservation**
SPOT, tropical vegetation, cloud cover, spectral cluster, Polynesia, Cook Islands, Miti'aro; 07564.
- species distribution**
sampling method, forest surveying, dry tropical forest, GIS, crown-line intersect sampling, Madagascar; 01213.
- species diversity**
palaeoecology, habitat destruction, precipitation, sedentism, carnivore, Quaternary (late), Israel; 13054.
- species identification**
fish shoal, statistical analysis, fishery, echo integration, 07641.
- species richness**
aerial colour IR photo, structural diversity, mire, 01206. carbon dioxide level, global climate change, GIS model, atmospheric carbon monoxide, USA, Texas; 14040.
- species sensitivity**
risk analysis, linear alkyl benzene sulphonate, toxicity test, 07692.
- specific capacity**
transmissivity, fractured aquifer, stratiform aquifer, pumping test analysis, tectonics, hydrothermal effect weathering, Djibouti; 14718.
- specific conductance**
total dissolved solids, suspended matter, chlorinity, effluent, fractionation, India, Tamil Nadu, Cauvery Estuary; 05485.
- specific discharge**
hydraulic conductivity, hydraulic gradient, stream function, groundwater flow, Canada, Ontario, Borden; 07059.
- specific energy concept**
flow profile analysis, channel geometry, transition flow, water surface profile, open channel flow, 10939.
- specific humidity**
wind velocity, water vapour flux, one year record, ice core data, tropospheric river, 12450.
- specific storativity**
well bore storage, groundwater process, hydraulic conductivity, storativity, flowmeter test, 14727.
- specific surface area**
water vapour adsorption, vacuumising, 14476.
- speckle**
radiometric quality, SAR, clustered pixels, 13947.
- speckle filtering**
SAR, adaptive speckle filter, 02412.
- speckle reduction**
filtering, weighting filter, 02405.
- speckle removal**
SAR, wavelet decomposition, classical filtering, 07491.
- SPECMAP project**
grain size, Quaternary, oceanic record, loess, periodicity, palaeoclimate, 13024.
- SPECMAP record**
climate instability, ice core record, climate change, last glaciation, Greenland, Summit; 00175.
- spectra**
global topography, spherical harmonic analysis, geophysics, planet topography, Earth; Venus; Mars; 01339. gravity wave, mesoscale fluctuation, wind velocity, model spectra, 07291. leaf spectrum, chlorophyll, fluorescence, 15159. semiarid watershed, canopy spectra, vegetation, USA, Arizona, Tombstone, Walnut Gulch; 15176.
- spectra analysis**
subfossil pollen, wind transport, spore, pollen, Ukraine, Carpathians; Khibini Mountains; Georgia; 09185.
- spectral albedo**
aerosol, Thematic Mapper, radiative transfer model, 11480. soil moisture, radar backscattering, lidar measurement, fractal geometry, geophysical field, radio altimetry, 07470.
- spectral analysis**
climate change, Reed dolomite, USA, California, White-Inyo Range; 02443. hydrosilicate mineral, Landsat TM, mineral exploration, geological mapping, Australia, Queensland; Egypt, Sinai; 03746. lake current system, internal wave, caldera lake, wind effect, Japan, Hokkaido, Kuttara Lake; 09621. Mineral Spectral Absorption Index, airborne imaging spectrometer, 03750. palaeotemperature, time series, Brunhes Chron, Matuyama Chron, orbital parameters, Pacific, (North); 14223. principal components analysis, surface pressure, tropics, 14840. Southern Hemisphere, sea level, pressure variability, 00856.
- spectral anomalies**
hydrothermal alteration, gold mineralization, sericite, Brazil, Minas Gerais State, Morro do Ouro; 03742.
- spectral approach**
zonal wave number, mean circulation, tide, middle atmosphere, 14896.
- spectral brightness**
phytometric statistics, triticale, 08882.
- spectral characteristics**
Kalman filter system, data assimilation, interpolation, 00918. unstable condition, turbulent transfer, urban surface, 07222. velocity temperature, boundary layer, turbulence spectrum, China, Tianjin; 14869.
- spectral cluster**
species conservation, SPOT, tropical vegetation, cloud cover, Polynesia, Cook Islands, Miti'aro; 07564.
- spectral curve**
radiometric survey, mapping, data processing, alteration, Bolivia; 02552.
- spectral data**
sulphur dioxide, stratosphere, volcano, Philippines, Pinatubo Mountain; 03594. vegetation, radiometer, hydrology, semiarid rangeland, USA, Arizona, Tombstone, Walnut Gulch; 15148.
- spectral density characteristics**
maximum entropy method, computer experiment, autoregression process model, density estimation, maximum entropy method, 09003.
- spectral dependency**
extinction profile, aerosol, India; 12619.
- spectral differentiation**
Landsat TM, data analysis, soil property, 01776.
- spectral distribution**
aerosol spectra, drop size spectra, cloud condensation nuclei, 05971. solar radiation, Greece, Athens; 05887.
- spectral dome transmittance**
infrared radiation, downward IR spectral flux, 01087.
- spectral element**
finite element method, computer model, advection/dispersion equation, solute transport, groundwater flow, 07060.
- spectral endmember**
thresholding, RMS, error minimisation, 02406.
- spectral enhancement**
geological structure, Landsat TM, unsharp masking, bedrock mapping, Saudi Arabia; 03780.
- spectral estimation algorithm**
Fourier spectroscopy, remote sensing, optimisation, fast Fourier transform, 05878.
- spectral field measurement**
pushbroom scanning device, spectral significance, vegetation classification, 07437.
- spectral flux**
global spectra, energy, enstrophy, 03444.
- spectral frequency plot**
n-dimensional probability density function, image analysis, classification, 11409.
- spectral geology**
stratigraphic analysis, geological hazard, remote sensing, 03734.
- spectral image analysis**
land use, 10255.
- spectral index**
wheat yield, canopy, temperature, 12742.
- spectral information**
TM, SPOT, geology, 04951.
- spectral interval**
water vapour continuum, FASCODE model, transmission measurement, 13666.
- spectral irradiance attenuation**
asymptotic optical attenuation, optical attenuation, water, attenuation coefficient, 00690.
- spectral irradiance monitor**
UARS, preflight calibration, solar ultraviolet irradiance, 01078.
- spectral irradiance scale**
SeaWiFS, oceanographic radiometer, 08750.
- spectral measurement**
solar radiation, China, Beijing; 08496.
- spectral mechanistic model**
stratopause, wind, tracer evolution, 13741.

- spectral mixing**
soil surface, vegetation, 15182.
- spectral mixture**
surface reflectance, AVIRIS, empirical line, radiative transfer, USA, Nevada, Lunar Crater; Utah, Pavant Butte; 15141.
- spectral mixture analysis**
AVIRIS, alpine snow, snow, USA, California, Sierra Nevada; 02531.
- spectral model**
shallow water equation, dealiased spectral model, nonlinear computation instability, Fourier transform, aliased spectral model, 00072. variational data assimilation, four dimensional, data assimilation, moist threshold, 08573.
- spectral numerical solution**
global shallow water equation, error, shallow water equation, 11187.
- spectral objective analysis**
smooth meteorological field, data assimilation, initialisation, 08566.
- spectral radiance**
bark beetle infestation, vegetation dynamics, climate change, high spatial resolution, USA, California, Cuyamacas State Park; 03797.
- spectral radiance observation**
cloud water content, cloud radiative property, 01168.
- spectral radiometer**
radiometry, volcanic gas, volcano, remote measurement, Japan, Kyushu, Unzen; 02476.
- spectral radiometry**
dye dispersion, 05014.
- spectral range**
stereoscopy, land system, land use mapping, tropics, ground resolution, Belize; 12855.
- spectral reflectance**
biomass, pigment, photosynthesis, aquatic vegetation, USA, California, Searsville Lake; 04978. maximum likelihood classifier, vegetation cover, climate gradient, Australia, Northern Territory; 11513. red spruce, water content, USA, New Hampshire, White Mountains, Moosilauke Mountain; 02513. reflectance response, big sagebrush, hydrocarbon stress, USA, Wyoming, Bighorn Basin; 10213. shrub canopy, desert plant community, ground radiometry, 11514. snow, snow grain growth, stereological measurement, 03838. spectroscopy, gold placer, geobotanical anomaly, mineral exploration, USA, Utah, La Sal Mountains; 02467. Sphagnum, reflectance measurement, 02524. vegetation, dry leaf, USA, Oregon; 15184. vegetation, infrared, USA, Oregon; 15183. weed, no-till, minimum tillage, herbicide, 14022.
- spectral resolution**
arable crop, forest, TM, land usage, Brazil, Parana, Londrina; 10256. infrared, crop cover, 06285.
- spectral scaling**
Reynolds number, laboratory, boundary layer, 07236.
- spectral signature**
ice sheet, ground traverse, passive microwave, Antarctica; 02534. oil slick, emulsification, 03811.
- spectral significance**
vegetation classification, spectral field measurement, pushbroom scanning device, 07437.
- spectral structure**
sea surface temperature, time scale, temporal evolution, Pacific, (North); 04656.
- spectral technique**
fast Fourier transform, advection, limited area model, time-dependent boundary conditions, shallow water equation, 06413. oscillatory current, frequency domain, wave current data, time series analysis, UK, England, Devon, Slapton Sands; 10381.
- spectral transmission**
optical phenomena, sun colour, blue sun, USA, New Mexico; 12433. ultraviolet, ozone layer, aerosol, atmosphere, 12422.
- spectral variable**
biomass, forest, canopy, 06266.
- spectral vegetation index**
vegetation index, shrub cover, USA, New Mexico, Jornada Basin; 10203.
- spectro-polarimeter**
ground truth, data collection, terrain surface, 10189.
- spectrofluorimetry**
PAH, industrial pollution, urban soil, Estonia, Tallinn; 14581. pollution, PAH, marine pollution, Adriatic Sea; 07943.
- spectrographic imager**
reservoir, CASI, water quality, USA, Tennessee Valley; 12830.
- spectrographic plate**
ozone hole, Dumont d'Urville station, total ozone (1958), Antarctic; 13860.
- spectrometer**
ALIAS, IR laser absorption spectroscopy, stratosphere, Antarctica; 10150. high energy particle spectrometer, vector magnetometer, particle environment monitor, global energy input, atmospheric X ray imaging spectrometer, medium energy particle spectrometer, 01075. ion formation, aerosol, 10165. LAI, AVIRIS, canopy biochemistry, USA, Oregon; 15177. remote sensing, land degradation, TM, erosion hazard, Mediterranean; 15125. stratospheric, trace gas, balloon, infrared, France, Aire-sur-l'Adour; 12727. TOMS, seasonal cycle, wave, ozone, subtropics, Greece, Athens; 15113. trace gas, stratosphere, diode, laser, 04940.
- spectrometric system**
trace multichannel spectrometer, environmental change, pollution, Bulgaria; 07436.
- spectrometry**
AGRS, aerospace data, uranium exploration, India, Bastar; 12864. airborne geophysical mapping, aeromagnetic survey, accurate position fixing, magnetic recording, 07536. comparative study, DOAS, 05860. HPLC, amino acid synthesis, anoxic lake, chromatography, Japan, Nakanoumi Lake; 13554. nitrate, ultraviolet spectrometry, 01803. nitrous oxide, emission spectrometry, nitrogen, 06842. oxygen, methane, carbon dioxide, peat gas, 12089. sea surface, satellite, 05003. soil digestion method, element concentration, trace element, ICP-MS, Saudi Arabia; 13344. soil water measurement, gamma-ray, 03080. water quality analysis, laboratory error, ICP-ES, ICP-MS, 13497.
- spectrophometric determination**
nitrate, environmental sample, extraction method, 07668.
- spectrophotometer**
ozone, absorption coefficient, Dobson ozone spectrophotometer, 09995. radiative transfer equation, ozone, Australia; 01181. stray light model, Dobson instrument, ozone, total ozone, measurement error, 13822.
- spectrophotometry**
air, nitroglycerine analysis, 12561. ammonium acetate acid, extractant, acidic soil, cation exchange, 01794. fish, sediment, river water quality, trace metal, contaminant concentration, Pakistan, Ravi River; 13537. heavy metal, kelp, coastal water quality, Chile, Magellan Straits; 06991. natural object, calibration, remote sensing, 04841. soil colour measurement, tristimulus value, Munsell colour, 12050. soil water content, cation exchange capacity, organic matter, USA, Illinois; 13317. sulphate determination, extractant, turbidimetry, colorimetry, ion chromatography, 06848. water quality analysis, nitrite, groundwater quality, ammonium, ion chromatography, Senegal, Dakar, Pikine; 07079. zinc, cadmium, dissolved metal, surface water quality, anion exchange, Nigeria; 01984.
- spectroradiometer**
ASAS, bidirectional reflectance, forest, canopy, USA, Maine, Howland; 15170. ASAS, conifer forest, bidirectional radiance, USA, Oregon; 15171. Landsat TM, SPOT, rock types, cobalt mineralization, Morocco, Anti Atlas, Bou-Azzer El Graara; 03749. management practice, prairie, multispectral reflectance, multitemporal reflectance, USA, Kansas; 06280. spectroscopy, biomass, field spectroscopy, cereal breeding, Australia, South Australia; 07585. subboreal vegetation, AVIRIS, narrow band sensor, 15187. sunfleck, prairie, nadir, USA, Kansas; 06281.
- spectroradiometry**
field bean, stomatal conductance, leaf photosynthesis, crop disease, 01222.
- spectroscopic measurement**
nitrogen dioxide, Russian Federation, Moscow; 14971.
- spectroscopic parameter**
gas, terrestrial atmosphere, optical sensing, 13858.
- spectroscopy**
biomass, field spectroscopy, cereal breeding, spectroradiometer, Australia, South Australia; 07585. column amount, nitrogen dioxide, volcano, stratosphere, dinotrogen pentoxide, Antarctica, McMurdo Station; 12578. Dystrochrept, fulvic acid, humic acid, humus, Italy; 06896. electrophoretic mobility, LDV-PCS, particle size analysis, clay mineral, 14517. gold placer, geobotanical anomaly, mineral exploration, spectral reflectance, USA, Utah, La Sal Mountains; 02467. groundwater quality, trace metal, alkali metals, Saudi Arabia, Al-Kasseem; 02078. humic substance, carbon, organic matter, 14560. humus layer, NMR spectroscopy, copper oxide oxidation, decomposition, soil disturbance, Canada, British Columbia, Vancouver Island; 01782. hydrocarbon, flavonoid, perylene, Russian Federation; 01876. infrared spectroscopy, Raman spectroscopy, vibrational spectroscopy, water quality analysis, 07004. microbial activity, forest soil, near infrared reflectance spectroscopy, soil respiration, 10742. nitrate, 12081. ozone, minihole, mie scattering, 01030. straw decomposition, carbohydrate, humic substance, decomposition, 12048. structural geology, AVIRIS, TM, TIMS, USA, Nevada, Cuprite; 02470. total column water, liquid water content, droplet, cloud, 12516. winter, chlorine dioxide, nitrogen dioxide, stratosphere, Arctic; 01031.
- spectroscopy emission**
desert, rock, infrared, 12784.
- spectrum**
large scale disturbance, atmospheric disturbance, ocean surface, temperature, middle latitudes, Atlantic, (North); 02757. radiance coefficient, wavelength, sea surface radiance, Atlantic; 15218.
- specular scattering**
playa, electron micrograph, planetary surface study, 08875.
- speleogenesis**
calcarenite, aeolian deposit, karst landscape, Pleistocene, diagenesis, Australia, Victoria, Bats Ridge; 14210.
- speleology**
cave, gypsum cave, Syria, Euphrat Valley, Cater Magara; 05260. cave, karst, Madagascar; 05259. eruption, climate change, glacier, Italy, Sicily, Mt Etna, Cave of Frost; 09227. evaporite, limestone terrain, pseudokarst, karst, Italy, Sicily; 13017.
- speleothen**
annual layer, aragonite, calcite, cave water, Holocene, Botswana, Ngamiland District, Gcwihaba Hills, Drotzky's Cave; 07984. cave, pollen, Pleistocene, microfossil, carbonate, USA, New Mexico, Guadalupe Mountains; 05250. coastal sand, Tamala limestone, karst, aeolianite, cave deposit, Australia, Western Australia, Swan River; 00214. collapse, earthquake, palaeomagnetism, palaeoseismicity, Japan, Akiyoshi Plateau; 10404. drowned karst, stalagmite, sea level curve, karst, radiocarbon dating, Italy, Tyrrhenian Region; 05257. electron spin resonance, calcite, Quaternary, dating, 09143. glacial evidence, karst, cave deposit, Pleistocene (Lower), palaeomagnetism, France, Isere, Vercors, Vallier Cave; 06547. history, karst, cave research, tracer technique, 02728. microbanding, luminescence, isotopic record, palaeoclimate, North America; 13010. palaeomagnetic data, uranium series dating, isoleucine epimerisation, calcite speleothen, AAR, Norway, Hamarnesgrotta; 09135. pearl, skeleton, lynx, cave, Lower Jurassic limestone, Poland, Cracow-Miechow Upland, Jama Ani Cave; Wierna Cave; 10421. proxy, carbon, isotope composition, carbon dioxide, 09955. sea level, last glacial, uranium series dating, Bahamas; 09211.
- speleothen analysis**
karst, cave protection, Brazil, Minas Gerais; 05252.
- sphaeriid clam**
macroinvertebrate, lake water quality, pollution, zoobenthos, oligochaete, Chironomidae, USA, Ohio, Cleveland; Lake Erie; 05690.
- sphagnum**
physiography, permafrost, fenland, climate, bog landform, Canada, (West); 13132. reflectance measurement, spectral reflectance, 02524.
- Sphagnum imbricatum**
peat, climate modelling, Sphagnum magellanicum, Holocene, ecology, UK; 01464.

- Sphagnum magellanicum**
Holocene, ecology, *Sphagnum imbricatum*, peat, climate modelling, UK; 01464.
- sphagnum moss**
wastewater treatment, chromium adsorption, water quality, peat, chemisorption, 00688.
- Sphagnum peat**
Carex peat, extractant, humic substance, peat, 05541.
- sphere**
decomposition, disc, 04881. easterly jet, jet, barotropic instability, nonlinear barotropic instability, tropical easterly jet, 09882. finite element method, Taylor-Galerkin method, shallow water equation, 02220. free solutions, barotropic, vorticity equation, 02221. harmonic, block averaging, 04876. map projection, 04919.
- spherical albedo**
scattering approximation, asymptotic theory, global absorption, multiple scattering, diffuse radiative property, 00081.
- spherical approximation**
ellipsoidal approximation, convergence, mapping, 02395.
- spherical data**
temporal analysis, methodology, coordinate system, spatial analysis, statistical analysis, 09002.
- spherical harmonic analysis**
geophysics, planet topography, spectra, global topography, Earth; Venus; Mars; 01339.
- spherical harmonic gravity model**
topography model, gravity, topography, model, Venus; 06492.
- spherical harmonic model**
geopotential model, geoid height, 01100.
- spherical harmonic series**
cloudy atmosphere, radiative transfer, spatial grid, two dimensional, 11118.
- spherical harmonics**
legendre function, 13923.
- spherical shell**
radiative transfer, numerical method, 13660.
- spherical trapezoid**
objective analysis, data assimilation, atmosphere, Northern Hemisphere, four dimensional, 11108.
- sphericity**
sand budget, provenance, roundness, India, Rajasthan, Jobner; 04164.
- spheroid**
gypsum, anhydrite, diagenesis, Messinian, nodule, Italy, Tuscany, Pisa, Castellina Marittima; 09297. Transverse Mercator, orthomorphic projection, 03672.
- spheroidal weathering**
granular disintegration, loamification, core boulder, chemical weathering, microcrack, humid climate, 00098.
- spherule**
botroid, cement, Carboniferous, East Kirkton Limestone, calcite, UK, Scotland, West Lothian, East Kirkton; 10604.
- spill model**
oil spill, simulation, trajectory, Mina Al Ahmadi spill, Saudi Arabia; Arabian Gulf; 00018.
- spillway**
air/water gas transfer, open channel flow, self aeration, air entrainment, air-water interface, 13482. bottom sediment, ice lake, glacial lake, deglaciation, Finland, Koilliskaira Region; 01513. channel flow, air entrainment, stepped spillway, energy dissipation, 04451. depositional model, aggregate, flood, Lake McMurray, Pleistocene, Lake Agassiz, Canada, Alberta, Fort McMurray; 13293. sedimentation, lake level, organic matter, nitrogen, phosphorus, USA, Florida, Newnans Lake; 09380.
- spillway design**
return period, design flood, extreme event, flood generation, Sweden; 08343. safety dike, hydraulic design, collapse dike, emergency spillway, 09606.
- spillway incision**
Glacial Lake Elstow, Watrous spillway, outburst flood, fan deposition, Canada, Saskatchewan, Watrous; 14254.
- spin trapping**
nitrogen atom, free radical, photocatalytic oxidation, organic compound, 14969.
- spin up**
rainfall amount, limited area model, theoretical invariant, 11254.
- spinifex fire**
semiarid environment, fire effect, boulder weathering, spalling, granophyre boulder, Australia, Western Australia, Pilbara; 07744.
- spinning reflector radiometer**
microwave radiometer, wet weather contamination, USA, California, Sierra Nevada; 07430.
- spiral band**
hurricane, 08523.
- spiralling length**
streamwater quality, phosphorus transport, transport equation, phosphorus dynamics, 13538.
- spirorbid**
palaeogeography, palaeoenvironment, limestone, Carboniferous, ostracod, UK, Scotland, West Lothian, East Kirkton; 10636.
- spit**
coast, accretion, erosion, coastal landform, India, Tamil Nadu, Coromandal Coast; 03973. delta facies, barrier island, tidal inlet, mud, architecture, USA, Texas, Bolivar Roads; 05377. estuary, bathymetric map, tide, Portugal, Sado Estuary, Troia Peninsula; 06740. glacial rebound, moraine, marine foreland, sea level rise, Denmark, Jutland, Skagen Spit; 05160. lagoon, longshore current, sediment dynamics, coastal plain, Brazil, Sao Paulo; 01592.
- splash detachment**
interill erodibility, Water Erosion Prediction Project, 05644. raindrop impact, soil erosion model, 06812. rainfall intensity, slope, rainforest soil, soil erosion rate, Malaysia, Sabah; 05635. rainfall simulation, manure, organic material, Nigeria, Borno State; 03189. rainfall simulation, sediment yield, semiarid soil, cryptogam cover, Australia; 14590. rainsplash, hydrophobic soil, rainfall simulation, 04424.
- splay deposition**
avulsion, meandering, channel pattern, wetlands, Canada, Saskatchewan, Saskatchewan River, Cumberland Marshes; Manitoba; 14333.
- spline**
kriging, variogram, 14470. spatial interpolation, kriging, radial basis function, 14462.
- split comet**
comet, crater chain, Voyager 1 spacecraft, impact crater, Jupiter, Ganymede; Callisto; 05214.
- split operator formulation**
contaminant transport, groundwater contamination, Petrov-Galerkin method, diffusion problem, transport problem, 03359.
- split window**
land surface, temperature, 12777.
- split window equation**
atmospheric transmittance, land surface temperature, AVHRR, 11506.
- spodic horizon**
andic soil, Spodosol, Humicryod, soil classification, USA, Alaska; 04300.
- spodic soil**
andic soil, volcanic ash soil, forest soil, toposequence, tephra, USA, Idaho, Selkirk Mountains, Crater Lake; 05544. ultramafic till, podzolisation, soil morphology, USA, Alaska; 13354.
- Spodosol**
dissolved organic carbon, heavy metal, hydrophilic acid, hydrophobic acid, organic carbon, 13385. Humicryod, soil classification, spodic horizon, andic soil, USA, Alaska; 04300. organic carbon, carbon storage, soil mapping, USA, Florida; 01769. rhizosphere, microbial biomass, root growth, soil biota, forest soil, nitrogen availability, 00545. soil colour, organic carbon, iron, aluminium, USA, Michigan; 01768.
- spodumene**
clay mineral, laterite, weathering, smectite, Australia, Western Australia, Greenbushes Mineral Field; 05387.
- spoil bank management**
hydrological model, wetland restoration, coastal wetland, USA, Louisiana; 14626.
- sponge**
cementation, Palaeozoic, red stromatactis limestone, stromatactis, diagenesis, Canada, Quebec, Quebec Appalachians; Belgium; 02908. microbiolite, carbonate, reef cave, biofilm, Australia, Great Barrier Reef, Lizard Island; 04183.
- sponge layer**
quasi stationary forcing, wave reflection, upper boundary condition, gravity wave model, 00073.
- sponge spicule**
lake sediment, biogenic silica, biogeochemistry, amorphous silica, diatom, USA, Wisconsin; Florida; 00030.
- spongiolite**
Jurassic, Cretaceous, crust formation, microbiolite, Australia, Great Barrier Reef; 04189.
- sporadic iron layers**
structure, seasonal variability, mesosphere, iron, lidar, USA, Illinois, Urbana; 06038.
- sporadic sodium layers**
sodium, mesosphere, USA, Illinois, Urbana; 06037.
- spore**
pollen, spectra analysis, subfossil pollen, wind transport, Ukraine, Carpathians; Khibini Mountains; Georgia; 09185.
- spore pollen spectra**
Zelkova forest, relict forest, pollen spectra, Tertiary, Georgia, Babaneuri Reservation; 11821.
- spores**
Nemona Glaciation, Last Glaciation, Mangaroa drillhole, tephra, pollen analysis, New Zealand, North Island, Hutt Valley, Mangaroa Valley; 11823.
- sporting event**
GPS, television, United Arab Emirates, Abu Dhabi; Persian Gulf; 02573.
- SPOT**
aerial photography, image differencing, change detection, AVHRR, 07419. agriculture, land use, crop simulation, USA, South Carolina, Orangeburg County; 06274. borehole, GIS, groundwater exploration, Botswana; 03826. bundle adjustment, image coordinate, digital orthophoto, 01095. coastal bathymetry, sea bottom, France, Arcachon Bay; 10218. coastal geomorphology, sea surface, AVHRR, LANDSAT, Mauritania, Golfe d'Arguin; 02550. composite imagery, Landsat TM, geological mapping, structural geology, oblique extension, Kenya, East African Rift, Gregory Rift; 02482. Earth resource, climate, meteorological satellite, 08735. environmental geology, Indonesia, Java, Bandung Basin; 02496. Fucaceae, algal cover, intertidal zone, France, Brittany, Re Island; Pleubian-Brehat; 02551. geology, spectral information, TM, 04951. giant kelp, water quality, remote sensing, ADAR, USA, California, San Diego County, San Onofre Kelp Bed; 02526. HRV, land cover, information content, 05019. ice marginal fluctuation, spatial resolution, Sojuzkarta KFA-1000, Landsat, Svalbard, Spitsbergen; 03842. land use mapping, urban statistics, urban morphology, 08935. land use, classification, 10253. Landsat, glacio/morphological map, ablation, drift snow, Antarctica, Dronning Maud Land; 03830. landscape structure, harbour, France, Le Havre; 15137. linear regression, canopy cover, acacia, woodland, TM, Sudan, Kassala Province; 02511. mangrove, multispectral scanner, Indonesia, Java; 03794. manual interpretation, remote sensing training, Fiji; 07657. mapping, floodplain, land cover, multispectral, panchromatic, 12776. mapping, rural settlement, land degradation, South Africa; 10252. mathematical morphology, cartography, dune, Algeria, Great Western Erg; Africa, (North), Sahara; 10188. mesoscale meteorology, GOES, DMSO, Landsat, USA, Hawaii; 13993. NDVI, wheat yield, ear water concentration, 07589. nuclear explosion, LANDSAT MSS, Kazakhstan, Balapan; 15257. orthomapping, satellite imagery, remote sensing, 08736. panchromatic data, geometry, radiometry, cartography, 02370. panchromatic imagery, road inventory, harvested forest, inventory update, 06265. rock types, cobalt mineralization, spectroradiometer, Landsat TM, Morocco, Anti Atlas, Bou-Azzer El Graara; 03749. satellite, monitoring, glacier, Kenya, Mount Kenya; 02528. seismic data, digital elevation model, gravity data, Landsat TM, Yemen; 03736. solar incidence angle, surface albedo,

- ablation, accumulation, digital elevation model, Greenland, Ammassalik, Mitdluagkat Glacier; 14089. TM, anisotropy, multirate, 02520. TM, radiometry, urban spatial attribute, Australia, New South Wales, Sydney; 05055. TM, vegetation succession, agriculture, fallow land, France, Normandy; 15150. tropical vegetation, cloud cover, spectral cluster, species conservation, Polynesia, Cook Islands, Miti'aro; 07564. urban area, land use change, dynamic visualisation, 08934. vegetation cover, GIS, temporal analysis, saline discharge, groundwater discharge, Australia, South Australia, Farrell Flat; 02561. vegetation degradation, South Africa, Transvaal; 08890. vegetation, land cover, land use, Malawi; Philippines; 15188. wetlands, hydrological regime, water dispersal, lineament, Botswana, Okavango Delta; 08891.
- SPOT 1**
soil accumulation, remote sensing, Greece, Larissa, Karla Basin; 08247.
- SPOT 2**
radiometry, geodesy, gravitational modelling, DORIS, tracking system, 12673.
- SPOT HRV**
glaciology, Antarctica; 10236. monitoring, freshwater marsh, USA, South Carolina, Savannah River; 06290.
- SPOT image analysis**
tectonics, compressive, extension, Turkey, Lesser Caucasus; Armenia, Lesser Caucasus; Georgia, Lesser Caucasus; 05202.
- SPOT imagery**
desertification, ancient erg, dune field, Bama Ridge, overgrazing, Nigeria, Lake Chad; 00014.
- SPOT seismic monitoring**
nuclear testing, explosion monitoring, Kazakhstan, Azgir; 07548.
- SPOT XS satellite data**
lichen heath, pasture, reindeer grazing, Finland, Lapland, Enontekio; 07603.
- SPOT XS1**
structural analysis, degraded image, kriging, Brazil, Parana, Paranagua Bay; 12694.
- spotted pattern**
radioactive fallout, Lagrangian/Eulerian model, diffusion model, 10035.
- spray deposit**
aerial, insecticide spray, coniferous plantation, wind speed, forestry, 13886.
- spray irrigation**
irrigation, gravitational irrigation, Bulgaria; 08232.
- spraying**
lidar, deposition, dispersion, 10143.
- spreadsheet**
Markov chain, cyclicity, 10569. river bank instability, toe scour, lateral erosion, safety factor, stability analysis, 10364.
- spring (1990)**
ozone data, Antarctica, Molodezhnaya Station; 08662.
- spring (1991)**
El Nino, climate summary, Australia; 07220.
- spring**
basal aquifer, groundwater recharge, karst characteristics, Mexico, Chichinautzin Mountains, Cuernavaca, El Tunel; 11001. carbonate, tufa, radiocarbon technique, ikaite, lake water, USA, California, Mono Lake; 02897. cave, karstification, groundwater, fairy chimney, Turkey, Western Taurus, Koprucay River, Beskonak Dam; 06532. desert region, water conservation, environmental management, flora, fauna, USA; 12392. groundwater discharge, peat bog, enrichment, element migration, Finland, Pattijoki, Pitkaslahde Spring; 13487. groundwater recharge, aquifer process, groundwater chemistry, seepage, karst aquifer, France, Fontaine de Vaucluse; 00752. groundwater withdrawal, agricultural practice, urbanisation, water resource management, aquatic ecosystem, USA, Texas, Edwards Plateau; 12391. isotope study, volcano, groundwater origin, groundwater flow model, groundwater discharge, Japan, Yatsugatake Mountain; 08410. karst aquifer, hydrogeology, water resource, groundwater resource, Croatia, Sibenik; Trogir; 13635. karst aquifer, karst basin, catchment model, rainfall/runoff model, Turkey, Manavgat River Basin; 00649. karst aquifer, tracer test, Cretaceous limestone, limestone karst, groundwater discharge, hydro-chemistry, Germany, Northrhine-Westphalia; 00756. karst, resuspension, groundwater, turbulence, lake sediment, Spain, Lake Banyoles; 00384. rainfall/runoff, karst terrain, runoff, groundwater flow, Croatia, Dinaric Alps, Crnojevic Spring; 00637. rainfall, linear regression, forecast, Brazil; 14928. snow, particulate, nitrite, Arctic; 08654. Southern Hemisphere, polar vortex, halogen occlusion experiment, air mass, 12445.
- spring bloom**
bacteria, carbon budget, respiration, biomass, USA, Great Lakes, Lake Michigan; 00350. diatom, sulphur content, amino acid, coastal surface seawater, phytoplankton, Japan, Hokkaido, Funka Bay; 02612. disaggregation, carbon cycling, resuspension, particulate flux, Atlantic, (Northeast); 14433. primary production, sea ice, phytoplankton, ice cover, sedimentation, Barents Sea; 03018. suspended matter, anoxic sediment, bioturbation, manganese, reworking, USA, Long Island Sound; 13249.
- spring discharge**
hydrogeology, groundwater flow, karst spring, recharge/discharge system, groundwater discharge, Turkey, Koprucay Canyon, Olukkopr Springs; 00746. karst spring, hydrograph recession, recession period streamflow, runoff model, Turkey, Manavgat River; 00650. stochastic model, numerical model, groundwater flow, hydrogeology, karst aquifer, water balance, Serbia, Grza Spring; 00749. wind effect, freshwater lens, groundwater resource, island hydrology, coral island, Cook Islands, Mitiaro; 08405.
- spring melt forecast**
photointerpretation, Nepal; 08926.
- spring sapping**
relict valley, proglacial lake, valley erosion, crustal bulge, USA, Massachusetts, Nantucket Islands; Martha's Vineyard; USA, Massachusetts, Cape Cod; 11655.
- spring temperature**
snow cover, heat balance, 09843.
- spring tide**
sea surface temperature, AVHRR, nitrate flux, Atlantic, (North), Georges Bank; 07607.
- spring water**
groundwater extraction, extraction method, potable water quality, microbial contamination, 07149.
- spring water chemistry**
kriging, factorial kriging analysis, groundwater quality, geostatistics, Belgium, Dyle River basin; 03356. spatial variability, temporal variability, factorial kriging analysis, Belgium, Dyle River; 02082. uranium-234, dissolution, hydrogeochemistry, isotope hydrology, weathering, Brazil, Sao Paulo, Aguas da Prata; 03355.
- spring water quality**
groundwater quality, nitrate nitrogen, chloride ion, Japan, Honshu, Tokyo, Kitama; 00775.
- spring water temperature**
groundwater temperature, groundwater flow, groundwater recharge, heat transport, 08403.
- sprinkler irrigation**
computer model, water use efficiency, plant canopy, evaporation loss, water droplet evaporation, 05838. plant canopy, evaporation loss, droplet trajectory, energy balance, water droplet evaporation, 05839.
- spruce**
beech, soil chemical property, solution chemistry, tree stem distance, 06899. fir, forest, nitrous oxide, methane, exchange, soil, USA, (Northeast); 01039. hemlock, forest canopy, radiometer, anisotropy, 15172. hemlock, optical reflectance, 15179. liming, soil chemical property, microbial biomass, carbon, nitrogen, humus layer, 14573. nitrate, forest soil, nutrient content, soil solution chemistry, Austria, Bohemian Forest; 08206. nitrifying organism, soil microorganism, nitrification, denitrification, Canada, Alberta; 08161. nitrogen, forest damage, Dystrochrept, element budget, Germany, Fichtel Mountains, Hohe Matzen; 08153. nitrous oxide, soil spatial variability, forest soil, nitrification, carbon, 08167. soil solution, soil water regime, forest decline, gravitational water, capillary water, France, Vosges; 10837. soil temperature, nutrient availability, nitrogen dynamics, vegetation biomass, USA, Alaska; 05565.
- spruce cone**
Siberian spruce, Picea obovata, Pleistocene (late), UK, Wales, Caernarfon, Pen-y-bryn; 10475.
- spruce/fir ecosystem**
boreal montane forest, defoliation, USA, North Carolina, Black Mountains; 01217.
- spruce/fir forest**
forest soil, nitrogen cycling, fertilisation, USA, Vermont, Mount Ascutney; 06876. throughfall chemistry, canopy leaching, dry deposition, bulk precipitation, precipitation quality, USA, Colorado; 01911.
- spruce forest**
bilberry, organic matter, mull, podzolisation, humus, France, Savoy, Tarentaise, Macot-La Plagne; 10819. forest damage, turbulent structure, wind force, 11157. humus, earthworm, 13362. nitric acid, nitrogen, nitrate, ammonium, deposition, Germany, Bavaria, Bavarian Forest National Park; 12176. soil acidification, forest floor, sulphate, organic matter, dissolved organic matter, Germany, Bavaria, Fichtelgebirge, Hohe Matzen; 12102. spatial variability, dry deposition, canopy exchange, solute flux, throughfall flux, 03208. sulphur, beech forest, sulphate, France, Cevennes, Mont Lozere; 12133. trace element, throughfall chemistry, atmospheric deposition, forest canopy, Switzerland; 12188.
- spruce plantation**
potassium, phosphorus, nitrate leaching, fertiliser, nitrogen, UK, Wales, Gwynedd, Beddgelert; 01858.
- SPT value**
raft foundation, sand, time dependant behaviour, settlement, 09098.
- spume**
coastal environment, radioactivity, beach sand, seawater, UK, Scotland; 12886.
- SQL**
user interface, GIS, 08795.
- squall line**
downdraft, upper level downdraft, warm downdraft, 08605. reflectivity structure, 11233. satellite imagery, Africa, Sahel; 04605. transition zone, microphysics, kinematics, precipitation structure, 11231.
- square foundation**
cyclic loading, settlement, geogrid reinforcement, laboratory model, 01425.
- squatter settlement planning**
GIS, cost/benefit analysis, interactive GUI, spatial modelling, Malaysia, Kuala Lumpur; 11569.
- SRL**
space radar, radar, training manual, 15044.
- SSM/I**
brightness temperature, firn facies, hoar formation, Greenland; 11560. calibration, brightness temperature, SMMR, Antarctica; 03655. cloud liquid water, ocean, North Sea; Pacific, (West); 06215. cloud optical thickness, radiative transfer model, surface radiation budget, marginal ice, AVHRR, 03815. digital elevation model, ice sheet topography, brightness temperature, Antarctica; 03676. ECMWF, global, surface wind, wind speed, 14895. ocean surface, neural network, wind retrieval, brightness temperature, 11475. sampling strategy, ocean rain rate, 08836. TOVS, polar low, Geosat, vertical sounder, atmospheric gradient, Norwegian Sea; Atlantic, (North); 07532.
- SSM/I algorithm**
ice concentration, passive microwave imagery, sea ice cover, Weddell Sea; 02852.
- SSM/I data**
water vapour, radiative transport model, rainfall, total water, ice water, 09946.
- SSM/I observation**
vertical structure information, passive microwave, rainfall, 14001.
- SSM/I radiometer**
rainfall, satellite technique, oceanic precipitation measurement, 11637.
- SSMI**
interannual, wind speed, 12401.
- SSSI**
soil acidification, conservation, environmental impact assessment, critical load, sulphur pollution, environmental policy, UK, England; 12892.

- SST**
radiosonde, regression, sea surface, temperature, 15220.
- SST algorithm**
water vapour, moisture attenuation, sea surface temperature, AVHRR, 14046.
- ST mode**
MST radar, signature tropopause, 15116.
- St Venant equation**
inverse problem, unsteady flow, channel flow, subcritical flow, flow routing, 01951.
- St Venant equations**
Courant number, Petrov-Galerkin solution, overland flow, kinematic wave equation, finite element method, 05679. kinematic wave approximation, overland flow model, infiltration, Green-Ampt method, Reddy's model, evapotranspiration, runoff, 05666. Laplace transform, transient flow, open channel flow, flow behaviour, 05683. open channel flow, method of characteristic, unsteady flow, computer model, 04460. runoff, laminar flow, turbulent flow, overland flow, 14617. surface tension, meander, rivulet, bend theory, wave number, 09615. wave theory, open channel flow, flow model, kinematic wave approximation, diffusion wave approximation, 12218.
- St Venant's equation**
tidal prism, estuary mean depth, tidal excursion, parameter estimation, Lagrangian analysis, estuary, 00673.
- St. Venant equation**
canal regulation, unsteady flow, open channel flow, hydraulic structure, 04461.
- stabilisation**
carbonate, magnesian calcite, dolomite, solubility, trace element, 01629. lime, pulverized fly ash, clay material, road construction, 07733. sediment management, groundwater, vegetation, bed degradation, Germany, Rhine River, Iffezheim; 14447. steep slope, soil erosion control, slope stability, land use management, India, Himalayas; 07726.
- stabilisation pond**
wastewater treatment, biological pond system, purification efficiency, macrophyte, bioremediation, China; 14649.
- stability**
ablating snowpatch, snow, wind profile, 08527. atmospheric flow, friction, Ekman layer, 12465. erosion rate, slope crest, setback, landslide, abandoned slope, Canada, Alberta; 07807. protection technique, firth, ria, coastal relief, comparative study, UK, Scotland; Spain, Cantabria; 01368. snow slab, slope inclination, rutschblock test, 10409. uplift rate, erosion, soil geomorphology, 01345.
- stability analysis**
cyclic instability, granular soil, creep effect, triaxial test, 11712. embankment slope, limiting equilibrium, slope stability, 11737. general limit equilibrium, three dimensional analysis, safety factor, slope stability, equilibrium model, 09084. granular flow, turbulent flow, 14437. instability, debris flow, rainfall, granite, Italy, Alto Adige, Isarco Valley; 10417. semi Lagrangian model, forecasting model, baroclinic model, 00909. solute transport, Crank-Nicolson-Galerkin scheme, diffusion/convection equation, groundwater flow, 07101. spreadsheet, river bank instability, toe scour, lateral erosion, safety factor, 10364. wave vertical structure, mesoscale wave, gravity wave, 07280.
- stability calculation**
rock slope, joint connectivity, slope stability, shear resistance, jointed rock, 02707.
- stability class**
interannual variability, pollutant, dispersion, boundary layer, wind, 15024.
- stability factor**
kinematic approach, yield design theory, failure mechanism, 02711.
- stability instrument**
surveying measurement, 15055.
- stability model**
soil moisture, slope instability, rainstorm, translational hillslope failure, UK, Scotland, Aviemore; 09119.
- stability survey**
landslide, erosion mapping, unstable mountain terrain, road alignment, geomorphology, Nepal; 10354.
- stability test**
wave transmission, submerged reef, rubble-mound breakwater, wave attenuation, USA, Indiana, Burns Waterway Harbor; 07758.
- stability theorem**
barotropic model, ArnoI'd's theorem, 12500.
- stability theory**
desertification, risk, biophysical feedback, land degradation, dryland environment, 07768.
- stable boundary layer**
parameterisation, drainage flow, 04688. wind profile, boundary layer, low relief, 09836.
- stable carbon isotope**
pottery, Holocene, chronological data, climate change, Neolithic culture, Mali, Sahara; 04067.
- stable conditions**
dispersion experiment, unstable conditions, boundary layer, concentration fluctuation, 13712.
- stable element**
reservoir, transport process, particle transport, radionuclide, sediment core, USA, South Dakota, Oahe Lake, Cheyenne River Embayment; 01944.
- stable isotope**
basal ice, sediment load, climate change, Greenland, Summit; 13091. climate change, snow record, International Trans-Antarctica Expedition, Antarctica; 13152. discharge, forest, Eucalyptus forest, soil salinisation, transpiration, 09752. fractionation, aquifer sampling, lithium, hyperfiltration cell, 14732. ice covered lake, biogeochemistry, carbon, nitrogen, photosynthesis, Antarctica, Taylor Valley, Lake Hoare; 01563. Last Interglacial, uplifted reef terrace, climate model, Milankovitch theory, uranium series dating, Papua New Guinea, Huon Peninsula; 01541. methane dynamics, methane oxidizing bacteria, marshland, USA, Florida, Everglades; 03882. perched water table, irrigation, salinisation, arid zone, land use effect, deuterium, oxygen-18, India, Rajasthan; 08426. Quaternary, palaeolimnology, tropical marl lake, marl, stratigraphy, Jamaica, Wallywash Great Pond; 05292. soil water extraction, soil water chemistry, water quality analysis, isotope content, 12321. stratigraphy, biostratigraphic data, lake sediment, insect, Weichselian, Sweden; 11773.
- stable isotope analysis**
radiocarbon dating, carbon reservoir, 06839.
- stable isotope composition**
net accumulation rate, precipitation, firn core, ice cap, Chile, Patagonian Ice Cap; Argentina, Patagonian Ice Cap; 06626.
- stable isotope enrichment**
palaeowater, Floridan aquifer system, Holocene groundwater, recharge, USA, Georgia; Atlantic Coastal Plain; 07863.
- stable isotope ratio**
nodule horizon, paleosol, carbonate nodule, palaeoenvironment, USA, Arizona; 06854.
- stable isotope record**
coral, global cooling, Little Ice Age, Vanuatu, Espiritu Santo Island; Pacific; 11793. Corbicula subsculcata, Yuanshan shell mound, Holocene, fluvial environment, Taiwan, Taipei; 00248. glacial change, polar ice sheet, Quaternary, sea level change, Antarctica; 02828. oxygen, carbon, Quaternary (late), NADW production rate, benthic foraminifera, Pacific, Ontong Java Plateau; 00189.
- stable isotope study**
lake sediment, organic matter, isotope record, Holocene, temperature, lake, USA, Minnesota, Clearwater County, Elk Lake; 01687. meltwater, Laurentide Ice Sheet, glacioisostasy, salinity anomaly, thermohaline circulation, Canada, Arctic Canada; 05287.
- stable isotope tracer**
acetate, freshwater sediment, methanogenesis, organic matter, Netherlands, Lake Vechten; 08017.
- stable isotopic evidence**
Pleistocene, Holocene, oxygen isotope variability, climate change, USA, Texas, Aubrey Clovis Site; 10465.
- stable oxygen isotope signal**
slope sediment, oxygen isotope ratio, Globigerinoides ruber, sea surface temperature, Coral Sea, Great Barrier Reef; 10447.
- stable shoreline**
shoreline erosion control, beach access, erosion control structure, USA, Virginia; 06465.
- stable stratification**
subgrid model, large eddy simulation, energy dissipation length, turbulence, stratified medium, 02255.
- stable stratification**
boundary layer, wave turbulence dynamics, 00884. nocturnal structure, aerosol profile, lidar, India, Pune; 03470. shear flow, aircraft profile, turbulence, Baltic Sea; 02245.
- stably stratified fluid**
wind tunnel, grid configuration, dynamical evolution, turbulence, 12519.
- stably stratified uniform flow**
Froude number, wave-outflow interaction, cold air outflow, gravity wave, 09908.
- stack height**
power station, planetary boundary layer, sodar, India, Aryana, Yamunana-gar; 11126.
- stack plume model**
ground level concentration, dispersion modeling, model evaluation, 00877.
- stadial**
interstadial, carbon isotope record, drainage network, loess sequence, plant type, China; 11806.
- stage discharge curve**
uncertainty, discharge estimation, flow duration curve, 03214.
- stage/discharge relationship**
channel sinuosity, floodplain, overbank flow, meandering channel, channel flow, 06977. compound channel, channel flow, Manning-Strickler equation, discharge prediction, 06976. open channel flow, flow measurement, rating curve, 01935. river discharge, river regulation, river hydraulics, flow regime, North America, Great Lakes, St Clair River; Lake Huron; North America, Great Lakes, Lake Michigan; 14615. stream gauging, flow resistance, aquatic weed, 12219. turbulence, rhodamine-wt tracer, fluorometry, streamflow measurement, 05670.
- stagnant conditions**
air-stagnation, terrain, winter, pollution, Japan, Kanto Plain; 14853.
- stagnation**
recirculation, ventilation, airshed, integral measure, 12461.
- stagnation episode**
urban area, nitrogen dioxide, smog episode, winter, vehicle exhaust emission, UK; 12635.
- staining**
atomic number, SEM, organic matter, Kimmeridge Clay Formation, backscattered electron, 09253.
- stainless steel cloth**
diffusion membrane, passive sampling, 03589.
- stake measurement**
melt, energy balance, ice sheet, equilibrium line, daily energy balance, Greenland; 09245.
- stalagmite**
climate record, flowstone, Pleistocene, isotopic composition, cave, France, Nice, Lazaret Cave; 11776. Holocene, palaeoenvironmental reconstruction, seasonal alternation, internal structure, 05249. Holocene, sunspot cycle, annual, growth banding, cave, UK; 04046. radiocarbon analysis, anthropogenic origin, cave, black laminae, Poland, Pradnik Valley, Ciemna Cave; 11768. sea level curve, karst, radiocarbon dating, speleothem, drowned karst, Italy, Tyrrhenian Region; 05257.
- stalagmite sequence**
pollen analysis, U-Th dating, Isotope Substage 5.4, palaeoclimate, Belgium, Han-sur-Lesse, Grotte de Han; 09144.
- stalk destruction**
pest control, cotton, boll weevil, USA, Texas, Rio Grande Valley; 08883.
- stand biomass**
biomass, forest inventory, radar, backscatter, 02509.

- standard**
accuracy, GPS, DEM, elevation dataset, tactical terrain data, USA; 10076. cartographic data, USA; 02420. GIS, 02419. GIS, 10112. GIS, geographic information, USA; 10113. land, surveying, digital instrumentation, Germany, Bavaria; 05028. name, Indonesia; 06207. SDTS, data transfer, 06178. spatial decision support system, LIS, spatial science, GIS, 03696. surveying, EDM, 06128. transfer standard, geographic information, quality management, 04893. visualisation, institutional, map projection, monitoring, global change, GIS, cartography, 04824.
- standard definition**
terrain object, object oriented programming, standardisation, GIS, 04899.
- standard gas scale**
intercalibration experiment, methane, 08660.
- standard observation technique**
cloud track wind, WMO, satellite data, 06432.
- standard phosphorus requirement**
phosphorus sorption, Nigeria, Rubber Belt; 05614.
- standardisation**
control mortality, data reliability, toxicity test, statistics, 07682. geography, reference model, model, 03929. GIS, standard definition, terrain object, object oriented programming, 04899. growing degree days, temperature, observation time, 03490. spatial data, national standard, 08802.
- standing oscillation**
oscillatory pattern, complex principal oscillation pattern, 08480.
- standing wave**
berm, beach profile, antinode, experimental study, 14149. open channel flow, supercritical flow, Lagrangian method, shallow water flow, 00653.
- stannous chloride**
sulphur, ancient sediment, speciation analysis, 01574.
- stanol**
thermal alteration, backarc basin, deep sea sediment, sterol, Pacific, Okinawa Trough; 13245.
- star**
PRISMA, astronomy, photometer, 06116.
- star constellation matching algorithm**
satellite attitude, ESA Stellar Catalogue, 03656.
- starch encapsulation**
nonpoint source pollution, surface water contamination, groundwater contamination, herbicide, 12241.
- STARS experiment**
soil mapping, aeolian erosion, soil erosion risk, vegetation mapping, Niger, Sahel, Tillaberi; 07769.
- START**
vegetation change, steady state model, sulphur, critical load, forest, Europe; 08994.
- state archive**
mythology, medieval map, Russian Federation, Volga River; 07502.
- state factor model**
system dynamics, soil stability, 05495.
- state government**
networked GIS, GIS, government, USA, Kentucky; North Carolina; 12842.
- state plane coordinate**
GIS, plane coordinate, 06127. plane coordinate, USA, Florida, Palm Beach County; 06130.
- state plane projection**
elevation, 06113.
- state space model**
temperature prediction, water temperature, cooling water discharge, river temperature prediction, river water quality, USA, Illinois, Des Plaines River; 00710.
- Statfjord Formation**
Lunde Formation, unconformity, sandstone, kaolinite, North Sea, Snorre Field; 13227.
- static**
cyclic loading, offshore gas platform, soil parameter, foundation design, North Sea, Troll Field; 02717.
- static instability**
failure surface, plasticity, sand, shear strength, submarine slope, Beaufort Sea, Nerlerk Berm; 09111.
- static stability**
frontogenesis, potential vorticity, upper level frontogenesis, 05967. large scale eddy, climate equilibrium, 08563. seasonal cycle, stratiform cloud, cloud climatology, 04694. two level model, balance equation, baroclinic instability, large scale eddy, climate equilibrium, 04683.
- static tactical target**
target, FLIR data, 06143.
- statification**
ripple, Hurwitz Group, bedform, Whiterock Member, Proterozoic, sedimentary structure, Canada, Northwest Territories, Keewatin; 13181.
- station data**
wind profiler, divergence, vorticity, error, computation, 00908.
- stationarity**
interpolation, spatial/temporal process, spatial correlation, kriging, 00613.
- stationary eddy**
diabatic heating, model horizontal resolution, resolution, horizontal, general circulation model, 04665. summertime, interannual variability, Matsuno-Gill, tropical trapped mode, 12493.
- stationary flow**
oscillatory flow, inertial resistance, turbulent resistance, porous medium, groundwater flow, 09691.
- stationary wave**
storm track, general circulation model, doubled carbon dioxide, winter, 08631.
- stationary wave anomaly**
general circulation model, El Nino, atmospheric response, wave train, 09880.
- statistical analysis**
convective outbreak, conceptual model, Canada, Alberta; 00989. environmental influence, landslide activity, steep slope, India, Himalayas, Kumaun Lesser Himalaya, Almora Bypass; 07816. environmental pollution, mapping, USA, California, Los Angeles County; 10269. fishery, echo integration, species identification, fish shoal, 07641. identifiability, fuzzy set, fuzzy state modelling, 11629. normal distribution, hydrological sample, probability density function, transform optimisation, variate transformation, 04429. Palaeogene, gravel, clast counting, Sespe Formation, USA, California; 00282. radiocarbon dating, Dead Sea Scroll, 01459. spherical data, temporal analysis, methodology, coordinate system, spatial analysis, 09002. time series data, Gumbel distribution, flood data, inhomogeneity, Germany, Bavaria; 06962. time series data, Kendall's tau, S score variance, water quality, trend analysis, 00612. turbulence time series, computer software, MINITAB, time series, correlation analysis, 10343. water level change, coal mine, groundwater recharge, percolation, USA, Indiana, Cannelburg; 00740.
- statistical approach**
Bayesian technique, sample size, hypothesis testing, environmental monitoring, 03922. QSAR, lipophilicity, toxicity, pollutant classification, 07691.
- statistical characteristics**
land use, sewer construction, urban area, nonpoint pollutant, Japan, Honshu, Kyoto City; 03878.
- statistical confounding**
historical data, climate change, greenhouse gas, thermal forcing, 12553.
- statistical data**
cloud water content, 09921.
- statistical dependence**
sea surface temperature, cloud cover, marine, stratocumulus, albedo, 12430.
- statistical/dynamical model**
climate model, vegetation cover, sensitivity property, biosphere model, 14899.
- statistical evaluation**
soil property, median estimator, log normal distribution, 06409.
- statistical forecasting**
skill score, precipitation, forecast, India, Narmada; 03529.
- statistical interpolation**
Bayesian quality control, multivariate normal distribution, quality control, 06414.
- statistical inversion technique**
hydrometeor profile, brightness temperature, rainfall rate, passive microwave, 14000.
- statistical method**
groundwater quality, significance test, confidence interval, 03196. multiple element analysis, geochemical analysis, snow, discriminant analysis, UK, Scotland, Highland; 05070. sea level, forecast, meteorological data, Caspian Sea; 12475. time series, boundary detection, spatial data, change detection, 06421.
- statistical model**
biomass dynamics, soil organic matter, grassland biome, Century model, 07700. bootstrap method, Weibull distribution, ozone trend, meteorological conditions, urban area, USA; 11339. forecast, weather, 09962. hydrodynamic model, flood warning system, storm surge barrier, sea level rise, flood forecasting, Italy, Venice, Venice Lagoon; 13489. measurement bias, water quality analysis, streamwater quality, 10954. slope instability, hazard assessment, landslide hazard map, India, Himalayas, Gharwal Himalaya, Alkananda Valley; 06520. topographic slope, modelling, non Gaussian characteristic, topographic field, moment analysis, 06426.
- statistical modelling**
GIS, geographical database, mathematical model, error, 01139.
- statistical overlay**
AVHRR, deforestation, least squares method, Brazil; 07473.
- statistical paradigm**
climate change, 04749.
- statistical procedure**
ranking, solar radiation model, multiple locations, nonparametric procedure, 14814.
- statistical property**
general circulation model, precipitation, climate change, 08643.
- statistical routing model**
flood forecasting, multicriteria analysis, extreme event, real time flood forecasting, Tunisia, Medjerda River; 03215.
- statistical significance**
Quaternary, palaeoecology, vegetation science, pollen diagram, analogue matching, UK; 06542.
- statistical structure**
precipitation, time series, temperature, Wasatch Front, mountain front, USA, Utah, Wasatch Range; 08507.
- statistical surface**
visualisation, symbolisation, isolines, 15110.
- statistical technique**
climate change, snow cover, glacial extent, cryospheric indicator, 14943. estimator, flood forecast, real time forecasting, 06959.
- statistics**
barrier island, morphology, coastal process, USA, Atlantic Coast; 01365. climate, glacier, mass balance, terminus fluctuation, Italy; 09236. climate, time series, temperature, semi empirical model, 08622. design standard, shear strength, soil mechanics, 14184. flood frequency, flood magnitude, climate change, runoff, extreme event, 00640. metal, contaminant, particulate matter, trace element, estuarine contamination, USA, Mississippi River; Gulf of Mexico; USA, Atlantic Coast; 01732. nonparametric method, heavy metal, Italy, Sardinia; 11631. planetary topography, gravity, mantle convection model, Earth, comparative study, Venus; Mars; Moon; 07794. radar, signal spike, 12689. soil sample, tectonics, tectonically stable, soil texture, quartz grain, Brazil; Venezuela; Costa Rica; 00136. spatial distribution, dating, Viking data, Hesperian, Martian channel, Mars; 00146. standardisation, control mortality, data reliability, toxicity test, 07682. trend analysis, global warming, time series, moving average model, greenhouse gas, 00004. turbidite deposition, layer thickness, truncation, power law, scaling law, 07948.
- Ste. Genevieve Formation**
Mississippian, shoal, cement, carbonate sand, ooid, USA, Illinois, Jasper County; 04192.
- Ste. Genevieve Limestone**
Mississippian, dune, ripple, aeolian deposit, grainstone, USA, Indiana,

- Harrison County; 04250. oolite, Pleistocene, Holocene, Mississippian, carbonate, reservoir, USA, Illinois; 04187.
- steady movement**
fine grained soil, sliding, landslide model, surface roughness, 01420.
- steady seepage**
series solution, solute transport, seepage quantification, flow boundary, hillside, 03993.
- steady state**
liquefaction potential, sand, compression, anisotropy, 11722. oxidation capacity, nitrogen oxide, nonlinear chemical coupling, ozone production, bifurcation, 06016.
- steady state infiltration**
infiltrability, interpolation method, hydraulic conductivity, 12299.
- steady state model**
landslide hazard, exhaustion model, rock slide, failure prediction, Canada, Alberta, Rocky Mountains, Kananaskis Country; 07806. sulphur, critical load, forest, START, vegetation change, Europe; 08994.
- steel**
atmospheric corrosion, corrosion rate, Peru, Cuzco; 07399.
- steel grid reinforcement**
pullout test, reinforcement, earthfill, interaction, lateritic soil, 01419.
- steel rod technique**
soil aeration, urban soil, 06823.
- steep slope**
soil erosion control, slope stability, land use management, stabilisation, India, Himalayas; 07726. statistical analysis, environmental influence, landslide activity, India, Himalayas, Kumaun Lesser Himalaya, Almora Bypass; 07816.
- steep terrain**
wind, mesoscale, flow pattern, Germany, Helgoland Island; 05963.
- steep valley slope**
slump, earthflow, slope stability map, landslide, mapping, Germany, Bonn; 00096.
- steep land**
erosion control, impact assessment, monitoring, New Zealand; 11765.
- stellar luminosity**
sunspot luminosity modulation, solar activity, global warming, 11586.
- stem silhouette**
vegetation canopy, bidirectional reflectance, leaf area density, canopy reflectance, 11515.
- stemflow**
precipitation chemistry, interception, throughfall, UK, England, Hampshire, Black Wood; 14601. rainfall distribution, forest canopy, throughfall, interception, 12191. runoff ratio, water conservation, infiltration ratio, bamboo, throughfall, 07107. sulphur cycling, forest, isotope, throughfall, 02346. throughfall, interception, storm damage, forest hydrology, edge effect, precipitation, UK, England, Hampshire, Black Wood; 01914. throughfall, soil water recharge, *Flourensia cernua*, desert plant, Mexico, Chihuahuan Desert; 09580. wet deposition, dry deposition, nitrogen, forest canopy, throughfall, Europe; North America; 10892.
- stemflow chemistry**
atmospheric deposition, canopy leaching, forest, acidic deposition, throughfall chemistry, USA, Georgia, Georgia Piedmont, Panola Mountain; 06954. litter fall, heavy metal, precipitation chemistry, throughfall chemistry, Malaysia, Kuala Lumpur; 13456. runoff water quality, streamwater quality, rainforest ecosystem, forest catchment, precipitation chemistry, throughfall chemistry, China, Hainan Island, Jianfengling; 02091. strontium isotope, soil/plant/atmosphere continuum, element cycling, cation leaching, throughfall chemistry, Japan, Kawakami; 08425.
- Stent tephra**
chronology, tephrostratigraphy, radiocarbon dating, New Zealand, North Island; 13114.
- STEP**
forcing, Working Group, middle atmosphere forcing, 05126.
- steppe**
deposition, dust, crust, loess, Tadzhikistan, Shaartuz; 06674. root system, Chernozem, soil degradation, grass, grazing, Ukraine, Dniepr River, Sumara River; 08236.
- steppe region**
pollen spectra, subatlantic period, Holocene, Georgia; 11820.
- steppe soil**
weathering crust, parent material, iron compound, Kazakhstan; 08213.
- stepped leader**
lightning HF radiation, return stroke, ground flash, electrical field, Sri Lanka; 11121.
- stepped spillway**
energy dissipation, spillway, channel flow, air entrainment, 04451.
- steppization**
continental, global warming, secular, climate change, Poland, Poznan; 02577.
- sterane**
biomarker, pyrolysis, organic matter, palaeoenvironment, cyanobacteria, algae, 02939. diagenesis, organic matter, bitumen ratio, silica, hopane, Japan Sea; 13246. ketone, evaporite series, palaeoenvironment indicator, organic matter, biomarker, France, Alsace, Mulhouse; 05408.
- stereo camera**
optoelectronic stereo camera, photogrammetry, DTM, Mars; 06119.
- stereo display**
geographical data, parallax displacement, synthetic stereo, three dimensional data, 11429.
- stereo image**
automated image analysis, ice thin section, stereological, textural analysis, 06622.
- stereo imagery**
Viking Orbiter imagery, DEM, topography, Mars, Ma'adim Vallis; Apollinaris Patera; 09080.
- stereo plotting instrument**
projection system, stereo viewing system, Dahl Autograph, 07442.
- stereo viewing system**
Dahl Autograph, stereo plotting instrument, projection system, 07442.
- stereo vision**
GIS, image, feature matching, matching algorithm, 13955.
- stereological analysis**
image analysis, porosity, 10738.
- stereological measurement**
spectral reflectance, snow, snow grain growth, 03838.
- stereological method**
ice particle size, microwave backscattering, brightness temperature, snow microstructure, 03833.
- stereoscope**
digital map, data capture, mirror, 15061.
- stereoscopic vision**
tectonics, aerial photography, France, Aude, Mouthoumet Massif; 12781.
- stereoscopy**
geological mapping, periglacial deposit, remote sensing, France, Massif Central, Velay; 08864. land system, land use mapping, tropics, ground resolution, spectral range, Belize; 12855.
- Sterling Formation**
meandering stream, Kenai Group, Miocene, Pliocene, Beluga Formation, USA, Alaska, Cook Inlet, Kenai Peninsula; 00359.
- steroid**
phytane, sulphur, organic matter, diagenesis, biomarker, 00326.
- sterol**
aquatic vegetation, fluid extraction, fatty acid, 13157. stanol, thermal alteration, backarc basin, deep sea sediment, Pacific, Okinawa Trough; 13245. suspended particle, primary production, phytoplankton, factorial analysis, China, Chang Jiang Estuary; East China Sea; 08030.
- sterol marker series**
biomarker, estuary, river water quality, coastal water quality, organic matter, Slovenia, Krka Estuary; Adriatic Sea; 05723.
- stick/slip movement**
titanium, quartzitic glacial bed, silica, glacier, UK, Scotland; 02792.
- sticking efficiency**
groundwater contamination, bacterial transport, advection/dispersion, 12317.
- sticky spot**
basal shear stress, bedrock bump, lubricating till, bed roughness, ice stream, Antarctica, West Antarctica, Ice Stream B; 10541.
- stiff clay**
overconsolidated clay, cyclic response, axially loaded pile, pile response, 06501. tube sampling, clay behaviour, sampling disturbance, 04024.
- stiff ODEs**
sparse matrix, gear code, photochemistry, atmospheric model, sparse matrix, 11291.
- stiff system**
gear integration method, numerical scheme, chemical rate equation, atmospheric model, 04759.
- stiffness**
cone penetrometer test, shear moduli, sand, elasticity, in situ testing, 09108. soil model, modelling, soil property, geotechnical engineering, measurement, 06495. strain, deep excavation, back analysis, prediction, soil model, 04004. stress, self boring penetrometer, design parameter, strength, 04009. tomography, seismic tomography, ground geometry, 04010.
- stochastic advective model**
mobile/immobile water, chloride, solute transport, heterogeneity, unsaturated zone, 14744.
- stochastic analysis**
contaminant transport, Fourier transform, groundwater flow, Canada, Ontario, Borden; USA, Massachusetts, Cape Cod; 07062. leaky aquifer, random leakage, groundwater flow, 14723. perturbation technique, boundary element, random boundary condition, groundwater flow, semi confined aquifer, 02052. random recharge, groundwater recharge, optimal estimation, 14724. solute spreading, breakthrough curve, solute transport, heterogeneity, unsaturated zone, 14745. tracer test, solute transport, deterministic model, unsteady flow, dispersion, Canada, Ontario, Borden; 13604.
- stochastic/deterministic approach**
altimeter data, tide gauge, crossover adjustment, 11417.
- stochastic dominance**
cost/benefit analysis, project evaluation, water resource development, uncertainty, probability, USA, Colorado, Cache la Poudre River; 13632.
- stochastic dynamic programming**
irrigation water management, water distribution system, reservoir operation, Australia, New South Wales, Gwydir Valley; 09770. reservoir operation, convergence diagnosis, 03242.
- stochastic dynamic programming model**
groundwater resource, groundwater exploitation, optimisation, conjunctive water use, pumping policy, USA, California, Madera County; 14790.
- stochastic flood model**
flood frequency analysis, multiple regression analysis, index flood method, flood characterisation, extreme event, Canada; 08349.
- stochastic flow problem**
boundary element solution, groundwater flow, diffusion, temporal variability, uncertainty, 05798.
- stochastic generation**
summer, storm, precipitation, Finland; 03523.
- stochastic hydrology**
fluctuation scale, time series, Hurst effect, 12181. precipitation, interannual variability, daily precipitation series, area average rainfall, Markov model, UK; 03199.
- stochastic imaging**
Markov-Bayes algorithm, formatting, integration, soft data, 00057. two point statistics, multivariate geostatistics, bivariate moment, indicator kriging, 00063.
- stochastic model**
analytical model, rainfall point process, rainfall/runoff relationship, runoff model, Columbia; Netherlands; 09600. atmospheric circulation pattern, precipitation, daily precipitation, space/time, 06000. atmospheric circulation, hydrology, USA, Washington; 12915. cluster analysis, water quality data, probability distribution, halocarbon contamination, censored data, Canada, Great Lakes, Lake Ontario; 05743. flow duration curve, probability model,

- streamflow, flow quantile, Canada, British Columbia; 09599. groundwater contamination, pesticide, risk analysis, GIS, Canada, Quebec, Richelieu County; 11024. groundwater flow, particulate transport, 03308. hydraulic conductivity, tracer test, adaptive estimation, groundwater flow, solute transport, USA, Massachusetts, Cape Cod; 12348. liner thickness, compacted soil liner, 11704. Markovian model, radiative transfer, broken cloud problem, 02150. mass transport theory, water quality management, river water quality, salinity, USA, Colorado River; 12389. numerical model, groundwater flow, hydrogeology, karst aquifer, water balance, spring discharge, Serbia, Grza Spring; 00749. parallel columns model, soil water potential, root water flux, unsaturated flow, 12300. pesticide, contamination probability map, Canada, Quebec; 08924. precipitation, evaporation, runoff, storage capacity, soil water storage, 10995. rainfall, Bartlett-Lewis, rectangular pulse model, UK; 05992. residence time, organic contaminant, vadose zone, adsorption, solute transport, 00763. saturated/unsaturated flow, heterogeneous aquifer, groundwater contamination, solute flux, 02074. seasonal trend, flood data, Canada, Quebec; New Brunswick; 05669. thickness, compacted soil liner, 11705. uncertainty, reservoir operation, optimisation model, demand driven operation, 12399. weather state, precipitation gauge, classification/regression tree, general circulation model, 05996.
- stochastic point process model**
flood risk, risk analysis, 08345.
- stochastic process**
fractal design, algorithm, 07709.
- stochastic reservoir**
reservoir water level, storage distribution, 12226.
- stochastic signal**
Gaussian signal, non Gaussian noise, signal, 10090.
- stochastic transport theory**
non aqueous phase liquid, biodegradation, advective/dispersive theory, groundwater contamination, solute transport, groundwater chemistry, 02063.
- stochasticity**
precipitation, circulation index, atmospheric circulation, USA, California; 03202.
- stochasticity**
radiative transfer, general, 07179. vegetation, canopy, light-vegetation interaction, 03488.
- stock sounding pile**
bearing capacity, deformation characteristics, pile foundation, 14185.
- stockpile fire**
combustion, semi volatile organics, pollutant, tyre fire, 03650.
- stoichiometric point**
hydrocarbon, carbon monoxide, vehicle, emission, on road testing, 07405.
- stoichiometry**
adsorption, ligand adsorption, groundwater quality, organic compound, oxide/water interface, 00728. burial diagenesis, smectite, Miocene, shale, illite, USA, Gulf Coast; 10610. carbon, plankton, nitrate, phosphate, Redfield ratio, 01651. Ostwald's Step Rule, dolomite, nucleation kinetics, 08031.
- Stokes drift**
wind driven current, radar, surface current, Ekman circulation, 11541.
- Stokes flow**
particle motion, suspended particle, prolate spheroid, 03235. prolate spheroid, crystalline dispersion, particle motion, suspended particle, 03237. prolate spheroid, homogeneous dispersion, particle motion, suspended particle, 03236.
- stomata**
transpiration, evaporative demand, available soil water, 05661.
- stomatal conductance**
crop growth, crop water use, irrigation regime, transpiration, 12377. leaf area index, rainforest, transpiration, Brazil, Amazon; 04439. leaf photosynthesis, crop disease, spectroradiometry, field bean, 01222. leaf water potential, leaf area index, Eucalyptus stand, forest, transpiration, India, Karnataka, Puradai; 09582.
- stomatal density**
Pinus flexilis needle, carbon-13/carbon-12 ratio, limber pine, pack rat middens, Last Glacial/Interglacial cycle, USA, Great Basin; 11612.
- stomatal resistance**
land-atmosphere interaction, leaf area index, heterogeneity, soil moisture, subgrid scale, 08534. leaf external resistance, Penman-Monteith equation, transpiration, Ficus benjamina, 03471. micrometeorology, forest, leaf, 03477. Penman-Monteith model, canopy resistance, aerodynamic resistance, soil moisture, evapotranspiration, 09581. soil property, soil water content, available soil water, irrigation scheduling, potato, plant water use, 03376.
- stomatal zone**
trace gas, red spruce needles, flux experiment, gas transport theory, 06023.
- stomatocyst**
Chrysophyceae, palaeolimnology, climate change, varve, USA, Minnesota, Clearwater County, Elk Lake; 02768.
- stone alteration**
filamentous fungi, cation complexation, biochemical weathering, Penicillium frequentans, Cladosporium cladosporioides, Spain; 00100.
- stone banked ice sheet**
bedding, alpine environment, slope deposit, cryoturbation, frost heave, France, Alps, La Mortice; 01554.
- stone circle**
permafrost structure, active layer, geoelectrical prospecting, Antarctica, King George Island, Fildes Peninsula; 04128.
- stone column**
lower bound approach, macroscopic strength, soil reinforcement, 02714.
- stone degradation**
wet deposition, limestone, acid rain, buffering capacity, weathering, 05143.
- stone deterioration**
deposition velocity, sulphur dioxide, marble, dolomite, 06015. erosion rate, limestone, pollution, sulphur dioxide, 03629.
- stone fill**
seepage, mass wasting, coarse soil, 05223.
- stone line**
gully feature, classification system, alluvial fan, calcium carbonate, reworking, South Africa, Ciskei, Tsolwana Game Reserve; 03960.
- stone monument**
cavity, pollution, scaling, salt, bacterial corrosion, 02664.
- stone mosaic**
desert pavement, sheet flood, USA, California, Pisgah Basalt Flow; 10389.
- stone surface**
air pollution, SEM study, weathering, calcium carbonate, historical monument, Turkey, Erzurum; 11651.
- stone trail**
painted tracer, slope stability, rock creep, frost creep, France, Alps-de-Haute-Provence, Baronnies Mountains; 05238.
- stone wall terrace**
scarp terrace, terrace degradation, vegetation cover, Greece, Naxos; 08248.
- stone weathering**
confocal microscopy, weathering, three dimensional image, 10357.
- storage**
floculant, dredging, particle size separation, sediment remediation technique, contaminated sediment, Netherlands; 09407. photograph, historical document, document, 04906. sediment transport, proglacial zone, energetics, sediment budget, Switzerland, Val d'Herens, Bas Glacier d'Arolla; 01587.
- storage capacity**
computer model, water resource management, storage reallocation, reservoir operation, 00661. inflow, reservoir storage, double-cycling sequent peak algorithm, gamma distribution, 01953. soil water storage, forest soil, soil property, Japan, Ibaraki Prefecture, Tsukuba Forest; 08394. soil water storage, stochastic model, precipitation, evaporation, runoff, 10995.
- storage dam**
hydraulic fill tailing, beach, profile, Melent'ev profile, 09100.
- storage design**
water resource management, data collection, cost/benefit analysis, stream-flow data, Australia, New South Wales; 03400.
- storage distribution**
stochastic reservoir, reservoir water level, 12226.
- storage reallocation**
reservoir operation, storage capacity, computer model, water resource management, 00661.
- storativity**
flowmeter test, specific storativity, well bore storage, groundwater process, hydraulic conductivity, 14727. groundwater flow, pumping test, fracture flow, transmissivity, 12308. porosity, aquifer storage, groundwater resource, estimation method, specific yield, Bolivia, Altiplano; 02056. pumping test, aquifer parameter, confined aquifer, impermeable boundary, transmissivity, 03318.
- storm (10 January 1993)**
oil tanker, Braer Storm, explosive development, UK, Shetland Isles; 05894.
- storm**
beach change, SBEACH, numerical model, simulation, 02676. beach erosion, suspended sediment, wave, surf zone, UK, Wales, Gower, Llangennith; 10641. bioturbation, Hurricane Andrew, ooid deposition, mud, tidal channel, Bahamas, Great Bahama Bank, Cat Cay; Joulter Cays; 00396. bioturbation, STRESS experiment, roughness, seafloor, bedform, suspended sediment, USA, California; 14431. carbonate, Miocene, algae, palaeoenvironment, rhodolith, Australia, Queensland Continental Margin, Marion Plateau; 09356. cloud model, hail, microburst, 02284. cloud, precipitation, Canada, Alberta; 05973. continental shelf, resuspension, sewage sludge, bottom current, sediment transport, dumpsite, USA, New Jersey, New York Bight; 14458. cyclogenesis, intense cyclone, mesoscale model, Atlantic, Gulf Stream; 00970. deforestation, sediment budget, landsliding, Cyclone Bola (March 1988), New Zealand, Tutira; 14325. Doppler radar, polarimetric measurement, weather radar, 04932. erosion, hydrological model, GIS, 06307. Holocene, beach ridge, progradational regime, longshore transport, sea level fall, Pacific, (North); Chukchi Sea; 01363. intertidal zone, seabed, bedform, ripple, transport rate, Canada, Prince Edward Island, Stanhope Beach; 01705. intraclast fabric, Cambrian, Sellick Hill Formation, conglomerate, carbonate platform, Australia, South Australia; 00408. kinematic model, cloud, microphysical property, 04701. lake morphology, littoral drift, coastal protection, beach deposit, North America, Great Lakes, Lake Michigan; 14327. multiscale analysis, mesoscale complex, convective complex, 00966. organic matter, enzyme, decomposition, bacteria, mesocosm, Denmark, Knebel Vig; 13242. precipitation particle, trajectory, precipitation, winter, 05901. precipitation, stochastic generation, summer, Finland; 03523. radar data, snow, 04700. runoff, land use effect, forest catchment, lithology, soil piping, Luxembourg; 00794. runoff, sediment cycling, pan depression, dune, lunette process, South Africa, Kalahari Desert, Witpan; 02883. sand transport, bed roughness, suspension, shelf, USA, North Carolina, Duck; 10575. sediment supply, fetch, bar/trough system, coast, Mediterranean Sea, Ebro Delta; Spain, Ebro Delta; 07975. sedimentary facies, Holocene, beach rock, coast, China, Zhejiang Province; 06714. sedimentary structure, sea level, Cretaceous, shelf sedimentation, epeiric seaway, 10600. snow band, aircraft, accident, airport, cold front, USA, Colorado, Denver; 14829. snow, mesoscale model, wind speed, lake effect, North America, Great Lakes; 03517. stratification, seston flux, bioturbation, resuspension, fine sediment, North Sea; 00402. STRESS experiment, continental shelf, resuspension, wind forcing, sediment transport, USA, California; 14331. surface water, drainage, flooding, China, Shanghai; 05130. suspended sediment, continental shelf, current, USA, North Carolina, Duck; 11890. suspended sediment, sediment transport, infragravity wave, surf zone, wind, Canada, Prince Edward Island, Stanhope Lane Beach; 11887. tempestitute, Pickaway Limestone, Mississippi, ooid, ripple, USA, West Virginia; 04257. tidal cycle, beach slope, sediment activation, wave action, USA, Delaware, Delaware Bay; New Jersey, Delaware Bay; 06661. tornado, Japan, Tokyo, Chiba Prefecture; 11136. transgression, barrier island, palaeoenvironment reconstruction, shoreface, bioturbation, Germany; North Sea, East Frisian Islands; 11910. valley floor, sediment yield, rifle, logging, fine sediment, Australia, Tasmania, Dazzler Range; 04283.
- storm activity**
platform facies, Silurian, La Chilca Formation, shelf, shoreface, Argentina, San Juan Precordillera, Los Blanquitos Range; 01711.

- storm beach**
charcoal, paleosol, archaeological artifact, Quaternary, Australia, Western Australia, Swan Region, Rottnest Island; 13055.
- storm current**
wave, storm surge, ocean circulation, numerical model, climate change, Gulf of Mexico; Caribbean Sea; 01324.
- storm damage**
Casuarina forest, Hurricane Andrew, carbonate platform, reef, Atlantic, Great Bahama Bank; 03003. forest hydrology, edge effect, precipitation, stemflow, throughfall, interception, UK, England, Hampshire, Black Wood; 01914.
- storm deposit**
Burgsvik Bed, Silurian, hummocky cross-stratification, wrinkle mark, load structure, Sweden, Gotland; 05432. cyclic deposit, Cambrian, tempestite, shelf carbonate, China, Helan Mountains; 06752. palaeocurrent pattern, shale, Proterozoic, magnetic susceptibility, Newland Formation, USA, Montana, Big Belt Mountains; 04176. Pliocene, Kawaguchi Formation, heavy mineral, turbidite, sandstone, Japan, Honshu, Niigata Prefecture, Higashiyama Region; 05442. ripple, Cretaceous, wave, Rosario Formation, Mexico, Baja California; 07972. shoreface, sediment supply, shelf, USA, Texas Shelf; Gulf of Mexico; 14417.
- storm deposition**
turbidite, sea level change, Cretaceous, anoxic event, carbonate, Germany, Saxony; 11916.
- storm depth**
scaling model, storm duration, rainfall intensity, hyetograph, 03203.
- storm duration**
rainfall intensity, hyetograph, storm depth, scaling model, 03203.
- storm environment**
cold front, severe storm, mesoscale model, Australia, Victoria, Melbourne; 07300.
- storm event**
creek, sea level, salt marsh geomorphology, intertidal geomorphology, UK, England, Essex, Blackwater Estuary; Norfolk; 00125. foundation behaviour, CDP1 platform, gravity base structure, North Sea, Frigg Field; 02720. shoreface, resuspension, suspended transport, wave conditions, sand transport, Canada, Prince Edward Island, Stanhope Lane; 06660.
- storm formation**
dryline, supercell storm, severe storm, 00975.
- storm frequency**
shoreline position, erosion, accretion, USA, Atlantic Coast; 12948.
- storm microburst**
rain, gravity wave, kinetic energy, SAR, sea surface echo, 14004.
- storm motion**
dynamic retrieval method, velocity dataset, Doppler radar, 00903.
- storm occurrence (1951-1990)**
hail, thunderstorm, probability distribution, Croatia, Bjelovar; Cazma; Croatia, Krizevci; 11128.
- storm pattern**
probability model, multilocal peaks, 04713.
- storm pressure system**
wave group propagation, wave attenuation, wave height, satellite altimetry, South Africa; 14073.
- storm protection dune**
grain size distribution, closure depth, beach nourishment, coastal process, beach fill behavior, USA, Maryland, Ocean City; 07759.
- storm rainfall**
rainfall profile, flood estimation, 03525. rainfall, return period, depth, duration, New Zealand, Christchurch; 05997.
- storm runoff**
hydrograph separation, wetlands, runoff water chemistry, oxygen-18, Canada, Ontario, Oak Ridge; 04478. sediment yield, sampling, erosion, USA, Arizona, Walnut Gulch; 04139.
- storm sediment**
tempestite, rip current, littoral zone, flysch, Baltic Sea; 00299.
- storm sewer**
pollutant load, urban stormwater, water quality, 07656.
- storm surge**
ocean circulation, numerical model, climate change, storm current, wave, Gulf of Mexico; Caribbean Sea; 01324. sand transport, EAK (1993), coastal protection, design recommendations, Germany; 07761. shoreline process, damage, Halloween Storm (1991), astronomical tide, USA, Massachusetts, Massachusetts Bay; 10377.
- storm surge barrier**
sea level rise, flood forecasting, statistical model, hydrodynamic model, flood warning system, Italy, Venice, Venice Lagoon; 13489.
- storm surge deposit**
caesium dating, salt marsh, shell layer, erosion, Germany, Sylt Island; 01609.
- storm tide surge**
sea wall, coastal engineering, coastal management, 03937.
- storm track**
baroclinic conversion, ageostrophic, eddy activity, dynamics, 02232. baroclinic instability, time scale, cyclone activity, 12443. coast, baroclinicity maximum, USA; 12454. cyclogenesis mode, primitive equation model, blocking, Southern Hemisphere, low frequency anomaly, 11197. GCM, atmospheric circulation, ocean surface roughness, 02201. general circulation model, baroclinic wave packet, low frequency variability, synoptic eddy activity, 00947. general circulation model, doubled carbon dioxide, winter, stationary wave, 08631. linear theory, monsoon disturbance, intraseasonal oscillation, teleconnection, blocking, 00941. outflow layer instability, tropical, cyclone motion, 00949. ridge/trough system, downstream, baroclinic development, North America; 11186. synoptic behaviour, baroclinic eddy, blocking onset, 02181. synoptic scale activity, climatology, cyclone track, 12444.
- storm wave**
bathymetry, sediment transport, lake bed, coastal process, USA, Illinois, Beach State Park; 14404.
- storm wave quarrying**
abrasion, structural beach, marine cliff, Malbaie Formation, wetting/drying weathering, Canada, Quebec, Gaspé; 00112.
- stormflow**
flood peak, river water quality, rural development, water supply, land use effect, runoff, South Africa, Palmiet River; 03370.
- stormflow pathway**
soil water chemistry, acid neutralising capacity, streamwater chemistry, runoff water chemistry, UK, Wales; 12265. streamflow generation, runoff water chemistry, soil water chemistry, streamwater chemistry, USA, Tennessee, Walker Branch Watershed; 12212.
- stormflow separation**
hydrograph separation, oxygen-18, isotope hydrology, subsurface stormflow, surface stormflow, USA, Pennsylvania; 03217.
- stormwater**
deposition, metal, particle size, settling velocity, USA, Lake Michigan Basin; 04800. drainage system, water management, surface water accumulation, urban runoff, spatial distribution, China, Shanghai; 08441. runoff, urban drainage, humid tropics, water management, 08318. urban runoff, removal rate, mesocosm enrichment, marsh, nutrient removal, wetlands, 06390.
- stormwater chemistry**
flow path, headwater catchment, runoff water chemistry, streamwater chemistry, UK, Wales; 08372.
- stormwater detention**
infiltration basin, runoff water quality, water quality management, 03283.
- stormwater management**
erosion control, sediment control, legislation, USA, Delaware; 11096. GIS, hydraulic model, USA, Pennsylvania, Allegheny, Chartiers Creek; 01265. runoff water quality, detention pond, stormwater treatment, faecal coliform, suspended solid, 03282. runoff water quality, water quality management, urbanisation, environmental modelling, 03270. wastewater disposal, water resource, urbanisation, island hydrology, Singapore; 08445. water quality management, sediment reduction, erosion control, USA, Florida, St. Johns River; 11097.
- stormwater model**
urban drainage, runoff water quality, real time control, Canada, Alberta, Edmonton; 03280.
- stormwater quality**
decision support system, highway runoff, water quality management, runoff water quality, USA; 03274. river management, water quality management, channelisation, river regulation, dyking, Canada, Ontario, Windsor, Little River; 03272. runoff water quality, pollutant loading, land use, USA, California, Alameda County; 03277. water quality management, modelling, computer model, 03271. water quality management, water resource management, urbanisation, modelling, Canada, Ontario, Rouge River; Don River; Canada, Ontario, Duffins Creek; 03273.
- stormwater treatment**
faecal coliform, suspended solid, stormwater management, runoff water quality, detention pond, 03282. runoff water quality, residential catchment, urban runoff, 03281.
- Strabo's Geography**
translation, 04910.
- straight river**
field measurement, turbulence, electromagnetic flowmeter, open channel flow, secondary current, Japan, Honshu, Kyoto, Biwako-Sosui River; Nagoya, Aichi Irrigation Channel; 00652.
- strain**
bearing capacity, deformation, base, failure, 11729. deep excavation, back analysis, prediction, soil model, stiffness, 04004. mechanical behavior, agricultural soil, modelling, stress, 10415. radiative transfer, stratosphere, potential vorticity, shear, 11192. seismicity, glacier, crevassing, speed, Antarctica, West Antarctica, Ice Stream B; 10543. shear, crystal orientation, ice sheet, Antarctica, East Antarctica, Dronning Maud Land, Sor Rondane Mountains; 13153. soil dynamics, classification method, temperature measurement, dissipation, 05228. transtension, compression, deformation structure, sediment deformation, shear zone, Spain, Almería, Sorbas Basin; 02875. trench, plate motion, relative motion, Caribbean; 10175.
- strain accumulation**
subduction zone, seismic hazard, uplift rate, USA, Cascadia Margin; 14173.
- strain excursion**
shear modulus, pressuremeter test, 04027.
- strain level**
stress history, failure, soil property, measurement, geotechnics, 06496.
- strain localisation**
clay, failure surface, microstructural analysis, 14188.
- strain path method**
stress strain response, clay disturbance, site test, undrained shear strength, 04026.
- strain path testing**
asymptotic behaviour, constitutive relation, laboratory test, granular soil, 09106. granular soil, instability, 03997.
- strain rate**
crustal movement, GPS, Japan, Tokai Region; 07543. selective availability, crustal deformation, GPS, Japan, Tohoku District; 07544. shear strain rate, deformation, USA, California, Ventura Basin; 10177. slope, ice stiffness, basal drag, ice flow, Antarctica, West Antarctica, Ice Stream B; Ice Stream C; 10540.
- strain rate data**
earthquake, fault, horizontal motion, distributed deformation, inversion, Asia; 01443.
- strain rate field**
ice stream flow, crevasse, 03840.
- strain softening**
sand, shear strength, triaxial compression, 14181.
- strain stiffness**
Cam clay, modelling, stress/strain behaviour, clay, 04007.
- strandline**
deglaciation history, glacial morphology, lithostratigraphy, chronology, Iceland, Hofsjardalur Valley; 10499. wave cut platform, deglaciation, submerged coastline, coastal feature, Norway, Troms; 09215.
- strange attractor**
Lyapunov exponent, optimal description, atmospheric flow, 00932.

- strata**
discrete ordinate model, radiative transfer, atmosphere/ocean system, refractive index, 13665.
- strategy**
climate variability, decade/century scale, 13799.
- stratification**
baroclinic instability, inhomogeneous, 02227. biogeochemical cycle, mercury, estuary water quality, USA, Rhode Island, Pettaquamscutt Estuary; 10956. boundary layer, lidar, nocturnal atmosphere, aerosol vertical distribution, 11483. calcite supersaturation, lake water chemistry, calcium concentration, calcite formation, Japan, Honshu, Niigata, Takanamiike Lake; 00726. classification, fluvial deposit, terminology, channel, 02894. dimethylsulphide, DMSP, thermocline, biogeochemistry, coastal zone, Southern Ocean; Antarctica, Magnetic Island; 12904. fish, particulate matter, phytoplankton, larvae, cycling, Irish Sea; 14457. geomorphology, coast, field guide, tectonics, Spain, Basque Country, Lastur Valley; 12965. Gergoglione Flysch, Miocene, turbidite, Italy, Apennines; 09345. lake water chemistry, sedimentary oxygen demand, climate change, dissolved oxygen, USA; 13485. lake water quality, nutrient, bioassay, temporal variability, mixing event, USA, Sierra Nevada, Tahoe Lake; 10988. lake water quality, predictive model, mixing, thermal stratification, 12291. metalimnetic water, lake, baroclinic seiche, Switzerland, Alpacher See; 00664. mixing, lake, thermal bar, water temperature, heat transport, Russian Federation, Ladoga Lake; 12229. particulate matter, mixing, settling, aggregation, diffusion, 06981. phosphorus loading, seasonal variability, lake water quality, eutrophication, shallow lake, Finland, Villikkalanjärvi Lake; 14687. phosphorus, seasonal variation, bottom sediment, sedimentation rate, Poland, Lake Goszcz; 08041. Richardson number, eddy transfer, turbulent mixing, micrometeorology, surface layer, 14857. river model, estuary/river model, density flow intrusion, salinity, flow regime, 09633. rotation, turbulence, diffusion, wind shear, 14865. salinity, lake limnology, meromixis mixing, USA, California, Mono Lake; 06983. salinity, river discharge, nutrient, velocity profile, estuary, Argentina, Patagonia, Chubut River Estuary; 06987. sediment flux, plutonium, particle settling, reservoir, 08080. sedimentary structure, lamination, braided river, sedimentation, scour, Bangladesh, Brahmaputra River; 04171. sedimentation, sand deposit, lamination, 04151. seston flux, bioturbation, resuspension, fine sediment, storm, North Sea; 00402. seston, resuspension, sedimentation, varved sediment, water column, USA, Minnesota, Clearwater County, Elk Lake; 01601. sulphide methane, lake biogeochemistry, overturn, meromixis, hypersaline lake, USA, California, Mono Lake; 06985. sulphide release, bacterium bloom, redox cycle, lake water chemistry, Israel, Lake Kinneret; 04488. surface water chemistry, biomass production, freshwater ecology, surface water resource, 08469. temperature gradient, lake, sedimentation, groundwater, Poland, Lake Goszcz; 08040. thermal, rotation, 12522. transient development, shear flow perturbation, 02230. turbidite, shear stress, grain size, traction carpet, 13189. turbidity, silt, estuary, salt wedge, turbulence, 00394. Warder Formation, sedimentation, palaeohydrology, Cretaceous, Ngaterian, New Zealand, North Island, Marlborough, Clarence Valley; 02958. wind energy, resuspension, sedimentation rate, sediment trap, North Sea, Kattegat, Aarhus Bay; Baltic Sea; 01611. wind speed, dimethyl sulphide, surface layer, diurnal cycle, Pacific; 01055.
- stratified fluid**
fluorescence, optical technique, plume, 09790.
- stratified lake**
nitrogen removal, sedimentation, denitrification, lake water quality, dissolved inorganic nitrogen, 05751.
- stratified medium**
intrusion, spreading, laboratory experiment, 12466. ray trajectory, high frequency, moving medium, sound field, Atlantic, Gulf Stream; 10093. stable stratification, subgrid model, large eddy simulation, energy dissipation length, turbulence, 02255.
- stratified slope deposit**
frost creep, frost susceptibility, illuviation, thermal gradient, fossil, Europe, (West); 00150.
- stratified two flow model**
radiative transfer, light field, water body, radiance reflectance, 14079.
- stratiform aquifer**
pumping test analysis, tectonics, hydrothermal effect weathering, specific capacity, transmissivity, fractured aquifer, Djibouti; 14718.
- stratiform cloud**
cloud climatology, static stability, seasonal cycle, 04694. cloud microstructure, droplet concentration, 02270. dissipation, marine cloud, boundary layer, cloud condensation nuclei, 08602. microstructure, inhomogeneity, 12513. middle latitudes, convective system, cumulus ensemble, mesoscale, 04699. negative temperature, liquid phase, ice phase, cloud ice, 08598. prediction, cloud model, precipitation, cloudy convection, 13770. snow surface, oxygen, actinic flux, 14819.
- stratiform cloud system**
three dimensional model, cloud model, mesoscale vortex, 08599.
- stratiform cloudiness**
equatorial front, cloud, temperature gradient, sea surface temperature, Pacific; 04659.
- stratiform precipitation**
microwave radiometer, radiative transfer model, aircraft observation, vertical structure, 02298. monsoon, mesoscale characteristics, convection, 00960.
- stratiform rain**
precipitation, vertical profile, dual frequency radar, dual polarisation radar, radar data, 14801.
- stratiform region**
mesoscale convective system, melting layer, graupel, aggregate, polarimetric signature, 02246.
- stratigraphic analysis**
delta, subsidence rate, depocentre geometry, Holocene, China, Jiangsu, Yangtze Delta; 00131. geological hazard, remote sensing, spectral geology, 03734. radioisotopic dating, sedimentology, Taung hominid, South Africa, Cape Province, Tuang; 06548.
- stratigraphic division**
ecological significance, brown earth, periglacial, overlying strata, Germany, Bavaria; 01556.
- stratigraphic evidence**
interglacial period, pre-Wisconsinan, pollen zone, Sangamon, Tahawus clay, USA, New York, Adirondack Mountain; 04075.
- stratigraphic marker**
magnetic record, particulate pollution, salt marsh, pollution history, UK, England, Cheshire, Dee Estuary; 06380.
- stratigraphic nomenclature**
Hayes tephra set H, magma mixing, tephra deposit, USA, Alaska; 13095.
- stratigraphic record**
Holocene, vegetation, sea level change, lake stratigraphy, swamp, Cook Islands, Mangaia; 10522.
- stratigraphic unit**
dating, Pleistocene climate, Cainozoic, landscape development, Tertiary basalt, Australia, New South Wales, Bungonia; 00141.
- stratigraphic zone**
mollusc zone, Quaternary sediment, Bulgaria, Black Sea Shelf; 09157.
- stratigraphical location**
Chojny Formation, Ferdynandow Interglacial, Mazovian Interglacial, Odra Glaciation, Poland, Belchatow; 09178.
- stratigraphical significance**
deer species, Cromer Forest Bed Formation, Pastonian conglomerate, taxonomy, biostratigraphy, UK, England, Norfolk, West Runton; Suffolk; 02732.
- stratigraphy**
acidification, chironomid stratigraphy, acid lake, palaeolimnology, lake sediment, Finland, Espoo, Lake Orjarvi; 00245. biostratigraphic data, lake sediment, insect, Weichselian, stable isotope, Sweden; 11773. Cangahua Formation, interstadial, Lujanian Mammal Age, palaeontology, Pleistocene (Upper), Ecuador, Carchi Province, Interandean Depression; 01486. carbonate island, aeolian activity, sea level change, amino acid racemisation, Holocene, Bahamas, San Salvador Island; 00122. carbonate record, deep sea core, Quaternary (late), Pacific; 13044. chronology, eruption, Quaternary (late), caldera volcano, tephra, New Zealand, North Island, Taupo Volcano; 00135. chronology, Fraser Glaciation, Pleistocene (late), aggradation, Canada, British Columbia, Seymour Valley; 04088. chronology, palynology, environmental development, Cainozoic (late), China, Yushe Basin; 14258. clastic dyke, anticlinal structure, Tertiary, Quaternary, neotectonics, Poland, Kleszczow Graben; 12969. coastal plain, Pleistocene, Holocene, climate change, Argentina, Buenos Aires Province, Faro Querandi; 02773. core, surface productivity, benthic foraminifera, Pacific, Ontong Java Plateau; 01479. dendrochronology, radiocarbon, chronological integration, environmental fluctuation, dating sensitivity, 05274. desertification, aeolian transport, climate modelling, radiocarbon age, USA, Great Plains, Colorado; 12962. dune, Pleistocene, permafrost, freeze/thaw, periglacial geomorphology, China, Yellow River; 04126. Eemian, pollen analysis, interglacial sediment, vegetation succession, Vistulian, Poland, Warsaw; 09184. erosional landform, layered deposit, chaotic terrain, Candor unit, Mars, Valles Marineris; 04111. geochemistry, correlation, glacial diamict, section R47, Quaternary, Canada, Ontario, Rouge River; 02790. geochronology, continental shelf, Lakesburg marine event, Svartenhuk marine event, Quaternary, Greenland, West Greenland; 14238. geotechnical engineering, glacial sediment, meltwater channel, borehole logging, quaternary, Canada, Alberta, Edmonton; 13083. glacial erosion, channel fill, placer deposit, Quaternary, Canada, British Columbia, Atlin; 13084. glaciomarine environment, tidewater ice sheet, till, Wisconsinan ice complex, fjord, Canada; 00235. Hall, J. (1811-1898), Eaton, A. (1776-1842), Rensselaer Polytechnic, geosyncline, USA; 05337. Holocene, intertidal deposit, sea level, Chile, Isla Chiloe; 13117. Holocene, peat, mud, late glacial, basin, Germany, Biesenthal Basin, Barnim; 06736. Holocene, tidal resonance, estuarine sedimentation, laminated mud, USA, Massachusetts, Boston, Back Bay; 00120. humification, palaeohydrology, raised bog, peat, Holocene, Finland, Pesansuo; 04107. lake sediment, diatom, tephra, moss, palaeoclimate study, Antarctica, South Shetland Islands, Livingston Island, Byers Peninsula; 02745. lithological unit, climate zone, Quaternary (late), Baltic Sea; 01474. lithostratigraphy, basin analysis, lithology, USA, Wyoming; 12765. magma discharge rate, eruption history, volcano, tephra layer, Japan, Kyushu, Kirishima Volcano; 00134. mammal, palaeoecology, Villafranchian, France, Drome, Saint-Villier; 14256. meltout till, grain size, heavy mineral content, lodgement till, till, Poland, Kleszczow Graben, Belchatow; 04099. Miocene, Pliocene, climathem, climate cyclicity, Neogene, Europe; 00172. Moriotti settlement, archaeology, Holocene, sand dune, New Zealand, Chatham Island; 11839. morphology, glacier, permafrost, buried glacier ice, oxygen isotope composition, Russian Federation, Siberia, Ledyanaya Gora; 04131. palaeoecology, interglacial site, organic layer, diamict, radiocarbon date, Canada, Northwest Territories, Ellesmere Island, Wootton Peninsula; 05297. palaeoecology, palaeopedology, cryoturbation, till sequence, Pleistocene, Canada, Northwest Territories, District of Mackenzie, Little Bear River; 04086. palaeoenvironment, Palaeolithic, terrace, morphosedimentary evolution, loess, France, Somme Valley; 10367. palaeoenvironment, transgressive stratum, foraminifera, China, Zhejiang Province; 09145. peat growth, reclamation, mire development, Netherlands, Bourtaanger Moor; 10478. Pleistocene, tephra layer, age determination, Japan, Tane Island; 14216. Pliocene/Pleistocene, mammalian biochronology, semiarid piedmont plain, alluvial fan, palaeoecology, USA, New Mexico, Albuquerque, Tijeras Arroyo; 01484. Pluvial Lake Rennie, tephra, rain shadow, Pliocene/Pleistocene, USA, Nevada, Fish Lake Valley; California, Fish Lake Valley; 00195. podzol, esker, paleosol, Quaternary, Finland, Ostrobothnia; 00226. pollen succession, peat, lacustrine silt, Eemian interglacial, Poland, Jaworzyna, Jaworzyna Slaska; 09176. proglacial lake, glacioisostasy, alluvial fill, alluvial fan, Holocene, Canada, Alberta, Province Park, Falcon Valley; 09037. Quaternary, loess, buried soil, Milankovitch timescale, chronology, Europe; China; Hungary; 01497. radiocarbon date, loess, basin evolution, sediment thickness, USA, Nebraska, Clay County, Rainbasin; 14162. raised coastal basin, postglacial, sea level change, Tapes transgression, diatom analysis, Norway, Troms, Vanna; Lyngen; 09214. regressive sequences, aeolian dune, littoral deposit, Quaternary, Morocco, Casablanca; 14212. sea level, coral reef, radiochemical dating, tectonics, Red Sea; 04115. sedimentary structure, subglacial thermal regime, Laurentide Ice sheet, lithofacies associations, glaciotectionics, Canada, Alberta, One Tree Creek; 10484. sedimentary structure, till, Weichselian glaciation, drumlin,

14277. sedimentology, clastic sediment, Japan; 11867. seismic profile, meltwater channel, moraine, Younger Dryas, glaciation, Canada, Nova Scotia, Scotian Shelf; Atlantic, Scotian Shelf; 14266. slope deposit, soil, loess, Wisconsin, USA, Great Basin; 01438. stable isotope, Quaternary, palaeolimnology, tropical marl lake, marl, Jamaica, Wallywash Great Pond; 05292. subduction zone, tidal marsh, submergence, Holocene, USA, Oregon; 00255. tephra, volcano, Pleistocene, petrography, Japan, Honshu, Chubu; Kanto Mountains; 00232. *Ulmus* decline, *Tilia* decline, Flandrian, vegetational history, pollen data, UK, England, East Sussex, Brede Valley; 10507. Weichselian (late), lacustrine, Bolling, Chironomidae, Norway, Andoya, Lake Nedre AErastatn; 04082. whale bone house, Thule culture, Canada, Arctic Canada, Somerset Island; 13115.
- stratocumulus**
albedo, statistical dependence, sea surface temperature, cloud cover, marine, 12430. altostratus, cirrus, microphysical structure, review, stratus, 07303. buoyant forcing, marine stratocumulus, boundary layer, 11154. cloud top height, algorithm, marine stratocumulus, TOMS, ozone, 11299. inversion profile, moisture, ozone, 01002. marine boundary layer, Albrecht's model, cumulus, thermodynamic structure, 00999. marine, infrared retrieval, droplet radius, 12424. ocean, radiation, roughness, cloud top surface, winter, Japan; 14922. subsiding air, one dimensional model, 09937. synoptic wave, heating perturbation, radiatively driven interaction, 11204.
- stratocumulus layer**
measurement, entrainment event, marine cloud, 00998.
- stratopause**
four day wave, instability, winter, 09883. semiannual oscillation, middle atmosphere, climate model, 09889. wind, tracer evolution, spectral mechanistic model, 13741.
- stratosphere**
aerosol, partitioning, volcanic eruption, nitrogen dioxide, nitric acid, Philippines, Mount Pinatubo; 13871. aerosol, polar stratospheric cloud, volcanic eruption, review, 07391. aircraft emission, aerosol loading, ozone, nitrogen species, 11355. altitude dependence, ozone trend, Nimbus 7 SBUV data, 09970. asymptotic mapping, Fourier transform, ozone, chlorine monoxide, 11305. AVHRR, volcanic dust, dust diffusion, Philippines, Mount Pinatubo; 10166. blocking, intrusion, vortex, winter, Arctic; 11164. carbon dioxide doubling, ozone depletion, climate change, sudden warming, Arctic; 11348. charged particle, balloon borne measurement, ion conductivity, tropics, 14827. chemically perturbed air, polar vortex, material line, ozone depletion, chaotic advection, 07268. chlorine chemistry, polar stratospheric cloud, winter, Arctic; 03635. chlorine monoxide, interhemispheric comparison, polar vortex, 03438. chlorine monoxide, ozone destruction, seasonal evolution, Arctic; 03636. chlorine monoxide, sulphate aerosol, volcano, aerosol size distribution, chlorine monoxide, 03607. chlorine nitrate, hydrochloric acid, dinitrogen pentoxide, sulphuric acid, 11302. CLAES, polar stratospheric cloud, aerosol observation, 03601. climatology, ozone, lidar, USA, California, Table Mountain; 01033. cloud, tropics, water vapour, 10156. convection, momentum budget, gravity wave, mesoscale disturbance, tropical, 02252. cosmic ray, chlorine activation, polar night, Antarctica; 09998. cruising time, emission, air traffic, troposphere, 11353. decomposition, halomethane, alumina, rocket motor, exhaust particle, 13816. diabatic circulation, residual circulation, downward control principle, 00922. dinitrogen pentoxide, aerosol, sulphuric acid, reaction probability, 12579. dinitrogen pentoxide, spectroscopy, column amount, nitrogen dioxide, volcano, Antarctica, McMurdo Station; 12578. diode, laser, spectrometer, trace gas, 04940. electron beam injection, ionosphere, balloon borne measurement, plasma study, 04582. electron scavenging, chlorine, ozone depletion, 06041. empirical orthogonal function, quasi biennial oscillation, 11142. empirical orthogonal function, quasi biennial oscillation, phase space, 02223. engine emission, ozone reduction, aircraft, 15029. equatorial wave, latitudinal variation, wave (30-70 day), tropics, 14845. eruption, measurement, aerosol cloud, Philippines, Pinatubo Mountain; 03603. extinction profile, high latitude, volcano, aerosol cloud, 12622. FTIR, polar night, light source, trace gas, moon, Arctic; 12575. general circulation model, El Nino, Northern Hemisphere, 03509. global dataset, methane, nitrous oxide, chlorine (F12), 03552. HALOE observations, limb scanner, water vapour, methane, aircraft data, 03561. heterogeneous reaction, dinitrogen pentoxide, nitrogen dioxide, aerosol, 03599. heterogeneous reaction, ozone hole model, hydrocarbon addition, ethane, hydrochloric acid, 12577. hot boundary layer, model, aircraft, nitric oxide, emission, viscous boundary layer, hypersonic aircraft, 06106. hydroxyl radical, chlorine monoxide, ozone depletion, 08717. laboratory simulation, polar stratospheric cloud, flow cell, heterogeneous reaction, 13764. lidar measurement, aerosol, liquid droplet, Svalbard, Spitsbergen; 11317. lidar measurement, aerosol, ozone retrieval, Philippines, Mount Pinatubo; 10020. lidar measurement, aerosol, ozone, retrieval algorithm, Philippines, Mount Pinatubo; 10021. lidar observation, troposphere, 09893. LIMS data, wintertime, autumn, nitric acid, 07351. local thermodynamic equilibrium, local thermodynamic equilibrium, non LTE mechanism, laboratory evidence, ozone formation, 10001. measurement, chlorine oxide, aircraft instrument, balloon platform, 03632. measurement, methane, water vapour, middle atmosphere, climate model, 04766. mesoscale model, gravity wave, Kelvin-Helmholtz wave, particle dispersion, 00982. mesosphere, aerosol absorption coefficient, UARS, CLAES, photochemistry, 01082. mesosphere, eddy, radar, troposphere, 12728. mesosphere, global temperature profile, UARS, 01083. mesosphere, gravity wave, radar, 14916. mesosphere, gravity wave, sodium layer, wave number spectra, 11221. mesosphere, millimeter wave measurement, ozone, vertical distribution, Russian Federation, Moscow, Pushchino; Sweden, Onsala; 07361. mesosphere, thermosphere, ATLAS-1, 12723. mesosphere, thermosphere, line by line method, nitric oxide, photolysis, 09992. mesosphere, troposphere, temperature trend, rocket, radiosonde, 14949. mesosphere, wave-shear interaction, gravity wave, middle atmosphere, vertical wave number, 14915. meteorology (1991-1992), polar vortex, nitric acid trihydrates, Arctic; 03637. methane, nitrous oxide, CFC, vortex, Antarctic; 13812. microwave limb sounder, volcano, sulphur dioxide, Philippines, Pinatubo Mountain; 03562. microwave, season, temperature sounding, 00833. model, ozone depletion, aircraft, ozone, 08719. model, tropical/extratropical transport, volcanic ash, 01053. monitoring, NOAA, 12724. negative ion, two dimensional model, ion composition, 04594. negatively charged particle, catalytic cycle, electron, ozone destruction, 11272. nitrate aerosol, particle morphology, aerosol, winter polar stratosphere, 10005. nitrate, aircraft, photolysis rate, modelling study, 08721. nitric oxide, nitrogen dioxide, adsorption, cold surface, sulphuric acid particle, 03598. nitrogen dioxide, dinitrogen pentoxide, balloon profile, sulphate, aerosol, 11316. nitrogen dioxide, limb sounding, 03554. nitrogen dioxide, volcano, aerosol, 03615. nitrous oxide, potential vorticity, vortex processes, 09879. nuclear test, nuclear weapon, radionuclide, troposphere, Ukraine, Chernobyl; 13878. oxygen, chemical/radiative transport model, ozone production, vibrationally excited oxygen, 11297. ozone budget, fluorine radical, 12585. ozone depletion, engine exhaust, aircraft, model, 11347. ozone depletion, HFCs, 08720. ozone depletion, polar vortex, chlorine nitrate, nitric acid, Antarctica; 03556. ozone loss (1991-1992), polar vortex, chlorine monoxide, bromine monoxide, Arctic; 03638. ozone, aerosol distribution, Arctic; 03640. ozone, coherent variation, monthly mean total ozone, temperature, 13833. ozone, lidar inversion technique, aerosol, backscatter coefficient, 09965. ozone, winter, polar vortex, poleward transport, 03559. particle layer, lidar mapping, 12726. photolysis, ultraviolet, absorption cross section, nitric acid, temperature dependence, 11303. polar vortex, potential vorticity gradient, microwave limb sounder, water vapour, Southern Hemisphere, 03553. positive ion, two dimensional model, ion composition, 04593. potential vorticity, jet stream axis, vortex edge, cold air, Arctic; Antarctica; 12490. potential vorticity, shear, strain, radiative transfer, 11192. potential vorticity, warming event, radiative equilibrium, stratospheric warming, model, 09884. quasi biennial oscillation, model, nitrogen dioxide, ozone, 13841. quasi biennial oscillation, ozone, total ozone, seasonal course, 14970. quasi biennial oscillation, upward progression, equator, 13735. radiative feedback, polar stratospheric cloud, temperature, radiative transfer model, Antarctica; 03521. radiative forcing, temperature perturbation, model, dispersion, volcanic cloud, Philippines, Mount Pinatubo; 13865. rate constant, trace gas reaction, sulphuric acid, aerosol droplet, 03588. reaction probability, volcanic aerosol, heterogeneous loss, volcanic cloud, hydrochloric acid, 03608. record ozone low, ozone hole (1993), Antarctica, South Pole; 12604. review, ozone depletion, 08729. rocketsonde data, middle latitudes, temperature, wind distribution, atmospheric model, 11137. SAMS constituent data, zonal asymmetry, nitrous oxide, methane, 02341. solar radiation, oxygen, photodissociation rate, direct radiation, scattered radiation, high resolution analysis, 12419. solar UV flux, solar cycle, ultraviolet, ozone, 14818. Southern Hemisphere, methane, airflow, mesospheric air, polar vortex, 03439. Southern Hemisphere, winter, chlorine monoxide, ozone, 03557. Southern Oscillation, Northern Hemisphere, 11143. spectrometer, ALIAS, IR laser absorption spectroscopy, Antarctica; 10150. spectroscopy, winter, chlorine dioxide, nitrogen dioxide, Arctic; 01031. sulphate aerosol, ozone trend, heterogeneous reaction, aerosol layer, chlorine, 10004. sulphate, aerosol, freezing, polar stratospheric cloud, 12621. sulphuric acid, aerosol, heterogeneous reaction, ozone loss, 12615. sulphuric acid, liquid diffusion, solubility, ozone destruction, hydrochloric acid, 11280. sulphuric acid, refractive index, density, acidity, aerosol, 12581. temperature analysis, rocketsonde, lidar, 00828. temperature monitoring, TIROS, radiosonde, 03662. temperature spectrum, scintillation, 12732. temperature variability, microwave sounding unit, 12446. thin film, ozone, sulphuric acid, FTIR, aerosol, 09997. trace gas concentration, polar night, FTIR spectroscopy, Arctic; 07348. trace gas, diffusivity molecular, Lennard-Jones method, 12595. tracer transport, wave breaking, vortex edge, transport, Rossby wave, 11163. trend, annual cycle, general circulation model, carbon dioxide, 00921. tropics, Rossby mode, wave characteristics, troposphere, India; 14847. troposphere, lidar, radar, gravity wave, 14851. troposphere, sulphur hexafluoride, measurement, 09999. vertical profile, aerosol, HALOE experiment, 03602. volcanic eruption, aerosol loading, solar backscatter UV, ozone, Mexico, El Chichon; 11322. volcanic eruption, Austral spring (1991), aerosol level, Antarctica; Philippines, Mount Pinatubo; Chile, Cerro Hudson; 08706. volcano, aerosol cloud, particle composition, infrared absorption, 03600. volcano, aerosol cloud, raman, dial measurement, ozone, 01052. volcano, aerosol loading, model, heterogeneous processing, ozone response, Philippines, Mount Pinatubo; 13820. volcano, aerosol, eruption, optical depth, Philippines, Mount Pinatubo; Arctic; 11324. volcano, eruption, satellite, aerosol, optical thickness, Mexico, El Chichon; Philippines, Pinatubo Mountain; 03597. volcano, spectral data, sulphur dioxide, Philippines, Pinatubo Mountain; 03594. warming event, planetary wave, zonal mean ozone, global variability, ozone, 11290. water vapour, latitudinal survey, mesosphere, 13694. water vapour, methane, desiccation, 03555. wave number, flow regime, Northern Hemisphere, winter, 02185. zonal asymmetry, chemical eddy flux, ozone, wave breaking, planetary wave flux, 07265.
- stratosphere aerosol**
remote sensing, aerosol size, volcanic cloud, Philippines, Mount Pinatubo; 11481.
- stratosphere/troposphere exchange**
gravity wave, lidar, 14914. lamina, Rossby wave, cutoff low, ozone, ozonesonde, Japan; 09972. northern winter, tropopause, global analysis, 00898. tropopause fold, cutoff low, ozone, troposphere, 12576.
- stratospheric aerosol**
aerosol backscattering, volcano, lidar measurement, Pacific; 07527.
- stratospheric age**
irreversible mixing, transport, diagnostic, trace gas, 11162.
- stratospheric analysis**
UKMO, 05961.
- stratospheric backscatter**
lidar measurement, aerosol, 06061.
- stratospheric circulation**
cooling, long term variation, 14846. Southern Hemisphere, planetary wave, interannual variability, 02177.
- stratospheric cloud**
microwave limb sounder, chlorine oxide, back trajectory temperature, polar vortex, Arctic; 11486.
- stratospheric column**
nitric acid, nitric oxide, loss, volcano, nitrogen dioxide loss, 10022.
- stratospheric cooling**
formation mechanism, winter, polar stratospheric cloud, Antarctica; 04703. Northern Hemisphere, winter, tropospheric circulation, 14849.

- stratospheric dynamics**
aerosol, tracer transport, volcano, diabatic circulation, ozone, 04677.
- stratospheric flux**
global budget, nitrogen-15, oxygen-18, nitrous oxide, USA, Hawaii, Maui; Costa Rica; 06400.
- stratospheric mixing**
polar vortex, subtropics, 04664.
- stratospheric ozone**
optical dropsonde, ozone density profile, 08756. overview, ozone hole, 07411.
- stratospheric ozone intrusions**
tropopause folding, cross tropopause exchange, ozone, 09979.
- stratospheric temperature**
sulphuric acid, solubility, hydrochloric acid, 08672.
- stratospheric vortex**
wave mean-flow interaction, model, slope wind, polar, Antarctica; 14906.
- stratospheric warming (1993)**
nitrous oxide, polar vortex, 14850.
- stratospheric warming**
model, stratosphere, potential vorticity, warming event, radiative equilibrium, 09884.
- stratospheric wave**
temperature, southern winter, ozone, Microwave Limb Sounder, 03442.
- stratospheric wind**
data assimilation, vertical residual velocity, chemistry & transport model, thermodynamics, 11179.
- stratotype**
Pliocene/Pleistocene, aeolian deposit, colluvial deposit, Marmora Formation, Saletian stage, Morocco; 00206. type locality, formal stratigraphy, Pleistocene, Saalkian Stage, glacial geology, Finland; 00158.
- stratovolcano**
volcanic landform, extraterrestrial geology, igneous petrology, hotspot, Earth; Moon; Mercury; Mars; Venus; 14177.
- stratus**
boundary layer, aircraft observation, large eddy simulation, 03518. carboxylic acid, redox chemistry, iron, fog, 07333. cloud base, cloud droplet, droplet residue, Japan, Honshu, Ibaraki, Mt.Tsukuba; 02293. cloud layer, hydrometeor, cloud interstitial aerosol, microholography, 07516. entrainment, linear eddy, mixing, 11243. fog, visibility, sloping terrain, liquid water, 02273. forecast, 03532. stratocumulus, altostratus, cirrus, microphysical structure, review, 07303.
- stratus events**
mesoscale ridge, coastal trapping, Canada, British Columbia; 04603.
- straw**
ammonia emissions, agricultural waste, combustion, stubble burning, 12643. crop residue, CEC, Brunisil, decomposition, 06901.
- straw decomposition**
amino acid, amino sugar, bacteria, nitrogen, composting, 08162. carbohydrate, humic substance, decomposition, spectroscopy, 12048. fertiliser, nitrogen-15, nitrogen budget, microbial biomass, 09489. organic matter fractionation, decomposition, crop residue, 14520.
- stray light model**
Dobson instrument, ozone, total ozone, measurement error, spectrophotometer, 13822.
- stream**
biotic resource, instream value, valuation protocol, water resource development, river, USA, Virginia; 05846. floodplain, forest management, environmental management, riparian zone, 09740. resuspension, organic matter, water column, transport dynamics, USA, Idaho, Smiley Creek; Salmon River; 06655. soil, nitrogen response, slash and burn, pine/hardwood stand, burning, USA, North Carolina, Appalachians; 08991. visualisation, 15222. water temperature, advection/dispersion equation, heat flux, temperature dynamics, 03287.
- stream aggradation**
terrace, radiocarbon age, fluvial sediment, colluvium, Pleistocene/Holocene transition, USA, Oregon, Coast Range; 06450.
- stream aquifer system**
surface water-groundwater interaction, streamflow decline, groundwater recharge, water resource development, USA, Kansas, Arkansas River; Rattlesnake Creek; 12380.
- stream/aquifer system**
surface water-groundwater interaction, groundwater contamination, river water quality, stream bed sediment, solute transport, UK, England, Thames River; 11030.
- stream area ratio**
fractal dimension, stream network, Horton's law, bifurcation ratio, stream length ratio, 00635.
- stream bank**
gully erosion, airborne laser, erosion, 06229.
- stream bed**
cavitation, crop circle, aquatic vortex, whirlpool, 08353.
- stream bed sediment**
solute transport, stream/aquifer system, surface water-groundwater interaction, groundwater contamination, river water quality, UK, England, Thames River; 11030.
- stream biochemistry**
nitrogen dynamics, Antarctic stream, algal productivity, carbon dynamics, Antarctica; 09660.
- stream channel**
basin simulation, fractal morphology, river network, DEM, 00105.
- stream channel network**
DEM, river catchment, 08919.
- stream discharge**
baseflow chemistry, streamwater chemistry, rainstorm, New Zealand, South Island, Craigieburn Range; 08379. climate induced response, climate change, wavelet analysis, land use, USA, Oregon; 06418. conductivity/discharge relationship, discharge estimation, hydrological cycle, electrical conductivity, geochemical erosion, 09572. forest cover, interception, surface runoff, stream gauging, Brazil, Sao Paulo, Serra do Mar; 08430. monthly runoff, discharge, runoff, water balance, annual runoff, Finland; 00630.
- stream distance**
topographic map series, 03707.
- stream ecology**
near bedflow, classification system, bedflow regime, channel flow, 04447. streamflow, water abstraction, compensation water abstraction, water resource management, 03381.
- stream ecosystem**
habitat, streamwater quality, hydrological regime, Israel, Akko Valley, Nahal Na'aman; 03289.
- stream energy**
resisting power, climate optimum, environmental planning, geocodynamic assessment, Mexico; 06452.
- stream evolution**
surface water-groundwater interaction, groundwater discharge, drainage network, Netherlands; 14608.
- stream function**
groundwater flow, specific discharge, hydraulic conductivity, hydraulic gradient, Canada, Ontario, Borden; 07059.
- stream gauging**
economic value, flood protection, cost/benefit analysis, streamflow data, 13645. flow resistance, aquatic weed, stage/discharge relationship, 12219. stream discharge, forest cover, interception, surface runoff, Brazil, Sao Paulo, Serra do Mar; 08430.
- stream habitat**
environmental management, river regulation, channelisation, levee construction, riparian ecosystem, USA, Illinois; 09773.
- stream hydrology**
hyporheic zone, invertebrate, arid zone, Australia, South Australia, Flinder Ranges, Brachina Creek; 07031.
- stream length ratio**
stream area ratio, fractal dimension, stream network, Horton's law, bifurcation ratio, 00635.
- stream monitoring**
water resource management, ecosystem management, monitoring programme, forest basin, USA, Pacific Northwest; 07148.
- stream network**
Horton's law, bifurcation ratio, stream length ratio, stream area ratio, fractal dimension, 00635.
- stream network extraction**
kriging, DEM, 01131.
- stream power**
braided channel, palaeohydrology, sinuosity, bedload, grain size, meandering, 12941. erosion, sediment transport, channel flow, tractive force, critical velocity, particle size, 12220. knickpoint, channel incision, bedrock erosion, competence, Israel, Negev Desert, Nahal Paran; 09044. outburst flood, Pleistocene, catastrophic flooding, flood hydraulics, bedrock gorge, USA, Idaho, Big Lost River; 07746.
- stream sediment**
gold mining, food chain, pollution, Colombia, Western Cordillera, Department Narino, Los Andes; 10678. mineral exploration, lithological mapping, Brazil, Bahia State, Contendas-Mirante Greenstone Belt; 03754. sedimentation, fluvial sediment, land use, sediment yield, USA, North Carolina; 05413. silica, REE, provenance, transportation, USA, Colorado, Wet Mountains; 10573.
- stream sediment geochemistry**
fracture zone, magnetic discontinuity, geochemical anomaly, SAR, Canada, Quebec, Gaspé Peninsula; 03769.
- stream slope**
peak discharge, flood, fluvial geomorphology, watershed model, USA, Wisconsin, Grant River; 14142.
- stream valley**
drainage, canalisation, nutrient status, wetlands, lowland stream, Netherlands; 08365.
- streamflow**
computerised measurement, discharge measurement, conductivity, salt dilution, USA, Alberta, Rocky Mountains; Canada, British Columbia, Rocky Mountains; 00639. drought, multiple regression model, baseflow index, rainfall/runoff relationship, Japan, Tone River; 08321. El Nino/Southern Oscillation, hydrological response, USA; 05892. flow quantile, stochastic model, flow duration curve, probability model, Canada, British Columbia; 09599. groundwater discharge, catchment bedrock, bedrock fracture, forest ecosystem, water budget, evapotranspiration, chemical budget, USA, New Hampshire, White Mountains, Hubbard Brook; 13623. groundwater model, mountain catchment, snowmelt, groundwater recharge, USA, Idaho, Upper Sheep Creek; 12306. hydrological measurement, instrumentation, rainfall/runoff relationship, rainfall assessment, discharge measurement, 06965. hydrological network, network design, comparative study, WMO, generalised least squares, New Zealand, North Island; South Island, Nelson; 00646. hydrological response unit, remote sensing, runoff model, distributed model, Canada, Ontario, Grand River; 00631. isotope study, runoff, baseflow, interflow, surface flow, Turkey, Ankara, Guvenc Basin; 08312. low flow, flow estimation, discharge measurement, chalk catchment, runoff variation, Denmark; 12203. low flow, probability distribution, drought, Nigeria; 13468. precipitation, land use effect, water balance, Calder-Newson method, water use, Penman potential evaporation, UK, Scotland, Balquhider; 00802. rainfall/runoff model, interception, evapotranspiration, model validation, strip thinning, 09747. runoff generation, hydrograph separation, permafrost, isotope tracer, snowmelt, wetlands, Canada, Northwest Territories, Fort Simpson, Manners Creek; 04556. runoff response, permafrost, glacier meltwater, rainfall, snowmelt, China, Qinghai-Xizang Plateau; 07102. runoff, groundwater recharge, forest catchment, forest thinning, 09745. safe yield, groundwater management, groundwater withdrawal, legislation, low flow, USA, Massachusetts; 00814. seepage, water temperature, surface water-groundwater interaction, sediment temperature, groundwater inflow, USA, Indiana, Juday Creek; 01925. snowmelt, snow cover, alpine basin, runoff, USA, California, Sierra Nevada; 11066. soil moisture, monthly water balance, Palmer's Z-index, model calibration, water balance model, USA, Ohio; California; 09569. soil water discharge, groundwater discharge, residence time, runoff, tritium tracer, Japan, Kawakami; 08311. Southern Oscillation, El Nino, La Nina, USA,

- (Southwest); 14885. time series analysis, chaos, autoregressive moving average, time delay embedding, precipitation, Hong Kong; 13473. time series model, forecasting, typhoon, drought, Taiwan, Tanshui River; 10909. tracer test, hydrodynamic process, fluorescent tracer, groundwater flow, 08313. transpiration rate, water yield, Eucalyptus forest, forest density, runoff, Australia, Victoria; 09743. trend (1948-1988), hydroclimatology, temperature, precipitation, USA; 13687. unit hydrograph, slow flow index, baseflow index, 06968. water abstraction, compensation water abstraction, water resource management, stream ecology, 03381. water yield, forest catchment, terrain analysis, catchment model, runoff, Australia, Victoria; 09755.
- streamflow data**
data generation, annual runoff, autoregressive model, India, Konar River, Konar Dam; Barkar River, Tilaiya Dam; 05667. storage design, water resource management, data collection, cost/benefit analysis, Australia, New South Wales; 03400. stream gauging, economic value, flood protection, cost/benefit analysis, 13645. time delay embedding method, chaos, hydrological time series, rainfall data, Hong Kong; 08333. time series, climate change, hydrometeorological time series, lake level, water resource, Canada; Africa; North America; 02632.
- streamflow decline**
groundwater recharge, water resource development, stream aquifer system, surface water-groundwater interaction, USA, Kansas, Arkansas River; Rattlesnake Creek; 12380.
- streamflow estimate**
model assessment, rainfall/runoff model, runoff yield, efficiency coefficient, Australia; 09585.
- streamflow estimation**
Kalman filter, noise covariance matrix, residual autocorrelation, extrapolation, France, Saint-Francois River; 04445. least squares analysis, principal components analysis, residual autocorrelation, recursive algorithm, comparative study, France, Saint-Francois River; 04444.
- streamflow forecasting**
Markov chain model, flood forecasting, 03222.
- streamflow generation**
bushfire, runoff, scrubland, forest, South Africa; 09746. deforestation, rainfall/runoff model, GIS, microscale catchment, mesoscale catchment, USA, Colorado, Rocky Mountains, Deadhorse Creek; Germany, Rheinisches Schiefergebirge, River Brol; 08305. environmental isotope, runoff generation, hydrograph separation, 14603. flow frequency, flow duration curve, river discharge, Canada, British Columbia; 12207. runoff water chemistry, soil water chemistry, streamwater chemistry, stormflow pathway, USA, Tennessee, Walker Branch Watershed; 12212. runoff, overland flow, throughflow, soil moisture, soil salinity, Australia, Western Australia; 00634. seasonal variation, river discharge, hydropower, snowmelt runoff, Nepal, Arun River; Kosi River; Nepal, Tamur River; 11056.
- streamflow measurement**
flow measurement, open channel flow, measurement standard, hydrometry, UK; 01940. stage/discharge relationship, turbulence, rhodamine-wt tracer, fluorimetry, 05670.
- streamflow model**
glacial cover, conceptual model, Canada, British Columbia, Lillooet River; 05826. lake model, high resolution, atmospheric model, hydrological model, regional climate model, USA, Oregon, Steamboat Creek; Nevada, Pyramid Lake; 00071. soil moisture deficit, afforestation, evapotranspiration, rainfall, land use effect, UK, Scotland, Balquhider; 00803.
- streamflow modelling**
streamflow process, time scale, monthly flow, annual flow, seasonal flow, PARMA, West Africa, Niger River; 05677.
- streamflow partitioning**
macropore, tracer, hillslope hydrology, preferential flow, subsurface runoff, deuterium, chloride, 01930.
- streamflow process**
time scale, monthly flow, annual flow, seasonal flow, PARMA, streamflow modelling, West Africa, Niger River; 05677.
- streamflow response**
land use effect, rainfall/runoff model, hydrograph separation, afforestation, ditching, deforestation, UK, Scotland, Balquhider; 00804.
- streamflow routing**
conveyance loss, flood wave, ephemeral channel, arid zone, 12201.
- streamflow simulation**
precipitation/runoff model, snowmelt runoff, glacier runoff, precipitation distribution, India, Himalayas, Satluj River; 11064. snow/ice melt, glacier runoff, runoff estimation, Asia, (Central); 11059.
- streamflow velocity**
flood, runoff generation, velocity estimation, return period, geomorphological unit hydrograph, Czech Republic, Jizera Mountains, Jilovsky Brook; 08341.
- streaming**
wave boundary layer, convergent/divergent channel, friction coefficient, channel flow, turbulence, 06973.
- streaming flow**
basal boundary condition, ground radar, internal layer folding, ice stream, bedrock topography, Antarctica, West Antarctica, Ice Stream B; Ice Stream C; 10546.
- streamlining**
glacial landform, landform evolution, Landsat, 14264.
- streamwater**
drinking water, lake sediment, pH, acidification, trace metal, Germany, Harz Mountains, Lake Söse; 01751. weathering rate, silicate bedrock, biotite, strontium-87/strontium-86 ratio, glaciated region, USA, California, Sierra Nevada; 07741.
- streamwater analysis**
sample freezing, orthophosphate, nitrate, nitrite, ammonia, 09659.
- streamwater chemistry**
acid episode, snowmelt, atmospheric deposition, soil water chemistry, flow path regime, downstream chemical gradient, UK, Scotland; 02008. acidic soil, cation exchange, mixing model, Lumping, Norway, Birkenes Catchment; 12938. acidification, nitrification, forest catchment, moorland catchment, atmospheric deposition, soil water chemistry, UK, Wales; 14640. acidity, sulphate, atmospheric deposition, synoptic climatology, USA, Pennsylvania; 08378. aluminium chemistry, buffering, flow path, soil water chemistry, runoff water chemistry, UK, Wales, Llyn Brianne; 00700. benthic invertebrate, runoff water quality, forest fertilisation, ammonium nitrate, trout, Sweden; 02001. calcite dissolution, carbonate terrain, geochemical process, acid mine drainage, USA, Tennessee; 00712. chemical separation, groundwater chemistry, soil water chemistry, hydrochemical modelling, upwelling flow, Canada, Quebec, Laurentians; 02003. deforestation, dissolved inorganic carbon, dissolved organic carbon, UK, Wales, Plynlimon; 13536. geochemical survey, hydrogeochemistry, UK, Wales; 13496. ice shelf, glacial meltwater, meltwater pond, pond water chemistry, Antarctica, McMurdo Ice Shelf; 14763. MAGIC, acidic deposition, afforestation, climate change, UK, Scotland, Balquhider, Monachyle; 00711. monomeric aluminium, pH, aluminium chemistry, USA, New York, Ulster County, Coking Kill; 05731. nitrogen dynamics, phosphate, tropical stream, dissolved inorganic nitrogen, Costa Rica, Salto River; Pantano Creek; 02005. nutrient loss, particulate export, heathland catchment, fire, runoff water chemistry, Spain, Montseny, La Calma; 05728. rainstorm, stream discharge, baseflow chemistry, New Zealand, South Island, Craigieburn Range; 08379. runoff water chemistry, stormflow pathway, soil water chemistry, acid neutralising capacity, UK, Wales; 12265. runoff water quality, forest catchment, acidification, nitrogen, sulphur, USA, West Virginia, Fernow Experimental Forest; 09749. soil water chemistry, phosphorus, nitrogen, riparian zone, nutrient regulation, USA, Tennessee; 00689. stormflow pathway, streamflow generation, runoff water chemistry, soil water chemistry, USA, Tennessee, Walker Branch Watershed; 12212. stormwater chemistry, flow path, headwater catchment, runoff water chemistry, UK, Wales; 08372. sulphur, nitrogen, mountain stream, acid neutralising capacity, acid/base chemistry, atmospheric deposition, USA, Tennessee, Great Smoky Mountains; 13546. temporal variability, acid precipitation, pH reduction, USA, Pennsylvania; 10965. wetlands, riparian zone, nitrogen dynamics, runoff water chemistry, Canada, Ontario, Oak Ridges; 02002.
- streamwater quality**
acid neutralising capacity, episodic acidification, bedrock, subsurface process, climate, USA, Virginia, Reedy Creek; Shelter Run; USA, Maryland, Hunting Creek; USA, Maryland, Fishing Creek Tributary; 07033. acid neutralising capacity, pH, calcium concentration, acidic soil, aluminium concentration, runoff water chemistry, UK, England, Cumbria, Kershope; 03269. acid, deposition, paired basin study, acidification, deforestation, Germany, Hesse, Krodorf Forest; 07122. acidification, runoff water quality, forest catchment, sulphate mobility, concentration/discharge relationship, USA, Georgia Piedmont; 14656. atmospheric deposition, nitrate mobilisation, wildfire, USA, California, Los Angeles County; 14662. catchment model, nitrogen fertiliser, soil water dynamics, groundwater quality, surface water quality, Denmark, Karup River; 13507. chemical water quality, invertebrate saproxy, biological water quality, Germany, Lower Saxony, Scheppau River; 09591. continuous monitoring, electronic data logger, dissolved oxygen, USA, Wisconsin; 07038. ferrhydrite precipitation, acid mine drainage, metal transport, UK, Wales, Anglesey, Afon Gouch; 13541. fertiliser, potassium cycling, UK, England, Dorset, Bere Stream; 00704. forest cover, forest age, atmospheric deposition, nitrate, UK, Wales; 12364. forestry, agriculture, herbicide, biota, Australia, Tasmania; 14657. found data, sampling, probability sample, case study, USA; 00702. groundwater chemistry, soil water chemistry, precipitation chemistry, silica budget, forested basin, Japan, Kiryu; 08374. groundwater discharge, geomorphological control, electromagnetic profile, salinisation, Australia, Western Australia; 14749. groundwater quality, binding mechanism, chemical equilibrium, soil water quality, heavy metal, Poland, Niepolomice Forest; 09653. groundwater quality, road salt, baseflow contamination, Canada, Ontario, Toronto; 12310. hydrological regime, stream ecosystem, habitat, Israel, Akko Valley, Nahal Na'aman; 03289. leachate chemistry, snowmelt, preferential elution, meltwater chemistry, UK, Scotland, Cairngorms; 00705. metal, trace metal, adsorption, colloid, soil water chemistry, USA, Colorado, Front Range, Green Lakes Valley; 05726. mountain catchment, hydrological change, deforestation, atmospheric deposition, Czech Republic, Jizera Mountains; 07034. mountain stream, particulate organic matter, sedimentation, pool, riffle, 13531. nonpoint source pollution, nitrogen, riparian zone, agricultural pollutant, 07137. nonpoint source pollution, water quality management, pollution abatement, USA, Wisconsin, Black Earth Creek; 07164. nutrient transport, phosphorus, sediment transport, scale effect, runoff water quality, USA, New Mexico; 07011. nutrient, microbial pollution, faecal coliform, coastal water quality, United Arab Emirates; 10959. phosphorus transport, transport equation, phosphorus dynamics, spiralling length, 13538. photosynthesis, time variable model, deterministic/stochastic model, dissolved oxygen dynamics, USA, New Jersey, Whippany River; 09666. radiocaesium, leaching, peat bog, ion exchange, caesium-137, sorption, 13529. rainforest ecosystem, forest catchment, precipitation chemistry, throughfall chemistry, stemflow chemistry, runoff water quality, China, Hainan Island, Jianfengling; 02091. riparian vegetation, allochthonous input, detrital dynamics, macroinvertebrate, organic matter, USA, Idaho, Lapwai Creek; 12272. sodium hydroxide, metal removal, acid mine drainage, copper, zinc, 07032. statistical model, measurement bias, water quality analysis, 10954. sulphate concentration, aqueous sulphate, acidic deposition, soil water chemistry, USA, Georgia, Panola Mountain; 01989. sulphate, snowmelt, acidic deposition, acid neutralising capacity, USA, Appalachian Mountains; 05733. trace metal, monitoring, bryophyte, acid stream, France, Vosges Mountains; 05736. upland catchment, nitrate concentration, moorland, saturation hypothesis, UK, Scotland; 00708.
- streamwater temperature**
runoff, snowmelt hydrograph, hydrograph separation, recession analysis, 08310.
- street canyon**
traffic pollution, air quality modelling, vehicle exhaust emission, Netherlands; 11336.
- street canyon dispersion**
dispersion, vehicle exhaust emission, canyon, traffic, China, Jiangxi Province, Guangzhou City; 04805.
- street climate**
urban climate, numerical model, geometry, construction material, 09832.

- street level air**
carbon monoxide, nitrogen oxide, traffic emission, receptor model, urban environment, China, Jiangxi Province, Guangzhou City; 04808.
- street network**
municipal service, digital land base, Canada, Manitoba, Winnipeg; 01274.
- strength**
artificial weathering, anorthosite, weathering, structure, plutonic rock, Finland, Inari; 11649. salinity, confining pressure, pressuremeter test, sea ice, ice mechanics, 13130. soil shear strength, triaxial test, water content, 08116. stiffness, stress, self boring pressuremeter, design parameter, 04009.
- streptomycin**
cycloheximide, soil microorganism, microbial biomass, antibiotic, nitrogen mineralization, nitrification, 10801.
- stress**
particle breakage, volumetric compression, behaviour, granular soil, 04011. pop up, earthquake region, intraplate seismicity, seismic hazard, neotectonics, North America, (East); 05194. reflectance, Sagebrush, hydrocarbon, USA, Wyoming, Bighorn Basin; 02459. self boring pressuremeter, design parameter, strength, stiffness, 04009. strain, mechanical behavior, agricultural soil, modelling, 10415. uplift, convection cell, heat flow, stress field, neotectonic deformation, Poland, Carpathian-Pannonian Region; Hungary, Carpathian-Pannonian Region; Slovakia, Carpathian-Pannonian Region; 03982.
- stress analysis**
drained/undrained soil, cavity expansion, in situ testing, numerical model, 09105. pressuremeter geometry, clay, in situ testing, plasticity, shear strength, 07797. vane shear test, model, in situ testing, shear strength, 02713.
- stress change**
tomographic imaging, soil stiffness, 12998.
- stress curl**
premonsoon, monsoon, wind stress, Indian Ocean; 12472.
- stress design**
compaction, reinforced soil, soil wall, 12993.
- STRESS experiment**
continental shelf, resuspension, wind forcing, sediment transport, storm, USA, California; 14331. laser, particle size, optical transmissometry, sediment transport, USA, California; 14304. roughness, seafloor, bedform, suspended sediment, storm, bioturbation, USA, California; 14431. settling velocity, continental shelf, transmissometer, USA, California; 14305. suspended sediment, particle size, optical backscatter, acoustic backscatter, 14302. wave motion, turbulence, shear stress, bottom boundary layer, 14430.
- stress field**
dike, crater, potassium/argon dating, Cainozoic (late), Japan, Hokkaido; 05208. neotectonic deformation, stress, uplift, convection cell, heat flow, Poland, Carpathian-Pannonian Region; Hungary, Carpathian-Pannonian Region; Slovakia, Carpathian-Pannonian Region; 03982. rupture, earthquake, deformation, Fu-yun Fault, recurrence interval, Mongolia; 05205.
- stress history**
failure, soil property, measurement, geotechnics, strain level, 06496. model, cohesionless soil, elastic shear modulus, 05225.
- stress level effect**
sand, centrifuge, model test, pile, 11718.
- stress measurement**
soil stress, transducer, in situ stress, 09101.
- stress path**
direct shear box test, triaxial compression, residual soil, 02706. triaxial test, collapse, sand, liquefaction, 06498.
- stress path testing**
hollow cylinder torsional device, principal stress rotation, sand, 09085.
- stress pattern**
fault slip data, deformation, focal mechanism, geodynamic change, Quaternary, Italy, Apennines; 10398.
- stress release**
groundwater, weathering, triggering factor, thaw, Switzerland, Matter Valley, Randa; 09123.
- stress state**
clay, compressibility, consolidation, permeability, 14182.
- stress strain model**
critical state model, unsaturated soil, finite element program, 04025.
- stress strain response**
clay disturbance, site test, undrained shear strength, strain path method, 04026.
- stress/strain analysis**
deformation, landslide surface, landslide kinematics, aerial photography, USA, Utah, Twelvemile Canyon, Twin Lake Landslide; 05233.
- stress/strain behaviour**
clay, strain stiffness, Cam clay, modelling, 04007.
- stress/strain relationship**
elastic viscoplastic modelling, clay, compression, creep, time dependent behaviour, 11719. shear strength, clay mineral content, soil-structure interaction, silt, 11713.
- stress/strain response**
Cold Lake oil sand, oil sand, void ratio, pore pressure, critical state, Canada; 01434.
- stress tensor**
Neogene, Cainozoic (late), Quaternary, brittle, continental deformation, Turkey, Anatolia; 02700.
- stress vector**
wave, swell direction, ocean surface, wind, 07256.
- stress/wave propagation**
Becker hammer drill, penetration test, dynamic measurement, pile driving, Canada, British Columbia; 06511.
- striation**
SEM analysis, Devensian, glacial abrasion surface, quartzitic rock, UK, Scotland, Highlands; 07889. subglacial investigation, pressure transducer, temperature, debris flux, Norway, Folgefonni, Bondhusbreen; 05336.
- strike/slip basin**
Amphitheatre Formation, sedimentation, alluvial fan, coal, Cainozoic, Canada, Yukon Territory; Canadian Cordillera; 02951. Gilbert type delta, Pliocene, depocentre, overstep, sedimentation, Spain, Almeria-Nijar-Carboneras Basin; 07967.
- strike/slip fault**
braidplain, Boss Point Formation, Pennsylvanian, sandstone, channel, Canada, Nova Scotia; New Brunswick; 10588. crustal displacement, GPS, geological structure, Italy, Calabria, Pollino Chain; 06234. crustal thickening, slip rate, deformation, faulting, seismicity, China, Tibetan Plateau; 11693. landscape response, neotectonic behaviour, basin formation, Quaternary tectonics, Spain, Betic Cordillera; 03981. movement rate, geodesy, crustal movement, neotectonic activity, Turkey; 10402. Pliocene, alluvial fan, Pleistocene, syntectonic sedimentation, Poland, Sudetes Mountains; 12982. seismicity, neotectonics, rift system, earthquake belt, transtensional fault, China, Shanxi; 01399. topographic measurement, displacement morphology, Holocene, slip rate, fault kinematics, Ecuador, Andes; 07784. transform zone, displacement, neotectonic feature, Chaman Fault, Pakistan, Himalaya; Afghanistan; 01398.
- strike/slip faulting**
transcurrent fault, seismic swarm, tectonic inference, transform fault, Jordan, Gulf of Aqaba; Egypt, Red Sea, Gulf of Aqaba; 06489.
- strike/slip motion**
GPS, historical data, triangulation site, tectonic deformation, San Andreas Fault, USA, California, Southern Coast Ranges; 00142. kinematic model, Subandean Zone, map balancing, Bolivia, Andes, Santa Cruz Bend; 06477.
- strip drain**
organic soil, laboratory experiment, vertical drain, field test, Poland; 01416.
- strip footing**
Mohr-Coulomb soil, bearing capacity, axisymmetry, circular footing, 09086.
- strip thinning**
streamflow, rainfall/runoff model, interception, evapotranspiration, model validation, 09747.
- striated dolphin**
aerial photogrammetry, fishing, Pacific; 14041.
- stripping**
actinide extraction, waste stream, Purex process, fission product, 05081.
- stripping voltammetry**
trace metal, water column, soft sediment, Chile, Concepcion Bay; 10631.
- stromatactis**
diagenesis, sponge, cementation, Palaeozoic, red stromatactis limestone, Canada, Quebec, Quebec Appalachians; Belgium; 02908.
- stromatolite**
diagenesis, cement, limestone, luminescence, Silurian, Canada, Quebec, Gaspe Peninsula; 13207.
- stromatolite**
calcification, microbiolite, kopara, atoll, Pacific, French Polynesia, Tuamotu Archipelago; 07986. debris flow, Dachsteinakale, Triassic, reef, lagoon, Austria, Alps, Hochkonig Massif; 11975. magnesite, lake, playa, mudflat, microbial mat, Canada, British Columbia, Cariboo Plateau; 04245. microbial mat, sulphur, photosynthesis, cyanobacteria, bacteria, 01661. Nihewan Formation, palaeoenvironment, filamentous algae, China, Hebei Province, Nihewan Basin; 13077. oncoid, palaeobathymetry, Jurassic, microbiolite, Switzerland; 01615.
- stromatoporoid**
diagenesis, calcite, Yeongheung Formation, dissolution, Korea(South); 06683. reef, Silurian, Hemse Group, biostrome, Ludlow, Sweden, Gotland; 10656.
- Strombus**
submerged thanatocoenosis, sea level, Tyrrhenian deposit, Italy, Promontorio Circeo; 05325.
- Strombus bubonius**
climate change, palaeotemperature, Last Interglacial, U-Th dating, oxygen isotope study, Spain, Balearic Islands, Majorca, Palma Nova; Tunisia, Nonastir; 02749. tectonic activity, sea level, Last Interglacial, interglacial, Holocene, Mediterranean; 00205.
- strong episodes**
smoke, trend (1984-1991), Greece, Athens; 13887.
- strong squall**
southerly buster, model, front, Australia; 02240.
- strontium**
alkalinity, porewater chemistry, groundwater, cementation, carbonate geochemistry, Mexico, Yucatan; 08032. aragonite, mud, Holocene, lysocline, carbonate bank, Atlantic, Great Bahama Bank; 02902. brine, metalliferous sediment, metallogenesis, lead, Red Sea, Atlantis II Deep; 13284. caesium, Langmuir isotherm, sorption, adsorption capacity, cobalt, 05082. calcite, recrystallization, interstitial water, nannofossil, Pacific, Ontong Java Plateau; 00309. Cambrian, Ribota Formation, lamination, dolomitization, diagenesis, Spain, Iberian Chain, Soria; Zaragoza; 02946. carbonate, continental shelf, isotope ratio, marine organism, South Africa; 10601. cement, diagenesis, sulphate, Jurassic, Smackover Formation, anhydrite, Gulf of Mexico; 13216. climate forcing, geochemical response, ocean, tectonic forcing, 02636. decarbonation, diagenesis, weathering, metamorphism, isotope ratio; 08027. diagenesis, deep sea carbonate, DSDP, porewater, seawater, 00308. hydrological change, strontium isotope record, palaeoclimate, palaeohydrology, Australia, South Australia, Frome Lake; 09165. interstitial water, deep sea sediment, seawater, ODP Leg 129, Pacific, Pigafetta Basin; Mariana Basin; 01674. isotope tracer, soil/plant/atmosphere continuum, solute transport, hydrological cycle, Japan, Honshu, Joban District; 05653. neodymium, phosphorite, Miocene, continental margin, USA, North Carolina Continental Shelf; 10649. niobidium, lead, isotopic analysis, metalliferous sediment, hydrothermal ore, Red Sea, Nereus Deep; 14429. oxygen, carbon, methanogenesis, geochemistry, interstitial water, Australia, Queensland Continental Margin; 09328. sulphate, salinity, Miocene, gypsum, Poland, Holy Cross Mts; 04225.
- strontium-85**
radionuclide migration, cation distribution ratio, distribution coefficient, Japan; 08217.
- strontium-87/strontium-86 ratio**
glaciated region, streamwater, weathering rate, silicate bedrock, biotite, USA, California, Sierra Nevada; 07741. groundwater origin, bog, isotopic ratio, tracer, USA, Ohio, Champaign County, Cedar Bog; 02048. shelf limestone, Pennsylvanian, Permian, isotope, seawater, USA; 07988.

strontium-90

Chernobyl nuclear accident, grassland soil, RABES model, caesium-137, Italy; 06913. rubidium-106, radionuclide mobility, soil water flow, caesium-137, Chernobyl nuclear accident, Ukraine, Chernobyl; 05626.

strontium bromide hexahydrate

atrazine, alachlor, tillage, solute transport, USA, Ohio; 14524.

strontium/calcium ratio

oxygen-18, isotope record, El Nino, Australia, Great Barrer Reef; 14887.

strontium isotope

carbonate aquifer, carbon-14 dating, carbonate dissolution, groundwater dating, UK, England, Lincolnshire; 14748. ODP Leg 133, seawater, porewater, carbonate platform, Australia, Queensland Continental Margin; 09307. sea salt, precipitation chemistry, Israel; 10894. soil/plant/atmosphere continuum, element cycling, cation leaching, throughfall chemistry, stemflow chemistry, Japan, Kawakami; 08425. trace element, rain event, 12566.

strontium isotope ratio

element ratio, river transport, sediment load, suspended sediment, erosion source, Africa, (West), Congo Basin; 10968.

strontium isotope record

palaeoclimate, palaeohydrology, strontium, hydrological change, Australia, South Australia, Frome Lake; 09165.

strontium migration

sandy soil, advection/dispersion, speciation model, transport model, clayey soil, calcareous soil, France; 03333.

structural analysis

degraded image, kriging, SPOT XS1, Brazil, Parana, Paranagua Bay; 12694. erosion, river gorge, tectonic control, joint orientation, USA, Niagara Gorge; Switzerland, Bernese Oberland, Aare Gorge; Greece, Crete, Samaria Gorge; Switzerland, Jura, Moutier-Klus; 14170. geological map, multimodel photogrammetry, photogrammetry, Greenland; India; 01094. soil gas, tectonic setting, sinkhole, Italy; 05256. tectonics, eroded anticline, Morocco, Anti Atlas, Bou Azzer; 14008. thermal metamorphism, dynamic metamorphism, geological mapping, Spain, Iberian Hesperian Massif; 03748.

structural beach

marine cliff, Malbaie Formation, wetting/drying weathering, storm wave quarrying, abrasion, Canada, Quebec, Gaspé; 00112.

structural characteristics

congelation, platelet ice, sea ice, Antarctica, Ross Ice Shelf, McMurdo Sound; 06640.

structural control

aridity, morphodynamics, morphogenesis, hogback, cuesta, Turkey, Tunceli; 07790. drainage network, lineament, morphostructural analysis, France, Alpes de Haute Provence, Plateau de Valensole; 07786. geological map, morphometric approach, base level maps, uplift, USA, Utah, Bear River Range; 07772. joint direction analysis, joint widening, epigenesis, rock gorge, Switzerland, Berner Oberland, Aare Gorge; 06456. lithological control, coastline profile, fractal geometry, UK, Scotland, Fife; 14152.

structural damage

liquefaction, Rayleigh wave method, earthquake, Philippines, Luzon; 11694.

structural diversity

mire, species richness, aerial colour IR photo, 01206.

structural element

groundwater flow, pore domain, percolation, permeability, 07052.

structural geology

AVIRIS, TM, TMS, spectroscopy, USA, Nevada, Cuprite; 02470. landslide risk, seismic risk, volcanic risk, natural hazard, Peru, Arequipa, Colca Valley; 08862. neotectonics, deformation, planation surface, Pliocene/Pleistocene, France, Massif Central, Limousin; 07785. neotectonics, subduction, Philippine Sea Plate, Median Tectonic Line, Japan; 14176. oblique extension, SPOT, composite imagery, Landsat TM, geological mapping, Kenya, East African Rift, Gregory Rift; 02482. Quaternary, glaciotectionic deformation, diamicton, glaciomarine sedimentation, UK, England, Norfolk West Runton; Iceland, Melabakkur-Asbakkur; 14341.

structural geomorphology

sedimentary facies, karst, cave, topographical survey, Belgium, Namur; 13011.

structural history

topography, piping, chaotic terrain, trough depth, digital terrain model, Mars, Valles Marineris; 11699.

structural interpretation

coal concentration, China, Ordos basin; 03755. petroleum exploration, three dimensional computer modelling, lineament analysis, lithology discrimination, USA, Utah, Paradox Basin; 03762.

structural landform

fluvial erosion, slope retreat, palaeogeomorphology, Quaternary, rift valley, Zaire, Lake Kivu; Ruanda, Lake Kivu; 02765.

structural mapping

image processing, Jordan, Ma'in; 06228.

structural/nonstructural method

flood mitigation, interceptor drain, diversion channel, Polder Project, geomorphology, Bangladesh; 06438.

structural observation

TM, tectonics, mesoscale, India, Godavari, Ghats; 12758.

structural response

field performance, earthquake, centrifuge modelling, 09089. soil-structure interaction, column load redistribution, 11724.

structural segmentation

geosat altimetry, offset migration, plate boundary, mantle upwelling, geomorphology, Pacific, East Pacific Rise; 10459.

structural stability

durability, permafrost, reliability, global warming, engineering structure, 11852. Hopf bifurcation, attractor, precipitation, cloud water, cloud physics, 00996.

structural style

earthquake recurrence interval, plate movement, geomorphology, Alpine Fault, Quaternary, New Zealand, South Island; 01401.

structural uplift

nunatak, bedrock thrust, ice pushed ridge, glaciotectionic landform, Canada, Saskatchewan, Cactus Hills; Dirt Hills; 01504.

structural weakness

erosion, glacial erosion, subaerial process, fjord, rock structure, Norway, Sognefjord; 09198.

structural zone

neotectonics, crustal thickness, dislocation, Russian Federation, Lower Amur Region; 09074.

structure collapse

porosity, aggregate, particle packing, 11880.

structure description

gap fraction, vegetation canopy, 03474.

structure line

bathymetry, DTM, topography, 01120.

structure mark map

ice thickness, elevation, ice shelf, electromagnetic reflection sounding, Antarctica, Filchner-Ronne Ice Shelf; 11866.

structured data

data analysis, GIS design, object oriented system, 15091.

structured digital data

metadata, GIS, USGS, NSDI, 08800.

structured query language

soil database, GIS, extended entity-relationship, 10183.

struvite

phosphorus leaching, effluent treatment, lime residue, piggery effluent, soil water quality, 13627.

stubble burning

straw, ammonia emissions, agricultural waste, combustion, 12643.

stylolite

diagenesis, zoning pattern, mineralization, sedimentary basin, 01621. dissolution seam, flaser structure, trace fossil, chalk, Pacific, Ontong Java Plateau; 00420. dissolution, dolomite, Lockport Group, USA, New York, Rochester; 02911. limestone, clay, porosity, compaction, pressure solution, 09366. sandstone, quartz cement, precipitation rate, Jurassic, fluid inclusion, temperature, Norway, Norwegian Continental Shelf; 13222.

styrene

hydroxyl radical, nitrate radical, gas phase reaction, vinylpyridine, 03563. pump and treat remediation, non aqueous phase liquid, dissolution rate, grain size, trichloroethylene, 14753.

subaerial exposure

Quaternary, paludal sediment, neotectonics, lake sediment, marsh sediment, Croatia, Zagreb, Precko; 00227.

subaerial fan

classification, peat, fan type, braided river, debris flow, Botswana, Okavango Fan; 00371.

subaerial process

fjord, rock structure, structural weakness, erosion, glacial erosion, Norway, Sognefjord; 09198.

subalpine arc

marine terrace, neotectonics, Quaternary, coastal sedimentation, France, Alpes-Maritimes, Nice; 00265.

subalpine forest

tree establishment, treeline, Holocene, climate change, North America; 10502.

subalpine grassland

possum, Quaternary, mammal fauna, wallaby, marsupial, New Guinea, Irian Jaya; 00212.

subalpine meadow

snow cover, global source/sink budget, flux measurement, methane flux, nitrous oxide flux, USA, Wyoming; 07699.

subalpine river

repeat photography, geomorphological impact, flood, USA, Montana, Rocky Mountains, Flathead River; 01357.

Subandean Zone

map balancing, strike/slip motion, kinematic model, Bolivia, Andes, Santa Cruz Bend; 06477.

subantarctic island

cushion plant, climate reconstruction, glacial margin, Indian Ocean, Kerguelen Islands; 04744.

subaquatic freezing

Pleistocene, Holocene, permafrost, lake deposit, Bolivia, Andes, Altiplano; 07920.

subaqueous

geomorphological survey, coast, environmental degradation, pollution, Italy, Sicily, Palermo; 05323.

subaqueous fan

diamicton, iceberg, grounding structure, glaciolacustrine sediment, UK, Scotland, Aberdeenshire; 07891.

subaqueous geomorphology

biocenoses, sea level, wave cut platform, drowned shoreline, marine reserve, Italy, Sardinia; 05320.

subaqueous lava

lava dome, Palaeozoic, epiclastic rock, Italy, Sardinia, Sarraus; Mediterranean Sea; 11921.

subarctic

emerging coastline, foredune development, sediment supply, sea level, ice foot, berm, Canada, Hudson Bay; 11659.

subarctic soil

podzolic soil, palaeoenvironmental reconstruction, paleosol, forest/tundra, Canada, Quebec; 12091.

subarctic stream

sediment yield, suspended sediment, sediment concentration, permafrost, snowmelt runoff, USA, Alaska, Yukon-Tana Uplands, Glenn Creek; 04550.

Subatlantic

aeolian deposit, TL dating, Holocene, Subboreal, Norway, Stavanger, Sola; 10595.

subatlantic period

Holocene, steppe region, pollen spectra, Georgia; 11820.

Subboreal

palynology, alluvial plain, Holocene, Tardiglacial, Preboreal, France, Ardennes, Meuse River; 10508. pollen, climate fluctuation, anthropogenic activity, climate change, Spain, Almeria, Almanzora Caves, Almizaraque;

- Herrerias; 04064. Subatlantic, aeolian deposit, TL dating, Holocene, Norway, Stavanger, Sola; 10595.
- subboreal vegetation**
 AVIRIS, narrow band sensor, spectroradiometer, 15187.
- subbottom profiling**
 echosounder, continental slope, slumping, bottom current, Weddell Sea; 01598.
- subclacial process**
 sedimentology, basal ice flow, shear stress, morphology, drumlin, Poland, Chelmino-Dobrzyn Lakeland; 14280.
- subcooled droplet**
 precipitation sample, sulphate, nitrate, ammonium, cloud water chemistry, Austria, Salzburg, Mount Sonnblick; 14980.
- subcritical flow**
 flow routing, St Venant equation, inverse problem, unsteady flow, channel flow, 01951. supercritical flow, transient flow, hydraulic jump, numerical model, open channel flow, 05682.
- subducted sediment**
 permeability, decollement, pore pressure, accretionary prism, Pacific, Nankai Trough; 00286.
- subduction**
 boron, seawater, tracer, marine sediment, ooze, 00425. carbon, oxygen, isotope, cementation, India, Andaman-Nicobar Islands; Bay of Bengal; 13209. carbonate, Neogene, Pakhna Formation, tectonic evolution, Miocene, Cyprus; 01721. elastic stress model, plate boundary, SLR, VLBI, USA, California, San Andreas Fault; 07539. interplanetary dust, deep sea sediment, helium, neon, Pacific; 09329. noncollisional orogen, orogenesis, plate kinematics, topography, South America, Andes; 14164. Philippine Sea Plate, Median Tectonic Line, structural geology, neotectonics, Japan; 14176. sea level, Gaselle Formation, Devonian, sandstone, accretionary prism, USA, California, Klamath Mountains; 13279. topography, plate tectonics, uplift rate, USA, California, Coast Ranges; Oregon, Coast Ranges; USA, Washington, Coast Ranges; 14172.
- subduction zone**
 seismic hazard, uplift rate, strain accumulation, USA, Cascadia Margin; 14173. tidal marsh, submergence, Holocene, stratigraphy, USA, Oregon; 00255.
- suberin**
 cutin, lipid, organic matter, soil, litter, Germany, Bavaria; 02922.
- subfossil pollen**
 wind transport, spore, pollen, spectra analysis, Ukraine, Carpathians; Khibini Mountains; Georgia; 09185.
- subfreezing temperature**
 debris entrainment, ice-bedrock interface, pressure melting regelation, entrainment, Antarctica, Terre Adelie, Moraine Prudhomme; 06591.
- subglacial bed condition**
 tunnel valley, glaciotectionic squeezing, meltwater erosion, deforming bed, Germany, Schleswig-Holstein, Bornhoved; 09199.
- subglacial bedform**
 Devensian, drumlin formation, ice sheet reconstruction, bed stress, UK, England, Pennines; 14275.
- subglacial cavity**
 crescentic scour, furrow, subglacial flute, turbulent meltwater, Iceland, Breidamerkurjökull; 01518.
- subglacial channel**
 glacial overdeepening, kame, lake, meltwater erosion, morphogenesis, Poland, Znin; 07897. raised bog, peatland, mollusc, Germany, Upper Swabia, Bad Waldsee; 09175.
- subglacial deformation**
 till, sediment dewatering, microscopy, 13144.
- subglacial discharge**
 englacial discharge, glacier drainage, meltwater, diurnal variability, USA, California, Sierra Nevada, Conness Glacier; 11049. turbidity, electrical conductivity, measuring instrument, glacier, Canada, Yukon, Trapridge Glacier; 11052.
- subglacial drainage**
 deformable bed, channelisation, Rothlisberger's model, meltwater flow, 13081. deforming bed, ice sheet, esker, Europe, Fennoscandia; North America; 09192. dye tracing, geometry, bed topography, meltwater quality, glacier hydrology, Switzerland, Haut Glacier d'Arolla; 02836. meltwater runoff, isotope tracer, runoff source, drainage basin delineation, Greenland, Paakitup Akuliarusua; 12353. radial pattern, flow line, fan, hydraulic head, tunnel valley, USA, Minnesota, St. Croix Moraine; 10487.
- subglacial environment**
 glacier, glaciotectionic deformation, lodgement, bed deformation, till fabric, UK, England, Norfolk; 07965. ice kettle, hydrology, esker enlargement, bedrock topography, Sweden; 04096.
- subglacial erosion**
 erosion mark, drumlin, horseshoe vortex, scour, glacial landform, 14265.
- subglacial flow**
 borehole response test, basal water pressure, glacier, groundwater/subglacial flow, Canada, Yukon, Trapridge Glacier; 11050.
- subglacial flute**
 turbulent meltwater, subglacial cavity, crescentic scour, furrow, Iceland, Breidamerkurjökull; 01518.
- subglacial investigation**
 pressure transducer, temperature, debris flux, striation, Norway, Folgefonni, Bondhusbreen; 05336.
- subglacial lake**
 lake, ERS-1, radar altimeter, Antarctica; 12834.
- subglacial landform**
 sediment/landform association, symposium, ice sheet activity, subglacial process, 14262.
- subglacial landscape**
 landscape evolution, erosion, entrainment, deposition, 13080. meltwater channel, cold based glacier, Wisconsin (late), glacial geomorphology, Canada, Canadian Arctic Islands; 01502.
- subglacial meltwater**
 glaciofluvial system, tunnel channel, esker, ice sheet dynamics, Canada, Northwest Territories, District of Franklin, Victoria Island; 04087. Rebburg Stage, Saalian glaciation, moraine, glaciofluvial sediment, outwash fan, Germany, Dammer Berge; 14342. subglacial process, drumlin, sedimentary structure, glaciotectionic deformation, diamicton, Ireland, County Galway, Kanrawar; 14340.
- subglacial monitoring**
 microseism, fault plane analysis, slip rate, till, dilatancy, Antarctica, West Antarctica, Ice Stream B; Ice Stream C; 10542.
- subglacial precipitation**
 regelation, Weertman regelation, refreezing, isotopic evolution, basal ice layer, temperate glacier, 06620.
- subglacial process**
 drumlin, sedimentary structure, glaciotectionic deformation, diamicton, subglacial meltwater, Ireland, County Galway, Kanrawar; 14340. erosion mark, meltwater, drumlin, Canada, Alberta, Morley; 14270. shape, accretion model, bubble model, drumlin, 14263. subglacial landform, sediment/landform association, symposium, ice sheet activity, 14262. till facies, lodgement, meltout, Poland, Belchatow Quarry; 14279. till, drumlin, glacial erosion, meltwater, USA, Washington, Puget Lowland; 14272.
- subglacial sediment**
 clast form, grain shape, sediment transport, Norway, Jotunheimen, Storbreen; 14316. ice, glacial topography, Laurentide Ice Sheet, USA, Wisconsin, Lincoln County; Taylor County; 00391. ploughmeter observations, mechanical property, shear resistance, granulometry, Canada, Yukon Territory, Trapridge Glacier; 13082. Quaternary, diatom, interglacial interval, ice sheet collapse, Antarctica, West Antarctica; 10500.
- subglacial shear**
 glaciogenic deformation, metamorphic bedrock, bedrock fracture, breccia, Canada, New Brunswick, Heath Steele Mines; 00236.
- subglacial stream**
 till, esker, sand/gravel, Finland, Lapland, Lutto River Basin; 10493.
- subglacial thermal regime**
 Laurentide Ice sheet, lithofacies associations, glaciotectionics, stratigraphy, sedimentary structure, Canada, Alberta, One Tree Creek; 10484.
- subglacial till**
 ice advance, drumlin formation, deformation, Poland, Chelmino-Dobrzyn Lakeland; 14281.
- subglacial topography**
 ice thickness, kriging, mapping, Sweden, Kebnekaise Massif, Storglaciaren; 05016.
- subglacial tunnel**
 iceberg, jokulhlaup, Salmon Glacier, ice dammed lake, Canada, British Columbia, Summit Lake; 02799.
- subglacial water**
 tracer injection, flow condition, flow geometry, drainage network, USA, Washington, South Cascade Glacier; 00791.
- subgrade soil**
 elastic stiffness, test method, thawing, 04124.
- subgrid**
 available potential energy, weather forecast, 04576.
- subgrid model**
 large eddy simulation, energy dissipation length, turbulence, stratified medium, stable stratification, 02255.
- subgrid scale**
 dispersion, radionuclide, advection, model, 00442. single column model, precipitation, hydrology, general circulation model, 08533. stomatal resistance, land-atmosphere interaction, leaf area index, heterogeneity, soil moisture, 08534.
- subgrid scale analysis**
 precipitation analysis, deposition, regional air pollution model, wet removal fraction, 12631.
- subimage**
 segmentation, unlabeled data, 04871.
- subirrigation**
 agricultural water management, crop yield, water table depth, sugarcane, sandy soil, USA, Florida; 05841. water table fluctuation, subsurface drainage, groundwater level, de Zeeuw & Hellinga method, soil water management, 02114.
- subirrigation system**
 land drainage/subirrigation system, subsurface drainage, soil water potential, automation, water table depth, 05840.
- subjective mapping**
 cartography, 07513.
- submarine caldera**
 seafloor sediment, volcanic ash, hydrothermal activity, Japan, Izu Ogasawara Arc, Shichito-Iwojima Ridge; 03007.
- submarine canyon**
 abyssal plain, river load, deep sea fan, sediment budget, 04166. basin fill, subsidence, sea level, continental slope, 13277. continental slope, Miocene, sea level, shelf break, sediment input, USA, New Jersey Continental Slope; 09272. fjord, continental slope, slope failure, submarine landslide, EEZ, mass movement, USA; 13278. gravity tectonic, depositional process, continental margin, deformation, terrigenous sediment, Atlantic, Niger Delta; 14423. hydrocarbon, bottom current, terminology, turbidity, 01714. Miocene, canyon fill, sea level change, Gabon; 11968. Miocene, palaeocanyon, channel fill, conglomerate, canyon fill, Italy, Calabria, Stilo; 02993. nepheloid layer, sediment transport, resuspension, continental margin, suspended matter, Mediterranean Sea, Golfe du Lion, Grand-Rhone Canyon; 10579. seafloor, slab slide, failure plane, sidescan imagery, forearc basin, Peru, Arequipa Forearc Basin; 10652.
- submarine cave**
 marine terrace, cave, drowned karst, sea level change, Italy, Campania, Surrentine Peninsula; 05326.
- submarine earthquake**
 volcanic eruption, seafloor observation, hydrothermal vent, 03786.
- submarine equilibrium profile**
 physical model, breaker zone, shore profile, wave tank experiment, USA; 10376.
- submarine fan**
 discriminant function analysis, Miocene, sandstone, Cingoz Formation, provenance, Turkey, Adana Basin; 08060. flysch, Numidian flysch,

- sandstone, Aquitanian, palaeogeography, Algeria, Grande Kabylie Massif; 01718. levee deposit, depocentre, Cretaceous, sedimentation, Colombia, Cordillera Oriental; 01716. plate boundary, echosounder, tectonism, channel, turbidite, Indian Ocean, Bengal Fan; 02994. sand volume, petroleum reservoir, Tertiary, North Sea; 11920. sediment transport, Miocene, precession, periodicity, laminites, turbidite, Greece, Gavdos; 04182. sidescan imagery, gravitational failure, mudflow, glaciogenic mudflow, Barents Sea, Bear Island Fan; 05289. siliciclastic deposit, terminology, sedimentation, eustasy, sequence stratigraphy, turbidite, 01612. turbidite, distributary, drainage, France, Corsica; 10654. turbidite, ODP Leg 133, Miocene, slope failure, gravity deposit, Australia, Queensland Continental Margin, Queensland Trough, Site 823; 09346.
- submarine geomorphology**
continental slope, accumulation, Ivory Coast; Indonesia, Sumatra; 06755. sediment/water interface, sedimentation, manganese, nodule, abyssal plain, Indian Ocean, Central Indian Basin; 10598.
- submarine landslide**
EEZ, mass movement, submarine canyon, fjord, continental slope, slope failure, USA; 13278.
- submarine morphology**
diapirism, delta, continental slope, sea level, deep sea fan, Nigeria, Niger Delta; Calabar Valley; Nigeria, Gulf of Guinea; 05441.
- submarine organic deposit**
Holocene, coastal environment, macrofossil, climate, Sweden; 10510.
- submarine relief**
sedimentation, bottom current, reworking, sedimentary structure, Quaternary, Baltic Sea; Finland, Gulf of Finland; 11901. tidal current, deep water channel, shoaling, China Sea, Fujian Province, Meizhou Bay; Beiniu Sands; 12958.
- submarine sediment**
submarine volcano, climate, rock type, distribution, clay mineral, South China Sea; 01480.
- submarine slide**
continental margin, hemipelagic sediment, sedimentation rate, mass movement, Pliocene/Pleistocene, Barents Sea, Bear Island Trough Mouth Fan; 06757. numerical simulation, slope failure, tsunami, Canada, British Columbia, Fraser River Delta; 02760. seismic profile, sea level, shelf margin, slump block, hydrocarbon, Gulf of Mexico; 01715.
- submarine slide velocity**
bottom flow, turbidity current (1979), Pliocene, Quaternary, France, Alpes-Maritime, Nice; Mediterranean Sea, Var Canyon; 06663.
- submarine slope**
static instability, failure surface, plasticity, sand, shear strength, Beaufort Sea, Nerlerk Berm; 09111.
- submarine slope sediment**
slope stability analysis, geotechnical characteristics, instability, France, Riviera, Nice Slope; Mediterranean Sea, Nice Slope; 04042.
- submarine terrace**
continental shelf, sea level change, Holocene, India; 11846.
- submarine topography**
coastal zone, topographic map, Japan; 07508.
- submarine tracking**
sonar, 10055.
- submarine volcano**
climate, rock type, distribution, clay mineral, submarine sediment, South China Sea; 01480.
- submerged cave**
climate change, coastal geomorphology, sea level, continental shelf, drowned karst, Italy, Sardinia, Golfo di Orosei; 05321.
- submerged coastline**
coastal feature, strandline, wave cut platform, deglaciation, Norway, Troms; 09215. Pleistocene, coastal morphology, neotectonics, morphostructural element, Italy, Golfo di Policastro; 05322.
- submerged delta terrace**
sea level minimum, Quaternary, sedimentation, postglacial, Canada, Newfoundland, Port au Port Bay; 02819.
- submerged marine terrace**
geomorphology, continental shelf, sea level, bathymetric data, tectonic subsidence, Italy, Sorrento Peninsula; 05324.
- submerged reef**
rubble-mound breakwater, wave attenuation, stability test, wave transmission, USA, Indiana, Burns Waterway Harbor; 07758.
- submerged shoreline**
beach rock, sea level, Younger Dryas, Landsat TM imagery, tropical region, coastal environment, Brazil, Rio Grande do Norte, Natal; 06603.
- submerged soil**
calcareous soil, iron, manganese, copper, zinc, dissolved organic carbon, 14532. flooded soil, reduction, iron oxide, soil microorganism, iron reduction, 00561. nitrogen transformation, ammonium, crop residue, 03091.
- submerged strandline**
sea level curve, meltwater discharge, coral, radiocarbon age, USA, Massachusetts; Maine, Gulf of Maine; 01531.
- submerged thanatocoenosis**
sea level, Tyrrhenian deposit, Strombus, Italy, Promontorio Circeo; 05325.
- submergence**
Holocene, beach rock, recent sea level history, coastal response, marine transgression, Bahamas, San Salvador Island; 02820. Holocene, stratigraphy, subduction zone, tidal marsh, USA, Oregon; 00255. subsidence, vegetation, coastal marsh, pedogenesis, accretion, USA, Louisiana, Terrebonne Basin; 01702.
- submersible observation**
fissure eruption, rifting, volcano, morphotectonic feature, Italy, Tyrrhenian Sea, Marsili Volcano; 05167. Miocene, manganese nodule, limestone, seamount, bottom current, Pacific, Tenpo Seamount; 10597.
- submicrometer aerosol**
human exposure, aerosol generator, 10017. source, droplet mode, aerosol, urban aerosol, regional aerosol, 13767.
- submicron aerosol**
combustion source, particle, tobacco smoke, mosquito coil smoke, joss stick incense, Taiwan, Taipei; 11312.
- subpolar front**
ocean boundary layer, air-sea interaction, Atlantic, (North); 00891.
- subpolar gyre**
heat flux, mixed boundary condition, ocean general circulation model, freshwater flux anomaly, parameterisation, 11159.
- subpolar ocean**
climate change, ocean chemistry, ice cover, ocean heat budget, circulation pattern, Atlantic, (North), Fram Strait; 01471.
- subpolar region**
dinoflagellate cyst, palaeoceanographic reconstruction, Labrador Sea; 14228.
- subsidence**
carbonate sedimentation, dolomitization, carbonate platform, Cretaceous, sea level, Australia, Queensland Continental Margin; 09358. clay shrinkage, foundation problem, drought, insurance, UK; 04034. coal field, geological interpretation, lineament, India, Bihar, Jharia; 03756. coastal erosion, sea level rise, coral reef, beach sand mining, China; 07766. coastal marsh, organic matter, accretion, sea level rise, Spartina patens, USA, Louisiana; 08055. delta, sea level rise, socioeconomic, coastal erosion, China; 12957. eustasy, regression, sediment supply, sea level, transgression, 00399. expert system technique, hazard study, spatial pattern, landsliding, Cyprus; UK, England, Ripon; 08961. fluid flow, uplift, sedimentary basin, diagenesis, 13288. glacial forebulge, shoreline altitude, isostasy, uplift, Europe, Fennoscandia; 14174. graben, delta, Holocene, Greece, Thessaloniki-Giannitsa Graben; 10401. ground deformation, magma chamber, levelling, tilt, Mexico, Colima Volcano; 12961. Holocene, Pleistocene (late), global warming, Aswan High Dam, erosion, 00267. LAGAMINE model, geological reservoir modelling, aquifer, finite element code, 01335. loess, hydroconsolidation, China; Russian Federation; North America; Europe; 14197. paleosol, accumulation rate, Eocene, Willwood Formation, USA, Wyoming; 00361. quarrying, cave damage, anthropogenic impact, karst, UK; Ireland; 06528. sea level rise, coastal lowland, developing world, delta mangrove, 05131. sea level rise, greenhouse effect, tide gauge, eustasy, coastal geology, Australia, South Australia, Port Adelaide; 02827. sea level, continental slope, submarine canyon, basin fill, 13277. seismic profile, mud diapir, delta, Quaternary (late), deformation structure, China, Jiangsu, Yangtze delta; 00185. simulation, prediction, groundwater withdrawal, China, Shanghai; 01337. sinkhole development, hydrogeology, desert, groundwater, Kuwait, Kuwait City; 11769. subtropics, intraseasonal oscillation, South America; Pacific; 05893. uplift, Holocene, sea level, crustal movement, UK, England, Kent; Teesside; UK, England, Northumberland; 05197. vegetation, coastal marsh, pedogenesis, accretion, submergence, USA, Louisiana, Terrebonne Basin; 01702.
- subsidence history**
crustal structure, seismic reflection, conjugate margin, gravity anomaly, Labrador Sea; 14235. tectonic subsidence, biostratigraphic correlation, China, Zhujiang River; 06582.
- subsidence modelling**
aquifer flow equation, LAGAMINE model, land subsidence, China, Shanghai; 01336.
- subsidence rate**
depocentre geometry, Holocene, stratigraphic analysis, delta, China, Jiangsu, Yangtze Delta; 00131. Holocene, neotectonics, transverse fault, accumulation, Middle East, Dead Sea; 01681. neotectonics, Holocene, geodynamics, Slovakia; 11688. Pleistocene (late), coastal subsidence, sea level, tide gauge, USA, Texas; 00256. radiocarbon date, sea level rise, archaeology, Holocene, Egypt, Nile Delta; 01537. tectonic activity, Pleistocene, glaciolacustrine sedimentation, proglacial lake, varved clay, Poland, Kleszczow Graben; 05311.
- subsiding air**
one dimensional model, stratocumulus, 09937.
- subsiding motion**
greenhouse gas, tropics, water vapour, convection, 00824.
- subsoil**
carbon, crop residue, organic carbon, denitrification, nitrate, USA, Iowa; 00551. exchangeable potassium, potassium supply capability, USA, Minnesota; 03100. geotechnical engineering, data collection, sounding, sampling, field experiment, environmental model, 14191. Holocene, meandering river, sea level, anastomosing river, aggradation, Netherlands, Rhine-Meuse Delta; 02978.
- subsoil acidity**
oxisol, soil amelioration, leaching, root growth, acidic soil, liming, Brazil, Amazon Basin; 00539.
- subsoil compaction**
field traffic, axle load, tyre type, crop growth, soil compaction, 14515.
- subsoil disturbance**
organic carbon, bulk density, drainage tile installation, hydraulic conductivity, soil water content, Canada, Nova Scotia; New Brunswick; 10821.
- subsoiling**
soil compaction, soil physical property, tillage, crop yield, 13392. soil conservation, soil physical property, breakup, field traffic, 06891.
- substituted haloaromatic**
photolysis, haloaromatics, aqueous environment, QSAR, 07687.
- substrate induced respiration**
crop rotation, microbial biomass, carbon, 10793.
- substrate-induced respiration**
microbial biomass, fumigation-incubation method, fumigation-extraction method, carbon, nitrogen, New Zealand; 09438. ninhydrin-positive compound, fumigation, biochemical method, microbial biomass, Australia, Western Australia; 10756.
- substrate stoichiometry**
microbial activity, carbon degradation, humic lake, nitrogen, phosphorus, lake water chemistry, 13561.
- substratum**
till deposit, glacial meltwater, seismic stratigraphy, Quaternary, North Sea, Kattegat; 07857.
- subsurface contamination**
environmental assessment, three dimensional modelling, USA, California, Vadenburg Air Force Base; 02563.
- subsurface data**
hydrology, environment, data model, 06309.

subsurface drainage

adsorption, salinity, salt distribution, solute transport, impervious layer, 14731. clay content, clay soil, drain envelope, Egypt, Nile Delta; 12370. drainage design, semiarid region, water table management, land drainage, India, Kota; 07119. drainage water quality, drainage water disposal, Saudi Arabia, Jeddah; 09704. groundwater level, de Zeeuw & Hellinga method, soil water management, subirrigation, water table fluctuation, 02114. herbicide, nitrate, lake water quality, water table control, agricultural practice, Canada, Ontario, Harrow; 07133. hydraulic conductivity, soil water flow, clay soil, macropore flow, 12298. land drainage, agricultural water management, loam soil, drain depth, Latvia; 12376. leaching model, transfer function technique, chloride, bromide, 13599. leaching model, transfer function technique, sulphate, sulphur, adsorption, 13600. runoff water quality, nitrate loss, tillage practice, 04559. soil water potential, automation, water table depth, subirrigation system, land drainage/subirrigation system, 05840. surface runoff, soil moisture content, infiltration capacity, Water Erosion Prediction Project, runoff rate, rainfall/runoff relationship, 09736. water table, crop production, drain depth, salinity control, agricultural water management, 02094.

subsurface fault geometry

earthquake hypocenter, fault surface model, USA, California, Loma Prieta; 03774.

subsurface flow

bank filtration, biodegradation model, pollutant retention, runoff water quality, Germany, Rhine River; 12266. Boussinesq equation, hydrological response, water balance model, water table dynamics, Philip's equation, Richards equation, 01920. digital elevation data, Richards equation, catchment scale model, saturated/unsaturated flow, groundwater flow, USA, Kansas, Manhattan, Konza Prairie; 02043. layered soil, kinematic model, infiltration, runoff generation, heterogeneity, anisotropy, 00732. runoff chemistry, hydrological pathway, elemental transport, spatial heterogeneity, Precambrian shield, overland flow, 09652. runoff process, catchment hydrology, rainfall/runoff model, modelling, flood generation, 10917. saturated/unsaturated flow, Richards equation, two dimensional model, conservative finite difference model, 08392. saturation excess, infiltration excess, overland flow, spatio/temporal variability, runoff generation, Switzerland, Haute-Mentue; 13477. soil water movement, soil moisture content, pH, electrical conductivity, Japan; 08399.

subsurface irrigation

reservoir bank, irrigation method, 05828. water use efficiency, soil property, intrasoil irrigation, agricultural water management, irrigation method, Asia, (Central); 05831.

subsurface karst

solution pipe, doline formation, karst, ground penetrating radar, USA, Florida; 09130.

subsurface mapping

geotechnical model, unconsolidated sediment, numerical analysis, 14192.

subsurface moisture

caprock, mushroom shaped rock, landform development, dolomite, weathering, Spain, Cuenca, Ciudad Encantada; 07811.

subsurface precipitation

carbonate, aggradational process, fan, swamp, vegetation, Botswana, Okavango Delta; 01360.

subsurface process

climate, streamwater quality, acid neutralising capacity, episodic acidification, bedrock, USA, Virginia, Reedy Creek; Shelter Run; USA, Maryland, Hunting Creek; USA, Maryland, Fishing Creek Tributary; 07033.

subsurface profile

three dimensional, well log, 06232.

subsurface remediation

groundwater remediation, disulphonate, surfactant, twin head anionic surfactant, 07065.

subsurface retention

groundwater contamination, heavy metal, landfill leachate, dichloromethane, dichloroethane, Finland; 05804.

subsurface runoff

deuterium, chloride, streamflow partitioning, macropore, tracer, hillslope hydrology, preferential flow, 01930. floodplain sediment, groundwater discharge, denitrification, nitrate concentration, UK, England, Cotswolds; 04477. groundwater dynamics, runoff modelling, groundwater level fluctuation, soil water regime, surface runoff, Latvia; 09680. interflow, deep percolation, capillary barrier, infiltration, 13571. wetlands, runoff water quality, cation export, snowmelt, surface runoff, Canada, Ontario; 14654.

subsurface sediment

bacteria, phosphine, freshwater, bottom water, Germany, Hamburg Harbour; North Sea, German Bight; 08078.

subsurface source

radionuclide, hydrogeochemistry, isotope hydrology, groundwater dating, atmospheric source, Sweden; Switzerland; Canada; 03354.

subsurface stormflow

surface stormflow, stormflow separation, hydrograph separation, oxygen-18, isotope hydrology, USA, Pennsylvania; 03217.

subsurface structure

digital map, landform, 06230. lineament patterns, surface structure, Egypt, Aswan, Lake Nasser; 15134.

subsurface transport

heat, moisture, soil, asphalt, concrete, 03469. surface water quality, buffer zone, agricultural pollutant, pesticide retention, 01999.

subsurface water

convergent flow, soil pipe, instability, slope failure, 09094.

subsurface water flow

Boussinesq approximation, hillslope hydrology, drainage, drawdown, outflow volume, 03221.

subsurface weathering

etch form, fracture pattern, weathering susceptibility, granite landscape, 01346.

Subtropical Convergence

oceanic circulation, climate change, palaeoceanography, interglacial oozes, planktonic oxygen-18 record, Pacific, Chatham Rise; 04061. topographic Rossby wave, CZCS, pigment concentration, Atlantic, (South); 14059.

subtropical high

precipitation, ITCZ, outgoing longwave radiation, China; 05877. sea surface temperature, summer weather, Japan; Pacific, (North); 00851.

subtropical rainband

prefrontal rainband, convective rainband, rainband, thermodynamic structure, momentum budget, Taiwan; 00991.

subtropical region

sea surface temperature, last climatic cycle, euphotic zone, ODP Leg 108, oxygen isotope stratigraphy, Atlantic, (North); 02750.

subtropical soil

nitrification, nitrifying bacteria, tropical soil, alluvial soil, Taiwan; 00549.

subtropical water

sediment trap, ocean surface, dust, trace element flux, Africa, Sahara; Atlantic; 00892.

subtropics

intraseasonal oscillation, subsidence, South America; Pacific; 05893. lake sediment, snowline reconstruction, Pleistocene, climate change, Bolivia, Andes; 14244. spectrometer, TOMS, seasonal cycle, wave, ozone, Greece, Athens; 15113. stratospheric mixing, polar vortex, 04664.

suburban area

energy balance, rooftop surface, urban area, grass plot surface, 14877.

suburban environment

temperature deficit, urban canopy, microclimate, 05911.

suburban/rural heat flux

surface energy balance, energy partitioning, heat island, USA, California, Sacramento; 04643.

successional pathway

Quaternary, climate change, climate cycle, plant community, 05270.

successional soil

nitrogen dynamics, floodplain soil, soil chemical property, salt affected soil, USA, Alaska, Tanana River Floodplain; 04357.

successional stage

SAR image, biomass, loblolly pine forests, USA, North Carolina, Durham; 11523.

successive correction

Gaussian filter, interpolation, filtering, spatial observation, 08582.

suction

unsaturated soil, drying/wetting cycle, behaviour, clayey soil, 01415.

suction apparatus

suspended sediment, XRD analysis, clay, 02858.

sudden warming

stratosphere, carbon dioxide doubling, ozone depletion, climate change, Arctic; 11348.

sugar

carbon, nitrogen, anthrone reactive carbon, crop residue, 12155. colorimetric method, reducing sugar, saccharide, 14480. organic acid, rhizosphere, microorganism, root growth, amino acid, 01833. polyol, organic acid, carbohydrate, Antarctica, Windmill Islands; 13403.

sugar beet

herbicide degradation, imazamethabenz-methyl, wheat, 09547. wheat crop, gap frequency, canopy architecture, 03476.

sugar cane

porosity, particle size distribution, bulk density, Ultisol, soil compaction, Brazil, Rio de Janeiro; 06892.

sugar cane production

climate variability, crop yield, El Nino/Southern Oscillation, rainfall variability, Australia, Queensland; 08279.

sugar maple

insect damage, NDVI, 01212.

sugarcane

crop yield, fertiliser, crop residue, phosphorus, Ultisol, Brazil; 09495. earthworm, nutrient content, decomposition, crop residue, Australia; 14521. particle size fraction, ferrallitic soil, forest clearing, Brazil; 09481. sandy soil, subirrigation, agricultural water management, crop yield, water table depth, USA, Florida; 05841.

suitability analysis

decision support, route selection, GIS, 15239.

sulphate

acid fog, nitrate, fog droplet, aerosol, 10009. acidic deposition, precipitation chemistry, ammonium, sampling protocol, USA, Pennsylvania; 09578. acidic deposition, selenite, soil acidity, organic anion, forest soil, Sweden; 08203. acidic soil, gamma irradiation, soil sterilisation, ammonium, liming, 08173. aerosol forcing, radiative perturbation theory, anthropogenic sulphate, 11327. aerosol, chemical composition, dust, remote troposphere, nitrate, Asia, Tibetan, Plateau; Himalaya; 12607. aerosol, droplet concentration, cloud condensation nuclei, anthropogenic aerosol, 13876. aerosol, freezing, polar stratospheric cloud, stratosphere, 12621. aerosol, marine aerosol, equatorial gradient, chlorophyll, ammonium, Pacific; 06030. aerosol, measurement, light scattering, cloud condensation nuclei, Atlantic; 04599. aerosol, stratosphere, nitrogen dioxide, dinitrogen pentoxide, balloon profile, 11316. aerosol, trajectory, sulphur, trace metal, radionuclide, 08652. air, snow, ice sheet, methanesulphonic acid, Greenland; 11287. ammonium, chlorophyll, ammonia, marine aerosol, aerosol, equatorial gradient, Pacific; 15020. anthropogenic activity, climate forcing, aerosol, ice core, Pacific, (North); Greenland; 08650. aqueous sulphur(IV) oxidation, soot particles, activated carbon, catalysis, iron species, 01036. aquifer, lead, metabolism, organic acid, 12003. atmospheric deposition, forest soil, sulphur, 06884. atmospheric deposition, synoptic climatology, streamwater chemistry, acidity, USA, Pennsylvania; 08378. atmospheric deposition, throughfall, oak forest, soil chemical property, USA, (Midwest), Great Lakes; 12153. black shale, anoxic sediment, iron, manganese, vanadium, 10634. chloride, dolomite, sodium, calcium carbonate, diagenesis, dolomitizing fluid composition, 01575. chloride, sabkha classification, evaporite, carbonate, salinity, Saudi Arabia, Jeddah; 01691. chlorine, evaporite, seawater, seafloor, brine, Mediterranean Sea, Bannock Basin; Tyro Basin; 06719. cloud chemistry, sensitivity study, bulk cloud model, explicit model, oxidation S(IV), 06026. cloud, aerosol, radiation, precipitation, Pacific; 13880. cloud, albedo, ocean, anthropogenic aerosol, 04706. cloud, droplet number concentrations, 12518. cloud, iron (III), oxidation, oxygen, photochemistry, 12564. correlation, acidic deposition, precipitation chemistry, source/

- receptor relationship, sulphur dioxide, 06076. cyclicity, ocean basin, bacteria, magnetite, magnetic remanence, Pacific, Tasman Basin; 10660. denitrification, fermentation, Thiosphaera pantotropha, marine sediment, urea production, 04227. deposition sample, aerosol, marine aerosol, China, Xiamen Island; 13879. dimethylsulphide, cloud condensation nuclei, Atlantic; 14982. dispersion modelling, sulphur dioxide source, smelter, Russian Federation, Siberia, Kola Peninsula; Arctic; 01064. dissolution, geochemical modelling, dolomitization, 14357. dissolution, Triassic, aragonite, geopetal structure, Portoro Limestone, Italy, Liguria, Portovenere; 01628. evaporite, Zechstein, Permian, diagenesis, Werra Anhydrite, Poland; 02913. fish farm sediment, fatty acid, carbon, nitrogen, mineralization, Denmark; 12002. fish farm sediment, reduction, methanogenesis, oxidation, 12021. fluoride, wilderness lake, sampling strategy, lake water chemistry, acidification, USA, Idaho, Sawtooth Mountains; 12284. halloysite, soil acidity, Andisol, Andic soil, potassium, 13423. heavy metal adsorption, cadmium, goethite, ligand, mineral surface, 03143. heterogeneous conversion, ozone oxidation, sulphur dioxide, USA, Great Lakes, Lake Michigan; 11274. hydrogen, precipitation chemistry, acidic deposition, deposition monitoring, ammonium, USA, California; 05658. hypersaline fluid, dolomitization, porosity, Netherlands Antilles, Bonaire; 14365. ice core, oceanic emission, Holocene, Fem interglacial, dimethylsulphide, methanesulphonate, Greenland; 01460. iron, groundwater recharge, artificial recharge, eutrophication, peatland, ecological disturbance, 10952. isotopic composition, saline soil, sulphur, Canada, Alberta; 10759. Jurassic, Smackover Formation, anhydrite, strontium, cement, diagenesis, Gulf of Mexico; 13216. lake water chemistry, acid neutralising capacity, acidification, temporal trend, atmospheric deposition, USA, Minnesota; Wisconsin; USA, Michigan; 03306. lake water chemistry, atmospheric deposition, snowmelt, weathering, USA, Colorado, Weminuche Wilderness Area; Mount Zirkel Wilderness Area; 03307. light scattering coefficient, thermodynamic modelling, laboratory measurement, deliquescence humidity, ammonium, 11326. marine sediment, acid neutralising capacity, acidification, lake water quality, Finland; Sweden; Gulf of Bothnia, Kvarken Straits; 04487. methanosulphate, sea salt, lead-210, beryllium-7, nitrate, ammonium, Antarctica, Palmer; Marsh; Antarctica, Mawson; 06073. microorganism, hydrothermal sediment, oxidation, organic matter, reduction, Africa, Lake Tanganyika; 11940. microorganism, oxidation, reduction, organic carbon, manganese, Norway; Denmark; 01656. mountain meteorology, precipitation chemistry, deposition chemistry, nitrate, ammonium, USA, Rocky Mountains, Colorado Front Range; 06089. nitrate, ammonium, cloud water chemistry, subcooled droplet, precipitation sample, Austria, Salzburg, Mount Sonnblick; 14980. nitrate, anion adsorption, acidic deposition, soil solution chemistry, forest soil, 08204. nitrate, deposition, forest, elevation gradient, USA, New York, Whiteface Mountain; 04761. nitrate, forest, montane ecosystem, throughfall chemistry, atmospheric deposition, precipitation chemistry, USA, Tennessee, Great Smoky Mountains National Park; 01912. nitrate, industrial pollutant, agricultural pollutant, groundwater pollution, total dissolved solids, chloride, India, Gujarat, Baroda; 12333. nitrate, lake water chemistry, acidification, mountain lake, atmospheric deposition, 14676. nitrate, transport chemistry model, experimental measurement, ammonium, North Sea; 12572. nitrogen, acidification, runoff water chemistry, soil water chemistry, experimental catchment, acid neutralising capacity, Norway, Sogndal; 13527. organic acid, inorganic acid, ammonium, formate, ice core, Greenland; 09968. organic aerosol, aerosol number concentration, cloud condensation nuclei, cloud nucleation, 06062. organic matter, Andisol, proton consumption, anion sorption, silicate, Japan; 08174. organic matter, dissolved organic matter, spruce forest, soil acidification, forest floor, Germany, Bavaria, Fichtelgebirge, Hohe Matzen; 12102. plant uptake, microbial biomass, crop residue, sulphur immobilisation, 09498. potassium, sodium, chloride, precipitation chemistry, magnesium, calcium, Australia, Western Australia, South Western Region; 03205. Proterozoic, Ordovician, pyrite precipitation, amino acid, organic matter, Canada, Alberta; British Columbia; Canada, Saskatchewan; 08024. reduction, oxidation, lake sediment, USA, Massachusetts, Mares Pond; 14379. reduction, oxidation, salinity, bacteria, porewater, USA, Chesapeake Bay; 04217. salinity, Miocene, gypsum, strontium, Poland, Holy Cross Mts; 04225. seasonal trend, nitric acid, particulate, nitrate, mountain site, USA, (Southwest); 13853. snow dune, sastrugi, deposition, wind pumping, ice coring, 08653. snowmelt, acidic deposition, acid neutralising capacity, streamwater quality, USA, Appalachian Mountains; 05733. spruce forest, sulphur, beech forest, France, Cevennes, Mont Lozere; 12133. sulphur-35, calcium dihydrogen phosphate, extractant, 12083. sulphur-35, pasture soil, Ustochrept, urine, leaching, New Zealand; 12136. sulphur dioxide, network result, regional acid deposition model, rural monitoring site, particle, 12632. sulphur isotope, sodium, methanosulphonate, biogenic sulphur aerosol, Arctic; Canada, Northwest Territories, Alert; 09985. sulphur, adsorption, subsurface drainage, leaching model, transfer function technique, 13600. tracer, glacial runoff, flow path, quickflow, delayed flow, 08423. urine, pasture soil, plant uptake, sulphur-35, New Zealand, South Island, Canterbury; 01866.
- sulphate addition**
incubation, soil conditioner, glucose addition, sulphur transformation, 00557.
- sulphate adsorption**
aluminium oxide, triple layer model, variable charge soil, Germany, Harz Mountains; 08172. calcium, hydrous oxide, organic matter, variable charge soil, 06886. exchangeable cation, carbonate, acid neutralising capacity, Japan; 03061. organo-metal complex, iron, extractant, aluminium, Sweden; 12137. Podzolic soil, pH, UK, Scotland; 13421. saturation potential, forest soil, 04402. sulphur, crop residue, liming, soil amendment, Oxisol, Haplustox, Brazil, Cerrado Region; 12135.
- sulphate aerosol**
ambient aerosol, residence time, 03571. anthropogenic sulphate, climate, radiative forcing, temperature anomaly trend, 08620. fossil fuel combustion, warming, greenhouse effect, 08616. heterogeneous chemistry, ozone loss, chlorine oxide, balloon borne instrument, photochemical model, 03633. ozone trend, heterogeneous reaction, aerosol layer, chlorine, stratosphere, 10004. volcano, aerosol size distribution, chlorine monoxide, stratosphere, chlorine monoxide, 03607.
- sulphate application**
grazing, sheep excreta, sulphur, extractant, 04375.
- sulphate concentration**
aqueous sulphate, acidic deposition, soil water chemistry, streamwater quality, USA, Georgia, Panola Mountain; 01989.
- sulphate deposition**
kriging, random field model, 02340. precipitation quality, lake water quality, critical load, acidic deposition, Canada; 06952. trend analysis, time series model, acidic deposition, global trend, wet deposition, 00615.
- sulphate determination**
extractant, turbidimetry, colorimetry, ion chromatography, spectrophotometry, 06848.
- sulphate dynamics**
forest ecosystem, sulphur deposition, atmospheric deposition, Slovakia, Carpathian Mountains; 12187.
- sulphate extraction**
sulphur compound, ion chromatography, turbidimetric method, 01808.
- sulphate import**
acid rain, dryfall, dust storm, trajectory, Israel, Mount Carmel; 06095.
- sulphate mineral**
soil colour, acid sulphate soil, sulphide, 12148.
- sulphate mobility**
concentration/discharge relationship, streamwater quality, acidification, runoff water quality, forest catchment, USA, Georgia Piedmont; 14656.
- sulphate platform**
Zechstein, Permian, gypsum, Lower Werra Anhydrite, Poland, Leba; 08064.
- sulphate production**
cloud, Canada, Ontario; 03575.
- sulphate profile**
climate record, high resolution record, ice core, atmospheric dust, Antarctica; China; Greenland; 11786.
- sulphate reducing bacteria**
microbially influenced corrosion, freshwater system, classification, corrosion, biodeterioration, USA, Wisconsin; 09033.
- sulphate reduction**
aquifer, mineralization, bacteria, organic matter, groundwater, UK, England, London Basin; 01754. biodegradation, denitrification, groundwater contamination, halogenated aliphatic hydrocarbons, aromatic hydrocarbons, Australia, Western Australia, Swan Coastal Plain; 12343. calcite precipitation, groundwater chemistry, geochemical evolution, confined aquifer, ion exchange, USA, Florida, Upper Floridan Aquifer; 13609. degradation, organic matter, iron reduction, manganese, reduction, North Sea, Skagerrak; 02921. ferrous hardground, ironstone formation, shelf break, Pleistocene/Holocene hiatus, seawater chemistry, Italy, Pontian Islands; 11790. groundwater quality, BTEX compounds, Australia, Western Australia, Perth, Bassendene Sands; 05807. metalimnetic condition, microbial process, hydrogen sulphide, sulphide oxidation, redox cycle, Israel, Kinneret Lake; 04489. organic sulphur, sulphur-35, analysis protocol, lake sediment, 06648. pyrite, solubility product, iron sulphide, Baltic Sea; 14400. sediment cation exchange, acidification, internal alkalinity generation, fish production, algae, USA, Wisconsin, Little Rock Lake; 07046. sulphide precipitation, wetlands, acid mine drainage, metal adsorption, sulphur balance, USA, Colorado, Idaho Springs; 09637. wetlands, acid mine drainage treatment, iron reduction, 02614.
- sulphate retention**
acidic soil, forest soil, acidic deposition, soil solution, Germany; 09478.
- sulphate sorption**
gypsum, sandy soil, phosphogypsum, flue-gas desulfurization gypsum, calcium sorption, 09499.
- sulphate species**
source region, aerosol, receptor model, trajectory, heavy metal, Canada, Northwest Territories, Alert; 03612.
- sulphate/sulphuric acid**
particle, water activity, ammonium, 13844.
- sulphation mechanism**
petrography, calcite, gypsum, marble, pseudomorphism, 09030.
- sulphide**
brine, micropaleontology, sedimentation rate, Red Sea, Atlantis II Deep; 05453. groundwater chemistry, granitic water, trace metal, radioactive waste disposal, uraninite, Europe; 04535. iron, incubation, extraction procedure, reactive mineral, 10561. isotope, hydrothermal input, manganese, TAG, Atlantic, Mid-Atlantic Ridge; 00430. metal, bioavailability, freshwater, temperature, seasonality, USA, Minnesota, Caribou Lake; 08081. methane, manure, reduction, liquid manure, iron reduction, 00540. method, Lumbriculus variegatus, bioaccumulation, oligochaete, interstitial water, USA, Wisconsin, Fox River; 09373. mixing, primary production, sewage, ecosystem, organic matter, Japan, Shikoku, Uwajima Bay; 09408. oxidation rate, mine tailing, oxygen flux, groundwater quality, 12323. oxygen diffusion, soil cover, mine tailing, Canada; 05083. salt marsh, bacteria, chloride, methyl bromide, anaerobic sediment, USA, California, Palo Alto; San Francisco Bay, Palo Alto; 10697. sulphate mineral, soil colour, acid sulphate soil, 12148. water column, oxygen, tetrazolium, marine snow, 00400.
- sulphide deposit**
hydrothermal vent, concretion, manganese, metal, manganese, 06766. mine drainage, estuary, heavy metal, bedload transport, suspended sediment, Spain, Rio Tinto; Rio Odiel; 05465.
- sulphide methane**
lake biogeochemistry, overturn, meromixis, hypersaline lake, stratification, USA, California, Mono Lake; 06985.
- sulphide oxidation**
bioavailability, trace metal, estuary, metal speciation, USA, California, San Francisco Bay; 12261. carbonate dissolution, meltwater chemistry, glacial meltwater, solute acquisition, 14764. redox cycle, sulphate reduction, metalimnetic condition, microbial process, hydrogen sulphide, Israel, Kinneret Lake; 04489.
- sulphide precipitation**
wetlands, acid mine drainage, metal adsorption, sulphur balance, sulphate reduction, USA, Colorado, Idaho Springs; 09637.

sulphide release

bacterium bloom, redox cycle, lake water chemistry, stratification, Israel, Lake Kinneret; 04488.

sulphidic material

acid sulphate soil, pyrite, Vietnam, Mekong Delta; 03060.

sulphilic element

geochemistry, element distribution, leached element, oxyphilic element, China, Liaoning Province; Liaohe River Plain; 03059.

sulphite

carbon dioxide evolution, fungi, pH, leaf litter, litter decomposition, 09485. porewater, manganese, iron, salt marsh, oxidation, Denmark; 08006.

sulphite ion

nitrogen dioxide, nitrogen oxide, sulphur dioxide, oxidation, 04763.

sulphonic acid

non sea salt sulphate, baseline station, dimethyl sulphide, sulphur dioxide, methane, Australia, Cape Grim; 14992.

sulphonylurea

amidodisulphuron, herbicide degradation, herbicide residue, 00606.

sulphonylurea herbicide

groundwater contamination, leaching, risk assessment, alkaline sodic soil, agricultural practice, Australia; 14770.

sulphur

acid lake, mathematical model, historical loading, palaeolimnology, USA, New York, Adirondack Mountains; 10671. acidic deposition, soil degradation, Poland; 10860. adsorption, subsurface drainage, leaching model, transfer function technique, sulphate, 13600. ancient sediment, speciation analysis, stannous chloride, 01574. beech forest, sulphate, spruce forest, France, Cevennes, Mont Lozere; 12133. carbon cycling, nitrogen, primary production, denitrification, iron, France, Bouches-du-Rhone, Rhone Delta, Camargue; 06708. continental margin, pyrite, organic carbon, Indian Ocean; 10626. critical load, forest, START, vegetation change, steady state model, Europe; 08994. critical load, nitrogen, acidification, abatement policy, Netherlands; 03869. crop residue, liming, soil amendment, Oxisol, Haplustox, sulphate adsorption, Brazil, Cerrado Region; 12135. deposition modelling, deposition, long range transport, acid rain, 07401. diagenesis, lipid, ketone, aldehyde, organic matter, 06720. emission control, visibility modelling, visual range, USA, (Eastern); 00839. emission, volcano, chlorine, fluorine, Antarctica, Mount Erebus; 03592. enzyme activity, nitrogen, phosphorus, Armenia; 12109. extractant, microbial biomass, 03099. extractant, sulphate application, grazing, sheep excreta, 04375. fertiliser, eucalypt forest, litter decomposition, nitrogen, phosphorus, 13374. fertiliser, pasture soil, superphosphate, organic matter, New Zealand; 12134. geomacromolecule, degradation, methylthioether, methyl iodide, 02938. geomacromolecule, desulphurisation, nickel boride, 02868. Green River Formation, pyrrhotite, marcasite, porewater, Palaeogene, USA, Colorado; Utah; USA, Wyoming; 01636. humic acid, biomarker, estuarine sediment, chromatography, nitrogen, France, Elorn River Estuary; 13241. hydrocarbon, diagenesis, authigenic mineral, bitumen, 08008. iron, organic matter, geochemistry, marine mud, mudstone, carbon, 01676. Jurassic, shale, pyrite, alum shale, bottom water oxygenation, bitumen, 01648. lake sediment, nutrient, organic matter, sediment/water interface, 09312. methane, nitrous oxide, atmospheric concentration, trace gas exchange, rice cultivation, global scale, 00040. methanesulphonate, non sea salt sulphate, aerosol sampler, American Samoa; 12589. methanosulphonic acid, organic sulphur, biogeochemical cycle, Arctic; 08656. mineralization, salinity, groundwater, glacial sediment, weathering, till, Canada, Saskatchewan, Luck Lake; Alberta, Bow River; 07996. Monterey Formation, sea level, bottom current, reduction, pyrite, Miocene, USA, California; 05404. nitrogen, forest ecosystem, canopy exchange, tree species, deposition loads, Netherlands; 12597. nitrogen, mountain stream, acid neutralising capacity, acid/base chemistry, atmospheric deposition, streamwater chemistry, USA, Tennessee, Great Smoky Mountains; 13546. organic matter, carbon, nitrogen, phosphorus, 10796. organic matter, diagenesis, biomarker, steroid, phytane, 00326. organic matter, reduction, iron, uranium, bacteria, 01662. palaeoenvironment, biomarker, porphyrin extraction, 00324. photosynthesis, cyanobacteria, bacteria, stromatolite, microbial mat, 01661. pine, forest, deposition flux, dry deposition, nitrogen, USA, California, San Bernardino; 02342. Podzol, acidic deposition, organic carbon, sulphuric acid, Sweden; 01864. precipitation chemistry, acidic deposition, deposition monitoring, Russian Federation, Kola Peninsula; 10896. redox potential, pH, phosphorus, iron, flooded soil, 06880. sediment record, pollutant, fly ash, lake sediment, UK, Scotland; 08082. sheep, pasture soil, excreta application, 05582. silicon, aerosol, combustion, pollutant, chlorine, Arctic; 08695. streamwater chemistry, runoff water quality, forest catchment, acidification, nitrogen, USA, West Virginia, Fernow Experimental Forest; 09749. sulphate, atmospheric deposition, forest soil, 06884. sulphate, isotopic composition, saline soil, Canada, Alberta; 10759. trace metal, radionuclide, sulphate, aerosol, trajectory, 08652.

sulphur-35

analysis protocol, lake sediment, sulphate reduction, organic sulphur, 06648. calcium dihydrogen phosphate, extractant, sulphate, 12083. organic sulphur, sulphur mobilisation, incubation, 10814. pasture soil, Ustochrept, urine, leaching, sulphate, New Zealand; 12136. sulphate, urine, pasture soil, plant uptake, New Zealand, South Island, Canterbury; 01866.

sulphur balance

sulphate reduction, sulphide precipitation, wetlands, acid mine drainage, metal adsorption, USA, Colorado, Idaho Springs; 09637.

sulphur budget

surface water chemistry, reduction/oxidation, atmospheric deposition, moorland pool, 13495.

sulphur chemistry

cold front, acid rain, diagnostic cloud module, Eulerian model, China, Guangdong Province; 07413. methanosulphonic acid, dimethylsulphide, cloud condensation nuclei, marine air, Pacific; 04793.

sulphur compound

ion chromatography, turbidimetric method, sulphate extraction, 01808. salt marsh, phototrophic bacteria, dimethyl disulphide, anoxygenic phototroph, photosynthetic sulphur bacteria, 03262.

sulphur containing compound

atmospheric sulphur, trend, source, sink, environmental impact, 08687.

sulphur content

amino acid, coastal surface seawater, phytoplankton, spring bloom, diatom, Japan, Hokkaido, Funka Bay; 02612.

sulphur cycle

acidic soil, beech forest, calcareous soil, atmospheric input, Germany, Solling; Goettingen; 06393. Arctic cycling, atmospheric aerosol, seasonal variation, marine boundary layer, Svalbard, Spitsbergen, Zeppelinfjellet; 08999. cloud particle, model, dimethylsulphide, 12905. dimethyl sulphide, equator, sulphur dioxide, methanosulphonic acid, Pacific; 06032.

sulphur cycling

forest, isotope, throughfall, stemflow, 02346.

sulphur deposit

multispectral classification, Io; 03787.

sulphur deposition

atmospheric deposition, sulphate dynamics, forest ecosystem, Slovakia, Carpathian Mountains; 12187. deciduous forest, nutrient cycling, atmospheric sulphur, simulation, USA, North Carolina, Coweeta; 08989. emission reduction, acidic deposition, critical load, Harwell Trajectory Model, UK; 15033. manganese, trend, barium, tree ring, 12644.

sulphur dioxide

ammonia, nitrogen dioxide, deposition, precipitation, throughfall, Netherlands, Elspeetsche Veld; 12567. ammonia, nitrogen oxide, deposition flux, acidic deposition, Netherlands; 07412. ammonia, surface exchange, deposition, dry deposition, co deposition, 07354. automated technique, measurement, 08665. bark, pollutant, air quality monitoring, India, Madhya Pradesh, Indore City; 03647. carbonation conversion, sodium sulphide, hydrogen sulphide, 04762. carbonyl sulphide, carbon disulphide, dimethyl sulphide, airborne measurement, CITE 3, hydrogen sulphide, 08984. climate effect, model simulation, fossil fuel combustion, 02646. dimethyl sulphide, carbon disulphide, free troposphere, boundary layer, volcanic impact, Pacific; 08667. emission control, acidic deposition, critical load, abatement strategy, Europe; 12628. emission inventory, air pollution, point source, nitrogen oxide, carbon dioxide, Europe, (Central); 08992. emission inventory, carbon dioxide, nitrogen oxide, Asia; 11344. fluorescein diacetate activity, litter decomposition, cation leaching, fumigation, ozone, 04355. hydrogen peroxide, deposition, laboratory experiment, dry deposition, ice surface, snow, 08658. iron (II), ligand, oxidation, fog water, 08677. iron, pH, sulphur IV, autoxidation, 12599. lead, cadmium, deposition, segment puff model, 03570. marble, dolomite, stone deterioration, deposition velocity, 06015. methane, sulphonic acid, non sea salt sulphate, baseline station, dimethyl sulphide, Australia, Cape Grim; 14992. methanosulphonic acid, sulphur cycle, dimethyl sulphide, equator, Pacific; 06032. network result, regional acid deposition model, rural monitoring site, particle, sulphate, 12632. neural network, industrial area, complex terrain, monitoring system, prediction, 06071. nitric acid, aerosol, regional pollution, Austria, Wolkersdorf; 06090. nitrogen dioxide, vegetation, mapping, critical level, ozone, USA; 15038. oxidation, marine atmosphere, dimethylsulphide, box model, 08682. oxidation, metal oxide, black carbon, soot, manganese dioxide, 06085. oxidation, sulphite ion, nitrogen dioxide, nitrogen oxide, 04763. ozone, deposition, eddy correlation method, forest floor, soil surface uptake, 04779. planetary albedo, sulphuric acid aerosol, volcanic sulphuric acid, Philippines, Mount Pinatubo; 07518. probability map, air pollution, industrial area, environmental impact, Portugal, Barrerio; 00020. runoff chemistry, nitric acid, hydrochloric acid, deposition, galvanized steel, corrosion, 06098. stone deterioration, erosion rate, limestone, pollution, 03629. stratosphere, microwave limb sounder, volcano, Philippines, Pinatubo Mountain; 03562. stratosphere, volcano, spectral data, Philippines, Pinatubo Mountain; 03594. sulphate, correlation, acidic deposition, precipitation chemistry, source/receptor relationship, 06076. sulphate, heterogeneous conversion, ozone oxidation, USA, Great Lakes, Lake Michigan; 11274. surface resistance formulation, ADOM, deposition velocity, dry deposition, ozone, 04760.

sulphur dioxide concentration

infrared spectral radiometer, volcanic gas, Japan, Asama Volcano; 11478.

sulphur dioxide emission

atmospheric base cation, precipitation chemistry, buffered ecosystem, Europe; North America; 08986.

sulphur dioxide flux

explosive volcanism, outgassing, volcanic activity, 07336. image data, multispectral thermal IR, TIMS, volcanic plume, correlation spectroscopy, Italy, Sicily, Mount Etna; 11477.

sulphur dioxide source

smelter, sulphate, dispersion modelling, Russian Federation, Siberia, Kola Peninsula; Arctic; 01064.

sulphur dioxide uptake

ice-air interface, liquid water, snow, 06040.

sulphur fertiliser

leaching, sulphur mineralization, nitrogen mineralization, carbon mineralization, fertiliser, New Zealand; 00501.

sulphur gas

particle, cloud climate hypothesis, dimethylsulphide, field experiment, 15016.

sulphur hexafluoride

global increase, atmosphere, 13884. measurement, stratosphere, troposphere, 09999. source/sink, atmospheric residence time, removal mechanism, greenhouse warming, 01310.

sulphur immobilisation

sulphate, plant uptake, microbial biomass, crop residue, 09498.

sulphur isotope

organic matter, diagenesis, pyrite, Yellow Sea; East China Sea; China, China Continental Shelf; 11944. sodium, methanosulphonate, biogenic sulphur aerosol, sulphate, Arctic; Canada, Northwest Territories, Alert; 09985.

sulphur IV

autoxidation, sulphur dioxide, iron, pH, 12599. power plant, fly ash, metal ion, autoxidation, 07403.

sulphur IV oxidation

peroxomonosulphuric acid, catalysis, kinetics, 12571.

sulphur loading

palaeolimnology, historical hydrology, lake water chemistry, sediment, USA, New York, Adirondack Lake; 14671.

sulphur mineralization

hexazinone, pesticide, forest soil, phosphorus mineralization, nitrogen

- mineralization, 10872. liming, humus, incubation, forest soil, Sweden; 08171. nitrification, nutrient availability, rainforest soil, soil water content, irrigation, Panama, Barro Colorado Island; 00543. nitrogen mineralization, carbon mineralization, fertiliser, sulphur fertiliser, leaching, New Zealand; 00501.
- sulphur mobilisation**
incubation, sulphur-35, organic sulphur, 10814.
- sulphur oxidation**
manure, crop residue, calcareous soil, organic matter, 06885. particle size fraction, sieve analysis, 03098. soil texture, calcareous soil, acidulation, Canada, British Columbia; 01865.
- sulphur oxide**
petroleum refinery, gasoline, volatile organic compound, nitrogen oxide, USA; 07394.
- sulphur pollution**
environmental policy, SSSI, soil acidification, conservation, environmental impact assessment, critical load, UK, England; 12892.
- sulphur species**
global 3-D model, dimethyl sulphide, 14987.
- sulphur transformation**
sulphate addition, incubation, soil conditioner, glucose addition, 00557.
- sulphuric acid**
aerosol droplet, stratosphere, rate constant, trace gas reaction, 03588. aerosol, heterogeneous reaction, ozone loss, stratosphere, 12615. aerosol, ozone hole (1992), volcano, Antarctic; Philippines, Mount Pinatubo; 07397. FTIR, aerosol, stratosphere, thin film, ozone, 09997. hydrochloric acid, electrical response, ice core, ammonium, Greenland; 13837. liquid diffusion, solubility, ozone destruction, hydrochloric acid, stratosphere, 11280. model, particle formation, coal fired boiler, boiler exhaust, plume opacity, 12612. particle formation, coal fired boiler, boiler exhaust, aerosol, plume opacity, 12611. plume, laboratory flow reactor, aerosol formation, aircraft, 09969. reaction probability, stratosphere, dinitrogen pentoxide, aerosol, 12579. refractive index, density, acidity, aerosol, stratosphere, 12581. sodium chloride, ion, ammonia, nitric acid, Greece, Athens; 06105. soil chemical property, soil solution, copper oxide, Podzolic soil, 01840. solubility, hydrochloric acid, stratospheric temperature, 08672. stratosphere, chlorine nitrate, hydrochloric acid, dinitrogen pentoxide, 11302. sulphur, Podzol, acidic deposition, organic carbon, Sweden; 01864.
- sulphuric acid aerosol**
volcanic sulphuric acid, sulphur dioxide, planetary albedo, Philippines, Mount Pinatubo; 07518.
- sulphuric acid particle**
stratosphere, nitric oxide, nitrogen dioxide, adsorption, cold surface, 03598.
- Sumatradinium**
Barssidinium, Erymnodinium, Neogene, dinoflagellate, biostratigraphy, Canada; 14236.
- summer (1991-1992)**
seasonal summary, climate summary, Southern Hemisphere, El Nino/Southern Oscillation, 13696.
- summer (1992)**
weather anomaly, Poland; 11267.
- summer**
daytime, shelter, temperature, cloud system, 05935. dendrochronology, temperature, Russian Federation, Upper Kolyma Region; 12541. global warming, wetness probability, persistence probability, China, Beijing; 08968. heat island, urban heat island, Ireland, Dublin; 08528. mesopause, turbulence, radar, metre scale turbulence, 11228. mesopause, two ion, ice particle model, polar, 13869. noise attenuation, microclimate, urban climate, tree system, China, Jiangsu Province, Nanjing City; 05916. ozone distribution, sea breeze, photochemical oxidant, spatial/temporal model, Italy, Ravenna; 01034. precipitation modification, precipitation prediction, prediction, crop yield, 05998. rainfall, Southern Oscillation, quasi biennial oscillation, climate pattern, extreme mode, South Africa; 02166. snow, UK, Northern England; 04608. storm, precipitation, stochastic generation, Finland; 03523. thermal low, heat low, primitive equation model, Europe, Iberian Peninsula; 11188. winter, temporal principal components, seasonal definition, 02179.
- summer bloom**
dimethylsulphide, dimethylsulphoniopropionate, coccolithophore bloom, carbon biomass, concentration measurement, Atlantic, (North); 01316.
- summer grazing**
Holocene, *Poa pratensis*, *Euphrasia frigida*, climate change, caribou, Greenland, West Greenland, Kangerlussuaq; 11824.
- summer insolation**
glacial/interglacial cycle, thorium-230 age, sea level, uranium series dating, coral, Barbados; 09212.
- summer melt**
ice sheet, surface melt, climate change, passive microwave, variation, Greenland; 02743. ice shelf, passive microwave sensor, Antarctica; 11558.
- summer monsoon**
sea surface temperature, Southern Oscillation, rainfall variation, global study, India; 05057.
- summer ozone level**
photochemical model, global atmosphere, ozone regulation, USA; 03867.
- summer rainfall**
coast, sea surface temperature, Africa, (Southeast); Indian Ocean, Agulhas Current; 02203.
- summer solar radiation**
alpine glacier, tree ring record, glacier fluctuation, climate variability, Little Ice Age, Canada, Alberta, Rocky Mountains; 11782.
- summer temperature**
climate change, global warming, ice core, tree ring data, Little Ice Age, 06554. ice retreat, mass balance, glacier fluctuation, Italy, Alps, Lombardy, Ghiacciaio dei Forni; Ghiacciaio della Ventina; 09238.
- summer weather**
subtropical high, sea surface temperature, Japan; Pacific, (North); 00851.
- summertime**
interannual variability, Matsuno-Gill, tropical trapped mode, stationary eddy, 12493.
- summit level**
map analysis, morphostructural study, DTM, neotectonics, drainage network, France; 01394. rain erosion, planation surface, cyclic development, tropical weathering, climate change, Suriname; 05178.
- sun colour**
blue sun, spectral transmission, optical phenomena, USA, New Mexico; 12433.
- sun glint pattern**
surface height autocorrelation, roughness spectra, sea surface height, 01232.
- sun glitter**
sea, TM, Italy, Naples; 10225.
- sun occultation**
trace gas spectroscopy, atmosphere, 11476.
- sun tracking photometer**
aerosol, optical depth, photometer, India, Ahmedabad; 13866.
- Suna Site**
terrace, Holocene, pollen analysis, palaeogeographical change, geomorphological map, Japan, Honshu, Osaka Plain; 10393.
- sunfleck**
prairie, nadir, spectroradiometer, USA, Kansas; 06281.
- sunflower**
soil water use, energy balance, sorghum, 07231. sorghum, crop water use, transpiration rate, agricultural water management, soil water depletion, USA, Kansas, Manhattan; 07118.
- sunlight**
solar radiation life, 07165.
- sunlight disinfection**
effluent, agricultural water quality, water reuse, water quality management, Israel, Tel-Aviv; 14778.
- sunset**
nitrogen dioxide, column nitrogen dioxide, global variation, 08683.
- sunshine**
correlation, clearness index, 14821. tropics, radiation, India; 08495.
- sunshine data**
weather, Greece; 07181.
- sunshine duration**
interrupted record, Poland, Belsk; Warsaw; 13659.
- sunshine hours**
solar radiation, Morocco, Rabat; 08492. solar radiation, Yemen; 07180.
- sunspot**
extreme event, solar activity, flood maximum, Asia; Europe; Africa; North America; South America; 08335.
- sunspot cycle**
annual, growth banding, cave, stalagmite, Holocene, UK; 04046. sea level, seasonal trend, Fourier spectral analysis, lunar perigee, pole tide, Canada, Gulf of St. Lawrence; Atlantic Coast; 02818. wavelet analysis, solar cycle period, 04589.
- sunspot luminosity modulation**
solar activity, global warming, stellar luminosity, 11586.
- sunspot minima**
planetary rotation, global change, ocean current system, 00011.
- supercell**
thunderstorm, cloud model, hodograph curvature, updraft intensity, 02285. thunderstorm, cloud-to-ground lightning, tornado, USA, Illinois, Plainfield; 02158. tornado, Doppler radar, wind spectra, 07277.
- supercell storm**
ice microphysics, liquid water model, hail category model, cloud model, 02269. severe storm, storm formation, dryline, 00975.
- supercomputer**
computer model, reduced instruction set computer (RISC), scalar computer, contaminant transport, transport model, comparative study, 02072.
- supercooled liquid water**
liquid water, remote sensing data, cloud seeding, USA, Utah; 05980. precipitation enhancement, winter storm cloud, cloud seeding, Australia, Victoria, Melbourne, Baw Baw Plateau; 02279. wave cloud, cloud particle growth, liquid droplet, ice nucleation, 04696.
- supercritical flow**
Lagrangian method, shallow water flow, standing wave, open channel flow, 00653. transient flow, hydraulic jump, numerical model, open channel flow, subcritical flow, 05682.
- supercritical fluid**
organic contaminant, contaminant extraction, soil decontamination, 10869.
- superficial deposit**
gas bearing clay, marine reflection profiling, fjord, rock basin, glacial till, Sweden, Abyfjorden; 04057.
- superficial formation**
geological mapping, geological substratum, France; 14005.
- superfund site**
risk assessment, screening approach, contaminant, exposure pathway, USA; 07670.
- superphosphate**
chemical fractionation, phosphate, fertiliser, extractant, rock phosphate, Australia, Western Australia; 06883. organic matter, sulphur, fertiliser, pasture soil, New Zealand; 12134. pasture soil, phosphate rock, pH, fertiliser, 06902. phosphate fertiliser, nitrogen mineralization, forest soil, fertiliser, Australia; 05575.
- supersaturation**
cloud condensation nuclei, particle, 13771. cloud, droplet growth, 05974. cloud, droplet nucleation, aerosol, parameterisation, 09943. ocean, carbon dioxide, bubble, air/sea exchange, 03494.
- supersonic aircraft**
aircraft emission, aerosol physics, two dimensional model, nitric acid trihydrate, ozone layer, 11354.
- supersonic flow**
ice crystal, ice formation rate, weather modification, 05979.
- Superstition Hills Earthquake**
liquefaction, wildlife site, deformation analysis, porewater pressure, postearthquake deformation, USA, California, Imperial Valley; 11685.
- unsupervised classification**
cell distance method, unsupervised classification, histogram overlay, 07480.

- edge enhancement filter, ecosystem, deforestation, landscape change, Belgium; Zaire; 01224. image processing, training, satellite imagery, 10068.
- supply/demand**
international policy, soil survey, 02485.
- supply quality**
water pricing, economic analysis, equity, water supply, rural water supply, India, Kerala; 03394.
- supraglacial**
ice margin deposit, Devensian (late), deglaciation, ice sheet, glacial geomorphology, UK, Scotland, Aberdeen, Dee Valley; 05308.
- suprathermal ion**
thunderstorm cell, ion heating, ionosphere, heating, 03418.
- supratidal sand**
Medieval climate optimum, sea level rise, tidal flat, Little Ice Age, transgression, Germany, Wadden Sea; 00266.
- surf zone**
bar formation, wave group, longwave, beach, sediment transport, 10373. breaker, wave, nearshore zone, suspended sediment, USA, North Carolina, Duck; 10574. coastal process, wave basin, sediment transport, 01725. continental shelf, longshore current, sediment transport, shoreface, Beaufort Sea, Tibjak Beach; Kugmallit Bay; 01591. current variability, sediment transport, coast, longshore current, India, Maharashtra Coast; 01594. gravel beach, saltation, attrition, Argentina, Tierra del Fuego; 07958. storm, beach erosion, suspended sediment, wave, UK, Wales, Gower, Llangennith; 10641. wind, storm, suspended sediment, sediment transport, infragravity wave, Canada, Prince Edward Island, Stanhope Lane Beach; 11887.
- surface adsorption**
organic matter, iron oxide, adsorption/desorption, 10779.
- surface air**
atmospheric stability, radon-222 daughter, 04786. beryllium-7, radionuclide, 03579.
- surface air temperature**
kriging, cokriging, temperature, elevation, 02197.
- surface albedo**
ablation, accumulation, digital elevation model, SPOT, solar incidence angle, Greenland, Ammassalik, Mítdluagkat Glacier; 14089. glacier, snow bidirectional reflectance, Landsat TM, Svalbard; 03841. NDVI, desertification, vegetation cover, Mali, Ansongo; 07561. radiation absorption, vegetation canopy, remote sensing, 06259. surface temperature, soil moisture, NDVI, 07568.
- surface altitude change**
ablation area, equilibrium line, debris thickness, photogrammetry, glacier debris, USA, Oregon, Mount Hood, Eliot Glacier; 02834.
- surface/aquifer interface**
groundwater contamination, ammonia pollution, nitrogen behaviour, 05811.
- surface area**
ATKIS, cartography, 12709. two dimensional image, particle shape, pollutant, 01571.
- surface area determination**
clay mineral, nitrogen, metal oxide, ethylene glycol monoethyl ether, BET equation, 04331.
- surface area measurement**
quartz, feldspar, etch pit, weathering, dissolution rate, 07739.
- surface atmosphere**
soil surface, heating, paved ground, 04634.
- surface/atmosphere exchange**
ammonia, vegetation, fertilised vegetation, 07335. ammonia, vegetation, unfertilised vegetation, deposition, 07334.
- surface/atmosphere reflectance model**
model description, inversion, synthetic data, 09799. reflectance measurement, radiation transfer, AVHRR data, Africa, (North); 09800.
- surface/atmosphere system**
cloud, snow cover, shortwave radiation budget, 13672.
- surface boundary condition**
sea surface temperature, ocean GCM, salinity, 02204.
- surface canopy**
correction method, atmospheric effect, remote sensing data, AVHRR, Hungary; 10146.
- surface catalyzed hydrolysis**
natural organic matter, picolinate ester hydrolysis, oxide/water interface, organic matter, pollutant hydrolysis, 09709.
- surface charge**
back titration, titration, 12054. electrophoretic mobility, illitic soil, organic matter, soil colloid, flocculation, 12098. negative charge, pH, acidic soil, aluminium, 00589. pH Haplustoll, colloidal particle, clay mineral, Argentina; 10825. pH, acidic soil, clay fraction, negative charge, 00588. pH, acidic soil, soil acidity, clay fraction, 00590. pH, aggregation, clay fraction, acidic soil, 00524. quartz, hematite, ionic strength, colloidal matter, fulvic acid, 00342. variable charge soil, positive charge, clay fraction, acidic soil, 00587.
- surface charge determination**
titration, back titration, 12053.
- surface chlorophyll**
SeaWiFS, climate change, oceanographic research, South Africa; 14054. solar irradiance, global carbon budget, CZCS, Atlantic, (North); 07617.
- surface chlorophyll concentration**
chlorophyll profile, ocean productivity, diffuse attenuation, 14050.
- surface circulation**
drifter tracking, gyre system, current measurement, lake current, Japan, Biwa Lake; 09620.
- surface classification**
object recognition, quadric surface, three dimensional object, 03686.
- surface climate**
desert, climate change, China; 09953.
- surface conditions**
interannual variability, rainfall, tropics, coastal zone, Africa; Guinea; 12529.
- surface crust**
Andisol, rainfall simulation, hydrodynamics, soil physical property, 05552. Andisol, rainfall simulation, soil hydraulic property, 05593. laser scanner, microtopography, bulk density, rainfall simulation, 05594. slope, surface seal, loess, runoff, rainfall simulation, China, Lishi, Wangjiagou; 05641. soil drying, soil water, rainfall simulation, runoff, interrill erosion, USA, (Southeast); 05643.
- surface crust structure**
rainfall intensity, soil seasonal variation, soil micromorphology, runoff, infiltration, France; 05640.
- surface current**
Doppler frequency, SAR interferometry, internal wave, UK, Scotland, Loch Linnhe; 07612. Ekman circulation, Stokes drift, wind driven current, radar, 11541. sea surface temperature, coastal upwelling zone, AVHRR/NOAA multispectral data, oceanographic monitoring, 08914. wind velocity, empirical orthogonal function, UK, England, Dorset, Pool Bay; 03801.
- surface data**
systematic error, land surface response, ECMWF model, 07224.
- surface deformation**
earthquake, offset, San Francisco earthquake (1906), fault slip, USA, California, Point Arena; 01391.
- surface deposit**
gully erosion, land use, forest clearing, Germany, Hesse, Taunus Uplands; 12177.
- surface drag**
drag instability, boundary layer, 00883. front, primitive equation model, drag, 00980.
- surface drift**
oil spill, forecasting model, surge modelling, tide modelling, Arabian Gulf, Strait of Hormuz; 10337.
- surface hormone**
phosphate, lignosulphonate, adsorption/desorption, 10760. semiarid range-land, watershed, USA, Arizona; 15147.
- surface energy balance**
boundary conditions, soil thermal regime, soil temperature, soil heat flux, 01786. energy balance method, plant, soil, canopy, evapotranspiration, 09847. latent heat flux, energy balance, evaporative fraction, parameterisation, 07246. radiant surface temperature, sensor reflectance, vegetation, 04627. radiative flux, energy balance, annual variability, Antarctica, Zhongshan Station; 04600. soil surface, microlysimeter, evaporation, sandy soil, 04438. vegetation index, soil heat flux, net radiation, 11517.
- surface energy balance**
energy partitioning, heat island, suburban/rural heat flux, USA, California, Sacramento; 04643.
- surface energy budget**
albedo, solar input, climate change, carbon dioxide, hydrological cycle, GCM, 02326. soil temperature, soil surface temperature, advection/aridity evaporation model, 00478.
- surface energy flux**
soil moisture, potential evaporation, numerical modelling, climate variability, land surface process, 00015.
- surface evaporation**
biomass, meteorology, remote sensing, USA, Arizona, Walnut Gulch Watershed; 06255.
- surface exchange**
deposition, dry deposition, co deposition, sulphur dioxide, ammonia, 07354.
- surface exchange flux**
ammonia, diffusion denuder, deposition, continuous flow, 07357.
- surface exposure dating**
geochronology, dating method, nuclear dating method, cosmogenic nuclide, rock varnish, 01343.
- surface feature**
MSS, TM, 04952.
- surface flow**
AVHRR, drifter, Mexico; Gulf of Mexico; 12820. karst river basin, flood frequency analysis, distribution model, peak flow, baseflow, Turkey; 00647. streamflow, isotope study, runoff, baseflow, interflow, Turkey, Ankara, Guvenc Basin; 08312.
- surface flux**
air/sea flux, climatological flux, general circulation model, ocean model, global flux, 11167.
- surface flux density**
averaging, heterogeneous landscape, convective boundary layer, 05925.
- surface footing**
cone model, embedded foundation, dynamic analysis, 11702.
- surface free energy**
soil constituent surface, aggregation, soil water adsorption, 00586.
- surface freezing**
marine boundary layer, LeadEx experiment, lead, pack ice, brine concentration, 05277.
- surface front**
circulation, sediment dynamics, estuary, 01976. eddy, Kuroshio, Japan, Tosa Bay; 04994. synoptic scale, Mei-Yu front, rainy season, Taiwan; China; 00848. tidal mixing front, plume front, shear front, buoyancy driven flow, horizontal density gradient, estuary, 01977.
- surface geophysical data**
geological structure, MAGSAT, India; 04956.
- surface heat exchange**
convective response time, wind, 00987. river depth, temperature variation, water temperature, waste heat, heat budget model, New Zealand, Waikato River; 00709.
- surface heat flux (1951-1980)**
heat flux, Pacific, Ocean Weather Station P; 09873.
- surface heat flux**
heat flux, tidal mixing, ocean, atmospheric forcing, Gulf of California; 08543. minisodar, winter, portable minisodar, USA; 10051. slope wind, angular momentum, topography, slope wind, general circulation model, Antarctica; 11191.
- surface height autocorrelation**
roughness spectra, sea surface height, sun glint pattern, 01232.
- surface hydrology**
hydrological models, basin scale, mesoscale, scaling, 08329. karstic depression, soil loss, remote sensing, arid karst, soil movement, Australia, Nullarbor Plain; 11674. runoff, evapotranspiration, soil moisture diffusion, atmospheric GCM, 02645.

- surface-hyporheic interaction**
desert stream, hydraulic gradient, hyporheic zone, diel, USA, Arizona, Sonoran Desert, Sycamore Creek; 04479.
- surface indoor**
ozone deposition, deposition velocity, mass accommodation coefficient, 12560.
- surface layer**
acoustic tomography, atmosphere, 14811. concentration fluctuation, plume, 03450. diurnal cycle, stratification, wind speed, dimethyl sulphide, Pacific; 01055. fog, Monin-Obukhov theory, divergence, 05941. free convection conditions, large eddy simulation, boundary layer, 02189. La Nina, Pacific; 09875. lognormal distribution, gamma distribution, concentration fluctuation, plume, 03466. meteorological quantity, prediction, 08610. profile evaluation, Robinson's method, displacement height, roughness length, 03465. stratification, Richardson number, eddy transfer, turbulent mixing, micrometeorology, 14857. thermal structure, divergence, vorticity, 13718. turbulence fluctuation, planview, flux patterns, convective structure, marine, 07251. turbulence, sea breeze front, Japan, Shikoku Island, Kochi Plain; 03515.
- surface layer flow**
complex terrain, turbulence, closure scheme, topography, 14854. turbulence, closure model, neutrally buoyant flow, 05938.
- surface level**
air temperature, precipitable water, temperature, 06216.
- surface load**
deformation, deglaciation chronology, earth model, glaciostasy, VLBI, 11684.
- surface longwave radiation**
infrared window, temperature inversion, radiometric FTIR measurement, emission spectra, smog, 11346.
- surface measurement**
cloud property, cloud liquid, albedo, broken cloud regime, satellite retrieval, Pacific; 05989.
- surface melt**
climate change, passive microwave, variation, summer melt, ice sheet, Greenland; 02743.
- surface melting**
global warming, ice shelf, marginal ice, radiometric brightness temperature, Antarctica; 03816.
- surface melting rate**
biotic acceleration, glacier melting, albedo, heat balance, Nepal, Himalaya, Langtang Region, Yala Glacier; 06634.
- surface mining**
pollution, mine waste, control policy, waste disposal, 05068. reclamation, mine dump, open cast mine, India; 05263.
- surface morphology**
TIN model, linear time algorithm, Delaunay triangulation, 11425.
- surface motion**
geodynamic interpretation, high precision levelling, uplift, Czech Republic, Krusne Hory Mountains, Jezeri Castle; 10399.
- surface movement**
GPS, volcanic eruption, 08866. sedimentary basin, damage, valley effect, ground motion, earthquake, Armenia, Kirovakan; 11692.
- surface ocean condition**
diatom, palaeoceanography, sediment core, North Atlantic Drift, insolation anomaly, Greenland Sea; Iceland Sea; Norwegian Sea; 04054.
- surface ozone**
background ozone, seasonal trend, ozone, Japan; 09981. global network, ozone distribution, 09973. nitrogen oxide, China; 06084. ozone exposure, photochemical pollution, vegetation, Finland; 09977. ozone, historical record, colometric papers, Greece, Athens; 09980. ozone, measurement, Poland, Belsk; 11292. ozone, production, destruction, vegetation damage, Europe, (Northwest); 10026. ozone, rural concentrations, trend analysis, UK; 09978. ozone, trend, Switzerland, Arosa; 09975. ozone, vegetation effect, exposure index, Norway; 09976. regression model, photochemical pollution, ozone, Greece, Athens; 06066.
- surface ozone concentration**
seasonal variability, ozone, pesticide, Egypt; 07408.
- surface pigment**
atmospheric methane, radio transmission, extraterrestrial life, Galileo spacecraft, 07415.
- surface point**
three dimensional space, image, object, 06144.
- surface precipitation**
vertical reflectivity profile, weather radar network, reflectivity profile, UK; 01070.
- surface pressure**
tropics, spectral analysis, principal components analysis, 14840. weather type, annual variability, pressure, Croatia; 11131. zonal index, temperature, circulation change, 08628.
- surface pressure cycle**
pressure cycle, general circulation model, annual pressure cycle, meteorological variability, Mars; 09888.
- surface process**
escarpment, rifted margin, model, landscape evolution, 14135.
- surface productivity**
benthic foraminifera, stratigraphy, core, Pacific, Ontong Java Plateau; 01479.
- surface profile**
open channel flow, hydraulic jump, free surface profile, Froude number, 04452.
- surface properties**
absorption, seawater, protein, 08033.
- surface property**
estuary, carbon, microcalorimetry, trace element, suspended matter, Spain, Ebro River Delta; 01756.
- surface radiation balance**
radiative transfer model, METEOSAT, radiation map, 08877.
- surface radiation budget**
marginal ice, AVHRR, SSM/I, cloud optical thickness, radiative transfer model, 03815.
- surface radiometric temperature**
millet, sparse canopy, heat flux, Niger; 07591.
- surface reflectance**
AVIRIS, empirical line, radiative transfer, spectral mixture, USA, Nevada, Lunar Crater; Utah, Pavant Butte; 15141. Lambertian assumption, DTM, diffuse light, Italy, Tuscany; 11370. terrain roughness, fractal DTM, 01195. tillage, crop residue, soil reflectance, crop growth, 00585. TM, planetary reflectance, Austria, Hintereisferner; 02463.
- surface reflectivity**
desert, rainforest, land surface, 04968.
- surface reporting station**
network, lightning data, thunderstorm, USA; 00842.
- surface resistance**
evaporation, bare soil, vapour diffusion, semiarid region, 14602.
- surface resistance formulation**
ADOM, deposition velocity, dry deposition, ozone, sulphur dioxide, 04760.
- surface roughness**
bed configuration, alluvial channel, bedload transport, entrainment, flow turbulence, 01946. desert terrain, BDRF, anisotropic reflection, Australia, New South Wales, Fowlers Gap; 01194. evapotranspiration, NOAA, AVHRR, Senegal, Sahel; 04979. HUTSCAT scatterometer, bare soil, backscattering, Italy; 07558. polarimetric SAR, AMRS, soil moisture, Italy, Tuscany, Montepertoli; 07559. porosity, tillage, rainfall effect, infiltration equation, 05778. radar backscatter, aerodynamic roughness length, 04884. sea ice, remote sensing, ice floe, underside roughness, air/ice drag coefficient, Weddell Sea; Antarctica; 04549. sensible heat flux, urban canopy layer, pollutant flux, eddy flux, 11334. slope gradient, mulching, surface wash, ravel erosion, mine spoil, USA, Nevada; 12175. soil moisture, radar, 04960. soil roughness measurement, chain method, 10735. steady movement, fine grained soil, sliding, landslide model, 01420. trimline, Little Ice Age, ice sheet, rock surface weathering, Norway, Nordfjord; 04095.
- surface runoff**
fractal analysis, drainage network, Richardson method, Horton's stream ratio, erosion, 12205. Hadley circulation, Walker circulation, tropics, deforestation, evaporation, Asia, (Southeast); 08424. lead-210, beryllium-7, caesium-137, erosion indicator, suspended sediment, 04440. model error, data smoothing, data aggregation, digital elevation model, runoff modelling, 09592. rill hydraulics, chemical tracer, erosion, flow velocity, 10924. runoff model, digital elevation, watershed, 15223. runoff source area, Kirkby index, digital relief model, bocage landscape, France, Brittany; 00638. runoff yield, rainforest, hydrograph pattern, forest catchment, baseflow, China, Hainan Island, Jiangfengling; 02090. soil moisture content, infiltration capacity, Water Erosion Prediction Project, runoff rate, rainfall/runoff relationship, subsurface drainage, 09736. stream gauging, stream discharge, forest cover, interception, Brazil, Sao Paulo, Serra do Mar; 08430. subsurface runoff, groundwater dynamics, runoff modelling, groundwater level fluctuation, soil water regime, Latvia; 09680. subsurface runoff, wetlands, runoff water quality, cation export, snowmelt, Canada, Ontario; 14654.
- surface scattering**
volume scattering, scattering, ice sheet, radar, altimetry, 12838.
- surface seal**
clay dispersion, Vertisol, slaking, hydraulic conductivity, soil stability, 05523. loess, runoff, rainfall simulation, surface crust, slope, China, Lishi, Wangjiagou; 05641. soil hydraulic property, rainfall simulation, clay content, sealing, USA, Georgia; 14569.
- surface sealing**
compaction, soil degradation, 10776. infiltration, manure, runoff, curve number, agricultural practice, 02101. interrill erosion, slope, rainfall simulation, soil erosion reduction, gypsiferous amendment, USA; 05553. loess, air blasting, slaking, aggregate breakdown, 00608. tillage practice, raindrop impact, sandy clay loam, infiltration, USA, North Carolina, Piedmont Region; 00796.
- surface sediment**
anoxia, water depth, oxygen, geochemistry, Sulu Sea; South China Sea; 02934. microbial production, salt marsh, manganese, oxidation, USA, Georgia; 08048. radionuclide, desorption, British Nuclear Fuels, plutonium, UK, England, Cumbria, Sellafield; Irish Sea; 09406.
- surface settlement**
tunnelling, finite element program, CRISP model, prediction, 04014.
- surface slick**
Landsat TM imagery, chemosynthetic organism, natural oil seepage, Gulf of Mexico; 07616.
- surface slope**
channel hydraulics, tidal channel, channel discharge, velocity, estuary, USA, California, Petaluma Marsh; 06975.
- surface soil**
moisture, watershed, microwave radiometer, 15129.
- surface soil moisture**
leaf area index, dual frequency scatterometer, 11518. remote sensing, vegetation response, NDVI, soil moisture model, USA, Arizona, Phoenix; Botswana; 00731.
- surface source**
diffusion, Taylor's equation, wind shear, empirical formula, 11156. nitrous acid, heterogeneous reaction, 13847.
- surface station**
mixed layer model, daytime, sensible heat, latent heat, flux measurement, radiosonde data, 12458.
- surface stormflow**
stormflow separation, hydrograph separation, oxygen-18, isotope hydrology, subsurface stormflow, USA, Pennsylvania; 03217.
- surface strain rate**
failure envelope, tensile strength, calving rate, ice shelf, crevasse, Antarctica; 06638.
- surface stress**
precipitation, forecast, comparative study, Antarctica; 04645. sodar measurement, boundary layer height, 03460.
- surface structure**
microbial mat, shrinkage crack, saltern, tidal flat, biostabilisation, 04213. subsurface structure, lineament patterns, Egypt, Aswan, Lake Nasser; 15134. typhoon, terrain, Taiwan; 00850.

surface temperature

air temperature, NDDVI, AVHRR, 10204. algae, water quality, chlorophyll, Venezuela, Maracaibo Lake; 01254. bare soil, dry surface layer, thermal diffusion, temperature gradient, evaporation, 08296. comparative study, FIFE, ground truth, 02454. global climate, sea surface temperature, climate monitoring, 10190. lake, Landsat, water depth, UK, England, Cumbria, Lake District; 06301. moisture prediction, atmospheric model, soil diffusion equation, 01325. multiband algorithm, land surface temperature, 10138. multiresolution sensor, temperature retrieval, FIFE, USA; 06239. polar region, Nimbus 7, infrared radiometer, temperature, Antarctica; Arctic; 13699. radiative transfer, temperature, Meteosat, 10141. radiometric measurement, vegetation, emissivity, 15185. sea ice pack, AVHRR, ice type, Arctic; 14082. sea ice, AVHRR data, temperature, Arctic; 12467. soil moisture, microwave radiometer, vegetation, 06244. soil moisture, NDVI, surface albedo, 07568. spatial variability, albedo, aerodynamic roughness, evaporation, potential evaporation, 08298. temperature anomaly, snow cover (1980-1990), 14944. temperature estimation, radiative transfer, MOS-1/VTIR, sea surface temperature, 10137. thermal emissivity, measurement, 10191. time series, AVHRR, land surface temperature, 10140. TM, water circulation pattern, water turbidity, UK, England, Norfolk Broads; 14093. trend, heat island, time series, urban bias, China; 12544. turbidity, oxidation pond, 01256.

surface temperature history

climate change, borehole temperature, borehole profile, North America; 00168.

surface tension

meander, rivulet, bend theory, wave number, St Venant equations, 09615. ocean, typhoon, 08546. pressure head, unsaturated flow, solute transport, organic contaminant, 14740. thermal conductivity, soil temperature, 00583.

surface texture

micronodule, nodule, pelagic sediment, manganese, Indian Ocean, Central Indian Basin; 01642.

surface thinning

slope, soil conservation, pine plantation, Italy, Calabria, Sila Mountain; 06888.

surface topography

radar study, ice stream, ice thickness measurement, climate change, mass balance, Antarctica; 02848.

surface vapour pressure

correlation coefficient, water vapour, total precipitable water, 04601.

surface velocity

grounding line, basal melting value, bottom freezing, satellite image analysis, ice tongue, ice shelf, Antarctica, Victoria Land, Terra Nova Bay; 02844.

surface wash

ravel erosion, mine spoil, surface roughness, slope gradient, mulching, USA, Nevada; 12175.

surface water

conductivity, IRS, monsoon, India, Tawa Reservoir; 12817. drainage, flooding, storm, China, Shanghai; 05130. hydrological modelling, GIS, land drainage, 01264. landscape, geothermal activity, solute composition, ecological response, Costa Rica; 02666. mineral aerosol, deposition, sea/air exchange, Pacific; 02354. natural source, lead, aluminium, aeolian transport, anthropogenic source, Atlantic; 08541. Pleistocene, palaeochemistry, carbon isotope record, deep water, Pacific, Sulu Sea; 13046. water chemistry, US EPA, long term, environmental monitoring, acidic deposition, USA; 01304.

surface water accumulation

urban runoff, spatial distribution, stormwater, drainage system, water management, China, Shanghai; 08441.

surface water chemistry

acid/base chemistry, acid neutralising capacity, precipitation chemistry, acidification, USA, Maine, Tunk Mountain Watershed; 03264. biomass production, freshwater ecology, surface water resource, stratification, 08469. catchment hydrochemistry, acidic deposition, soil water chemistry, synthetic data analysis, simulation model, 12243. chromium, photochemical production, aqueous trivalent chromium, USA, North Carolina; 03252. dissolved organic compound, iron speciation, photochemistry, aqueous iron (III), polycarboxylate, 09651. ferric oxyhydroxide, precipitation kinetics, nucleation rate, crystallite growth rate, 06990. geochemical control, runoff water chemistry, snowmelt, cation exchange, hydrological control, USA, California, Sierra Nevada, Emerald Lake; 04476. humic coating, adsorption, desorption, humic-clay interaction, estuary, Ireland, Dodder River; 12251. hydrophobicity, PCB congeners, humic acid, dissolved organic carbon, 13514. metal speciation, copper binding, fulvic acid, humic substance, 13491. moorland pool, acidification, alkalinity, liming, Netherlands, Ven bij Schaijk; Padvindersven; 14637. nitrogen transformation, fish pond, aerated pond, 13490. reduction/oxidation, atmospheric deposition, moorland pool, sulphur budget, 13495. rock weathering, hydrochemistry, groundwater chemistry, runoff water chemistry, India, Uttar Pradesh, Kumaun, Gula Catchment; 00695. salinity, agricultural catchment, solute transport, land management, soil water chemistry, groundwater chemistry, Australia, Western Australia, East Perenjori; 00797. sediment transport, erosion, river water chemistry, atmospheric dust, geochemistry, Guinea, Fouta Djallon; 05732. trace metal, calcium chloride brine, adsorption/desorption, oxic brine, anoxic brine, Antarctica, Victoria Land, Dry Valley, Wright Valley, Onyx River; Vanda Lake; Antarctica, Victoria Land, Dry Valley, Wright Valley, Don Juan Pond; 14633. water chemistry protocol, long term monitoring, methodology, data analysis, sample collection, 03265.

surface water contamination

acid mine drainage, copper mine drainage, soil water contamination, Spain, Galicia; 14638. contaminant migration, pesticide, insecticide, USA, Florida; 05710. contaminant source, faecal coliform, sediment bag, water quality analysis, sampling, 03256. food chain contaminant, Mirex, pesticide, organochlorine contaminant, Canada, Lake Ontario, St. Lawrence Gulf; 06998. groundwater contamination, herbicide, starch encapsulation, non-point source pollution, 12241. groundwater contamination, ion exchange, caesium-137, 03247. hydrosol contamination, pesticide, sediment, pyrethroid residue, farm pond, 08368. inorganic nitrogen, phenol, pesticide, heavy metal, river restoration, Ukraine, Dniester River; 13548. mine drainage, arsenite, arsenic speciation, estuary, UK, England, Cornwall, Carnon River; 12244. pollution control, nursery operation, groundwater contamination,

irrigation water management, nutrient, USA; 07134. remediation, dredging, oil spill, USA, Alaska, William Sound; Arabian Gulf; 01986. runoff water quality, asbestos tailing, erosion rate, rainfall intensity, South Africa; 12267. tannery, toxicity, wastewater, Algeria, Rouiba; 10961. wastewater disposal, effluent mixing, heavy metal, industrial effluent, 05706.

surface water flow

drought, waterlogging, monitoring system, soil salinity, groundwater level, China, Hebei Province, Quzhou County; 12309.

surface water-groundwater interaction

bank filtration, hydraulic head, river/groundwater exchange, thermal data, France; 13593. contaminant transport, sodium chloride tracer, groundwater contamination, seepage path, France, Ain River; 14729. groundwater contamination, river water quality, stream bed sediment, solute transport, stream/aquifer system, UK, England, Thames River; 11030. groundwater discharge, drainage network, stream evolution, Netherlands; 14608. groundwater flow path, tracer test, USA, Wisconsin; 08413. groundwater flow, tracer, alluvial fan, environmental isotope, tritium, Japan, Kurobe River; 08415. groundwater inflow, coastal pond, pond water exchange, salinity, USA, Massachusetts, Cape Cod, Little Pond; 12288. groundwater recharge, induced recharge, pumping well, induced infiltration, 09679. lake water chemistry, geochemical evolution, groundwater circulation, lacustrine brine, lake evaporation, USA, Montana; North Dakota; 14669. phosphorus, nonpoint source pollution, surface water quality, groundwater quality, Germany, Berlin, Spree River; 07092. redox chemistry, spatial variability, temporal variability, groundwater quality, river water chemistry, aquifer recharge, France, Grenoble, Drac River; 12320. sediment temperature, groundwater inflow, streamflow, seepage, water temperature, USA, Indiana, Juday Creek; 01925. sediment, tracer, hydrology, catchment process, 08259. streamflow decline, groundwater recharge, water resource development, stream aquifer system, USA, Kansas, Arkansas River; Rattlesnake Creek; 12380. tracer, permeability, groundwater flow regime, groundwater temperature, groundwater velocity, groundwater recharge, Japan, Ashigara Plain; 08411. water table fluctuation, zone of influence, vegetation tolerance, water course, 05787.

surface water hydrology

hydrogeochemistry, land use, water resource, groundwater hydrology, 05648.

surface water management

agricultural water management, irrigation, conjunctive water use, groundwater management, 07151.

surface water pollution

groundwater contamination, nonpoint source pollution, fertiliser, sewage sludge, 09645. nitrogen fertiliser, nitrogen leaching, groundwater pollution, nitrate leaching, Greece, Kopais; 00552.

surface water productivity

Pleistocene, Holocene, glaciomarine sedimentation, continental margin, ice rafted debris, Greenland, East Greenland, Scoresby Sund; 00176.

surface water quality

acid mine drainage, coal mine, dewatering, groundwater quality, heavy metal, UK, England, Durham County, Wear River; 09707. acid mine drainage, pollution control, nonpoint source pollution, groundwater quality, 07128. acidic deposition, acidification, groundwater quality, aluminium flux, soil retention, groundwater discharge, 03268. acidic soil, mineralogy, aluminium, Spain, Galicia; 00537. acidification, groundwater quality, soil water quality, episodic acidification, runoff water quality, Canada, Ontario; Quebec; Canada, Nova Scotia; 13526. anion exchange, spectrophotometry, zinc, cadmium, dissolved metal, Nigeria; 01984. aquatic ecosystem, pesticide, risk assessment, toxicity, India; 13512. biomonitoring, nonpoint source pollution, water purification, aquatic vegetation, metal pollution, India; 07010. buffer zone, agricultural pollutant, pesticide retention, subsurface transport, 01999. canal, sewer, polder, sediment quality, Netherlands, Amsterdam; 01995. Carbaryl, insecticide, environmental fate, degradation, 06996. denitrification, transparency, fish reduction, biomanipulation, macrophyte, Netherlands, Bleiswijkse Zoom Lake; Zwemlust Lake; Netherlands, Noorddiep Lake; Denmark, Vaeng Lake; 14693. detergent, heavy metal, pesticide, hydrocarbon, toxicity, synergism, 13516. diatom index, water quality analysis, France, Artois-Picardie Basin; 12246. dissolved organic phosphorus, dissolved organic carbon, colloid, chromatography, ultrafiltration, reverse osmosis, dissolved organic nitrogen, 13500. dissolved oxygen, heavy metal, combined sewer overflow, sedimentation tank, sewer design, Netherlands; 01996. ELISA, carbaryl, immunoassay, insecticide, photometer, water quality analysis, 05711. environmental stress, carbon budget, detergent, oxygen concentration, 07006. estuary, dissolved inorganic nitrogen, phosphate, suspended sediment, light attenuation, vegetation growth, USA, Maryland, Chesapeake Bay, Choptank River; 03255. estuary, dissolved oxygen, estuarine mixing, river discharge, flushing, Australia, Tasmania, Derwent River; 13535. estuary, fertiliser, eutrophication, algae, phosphorus, agricultural practice, Australia, Western Australia, Peel-Harvey Estuary; 13509. estuary, phosphorus, agricultural practice, leaching, land drainage, Australia, Western Australia, Peel-Harvey Estuary; 13628. estuary, trace metal, wastewater discharge, embayment, USA, California, San Diego Bay; San Francisco Bay; 05719. estuary, turbidity, particulate phosphorus, phosphorus, dissolved organic phosphorus, dissolved reactive phosphorus, USA, Delaware, Delaware Estuary; 04472. eutrophication, suspended sediment, water treatment, waste disposal, engineering practice, 12238. fish survival, bioassay, water quality analysis, coal ash storage, USA, Maryland, Wicomico River, Zekiah Swamp; 13505. floc forming organism, scum formation, actinomycetes, activated sludge process, 13518. flow augmentation, wastewater treatment, dissolved oxygen, reoxygenation, computer model, 00706. forest catchment, nitrogen, trend analysis, temporal variability, land use effect, Scandinavia, Baltic Sea, Gulf of Bothnia; 07124. forestry, water temperature, bioindicator, water quality monitoring, legislation, USA, Washington; 07111. fulvic acid, aluminium, pH dependent binding, organic aluminium, 00685. geochemistry, lake water chemistry, major ion chemistry, salinity, Namibia, Namib Desert; South Africa; 09675. Goulden large sample extractor, gas chromatography, mass spectrometry, pesticide, water quality analysis, USA, Washington, Yakima River Basin; 05718. groundwater contamination, water quality management, wastewater treatment, water reuse, environmental impact, 03246. groundwater protection, irrigation water quality, wastewater reuse, groundwater quality, Australia; 11103. groundwater quality, agricultural pollutant,

- livestock effluent, pesticide, land drainage, erosion, 13624. groundwater quality, agricultural pollutant, phosphorus cycling, particulate, soluble fraction, nitrogen, UK, England, Devon, Slapton; Cotswolds, Windrush River; 13502. groundwater quality, agricultural practice, phosphorus, water quality management, 07139. groundwater quality, dissolved organic carbon, organic pollutant, gel permeation chromatography, water quality analysis, 13501. groundwater quality, lead, water quality analysis, in situ measurement, voltammetric analysis, 07002. groundwater quality, micropollutant, water quality analysis, pesticide herbicide, immunoassay, 07001. groundwater quality, surface water-groundwater interaction, phosphorus, nonpoint source pollution, Germany, Berlin, Spree River; 07092. groundwater quality, wastewater treatment, domestic treatment, peat leachate, USA, Alaska; 05803. halogenated compound, microorganism, debromination, polybrominated biphenyl, USA, Michigan, St Louis, Pine River; 03292. herbicide, pesticide, glyphosate, diflufenuron, degradation rate, fate, 12239. historical hydrology, wetlands, eutrophication, fertiliser, Netherlands; 08369. hydrosol chemistry, beryllium, germanium, macrophytes, 05715. industrial effluent, ARC test, toxicity test, estuary, 13517. land drainage, acidic soil, liming, soil water quality, acidification, 07016. literature survey, limnology, trace element, heavy metal, Italy; 01988. match industry, effluent discharge, water quality index, water quality parameter, India, Tamil Nadu, Sivakasi; 12245. mercury, algal growth, orthophosphate, toxicology, phosphorus, 13523. microbial filter, methanotrophic bacterium, bioremediation, trichloroethylene, 05707. microbiological contaminant, pathogen, bacteria, groundwater quality, Brazil, Sao Paulo, Araraquara; 05801. monitoring programme, nonpoint source pollution, water quality monitoring, agricultural practice, ecosystem impact, USA, Iowa, Clayton County, Sny Magill Watershed; 07055. nutrient transport, environmental fate, riparian zone, groundwater quality, nonpoint source pollution, 07013. nitrogen uptake, phosphate uptake, water purification, water hyacinth, 14642. nitrogen, phosphorus, nutrient reduction, Denmark; 01980. nutrient reduction, bay, nonpoint source pollution, pollution control, USA, Chesapeake Bay; 07114. organic farming, groundwater contamination, nitrate leaching, eutrophication, pesticide, 11076. pesticide, nutrient, rice paddy, irrigation water management, Japan, Koise River; Lake Kasumigaura; 07012. pH, alkalinity, bioindicator, diatom, water management, Netherlands, Overijssel; 12247. phosphorus, nitrogen, eutrophication, agricultural pollutant, Finland; 07130. photocatalytic degradation, carbaryl, titanium dioxide, photochemical reactor, pesticide, 01985. phytoplankton, eutrophication, fertiliser, phosphorus, algae, Australia, Western Australia; 13510. plant establishment, tree seedling, groundwater quality, salinity, coal leachate, wetlands, USA, South Carolina; 13596. pollutant discharge, sewer design, sediment, sewer discharge, Netherlands; 01997. pollutant loading, computer model, agricultural waste application, agricultural pollutant, groundwater quality, 07138. potable water quality, fluorine distribution, fluorosis, groundwater quality, India, Andhra Pradesh, Nalgonda District; 01987. pulp mill, organo halogens, oxidative degradation, chlorination product, 03253. pumping strategy, effluent disposal, salinisation, soil salinity, remediation, 05847. purification, viral DNA, nucleic acid, 07003. radioactive isotope, tritium, Egypt, Alexandria; 14639. river ecosystem, reservoir development, water resource development, Azerbaijan, Araks River, Khodaaferin; 04492. runoff water quality, limestone treatment, forest catchment, drainage water quality, acidification, UK, Wales, Uyn Brianne; 09750. salinisation, irrigation water quality, drainage water reuse, irrigation water management, Russian Federation; 07132. sampling technique, refrigerated autosampling, coliform density, Australia, New South Wales, Sydney; 13520. sediment, desorption, environmental fate, pesticide, hydrolysis, endosulphan, 05704. sewage, combined sewage outflow, real time control, runoff water quality, computer model, Canada, Ontario, Hamilton; 03279. solubility, partitioning, trace metal, atmospheric deposition, 03249. streamwater quality, catchment model, nitrogen fertiliser, soil water dynamics, groundwater quality, Denmark, Karup River; 13507. suspended sediment, chlorobenzene, desorption, phytoplankton, sediment, 14652. TCDD/F, suspended sediment, hydrophobicity, mass transfer, 14653. temporal trend, acidification, regional comparison, precipitation quality, acidic deposition, USA; 03263. toxicity testing, aquatic ecotoxicology, India; 13513. toxicity, organic compound, microbial activity, fish, 12250. toxicity, triethocresyl phosphate, chromatography, hydrolysis, biodegradation, 13494. uptake rate, regeneration rate, nitrogen, phosphorus, dissolved inorganic nutrient, 05713. volatile organic compound, organic pollutant, toxicity test, 13515. wastewater treatment, salinity, contact oxidation method, organic wastewater, 14641. water quality analysis, enzyme immunoassay, atrazine metolachlor, precipitation quality, Canada, Ontario; 06951. water quality management, nonpoint source pollution, pollution reduction, pesticide, PAH, Netherlands; 07160. water quality monitoring, pesticide, polar organic compound, hydrophilic compound, organic micropollutant, Europe, Rhine River Basin; 06989. wetland protection, water quality management, catchment management, water resource management, 12386. wetlands, phosphorus removal, nutrient uptake, water quality management, Australia, Western Australia, Peel-Harvey Estuary; 13636.
- surface water quality**
risk assessment, industrial effluent, wastewater discharge, water quality management, 13639.
- surface water resource**
groundwater resource, climate change, Canada, Ontario, Grand River Basin; 09757. groundwater resource, climate change, water management, Canada, Ontario, Grand River Basin; 09758. stratification, surface water chemistry, biomass production, freshwater ecology, 08469. water resource development, groundwater resource, water supply, USA, Texas, Lubbock; 09759.
- surface water salinity**
oxygen isotope record, salinity variation, meltwater dilution, saline subtropical water, Atlantic, (North); 02752.
- surface wave**
complex wavelet analysis, wave field, capillary gravity wave, 09868.
- surface wave structure**
SAR, bottom feature, wave trapping, 11540.
- surface weather data**
cloud height, VAS, carbon dioxide absorption method, 08843.
- surface weathering**
alluvial fan, weathering, granular disintegration, cavernous weathering, salt, Chile, Antofagasta Province; 05144.
- surface wind**
drift, ice island, ERS-1, atmospheric circulation, Arctic Ocean, Hobson's Choice Ice Island; 05334. marine wind, vector correlation, geophysics, canonical correlation, 07486. marine wind, wind, mountainous coast, USA, Alaska; 07255. shelter, upwind obstacle, wind speed, 05936. wind speed, SSM/I, ECMWF, global, 14895.
- surface wind field**
side looking radar, mesoscale coherent structure, 07531.
- surface wind speed**
rainfall rate, marine cyclone, water vapour, 08838.
- surfactant**
aggregate stability, colloid stability, Ultisol, Entisol, tropical soil, Nigeria; 03176. bioremediation, soil water contamination, bacterial transport, soil matrix, 13594. calcium hydroxide, soil stabilisation, saline soil, soil reclamation, Aral Sea; Uzbekistan; 13359. cationic surfactant, organic liquid, capillary pressure-saturation relationship, sorption, groundwater contamination, 14754. chlorobenzene, cationic surfactant, hydrophobic organic compound, organic compound, soil decontamination, 12168. dodecane, non aqueous phase liquid, sorption, solubilisation, groundwater remediation, 14737. dodecane, solubilisation, non aqueous phase liquid, groundwater remediation, 14736. hydraulic conductivity, unsaturated diffusivity, diffusivity, saturated hydraulic conductivity, anionic surfactant, USA, Oklahoma; 01898. hydrophobic organic compound, organic compound, physicochemical model, 14583. mineralization, oily waste, carbon, 08973. organic matter, soil temperature, pentachlorophenol, 05631. physicochemical model, organic compound, hydrophobic organic compound, 14582. river water quality, pulp mill, industrial pollutant, foam formation, France, Vienne River; 10970. tetrachloroethylene, soil remediation, Ottawa sand, 14585. twin head anionic surfactant, subsurface remediation, groundwater remediation, disulphonate, 07065.
- surficial deposit**
base level lowering, crustal depression, drainage shift, valley evolution, Cinozoic (late), USA, New Jersey; 03956.
- surficial mapping**
aquifer, gravel, sand, Pleistocene, glacial terrain, regional mapping project, USA, Minnesota; 01507.
- surficial sediment**
organotin, aquatic environment, antifouling paint, butyltin concentration, estuarine water column, UK; 03874. trace metal concentration, sediment/water interface, accumulation rate, decrease, North Sea, Skagerrak; 08093.
- surge irrigation**
soil consolidation, irrigation, soil gas trapping, soil physical property, 00481. soil physical property, soil hydraulic property, irrigation, soil consolidation, air entrapment, 00482.
- surge modelling**
tide modelling, surface drift, oil spill, forecasting model, Arabian Gulf, Strait of Hormuz; 10337.
- survey**
accurate survey, GPS, reference network, USA, Mississippi; 07454. bar movement, beach profile change, spatial scale, seasonal change, USA, North Carolina, Duck; 11661. geodesy, tectonics, GPS, Nepal; 10174. international cooperation, coastal zone management, management program, 06377. legal, reconnaissance, Hughes reconnaissance, USA, Mississippi River; 06199. mapping, landscape, 15144. mapping, soil science, soil technology, 05502. property, deeds, title registration, USA; 05025. tunnelling, precision, reliability, GPS, 02572.
- survey adjustment**
survey network, North American Datum, Canada, Alberta; 01105.
- survey data**
CERC field research facility, nearshore, beach, USA, North Carolina, Duck; 03968. data management, graphical user interface, 10114.
- survey design**
data analysis, hydrographic survey, geostatistics, bathymetric data, computer program, 01909.
- survey launch positioning**
ambiguity resolution, carrier phase smoothing, DGPS positioning, 07455.
- survey network**
North American Datum, survey adjustment, Canada, Alberta; 01105. theodolite observation, industrial survey, photogrammetric bundle solution, 11403.
- survey network adjustment**
weighted residual, least squares, LI method, 11389.
- survey software**
GPS hardware, New Zealand; 11362.
- survey system**
robot, three dimensional measurement, hydrographic survey, 10045.
- survey technique**
network adjustment, error analysis, 01102.
- surveying (19th century)**
Emory, William H., USA, California; 11444.
- surveying**
cadastral parcel, property system, mapping, Albania; 15247. cartography, professional organisation, Germany, (East); 07421. cartography, professional organisation, spatial information, industry, 12659. charting (19th century). coastal zone, nautical chart, New Guinea; 04908. DGPS, GPS, water, government, Europe, Danube; 15205. digital instrumentation, standard, land, Germany, Bavaria; 05028. EDM, standard, 06128. education, 12658. education, Australia; 10039. education, Australia; 12655. education, Australia; New Zealand; 10040. education, training, 06112. engineering, hydrography study programme, Germany; 01119. engineering, road, vehicle, 15238. environment, remote sensing, natural resource, agriculture, human settlement, India; 01066. geodesy, GPS, 02386. GIS, 08743. GIS, GPS, DEM, interferometry, 12650. GPS, education, 10038. GPS, geodetic network, data integration, DEM, DTM, monitoring, global change, photogrammetry, 04823. GPS, marine navigation, polar measurement, 12851. GPS, regional surveying, Germany; 15050. landscape analysis, landscape, GIS, Mediterranean; 02498. management, spatial data, Australia; 12657. mapping, GIS,

- GPS, education, 08731. mapping, hardware, software, 10044. mapping, land registry, CERCO, Europe; 05033. measuring system, hydrography, Germany; 01112. navigation, Japan, Amur Lagoon; 12850. photogrammetry, Zeiss, 02380. registration board, USA, Kentucky; 06111. seafloor topography, swath sonar, bathymetric map, GPS, multibeam sonar, 01116. tabulated data, boundary adjustment, Germany, Berlin, Wilmersdorf; 05035. triangulation, profile/section drawings, 13940. tunnel, refraction, 12846. waste site, hazardous waste, 02564.
- surveying data processing**
land registration, data processing, land information system, USA; 07650.
- surveying instrument**
nautical instrument, instrument, Canada; 10126.
- surveying measurement**
stability instrument, 15055.
- surveying network**
adjustment, 02391.
- surveying organisation**
FIG, global change, 10036.
- surveying profession**
land surveyor, FIG, land management, 04832.
- surveying service**
cadastral surveying, Germany; 04831.
- surveyor**
boundary, law, upland parcel, legal, 05011. education, civil engineering, Europe; 05053. liability, offshore, 04827. social structure, political structure, cadastre, Switzerland, Vaud; 02437.
- survival statistics**
fractal time, decay process, random walk, rare event approach, 02648.
- susceptibility stratigraphy**
magnetic stratigraphy, sediment, Quaternary, environmental change, chronology, Coral Sea, Queensland Trough; 10456.
- suspended bacteria**
dissolved organic carbon, bacterial density, river water quality, molecular weight fraction, blackwater river, 05734.
- suspended clay**
drag reduction, shear stress, boundary layer, sediment transport, viscosity, 05368.
- suspended load**
fine sediment, mud, provenance, clay mineral, tributary river, Italy, Po River; Alps; Italy, Apennines; 04170. flooding, ice rafting, fluvial deposit, sedimentary structure, Canada, Ontario, Albany River; 14319. marine environment, bedload, sediment transport, modelling, sheet flow, 06771. mobile bed, critical flow, Froude number, 04272. monsoon, illite, montmorillonite, mineralogy, weathering, India, Yamuna River; 02957. organic matter, turbidity, bottom sediment, calcite, carbon cycling, China, Huanghe River; Yangtze River; 02973. proglacial stream, glaciofluvial environment, sediment transfer, river basin, India, Himalayas, Alknanda Basin; 05364. tropical river, monsoon, anthropogenic impact, discharge, India, Andhra Pradesh, Godavari River; Tamil Nadu, Cauvery River; 05466. turbidity current, hydraulic jump, flow regime, shear stress, bedload, 04153.
- suspended material**
nepheloid layer, phenol, terrestrial input, organic matter, France, Rhone Delta; 02977.
- suspended matter**
anoxic sediment, bioturbation, manganese, reworking, spring bloom, USA, Long Island Sound; 13249. bacteria, clay mineral, riverine transport, copper adsorption, flocculation, 01306. chlorinity, effluent, fractionation, specific conductance, total dissolved solids, India, Tamil Nadu, Cauvery Estuary; 05485. coast, visible spectrum, near infrared spectrum, Baltic Sea; 06299. coastal water, colloid, flocculation, nepheloid layer, Curie Point pyrolysis, France, Rhone River; 08028. complexation, sorption, seawater, cadmium, Netherlands, Rhine River; 09392. element distribution, simulation model, shale, molybdate, deep sea sediment, 01731. flocculation, particle size, camera system, France, Gironde Estuary; 04148. inverse modelling method, CZCS, aerosol path radiance, Rayleigh corrected radiance, 14065. micro-pollutant, Rhine Action Programme, sediment quality, Netherlands, Meuse River; Rhine River; 14442. nepheloid layer, seafloor, phytoplankton bloom, particulate organic carbon, Canada, Nova Scotia, Bedford Basin; 10644. nutrient, water quality management, river restoration, river water quality, Europe, Rhine River; 10975. particulate matter, Chernobyl nuclear accident, transport pathway, radioactivity, fine grained sediment, heavy metal, North Sea, Skagerrak; Kattegat; 00300. phytoplankton, fertiliser, water quality, flocculation, clay, 09385. pollution, trace element, tidal zone, grain size, estuary, Netherlands, Scheldt Estuary; Belgium, Scheldt Estuary; 03037. primary production, bioavailability, salt marsh, inundation, organic matter, Netherlands, Westerschelde, Saefinge; 02984. sedimentation, computational model, resuspension, Irish Sea; 09367. submarine canyon, nepheloid layer, sediment transport, resuspension, continental margin, Mediterranean Sea, Golfe du Lion, Grand-Rhone Canyon; 10579. surface property, estuary, carbon, microcalorimetry, trace element, Spain, Ebro River Delta; 01756.
- suspended matter concentration**
colloid, estuary water chemistry, trace metal, chemical partitioning, USA, Texas, Galveston Bay; 14632.
- suspended particle**
coastal zone, TM, sewage outfall, Australia, Sydney; 15204. Curie point pyrolysis, nepheloid layer, delta, pyrolysate, France, Gulf of Fos; Rhone Delta; 03040. grain size, estuary, phytoplankton, flow cytometry, Croatia, Krka Estuary; 02862. primary production, phytoplankton, factorial analysis, sterol, China, Chang Jiang Estuary; East China Sea; 08030. prolate spheroid, Stokes flow, particle motion, 03235. radiotracer, oxidation, seasonal variation, manganese uptake, cerium uptake, USA, Chesapeake Bay; 08005. Stokes flow, prolate spheroid, crystalline dispersion, particle motion, 03237. Stokes flow, prolate spheroid, homogeneous dispersion, particle motion, 03236.
- suspended particulate**
contaminant transport, circulation pattern, PAH, alkane, estuary water quality, China, Changjiang Estuary; 12234. particle transport, particle size analysis, photometric counter, 09641.
- suspended particulate matter**
bioelement, nutrient, phosphorus, organic carbon, productivity, Korea, Masan Bay; 10632. chlorophyll, plankton, hypolimnion, lake, primary production, 11998. continental shelf, nutrient, contaminant, organic matter, oceanography, North Sea; 00401. current velocity, acoustic Doppler current profiler, UK, England, Dover Strait; 10555. sediment transport, freshwater-saltwater interface, turbidity maximum, estuary, salinity, UK, England, Devon, Tamar Estuary; 01979.
- suspended sediment**
acoustic pressure, sand size, algorithm, backscatter, 06643. arsenic, fish, China, Yellow River; 10695. backscatter sensor, comparative study, optical sensor, sand, sampling, 06642. bed stress, resuspension, light attenuation, continental shelf, armouring, settling, USA, California; 14416. bedload, hydrogeographical map, mapping, water regime, erosion, Hungary; 12180. biogeochemical cycle, river discharge, estuarine sediment, phosphorus, Brazil, Amazon River; 14387. bottom sediment, river water quality, caesium, isotope migration, Slovakia, Dudvah River; 13532. chlorobenzene, desorption, phytoplankton, sediment, surface water quality, 14652. chlorophyll concentration, CZCS, Mediterranean; 03810. cluster analysis, provenance, erosion input, fingerprinting technique, UK, England, Devon; 05341. cohesive sediment, shear stress, settling velocity, flume, flocculation, UK, Mersey Estuary; 04275. continental shelf, current, storm, USA, North Carolina, Duck; 11890. conveyance loss, radionuclide tracer, Chernobyl fallout, sediment budget, UK, England, Severn River; 09612. dam, erosion, bedload, sediment load, particle size, Hungary, Danube River; 04157. database, freshwater lake, reservoir, water quality, two dimensional model, Israel, Jordan River; Lake Kinneret; 01736. delta, Holocene, river channel, loess, progradation, China, Shandong, Yellow River Delta; 01699. erosion source, strontium isotope ratio, element ratio, river transport, sediment load, Africa, (West), Congo Basin; 10968. estuary, element, shelf, Vietnam, Saigon River; South China Sea; 11884. estuary, hydrodynamic modelling, deposition, grain size, sediment transport, Canada, British Columbia, Howe Sound; Squamish River; 01974. estuary, oyster, fluvial sediment, tide, residence time, Portugal, Baixo, Sado Estuary; 02887. flocculation, particle size, fine grained sediment, laminae, Canada, Ontario; 10587. fluvial transport, fine sediment, sedimentation, snow, glacier, Japan, Hokkaido, Ikushunbetsu River; Canada, Alberta, Peyto Creek; 04160. fouling, engineering, turbidity, optical backscatter, 11872. grain size, diatom, sea bed erosion, resuspension, Atlantic, English Channel, Dover Strait; 11966. hydrophobicity, mass transfer, surface water quality, TCDD/F, 14653. ice cover, sediment enrichment, wave action, frazil entrainment, 11889. irrigation, channel, water quality, provenance, Australia, New South Wales, Murrumbidgee River; 05477. lake water quality, water temperature, turbidity, electrical conductivity, Japan, Honshu, Biwa Lake; 14668. land use effect, river water quality, erosion, soil loss, France, Brie, Grand Morin River; 13619. Landsat, sediment concentration, logarithm model, China, Pearl River; 07618. light attenuation, vegetation growth, surface water quality, estuary, dissolved inorganic nitrogen, phosphate, USA, Maryland, Chesapeake Bay, Choptank River; 03255. meander formation, sediment transport, river channel, loess soil, China, Loess Plateau; 10933. microbiology, metal interaction, nutrient, dissolved oxygen, phytoplankton, water quality model, North Sea; 01983. mudwave, deposition, bottom current, uranium series tracer, Atlantic, (South), Argentine Basin; 00434. nitrogen, ecosystem, floodplain, riparian zone, flood, France, Landes, Adour River; 09276. organic matter, lead-210, heavy metal, estuary, clay, New Zealand, South Island, Christchurch, Avon-Heathcote Estuary; 09394. particle size distribution, sediment source, river discharge, Japan, Hokkaido; 14621. particle size, optical backscatter, acoustic backscatter, STRESS experiment, 14302. particle size, reservoir, sand, flume experiment, Japan; 05350. physiography, estuary, coastal water quality, nutrient, trace element, USA, Mississippi River, Atchafalaya River; 12259. provenance, landward transport, fluvial sediment, estuary, USA, North Carolina, Neuse River Estuary; 02971. remote sensing, Acoustic Doppler Current Profiler, current velocity, particle concentration, sedimentation, Austria, Danube River; 09250. resuspension concentration, particle size data, particle settling velocity, bottom erosion, sediment resuspension, lake, North America, Great Lakes, St. Clair Lake; 06665. resuspension, turbidity, tidal variation, China, Changjiang Estuary; 06741. ripple, boundary layer model, oscillatory flow, 08070. river basin, heavy metal, toxicity, bed sediment, India, Mahanadi River; 03027. river delta, sediment deposition, river dynamics, France, Camargue, Rhone River; 13483. river ice, ice breakup, flood, meander, erosion, Canada, Northwest Territories, Liard River; 07953. river mouth, estuary, salt wedge, sediment concentration, buoyant plume, Canada, British Columbia, Fraser River; 02885. salinity, flocculation, turbidity zone, contamination, pesticide, USA, California, San Francisco Bay; 05481. sand, bar formation, beach, wave, 10664. seasonality, manganese, distribution coefficient, coastal water, trace metal, Atlantic, English Channel; North Sea, Pentland Firth; North Sea, German Bight; 02935. sediment concentration, permafrost, snowmelt runoff, subarctic stream, sediment yield, USA, Alaska, Yukon-Tana Uplands, Glenn Creek; 04550. sediment inflow, snowmelt, sediment yield, seasonal variation, Baltic Sea; 00642. sediment load, composite particle, water elutriation, particle size analysis, UK, England, Devon, Exe River; 00656. sediment load, Hurricane Hugo, runoff generation, debris dam, Puerto Rico, Lago Loiza Basin; 05668. sediment load, wave cycle, boundary layer, entrainment, 14435. sediment origin, single particle analysis, estuary water quality, Germany, Elbe River; 12252. sediment plume, continental shelf, mud, Atlantic, Brazil Continental Shelf; Brazil, Amazon River; 08058. sediment transport, bed material, Van Rijn function, Engelund-Hansen equation, Ackers-White formula, China, Yellow River; 00655. sediment transport, flocculation, bacteria, Canada; 13163. sediment transport, infragravity wave, surf zone, wind, storm, Canada, Prince Edward Island, Stanhope Lane Beach; 11887. sediment transport, turbidity, Malawi, Lake Malawi; 02428. sediment yield, gully erosion, mine spoil, runoff, USA, Indiana; 14459. sediment, MSS, mapping, India, Andhra Pradesh, Krishna Bay; 02556. sedimentation process, potential erosion, sediment inflow, sediment yield, spatial distribution, Baltic Sea; 00641. settling velocity, floc, size measurement, measuring instrument, UK, England, Tamar Estuary; 10556. shelf, episodic outflow, sediment flux, Japan, Kii Channel; 09271. storm, bioturbation, STRESS experiment, roughness, seafloor, bedform, USA, California; 14431. sulphide deposit, mine drainage, estuary, heavy metal, bedload transport, Spain, Rio Tinto; Rio Odier; 05465. surf zone, breaker, wave, nearshore zone, USA, North Carolina, Duck; 10574. surface runoff, lead-210, beryllium-7, caesium-

137. erosion indicator, 04440. tide, current, seasonal variation, salt transport, India, Kerala, Cochin, Muvattupuzha River; 06657. time lag, wave, wind, ripple, current, vertical structure, 02884. transport, erosion, river bed, deformation prediction, two dimensional model, China; 08072. turbulence, finite element method, sediment transport, 01726. uranium, mixing zone, continental shelf, mangrove sediment, India, Ganges River; Brahmaputra River; 06718. urban runoff, bedload, rural stream, Finland, Turkey; 05479. water quality evaluation, metal concentration, river water quality, Canada, Ontario; Quebec; 13544. water quality management, river restoration, biota, river water quality, Germany, Elbe River; North Sea; 10973. water treatment, waste disposal, engineering practice, surface water quality, eutrophication, 12238. wave, surf zone, storm, beach erosion, UK, Wales, Gower, Llangennith; 10641. wetlands, tidal flow, turbulence, shear stress, particle size, UK, England, Norfolk; 05369. XRD analysis, clay, suction apparatus, 02858.
- suspended sediment concentration**
thermocline, nutrient supply, seasonal cycle, spatial variability, salinity, North Sea; 00053. yellow substance absorption, SeaWiFS data, coastal water, phytoplankton, pigment concentration, Mediterranean Sea, Gulf of Naples; 14051.
- suspended solid**
hexachlorobenzene, sampling, polluted sediment, Germany, Rhine River; 14446. phytoplankton, chlorophyll, seasonal change, eutrophication, salinity, Thailand, Thale Sap Songkhla; 13299. stormwater management, runoff water quality, detention pond, stormwater treatment, faecal coliform, 03282. water pollution, tide, water quality, Brazil, Rio de Janeiro, Guanabara Bay; 01241.
- suspended solids**
caesium-137, particle size, Finland; 01903.
- suspended transport**
wave conditions, sand transport, storm event, shoreface, resuspension, Canada, Prince Edward Island, Stanhope Lane; 06660.
- suspension**
acoustic backscatter sensor, wavelength analysis, Reynolds number, bed-form, sediment transport, 10552. bedload, sorting, sedimentation, reservoir, China, Gongzui Reservoir; 13287. buoyancy, particle concentration, gravity current, current dynamics, 01728. clay mineral, India, Assam, Brahmaputra River; 05417. entrainment, turbulence, bedform, sand wave, bedload, 05371. estuary, turbulence, UK, England, Somerset, Parrett Estuary; 05360. fluid mud, cohesive sediment, wave action, siltation, mud, 03015. glacier, diamicton, iceberg rafting, scouring, Greenland, Scoresby Sund; 07976. grain size distribution, settling, sediment transport, 11983. gravity flow, deposition, autosuspension, turbidite, turbidity current, 00411. particulate matter, oceanography, carbon, nutrient cycling, shelf sea, North Sea; 05435. porewater, sediment transport, mud erosion, cohesive sediment, 06659. salinity, seawater, electrokinetics, colloid, 03017. saltation bombardment, dust, wind, sand, 01589. sand, tidal current, turbulence, sediment concentration, UK, England, Devon, Taw Estuary; 07955. sea level, delta, discharge, estuary, Canada, British Columbia, Fraser River Delta; 11896. settling velocity, estuary, floc size, tidal cycle, flocculation, Netherlands, Wadden Sea; 02888. shelf, storm, sand transport, bed roughness, USA, North Carolina, Duck; 10575. turbidite, flow velocity, grain size, turbidity current, palaeohydrology, 13190. turbidity, centrifuge, kaolinite, particle size analysis, photosedimentation, 01573. turbulence, settling velocity, 04169.
- suspension feeding**
phytoplankton, biodeposition, bivalve, carbon, Antarctica, South Shetland Islands, King George Island, Marian Cove; 01619.
- sustainability**
agricultural production, productivity, nutrient cycling, garden, Indonesia, Java; 08995. anthropogenic impact, environmental change, karst terrain, vegetation, rocky desertification, 06523. monitoring, agricultural landscape, rural environment, pollution, 01295. risk assessment, environmental impact assessment, life cycle analysis, disaster management, environmental management, 07664. water management, economic analysis, water pricing, rural water supply, Philippines; 03396.
- sustainable agriculture**
cadmium, soil pollution, Denmark; 12164. nitrogen, leaching, groundwater contamination, agricultural practice, 07143. simulation modelling, soil behaviour, 12026. soil erosion control, soil management, tropical soil, soil water conservation, soil fertility, Africa; Asia; Australia; South America; Central America; 12032. soil sustainability, environmental problem, USA; 10711. World soil resource, soil erosion, conservation, land degradation, Africa, (West); Ethiopia; China; India; Australia; Poland; 05152.
- sustainable development**
climate change, 01027. ecosystem management, river management, water resource management, Australia; 04566. environmental impact assessment, nutrient, fertiliser application, 12898. groundwater, Quaternary geology, global environmental change, 11587. integrated coastal management, coastal zone, 06376. international programme, global change, 12934. philosophy, climate change, 14104. physical geography, landscape ecology, global change, 01342. time delayed response, ecotoxicological risk, chemical time bomb, chemicals policy, risk assessment, Netherlands; 11589. urban water management, water supply, water resource management, Nigeria; 08447. water resource management, groundwater protection, groundwater management, groundwater contamination, Australia; 11104. world hydrological cycle, observing system, 03896. world weather watch, WMO long term plan, climate change, 00086.
- sustainable forest management**
timber supply, tropics, forest mapping, airborne radar, 14031.
- sustainable production system**
economic framework, agricultural policy, 03864.
- sustainable range management**
soil erosion, rehabilitation, monitoring, geomorphological process, Kenya, Marsabit District; 01385.
- sustainable society**
environmental degradation, information, global network, computer, 09015.
- Suwannee Limestone**
Hawthorn Group, aquifer, dolomite, USA, Florida; 13213.
- Svartenbuk marine event**
Quaternary, stratigraphy, geochronology, continental shelf, Lakesburg marine event, Greenland, West Greenland; 14238.
- Sverdrup**
COADS, wind driven circulation, Atlantic; 08556.
- Sverdrup's formula**
evaporation, coastal zone, aerodynamic method, Mediterranean Sea; Egypt; 13465.
- swallet capacity**
sinkhole, flooding, karst hydrogeology, groundwater basin, USA, Kentucky, Sinking Creek, Garretts Spring; 12294.
- swallet cave**
cave wall, corrosion rate, Slovenia, Odolina, Ponikva Cave; 13018.
- swamp**
alluvial fan, vegetation, lake, meander, channel, Botswana, Okavango Swamps; 06737. inland delta, alluvial fan, distributary, delta, wetlands, Africa; 08045. stratigraphic record, Holocene, vegetation, sea level change, lake stratigraphy, Cook Islands, Mangaia; 10522. vegetation, groundwater chemistry, wetlands, ecological zonation, Poland, Biebrza valley; 00666. vegetation, subsurface precipitation, carbonate, aggradational process, fan, Botswana, Okavango Delta; 01360.
- swamp forest**
water level, soil organic matter, decomposition, carbon remineralization, USA; 05087.
- swamp forest soil**
soil oxygen content, water table depth, redox potential, soil morphology, hydric soil, flooded soil, USA, South Carolina, Savannah River; 01824.
- swamp island**
groundwater chemistry, soil water chemistry, vegetation effect, island hydrology, Botswana, Okavango Delta; 14625.
- swamp reclamation**
salt water intrusion, coastal erosion, fishery, sea level rise, Thailand, Songkhla Lake Basin; 11669.
- SWANY**
crop yield, irrigation, groundwater control, leaching potential, land quality, Netherlands; 12114.
- swash**
beach, engineering, runup, wave, setup, 00441. turbulence, sediment transport, beach process, tracer, USA, New York, Fire Island; 13271.
- swash zone**
solar heating, temperature, sand beach, thermal gradient, Turkey, Patara Beach; Mediterranean; 02880.
- swath bathymetry**
GLORIA, bathymetry, 05009. hotspot, volcanic ridge, GLORIA, sidescan sonar, Atlantic, (North); Iceland, Reykjanes Ridge; 09054. interferometric isophase, deep towed bathymetry, 02544.
- swath capability**
SAR, imaging radar sensor, 11363.
- swath sonar**
bathymetric map, GPS, multibeam sonar, surveying, seafloor topography, 01116.
- sweep line algorithm**
least median of squares regression, load balancing, parallel algorithms, regression, 02643.
- swell direction**
ocean surface, wind, stress vector, wave, 07256.
- swell**
wave direction, sea, wind stress vector, 03500.
- swelling**
electrolyte, porewater, kaolin, compaction, 05353. physical ripening index, marine clay, clay soil, 05549. shrinkage, Chromudert, hapludalf, slickenside, soil movement, USA, Mississippi, Blackland Prairie; 14512. soil shrinkage, rubber solution, soil structure, 05509.
- swelling characteristics**
field swelling test, expansive clay, arid climate, calcareous clay, Saudi Arabia, Eastern Province; 09127.
- swelling clay**
frozen expansive clay, sodium chloride, porewater, cyclic freezing, highway, Poland, Bydgoszcz; 04125.
- swelling pressure**
clay shale, partial saturation, soil-structure interaction, USA, Texas, San Antonio; 09118.
- swelling soil**
bed coefficient, rigid airport pavement, 11733. soil fabric, clay mineral, organic matter, sodic soil, 10789. soil water flow, 06827. Solonetz, soil reclamation, Russian Federation, Central Chernozem Region; 05587.
- swine manure**
runoff water quality, runoff concentration, rainfall intensity, manure, slurry application rate, 02000.
- SWIR**
TM, shortwave IR, geoenvironment, detection, monitoring, India; 10198.
- swirl**
concentrator, turbidity, colour, taste, water quality management, potable water quality, 05849.
- swirling jet**
tornado, Navier-Stokes equation, jump transition, hysteresis, 07284.
- switched beam**
acoustic radar, phased array, digital electronics, 12670.
- symbol design**
saturation, category area, colour, GIS, 10110.
- symbolic projection**
spatial reasoning, image algebra, 03683.
- symbolisation**
isolines, statistical surface, visualisation, 15110.
- symbolology**
highway map, route planning, USA; 12714. spatial data, data quality, 15096.
- symmetric stability**
Fjortoft's stability theorem, Liapunov method, 00822.
- symmetry**
global mean, atmospheric circulation, 14904.

- symposium**
glacial deformation, deposit formation, glacial deposit, INQUA, Ireland; 11827. ice sheet activity, subglacial process, subglacial landform, sediment/landform association, 14262. snow, avalanche process, measurement technique, societal effect, 07732.
- symposium proceedings**
atmospheric pollution, pollutant transport, long range transport, background monitoring, vegetation, Russian Federation, Kola Peninsula; 10306. land use, atmospheric methane, global environmental change, 10280.
- synergism**
surface water quality, detergent, heavy metal, pesticide, hydrocarbon, toxicity, 13516.
- synglacial sea level**
glaciomarine delta, isostasy, deglaciation, postglacial uplift, USA, New England; 01532.
- synoptic analysis**
depression, Atlantic, (North); 04618.
- synoptic behaviour**
baroclinic eddy, blocking onset, storm track, 02181.
- synoptic circulation**
ice zone, mesocyclone, Antarctica; 04613.
- synoptic climatology**
air quality, particulate, visibility, principal components analysis, power plant, USA, Arizona, Grand Canyon National Park; 07410. canonical correlation analysis, cyclone track, winter climate, USA; 02168. climate change, hydrology, model, weather pattern, river water, UK, England, East Midlands; 00108. Lamb classification, circulation type, precipitation, UK; 03421. Southern Hemisphere, anticyclonicity, cyclonicity, monthly means, 09819. streamwater chemistry, acidity, sulphate, atmospheric deposition, USA, Pennsylvania; 08378. tornado, USA, (Northeast); 03446.
- synoptic conditions**
mesoscale model, sea breeze, topography, Greece, Attikis; 11216.
- synoptic/dynamic meteorology**
middle latitudes, weather system, textbook, 00915.
- synoptic eddy activity**
storm track, general circulation model, baroclinic wave packet, low frequency variability, 00947.
- synoptic geography**
classification, land use, carrying capacity, environmental research, Europe, (Central); 14132.
- synoptic index**
circulation, rainfall, monsoon, India; 07307.
- synoptic interaction**
global climate system, ENSO, atmosphere/ocean circulation, Antarctica; 02173.
- synoptic meteorology**
Soviet/American desert dust experiment, dust storm, Tadzhikistan; 07384.
- synoptic pattern**
snowpack pattern, trend, USA, Colorado, Rocky Mountains; Idaho, Rocky Mountains; USA, Montana, Rocky Mountains; USA, Utah, Rocky Mountains; USA, Wyoming, Rocky Mountains; 01017.
- synoptic regime**
Meteosat, precipitation, UK; 01175.
- synoptic scale**
cyclone, asymptotic equilibration, nonlinear evolution, wave-mean flow interaction, baroclinic wave, 11175. Mei-Yu front, rainy season, surface front, Taiwan; China; 00848. radiation balance, temperature fluctuation, 03447. vertical velocity, radar, flat terrain, 12415.
- synoptic scale activity**
climatology, cyclone track, storm track, 12444.
- synoptic scale conditions**
baroclinic wave, severe storm, low level jet, jet, USA, Great Plains; 00844.
- synoptic scale flow**
valley, USA, Tennessee, Tennessee Valley; 05970.
- synoptic scale wave**
wave period (6-9 day), tropics, troposphere, Rossby gravity wave, 00862.
- synoptic situation**
katabatic flow, gale, general circulation model, wind, Antarctica, Casey; 00965.
- synoptic/statistical method**
cereal crop, productivity, forecast, 09960. snowfall, cloud water content, prediction, 11256.
- synoptic system**
operational diagnosis method, forecast, semi operational method, 05902.
- synoptic wave**
heating perturbation, radiatively driven interaction, stratocumulus, 11204.
- syntectonic sedimentation**
strike/slip fault, Pliocene, alluvial fan, Pleistocene, Poland, Sudetes Mountains; 12982.
- synthetic adsorbent**
herbicide, water quality management, wastewater treatment, 13633.
- synthetic data**
surface/atmosphere reflectance model, model description, inversion, 09799.
- synthetic data analysis**
simulation model, surface water chemistry, catchment hydrochemistry, acidic deposition, soil water chemistry, 12243.
- synthetic hydrologic series**
hydrological time series, periodic autoregression equation, moving average process, data generation, 01908.
- synthetic radiance spectra**
nonlocal thermodynamic equilibrium, Voigt line shape, 03726.
- synthetic stereo**
three dimensional data, stereo display, geographical data, parallactic displacement, 11429.
- synthetic unit hydrograph**
runoff curve number method, rainfall/runoff model, GIS, hydrological simulation, Canada, Alberta; 01922.
- synthetic weather record**
ecological impact, weather statistics, boreal conditions, climate change, weather statistics, 08619.
- syringe method**
pipette method, soil suspension, particle size analysis, 01780.
- system calibration**
pigment concentration, CZCS, 13918.
- system design**
optimisation model, computer model, irrigation system, agricultural water management, 11083.
- system dynamics**
soil stability, state factor model, 05495.
- system entity structure**
water quality, simulation model, aquatic system, 09640.
- system entropy**
optimum band subset, multispectral data, mutual information analysis, 01122.
- system planning**
GIS, data, information, 15094.
- systematic error**
land surface response, ECMWF model, surface data, 07224. random error, extended range forecast, forecasting experiment, 01008. US Navy, sensitivity study, general circulation model, 07315.
- systems control theory**
river water quality, water quality management, organic pollutant, inorganic pollutant, 12283.
- systems integration**
architecture, integration, GIS, 10105.
- tablet**
map source (300 BC), topographic map, Sumeria, Girsu; 04909.
- tabulated data**
boundary adjustment, surveying, Germany, Berlin, Wilmersdorf; 05035.
- tacheometry**
CAD, inland water, 08921.
- tactical terrain data**
standard, accuracy, GPS, DEM, elevation dataset, USA; 10076.
- tactile map**
blind person, map, Slovenia; 10131.
- tactile mapping**
cartographic symbol, 11466.
- TAG**
hydrothermal mound, mud, rift valley, plume, REE, Atlantic, Mid-Atlantic Ridge; 00336. sulphide, isotope, hydrothermal input, manganese, Atlantic, Mid-Atlantic Ridge; 00430.
- tagasaste**
evapotranspiration, soil water depletion, salinity control, agroforestry, eucalypt tree, Australia, West Australia; 12365.
- Tahawus clay**
stratigraphic evidence, interglacial period, pre-Wisconsinan, pollen zone, Sangamon, USA, New York, Adirondack Mountain; 04075.
- taiga**
Podzolic soil, organic matter, 08135. tundra, refreezing, seasonal thaw, zoning, thawed layer, Russian Federation, Siberia, Yakutia; 10527.
- taiga snow**
tundra snow, depth hoar, microwave emissivity, 03836.
- taiga zone**
tundra, carbon dioxide emission, soil, snow cover, Russian Federation, Siberia; 07363.
- tail probability estimator**
flood frequency analysis, probability of exceedance, 12213.
- Talas-Fergana fault**
Quaternary, Holocene motion, neotectonic uplift, slip rate, right lateral fault, Asia, (Central); China; Kirghizstan; 01400.
- tailik**
Quaternary, permafrost, hydrostatic pressure, sedimentary structure, tunnel fill sediment, Iceland, Myvatn; 11904.
- Tallahatta Formation**
hydrofluoric acid, sandstone, silica, cement, USA, Mississippi, Meridian; 06696.
- tallgrass canopy**
NDVI, leaf angle, 03789.
- tallgrass prairie**
biosphere/atmosphere exchange, carbon dioxide, exchange flux, satellite spectral data, 11282.
- talus**
alluvial cone, morphogenetic environment, Quaternary, debris movement, solifluction, Japan, Honshu, Kitakami Mountains; 06585. deposit age, debris supply, weathering rind thickness, periglacial slope, Japan, Honshu, Japanese Alps, Mt. Yakushidake; 02724.
- talus cone**
painted stone, rockwall, debris movement, Venezuela, Andes; 06515.
- talus foot**
debris accumulation, protalus rampart, rock glacier, permafrost, Ireland, Donegal, Aghla Mountains; 06616.
- talus slope**
runout, fahrboschung, landslide, rockfall hazard, Canada, British Columbia, Hedley; Barnhartvale; Canada, British Columbia, Sunnybrae; 06437.
- Tamala limestone**
karst, aeolianite, cave deposit, speleothem, coastal sand, Australia, Western Australia, Swan River; 00214. pocket beach, coastal platform, lateral variation, Silurian, Chinaman's Rock Member, Australia, Western Australia, Kalbarri; 05165.
- tamarack**
white spruce, coastal conifer, land emergence, postglacial uplift, emergence curve, Canada, Quebec, Hudson Bay; 00250.
- Tambra Formation**
reef, platform, sea level, Cretaceous, black shale, Mexico, Queretaro, El Lobo; 03000.
- tanawan formation**
Pleistocene, pollen stratigraphy, ESR dating, pollen analysis, Taiwan; 00211.
- tandem mass spectrometer**
trace gas, ion spectrum, airborne spectrometer, 00825.

- tangent linear model**
accuracy, 08591. barotropic model, error covariance, dynamics, forecast, 08574. linearisation, moist diabatic process, adjoint model, 08592.
- tank experiment**
global warming, phytoplankton bloom, modelling, dimethylsulphide production, algal bloom, 08997.
- tannery**
toxicity, wastewater, surface water contamination, Algeria, Rouiba; 10961.
- Tapes transgression**
diatom analysis, stratigraphy, raised coastal basin, postglacial, sea level change, Norway, Troms, Vanna; Lyngen; 09214.
- taphocoenoses**
Pleistocene evolution, foraminifera, Barrier Reef, shelf edge, shallow water foraminifera, Coral Sea, Great Barrier Reef; 10452.
- taphonomy**
Dainichi Formation, Kakegawa Group, Pliocene, tempestite, shell orientation, Japan, Honshu; 06676. peat, coal, Ferron Sandstone Member, Mancos Shale, Cretaceous, volcanic ash, USA, Utah, Emery Coal Field; 14406. reworking, fossil, crinoid, palaeoenvironment, carbonate bank, Bahamas, Little Bahama Bank; 08065.
- tar ball survey**
coast, beach pollution, British Virgin Islands, Tortola; Dominica; British Virgin Islands, St. Lucia; Lesser Antilles, Grenada; Lesser Antilles, St. Kitts; Lesser Antilles, Montserrat; 03873.
- tar pollution**
self cleansing, oil spill, morphodynamic model, sandy beach, Nigeria; 05075.
- Tardiglacial**
Preboreal, Subboreal, palynology, alluvial plain, Holocene, France, Ardennes, Meuse River; 10508. warming, continentality, equilibrium line, glacier, Switzerland, Alps; 06627.
- target**
FLIR data, static tactical target, 06143.
- target tracking**
recognition, optical target, 06185. visual ambiguity, optical, 06159.
- target transformation**
biomonitoring, Monte Carlo, source profile, factor analysis, 07402. Monte Carlo method, factor analysis, 05111.
- Tasmanites**
algae, carbon isotope, biomarker, Permian, Australia, Tasmania; 02944.
- tasseled cap**
transformation, edge enhancement, land use, classification, accuracy, TM, USA, Kansas, Lawrence; 06340.
- teaste**
water quality management, potable water quality, swirl, concentrator, turbidity, colour, 05849.
- Taung hominid**
stratigraphic analysis, radioisotopic dating, sedimentology, South Africa, Cape Province, Taung; 06548.
- Taupo volcanic zone**
backarc spreading, geomorphological development, axial range, ignimbrite volcanism, New Zealand, North Island; 10406.
- tax collection**
parcel map, mapping program, USA, North Carolina, Lincoln County; 11572.
- tax data**
GIS, cadastre, rural land tax, land use map, Indonesia, Kali Konto; 08952.
- taxonomy**
biostratigraphy, stratigraphical significance, deer species, Cromer Forest Bed Formation, Pastonian conglomerate, UK, England, Norfolk, West Runton; Suffolk; 02732. data model, spatial data, GIS, 02422. variation, Larix, larch cone, palaeobotany, Japan; 14261.
- Taylor-Galerkin method**
shallow water equation, sphere, finite element method, 02220.
- Taylor's equation**
wind shear, empirical formula, surface source, diffusion, 11156.
- TCDD/F**
suspended sediment, hydrophobicity, mass transfer, surface water quality, 14653.
- tea plantation**
tree, microclimate, intercropping models, 14873.
- teaching**
map, communication, geography, 10130. topography, geography, Italy; 04911.
- teaching GIS**
address matching, educational software, data structure, topological data, TIGER data, 11436.
- technetium-95m**
rainfall simulation, radionuclide migration, irrigation intensity, bromine-82, 08216.
- technetium-99**
Chernobyl nuclear accident, residence time, activity ratio, rainwater, caesium-137, Spain; 01299.
- technical cooperation programme**
meteorological service, WMO, hydrological service, long term plan, 01332.
- technical planning support**
GIS, urban planning, regional planning, Sweden; 11568.
- technological change**
aerial photography, photogrammetry, public cartography, cartographic layout, USA; 10125.
- technological issues**
humid tropics, sanitation, urban area, water management, water supply, 08470.
- technology**
education, space science, 02368. JGOFS, global ocean ecosystem dynamics programme, global study, IGBP, 05065. ocean satellite, European office, marine science, 03930.
- technology transfer**
aerospace survey, appropriate technology, Africa; 10041. GIS, 12701. GIS, training, 15084. hazard, GIS, education, training, Bangladesh; 15221. remote sensing, 12660. remote sensing, management, change, 12858. satellite remote sensing, developing country, 01067. training, airborne, geophysics, developing country, 04828.
- TECHWARE**
collaborative network, knowledge transfer, water, hydrology, Europe; 06947.
- Tectona grandis**
soil spatial variability, pH, organic matter, India, West Bengal; 12146.
- tectonic activity**
clay mineral, core analysis, Cainozoic, sedimentation, climate, Indian Ocean, Central Indian Basin; 02998. geological hazard, GIS, Africa; 03735. K/Ar dating, antecedence, superimposition, Miocene/Pliocene, palaeodrainage, France, Massif Central; 06471. maximum potential earthquake, recurrence interval, recent tectonics, Sampacho Fault, Argentina, Cordoba Province, Sampacho; 02698. Pleistocene, glaciolacustrine sedimentation, proglacial lake, varved clay, subsidence rate, Poland, Kleszczow Graben; 05311. sea level, Last Interglacial, interglacial, Holocene, Strombus bubonius, Mediterranean; 00205.
- tectonic block**
lineament orientation, Charlevoix astrobleme, airborne SAR, Canada, Quebec, Saguenay; 03768.
- tectonic compression**
orogenesis, denudation, tectonics, mountain front, collisional range, 07783.
- tectonic control**
fluvial deposition, uplift, river displacement, sediment deformation, Pakistan, Himalayas, Potwar Plateau, Salt Range; 12974. joint orientation, structural analysis, erosion, river gorge, USA, Niagara Gorge; Switzerland, Bernese Oberland, Aare Gorge; Greece, Crete, Samaria Gorge; Switzerland, Jura, Moutier-Klus; 14170. rift basin morphology, hanging wall, radiometric date, volcanicity, Malawi; 06486.
- tectonic deformation**
San Andreas Fault, strike/slip motion, GPS, historical data, triangulation site, USA, California, Southern Coast Ranges; 00142.
- tectonic disturbance**
compressional stress, landform development, drainage evolution, India, Narmada Valley; 07777. fluvialacustrine sediment, landscape, chronology, Czech Republic, Prague, Berounka River; 14145.
- tectonic effect**
denudational cycle, sea level change, delta, lobate form, Turkey, Yesilirmak Delta; 10369. emergent reef, notch, geophysical prediction, sea level change, Pacific, Mariana Islands, Guam; Rota; 04118.
- tectonic evolution**
alluvial deposit, morphogenesis, Quaternary, France, Southern Alps, Digne; Valensole; 00144. geothermal energy, volcanic belt, ring fault, caldera, Turkey, Meydan Caldera; Zilan Caldera; 10388. lithological mapping, deformation, China, Tarim Basin, Kalpin Uplift; 03770. Miocene, subduction, carbonate, Neogene, Pakhna Formation, Cyprus; 01721. model, crustal extension, Cainozoic (late), USA, California; 05191. neotectonics, plate motion, earthquake, tsunami, volcanism, alpine orogenesis, Greece; 14175.
- tectonic forcing**
Cainozoic (late), anthropogenic carbon dioxide, climate dynamics, ice age cyclicity, global ice mass, 00167. strontium, climate forcing, geochemical response, ocean, 02636.
- tectonic geomorphology**
delta, erosion, sedimentation, Pliocene, Pleistocene, Recent, Greece, Gulf of Corinth; 12946. sedimentary structure, palaeocurrent, peneplanation, India, Shillong Plateau; 12984.
- tectonic history**
earthquake, coral reef, uplift, coseismic event, Quaternary, Papua New Guinea, Huon Peninsula; 10405. geomorphology, denudation, tropics, Budel's model, climate history, etchplanation, 01344. Woodlark triple junction, triple junction, ridge subduction, Quaternary, Pacific, Solomon Islands; 09077.
- tectonic inference**
transform fault, strike/slip faulting, transcurrent fault, seismic swarm, Jordan, Gulf of Aqaba; Egypt, Red Sea, Gulf of Aqaba; 06489.
- tectonic influence**
lake, savanna, landscape evolution, river valley, Mexico, Quintana Roo, Bacalar; Chetumal; 14163.
- tectonic investigation**
earthquake hazard, nuclear power plant, seismic risk, Hungary, Paks Area; 05136.
- tectonic lineament**
geophysical data, lineament, Norway, Finnmark; Barents Sea; Russian Federation, Kola Peninsula; 02472.
- tectonic map**
fault zone, geological map, lineament, Greece, Kalamata; 03771.
- tectonic motion**
plate convergence, GPS observation, Japan, Sagami Bay; 07542.
- tectonic movement**
glacial unloading, neotectonics, eustacy, sea level rise, tide gauge, 07782. monsoon climate, plate tectonics, climate history, India; 04052. Vakhsh nappe, gully erosion, mass movement, Quaternary (late), China, Tian-Shan; Pamirs; 06487.
- tectonic pattern**
fault, erosional landform, layered deposit, morphology, Mars, Valles Marineris, Melas Chasma; 01413.
- tectonic plate**
trench, convergence, accretion, erosion, continental margin, Pacific, Central American Trench; Peru-Chile Trench; Guatemala; 09072.
- tectonic rotation**
uplift, clockwise rotation, Pleistocene, palaeomagnetic evidence, Italy, Calabria; Sicily; 09073.
- tectonic setting**
continental shelf, Dickinson triangle, orogen, provenance, psammite, Atlantic, Argentine Continental Shelf, Gofu San Matias; 02992. lake, fault, sedimentation, rift valley, Tanzania, Lake Malawi; Malawi, Lake Malawi; Africa, East African Rift, Lake Malawi; 01603. Leron Formation, climate, molasse, alluvial fan, Umi Fan Formation, Papua New Guinea, Markham Valley; 01686. sandstone, siliciclastic sediment, Cretaceous, Tertiary, provenance, Argentina, Austral Basin; 01670. sinkhole, structural analysis, soil gas, Italy; 05256. source rock, sandstone, sampling scale, USA; 05349.

tectonic stability

shore platform, Last Interglacial, sea level, New Zealand, South Island, Banks Peninsula; 09223.

tectonic stress field

fault slip data, probabilistic model, earthquake, focal mechanism, inversion method, 01388.

tectonic structure

physiographic feature, echo sounding, geomorphology, continental slope, India; 01397. seismic survey, gravity slide, turbidity current, diapir, sedimentary mechanism, France, Mediterranean Coast; 00181.

tectonic subsidence

biostratigraphic correlation, subsidence history, China, Zhujiang River; 06582. submerged marine terrace, geomorphology, continental shelf, sea level, bathymetric data, Italy, Sorrento Peninsula; 05324.

tectonic theory

crystalline plateau, planation surface, denudation history, Brazil; 02684.

tectonic tilting

GPS survey, Pluvial Lake Minchin, lake load, lake shoreline, hydroisostatic deflection, Bolivia, Andes; 10396.

tectonic uplift

block faulting, mass movement, coastal erosion, geomorphology, Italy, Calabria; 05181. halokinetic rotational slumping, Canyon incision, Nile sediment, continental slope process, Pliocene/Quaternary, Mediterranean Sea, Israel Continental Slope; Lebanon Continental Slope; 00183. Holocene, sea level change, radiocarbon age, Canada, British Columbia, Vancouver Island; 04112. Pleistocene evolution, reef terrace, coastal plain, gravel fan, Egypt, Red Sea, Hurghada; Marsa Alam; 07914. Quaternary, climate variability, eustasy, sea level, Egypt, Red Sea Coast; 14293.

tectonic uplift rate

sea level history, marine terrace, aminostratigraphy, oxygen isotope stratigraphy, Quaternary (late), USA, California, Los Angeles County, San Pedro; Palos Verdes Hills; 00253.

tectonic upwarping

coastal plain, river morphology, elevation data, river pattern, longitudinal profile, USA, South Carolina; 01393.

tectonics

active faulting, earthquake, right lateral shear, USA, Oregon; 05190. aerial photography, stereoscopic vision, France, Aude, Mouthoumet Massif; 12781. backarc basin, biozonation, planktonic foraminifera, island arc, Ryukyu Limestone, Pleistocene, Pacific, Ryukyu Island Arc; Okinawa Trough; 14169. clay mineral, sedimentation, Pliocene, Ariano Unit, Italy, Apennines, Potenza; 04224. cliff erosion, sea level, beach process, coastal erosion, earthquake, USA, Oregon; 02679. climate, diagenetic process, sediment supply, microbial activity, basin, 01584. closed depression, dune, valley network, geomorphological mapping, morphogenesis, Slovakia, Trnavska tabuľa Table; 05182. compressive, extension, SPOT image analysis, Turkey, Lesser Caucasus; Armenia, Lesser Caucasus; Georgia, Lesser Caucasus; 05202. Cretaceous, climate, Quaternary, basin, China, Jiangsu; 01682. denudation surface, peneplain, planation surface, Precambrian, Sweden; 09063. denudation, hypsometric curve, mountain building, Japan; 07737. eroded anticline, structural analysis, Morocco, Anti Atlas, Bou Azzer; 14008. extension, deformation volcanism, coronae, extraterrestrial geology, Venus, Lada Terra; 12986. fold, shear zones, fold, shear zone, Delhi Supergroup, India, Rajasthan, Ajmer District, Beawar; 10178. foreland basin, arc volcanism, Permian, Denison Trough, provenance, Australia, Queensland; 10585. geological history, geomorphological map, physical geography research, Czech Republic, Bohemian Massif, Kokořinsko National Monument; 06472. geomorphological model, hillslope, diffusion model, river profile, passive continental margin, USA, Basin and Range Province; 02697. glacial history, postglacial rebound, Holocene, deglaciation, sea level history, Canada, Northwest Territories, Lowther Island; Griffith Island; 07908. glaciotectionics, diapir, shear zone, drape fold, Quaternary, Poland, Kleszczow Graben, Belchatow; 04100. GPS, survey, geodesy, Nepal; 10174. granulite terrane, LANDSAT, regional geology, India, Andhra Pradesh, Eastern Ghats; 08863. hydrothermal effect weathering, specific capacity, transmissivity, fractured aquifer, stratiform aquifer, pumping test analysis, Djibouti; 14718. karstification, Oligocene limestone, climate control, lithology, France, Gironde; 04047. lake basin, karstification, denudation surface, alluvial fan, pediment, Turkey, Iğın Lake; 10392. mesoscale, structural observation, TM, India, Godavari, Ghats; 12758. morphostructural model, crater chain, graben pattern, updoming, erosion, Mars, Valles Marineris; 01412. mountain front, collisional range, tectonic compression, orogenesis, denudation, 07783. Neotectonics, fault, Pliocene/Pleistocene, extension, Albania, Korca-Pogradeci Area; 05199. palaeoenvironment, plant macrofossil, Pliocene, Pleistocene, vegetation, Japan; 14260. plate boundary, Sagara Group, Kakegawa Group, sea level change, Cretaceous, Japan, Honshu, Kakegawa; 11969. Pleistocene/Holocene boundary, continental deposit, archaeological data, karst, sea level change, Italy, Trieste; 02825. Quaternary, laterite, landform development, environmental change, Thailand, Chi River Basin; 06474. relief development, granite landscape, mineralogical control, Poland, Sudetes Mountains, Jelenia Gora Basin; 11650. seismicity, earthquake, seismic gap, neotectonics, focal mechanism, USA, California; White Mountains, Nevada, White Mountains; 05192. seismological, earthquake, hazard zone, alignment, Cuba; 02477. seismotectonic map, Cuba; 02478. stratification, geomorphology, coast, field guide, Spain, Basque Country, Lastur Valley; 12965. stratigraphy, sea level, coral reef, radiochemical dating, Red Sea; 04115. tectonically stable, soil texture, quartz grain, statistics, soil sample, Brazil; Venezuela; Costa Rica; 00136. terrace riser, fault scarp degradation, Hotan-Qira Fault System, slope decline, slip rate, China, Xinjiang, Kunlun Mountains; 06490. terrace, wave cut notch, Quaternary (late), coastal instability, sea level change, India, Saurashtra; 00270. volcanism, alluvial basin, palaeoclimate, Quaternary geology, geomorphology, South America, Andes; Falkland Islands; 07774. volcanism, plate motion, geochemistry, Skonun Formation, Cretaceous, Canada, British Columbia, Queen Charlotte Islands; 02694.

tectonism

alluvial fan, Pyonghae sequence, Cretaceous, channel migration, Korea(South), Kyongsang Basin, Pyonghae Area; 06733. Cambrian, Proterozoic, Chilhowee Group, Harpers Formation, sandstone, USA, Pennsylvania; 02985. channel, turbidite, submarine fan, plate boundary,

echosounder, Indian Ocean, Bengal Fan; 02994. fault, chalk, Cretaceous, UK, England, Dorset; 10582. Mesaverde Group, Sevier Orogen, fluvial sedimentation, Cretaceous, USA, Utah, Book Cliffs; 04253. palaeomagnetism, rotation, Pleistocene, weathering, Italy, Apennines, Basilicata, Matera; 05198. Quaternary, diatom, Kawakawa Tephra, palaeoenvironmental study, New Zealand, North Island, Wellington, Wainuiomata; 09190.

Teesside Group

halite, potash, brine, playa, Permian, UK, England, Boulby; China, Qaidam Basin; 06694.

teeth

Palaeolithic (late), radiocarbon dating, chronology, osseous material, bone, Europe, East European Plain; 10437.

Tekonsha Moraine

Lake Michigan Lobe, till, Saginaw Lobe, ice stagnation, ice topography, USA, Michigan; 04092.

tektite

nodule, crust, ferromanganese, Indian Ocean, Central Indian Basin; 11978.

telescoping

image decompression, 02401.

telecommunication

engineering geodesy, geodetic, Spain, Catalonia, Barcelona; 04849.

telecommunications

cellular telephone, positioning, field measurement, France, Paris; 02571.

teleconnection

blocking, storm track, linear theory, monsoon disturbance, intraseasonal oscillation, 00941. circulation regime, intraseasonal variability, climate model, 14910. citrus freeze, anticyclone, cold wave, USA; 00846. cluster analysis, geopotential height, longwave position, 03445. monsoon, China; 09816. Northern Hemisphere, winter, multiple flow regime, probability density function, 11181. PNA pattern, eddy kinetic energy, barotropic conversion, vorticity forcing, North America; Pacific; 00929. precipitation event, rainfall variability, Pacific/North American pattern, USA, (South-east); 13778. rainfall, Southern Oscillation, interannual variability, rainy season, Ethiopia; Indian Ocean; Somalia; 02305. sea surface temperature, ridging (500 hPa), dry spell, Canada; Pacific; 12440.

telemetering

hydrological network, water resource management, data transmission, 13448.

telemetry

echosounder, acoustic, Atlantic, Gulf Stream; 15057. satellite, tracking, mammal, 15199.

telemetry bandwidth

compression, plasma wave, 02399.

telemetry modem

underwater communication, acoustic telemetry, 07439.

telescope site selection

sky brightness temperature, atmospheric opacity, atmospheric radiometer, South Pole; Antarctica; 13995.

television

sporting event, GPS, United Arab Emirates, Abu Dhabi; Persian Gulf; 02573.

television camera

pixel coordinate, photogrammetry, image metrology, digital image, 01092.

telodiagenesis

Devonian, porosity, weathering, diagenesis, Venango Group, USA, Pennsylvania, Venango County; 00313.

temperate carbonate

shelf sediment, calcite, aragonite, water temperature, polar carbonate, Australia, Tasmania; 10657.

temperate climate

leaf bud, endodormancy, peach tree, temperature model, tropical climate, 08530. mass movement, throughflow, gully initiation, Quaternary, volcanic environment, Mexico, Talpujahuva River Basin; 03957.

temperate forest

carbon budget, fossil fuel, forest regrowth, biomass, 03900. hurricane blowdown, flux, greenhouse gas, soil, atmosphere, 03883.

temperate forested soil

global methane budget, methane fractionation, fractionation, oxidation, USA, New Hampshire, College Woods; 10330.

temperate glacier

bed topography, ice thickness, radio echo sounding, helicopter survey, ice radar, Norway, Svartisen; 02835. climate influence, mass balance change, glacier terminus, advance/retreat, USA, Washington; Oregon; 06625. subglacial precipitation, regelation, Weertman regelation, refreezing, isotopic evolution, basal ice layer, 06620.

temperate lake

iron budget, mass balance, lake water chemistry, Canada, Precambrian Shield; Ontario, Sudbury; 13552.

temperate region

tidal current, tropical region, carbonate, continental shelf, seagrass, siliclastic sediment, Australia, Australian Shelf; 13274.

temperate soil

radiocarbon measurement, soil carbon reservoir, tropical soil, carbon cycle model, carbon dynamics, USA, California, Sierra Nevada; Brazil, Amazon Basin; 00044.

temperate valley glacier

clast, glacier flow, fluted moraine, till, Norway, Jotunheimen, Slettmarkbreen; 11900.

temperate zone

grain size, accretion, channel network, marsh, tidal range, salt marsh, UK; 06773.

temperature (1901-1980)

Empirical Orthogonal Function, interannual variability, Europe; 09959.

temperature (1901-1990)

climate change, Iceland; 03537.

temperature (1992)

global, 07327.

temperature

absorption, equilibrium constant, nitrogen dioxide absorption, 04936. aerosol, outgoing radiation, ensemble model, 07197. agroclimatic zone,

- agricultural production, China; 03430. anthropogenic impact, palaeotemperature, volcano, pollen data, glacial stratigraphy, Mexico, La Malinche Volcano; 07848. atmosphere, radiative transfer, emissivity, 10139. AVHRR, land surface, 12778. bias, general circulation model, greenhouse warming, observing network, global mean, 12546. borehole temperature, climate change, ground temperature, Canada, Alberta, Alberta Basin; 09949. brightness temperature, firn, radiative transfer, Antarctica; 02452. burial, fluid inclusion, cementation, quartz, oil field, North Sea; 13226. calcite, tufa, pH, Czech Republic, Vltava River, Kralupy; 04196. cementation, continental shelf, fluid inclusion, Jurassic, dissolution, sandstone, Norway, Norwegian Continental Shelf; 13221. circulation change, surface pressure, zonal index, 08628. climate change, homogeneity, time series, rainfall, 08629. climate change, marine environment, sea level change, Caribbean Sea; 06550. climate change, underground record, borehole temperature, 07322. cloud liquid water, water vapour, mesoscale variability, radiometric observation, microwave, Pacific, Mariana Island, Saipan; 12404. cloud system, summer, daytime, shelter, 05935. coccolith carbonate, phytoplankton bloom, oxygen isotope, environmental indicator, seawater, Atlantic, Gulf of Maine; 08013. colloid, bioavailability, radionuclide, lake sediment, 09378. composition, profile, global temperature, ISAMS, 13806. controlled environment, leaf appearance, panicle development, rice, 05943. correlation, precipitation, USA; 04725. Croatia; 13681. debris flux, striation, subglacial investigation, pressure transducer, Norway, Folgefonni, Bondhusbreen; 05336. diurnal cycle, Slovakia, High Tatras; 03423. diurnal evolution, Zaire, Shaba, Lubumbashi; 05899. elevation, surface air temperature, kriging, cokriging, 02197. emissivity, earth surface, thermal infrared, mapping, 12779. error, radio acoustic sounding, 14802. exposure, thermometer screen, climate change, 09788. ferruginisation, red bed, sandstone, weathering, 09300. forecast, general circulation model, global NMC model, skill, precipitation, USA; 01009. general circulation model, vegetation, climate change, precipitation, China; 11265. glacier fluctuation, climate change, Austria, Alps; 09153. global field, soil moisture, land surface, evapotranspiration, precipitation, 04628. greenhouse effect, crop variety, maize yield, 14870. halite, interstitial water, Red Sea, Atlantis II Deep; 10606. height, retrieval, observation, error statistics, NOAA 10, 07168. humidity, climate (1979-1983), Svalbard, Spitsbergen; 11134. humidity, water vapour, Tyrrhenian Sea; 04924. humidity, water vapour, Tyrrhenian Sea; 04925. ice extent, polar ice, sea surface temperature, 10226. infrared, land surface, satellite measurement, 02449. kriging, geostatistics, external drift, non stationary geostatistics, mapping, UK, Scotland; 09810. lake, stable isotope study, lake sediment, organic matter, isotope record, Holocene, USA, Minnesota, Clearwater County, Elk Lake; 01687. latitude, marine plankton, dissolved carbon dioxide, ocean, 11619. lidar, atmospheric density, 12733. measurement, RASS, profiler, wind, 02451. mesosphere, oxygen green line, 13805. Meteosat, surface temperature, radiative transfer, 10141. Middle Age, dendrochronology, climate reconstruction, Italy; 13107. middle latitudes, spectrum, large scale disturbance, atmospheric disturbance, ocean surface, Atlantic, (North); 07257. model data, climate model, sampling error, 04682. moisture, weather prediction, resolution, satellite sounding, 00914. monthly average, daily mean formula, annual average, Switzerland; 06001. mountain conditions, humidity, 03485. nightglow emission, mesosphere, quasi biennial oscillation, solar cycle, 13692. observation time, standardisation, growing degree days, 03490. observational network, diagnosis, ageostrophic wind, wind, 14808. organochlorine compound, vapour pressure, PCB, particle/gas distribution, 12568. peach production, warming, winter, USA, South Carolina; 04638. Penman equation, data shortage, evaporation, 01918. penultimate glacial, Vostok ice core, palaeoclimate, ocean record, Antarctica, Vostok Station; 04051. pH, mercury, mollusc, algae, Spain, Ebro Delta; 08090. point gauge, optimal weighting, global average temperature, 11106. polygonal karst, hydraulic conductivity, doline form, mesh size, rainfall, China; New Zealand; 05261. potassium, albitization, feldspar, plagioclase, sandstone, 08073. precipitation, climate (1961-1990), Iceland; 03538. precipitation, climate change, Europe; 04748. precipitation, climate change, trend, river basin, India, Mahanadi River; 04750. precipitation, climate region, principal components analysis, China; 08508. precipitation, computer, climate data, atlas, 10288. precipitation, drought index, error, 08608. precipitation, instrumental data, climate change, 07332. precipitation, sea level variability, climate change, USA, Florida, Key West; 01026. precipitation, snow, cloudiness, climate trend, Italy; 09152. precipitation, streamflow, trend (1948-1988), hydroclimatology, USA; 13687. prediction, asymptotic behaviour, Adem model, ocean, 14889. pressure, aerosol, lidar, blocking filter, 02450. pressure, UARS, ISAMS, atmosphere, 12731. radiation, frost, shelterwood, mobile sampling, Asa shuttle, 05861. radiative transfer model, stratosphere, radiative feedback, polar stratospheric cloud, Antarctica; 03521. Rayleigh scattering, UARS, 12741. regional climate, general circulation model, surface, 13744. relative humidity, radiosonde observation, dewpoint depression, algorithm, 03407. salinity, blue hole, groundwater, carbonate platform, Bahamas, Great Bahama Bank, North Andros Island; 13205. salinity, carbon dioxide fugacity, variability, source/sink, Southern Ocean; Indian Ocean; 08996. salinity, climate study, proloculus size, benthic foraminifera, Rotalidium annectens, India; 00210. salinity, deep winter convection, Greenland Sea, Fram Strait; 08548. salinity, freshwater input, sapropel formation, sea level, climate oscillation, Mediterranean Sea; 01475. salinity, pollution, sea surface, Mauritania, Banc d'Arguin; 03497. sand beach, thermal gradient, swash zone, solar heating, Turkey, Patara Beach; Mediterranean; 02880. satellite, climatology, water vapour, band brightness, 04587. sea surface temperature, ocean dynamics, hydrodynamic model, three dimensional, 05000. sea surface, emissivity, oceanography, Japan, Tanabe Bay; 12818. seasonal variability, clear sky, greenhouse effect, humidity, 09796. seasonal variability, mesopause, 13690. seasonality, sulphide, metal, bioavailability, freshwater, USA, Minnesota, Caribou Lake; 08081. sediment oxygen demand, laboratory experiment, eutrophication, respiration, Japan, Hiroshima Bay; 05412. semi empirical model, statistics, climate, time series, 08622. snow cover, North America; 04607. snow cover, sea ice, global warming, climate change, Arctic; 14945. snow cover, snowfall, precipitation, North America; 04606. soil water, millet, irrigation, radiation use efficiency, semiarid tropics, 05944. solar activity, climate change, 08617. solar eclipse (11 July 1991), wind, Costa Rica; 11152. sound speed, acoustic channel, Indian Ocean; Bay of Bengal; Arabian Sea; 01238. Southern Oscillation Index, pressure, Antarctica; 04610. southern winter, ozone, Microwave Limb Sounder, stratospheric wave, 03442. spectral index, wheat yield, canopy, 12742. split window, land surface, 12777. SST, radiosonde, regression, sea surface, 15220. stratosphere, ozone, coherent variation, monthly mean total ozone, 13833. stylonite, sandstone, quartz cement, precipitation rate, Jurassic, fluid inclusion, Norway, Norwegian Continental Shelf; 13222. subsurface, thermohaline structure, height, sea surface, Atlantic, (Northwest); Pacific, (Northwest); 15217. summer, dendrochronology, Russian Federation, Upper Kolyma Region; 12541. surface level, air temperature, precipitable water, 06216. surface temperature, polar region, Nimbus 7, infrared radiometer, Antarctica; Arctic; 13699. surface temperature, sea ice, AVHRR data, Arctic; 12467. temporal distribution, climate variability, runoff, USA, New England; 12208. trace gas, solar energy input, wind velocity, satellite mission, upper atmosphere, 01468. tuna resource, AVHRR, sea surface, Gulf of Guinea; India; 12814. ultraviolet flux, middle atmosphere, solar variability, two dimensional model, ozone, 11307. urea, seasonal variation, turnover rate, estuarine sediment, Denmark; 14389. warming trend, layer thickness, global temperature, moisture, virtual temperature, 13704. warming, sea ice, Arctic; Antarctica; 02323. Wasatch Front, mountain front, statistical structure, precipitation, time series, USA, Utah, Wasatch Range; 08507. water chemistry, water level, nutrient release, eutrophication, peat soil, 00050. water, land surface, precipitable water, 12780. wind distribution, atmospheric model, stratosphere, rocketsonde data, middle latitudes, 11137. wind field, vertical profiling, solar energy input, UARS, 07514. wind impact model, satellite data, sea surface, 10224. wind, cloud motion, METEOSAT, 10163.
- temperature analyser**
ocean, research vessel, towed, air/sea interface, 14809.
- temperature analysis**
rocketsonde, lidar, stratosphere, 00828.
- temperature anomaly**
equatorial thermosphere, vertical wind, 00920. hygrometer HO-63, hygrometer HO-83, warm bias, wind speed, USA, New York, Albany; 02130. snow accumulation, global warming, carbon dioxide, glacier growth, Canada; Scandinavia; Atlantic, (North); 14940. snow cover (1980-1990), surface temperature, 14944.
- temperature anomaly trend**
sulphate aerosol, anthropogenic sulphate, climate, radiative forcing, 08620.
- temperature change**
calibration, AVHRR, climatology, instrument performance, 11113. correlation method, climate model, greenhouse warming signal, 02325. global climate, precipitation change, climate change, Croatia, Cres-Lošinj Archipelago; 08970. marine phytoplankton, photosynthetic rate, inorganic carbon supply, carbon dioxide variation, 02585. observational statistics, regression model, prediction, climate, 07330. sea surface temperature, coral, monsoon, palaeomonsoon record, Arabian Sea; 08637. warming, minimum temperature, mountain top station, diurnal asymmetry, Europe, Alps; 14952. weighted average anomaly, distance weighting, gridding, global mean temperature, 02647.
- temperature contrast**
cloud cover, differential cloud shading, frontogenesis, cold front, 00959.
- temperature correction**
levelling, Germany, Lower Saxony; 08774.
- temperature data**
inhomogeneous variance, time series, bootstrap method, time averaging, 12545. marine record, mollusc, Holocene, depth limit, palaeoenvironmental analysis, salinity data, UK, Scotland; Atlantic, (North); 07854. snow depth, snow cover, North America, Great Plains; 12355.
- temperature data series**
spatial correlation, interdecadal variability, global, 01023.
- temperature decrease**
operational model, minimum temperature, soil surface, clear sky, frost forecasting, 02315. pollen analysis, forest disequilibrium, Little Ice Age, cooling, Canada, Ontario; 05298. sea surface temperature, ocean temperature variability, Atlantic, (North); 11161.
- temperature deficit**
urban canopy, microclimate, suburban environment, 05911.
- temperature dependence**
absorption spectrum, chlorine nitrate, ultraviolet, 13840. elastic modulus, polycrystalline ice, anisotropic elasticity, 09230. ozone, absorption spectrum, Chappuis band, 13839. plume, divergence, viscosity, finite element, 11236. silicate weathering, negative feedback, greenhouse warming, atmospheric carbon dioxide, USA, North Carolina, Blue Ridge Mountains; 06444. stratosphere, photolysis, ultraviolet, absorption cross section, nitric acid, 11303.
- temperature/depth profile**
thermal diffusivity, groundwater flow, vertical flux, Japan, Nagaoka Plain; 03324.
- temperature distribution**
groundwater temperature, spatial variation, temporal variation, groundwater flow, Japan, Tokushima Prefecture, Egawa River; 08408.
- temperature dynamics**
stream, water temperature, advection/dispersion equation, heat flux, 03287.
- temperature effects**
skeleton, cementation, isotope fractionation, shelf carbonate, Australia, Tasmanian Shelf; 13204.
- temperature estimate**
Pleistocene, water level, analogue method, palaeorainfall estimate, pollen sequence, Zaire, Lake Tanganyika; Tanzania, Lake Tanganyika; 06568.
- temperature estimation**
radiative transfer, MOS-1/VTIR, sea surface temperature, surface temperature, 10137.
- temperature extreme**
satellite sounding data, rural, maximum/minimum temperature, 02147.
- temperature field deformation**
climate, Poland; Baltic Sea; Atlantic; 05891.
- temperature fluctuation**
parametric time series, air temperature, Italy; 02178. sounding system, radio acoustic sounding, troposphere, 12407. synoptic scale, radiation balance, 03447.

temperature forest

climate change, atmospheric carbon dioxide, ecosystem response, carbon-water-energy-vegetation model, 06419.

temperature gradient

climate variability, mountain climate, Italy, Gesso Basin; 12538. Douglas fir, forest edge, diurnal temperature, 00870. evaporation, surface temperature, bare soil, dry surface layer, thermal diffusion, 08296. lake, sedimentation, groundwater, stratification, Poland, Lake Gosciaz; 08040. mixing height, inversion, Canada, Alberta, Edmonton; 12436. sea surface temperature, stratiform cloudiness, equatorial front, cloud, Pacific; 04659. soil moisture dynamics, unsaturated flow, non aqueous phase liquid, groundwater remediation, multiphase flow, 12324. Southern Hemisphere, sensible heat, transient eddy, 02182.

temperature index

climate change, dry/wet, cold/warm, historical times, winter, China, Shandong Province; 08644.

temperature induced strain

viscoelastic response, sea ice, model, thermally induced stress, 02832.

temperature inversion

density jump, seawater, boundary layer, turbulent structure, 13723. night time, model, lifted temperature minimum, clear sky, 04624. radiometric FTIR measurement, emission spectra, smog, surface longwave radiation, infrared window, 11346.

temperature lapse rate

cloud variability, diagnostic study, feedback, general circulation model, water vapour, 13739.

temperature measurement

amino acid geochronology, uranium series dating, sea level, Pleistocene (late), sea cave, UK, Channel Islands, Jersey; Wales; 07909. borehole, climate change signal, USA, Utah; 03546. dissipation, strain, soil dynamics, classification method, 05228.

temperature minimum

nocturnal temperature, Ramdas layer, boundary layer, 13717.

temperature model

permafrost, soil water regime, climate change, USA, Alaska, Barrow; 06858. tropical climate, temperate climate, leaf bud, endodormancy, peach tree, 08530.

temperature monitoring

TIROS, radiosonde, stratosphere, 03662.

temperature oscillation

pollen, proxy data, glacier, snail assemblage, mollusc assemblage, Europe, (West); 11835. sea surface temperature, ocean thermal regime, Atlantic, (North); 00899.

temperature pattern

glacier, Svalbard, Spitsbergen, Reindalen, Martha Glacier; Are Glacier; 07209.

temperature perturbation

model, dispersion, volcanic cloud, stratosphere, radiative forcing, Philip-pines, Mount Pinatubo; 13865. snow, nucleation, melting, freezing, 00997.

temperature/precipitation relationship

observation, general circulation model, Canadian Climate Centre, 13743.

temperature prediction

predictor, skill, precipitation-temperature relationship, USA; 04724. water temperature, cooling water discharge, river temperature prediction, river water quality, state space model, USA, Illinois, Des Plaines River; 00710.

temperature profile

borehole survey, GRIP deep drilling, Greenland, Summit; 02840. ground-water flow, groundwater temperature, Japan, Yamagata Prefecture, Yonezawa Basin; 08409.

temperature record

global climate, oscillation (65-70 year), climate system, 11261. greenhouse warming signal, climate variability, pre-instrumental record, 13801. radio-sonde, discontinuity, temporal inhomogeneity, 12539.

temperature retrieval

FIFE, surface temperature, multiresolution sensor, USA; 06239. vapour correction, sea surface temperature, AVHRR, 12740.

temperature/salinity data

estuary, sea surface temperature, AVHRR, Australia, South Australia; 03807.

temperature sensor

radiation absorption, excess temperature, fast response, thermometer, heat flux, 14810.

temperature series

climate change, greenhouse warming, random walk, 08623.

temperature shock

impact, cyclone, estuarine lake, flood level, mangrove swamp, South Africa, Natal, St Lucia; 00129.

temperature sounding

stratosphere, microwave, season, 00833.

temperature spectrum

scintillation, stratosphere, 12732.

temperature structure

heat flux, sonic anemometer, sodar, comparative study, 11110.

temperature surface

upper level circulation, consistency check, temperature trend (1950-1992), 12543.

temperature tracking

calving, ice drift, iceberg, energy conservation, thermal energy, 02088.

temperature trend (1950-1992)

temperature surface, upper level circulation, consistency check, 12543.

temperature trend (1958-1986)

greenhouse warming, Arctic; 04751.

temperature trend

climate change, Arabian Gulf; 08615. land station, climate change, North America, Great Lakes; 02338. maximum temperature, diurnal asymmetry, surface, India; 14953. nonstandard, thermometer exposure, weather station, weather data (19th century), USA; 07173. rocket, radiosonde, stratosphere, mesosphere, troposphere, 14949. warming, Pacific; New Zealand; 01024.

temperature trends

thunderstorm activity, global surface temperature, electrical circuit, 04592.

temperature variability (1969-1991)

ship-of-opportunity, sea surface temperature, tropics, Pacific; 08559.

temperature variability

microwave sounding unit, stratosphere, 12446. middle atmosphere, satellite, tide, 03443. ozone, interannual ozone anomaly, Atlantic; 08547. precipitation fluctuation, data analysis, climate data (1891-1990), UK, England, Sheffield; 02331.

temperature variance method

actual evaporation, evaporation rate, Priestley-Taylor model, Bowen ratio, energy balance method, Fiji, Viti Levu; 08286.

temperature variation

radiative change, tropical region, climate change, Barbados; 09149. water temperature, waste heat, heat budget model, surface heat exchange, river depth, New Zealand, Waikato River; 00709.

tempeste

carbonate, Gondwanaland, Carboniferous, China, Hunan Province; 06762. Milankovitch cycle, sea level change, sediment supply, turbidite, 01613. Pickaway Limestone, Mississippian, ooid, ripple, storm, USA, West Virginia; 04257. Pictured Cliffs Sandstone, shelf deposit, Cretaceous, sandstone, hummocky stratification, sedimentary structure, USA, Colorado, Durango; 04261. rip current, littoral zone, flysch, storm sediment, Baltic Sea; 00299. shelf carbonate, storm deposit, cyclic deposit, Cambrian, China, Helan Mountains; 06752. shell orientation, taphonomy, Dainichi Formation, Kakegawa Group, Pliocene, Japan, Honshu; 06676.

temporal analysis

methodology, coordinate system, spatial analysis, statistical analysis, spherical data, 09002. saline discharge, groundwater discharge, SPOT, vegetation cover, GIS, Australia, South Australia, Farrell Flat; 02561.

temporal data

GIS, cartographic database, feature, 04892.

temporal distribution

climate variability, runoff, temperature, USA, New England; 12208. soil erosion, runoff, probability theory, frequency analysis, USA, Oregon; 04561.

temporal evolution

spectral structure, sea surface temperature, time scale, Pacific, (North); 04656.

temporal frequency

wind data, sensitivity, trajectory calculation, 00902.

temporal GIS

GIS, geographical, database management system, object orientation, 08789. time topology, spatial topology, relational database, 13964.

temporal imagery

SAR image, multifrequency imagery, polarimetric imagery, ecosystem, forest, USA, Maine, Howland; 15166.

temporal inhomogeneity

temperature record, radiosonde, discontinuity, 12539.

temporal interpolation

yield assessment, crop monitoring, NDVI, AVHRR, Burkina Faso; 01207.

temporal pattern

rainfall event, peak rain, extreme event, New Zealand, South Island, Southern Alps; 08278. spatial pattern, late glacial, palynology, lake sediment, environmental change, Netherlands; 13070.

temporal principal components

seasonal definition, summer, winter, 02179.

temporal reference

urban environment, modelling formalism, spatial information system, 07493.

temporal stability analysis

water content measurement, soil plot size, neutron probe, bootstrapping, 09433.

temporal trend

acidification, acid neutralising capacity, atmospheric deposition, discharge/concentration, water chemistry, USA, New York, Catskill Mountains; 03285. acidification, regional comparison, precipitation quality, acidic deposition, surface water quality, USA; 03263. atmospheric deposition, sulphate, lake water chemistry, acid neutralising capacity, acidification, USA, Minnesota; Wisconsin; USA, Michigan; 03306.

temporal variability

acid precipitation, pH reduction, streamwater chemistry, USA, Pennsylvania; 10965. aerosol composition, Greenland; 08704. detergent, chlorophyll-a, oxygen concentration, river water quality, Poland, Bydgoszcz, Brda River; 09655. equator, wavelet analysis, sea surface temperature, Indian Ocean; 15117. factorial kriging analysis, spring water chemistry, spatial variability, Belgium, Dyle River; 02082. groundwater quality, river water chemistry, aquifer recharge, surface water-groundwater interaction, redox chemistry, spatial variability, France, Grenoble, Drac River; 12320. ice breakup, ice strength, river ice, spatial variability, 04554. land use effect, surface water quality, forest catchment, nitrogen, trend analysis, Scandinavia, Baltic Sea, Gulf of Bothnia; 07124. mixing event, stratification, lake water quality, nutrient, bioassay, USA, Sierra Nevada, Tahoe Lake; 10988. precipitation series, agricultural land use, harmonic analysis, spatial variability, Greece, Macedonia; 08275. rainfall data, fractal, multifractal index, France, Nîmes; 07313. runoff, evapotranspiration, variable source area, root zone evaporation, soil moisture dynamics, spatial variability, UK, Wales, Plymlimon; 09597. spatial variability, dendrohydrology, tree ring analysis, 04430. spatial variability, management, dredged sediment, water quality, sediment quality, Germany; 10710. spatial variability, monsoon, cyclone, atmospheric circulation, precipitation distribution, Nepal, Himalayas, Langtang Valley; Kathmandu; 10887. spatial variability, rainfall/runoff relationship, runoff sensitivity, rainfall variability, 05678. uncertainty, stochastic flow problem, boundary element solution, groundwater flow, diffusion, 05798. upwelling, accumulation rate, primary production, seafloor flux, sediment trap study, USA, California, Southern California Bight, San Pedro Basin; 07959.

temporal variation

cloud fraction, simulation, sea ice cover, 09922. fractal geometry, snow patch, runoff prediction, snow cover area, Canada, Saskatchewan; Europe, Alps; 04555. groundwater flow, temperature distribution, groundwater temperature, spatial variation, Japan, Tokushima Prefecture, Egawa River; 08408. heavy metal, sampling, Australia, New South Wales Coast, Botany Bay; 10704.

temporality

data conversion, environmental system, GIS research, spatial analysis, data capture, 13961.

temporary lake

biomass, phytoplankton, zooplankton, saline lake, Spain, Fuente de Piedra; 09626.

Tenax-GR

volatile organic compound, adsorbents, passive sampling, 03573.

tendency equation

geopotential height, 07262. geopotential height, 07263.

tensile strength

calving rate, ice shelf, crevasse, surface strain rate, failure envelope, Antarctica; 06638. water content, soil mechanics, clay soil, aggregate size, compression, shrinkage, 14196.

tensile stress

loess, vertical joint, joint generation, 11715.

tensiometer

actual evapotranspiration, evapotranspiration, zero flux plane method, 12196. calibration, soil moisture content, pressure transducer, 00734. microirrigation, irrigation water management, irrigation method, irrigation scheduling, cotton yield, 11092. microtensiometer, soil water potential, 08119. peat, soil water desorption, time domain reflectometry, 05542. time domain reflectometry, hydraulic conductivity, 06834. Wind method, soil hydraulic property, 06832.

tension crack

berm, reinforcement force, soft soil, embankment, 09096. river bank stability, failure, land loss, bank erosion, sediment yield, 11986.

tension infiltrometer

infiltrometer, infiltration, hydraulic conductivity, clay soil, 00492. infiltrometer, soil water pressure head, hydraulic conductivity, 14490. pore arrangement, soil hydraulic property, infiltration, infiltrometer, Haplaquoll, 12062. tension sorptivity, diffusion, soil water content, 08120.

tension sampler

zero tension sampler, heathland soil, soil solution sampling, 14493.

tension sorptivity

diffusion, soil water content, tension infiltrometer, 08120.

tensionic

nitrate, nitrogen, matric pressure head, soil hydraulic head, 14502.

tenure

institutional, land policy, Latin America; 15242.

tepee

reef, palaeogeography, Triassic, carbonate platform, diagenesis, Italy, Apennines; 01622. sea level, carbonate, Calcare Rosso, Ladinian, karst, Italy, Southern Alps; 14352.

tepetate

mineralogy, morphology, soil micromorphology, volcanic soil, silica, landscape type, Mexico, Veracruz, Xalapa; 06856.

tephra

climate change, Pleistocene, rock magnetism, meltwater flux, Labrador Sea; 14231. heavy mineral, volcanic deposit, Pliocene, coastal sediment, argon-40/argon-39 dating, France, Languedoc, Hérault, Cap d'Agde; 11671. Holocene, lamina, lake sediment, Germany; 01695. ignimbrite, Quaternary correlation, marker bed, Toba Ash, India; Indian Ocean, Bay of Bengal; 00376. lake sediment, Valley Springs Formation, floodplain deposit, mudrock, USA, California, Central Valley; 13254. loess, AAR, dating, paleosol, tephrochronology, New Zealand, North Island, Rotorua, Mamaku Plateau; 09141. mineralogy, clay mineral, soil chemical property, soil classification, volcanic soil, USA, California; 10763. moss, palaeoclimate study, stratigraphy, lake sediment, diatom, Antarctica, South Shetland Islands, Livingston Island, Byers Peninsula; 02745. palaeoclimate, pumice deposit, radiocarbon age, Japan, Hokkaido, Mt. Eniwa; 09142. pine pollen, dendrochronology, volcanic ash, Scots pine, *Pinus sylvestris*, UK, Northern Ireland, Antrim, Sluggan Bog; Londonderry, Garry Bog; 10505. pollen analysis, spores, Nemonia Glaciation, Last Glaciation, Mangaroa drillhole, New Zealand, North Island, Hutt Valley, Mangaroa Valley; 11823. Preboreal, Allerød, AMS, radiocarbon dating, varve chronology, Younger Dryas, Switzerland, Soppensee; 07831. rain shadow, Pliocene/Pleistocene, stratigraphy, Pluvial Lake Rennie, USA, Nevada, Fish Lake Valley; California, Fish Lake Valley; 00195. sediment/water interface, manganese nodule, pumice, ash layer, Indian Ocean, Central Indian Basin; 08067. spodic soil, andic soil, volcanic ash soil, forest soil, toposequence, USA, Idaho, Selkirk Mountains, Crater Lake; 05544. stratigraphy, chronology, eruption, Quaternary (late), caldera volcano, New Zealand, North Island, Taupo Volcano; 00135. vegetation history, climate history, oxygen isotope stage 5, pollen, Ngarino Terrace, New Zealand, North Island, Taranaki, Hawera; 02788. volcano, peat bog, electron probe microanalysis, EPMA technique, 02933. volcano, Pleistocene, petrography, stratigraphy, Japan, Honshu, Chubu; Kanto Mountains; 00232. Wisconsinan, glacial drift, soil, paleosol, loess, Canada, Saskatchewan; Alberta; 00387.

tephra correlation

prehistoric site, Acheulean artifact, Kenya, Turkana Basin; Ethiopia, Awash Valley; Ethiopia, Webi Shebele River, Gadeb prehistoric site; 09163.

tephra deposit

discriminant function analysis, glass chemistry, USA, Yellowstone; Cascade Range, Long Valley; New Zealand, North Island, Taupo; 09053. stratigraphic nomenclature, Hayes tephra set H, magma mixing, USA, Alaska; 13095.

tephra layer

age determination, stratigraphy, Pleistocene, Japan, Tane Island; 14216. stratigraphy, magma discharge rate, eruption history, volcano, Japan, Kyushu, Kirishima Volcano; 00134.

tephra sequence

Egmont Volcanic Centre, Tongariro Volcanic Centre, correlation, Holocene, New Zealand, North Island, Hawke's Bay, Lake Tutira; 04085.

tephrochronology

geomorphological evolution, ignimbrite plateau, oxygen isotope stage, New Zealand, North Island, Mamaku Plateau; 11778. outlet glacier, moraine system, late glacial, Holocene, Chile, Patagonia, Torres del Paine National Park, Grey Glacier; 04130. tephra, loess, AAR, dating, paleosol, New

Zealand, North Island, Rotorua, Mamaku Plateau; 09141. volcanic activity, Holocene, radiocarbon dating, Russian Federation, Kamchatka; 10436.

tephrostratigraphy

Naruohama, Nishinomiyama, Koshienhama, Nanko, volcanic ash, Pleistocene, Japan, Honshu, Osaka Plain; 07883. Potaka tephra, Pleistocene, marker horizon, ignimbrite, uplift, New Zealand; 13078. radiocarbon dating, Stent tephra, chronology, New Zealand, North Island; 13114. sea level change, Pleistocene, magnetostratigraphy, lithostratigraphy, New Zealand, North Island, Wanganui Basin; 09222.

TEQ value

toxicity, cod liver oil, bioaccumulation, PCB, Baltic Sea; Poland; 11610.

terbutylazine

soil water flow, herbicide, soil column, 14508. thiram, decomposition, fungicide, cellulose decomposition, Malaysia; 09548. tropical soil, herbicide persistence, 13436.

terminal fan

Devonian, fan sediment, channel deposit, sheet flood, fluvial system, Ireland, Munster; Greenland; 00367. Gun Point Formation, sandstone, cyclicity, fan deposit, Devonian, Ireland, Cork; 00368.

terminal moraine

cooling event, Younger Dryas, radiocarbon dating, climate change, New Zealand, Southern Alps, Franz Josef Glacier; 13126. glacial lake, till, meltwater drainage, Wisconsinan (late), glacial geology, USA, New Jersey, New Jersey Highlands; 06588. snowline, Pleistocene/Holocene, glacial landform, uplift, China, Yunnan Province, Mount Meylixueshan, Shenchengbao Glacier; Lailogoru Glacier; 06590. TL dating, snowline depression, Pleistocene (late), glaciation, China, Shaanxi Province, Qinling Shan; 02798.

terminal velocity

electrical field, wind tunnel, disintegration, corona, water drop, 04595.

terminus fluctuation

photogrammetric mapping, glacier movement, precipitation variation, USA, Washington, Mount Baker; 07936. statistics, climate, glacier, mass balance, Italy; 09236.

terminus velocity

ablation rate, glacier advance/retreat, longitudinal profile, glacier, 10531.

termite

miombo, savanna, organic matter, humus, Zaire, Shaba, Luiswishi; 05556.

termite mound

physicochemical property, Malaysia, Penang; 08190.

termite nest

savanna, soil, emission, nitric oxide, Venezuela, Orinoco Basin; 08688.

ternary diagram

particle shape, triangular diagram, clast, morphological analysis, Norway, Slettmarkbreen; 04140.

terpene

alkylbenzene, PAH, alkylphenol, extraction, anthropogenic impact, USA, Florida; 01738. biogenic emission, woodland, volatile organic compound, isoprene, USA; 13856. blue oak, volatile organic compound, biogenic emission, isoprene, USA, California, San Joaquin Valley; 13848. polyaromatic hydrocarbon, petroleum, infrared spectra, 10018. sesquiterpene, oxidation, biogenic hydrocarbon, ozone, 08678.

Terra Rossa

alluvial sediment, deep weathering, paleosol, Italy, Friuli; 01352. cattle, phosphorus, grazing, scrub woodland, Israel; 10809.

terrace

braided river, sediment load, climate change, gravel, incision, 00356. coastal barrier, lagoon, delta, sea level, Quaternary, Brazil, Santa Catarina State, Santo Antonio Lagoon; 06604. fluvial activity, Niederterrassen, floodplain, Holocene, Germany, Isar River; Danube River; Germany, Weser River; Germany, Main River; Germany, Rhine River; 06455. gravel mining, reclamation concept, regulation, floodplain deposit, USA, California; 03939. headward erosion, river diversion, drainage pattern, alluvial plain, Czech Republic, Ohre River, Postoloprty; Chomutovka River; 05183. Holocene, pollen analysis, palaeogeographical change, geomorphological map, Sana Site, Japan, Honshu, Osaka Plain; 10393. morphosedimentary evolution, loess, stratigraphy, palaeoenvironment, Palaeolithic, France, Somme Valley; 10367. paired terraces, glacial lake, late glacial, USA, Ohio, Maumee River; Indiana, Maumee River; USA, Indiana, Perrysburg; 10365. radiocarbon age, fluvial sediment, colluvium, Pleistocene/Holocene transition, stream aggradation, USA, Oregon, Coast Range; 06450. shoreline, lagoon system, lobate delta, palaeoshoreline, Quaternary, USA, Florida, Panhandle; 00258. wave cut notch, Quaternary (late), coastal instability, sea level change, tectonics, India, Saurashtra; 00270.

terrace age

longitudinal profile, base level, upwarping, river terrace, USA, Pennsylvania, Susquehanna River; 07749. marine terrace, tilt, uplift rate, Pleistocene, deformation, New Zealand, North Island, Mahia Peninsula; 09221.

terrace degradation

vegetation cover, stone wall terrace, scarp terrace, Greece, Naxos; 08248.

terrace deposit

Clactonian industry, oxygen isotope stage 10, Corbets Tey Formation, Levallois technique, Pleistocene (Middle), UK, England, Essex, Little Thurrock, Globe Pit; 06605. offshore continuation, Rochford Gravel, Southchurch Gravel, Lynch Hill Gravel, correlation, UK, England, Essex, Thames-Medway Valley; 00263.

terrace development

braided channel, longitudinal profile, flume experiment, aggradation, channel pattern, USA, Arizona, Ash Creek; 00106. uplift rate, climate cyclicity, three dimensional modelling, Quaternary, fluvial dynamics, Netherlands, Maastricht, Maar River; 06454.

terrace offset

uplift mechanism, Quaternary, marine terrace, coseismic uplift, USA, California, Santa Cruz; 11841.

terrace riser

fault scarp degradation, Hotan-Qira Fault System, slope decline, slip rate, tectonics, China, Xinjiang, Kunlun Mountains; 06490.

terrace sediment

geochemistry, Weichselian, fluvial dynamics, chronology, France, Massif Central, Limagne, Allier Basin; 07911.

- terrace system**
valley cutting, geomorphology, neotectonic elevation, Czech Republic, Doupov Mountains, Ohre River; 05150.
- terraced hillslope**
runoff model, agricultural practice, basin topography, 07123.
- terracette**
periglacial deposit, Holocene, bog burst, catastrophic phenomena, blanket bog, UK, Scotland, Shetland Islands; 07809. vegetation growth, sediment movement, computer simulation, high mountain, Spain, Pyrenees; 04040.
- terrain**
classification, DEM, 06227. elevation, SAR workstation, South America; 06157. feature map, photogrammetry, GIS, 06196. fog development, mesoscale model, 07281. soil type, land cover, evaporation, spatial disaggregation, Australia, New South Wales, Goulburn Lockyersleigh; 08299. surface structure, typhoon, Taiwan; 00850. winter, pollution, stagnant conditions, air-stagnation, Japan, Kanto Plain; 14853.
- terrain analysis**
catchment model, runoff, streamflow, water yield, forest catchment, Australia, Victoria; 09755. DEM, topography, landslide scar, topographic data, landside, USA, Virginia, Blue Ridge Mountains, Nelson County; 05235. glaciation, Byelorussia; 06322. land use planning, Landsat, India, Madhya Pradesh, Jabalpur District, Mahanadi Basin; 10258. toposequence, slope, soil wetness index, soil mapping, USA, Colorado; 04302.
- terrain classification**
Mittelgebirge, terrain type, karst, Slovenia; 02687.
- terrain data**
gravity field modelling, geoid computation, 03674.
- terrain exposure**
vegetation cover, erosion process, Pleistocene, glacial geomorphodynamics, Germany, Bavaria, Benediktbeuren, Lainbach; 01440.
- terrain feature**
delineation, desert terrain, TM, transform, India, Rajasthan, Jodhpur District; 04945. image processing, GIS, imaging radar, 11376.
- terrain following**
vehicle, seabed, towfish, 06318.
- terrain height measurement**
SAR, airborne stereo optical imagery, USA, Michigan, Ann Arbor; 03670.
- terrain interpreter**
fractal geometry, cartographic simulation, fractal texture, terrain parameter, 11419.
- terrain mapping unit**
erosion rate, soil mapping, hill tribe, deforestation, land degradation, Thailand; 11507.
- terrain model**
merging, raster, vector, three dimensional, 06180. visualisation, hierarchical model, three dimensional, 06168.
- terrain object**
object oriented programming, standardisation, GIS, standard definition, 04899.
- terrain parameter**
terrain interpreter, fractal geometry, cartographic simulation, fractal texture, 11419.
- terrain roughness**
fractal DTM, surface reflectance, 01195.
- terrain simulation**
image processing, fractal method, FORTRAN program, 12926.
- terrain slope**
digital elevation model, random error, visualisation, 13975.
- terrain surface**
spectro-polarimeter, ground truth, data collection, 10189.
- terrain type**
karst, terrain classification, Mittelgebirge, Slovenia; 02687.
- terrestrial atmosphere**
optical sensing, spectroscopic parameter, gas, 13858.
- terrestrial biosphere**
atmospheric carbon dioxide, experimental network, biomass, carbon dioxide increase, impact assessment, 10290. carbon cycle model, atmospheric carbon dioxide, biome model, climate change, 06415. carbon dioxide source/sink, workshop summary statement, carbonate flux, 03897. Frankfurt biosphere model, global/seasonal model, carbon exchange, 03915.
- terrestrial cap size**
fast Fourier transform, height anomaly, anomaly degree variance, 11411.
- terrestrial carbon**
atmospheric interaction, emission rate, modelling, carbon cycling, computer simulation, 06417. source/sink, land use, climate, 03913.
- terrestrial carbon budget**
tropical forest, carbon dioxide enrichment, deforestation, business-as-usual senario, 03901.
- terrestrial carbon cycle**
climate change, land cover change, atmospheric chemistry, carbon flux, 12932.
- terrestrial carbon storage**
Last Glacial Maximum, biome, modelling, global vegetation pattern, 10281.
- terrestrial departure point**
geodesy, astrometry, celestial departure point, 15072.
- terrestrial deposit**
Quaternary, continental shelf, sea level, Pacific, Hecate Strait; Canada, British Columbia; 13116.
- terrestrial ecosystem**
acid deposition, water chemistry, liming design, adverse effect, UK, Scotland, Loch Fleet; 08980. biomass, carbon exchange, dynamic model, atmosphere, 08525. model, soil carbon pool, AVHRR, primary production, 07701. past global change project, glacial/interglacial change, soil erosion, acid rain, 10278. sequestration, carbon dioxide, conservation measure, global carbon cycle, 03888. workshop, remote sensing, global terrestrial observing system, monitoring change, 06435.
- terrestrial environment**
chromium, aquatic environment, smelter, pollution, Poland, Siechnice; 07676. disturbance, vehicle track, ice free area, fieldwork impact, visual technique, Antarctica, Ross Ice Shelf, McMurdo Sound; 05267. fuel reprocessing plant, geochemical behaviour, tidal zone soil, remobilisation, transuranic element, Irish Sea; 02611. IMAGE 2.0 model, greenhouse gas, climate change, atmosphere-ocean interaction, anthropogenic impact, 12928. remediation technique, waste management, Chernobyl nuclear accident, decontamination, Ukraine; Russian Federation; 05078.
- terrestrial environmental resource**
forest modelling, risk assessment, decision support system, 01142.
- terrestrial gravimetry**
height determination, orthometric height, geopotential model, 11397.
- terrestrial gravity anomaly**
height anomaly, geopotential model, 13925.
- terrestrial input**
organic matter, suspended material, nepheloid layer, phenol, France, Rhone Delta; 02977. sedimentation, marina, dredging, trace metal, Australia, Queensland, Cairns; Coral Sea, Great Barrier Reef; 12020.
- terrestrial photogrammetric system**
image viewing system, digital topographic data, Netherlands; 07461.
- terrestrial photogrammetry**
glacier, Quelccaya Ice Cape, retreat rate, measurement, Peru, Andes, Qori Kalis Glacier; 00278. photogrammetry, photo radiation, 15063. runoff, aspect, aerial photography, glacier tongue, Nepal, Himalaya, Langtang Khola Basin; 06632.
- terrestrial process research**
earth system, global change, geographical analysis, USA; 00077.
- terrestrial reference**
GPS, geodesy, Europe; 04852.
- terrestrial reference system**
reference frame, velocity field, deformation, geodesy, 04863. WGS84, VLBI, geodesy, EUREF, 08761.
- terrestrial source**
atmospheric loading, catchment, lake morphometry, anthropogenic activity, trace metal, 06782. estuary, phosphorus, fertiliser, anthropogenic impact, nutrient, Australia, Queensland, Moresby River Estuary; 05487.
- terrestrial thermal IR**
greenhouse gas, ADEOS satellite, interferometric measurement, 08853.
- terrigenuous deposit**
sedimentation, lake, diatom, France, Brittany, St Brieuc, Gouet Valley; 04247. turbidity current, deep sea channel, sedimentation, France, Corsica; 10653.
- terrigenuous input**
box core, glacial/interglacial cycle, sedimentation, calcium carbonate, Quaternary, Greenland, (East); Norwegian Sea; Iceland Sea; 04053. marine sediment, sedimentary organic carbon, organic carbon burial, carbon isotope, accumulation rate, Gulf of Mexico, Pigmy Basin; 00049. rubidium strontium, REE, deep sea sediment, Quaternary, isotope data, silicate, Atlantic, (Northeast); 01724. seafloor, continental shelf, sediment trap study, radionuclide, seasonal change, USA, California, Southern California Bight, San Pedro Basin; 08057.
- terrigenuous material**
island arc, volcanoclastics, sedimentation rate, abyssal plain, Pacific, (Northwest); 10629. seafloor, glacial/interglacial change, sedimentation rate, opal flux, carbonate flux, Indian Ocean; Southern Ocean; 06561. volcanoclastic material, coal field, sedimentation, erosion, Carboniferous, Bulgaria, Dobrudzha Coal Field; 05429.
- terrigenuous origin**
montmorillonite, hydrothermal fluid, metalliferous sediment, clay mineral, Pacific, (South); 09362.
- terrigenuous record**
Ice Sheet, Norwegian current, biogenic carbonate, iceberg drift, ODP Leg 104, Atlantic, (North); Norwegian Sea; 11788.
- terrigenuous sediment**
mud, palaeoclimate, smectite, continental shelf, kaolinite, Namibia, Kunene Shelf; Walvis Shelf; 06759. Proterozoic, chert, hydrothermal deposit, China, Guangdong, Gusui; 14380. sea level, Pleistocene, continental shelf, transgression, sedimentation rate, Australia, Queensland Continental Margin, Site 820; 09348. sediment supply, Kazusa Group, Pleistocene, forearc basin, volcanic ash, Japan, Boso Peninsula; 08062. silica, biogenic silica, palaeoceanography, point counting technique, 02857. submarine canyon, gravity tectonic, depositional process, continental margin, deformation, Atlantic, Niger Delta; 14423. turbidite, turbidity current, flow reflection, ODP Leg 131, Pacific, Nankai Trough; 00414.
- terrigenuous source**
clay mineral, organism, weathering, biogenic sediment, AABW, Atlantic, (South), Falkland Plateau; Argentine Basin; Atlantic, (South), Vema Channel; 00439. clay mineralogy, ferromanganese, sediment/water interface, diagenesis, nodule, Indian Ocean, Central Indian Basin; 06770. relict sediment, transgression, continental shelf, shelf sediment, India, Karnataka, Honavar; 00404.
- terrigenuous supply**
seafloor, textural parameter, sediment transport, Italy, Marche; 01710.
- territorial systems analysis**
rural area, GIS, management, 11438.
- Tertiary (late)**
bedrock terrain, drift, mass wasting process, Quaternary geology, Canada, Saskatchewan, Wood Mountain Uplands; Cypress Hills; 01378. Quaternary (early), Lafayette Formation, Citronelle Formation, alluvial fan, braided stream, USA, Gulf Coastal Plain; Mississippi Valley; 05300.
- Tertiary**
alluvial fan, mineralogy, clay mineral, factor analysis, REE, Spain, Iberian Ranges, Almaraz Basin; 04234. backscatter electron microscopy, oil shale, ironstone, isotope, Australia, Queensland; 13231. basement, mudstone, ponding, turbidity current, Spain, Almeria, Sorbas Basin; 13192. Brac Formation, Cayman Formation, Pedro Castle Formation, carbonate bank, sedimentation, British West Indies, Cayman Brac; Caribbean Sea; 11971. carbonate bank, sea level, atoll, sedimentation, Indian Ocean, Maldives; 04184. fan deposit, uplift, erosion history, glacial erosion, chronology, Barents Sea, Barents Shelf; 00177. fluvial deposit, porosity, permeability, sandstone, Spain; 02873. Palaeogene, Holocene, arkose, hydrothermal alteration, silica cement, France, Massif Central, Auvergne; 08002. Pleistocene, TL dating, coastal platform, ramp, sea level, Australia, New

- South Wales; 09219. provenance, tectonic setting, sandstone, siliciclastic sediment, Cretaceous, Argentina, Austral Basin; 01670. Quaternary, neotectonics, stratigraphy, clastic dyke, anticlinal structure, Poland, Kleszczow Graben; 12969. Quaternary, quartz weathering, feldspar, climate change, weathering process, Switzerland, Jura; Turkey; France, Brittany; 01351. Shimanto Belt, island arc, burial, coal, vitrinite reflectance, Japan; 10621. spore pollen spectra, Zelkova forest, relict forest, pollen spectra, Georgia, Babaneuri Reservation; 11821. submarine fan, sand volume, petroleum reservoir, North Sea; 11920. Villanueva Complex, basin, depositional history, base level, alluvial fan, Spain, Betic Cordillera; 05414. weathering, planation, actualistic principle, tropical geomorphology, Germany, Rhenish Massif; 05180.
- Tertiary basalt**
stratigraphic unit, dating, Pleistocene climate, Cainozoic, landscape development, Australia, New South Wales, Bungonia; 00141.
- Tertiary peneplain**
lodgement till, glaciolacustrine sediment, gravity flow process, calving, deglaciation, Sweden, Varnamo Area; 10492.
- Tertiary sand**
aquifer, pyrite, buffering, groundwater, oxidation, UK, England, London Basin; 09388.
- Tertiary volcano**
volcanic landform, neotectonics, morphostructural analysis, caldera, polygenic volcano, Slovakia, Pol'ana Mountains; 11672.
- Terwagne Formation**
paleosol, Visean, evaporation, carbon, soil gas, Belgium; 00348.
- tessellated pavement**
sandstone, climate factor, weathering, Australia, New South Wales, Sydney; 02668.
- tessera terrain**
Magellan image, density, morphology, impact crater, Venus; 07796.
- test area**
air-sea interaction, ocean process, climate dynamics, Mediterranean Sea; 09861.
- test method**
thawing, subgrade soil, elastic stiffness, 04124.
- test methodology**
sample preparation, shear strength, laterite soil, triaxial compression test, shear test, Nigeria; 01441.
- test procedure**
cyclic triaxial equipment, dynamic calibration, 03991. log normal model, comparative study, median, environmental context, 06423.
- test specimen**
uniform building code, expansion potential, 04003.
- tether sonde**
boundary layer, tropical station, balloon borne measurement, 04631.
- tethered balloon**
balloon sounding system, profiler system, 07171. boundary layer, acoustic sounder, sea breeze, mountain, Greece, Athens, Hymettos Mountain; 11127.
- Tethys**
Bajocian, Podzamecze Formation, trace fossil, palaeoenvironment, anoxia, Poland, Carpathians, Pieniny Klippen Belt; 14427.
- tetrachloroethene**
latitudinal distribution, halogenated hydrocarbon, methylchloride, dichloromethane, trichloroethene, Atlantic; 09983.
- tetrachloroethylene**
chlorinated hydrocarbon, wastewater treatment, water quality, contaminant removal, trichloroethylene, 09642. contaminant transport, groundwater quality management, pollutant source, groundwater pollution, Japan; 08420. soil remediation, Ottawa sand, surfactant, 14585. trichloroethylene, groundwater contamination, soil water contamination, adsorption isotherm, organic carbon, 03329.
- tetraparalle compound**
lake water chemistry, phosphatase activity, phytoplankton, 09677.
- tetrapyrrole**
pyrophosphoribide, degradation, diatom, phaeophytin, chlorophyll, 13240.
- tetrazolium**
marine snow, sulphide, water column, oxygen, 00400.
- tetrodotoxin**
toxification, marine organism, fish, sinking particle, coastal water, Japan, Kyushu, Aburatsubo Inlet; 12018.
- text retrieval**
thematic map, map study, 13990.
- text symbol**
map design, cartographic text, 11452.
- textual data**
geographic information retrieval, GIS, urban management, 07492.
- textural analysis**
stereo image, automated image analysis, ice thin section, stereological, 06622. urban zone, radar image, mathematical morphology, France, Var, Luc; 14100.
- textural control**
marine sediment, hydrodynamic separation, fractionation, continental margin, coastal sediment, USA, Washington; 08011.
- textural difference**
soil cover, crop cover, image processing, linear discrimination, 14017.
- textural image**
region map, Markov random field, Gibbs distribution, 07472.
- textural information content**
image analysis, texture, image resampling, 13952.
- textural parameter**
sediment transport, terrigenous supply, seafloor, Italy, Marche; 01710. source, mineralogy, sediment distribution, delta, India, Andhra Pradesh, Godvari Delta; 01712.
- texture**
bedding, coding system, lithofacies, database, 04149. classification, cloud, surface, ice cap, 02536. debris flow, deformation, flow banding, velocity, slope failure, Atlantic, Saharan Debris Flow; 02995. image resampling, textural information content, image analysis, 13952. light diffraction, grain size analysis, clay particle, laser diffraction, 11870. macroporosity, compacted clay, clay, Canada, Kompienga Dam; 09116. microwave, backscatter, spatial resolution, USA, Maine, Howland; 15165. paleosol, clay, Neogene, sepiolite, Madrid Basin, Spain, Madrid; 04219. particle size, desert, armouring, bedload, Israel, Negev Desert; Judean Desert; 14324. permafrost, floodplain deposit, climate, sedimentation, cryogenesis, Russian Federation, Yakutia, Yana River; 10590. provenance, sand transport, fetch, beach sediment, Greece, Thassos, Chalkidiki Peninsula; 01593. provenance, sand transport, fetch, wave prevalence, beach sediment, Greece, Thassos, Chalkidiki Peninsula; 05370. sediment transport, heavy mineral, sorting, beach, shoreline erosion, Egypt, Nile Delta, Burullus Coast; 02889. simulation, segmentation, 06138. skewness, grain size, channel, dredging, India, Kerala, Vembanad Estuary; Muvattupuzha River; 11879. vision, neural network, quantification, 10080.
- texture analysis**
multibeam sonar, bathymetric sonar, seafloor, 01231.
- texture derivative**
forest stand, CASI, lodgepole pine, Canada; 07577.
- texture measure**
morphological filtering, segmentation, unsupervised classification, 13953. oil fire, dust storm, AVHRR, aerosol feature, Kuwait; 03728.
- Th-230**
ice rafting, interglacial, foraminifera, accumulation, Heinrich deposit, Atlantic, (Northeast); 10662.
- Thalassodendron ciliatum**
carbon isotope, organic matter, mangrove, seagrass, coral reef, Kenya, Gazi Bay; 11960.
- thalassoplanation**
coastal foreland, duricrust, slope development, planation, uplift, South Africa, Great Escarpment; 07776.
- thalweg**
sediment yield, soil conservation, Germany, Kraichgau; 08250.
- thanatocenoses**
Productivity Assemblage, nutrient flux, Holocene, palaeoceanography, diatom, Bering Sea, Pervenets Canyon; 05290.
- thanatocenose**
molluscan assemblage, delta lake, palaeoenvironment, biofacies, Egypt, Nile Delta; 13053.
- thauamasite**
ODP Leg 129, tuff, Miocene, seamount, hydrothermal activity, Pacific, Mariana Basin; 01641.
- thaw**
stress release, groundwater, weathering, triggering factor, Switzerland, Matter Valley, Randa; 09123. winter, freezing temperature, boreal forest, Canada; North America, Great Lakes; 09809.
- thaw depression**
thermokarst lake, salt affected soil, alas, soil salinisation, thermokarst, 12113.
- thaw modification**
Pleistocene, ice wedge cast, frost crack, Permafrost, palaeoenvironmental reconstruction, Canada, Mackenzie Delta, Richards Island; 05327.
- thawed layer**
taiga, tundra, refreezing, seasonal thaw, zoning, Russian Federation, Siberia, Yakutia; 10527.
- thawing**
ground temperature, climate, permafrost, climate warming, Russian Federation, Siberia; 01559. ice content, geophysical survey, permafrost, Canada, Quebec, George River; Kangiqsualujjuaq; 13136. permafrost, climate variability, Canada, Northwest Territories, Mackenzie Highway; Alberta, Mackenzie Highway; 13135. subgrade soil, elastic stiffness, test method, 04124.
- thawing base**
cohesive soil, seepage consolidation, settlement prediction, 11730.
- thawing soil**
moisture flow, heat transfer, freeze/thaw cycle, phase change, freezing soil, 04551.
- thematic atlas**
atlas, Finland; 10116.
- thematic cartography**
computer cartography, digitisation, map design, 04916.
- thematic map**
atlas, Europe; 02442. corporate GIS, land charge, property database, UK, England, West Midlands, Dudley; 08944. desktop mapping, 04921. electronic atlas, USA, Illinois, St Louis; 01154. fuzzy set, accuracy, 12706. geomorphological maps, raster map, urban landform, China, Chongqing City; 11489. GIS, Portugal, Cape Verde; 15099. map study, text retrieval, 13990. random sample, classification, Bayes theorem, 01125. raster data, line segment tracking, 01130. topographic map, remote sensing, GIS, cartography, 11463.
- Thematic Mapper**
chlorophyll pigment, limnological study, Brazil, Barra Bonita reservoir; 03822. crustal deformation, seismicity, digital terrain model, Italy, (South); 08861. fractal geometry, Almaz-1, geophysical field, 08786. granite, mineralization, radiometric survey, economic geology, 03747. knowledge acquisition, rule development, digital mapping, vegetation cover, USA, Texas, Big Bend National Park; 07565. land use planning, resource inventory, cover classification, 14018. linear mixture modelling, crust formation, gypsum, Tunisia; 11502. pigment concentration, salinity, phytoplankton bloom, estuary, water quality monitoring, Australia, Western Australia; 11561. principal components analysis, band ratio, 03684. radiative transfer model, spectral albedo, aerosol, 11480. soybean, corn crop, crop yield, leaf area index, biomass, plant height, USA, Ohio; 11519. vegetation index, biomass, crop yield, 14025.
- thematic mapping**
classification scheme, remote sensing, GIS, topography, 12702. Desert, remote sensing, cartography, topographic mapping, Sudan; Egypt; 10133. geomorphological mapping, agrogeological mapping, land use, national atlas, Hungary; 07511. mapping, software, 02433.
- thematic soil mapping**
field spectroradiometry, imaging spectrometer, soil spectra, dead vegetation, 11510.

- theodolite observation**
industrial survey, photogrammetric bundle solution, survey network, 11403.
- theoretical approach**
excavation, constructed wetland, BOD5 removal, wastewater treatment, 10352.
- theoretical consideration**
two dimensional spreading, granular avalanche, inclined plane, 05217.
- theoretical invariant**
spin up, rainfall amount, limited area model, 11254.
- theoretical solution**
settlement, pile group, 06504.
- theoretical study**
frost heave, buried pipeline, design measure, 04121. frost heave, sensitivity analysis, frozen soil, ice lens, 04120. relative humidity, light scattering, aerosol, 07367. sinusoidal topography, particle deposition, 04625.
- theoretical treatment**
dilatometer test, undrained clay, elastoplastic soil model, 04028.
- thermal**
rotation, stratification, 12522.
- thermal alteration**
backarc basin, deep sea sediment, sterol, stanol, Pacific, Okinawa Trough; 13245.
- thermal background radiation**
SCIAMACHY instrument, calibration, 08751.
- thermal band**
global dataset, land classification, AVHRR, environmental monitoring, vegetation phenology, 07665. monitoring, urban, derelict land, UK, England, Potteries; 15233.
- thermal bar**
circular lake, shoreline curvature, bar movement, heat budget equation, lake, 00662. water temperature, heat transport, stratification, mixing, lake, Russian Federation, Ladoga Lake; 12229.
- thermal channel**
classification map, waterlogging, cereal crop, Australia, Western Australia; 07586.
- thermal characteristics**
ejecta blanket, crater, Phobos mission, Hesperian terrain, thermal infrared, Mars; 01407.
- thermal conductance**
solar energy, wind energy, planet, 12417.
- thermal conductivity**
soil heat capacity, soil thermal property, 10743. soil temperature, surface tension, 00583.
- thermal contraction**
crack, gravel aggradation, Lake Spark, permafrost degradation, Devonian, UK, England, Cambridgeshire, Somersham; 07922.
- thermal convection**
porosity redistribution, aquifer property, groundwater flow, 13581.
- thermal data**
surface water-groundwater interaction, bank filtration, hydraulic head, river/groundwater exchange, France; 13593.
- thermal desorption**
pesticide, organochlorine pesticide, 09541. soil decontamination, US Environmental Protection Agency, petroleum, USA; 08214.
- thermal diffusion**
temperature gradient, evaporation, surface temperature, bare soil, dry surface layer, 08296.
- thermal diffusivity**
groundwater flow, vertical flux, temperature/depth profile, Japan, Nagaoka Plain; 03324.
- thermal discharge**
heat exchange, global warming, water withdrawal, lake thermodynamics, Canada, Lake Ontario; 10948.
- thermal disintegration**
quartzite, detrital sediment, weathering, size frequency distribution, quartz sand, India; 02874.
- thermal effect**
coastal zone, katabatic flow, Antarctica, Adelie Land; 00969. sea breeze, boundary layer, heat budget, 13729. sea surface temperature, lagoon, ocean water, phytoplankton, 14048.
- thermal emission**
linear polarisation, light scattering, wave propagation, reflectance spectroscopy, 07417. UARS, heterodyne radiometer, microwave limb sounder, 01081.
- thermal emissivity**
measurement, surface temperature, 10191.
- thermal energy**
temperature tracking, calving, ice drift, iceberg, energy conservation, 02088.
- thermal forcing**
atmospheric tide, cloudiness, NCAR, climate model, heating field, 14898. mechanical forcing, meridional circulation, Hadley circulation, 08561. statistical confounding, historical data, climate change, greenhouse gas, 12553.
- thermal front**
cloud detection, numerical weather prediction, sea surface temperature, NDVI, 11470. cold filament, surface, Pacific; 06296.
- thermal gradient**
AVHRR, atmospheric correction, sea surface temperature, 11537. fossil, stratified slope deposit, frost creep, frost susceptibility, illuviation, Europe, (West); 00150. lake water quality, oxygen concentration, sediment, hydrogen sulphide, eutrophication, Poland, Jasien Lake; 09669. swash zone, solar heating, temperature, sand beach, Turkey, Patara Beach; Mediterranean; 02880.
- thermal infrared**
mapping, temperature, emissivity, earth surface, 12779. radiometer, ASTER, TIR, 10050. radiometry, sea ice, ice mapping, 15212. thermal characteristics, ejecta blanket, crater, Phobos mission, Hesperian terrain, Mars; 01407. visible spectrum, ASTER, EOS-AM1, observational performance, optical imager, 10047.
- thermal infrared anomaly**
Meteosat, earthquake, China; 03773.
- thermal infrared radiometer**
land surface temperature, aircraft measurement, intercalibration, 07435.
- thermal inhomogeneity**
boundary layer, mesoscale flow, sea breeze, vertical, heat flux, 02256.
- thermal IR emission**
soil water, denitrification, remote sensing, 05530.
- thermal-IR data**
GIS, soil moisture, Landsat, USA, Florida, Lee County; 04961.
- thermal irradiance**
LOWTRAN 7, cloud radiative forcing, 07523.
- thermal isostasy**
lithospheric thickness, geophysical reference level, hypsometric analysis, Venus; Earth; 11696.
- thermal karst**
transport process, radon, airflow, radioactive tracer, hydrogeology, cave, Hungary, Budapest; 13019.
- thermal loading**
radionuclide migration, containment control, evaporation, solute concentration, nuclear waste repository, unsaturated zone, USA, Nevada, Yucca Mountain; 09711.
- thermal low**
heat low, primitive equation model, summer, Europe, Iberian Peninsula; 11188.
- thermal maturation**
lignin, hydroxybenzoic acid, palaeovegetation, coalification, phenol, Indonesia, Borneo, Mahakam Delta; 01657.
- thermal maturity**
carbonate platform, palaeoenvironment, Jurassic, organic matter, diagenesis, Akkuyu Formation, Turkey, Taurus Mountains; 09320. Permian, Phosphoria Formation, biomarker, anoxia, reservoir rock, USA, Montana, Little Sheep Creek; 02899.
- thermal metamorphism**
dynamic metamorphism, geological mapping, structural analysis, Spain, Iberian Hesperian Massif; 03748.
- thermal model**
shortwave, radiosity, forest canopy, radiance model, USA, Maine; 15167.
- thermal pollution**
airborne thermography, water management, Europe, (East), Elbe River; 07631.
- thermal property**
canali, lava type, lava tube, channel, basalt, Venus; 01403.
- thermal radiance**
volcano monitoring, volcano monitoring, hot lava, Bay of Bengal, Andaman Sea, Barren Island Volcano; 03777.
- thermal radiation**
volcanic hot spot, AVIRIS, Italy, Stromboli, Mount Etna; 08869.
- thermal regime**
dust, aerosol, radiative/convective model, 07379. glacier structure, hydro-thermal state, radio wave velocity, Svalbard, Hansbreen; Fridtjovbreen; Russian Federation, Alai Mountains, Abramov Glacier; 06628. ice regime, power plant, river ice, Russian Federation, Chulym River; Beresh River; Russian Federation, Uryup River; 02084. salinity, salt lake, limnology, hydrobiology, lake water chemistry, Mongolia; 09623. vegetation influence, soil temperature, 10826. weathering, blockfield, meltwater, glacial landform, Norway; 13148.
- thermal response**
entranced trickle down model, climate change, freshwater watershed, hydrological response, USA, Vermont, Danville; 09568.
- thermal stratification**
mixing, potable water quality, reservoir water quality, water chemistry, Spain, Cordoba, Guadalmellato Reservoir; 00713. model, climate change, lake ice, water temperature, freezing, Finland; 02779. nutrient chemistry, anoxia, lake water chemistry, Africa, Lake Tanganyika; 04486. stratification, lake water quality, predictive model, mixing, 12291. tropics, atmosphere, cyclogenesis, 04929. water transparency, chlorophyll-a, oligotrophic reservoir, oxygen deficit, reservoir water quality, Brazil, Sao Paulo, Paranapanema River, Jurumirim Reservoir; 00727.
- thermal structure**
divergence, vorticity, surface layer, 13718.
- thermal trend**
tree limit history, orbital forcing, treeline, Holocene, Sweden, Scandes Mountains; 02807.
- thermal wind imbalance vector**
ageostrophic circulation, Q vector, C-vector, 08583.
- thermally driven flow**
cavity aspect ratio, fracture flow, convection, groundwater flow, contaminant transport, 10999.
- thermally induced circulation**
latent heat flux, simple model, Walker-Hadley circulation, ITCZ, 05953.
- thermally induced flow**
error growth, predictability, dynamics, atmospheric flow, 11224.
- thermally induced stress**
temperature induced strain, viscoelastic response, sea ice, model, 02832.
- thermally induced wind**
plain, basin, mountain range, local circulation, wind system, 05969.
- thermoanemometer**
velocity field, discharge measurement, water flow, anemometer, 03226.
- thermocline**
biogeochemistry, coastal zone, stratification, dimethylsulphide, DMSP, Southern Ocean; Antarctica, Magnetic Island; 12904. climate oscillation, pelagic foraminifera, Quaternary, carbon isotope record, oxygen minimum, Pacific, Ontong Java Plateau; 00188. National Meteorological Center, hindcast, ocean temperature, El Nino, Pacific; USA; 04654. nutrient supply, seasonal cycle, spatial variability, salinity, suspended sediment concentration, North Sea; 00053.
- thermocline profile**
coupled ocean-atmosphere model, Rossby wave, ocean model, tropics, 04657.

- thermodynamic diagram**
entrainment, mixing, Paluch mixing diagram, cloud, 05985. vertical mixing, clear air, cloud, 02282.
- thermodynamic lid**
mesoscale wave, jet streak, severe convection, thunderstorm, 00990.
- thermodynamic model**
aerosol phases, gas/aerosol equilibrium, 06056.
- thermodynamic modelling**
laboratory measurement, deliquescence humidity, ammonium, sulphate, light scattering coefficient, 11326.
- thermodynamic profile**
budget analysis, boundary layer rise, entrainment, convective boundary layer, 12462.
- thermodynamic structure**
boundary layer, monsoon, depression, Bay of Bengal; 07252. momentum budget, subtropical rainband, prefrontal rainband, convective rainband, rainband, Taiwan; 00991. monsoon, boundary layer, depression, India; 14858. stratocumulus, marine boundary layer, Albrecht's model, cumulus, 00999.
- thermodynamic theory**
acidity, particle, measurement, acid aerosol, 11325.
- thermodynamics**
buoyancy, entrainment, cumulus, 02294. chlorinated benzene, redox potential, dehalogenation, biodegradation, 04232. cold front, rainband, front kinematics, 02249. dechlorination, benzene, anaerobic microbial consortium, reaction, 10312. exergy, enthalpy, 02127. frost heave, segregation potential, simulation, 13129. monsoon, vertical motion, atmospheric energetics, depression, 05952. reversibility, kinetic mechanism, redox potential, groundwater quality, 00778. stratospheric wind, data assimilation, vertical residual velocity, chemistry & transport model, 11179.
- thermodynamics theory**
groundwater contamination, adsorption, solid solution, exsolution process, 04503.
- thermohaline**
turbulent convection, 12479.
- thermohaline circulation**
DOM, glacial/interglacial carbon level, box model, atmospheric carbon dioxide, oceanic carbon cycle, 07703. Maunder Minimum, periodicity, radiocarbon, solar forcing, Atlantic, (North); 06551. ocean circulation, climate, Arctic Ocean, Bering Strait; Atlantic; 09870. ocean circulation, model, wind, Atlantic; 09859. ocean, acoustic detection, greenhouse effect, climate change, 02328. sea level rise, carbon cycling, atmospheric carbon dioxide, century timescale, ocean/atmosphere system, 00084. stable isotope study, meltwater, Laurentide Ice Sheet, glacioisostasy, salinity anomaly, Canada, Arctic Canada; 05287. Younger Dryas, polar deep water, deep water formation, palaeoceanography, climate change, 02740. zonally averaged GCM, carbon uptake, ocean circulation model, 13732.
- thermohaline structure**
height, sea surface, temperature, subsurface, Atlantic, (Northwest); Pacific, (Northwest); 15217.
- thermohaline variability**
monsoon, Indian Ocean; Bay of Bengal; Arabian Sea; 04662.
- thermokarst**
coastal plain, dune development, sea level, Holocene, Canada, Northwest Territories, Tuktoyaktuk Peninsula; 06738. frost heave, periglacial process, permafrost research, ground ice, ice wedge, Canada; 01551. geosystem, landscape, relief type, Russian Federation, Taz Peninsula, Tyumen' Oblast; 06619. involution, liquefaction, permafrost degradation, Pleistocene, Canada, Northwest Territories, Mackenzie Delta, Summer Island; 06614. thaw depression, thermokarst lake, salt affected soil, alas, soil salinisation, 12113.
- thermokarst lake**
salt affected soil, alas, soil salinisation, thermokarst, thaw depression, 12113.
- thermokarst process**
Quaternary (late), permafrost extent, Zyriansk, Sartansk, Russian Federation; 01558.
- thermoluminescence**
palaeoenvironment, desiccation, alluvial sediment, Pleistocene, calcrete, India, Rajasthan, Thar Desert; 13267.
- thermoluminescence dating**
radiocarbon dating, loess, paleosol, aeolian deposit, India, Kashmir; 13028.
- thermochemical coupling**
sea level lowering, Little Ice Age, mass balance, ice sheet, modelling, Greenland; 10536.
- thermometer**
heat flux, temperature sensor, radiation absorption, excess temperature, fast response, 14810.
- thermometer exposure**
weather station, weather data (19th century), temperature trend, nonstandard, USA; 07173.
- thermometer screen**
climate change, temperature, exposure, 09788.
- thermometry**
infrared, sensible heat flux, savanna, Niger; 12459. seamount, REE, smectite, seawater, hydrothermal fluid, nontronite, Pacific, (Central); 00428.
- thermomineral water**
carbon dioxide contamination, groundwater contamination, geochemistry, Spain, Murcia, Alto Guadalentin Aquifer; 09716.
- thermophilous tree**
Isotope Stage 3, Last Glacial, pollen analysis, Italy, Latium, Vico Lake; 11804.
- thermosphere**
ATLAS-1, stratosphere, mesosphere, 12723. atomic oxygen, dynamics, energy budget, mesosphere, 03558. density fluctuation, diffusion coefficient, turbulence, energy budget, mesosphere, 09894. EISCAT, radar, atmosphere, Scandinavia; 15121. empirical model, meridional wind, mesopause, 09878. gravity wave, wind, semiannual oscillation, mesosphere, Christmas Island; 09825. hemisphere, radio, meteor, mesopause, 15122. high resolution Doppler imager, diurnal tide, zonal mean wind, mesosphere, 11473. line by line method, nitric oxide, photolysis, stratosphere, mesosphere, 09992. mesopause, meridional wind, seasonal cycle, 11138. mesosphere, ATLAS-1, ionosphere, 12729. momentum flux, mesosphere, Australia, South Australia, Adelaide; 07269. radiometer, wind measurement, wave flux, 07275. remote sensing, ozone, kinetic model, mesosphere, 07344. turbulence parameter, turbopause, eddy diffusion coefficient, mesosphere, 13736. wind measurement, radar, rocket observation, mesosphere, 03441.
- thickness**
compacted soil liner, stochastic model, 11705. till, erratic boulder, lodgement till, ground penetrating radar, Quaternary geology, Switzerland; 02794.
- thickness distribution**
albedo, satellite imagery, sea ice, snow cover, Antarctica; 04548.
- Thiém-Dupuit equation**
pumping test, transmissivity, piezometer, radius of influence, groundwater flow, 09687.
- thin film**
ozone, sulphuric acid, FTIR, aerosol, stratosphere, 09997.
- thin sea ice**
pancake/slush ice, nilas, radar backscatter, Arctic; 14086.
- thin section**
lake sediment, sedimentary structure, embedding, 14303. soil micromorphology, illuviation, translocation, till, Antarctica, North Victoria, Shackleton Range; 11903.
- thinning algorithm**
simple point, point, digital topology, 10072.
- Thiosphaera pantotropha**
marine sediment, urea production, sulphate, denitrification, fermentation, 04227.
- thiram**
decomposition, fungicide, cellulose decomposition, terbutylazine, Malaysia; 09548.
- Third World**
geoecology, remote sensing, climate ecology, 11524.
- thorium**
element concentration, geochemistry, uranium, China; 06807. laterite, saprolite, REE, weathering, Cameroon, Akongo; 05403. river sediment, radionuclide, phosphate fertiliser, anthropogenic emission, uranium, Spain; 11992. seabed, resuspension, plutonium, americium, sediment circulation, UK, England, Cumbria, Sellafield; Irish Sea; 08091. water column, nutrient, cycling rate, Atlantic, (Northwest); 09341. weather station, cycling, particle cycling, sinking, aggregation, Pacific, (North); 09342.
- thorium-230**
radionuclide, settling, bottom current, residence time, sediment transport, Norwegian Sea; Greenland Sea; 07960.
- thorium-230 age**
sea level, uranium series dating, coral, summer insolation, glacial/interglacial cycle, Barbados; 09212.
- thorium-230 excess**
Holocene, sediment flux, radiocarbon, Atlantic, (North); 06558.
- thorium-234**
continental shelf, trace metal, scavenging, phytoplankton bloom, colloid, USA, New England, Buzzards Bay; 09338. primary production, North Atlantic Bloom Experiment, scavenging, water column, seafloor, Atlantic, (North); 01707.
- thorium dating**
Holsteinian, marine formation, oxygen isotope stage 9, France, Nord, Herzele; 02733.
- thorium isotope**
particle cycling, water column, aggregation, trace metal, euphotic zone, Atlantic, (North); 01708.
- Thornthwaite-Mather method**
basin classification, runoff, catchment yield, rainfall/evapotranspiration, 06969.
- Thornwaite method**
evapotranspiration, moisture index, vegetation type, climate classification, China, Loess Plateau; 02200.
- thoron**
radon, progeny, aerosol, size distribution, 13873.
- threat analysis**
human health, groundwater resource, ecosystem analysis, environmental threat, Europe; Netherlands; 10341.
- three dimensional**
balance theory, rapidly rotating vortex, hurricane, vortex, 11194. boundary layer transition, nonlinearity, critical layer, diffusion layer, 08538. camera, photogrammetry, digital, close range, measuring system, 15053. coordinate, field mapping, mapping, planimetry, 06163. cumulus, ocean, cloud structure, 09923. DTM, sedimentary basin, France, Soria Province, Ebro Basin; Ebro; 12787. geodetic model, map projection, 06204. GPS, geodesy, earthquake, network, Italy, Friuli; 12785. hyperbolic positioning, 15046. imaging, resistivity, GEMIT inversion, electromagnetic, 04862. iterative clustering, multispectral image, clustering, classification, 10070. modelling, DEM, GIS, 15086. multiresolution imagery, photomosaic, 04888. multitemporal data, feature space, TM, wetlands, 06288. network, pump storage, reservoir, GPS, Germany, Goldisthal; 15235. non uniform flow, mesoscale, microscale, 04687. numerical model, cloud dynamics, microphysics, chemistry, severe storm, 04710. Rossby number, semigeostrophic approximation, scaling, 11195. scanning lidar, lidar system, aerosol monitoring, rural area, Greece; 10164. temperature, sea surface temperature, ocean dynamics, hydrodynamic model, 05000. terrain model, merging, raster, vector, 06180. terrain model, visualisation, hierarchical model, 06168. well log, subsurface profile, 06232.
- three dimensional analysis**
safety factor, slope stability, equilibrium model, stability analysis, general limit equilibrium, 09084.
- three dimensional computer modelling**
lineament analysis, lithology discrimination, structural interpretation, petroleum exploration, USA, Utah, Paradox Basin; 03762.
- three dimensional data**
marine operation, EEZ mapping, marine GIS, USA, Hawaii; 11536. stereo display, geographical data, parallax displacement, synthetic stereo, 11429.
- three dimensional fault**
Euler angle, automated technique, normal fault geometry, hanging wall, 06475.

- three dimensional flow model**
dispersion, advection/diffusion equation, particle transport, 14618.
- three dimensional GIS**
aerotriangulation, photogrammetry, 08733. multirepresentation, animation, GIS, 06197. turkey volume, bird hazard, aircraft, 11534.
- three dimensional image**
stone weathering, confocal microscopy, weathering, 10357.
- three dimensional imaging**
gridding, contaminated site, visualisation, 01155.
- three dimensional mapping**
magnetic resonance imaging, dual porosity soil, soil water, 04494.
- three dimensional measurement**
hydrographic survey, survey system, robot, 10045.
- three dimensional model**
cloud dynamics, microphysics, pollutant distribution, chemical lifetime, severe storm, 06027. cloud dynamics, microphysics, severe local storm, 05975. cloud model, mesoscale vortex, stratiform cloud system, 08599. cloud dynamics, microphysics, cloud chemistry, precipitation chemistry, 06028. computer model, graphics software, groundwater modelling, 14698. dynamic parameter, model, middle atmosphere, 13747. finite element model, conjugate gradient method, groundwater flow, 14722. hydrocarbon, contaminant transport, contaminant fate, groundwater contamination, 04516. middle atmosphere, transport model, 11174. numerical modelling, shallow water, flow modelling, dispersion model, Netherlands, Lake Yssel; 01330.
- three dimensional modeler**
generalised map, hypermap, 10075.
- three dimensional modelling**
Quaternary, fluvial dynamics, terrace development, uplift rate, climate cyclicity, Netherlands, Maastricht, Maar River; 06454. subsurface contamination, environmental assessment, USA, California, Vadenburg Air Force Base; 02563.
- three dimensional net**
GPS survey, reference epoch, 11396.
- three dimensional object**
object recognition, CAD, representation, 02432. surface classification, object recognition, quadric surface, 03686.
- three dimensional perception**
map design, depth cue, 11454.
- three dimensional test**
drained/undrained loading, Bothkennar soil, triaxial cube apparatus, 04018.
- three dimensional turbulence**
boundary layer flow, velocity profile, cross stream velocity, turbulence model, 03234.
- three dimensional space**
image, object, surface point, 06144.
- three phase flow**
microscopic observation, non aqueous phase liquid, soil matrix, cryo SEM, 00766.
- three phase media**
Haman, J., mechanics, pore geometry, 10407.
- thresholding**
RMS, error minimisation, spectral endmember, 02406.
- threshold method**
radar echo, area averaging, rainfall, frontal rain, 02302. raingauge data, 04580.
- thresholding**
edge detection, pyramid structure, 11415.
- throughfall**
interception, stemflow, rainfall distribution, forest canopy, 12191. interception, storm damage, forest hydrology, edge effect, precipitation, stemflow, UK, England, Hampshire, Black Wood; 01914. oak forest, soil chemical property, sulphate, atmospheric deposition, USA, (Midwest), Great Lakes; 12153. runoff loss, nutrient cycling, bamboo stand, 00696. soil water recharge, Flourensia cernua, desert plant, stemflow, Mexico, Chihuahuan Desert; 09580. stemflow, precipitation chemistry, interception, UK, England, Hampshire, Black Wood; 14601. stemflow, runoff ratio, water conservation, infiltration ratio, bamboo, 07107. stemflow, sulphur cycling, forest, isotope, 02346. stemflow, wet deposition, dry deposition, nitrogen, forest canopy, Europe; North America; 10892. sulphur dioxide, ammonia, nitrogen dioxide, deposition, precipitation, Netherlands, Elspeetsche Veld; 12567.
- throughfall chemistry**
atmospheric deposition, forest canopy, spruce forest, trace element, Switzerland; 12188. atmospheric deposition, precipitation chemistry, sulphate, nitrate, forest, montane ecosystem, USA, Tennessee, Great Smoky Mountains National Park; 01912. canopy leaching, dry deposition, bulk precipitation, precipitation quality, spruce/fir forest, USA, Colorado; 01911. forest, canopy leaching, nitrogen flux, precipitation quality, Canada, Alberta; 13457. ionic diffusion, precipitation chemistry, canopy uptake, canopy leaching, 13458. mountain forest, nutrient dynamics, canopy leaching, precipitation chemistry, China, Changbai Mountain; 12192. overland flow, hydrograph separation, runoff water chemistry, base cation dynamics, 05724. oxygen-18, isotope content, isotope fractionation, forest canopy, precipitation chemistry, USA, Pennsylvania; 12190. stemflow chemistry, atmospheric deposition, canopy leaching, forest, acidic deposition, USA, Georgia, Georgia Piedmont, Panola Mountain; 06954. stemflow chemistry, litter fall, heavy metal, precipitation chemistry, Malaysia, Kuala Lumpur; 13456. stemflow chemistry, runoff water quality, streamwater quality, rainforest ecosystem, forest catchment, precipitation chemistry, China, Hainan Island, Jianfengling; 02091. stemflow chemistry, strontium isotope, soil/plant/atmosphere continuum, element cycling, cation leaching, Japan, Kawakami; 08425.
- throughfall deposition**
areal variability, acidic deposition, atmospheric deposition, canopy process, USA, Maine; 05660.
- throughfall flux**
spruce forest, spatial variability, dry deposition, canopy exchange, solute flux, 03208.
- throughfall isotope**
soil water isotope, groundwater isotope, runoff model, isotopic heterogeneity, rainfall isotope, USA; New Zealand; China; 08309.
- throughfall measurement**
deposition estimation, dry deposition, canopy leaching, acidic deposition, forest, Netherlands; 10899.
- throughflow**
gully initiation, Quaternary, volcanic environment, temperate climate, mass movement, Mexico, Tlalpujahua River Basin; 03957. overland flow, runoff model, hillslope hydrology, pseudogley soil, Keuper Marl, Luxembourg; 01924. runoff, flow path, hillslope hydrology, preferential pathways, soil water, UK, Scotland, Allt A' Mharcaidh; 09596. soil moisture, soil salinity, streamflow generation, runoff, overland flow, Australia, Western Australia; 00634.
- thrust belt evolution**
paleostress analysis, uplift, piggyback basin, compressional basin, Pliocene/Pleistocene basin, Italy, Basilicata, Southern Apennines; 09065.
- thrust block**
drumlin, glaciotectionic structure, Canada, Saskatchewan, Prince Albert, Red Deer Hill; 05306.
- thrusting**
orthogonal extension, rifting, Cainozoic (late), longitudinal extension, Italy, Apennines; 07788.
- Thule culture**
stratigraphy, whale bone house, Canada, Arctic Canada, Somerset Island; 13115.
- thundercloud**
electrical field, ionosphere, multipole field, 07196. model, water drop, dynamic force, electrical field, 01007. radar echo, lightning, polarisation radar, ice particle, winter, 05987.
- thunderstorm (August 1992)**
severe weather, Germany; 09808.
- thunderstorm**
balloon borne instrument, charge, particle size, precipitation, 12406. charge density, negative charge, precipitation, 04598. cloud model, hodograph curvature, updraft intensity, supercell, 02285. cloud-to-ground lightning, lightning discharge, Nepal, Kathmandu; 00840. cloud-to-ground lightning, tornado, supercell, USA, Illinois, Plainfield; 02158. Doppler radar, tropical, 07301. electrical field, charge, precipitation particle, electrification, lightning flash, 05889. electricity, global model, 08503. electrification process, electric charge, review, 02160. flash flooding, severe weather (26 May 1993), UK, England; 12434. forecast, space shuttle, short term forecasting, launch operation, 02309. lightning, ball lightning, colour photograph, Austria; 09804. Maxwell, middle atmosphere, current density, lightning, electrical field, 14826. probability distribution, storm occurrence (1951-1990), hail, Croatia, Bjelovar; Cazma; Croatia, Krizevci; 11128. rain, microwave, remote sensing, wheat, 04987. severe storm, tornado, mesoscale, USA, Colorado, Limon; 13760. surface reporting station, network, lightning data, USA; 00842. thermodynamic lid, mesoscale wave, jet streak, severe convection, 00990. volcanic ash, geostationary meteorological satellite, ash cloud, AVHRR, Philippines, Mount Pinatubo; 08857.
- thunderstorm activity**
global surface temperature, electrical circuit, temperature trends, 04592. rainfall, convective cloud, field experiment, CLEOPATRA, Germany, Bavaria; 01328.
- thunderstorm cell**
ion heating, ionosphere, heating, suprathermal ion, 03418.
- thunderstorm formation**
VISSR atmospheric sounder, column integrated water content, 01173.
- thunderstorm identification**
radar, methodology, 08490.
- thunderstorm initiation**
Doppler weather radar, nowcast, 04737. sounding, mesonet data, nowcast, 04738.
- tidal analysis**
wind data, lunar tide, mesosphere, Australia, Adelaide; 04667.
- tidal basin**
coastal water quality, estuary, carbon dioxide, dissolved oxygen, alkalinity, Netherlands, Wadden Sea; 10955.
- tidal channel**
channel discharge, velocity, estuary, surface slope, channel hydraulics, USA, California, Petaluma Marsh; 06975. coarse sediment, current, estuary, sediment transport, Netherlands, Ems Estuary; 06656. Eleonore Bay Supergroup, Lyell Land Group, Proterozoic, sandstone, Cambrian, Greenland, East Greenland; 06677. estuary, sediment accretion, salt marsh, sea level, UK, Wales, Cardigan Bay, Dyfi Estuary; 07973. navigation, bedload, sand wave, sediment transport, estuary, China, Changjiang Estuary; 09393. storm, bioturbation, Hurricane Andrew, ooid deposition, mud, Bahamas, Great Bahama Bank, Cat Cay; Joulter Cays; 00396.
- tidal constant change**
coast, secular trend, sea level change, Australia, Western Australia; 06610.
- tidal creek**
ecosystem development, nutrient flux, marsh/estuary system, USA, Carolina, North Inlet; Bly Creek; 05695.
- tidal current**
bedform, morphodynamics, intertidal dune, UK, England, Norfolk, Wells-next-the-Sea, Lifeboat Station Bank; 14153. deep water channel, shoaling, submarine relief, China Sea, Fujian Province, Meizhou Bay; Beiniu Sands; 12958. discharge, estuary, bedform, dune, sediment supply, France, Gironde Estuary; 05378. modelling, sediment transport, tidal flow model, Atlantic, English Channel, Dover Strait; 11987. sandbank, bedform, sediment transport, 10665. sandbank, turbidity, bottom sediment, fishing, Japan, Neko Seto Sea; 09282. SAR, internal wave, internal wave trains, Atlantic, Strait of Gibraltar; 14074. sea level change, transport path, grain size, barrier island, North Sea, Netherland Coast; German Coast; 05440. sedimentation pattern, Japan, Tokyo Bay; 09279. tropical region, carbonate, continental shelf, seagrass, siliclastic sediment, temperate region, Australia, Australian Shelf; 13274. turbulence, sediment concentration, suspension, sand, UK, England, Devon, Taw Estuary; 07955. vortex, sediment transport, boundary

- layer, Japan, Neko Seto Sea; 09270. wave action, coastal defence, delta, shoal, channel, North Sea, German Bight; Netherlands; 01698.
- tidal cycle**
beach slope, sediment activation, wave action, storm, USA, Delaware, Delaware Bay; New Jersey, Delaware Bay; 06661. estuary, plutonium, salinity, pH, desorption, UK, England, Cumbria, Esk Estuary; 01755. flocculation, suspension, settling velocity, estuary, floc size, Netherlands, Wadden Sea; 02888.
- tidal datum**
levelling, datum, USA, Florida; 06306.
- tidal deposit**
diatom, palaeoecology, wetlands, 05347. Oxygen Isotope Stage 7, foraminiferal assemblage, Eemian, sea level, interglacial, France, Seine River, Tancarville; 01461.
- tidal dynamics**
bottom stress, tidal flow, friction coefficient, 12235. salt water intrusion, mathematical model, pollutant transport, river/estuary system, heavy metal dispersion, UK, Wales, Milford Haven; England, Cornwall, Fal Estuary; 04483.
- tidal exchange**
ocean, lagoon/ocean exchange, nutrient exchange, Mexico, Sinaloa State, Huizache-Caimanero Lagoon; 04468.
- tidal excursion**
parameter estimation, Lagrangian analysis, estuary, St Venant's equation, tidal prism, estuary mean depth, 00673.
- tidal flat**
aggregate morphology, aragonitic fabric, Pennsylvanian, Panther Seep Formation, microbiolite, USA, New Mexico, San Andres Mountains; 06682. beach, coastal protection, dune island, Germany; North Sea, East Frisian Island, Wangerooge; 11961. biostabilisation, surface structure, microbial mat, shrinkage crack, saltern, 04213. channel migration, river mouth, delta plain, sand, Canada, British Columbia, Fraser River Delta; 13169. coastal wetland, sea level rise, coastal erosion, Bruun rule, 07767. cohesive sediment, reworking, shear stress, sediment transport, Brazil, Amazon River; 13164. cyclic sedimentation, Cape Pillsbury Member, Paleocene, mudstone, sea level, 14412. cyclicity, shell bed, cyclothem, Devonian, carbonate platform, Poland, Holy Cross Mountains; 11917. data processing, coastal zone, hypsometry, 10219. death assemblage, tide, shell, bivalve, USA, Washington, False Bay, San Juan Island; 01605. distributary, delta, China, Yellow River Delta, Yellow River Harbour; 12017. drift ice, coastal morphology, rocky coast, beach, Canada, Maritime Provinces; 00275. grain size, sand, sediment transport, beach, dune, Germany, Sylt; 01590. Holocene, mangrove, zonation, sea level change, geomorphology, Micronesia, Pohnpei Island; Philippines, Pagbilao; 00397. Little Ice Age, transgression, supratidal sand, Medieval climate optimum, sea level rise, Germany, Wadden Sea; 00266. Ordovician, Platin Group, depositional environment, limestone, sea level, dolomite, USA, Missouri; 13198. provenance, kaolinite, clay mineral, Korea; 10643. resuspension, organism, seasonality, seston, food availability, Chile; 02941. sea level, transgression, littoral barrier, coastal plain, Holocene, Argentina, Buenos Aires; 02982. vegetation mapping, photointerpretation, Netherlands; 07563.
- tidal flat deposit**
unconformity, shoreline, Triassic (Lower), sea level change, arenite, France, Alpes-de-Haute-Provence, Barles; 08051.
- tidal flood**
flash flood, floodplain, land use, Taiwan, Chia-Nan; 09730.
- tidal flow**
friction coefficient, tidal dynamics, bottom stress, 12235. tidal prism, current estimation, estuary, tidal gauging, New Zealand; 10949. turbulence, shear stress, particle size, suspended sediment, wetlands, UK, England, Norfolk; 05369.
- tidal flow model**
tidal current, modelling, sediment transport, Atlantic, English Channel, Dover Strait; 11987.
- tidal forcing**
circulation, residual current, eddy viscosity, Canada, British Columbia, Strait of Georgia; 01975. plume, buoyant plume, USA, Alabama, Mobile Bay; 04998.
- tidal gauging**
tidal flow, tidal prism, current estimation, estuary, New Zealand; 10949.
- tidal h Love number**
diurnal band, 14891.
- tidal inlet**
bedform, wave, coastal engineering, longshore drift, grain size, Netherlands, Het Zwin; 04165. ebb tidal delta, scour, beach response, channel dynamics, USA, South Carolina, Little River Inlet; North Carolina, Little River Inlet; 05156. longshore sediment transport, lake, tide, wave height, littoral drift, India, Orissa, Chilka Lake; 06662. mud, architecture, spit, delta facies, barrier island, USA, Texas, Bolivar Roads; 05377. sediment transport, O'Brien method, current speed, UK, England, Hampshire, Langstone Harbour; China, Hainan, Yangpur Harbour; 10576. tidal range, coastal erosion, sea level rise, South Africa, Cape Province, Cape Town, Diep River, Milnerton; 07913.
- tidal inundation**
particulate flux, estuary, nutrient exchange, spatial variability, salt marsh, USA, Georgia, Cumberland Island; 01970. particulate organic matter, seston, salt marsh, Netherlands; 00672.
- tidal marsh**
Holocene, Caesium-137, tsunami, earthquake, sand sheet, Canada, British Columbia; 11908. submergence, Holocene, stratigraphy, subduction zone, USA, Oregon; 00255.
- tidal measurement**
gravity measurement, satellite altimetry, geodesy, Earth environmental study, 10282.
- tidal mixing**
CZCS, bottom topography, dune trough configuration, Atlantic; Gulf of Maine, Georges Bank; 14053. island hydrology, freshwater lens, groundwater resource, salt water intrusion, Tonga, Ha'apai Group, Lifuka; 08406. ocean, atmospheric forcing, surface heat flux, heat flux, Gulf of California; 08543.
- tidal mixing front**
plume front, shear front, buoyancy driven flow, horizontal density gradient, estuary, surface front, 01977.
- tidal parameter**
space shuttle photography, tidal zone, USA, Delaware Bay; 01239.
- tidal prism**
current estimation, estuary, tidal gauging, tidal flow, New Zealand; 10949. estuary mean depth, tidal excursion, parameter estimation, Lagrangian analysis, estuary, St Venant's equation, 00673.
- tidal process**
underground river, hydrodynamics, karst system, chemistry, brackish water, Philippines, Palawan Island, St. Paul; 13021.
- tidal propagation**
convergent channel, estuary, 14620.
- tidal range**
coastal erosion, sea level rise, tidal inlet, South Africa, Cape Province, Cape Town, Diep River, Milnerton; 07913. fine sediment, estuary, turbidity, sediment transport, UK, England, Tamar Estuary; 08050. salt marsh, temperate zone, grain size, accretion, channel network, marsh, UK; 06773. sediment supply, grain size, delta, shoreline, 02974.
- tidal reach**
estuary water quality, salinity, computer model, river water quality, India, Hooghly River; 07039.
- tidal regime**
climate, sea level, salt marsh, sediment supply, UK; 00124.
- tidal resonance**
estuarine sedimentation, laminated mud, stratigraphy, Holocene, USA, Massachusetts, Boston, Back Bay; 00120.
- tidal river**
design water level, river discharge, estuary, typhoon, water level, Hong Kong; 03243. sewage, channel morphology, mercury, methylmercury, seasonality, UK, England, Norwich, Yare River; 10679.
- tidal shoreline**
coastline measurement, fractal modelling, Italy, Po Delta; France, Brittany; Germany, Schleswig-Holstein; 11421.
- tidal structure**
space shuttle, re-entry data, middle atmosphere, gravity wave, 02226.
- tidal variability**
atmospheric angular momentum, VLBI, ocean modelling, atmospheric modelling, 11547.
- tidal variation**
suspended sediment, resuspension, turbidity, China, Changjiang Estuary; 06741.
- tidal velocity**
river channel, vegetation, bank protection, soil stability, bank erosion, Nigeria, Niger Delta; 00097.
- tidal water**
land parcel, legal, boundary, 10247.
- tidal wetland**
Holocene, sea level, climate history, radiocarbon dating, chronostratigraphy, USA, Delaware, Delaware, Wolfe Glade; 00260.
- tidal wind**
satellite, mesosphere, 03440.
- tidal wind field**
energy flux, momentum flux, parameterisation scheme, 09887.
- tidal zone**
grain size, estuary, suspended matter, pollution, trace element, Netherlands, Scheldt Estuary; Belgium, Scheldt Estuary; 03037. tidal parameter, space shuttle photography, USA, Delaware Bay; 01239.
- tidal zone soil**
remobilisation, transuranic element, terrestrial environment, fuel reprocessing plant, geochemical behaviour, Irish Sea; 02611.
- tide**
current, seasonal variation, salt transport, suspended sediment, India, Kerala, Cochin, Muvattupuzha River; 06657. mean sea level, time series, sea level, Baltic Sea; North Sea, German Bight; 02823. middle atmosphere, spectral approach, zonal wave number, mean circulation, 14896. middle atmosphere, wind, Canada, Saskatoon; 03437. middle atmosphere, wind, USA, Illinois, Urbana; 07270. nonlinear interaction, current profile, wind, 13731. prediction, earthquake, tsunami, geodetic survey, Pacific; 06236. residence time, suspended sediment, estuary, oyster, fluvial sediment, Portugal, Baixo, Sado Estuary; 02887. shell, bivalve, tidal flat, death assemblage, USA, Washington, False Bay, San Juan Island; 01605. spit, estuary, bathymetric map, Portugal, Sado Estuary, Troia Peninsula; 06740. temperature variability, middle atmosphere, satellite, 03443. total suspended solids, hydrodynamics, evapotranspiration, estuary, salinity, Brazil, Itamaraca; 00676. water quality, suspended solid, water pollution, Brazil, Rio de Janeiro, Guanabara Bay; 01241. wave height, littoral drift, tidal inlet, longshore sediment transport, lake, India, Orissa, Chilka Lake; 06662. wind, numerical simulation, oil spill, hydrodynamic model, Arabian Gulf; 12884.
- tide gauge**
benchmark, absolute sea level, climate change, vertical crustal movement, 02816. crossover adjustment, stochastic/deterministic approach, altimeter data, 11417. eustasy, coastal geology, subsidence, sea level rise, greenhouse effect, Australia, South Australia, Port Adelaide; 02827. geodetic activity, levelling, network, Australia, South Australia, Port Stanvac; Thevenard; 04858. GPS, ice cap, sea level, Greenland; 02538. height datum, levelling, GPS height, geoid, Australia; 11395. monitoring, mean sea level, GPS technique, sea level, UK; 05319. postglacial rebound, postglacial rebound, sea level rise, instrument record, USA, Florida, Key West; 05317. sea level rise, delta, neotectonics, China, Zhujiang River; 03985. subsidence rate, Pleistocene (late), coastal subsidence, sea level, USA, Texas; 00256. tectonic movement, glacial unloading, neotectonics, eustasy, sea level rise, 07782.
- tide gauge data**
anthropogenic impact, environmental impact, global sea level dataset, 02817. Holocene, transgression, coastline, sea level rise, marsh aggradation, Canada, Nova Scotia; 07756.
- tide gauge record**
sea level change, 07907.

tide model

estuary, tsunami, water level, Canada, Quebec, St Lawrence Estuary; 05697. seismic activity, estuary, water level oscillation, tsunami, Canada, Quebec, St Lawrence Estuary; 05698.

tide modelling

surface drift, oil spill, forecasting model, surge modelling, Arabian Gulf, Strait of Hormuz; 10337.

tide range

beach morphodynamics, microtidal, macrotidal, wave dominated beach, 02677.

tide water glacier

calving dynamics, Holocene record, ice fluctuation, winter precipitation, Chile, Patagonia, San Rafael Glacier; 04129. Holocene, climate, glacial fluctuation, Little Ice Age, USA, Alaska, Kenai Mountain; 09204. reworking, estuary, Devensian (late), Holocene, sedimentary environment, UK, Wales, Barmouth Bay; 10380.

tideless estuary

flow characteristics, barotropic pressure, baroclinic pressure, estuary, salt water hydrodynamics, Baltic Sea; 01978.

tidewater ice sheet

till, Wisconsinan ice complex, fjord, stratigraphy, glaciomarine environment, Canada; 00235.

TIGER

software, data, 02436.

TIGER data

teaching GIS, address matching, educational software, data structure, topological data, 11436.

Tiglian stage

Beerse glacial, paleosol, provenance, climate development, periglacial environment, Belgium; 07923.

Tilia decline

Flandrian, vegetational history, pollen data, stratigraphy, Ulmus decline, UK, England, East Sussex, Brede Valley; 10507.

till

crop yield, landscape position, loess, USA, (Midwest); 14593. dilatancy, subglacial monitoring, microseism, fault plane analysis, slip rate, Antarctica, West Antarctica, Ice Stream B; Ice Stream C; 10542. dispersal pattern, glacial transport, glacial dispersal, rock debris, lithological content, Canada, Quebec, Gaspésie; 06586. drumlin, glacial erosion, meltwater, subglacial process, USA, Washington, Puget Lowland; 14272. Eemian, paleosol, TL dating, buried podsol, optically stimulated luminescence dating, Finland, Ostrobothnia; 02780. element, relict sediment, clay, bathymetry, sediment source, Arctic Ocean, Kane Basin; 09330. erratic boulder, lodgement till, ground penetrating radar, Quaternary geology, thickness, Switzerland; 02794. esker, sand/gravel, subglacial stream, Finland, Lapland, Lutto River Basin; 10493. fluvial gravel, beach, particle size, coarse sediment, sampling, 11869. glacial sediment, diagenesis, dissolution, carbonate, Switzerland, Tsanfleuron Glacier; 02906. glacial sequence, non till diamicton, diamicton sediment, clastic intrusion, liquefaction, 10483. Glossoboralf, micromorphology, soil physical property, fragipan, USA, Minnesota; 06890. gravel, diamicton, Quaternary, sedimentary record, Germany, Rugen; 06671. Hayesville till, Hiram till, Port Bruce Stadial, heavy mineral, Ashtabula till, USA, Ohio, Lake Erie; 05307. ice rafting, turbidity current, radiocarbon dating, Wisconsinan, deglaciation, Canada, Nova Scotia, Emerald Basin; 14269. ice sheet, glacial deposit, Pleistocene, neotectonics, Estonia; Latvia; Lithuania; 04098. intertill clay, glacial loading, overconsolidated, preconsolidation, Canada, Saskatchewan; 02791. intertill clay, preconsolidation, Proctor density, glaciation, compression characteristic, Canada, Saskatchewan; 01435. lacustrine clay, ice margin, drainage system, Anglian stage, Hoxnian, UK, England, Suffolk, Shottisham; Eyke, Rookery Farm; 00238. loess, polygenesis, Pleistocene, paleosol, Yarmouth-Sangamon Paleosol, USA, Iowa, Earlham; 05272. marine environment, glaciomarine sediment, ice margin, calving, seismic mapping, 07849. meltwater drainage, Wisconsinan (late), glacial geology, terminal moraine, glacial lake, USA, New Jersey, New Jersey Highlands; 06588. Pliocene/Pleistocene, relief, placer, planation surface, Asia, Sayan; 04102. pollen diagram, interglacial environment, Holsteinian, Naaknavara interglacial, peat deposition, Finland, Lapland; 00225. Quaternary, carbonate, cementation, water infiltration, Poland, Drawskie Lakeland, Czaplinek; 02781. Saginaw Lobe, ice stagnation, ice topography, Tekonsha Moraine, Lake Michigan Lobe, USA, Michigan; 04092. sand, aggregate mining, environmental impact, seafloor, Baltic Sea, Slupsk Bank; 03043. sediment dewatering, microscopy, subglacial deformation, 13144. stratigraphy, meltout till, grain size, heavy mineral content, lodgement till, Poland, Kleszczow Graben, Belchatow; 04099. sulphur, mineralization, salinity, groundwater, glacial sediment, weathering, Canada, Saskatchewan, Luck Lake; Alberta, Bow River; 07996. temperate valley glacier, clast, glacier flow, fluted moraine, Norway, Jotunheimen, Slettmarkbreen; 11900. thin section, soil micromorphology, illuviation, translocation, Antarctica, North Victoria, Shackleton Range; 11903. Vistulian, chronostratigraphy, TL dating, aqueous deposit, Poland, Konin Region; 07833. weathering index, postglacial, geochemical weathering, Canada, Quebec, Gaspésie; 09032. weathering rind, Last Glaciation, Henty glaciation, Australia, Tasmania, Poatina, Longford; 01516. Weichselian glaciation, drumlin, stratigraphy, sedimentary structure, 14277. Wisconsinan ice complex, fjord, stratigraphy, glaciomarine environment, tidewater ice sheet, Canada; 00235.

till deposit

glacial meltwater, seismic stratigraphy, Quaternary, substratum, North Sea, Kattegat; 07857.

till drumlin

deformation, Rhine glacier, Germany, Alpine Foreland; 10495.

till fabric

subglacial environment, glacier, glaciotectionic deformation, lodgement, bed deformation, UK, England, Norfolk; 07965.

till facies

lodgement, meltout, subglacial process, Poland, Belchatow Quarry; 14279.

till geochemistry

precious metal, glacial dispersal, mineral exploration, Canada, Nova Scotia, Cape Breton Island; 13085.

till plain

meltwater channel, palaeoenvironmental implication, Vistulian glacial deposit, glaciodynamic feature, Poland, Smigiel; 02797.

till sequence

Pleistocene, stratigraphy, palaeoecology, palaeopedology, cryoturbation, Canada, Northwest Territories, District of Mackenzie, Little Bear River; 04086.

till stratigraphy

deglaciation, glaciation, interglacial, interstadial, ice margin, Finland; 00240.

till topography

bedrock morphology, glacial deposit, lacustrine basin, coring, geophysical method, France, Ain, Lac de Cerin; Jura; 04080.

tillage

aggregate breakage, 09465. agriculture, polygenetic sediment, ironcrust, Togo, Niamtougou Plain; 00517. Alfisol, soil water content, conservation tillage, soil water vapour, Nigeria, Ibadan; 08144. alley cropping, crop yield, Kandudult, soil physical property, soil chemistry, Cameroon; 08186. amelioration, land clearing, soil loosening, soil compaction, Africa, (East); 08103. anion movement, cation movement, lysimeter, Hapludult, macropore, USA, Appalachians; 01838. Argiudoll, crop rotation, fractal analysis, aggregate formation, soil fragmentation, 12045. bulk density, penetration resistance, crop rotation, clay soil, Canada, Saskatchewan, Indian Head; 03152. bulk density, penetration resistance, Paleustoll, Paratill, USA, Great Plains; 01823. caesium-137, soil erosion assessment, Canada, Quebec; 08237. carbohydrate, organic carbon, carbon, crop rotation, phosphatase, Canada, Quebec, La Pocatière; 01835. carbon storage, EPIC model, USA; 06929. Chernozem, caesium-137, Ukraine, Donets Steppe; 10884. Chernozem soil, nitrogen, fertiliser, barley, Canada, Alberta; 03124. crop residue, air permeability, permeability, frozen soil, infiltration, 10840. crop residue, soil reflectance, crop growth, surface reflectance, 00585. crop rotation, aggregation, crop residue, soil erodibility, USA, Kansas, Hays; 14518. crop rotation, Fragiudalf, soil physical property, USA, Illinois; 05592. crop rotation, phosphorus loss, groundwater contamination, nitrogen loss, USA, Illinois; 09557. crop rotation, sediment yield, sloping field, runoff, 09555. crop yield, compaction, physical index, soil physical property, soil chiselling, India; 08106. crop yield, subsoiling, soil compaction, soil physical property, 13392. fertiliser, nitrate, nitrogen, 05609. field traffic, Vertisol, soil physical property, soil chemical property, 00573. GIS, no-till management, carbon, Europe, (East); Asia, (North); 03053. Gleysol, soil structure, porosity, 05596. Haplustoll, fertiliser, vetch, nitrate, USA, Nebraska; 01857. Haplustalf, neutron probe, savanna soil, soil water measurement, 05522. hillslope profile, field experiment, model, water erosion, UK, England, Dalcoit; Belgium, Flanders, Huldenberg; 06518. hydraulic conductivity, red earth, soil hydraulic property, macropore, Australia, New South Wales, Wagga Wagga; 03159. infiltration rate, crop rotation, 10839. infiltration, earthworm, cropping system, grazing, USA, Pennsylvania; 12059. infiltration, soil spatial variability, soil temporal variability, 12058. lake water quality, nonpoint source pollution, agricultural pollutant, agricultural practice, fertiliser management, USA, Ohio; North America, Great Lakes, Lake Erie; 07113. leaching loss, nitrate nitrogen, fertiliser, mineralization, cultivation practice, 00795. Luvisol, soil loss, runoff, Canada, British Columbia, Peace River Region, Dawson Creek; 10881. macropore, digital image, image analysis, pore space, 06817. mean weight diameter, soil water content, slaking, crop rotation, aggregation, Canada, Quebec, La Pocatière; 01826. microbial activity, pesticide, herbicide, leaching, biodegradation, 13432. nitrate, nitrogen, soil spatial variability, USA, Iowa; 13333. nutrient availability, organic carbon, liming, crop rotation, soil chemical property, USA, Illinois; 12152. Ochraqualf, Argiaquoll, soil physical property, soil drainage, USA, Ohio, Columbia; 03149. organic carbon, soil physicochemical property, USA, (Southeast); 09512. organic nitrogen, nitrogen mineralization, electro-ultrafiltration, 05529. Oxisol, humic substance, forest soil, Haplorthox, crop rotation, Brazil; 03155. Paleustalf, crop rotation, soil temporal variation, aggregate stability, Australia, New South Wales, Wagga Wagga; 13395. pH, soil structure, aggregate stability, penetration resistance, nutrient availability, Norway, Tune; 10828. phosphorus, fertiliser, organic carbon, 05611. ploughing, soil mechanical resistance, 08183. pore size distribution, crop rotation, soil hydraulic property, 04396. productivity, soil physical property, soil chemistry, Africa, (West); 08101. rainfall effect, infiltration equation, surface roughness, porosity, 05778. rainfall timing, herbicide residue, atrazine, 12170. randomised block design, soil spatial variability, 06925. raspberry, organic carbon, nitrogen, aggregate stability, interrow crop, ground cover, Canada, British Columbia, Fraser Valley; 10830. remote sensing, crop residue, soil erosion control, USA, Nebraska; 08252. rill width, crop rotation, 08228. runoff, ploughing, soil movement, slope, France; 08253. shifting cultivation, soil physical property, Africa, (East); 08102. sodic soil, soil amelioration, macroporosity, soil management, soil physical property, Australia; 13312. sodium adsorption ratio, illitic soil, cottage cheese whey, sodic soil, aggregate stability, 13396. soil chemical property, calcareous soil, Camorthid, Saudi Arabia; 09521. soil chemistry, soil physical property, runoff, conservation tillage, Australia, New South Wales; 08188. soil compaction, soil strength, infiltration, 10836. soil conservation, crop yield, physical property, soil water conservation, Africa, (East); 08104. soil conservation, management technique, Australia; 08107. soil management, degradation, resilience, quality, agricultural sustainability, 08096. soil physical property, aggregate size distribution, fractal parameter, Rosin-Rammler parameter, 10736. soil physical property, available water holding capacity, field traffic, hydraulic conductivity, USA, Ohio; 04386. soil physical property, crop yield, mulch, ploughing, Africa, (West); 08185. soil physical property, Gleysol, hydraulic conductivity, soil structure, 04385. soil physical property, harrowing, 10831. soil physical property, organic matter, earthworm, crop yield, New Zealand, South Island, Canterbury; 03150. soil physical property, soil compaction, loess, 05590. soil physical property, soil structure, New Zealand, Canterbury; 00522. soil protective tillage, potassium, phosphorus, Chernozem, 00595. soil structure, hardsetting soil, soil hydraulic property, soil temporal variation, Australia, New South Wales; 04397. soil structure, soil hydraulic property, albedo, 06903. soil surface roughness, Hapludalf, rainfall simulation, soil physical property, 14557. soil water content, soil management, Alfisol, mulch, Asia, Himalayas; India, Himalayas; 13409. soil water storage, wheat, crop residue management, infiltration, USA, Oklahoma, Reno; 14566. solute transport, strontium

- bromide hexahydrate, atrazine, alachlor, USA, Ohio; 14524. turbidity, river bed, bioavailability, trace metal, pollutant, element partitioning, China, Yellow River; 11997. water content, soil conservation, conservation tillage, Asia, (South); 08105. wheel rut, runoff, sediment loss, interrill erosion, Hapludult, USA, Maryland; 04423. wind erosion, soil erodibility, aggregate size distribution, soil water content, Canada, Alberta; 13443. zinc, copper, manganese, iron, Latosol, Brazil, Sao Paulo; 05618.
- tillage depth**
plough layer depth, loess soil, nitrogen content, nitrogen dynamics, Germany, Lower Saxony; 03123.
- tillage implement**
aggregate size, clod, soil crumbling, 09464.
- tillage practice**
agricultural practice, runoff water quality, nutrient loss, soil loss, cropping practice, USA, Ohio; 11078. agricultural practice, semiarid region, snow cover, water conservation, soil moisture, Canada, Alberta; 14773. conservation tillage, antecedent moisture, curve number determination, runoff curve number, USA, Alabama, Limestone Valley; 01919. groundwater contamination, nitrate, leaching, USA, Delaware, Georgetown; 04560. herbicide, leaching, groundwater contamination, contaminant migration, 12327. macropore flow, bypass flow, rice paddy, water conservation, 14772. pesticide loss, runoff water quality, agricultural practice, 12372. pesticide, nutrient, groundwater quality, runoff water quality, USA; 07025. raindrop impact, sandy clay loam, infiltration, surface sealing, USA, North Carolina, Piedmont Region; 00796. subsurface drainage, runoff water quality, nitrate loss, 04559.
- tillage system**
Walla Walla silt loam, crop rotation, soil physical property, crop yield, USA, (Northwest); 00578.
- tilt**
subsidence, ground deformation, magma chamber, levelling, Mexico, Colima Volcano; 12961. uplift rate, Pleistocene, deformation, terrace age, marine terrace, New Zealand, North Island, Mahia Peninsula; 09221.
- tilt block tectonics**
Quaternary, drainage basin symmetry, neotectonic region, river migration, USA, Mississippi Embayment; 11687.
- tilt modulation**
scatter, non Gaussian surface, surface, 15074.
- tilth**
evaporative loss, mulch, agricultural practice, soil moisture, 11075.
- tilting**
engineering structure, creep, pile foundation, Canada, Northwest Territories, Yellowknife; 04029. headward erosion, river capture, landscape evolution, palaeoplain, Australia, Western Australia, East Kimberley; 12977. neotectonics, Paríng Formation, Alpine Fault zone, Quaternary, uplift rate, New Zealand, South Island, Westland, Paríng; 11695.
- timber harvest**
runoff, erosion, Water Erosion Prediction Project, management, forest, 04277. watershed, hydrological model, GIS, USA, Colorado, Deadhorse Creek; 04990.
- timber resource**
forestry, carbon sequestration, New Zealand; 12911.
- timber supply**
tropics, forest mapping, airborne radar, sustainable forest management, 14031.
- timberline**
palaeoenvironment, Holocene, pollen, proxy indicator, coleoptera, France, Isère, Taillefer Massif; Isère; 04106.
- time/area runoff prediction**
spatial variability, rainfall response, rainfall/runoff relationship, UK; 06956.
- time averaging**
temperature data, inhomogeneous variance, time series, bootstrap method, 12545.
- time comparison**
GPS time transfer, antenna coordinates, VLBI, Japan; 07453.
- time delay embedding**
precipitation, streamflow, time series analysis, chaos, autoregressive moving average, Hong Kong; 13473.
- time delay embedding method**
chaos, hydrological time series, rainfall data, streamflow data, Hong Kong; 08333.
- time delayed response**
ecotoxicological risk; chemical time bomb, chemicals policy, risk assessment, sustainable development, Netherlands; 11589.
- time dependant behaviour**
settlement, SPT value, raft foundation, sand, 09098.
- time dependence**
climate change, detection, fingerprint, optimal linear filter, 08634.
- time dependent behaviour**
stress/strain relationship, elastic viscoplastic modelling, clay, compression, creep, 11719.
- time dependent flow**
slope wind, katabatic flow model, limiting behavior, 00984.
- time dependent partitioning**
hydrocarbon, solute transport, breakthrough curve, non aqueous phase liquid, miscible displacement, 07089.
- time dependent structure**
isolated anomaly, zonal flow, coherent structure, solitary wave, blocking, 05957.
- time distribution**
dimensionless hyetograph, rainfall intensity, hyetograph, Spain; 03204. return flow, groundwater recharge, soil moisture budget, unsaturated zone, 05779.
- time domain**
time series analysis, Kalman filtering, wastewater treatment, grey box modelling, 05113.
- time domain electromagnetic method**
salinity, groundwater exploration, nuclear magnetic resonance, Israel; 14786.
- time domain induced polarisation**
groundwater protection, geophysical sounding, groundwater resource, direct current resistivity, 14787.
- time domain reflectometry**
breakthrough curve, dispersion coefficient, vadose zone, convection/dispersion equation, solute transport, 03344. breakthrough curve, electrical conductivity, solute transport, 06829. dielectric constant, soil water content, Denmark; 10750. dielectric constant, soil water content, gravimetry, Denmark; 10749. hydraulic conductivity, tensiometer, 06834. ice shelf, bottom melting, ice mass balance, Antarctica, Filchner-Ronne Ice Shelf; 06641. neutron moisture meter, lysimeter, evapotranspiration, canopy storage, soil evaporation, interception, Australia, New South Wales, Wagga Wagga; 12197. soil water content measurement, 09435. soil water content, Maxwell-De Looer equation, Toop-Davis-Annan equation, 06824. soil water content, measurement, 00484. soil water content, tundra, 13405. tensiometer, peat, soil water desorption, 05542.
- time invariant**
shallow water model, geostrophic balance, isolated distribution, vorticity, 00943.
- time lag**
wave, wind, ripple, current, vertical structure, suspended sediment, 02884.
- time scale**
climate variability, El Nino/Southern Oscillation, Medieval Warm Period, 13025. cyclone activity, storm track, baroclinic instability, 12443. intermediate time solution, radiative forcing, climate model, energy balance, 12497. monthly flow, annual flow, seasonal flow, PARMA, streamflow modelling, streamflow process, West Africa, Niger River; 05677. Pliocene (late), astronomical calibration, Pleistocene, radiometric date, Mediterranean; 06540. rainfall variability, singular spectral analysis, principal components, Malaysia; 03526. temporal evolution, spectral structure, sea surface temperature, Pacific, (North); 04656. transient response, climate model, energy balance, 12496. vadose zone, carbonate diagenesis, sandstone, spatial variability, 11932.
- time series**
AVHRR, land surface temperature, surface temperature, 10140. bootstrap method, time averaging, temperature data, inhomogeneous variance, 12545. boundary detection, spatial data, change detection, statistical method, 06421. Brunhes Chron, Matuyama Chron, orbital parameters, spectral analysis, palaeotemperature, Pacific, (North); 14223. climate change, hydrometeorological time series, lake level, water resource, streamflow data, Canada; Africa; North America; 02632. climate, autocorrelation, jack knife test, 12547. correlation analysis, statistical analysis, turbulence time series, computer software, MINITAB, 10343. CZCS, browsing facility, 03704. geological process, gravel bed river, bedload transport, fractal pattern, 09001. geophysical process, periodicity, correlation analysis, 09006. high resolution series, rainfall time series, fractal analysis, 11255. Hurst effect, stochastic hydrology, fluctuation scale, 12181. inhomogeneity, sea level pressure, Australia, Darwin; 04581. maximum entropy spectrum analysis, luni/solar cycle, lamb, dust veil indices, solar cycle, 12551. moving average model, greenhouse gas, statistics, trend analysis, global warming, 00004. nonlinear time series, forecast, Southern Oscillation index, 13788. radiocarbon date, pollen zone, chronology, coring, sampling, USA, Minnesota, Clearwater County, Elk Lake; 02734. rainfall/runoff process, runoff pattern, rainfall pattern, topological conjugacy, Botswana; 01931. rainfall, temperature, climate change, homogeneity, 08629. sea level, tide, mean sea level, Baltic Sea; North Sea, German Bight; 02823. sedimentary process, lead-210, caesium-137, episodic deposition, immobile element, USA, Alaska, Skan Bay; 10501. temperature, semi empirical model, statistics, climate, 08622. temperature, Wasatch Front, mountain front, statistical structure, precipitation, USA, Utah, Wasatch Range; 08507. trend analysis, earthquake, flood, parametric model, Brazil, Manaus, Rio Negro; 11627. urban bias, surface temperature, trend, heat island, China; 12544. verifying series, climate history, anomaly correlation, partial correlation, 00074. vertical velocity, radar, rawinsonde, 12411.
- time series analysis**
carbon dioxide, greenhouse effect, 12924. chaos, autoregressive moving average, time delay embedding, precipitation, streamflow, Hong Kong; 13473. global climate change, Wolf sunspot index, atmospheric carbon dioxide, 06416. Kalman filtering, wastewater treatment, grey box modelling, time domain, 05113. periodicity, flood frequency, river discharge, annual discharge, rainfall frequency, Africa; Finland; UK, Wales; 13471. proglacial stream, electrical conductivity, glacier hydrology, water quality sampling, 12271. spectral technique, oscillatory current, frequency domain, wave current data, UK, England, Devon, Slapton Sands; 10381.
- time series data**
drought, chance mechanism, rainfall record, UK; Australia; 05654. Gumbel distribution, flood data, inhomogeneity, statistical analysis, Germany, Bavaria; 06962. Kendall's tau, S score variance, water quality, trend analysis, statistical analysis, 00612.
- time series equation**
conceptual model, catchment yield, rainfall/runoff model, model comparison, process equation, polynomial equation, 01927.
- time series estimation**
ARMA process, filtering algorithm, maximum likelihood estimate, Newton-Raphson optimization, 07716.
- time series imagery**
floodwater inundation, SAR imagery, UK, Thames Valley; 11563.
- time series model**
acidic deposition, global trend, wet deposition, sulphate deposition, trend analysis, 00615. forecasting, typhoon, drought, streamflow, Taiwan, Tanshui River; 10909.
- time/space variability**
carbon isotope ratio, carbon dioxide, Japan; 03580.
- time splitting**
finite element, parallelisation, transport equation, pollution modeling, 07400.
- time step interval**
nonpoint source pollution, rainfall data, pollution modelling, model sensitivity, Canada, Ontario; 01990.

- time to peak**
peak discharge, basin lag time, rainfall/runoff relationship, lag time, China; 0598.
- time topology**
spatial topology, relational database, temporal GIS, 13964.
- time trend study**
guillemot egg, polychlorinated biphenyl, polychlorinated naphthalene, sediment, biota, Sweden; 02591.
- time variable model**
deterministic/stochastic model, dissolved oxygen dynamics, streamwater quality, photosynthesis, USA, New Jersey, Whippany River; 09666.
- timestamp**
update, spatio/temporal system, GIS, 03698.
- timing**
last deglaciation, glacial geology, lake sedimentology, moraine, radiocarbon age, Peru, Andes, Cordillera Oriental; 00202.
- TIMS**
spectroscopy, structural geology, AVIRIS, TM, USA, Nevada, Cuprite; 02470. volcanic plume, correlation spectroscopy, sulphur dioxide flux, image data, multispectral thermal IR, Italy, Sicily, Mount Etna; 11477.
- TIMS data**
diorite, quartz, granitoid composition, USA, California, Sierra Nevada, Desolation Wilderness; 14012.
- TIN**
digital elevation model, parallel computing, Delaunay triangulation, 13943. impact assessment, environmental GIS, modelling, 08741.
- TIN model**
linear time algorithm, Delaunay triangulation, surface morphology, 11425.
- tipping bucket raingauge**
siphon control, rainfall, raingauge, 13453.
- TIR**
thermal infrared, radiometer, ASTER, 10050.
- Tiron dissolution**
smectite, X-ray diffraction, particle thickness, cation exchange capacity, Canada; 01781.
- TIROS**
radiosonde, stratosphere, temperature monitoring, 03662.
- TIROS-N sounder data**
carbon dioxide increase, radiative transfer model, 05870.
- Titan**
Neptune, nitrile compound, atmosphere, 07352.
- titanium**
mineral, mare deposit, Lunar Orbiter, Moon; 06235. quartzitic glacial bed, silica, glacier, stick/slip movement, UK, Scotland; 02792.
- titanium dioxide**
photochemical reactor, pesticide, surface water quality, photocatalytic degradation, carbaryl, 01985.
- titanium dioxide photocatalysis**
wastewater treatment, oxidation/reduction, metal, organic contaminant, photocatalyst, 05716.
- Tithonian**
Berriasian, eustasy, clay mineralogy, carbonate, France, Ardeche; Alpes de Haute-Provence; 01645. Berriasian, manganese, isotope, limestone, sedimentation, France, Alpes de Haute-Provence; Ardeche; 01680.
- title registration**
survey, property, deeds, USA; 05025.
- titration**
back titration, surface charge determination, 12053. goethite, modelling, trace metal, computer, complexation, 06647. precursor emission, troposphere, nitrogen oxide, volatile organic compound, ozone, USA; Europe; 10028. surface charge, back titration, 12054. wet combustion method, organic carbon, 09443.
- TKE**
Heisenberg's transfer theory, eddy viscosity model, 09000.
- TL chronology**
dune field accretion, sea level fluctuation, coastal dunefield, U-Th chronology, Australia, Northern Territory, Gulf of Carpentaria, Groote Eylandt; 04117.
- TL dating**
aqueous deposit, till, Vistulian, chronostratigraphy, Poland, Konin Region; 07833. buried podsol, optically stimulated luminescence dating, till, Eemian, paleosol, Finland, Ostrobothnia; 02780. chronology, Quaternary, sediment, ice sheet, Canada, Ontario; 07885. coastal dune, sea level, Younger Dryas, dune initiation, marine transgression, Australia, Queensland, Cape York; 04116. coastal platform, ramp, sea level, Tertiary, Pleistocene, Australia, New South Wales; 09219. estuarine deposit, Quaternary, marine terrace, sea level, oxygen isotope stage 7, USA, California; 00252. Holocene, Subboreal, Subatlantic, aeolian deposit, Norway, Stavanger, Sola; 10595. ice wedge cast, nivation niche, periglacial landform, Weichselian, GIS modelling, Denmark, Zealand, Bjergsted Area; 11859. Last Interglacial, sea level, interglacial shoreline, Australia, New South Wales; 06611. palaeoenvironment, red sand, aeolian activity, Pleistocene, South Africa, Great Escarpment; Cape Province; 09299. palaeoflood, Holocene, Australia, Northern Territory, Ross River; 04110. periglacial environment, loess, aeolian activity, pollen, slope deposit, Denmark; 07927. Quaternary (late), lunette, palaeohydrology, climate change, Australia, New South Wales, Riverine Plain, Lake Urama; 11809. Quaternary, loess, sedimentation, aeolian sediment, dating, Germany, Rhine; 10557. snowline depression, Pleistocene (late), glaciation, terminal moraine, China, Shaanxi Province, Qinling Shan; 02798. U-Th disequilibrium, Pleistocene, Gentilly Till, Becancour Till, Rosholt U-trend model, Canada, Quebec, St. Lawrence Lowlands; 06545. Whidbey Formation, floodplain sediment, glaciomarine, lacustrine, Canada, British Columbia; USA, Washington; 09138.
- TM**
aerial photography, field assessment, forest inventory, sampling, India, Karnataka; 15162. Alpine environment, slope aspect, radiometric correction, forest classification, DEM, topography effect, Switzerland, Widwalden Canton, Beckenried; 02512. anisotropy, multirate, SPOT, 02520. AVHRR, nitrogen, agriculture, UK, Scotland; 15115. biophysical analysis, alpine vegetation, vegetation, 06264. defoliation assessment, forest damage, 15169. deforestation, fire scar, Latin America, Amazonia; 02522. desert, geology, field data, Egypt, Sahara, Selima Sand Sheet, Salsaf; 06238. erosion hazard, spectrometer, remote sensing, land degradation, Mediterranean; 15125. forest inventory, USA, Minnesota; 12813. forest resource, mapping, verification, Canada, Labrador; 10207. forest, cover type, multi temporal TM data, 06273. geological structure, satellite, coalfield, UK, England, Leicestershire; 02468. glacier surface, Italy, Alps; 12836. grassland, spatial dependence, 04980. IRS, volcano monitoring, infrared band, India, Barren Island; 08868. land cover, tropical wetland, malaria, anopheline mosquito, GIS, Mexico, Chiapas; 11552. land system, classification, Zaire, Kivu, Virunga National Park; 06257. land usage, spectral resolution, arable crop, forest, Brazil, Parana, Londrina; 10256. mapping, satellite imagery, Czech Republic, Moravia; 06338. mapping, sediment, gold deposit, exploration geology, Mexico, Sonora, Santa Teresa; 02465. mineral aggregate, mineral rock, reflectance spectra, 08874. mineralized zone, geological mapping, Jordan, Wadi Araba, Jabal Hamra Faddan; 15135. mining, mineral sand, rehabilitation, wallaby, Australia, Queensland, Stradbroke Island; 02466. moisture status, forest canopy, landslide, soil, Japan, Shikoku Island, Yoshino River; 06245. multitemporal classification, unitemporal classification, classification, accuracy, 06342. ophiolite, decorrelation stretch, band ratio image, Tibet, Xigaze; 12767. petroleum exploration, digital topography, 12769. planetary reflectance, surface reflectance, Austria, Hinterseiferner; 02463. radiometry, urban spatial attribute, SPOT, Australia, New South Wales, Sydney; 05055. SAER, cost effectiveness, mineral exploration, Canada, Ontario, Michipicoten Greenstone Belt; 10187. sampling design, scale, savanna woodland, NDVI, USA, California; 02510. sampling theory, aerial photography interpretation, land use survey, monitoring landscape change, 01136. semiarid landscape, endmember, climate change, AVIRIS, USA, Colorado; 02490. sewage outfall, seawater quality, Australia, New South Wales, Sydney Harbour; 06302. sewage outfall, suspended particle, coastal zone, Australia, Sydney; 15204. shortwave IR, geoenvironment, detection, monitoring, SWIR, India; 10198. soil erosion, LIS, erosion, DTM, Italy, Tuscany, Tiber Valley; 10182. SPOT, geology, spectral information, 04951. SPOT, linear regression, canopy cover, acacia, woodland, Sudan, Kassala Province; 02511. sun glitter, sea, Italy, Naples; 10225. surface feature, MSS, 04952. tasseled cap, transformation, edge enhancement, land use, classification, accuracy, USA, Kansas, Lawrence; 06340. tectonics, mesoscale, structural observation, India, Godavari, Ghats; 12758. TIMS, spectroscopy, structural geology, AVIRIS, USA, Nevada, Cuprite; 02470. transform, terrain feature, delineation, desert terrain, India, Rajasthan, Jodhpur District; 04945. vegetation succession, agriculture, fallow land, SPOT, France, Normandy; 15150. water circulation pattern, water turbidity, surface temperature, UK, England, Norfolk Broads; 14093. wetlands, three dimensional, multitemporal data, feature space, 06288.
- TM 5**
enhanced imagery, fracture, mineralization, Thailand; 12770.
- TM data**
archaeological class, DEM, archaeological site, protohistoric site, Italy, Etruria; 07649.
- TM data processing**
lithological discrimination, principal components analysis, semiarid zone, Angola, Namib Province, Caraculo; 11499.
- TM image data**
petroleum exploration, lineament analysis, digital topography, 03761.
- TM image interpretation**
airborne geophysics, copper mining, mineral exploration, Cyprus, Troodos Massif; 03753.
- TM imagery**
radio echo sounding, mass balance regime, accumulation rate, remote sensing data, atmospheric warming, Antarctica, Wilkins Ice Shelf; 02845.
- Toarcian**
Cretaceous, organic matter, maturation, porphyrin, shale, Germany, Wickensen; 02997.
- Toba Ash**
tephra, ignimbrite, Quaternary correlation, marker bed, India; Indian Ocean, Bay of Bengal; 00376.
- tobacco smoke**
mosquito coil smoke, joss stick incense, submicron aerosol, combustion source, particle, Taiwan, Taipei; 11312.
- tobit analysis**
computer model, EPIC-PST, regression analysis, nitrogen percolation, 11596.
- toe scour**
lateral erosion, safety factor, stability analysis, spreadsheet, river bank instability, 10364.
- Tokai Group**
Pliocene, Kameyama Formation, chute bar, point bar, meander, Japan; 05419.
- toluene**
benzene, groundwater contamination, multivariate plot, hydrocarbon plume, xylene, ethylbenzene, 04545. cation exchange capacity, organic compound, aniline, benzoic acid, 03174. chromatography, volatile organic contaminant, chlorobenzene, 08221. ethylbenzene, xylene, dissolved oxygen, groundwater contamination, biodegradation, benzene, 05800. xylene, personal exposure, aromatic hydrocarbon, benzene, Italy, Piedmont; 13895. xylene, traffic emission, hydrocarbon, PPT levels, benzene, 12569.
- tombolo**
vegetation, coastline, Witsand, dune stabilisation, South Africa, Cape Province, Robberg Peninsula; 01694.
- tomodensitometry**
calibration, atomic number, density, computer tomography, 14301.
- tomographic imaging**
soil stiffness, stress change, 12998.
- tomography**
noise field, acoustic propagation, 03847. seismic tomography, ground geometry, stiffness, 04010.
- TOMS**
ozone depletion, Greece; 03625. ozone, Dobson spectrophotometer, Greece, Athens; 15123. ozone, polar vortex, mixing, deformation, Antarctica; 11288. ozone, stratocumulus, cloud top height, algorithm, marine stratocumulus,

11299. seasonal cycle, wave, ozone, subtropics, spectrometer, Greece, Athens; 15113. typhoon, ozone distribution, 08855.
- TOMS data**
ozone depletion (1979-1991), 04783.
- Tonganoxie Sandstone**
rhythmite, floodplain, sedimentation, sedimentary structure, Pennsylvanian(Upper), USA, Kansas, Ottawa; 04177.
- Tongariro Volcanic Centre**
correlation, Holocene, tephra sequence, Egmont Volcanic Centre, New Zealand, North Island, Hawke's Bay, Lake Tutira; 04085.
- tonstein**
coal seam, mining, Lublin Formation, Westphalian, Poland, Lublin; 13230. volcanic ash, coal, burial, clay mineralogy, peat swamp, 04202. volcanic ash, kaolinite, quartz, 09302.
- Toop-Davis-Annan equation**
time domain reflectometry, soil water content, Maxwell-De Loor equation, 06824.
- TOPEX/Poseidon**
orbit determination, dynamic GPS, 13907.
- topoclimatic mapping**
georelief, irradiance, Czech Republic, Moravia; 14836.
- topoedaphic unit**
soil chemical property, soil physical property, landscape position, soil reclamation, USA, North Dakota, Glenharold Mine; 03052.
- topographic atlas**
map updating, 04922.
- topographic base mapping**
training, Indonesia; 04914.
- topographic control**
Rossby wave, planetary scale flow, 05958.
- topographic data**
geodetic software, cadastre, computer aided surveying, Netherlands; 07460. landslide, terrain analysis, DEM, topography, landslide scar, USA, Virginia, Blue Ridge Mountains, Nelson County; 05235.
- topographic database**
CD ROM, digital elevation model, Australia; 03716. database regulation, object catalogue, Slovenia; 04912.
- topographic evolution**
basement, fracturing, pseudokarst, Niger; 02689.
- topographic feature**
ground topography, contour map, 13986.
- topographic field**
moment analysis, statistical model, topographic slope, modelling, non Gaussian characteristic, 06426.
- topographic index**
drainage, rainfall/runoff simulation, physical model, semi distributed model, UK, Scotland, Balquhider; 00636. saturation excess runoff, infiltration, extreme event, rainfall/runoff relationship, flood frequency, runoff generation, 08344.
- topographic information**
Ordnance Survey, crisis management, coastal zone map, 01285.
- topographic lineament**
fault, crustal structure, aerial photography, digital terrain image, USA, Colorado, Arkansas River; 00143.
- topographic map**
analytical study, climate zone dependence, slope form, mountain, Austria, Alps; Chile, Andes; USA, Alaska, Nutzotin Mts; USA, Alaska, Wrangell Mts; 07805. DTM, grid cell, 12698. geometrical accuracy, interpretability, satellite image map, cartographic application, 11462. remote sensing, GIS, cartography, thematic map, 11463. submarine topography, coastal zone, Japan; 07508. tablet, map source (300 BC), Sumeria, Girsu; 04909.
- topographic map coverage**
digital photogrammetry, orthophoto map, Iceland; 08759.
- topographic map series**
printed map (1500-1800), 11440. stream distance, 03707.
- topographic mapping**
geodetic activity, aerial photography, 08825. thematic mapping, Desert, remote sensing, cartography, Sudan; Egypt; 10133. world mapping, Europe; Asia; Oceania; Antarctica; 10115.
- topographic measurement**
displacement morphology, Holocene, slip rate, fault kinematics, strike/slip fault, Ecuador, Andes; 07784. quality control, iso-error function, industrial metrology, 13946.
- topographic model**
crater, ridge, Voyager image, groove, Saturn, Epimetheus; 06494.
- topographic Rossby wave**
CZCS, pigment concentration, Subtropical Convergence, Atlantic, (South); 14059.
- topographic service**
municipality, copyright, digital database, land information, Netherlands; 01273.
- topographic slope**
modelling, non Gaussian characteristic, topographic field, moment analysis, statistical model, 06426.
- topographic surface**
fractal dimension, chaos theory, spatial variability, drainage network, 02631. viewshed, visibility analysis, digital elevation model, 13942.
- topographic survey**
barrier island, beach erosion, wave attack, erosional pattern, meteorological influence, sediment supply, USA, Louisiana, Isle Dernieres; 00117. ice velocity, climate change, glacial retreat, cirque glacier, France, Alps, Chambeiron Massif, Ubaye Valley; 09197.
- topographic target**
diffuse target, pulse, lidar signal, return signal, 10094.
- topographic wave**
downslope wind, windstorm, transient wind, 11226.
- topographical analysis**
percolation, seepage, permeability, alluvial fan, Japan, Akita Prefecture, Yokote Basin, Rokugo; 14699.
- topographical map**
generalisation, Italy; 07507.
- topographical succession**
cyclicity principle, geographical cycle, lithodynamic flow, 09026.
- topographical survey**
military geographical material, Russian cartography, Russian Empire, Finland; 13982. structural geomorphology, sedimentary facies, karst, cave, Belgium, Namur; 13011.
- topography**
barotropic vortex, vortex motion, shallow water equation, Mexico, Sierra Madre; 04679. bed topography, ice sheet, climate forcing, ice mass, 04049. bouldery stream, channel flow, sediment transport, flow structure, complex bed, 03228. centuriation, Roman era, historical topography, Italy, Brindisi; 02440. deforestation, tropical vegetation, AVHRR, GIS, Indonesia, Sumatra; 07579. deformed sea ice, sea ice, compressive stress, keel, Arctic Ocean; 02837. equilibrium line altitude, outlet valley glacier, modern, Little Ice Age, accumulation area ratio, Norway, Jostedalsbreen; 01567. FIFE, GOES, solar radiation, 06213. flow model, ice sheet, altimetry, 02535. forest, satellite data, Switzerland; 04982. geography, teaching, Italy; 04911. geoid height, mantle, geoid/topography ratio, Venus; 11698. GEOSAT, altimetry, sea surface, 06220. gilgai, Vertisol, soil morphology, Asia, Caucasus; Europe, Caucasus; 00519. gully erosion, channel formation, soil erosion model, USA, Minnesota; 03188. Haploboroll, denitrification, nitrogen-15, landscape scale pattern, Canada, Saskatchewan; 01850. land use, caesium-137, Zimbabwe; 09563. landslide scar, topographic data, landslide, terrain analysis, DEM, USA, Virginia, Blue Ridge Mountains, Nelson County; 05235. map, geocology, 12790. model, compensation, Moho discontinuity, 03980. model, spherical harmonic gravity model, topography model, gravity, Venus; 06492. multiscale system, smooth flow, hyperbolic equation, 03512. nonhydrostatic flow, lee wave, 09912. organisation, data modelling, GIS, engineering, cadastre, Canada, Ontario, Scarborough; 02421. pea, nitrous oxide evolution, denitrification, soil spatial variability, soil seasonal variation, Canada, Saskatchewan, Blaine Lake; 09493. piping, chaotic terrain, trough depth, digital terrain model, structural history, Mars, Valles Marineris; 11699. plate tectonics, uplift rate, subduction, USA, California, Coast Ranges; Oregon, Coast Ranges; USA, Washington, Coast Ranges; 14172. relief, digital map, Tibet; 12782. sea breeze, complex terrain, coastal topography, offshore topography, Greece, Attica; 09907. sheet wash, slope angle, sediment yield, China, Shaanxi; 10885. slope wind, general circulation model, surface heat flux, slope wind, angular momentum, Antarctica; 11191. snow cover, photogrammetry, mountain, 04957. soil erosion/deposition, soil erosion mapping, caesium-137, Canada, Quebec; 10879. soil mapping, contour map, 09411. soil texture, soil water content, Canada, British Columbia, Vancouver Island; 10787. stereo imagery, Viking Orbiter imagery, DEM, Mars, Ma'adim Vallis; Apollinaris Patera; 09080. structure line, bathymetry, DTM, 01120. subduction, noncollisional orogen, orogenesis, plate kinematics, South America, Andes; 14164. surface layer flow, complex terrain, turbulence, closure scheme, 14854. surface, topology, 15090. synoptic conditions, mesoscale model, sea breeze, Greece, Attiki; 11216. thematic mapping, classification scheme, remote sensing, GIS, 12702. vegetation canopy, landscape management, gully, natural resource management, airborne laser altimeter, USA, Texas; Arizona; 07566. vortex shedding, shallow water flow, 02254. vorticity production, wake formation, shallow water flow, 02253.
- topography effect**
TM, Alpine environment, slope aspect, radiometric correction, forest classification, DEM, Switzerland, Widwalden Canton, Beckenried; 02512.
- topography model**
gravity, topography, model, spherical harmonic gravity model, Venus; 06492.
- topological**
visualisation, GIS, 06174.
- topological conjugacy**
time series, rainfall/runoff process, runoff pattern, rainfall pattern, Botswana; 01931.
- topological data**
TIGER data, teaching GIS, address matching, educational software, data structure, 11436.
- topological editing**
data integrity, relational database, normalised relation, 13963.
- topological relation**
regions with holes, 13962.
- topology**
fluorescence, laser, leaf, 15158. set, spatial relationships, order, poset, 02423. topography, surface, 15090.
- toponym**
GIS, geographical name, place name, GIS, Slovenia; 04902.
- toposequence**
erodibility, Brazil, Sao Paulo; 01902. gneiss debris, forest decline, acidification, soil chemistry, classification, Germany, Bavaria, Bavarian Forest; 08099. humic acid, organic matter, humus, Andisol, soil biochemical classification, Mexico, Nevado de Toluca Volcano; 09529. landscape position, pedogenesis, weathering, soil reconstruction analysis, USA, Virginia; 04347. parent material, soil horizon, soil spatial variability, landscape position, USA, Virginia; 04346. slope, soil wetness index, soil mapping, terrain analysis, USA, Colorado; 04302. soil spatial variability, parent material, Nigeria; 04306. tephra, spodic soil, andic soil, volcanic ash soil, forest soil, USA, Idaho, Selkirk Mountains, Crater Lake; 05544.
- topple**
Chevron topple, slide, joint spacing, rock strength, underdip slope, 09113.
- toppling**
geomechanical characteristic, instability, coastal cliff, Castro Limestone, calcarenite, Italy, Puglia, Porto Miggiano; 05241. sliding, underdip slope, rock slope, highway cut, rock topple, Canada, Alberta, Jasper, Clairvaux Creek; 09115.
- topsoil**
dike construction, water storage power plant, moraine, loam, Russian Federation, Zagorsk; 01444. fill, shear strength, slope construction, rheology, 05221.

topsoil removal

soil fertility, crop yield, fertiliser, nitrogen mineralization potential, Mollisol, Canada, Alberta; 14523.

tornado

Doppler radar, wind spectra, supercell, 07277. hailstorm, USA, Wisconsin, Barron County; 14832. mesoscale, thunderstorm, severe storm, USA, Colorado, Limon; 13760. model, 12507. Navier-Stokes equation, jump transition, hysteresis, swirling jet, 07284. storm, Japan, Tokyo, Chiba Prefecture; 11136. supercell, thunderstorm, cloud-to-ground lightning, USA, Illinois, Plainfield; 02158. synoptic climatology, USA, (Northeast); 03446.

torque

angular momentum, atmosphere, oscillation, equatorial component, Earth's bulge, 09891. angular momentum, El Nino, general circulation model, atmospheric response, 13751. angular momentum, rotation rate, wind, pressure, Earth, rotation, 04568.

Torrey pine

estuarine marsh, palaeoecology, Holocene, anthropogenic impact, human settlement, USA, California, Santa Rosa Island; 13103.

Torrifluent

soil conditioner, soil chemical property, metal availability, Jalma, 05604. soil fertility, microbial activity, arid soil, sewage sludge, 03116.

torsion balance measurement

gravity gradient, vertical deflection, 13928.

torsional shear device

Cohron sheargraph, soil mechanics, shear test, 01429.

torquosity

groundwater flow, solute transport, fracture flow, matrix diffusion, advection dispersion, 13610.

Torun Glaciation

cyclic deposition, Eemian Interglacial, lake sediment, fluvial sediment, deltaic sediment, climate variability, Poland, Lower Vistula, Elblag Elevation; 13074.

total column

nitric acid, middle latitudes, Southern Hemisphere, seasonal cycle, New Zealand, South Island, Lauder; 13842.

total column ozone

Kelvin wave, tropics, 12491. solar variation, anthropogenic trend, ozone, solar UV 11 year variation, solar UV 27 day variation, 13809.

total column water

liquid water content, droplet, cloud, spectroscopy, 12516.

total column water vapour

water vapour, retrieval algorithm, radiative transfer equation, Wentz's algorithm, 01174.

total dissolved solids

chloride, sulphate, nitrate, industrial pollutant, agricultural pollutant, groundwater pollution, India, Gujarat, Baroda; 12333. chlorine, calcium, geochemical investigation, groundwater chemistry, India, West Bengal, Bankura District, Gangajal-Ghati; 02075. suspended matter, chlorinity, effluent, fractionation, specific conductance, India, Tamil Nadu, Cauvery Estuary; 05485.

total organic carbon

catchment characteristics, peatland, lake water chemistry, Finland; 10987. lead, mercury, phosphate, coastal water pollution, PAH, Kuwait; 05714. turbidity, alkalinity, coagulation/flocculation, aluminium sulphate, ferric chloride, water treatment, Canada, Quebec, Riviere-des-Prairies River; 10960.

total ozone (1957-1990)

Iceland, Reykjavik; 11306.

total ozone (1958)

spectrophotographic plate, ozone hole, Dumont d'Urville station, Antarctic; 13860.

total ozone (1989-1993)

Northern Hemisphere, ozone, SBUV/2, 13818.

total ozone

backscatter UV experiment, ozone, volcano, aerosol, Philippines, Mount Pinatubo; 07368. measurement error, spectrophotometer, stray light model, Dobson instrument, ozone, 13822. nitrous oxide, infrared, solar spectra, ozone, USA, Hawaii, Mauna Loa Observatory; 07347. ozone depletion, record low, 04787. ozone trend, low latitude, Dobson spectrometer, India; 10000. ozone vertical profile, trend, China, Beijing; Kunming; 14961. ozone, mountain, Asia, (Central); 13808. Rossby wave, ozone, tropics, 08671. seasonal analysis, winter decrease, ozone, Australia, Macquarie Island; 13814. seasonal course, stratosphere, quasi biennial oscillation, ozone, 14970. trend analysis, ozone, seasonal trend, 13834. trend, quasi biennial circulation, ozone, Northern Hemisphere, 08663. trend, UVB radiation, biologically active UV, ultraviolet radiation, 03413. zonal average, ozone decrease (1992-1993), 13821.

total ozone field

jet stream, ozone, climatological study, subtropical, 08669.

Total Ozone Mapping Spectrometer

ozone, low sun angle, Dobson spectrophotometer, Brewer spectrophotometer, Antarctica, Scott Base; 07346.

total precipitable water

surface vapour pressure, correlation coefficient, water vapour, 04601.

total reactive nitrogen

hydrocarbon, ozone, air quality model, emission reduction, nitrogen oxide, 12637.

total stress analysis

design, undrained shear strength, CIUC test, 04017.

total suspended particulate

air quality standards, drinking water, sediment, leaded gasoline, automobile exhaust, Bermuda; 06075.

total suspended solids

hydrodynamics, evapotranspiration, estuary, salinity, tide, Brazil, Itamaraca; 00676. reservoir water quality, bioindicator, wastewater reservoir, BOD, COD, Israel; 03300.

total water

ice water, SSM/I data, water vapour, radiative transport model, rainfall, 09946.

tourism

cartography, commercialism, highway, automobile, USA; 12848. tropics, bioclimatology, weather type, 14835. underground, karst, degradation, cave, refuse dump, Slovakia; 05129. wilderness management, environmental management, ecosystems approach, desertification, 07663.

tourism effect

cave, karst, carrying capacity, 06526.

tourist industry

human comfort, physioclimate, China; 07216.

tourist map

urban mapping, map user, 03715.

toyas

carbon, soil carbon storage, organic carbon, forest clearing, 14534.

TOVS

global climate change, sea surface temperature, precipitation rate, planetary albedo, 08829. polar low, Geosat, vertical sounder, atmospheric gradient, SSM/I, Norwegian Sea; Atlantic, (North); 07532.

TOVS data

monsoon, moisture field, Arabian Sea; Bay of Bengal; Indian Ocean; 09820.

towed

air/sea interface, temperature analyser, ocean, research vessel, 14809.

towed array

hydrophone, 10098.

towed system

interferometric swathe sounder, bathyscan, Netherlands; North Sea; 05008.

tower observation

solar flux, parameterisation, surface, net solar radiation, satellite measurement, 07172.

towfish

terrain following, vehicle, seabed, 06318.

town planning

urban climatology, 00872.

town planning document

map quality, cartographic communication, map use, 11573.

town plans

automation, computer assisted production, Netherlands, Maastricht; 10270.

toxic chemical

pollution, research programme, risk assessment, hazardous waste, China; 07678.

toxic element

long term change, elemental deposition, deposition, trace metal, anthropogenic source, 06396.

toxic gas

hypolimnion saturation, gas release, carbon dioxide flux, Cameroon, Lake Nyos; 04466.

toxic ground

mine waste, metal concentration, 03785.

toxic metal

deposition, urban impoundment, sediment delivery, settling pond, contamination, USA, Wisconsin, Milwaukee River; 09379. respirable dust, welder mist, dust, workshop, 03630.

toxic sediment

climate change, environmental remediation, North America, Great Lakes; 02616.

toxic trace element

river estuary, mercury, monitoring, pollution, 06384.

toxic waste disposal

aerial photography interpretation, landfill, 03853.

toxicity

acetate, methanogen, mineralization, chloroform, redox potential, Netherlands, Rhine River; 08077. algal bloom, pond water quality, phosphate, detergent, carbon budget, 14636. bed sediment, suspended sediment, river basin, heavy metal, India, Mahanadi River; 03027. benthic bacteria, marine sediment, heavy metal, estuary, organic carbon, Italy, Arno River, Tyrrhenian Sea; 08094. bioassay, Diporeia, contamination, anthropogenic impact, Canada, Great Lakes, Lake Huron; USA, Great Lakes, Lake Huron, Saginaw River; 01745. bioremediation, oxidation, wastewater treatment, electrochemical detoxification, benzoquinone, 13522. chemical transformation, estuary, algae, copper, arsenic, USA, Maryland, Chesapeake Bay, Patuxent River Estuary; 12257. cod liver oil, bioaccumulation, PCB, TEQ value, Baltic Sea; Poland; 11610. contamination, amphipod, oyster, organism, North Sea; 00465. contamination, sediment quality, PAH, sewage, Canada, British Columbia, Victoria; 09401. estuary, bioassay, copepod fecundity, water quality analysis, USA, Maryland, Chesapeake Bay; 13506. heavy metal, soil substrate, Norway spruce, 02484. landfill leachate, groundwater contamination, genetic toxicity, acute toxicity, 05802. lead, trap/skeet shooting, PAH, North America, Great Lakes, Lake Michigan; 10686. mangrove, oil spill, pollution persistence, hydrocarbon, Panama, Galeta; 12014. multivariate statistics, contaminant, sediment quality triad, 09257. organic compound, microbial activity, fish, surface water quality, 12250. pollutant classification, statistical approach, QSAR, lipophilicity, 07691. quality control level, reporting limit, detection level, hazardous material, pollutant, 08976. risk evaluation, water quality analysis, wastewater, bioassay interpretation, hazard index, 00686. Sediment Quality Triad, anthropogenic impact, pollution, drilling, North Sea; 00466. surface water quality, aquatic ecosystem, pesticide, risk assessment, India; 13512. synergism, surface water quality, detergent, heavy metal, pesticide, hydrocarbon, 13516. trace metal, sediment quality, interstitial water, fish, USA, New Jersey, Newark Bay; 12007. triorthocresyl phosphate, chromatography, hydrolysis, biodegradation, surface water quality, 13494. urban runoff, runoff water quality, metal contaminant, organic contaminant, water treatment, USA; 07021. volatile organic compound, enzyme activity, organic compound, 01834. wastewater, surface water contamination, tannery, Algeria, Rouiba; 10961. XAD concentration, river water quality, organic micropollutant, mutagenicity, Netherlands, Rhine Delta; 12279.

toxicity assessment

effluent, hazard assessment, Netherlands; 07684.

toxicity bioassay

adsorption capacity, luminous bacteria, activated carbon, water treatment,

- adsorption isotherm, 03259. bioluminescence, carbon adsorption, wastewater treatment, activated carbon, adsorption capacity, 03257.
- toxicity characteristic leaching procedure**
volatile organic compound, hydrocarbon, petroleum, gasoline, 01897.
- toxicity index**
rice, heavy metal concentration, NDVI, Spain, Valencia, Albufera Natural Park; 14016.
- toxicity reduction**
water quality management, nonpoint source pollution, runoff water quality, pollutant removal, 07161.
- toxicity test**
estuary, surface water quality, industrial effluent, ARC test, 13517. hazardous waste site, metal ion, organic herbicide, rice seed, 10308. impact assessment, river water quality, industrial effluent, 13542. species sensitivity, risk analysis, linear alkyl benzene sulphonate, 07692. statistics, standardisation, control mortality, data reliability, 07682. surface water quality, volatile organic compound, organic pollutant, 13515.
- toxicity testing**
aquatic ecotoxicology, surface water quality, India; 13513.
- toxicology**
phosphorus, surface water quality, mercury, algal growth, orthophosphate, 13523.
- toxics**
trace element, urban air, USA, Illinois; 06104.
- toxics release inventory**
waste management, organic emission, hazardous waste, incinerator, USA; 07406.
- toxification**
marine organism, fish, sinking particle, coastal water, tetrodotoxin, Japan, Kyushu, Aburatsubo Inlet; 12018.
- trace element**
acid extractable fraction, filterable fraction, river water quality, particle fractionation, water quality analysis, Israel, Jordan River; 03290. aerosol filter, filter, blank value, 05864. B horizon, element anomaly, enzyme induced leaching, mineral exploration, USA, Minnesota; 00472. basalt ice, neutron activation analysis, ice core, Greenland, Dye-3; 07826. bottom sediment, contaminant, fine grained sediment, monitoring, North America, Great Lakes, Lake Ontario; 06783. cadmium, molybdenum, selenium, parent material, geochemistry, element concentration, Korea(South), Deog-Pyoung; 04310. carbonate, diagenesis, Nisku Formation, Devonian (Upper), ion microprobe, Canada, Alberta; 07981. citrus tree, rare earth element, geochemistry, USA, Florida; 06805. drainage basin, clay mineral, estuary, clay geochemistry, India, Eastern Ghats, Vamsadhara River; 06732. element concentration, canonical correlation, heavy metal, India, Bombay; 04407. element concentration, evaporite, mineralogy, salt affected soil, efflorescent crust, Canada, Alberta; 10714. element concentration, Slovakia, Zitny Ostrov; 10719. element concentration, soil sampling, compost, municipal solid waste, heavy metal, 08199. element concentration, soil spatial variability, geostatistics, Tunisia; 12077. element concentration, soil spatial variability, Tunisia; 12076. estuarine contamination, statistics, metal, contaminant, particulate matter, USA, Mississippi River; Gulf of Mexico; USA, Atlantic Coast; 01732. geochemistry, Camp de Gibraltar Unit, kaolinite, illite, smectite, Spain, Betic Cordillera, Campo de Gibraltar; 04223. geochemistry, parent material, REE, Russian Federation, Volga Upland; 05508. geochemistry, rare earth element, white clay soil, China, Heilongjiang, Three River Plain; 06808. granitic soil, REE, weathering index, Malaysia; 09504. heavy metal, mangrove soil, rhizosphere, Brazil, Rio de Janeiro, Sepetiba Bay; 06909. heavy metal, orchard soil, liming, fertilisation, USA, Florida; 04403. heavy metal, savannah soil, element concentration, metal retention, Nigeria; 01771. heavy metal, surface water quality, literature survey, limnology, Italy; 01988. humic acid, copper, complexation, organic matter, river sediment, Sri Lanka, Mahaweli River; Kandy; 09375. humic substance, ion exchange resin, extractant, 06897. ice sheet, dry aerosol, size distribution, dry deposition, Greenland; 08699. ICP-MS, spectrometry, soil digestion method, element concentration, Saudi Arabia; 13344. marine sediment, organic matter, remobilisation, iodine, diagenesis, Southern Ocean; 01668. metal content, nutrient content, forest soil, soil sampling, USA, Maine, Howland Integrated Forest Study Site; 05524. metal, anthropogenic impact, resuspension, primary production, particulate matter, seasonal variation, Sweden, Lake Malaren, Stockholm Archipelago; Baltic Sea; 13304. mineral, phosphogypsum, fertiliser production, porewater chemistry, radionuclide, Canada, Alberta; 05809. mining, contaminant, mercury, dam sediment, neutron activation analysis, Mexico, Zacatecas, La Zacatecana Dam; 13295. mining, metal, geochemistry, lake sediment, USA, Idaho, Lake Coeur d'Alene; 04288. moss, biomonitoring, deposition, Norway; 15036. mud, flow rate, elution, absorption, Egypt, Aswan High Dam Lake; 10690. organic matter, dissolved trace metal, particulate trace metal, river water quality, estuary, Russian Federation, Siberia, Lena River Estuary; Laptev Sea; 05742. porewater, geochemistry, abyssal plain, volcanic ash, Pacific, ODP Leg 136; 09309. rain event, strontium isotope, 12566. scavenging, colloidal organic carbon, seawater, organic matter, carbon cycling, Gulf of Mexico; 08029. scavenging, precipitation quality, mass spectrometry, Canada, Quebec, Montreal Island; 13460. seasonal composition, aerosol chemistry, Greenland; Arctic; 08697. sediment/water interface, diagenesis, copper, metal, deep sea sediment, Atlantic, Madeira Abyssal Plain; 03005. sediment, estuary, river water quality, silicon, phosphorus, India, Ganga River; 12276. sedimentation rate, caesium-137, river sediment, organic carbon, USA, Lake Michigan, Grand Calumet River; 10677. soil texture, element concentration, geochemistry, Poland; 01773. solute transport, ion exchange, adsorption, solid phase formation, redox, 08417. source region, dust, deposition, aerosol, China, Loess Plateau; 07370. stabilisation, carbonate, magnesium calcite, dolomite, solubility, 01629. suspended matter, surface property, estuary, carbon, microcalorimetry, Spain, Ebro River Delta; 01756. suspended sediment, physiography, estuary, coastal water quality, nutrient, USA, Mississippi River; Atchafalaya River; 12259. throughfall chemistry, atmospheric deposition, forest canopy, spruce forest, Switzerland; 12188. tidal zone, grain size, estuary, suspended matter, pollution, Netherlands, Scheldt Estuary; Belgium, Scheldt Estuary; 03037. Triassic, Permian, bauxite, karst, Turkey, Alanya; 04208. urban air, toxics, USA, Illinois; 06104.
- volcanic ash, coral, element concentration, weathering, laterite, Tonga, Niue Island; 05548. wastewater management, selenium, contamination, bottom sediment, wildlife, USA; 12004.
- trace element flux**
subtropical water, sediment trap, ocean surface, dust, Africa, Saharab; Atlantic; 00892.
- trace element solubility**
oxidation/reduction, pond sediment, redox status, USA, California, San Joaquin Valley; 01847.
- trace fossil**
boring, organism, bioerosion, Mesozoic, 02925. chalk, stylolite, dissolution seam, flaser structure, Pacific, Ontong Java Plateau; 00420. Cretaceous, Ranipat Formation, Dharangadhra Group, coastal sedimentation, sandstone, India, Gujarat; 09337. palaeoenvironment, anoxia, Tethys, Bajocian, Podzamec Formation, Poland, Carpathians, Pieniny Klippen Belt; 14427. Tumbalagooda Sandstone, Silurian, sandstone, sand sheet, fluvial deposit, red bed, Australia, Western Australia, Murchison River; Kalbarri; 02950.
- trace gas**
aerosol, marine boundary layer, equatorial transect, boundary layer, SAGA 3, Pacific; 06029. aerosol, vertical profile, latitude cross section, trace gas, halogen, occultation experiment, 13807. air/sea exchange, transfer velocity, wind speed, double tracer technique, 08558. air/sea exchange, transfer velocity, wind speed, tracer, 00895. airborne measurement, heat, moisture, momentum, airborne platform, eddy correlation, 08535. atmosphere, ozone, infrared spectroscopy, 12751. balloon, infrared, spectrometer, stratospheric, France, Aire-sur-l'Adour; 12727. country scale, climate variability, ocean dynamics, volcanic aerosol, solar variability, 13798. deposition profile, nitric acid, heterogeneous reaction, annular reactor, accommodation coefficient, 12592. diffusivity molecular, Lennard-Jones method, stratosphere, 12595. emission, landfill, sanitary site, 11351. flux measurement, atmospheric chemistry, wetlands, source/sink, northern wetlands study, Canada, Hudson Bay Lowlands; 10324. grey control system model, prediction, emission, 14960. ground based measurement, air quality measurement, aircraft measurement, measurement compatibility, 11293. halogen, occultation experiment, trace gas, aerosol, vertical profile, latitude cross section, 13807. ion spectrum, airborne spectrometer, tandem mass spectrometer, 00825. mesoscale diffusion model, canopy resistance, dry deposition model, regional diffusion model, parameterisation, 00068. moon, stratosphere, FTIR, polar night, light source, Arctic; 12575. oil combustion, coal combustion, emission, China; 14963. ozone chemistry, retrieval, limb emission spectra, vertical profile, Arctic; 09987. pollutant, photochemistry, review, hydroxyl radical, oxidation, 13819. red spruce needles, flux experiment, gas transport theory, stomatal zone, 06023. solar energy input, wind velocity, satellite mission, upper atmosphere, temperature, 01468. stratosphere, diode, laser, spectrometer, 04940. stratospheric age, irreversible mixing, transport, diagnostic, 11162. two dimensional model, dynamics, radiative transfer, photochemistry, ozone depletion, 09994. vehicle exhaust emission, nitrous oxide, tunnel, global extrapolation, Germany, Hamburg; Sweden, Stockholm; 05077.
- trace gas budget**
methane, carbon monoxide, photochemical model, 07342. ozone, nitrogen, photochemical model, odd nitrogen, 07341.
- trace gas concentration**
polar night, FTIR spectroscopy, stratosphere, Arctic; 07348.
- trace gas emission**
deforestation, savanna, land use change, tropical land, 07707. fire, smoke plume, biomass burning, Mexico, Yucatan Peninsula; 03628. land surface, impact prediction, global change, climate, feedback mechanism, 00032. soil, pasture age, deforested area, nitrogen oxide, Costa Rica; 08664.
- trace gas exchange**
air-soil interaction, methane, emission prediction, sampling, global study, 07705. rice cultivation, global scale, sulphur, methane, nitrous oxide, atmospheric concentration, 00040.
- trace gas flux**
methane emission, wetlands, global geographical database, modelling, 01312. midlatitude ecosystem, carbon dioxide, methane, modelling, sink, atmospheric oxidant, 07706.
- trace gas reaction**
sulphuric acid, aerosol droplet, stratosphere, rate constant, 03588.
- trace gas sensing**
absorption line, laser transceiver, 07338.
- trace gas spectroscopy**
atmosphere, sun occultation, 11476.
- trace metal**
absorption, estuarine water, copper, organism, partitioning, 08035. acidification, aquatic organism, lake recovery, liming, nitrification, Italy, Orta Lake; 02022. adsorption, colloid, soil water chemistry, streamwater quality, metal, USA, Colorado, Front Range, Green Lakes Valley; 05726. aerosol, crustal component, Mediterranean Sea; 03604. alkali metals, spectroscopy, ground-water quality, Saudi Arabia, Al-Kasseem; 02078. Anadara granosa, mudflat, pollution, bivalve, Malaysia, Penang, Juru Estuary; 14451. anthropogenic source, toxic element, long term change, elemental deposition, deposition, 06396. atmospheric deposition, surface water quality, solubility, partitioning, 03249. atmospheric input, seasonal cycle, manganese, aluminium, residence time, Bermuda; Atlantic, Sargasso Sea; 14393. biochemical availability, dissolved metal, river water chemistry, speciation, New Zealand, Ottago, Manuherikia River; 04480. burial, metalliferous sediment, seawater, osmium, hydrothermal activity, Pacific, East Pacific Rise; Bauer Basin; 03006. calcium chloride brine, adsorption/desorption, oxic brine, anoxic brine, surface water chemistry, Antarctica, Victoria Land, Dry Valley, Wright Valley, Onyx River; Vanda Lake; Antarctica, Victoria Land, Dry Valley, Wright Valley, Don Juan Pond; 14633. chemical partitioning, suspended matter concentration, colloid, estuary water chemistry, USA, Texas, Galveston Bay; 14632. computer, complexation, titration, goethite, modelling, 06647. contaminant concentration, spectrophotometry, fish, sediment, river water quality, Pakistan, Ravi River; 13537. contaminant minimisation, sampling procedure, data quality, lake water quality, water quality analysis, North America, Great Lakes, Lake Ontario; 00722. diagenesis, pyrite, oxidation, bioavailability, 10608. dissolved metal, mixing, estuarine plume, seasonal variability, fate, North Sea; 00054. dissolved metal, particulate, geochemistry, freshwater input, atmospheric input, Atlantic, English Channel, Dover Strait; 11622.

- dust, REE, seawater, atmospheric input, 14332. element concentration, heavy metal, roadside soil, Spain, Sierra Nevada; 13427. estuary, metal speciation, sulphide oxidation, bioavailability, USA, California, San Francisco Bay; 12261. estuary, pollution, Netherlands, Schelde Estuary; 11988. euphotic zone, thorium isotope, particle cycling, water column, aggregation, Atlantic, (North); 01708. fish, shrimp, seaweed, pollution, Pakistan; Arabian Sea; 04292. forest soil, organic horizon, heavy metal, soil pollution, USA; 12161. fractionation, delta, contamination, effluent, Egypt, Nile River; Nile Delta; 13305. fractionation, Photon Correlation Spectroscopy, particle size, filtration, 13155. grain size, estuary, contaminant, PAH, PCB, Canada, St Lawrence River; 05480. heavy metal, dumping, sink, humic acid, North Sea, Skagerrak; 10708. heavy metal, lake water quality, ICP-AES, Egypt, El Manzala; 00723. hydrocarbon, environmental impact, barium, drilling, USA, California, Arguello Field; 06801. ice, peatland, sedimentation, erosion, Baltic Sea, Gulf of Bothnia; 05492. impactor, aerosol, size distribution, USA, California, Los Angeles; 06048. lake acidification, radionuclide, air pollution history, environmental impact, Czech Republic, Sumava Mountain, Certovo Lake; 02615. legislation, sediment core, historical record, estuary, coastal sediment, contamination, 06787. lichen, biomonitoring, Italy, Pistoia; 11332. metal solubility, abandoned land, liming, soil acidification, 12110. microwave treatment, river water quality, colloid, water quality analysis, Czech Republic, Bohemia, Elbe River; 04485. mixing, sewage outfall, freshwater, sediment, pollutant, Israel, Mediterranean Coast; 06800. monitoring, bryophyte, acid stream, streamwater quality, France, Vosges Mountains; 05736. neutron activation analysis, groundwater contamination, factor analysis, chemical mass balance, contaminant source, 14734. nitrogen species, trace organics, North Sea; 08681. nutrient, coastal water quality, estuary, USA, California, San Francisco Bay; Farallones Gulf; 12260. nutrient, water colour, wastewater treatment, algae, bioremediation, 14644. organic compound, hydrocarbon, radionuclide, pollution, contamination, Arctic; 14118. organic compound, precipitation quality, wet deposition, micropollutant, North Sea; 10895. organic matter, diagenesis, pollutant, UK, England, Severn Estuary, Tites Point; 05393. organic matter, extraction, pyrite, freshwater sediment, dissolution, 04144. organic matter, reference material, flocculation, 10563. palaeohydrochemistry, provenance, Quaternary, interstitial water, organic matter, pH, Baltic Sea; 14391. particle, dust, iron foundry, 01061. particulate metal, estuary water quality, copper, lead, Brazil, Patos Lagoons; 14634. peat, iron, phosphorus, siderite, vivianite, Finland, Kestila, Vihanti; Ruukki; 13250. petroleum, chlorinated hydrocarbon, anionic detergent, nutrient, marine environment, Russian Federation, Vladivostok; 02609. petroleum, contamination, dumping, fishing, Israel, Haifa Bay; Kishon River; 01759. phytoplankton growth, coastal water, cobalt, leaching, North Sea, Kattegat; 02626. plant uptake, phytoavailability, 01882. Podzolic soil, aerosol transport, atmospheric deposition, element concentration, France; 13386. pollutant, element partitioning, tillage, turbidity, river bed, bioavailability, China, Yellow River; 11997. pollution, sediment/water interface, accumulation rate, trace metal, salt marsh sediment, Netherlands, Scheldt Estuary; 03038. precipitation chemistry, atmospheric deposition, chemical speciation, nickel, cobalt, Mediterranean Sea; 06950. productivity, grain size, eutrophication, industrialisation, diagenesis, North Sea, Kiel Bight; 04204. radioactive waste disposal, uraninite, sulphide, groundwater chemistry, granitic water, Europe; 04535. radionuclide, contamination, ecological hazard, fish, USA, New Jersey, Hackensack River; Passaic River; 06788. radionuclide, sulphate, aerosol, trajectory, sulphur, 08652. resuspension, mixing, estuary, caesium, americium, UK, Wales, Clwyd, Dee Estuary; 08049. roadside soil, deicing salt, sodium chloride, calcium magnesium acetate, colloid assisted transport, 12138. roof runoff, heavy metal, runoff water quality, urban runoff, 05729. runoff water quality, adsorption, contaminant transport, particle transport, urban runoff, 07018. salt marsh sediment, trace metal, pollution, sediment/water interface, accumulation rate, Netherlands, Scheldt Estuary; 03038. scavenging, phytoplankton bloom, colloid, thorium-234, continental shelf, USA, New England, Buzzards Bay; 09338. seasonality, biomarker, organic matter, Mediterranean Sea, Ligurian Sea; 05400. sediment budget, coastal erosion, anthropogenic impact, metal, estuary, fluvial input, USA, Maryland, South River Estuary; 03035. sediment quality, interstitial water, fish, toxicity, USA, New Jersey, Newark Bay; 12007. speciation, deep sea sediment, sinking particulate, organic carbon, Atlantic; 09322. stream-water, drinking water, lake sediment, pH, acidification, Germany, Harz Mountains, Lake Söse; 01751. suspended sediment, seasonality, manganese, distribution coefficient, coastal water, Atlantic, English Channel; North Sea, Pentland Firth; North Sea, German Bight; 02935. terrestrial input, sedimentation, marina, dredging, Australia, Queensland, Cairns; Coral Sea, Great Barrier Reef; 12020. terrestrial source, atmospheric loading, catchment, lake morphometry, anthropogenic activity, 06782. trace organics, nitrogen species, distribution, rainwater sample, particulate, North Sea; 00894. wastewater discharge, embayment, surface water quality, estuary, USA, California, San Diego Bay; San Francisco Bay; 05719. water column, soft sediment, stripping voltammetry, Chile, Concepcion Bay; 10631. weathering, pollution, manganese, geochemistry, Turkey, Sea of Marmara; 14392.
- trace metal concentration**
sediment/water interface, accumulation rate, decrease, surficial sediment, North Sea, Skagerrak; 08093.
- trace metal migration**
estuary, pH, salinity, bioproductivity, biogeochemical barrier, Russian Federation, Siberia, Kamchatka, Paramushir Island, Yuriev River; Sea of Okhotsk; Russian Federation, Siberia, Razdolnaya River; Sea of Japan; 05721.
- trace metal speciation**
water, sediment, soil, quality criteria, quality standard, 07674.
- trace metal transport**
gypsum, cation transport, potassium sulphate, magnesium sulphate, soil amendment, 06887.
- trace multichannel spectrometer**
environmental change, pollution, spectrometric system, Bulgaria; 07436.
- trace organics**
nitrogen species, distribution, rainwater sample, particulate, trace metal, North Sea; 00894. risk assessment, water reclamation, wastewater, ground-water recharge, pathogen, USA, California; 03336. trace metal, nitrogen species, North Sea; 08681.
- tracer species**
ice core, continuous analysis technique, spatial resolution, melting technique, Greenland, Summit; 09244.
- tracer**
airport, beach sediment, sediment transport, shoreline, Singapore, Changi; 00297. alluvial fan, environmental isotope, tritium, surface water-groundwater interaction, groundwater flow, Japan, Kurobe River; 08415. beryllium-10, sedimentation rate, continental margin, continental shelf, collision, Taiwan, Taiwan Strait; 01618. biodegradation, isotope ratio, carbon, nitrogen, organic matter, UK, Scotland, Tay Estuary; 10619. chloride, bromide, leaching, 13326. desert, mineralogy, aerosol, calcium, dust storm, Tadzhikistan; 06658. flow diversion, transport model, contaminant transport, residence time, dispersion, North America, Niagara River; 00707. fluorescent tracer, snowmelt, glacier runoff, discharge estimation, Nepal, Himalayas; 10908. gas transfer experiment, Schmidt number, wind speed, Atlantic, (North), Georges Bank; 08545. glacial runoff, flow path, quickflow, delayed flow, sulphate, 08423. grazing, pigment, chromatography, estuary, organic matter, USA, East Coast; New York, Hudson River Estuary; 01697. groundwater recharge, adsorption, environmental tracer, groundwater discharge, boron, Argentina, Lerma Valley; 08387. hillslope hydrology, preferential flow, subsurface runoff, deuterium, chloride, streamflow partitioning, macropore, 01930. hydrology, catchment process, surface water-groundwater interaction, sediment, 08259. infiltration, clay soil, drainage hydrograph, oxygen-18, 04495. laboratory experiment, Ekman boundary layer, dispersion, rotating channel, similarity law, 07238. long range transport, particulate matter, lead, isotope ratio, Japan; 12639. longshore bar, coastal protection, current, Germany, Sylt; 05434. magnetism, erosion, sediment delivery, Australia; 05340. marine sediment, ooze, subduction, boron, seawater, 00425. natural tracer, river water quality, particulate transport, solute transport, snowmelt, 08375. osmium, metal, sewage, waste transport, USA, Connecticut, Long Island Sound, New Haven Harbor; 05488. overland flow, sediment movement, magnetic susceptibility, hillslope, USA, Arizona; 05356. palaeoproductivity, barite, productivity, equatorial divergence, Atlantic, Angola Basin; 09359. permeability, groundwater flow regime, groundwater temperature, groundwater velocity, groundwater recharge, surface water-groundwater interaction, Japan, Ashigara Plain; 08411. porewater, diagenesis, diagenesis, palaeotemperature, 04200. radon daughters, cloud parameter, rainwater, model, 01004. recharge rate, groundwater recharge, recharge mechanism, oxygen-18, Tanzania; 08388. Rhodamine WT, herbicide absorption, breakthrough curve, 12088. river basin, source, bottom sediment, particle size, Hong Kong; 05468. sand, aquifer, reduction, chromium, diffusion, USA, Massachusetts, Falmouth, Cape Cod; 06786. sedimentation, floodplain, radionuclide, caesium-137, UK, England, Devon, Culm River; 05343. solute transport, model calibration, model verification, river transport, transport process, Europe, Rhine River; 08381. strontium-87/strontium-86 ratio, groundwater origin, bog, isotopic ratio, USA, Ohio, Champaign County, Cedar Bog; 02048. swash, turbulence, sediment transport, beach process, USA, New York, Fire Island; 13271. trace gas, air/sea exchange, transfer velocity, wind speed, 00895. water exchange, plutonium, oxidation state, Norway, Framvaren Fjord; Hellvik Fjord; Norway, Skagerrak Sea; 13492.
- tracer behaviour**
atmospheric motion, satellite measurement, algorithm, retrieval, 11109.
- tracer concentration**
solute transport, pore size class, 03083.
- tracer data**
turbulence closure model, long range dispersion, numerical simulation, 02190.
- tracer detection**
tracing dye, pH response, fluorescence, multiple dye tracing, buffering, 12295.
- tracer dispersal**
sediment transport, quartzite, flood, clast, redeposition, heavy mineral, South Africa, Cape Province, Swartkops River; 01740.
- tracer dye**
bacteriological test, groundwater contamination, recreational water quality, sinkhole/spring system, Florida, Tampa, Sulphur Springs; 12313.
- tracer evolution**
spectral mechanistic model, stratopause, wind, 13741.
- tracer experiment**
vertical profile, concentration fluctuation, plume, 03464.
- tracer injection**
flow condition, flow geometry, drainage network, subglacial water, USA, Washington, South Cascade Glacier; 00791.
- tracer method**
aquifer, pollution, karst terrain, acid rain, 11766.
- tracer migration**
fracture flow, radionuclide transport, radioactive waste disposal, advection/dispersion model, slate, 04528.
- tracer release**
diurnal variability, seasonal variability, snowmelt, ionic pulse, snow chemistry, USA, California, Mammoth Mountain; 09727.
- tracer rest**
fracture flow, radial flow geometry, solute transport, dispersion, 09688.
- tracer technique**
oxygen-18, hydrological process, Arctic hydrology, USA, Alaska, Imnavait Creek; 05822. speleothem, history, karst, cave research, 02728.
- tracer test**
adaptive estimation, groundwater flow, solute transport, stochastic model, hydraulic conductivity, USA, Massachusetts, Cape Cod; 12348. advection, groundwater flow, contaminant transport, gradient test, Canada, Ontario, Twin Lake; 09695. advective transport, diffusion, groundwater flow, fracture flow, chalk aquifer, 09693. Cretaceous limestone, limestone karst, groundwater discharge, hydrochemistry, spring, karst aquifer, Germany, North-rhine-Westphalia; 00756. diffusion, groundwater flow, fracture flow, solute transport, chalk aquifer, Denmark; 09694. dispersion, single fracture dispersion model, matrix diffusion, solute transport, 05790. gradient test, groundwater flow, advection/dispersion equation, Darcy's law, flow model,

- Canada, Ontario, Twin Lake; 09697. groundwater hydrodynamics, conduit flow, impulse response, karst aquifer, France, Lot, Causse de Gramat; 00755. groundwater transport, solute transport, forced gradient test, conservative tracer, advection dispersion, dispersivity, Canada, Ontario, Borden Aquifer; 14756. hydraulic test, groundwater flow, aperture estimation, fracture flow, 07058. hydrodynamic process, fluorescent tracer, groundwater flow, stream-flow, 08313. in situ testing, aquifer heterogeneity, radio tracer, groundwater flow, 09696. karst aquifer, porous aquifer, aquifer interface, groundwater flow, Switzerland, Alps; 08414. matrix porosity, fracture porosity, field experiment, solute transport, double porosity model, karst aquifer, Germany; 00750. non uniform flow, groundwater flow, solute transport, contaminant migration, dispersivity, longitudinal dispersivity, 13608. pumping test, solute transport, chlorinated hydrocarbon, groundwater contamination, dual porosity aquifer, sandstone/mudstone aquifer, UK, England, Coventry; 03366. retardation factor, porosity, contaminant transport, groundwater contamination, 11036. solute transport, deterministic model, unsteady flow, dispersion, stochastic analysis, Canada, Ontario, Borden; 13604. solute transport, forced gradient test, organic solute, sorption, mobile/immobile water, groundwater transport, Canada, Ontario, Borden Aquifer; 14757. surface water-groundwater interaction, groundwater flow path, USA, Wisconsin; 08413.
- tracer trajectory**
transport, barotropic model, large scale mixing, polar vortex, 11178.
- tracer transport**
volcano, diabatic circulation, ozone, stratospheric dynamics, aerosol, 04677. wave breaking, vortex edge, transport, Rossby wave, stratosphere, 11163.
- tracer ventilation**
mountain valley, dispersion, 02244.
- tracing**
precipitation, IAEA, isotope application, hydrology, 05124. road, satellite image, 06344.
- tracing algorithm**
road tracking, line follower, linear structure, 07477.
- tracing dye**
pH response, fluorescence, multiple dye tracing, buffering, tracer detection, 12295.
- tracing technology**
ocean mapping, data structure, 13984.
- tracking**
Hurricane Claudette, radar, 02186. mammal, telemetry, satellite, 15199.
- tracking strategy**
laser geodynamic satellite, geodetic parameter, optimal sky coverage, 11372.
- tracking system**
SPOT 2, radiometry, geodesy, gravitational modelling, DORIS, 12673.
- traction carpet**
stratification, turbidite, shear stress, grain size, 13189.
- traction structure**
Loop Current, sea bottom, current, Pliocene, Pleistocene, Gulf of Mexico, Ewing Bank; Garden Banks; 02876.
- tractive force**
critical velocity, particle size, stream power, erosion, sediment transport, channel flow, 12220.
- tractor pass**
infiltration rate, bulk density, penetration resistance, field traffic, Nigeria; 09516.
- tractor track**
rainforest soil, infiltration rate, bulk density, overland flow, logging, Malaysia, Sabah, Upper Segama; 08194.
- tractor traffic**
fertilisation, field traffic, methane, nitrous oxide, soil compaction, 03122.
- tractor tyre pressure**
manure spreader, soil compaction, 05510.
- tractor wheel**
bulk density, soil compaction, hillslope, Armenia; 09419. field traffic, soil physical property, Argudoll, USA, Nebraska; 09515.
- tractor wheel rut**
rut, soil deformation, soil compaction, 00523.
- trade wind**
aerial observation, wake, USA, Hawaii; 09811. cumulus, large eddy simulation, 09934. opal, seasonal cycle, sediment trap, diatom, upwelling, Atlantic, Guinea Basin; 14414.
- trade wind inversion**
wind profiling, vertical air motion, radar wind profiler, USA, Hawaii; 01163.
- traffic**
computer aided visual simulation, decision making, citizen participation, Japan, Tokyo; 11570. pollution, industrial source, Slovakia, High Tatras; 03617. street canyon dispersion, dispersion, vehicle exhaust emission, canyon, China, Jiangxi Province, Guangzhou City; 04805. vehicle exhaust emission, roadside survey, smog check program, 10030.
- traffic density**
atmosphere, soil, lead, Saudi Arabia, Riyadh; 12642. unleaded gasoline, manganese, Canada, Quebec, Montreal; 15035.
- traffic emission**
hydrocarbon, PPT levels, benzene, toluene, xylene, 12569. receptor model, urban environment, street level air, carbon monoxide, nitrogen oxide, China, Jiangxi Province, Guangzhou City; 04808. traffic pollution, urban emission modelling, Greece, Athens; 11337.
- traffic management**
transportation, USA, Colorado; 15240.
- traffic pollution**
air quality modelling, vehicle exhaust emission, street canyon, Netherlands; 11336. diffusion tube, nitrogen dioxide, urban site, passive sampler, UK; 12630. urban emission modelling, traffic emission, Greece, Athens; 11337.
- train**
GIS, emergency planning, space/time, Canada; 10267.
- training**
airborne, geophysics, developing country, technology transfer, 04828. cartography, GIS, 10103. education, Indonesia; 06108. education, professional development, 12656. GIS, Mexico; 02426. remote sensing, Costa Rica; 04830. remote sensing, environmental management, Saudi Arabia; 10037. satellite imagery, supervised classification, image processing, 10068. surveying, education, 06112. technology transfer, GIS, 15084. technology transfer, hazard, GIS, education, Bangladesh; 15221. topographic base mapping, Indonesia; 04914.
- training manual**
SRL, space radar, radar, 15044.
- training site selection**
image analysis, accuracy, 12686.
- trajectory**
elemental carbon, soot, sea level, aerosol, Norwegian Sea; Greenland Sea; 07372. GPS, Antarctic penetrator, differential navigation, 13933. heavy metal, sulphate species, source region, aerosol, receptor model, Canada, Northwest Territories, Alert; 03612. jet, heavy rainfall, rainfall, 08516. Mina Al Ahmadi spill, spill model, oil spill, simulation, Saudi Arabia; Arabian Gulf; 00018. modelling study, pollutant, long range transport, Kosa, particle, China; 12453. ozone destruction, bromine bromoform, boundary layer, USA, Alaska, Barrow; Arctic; 08648. ozone, photochemical smog, urban plume, Austria, Vienna; 15022. photochemical oxidant, sea breeze circulation, Adriatic Sea; 06101. precipitation, winter, storm, precipitation particle, 05901. source region, meteorology, aerosol, Greenland; 08514. sulphate import, acid rain, dryfall, dust storm, Israel, Mount Carmel; 06095. sulphur, trace metal, radionuclide, sulphate, aerosol, 08652. transport, transformation, polychlorinated, PCDD, PCDF, Sweden; 04814.
- trajectory analysis**
dust storm, Asia, (East); 14843.
- trajectory calculation**
Petersen's method, 11172. temporal frequency, wind data, sensitivity, 00902.
- trajectory flow climatology**
baseline monitoring, Indian Ocean, Amsterdam Island; 03425.
- trajectory model**
complex terrain, pollutant, puff, analytical model, 15023. probability density function, convective boundary layer, velocity, boundary layer, 13715.
- trampling**
red brown earth, infiltration rate, soil physical property, pasture soil, grazing, Australia, Western Australia; 03147.
- transaction cost**
LIS, GIS, land use, USA, Wisconsin, Dane County; 06172.
- transboundary water resource**
water resource management, North America; 13630.
- transcinnamaldehyde**
soil water determination, liquid chromatography, 06825.
- transcurrent fault**
seismic swarm, tectonic inference, transform fault, strike/slip faulting, Jordan, Gulf of Aqaba; Egypt, Red Sea, Gulf of Aqaba; 06489.
- transducer**
in situ stress, stress measurement, soil stress, 09101. optical fibre, environmental monitoring, chemical sensor, 03920.
- transducer directivity**
wide band resonance, underwater sound source, 03845.
- transfer function**
eutrophication, palaeolimnology, diatom, pond water quality, phosphorus, UK, England, Hertfordshire, Marsworth Reservoir; 14628. Heinrich event, Last Glacial/Interglacial cycle, palaeoclimate reconstruction, pollen, insect, France, Grande Pile; 02775. microbarometer, gravity wave, Italy, Turin; 02135. resolution, Geosat, altimeter, wave number frequency, 15207.
- transfer function model**
groundwater fluctuation, piezometric head, SARIMA, SARIMAX, univariate model, 09702. soil water movement, kriging, solute transport, Switzerland, Basel; 12069.
- transfer function technique**
chloride, bromide, subsurface drainage, leaching model, 13599. sulphate, sulphur, adsorption, subsurface drainage, leaching model, 13600.
- transfer standard**
geographic information, quality management, standard, 04893.
- transfer velocity**
ocean surface, air/sea exchange, gas, bubble, 09872. wind speed, double tracer technique, trace gas, air/sea exchange, 08558. wind speed, tracer, trace gas, air/sea exchange, 00895.
- transform fault**
earthquake model, magnitude effect, model dynamics, prediction, 02691. strike/slip faulting, transcurrent fault, seismic swarm, tectonic inference, Jordan, Gulf of Aqaba; Egypt, Red Sea, Gulf of Aqaba; 06489.
- transform optimisation**
variate transformation, statistical analysis, normal distribution, hydrological sample, probability density function, 04429.
- transform zone**
displacement, neotectonic feature, Chaman Fault, strike/slip fault, Pakistan, Himalaya; Afghanistan; 01398.
- transformation**
adjustment, traverse network, 15068. affine transformation, accuracy, 04887. affine transformation, similarity transformation, 04883. atmospheric circulation, air mass, 11147. edge enhancement, land use, classification, accuracy, TM, tasseled cap, USA, Kansas, Lawrence; 06340. geocentric, ellipsoid, GPS, 02396. polychlorinated, PCDD, PCDF, trajectory, transport, Sweden; 04814.
- transformation kinetics**
sorption, oxidation, PCB, hydroxyl radical, contaminant fate, 14735.
- transformation model**
numerical conversion, likelihood function, numerical conversion, significance, exponential model, cubic spline, 02642.
- transformation rate constant**
microecosystem, fate prediction, pesticide, aquatic system, compartmental model, 07690.
- transgression**
barrier island, palaeoenvironment reconstruction, shoreface, bioturbation, storm, Germany; North Sea, East Frisian Islands; 11910. carbonate, Cretaceous, Birafu Formation, Japan, Shikoku, Kochi Prefecture, Monobe; 05449. coarsening-upward trend, isostatic rebound, Norfolk moraine, coastal morphology, Holocene, Canada, Ontario, Lake Erie;

00113. coastal development, dune migration, chronological evidence, Holocene, Australia, New South Wales; 03974. coastline, sea level rise, marsh aggradation, tide gauge data, Holocene, Canada, Nova Scotia; 07756. continental shelf, shelf sediment, terrigenous source, relict sediment, India, Karnataka, Honavar; 00404. coral reef, palaeontology, beach, Holocene, sea level, India, Maharashtra, Ratnagiri District; 04267. cyclicity, Yoredale cyclothem, Charlestown Main Limestone, Dinantian, Carboniferous, UK, Scotland; 11972. estuary, sediment supply, progradation, flood, South Africa, Mgeni Estuary; 05376. forest vegetation, Quaternary, palynology, lagoon, Brazil, Rio Grande do Sul, Lagoa dos Patos; 13262. geochemical investigation, micropalaeontology, hydrographic change, Holocene, North Sea, Kattegat; 07905. groundwater, laterite, Eocene, bauxite, downwarping, India, Kutch; 11948. heavy mineral, sediment transport, faulting, placer, lateritisation, India, Kerala; 02898. Holocene, gravel, sand, sea level change, beach deposit, barrier, New Zealand, South Island, Canterbury, Ashley River; Kowai River; 06746. late glacial, depositional environment, glacioaquatic sediment, Lund Diamicton, deglaciation, Sweden, Lund Area; 10491. littoral barrier, coastal plain, Holocene, tidal flat, sea level, Argentina, Buenos Aires; 02982. marine limit, radiocarbon dating, Holocene, Russian Federation, Franz Josef Land, Alexandra Land; 13124. palaeoecological data, geomorphology, sedimentology, Holocene, Spain, Galicia, Coruna, Ria de Ares, Seselle Lagoon; 07910. palaeogeography, radiocarbon, chronology, Holocene, Black Sea; Caspian Sea; 10432. palaeovalley, gravel, Quaternary, alluvial fan, sedimentation, Greece, Crete, Lefka Ori; 13178. pollen analysis, palaeoclimate, coastal formation, Holocene, Russian Federation, Lake Ladoga; 00269. postglacial, episodic, sea level rise, sedimentary evolution, continental embayment, Australia, Queensland, Great Barrier Reef, Cleveland Bay; 00273. Quaternary, sea level change, coastal plain, Coral Sea, Great Barrier Reef; 11965. regression, pedology, deltaic landform, Holocene, Vietnam, Mekong Delta; 09335. river mouth, estuary, Holocene, continental shelf, sea level, China, Zhejiang Province, Oujiang River Estuary; 02972. sea level change, Pleistocene, Pacific, Taiwan Strait; 11847. sea level, sediment supply, reworking, morphostratigraphy, barrier, Canada, Nova Scotia; 02981. sedimentation rate, terrigenous sediment, sea level, Pleistocene, continental shelf, Australia, Queensland Continental Margin, Site 820; 09348. sequence stratigraphy, Permian, Lamar Limestone, carbonate, Guadalupian, USA, Texas, McKittrick Canyon; 14425. shoreline, Campanian, shelf deposit, shelf deposit, Shannon Sandstone, USA, Wyoming, Lucerne; 04181. subsidence, eustacy, regression, sediment supply, sea level, 00399. supratidal sand, Medieval climate optimum, sea level rise, tidal flat, Little Ice Age, Germany, Wadden Sea; 00266. uplift, chronology, marine terrace, sea level, eustacy, USA, Hawaii, Hawaiian Islands; 14294.
- transgression/regression cycle**
reef, Frasnian, carbonate platform, shale deposition, Canada, Alberta, Nordegg; 11912.
- transgressive bed**
delta, Holocene transgression, palaeogeography, sedimentary sequence, Olduvai Subchron, 09159.
- transgressive sediment**
Quaternary (late), sea level rise, parasequence, sequence stratigraphy, highstand deposit, France, Rhone Delta; 13120.
- transgressive stratum**
foraminifera, stratigraphy, palaeoenvironment, China, Zhejiang Province; 09145.
- transient development**
shear flow perturbation, stratification, 02230.
- transient eddy**
temperature gradient, Southern Hemisphere, sensible heat, 02182.
- transient flow**
analytic element method, regional flow model, groundwater flow, 12303. Eulerian-Lagrangian method, convection/dispersion equation, groundwater flow, solute transport, 12315. free surface flow, channel flow, diffusion, 12216. groundwater flow, Pierre Shale, low hydraulic head, poroelasticity, USA, Dakota, Black Hills, Williston Basin; 03323. hydraulic jump, numerical model, open channel flow, subcritical flow, supercritical flow, 05682. open channel flow, flow behaviour, St Venant equations, Laplace transform, 05683. water budget, groundwater recharge, vadose zone, infiltration, capillary rise, 04498.
- transient flow equation**
inverse problem, finite element method, fracture flow, groundwater flow, 04502.
- transient oscillation**
raindrop, rain, air bubble, bubble oscillation, optical detection, 10158.
- transient response**
climate model, carbon dioxide doubling, 12548. climate model, energy balance, time scale, 12496. coupled ocean-atmosphere model, carbon dioxide doubling, 12550. solar irradiance, climate model, 07318.
- transient seepage**
groundwater flow, seepage problems, infinite element method, infinite media, 02026.
- transient simulation**
coupled ocean-atmosphere, general circulation model, doubled carbon dioxide scenario, cold start problem, 08551.
- transient wave (3-6 day)**
wind oscillation, vertical structure, interannual variability, rawinsonde data, meridional wind, Pacific; 08524.
- transient wave**
ECMWF analysis, Rossby wave, Hough normal mode, 11180.
- transient wind**
topographic wave, downslope wind, windstorm, 11226.
- transit system**
inertial, vehicle mounted sensor, railroad, GPS, Australia; 06346.
- transition**
transient, weather regime, 00934.
- transition criteria**
nonlinear evolution, instability, boundary layer, 00878.
- transition curve**
CAD, road surveying, 01121.
- transition flow**
accurate measurement, nitric acid, nitrate, ammonium, 04754. water surface profile, open channel flow, specific energy concept, flow profile analysis, channel geometry, 10939.
- transition metal**
fly ash compost, nutrient transport, coal ash residue, fractionation, 03870.
- transition zone**
finite difference simulation, freshwater-saltwater interface, advective transport, dispersive transport, saline aquifer, groundwater transport, 03361. flow regime, bedform, sediment transport, alluvial resistance, 03231. microphysics, kinematics, precipitation structure, squall line, 11231. sea level data, glacial rebound, postglacial rebound, power law medium, axial symmetry, 02812.
- translation wave**
hydraulic geometry, braided river, bedload transport, 04450.
- translational failure**
limit state analysis, plasticity, limit load, 02712.
- translational flow**
non uniform channel, moment model, erodible bed, channel bend flow, rotational flow, 03233.
- translational hillslope failure**
stability model, soil moisture, slope instability, rainstorm, UK, Scotland, Aviemore; 09119.
- translational motion**
rotational motion, non gravitation perturbation, satellite dynamics, artificial satellite, 11369.
- translational slide**
rainfall, porewater pressure, peat slide, blanket peat, UK, Northern Ireland, Antrim, Skerry Hill; 05237.
- translatory flow**
hydrograph separation, snowmelt runoff, Canada; Japan, Hokkaido, Moshiri; 05824.
- transmission control**
SICAD, power distribution network, GIS, 11575.
- transmission electron microscope**
plankton, water quality analysis, picoplankton, oligotrophic lake, 13560.
- transmission function**
warming, infrared radiation, parameterisation, carbon dioxide, CFC, 04588.
- transmission measurement**
spectral interval, water vapour continuum, FASCODE model, 13666.
- transmissivity**
aquifer yield, nitrate, groundwater resource, chalk aquifer, hydrogeology, France; 11094. crop growth, wheat yield, solar radiation, meteorological observations, Canada; 03415. fracture flow, groundwater flow, fracture aperture, nuclear waste repository, Sweden, Stripa; 13576. fractured aquifer, stratiform aquifer, pumping test analysis, tectonics, hydrothermal effect weathering, specific capacity, Djibouti; 14718. groundwater flow, geostatistical analysis, spatial variability, hydraulic conductivity, Canada, Alberta Basin, Wabiskaw; 14726. hydraulic conductivity, hydrogeology, coal bearing rock, groundwater flow, groundwater recharge, permeability, USA, Virginia; 08402. hydraulic head, geostatistics, inverse problem, coupled flow, solute transport, groundwater flow, 02062. hydraulic head, spatial cross covariance, cross covalidation method, aquifer characteristics, sandy aquifer, Spain, Donana National Park; 02059. permeability, porosity, specific yield, aquifer characteristics, groundwater availability, Saudi Arabia, Khulais Plain; 02051. piezometer, radius of influence, groundwater flow, Thiém-Dupuit equation, pumping test, 09687. storativity, groundwater flow, pumping test, fracture flow, 12308. storativity, pumping test, aquifer parameter, confined aquifer, impermeable boundary, 03318.
- transmissivity index**
leakage index, resistivity sounding, groundwater exploration, geohydraulics, hydraulic conductivity index, Croatia; 13574.
- transmissometer**
STRESS experiment, settling velocity, continental shelf, USA, California; 14305.
- transmittance**
solar radiation, particulate pollution, turbidity, Saudi Arabia, Riyadh; 11114.
- transparency**
fish reduction, biomanipulation, macrophyte, surface water quality, denitrification, Netherlands, Bleiswijkse Zoom Lake; Zwemlust Lake; Netherlands, Noorddijk Lake; Denmark, Vaeng Lake; 14693. sediment transport, non tidal circulation, lake water process, North America, Great Lakes, Lake Michigan, Green Bay; 05693.
- transpiration**
energy budget, Bowen ratio, groundwater discharge, evapotranspiration, groundwater budget, USA, Nevada, Great Basin; 05664. evaporative demand, available soil water, stomata, 05661. Ficus benjamina, stomatal resistance, leaf external resistance, Penman-Monteith equation, 03471. forest regeneration, water yield, Eucalyptus forest, forest thinning, runoff, Australia, New South Wales, Karuah; 09741. forest, coniferous forest, deciduous forest, evapotranspiration, interception, Japan, Yamashiro Catchment; 08291. grassland, evaporation, water use, mountain terrain, Penman evaporation, UK, Scotland, Balquhider; 00626. heat pulse velocity, micrometeorological data, tree, Japan, Tokushima Prefecture, Shirakawadani Basin; 08295. interception, flow duration curve, land use effect, water resource, soil moisture storage, channel storage, UK, Scotland, Balquhider; 00805. kilometer scale, model, soil, water balance, 04636. photosynthesis, tree, radiation balance, 00871. soil evaporation, evaporation, row spacing, water use efficiency, crop yield, Australia, Western Australia, Merredin; 03209. stable isotope, discharge, forest, Eucalyptus forest, soil salinisation, 09752. stomatal conductance, crop growth, crop water use, irrigation regime, 12377. stomatal conductance, leaf area index, rainforest, Brazil, Amazon; 04439. stomatal conductance, leaf water potential, leaf area index, Eucalyptus stand, forest, India, Karnataka, Puradal; 09582. water budget, woodland, energy budget, evaporation, bare soil, Africa, (Sahel); 06955. water resource, land use classification, rainfall/runoff, climate change, evaporation, Canada, British Columbia, Rocky Mountains; 03197.
- transpiration rate**
agricultural water management, soil water depletion, sunflower, sorghum,

- crop water use, USA, Kansas, Manhattan; 07118. heat pulse method, water uptake rate, water uptake, sap flow, tree, 08288. plant growth, Budagovsky's model, growth stage, 08289. water yield, Eucalyptus forest, forest density, runoff, streamflow, Australia, Victoria; 09743.
- transponder**
Loma Prieta earthquake, turbidity current, sediment transport, slumping, Pacific, Monterey Submarine Canyon; 10578. multipaths inverted echosounder, water column, 03846.
- transport capacity**
sediment regime, river regulation, river restoration, 00657.
- transport chemistry model**
experimental measurement, ammonium, sulphate, nitrate, North Sea; 12572. fast integration method, chemical kinetics, carbon bond mechanism, Euler Backward method, numerical scheme, 07366.
- transport development**
hydrological process, water quality, land use effect, water resource management, agricultural development, Kenya, Lake Victoria Basin, Gucha River; 08432.
- transport direction**
Roxana Silt, Peoria Loess, Wisconsin, loess, USA, Minnesota; 09169.
- transport distance**
wind strength, environmental conditions, aeolian sand, last deglaciation, dune, Netherlands; Belgium; Germany; 00220.
- transport dynamics**
porous packing, data analysis, porosity field, dispersion, Monte Carlo method, 06422. sediment transport, basin model, caesium-137, Italy, Tuscany, Appennines; 06958. stream, resuspension, organic matter, water column, USA, Idaho, Smiley Creek; Salmon River; 06655.
- transport equation**
atmosphere, random choice method, glimm method, 15041. phosphorus dynamics, spiralling length, streamwater quality, phosphorus transport, 13538. pollution modeling, time splitting, finite element, parallelisation, 07400.
- transport line**
alignment, particle accelerator, 12847.
- transport mechanism**
deposition, Pleistocene, tuff cone, grain flow, lapilli, South Korea, Cheju Island, Udo Tuff Cone; 02967.
- transport model**
clayey soil, calcareous soil, strontium migration, sandy soil, advection/dispersion, speciation model, France; 03333. comparative study, super-computer, computer model, reduced instruction set computer (RISC), scalar computer, contaminant transport, 02072. contaminant transport, residence time, dispersion, tracer, flow diversion, North America, Niagara River; 00707. decay chain, degradation regime, sequential degradation, solute transport, pesticide, aldicarb, 05799. sorption, hydrophobic compound, groundwater contamination, organic matter, PAH, partitioning model, 03350. three dimensional model, middle atmosphere, 11174.
- transport path**
grain size, barrier island, tidal current, sea level change, North Sea, Netherlands Coast; German Coast; 05440. sand transport, continental shelf, coal terminal, Israel, Hadera; 02891.
- transport pathway**
radioactivity, fine grained sediment, heavy metal, suspended matter, particulate matter, Chernobyl nuclear accident, North Sea, Skagerrak; Kattegat; 00300.
- transport problem**
split operator formulation, contaminant transport, groundwater contamination, Petrov-Galerkin method, diffusion problem, 03359.
- transport process**
particle transport, radionuclide, sediment core, stable element, reservoir, USA, South Dakota, Oahe Lake, Cheyenne River Embayment; 01944. radon, airflow, radioactive tracer, hydrogeology, cave, thermal karst, Hungary, Budapest; 13019. tracer, solute transport, model calibration, model verification, river transport, Europe, Rhine River; 08381.
- transport rate**
nitrate transport, vadose zone, contaminant migration, leaching, fine textured soil, 04518. saltation, turbulence, wind tunnel, sand, sediment transport, 05454. storm, intertidal zone, seabed, bedform, ripple, Canada, Prince Edward Island, Stanhope Beach; 01705. unsaturated zone, irrigated soil, effective water content, capillary tension, osmotic pressure, contaminant transport, 03346.
- transportation**
database, vehicle, 06347. decision support system, hazard mapping, 08793. GIS, cost route, 10266. highway structure, flood assessment, road damage, USA, Nebraska; 12844. hydraulic sorting, particle size, abrasion, alluvial fan, gravel, Japan, Watarase River; 07956. stream sediment, silica, REE, provenance, USA, Colorado, Wet Mountains; 10573. traffic management, USA, Colorado; 15240. video, photogrammetry, 06349. water vapour, radiometer, India, Calcutta; 15112.
- transportation network**
GIS, communication, socio/spatial analysis, 12845.
- transputer network**
ERS-1 SAR, SAR telemetry, 07424.
- transtension**
compression, deformation structure, sediment deformation, shear zone, strain, Spain, Almeria, Sorbas Basin; 02875.
- transtensional fault**
strike/slip fault, seismicity, neotectonics, rift system, earthquake belt, China, Shanxi; 01399.
- transuranic element**
terrestrial environment, fuel reprocessing plant, geochemical behaviour, tidal zone soil, remobilisation, Irish Sea; 02611.
- transuranium element**
nuclear power plant, effluent release, Czech Republic, Jaslovske Bohunice; 02362.
- transverse extensive tectonics**
uplift, vertical displacement, neotectonics, normal fault, geophysical survey, France, Alps, Gresivaudan Valley; 11689.
- transverse fault**
accumulation, subsidence rate, Holocene, neotectonics, Middle East, Dead Sea; 01681.
- Transverse Mercator**
orthomorphic projection, spheroid, 03672.
- trap factor model**
culled factor model, California Current, seasonal trend, preservation bias, Polycystine Radiolaria, Pacific, (North); 02758.
- trap/sketch shooting**
PAH, toxicity, lead, North America, Great Lakes, Lake Michigan; 10686.
- travel time**
groundwater flow, advection/dispersion equation, heat diffusion equation, dispersion coefficient, inversion problem, solute transport, 07075. landfill site, arid zone, vadose zone, Dupuit-Forchheimer assumption, groundwater flow, 09708.
- travelling wave**
barotropic mode, normal mode, shear flow, 00942. Langmuir isotherm, adsorption, Freundlich isotherm, solute transport, groundwater flow, 03334. seabed, liquefaction, finite element, plasticity, sand, Canada, Lake Ontario; North Sea; 13161.
- traverse network**
transformation, adjustment, 15068.
- traversed control stations**
GPS, real time kinematics, 08768.
- travertine**
classification, biomineralization, tufa, calcification, sinter, Germany; 04188. deforestation, anthropogenic impact, climate change, Holocene, tufa decline, Europe; 01523. diagenesis, hot spring, aragonite, SEM image, bacteria, Italy, Viterbo; 05401. earthquake, active fissuring, faulting, Quaternary, Turkey, Pamukkale; 06488. Last Glaciation, uranium series dating, USA, Montana, Yellowstone; Wyoming, Yellowstone; 13026. neotectonics, graben, deposit morphology, Quaternary, Turkey, Pamukkale; 07992. Pleistocene (late), uranium series dating, megafauna, cave, flowstone, USA, Alabama, Colbert County, Cave ACB-3; 04076. shrub microfabric, bacteria, diagenesis, Quaternary, Italy, Tuscany, Rapolano Terme; 14354.
- trawl fishery**
otter board, ploughing track, seafloor sediment, sediment deformation, 05491.
- treatment plant design**
effluent quality, design performance, pollution control, wastewater, USA; 00027.
- treaty verification**
intelligence community, photogrammetry, 15237.
- tree**
alcohol emission, pine forest, isoprene, volatile organic compound, 01038. bioindicator, copper smelter, emission, honey mesquite, USA, Arizona; 11352. canopy, urban climate, USA, Indiana, Bloomington; 07243. microclimate, intercropping models, tea plantation, 14873. microwave, MIMICS, radiative transfer model, canopy, 02515. multispectral videography, videography, bottomland forest, 10211. pattern recognition, classification, reflectance spectra, forest damage, 14023. radiation balance, transpiration, photosynthesis, 00871. transpiration rate, heat pulse method, water uptake rate, water uptake, sap flow, 08288. transpiration, heat pulse velocity, micrometeorological data, Japan, Tokushima Prefecture, Shirakawadani Basin; 08295.
- tree canopy**
attenuation, woodland vegetation, microwave backscattering model, 01205.
- tree establishment**
treeline, Holocene, climate change, subalpine forest, North America; 10502.
- tree growth**
carbon dioxide enrichment, carbon cycling, atmospheric carbon dioxide, USA, Arizona, Phoenix; 05090. tree ring chronology, dendrochronology, El Nino/Southern Oscillation, USA, Colorado; 11263.
- tree growth index**
Hudson's Bay Company, fur returns, lynx cycle, climate change, 04742.
- tree island**
Picea engelmann, Abies lasiocarpa, microtopography, downwind migration, alpine tundra ecotone, USA, Colorado, Front Range; 11745.
- tree leaf**
hydrocarbon microseepage, multispectral video, biogeochemical analysis, soil, USA, Alabama; 02458.
- tree limit**
glacier variation, climate change, lake level variability, Holocene, general circulation pattern, France; 06552.
- tree limit history**
orbital forcing, treeline, Holocene, thermal trend, Sweden, Scandes Mountains; 02807.
- tree plot**
softcopy photogrammetry, regeneration monitoring, forest inventory, 08888.
- tree ring**
fallout, local fallout, global fallout, plutonium concentration, Japan, Kyushu, Nagasaki; 02588. Pinus armandi Franch, dendrochronology, China, Qinling Mountains, Huashan; 14954. sulphur deposition, manganese, trend, barium, 12644.
- tree ring analysis**
temporal variability, spatial variability, dendrohydrology, 04430.
- tree ring chronology**
dendrochronology, El Nino/Southern Oscillation, tree growth, USA, Colorado; 11263.
- tree ring data**
Little Ice Age, summer temperature, climate change, global warming, ice core, 06554.
- tree ring evidence**
forest succession, Holocene, hemlock decline, paludified dune field, macrofossil, Canada, Quebec; 00218.
- tree ring microscope**
varve, lake sediment, image analysis, accumulation, palaeolimnology, Sweden, Kassjon, Lake Nylandssjon; 10594.
- tree ring record**
absolute chronology, climate change, radiocarbon date, continental,

- Germany; 02730. dendrochronology, isotope, carbon-13, trend, South America; 13803. glacier fluctuation, climate variability, Little Ice Age, summer solar radiation, alpine glacier, Canada, Alberta, Rocky Mountains; 11782. sea surface temperature, North Atlantic Oscillation, dendrochronology, Atlantic; 13797.
- tree root cast**
Citronelle Formation, Sicily Island Loess, pedogenesis, diagenesis, soil, USA, Louisiana; 02927.
- tree seedling**
groundwater quality, salinity, coal leachate, wetlands, surface water quality, plant establishment, USA, South Carolina; 13596. soil acidification, soil chemical property, acid rain, forest regeneration, birch, Poland, Tuchola Forest; 12112.
- tree solution**
pipe hydraulics, water management, network design, optimisation, water distribution network, 03402.
- tree species**
deposition loads, sulphur, nitrogen, forest ecosystem, canopy exchange, Netherlands; 12597. nitrogen dynamics, litter decomposition, decomposition, leaf litter, USA, Wisconsin; China; 04365. saline groundwater, plant water use, Australia, South Australia, Upper South East Region; 12375.
- tree stand**
leaf area index, gap fraction, fractal graphics, 03472.
- tree stem distance**
spruce, beech, soil chemical property, solution chemistry, 06899.
- tree stump**
runoff, drought, medieval time, USA, California; South America, Patagonia; 14946.
- tree survival**
irrigation water quality, sodicity, leaching requirement, salt tolerance, salinity, 14775.
- tree system**
summer, noise attenuation, microclimate, urban climate, China, Jiangsu Province, Nanjing City; 05916.
- treeline**
forest climatology, palila bird, USA, Hawaii; 05946. forest history, Quaternary, vegetation, pollen, plant macrofossil, USA, New Hampshire, White Mountains; 09170. grassland, pollen analysis, fire, Holocene, vegetation, Australia, Tasmania, Central Plateau, Camerons Lagoon; 13113. Holocene, climate change, subalpine forest, tree establishment, North America; 10502. Holocene, thermal trend, tree limit history, orbital forcing, Sweden, Scandes Mountains; 02807. land use, anthropogenic impact, Holocene, pollen stratigraphy, Italy, Apennines, Appennino Parmense; 13108. Medieval Warm Period, glacier distribution, palaeoclimate, dendrochronology, Canada, Rocky Mountains; 13096.
- Tremp Group**
palaeosol, fluvial architecture, Esplugafreda Formation, palaeocene, Spain; 13172.
- trench**
convergence, accretion, erosion, continental margin, tectonic plate, Pacific, Central American Trench; Peru-Chile Trench; Guatemala; 09072. plate motion, relative motion, strain, Caribbean; 10175.
- trench sediment**
clay mineral, accretionary prism, provenance, turbidite, ODP Leg 131, Pacific, Nankai Trough; 00413.
- trenching**
soil aeration, soil amelioration, soil compaction, 14514.
- trend (1948-1988)**
hydroclimatology, temperature, precipitation, streamflow, USA; 13687.
- trend (1984-1991)**
strong episodes, smoke, Greece, Athens; 13887.
- trend analysis**
earthquake, flood, parametric model, time series, Brazil, Manaus, Rio Negro; 11627. environmental monitoring, nonparametric methods, regression, 09014. fishery, sediment transport, fjord, contaminant, Canada, British Columbia, Howe Sound; 04291. global warming, time series, moving average model, greenhouse gas, statistics, 00004. methodology, Kendall's test, sampling, water quality analysis, long term monitoring, USA, Vermont; 03266. ozone, seasonal trend, total ozone, 13834. rainfall fluctuation, Nigeria; 02307. river water quality, nonparametric trend analysis, water quality data, USA, Kansas, Walnut River; Neosho River; USA, Kansas, Arkansas River; USA, Kansas, Verdigris River; 05739. statistical analysis, time series data, Kendall's tau, S score variance, water quality, 00612. surface ozone, ozone, rural concentrations, UK; 09978. temporal variability, land use effect, surface water quality, forest catchment, nitrogen, Scandinavia, Baltic Sea, Gulf of Bothnia; 07124. time series model, acidic deposition, global trend, wet deposition, sulphate deposition, 00615.
- trend detection**
broken series, ultraviolet, solar UVB data, ozone trend, homogenisation, New Zealand; 05886. climate change, annual flow, river, runoff variability, Australia; 03857.
- trend estimate**
solar effect, ozone, middle atmosphere, 08728.
- trend model**
free air gravity anomaly, least squares prediction, Hungary, Pannonian Basin; 13924.
- trend surface**
glacioisostasy, Devension (late), Holocene, uplift pattern, shoreline dislocation, UK, Scotland; 05196. grid data, map operation, 13992.
- trend test**
linear trend, water quality, nonlinear trend, 05114.
- Trenton Group**
dewatering, dolomitization, Ordovician, carbonate, cement, Canada, Ontario; 01631.
- triad**
baroclinic wave, quasi resonance, low frequency oscillation, 08562. energy cascade, nonlinear interaction, Rossby mode, resonance condition, 03511.
- triangular diagram**
clast, morphological analysis, ternary diagram, particle shape, Norway, Slettnarkbreen; 04140.
- triangular finite element**
GPS, finite element, crustal deformation, accuracy, 15073.
- triangular regression analysis**
biomass, monitoring, evapotranspiration, Meteosat, Burkina Faso; Africa, Sahel; 07572.
- triangulated feature**
feature point matching, geometric correction, airborne scanner imagery, 08783.
- triangulation**
aerial triangulation, block adjustment, GPS, 10061. GPS, aerial control, kinematic positioning, block adjustment, 10060. network, topographic, vertical, Japan; 04958. profile/section drawings, surveying, 13940. prune-and-search, 04874. transform, Delaunay, 04873. trilateration, interferometry, industrial robot, optical 3D measurement, 11405. visibility, algorithm, DTM, 10073.
- triangulation network**
geodetic astronomy, levelling network, geodetic network, Italy; 03675.
- triangulation site**
tectonic deformation, San Andreas Fault, strike/slip motion, GPS, historical data, USA, California, Southern Coast Ranges; 00142.
- Triassic (Lower)**
sea level change, arenite, tidal flat deposit, unconformity, shoreline, France, Alpes-de-Haute-Provence, Barles; 08051.
- Triassic (Upper)**
void fill, dolomitization, carbonate platform, cyclicity, Italy, Brenta Dolomites; Lombardy; 07993.
- Triassic**
algae, Getic Domain, Sasca Formation, limestone, Romania, Carpathians, Sasca; 11974. aragonite, geopetal structure, Portoro Limestone, sulphate, dissolution, Italy, Liguria, Portovenere; 01628. basin, rifting, Cifuncho Formation, Chile, Atacama, Coastal Cordillera; 11898. burial, brine, diagenesis, porewater evolution, France, Paris Basin; 04201. Canizar Sandstones, sheet sandstone, red bed, fault, graben, Spain, Iberian Ranges; 13173. carbonate platform, diagenesis, tepee, reef, palaeogeography, Italy, Apennines; 01622. diagenesis, Ladinian, carbonate, microfacies, geochemistry, basin, Slovakia, Central Western Carpathians; 01623. Dolomia Principale, seawater, dolomitization, carbonate shelf, Holocene, Italy; United Arab Emirates, Abu Dhabi; 14369. dolomite, brine, fluid inclusion, halite, anhydrite, Poland; 07999. grainstone, boundstone, Latemar reef, reef fabric, reef buildup, platform, Italy, Dolomites; 02989. halite, brine, aquifer, oil field, Jurassic, France, Paris Basin; 06692. halite, chloride, bromide, brine, seawater, France, Paris Basin; 06691. Latemar buildup, grainstone, carbonate, slope facies, breccia, sea level, Italy; 14426. Permian, bauxite, karst, trace element, Turkey, Alanya; 04208. Permian, continental margin, palaeotethys, beach, sandstone, China, Qinghai Province, Xijin Ulan; 06748. red bed, paleosol, soil structure, climate, Permian, Antarctica, Prydz Bay; 02929. reef, dolomite, carbonate, Italy, Calabria; 09291. reef, lagoon, stromatolite, debris flow, Dachsteinkalk, Austria, Alps, Hochkonig Massif; 11975. San Donato Unit, reef, carbonate, diagenesis, Italy, Calabria, Monte Caramolo; 11973. Sherwood Sandstone Group, quartz overgrowth, clay mineral, evaporite cement, porosity, UK, England, Lancashire, Preston; 02916.
- triaxial apparatus**
Cam clay, numerical prediction, reconstituted kaolin, 04020.
- triaxial compression**
residual soil, stress path, direct shear box test, 02706. strain softening, sand, shear strength, 14181.
- triaxial compression test**
sandy soil, deformation analysis, foundation, settlement, 11731. shear test, test methodology, sample preparation, shear strength, laterite soil, Nigeria; 01441.
- triaxial cube apparatus**
three dimensional test, drained/undrained loading, Bothkennar soil, 04018.
- triaxial soil test**
cubical triaxial unit, soil compaction, pneumatics, pneumatic cushion, 10414.
- triaxial test**
collapse, sand, liquefaction, stress path, 06498. compaction, soil compaction model, cylindrical stress state, moisture content, soil failure, 11700. seismic response, river bed deposit, cyclic shear strain, cohesionless soil, model, 11740. stability analysis, cyclic instability, granular soil, creep effect, 11712. water content, strength, soil shear strength, 08116.
- triaxial testing**
carbonate soil, calcarenite, cementation, shear modulus, Australia, Western Australia, North West Shelf; 06522. clay foundation, degradation, cyclic loading, 14179.
- triaxial testing system**
natural fibre, geosynthetic, Coir, reinforced sand, liquefaction potential, 09095.
- triazine**
river water quality, herbicide, spatial variability, USA, Mississippi River; 07029.
- tributary**
dissolved organic carbon, carbon dynamics, river water quality, France, Rhone River; 12278. grain size, sorting, channel, bed morphology, confluence, 06666. knickpoint, migration rate, bank caving, base level change, USA, Mississippi River, Homochitto River; St. Catherine Creek; 07747.
- tributary capture**
arid tropics, cuesta relief, satellite image, climate evolution, Burkina Faso, Mouhoun River; Black Volta; 04068.
- tributary river**
suspended load, fine sediment, mud, provenance, clay mineral, Italy, Po River; Alps; Italy, Apennines; 04170.
- tributyltin**
antifouling, speciation, contaminated sediment, 14312. boatyard, organotin, antifouling paint, organism, UK, England, Essex; Suffolk; 06794. estuarine sediment, desorption, degradation, antifouling paint, 09389.
- trichloroethylene**
tetrachloroethylene, chlorinated hydrocarbon, wastewater treatment, water quality, contaminant removal, 09642.

- trichloroacetyl chloride**
heterogeneous chemistry, 11321.
- trichloroethene**
tetrachloroethene, latitudinal distribution, halogenated hydrocarbon, methylchloride, dichloromethane, Atlantic; 09983. trichloromethane, mains leakage, groundwater contamination, chlorinated hydrocarbon, industrial pollutant, UK, England, Coventry; 03364.
- trichloroethylene**
adsorption/desorption, organic compound, soil water vapour, volatile organic compound, benzene, 12167. bioremediation, aerobic cometabolic degradation, microbial oxidation, groundwater remediation, 09722. groundwater contamination, non aqueous phase liquid, dissolution, 14752. groundwater contamination, soil water contamination, adsorption isotherm, organic carbon, tetrachloroethylene, 03329. soil gas venting, groundwater contamination, solute transport, volatile organic compound, intraparticle diffusion model, sorption/desorption, 13591. styrene, pump and treat remediation, non aqueous phase liquid, dissolution rate, grain size, 14753. surface water quality, microbial filter, methanotrophic bacterium, bioremediation, 05707. volatilisation, infiltration, unsaturated zone, multi-phase flow, groundwater contamination, 09712.
- trichloromethane**
mains leakage, groundwater contamination, chlorinated hydrocarbon, industrial pollutant, trichloroethene, UK, England, Coventry; 03364.
- trickle irrigation**
irrigation, salinity, soil water storage, soil conditioner, polyacrylamid hydrophilic gel, 04563. wetting front, infiltration, soil water distribution, soil characteristics, 05780.
- tricyclazol**
pesticide adsorption, clay content, adsorption isotherm, Spain, Donana National Park; 00601.
- triethylammoniumchloride**
exchange capacity, clay mineral, 09450.
- trifluoroacetic acid**
HFC-134a, health concern, 04810.
- trifluralin**
herbicide degradation, 10873.
- triggered lightning**
lightning flash, channel base current, USA, Alabama; Florida; 11122. lightning process, electrical field, cloud-to-ground-lightning, physical process, 04596.
- triggering factor**
thaw, stress release, groundwater, weathering, Switzerland, Matter Valley, Randa; 09123.
- trihalomethane**
water chemistry, potable water quality, lead, aluminium, North America, Great Lakes; 04290. water supply, management, lake sediment, chlorine, USA, Ohio, Portage County, Lake Rockwell Reservoir; East Twin Lake; 03031.
- trihalomethane precursor**
ozonation, ultraviolet irradiation, photolytic ozonation, lake water chemistry, 13562.
- trilateration**
interferometry, industrial robot, optical 3D measurement, triangulation, 11405.
- trilinear plot**
groundwater contamination, contamination mapping, hydrocarbon, data evaluation, 04512.
- trimline**
Little Ice Age, ice sheet, rock surface weathering, surface roughness, Norway, Nordfjord; 04095. nunatak, Devensian (late), ice sheet reconstruction, gibbsite, UK, Scotland, Isle of Skye, Trotternish Escarpment; 11829.
- trinitrotoluene**
biodegradation, nitroaromatic compound, bioremediation, munition compound, 04415.
- triorthocresyl phosphate**
chromatography, hydrolysis, biodegradation, surface water quality, toxicity, 13494.
- triple element piezocone**
seismic piezocone, dilatometer, in situ testing, offshore soil investigation, multisensor device, 02708.
- triple junction**
ridge subduction, Quaternary, tectonic history, Woodlark triple junction, Pacific, Solomon Islands; 09077.
- triple layer model**
variable charge soil, sulphate adsorption, aluminium oxide, Germany, Harz Mountains; 08172.
- triple window approach**
lake surface temperature, AVHRR, tropical lake, Malawi, Lake Malawi; 11551.
- Tripolis Unit**
dolomite, breccia, evaporite, Jurassic, Cretaceous, Greece, Peloponnesus, Mainalon Mt; 01633.
- Trisponder system**
differential GPS, precise positioning, Kalman Filter, 01114.
- tristimulus value**
Munsell colour, spectrophotometry, soil colour measurement, 12050.
- triticale**
edge structure, canopy reflectance, 06287. spectral brightness, phytometric statistics, 08882.
- tritium**
oxygen-18, lake leakage, pyroclastic flow slope, isotope tracer, groundwater flow regime, Indonesia, Bali, Batur Lake; 08412. rainwater, meteorological analysis (1987-1991), Japan, Fukuoka; 15000. surface water-groundwater interaction, groundwater flow, tracer, alluvial fan, environmental isotope, Japan, Kurobe River; 08415. surface water quality, radioactive isotope, Egypt, Alexandria; 14639.
- tritium-helium isotope method**
groundwater age, vertical flow velocity, recharge rate, groundwater recharge, 07051.
- tritium tracer**
infiltration, isotopic fractionation, vapour transport, unsaturated flow, contaminant transport, USA, Nevada; 08393. streamflow, soil water discharge, groundwater discharge, residence time, runoff, Japan, Kawakami; 08311.
- TRMM**
rainfall rate, latent heating, halocline distribution, satellite data, tropical rainfall, 06434.
- trona**
lake, bacteria, drainage system, organic matter, Kenya, Lake Logipi; 04230.
- Tropaquept**
cultivation, percolation, soil physical property, 03148.
- trophic change**
nitrogen deposition, coastal eutrophication, phytoplankton bloom, 08983.
- trophic level**
lake water chemistry, phytoplankton, alpine lake, limnology, Italy, Lake Maggiore; Lake Lugano; Italy, Lake Como; Italy, Lake Iseo; Italy, Lake Garda; 01960. limnology, water resource management, biota, atmospheric deposition, Italy, Umbria, Lake Trasimeno; 01965. zooplankton, lake protection, volcanic lake, limnology, Italy, Latium; 01966.
- trophic state**
phosphorous, lake alteration, land use effect, environmental impact assessment, anthropogenic impact, Italy, Lazio, Vico Lake; 05686. productivity, palaeolimnology, Holocene, diatom analysis, geochemical analysis, Sweden, Lake Sambosjon; 02808. water quality, water transparency, Poland; 07628.
- trophic state classification**
water quality management, eutrophication, reservoir limnology, 05766.
- trophic status**
canonical correspondence analysis, nitrogen, chlorophyll, phosphorus, Secchi depth, diatom assemblage, Canada, Ontario; 09671. forecasting model, reservoir ecosystem, climate change, Russian Federation, Tsimlyansk; 12230. hemlock decline, recovery, catchment size, lake, Canada, Ontario; 06594. lake water chemistry, phosphorus, remediation, detergent, limiting factor, Italy; 02021. lake water quality, nitrogen, phosphorus, nutrient, Turkey, Sapanca Lake; 10990. lake water quality, nutrient dynamics, sediment, 14686. lake water quality, reservoir water quality, algal growth, phosphorus reduction, 12293. nutrient load, limnology, man made lake, phytoplankton, reservoir, Italy, Sardinia; 01968. phosphorus, diatom, chlorophyll-a, lake water quality, Secchi depth, Canada, Ontario; 09672. water quality classification, reservoir water quality, phosphorus, phytoplankton, Russian Federation, Moscow, Mozhaysk Reservoir; 09668.
- trophosphere**
cloud, lidar, geometrical property, optical property, Antarctica, Dumont d'Urville; 04927.
- tropical cyclone**
cyclone motion, analytic theory, barotropic vortex, shear flow, 07264.
- tropical atmosphere**
convection, available potential energy, ice phase, conditional instability, 00992. deforestation, runoff, linear model, 02188.
- tropical behaviour**
air-sea interaction, fast wave limit, bifurcation, nonlinear behaviour, 04650.
- tropical catchment**
transport, soil, contamination, heavy metal, anthropogenic activity, Venezuela, Lake Valencia; 11991.
- tropical circulation**
circulation (May-October 1990), Australia; Asia; 12452.
- tropical clay**
microstructure, permeability, pore fluid, cementing agent, 03994. shear strength, liquid limit, engineering behaviour, 03995.
- tropical climate**
discriminant analysis, wet season, early detection, 09821. fishery, hydrology, water temperature, grain size, Gulf of Carpentaria; 11962. forest, nutrient, fluvial sediment, floodplain, vegetation, Peru, Amazon Basin; 00365. temperate climate, leaf bud, endodormancy, peach tree, temperature model, 08530.
- tropical cloud**
mesoscale organisation, cloud band, GATE Phase III, cloud cluster, 09911.
- tropical coastal station**
optical depth, sea breeze front, aerosol, 02237.
- tropical convection**
convection, cloud imagery, radiance, diurnal cycle, 05988. mesoscale convective system, gravity wave dynamics, convection, 00993. planetary scale, nonlinear evolution, convection, evaporation/wind feedback, 09933. quasi linear instability, convection, planetary scale, evaporation/wind feedback, 09932.
- tropical convective heating**
Rossby normal mode, planetary wave, inertia gravity wave, GCM, 02213.
- tropical cyclone (1960-1989)**
hurricane, cyclone formation, Atlantic, (North); 09826.
- tropical cyclone**
cyclone intensity, sea surface temperature, historical data, sensitivity, 04655. cyclone recurvature, recurvature, hurricane, observational analysis, 11140. cyclone season (1990-1991), Indian Ocean; Pacific, (South); 13695. cyclone track, meandering path, 00861. cyclone, hurricane season, Atlantic; 13787. cyclone, observation, forecasting, aircraft reconnaissance, 14934. cyclone, seasonal structure, typhoon, monsoon, South China Sea; 13686. cyclone, warning system, forecasting, 14937. diagnostic study, precipitation, Cyclone Bola, New Zealand; 11145. discrete vortex, vortex interaction, 08568. dropwindsonde, hurricane forecast, forecasting, unmanned aircraft, 01072. El Nino/Southern Oscillation, typhoon, cyclone activity, sea surface temperature, Pacific; 09827. environmental flow, heating field, barotropic model, critical point, cyclone movement, 14902. forecasting skill, navy operational, cyclone circulation, Pacific; 04731. genesis potential, cyclone, Pacific; 12455. Geosat altimeter, wind speed algorithm, 08833. intensity change, hurricane, eddy, angular momentum flux, 00954. interaction, multiple vortex interaction, cyclone merger, observation, Pacific, (North); 08521. model, sensitivity, cyclone, rainfall intensity, sea surface temperature, 13750. predictor, hindcast, hurricane season, Atlantic; 04735. sea surface

- cooling, cyclone-ocean interaction, coupled model, numerical simulation, 11169. typhoon, cyclone, energy dispersion, 09831.
- tropical cyclone motion**
initialisation scheme, cyclone, prediction, barotropic model, generalised inverse method, 01013.
- tropical cyclone track**
forecast, initialisation system, Hurricane Gloria, 02313.
- tropical cyclone**
Eliassen model, balanced vortex model, gradient balance, 07250.
- tropical disturbance**
cyclone warning, intensification, vortex size, 05962. GCM, cyclone, doubled carbon dioxide, 02219.
- tropical easterly jet**
sphere, easterly jet, jet, barotropic instability, nonlinear barotropic instability, 09882.
- tropical ecosystem**
biodiversity, El Nino/Southern Oscillation, global change research, 10347.
- tropical environment**
coastal ocean, oceanographic process, Zaire, Zaire Basin; New Guinea; Brazil, Amazon Basin; 12909. urban environment, air quality monitoring, pollutant concentration, India, Varanasi; 15031.
- tropical/extratropical transport**
volcanic ash, stratosphere, model, 01053.
- tropical forcing**
Rossby wave source, linear response, 00951.
- tropical forest**
carbon dioxide enrichment, deforestation, business-as-usual senario, terrestrial carbon budget, 03901. clearing, deforestation, climate, albedo, radiation, Brazil, Amazon; 07244. deposition process, soil erosion, agriculture, humid tropics, water quality management, 04284. forest ecosystem, nutrient cycle, geochemistry, biogeochemistry, China, Hainan Island, Jianfengling; 01314. geographical distribution, soil carbon, carbon, biomass carbon, Asia, (Tropical); 10331. vegetated succession, Quaternary (late), pollen assemblage, lacustrine core, radiocarbon chronology, Cameroon, (West); Brazil, Amazonia; 00203.
- tropical geomorphology**
Tertiary, weathering, planation, actualistic principle, Germany, Rhenish Massif; 05180.
- tropical glacier**
glacier fluctuation, mass balance, ablation rate, Uganda, Ruwenzori Mountain, Elena Glacier; Speke Glacier; 09241.
- tropical heating displacement**
extratropical climate, general circulation model, Hadley circulation, 09890.
- tropical ice core**
palaeoclimate reconstruction, oxygen isotope record, recent warming, ice core evidence, China, Dunde Ice Cap; 00279.
- tropical instability wave**
equatorial belt, El Nino/Southern Oscillation, carbon dioxide, Pacific; 12590.
- tropical karst**
cave microclimate, bat colony, Cuba; 14876. karst landscape, cockpit karst, inselberg landscape, doline karst, relief, West Indies; 05251.
- tropical lagoon**
oxygen uptake, methanogenesis, sediment/water interface, carbon flux, metabolism, Pacific; New Caledonia; 11943.
- tropical lake**
triple window approach, lake surface temperature, AVHRR, Malawi, Lake Malawi; 11551.
- tropical land**
trace gas emission, deforestation, savanna, land use change, 07707.
- tropical landform**
erosion, deforestation, weathering front, uplift, geomorphology, India, Chhotanagpur Uplands, Hazaribagh Plateau; 03979. rainforest, flood, geomorphology, humid tropics, 01375. relief, model, pediment, inselberg, duricrust, Africa, (West); 14133.
- tropical landscape**
palaeoenvironmental evidence, Quaternary, global change, palaeoenvironmental history, South America; 00201.
- tropical lowland basin**
diatom, environmental change, sediment deposition, geochemistry, Ecuador, Laloki River, Waigani Lake; Papua New Guinea; 11807.
- tropical marl lake**
marl, stratigraphy, stable isotope, Quaternary, palaeolimnology, Jamaica, Wallywash Great Pond; 05292.
- tropical ocean**
interannual variability, ocean-atmosphere interaction, coupled model, 09864. interannual variability, ocean-atmosphere interaction, El Nino/Southern Oscillation, 09862. interannual variability, ocean-atmosphere interaction, weak coupling limit, eigenmode, 09863. meltwater flux, ocean surface water, last deglaciation, oxygen isotope, 11795.
- tropical oceanic front**
modelling, ocean flux, JGOFS-France program, biogeochemical cycle, carbon cycling, 06394.
- tropical peneplain**
peneplanation, Budel's model, planation surface, deep weathering, saprolite, India, Tamil Nadu; 00138.
- tropical plain**
Quaternary, geomorphology, dune field, loess, alluvial fan, Bolivia, Chaco; Argentina, Chaco; Paraguay, Chaco; 03977.
- tropical precipitation**
evaporation, dynamics, energy balance, Hadley circulation, 00952.
- tropical rain forest**
net primary productivity, incident solar radiation, radiation absorption efficiency, organic dry matter, 14027. palynology, vegetation zone, Brunhes chron, marine data, Saharan/Sahelain boundary, Morocco; Africa, (North-west); 07859. solar energy budget, forest, bare soil, deforestation, Brazil, Amazon; 03486.
- tropical rainfall**
TRMM, rainfall rate, latent heating, halocline distribution, satellite data, 06434.
- tropical rainforest**
canopy top, photosynthesis, carbonyl sulphide, dimethyl sulphide, reduced sulphur compound, Cameroon; 08645. forest, logging, sediment yield, catchment area, Malaysia, Peninsular Malaysia, Main Range; 04282.
- tropical region**
atmospheric carbon dioxide, land cover, reforestation, carbon sequestration, 00046. carbonate, continental shelf, seagrass, siliclastic sediment, temperate region, tidal current, Australia, Australian Shelf; 13274. chemical index, weathering, metamorphic silicate rock, Sri Lanka; 11652. climate change, temperature variation, radiative change, Barbados; 09149. coastal environment, submerged shoreline, beach rock, sea level, Younger Dryas, Landsat TM imagery, Brazil, Rio Grande do Norte, Natal; 06603.
- tropical residual soil**
soil genesis, residual soil, fersiallitic, ferrallitic, classification, 10412.
- tropical river**
monsoon, anthropogenic impact, discharge, suspended load, India, Andhra Pradesh, Godavari River; Tamil Nadu, Cauvery River; 05466.
- tropical soil**
aggregate, humic acid, clay dispersion, soil stability, Nigeria; 09519. alluvial soil, subtropical soil, nitrification, nitrifying bacteria, Taiwan; 00549. carbon cycle model, carbon dynamics, temperate soil, radiocarbon measurement, soil carbon reservoir, USA, California, Sierra Nevada; Brazil, Amazon Basin; 00044. classification system, soil science, India; South America; 08097. deforestation, soil management, organic matter, soil fertility, 05499. earthworm, phosphorus, phosphorus transformation, 03138. extractant, phosphorus determination, 06846. herbicide persistence, terbutylazine, 13436. land use evaluation, 05498. laterite, plinthite, pedogenesis, weathering, hydrothermal genesis, 14509. MCT geotechnical classification, geotechnical soil classification, 03988. nutrient status, soil sampling, Nigeria; 12078. parent material, soil colour, particle size distribution, weathering, India; 00513. pesticide, DDT, Asia; Africa; Brazil; 13431. phosphate sorption, mineralogy, hydrosesque, organic matter, Brazil, Cerrado; 05580. ploughing, no-till, soil physical property, mulching, Alfisol, Nigeria; 13393. relief, soil spatial variability, 00471. residual soil, slope stability, expansive phenomena, saprolite, 10413. residual soil, soil mechanics, foundation engineering, geotechnics, 10411. soil evolution, weathering, relief position, 00511. soil fertility, carbon, organic carbon, carbon dioxide, 06872. soil fertility, forest clearing, soil chemical property, Sri Lanka, Hunnagiriya; 10824. soil management, soil conservation, 05634. soil physical property, soil fertility, 06803. soil productivity, agricultural production, 10712. soil spatial variability, sorptivity, infiltration, Guyana; 04394. soil strength, soil structure, soil physical property, Nigeria; 09517. soil water conservation, soil fertility, sustainable agriculture, soil erosion control, soil management, Africa; Asia; Australia; South America; Central America; 12032. soil water diffusivity, soil hydraulic property, Nigeria; 10752. source/sink, atmospheric carbon, soil management, carbon sequestration, 00028. surfactant, aggregate stability, colloid stability, Ultisol, Entisol, Nigeria; 03176. USLE, soil erosion assessment, 03186.
- tropical station**
balloon borne measurement, tether sonde, boundary layer, 04631.
- tropical storm**
hindcast, hurricane, extended range hindcast, Atlantic; 13783.
- tropical stream**
dissolved inorganic nitrogen, streamwater chemistry, nitrogen dynamics, phosphate, Costa Rica, Salto River; Pantano Creek; 02005.
- tropical trapped mode**
stationary eddy, summertime, interannual variability, Matsuno-Gill, 12493.
- tropical troposphere**
aircraft observation, sea salt, particle, Pacific; 13875.
- tropical vegetation**
AVHRR, GIS, topography, deforestation, Indonesia, Sumatra; 07579. cloud cover, spectral cluster, species conservation, SPOT, Polynesia, Cook Islands, Miti'aro; 07564.
- tropical wave**
zonal symmetry, general circulation model, intraseasonal variability, 07273.
- tropical weather event**
limited area model, monsoon, forecast, 02316.
- tropical weathering**
climate change, summit level, rain erosion, planation surface, cyclic development, Suriname; 05178. laterite, terminology, ferricrete, duricrust, pisolith, 02663.
- tropical wet forest**
canopy gap, hemispherical photography, solar radiation regime, quantum sensor, photosynthetic photon flux density, 00873.
- tropical wetland**
malaria, anopheline mosquito, GIS, TM, land cover, Mexico, Chiapas; 11552. wetland disturbance, floodplain, South America, Amazon Basin; 09630.
- tropics**
albedo, grass, burning, 09834. aquifer formation, karst aquifer, groundwater chemistry, Madagascar; 12334. atmosphere, cyclogenesis, thermal stratification, 04929. bioclimatology, weather type, tourism, 14835. Budel's model, climate history, etchplanation, tectonic history, geomorphology, denudation, 01344. cancellation, longwave, shortwave, cloud forcing, satellite data, tropopause height, 13671. carbon dioxide, carbon sink, deforestation, forest, 04622. carbon dioxide, partial pressure, Atlantic; 09966. classification, rainfall station, principal components analysis, 13773. climate model, rainfall, vegetation, 07240. climate reversal, Younger Dryas, glacier advance, Ecuador, Andes; Columbia, Andes; Peru, Andes, Quelccaya Ice Cap; 14243. climate sensitivity, radiation model, greenhouse warming, moisture distribution, 12540. climate, rainfall variability, 07221. coastal zone, surface conditions, interannual variability, rainfall, Africa; Guinea; 12529. cyclone development, 08517. cyclone season (1984), drought, sea surface temperature, destructive cyclone, Indian Ocean; 07213. deforestation, evaporation, surface runoff, Hadley circulation, Walker circulation, Asia, (Southeast); 08424. divergence, moisture, radiometry, 15114. empirical relationship, convection, large scale variability, sea surface temperature, 08555. environment, physical geography, anthropogenic impact, 11640. extratropical response, diabatic heating anomaly, 00939. extratropics, Southern Hemisphere, wave train, intraseasonal interaction, 02184. FGGE

- datasets, observing system, model response, 11208. forest cover, Landsat MSS, classification, 12811. forest mapping, airborne radar, sustainable forest management, timber supply, 14031. forest, microclimate, canopy gap, rainforest, photosynthetically active radiation, Borneo; 03479. general circulation model, Rossby wave, propagation, 13737. global analysis, soil, nitrous oxide, soil gas production, 05091. ground resolution, spectral range, stereoscopy, land system, land use mapping, Belize; 12855. heat source, moisture sink, principal components analysis, vertical profile, 00905. historical data, ozone trend, 13864. Madden-Julian oscillation, Kelvin wave, CISK, evaporation/wind feedback, oscillation (30-60 day), 11206. mangrove forest, radar backscatter, Bangladesh, Ganga River Delta, Sundarbans Forest; 06269. mesoscale, rainfall, cluster analysis, regionalisation, principal components analysis, Australia, Queensland, Townsville; 12530. nutrient, sediment, mycorrhizae, heavy metal, wetlands, ecotone, 05699. ocean surface, Kelvin wave, Rossby wave, air-sea interaction, 13730. palaeoclimate, palaeoclimate, Quaternary (late), environmental record, Madagascar, Malagasy Plateau, Lake Tritirivakely; 14250. physical geography, inselberg, soil erodibility, rainfall erosivity, sand dune, Africa; 11646. predictability, ocean, coupled TOGA model, 08557. radiation, sunshine, India; 08495. rain gauge data, point process model, rainfall, 05999. reconstruction, El Nino, climate record, ice core, Peru, Quelccaya; 13792. Rossby mode, wave characteristics, troposphere, stratosphere, India; 14847. sea surface temperature, general circulation model, monsoon, 09871. seasonal cycle, sea surface temperature, mixed layer, heat budget, Pacific; 05951. ship observation data, sea surface temperature, wind field, heat budget, Pacific; 00896. spectral analysis, principal components analysis, surface pressure, 14840. stratosphere, charged particle, balloon borne measurement, ion conductivity, 14827. stratosphere, equatorial wave, latitudinal variation, wave (30-70 day), 14845. temperature variability (1969-1991), ship-of-opportunity, sea surface temperature, Pacific; 08559. thermocline profile, coupled ocean-atmosphere model, Rossby wave, ocean model, 04657. total column ozone, Kelvin wave, 12491. total ozone, Rossby wave, ozone, 08671. tropopause, cloud, cold cloud, annual cycle, 08520. troposphere, Rossby gravity wave, synoptic scale wave, wave period (6-9 day), 00862. variability, predictability, ocean/atmosphere system, conceptual model, 03480. warming, cumulus convection, cumulus ensemble model, water cycle, 03519. water vapour, convection, subsiding motion, greenhouse gas, 00824. water vapour, stratosphere, cloud, 10156. wind profiler, radar, Christmas Island; 12413.
- tropopause**
cloud, cold cloud, annual cycle, tropics, 08520. global analysis, stratosphere/troposphere exchange, northern winter, 00898. height, potential vorticity, 08565. potential vorticity gradient, Eady problem, baroclinic neutrality, 02229.
- tropopause fold**
cutoff low, ozone, troposphere, stratosphere/troposphere exchange, 12576.
- tropopause folding**
cross tropopause exchange, ozone, stratospheric ozone intrusions, 09979.
- tropopause height**
tropics, cancellation, longwave, shortwave, cloud forcing, satellite data, 13671.
- troposphere**
aerosol, review, cloud, 07388. case study, cutoff cyclonic circulation, potential vorticity, 00912. clear sky radiance, GOES 6.7 micrometer channel, relative humidity, water vapour absorption, 05884. climate change, ozone, radiative forcing, greenhouse gas, nitric oxide emission, aircraft, 07328. flux, reactive nitrogen, nitrous oxide, ozone, 13830. HFCs, HCFCs, degradation product, 06017. hydroxyl radical, nitrogen oxide, volatile organic compound, ozone formation, regulation, 03649. lidar, radar, gravity wave, stratosphere, 14851. Meteosat, water vapour, absorption, 04938. nitrogen oxide, volatile organic compound, ozone, titration, precursor emission, USA; Europe; 10028. Northern Hemisphere, dynamic process, winter, volcanic eruption, zonal wind, 11139. ozone level, Canada, Quebec; 03643. range correction, radar, altimeter, Indian Ocean; 12725. rate constant, hydroxyl radical, HCFCs, HCFC-22, lifetime, 14967. regulatory measure, ozone, oxidizing property, Europe; 12583. Rossby gravity wave, synoptic scale wave, wave period (6-9 day), tropics, 00862. stratosphere/troposphere exchange, tropopause fold, cutoff low, ozone, 12576. stratosphere, cruising time, emission, air traffic, 11353. stratosphere, lidar observation, 09893. stratosphere, mesosphere, eddy, radar, 12728. stratosphere, nuclear test, nuclear weapon, radionuclide, Ukraine, Chernobyl; 13878. stratosphere, tropics, Rossby mode, wave characteristics, India; 14847. sulphur hexafluoride, measurement, stratosphere, 09999. temperature fluctuation, sounding system, radio acoustic sounding, 12407. temperature trend, rocket, radiosonde, stratosphere, mesosphere, 14949. urban pollution, control strategy, ozone, 08727. vector, GPS, baseline, Japan; 04939. waveguide, adiabatic approximation, over the horizon, radio wave, 04937.
- tropospheric anomaly**
fire activity, blocking event, wildfire, Canada, Rocky Mountains; 03424.
- tropospheric chemistry**
ERBE, data system, cloud, aerosol, EOS, 01073.
- tropospheric circulation**
palaeoclimate change, mobile polar high, meridional, airmass, energy exchange, 00008. stratospheric cooling, Northern Hemisphere, winter, 14849.
- tropospheric data**
water vapour, sea ice edge, ERS-1, microwave sounding radiometer, 13911.
- tropospheric increase**
ozone, vertical distribution, radiative forcing, greenhouse gas, 04746.
- tropospheric ozone**
ultraviolet B, ozone, radiative flux, 14813.
- tropospheric ozone regulation**
photochemical, air pollution, Geneva hydrocarbon protocol, economic analysis, Belgium; 02576.
- tropospheric river**
specific humidity, wind velocity, water vapour flux, one year record, ice core data, 12450.
- TROPOZ II experiment**
large scale distribution, hydrogen peroxide, aircraft measurement, 06019.
- trough depth**
digital terrain model, structural history, topography, piping, chaotic terrain, Mars, Valles Marineris; 11699.
- trout**
streamwater chemistry, benthic invertebrate, runoff water quality, forest fertilisation, ammonium nitrate, Sweden; 02001.
- truncation**
power law, scaling law, statistics, turbidite deposition, layer thickness, 07948.
- truncation error**
horizontal pressure gradient, pressure gradient force, sigma coordinates, 11209.
- truncation level**
Markov process, definition, drought, 04431.
- tsetze fly**
malaria, pesticide, DDT, pollution, Zimbabwe, Lake Kariba; 10691.
- Tshushima Current**
drifter, Lagrangian flow, cyclonic gyre, Kuroshio, Warm Current, Pacific; East China Sea; Yellow Sea; Japan Sea; 07609.
- Tsondab Sandstone Formation**
ripple, aeolianite, porosity, sandstone, Sossus Formation, Namibia, Namib Sand Sea; 13160.
- TSS concentration**
health, particulate, PM10, Malaysia, Kuala Lumpur; 10002.
- tsunami**
atmospheric pressure, atmospheric wave, earthquake, ocean surface, 03493. earthquake, sand sheet, tidal marsh, Holocene, Caesium-137, Canada, British Columbia; 11908. earthquake, sand, flooding, sedimentation, Japan, Sanriku Coast; 08066. Exxon Valdez, crude oil, oily residue, earthquake, asphalt storage, USA, Alaska, Prince William Sound; 03871. floodplain protection, flooding, flood migration, ice dam, outburst flood, Canada; 12198. geodetic survey, tide, prediction, earthquake, Pacific; 06236. macroseismic area, earthquake, landslide, rockfall, India; 03984. marine erosion, coast, natural hazard, catastrophic process, 03938. mudslide, numerical modelling, Bingham plastic mudslide, wave, underwater landslide, 00148. sand sheet, intertidal mud, radiocarbon age, plate boundary earthquake, earthquake, Canada, British Columbia, Vancouver Island; 10395. shallow water equation, Russian Federation, Siberia, Sakhalin; Sea of Okhotsk; 08549. submarine slide, numerical simulation, slope failure, Canada, British Columbia, Fraser River Delta; 02760. tide model, seismic activity, estuary, water level oscillation, Canada, Quebec, St Lawrence Estuary; 05698. volcanism, alpine orogenesis, tectonic evolution, neotectonics, plate motion, earthquake, Greece; 14175. water level, tide model, estuary, Canada, Quebec, St Lawrence Estuary; 05697.
- tube sampling**
clay behaviour, sampling disturbance, stiff clay, 04024.
- Tubino's model**
model, field test, bar formation, meandering channel, USA, Illinois, Embarras River; 14143.
- Tudor England**
measured survey, cartographic collection, 08810.
- tufa**
Bronze Age, coastline, peat, Roman period, UK, England, Kent, Dour Valley; 06713. calcification, sinter, travertine, classification, biomineralization, Germany; 04188. carbon-14, cave, climate change, South Africa, Cape Province, Ghaap Escarpment, Gorrokop; 01491. pH, temperature, calcite, Czech Republic, Vltava River, Kralupy; 04196. pollution, interglacial, Quaternary (late), sedimentology, barrage tufa, UK, England, Derbyshire, River Wye; Lathkill Dale; 00152. radiocarbon technique, ikaite, lake water, spring, carbonate, USA, California, Mono Lake; 02897.
- tufa decline**
travertine, deforestation, anthropogenic impact, climate change, Holocene, Europe; 01523.
- tuff**
diagenesis, volcanics, East Kirkton Limestone, Carboniferous, limestone, UK, Scotland, West Lothian, East Kirkton; 10581. Miocene, seamount, hydrothermal activity, thaumasite, ODP Leg 129, Pacific, Mariana Basin; 01641. pelagic sediment, Nordenskjold Formation, Jurassic, Cretaceous, black shale, Antarctica, Antarctic Peninsula; 00418. sedimentation, Lospe Formation, gravity flow deposit, volcanoclastic sediment, Miocene, USA, California, Santa Maria Basin; 07978.
- tuff aquifer**
nuclear waste disposal, groundwater flow, hydrogeology, groundwater resource, USA, Nevada, Yucca Mountain; 14715.
- tuff cone**
grain flow, lapilli, transport mechanism, deposition, Pleistocene, South Korea, Cheju Island, Udo Tuff Cone; 02967.
- Tukey method**
contingency table, classification, 06160.
- Tullock Member**
channel deposit, overbank deposit, sedimentary structure, Paleocene, Fort Union Formation, USA, Montana, Powder River Basin; Wyoming, Powder River Basin; 00362.
- Tumblagooda sandstone**
Silurian, aeolian sand, sand sheet strata, discharge, fluvial deposition, Australia, Western Australia, Murchison River Gorge; Kalbarri; 00379. Silurian, sandstone, sand sheet, fluvial deposit, red bed, trace fossil, Australia, Western Australia, Murchison River; Kalbarri; 02950.
- tumbling mill**
abrasion, comminution, silt, loess, 14326. abrasion, river, gravel, alluvial fan, downstream fining, Japan, Watarase River; 07940.
- tuna resource**
AVHRR, sea surface, temperature, Gulf of Guinea; India; 12814.
- tundra**
arctic tundra, climate change, methane budget, methane emission, Arctic; 03884. carbon dioxide emission, soil, snow cover, taiga zone, Russian Federation, Siberia; 07363. contaminant, atmospheric fallout, mercury, PAH, boreal forest, Canada, Ontario; Hudson Bay; 10687. Hypsithermal, Holocene, carbon balance, global warming, peat, USA, Alaska; 03859. ice margin, surface, energy balance, katabatic flow, glacier, Greenland; 12502. peat, biomass, climate change, air pollution, boreal forest, 03899. refreezing,

- seasonal thaw, zoning, thawed layer, taiga, Russian Federation, Siberia, Yakutia; 10527. time domain reflectometry, soil water content, 13405.
- tundra catchment**
evaporation, water balance, isotope, Canada, Keewatin District; Upper Mackenzie Valley; 04436.
- tundra flux**
atmospheric methane, methane source, high latitude ecosystem, microbial oxidation, 00035.
- tundra snow**
depth hoar, microwave emissivity, taiga snow, 03836.
- tundra soil**
frozen soil, soil temperature, soil thermal regime, 03076.
- tundra/taiga ecotone**
snow redistribution, dry deposition, snow chemistry, chemical metamorphosis, aerosol scavenging, Canada, Northwest Territories; 04553.
- tundra vegetation**
hillslope transect, NDVI, dry heath, wet sedge, Arctic, USA, Alaska, Brooks Range; 07576. patterned ground, cryoturbation, geomorphological stability, periglacial denudation, pedimentation, Canada, Yukon, Richardson Mountains; 01552. Quaternary (late), lake sediment, pollen analysis, USA, Alaska, Joe Lake; 13056.
- tunicate spicules**
downslope transport Pleistocene, Barrier Reef, reef initiation, Coral Sea, Great Barrier Reef; Queensland Plateau; 10454.
- tunnel**
foundation, hybrid modelling, soil-structure interaction, embedded structure, multilayered medium, 00149. global extrapolation, trace gas, vehicle exhaust emission, nitrous oxide, Germany, Hamburg; Sweden, Stockholm; 05077. ground deformation, clay behaviour, plasticity, prediction, 04019. refraction, surveying, 12846.
- tunnel channel**
esker, ice sheet dynamics, subglacial meltwater, glaciofluvial system, Canada, Northwest Territories, District of Franklin, Victoria Island; 04087. glacial landform, erosion mark, drumlin field, meltwater, ice sheet hydrology, 14268.
- tunnel distortion**
measurement, prediction, UK, England, London, Waterloo Station; 04038.
- tunnel erosion**
colluvial deposition, caesium-137, geomorphology, field tunnel system, Australia, New South Wales, Hunter Valley; 01446.
- tunnel fill sediment**
talik, Quaternary, permafrost, hydrostatic pressure, sedimentary structure, Iceland, Myvatn; 11904.
- tunnel valley**
floating ice, Weichselian Glaciation, captured ice shelf hypothesis, jokulhlaup, Baltic Sea, Sweden; Bornholm Gat; 13149. glaciotectionic squeezing, meltwater erosion, deforming bed, subglacial bed condition, Germany, Schleswig-Holstein, Bornhorved; 09199. subglacial drainage, radial pattern, flow line, fan, hydraulic head, USA, Minnesota, St. Croix Moraine; 10487.
- tunnelling**
earth pressure balance shield, ground settlement, chemical grouting, USA, District of Columbia, Washington; 06513. finite element program, CRISP model, prediction, surface settlement, 04014. finite element, viscoplastic model, pore pressure, deformation, China, Shanghai; 05245. industrial waste, landfill, environmental control, Italy, Trentino-Alto Adige, Bolzano; 05067. precision, reliability, GPS, survey, 02572.
- turbid layer**
anoxic zone, continental slope, light attenuation, Black Sea; 11967.
- turbid medium**
seawater, light pulse, 03419.
- turbidimetric method**
sulphate extraction, sulphur compound, ion chromatography, 01808.
- turbidimetry**
colorimetry, ion chromatography, spectrophotometry, sulphate determination, extractant, 06848. cropping history, soil drying, aggregate stability, wet sieving, 03069.
- turbidite**
abyssal plain, manganese, sediment column, micronodule, Pacific, Izu-Ogasawara Trench; 06768. Albian, faulting, Deba Formation, sedimentary structure, basin fill, Europe, Iberia, Basque-Cantabrian Basin; 14419. AMS radiocarbon method, emplacement time, abyssal plain, earthquake, Atlantic, Tagus Abyssal Plains; Madeira Abyssal Plain; Atlantic, Horseshoe Abyssal Plain; 09156. bedform, channel fill, continental slope, scour, Greece, Gulf of Corinth; 13193. Bouma sequence, Zebraputs Formation, Zerrissene turbidite system, Proterozoic, basin, Damara Orogen, Namibia, Namib Desert; 01719. caldera, lava, lake bed, USA, Oregon, Crater Lake; 13182. carbonate platform, plate boundary, basin, current, seaway, Caribbean Sea, Nicaraguan Rise, Bawihka Channel; 10655. carbonate pseudomatrix, fluorescence microscopy, siliciclastic, Pennsylvanian, Permian, USA, Idaho, Oquirrh-Wood River Basin; 08000. debris flow, Rhuddnant Grits, sandstone, Welsh Basin, Llandovery, UK, Wales; 14418. diagenesis, element, organic matter, carbonate dissolution, pelagic sediment, Atlantic, Madeira Abyssal Plain; 01658. distributary, drainage, submarine fan, France, Corsica; 10654. erosion, gravity flow, deposition, MOSED 3D, 13286. flow velocity, grain size, turbidity current, palaeohydrology, suspension, 13190. Kazusa Group, sand, forearc basin, mud, Pliocene/Pleistocene, Japan, Boso Peninsula; 06756. mass flow deposit, glaciolacustrine sedimentation, channel deposit, 04172. microfascies, Devonian, building stone, weathering, durability, Germany, Sauerland, Eslohe-Reiste; 12024. ODP Leg 131, trench sediment, clay mineral, accretionary prism, provenance, Pacific, Nankai Trough; 00413. ODP Leg 133, Miocene, slope failure, gravity deposit, submarine fan, Australia, Queensland Continental Margin, Queensland Trough, Site 823; 09346. Oligocene, basin, sandstone, Annot Sandstones, turbidity current, France, Alpes-de-Haute-Provence, Alpes Maritimes; 07979. palaeocurrent, Kendal Group, Windermere Supergroup, foreland basin, Silurian, UK, England, Lake District; 09344. palaeocurrent, provenance, pelagic limestone, Cretaceous, Solirov Formation, Slovakia, West Carpathians; 05448. palynology, carbon cycling, organic matter, oxidation, Pacific, US shelf; Atlantic, Madeira Abyssal Plain; 14386. Pennsylvanian, Permian, Keeler Canyon Formation, carbonate buildup, siliciclastic, USA, Great Basin; 08059. sandstone, storm deposit, Pliocene, Kawaguchi Formation, heavy mineral, Japan, Honshu, Niigata Prefecture, Higashiyama Region; 05442. sea level change, Cretaceous, anoxic event, carbonate, storm deposition, Germany, Saxony; 11916. seabed erosion, turbidity current, continental slope, coccolith, Atlantic, (North), Madeira Abyssal Plain; 00302. seamount, source, Cretaceous, volcanoclastic, Pacific, Pigafetta Basin; Mariana Basin; 01673. sedimentation, Numidian flysch, pelite, quartz arenite, Italy, Basilicata, Lagonegro Basin; Southern Apennines; 01717. sedimentation, sea level, Holocene, sediment load, longshore drift, Gulf of Mexico, Mississippi Fan; 01614. shear stress, grain size, traction carpet, stratification, 13189. stratification, Gergoglione Flysch, Miocene, Italy, Apennines; 09345. submarine canyon, hydrocarbon, bottom current, terminology, 01714. submarine fan, plate boundary, echosounder, tectonism, channel, Indian Ocean, Bengal Fan; 02994. submarine fan, sediment transport, Miocene, precession, periodicity, laminite, Greece, Gavdos; 04182. submarine fan, siliciclastic deposit, terminology, sedimentation, eustasy, sequence stratigraphy, 01612. tempestita, Milankovitch cycle, sea level change, sediment supply, 01613. turbidity current, flow reflection, ODP Leg 131, terrigenous sediment, Pacific, Nankai Trough; 00414. turbidity current, suspension, gravity flow, deposition, autosuspension, 00411. vitritine reflectance, accretionary prism, organic matter, sedimentation rate, Pacific, Shikoku Basin; Nankai Trough; 00417. volcanism, ash layer, volcanoclastic sediment, hydrovolcanism, bioturbation, Pacific, Hawaiian Arch; 09347.
- turbidite deposition**
layer thickness, truncation, power law, scaling law, statistics, 07948.
- turbidity**
acoustic reflection, seafloor, 03849. alkalinity, coagulation/flocculation, aluminium sulphate, ferric chloride, water treatment, total organic carbon, Canada, Quebec, Riviere-des-Prairies River; 10960. Angstrom formula, Junge parameter, optical thickness, aerosol extinction, 02162. bottom sediment, calcite, carbon cycling, suspended load, organic matter, China, Huanghe River; Yangtze River; 02973. bottom sediment, fishing, tidal current, sandbank, Japan, Neko Seto Sea; 09282. centrifuge, kaolinite, particle size analysis, photosedimentation, suspension, 01573. colour, taste, water quality management, potable water quality, swirl, concentrator, 05849. electrical conductivity, measuring instrument, glacier, subglacial discharge, Canada, Yukon, Trapridge Glacier; 11052. electrical conductivity, suspended sediment, lake water quality, water temperature, Japan, Honshu, Biwa Lake; 14668. estuary, cohesive sediment, environmental management, 10696. nutrient status, shallow lake, lake water quality, algae, lake restoration, 05749. nutrient, mesocosm, fish, sediment/water interface, 09326. optical backscatter, suspended sediment, fouling, engineering, 11872. oxidation pond, surface temperature, 01256. particulate phosphorus, phosphorus, dissolved organic phosphorus, dissolved reactive phosphorus, surface water quality, estuary, USA, Delaware, Delaware Estuary; 04472. photometer, optical depth, aerosol, solar radiometry, calibration, 14798. reservoir surveillance, water quality, 01257. river bed, bioavailability, trace metal, pollutant, element partitioning, tillage, China, Yellow River; 11997. sand lens, palaeogeography, Russian Federation, Mutovinskaya; 00370. sediment transport, tidal range, fine sediment, estuary, UK, England, Tamar Estuary; 08050. sediment yield, glacial erosion, meltwater, Switzerland, Bas Glacier d'Arolla; 14322. silt, estuary, salt wedge, turbulence, stratification, 00394. solar eclipse (11 July 1991), solar irradiance, Costa Rica; 11116. solar radiation, irradiation ratio, band energy, photosynthetically active radiation, Greece, Athens; 05874. suspended sediment, sediment transport, Malawi, Lake Malawi; 04248. tidal variation, suspended sediment, resuspension, China, Changjiang Estuary; 06741. transmittance, solar radiation, particulate pollution, Saudi Arabia, Riyadh; 11114. water colour, organic suspended substance, 08915. XPS, XANES, uranium reduction, *Clostridium* sp., 10310.
- turbidity change**
seawater turbidity, nannoplankton, *Florisphaera profunda*, Quaternary, piston core, Pacific, Ryukyu Trench; 05284.
- turbidity coefficient**
Angstrom, Spain, Valencia; 07201.
- turbidity current (1979)**
Pliocene, Quaternary, submarine slide velocity, bottom flow, France, Alpes-Maritimes, Nice; Mediterranean Sea, Var Canyon; 06663.
- turbidity current**
abyssal plain, sea level change, continental margin, slope failure, basin fill, Quaternary, Atlantic, Madeira Abyssal Plain, Canary Basin; 14421. continental slope, coccolith, turbidite, seabed erosion, Atlantic, (North), Madeira Abyssal Plain; 00302. debris flow, Pliocene/Pleistocene, volcanic sand, landslide, Pacific, Hawaiian Arch; 10458. deep sea channel, sedimentation, terrigenous deposit, France, Corsica; 10653. deep sea fan, seismic profile, sand layer, sediment supply, Quaternary, Mediterranean Sea, Var Canyon; Var Sedimentary Ridge; 02996. deep water basin, reservoir facies, mud, sand, classification, 13276. diagenesis, carbonate platform, sea level, grain flow, slide scar, Bahamas, Tongue of the Ocean; 14422. diapir, sedimentary mechanism, tectonic structure, seismic survey, gravity slide, France, Mediterranean Coast; 00181. flow reflection, ODP Leg 131, terrigenous sediment, turbidite, Pacific, Nankai Trough; 00414. hydraulic jump, flow regime, shear stress, bedload, suspended load, 04153. Kazusa Group, Katsura Formation, sandstone, palaeocurrent, Japan, Boso Peninsula; 05443. palaeohydrology, suspension, turbidite, flow velocity, grain size, 13190. radiocarbon dating, Wisconsinian, deglaciation, till, ice rafting, Canada, Nova Scotia, Emerald Basin; 14269. reflected flow, density current, sediment record, 14347. sediment transport, slumping, transponder, Loma Prieta earthquake, Pacific, Monterey Submarine Canyon; 10578. sediment wave, deep sea fan, fan evolution, Messinian, canyon, Mediterranean Sea, Var Fan; 04262. suspension, gravity flow, deposition, autosuspension, turbidite, 00411. Tertiary, basement, mudstone, ponding, Spain, Almeria, Sorbas Basin; 13192. turbidite, Oligocene, basin, sandstone, Annot Sandstones, France, Alpes-de-Haute-Provence, Alpes Maritimes; 07979.
- turbidity maximum**
estuarine circulation, freshwater-saltwater interface, sediment concentration, sediment transport, estuary, UK, Devon, Tamar Estuary; 00675. estuary, salinity, suspended particulate matter, sediment transport, freshwater-saltwater interface, UK, England, Devon, Tamar Estuary; 01979. vertical convection, nutrient flux, primary productivity, biogeochemistry, estuary, China, Changjiang Estuary; 00029.

turbidity zone

contamination, pesticide, suspended sediment, salinity, flocculation, USA, California, San Francisco Bay; 05481.

turbopause

eddy diffusion coefficient, mesosphere, thermosphere, turbulence parameter, 13736.

turbulence

bed roughness, open channel flow, gravel bed channel, sediment transport, entrainment, 10943. bedform, open channel flow, sediment transport, 10940. bedform, sand wave, bedload, suspension, entrainment, 05371. boundary layer, deforested area, mesoscale flux, moisture flux, Brazil, Amazon; 04637. boundary layer, micrometeorology, winter, USA, Great Lakes, Lake Michigan; 02199. boundary layer, single point closure, neutral stratification, closure assumption, 08539. boundary layer, vertical wind velocity, 03452. bursting, fish, whiting, resuspension, mud, Bahamas, Great Bahama Bank; 06750. channel flow, bed scour, deposition, riffle/pool formation, 01949. channel flow, dune, macroturbulence, Canada, Fraser River; 01948. closure model, neutrally buoyant flow, surface layer flow, 05938. closure scheme, topography, surface layer flow, complex terrain, 14854. coastal geomorphology, coastal zone management, beach, littoral cell, anthropogenic impact, 02675. coherent motion, forest canopy, wavelet analysis, 03461. coherent motion, forest canopy, wavelet function, 03462. coherent structure, boundary layer, wind speed profile, 14866. computational exploration, turbulence onset, chaos, 03926. diffusion, wind shear, stratification, rotation, 14865. dispersion, river mouth, river flow, energy generation, Israel, Jordan River; Kinneret Lake; 03225. Douglas fir, eddy flux, sensible heat, water vapour, forest, 00869. Ekman layer, global atmosphere, 12456. electromagnetic flowmeter, open channel flow, secondary current, straight river, field measurement, Japan, Honshu, Kyoto, Biwako-Sosui River; Nagoya, Aichi Irrigation Channel; 00652. energy budget, mesosphere, thermosphere, density fluctuation, diffusion coefficient, 09894. evolution equation, vortex, 14125. finite element method, sediment transport, suspended sediment, 01726. friction coefficient, gravel transport, saltation, bedload, Langrangian model, 14439. kinetic energy, dissipation, closure, boundary layer model, 07242. Kolmogorov spectrum, settling velocity, particle motion, 05455. lake sediment, spring, karst, resuspension, groundwater, Spain, Lake Banyoles; 00384. lidar performance, atmosphere, 04935. mass transfer, seafloor, roughness, sediment/water interface, 00424. mean flow, bedform instability, bed geometry, fluid dynamics, open channel flow, sediment transport, 12223. mean motion, Reynolds exchange, K-closure, 14871. non orthogonal grid, coordinate transformation, Navier-Stokes equation, finite volume method, 07274. open channel flow, channel confluence, shear layer, velocity differential, sediment transport, 10944. open channel flow, velocity measurement, roughness transition, gravel bed river, 10942. particle size, channel, fill erosion, erodibility, 05457. particle size, flume, sediment transport, settling velocity, 04271. pycnocline, vertical structure, atmospheric forcing, 03501. radar, metre scale turbulence, summer, mesopause, 11228. rhodamine-wt tracer, fluorometry, streamflow measurement, stage/discharge relationship, 05670. river mechanics, channel flow, sediment transport, bedform, channel regime, 03223. rotary, wind spectrum, large scale mixing, rotation, 12492. rough surface, urban surface, roof level, 03459. roughness, monsoon, boundary layer, exchange parameter, coastal terrain, India; 04640. scaling, atmosphere, multifractal, microwave, 06226. sea breeze front, surface layer, Japan, Shikoku Island, Kochi Plain; 03515. secondary current, sediment concentration, sand ridge, sand ribbon, 10586. sediment concentration, suspension, sand, tidal current, UK, England, Devon, Taw Estuary; 07955. sediment transport, beach process, tracer, swash, USA, New York, Fire Island; 13271. sediment transport, hydraulic structure, open channel flow, 08352. sediment transport, laboratory technique, monitoring, roughness, instrumentation, 05355. sediment yield, soil erosion, rock fragment cover, roughness, overland flow, 09372. settling velocity, suspension, 04169. shear stress, bottom boundary layer, STRESS experiment, wave motion, 14430. shear stress, entrainment, roughness, mobile sediment, drag reduction, 05358. shear stress, particle size, suspended sediment, wetlands, tidal flow, UK, England, Norfolk; 05369. shock wave, Mach number, numerical simulation, 05956. sodar, acoustic sounder, Mistral, boundary layer, France, Rhone Valley; 11125. soil loss, USLE, detachment, erosion, 05456. sorting, sediment size reduction, sediment transport, abrasion, bedform, UK, England, Lancashire, Langden Brook; 05361. stable stratification, shear flow, aircraft profile, Baltic Sea; 02245. stably stratified fluid, wind tunnel, grid configuration, dynamical evolution, 12519. stratification, turbidity, silt, estuary, salt wedge, 00394. stratified medium, stable stratification, subgrid model, large eddy simulation, energy dissipation length, 02255. streaming, wave boundary layer, convergent/divergent channel, friction coefficient, channel flow, 06973. suspension, estuary, UK, England, Somerset, Parrett Estuary; 05360. urban surface, Reynolds stress, 03467. velocity fluctuation, open channel flow, electromagnetic current meter, 10941. wavelet transform, coherent structure, conditional sampling, 12464. wind tunnel, sand, sediment transport, transport rate, saltation, 05454.

turbulence closure

boundary layer, 07237. upslope wind, wind circulation, downslope wind, mesoscale model, 09916.

turbulence closure model

long range dispersion, numerical simulation, tracer data, 02190.

turbulence data

complex terrain, balloon, radiosonde, roughness length, 14856.

turbulence field

continental shelf, kinetic energy, Europe, (Northwest); 13721.

turbulence fluctuation

planview, flux patterns, convective structure, marine, surface layer, 07251.

turbulence flux

heterogeneous surface, aircraft run, ozone deposition, mesoscale motion, 13815.

turbulence model

roughness change, bed shear stress, boundary layer flow, 03238. three dimensional turbulence, boundary layer flow, velocity profile, cross stream velocity, 03234.

turbulence modelling

river breeze, boundary layer, linear analysis, Brazil, Amazon; 13685.

turbulence onset

chaos, turbulence, computational exploration, 03926.

turbulence parameter

convective boundary layer, acoustic sounder, 04632. mixed layer depth, similarity method, sodar, 11150. turbopause, eddy diffusion coefficient, mesosphere, thermosphere, 13736.

turbulence spectrum

spectral characteristics, velocity temperature, boundary layer, China, Tianjin; 14869.

turbulence structure

inertial jet, sea surface, jet, Baltic Sea; 03503.

turbulence time series

computer software, MINITAB, time series, correlation analysis, statistical analysis, 10343.

turbulent boundary layer

Weibull distribution, probability distribution, concentration fluctuation, plume, 00866.

turbulent convection

thermohaline, 12479.

turbulent diffusion

simulation model, lake, water temperature, model calibration coefficient, USA, Minnesota; 09618.

turbulent energy flux

land surface, parameterisation, climate model, 05930.

turbulent exchange

dynamic formation, atmospheric circulation system, 14911.

turbulent flow

Bagnold, R., sediment transport, fluid flow, 05338. bedform, coastal water, estuary, UK, England, Devon, Taw River; 01972. closure model, large eddy simulation, review, 09835. hill, pressure force, 08587. overland flow, St Venant equations, runoff, laminar flow, 14617. plume concentration, wind tunnel study, two dimensional hill, fluctuating concentration, 03451. stability analysis, granular flow, 14437. velocity distribution, velocity pulsation, kinematic characteristic, channel flow, 04448.

turbulent fluctuations

ensemble average, measurement time, 14796.

turbulent flux

aerodynamics, Richardson number, profile gradient, radiation balance, Antarctica, Mizuho Station; 05917. heat flux, error estimation, airborne measurement, 05905. heat, water vapour, carbon dioxide, momentum, air/sea exchange, 04660. roughness length, vegetation, spatial variability, 03456. windbreak network, 14875.

turbulent meltwater

subglacial cavity, crescentic scour, furrow, subglacial flute, Iceland, Breidamerkurjokull; 01518.

turbulent mixing

drifting, pack ice, Weddell Sea; 09867. micrometeorology, surface layer, stratification, Richardson number, eddy transfer, 14857.

turbulent motion

dispersion, heavy particle, 00882.

turbulent resistance

porous medium, groundwater flow, stationary flow, oscillatory flow, inertial resistance, 09691.

turbulent structure

temperature inversion, density jump, seawater, boundary layer, 13723. wind force, spruce forest, forest damage, 11157.

turbulent transfer

sensible heat flux, vegetated surface, soil, boundary layer, 00867. urban surface, integral statistics, 07223. urban surface, spectral characteristics, unstable condition, 07222.

turbulent wake

jet, boundary layer, dissipation rate, scalar, 12509.

turbidity current

landslide, Pliocene/Pleistocene, ODP, debris avalanche, Pacific, ODP Site 842; USA, Hawaiian Islands; 07966.

turkey vulture

bird hazard, aircraft, three dimensional GIS, 11534.

turnover rate

cadmium, Quaternary (late), benthic foraminifera, convection cell, Pacific, (North); 14226. estuarine sediment, temperature, urea, seasonal variation, Denmark; 14389. organic matter, phytoplankton bloom, biomass, sinking rate, Barents Sea; 06723.

turtle

Quaternary, Chelydra serpentina, Chrysemys picta, evolution, North America, Great Lakes, Lake Superior; 11812.

Turtmann test net

local scale, parameter method, 02144.

tussock tundra

Arctic vegetation, NDVI, photosynthetic biomass, 03791.

Twente Formation

Quaternary, Kreftenheye, Wijchen Member, Holocene, Delwijnen Member, Netherlands; 09147.

twentieth century

climate record, aquifer, irrigation, anthropogenic impact, sea level rise, 07659.

twilight

sodium, oxygen, solar flare index, airglow, India, Allahabad; Calcutta; 12580.

twilight observation

aerosol, volcanic eruption, lidar detection, aerosol, China, Beijing; Philippines, Mount Pinatubo; 11331.

twilight sky

near ultraviolet, visible wavelength, absorption spectroscopy, radiative transfer, scattering model, 00836.

twin head anionic surfactant

subsurface remediation, groundwater remediation, disulphonate, surfactant, 07065.

twinning

crystal shape, calcite crystal, lamella, limestone, burial diagenesis, cement, 06680.

- two band data**
infrared, retrieval, particle, volcanic cloud, AVHRR, 13868.
- two day wave**
middle atmosphere, equator, 00923.
- two dimensional field**
relative response function, weighting parameter, Gaussian weighting function, bandpass filtering, 09920.
- two dimensional hill**
fluctuating concentration, turbulent flow, plume concentration, wind tunnel study, 03451.
- two dimensional image**
particle shape, pollutant, surface area, 01571.
- two dimensional imagery**
flow visualisation, image compression, 09004.
- two dimensional model**
conservative finite difference model, subsurface flow, saturated/unsaturated flow, Richards equation, 08392. dynamics, radiation, photochemistry, middle atmosphere, 09993. dynamics, radiative transfer, photochemistry, ozone depletion, trace gas, 09994. ion composition, stratosphere, negative ion, 04594. ion composition, stratosphere, positive ion, 04593. latitudinal distribution, ozone, quasi biennial oscillation, equatorial wind, 00953. nitric acid trihydrate, ozone layer, supersonic aircraft, aircraft emission, aerosol physics, 11354. oxidation capacity, anthropogenic emission, atmospheric chemistry, radiative forcing, climate system, 11296. ozone, temperature, ultraviolet flux, middle atmosphere, solar variability, 11307. suspended sediment, database, freshwater lake, reservoir, water quality, Israel, Jordan River; Lake Kinneret; 01736. suspended sediment, transport, erosion, river bed, deformation prediction, China; 08072.
- two dimensional problem**
elastostatics, artificial boundary, boundary conditions, geophysics, numerical solution, 10334.
- two dimensional spreading**
granular avalanche, inclined plane, theoretical consideration, 05217.
- two layer isentropic model**
adjoint sensitivity study, blocking index, 08580.
- two layer model**
radiometric temperature, millet, sensible heat flux, 12457.
- two level model**
balance equation, baroclinic instability, large scale eddy, climate equilibrium, static stability, 04683. bifurcation, angular momentum budget, equatorial superrotation, general circulation, 00935. global circulation model, persistent anomaly, forcing, 11203.
- two particle size model**
radon progeny, 11300.
- two phase flow**
Darcy's law, capillary pressure, multiphase flow, interface dynamics, unsaturated flow, 02037. variable aperture fracture, fracture flow, multiphase flow, 09698.
- two point statistics**
multivariate geostatistics, bivariate moment, indicator kriging, stochastic imaging, 00063.
- two stream algorithm**
satellite data, radiation transfer equation, scattering source function, extinction cross section, shortwave radiation, 05876.
- two stream approximation**
parameterisation, single scattering albedo, optical depth, solar radiation, 09802.
- type locality**
formal stratigraphy, Pleistocene, Saalkian Stage, glacial geology, stratotype, Finland; 00158.
- typhoon**
cyclone activity, sea surface temperature, tropical cyclone, El Nino/Southern Oscillation, Pacific; 09827. cyclone, energy dispersion, tropical cyclone, 09831. drought, streamflow, time series model, forecasting, Taiwan, Tanshui River; 10909. flood forecasting, rainfall generation technique, reservoir operation, hydrograph prediction, water management, 08454. global precipitation, precipitation distribution, daily maximum precipitation, monsoon, Bai-u front, 14597. monsoon, tropical cyclone, cyclone, seasonal structure, South China Sea; 13686. ozone distribution, TOMS, 08855. reclaimed land, natural disaster, waterfront zone, earthquake, Japan; 09024. surface tension, ocean, 08546. terrain, surface structure, Taiwan; 08050. water level, tidal river, design water level, river discharge, estuary, Hong Kong; 03243.
- typography**
alphabet, 11451.
- tyre debris**
brake lining, fine particulate, organic carbon, aerosol, dust, 03623.
- tyre fire**
stockpile fire, combustion, semi volatile organics, pollutant, 03650.
- tyre type**
crop growth, soil compaction, subsoil compaction, field traffic, axle load, 14515.
- tyres**
mutagenicity, scrap, burning, emission, chemical analysis, 12648.
- Tyrnavos Fault**
extension, fault scarp, slip rate, fault kinematics, morphotectonics, Greece, Larissa Plain; 06484.
- Tyrrell Sea**
seismostratigraphy, sedimentology, Holocene sediment, glacial lake, Canada, Quebec, Grande Riviere de la Baleine; Hudson Bay; 07853.
- Tyrrhenian deposit**
Strombus, submerged thanatocoenosis, sea level, Italy, Promontorio Circeo; 05325.
- Tyurin method**
microaggregate, macroaggregate, humification, aggregate formation, 09423.
- U shaped valley**
mountain glaciation, glacial landscape, cirque, Antarctica, Dronning Maud Land; 14285.
- U-Th chronology**
TL chronology, dune field accretion, sea level fluctuation, coastal dunefield, Australia, Northern Territory, Gulf of Carpentaria, Groote Eylandt; 04117.
- U-Th dating**
climate change, pollen record, Pleniglacial period, Bolling-Allerod Interstade, Younger Dryas, Spain, Lake Banyoles; 09161. Isotope Substage 5.4, palaeoclimate, stalagmite sequence, pollen analysis, Belgium, Han-sur-Lesse, Grotte de Han; 09144. oxygen isotope study, Strombus bubonius, climate change, palaeotemperature, Last Interglacial, Spain, Balearic Islands, Majorca, Palma Nova; Tunisia, Nonastir; 02749. uranium series dating, Pleistocene, fauna, marine terrace, chronology, Spain, Alicante; Murcia; 01535.
- U-Th disequilibrium**
Pleistocene, Gentilly Till, Becancour Till, Rosholt U-trend model, TL dating, Canada, Quebec, St. Lawrence Lowlands; 06545.
- UARS**
CLAES, photochemistry, stratosphere, mesosphere, aerosol absorption coefficient, 01082. Doppler imager, high resolution Doppler imager, Fabry-Perot interferometer, 01079. electron energy, particle environment monitor, ionisation, energetic electron, geomagnetic storm, 07526. heterodyne radiometer, microwave limb sounder, thermal emission, 01081. ionisation, geomagnetic storm, 07525. ISAMS, atmosphere, temperature, pressure, 12731. mesosphere, carbon monoxide, ISAMS, atmospheric emission, 12743. nitric oxide, atmospheric radiance, geomagnetic activity, upper atmosphere, 07522. preflight calibration, solar ultraviolet irradiance, spectral irradiance monitor, 01078. solar UV irradiance, 07524. stratosphere, mesosphere, global temperature profile, 01083. temperature, Rayleigh scattering, 12741. temperature, wind field, vertical profiling, solar energy input, 07514. wind imaging interferometer, airglow limb, Michelson interferometer, global wind pattern, 01080.
- Ubaid cultural period**
palaeogeography, archaeological site, radiocarbon dating, sea level rise, Saudi Arabia; 01538.
- Udalf**
phosphorus, Ustalf, Lesotho; 03057.
- Udipsamment**
soil chemical property, soil acidification, Arenosol, acid rain, cation leaching, 04358.
- UKMO**
stratospheric analysis, 05961. unified model, katabatic wind, mass balance, general circulation model, climate, 13746.
- Ulmus decline**
Tilia decline, Flandrian, vegetational history, pollen data, stratigraphy, UK, England, East Sussex, Brede Valley; 10507.
- Urtisol**
Alfisol, Mollisol, weathering, hydraulic conductivity, rainfall simulation, soil seal, USA, (Midwest); Georgia; 05601. cation extractant, X-ray diffraction, potassium extraction, clay mineral, Korea(South); 04339. Entisol, tropical soil, surfactant, aggregate stability, colloid stability, Nigeria; 03176. forest clearing, Kanduidult, soil compaction, soil spatial variability, Cameroon; 04387. humic substance, flocculation, kaolinitic soil, iron oxide, clay mineral, mineralogy, USA, North Carolina; 12099. Oxisol, corn, aluminium, gypsum application, limestone application, acidity remediation, Malaysia; 05564. soil compaction, sugar cane, porosity, particle size distribution, bulk density, Brazil, Rio de Janeiro; 06892. soil micromorphology, argillite horizon, glaciation, clay illuviation, sandy clay loam, USA, Wisconsin; 13351. sugarcane, crop yield, fertiliser, crop residue, phosphorus, Brazil; 09495.
- ultra wideband radar**
wave slope profile, wave propagation direction, 11539.
- ultrafiltration**
oxidation, continental margin, bottom layer, carbon, colloid, France, Rhone Delta; 04146. reverse osmosis, dissolved organic nitrogen, surface water quality, dissolved organic phosphorus, dissolved organic carbon, colloid, chromatography, 13500. virus detection, reovirus, adenovirus, enterovirus, coastal water quality, river water quality, Australia, New South Wales, Sydney; 01994.
- ultramafic rock**
mineralogy, clay mineral, weathering, parent material, USA, North Carolina, Blue Ridge; South Carolina, Piedmont; 04348.
- ultramafic till**
cementation, hardpan, silicon, mineralogy, USA, Alaska; 13355. podzolisation, soil morphology, spodic soil, USA, Alaska; 13354.
- ultrasonic flow gauging**
electromagnetic flow gauging, gauging station design, flow measurement, open channel flow, UK; 01937.
- ultrasonic technique**
aggregate bond energy, sonification, Vertisol, 03070.
- ultrasound**
soil salinisation, Solonetz, soil solution, Russian Federation, Rostov Oblast; 03079.
- ultraviolet**
absorption cross section, nitric acid, temperature dependence, stratosphere, photolysis, 11303. extreme ultraviolet, photometry, Moon; 12786. forest, vertical distribution, biologically active radiation, canopy, foliage, 12471. global irradiation, solar radiation, Spain, Valencia; 09795. light transmission, sea ice, Antarctica; 12835. ozone layer, aerosol, atmosphere, spectral transmission, 12422. ozone, stratosphere, solar UV flux, solar cycle, 14818. photolysis, absorption spectrum, difunctional organic nitrate, nitrogen oxide, 12593. solar activity index, solar cycles 21/22, magnesium II, core to wing index, 04591. solar UV irradiance, middle atmosphere, energetics, photochemistry, 13653. solar UVB data, ozone trend, homogenisation, trend detection, broken series, New Zealand; 05886. solar UVB measurement, biological research, 14825. temperature dependence, absorption spectrum, chlorine nitrate, 13840.
- ultraviolet B**
comparative study (1992-1993), Germany; 13662. ozone depletion, trend, Canada, Toronto; 07185. ozone, radiative flux, tropospheric ozone, 14813. vertical ozone profile, ozone column, UVB radiation (1967-1990), Germany, Berlin; 08502.

- ultraviolet B irradiance**
broadband UVB radiometer, seasonal change, ground level, biologically active UVB, Japan; 04586.
- ultraviolet flux**
middle atmosphere, solar variability, two dimensional model, ozone, temperature, 11307.
- ultraviolet irradiance**
irradiance, trend, USA, Georgia, Atlanta; 11115.
- ultraviolet irradiation**
humic acid, fulvic acid, photo degradation, organic carbon, river water chemistry, humic substance, Sweden, Kalix River; 13530. photolytic ozonation, lake water chemistry, trihalomethane precursor, ozonation, 13562.
- ultraviolet photo oxidation**
aggregate, photo oxidation, organic matter protection, microaggregate, 08111.
- ultraviolet photon**
chloronaphthalene, photothermal destruction, oxidative destruction, hazardous waste, 11608.
- ultraviolet radiation (1976-1992)**
solar UV radiation, biologically active UV, Poland, Belsk; 13658.
- ultraviolet radiation**
coral bleaching, bleaching, 05885. measurement, Costa Rica; 13654. numerical simulation, ozone depletion, 14962. total ozone, trend, UVB radiation, biologically active UV, 03413. UVB biological effect, ozone, aerosol, China, Beijing; 02156.
- ultraviolet spectrometry**
spectrometry, nitrate, 01803.
- Umi Fan Formation**
tectonic setting, Leron Formation, climate, molasse, alluvial fan, Papua New Guinea, Markham Valley; 01686.
- umkehr**
aerosol effect, SAGE II, ozone profile, 11320.
- Una Group**
sedimentary structure, carbonate, diagenesis, phosphorite, Proterozoic, Brazil, Bahia, Irecé Basin; 14351.
- UNCED**
greenhouse gas, Rio summit, climate change, 06367.
- uncertainty**
aquifer parameter values, parameter estimation, groundwater modelling, wellhead protection area, 03321. atmospheric circulation model, nuclear winter, 04745. carbon dioxide, radiative forcing, general circulation model, warming, 05881. climate forcing, anthropogenic aerosol, aerosol, 15008. decision analysis, cost/benefit analysis, water quality management, river water quality, real time monitoring, 12385. design flood, hydraulic structure, dam construction, optimisation model, river diversion, Iran, Karoon Dam; 12396. digital monopleting, monopleting, position, 04920. discharge estimation, flow duration curve, stage discharge curve, 03214. error, GIS, 10107. extreme event, reservoir management, set control approach, water resource management, USA, (South-East); 02105. hydrological modelling, distributed model, Monte Carlo method, calibration, validation, 01907. probability, stochastic dominance, cost/benefit analysis, project evaluation, water resource development, USA, Colorado, Cache la Poudre River; 13632. pump and treat, pumping rate, feedback law, hydraulic conductivity, groundwater remediation, 07100. reservoir operation, control concept, water resource management, optimisation, 03387. reservoir operation, optimisation model, demand driven operation, stochastic model, 12399. river flow, flow forecasting, ice, hydraulic routing model, flow modelling, North America, Niagara River; 09595. solute transport, groundwater transport, heterogeneity, modelling, 04527. spatial database, error, 10109. stochastic flow problem, boundary element solution, groundwater flow, diffusion, temporal variability, 05798.
- uncertainty analysis**
groundwater contamination, contaminant capture, remedial technique, optimisation, pumping strategy, vinyl chloride plume, USA, Michigan; 03357. leakage rate, groundwater resource, pumping rate, hydraulic head, groundwater contamination, Portugal, Tejo River; Sado River; 02116. Monte Carlo simulation, sediment quality, partitioning, contaminant, 10676. organic matter, carbon-13, soil spatial variability, 13316. safety margin, new chemical substance, modelling, risk assessment, Netherlands; 07696.
- unconfined aquifer**
groundwater behaviour, isotope hydrology, hydrogeochemistry, USA, Florida; 03362. rectangular areal recharge, groundwater flow, contaminant transport model, groundwater velocity, 05795.
- unconfined flow**
avalanche, mass movement, granular material, numerical experiment, 14190. avalanche, theory, mass movement, granular material, 14189.
- unconformity**
carbonate, cementation, Jurassic, diagenesis, palaeohydrology, UK, England; 13201. chalk, lithification, Cretaceous, porosity, micrite, Egypt, Abu Roash; Bahariya Oasis; 07991. sandstone, kaolinite, Statfjord Formation, Lunde Formation, North Sea, Snorre Field; 13227. shoreline, Triassic (Lower), sea level change, arenite, tidal flat deposit, France, Alpes-de-Haute-Provence, Barles; 08051.
- unconsolidated sediment**
numerical analysis, subsurface mapping, geotechnical model, 14192. underground space, engineering geology, Quaternary, keynote lecture, Netherlands; 14201.
- undersampled data**
error factor, interpolation, local interpolator, oversampled image, 06147.
- underdip slope**
rock slope, highway cut, rock topple, toppling, sliding, Canada, Alberta, Jasper, Clairvaux Creek; 09115. topple, Chevron topple, slide, joint spacing, rock strength, 09113.
- underfit river**
discharge change, late glacial, Holocene, palaeohydrology, anthropogenic impact, Byelorussia, Zapadnaya Beresina Valley, Volozhin; 06457.
- underground construction**
water table, delta, groundwater, Netherlands; 14205.
- underground map**
computer mapping, Japan, Tokyo; 07510.
- underground permeability**
polluted leachate, waste dump, France, Lyon; 01283.
- underground record**
borehole temperature, temperature, climate change, 07322.
- underground river**
hydrodynamics, karst system, chemistry, brackish water, tidal process, Philippines, Palawan Island, St.Paul; 13021. radionuclide, sedimentation, sediment source, Australia, New South Wales, Jenolan Caves; 01952.
- underground space**
engineering geology, Quaternary, keynote lecture, unconsolidated sediment, Netherlands; 14201.
- underground storage tank**
soil sampler, hydraulic boring device, 01775.
- underground utility lines**
power supply, GIS, cadastre data, 08940.
- underground water**
sea level, segregating ice, coastal plain, pingo ice, Svalbard, Spitsbergen, Adventdalen; 07932.
- underside roughness**
air/ice drag coefficient, surface roughness, sea ice, remote sensing, ice floe, Weddell Sea; Antarctica; 04549.
- understorey vegetation**
forest ecosystem, leaf area, canopy closure, NDVI, 07578.
- underwater archaeology**
Holocene, palaeoenvironmental implication, Neolithic, water well, Israel, Atlit-Yam; 04071.
- underwater berm**
dredged material use, Water Resources Development Act, wildlife habitat creation, beach nourishment, North America, Great Lakes; 10304.
- underwater communication**
acoustic telemetry, telemetry modem, 07439.
- underwater flash**
marine optics, downwelling irradiance, wave focusing, 14078.
- underwater imaging system**
video imagery, imaging system, 01091.
- underwater landslide**
tsunami, mudslide, numerical modelling, Bingham plastic mudslide, wave, 00148.
- underwater photogrammetry**
moiré image, laser mapping system, 01111.
- underwater sound**
sound, density, surface, whitecap, 06300.
- underwater sound source**
transducer directivity, wide band resonance, 03845.
- underwater topography**
shallow water, photogrammetric survey, Denmark; 14043.
- underwater vegetation**
Posidonia oceanica meadow, cartography, geodimeter, Italy, Palermo, Mondello Bay; 02523.
- undrained clay**
elastoplastic soil model, theoretical treatment, dilatometer test, 04028.
- undrained cyclic loading**
clayey silt, anisotropic consolidation, 03999.
- undrained pressuremeter test**
pressuremeter, large strain, loading/unloading, 11720.
- undrained shear strength**
CIUC test, total stress analysis, design, 04017. strain path method, stress strain response, clay disturbance, site test, 04026.
- undulating topography**
ice sheet, AVHRR imagery, albedo, katabatic wind, net accumulation rate, Antarctica, East Antarctic; 02843.
- undulation**
geopotential model, Doppler, GPS, 04869. GPS, measurement, levelling, Japan, Shikoku; 15071.
- UNEP**
permatang coast, impact assessment, erosion, coastal reclamation, mangrove, sea level rise, Malaysia; Thailand; Indonesia; 11666.
- unfertilised rangeland**
groundwater quality, sampling, rangeland, water table depth, USA, Florida; 07083.
- unfertilised vegetation**
deposition, surface/atmosphere exchange, ammonia, vegetation, 07334.
- unfolding method**
algorithm, wind profiler, radar, 12412.
- ungauged catchment**
extreme event, flood frequency analysis, regional flood frequency, region of influence, Canada, Newfoundland; 13472. flood frequency analysis, Hebson-Wood method, Diaz-Granados method, frequency distribution, USA, Texas; 09594. rainfall distribution, water resource assessment, rainfall/runoff model, Ivory Coast; 03218. rainfall/runoff model, flood frequency analysis, rainfall probability, St. Lucia, Cul de Sac River; 08317. river flow, catchment characteristics, soil characteristics, low flow estimation, UK; 04442. unit hydrograph, rainfall/runoff relationship, flood forecasting, design flood, Czech Republic, Bohemia; 06971.
- unified model**
katabatic wind, mass balance, general circulation model, climate, UKMO, 13746. mesoscale, vorticity maximum, comma cloud, potential vorticity anomaly, 07279.
- uniform building code**
expansion potential, test specimen, 04003.
- uniqueness property**
conservation law, potential vorticity, 02216.
- unit graph estimation**
quadratic programming, difference norm, rainfall/runoff model, 05680.
- unit hydrograph**
baseflow separation, excess precipitation, effective precipitation, rainfall/runoff modelling, 05665. linear programming, rainfall/runoff relationship, computer model, hydrograph, 09586. rainfall/runoff relationship, design

- flood, probable maximum rainfall, Mexico, Veracruz, Tecolutla River; 10905. rainfall/runoff relationship, flood forecasting, design flood, ungauged catchment, Czech Republic, Bohemia; 06971. slow flow index, baseflow index, streamflow, 06968.
- unitemporal classification**
classification, accuracy, TM, multitemporal classification, 06342.
- univariate**
error, covariance equation, forecast error, 11258.
- univariate model**
transfer function model, groundwater fluctuation, piezometric head, SARIMA, SARIMAX, 09702.
- univariate spline transformation**
multivariate analysis, linear smoother, regression spline, principal components analysis, instrumental variable, 03925.
- universal erosion equation**
exogenous process, 08871.
- universal function**
land use type, unstable condition, flux variance method, 07230.
- universal time**
atmospheric angular momentum, length of day, 15066.
- Universal Transverse Mercator**
projection, rectangular coordinate, Gauss-Krueger, Slovenia; 02388.
- university**
management information system, GIS, USA, Texas, Texas A&M University-Corpus Christi; 15259.
- unlabeled data**
subimage, segmentation, 04871.
- unleaded gasoline**
manganese, traffic density, Canada, Quebec, Montreal; 15035.
- unlined borehole**
groundwater sampling, pollutant spread, porewater extraction, packer sampling, well construction, 11031.
- unloading**
glacigenic deformation, glaciofluvial sediment, loading/unloading, Fraser Glaciation, compression, Canada, British Columbia, Big Creek; 07884.
- unmanned aircraft**
tropical cyclone, dropwindsonde, hurricane forecast, forecasting, 01072.
- unsaturated alcohol**
ozone, carbonyl product, alcohol, formaldehyde, hydroxyacetaldehyde, 06025.
- unsaturated clay**
deformation, numerical modelling, ground movement, 14183.
- unsaturated diffusivity**
diffusivity, saturated hydraulic conductivity, anionic surfactant, surfactant, hydraulic conductivity, USA, Oklahoma; 01898.
- unsaturated flow**
arid zone, water flux, heat flux, desert soil, USA, Texas, Chihuahuan Desert; 14710. bypass flow, clay soil, macropore flow, 03312. cation transport, soil water flow, binary exchange isotherm, cation exchange, solution concentration, 02045. clay soil, wetting front, heterogeneity, seepage, infiltration, 02042. contaminant transport, tritium tracer, infiltration, isotopic fractionation, vapour transport, USA, Nevada; 08393. desert soil, water flux, heat flux, arid zone, USA, Texas, Chihuahuan Desert; 14709. evaporation, salinisation, cation exchange, capillarity, 08397. field measurement, simulation model, hydraulic conductivity, heterogeneous soil, 03314. flow interface, flow phase, capillary pressure, multiphase flow, capillary pressure-saturation relationship, 09685. heterogeneity, infiltration, hydraulic conductivity, perturbation/spectral method, 12301. heterogeneity, spatial averaging, Richards equation, Green-Ampt model, infiltration, 14706. hydraulic conductivity, falling head permeameter, borehole permeameter, Green-Ampt model, 10997. hydraulic conductivity, pore size distribution, water retention curve, percolation, 07053. hydrodynamic dispersion, soil water quality, solute transport, 12326. infiltration, Richards equation, Green-Ampt model, heterogeneity, infiltration, 14707. intake velocity, fractured rock, contaminant transport, rainfall/runoff relationship, infiltration, 02040. non aqueous phase liquid, groundwater remediation, multiphase flow, temperature gradient, soil moisture dynamics, 12324. Peclet number, numerical solution, Richards equation, courant number, 09686. Richards equation, computer program, finite element method, finite difference method, 09681. Richards equation, infiltration, wetting front, approximate model, root water uptake, 02035. scaling technique, drainage, infiltration, Richards equation, Brooks-Corey hydraulic function, 02039. sensitivity analysis, soil water flow, flow model, 04496. soil characteristics, Richards equation, hydraulic conductivity, 14700. soil water flow, infiltration, landfill leachate, finite analytic numerical solution, 09683. soil water movement, Eulerian-Lagrangian method, method of characteristics, variably saturated flow, infiltration, vadose zone, 14705. soil water movement, soil characteristics, heterogeneity, lateritic terrain, water balance, 12297. soil waterflow, drainage design, hydraulic conductivity, parameter optimisation, water retention, 02036. solute transport, organic contaminant, surface tension, pressure head, 14740. sorption, hydrophobicity, vadose zone, gas-water interface, micro-organism transport, 13595. stochastic model, parallel columns model, soil water potential, root water flux, 12300. two phase flow, Darcy's law, capillary pressure, multiphase flow, interface dynamics, 02037. vadose zone, salt movement, solute transport, flow velocity, Pakistan, Punjab, Rechna Doab; 09682. water table depth, soil moisture, capillary rise, percolation, hydraulic conductivity, 10994.
- unsaturated flow equation**
hydraulic conductivity, field method, unsaturated hydraulic conductivity, vadose zone, borehole, 05777. vadose zone, Green's function, boundary integral solution, 00730.
- unsaturated flow model**
recharge estimation, groundwater recharge, bauxite mining, vegetation cover, Australia, Queensland, Cape York, Weipa Peninsula; 08400.
- unsaturated hydraulic conductivity**
hydraulic conductivity, land use, soil water flow, vadose zone, saturated hydraulic conductivity, UK, England; 04500. hydraulic conductivity, soil water retention curve, soil volume wetness, 12066. parameter estimation, soil water flow, hydraulic conductivity, vadose zone, SHE, saturated hydraulic conductivity, UK, England, South West; 04499. soil water content, infiltration measurement, hydraulic conductivity, 01793. vadose zone, borehole, unsaturated flow equation, hydraulic conductivity, field method, 05777.
- unsaturated peroxyacyl nitrate**
peroxymethacryloyl nitrate, ozone, PAN, 06024.
- unsaturated/saturated flow**
soil water flow, hydraulic conductivity, pressure head, 10996.
- unsaturated soil**
drying/wetting cycle, behaviour, clayey soil, suction, 01415. finite element program, stress strain model, critical state model, 04025.
- unsaturated zone**
groundwater chemistry, runoff water chemistry, acid mine drainage, cation distribution, USA, Indiana; 00693. hydraulic conductivity, mobile/immobile water, chloride, solute transport, heterogeneity, 14743. irrigated soil, effective water content, capillary tension, osmotic pressure, contaminant transport, transport rate, 03346. multiphase flow, groundwater contamination, trichloroethylene, volatilisation, infiltration, 09712. pesticide root zone model, precipitation pattern, pesticide mobility, leaching, 08418. sandy soil, soil water movement, solute transport, preferential flow, groundwater recharge, isotope tracer, USA, Minnesota, Princeton; North Dakota, Oakes; 14704. soil water chemistry, nuclear waste disposal, precipitation chemistry, USA, Illinois, Bureau County, Sheffield; 09710. stochastic advective model, mobile/immobile water, chloride, solute transport, heterogeneity, 14744. stochastic analysis, solute spreading, breakthrough curve, solute transport, heterogeneity, 14745. thermal loading, radionuclide migration, containment control, evaporation, solute concentration, nuclear waste repository, USA, Nevada, Yucca Mountain; 09711. time distribution, return flow, groundwater recharge, soil moisture budget, 05779. vapour extraction, volatile organic compound, non aqueous phase liquid, groundwater remediation, pump and treat remediation, 14741.
- unsaturated zone model**
rainfall/runoff model, land use effect, climate change, basin model, river discharge, Netherlands, Rhine River; 08327.
- unsharp masking**
bedrock mapping, spectral enhancement, geological structure, Landsat TM, Saudi Arabia; 03780.
- unstable condition**
flux variance method, universal function, land use type, 07230. turbulent transfer, urban surface, spectral characteristics, 07222.
- unstable conditions**
boundary layer, concentration fluctuation, stable conditions, dispersion experiment, 13712.
- unstable flow**
Urattanna Formation, fluidisation pipe, Cambrian (Lower), liquefaction, sand bed, Australia, South Australia; 06652.
- unstable landscape**
minimum energy expenditure, river basin, channel network, landscape simulation, digital elevation map, 00102.
- unstable mountain terrain**
road alignment, geomorphology, stability survey, landslide, erosion mapping, Nepal; 10354.
- unstable surface layer**
shear stress, forest, radiosonde, wind profile, 00868.
- unsteady drainage**
variable recharge, semi confined aquifer, water table height, Boussinesq equation, land drainage, 05834.
- unsteady flow**
branch network, canal network, open channel flow, computer model, 04462. channel flow, subcritical flow, flow routing, St Venant equation, inverse problem, 01951. computer model, St Venant equations, open channel flow, method of characteristic, 04460. dispersion, stochastic analysis, tracer test, solute transport, deterministic model, Canada, Ontario, Borden; 13604. inertia, computational hydraulics, open channel flow, dry bed channel, 09614. irrigation canal, modelling, 04456. model verification, computer model, open channel flow, USA, Arizona, Salt River Project; Central Arizona Project; 04459. modelling method, numerical simulation, 04455. open channel flow, canal model, computer model, automated control, downstream control, USA, California, San Luis Obispo; 04458. open channel flow, computer model, canal model, automated control, 04454. open channel flow, flow modelling, irrigation canal, 04453. open channel flow, hydraulic structure, St. Venant equation, canal regulation, 04461. open channel flow, wave propagation, ice cover, 04449. radioactive waste disposal, solute transport, adaptive grid method, groundwater flow, finite difference model, 14713.
- unsteady wave**
gravity wave, linear unsteady wave, mountain wave, 05966.
- unsupervised classification**
histogram overlay, supervised classification, cell distance method, 07480. ploughed soil, soil moisture, Europe, (East), Danube Basin; 07557. texture measure, morphological filtering, segmentation, 13953.
- unsupervised clustering algorithm**
Landsat, clustering algorithm, fuzzy logic, 10069.
- unsupervised training**
learning, network, 04879.
- unwrapped Poincare sphere**
double Fourier series, polarimetric signature, 07484.
- upconing**
salinity, groundwater quality, groundwater exploitation, chloride source, Netherlands; 12339.
- updating**
conversion, GIS, utility works, Denmark, Aarhus; 06326. data acquisition, GIS, 15089. database updating, 06190.
- updoming**
erosion, tectonics, morphostructural model, crater chain, graben pattern, Mars, Valles Marineris; 01412.
- updraft**
canopy, wavelet analysis, coherent structure, atmosphere/forest interface, 05934. downdraft, evaporation, rain, parameterisation, cumulus, 11246. Kohler equation, droplet, cloud condensation nuclei, 02286.

- updraft intensity**
supercell, thunderstorm, cloud model, hodograph curvature, 02285.
- updraft speed**
microwave link, path-average estimate, rainwater content, 02142.
- upland area**
GIS, rural database, point-in-polygon, database, UK; 10271.
- upland catchment**
nitrate concentration, moorland, saturation hypothesis, streamwater quality, UK, Scotland; 00708.
- upland parcel**
legal, surveyor, boundary, law, 05011.
- uplift**
chronology, marine terrace, sea level, eustasy, transgression, USA, Hawaii, Hawaiian Islands; 14294. chronology, Pliocene, Quaternary, ash layer, fission track date, Colombia, Bogota; 13260. climate change, alluvial fan, debris flow, Quaternary, India, Himachal Pradesh, Spiti Valley; 12983. climate fluctuation, alluvial aggradation, palaeoclimate reconstruction, alluvial fan sequence, Quaternary, Oman, Batinah Coast; 07770. clockwise rotation, Pleistocene, palaeomagnetic evidence, tectonic rotation, Italy, Calabria; Sicily; 09073. convection cell, heat flow, stress field, neotectonic deformation, stress, Poland, Carpathian-Pannonian Region; Hungary, Carpathian-Pannonian Region; Slovakia, Carpathian-Pannonian Region; 03982. Coral Rock Formation, cementation, reef carbonate, sea level, Quaternary, West Indies, Barbados; 14350. coseismic event, Quaternary, tectonic history, earthquake, coral reef, Papua New Guinea, Huon Peninsula; 10405. deformation, Holocene, marine terrace, New Zealand, North Island, Mahia Peninsula; 09220. dextral slip rate, Holocene, beach ridge, Wellington Fault, radiocarbon dating, New Zealand, North Island, Lower Hutt; 03987. erosion history, glacial erosion, chronology, Tertiary, fan deposit, Barents Sea, Barents Shelf; 00177. erosion rate, orogenesis, morphogenesis, 07735. erosion rate, permafrost, valley formation, geocological process, shoreline change, Greenland; 01371. foreland basin, facies analysis, sedimentation, drainage, sediment yield, Argentina, Bermejo; 13255. foreland basin, orogeny, ooid, Mississippian, USA; 05446. geomorphology, tropical landform, erosion, deforestation, weathering front, India, Chhotanagpur Uplands, Hazaribagh Plateau; 03979. glaciostasy, morphology, Pleistocene, fault activity, Poland, Sowie Mts.; 06482. grainstone, sand, Mississippi, basin, Greenbrier Limestone, 04265. Holocene, sea level, crustal movement, subsidence, UK, England, Kent; Teesside; UK, England, Northumberland; 05197. intertidal species, intertidal platform, earthquake, coastal uplift, coastal bench, USA, California, Cape Mendocino; Punta Gorda; 09069. isotopic dating, cinder cone deposit, ice sheet reconstruction, Pliocene/Pleistocene, Antarctica, Transantarctic Mountains, Taylor Valley; 04103. levelling data, earthquake, palaeoseismic record, aseismic growth, San Andreas Fault, USA, California, Durmid Hill; 02696. lithospheric thickness, comparative study, radially fractured dome, mantle diapir, Venus; 09079. marine terrace, Holocene, sea level change, earthquake, radiocarbon dating, Japan, Honshu, Noto Peninsula, Hiogawa Lowland; 01539. photogeological mapping, Quaternary landform, sediment, raised beach, glacier advance, Svalbard, Spitsbergen, Wedel Jarlsberg Land, Hansbreen-Sofiekammen; 09203. piedmont, geomorphology, neotectonics, planation surface, Italy, Apennines, Umbria; 07789. piggyback basin, compressional basin, Pliocene/Pleistocene basin, thrust belt evolution, palaeostress analysis, Italy, Basilicata, Southern Apennines; 09065. Pleistocene, landslide process, geomorphological research, Hungary; 07800. Quaternary, provenance, drainage evolution, alluvial architecture, sedimentation rate, Spain, Sorbas Basin; 05415. raised shoreline, vertical movement, sea level change, isotopic curve, Italy, Calabria; 06606. rifting, fission track dating, erosion, scarp retreat, Red Sea; Gulf of Suez; 14167. river displacement, sediment deformation, tectonic control, fluvial deposition, Pakistan, Himalayas, Potwar Plateau, Salt Range; 12974. schist, Quaternary, glacial history, fault, deglaciation, Finland, Karelia, Ilomantsi; 09201. sedimentary basin, diagenesis, subsidence, fluid flow, 13288. seismicity, isostatic rebound, boulder cave, earthquake, Europe, Fennoscandia; 02699. structural control, geological map, morphometric approach, base level maps, USA, Utah, Bear River Range; 07772. subsidence, glacial forebulge, shoreline altitude, isostasy, Europe, Fennoscandia; 14174. surface motion, geodynamic interpretation, high precision levelling, Czech Republic, Krusne Hory Mountains, Jezeri Castle; 10399. tephrostratigraphy, Potaka tephra, Pleistocene, marker horizon, ignimbrite, New Zealand; 13078. terminal moraine, snowline, Pleistocene/Holocene, glacial landform, China, Yunnan Province, Mount Meylixueshan, Shenchengbao Glacier; Lailogoru Glacier; 06590. thalassoplanation, coastal foreland, duricrust, slope development, planation, South Africa, Great Escarpment; 07776. vertical displacement, neotectonics, normal fault, geophysical survey, transverse extensive tectonics, France, Alps, Gresivaudan Valley; 11689. Waimanalo Limestone, Last Interglacial, sea level, uranium series dating, coral record, USA, Hawaii, Oahu; 13128.
- uplift behaviour**
elastoplastic medium, pipeline, laterally loaded pile, 06503.
- uplift mechanism**
Quaternary, marine terrace, coseismic uplift, terrace offset, USA, California, Santa Cruz; 11841.
- uplift pattern**
shoreline dislocation, trend surface, glaciostasy, Devonian (late), Holocene, UK, Scotland; 05196.
- uplift rate**
chronology, deformation, Quaternary, marine shoreline, USA, California, San Diego County; 00254. climate cyclicity, three dimensional modelling, Quaternary, fluvial dynamics, terrace development, Netherlands, Maasticht, Maar River; 06454. denudation, Cretaceous (late), fission track analysis, New Zealand, South Island; 05209. erosion, soil geomorphology, stability, 01345. extension rate, Quaternary, coastline change, radiometric dating, marine terrace, Italy, Calabria; 06481. fault scarp topography, fission track analysis, geomorphology, deep drilling project, Germany, Bavaria; 01395. Holocene, radiocarbon age, coastal change, beach ridge, Chile, Norte Chico; 05318. Holocene, shoreline, raised shoreline, Greece, Perachora Peninsula, Corinth; 10400. isostatic rebound, shell bed, radiocarbon dating, raised beach, Holocene, Chile, Andes of Chiloe; 05195. marine terrace, vertical crustal movement, volcanic island, neotectonics, Taiwan, Luta; 00145. Pleistocene, deformation, terrace age, marine terrace, tilt, New Zealand, North Island, Mahia Peninsula; 09221. Quaternary, radiocarbon dating, mollusc, coral, marine terrace, Iran, Qeshm Island; 02701. strain accumulation, subduction zone, seismic hazard, USA, Cascadia Margin; 14173. subduction, topography, plate tectonics, USA, California, Coast Ranges; Oregon, Coast Ranges; USA, Washington, Coast Ranges; 14172. tilting, neotectonics, Paringa Formation, Alpine Fault zone, Quaternary, New Zealand, South Island, Westland, Paringa; 11695. vertical crustal movement, least squares prediction, Japan, Honshu, Tokai District; 09076.
- uplifted coral**
uranium series dating, palaeoseismicity, coral, mass spectrometry, Taiwan; 00272.
- uplifted reef terrace**
climate model, Milankovitch theory, uranium series dating, stable isotope, Last Interglacial, Papua New Guinea, Huon Peninsula; 01541.
- upper air measurement**
ship, oil platform, severe storm prediction, Gulf of Mexico; 07253.
- upper atmosphere**
atomic oxygen, height profile, eddy diffusion, 03550. carbon monoxide, isotope, band emission, observation, 09971. limb emission, FILOS, hydroxyl radical, 09991. simultaneous measurement, vertical profile, sodium night-glow, atomic sodium, Brazil; 04788. temperature, trace gas, solar energy input, wind velocity, satellite mission, 01468. UARS, nitric oxide, atmospheric radiance, geomagnetic activity, 07522.
- upper boundary condition**
gravity wave model, sponge layer, quasi stationary forcing, wave reflection, 00073.
- Upper Gaspe Limestone**
concretion, REE, provenance, carbonate, Devonian, Canada, Quebec, Gaspe Peninsula; 01643. oxygen isotope exchange, carbonate, Devonian, brachiopod, Canada, Quebec, Gaspe Peninsula; 02940.
- upper level circulation**
consistency check, temperature trend (1950-1992), temperature surface, 12543.
- upper level downdraft**
warm downdraft, squall line, downdraft, 08605.
- upper level flow**
mountain valley, evacuation, inversion layer, water tunnel, 05965.
- upper level frontogenesis**
static stability, frontogenesis, potential vorticity, 05967.
- upper level jet**
jet front system, mesoscale model, ageostrophic circulation, coupling, low level jet, 07278.
- Upper Marine Molasse**
Miocene, lithofacies, palaeocurrent, Gilbert type delta, Austria, Vorarlberg, Pfander; 01688.
- upper ocean variability**
El Nino/Southern Oscillation, Kelvin mode, ocean model study, 02205.
- Upper Rewa Sandstone**
grain size, sorting, palaeocurrent analysis, sediment discharge, Proterozoic, India, Madhya Pradesh, Maihar; 10584.
- upper tree limit**
late glacial, pine expansion, pollen, Younger Dryas, France, Alps, Belledonne Massif; 02776.
- upper troposphere**
humidity, Meteosat, water vapour, brightness temperature, general circulation model, 14002. monsoon, nonlinear kinetic energy, kinetic energy transfer, 13705.
- upslope flow**
mesoscale model, hailstorm, orography, sea breeze, 08585.
- upslope movement**
proglacial lake, ice surge, ice pushed hill, glaciotectionic landform, Canada, Saskatchewan, Missouri Coteau; 01505.
- upslope wind**
wind circulation, downslope wind, mesoscale model, turbulence closure, 09916.
- uptake rate**
regeneration rate, nitrogen, phosphorus, dissolved inorganic nutrient, surface water quality, 05713.
- upward progression**
equator, stratosphere, quasi biennial oscillation, 13735.
- upward propagating wave**
VHF radar, middle atmosphere, gravity wave, 08586.
- upward streamer**
artificial triggering, lightning, electrical field, 14828.
- upwarping**
alluvial fan, coastline, delta, Pleistocene, Namibia; 04256. river terrace, terrace age, longitudinal profile, base level, USA, Pennsylvania, Susquehanna River; 07749.
- upwelling**
accumulation rate, primary production, seafloor flux, sediment trap study, temporal variability, USA, California, Southern California Bight, San Pedro Basin; 07959. AMS, annual variability, radiocarbon content, coral, Galapagos Islands; 01450. bottom water circulation, varve, lamination, anoxia, USA, California Borderland, Santa Monica Basin; 11913. carbonate deposition, shelf, rhodolith, foraminifera, current, Japan, Ryukyus, Miyako Islands; 01617. diagenesis, carbonate, shelf carbonate, bryozoa, seawater, Australia, Tasmania; 06684. ecosystem, coastal trapped wave, ocean, Rossby wave, Atlantic, Benguela Current; 02207. element, barite, Devonian, organic matter, photic zone, North America; 10669. Gibraltar bridge, biogeochemistry, mineralization, Mediterranean Sea, Straits of Gibraltar; 04229. Isotope Stage 5, diatom ooze, bioturbation, fine grained sediment, laminae formation, detrital flux, Peru, Peru Coastal Margin; 11915. mineralization, bioturbation, organic matter, primary productivity, oxidation, Atlantic, (South); 13251. nutrient, particulate matter, chlorophyll, silicate, spatial variability, USA, Nevada, Pyramid Lake; 07045. opal, carbonate, monsoon, sediment trap, particle flux, Arabian Sea; 00440. phytoplankton, glacial/interglacial cycle, ocean/atmosphere exchange, carbon exchange, biological pump, Atlantic; 02737. pollen, holocene, Last Glacial/Interglacial cycle, palaeohydrology, palaeoclimatology, Morocco; Atlantic, (North); 11797.

- primary production, pigment, sediment trap, organic carbon, Mauritania, Mauritanian Shelf, Banc d'Arguin; 01706. primary production, seafloor, organic carbon, opal flux, seasonality, Atlantic, Cap Blanc; Guinea Basin; Atlantic, Walvis Ridge; 01709. Quaternary, dinoflagellate cyst, distribution, Coral Sea, Great Barrier Reef; 10444. Quaternary, organic matter, productivity, bottom water, phytoplankton, Somalia, Somalia Coast; Indian Ocean; 08022. REE, seawater, seamount deposit, phosphorite, climate, Pacific, (Equatorial); 03008. seafloor, sediment column, palaeoceanography, organic matter, Pacific, Ontong Java Plateau; 00353. silicon/silicate ratio, silicon-32 measurement, silicon distribution, ocean model, modelling, Atlantic; Pacific; Indian Ocean; 00080. trade wind, opal, seasonal cycle, sediment trap, diatom, Atlantic, Guinea Basin; 14414.
- upwelling cold water**
radiocarbon date, palaeoclimate, Holocene, plant remains, Mexico, Sonora, Sierra Bacha; 09206.
- upwelling flow**
streamwater chemistry, chemical separation, groundwater chemistry, soil water chemistry, hydrochemical modelling, Canada, Quebec, Laurentians; 02003.
- upwelling light stream**
chlorophyll concentration, remote sensing, coastal water, algorithm, benthic interface, 11550.
- upwelling water**
regeneration ratio, denitrification, nitrogen, biogeochemical cycle, oligotrophic water, Indian Ocean; 00055.
- upwelling zone**
nutrient gradient, palaeoceanography, oxygen gradient, deep water, Pacific; Peru; 11794.
- upwind obstacle**
wind speed, surface wind, shelter, 05936.
- upwinding**
convection/diffusion, convective flow, numerical diffusion, finite volume method, Peclet number, 11253.
- uraninite**
sulphide, groundwater chemistry, granitic water, trace metal, radioactive waste disposal, Europe; 04535.
- uranium**
A-ICPAES, laser ablation, 12086. bacteria, sulphur, organic matter, reduction, iron, 01662. coastal water quality, uranium chemistry, microbial population, nuclear waste, anoxia, fjord, Norway, Framvaren Fjord; 01992. depositional environment, algae, phosphate, coral, seagrass, Red Sea, Gulf of Aqaba; 09396. mixing zone, continental shelf, mangrove sediment, suspended sediment, India, Ganges River; Brahmaputra River; 06718. radium, alpha activity, beta activity, groundwater origin, radionuclide, USA, Carson River Basin; 05815. thorium, element concentration, geochemistry, China; 06807. thorium, river sediment, radionuclide, phosphate fertiliser, anthropogenic emission, Spain; 11992. weathering, hydrogeochemistry, river water quality, Venezuela, Orinoco River Basin; Brazil, Amazon River Basin; India, Ganga River Basin; 10964.
- uranium-234**
dissolution, hydrogeochemistry, isotope hydrology, weathering, spring water chemistry, Brazil, Sao Paulo, Aguas da Prata; 03355.
- uranium-238**
decay series nuclide, scavenging rate, cycling, Arabian Sea; 06404.
- uranium chemistry**
microbial population, nuclear waste, anoxia, fjord, uranium, coastal water quality, Norway, Framvaren Fjord; 01992.
- uranium exploration**
geology, radiometry, image integration, gamma ray, China, Liaoning Province, Lian Shanguan; 02495. spectrometry, AGRS, aerospace data, India, Bastar; 12864.
- uranium isotope**
dissolved oxygen, river water quality, estuary, dissolved organic carbon, element concentration, India, Godavari Estuary; 05741.
- uranium/lead dating**
geochronology, carbonate, lead isotope, 14309.
- uranium migration**
retardation, complexation, sandstone, radioactive waste disposal, groundwater contamination, 04534.
- uranium mine**
radionuclide transport, radium, contaminant retention, river water contamination, floodplain retention, Australia, Northern Territory; 05738.
- uranium mining**
acidic soil, heavy metal, mine tailing, acid sulphate soil, radium-226, Australia, Northern Territory, Ranger Uranium Mine; 14576.
- uranium reduction**
Clostridium sp., turbidity, XPS, XANES, 10310.
- uranium series dating**
coral record, uplift, Waimanalo Limestone, Last Interglacial, sea level, USA, Hawaii, Oahu; 13128. coral, summer insolation, glacial/interglacial cycle, thorium-230 age, sea level, Barbados; 09212. environmental change, karst, Quaternary record, cave deposit, 06525. geochronology, Quaternary, fluvial terrace, ESR dating, magnetostratigraphy, France, Somme Basin; 10479. isoleucine epimerisation, calcite speleothem, AAR, speleothem, palaeomagnetic data, Norway, Hamarnesgrotta; 09135. Last Interglacial, mass spectrometry, coral reef, sea level, Australia, Western Australia, Houtman Abrolhos Islands; 01463. megafauna, cave, flowstone, travertine, Pleistocene (late), USA, Alabama, Colbert County, Cave ACb-3; 04076. organic date, geochronology, Pleistocene/Holocene, shell dating, Russian Federation; 11780. palaeoseismicity, coral, mass spectrometry, uplifted coral, Taiwan; 00272. Pleistocene, fauna, marine terrace, chronology, U-Th dating, Spain, Alicante; Murcia; 01535. sea level, Pleistocene (late), sea cave, temperature measurement, amino acid geochronology, UK, Channel Islands, Jersey; Wales; 07909. speleothem, sea level, last glacial, Bahamas; 09211. stable isotope, Last Interglacial, uplifted reef terrace, climate model, Milankovitch theory, Papua New Guinea, Huon Peninsula; 01541. travertine, Last Glaciation, USA, Montana, Yellowstone; Wyoming, Yellowstone; 13026.
- uranium series tracer**
suspended sediment, mudwave, deposition, bottom current, Atlantic, (South), Argentine Basin; 00434.
- Uratanna Formation**
fluidisation pipe, Cambrian (Lower), liquefaction, sand bed, unstable flow, Australia, South Australia; 06652.
- urban aerosol**
regional aerosol, submicrometer aerosol, source, droplet mode, aerosol, 13767.
- urban air**
dry deposition, deposition, particle, size distribution, North America, Great Lakes, Lake Michigan; 06064. hydrocarbon, alcohol, acylglycerol, aerosol, particle size screening, 06049. isotope, lead, Asia; 06065. PAH, chlorinated PAHs, measurement, 03620. pesticide, Japan, Kitakyushu; 15021. petrol, motor vehicle, gasoline, lead, petrol, UK; 06072. toxics, trace element, USA, Illinois; 06104. volatile organic chemical, non methane hydrocarbon, continuous hourly analysis, 11342.
- urban air quality**
particulate abatement capacity, air quality, hedges, 04646.
- urban area**
aerial photography, impervious area, remote sensing imagery, 15230. air pollution, forest, industrial complex, Japan; 10210. air quality criteria, WHO, air pollution, pollution, 15025. carbonaceous, aerosol, particulate, n-alkane, Japan, Nagoya; 12601. coast, oxocarboxylic acid, dicarboxylic acid, photo oxidation, fatty acid, aerosol, Mediterranean Sea; 03609. extinction coefficient, laser transmission path, aerosol, Germany, Leipzig; 10033. grass plot surface, suburban area, energy balance, rooftop surface, 14877. land use change, dynamic visualisation, SPOT, 08934. nitrogen dioxide, smog episode, winter, vehicle exhaust emission, stagnation episode, UK; 12635. nonpoint pollutant, statistical characteristics, land use, sewer construction, Japan, Honshu, Kyoto City; 03878. organic aerosol, gas chromatography, aerosol, 03611. ozone, nitrogen oxide, photochemical oxidant, multivariate technique, discriminant analysis, Spain, Valladolid; 13885. statistical model, bootstrap method, Weibull distribution, ozone trend, meteorological conditions, USA; 11339. water management, water supply, technological issues, humid tropics, sanitation, 08470. water supply, humid tropics, sanitation, water management, water reuse, 08476. water supply, humid tropics, water demand, water resource, water pollution, Asia, (Southeast); 08475.
- urban atmosphere**
dicarbonyl, aerosol, diacid, ketoacid, precipitation, 12634. diffusion denuder, denuder technique, nitrous acid, 06080. Egypt, Cairo; 02361. electron spin resonance, heavy metal, 02360. humidity, PM10, PAH, gaseous phase, partitioning model, particulate, 13862. optical parameter, air quality, aerosol, humidity, 06088. seasonal change, dicarboxylic acid, 04813.
- urban bias**
surface temperature, trend, heat island, time series, China; 12544.
- urban canopy**
microclimate, suburban environment, temperature deficit, 05911.
- urban canopy layer**
pollutant flux, eddy flux, surface roughness, sensible heat flux, 11334.
- urban canyon**
canyon airflow, energy budget, 05909. circulation characteristics, canyon, energy budget, sensible heat flux, 13710. energy budget, measurement/model comparison, comparative study, 05910.
- urban catchment**
rainfall/runoff, design hydrograph model, partial duration series, hydrograph, multiple event analysis, USA, California, Los Angeles; 10912. rainfall/runoff, impervious area, pervious area, runoff, 10913.
- urban climate**
canyon vortex, wind field, 12470. GIS, USA, Illinois, Chicago; 15118. heat island, wet island, valley wind, wintertime, China, Chongqing; 08536. numerical model, geometry, construction material, street climate, 09832. tree system, summer, noise attenuation, microclimate, China, Jiangsu Province, Nanjing City; 05916. tree, canopy, USA, Indiana, Bloomington; 07243.
- urban climatology**
town planning, 00872.
- urban data**
database, GIS, France, Ile-de-France, Hauts-de-Seine, Colombes; 04897. geometry, Netherlands, Apeldoorn; 05030.
- urban database**
cartography, GIS, Ecuador, Quito; 10265. information management, property register, address point, GIS, UK; 15228.
- urban development**
water management, sediment chronology, dating technique, sedimentation, environmental problem, Australia, New South Wales, Lake Macquarie; 04143.
- urban drainage**
drainage management, optimisation, drainage design, Japan, Hokuriku, Kahoku Lagoon; 08456. humid tropics, water management, stormwater, runoff, 08318. runoff water quality, real time control, stormwater model, Canada, Alberta, Edmonton; 03280.
- urban dust**
dust flux, model, radioactive tracer, residence time, 12614.
- urban emission modelling**
traffic emission, traffic pollution, Greece, Athens; 11337.
- urban environment**
aerosol, cadmium, copper, lead, zinc, New Zealand, Christchurch; 13888. air quality monitoring, pollutant concentration, tropical environment, India, Varanasi; 15031. environmental hazard assessment, GIS, Poland, Warsaw; 07646. modelling formalism, spatial information system, temporal reference, 07493. scavenging coefficient, rainout, rainwater quality model, parameterisation, 11345. street level air, carbon monoxide, nitrogen oxide, traffic emission, receptor model, China, Jiangxi Province, Guangzhou City; 04808. zero plane displacement, 13719.
- urban expansion**
morphodynamics, Ogolian dune, desertification, soil erosion, Senegal, Dakar; Mauritania, Nouakchott; Congo, Brazzaville; 01334.
- urban forestry**
satellite remote sensing, forest damage, deforestation monitoring, Germany; 11521.
- urban geology**
foundation engineering, geological problem, infrastructure, Europe; 12935.

- urban geometry**
heat release, ground shading, building, 07245.
- urban heat island**
AVHRR, vegetation index, USA, Washington, Seattle; 02505. summer, heat island, Ireland, Dublin; 08528.
- urban hinterland**
ethnography, remote sensing, Africa, Nigeria, Ibadan; 10264.
- urban history**
heat island, Mexico, Mexico City; 07227.
- urban hydrology**
hydrological modelling, GIS, 12853. infiltration rate, kinematic wave model, rainfall simulator, runoff analysis, Japan, Tokyo; 08319. short term rainfall, small scale rainfall, Eulerian technique, Lagrangian technique, spatio/temporal variability, precipitation assessment, 13454.
- urban impoundment**
sediment delivery, settling pond, contamination, toxic metal, deposition, USA, Wisconsin, Milwaukee River; 09379.
- urban information**
water utilities, GIS, sewer, USA, California, San Diego; 15234.
- urban information management**
GIS, digital aerial photograph, photo interpreter, multimedia, 07644.
- urban land use**
agriculture, nitrate chloride, groundwater quality, anthropogenic, indicator, Germany, Bavaria; 05829.
- urban landform**
thematic map, geomorphological maps, raster map, China, Chongqing City; 11489.
- urban landscape**
wetlands, aerial photography, agricultural landscape, USA, New York, Syracuse; 15151.
- urban management**
textual data, geographic information retrieval, GIS, 07492.
- urban mapping**
map user, tourist map, 03715.
- urban morphology**
SPOT, land use mapping, urban statistics, 08935.
- urban particulate**
particulate matter, relative humidity, gas/particle partitioning, semivolatile organic compound, Japan, Osaka; 04812.
- urban planning**
GIS, design, monitoring, 15229. planning support systems, GIS, 11565. regional planning, GIS, UK, England, Thames Corridor; 08946. regional planning, technical planning support, GIS, Sweden; 11568. vegetation cover, satellite data, Germany, Heidelberg; 06334.
- urban plant**
organic composition, particulate abrasion product, aerosol, leaf surface, 08725.
- urban plume**
trajectory, ozone, photochemical smog, Austria, Vienna; 15022. water, photochemical model, lake, ozone production, USA, Lake Michigan; 04819.
- urban pollutant**
contaminant transport, contaminant source, chlorinated hydrocarbon, sandstone/mudstone aquifer, field experiment, groundwater contamination, UK, England, Coventry; 03367. runoff water quality, groundwater quality, infiltration basin, Australia, Western Australia, Perth; 04526.
- urban pollution**
biomonitoring, chlorophyll, fluorescence, dandelion, 15039. boundary layer, carbon monoxide, sodar, inversion, Russian Federation, Moscow; 15026. control strategy, ozone, troposphere, 08727. nonpoint source, pollution modelling, GIS, 06327. vertical entrainment, box model, model evaluation, photochemical mechanism, 11335.
- urban population**
air pollution, Mexico, Mexico City; 08722.
- urban precipitation**
deposition, precipitation chemistry, spatial variability, UK, England, Manchester; 04806.
- urban river**
river water quality, pollution indicator, sediment, river classification, faecal effluent, Japan; 13533. urobilin, river sediment, faecal pollution, sewage, eutrophication, Japan, Honshu, Tokyo; Miura Peninsula; 08086.
- urban runoff**
artificial recharge, infiltration, groundwater quality, wastewater disposal, 00760. bedload, rural stream, suspended sediment, Finland, Turku; 05479. computer model, nonpoint source pollution, runoff water quality, 07027. heavy metal, runoff water quality, water quality criteria, water quality evaluation, USA; 07019. nitrogen, phosphorus, pesticide, runoff water quality, resource efficient plant, 07017. nutrient loss, water quality management, point source pollution, phosphorus, agricultural practice, Australia, Western Australia, Peel-Harvey Estuary; 13637. rainfall distribution, flood forecasting, 01252. removal rate, mesocosm enrichment, marsh, nutrient removal, wetlands, stormwater, 06390. runoff water quality, contaminant source, phosphorus, zinc, water quality management, USA, Wisconsin; 07020. runoff water quality, metal contaminant, organic contaminant, water treatment, toxicity, USA; 07021. runoff water quality, nonpoint source pollution, roof runoff, heavy metal, 07022. spatial distribution, stormwater, drainage system, water management, surface water accumulation, China, Shanghai; 08441. stormwater treatment, runoff water quality, residential catchment, 03281. trace metal, roof runoff, heavy metal, runoff water quality, 05729. trace metal, runoff water quality, adsorption, contaminant transport, particle transport, 07018. water quality management, water resource management, runoff water quality, modelling, Canada, Ontario, Toronto; 03276.
- urban/rural comparison**
precipitation chemistry, wet precipitation, sequential sampling, Mexico, Mexico City; 04435.
- urban/rural temperature**
heat, Fourier analysis, 05912.
- urban site**
mountain site, daily mixing ratio, humidity pattern, Mexico; 05897. passive sampler, traffic pollution, diffusion tube, nitrogen dioxide, UK; 12630.
- urban soil**
particle size analysis, geochemistry, soil pollution, clay mineral, element concentration, metal, India, Bombay; 06912. soil classification, soil physicochemical property, Russian Federation, Moscow; 10818. soil pollution, lead, roadside soil, USA, Louisiana; Minnesota; 01887. spectro-fluorimetry, PAH, industrial pollution, Estonia, Tallinn; 14581. steel rod technique, soil aeration, 06823.
- urban spatial attribute**
SPOT, TM, radiometry, Australia, New South Wales, Sydney; 05055.
- urban station**
meteorological data (1936-1940), meteorological data (1962-1966), electrical field, meteorological parameter, India, Maharashtra, Bombay, Colaba; 07188.
- urban statistics**
urban morphology, SPOT, land use mapping, 08935.
- urban stormwater**
water quality, storm sewer, pollutant load, 07656.
- urban stream**
copper, lead, zinc, effluent, road dust, Korea, Mushim-chun Estuary; 09376.
- urban street canyon**
sky view factor, canyon geometry, radiative/convective interaction, micro-climate, 03481.
- urban surface**
aerial photography, quantitative analysis, hazard, land use, China, Shanghai; 15232. integral statistics, turbulent transfer, 07223. Reynolds stress, turbulence, 03467. roof level, turbulence, rough surface, 03459. spectral characteristics, unstable condition, turbulent transfer, 07222.
- urban water**
sewage lagoon, pollutant trap, levee system, wetlands, 02608.
- urban water management**
water supply, water resource management, sustainable development, Nigeria; 08447.
- urban water quality**
environmental quality, map, 02559.
- urban water supply**
distribution system, water pricing, cost/benefit analysis, water planning, water supply system, Haiti, Port-au-Prince; 03398.
- urban zone**
radar image, mathematical morphology, textural analysis, France, Var, Luc; 14100.
- urbanisation**
coastal geomorphology, rainforest, sedimentation rate, physical geography, Asia, (Southeast); 11682. environmental modelling, stormwater management, runoff water quality, water quality management, 03270. faecal bacteria, microbiological pollution, river water quality, sewage, Canada, Ontario, Sault Ste Marie, St Mary's River; 14663. flooding, groundwater quality, risk assessment, drainage, sinkhole collapse, 00793. fog, Russian Federation; 04704. groundwater quality, alluvial aquifer, groundwater monitoring, Nepal, Kathmandu Valley; 11042. humid tropics, water resource management, water management, 08477. island hydrology, stormwater management, wastewater disposal, water resource, Singapore; 08445. lagoon, estuary, environmental management, South Africa, Natal, Ispingo Estuary; 09632. land use effect, runoff, groundwater recharge, wetland hydrology, 13620. modelling, stormwater quality, water quality management, water resource management, Canada, Ontario, Rouge River; Don River; Canada, Ontario, Duffins Creek; 03273. modelling, water resource management, water quality management, runoff water quality, Canada, Ontario, Laurel Creek; 03275. mountainous terrain, unplanned, hazard, environmental degradation, India, Himalayas, Kumaun Himalayan, Nainital; 02661. nitrate, volatile organic contaminant, industrial pollutant, groundwater quality, land use effect, Australia, Western Australia, Gwelup; 12373. photointerpretation, land cover, remote sensing, Canada, Montreal; 01270. playa, pan floor sediment, depression, anthropogenic impact, South Africa, Johannesburg, East Rand; 12972. rainfall, slope failure, Hong Kong; 06521. river regulation, water resource development, flood, drought, anthropogenic impact, deforestation, Kenya, Tana River Basin; Nyando River Basin; 08433. runoff, macropore, concentration time, rainfall/runoff relationship, infiltration, 08320. seasonal variation, pollution, self purification, river water quality, Nigeria, Niger River; 05737. water quality management, reservoir water quality, catchment protection, 03371. water resource management, aquatic ecosystem, spring, groundwater withdrawal, agricultural practice, USA, Texas, Edwards Plateau; 12391. water resource management, rural area, water supply, sanitation, humid tropics, 08473. water table fluctuation, groundwater resource, hydrogeology, Japan, Honshu, Tokyo; 02113.
- urbanisation effect**
climate change, China; 02335.
- urea**
ammonium, nitrification inhibitor, dicyandiamide, neem cake, nitrification, 00550. fertiliser, nitrogen budget, nitrogen recovery efficiency, USA, Alaska; 09487. methane emission, rice, crop growing season, USA, Louisiana; 04774. nitrate, ammonium, nitrite, manure, cadmium, 03128. phosphorus sorption, Humaquept, fertiliser, Canada; 12132. seasonal variation, turnover rate, estuarine sediment, temperature, Denmark; 14389.
- urea hydrolysis**
calcium lignosulphonate, nitrification inhibition, lignosulfonate, nitrate, 09494.
- urea nitrogen**
nitrification, fertiliser, herbicide, 03181.
- urea production**
sulphate, denitrification, fermentation, Thiosphaera pantotropha, marine sediment, 04227.
- urine**
grassland soil, plant uptake, leaching, nitrogen, 06877. leaching, sulphate, sulphur-35, pasture soil, Ustochrept, New Zealand; 12136. nitrous oxide, dinitrogen, nitrification, soil, grassland, 02344. pasture soil, plant uptake, sulphur-35, sulphate, New Zealand, South Island, Canterbury; 01866.
- urubilin**
river sediment, faecal pollution, sewage, eutrophication, urban river, Japan, Honshu, Tokyo; Miura Peninsula; 08086.

- urobilin indicator**
sewage, faecal pollution, water quality analysis, river water quality, 13540.
- Urov disease**
river water quality, phosphorus, manganese, potable water quality, Asia, Urov River; 12273.
- US Environmental Protection Agency**
hydrocarbon, petroleum hydrocarbon extraction, 01889. petroleum, thermal desorption, soil decontamination, USA; 08214.
- US EPA**
long term, environmental monitoring, acidic deposition, surface water, water chemistry, USA; 01304.
- US Navy**
sensitivity study, general circulation model, systematic error, 07315.
- US soil survey**
soil horizon, USA; 04299.
- USA, Delmarva Peninsula;**
12346.
- USDA Agricultural Research Service**
wind erosion prediction, soil erosion prediction, USA; 05646.
- use model**
GIS, digital cartography data, cartographic material, map librarianship, 04904.
- user interface**
data asset, GIS migration, 15088. educational GIS, 03703. fuzzy query, natural language, GIS, 13968. GIS, SQL, 08795. open system technology, GIS, 11435.
- user manual**
finite element model, AQUIFEM-P, boundary conditions, aquifer response, 03319.
- user survey**
GIS usability, GIS design, 13967.
- user tax**
water quality management, nitrate contamination, groundwater quality, dynamic model, fertiliser use, 00815.
- USGCRP**
solar variability, global change, 07666.
- USGS**
landslide hazard, risk mapping, slope evolution, land use management, USA, Virginia; Utah; USA, California; USA, Alaska; USA, Hawaii; 05133. NSDI, structured digital data, metadata, GIS, 08800.
- USLE**
clearcutting, forest, nutrient loss, runoff, USA, Texas, Apple Springs; 04280. detachment, erosion, turbulence, soil loss, 05456. erosion, leaching, nonpoint source pollution, agricultural pollutant, Canada, Quebec, Montreal; 04475. GCM, climate change, soil erosion potential, sheet erosion, rill erosion, USA; 01292. geostatistical method, caesium-137, landscape position, watershed study, USA, Idaho, Palouse; 03190. remote sensing, vegetation type, Landsat TM data, SEDIMENT, USA, Utah; 04420. Richardson model, rainfall erosivity model, South America, Amazonia; Brazil, La Cuenca; 09558. sediment yield, soil erosion rate, Ecuador, Rio Paute; South America, Andes; 06931. SGEOS, GIS, remote sensing, 08255. soil erosion assessment, Landsat TM, remote sensing, GIS, 06924. soil erosion assessment, tropical soil, 03186. soil erosion control, rill erosion, duplex soil, soil management, 06928. soil erosion prediction, rainfall erosivity, soil conservation, nutrient loss, SLEMSA, Lesotho; 12179. soil loss prediction, erosion rate, 06926. soil physical property, soil conservation, erosion rate, Papua New Guinea, Southern Highlands Province; 06934.
- Ustalf**
Udalf, phosphorus, Lesotho; 03057.
- Ustochrept**
ion exchange resin, potassium release, illitic soil, Haplustalf, Comborthid, India, Punjab; 05583. semiarid region, soil chemical property, soil spatial variability, India; 03160. urine, leaching, sulphate, sulphur-35, pasture soil, New Zealand; 12136.
- utilities management**
GIS, electricity network database, Monaco; 08939.
- utility**
digital mapping, CAD, gas, electricity, 12865.
- utility company**
AM/FM, GIS, 14095.
- utility mapping**
multimedia GIS, positioning technology, mobile mapping system, softcopy photogrammetry, 07459.
- utility works**
updating, conversion, GIS, Denmark, Aarhus; 06326.
- UTM**
Lagrange polynomials, conformal projections, Earth ellipsoid, 08816. projection, grid reference, latitude/longitude, UK; 15111.
- UV absorption cross section**
HCFC-141b, HCFCs, 09996.
- UV persulphate method**
catalytic oxidation method, DOC, colloidal organic carbon, water quality analysis, estuary, France, Rhone Estuary; 04469.
- uvala**
calcarene dune, Karst Province, doline, cenote, cave, Australia, South Australia, Bool Region; 11770.
- UVB biological effect**
ozone, aerosol, ultraviolet radiation, China, Beijing; 02156.
- UVB radiation (1967-1990)**
ultraviolet B, vertical ozone profile, ozone column, Germany, Berlin; 08502.
- UVB radiation**
aerosol, ozone reduction, 02157. biologically active UV, ultraviolet radiation, total ozone, trend, 03413.
- vacillation**
general circulation model, eddy forcing, zonal flow, 11193.
- vacuum recovery**
dewatering, aquifer remediation, hydrocarbon plume, groundwater contamination, barrier well, 04538.
- vacuum steam stripping**
soil vapour extraction, aquifer remediation, groundwater contamination, soil water contamination, volatile organic compound, 04515.
- vacuum well system**
soil permeability, dewatering, construction, porewater pressure, 09099.
- vacuumising**
specific surface area, water vapour adsorption, 14476.
- vadose shaft**
clastic cave sediment, cave development, limestone cave, phreatic passage, Australia, New South Wales, Bungonia; 00155.
- vadose zone**
adsorption, solute transport, stochastic model, residence time, organic contaminant, 00763. air inlet well, well efficiency, vapour extraction, groundwater remediation, volatile organic chemical, 14742. borehole, unsaturated flow equation, hydraulic conductivity, field method, unsaturated hydraulic conductivity, 05777. carbonate diagenesis, sandstone, spatial variability, time scale, 11932. contaminant migration, leaching, fine textured soil, transport rate, nitrate transport, 04518. convection/dispersion equation, inorganic contaminant, groundwater transport, contaminant transport, 11022. convection/dispersion equation, solute transport, time domain reflectometry, breakthrough curve, dispersion coefficient, 03344. Dupuit-Forchheimer assumption, groundwater flow, travel time, landfill site, arid zone, 09708. finite element method, saturation variability, numerical model, porous media, solute transport, groundwater flow, 00762. Green's function, boundary integral solution, unsaturated flow equation, 00730. groundwater recharge, infiltration, root zone, capillary rise, drainage, 04497. hydraulic conductivity, infiltration, Richards equation, constant flux infiltration, 13572. hydrophobicity, groundwater contamination, bioremediation, gas-water interface, colloid behaviour, contaminant transport, sorption, 13597. infiltration, capillary rise, transient flow, water budget, groundwater recharge, 04498. multiphase flow, contaminant transport, immiscible fluid, finite element model, organic contaminant, 04519. nitrate, vegetated buffer strip, plant uptake, environmental fate, fertiliser, USA, Iowa, Amana; 11074. organically complex contaminant, radioactive waste, convection/dispersion equation, contaminant transport, 11023. phreatic zone, chalk aquifer, groundwater flow, aquifer yield, water level fluctuation, UK, England; 10993. phreatic zone, sampling instrument, groundwater sampling, 04507. salt movement, solute transport, flow velocity, unsaturated flow, Pakistan, Punjab, Rechna Doab; 09682. saturated hydraulic conductivity, unsaturated hydraulic conductivity, hydraulic conductivity, land use, soil water flow, UK, England; 04500. SHE, saturated hydraulic conductivity, unsaturated hydraulic conductivity, parameter estimation, soil water flow, hydraulic conductivity, UK, England, South West; 04499. unsaturated flow, soil water movement, Eulerian-Lagrangian method, method of characteristics, variably saturated flow, infiltration, 14705. vapour phase transport, soil moisture regime, air-water interface, sorption, organic vapour, 11021. volatilisation, solute transport, non aqueous phase liquid, dissolution, 09713.
- vadose zone contamination**
groundwater contamination, contaminant transport, soil property, irrigation water quality, pesticide, 03338. runoff water quality, overland flow, soil surface, agrochemical, sorption/desorption, solute transport, 02073.
- vadose zone transport**
kinematic wave theory, Green-Ampt model, chemical transport, non aqueous phase liquid, 13598.
- vadoze zone**
gas-water interface, microorganism transport, unsaturated flow, sorption, hydrophobicity, 13595.
- Vakhsh nappe**
gully erosion, mass movement, Quaternary (late), tectonic movement, China, Tian-Shan; Pamirs; 06487.
- Valanginian**
Jurassic, Cretaceous, facies analysis, delta, shelf, Mexico, Sierra Madre Oriental; 14415.
- Valdai**
periglacial lake, lake sediment, lithology, palaeomagnetism, Russian Federation, Kola Peninsula; 13076.
- validate**
ECMWF, heat flux, ocean model, Indian Ocean; 07259.
- validation**
aircraft, radiometer data, ATSR, sea surface temperature, 14894. ammonium, nitrate dissociation, diffusion scrubber, nitric acid, ammonia, 11275. clear sky, radiance, 12515. dynamic analysis, centrifuge test, porous media, 14194. forecast, atmosphere model, diagnosis, 12533. shell chemistry, barium, planktonic foraminifera, palaeoceanography, 14220. uncertainty, hydrological modelling, distributed model, Monte Carlo method, calibration, 01907. weather forecasting, skill, prediction, 08614.
- validation test**
nonhydrostatic numerical model, numerical flow model, Navier-Stokes equation, 06412.
- valley**
higher order closure model, boundary layer dynamics, mountain, 07282. river bench, morphotectonics, geomorphology, climatology, 02672. river terrace, glacial trough, antecedence, morphology, active tectonics, China, Pamir, Gez He Valley; 07791. synoptic scale flow, USA, Tennessee, Tennessee Valley; 05970.
- valley bottom**
duricrust, climate change, pan, Africa, (Southern); 06806.
- valley cutting**
geomorphology, neotectonic elevation, terrace system, Czech Republic, Doupov Mountains, Ohre River; 05150.
- valley effect**
ground motion, earthquake, surface movement, sedimentary basin, damage, Armenia, Kirovakan; 11692.
- valley erosion**
crustal bulge, spring sapping, relict valley, proglacial lake, USA, Massachusetts, Naantucket Islands; Martha's Vineyard; USA, Massachusetts, Cape Cod; 11655.
- valley evolution**
Cainozoic (late), surficial deposit, base level lowering, crustal depression, drainage shift, USA, New Jersey; 03956.

- valley fill**
fluvial morphodynamics, Holocene, bronze age, flooding, archaeology, France, Lorraine, Crevechamps; Moselle River; 06453.
- valley fill sediment**
erosion rate, physicochemical property, erosion process, badland, Holocene, Spain, Ebro Basin; 01349.
- valley fill sequence**
river terrace, Quaternary (late), depositional history, alluvial soil, Australia, New South Wales, Hunter Valley, Nowlands Creek; 14148.
- valley floor**
environmental history, dating technique, Holocene, archaeology, UK, England, Wiltshire, Kennet Valley; 07901. late glacial, lithofacies, alluvial plain, Holocene, Poland, Carpathian border, Raba River; 04084. sediment yield, riffle, logging, fine sediment, storm, Australia, Tasmania, Dazzler Range; 04283.
- valley formation**
geocological process, shoreline change, uplift, erosion rate, permafrost, Greenland; 01371.
- valley glacier**
ice marginal landform, deglaciation, historic retreat, ice sheet, Canada, British Columbia, Saint Elias Mountains, Grand Pacific Glacier; Melbern Glacier; 10532.
- valley network**
geomorphological mapping, morphogenesis, tectonics, closed depression, dune, Slovakia, Trnavská tabuľka Table; 05182.
- Valley Springs Formation**
floodplain deposit, mudrock, tephra, lake sediment, USA, California, Central Valley; 13254.
- valley width**
relief inversion, lava flow, volcanism, Canary Islands, Tenerife, Orotava Valley; 09052.
- valley wind**
wintertime, urban climate, heat island, wet island, China, Chongqing; 08536.
- valley zonation**
plant association, nutrient content, soil chemical property, Poland, Biebrza Valley; 00581.
- valuation function**
Clean Water Act, recreation, water quality management, cost/benefit analysis, USA; 03403.
- valuation protocol**
water resource development, river, stream, biotic resource, instream value, USA, Virginia; 05846.
- value function**
pollutant, environmental impact assessment, 12894.
- van Genuchten model**
Mualem model, pore size distribution, soil hydraulic property, 01790. soil hydraulic property, soil ripening, 01789.
- Van Keulen**
early map, Delisle, Coronelli, Italy, Sicily; 08811.
- Van Rijn function**
Engelund-Hansen equation, Ackers-White formula, suspended sediment, sediment transport, bed material, China, Yellow River; 00655.
- vanadium**
diatom bloom, floc, cadmium, biogeochemical cycle, plankton, France, Seine Bay; 11623. fish clay, asteroid, clay mineral, Cretaceous/Tertiary boundary, Denmark, Stevns Klint; 01671. global budget, biogeochemistry, 10322. sulphate, black shale, anoxic sediment, iron, manganese, 10634.
- vane shear test**
model, in situ testing, shear strength, stress analysis, 02713.
- vapour correction**
sea surface temperature, AVHRR, temperature retrieval, 12740.
- vapour diffusion**
semiarid region, surface resistance, evaporation, bare soil, 14602.
- vapour emission model**
remediation level, groundwater contamination, aquifer remediation, risk analysis, advective transport model, USA, California, Los Angeles; 04514.
- vapour extraction**
groundwater remediation, volatile organic chemical, vadose zone, air inlet well, well efficiency, 14742. soil remediation, diesel, petroleum, hydrocarbon, soil vapour extraction, 01892. volatile organic compound, non aqueous phase liquid, groundwater remediation, pump and treat remediation, unsaturated zone, 14741.
- vapour extraction method**
gasoline, soil vapour extraction, petroleum, soil remediation, 01890. soil remediation, hydrocarbon, volatile organic compound, clay soil, 01891.
- vapour flux convergence**
ECMWF data, runoff estimation, atmospheric water balance, global distribution, 05108.
- vapour flux density**
soil surface, soil mulch, evaporation, 04437.
- vapour phase**
molecular model, homogeneous nucleation, 09924.
- vapour phase transport**
soil moisture regime, air-water interface, sorption, organic vapour, vadose zone, 11021.
- vapour pressure**
PCB, particle/gas distribution, temperature, organochlorine compound, 12568. property-property relationship, quality function, molecular structure data, QSAR, 07688.
- vapour stripping**
air lift pumping, aquifer remediation, groundwater contamination, volatile organic compound, 03353.
- vapour transport**
unsaturated flow, contaminant transport, tritium tracer, infiltration, isotopic fractionation, USA, Nevada; 08393.
- variable aperture fracture**
fracture flow, multiphase flow, two phase flow, 09698.
- variable charge soil**
CEC, andic soil, Andisol, 09449. positive charge, clay fraction, acidic soil, surface charge, 00587. sulphate adsorption, aluminium oxide, triple layer model, Germany, Harz Mountains; 08172. sulphate adsorption, calcium, hydrous oxide, organic matter, 06886.
- variable density flow**
groundwater flow, coastal aquifer, salt water intrusion, groundwater quality, China, Longkou, Huangheying; 12329.
- variable gain factor model**
antecedent soil moisture, soil moisture index, Volterra model, hydrograph, rainfall/runoff model, 14610.
- variable head**
Green-Ampt equation, infiltration rate, capillary hysteresis, hyetograph shape, ponded infiltration, 03315.
- variable parameter Muskingum-Cunge method**
multilinear Muskingum method, flood routing, Muskingum method, nonlinearity, flood wave, 08336.
- variable recharge**
semi confined aquifer, water table height, Boussinesq equation, land drainage, unsteady drainage, 05834.
- variable source area**
root zone evaporation, soil moisture dynamics, spatial variability, temporal variability, runoff, evapotranspiration, UK, Wales, Plynlimon; 09597.
- variable thickness mesh**
advection scheme, scalar transport, Blackman cubics, 00819.
- variable time interval model**
semi distributed model, parameter estimation, deterministic model, catchment model, 14612.
- variably saturated flow**
groundwater flow, nuclear waste disposal, saturated/unsaturated flow, fracture flow, USA, Nevada, Yucca Mountain; 12296. infiltration, vadose zone, unsaturated flow, soil water movement, Eulerian-Lagrangian method, method of characteristics, 14705.
- variance**
skewness, kurtosis, flood frequency analysis, linear moment, regional flood frequency, New Zealand; 00643.
- variate transformation**
statistical analysis, normal distribution, hydrological sample, probability density function, transform optimisation, 04429.
- variation mechanism**
sea ice, albedo, snow thickness, climate variability, 01318.
- variational analysis**
operational data assimilation, forecast, radiance information, 08488.
- variational data**
data assimilation, gravity oscillations, 00901.
- variational data assimilation**
four dimensional, data assimilation, moist threshold, spectral model, 08573. shallow water equation, global model, semi Lagrangian model, adjoint model, 00082.
- variational method**
bearing capacity, geosynthetic reinforced soil, 01423. source function, radiative equilibrium, grey atmosphere, 11117.
- variogram**
computer program, hydrogeology, kriging, aquifer, 13577. geostatistics, sample size, regional variogram, confidence interval, Monte Carlo simulation, 00065. kriging, soil sampling, cokriging, 14473. soil sampling, electromagnetic conductivity, soil spatial variability, soil salinity, 14472. soil sampling, soil survey scheme, 14464. soil spatial variability, soil heterogeneity, plot size, 14471. spline, kriging, 14470.
- variogram method**
kriging, ice sheet, satellite radar altimetry, Antarctica, Lambert Glacier; 03839.
- Variscan belt**
geochemical system, Oligocene/Miocene, clay mineral, megatoposequence, Permian, Ecuador, Andes; 06470.
- varnish chemical analysis**
cation ratio dating, rock varnish, USA, California, Mojave Desert; 09029.
- varnish development**
geomorphological surface, manganese accumulation, rock varnish, desert piedmont, USA, California, Mojave Desert, Soda Mountains; 06443.
- varve**
earthquake, palaeoseismicity, deglaciation, isostatic uplift, Sweden; 06479. grain size, ice dammed lake, silt bed, meltwater, glacier ice, Canada, Saskatchewan, Lake Assiniboine; 10592. high resolution record, annual lamination, lacustrine sediment, late glacial, Holocene, Poland, Lake Gosciarz; 07882. lacustrine sediment, gelifluction, Devensian (late), Lake Sparks, UK, England, Fenland; Cambridgeshire, Somersham; 05309. lake sediment, image analysis, accumulation, palaeolimnology, tree ring microscope, Sweden, Kassjön, Lake Nylandssjön; 10594. lamination, anoxia, upwelling, bottom water circulation, USA, California Borderland, Santa Monica Basin; 11913. phosphorus, lake water, palaeolimnology, diatom, eutrophication, Finland, Lake Vesijärvi; Lahti; 05473. postglacial lake, prairie lake, mesic forest lake, lake water chemistry, sediment, climate change, USA, Minnesota, Elk Lake; 05687. stomatocyst, Chrysophyceae, palaeolimnology, climate change, USA, Minnesota, Clearwater County, Elk Lake; 02768.
- varve chronology**
Cladovera, environmental change, zooplankton, zoobenthos, Poland, Gosciarz Lake; 13075. deglaciation, Younger Dryas/Preboreal transition, Sweden, Västergötland, Billingen Mountain; 14257. lake, sedimentation rate, lead-210, bottom sediment, Poland, Lake Gosciarz; 08084. laminated sediment, Holocene, late glacial, Poland, Lake Gosciarz; 09179. laminated sediment, Younger Dryas, Preboreal, Poland, Lake Gosciarz; 09179. magnetic susceptibility, lake stratigraphy, Holocene, USA, Minnesota, Clearwater County, Elk Lake; 02736. Younger Dryas, tephra, Preboreal, Allerød, AMS, radiocarbon dating, Switzerland, Soppensee; 07831.
- varve chronometer**
Holocene prairie lake, solar geomagnetic event, climate variability, postglacial lake, climate forcing, USA, Minnesota, Clearwater County, Elk Lake; 02735.
- varve deposition**
sediment yield, lake sediment, glacier fed lake, deposition rate, Canada, British Columbia, Cordillera; 14252.

varve formation

climate record, proglacial lake, laminated sediment, rhythmite, Switzerland, Alps, Oeschinensee; 10535. sediment trap, remote sensing, Pleistocene, climate change, ENSO, Gulf of California; 11914.

varve record

vegetation history, lake sediment, climate change, Holocene, USA, Minnesota, Clearwater County, Elk Lake; 02802.

varved clay

depositional environment, ice recession, Baltic Ice Lake, organic matter, Sweden, Blekinge; 11831. Last Glacial/Interglacial, chronology, Weichselian (late), AMS dating, Sweden; 01462. modelling, soil mechanics, layered soil, 12988. subsidence rate, tectonic activity, Pleistocene, glaciolacustrine sedimentation, proglacial lake, Poland, Kleszczow Graben; 05311.

varved sediment

Medieval Warm Period, Little Ice Age, Holocene, climate cycle, limnological history, USA, Minnesota, Clearwater County, Elk Lake; 02806. oligotrophy, biomass, fossil pigment, Holocene, USA, Minnesota, Clearwater County, Elk Lake; 02803. prairie, Holocene, environmental change, mineralogy, geochemistry, USA, Minnesota, Elk Lake; 02960. prairie, logging, palaeolimnology, Holocene, diatom, USA, Minnesota, Clearwater County, Elk Lake; 02804. water column, stratification, seston, resuspension, sedimentation, USA, Minnesota, Clearwater County, Elk Lake; 01601.

VAS

carbon dioxide absorption method, surface weather data, cloud height, 08843.

vector

disaster assessment, Hurricane Andrew, 15124. GPS, baseline, troposphere, Japan; 04939. quantification, band misregistration, multispectral, 06162. three dimensional, terrain model, merging, raster, 06180.

vector analysis

ice fabric, eigenvalue problem, Schmidt-net, 06621.

vector chain shape

vector/raster conversion, polygon filling, 01128.

vector correlation

geophysics, canonical correlation, surface wind, marine wind, 07486.

vector magnetometer

particle environment monitor, global energy input, atmospheric X ray imaging spectrometer, medium energy particle spectrometer, spectrometer, high energy particle spectrometer, 01075.

vector quantification

image coding, entropy encoding, 11412. image compression, multispectral imagery, 06137.

vector/raster conversion

polygon filling, vector chain shape, 01128.

vector space

growth model, global change, mapping, crop growth simulation, 10339.

vectorisation

cadastral survey, scanning, 05029.

vegetable oil

nutrient availability, pesticide, biodegradation, 03166.

vegetated bank

runoff water quality, riparian buffer zone, river water quality, pollution, river purification, France, Le Mans, Sarthe River; Huisne River; 08371.

vegetated buffer strip

plant uptake, environmental fate, fertiliser, vadose zone, nitrate, USA, Iowa, Amana; 11074.

vegetated channel

channel regime, bank stability, channel geometry, 10936.

vegetated filter

water treatment, rock plant filter, dissolved oxygen, nitrogen removal, oxidation/reduction potential, 06992.

vegetated filter strip

overland flow, kinematic wave approximation, infiltration, Green-Ampt equation, 05673. runoff chemistry, filter strip, sediment reduction, 06937. runoff plot, flow sampling, head loss, sampling device, 05674.

vegetated streambed

meandering stream, Kentucky blue grass, sediment entrapment, 06448.

vegetated strip

agricultural practice, runoff water quality, water quality management, filter strip, USA; 07142. runoff water quality, buffer zone, water quality management, pollutant removal, 13525.

vegetated succession

Quaternary (late), pollen assemblage, lacustrine core, radiocarbon chronology, tropical forest, Cameroon, (West); Brazil, Amazonia; 00203.

vegetated surface

soil, boundary layer, turbulent transfer, sensible heat flux, 00867.

vegetation

agriculture, cartography, environmental monitoring, water, ice, forestry, Europe; 04821. anthropogenic impact, land use, palynology, Argentina, Buenos Aires Province, Los Padres; 13261. anthropogenic impact, pollen evidence, Neolithic, France, Jura, Chalais Lake; 11836. AVHRR, moisture, root zone, Poland, Odra River; 06242. bank protection, soil stability, bank erosion, tidal velocity, river channel, Nigeria, Niger Delta; 00097. bed degradation, stabilisation, sediment management, groundwater, Germany, Rhine River, Ifezheim; 14447. boundary layer, moss, lichen, chlorinated hydrocarbon, Germany, Ulm; 03616. canopy structure, radiance, phytoclement, 04974. canopy, light-vegetation interaction, stochasticity, 03488. canopy, radar, France; 06263. channel profile, sediment transport, erosion control, bank stabilisation, USA, Illinois, Woodford County, Richland Creek; 10926. climate change, glacial deposit, geochronology, Ukraine, Carpathian Mountains; 10525. climate change, isotopic composition, organic carbon, USA, Texas; 09168. climate change, precipitation, temperature, general circulation model, China; 11265. climate, anthropogenic impact, pollen analysis, lake core, Holocene, Tanzania, Lake Tanganyika; Zaïre, Lake Tanganyika; 04069. climate, Coprolite, vertebrate, Dmanisi man period, palynological data, Georgia, Dmanisi; 11822. climate, Kirgilyakh, Kargin Interval, Holocene, geochronology, Russian Federation, Siberia; 10433. coastal marsh, pedogenesis, accretion, submergence, subsidence, USA, Louisiana, Terrebonne Basin; 01702. coastline, Witsand, dune stabilisation, tombolo, South Africa, Cape Province, Robberg Peninsula;

01694. contamination, lead, cadmium, zinc, metal, USA, Florida, St Johns River; Hillsborough Bay; 05483. desertification, land surface, general circulation model, sensitivity study, drought, Africa, Sahel; 12438. diatom, palaeolimnology, lake water quality, palynology, land use, Sweden; 12887. dry leaf, spectral reflectance, USA, Oregon; 15184. dune, wind, greenhouse climate, USA, Great Plains; 05426. early warning system, meteorological satellite, rainfall, Africa; 12735. emissivity, surface temperature, radiometric measurement, 15185. environment, climate change, radiocarbon dating, Wisconsin, USA, Mississippi, Tunica Hills; Louisiana; 13059. environmental history, sea level rise, fire, climate variability, Holocene, Australia, Victoria, Cranbourne; 02810. environmental stress, fluorescence, 15157. fertilised vegetation, surface/atmosphere exchange, ammonia, 07335. geomorphology, field guide, Spain, Pura River, Herran; Ribera; 12966. GIS, salt marsh, USA, Connecticut, Stonington, Barn Island; 06258. greenhouse effect, desertification, sea level rise, land use, ecosystem, Mediterranean; 03861. groundwater chemistry, wetlands, ecological zonation, swamp, Poland, Biebrza valley; 00666. herbage, wet deposition, seasonal variation, selenium, UK, England; Scotland; 06383. Holocene, climate, sand dune, Canada, Saskatchewan, Great Sand Hills; 02965. Holocene, palaeoenvironment, palynology, Congo, Niari Valley, Lake Simba; 14249. hydroecological model, nature conservation, groundwater management, water management, Netherlands; 13641. hydrology, wetlands, groundwater management, salinity, polder ecosystem, Netherlands; 06986. infrared, spectral reflectance, USA, Oregon; 15183. lake, meander, channel, swamp, alluvial fan, Botswana, Okavango Swamps; 06737. land cover, land use, SPOT, Malawi; Philippines; 15188. laser, distance system, 12795. late glacial, pollen analysis, altitude variation, palaeoclimate, France, Alps; 04079. leaf area index, Landsat, soil erosion, 12774. mapping, critical level, ozone, sulphur dioxide, nitrogen dioxide, USA; 15038. mapping, SAR, 02501. marine, GIS, Tunisia, Gulf of Gabes; 12828. MERIS, cloud, aerosol, 11364. methanol, biogenic emission, VOC, 06079. microtopography, soil, slope process, sediment transport, erosion, Spain, Filabres Range; 13162. microwave, passive microwave, 02502. model, moisture transfer, atmosphere, soil, 11151. momentum flux, roughness length, forest drag, forest, edge effect, 00879. NDVI, forest, mapping, 06268. nutrient cycling, peat, acrotelm, catotelm, USA, Minnesota, Marcell Bog; 00565. optical depth, albedo, soil moisture, SMMR, microwave emissivity, Botswana; 02483. PAH, vegetation/atmosphere partitioning, 11624. palaeoecology, climate change, 07319. palaeoenvironment, lake sediment, palynology, late glacial, Ireland; 13067. palynology, Piaski Formation, radiocarbon dating, Weichselian, Middle Pleniglacial stratigraphy, Poland; 07879. pluviothermal climate, climatology, Croatia; 11130. pollen, plant macrofossil, treeline, forest history, Quaternary, USA, New Hampshire, White Mountains; 09170. prediction, climate model, global environment, Holdridge life zone classification, 12919. Quaternary, climate change, radiocarbon date, depositional environment, USA, Virginia, Ridge and Valley Province; 13063. radiometer, hydrology, semiarid rangeland, spectral data, USA, Arizona, Tombstone, Walnut Gulch; 15148. reflectance, canopy structure, wetlands, USA, Louisiana; 06284. reflection curve, structure, potato crop, 04977. regressive model, dune, geocological research, soil, Germany, Friesen Islands, Spiekeroog; 00128. release rate, microorganism, bacterial flux, chaparral, bioaerosol, 15007. rock spectra, imaging spectrometer, regional deformation, USA, Nevada; 03739. salt marsh, sea level rise, fauna, coastal management, nitrogen cycle, Netherlands; 03041. sand beach, dune, seasonality, wind erosion, microorganism, Canada, Great Lakes, Lake Ontario, Presqu'île Peninsula; 09327. sea level change, aboriginal land use, coastal wetland, Holocene, Australia, New South Wales, Kurnell Peninsula, Kurnell Fen; 09218. sea level change, lake stratigraphy, swamp, stratigraphic record, Holocene, Cook Islands, Mangaia; 10522. sediment texture, archaeology, aerial signature, 06260. shear plane, cohesion, slope failure, slope stability, Jamaica, Upper St Andrew; 11746. soil erosion, sand encroachment, draa, desertification, Burkina Faso, Mare d'Oursi, Oursi; 00459. soil, ecological response, multiple stress model, MOVE, 09007. soil, landform, Quaternary, geomorphological evolution, coastal dune, Australia, Queensland, Shoalwater Bay; 00132. soil, moisture, evapotranspiration, 02488. spatial variability, turbulent flux, roughness length, 03456. spectra, semiarid watershed, canopy spectra, USA, Arizona, Tombstone, Walnut Gulch; 15176. spectral mixing, soil surface, 15182. subsurface precipitation, carbonate, aggradational process, fan, swamp, Botswana, Okavango Delta; 01360. surface energy balance, radiant surface temperature, sensor reflectance, 04627. surface ozone, ozone exposure, photochemical pollution, Finland; 09977. surface temperature, soil moisture, microwave radiometer, 06244. symposium proceedings, atmospheric pollution, pollutant transport, long range transport, background monitoring, Russian Federation, Kola Peninsula; 10306. tectonics, palaeoenvironment, plant macrofossil, Pliocene, Pleistocene, Japan; 14260. TM, biophysical analysis, alpine vegetation, 06264. treeline, grassland, pollen analysis, fire, Holocene, Australia, Tasmania, Central Plateau, Camerons Lagoon; 13113. tropical climate, forest, nutrient, fluvial sediment, floodplain, Peru, Amazon Basin; 00365. tropics, climate model, rainfall, 07240. unfertilised vegetation, deposition, surface/atmosphere exchange, ammonia, 07334. water balance, GIS, HAPEx-Sahel, landform, Africa, Sahel; 12801. water transport, atmosphere/vegetation/soil system, soil, 05122. Weichselian, Pleniglacial, interstadial, Germany, Pomerania, Rugen; 06577. wetlands, fenland, environmental management, water cycle, nutrient cycle, base state, Netherlands; 08361.

vegetation albedo

global albedo map, land surface, albedo modelling, 02155.

vegetation analysis

colour, infrared, aerial photography, 02506.

vegetation/atmosphere partitioning

vegetation, PAH, 11624.

vegetation biomass

spruce, soil temperature, nutrient availability, nitrogen dynamics, USA, Alaska; 05565.

vegetation canopy

bidirectional reflectance, leaf area density, canopy reflectance, stem silhouette, 11515. landscape management, gully, natural resource management, airborne laser altimeter, topography, USA, Texas; Arizona; 07566. lidar, passive remote sensing, chlorophyll, fluorescence, 15173. remote

- sensing, surface albedo, radiation absorption, 06259. structure description, gap fraction, 03474.
- vegetation change**
Cainozoic (late) climate change, palaeotemperature, palynology, palaeobotany, Japan, Kyushu; 14259. climax vegetation, land cover, agricultural activity, 14028. lake level change, Holocene, pollen analysis, palaeoenvironment, extinction, Madagascar, Lake Mitsinjo; 10512. marine transgression, pollen, archaeological data, radiocarbon dating, pollen, sediment record, USA, Massachusetts, Boston, Boylston Street Fishweir; 10474. palaeoclimate reconstruction, Quaternary (late), palynology, environment, USA, Texas, Edwards Plateau; 00199. soil development, Quaternary, pollen, geochemistry, USA, Alaska, Wien Lake; 06572. steady state model, sulphur, critical load, forest, START, Europe; 08994.
- vegetation classification**
remote sensing, global biogeochemical model, vegetation structure, USA; 10321. spectral field measurement, pushbroom scanning device, spectral significance, 07437.
- vegetation clearance**
catchment study, water yield, clear cutting, runoff, USA, (Northeast); 09742.
- vegetation colonisation**
dredge spoil, barrier island, beach nourishment, canonical correspondence analysis, USA, Florida, Perdido Key; 10378. point bar, riparian zone, river flow, flow event, river ecology, USA, Iowa, Cedar River; 13622.
- vegetation community**
geological map, soil development, lava flow, Kenya, Menengai Caldera; 01189. sagebrush/steppe ecosystem, AVHRR, 11527.
- vegetation control**
scarification, fertilisation, pine plantation, soil fertility, nutrient availability, Canada, Ontario; 01879.
- vegetation cover**
antecedent precipitation index, soil moisture, brightness temperature, agricultural crop, USA; 07623. climate gradient, spectral reflectance, maximum likelihood classifier, Australia, Northern Territory; 11513. climate model, monsoon, sensitivity experiment, India; 08529. erosion process, Pleistocene, glacial geomorphodynamics, terrain exposure, Germany, Bavaria, Benediktbeuren, Lainbach; 01440. flood hydrology, rainfall/runoff relationship, runoff, France, Rhone, Lyons, Beaujeu, Ardieres Basin; Buyon, Vauxonne Basin; 06970. GIS, temporal analysis, saline discharge, groundwater discharge, SPOT, Australia, South Australia, Farrell Flat; 02561. model parameter, model sensitivity, land surface, roughness length, rooting ratio, 05106. satellite data, urban planning, Germany, Heidelberg; 06334. sensitivity property, biosphere model, statistical/dynamical model, climate model, 14899. slope gradient, slope length, runoff, sediment loss, Burundi; 00607. soil erosion, erosion rate, sediment yield, rainsplash, seasonal variation, Tanzania; 04281. stone wall terrace, scarp terrace, terrace degradation, Greece, Naxos; 08248. surface albedo, NDVI, desertification, Mali, Ansongo; 07561. Thematic Mapper, knowledge acquisition, rule development, digital mapping, USA, Texas, Big Bend National Park; 07565. unsaturated flow model, recharge estimation, groundwater recharge, bauxite mining, Australia, Queensland, Cape York, Weipa Peninsula; 08400.
- vegetation damage**
rocket exhaust effluent diffusion, hydrochloric acid deposition, spatial model, USA, Florida, Kennedy Space Central; 14039. surface ozone, ozone, production, destruction, Europe, (Northwest); 10026.
- vegetation decline**
palynology, Holocene, climate record, core, peat, charcoal, Australia, Western Australia, Rottnest Island, Barker Swamp; 05296.
- vegetation degradation**
SPOT, South Africa, Transvaal; 08890.
- vegetation distribution**
knowledge based system, vegetation succession model, GIS, 14020.
- vegetation dynamics**
climate change, high spatial resolution, spectral radiance, bark beetle infestation, USA, California, Cuyamacas State Park; 03797.
- vegetation growth**
sediment movement, computer simulation, high mountain, terracette, Spain, Pyrenees; 04040. surface water quality, estuary, dissolved inorganic nitrogen, phosphate, suspended sediment, light attenuation, USA, Maryland, Chesapeake Bay, Choptank River; 03255.
- vegetation height**
canopy cover, laser, USA, Arizona, Tombstone, Walnut Gulch; 15175. forest canopy, airborne laser altimeter, 08885.
- vegetation history**
archaeology, anthropogenic impact, pollen diagram, Greece, Peloponnese, Kleonani; 06600. boreal forest, climate change, shrub/tundra transition, Holocene, Canada, Quebec; 02801. Cainozoic, pollen, deep sea core, Australia, Western Australia; Indian Ocean, Argo Abyssal Plain, ODP Site 765; 11787. climate change, montane forest, environmental change, pollen record, Holocene, Uganda, Ahakagezi Swamp; 06569. climate history, Engelmann spruce, ponderosa pine, Wisconsin, USA, Arizona, Mogollon Rim, Potato Lake; 06566. climate history, oxygen isotope stage 5, pollen, Ngarino Terrace, tephra, New Zealand, North Island, Taranaki, Hawera; 02788. forest clearance, anthropogenic impact, pollen data, Roman occupation, UK, England, Cumbria, Walton Moss; Glasson Moss; UK, England, Cumbria, Fozy Moss; 13118. Holocene, pollen analysis, anthropogenic impact, Japan, Honshu, Sagami Plain, Uta River; 01498. Holocene, pollen diagram, radiocarbon date, Antarctica, Antarctica Peninsula, South Shetland Islands, King George Island; 01529. lake sediment, climate change, Holocene, varve record, USA, Minnesota, Clearwater County, Elk Lake; 02802. late glacial, peatland, Holocene, UK, Scotland, Caithness, Flow Country; 13068. pollen analysis, charcoal analysis, Aborigine, Quaternary, Australia, Queensland; 10445. pollen analysis, Kenbuchi Stadial, Younger Dryas, radiocarbon date, Japan, Hokkaido, Kenbuchi Basin; Furano Basin; 02784. pollen data, Alnus carr, coastal peat, Flandrian, UK, England, East Sussex, Pannell Bridge; 01494. pollen profile, postglacial vegetation, palaeolimnology, late glacial, Flandrian, Germany, Schleswig-Holstein, Schwansen; 06578. pollen record, aridity, climate change, Holocene, postglacial, Canada, Alberta, Mariana Lake; 14251. pollen record, climate change, USA, Minnesota, Clearwater County, Elk Lake; 02771. Younger Dryas, lake, late glacial, peat bog, alder, France, Alps; 01496.
- vegetation identification**
soil identification, fluorescent laser sounding, pulse laser spectrometer, 11511.
- vegetation index**
agricultural production, satellite remote sensing, crop acreage, crop yield, Africa, Sahel; 07584. biomass, adjustment, 15181. biomass, crop yield, thematic mapper, 14025. biomass, rangeland, NDVI, GVI, 06262. biophysical property, canopy, 06282. dryness stress, pine forest, forest damage, water supply, Germany, Brandenburg; 11520. green biomass, NDVI, semiarid rangeland, 03790. leaf area index, pasture, regression equation, 01209. maize, reflectance, crop coefficient, 06279. multidirectional vegetation index, semiarid, grassland canopy, watershed, USA, Arizona, Tombstone, Walnut Gulch; 15186. nonlinear modelling, ground, plant cover, NDVI, 12792. photosynthetic activity, 02503. photosynthetically active radiation, solar zenith angle, USA, Arizona, Phoenix; 07592. radiative surface temperature, satellite data, urban, heat island, 02146. rangeland production, Meteosat, rainfall estimation, Africa, Sahel; 07573. shrub cover, spectral vegetation index, USA, New Mexico, Jornada Basin; 10203. soil erosion, crop residue, soil, 01223. soil heat flux, net radiation, surface energy balance, 11517. urban heat island, AVHRR, USA, Washington, Seattle; 02505.
- vegetation influence**
canal, soil salinity, salt seepage, seepage water, USA, California, Coachella Valley; 06866. denitrification rate, volcanic soil, nutrient availability, Costa Rica; 05610. podzolisation, heathland, sandy soil, Haploorthod, forest invasion, Denmark, Hjelms Hede; 10769. soil temperature, thermal regime, 10826. soil water potential, shading, USA, Great Basin; 13366.
- vegetation management**
aerial photography, Canada; 12794. mire, heath, GIS, wetland management, UK, England, Hampshire, New Forest; 00668.
- vegetation map**
anthropogenic impact, landscape remodelling, phytotype, evaluation, Poland, Poznan; 02729.
- vegetation mapping**
DEM, slope illumination, Austria, Sudtirol, Martell Valley; 08897. forest mapping, mapping, corridor identification, elephant, India, Uttar Pradesh, Rajaji National Park; 10206. photointerpretation, tidal flat, Netherlands; 07563. Satellitbild, mapping, Philippines; Indonesia; Malaysia; Malawi; Namibia; Bangladesh; Laos; 10205. STARS experiment, soil mapping, aeolian erosion, soil erosion risk, Niger, Sahel, Tillaberi; 07769.
- vegetation model**
deforestation, climate, general circulation model, 04673.
- vegetation pattern**
rainfall, South Africa, Transkei; 14837.
- vegetation phenology**
thermal band, global dataset, land classification, AVHRR, environmental monitoring, 07665.
- vegetation refugia**
Pleistocene, glacial phase, pollen record, France, Languedoc, Herault, Saint-Macaire Maar; 09162.
- vegetation removal**
Holocene, fluviocolluvial sediment, geomorphodynamics, anthropogenic activity, Nigeria, Gongola Basin; 00246. soil removal, agricultural mitigation technique, Decontaminating Vegetal Network, nuclear accident, 05079.
- vegetation response**
model, feedback process, climate dynamics, hydrology, 01327. NDVI, soil moisture model, surface soil moisture, remote sensing, USA, Arizona, Phoenix; Botswana; 00731. pollen analysis, Semaforo section, glacial/interglacial cycle, Pliocene (Upper), Italy, Calabria, Crotone; 04065.
- vegetation science**
pollen diagram, analogue matching, statistical significance, Quaternary, palaeoecology, UK; 06542.
- vegetation stress**
aerial photography, image processing algorithm, NDVI, power plant, 14021.
- vegetation structure**
vegetation classification, remote sensing, global biogeochemical model, USA; 10321.
- vegetation succession**
agriculture, fallow land, SPOT, TM, France, Normandy; 15150. flooded soil, nutrient content, alluvial soil, Europe, Rhine Valley; 10848. moraine, weathering, aggregate shape, soil chemical property, Svalbard, Spitsbergen, Werenskiold Glacier; 09456. nutrient content, fine soil content, landslide disturbance, India, Himalayas, Central Himalaya; 10822. Vistulian, stratigraphy, Eemian, pollen analysis, interglacial sediment, Poland, Warsaw; 09184. wetlands, drainage, polder, desalinisation, groundwater level, Netherlands; 08362.
- vegetation succession model**
GIS, vegetation distribution, knowledge based system, 14020.
- vegetation tolerance**
water course, surface water-groundwater interaction, water table fluctuation, zone of influence, 05787.
- vegetation type**
climate classification, Thornwaite method, evapotranspiration, moisture index, China, Loess Plateau; 02200. Landsat TM data, SEDIMENT, USLE, remote sensing, USA, Utah; 04420. NDVI, rainfall, Africa, (East); 07567.
- vegetation water**
organic matter, decomposition, carbon dioxide evolution, 03112.
- vegetation zonation**
forest extension, pollen, deep sea core, Africa, (West); Atlantic; 07860.
- vegetation zone**
Brunhes chron, marine data, Saharan/Sahelain boundary, tropical rain forest, palynology, Morocco; Africa, (Northwest); 07859. dinoflagellate cyst, primary productivity, recent, palynology, Labrador Sea; Canada, Baffin Bay; 14232. pollen diagram, monsoon circulation, Holocene, climate, China; 00247.
- vegetational history**
climate change, Younger Dryas, late glacial, Holocene, Eurasia; 06580. correlation, Eemian, pollen stratigraphy, Finland, Ostrobothnia; 07878.

- Devensian, pollen site, Hengelo-Denekamp sequence, radiocarbon date, UK, Scotland, Grampian, Buchan, Camp Fald; 07872. palaeosalinity, pollen, ostracod, foraminifera, Holocene, Tunisia, Garaet el Ichkeul; 04066. pollen data, stratigraphy, *Ulmus* decline, *Tilia* decline, Flandrian, UK, England, East Sussex, Brede Valley; 10507.
- vehicle**
 emission, on road testing, stoichiometric point, hydrocarbon, carbon monoxide, 07405. highway, GPS, IVHS, navigation, 05037. seabed, towfish, terrain following, 06318. surveying, engineering, road, 15238. transportation, database, 06347.
- vehicle activity**
 restoration plan, wetland restoration, arctic, Canada, Northwest Territories, Devon Island, Truelove Lowland; 05266.
- vehicle exhaust emission**
 automobile exhaust, formic acid, carbon-13, 06074. canyon, traffic, street canyon dispersion, dispersion, China, Jiangxi Province, Guangzhou City; 04805. diesel, 12627. emission inventory, 03634. exhaust gas sampling, Henry's law constant, phenol, nitrophenols, 06070. nitrous oxide, tunnel, global extrapolation, trace gas, Germany, Hamburg; Sweden, Stockholm; 05077. roadside survey, smog check program, traffic, 10030. stagnation episode, urban area, nitrogen dioxide, smog episode, winter, UK; 12635. street canyon, traffic pollution, air quality modelling, Netherlands; 11336.
- vehicle location**
 navigation, fleet management, GPS, Canada, Alberta, Calgary; 05039.
- vehicle mounted sensor**
 railroad, GPS, transit system, inertial, Australia; 06346.
- vehicle track**
 ice free area, fieldwork impact, visual technique, terrestrial environment, disturbance, Antarctica, Ross Ice Shelf, McMurdo Sound; 05267.
- vehicle tracking**
 GPS, Hong Kong; 01096.
- vein**
 satin spar, evaporite, gypsum, dissolution, groundwater, 07995.
- vein calcite**
 biomass, groundwater, carbon isotope record, aquifer, USA, Nevada, Devils Hole; 09136.
- velocity area method**
 open channel flow, flow measurement, discharge calculation, 01934.
- velocity dataset**
 Doppler radar, storm motion, dynamic retrieval method, 00903.
- velocity differential**
 sediment transport, turbulence, open channel flow, channel confluence, shear layer, 10944.
- velocity distribution**
 velocity pulsation, kinematic characteristic, channel flow, turbulent flow, 04448.
- velocity estimation**
 return period, geomorphological unit hydrograph, streamflow velocity, flood, runoff generation, Czech Republic, Jizera Mountains, Jilovsky Brook; 08341.
- velocity field**
 deformation, geodesy, terrestrial reference system, reference frame, 04863. discharge measurement, water flow, anemometer, thermoanemometer, 03226.
- velocity fluctuation**
 open channel flow, bottom wave, 13479. open channel flow, electromagnetic current meter, turbulence, 10941.
- velocity measurement**
 flow measurement, Doppler current profiler, broadband acoustic Doppler meter, open channel flow, 01938. iceberg tonue, aerial photography, Landsat image, AVHRR data, Antarctica, Thwaites Glacier; 02846. roughness transition, gravel bed river, turbulence, open channel flow, 10942.
- velocity pattern**
 aerial photography, ice stream, lateral shear, crevasse pattern, Antarctica, West Antarctica, Ice Stream B; 10548.
- velocity profile**
 cross stream velocity, turbulence model, three dimensional turbulence, boundary layer flow, 03234. estuary, stratification, salinity, river discharge, nutrient, Argentina, Patagonia, Chubut River Estuary; 06987. flow velocity, gravel bed river, bed shape, channel flow, 12221. similarity theory, boundary layer, blending procedure, resistance law, 14862.
- velocity pulsation**
 kinematic characteristic, channel flow, turbulent flow, velocity distribution, 04448.
- velocity reversal**
 open channel flow, channel hydraulics, gravel bed channel, riffle/pool hydraulics, USA, California, Dry Creek; 10934.
- velocity settling method**
 sedimentological balance, sedimentation, particle analysis, silt, loess, Poland, West Pomerania, Klepicz; 01572.
- velocity temperature**
 boundary layer, turbulence spectrum, spectral characteristics, China, Tianjin; 14869.
- velocity variation**
 Pleistocene, Holocene, fluctuation, bottom current, mudwave field, Atlantic, (South), Argentine Basin; 01472.
- velocity vector**
 baseline rate, crustal movement, GPS, Japan, Kanto-Tokai District; 07541.
- Venango Group**
 telodigenesis, Devonian, porosity, weathering, diagenesis, USA, Pennsylvania, Venango County; 00313.
- Venetian cartography (16th century)**
 Ramusio map, cartographic history, 07503.
- Venkatram's model**
 boundary layer, Croatia, Istria, Pula; 11129.
- ventifact**
 climate indicator, recent, periglacial, wind action, dune formation, Sweden, Scania; 00276. Pleistocene, climate change, aeolian activity, Hungary; 09228.
- ventilation**
 airshed, integral measure, stagnation, recirculation, 12461. evaporative cooling, model, climate control, greenhouse grower, 03475.
- venus**
 atmospheric circulation, wind streak, 09900.
- verification score**
 forecast guidance, skill, medium range central guidance, 04739.
- verifying series**
 climate history, anomaly correlation, partial correlation, time series, 00074.
- Vermetid**
 neotectonics, beach rock, Holocene, shoreline change, Syria; 10386.
- vermicompost**
 chelation, acidic soil, compost, aluminium, 04372.
- vermiculitisation**
 potassium, phlogopite, rhizosphere, ryegrass, 08176. potassium, X-ray diffraction, rhizosphere, rape, phlogopite, 08134.
- vertebrate**
 Dmanisi man period, palynological data, vegetation, climate, Coprolite, Georgia, Dmanisi; 11822.
- vertebrate fossil record**
 fossil vertebrate, Wisconsinan, biotic change, radiocarbon date, USA, New Mexico, Eddy County, Dry Cave; 00197.
- vertic soil**
 Chernozem, Smolnitsas, clay mineral, iron, Russian Federation, Krasnodar Kray; Bulgaria; 10772.
- vertical accretion**
 microtidal, estuarine marsh, sea level, accretion, caesium, USA, North Carolina; 05155.
- vertical advection**
 GCM, advection, flux limited scheme, 02218.
- vertical aggradation**
 sampling strategy, radiocarbon dating, Holocene, fluvial system, Netherlands, Rhine-Meuse Delta; 01526.
- vertical air motion**
 radar wind profiler, trade wind inversion, wind profiling, USA, Hawaii; 01163.
- vertical band drain**
 prediction, finite element method, Alidrain, Bangkok clay, 01424.
- vertical circulation**
 radiative heating, dust storm, frontogenesis, model, 14913.
- vertical convection**
 nutrient flux, primary productivity, biogeochemistry, estuary, turbidity maximum, China, Changiang Estuary; 00029.
- vertical coordinate**
 baroclinic wave, climate simulation, cross isentrope mass, sigma-theta-pressure coordinate, GCM, 02234.
- vertical crustal movement**
 least squares prediction, uplift rate, Japan, Honshu, Tokai District; 09076. tide gauge, benchmark, absolute sea level, climate change, 02816. volcanic island, neotectonics, uplift rate, marine terrace, Taiwan, Lutao; 00145.
- vertical current**
 ocean, deep convection process, glass pipe technology, convection, drag force, Atlantic, Sargasso Sea; 02136.
- vertical datum**
 levelling network, sea level, Slovenia; 13938.
- vertical deflection**
 geoid determination, geopotential model, gravimetry, GPS, 13929. torsion balance measurement, gravity gradient, 13928.
- vertical deformation**
 longitudinal profile, alluviation, anthropogenic impact, river channel, Russian Federation, Neman River; 03961.
- vertical dispersion**
 flux gradient hypothesis, mixing ratio, parameterisation, 07239.
- vertical displacement**
 dam, neotectonics, hydraulic pressure, Germany, Upper Silesia; 15139. neotectonics, normal fault, geophysical survey, transverse extensive tectonics, uplift, France, Alps, Gresivaudan Valley; 11689. settlement, horizontal displacement, mini-inclinometer, 03990.
- vertical displacement rate**
 active fault outcrop, fault topography, Shimoppara Fault, offset terrace scarp, recurrence interval, Japan, Honshu, Niigata Prefecture, Shitada Village; 02702.
- vertical distribution**
 biologically active radiation, canopy, foliage, ultraviolet, forest, 12471. boulder field, Litorina transgression, Ancyclus transgression, coastal process, Sweden, Aland; 13121. hydrogen peroxide, hydroperoxide, aircraft measurement, USA; 13836. molybdenum transport, anoxic lake, lake water chemistry, concentration/depth profile, Switzerland, Lake Greifen; 02016. radiative forcing, greenhouse gas, tropospheric increase, ozone, 04746. stratosphere, mesosphere, millimeter wave measurement, ozone, Russian Federation, Moscow, Pushchino; Sweden, Onsala; 07361.
- vertical drain**
 clay, settlement, hyperbolic method, consolidation, Singapore, Changi Airport; 11761. field test, strip drain, organic soil, laboratory experiment, Poland; 01416. hyperbolic plot, settlement, loading, clay, Sweden, SkaEdeby; 04041. soft clay, marine clay, drain, soil stabilisation, embankment, Malaysia; 11762.
- vertical entrainment**
 box model, model evaluation, photochemical mechanism, urban pollution, 11335.
- vertical flow**
 groundwater flow, low conductivity layer, sandstone aquifer, mathematical model, UK, England, Bromsgrove, Sandstone Aquifer; 12305.
- vertical flow velocity**
 recharge rate, groundwater recharge, tritium-helium isotope method, groundwater age, 07051.
- vertical flux**
 plankton, sedimentation rate, fjord, faecal pellet, Norway, Bjornafjorden; 09339. temperature/depth profile, thermal diffusivity, groundwater flow, Japan, Nagaoka Plain; 03324.

- vertical joint**
joint generation, tensile stress, loess, 11715.
- vertical mixing**
clear air, cloud, thermodynamic diagram, 02282. dispersion, canonical parameters, estuary classification, longitudinal diffusion, 01971. phytosynthesis, lake, phytoplankton, light climate, 04467.
- vertical mode initialisation**
limited area model, flux form, 00899.
- vertical momentum**
radiative process, cumulus parameterisation, mass flux, mesoscale effect, 01001.
- vertical motion**
atmospheric energetics, depression, thermodynamics, monsoon, 05952. large scale motion, boundary layer, convection, 08537. precipitation, jet, low level jet, regional forecast model, diurnal oscillation, 07276. vorticity budget, baroclinic chi problem, diagnosis, heating rate, 00940.
- vertical motion field**
heating source, wind shear, mesoscale circulation, precipitation band, 09919.
- vertical movement**
crustal movement, sea level change, 12761. Eemian sediment, neotectonics, river capture, levelling, France, Alps, Isère River Valley; 06478. graben, fault scarp, rift, fault morphology, China, Wei He Graben; 07792. sea level change, crustal deformation, coastal zone, China; 06491. sea level change, isotopic curve, uplift, raised shoreline, Italy, Calabria; 06606.
- vertical offset**
ground rupture, Holocene faulting, Wasatch fault zone, USA, Utah, Kaysville; 09071.
- vertical ozone profile**
ozone column, UVB radiation (1967-1990), ultraviolet B, Germany, Berlin; 08502.
- vertical plate bearing test**
soil, horizontal, 11732.
- vertical profile**
aerosol layer, cloud condensation nuclei, atmospheric nuclei, midtroposphere, Pacific; 10006. aerosol, balloon borne measurement, volcano, Philippines, Pinatubo Mountain; 04791. aerosol, HALOE experiment, stratosphere, 03602. concentration fluctuation, plume, tracer experiment, 03464. diel variation, hydrogen sulphide, meadow, photosynthetic activity, carbonyl sulphide, 03566. dual frequency radar, dual polarisation radar, radar data, stratiform rain, precipitation, 14801. latitude cross section, trace gas, halogen, occultation experiment, trace gas, aerosol, 13807. marine halocline, water temperature, salinity, current velocity, ice growth, estuary, river mouth, 12232. sodium nightglow, atomic sodium, upper atmosphere, simultaneous measurement, Brazil; 04788. trace gas, ozone chemistry, retrieval, limb emission spectra, Arctic; 09987. tropics, heat source, moisture sink, principal components analysis, 00905. video spectrometer, ozone, minor gaseous constituent, 08854.
- vertical profiling**
solar energy input, UARS, temperature, wind field, 07514.
- vertical reflectivity profile**
weather radar network, reflectivity profile, surface precipitation, UK; 01070.
- vertical residual velocity**
chemistry & transport model, thermodynamics, stratospheric wind, data assimilation, 11179.
- vertical resolution**
gravity wave, numerical experiment, resolution, atmospheric model, consistent spatial resolution, 00900.
- vertical separation**
aircraft height estimation, marine radar, 07463.
- vertical shear**
Boussinesq approximation, gravity wave, cold surge, 08584.
- vertical sounder**
atmospheric gradient, SSM/I, TOVS, polar low, Geosat, Norwegian Sea; Atlantic, (North); 07532.
- vertical sounding**
neural network, retrieval, atmospheric variable, satellite, 07170. ozone, Greece, Athens; 06067.
- vertical structure**
atmospheric forcing, turbulence, pycnocline, 03501. convergence, monsoon, mesoscale convective system, 02257. interannual variability, rawinsonde data, meridional wind, transient wave (3-6 day), wind oscillation, Pacific; 08524. mountain wave, gravity wave drag, parameterisation, WKB approximation, 00936. stratiform precipitation, microwave radiometer, radiative transfer model, aircraft observation, 02298. suspended sediment, time lag, wave, wind, ripple, current, 02884.
- vertical structure information**
passive microwave, rainfall, SSM/I observation, 14001.
- vertical turbulent flux**
ocean/atmosphere boundary, microwave radiometry, sensible heat, 12478.
- vertical variation**
radiation balance, mountain, 03411.
- vertical velocity**
easterly jet, monsoon, high pressure (500 hPa), divergence, China, Tibetan Plateau; Asia, (Southeast); 09818. Gaussian distribution, ground level concentration, dispersion, convective boundary layer, skewed distribution, 04626. large scale, computation, ocean, Atlantic; 12476. radar, flat terrain, synoptic scale, 12415. radar, rawinsonde, time series, 12411.
- vertical wave number**
stratosphere, mesosphere, wave-shear interaction, gravity wave, middle atmosphere, 14915.
- vertical wind**
temperature anomaly, equatorial thermosphere, 00920.
- vertical wind velocity**
turbulence, boundary layer, 03452.
- Vertisol**
basalt, mineralogy, clay mineral, Alfisol, Inceptisol, India, Maharashtra, Western Ghats; 00512. incubation, soil drying, potassium, 13343. kerosene volatilisation, hydrocarbon, soil venting, soil texture, soil water content, 01893. Pellustert, Chromustert, carbon pasture soil, Australia, Queensland; 14533. slaking, hydraulic conductivity, soil stability, surface seal, clay dispersion, 05523. soil cracking, crack dimension, cracking intensity, India; 12142. soil morphology, topography, gilgai, Asia, Caucasus; Europe, Caucasus; 00519. soil physical property, soil chemical property, tillage, field traffic, 00573. ultrasonic technique, aggregate bond energy, sonification, 03070.
- vesicular layer**
arid soil, Natarigid, Calciorithid, Haplargid, soil crust, soil micromorphology, Argentina, Patagonia; 09510.
- vessel tracking**
marine spill, sensitivity atlas, GIS, oil spill, Florida, Tampa Bay; 11533.
- vessel traffic system**
marine radar, position fixing, GPS, 08780.
- vetch**
nitrate, tillage, Halplustoll, fertiliser, USA, Nebraska; 01857. nitrogen mineralization, crop residue, soybean, maize, Mollisol, USA, Illinois; 10802. phosphorus mineralization, carbon mineralization, nitrogen mineralization, crop residue, 03120.
- VHF**
groundwave, Doppler radar, wave, shallow water, 05013.
- VHF radar**
middle atmosphere, gravity wave, upward propagating wave, 08586. monsoon, USA, New Mexico, White Sands; 12736.
- VHRR**
meteorological application, satellite meteorology, 13903.
- vibracore data**
sea level change, Quaternary, continental shelf, sediment influx, USA, Maine, Gulf of Maine; 00259.
- vibracoring**
core, drill hole, gamma ray logging, 11874.
- vibration effect**
foundation engineering, dynamic response, 12990.
- vibration test**
dynamic test, pipe pile, saturated peat, 06506.
- vibrational spectroscopy**
water quality analysis, spectroscopy, infrared spectroscopy, Raman spectroscopy, 07004.
- vibrational temperature profile**
retrieval accuracy, carbon dioxide, 03547.
- vibrationally excited oxygen**
stratosphere, oxygen, chemical/radiative transport model, ozone production, 11297.
- vibrocoring**
Holocene, lagoon, clay mineral, Portugal, Vouga Estuary, Ria de Aveiro; 04254.
- vibroseis track**
Landsat TM, hydrocarbon exploration, China, Turpan Basin; 03757.
- Vickers indenter**
damage zone, indenter, ice, freshwater ice, 02833.
- Victorian cartography**
George Washington Bacon, British touring map, 08812.
- video**
forestry, hypermedia, AI technology, GIS, 15161. photogrammetry, transportation, 06349.
- video camera**
sediment concentration, sand, ice drift, coastal process, North America, Great Lakes, Lake Michigan; 14330.
- video data**
land cover, forest, airborne measurement, bispectral, Brazil, Mato Grosso; 15189.
- video frame**
perception, imagery, 02402.
- video frame scanner**
video monocomparator, geometric calibration, 11366.
- video image processing**
water vegetation, erosion risk, water resource, risk assessment, water quality mapping, Hungary; 07637.
- video imagery**
classification accuracy, spatial filter, 07482. gain compensation, calibration, aerial video, 06140. imaging system, underwater imaging system, 01091. oblique photography, photography, environmental assessment, 04839.
- video monocomparator**
geometric calibration, video frame scanner, 11366.
- video observations**
cloud-to-ground discharge, atmospheric optical flash, 11487.
- video spectrometer**
ozone, minor gaseous constituent, vertical profile, 08854.
- video system**
settling, cohesive sediment, sediment transport, marine snow, floc, Netherlands, Ems Estuary; 06668.
- videogrammetry**
digital video plotter, photogrammetry, aerotriangulation, 03669.
- videography**
bottomland forest, tree, multispectral videography, 10211.
- viewing off nadir**
NDVI, discontinuous, radiative transfer model, semiarid vegetation, 07570.
- viewshed**
visibility analysis, digital elevation model, topographic surface, 13942.
- viewshed algorithm**
digital elevation model, viewshed analysis, GIS, 03722.
- viewshed analysis**
data structure, 03723. GIS, viewshed algorithm, digital elevation model, 03722.
- Viking data**
Hesperian, Martian channel, statistics, spatial distribution, dating, Mars; 00146.
- Viking IR thermal mapper**
dust storm, dust opacity, Mars; 01182.
- Viking lander**
entry data, Martian atmosphere, boundary layer model, Mars; 00881.

- Viking Orbiter image**
geometry, ejecta blanket, spatial analysis, impact crater, Mars, Hesperia Planum; 01405.
- Viking Orbiter imagery**
DEM, topography, stereo imagery, Mars, Ma'adim Vallis; Apollinaris Patera; 09080.
- Villafranchian**
stratigraphy, mammal, palaeoecology, France, Drome, Saint-Villier; 14256.
- Villanueva Complex**
basin, depositional history, base level, alluvial fan, Tertiary, Spain, Betic Cordillera; 05414.
- VIMS Sea Carousel**
entrainment, shear stress, bioturbation, field experiment, seasonal change, USA, Chesapeake Bay; Atlantic, Middle Atlantic Bight; 07947.
- vineyard**
wind erosion, slope destabilization, France, Auvergne, Limagne; 10876.
- vinyl chloride plume**
uncertainty analysis, groundwater contamination, contaminant capture, remedial technique, optimisation, pumping strategy, USA, Michigan; 03357.
- vinylpyridine**
styrene, hydroxyl radical, nitrate radical, gas phase reaction, 03563.
- viral DNA**
nucleic acid, surface water quality, purification, 07003.
- virtual temperature**
temperature, warming trend, layer thickness, global temperature, moisture, 13704.
- virus**
protozoan parasite, bacteriophage, water microbiology, public health, water borne disease, microorganism, 01993.
- virus adsorption**
groundwater contamination, adsorption, contaminant transport, 03340.
- virus detection**
reovirus, adenovirus, enterovirus, coastal water quality, river water quality, ultrafiltration, Australia, New South Wales, Sydney; 01994.
- viscoelastic mantle**
rheology, density anomaly, geoid, rotation, sea level, 04111.
- viscoelastic response**
sea ice, model, thermally induced stress, temperature induced strain, 02832.
- viscoelasticity**
settlement prediction, clay, laboratory test, Brazil, Cosipa; 11747.
- viscoplastic material**
sliding law, landslide, mechanical model, shear surface, 05229.
- viscoplastic model**
pore pressure, deformation, tunnelling, finite element, China, Shanghai; 05245.
- viscosity**
finite element, temperature dependence, plume, divergence, 11236. soft sediment, load cast, dewatering, Rayleigh-Taylor instability, 08069. suspended clay, drag reduction, shear stress, boundary layer, sediment transport, 05368.
- viscous boundary layer**
hypersonic aircraft, stratosphere, hot boundary layer, model, aircraft, nitric oxide, emission, 06106.
- viscous interaction**
radial streams, 05915.
- viscous soil**
displacement rate, slipping layer, slope, 11735.
- Visean**
Campine Basin, cementation, fracturing, fluid inclusion, calcite, Belgium; 07989. evaporation, carbon, soil gas, Terwagne Formation, palsosol, Belgium; 00348. paragenetic sequence, mixing zone, dolomitization, seawater, Belgium, Brabant-Wales Massif; 14366.
- visibility**
algorithm, DTM, triangulation, 10073. forecast, cloud height, aviation, 12535. ground to air visibility, DTM, 06261. microphysical effect, fog, carbon dioxide laser, droplet spectrum, 02290. monitoring network, trend, particle concentration, optical extinction, USA; 11319. penumbra, duct effect, microwave propagation, ocean, 10222. principal components analysis, power plant, synoptic climatology, air quality, particulate, USA, Arizona, Grand Canyon National Park; 07410. scattering coefficient, extinction, light extinction, aerosol, USA, Washington, Mount Rainier National Park; North Cascades National Park; 11315. sloping terrain, liquid water, stratus, fog, 02273.
- visibility analysis**
digital elevation model, topographic surface, viewshed, 13942.
- visibility model**
tactical, battlefield, 06357.
- visibility modelling**
visual range, sulphur, emission control, USA, (Eastern); 00839.
- visibility record**
soil moisture, wind erosion, windblown dust, drought, meteorological data, USA, Texas, Lubbock; 00005.
- visible radiance dataset**
ISCCP, global cloud climatology, IR radiance dataset, 11471.
- visible sensor**
desert, cloud, albedo, VISSR, China, Xinjiang, Taklamakan Desert; Asia, Gobi Desert; Australia, Western Australia, Great Sandy Desert; 02373.
- visible spectra**
chromaticity, noctilucent cloud, computation scheme, 09940.
- visible spectrum**
ASTER, EOS-AM1, observational performance, optical imager, thermal infrared, 10047. near infrared spectrum, suspended matter, coast, Baltic Sea; 06299.
- visible wavelength**
absorption spectroscopy, radiative transfer, scattering model, twilight sky, near ultraviolet, 00836.
- Visingo Group**
phosphate nodule, Proterozoic (Upper), francolite, organic matter, methanogenesis, Sweden; 08018.
- vision**
associative memory, image classification, 06152. neural network, quantification, texture, 10080.
- VISSR**
visible sensor, desert, cloud, albedo, China, Xinjiang, Taklamakan Desert; Asia, Gobi Desert; Australia, Western Australia, Great Sandy Desert; 02373.
- VISSR atmospheric sounder**
column integrated water content, thunderstorm formation, 01173. Earth-atmosphere system, atmospheric moisture, horizontal gradient, MAMS, 01167.
- Vistulian (late)**
lithofacies variation, chronostratigraphy, Holocene, aeolian phenomena, loess, Poland; 00228.
- Vistulian**
chronostratigraphy, TL dating, aqueous deposit, till, Poland, Konin Region; 07833. Holocene, aeolian activity, pedomorphology, relief evolution, pedolith, Poland; 00230. Holocene, aeolian episode, dune fossil soil, carbon-14 date, chronostratigraphy, Poland; 00163. ice dammed lake, meltwater, overflood terrace, radiocarbon dating, Poland, Vistula River; 07752. open pit, pollen sequence, Eemian, Brorup, Odderade, Germany, (East); 07876. Plenivistulian, dune migration, sand abrasion, sedimentological record, aeolian process, Poland; 00229. pollen analysis, interglacial sediment, palaeobotany, Eemian, Poland, Silesia, Rybnik Plateau, Golasowice; 11817. stratigraphy, Eemian, pollen analysis, interglacial sediment, vegetation succession, Poland, Warsaw; 09184.
- Vistulian glacial deposit**
glaciodynamic feature, till plain, meltwater channel, palaeoenvironmental implication, Poland, Smigiel; 02797.
- visual ambiguity**
optical, target tracking, 06159.
- visual interpretation**
inundation area, satellite imagery, flood hydrology, Bangladesh; 11564.
- visual magnitude**
waterfall, scenic quality, comparison scale, 02670.
- visual range**
fog, airport, laser radar, Germany, Quickborn; Hamburg; 05048. sulphur, emission control, visibility modelling, USA, (Eastern); 00839.
- visual simulation**
flame, smoke, fire, 12808.
- visual technique**
terrestrial environment, disturbance, vehicle track, ice free area, fieldwork impact, Antarctica, Ross Ice Shelf, McMurdo Sound; 05267.
- visual variables**
expert system, cartographic design, cartographic representation, 01149.
- visualisation**
DEMs, digital data, spatial data, 12717. digital soil map, data quality, geographic information processing, 11430. economic development, GIS, location decision maker, 14099. environmental impact analysis, forestry, DEM, 08826. geophysics, classification, enhancement, 02404. GIS, environment, 06251. GIS, topological, 06174. hierarchical model, three dimensional, terrain model, 06168. institutional, map projection, monitoring, global change, GIS, cartography, standard, 04824. interpolation, parallel processing, environmental modelling, data structure, GIS, 08794. multimedia, GIS, sonification, cartography, 06173. soil information, soil behaviour, 12027. spatial data, data quality, 06182. spatial rendering, geomatics, methodology, environmental application, Canada, Alberta, Calgary; 13991. stream, 15222. symbolisation, isolines, statistical surface, 15110. terrain slope, digital elevation model, random error, 13975. three dimensional imaging, gridding, contaminated site, 01155.
- visualisation software**
map design, scientific visualisation, 11457.
- vitrinite**
Allegheny Formation, peat, ash, coal, Westphalian, USA, West Virginia; 02953.
- vitrinite reflectance**
accretionary prism, organic matter, sedimentation rate, turbidite, Pacific, Shikoku Basin; Nankai Trough; 00417. illite, Neogene, smectite, basin, Hungary, Pannonian Basin; 10612. palaeotemperature, geothermometer, diagenesis, burial metamorphism, fluid inclusion, Japan; 10623. Tertiary, Shimanto Belt, island arc, burial, coal, Japan; 10621.
- vivianite**
eutrophication, lake, seasonal change, calcite, organic matter, lamination, Poland, Lake Gosciaz; 08083. ferromanganese, nodule, apatite, nontronite, Malawi, Lake Malawi; 06698. trace metal, peat, iron, phosphorus, siderite, Finland, Kestila, Vihanti; Ruukki; 13250.
- VLBI**
atmospheric modelling, baseline length precision, crustal dynamics, 11384. atmospheric pressure loading, geodetic monument, 13932. geodesy, EUREF, terrestrial reference system, WGS84, 08761. geodetic measurement, crustal deformation, GPS, USA, California; 12757. geodetic network, Japan, Shintotsukawa; Mizusawa; Japan, Kashima; 04870. geophysical model, ocean loading, 12826. GPS, celestial, terrestrial, Earth orientation, 04833. GPS, Earth rotation, geodetic system, 04855. interferometry, 12668. laser ranging, Mediterranean; 04943. ocean modelling, atmospheric modelling, tidal variability, atmospheric angular momentum, 11547. subduction, elastic stress model, plate boundary, SLR, USA, California, San Andreas Fault; 07539. surface load, deformation, deglaciation chronology, earth model, glaciostasy, 11684. time comparison, GPS time transfer, antenna coordinates, Japan; 07453.
- VOC**
vegetation, methanol, biogenic emission, 06079.
- void fill**
dolomitization, carbonate platform, cyclicity, Triassic (Upper), Italy, Brenta Dolomites; Lombardy; 07993.
- void ratio**
numerical analysis, consolidation, finite element method, sedimentation, 06772. pile design, engineering, calcareous sediment, soil type, compressibility, Australia, South Australia; 03045. pore pressure, critical state, stress/strain response, Cold Lake oil sand, oil sand, Canada; 01434.

- void space**
matrix material, engineering behaviour, cobble, rockfill, USA, California, San Diego, Lopez Canyon; 01437.
- Voigt line shape**
synthetic radiance spectra, nonlocal thermodynamic equilibrium, 03726.
- volatile chlorinated hydrocarbon**
groundwater contamination, pollutant disposal, groundwater remediation, in situ treatment, Germany; 12337.
- volatile contaminant**
aquifer remediation, groundwater contamination, remediation rate, cleanup rate, air sparging, 04542. groundwater contamination, air sparging, aquifer remediation, remediation rate, 04541.
- volatile organic chemical**
non methane hydrocarbon, continuous hourly analysis, urban air, 11342. vadose zone, air inlet well, well efficiency, vapour extraction, groundwater remediation, 14742.
- volatile organic compound**
adsorbents, passive sampling, Tenax-GR, 03573. air pollution, biotechnique, pollution control, off-gas treatment, 15034. aquifer remediation, mathematical model, flushing, pollutant migration, dense non aqueous phase liquid, 00779. benzene, trichloroethylene, adsorption/desorption, organic compound, soil water vapour, 12167. biogenic emission, isoprene, terpene, blue oak, USA, California, San Joaquin Valley; 13848. calcareous soil, organic compound, gas chromatography, sorption/desorption, inverse gas chromatography, USA, Nevada; 01814. chromatography, field monitor, 11310. clay soil, vapour extraction method, soil remediation, hydrocarbon, 01891. contaminant transport, capillary fringe, water table fluctuation, advection/diffusion model, diffusion/dispersion model, 02068. design model, groundwater contamination, aquifer remediation, air sparging, 04543. enzyme activity, organic compound, toxicity, 01834. flushing, aquifer remediation, non aqueous phase liquid, dense non aqueous phase liquid, pollutant migration, 00780. GIS, emission inventory, NMVOC, Austria; 07365. hydrocarbon, petroleum, gasoline, toxicity characteristic leaching procedure, 01897. intraparticle diffusion model, sorption/desorption, trichloroethylene, soil gas venting, groundwater contamination, solute transport, 13591. isoprene, terpene, biogenic emission, woodland, USA; 13856. lumped chemical mechanism, photochemical model, USA, California, Los Angeles; 03548. nitrogen oxide, sulphur oxide, petroleum refinery, gasoline, USA; 07394. non aqueous phase liquid, groundwater remediation, pump and treat remediation, unsaturated zone, vapour extraction, 14741. organic compound, headspace analysis, 00506. organic contaminant, contaminant transport, chlorinated hydrocarbon, 03179. organic pollutant, toxicity test, surface water quality, 13515. ozone formation, regulation, troposphere, hydroxyl radical, nitrogen oxide, 03649. ozone, titration, precursor emission, troposphere, nitrogen oxide, USA; Europe; 10028. tree, alcohol emission, pine forest, isoprene, 01038. vacuum steam stripping, soil vapour extraction, aquifer remediation, groundwater contamination, soil water contamination, 04515. vapour stripping, air lift pumping, aquifer remediation, groundwater contamination, 03553. water quality monitoring, organic contaminant, water quality analysis, membrane inlet, mass spectrometry, 07000.
- volatile organic contaminant**
chlorobenzene, toluene, chromatography, 08221. industrial pollutant, groundwater quality, land use effect, urbanisation, nitrate, Australia, Western Australia, Gwelup; 12373.
- volatilisation**
infiltration, unsaturated zone, multiphase flow, groundwater contamination, trichloroethylene, 09712. nitrogen fertiliser, denitrification, ammonia, soil, 03624. radioactive waste, groundwater, mercury, USA, South Carolina, Savannah River Plant; 01762. solute transport, non aqueous phase liquid, dissolution, vadose zone, 09713.
- volcanic acid**
solid conductivity, ice core, oxygen isotope record, Canada, Ellesmere Island, Agassiz Ice Cap; 13146.
- volcanic activity**
Holocene, radiocarbon dating, tephrochronology, Russian Federation, Kamchatka; 10436. lava dome, pyroclastic flow, natural disaster, satellite data, Japan, Kyushu, Shimabara Peninsula, Unzenake Volcano; 10185. sulphur dioxide flux, explosive volcanism, outgassing, 07336.
- volcanic aerosol**
deforestation, climatology, rainfall assessment, atmospheric circulation, El Nino/Southern Oscillation, Brazil, Amazonia; 08273. heterogeneous loss, volcanic cloud, hydrochloric acid, stratosphere, reaction probability, 03608. lidar, aerosol layer, Japan, Hokkaido, Wakkanai; Philippines, Mount Pinatubo; 11482. solar variability, trace gas, country scale, climate variability, ocean dynamics, 13798.
- volcanic area**
polarimetry, mapping, geology, SAR, Italy, Campania, Vesuvius; 02464.
- volcanic ash**
accretionary prism, mudstone, diagenesis, clay mineral, Pacific, Nankai Trough; Shikoku Basin; 00320. coal, burial, clay mineralogy, peat swamp, tonstein, 04202. coral, element concentration, weathering, laterite, trace element, Tonga, Niue Island; 05548. element, zeolite, illite, glass decomposition, interstitial water, Pacific, Nankai Trough; 00316. forecast, transport, dispersion, aircraft hazard, model, 15009. geostationary meteorological satellite, ash cloud, AVHRR, thunderstorm, Philippines, Mount Pinatubo; 08857. hydrothermal activity, submarine caldera, seafloor sediment, Japan, Izu Ogasawara Arc, Shichito-Iwojima Ridge; 03007. kaolinite, quartz, tonstein, 09302. peat, dissolution, Palaeocene, kaolinite, Canada, Alberta, Wabamun; 08004. Pleistocene, tephrostratigraphy, Naruohama, Nishinomyia, Koshienhama, Nanko, Japan, Honshu, Osaka Plain; 07883. Scots pine, Pinus sylvestris, tephra, pine pollen, dendrochronology, UK, Northern Ireland, Antrim, Sluggan Bog; Londonderry, Garry Bog; 10505. stratosphere, model, tropical/extratropical transport, 01053. taphonomy, peat, coal, Ferron Sandstone Member, Mancos Shale, Cretaceous, USA, Utah, Emery Coal Field; 14406. terrigenous sediment, sediment supply, Kazusa Group, Pleistocene, forearc basin, Japan, Boso Peninsula; 08062. trace element, porewater, geochemistry, abyssal plain, Pacific, ODP Leg 136; 09309.
- volcanic ash soil**
beach ridge, chronosequence, Andisol, Costa Rica; 04349. forest harvesting, soil compaction, bulk density, organic matter, USA, Idaho; 01822. forest soil, toposequence, tephra, spodic soil, andic soil, USA, Idaho, Selkirk Mountains, Crater Lake; 05544. soil degradation, Colombia, Antioch; 10715.
- volcanic belt**
ring fault, caldera, tectonic evolution, geothermal energy, Turkey, Meydan Caldera; Zilan Caldera; 10388.
- volcanic cloud**
AVHRR, two band data, infrared, retrieval, particle, 13868. hydrochloric acid, stratosphere, reaction probability, volcanic aerosol, heterogeneous loss, 03608. stratosphere aerosol, remote sensing, aerosol size, Philippines, Mount Pinatubo; 11481. stratosphere, radiative forcing, temperature perturbation, model, dispersion, Philippines, Mount Pinatubo; 13865.
- volcanic complex**
geomorphology, fluvial erosion, caldera rim, hazard, pyroclastic flow, Mexico, Colima Volcano; 12960.
- volcanic deposit**
Pliocene, coastal sediment, argon-40/argon-39 dating, tephra, heavy mineral, France, Languedoc, Hérault, Cap d'Agde; 11671.
- volcanic dust**
dust diffusion, stratosphere, AVHRR, Philippines, Mount Pinatubo; 10166. dust veil event (AD 536), ice core, dendrochronology, 13094.
- volcanic environment**
sedigraph, pelite, carbonate, grain size, India; 04142. temperate climate, mass movement, throughflow, gully initiation, Quaternary, Mexico, Talpujahu River Basin; 03957.
- volcanic eruption**
aerosol loading, solar backscatter UV, ozone, stratosphere, Mexico, El Chichon; 11322. aircraft sampling, haze, aerosol, Arctic; 08694. atmospheric feedback, global warming scenario, radiative forcing, 06366. Austral spring (1991), aerosol level, stratosphere, Antarctica; Philippines, Mount Pinatubo; Chile, Cerro Hudson; 08706. buoyancy, moist convection, ash, water vapour, 07380. clast orientation, transport, boulder, lahar, deposition process, Colombia, Nevado del Ruiz; 07950. climate change, cooling effect, 04743. El Nino, global warming, MSU, 08851. global feedback mechanism, water cycle, climate change, sea surface temperature, 10276. ionospheric wave, Japan; Philippines, Mount Pinatubo; 14848. lidar detection, aerosol, twilight observation, aerosol, China, Beijing; Philippines, Mount Pinatubo; 11331. middle latitudes, Northern Hemisphere, circulation, anomaly pattern, geopotential height anomaly (500 hPa), 13698. monitoring, volcano, Philippines, Pinatubo Mountain; 04964. nitrogen dioxide, nitric acid, stratosphere, aerosol, partitioning, Philippines, Mount Pinatubo; 13871. pollen, diatom, acidification, Laacher See Tephra, ecosystem, Germany, Black Forest; 05303. pyroclastic flow, debris flow, ash cloud, eruption, Japan, Kyushu, Mt Unzen-Fugendake; 05168. review, stratosphere, aerosol, polar stratospheric cloud, 07391. seafloor observation, hydrothermal vent, submarine earthquake, 03786. surface movement, GPS, 08866. trend, optical depth, aerosol, Antarctic; 07199. zonal wind, troposphere, Northern Hemisphere, dynamic process, winter, 11139.
- volcanic explosion**
general circulation model, aerosol forcing, climate change, optical depth, 07325.
- volcanic feature**
SAR, lava, dome, canali, flood volcanism, Venus; Earth; 11697.
- volcanic gas**
sulphur dioxide concentration, infrared spectral radiometer, Japan, Asama Volcano; 11478. volcano, remote measurement, spectral radiometer, radiometry, Japan, Kyushu, Unzen; 02476.
- volcanic hazard**
seismic monitoring, radiocarbon age, lacustrine deposit, volcanic sequence, alkaline basalt, Mexico, Socorro Island, Lomas Coloradas; 01451.
- volcanic history**
landform, Cainozoic, earthquake hazard, USA, Utah; 09050.
- volcanic hot spot**
AVIRIS, thermal radiation, Italy, Stromboli, Mount Etna; 08869.
- volcanic impact**
sulphur dioxide, dimethyl sulphide, carbon disulphide, free troposphere, boundary layer, Pacific; 08667.
- volcanic island**
lithological control, fractal dimension, coastal morphology, Mediterranean Sea, Tyrrhenian Abyssal Plain, Aeolian Volcanic Arc; 14157. neotectonics, uplift rate, marine terrace, vertical crustal movement, Taiwan, Lutao; 00145.
- volcanic lake**
limnology, trophic level, zooplankton, lake protection, Italy, Latium; 01966.
- volcanic landform**
extraterrestrial geology, igneous petrology, hotspot, stratovolcano, Earth; Moon; Mercury; Mars; Venus; 14177. neotectonics, morphostructural analysis, caldera, polygenic volcano, Tertiary volcano, Slovakia, Poľana Mountains; 11672.
- volcanic mineral**
moraine, aeolian sedimentation, USA, Wyoming, Wind River Mountains; 10765.
- volcanic peak**
Byrd Station deep core, chemical stratigraphy, ice core, ionic concentration, seasonal cyclicity, Antarctica, Byrd Station; 09146.
- volcanic pulse**
correlation spectroscopy, sulphur dioxide flux, image data, multispectral thermal IR, TSMOS, Italy, Sicily, Mount Etna; 11477. light scattering, aerosol dynamics, 08707.
- volcanic ridge**
GLORIA, sidescan sonar, swath bathymetry, hotspot, Atlantic, (North); Iceland, Reykjanes Ridge; 09054.
- volcanic risk**
natural hazard, structural geology, landslide risk, seismic risk, Peru, Arequipa, Colca Valley; 08862.
- volcanic risk evaluation**
geological hazard, hazard mapping, Landsat, radar imagery, Colombia, Andes, Cordillera Central, Magdalena Valley; 11500.
- volcanic rock**
electron microprobe analysis, Ordovician, Proterozoic, provenance, clast, France, Armonican Massif; 07942.

- volcanic sand**
landslide, turbidity current, debris flow, Pliocene/Pleistocene, Pacific, Hawaiian Arch; 10458.
- volcanic sequence**
alkaline basalt, volcanic hazard, seismic monitoring, radiocarbon age, lacustrine deposit, Mexico, Socorro Island, Lomas Coloradas; 01451.
- volcanic signal**
general circulation model, precipitation reduction, cooling, 12498.
- volcanic soil**
nutrient availability, vegetation influence, denitrification rate, Costa Rica; 05610. silica, landscape type, tepetate, mineralogy, morphology, soil micromorphology, Mexico, Veracruz, Xalapa; 06856. soil water content, clay content, USA, Nebraska; 12150. soil water status, space/time analysis, Italy; 12055. tephra, mineralogy, clay mineral, soil chemical property, soil classification, USA, California; 10763.
- volcanic sulphuric acid**
sulphur dioxide, planetary albedo, sulphuric acid aerosol, Philippines, Mount Pinatubo; 07518.
- volcanic terrain**
roughness spectra, debris flow, electromagnetic scattering, radar image, USA, Washington, Mount St. Helens; 02716.
- volcanic tuff**
rock columns, cupola, Turkey, Cappadocia; 12973.
- volcanic volatile**
fissure eruption, acid, halogen, environmental impact, non climatic factor, UK; Iceland, Laki; 10439.
- volcanicity**
tectonic control, rift basin morphology, hanging wall, radiometric date, Malawi; 06486.
- volcaniclastic material**
coal field, sedimentation, erosion, Carboniferous, terrigenous material, Bulgana, Dobrudzha Coal Field; 05429. weathering, dune, aeolian dune, sand, source, Mars; 06673.
- volcaniclastic sand**
carbonate bank, limestone, Carboniferous, ooid, USA, California; 05447.
- volcaniclastic sediment**
authigenesis, amphibole, Cretaceous, sandstone, Pendencia Formation, Brazil, Potiguar; 08001. hydrovolcanism, bioturbation, turbidite, volcanism, ash layer, Pacific, Hawaiian Arch; 09347. Miocene, tuff, sedimentation, Lospe Formation, gravity flow deposit, USA, California, Santa Maria Basin; 07978. zeolite, cristobalite, smectite, Eocene, Greece, Thrace, Metaxades; 01640.
- volcaniclastics**
East Kirkton Limestone, Carboniferous, limestone, tuff, diagenesis, UK, Scotland, West Lothian, East Kirkton; 10581. sedimentation rate, abyssal plain, terrigenous material, island arc, Pacific, (Northwest); 10629.
- volcaniclastite**
turbidite, seamount, source, Cretaceous, Pacific, Pigafetta Basin; Mariana Basin; 01673.
- volcanism**
alluvial basin, palaeoclimate, Quaternary geology, geomorphology, tectonics, South America, Andes; Falkland Islands; 07774. alpine orogenesis, tectonic evolution, neotectonics, plate motion, earthquake, tsunami, Greece; 14175. ash layer, volcaniclastic sediment, hydrovolcanism, bioturbation, turbidite, Pacific, Hawaiian Arch; 09347. earthquake, ice fall, jokulhlaup, avalanche, natural hazard, Switzerland, Alps; Iceland; 06439. eruption, climate-volcanism interaction, sea level, Milankovitch, feedback mechanism, Indonesia, Sumatra, Toba; 06556. geomorphological evolution, dating, palaeomorphology, 03975. mantle plume, lithospheric extension, corona, Venus; 01404. plate motion, geochemistry, Skonun Formation, Cretaceous, tectonics, Canada, British Columbia, Queen Charlotte Islands; 02694. valley width, relief inversion, lava flow, Canary Islands, Tenerife, Orotava Valley; 09052.
- volcano**
aerosol cloud, particle composition, infrared absorption, stratosphere, 03600. aerosol cloud, raman, dial measurement, ozone, stratosphere, 01052. aerosol cloud, stratosphere, extinction profile, high latitude, 12622. aerosol layer, lidar, Philippines, Pinatubo Mountain; 03614. aerosol loading, model, heterogeneous processing, ozone response, stratosphere, Philippines, Mount Pinatubo; 13820. aerosol size distribution, chlorine monoxide, stratosphere, chlorine monoxide, sulphate aerosol, 03607. aerosol size distribution, optical thickness, Germany; Canada; Philippines, Mount Pinatubo; 10019. aerosol, eruption, optical depth, stratosphere, Philippines, Mount Pinatubo; Arctic; 11324. aerosol, polar stratospheric cloud, ozone loss, Antarctica; 12618. aerosol, stratosphere, nitrogen dioxide, 03615. aerosol, total ozone, backscatter UV experiment, ozone, Philippines, Mount Pinatubo; 07368. atoll, guyot, carbonate platform, ODP Leg 144, Pacific, Marshall Islands; 04268. backscatter profile, database, climatological trend, aerosol backscatter, Philippines, Mount Pinatubo; 13874. chlorine, fluorine, sulphur, emission, Antarctica, Mount Erebus; 03592. debris avalanche, hydrothermal alteration, avalanche, lahar, hazard assessment, Mexico, Citlaltepetl Volcano; Pico de Orizaba; 07734. deformation, instability, failure, active volcano, earth movement, 05189. diabatic circulation, ozone, stratospheric dynamics, aerosol, tracer transport, 04677. eruption, satellite, aerosol, optical thickness, stratosphere, Mexico, El Chichon; Philippines, Pinatubo Mountain; 03597. eruption, winter, climate, model, Philippines, Mount Pinatubo; 08709. experimental study, rheology, hydrological mechanism, mudflow, 05166. extinction coefficient, optical thickness, aerosol cloud, Northern Hemisphere, lidar, Philippines, Pinatubo Mountain; 03613. groundwater origin, groundwater flow model, groundwater discharge, spring, isotope study, Japan, Yatsugatake Mountain; 08410. groundwater resource, heat flow, hydrothermal system, USA, Hawaii, Kilauea Volcano; 11005. hydrothermal system, permeability, hydrogeology, USA, Hawaii, Kilauea Volcano; 11004. lava flow, geomorphological evolution, cone, channel incision, Mexico, Paricutin; 09051. lidar measurement, stratospheric aerosol, aerosol backscattering, Pacific; 07527. morphotectonic feature, submersible observation, fissure eruption, rifting, Italy, Tyrrhenian Sea, Marsili Volcano; 05167. mountain soil, Andosol, Histosol, water retention, soil/vegetation relationship, Rwanda, Bisoke Volcano; 09416. nitrogen dioxide loss, stratospheric column, nitric acid, nitric oxide, loss, 10022. ozonesonde measurement, eruption, USA, Hawaii; Philippines, Pinatubo; 04765. peat bog, electron probe microanalysis, EPMA technique, tephra, 02933. Pleistocene, petrography, stratigraphy, tephra, Japan, Honshu, Chubu; Kanto Mountains; 00232. polar stratospheric cloud, aerosol, polar vortex, winter, Arctic; 11318. pollen data, glacial stratigraphy, temperature, anthropogenic impact, palaeotemperature, Mexico, La Malinche Volcano; 07848. remote measurement, spectral radiometer, radiometry, volcanic gas, Japan, Kyushu, Unzen; 02476. runoff, gravel, debris flow, shear, Japan, Mount Yakedake, Kamikamihori Valley; 04159. spectral data, sulphur dioxide, stratosphere, Philippines, Pinatubo Mountain; 03594. stratosphere, dinotrogen pentoxide, spectroscopy, column amount, nitrogen dioxide, Antarctica, McMurdo Station; 12578. sulphur dioxide, stratosphere, microwave limb sounder, Philippines, Pinatubo Mountain; 03562. sulphuric acid, aerosol, ozone hole (1992), Antarctic; Philippines, Mount Pinatubo; 07397. tephra layer, stratigraphy, magma discharge rate, eruption history, Japan, Kyushu, Kirishima Volcano; 00134. vertical profile, aerosol, balloon borne measurement, Philippines, Pinatubo Mountain; 04791. volcanic eruption, monitoring, Philippines, Pinatubo Mountain; 04964.
- volcano monitoring**
hot lava, thermal radiance, volcano monitoring, Bay of Bengal, Andaman Sea, Barren Island Volcano; 03777. infrared band, TM, IRS, India, Barren Island; 08868. volcano monitoring, hot lava, thermal radiance, Bay of Bengal, Andaman Sea, Barren Island Volcano; 03777.
- voltametry**
copper, zinc, cadmium, lead, soil pollution, 12085.
- voltammetric analysis**
surface water quality, groundwater quality, lead, water quality analysis, in situ measurement, 07002.
- voltammtry**
carboxyl group, humic acid, gallic acid, phenolic acid, polarography, 08113.
- Volterra function model**
river flow forecasting, hydrograph, flow routing, gain factor model, 14611.
- Volterra model**
hydrograph, rainfall/runoff model, variable gain factor model, antecedent soil moisture, soil moisture index, 14610.
- volume/balance model**
water/ depth profile, border irrigation, irrigation advance, irrigation water management, 11090.
- volume change**
measurement, collapsible soil, field test, laboratory experiment, Brazil, Pernambuco, Petrolandia; 11749. shrinkage measurement, soil shrinkage, 03067.
- volume change model**
clay swelling, soil shrinkage, soil swelling, 12043.
- volume data**
interface, modelling interface, multivariate classification, 04885.
- volume element method**
water quality modelling, water distribution network, water management, piped distribution, 09780.
- volume flux**
heat inflow, ocean current, interannual variability, satellite data, Bering Sea, Bering Strait; Chukchi Sea; Laptev Sea; 02757.
- volume for volume replacement**
dissolution, diagenesis, crystallization force, 11980.
- volume loss**
mass balance model, glacier ablation, air temperature, retreat, Nepal, Himalaya, Shorong Himal, Glacier AX010; 06633.
- volume scattering**
scattering, ice sheet, radar, altimetry, surface scattering, 12838.
- volume scattering function**
atmosphere/ocean system, azimuth integrated radiance, radiative transfer equation, 04584.
- volumetric compression**
behaviour, granular soil, stress, particle breakage, 04011.
- volumetric heat capacity**
soil thermal property, IHLS, heat pulse method, 14481.
- voluntary observing ship**
error, meteorological observations, marine climate, Atlantic; 02137.
- volunteer observer**
observer network, data reliability, rainfall data, USA, Illinois, McLean County; 05656.
- von Humboldt, A**
Naturgemalde, Kosmos, physical geography, 02662.
- von Karman vortex street**
longitudinal groove, channel gradient, knickzone, bedrock channel incision, Australia, Northern Territory, Piccaniny Creek; 06462.
- Voronoi diagram**
GIS, neighbourhood, generalisation, 12688.
- vortex**
convective thermals, gravity wave, convection wave, cloud, cellular convection, 02261. diabatic, mesoscale, China, Tibetan Plateau; 07207. mesoscale vortex, Arctic; Antarctica; 04611. nonlinearity, contour dynamics, soliton theory, Coriolis force, 09905. open channel flow, palaeohydraulic data, pothole formation, flow separation, USA, Virginia, Great Falls, Potomac River; 12215. sediment transport, boundary layer, tidal current, Japan, Neko Seto Sea; 09270. shallow water model, cyclone, barotropic vortex, 08569. stratosphere, methane, nitrous oxide, CFC, Antarctic; 13812. three dimensional, balance theory, rapidly rotating vortex, hurricane, 11194. turbulence, evolution equation, 14125. winter, stratosphere, blocking, intrusion, Arctic; 11164.
- vortex dynamics**
energetics, monsoon vortex, 02187. fluid dynamics, vorticity, 00654.
- vortex edge**
cold air, stratosphere, potential vorticity, jet stream axis, Arctic; Antarctica; 12490. transport, Rossby wave, stratosphere, tracer transport, wave breaking, 11163.
- vortex erosion**
hillslope, soil erosion, overland flow, velocity, rock fragment, 06779.
- vortex field**
orographic nonuniformity, diffusion, localisation, predictability, 07289.

- vortex interaction**
tropical cyclone, discrete vortex, 08568.
- vortex motion**
shallow water equation, topography, barotropic vortex, Mexico, Sierra Madre; 04679.
- vortex pair**
dipole, shear flow instability, 09866.
- vortex processes**
aerosol property, diagnostics, aerosol property, Antarctic; 11328. stratosphere, nitrous oxide, potential vorticity, 09879.
- vortex shedding**
shallow water flow, topography, 02254.
- vortex simulation**
entrainment, plume, rise, dispersion, buoyant plume, 05932.
- vortex size**
tropical disturbance, cyclone warning, intensification, 05962.
- vortex specification**
initialisation scheme, hurricane model, 02210.
- vortex system**
model, atmosphere, ocean, 05858.
- vorticity**
Bernoulli's theorem, 02126. channel hydraulics, wave propagation, Rossby wave, 09610. error, computation, station data, wind profiler, divergence, 00908. mesoscale convective system, convective system, downdraft, 00974. potential vorticity, cyclone event, cutoff cyclone, shear, curvature, 00910. surface layer, thermal structure, divergence, 13718. time invariant, shallow water model, geostrophic balance, isolated distribution, 00943. vortex dynamics, fluid dynamics, 00654.
- vorticity budget**
baroclinic chi problem, diagnosis, heating rate, vertical motion, 00940.
- vorticity equation**
sphere, free solutions, barotropic, 02221.
- vorticity field**
pattern recognition, forecast, tropical, cyclone, recurvature, empirical orthogonal function, 01015.
- vorticity forcing**
teleconnection, PNA pattern, eddy kinetic energy, barotropic conversion, North America; Pacific; 00929.
- vorticity maximum**
comma cloud, potential vorticity anomaly, unified model, mesoscale, 07279.
- vorticity production**
wake formation, shallow water flow, topography, 02253.
- Vostok ice core**
atmospheric carbon dioxide, Pleistocene climate, wind speed, ice core, Antarctica, Vostok; 02747. beryllium-10, ice accumulation, geomagnetic chronology, Antarctica, Vostok; 10426. eccentricity variation, Bruhnes chron, magnetic susceptibility curve, loess profile, China, Xifeng; 07836. palaeoclimate, ocean record, temperature, penultimate glacial, Antarctica, Vostok Station; 04051. wind influence, air content, glaciological parameter, ice composition, Antarctica, Vostok; 14300.
- voting kernel**
Hough transform, 03689.
- Voyager 1 spacecraft**
impact crater, split comet, comet, crater chain, Jupiter, Ganymede; Callisto; 05214.
- Voyager image**
groove, topographic model, crater, ridge, Saturn, Epimetheus; 06494.
- Vraconian**
sedimentation, organic matter, Bandol Formation, laminite, France, Var, Bandol; 10599.
- vulnerability**
agricultural water management, global warming, drought, agricultural practice, land use effect, Morocco; 00799. model, coastal zone, risk, classification, Adriatic Sea; Italy, Marche; 10384.
- vulnerability assessment**
groundwater vulnerability, groundwater contamination, 11016.
- vulnerability index**
groundwater pollution, cartography, Canada, Quebec, Montcalm; 07629. land loss, land movement, sea level change, shoreline change, Gulf of Mexico; Caribbean Sea; 01366.
- vulnerability study**
environmental pollution, chemical time bomb, groundwater, pollution, Czech Republic; Slovakia, Danube; 11594.
- WaBoLu project**
aerosol, solute, soil, biosystem, simulation, Switzerland; 02618.
- wackestone**
Pleistocene, shelf, accumulation, reefal barrier, cyclicity, Coral Sea, Great Barrier Reef; 09355.
- wadi bed**
infiltration, groundwater recharge, channel transmission loss, arid zone, seepage loss, 02024.
- wadi hydrogeology**
water resource, reservoir design, wadi hydrology, Jordan, Wadi el Mijib; 11086.
- wadi hydrology**
wadi hydrogeology, water resource, reservoir design, Jordan, Wadi el Mijib; 11086.
- wading bird**
environmental impact, forestry, RSPB, landscape structure, UK, Scotland, Caithness and Sutherland, Flow Country; 01215.
- wage flow**
landslide, erosion, natural barrier, Tajikistan, Sarezskoe Lake; 14130.
- Waimanalo Formation**
Leahi Formation, sea level, highstand, Last Interglacial, oxygen isotope substage 5e, USA, Hawaii, Oahu; 07916.
- Waimanalo Limestone**
Last Interglacial, sea level, uranium series dating, coral record, uplift, USA, Hawaii, Oahu; 13128.
- Wainuiomata drillhole**
pollen, radiocarbon date, Kawakawa Tephra, Last Glaciation, pollen analysis, New Zealand, North Island, Wellington, Wainuiomata; 09189.
- wake**
trade wind, aerial observation, USA, Hawaii; 09811.
- wake formation**
shallow water flow, topography, vorticity production, 02253.
- Wakeby distribution**
flood frequency analysis, frequency distribution, generalised extreme value distribution, generalised Pareto distribution, Australia; 01926.
- Walker Circulation**
Quaternary, lake level change, climate, pollen analysis, Australia; Papua New Guinea; 07864. tropics, deforestation, evaporation, surface runoff, Hadley circulation, Asia, (Southeast); 08424.
- Walker-Hadley circulation**
ITCZ, thermally induced circulation, latent heat flux, simple model, 05953.
- Walker Lake model**
simulation, sampling design optimization, spatial model, Monte Carlo approach, 06408.
- wall surface**
lidar calibration, Lambertian wall, depolarisation, 10095.
- Walla Walla silt loam**
crop rotation, soil physical property, crop yield, tillage system, USA, (Northwest); 00578.
- wallaby**
marsupial, subalpine grassland, possum, Quaternary, mammal fauna, New Guinea, Irian Jaya; 00212. TM, mining, mineral sand, rehabilitation, Australia, Queensland, Stradbroke Island; 02466.
- Wallatin Creek Formation**
Yilgarn Craton, palaeochannel, alluvium, weathering, Cainozoic, Australia, Western Australia, Wallatin Creek; 06734.
- Waltonian Crag**
Pliocene, ostracode, palaeotemperature reconstruction, Coralline Crag, Chillesford Sand Member, Norwich Crag, UK, England, East Anglia; North Sea; Netherlands; 14240.
- Wangara Experiment**
one dimensional model, cloud free sky, diurnal variation, boundary layer, 05906.
- war debris**
GIS, GPS, Gulf war, mine, Kuwait; 01287.
- Warder Formation**
sedimentation, palaeohydrology, Cretaceous, Ngaterian, stratification, New Zealand, North Island, Marlborough, Clarence Valley; 02958.
- warm air advection**
mesoscale front, barrier jet, blizzard, snow, 00962.
- warm bias**
wind speed, temperature anomaly, hygrothermometer HO-63, hygrothermometer HO-83, USA, New York, Albany; 02130.
- warm core ring**
Gulf Stream, ringlets, cyclonic eddy, 04651.
- Warm Current**
Tshushima Current, drifter, Lagrangian flow, cyclonic gyre, Kuroshio, Pacific; East China Sea; Yellow Sea; Japan Sea; 07609.
- warm downdraft**
squall line, downdraft, upper level downdraft, 08605.
- warm eddy**
eddy, infrared, cold eddy, sea surface temperature, Tyrrhenian Sea; 15215.
- warm front**
snow band, snowfall, case study, frontogenesis, USA, Oklahoma; 00845.
- warm humid region**
river discharge, runoff, sediment yield, water resource management, anthropogenic impact, hydrology, China, Liaoning Province; 08442.
- warm maritime cloud**
cloud, droplet, effective radius, entrainment, clear air, 11239.
- warm rain formation**
precipitation process, coalescence, drop size separation, convective cloud, 02292.
- warm rain initiation**
rain triggering mechanism, coalescence growth, cloud microstructure, 02271.
- warm water**
dissipation, fog, marine fog, 08606.
- warming**
carbon dioxide, emission scenario, climate forcing, global warming potential, 07321. climate change, large scale dynamics, 02324. continentality, equilibrium line, glacier, Tardiglacial, Switzerland, Alps; 06627. cumulus convection, cumulus ensemble model, water cycle, tropics, 03519. emission reduction, 08639. greenhouse effect, sulphate aerosol, fossil fuel combustion, 08616. greenhouse gas, methane, global warming potential, climate change, 13893. infrared radiation, parameterisation, carbon dioxide, CFC, transmission function, 04588. minimum temperature, mountain top station, diurnal asymmetry, temperature change, Europe, Alps; 14952. sea ice, temperature, Arctic; Antarctica; 02323. sea level change, agriculture, land use, climate change, UK; 06008. subtropical, ocean interior, Atlantic, (North); 13733. temperature trend, Pacific; New Zealand; 01024. uncertainty, carbon dioxide, radiative forcing, general circulation model, 05881. winter, temperature, peach production, USA, South Carolina; 04638.
- warming event**
planetary wave, zonal mean ozone, global variability, ozone, stratosphere, 11290. radiative equilibrium, stratospheric warming, model, stratosphere, potential vorticity, 09884.
- warming trend**
layer thickness, global temperature, moisture, virtual temperature, temperature, 13704. sea surface temperature, climate variability, winter (1900-1989), low frequency variability, Atlantic; 07260.
- warning programme**
weather surveillance radar, forecaster, severe local storm, flash flood, 14931.
- warning system**
forecasting, tropical cyclone, cyclone, 14937.

- warping**
geomorphic history, landform, rejuvenation, gypsum, Oswater Conglomerate Formation, Namibia, Koigab River; 06473.
- Warsaw Formation**
pore fluid, dolomitization, Mississippian, burial diagenesis, Salem Formation, seawater, USA, Illinois Basin; 09294.
- Warta Glaciation**
glacial stratigraphy, Lublin Interglacial, Odra Glaciation, Poland; 13073.
- Wasatch fault zone**
vertical offset, ground rupture, Holocene faulting, USA, Utah, Kaysville; 09071.
- Wasatch Front**
mountain front, statistical structure, precipitation, time series, temperature, USA, Utah, Wasatch Range; 08507.
- washing pond**
sedimentation, electrokinetics, environmental engineering, slurry, 10694.
- washout ratio**
nuclear accident, radioactivity, deposition, precipitation scavenging, Japan, ; Ukraine, Chernobyl; 03646.
- washover**
raised beach, sea level, gravel barrier, provenance, UK, Northern Ireland, County Antrim, Rathlin Island, Church Bay; 11662.
- washover fan**
longshore drift, shingle, coast, pit, back barrier slope, Ireland, County Clare, Galway Bay, Rine Point; 07760.
- waste**
dust, desert, granulometry, mineralogy, loess, Israel, Negev Desert; 13307. estuary, seasonality, oil spill, hydrocarbon, USA, California, Elkhorn Slough; Moss Landing; USA, California, Monterey Bay; 00460. heavy metal pollution, relict sediment, continental shelf, prodelta, Mediterranean Sea, Barcelona Continental Shelf; Spain, Besos River; 10706. silt, radionuclide, pollutant, salt marsh, UK, England, Cumbria, Sellafeld; Scotland; Irish Sea; 10709. source, contamination, classification, 00444.
- waste disposal**
boundary element analysis, matrix diffusion, fracture flow, contaminant transport, groundwater contamination, 04524. engineering practice, surface water quality, eutrophication, suspended sediment, water treatment, 12238. fertiliser industry, estuary, phosphate, radioactivity, Spain; 07672. geological map, economic development, Earth science information, USA, Virginia, Loudoun County; 07512. landfill site, clay soil, groundwater contamination, fracture flow, hydraulic conductivity, USA, Louisiana, Livingstone Parish, Gulf Coast; 11013. landfill, groundwater contamination, leachate, hazardous compound, biochemical transformation, USA; 02066. landfill, organic acid, diagenesis, dissolution, solute, 06706. leachate, groundwater flow, chloride tracer, groundwater quality, Thailand, Mae-Hia; 11029. surface mining, pollution, mine waste, control policy, 05068. well construction, water quality analysis, groundwater contamination, Nigeria, Ondo State, Akure; 07081.
- waste disposal site**
organic chemical, biodegradation, groundwater quality, 00758. soil pollution, groundwater contamination, soil isolation method, 08215.
- waste dump**
afforestation, reclamation, mining area, brown coal mine, opencast, Poland, Slesin Region, Konin; 02659. underground permeability, polluted leachate, France, Lyon; 01283.
- waste heat**
heat budget model, surface heat exchange, river depth, temperature variation, water temperature, New Zealand, Waikato River; 00709.
- waste management**
Chernobyl nuclear accident, decontamination, terrestrial environment, remediation technique, Ukraine; Russian Federation; 05078. energy, GIS, USA, Savannah River Site; 05042. hydraulic property, landfill site, leachate migration, glacial disturbance, Canada, Alberta, Edmonton, Aurum Site; 14267. incineration, remediation project, hazardous waste, USA, Louisiana, Slidell, Bayou Bounfouca; 12881. organic emission, hazardous waste, incinerator, toxics release inventory, USA; 07406. radon, environmental impact, phosphogypsum, heavy metal, fluoride, 12885.
- waste plastic emulsion**
soil physical property, soil conditioner, 05516.
- waste reduction**
air pollution, control technology, 07393. environmental strategy, environmental research, landscape change, chemical toxicity, hazard, 10302.
- waste rock**
schist, gully, mine waste, Australia, Northern Territory, Arnhem Land; Tin Camp Creek; 01906.
- waste site**
hazardous waste, surveying, 02564.
- waste storage site**
groundwater, isostatic uplift, landscaping, Sweden, Stockholm; 04048.
- waste stream**
Porex process, fission product, stripping, actinide extraction, 05081.
- waste stream analysis**
rural landfill, hazardous material, municipal landfill, household hazardous waste, Canada, Alberta; 02601.
- waste transport**
tracer, osmium, metal, sewage, USA, Connecticut, Long Island Sound, New Haven Harbor; 05488.
- waste treatment**
reaction kinetics, anoxic sediment, anthrone, dye, 08075.
- wastewater treatment**
grey box modelling, time domain, time series analysis, Kalman filtering, 05113.
- wastewater**
aquifer, oxidation capacity, organic matter, landfill, 06785. bioassay interpretation, hazard index, toxicity, risk evaluation, water quality analysis, 00686. bioassay, effluent toxicity, ecotoxicology, 07683. contaminant, coastal ecosystem, PCB, metal, USA, New York, Jamaica Bay; 06791. DDT, PCB, mussel, fish, pollution, Adriatic Sea; 03042. freshwater, anthropogenic impact, estuary, silver, USA, California, San Francisco Bay; 05482. groundwater recharge, pathogen, trace organics, risk assessment, water reclamation, USA, California; 03336. nutrient, heavy metal, phosphorus, mangrove sediment, wetlands, Hong Kong; 14450. peat, heavy metal adsorption, cadmium, chromium, 05624. phosphoric, phosphate, bacteria, sludge, Namibia; 11941. reservoir, adsorption, phosphorus, 05469. self purification, water quality management, organic pollutant, reservoir water quality, Russian Federation, Kun'ya River, Zagorsk Reservoir; 03299. sewage sludge, heavy metal, soil pollution, Hungary; 05623. sludge application, soil chemical property, olive oil, 05627. sodium tripolyphosphate, eutrophication, nitrilotriacetate, heavy metal, 10675. soil chemical property, sewage water, India, Haryana; 10859. soil salinity, soil sodicity, soil chemical property, crop yield, 03161. surface water contamination, tannery, toxicity, Algeria, Rouba; 10961. treatment plant design, effluent quality, design performance, pollution control, USA; 00027. wetland soil, nitrate removal, denitrification potential, 03131.
- wastewater application**
phosphate mobility, infiltration rate, sewage disposal, calcareous soil, Australia, Western Australia, Rottnest Island; 05581.
- wastewater discharge**
embayment, surface water quality, estuary, trace metal, USA, California, San Diego Bay; San Francisco Bay; 05719. water quality management, surface water quality, risk assessment, industrial effluent, 13639.
- wastewater disposal**
convection/dispersion, nitrogen dynamics, soil water flow, finite element model, 11020. effluent mixing, heavy metal, industrial effluent, surface water contamination, 05706. urban runoff, artificial recharge, infiltration, groundwater quality, 00760. water resource, urbanisation, island hydrology, stormwater management, Singapore; 08445.
- wastewater management**
selenium, contamination, bottom sediment, wildlife, trace element, USA; 12004. water management, probable water supply, France; 09767.
- wastewater pond**
sinkhole, collapse, karst, lagoon collapse, USA, Minnesota, Bellecheater; 07730.
- wastewater reservoir**
BOD, COD, total suspended solids, reservoir water quality, bioindicator, Israel; 03300. light, inhibition, nitrification, ammonia, 03258.
- wastewater reuse**
arid zone, saline groundwater, decision analysis, water resource development, water harvesting, Israel, Negev Desert; 07145. groundwater quality, surface water quality, groundwater protection, irrigation water quality, Australia; 11103. groundwater recharge, irrigation, drinking water quality, soil aquifer treatment, Israel, Dan; 01300. helminth egg, irrigation water, parasitic contamination, water quality analysis, agricultural water management, 03260. irrigation water quality, water quality management, potable water quality, groundwater quality, Egypt, Cairo, Gabal el Asfar; 05850.
- wastewater treatment**
activated carbon, adsorption capacity, toxicity bioassay, bioluminescence, carbon adsorption, 03257. algae, bioremediation, trace metal, nutrient, water colour, 14644. bioengineering, environmental protection, constructed wetland, Russian Federation; 10309. biofiltration, biochemical oxygen demand, bacterial quinone, microbial growth, 14648. biological pond system, purification efficiency, macrophyte, bioremediation, stabilisation pond, China; 14649. carbon dioxide emission, sludge treatment, methane emission, 06099. cell immobilization, methanogenic bacteria, anaerobic treatment, PVA boric acid method, 13521. chemical oxygen demand, anaerobic treatment, water quality management, 09768. chromium adsorption, water quality, peat, chemisorption, sphagnum moss, 00688. coastal water quality, eutrophication, phosphorus, nitrate, plankton bloom, France, Brittany; 04473. dissolved oxygen, reoxygenation, computer model, surface water quality, flow augmentation, 00706. domestic treatment, peat leachate, surface water quality, groundwater quality, USA, Alaska; 05803. electrochemical detoxification, benzoquinone, toxicity, bioremediation, oxidation, 13522. estuary water quality, water quality management, point source pollution, nonpoint source pollution, USA, Florida, Sarasota Bay; 07008. geochemical study, heavy metal, river regulation, contaminant migration, hydropower, runoff water quality, 05727. hydroxyapatite, lead immobilisation, groundwater remediation, 13587. leaded gasoline usage, silver, copper increase, coastal seawater, lead decrease, antifouling paint, Mussel Watch programme, USA, California; 10305. microorganism, bioremediation, bioindicator, coliform, 14643. nutrient transformation, nutrient retention, water quality management, river water quality, eutrophication, Denmark, Gudenaa River; 14777. overland flow, water quality management, phosphorus removal, 14779. oxidation/reduction, metal, organic contaminant, photocatalyst, titanium dioxide photocatalysis, 05716. ozone, ammonia removal, biological pretreatment, manganese, river water quality, UK, England, Huntingdon, Dee River; 05735. pesticide, nitrate, microbial cell entrapment, bioremediation, groundwater treatment, 14728. phosphorus removal, benthic vegetation, macrophyte, eutrophication, estuary, Denmark, Jutland, Randers Fjord; 04474. phosphorus removal, nitrogen removal, sewage treatment, bioremediation, 14645. remediation, river water quality, sewage treatment, monsoon, India, Ganga River; 05730. river water quality, water quality management, deep tunnel storage, India, Ganga River; 08438. salinity, contact oxidation method, organic wastewater, surface water quality, 14641. sequencing batch reactor, chemical oxygen demand, nitrogen removal, 14647. sewage effluent, river water quality, UK; Europe; 11014. synthetic adsorbent, herbicide, water quality management, 13633. theoretical approach, excavation, constructed wetland, BOD5 removal, 10352. water quality management, redox potential, algae, phosphate removal, lake water quality, sewage treatment, UK, England, Cumbria, Windermere Lake; 13643. water quality, contaminant removal, trichloroethylene, tetrachloroethylene, chlorinated hydrocarbon, 09642. water reuse, environmental impact, surface water quality, groundwater contamination, water quality management, 03246. wetlands, environmental engineering, denitrification, Canada; USA; 14113. zoobenthos, macrozoobenthos, effluent standard, river water quality, Hungary, Tisza River; 08377.
